JOHN W. DAVIS NOMINATED FOR PRESIDENT

POULTRY WILL MAKE EASTLAND COUNTY RICH

Ranger Agrees to Join With Cisco and Other Points in Co-operative Marketing.

Highway building in Texas and poultry raising in Eastland county were discussed by the Ranger Chamber of Commerce directors last night. To give the latter a scope that including four counties, Eastland Stephens, Callahan and Shackelford, a delegation of Cisco Chamber of Commerce officials met with the Ranger men and presented the matter of co-operative marketing.

The Cisco delegation included T. L. Sheppard, R. L. Poe and E. C. Richardson, the latter secretary of the Cisco Chamber of Commerce. Mr. Sheppard was the first spokesman. He said that volume of production must be sought, and before that could be accomplished the farmers and commercial poultry producers must be convinced they could have a market for their products outside of local consumption. He told of a fund set aside by the Cisco Chamber of Commerce, \$1,000, with which to encourage the production of poultry and poultry products in Eastland and Stephens counties and provide a market for them. It is proposed to put a good man in the field and get everything in readiness to start the marketing association by September 1, by which time it was hoped it would be able to finance itself. About \$3,000 is needed for the initial work, and the aid of Ranger, Eastland, Breckenridge and other places is being sought.

Fourth Chickens.
Mr. Sheppard presented the work being done in San Angelo, Brady and Bownwood, where wool, livestock and poultry interests work together for profitable business and large revenue. He told of the splendid cotton production at points west of Eastland county, where the climate and soil conditions are not really so good as in Eastland county. He urged that agriculture must be brought back to Eastland county to make the county really prosperous, but above all else he urged that the poultry industry is destined to be the biggest thing in Eastland county, within the next two, three or four years.

Mr. Richardson stated there are now between 90,000 and 100,000 hens in Eastland county, that hatcheries are being enlarged and new hatcheries put in and the number of hens would be quadrupled many times before many years have passed. He said that farmers are selling eggs and chickens to hucksters at lowest prices, too low to encourage production, and yet local consumers had to pay top prices. He would learn the needs of the merchants and have them supplied direct from the farmers or egg producers through the agent to be employed. He said the proposed marketing association would be composed of Eastland, Stephens, Callahan and Shackelford counties, and it was proposed to have headquarters for the present in Cisco.

This appeared agreeable to the Ranger man. President John M. Gholson explained that as the production increased it would be necessary to establish shipping points at the nearest railroad market.

Mr. Poe spoke of the remarkable increase in poultry production in Eastland county within the last year, but said it was a mere introduction to what was to come. Already inquiries have come in from qualified chicken breeders in many parts of the United States asking about Eastland county as a poultry production section, and each inquiry wanted to know about the marketing conditions. He urged that proper marketing was the first problem connected with chicken raising on a big scale to be solved.

By United Press.
DOWAGIAC, Mich., July 9.—Trapped in a burning farm house near here last night, a mother and her child that had just been born met their death in flames. Mrs. Etta Hadley and her babe lay side by side when rescuers finally reached their charred bodies.

Another daughter, Helen, aged 5, is in a critical condition from burns. The father, Harrison Hadley, and a 20-year-old son, Glenn, were also severely burned.

The blaze was started from an explosion of oil poured into a stove to aid in starting a fire.

RESOLUTION OF SYMPATHY FOR RALSTON ADOPTED

MADISON SQUARE GARDEN, NEW YORK, July 9.—The democratic national convention adopted a resolution of sympathy for Senator and Mrs. Ralston upon hearing of the illness of Emmet, a son of the Hoosier statesman.

Ranger Municipal Band of Carl Barnes Post Is Organized

The municipal band for Ranger, to be sponsored by the Carl Barnes post of the American legion here, became a reality when the initial turnout of musicians interested in the band totaled approximately 30 men present and ready to play under the direction of James King of Eastland, who has been retained as a director. No definite plans were formulated last night, as the only action taken was to set next Friday night at 8 o'clock at the fire hall for the election of officers of the organization. The time last night was devoted solely to rehearsing.

According to reports, there are a number of men not present last night who will join the band later on. This will bring the total to over 40 members.

STATE REVENUE IS SUFFICIENT DECLARES POPE

Candidate for Governor Declines Waste and Extravagance in Government.

W. E. Pope, of Corpus Christi, candidate for governor, speaking in Eastland yesterday afternoon and in Ranger last night, declared that he was opposed to additional taxes of any kind and that the state has sufficient revenue at present time if only waste and extravagance are cut out.

"Any tax only reverts back for the people to pay," Mr. Pope said. "If you tax lumber the lumber men just add it to the retail prices, the same way with gasoline and other commodities. So it makes no difference who or what you tax, the people have to pay it."

Mr. Pope said that he had been a member of the legislature for the last eight years and in that time had seen the expenses of the state increased by millions of dollars every year.

"It has got to stop some time, he said, 'and I believe I can stop it now. It has about come to pass that the legislature spends about half of its time looking around for somebody to put something to tax to pay the state's debts."

"And this is unnecessary. If the state would only abolish a lot of its unnecessary boards and commission it would not have to go in debt. I tell you that if I am elected governor I'll send home so many men holding unnecessary jobs in the boards and commissions that the trains will have to hook on extra cars to carry them."

Mr. Pope scored the candidates who have not put in their platform as to how they would save money for the state.

"They deal in generalities," he said. "You read their platforms and you will see that they tell you they will save so much money but not one of them tells you how he will do it. I am sure only candidates that does this—I tell you in no uncertain terms how I would do it, I point out the commissions and boards I would abolish and the other ways I propose to cut down state expenses."

Mr. Pope described the textbook contracts of December, 1922, and declared the making of them to be the "greatest scandal in the history of Texas, when the state was robbed of over \$2,000,000 in cash and 600,000 books that have never been used were discarded." He declared that he had fought these contracts through the last legislature and would continue to fight them, whether or not he is elected.

Mr. Pope attacked T. W. Davidson for his part in defeating the Pope bill, seeking to cancel these contracts. He declared that Mr. Davidson as lieutenant governor, "stoked" a senate committee to defeat the bill.

He also took issue with Lynch Davidson for saying that he "saved" the state railroad when he had the authority to junk it. "You just read the acts of the 37th legislature concerning this railroad and you will name the time and place," he said.

"I say that this is wrong," he continued, "and I demand that Lynch Davidson withdraw his statement, withdraw from the race or meet me in debate and I'll give him the opening and closing argument and let him name the time and place."

In concluding Mr. Pope said that he wanted to be governor for all of the people, the "rich and the poor ones, the high and the low ones."

"I am making no promises to any set of men," he said. "When you ask a man to do what you ask him to do, commit theft and a man that will steal for you steal from you."

Mr. Pope spent last night here and then went to Strawn, Palo Pinto and Mineral Wells today.

JOHN W. DAVIS OF WEST VIRGINIA

BARBECUE WILL BE BIG EVENT IN EASTLAND

Annual Meeting of Poultry Raisers of County to Be Held Next Saturday.

County Agent R. H. Bush, who is looking after the arrangements for the Eastland County Poultry Raisers' annual chicken barbecue to be held in Eastland, Saturday, stated this morning that the plans were about completed and that a large crowd would attend.

Only members of the association will be entertained at the barbecue, which will be at Connellee park. The membership fee, however, is only \$1 and many people are enlisting as members of the organization because they are interested in promoting the poultry industry in this section.

Mr. Bush desires that it be clearly understood, that while only members of the Poultry Raisers' association are permitted to the barbecue, that the program in the afternoon, which will deal with the marketing problems of this section, is open to all and everyone is especially invited to be present.

Those who desire to become members of the association will find some one at the entrance gate at the barbecue Saturday with authority to take their application, together with the \$1, and issue membership cards.

REVOLT IN BRAZIL IS BEING PUT DOWN BY FEDERAL TROOPS

RIO DE JANEIRO, Brazil, July 9. The Brazilian government has sent reinforcements to Sao Paulo and seems to have the situation well in hand. Federal forces captured the military barracks after a 20-hour bombardment late yesterday. Casualties on both sides were reported heavy, the dead numbering between 250 and 400 and many being wounded.

Additional federal troops have been converging on Sao Paulo from several directions since Sunday, and several thousand soldiers are now in the city and its environs. The situation here is calm and there is little likelihood of any additional outbreak. Some scattered rebel bands have escaped into the forests, but it is believed they will be rounded up by cavalry within the next few days.

ENCAMPMENT AT EASTLAND WILL OPEN TOMORROW

Between 300 and 400 Boys and Girls of County are Expected to Attend.

From 300 to 400 boys and girls from over Eastland county are expected in Eastland Thursday, Friday and Saturday to attend the annual club boys and girls encampment, according to County Agent R. H. Bush.

The boys and girls will begin to assemble Thursday afternoon at 4 o'clock at the Eastland Chamber of Commerce rooms East Lamar street, where they will register and be assigned to permanent quarters. Thursday evening at 6 o'clock they will be guests at a 6 o'clock dinner.

Mr. Bush stated this morning that the pecan grove northwest of Eastland on the farm of Senator H. P. Brelsford, would be used as a camp.

Friday, the second day of the meet, will be devoted largely to the program which includes entertainment and amusement. Saturday the boys and girls are invited to attend the chicken barbecue at Connellee park, given by the Eastland County Poultry Raisers' association.

Those who have this barbecue in charge have asked those boys and girls, attending the encampment and who desired to do so, to bring some poultry for the barbecue. Those who have done this are requested to leave same at the Chamber of Commerce.

The style show, which is a part of the program, Thursday, Friday and Saturday by the club boys and girls of the county, will be held at the Eastland city hall Friday evening at 7 o'clock and will be one of the principal features of the program.

Miss Ruth Ramey, home demonstration agent, stated this morning that work done by club girls between the ages of 14 and 20 years would be exhibited at the style show and will include school dresses and sewing done by the girls. The garments will be judged both on and off the models.

Miss Ramey and others interested in this work are especially anxious that the home people attend the style show.

RANGER GOLF PLAYERS PLAN TOURNAMENT

Number of Prizes Will Be Given and Some New Records Are Hoped for.

The golf team of the Ranger Country club will hold a tournament for members only next Sunday afternoon at the country club course. The meet will be for the purpose of determining the positions of the various men on the ladder. All members of the team are required to take part in the tournament or their names will be removed from the ladder.

A number of prizes will be awarded and keen competition is looked for from many of the players, as a number of them are evenly matched. Prizes will be awarded for the longest drive, the best approach, the best putter, etc. The prizes will be placed on display in the window of Crawford's pharmacy some time today.

The Ranger golf team has been going strong for the last few weeks as two consecutive victories demonstrated, one over Strawn and one over Eastland. The men on the team are in fine shape and have been practicing steadily for the last two weeks showing marked improvement over their previous performances. Up to the present time 78 is the medal score for the Ranger course, but Sunday will see many of the players striving for a better mark.

Democrats Pick West Virginian To Lead Party

McAdoo and Smith Forces Finally Unite on Davis, Who Is Opposed By Bryan, Endorsed By Josephus Daniels, and Who Had Confidence of Wilson. Walsh Suggested As Vice Presidential Nominee.

By United Press.
MADISON SQUARE GARDEN, NEW YORK, July 9.—Out of the tangle of ballots John W. Davis of West Virginia emerged today as the democratic party's presidential nominee. On the 103rd ballot this afternoon Davis went over, after a deadlock that had continued nine days.

Davis began to run strong this morning after Smith and McAdoo had released their delegates. The McAdoo forces swung to Davis while the Smith delegates gave Underwood a run, but it was soon learned that the latter were also favorable to Davis, and it was their strategy to get the McAdoo forces so committed to Davis that they could not drop away from him.

The play worked perfectly and there was an immediate scramble among the states to change their votes and get on the band wagon. First of the dark horses to be withdrawn was Meredith. Then came Underwood and then others.

M'ADOO DRAWS OUT BUT SMITH MAKES NO GAIN

Convention Recedes at 4 a. m. Today Until Noon With Deadlock Unbroken.

NEW YORK, July 9.—After a torrid political night, punctuated by incidents unprecedented in the party's history, the democratic national convention recessed shortly after 4 o'clock this morning without having made a nomination, without leadership and almost in despair.

A new conference of the delegation spokesmen has been called for 10 o'clock this morning and the convention will meet again at noon in an effort to break the deadlock and agree on a nominee. During the 12 hectic hours between yesterday afternoon and the recess early this morning, the following things happened:

W. G. McAdoo, in a letter to the convention, released his delegates to vote for whomsoever they pleased.

Al Smith, in a short, pungent message prepared and read to the convention by his manager, Franklin D. Roosevelt, challenged McAdoo to withdraw entirely from the race, promising that he would follow suit immediately.

Senator Samuel M. Ralston of Indiana for the second time withdrew his name from the balloting when virtually assured of the nomination and threw the field wide open.

McAdoo and Smith met for the first time in a short and futile conference at the Ritz-Carlton hotel. They were brought to gether by Chairman Walsh of the convention and Cordell Hull, chairman of the democratic national executive committee. Both agreed that some drastic action should be taken. Smith offered to quit the race if McAdoo did. McAdoo thought a compromise candidate should be selected and suggested that Ralston be brought into the discussion of such compromise candidates, but they parted without accomplishing anything.

The ninety-ninth and one hundredth ballots taken just before adjournment early this morning, the first of them before McAdoo's letter releasing his delegates, and the latter of them immediately afterwards, follows:

Ninety-ninth Ballot.
McAdoo 353½, Smith, 353, J. W. Davis, 210, Underwood 89½, Glass 83, Ralston 25, Meredith 37, Ritchie 19½, Robinson 17½, Jonathan Davis 5, Walsh 4, Owen 3, Salisbury 2, Thomas Marshall 2, Berry 1.

One Hundredth Ballot.
McAdoo 190, Smith 351½, J. W. Davis 203½, Meredith 63½, Walsh 52½, Underwood 41½, Robinson 46, Glass 35, Daniels 24, Owen 20, Ritchie 17½, J. W. Girard 10, Wavard Houston 9, Salisbury 6, Baker 4, Bryan 2, Berry 2.

101st Ballot.
McAdoo 52, Smith 121, J. W. Davis 316, Underwood 229½, Glass 59, Robinson 22½, Walsh 98, Meredith 130, Ritchie ½, Hull 2, Berry 1, Dr. Mumphree 4, Houston 9, Cummings 9, Owen 23, Baker 1, J. W. Girard 16, Daniels 1.

102d Ballot.
J. W. Davis 415½, Underwood 317, McAdoo 21, Smith 44, Walsh 123, Meredith 66 1-3, Robinson 2, Glass 67, Berry 1½, Henry 1½, Allen 1, Ritchie ½, Hull 1, Daniels 2, Thompson 1, Girard 7, Bryan 1.

Davis was notified of his impending nomination as the 103rd ballot was being taken. Plans were made to ask him to appear and speak.

Walsh for Vice President.
With the presidential nomination disposed of, Thomas J. Walsh appears as a likely nomination for vice president. The Davis people say that Walsh is the man they want.

The state delegations paraded in groups, the Maryland delegation parading with Governor Ritchie at the head of them.

Meredith appeared at the head of his delegation looking rather unhappy at the turn of events. Governor Al Smith was invited to visit Madison Square Garden and address the convention. He accepted at once.

Governor McCorkle of West Virginia thanked the convention for its nomination. "West Virginia and John W. Davis are profoundly grateful for the honor," he said. "You have put the banner in worthy hands. Differences will be forgotten and we will go home carrying the banner of democracy into the homes of the people."

In the motion of Tom Taggart of Indiana the rules were suspended and Davis was made the nominee by acclamation. A terrific shout rocked the garden and the West Virginia delegates, waving state flags and bearing aloft enormous pictures of the nominee, paraded about the garden.

The convention then adjourned until tonight.

Passing of Bryan.

The nomination of Davis marks the passing of William Jennings Bryan as a power in the democratic party. He opposed Davis as a reactionary and a "wet." He did his utmost to defeat Davis, but when the tide set in today he was helpless.

Josephus Daniels said, "It is a magnificent nomination. In ability, public service and trustworthiness the nomination could not be excelled."

Tom Taggart Loses Biggest Fight and Plans To Retire

By United Press.

UNITED PRESS HEADQUARTERS, NEW YORK, July 9.—Tom Taggart of Indiana, the sole survivor of the famous Murphy-Sullivan-Taggart triumvirate is through with national politics. He gambled for the highest stakes and lost. Now he wants no more. In three decades in which Taggart held undisputed sway, he has made many governors and senators and vice presidents, but he had never made a president. That honor was to go to Ralston; his lifelong friend in Indiana. Since the election of Ralston to the senate two presidential booms and last night it was within his grasp. But as he was prepared to put over the final drive a long distance call came from Ralston saying that he would not have the nomination.

BIBLE THOUGHT

FUNERAL TRAIN GOES TONIGHT INTO VERMONT

Calvin Coolidge Jr., to Be Buried at Boyhood Home of the President.

WASHINGTON, July 9.—A state funeral train will carry the body of Calvin Coolidge Jr. back to the Vermont hills tonight. Guarding the casket as the train rushes through the darkness, while all other traffic is halted to let it pass, will be sailors and marines from the president's yacht, the Mayflower, friends of the dead boy.
 Once before within 12 months, a similar train bore the remains of one for whom the nation mourned, Warren G. Harding. This time it is a president's son who is being paid the last honors. President and Mrs. Coolidge, bereaved as no other president since Abraham Lincoln, will occupy an adjoining car, accompanied by members of the cabinet and their families and other friends.
 Mrs. Coolidge suffered a slight relapse during the early hours of morning. The strain of grief and many sleepless nights is weighing heavily upon her. White house physicians, however, said that she would be able to go through the funeral.

Seven States Quit Smith's Standard, Going to Underwood

MADISON SQUARE GARDEN, NEW YORK, July 9.—Smith leaders from seven states at a meeting today reached a decision that practically takes the New York governor out of the democratic convention race for the presidential nomination. After an extended conference they decided to withdraw their support from Smith. The states are Pennsylvania, Illinois, Iowa, New Jersey, Minnesota and Rhode Island.
 The Smith delegates in these states will throw their votes to a compromise candidate. Senator Oscar Underwood of Alabama will be given the first trial by these Smith backers. If he cannot go over they will switch.

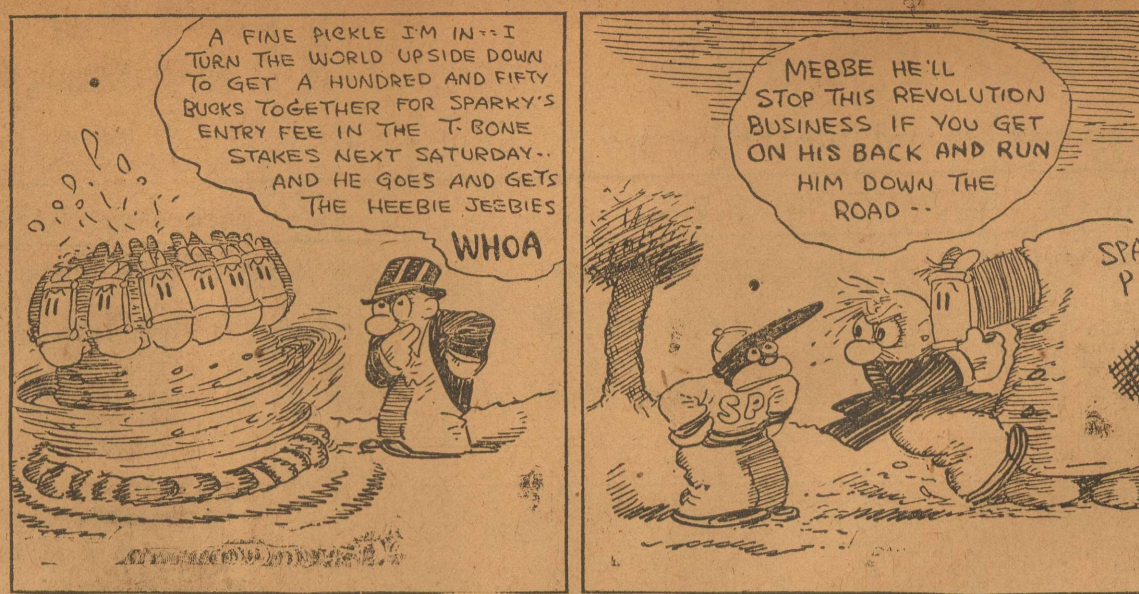

POSTPONEMENT OF TRIAL OF LEOPOLD AND LOEB SOUGHT BY ATTORNEYS

On the date set to hear motions in the case, attorneys in defense will ask that the trial be delayed. According to the present schedule it is to open Aug. 4.

CONNER REPLIES TO CHARGES BY KLAN CANDIDATE

Takes Exception to Statements By W. J. Barnes in Debate at Eastland.

To the Editor:
 W. J. Barnes, the klan candidate for county attorney, stated in his speech night before last at Eastland in effect that I aided and abetted Sam Nolley in his ouster suit trial. Upon the slightest inquiry from any reliable source he could have ascertained that such statement was false and untrue. I never took any part in that trial, either directly or indirectly, nor did I interfere with the proper officers performing their full duty in removing him from office. The truth is that an interested party came to my law firm and sought to employ us in the defense of Mr. Nolley and we declined such employment. He further stated that I was the only white man in Eastland county that ever signed a negro bootlegger's bond. That statement was false and Barnes knew it to be false when he made it. The truth about this is that Jim Engleman, a negro, had been in my employ as janitor for about three years, was a faithful old Louisiana negro, and some klanmen arrested him for vagrancy, without warrant, fined him without complaint filed, or judgment written; he was brutally beaten by a klanman with a six-shooter and lodged in jail, all without my knowledge; and after dark an officer phoned to me at my residence that my negro porter was in jail. I had no one nor could I get anyone at that hour to take his place at the apartment house, and stood good for him until the next morning, when I learned about the above facts. It occurred to me that he had not been accorded those rights under our laws that is guaranteed to the meanest citizen, and I secured the services of an attorney who is now an assistant to Mr. Barnes to represent the porter. The case was taken to the county court by appeal and I, together with such attorney (a white man) signed the appeal bond. The case was tried before six white jurors and Jim was turned loose. Barnes never has convicted Jim Engleman for bootlegging, and cannot truthfully say that he went a bootlegger. A white man that will not see to it that a defenseless and faithful old negro servant is protected from an unlawful attack and abuse when he has not violated the law is worse than a beast, and a man that will try and make political capital out of it has as bad. I am not able to back that statement up with 200 pounds avordupois, but I make that statement with full knowledge of its import. He, also, made a misleading statement with reference to me about 20 years ago defending Clint Littlefield in a criminal case. Clint was charged with having sold intoxicating liquors. D. G. Hunt, who is now deceased, and I defended Clint. R. L. Rowe of this city and at that time a Christian minister was on the jury. After a fair, full and vigorous prosecution by the then county attorney, who was an able attorney, a Methodist minister, who is a klanman, polluted his pulpit recently by

FLEWELLEN AND PRITCHARD WILL DISCUSS ISSUES

L. H. Flewellen and E. S. Pritchard, rival candidates for county judge, the latter seeking re-election, will engage in a joint debate on the courthouse lawn in Eastland Thursday night.
 This is one of the important offices in the county, for the officer is also judge of the county commissioners' court, so the issues to be discussed are of exceptional importance, road matters, the collection of delinquent taxes, probate of estates and other such matters that relate vitally to every citizen come within the jurisdiction of the county judge.
 The debate is expected to be largely in the nature of an attack by Judge Flewellen on the administration of Judge Pritchard and a defense by the latter of what he has done. It promises to be an interesting discussion.
RANGER BASEBALL FANS CALLED TO COME TO AID OF THEIR LEAGUE TEAM
 The meeting of the baseball fans and business men of Ranger, scheduled for last night, will be held tonight at 8 o'clock in the city hall. The meeting last night was postponed on account of the Chamber of Commerce directors' meeting and the street speaking of W. E. Pope, of Corpus Christi, a candidate for governor of Texas.
 The baseball club is heavily in debt, due largely to the fact that the jobs promised to the players by the business men of Ranger have not been forthcoming. This meeting will determine whether or not Ranger will be represented in the second half of the Oil Belt association baseball league.

SPEAKING AT ROMNEY
 Judge George L. Davenport and Judge Joe H. Jones, candidates for judge of the 91st district court, spoke at Romney in the interest of their candidacies last night.

MICHIGAN CITY, Mich., July 9.
 Apparently crazed by ill health, Charles N. Wilcoxon, 69, retired millionaire of the Chicago, Lake Shore & South Bend Electric company, killed his wife, then committed suicide, police said today. The bodies were found in the home last night. Mrs. Wilcoxon, 70, had been beaten on the head and body with an axe and potato masher and slashed with a razor. Wilcoxon was found hanging from the ceiling of a wardrobe.

A "BROKEN OUT" FACE HOLDS YOU BACK

Many men and women of middle age feel that they have never had a chance to make anything out of themselves. But the main reason for it usually is that they let such things as pimples, rash, "breaking out," eczema, tetter, etc., on their face, neck, hands or arms, make them feel that they are not wanted around and they keep to themselves too much.
 You can get just as much out of life as anyone. All you need is confidence in yourself which you get naturally when you rid yourself of those skin troubles, if you just use Black and White Ointment, and Soap. They are economically priced in generous packages. All dealers have them both. The 50c size of the Ointment contains three times as much as the 25c size.—Advertisement.

MAN WOULD RATHER LOSE HIS TROUSERS THAN CAR

By United Press.
DALLAS.—If a man is caught with a bottle of liquor in his hip pocket, can the federal government confiscate the trousers?
A Dallas attorney raised this momentous question in defending his client, who was arrested with a bottle of liquor in his pocket. He was driving an automobile at the time, and the federal agents confiscated the machine. The lawyer is trying to recover the machine, on the plea that the trousers should have been confiscated, instead of the car. The case will be tried here in October.

Texas Lady Says Her Family Has Been Taking Theford's Black-Draught, When Needed, for Many Years.

Alto, Texas.—"We inherited the use of Black-Draught in our family," says Mrs. Mary Shuprine, who lives near here on R. F. D. 2. "My grandmother was an old woman when she died about ten years ago, and she had been using it literally ever since I can remember. She gave it to her children and grandchildren for biliousness and stomach complaints, so when I went to housekeeping we just naturally used it, too.

"I give it to my children for a purgative whenever they need one, and we are never without it. Made into tea, it surely is fine. It's the best home remedy for headache and constipation I know of."
During over 80 years of its continued popularity, Black-Draught has become the standard liver medicine in many thousands of homes, where it has been found of great benefit in the treatment of constipation, biliousness, and stomach and other common liver, stomach and bowel complaints. Ten million packages of Black-Draught are now sold a year, as more and more people are learning of the value of this well-known remedy.

Insist on Theford's, the only genuine Black-Draught powdered liver medicine. At all dealers. NC-154

DALLAS THREATENED WITH REAL "BLUE" SUNDAYS

DALLAS.—Dallas may have real "blue Sundays" from now on. Gasoline filling station proprietors, warned that they will be prosecuted unless they close every Sunday after July 20, threaten to retaliate by bringing wholesale charges against theatres, street cars, baseball games, swimming pools, and recreation resorts of all kinds. Only places where food is sold could remain open on Sunday if the "blue laws" were strictly enforced.

District Attorney Shelby Cox has announced he will prosecute "all cases where a complaint is filed by a reputable person and supported by competent witnesses."

POULTRY WILL MAKE EASTLAND COUNTY RICH

(Continued from page one.)
B. S. Dudley of Ranger said the Bankhead Poultry Producers association, recently organized, would sign a contract to run for five years to take over and market all the products of the members and get the expenses out of the added profits to the producers. He said that hundreds of men are waiting for the opportunity to go into the poultry business here in Eastland county if they could be assured that a market would be available for their products at fairly remunerative prices.

President Gholson said the poultry industry in Eastland county had about reached the point where it had to go forward or it would go backward. He urged cooperation with Cisco in putting over the cooperative marketing plan. His remarks were endorsed by every director of the Chamber of Commerce present. Highway Work Approved.

Following a short address by R. L. McKinney of the Texas Highway association on highway building in Texas and the need of a constitutional amendment giving the state the right to build and maintain all state highways in order to share in the federal aid for road building, to Ranger Chamber of Commerce, it was voted, would take a membership in the Texas Highway association, and the following resolution was adopted:
"The board of directors of the Ranger Chamber of Commerce at a meeting held on Tuesday, July 8, went on record as heartily endorsing the work of the Texas Highway association in its efforts to have submitted to the people of Texas an amendment to the constitution, in order that the highway department might carry out to the fullest extent its program of highway building, and the maintenance thereof throughout the state.

Directors present included: President John H. Gholson, Dr. L. C. G. Buchanan, W. W. Housewright, Albert Joseph, J. C. Smith, M. H. Hagaman, Walter Murray and W. B. Davis and Secretary C. C. Patterson.

DEADLOCKED REPUBLICAN CONVENTION IS RECALLED

By United Press.
HOUSTON.—Captain R. A. Harvin, United States marshal for the southern district of Texas, who was a member of the Texas delegation to the republican convention of 1880, says just how it feels to deadlock a convention and stick to his guns until the last ballot.

Three candidates were being voted on—Grant, Blaine, and Sherman. Captain Harvin was one of 306 delegates who voted for Grant on every one of the 36 ballots. It was on the thirty-sixth ballot that the Blaine and Sherman delegates got together and nominated Garfield.

The Grant committee was so appreciative of the unbroken front of the standpatners that a bronze medal was struck off for each of the 306 who voted consistently for Grant. Captain Harvin still has his medal.

REFUGEE FROM THE ALAMO DIES AT 96 YEARS OF AGE

Boils

THERE is a reason for everything that happens. Common-sense kills misery. Common-sense also stops boils! S. S. S. is the common-sense remedy for boils, because it is built on reason. Scientific authorities admit its power! S. S. S. builds blood power, it builds red blood-cells. That is what makes fighting-blood. Fighting-blood destroys impurities. It fights boils. It fights pimples! It fights skin eruptions! It always wins! Mr. V. D. Schaff, 557 15th street, Washington, D. C., writes:
"I tried for years to get relief from a bad case of boils. Everything failed until I took S. S. S. I am now absolutely cured, and it was S. S. S. that did it."

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

Joe Burkett Asks Two Opponents To Answer Questions

TERRELL, Texas, July 9.—Joe Burkett, candidate for governor, spoke here Tuesday. A small part of his time was taken up in discussing the program of some of his opponents. He said in part:

"Lynch Davidson tells you that if he were governor he would repeal laws instead of making them, that the governor's and legislative body's time could be best spent in this manner. He says that we only need about a dozen laws. Yet when the repeal of a law is advocated he says, 'no, not that one.' The fact is that he wants only a few laws repealed, among which is the usury law and nine-hour law for women, the child labor law, and the 16-hour law for railroad employes, but the main one in his mind is the repeal of the home-stead law. Ask the lumber men if this is not so. They, together with big business are the ones backing him."

"Mr. Davidson says he is a business man and to back this statement he refers you to his record as regards the rehabilitating of the state railroad running from Rusk to Palestine. I asked Mr. Davidson these questions:
"Does the state own any rolling stock or other equipment, and does the state own any of the steel rails of the state railroad running from Rusk to Palestine? Also, Mr. Davidson, please tell the people of Texas, whether or not you advocated the buying of the Orient railroad? Are you in favor of a sales tax? You have been advocating a sales tax, why don't you do it now?"

"Mr. Davidson does not answer. You well know why.
"I ask T. W. Davidson these questions:
"Are you or are you not in favor of the open port law? Answer yes or no. Also, if you are elected governor will you or will you not invoke its provisions in the settlement of strikes, if any should arise? Please answer yes or no. Is it a good law or a bad law? These questions are asked you in view of the fact that newspaper reports say that you answered the questionnaires submitted to you by the Farm-Labor political conference that you are in favor of its repeal, and other newspaper reports have it that you would not invoke its provisions if you should be elected governor. It appears to be

inconsistent to me to have a law on the statute books and not enforce it and not repeal it. I desire to have an answer to these questions for my own enlightenment and for the enlightenment of the voters of Texas. "He does not answer."

Insure Your Car For Long Service Life
Most motorists take out fire, theft and accident insurance on their cars; but many neglect one of the most important forms of insurance—lubrication insurance—that is, the use of a high-grade motor oil; so as to insure freedom from motor troubles and repair bills, and a long service life for the motor.
And the fine point about "service insurance" is that it does not cost anything "extra." For you can get Humble Motor Oil at the same price which you pay for a blended oil—and Humble Motor Oil is "straight run" from low-cold-test crudes. It is easily recognized by its clear, brilliant amber color. The range between its light and heavy fractions is very short. Humble Motor Oil has just the right "body" for the proper and safe lubrication of all motor bearing surfaces, under the most severe conditions of temperature and load; and yet is light enough to leave but the minimum of carbon behind when burned.
Have your crank case flushed and filled with Humble Motor Oil—and let your service insurance begin to-day. Any Humble Oil Dealer will be pleased to serve you. Look for the Humble Signs.

COUZENS PUTS INDEPENDENCE ABOVE BOSSES

Flatly Declines to Follow Party Leaders or Party Platform Blindly.

By United Press.
 DETROIT, Mich., July 9.—Senator James Couzens today flatly declined the invitation of republican state leaders to swear his support to the party platform and Coolidge dictum. Formally announcing his candidacy for re-election, Couzens said he did not propose to yield his independence to party leaders or so-called bosses.

"There is nothing in the constitution of the United States that requires that I say 'yes' to everything the president, whoever he may be, proposes, nor do I believe it inspired by my constituents that I abstractly promise to follow someone and do his bidding," he said. "If a complete adherence to President Coolidge's wishes be a test of republicanism, there are no republicans in the party worth of the name."

PRESIDENT OF AMERICAN BAR ASSOCIATION WARNS AGAINST ENCROACHMENTS OF CONGRESS

By United Press.
 PHILADELPHIA, July 8.—The constitution of the United States is the favorite topic of the president of the American Bar association of Dallas, Texas. At today's opening session of the association, in the birthplace of the United States, Saner, made the constitution the leading feature of his annual address to the association.

After giving the history of the United States constitution and its amendments, Saner said:

"There are now pending in congress nearly 100 proposals to amend the constitution, practically all of them conceived, fostered and urged by highly organized bureaus or associations; virtually all of them strike at the fundamental principles of our government; and many of them are fostered by the selfish interests of minority factions for purposes purely selfish. Some of these amendments propose to restrict the power of the supreme court, some to facilitate the amending of the constitution itself, and most of them propose to relegate to the national government the control of affairs originally vested in the states. The insistent demand of this paternalistic movement is for creating new bureaus and departments and offices vastly increasing the number of federal employees, with a relative increase in the cost of government, thus destroying the checks and balances as originally established.

Congress Encroaching.
 "One of the just causes of complaint against the tyranny of King George as set forth in the declaration of independence was: 'He has erected a multitude of new offices, and sent hither swarms of officers to harass our people and eat out their substance.' Since that same condition exists today, have we not the same right, yea the same duty, to object? And what are the facts? In the federal government alone, there are more than 750,000 employees. There are more than 3,400,000 people employed by national, state and municipal governments, so that every 12 workers in the United States support one government employe! In every city in the land whole buildings are occupied by federal bureaus and departments, many of whose agents and servants seemingly have no other duty than to incessantly write and send out letters and pamphlets and forms and books and reports, many of which are as promptly consigned to the waste basket. Thousands upon thousands of employees are employed in no sufficiently useful occupation—mere parasites upon the body politic.

"And are the people blameless for these conditions? Is it not true that there is a spirit abroad in the land, which prompts no man to do for himself what he can get the government to do for him? So that through paternalistic legislation, we hear the faint cry of maternalistic bureaus and other bureaus which are insidiously destroying our resourcefulness, our self-efficiency and our very independence itself. We first seek to have the government do everything for us and then we blame the government for everything that does not go to suit us.

The People Ask.
 "But some one asks, why do for ourselves what the government will do for us for nothing? The law of compensation is inexorable and immutable and we, the people, must pay. According to the last census report, the national debt, not including state and municipal debts, in 1922 was nearly \$23,000,000,000 or over \$210 for each person in the whole country, representing a per capita increase of approximately 400 per cent in a decade for federal taxes alone. It is estimated that every man, woman and child in the United States pays for taxes approximately 16 cents out of every dollar

DEMOCRATS ARE DEADLOCKED ON OTHER LEADERS

McAdoo and Smith Technical-ly Out of Race, But Still Fighting for Control.

By United Press.
 MADISON SQUARE GARDEN, NEW YORK, July 9.—From deadlock to deadlock. Smiling with such bitterness that is aroused only through a religious war, the democratic national conventions now turned into a Smith-McAdoo spite convention resumed balloting today.

Both Smith and McAdoo have, theoretically, stepped aside so far as their personal candidacies are concerned. But the war between Catholic and Protestant, klan and anti-klan, wet and dry, goes on as each is trying to put over his choice among the dark horses.

The Smith forces decided to concentrate on Underwood today. The bulk of the McAdoo forces were going to J. W. Davis, who polled 316 votes.

But even the McAdoo forces are split. William J. Bryan is going about the floor pinning a wet and reactionary badge on Davis. On the other hand, Schaaf of Kansas, another McAdoo leader, is working for Davis.

In the meantime both Smith and McAdoo are waiting again to dash into personal combat if either shows renewal of strength. Smith said:

"If the convention construes McAdoo's letter at last meaning that he is out of the race then I am out, but if he is not, then I am not. If they start a drag for McAdoo I am going back into the fight."
