

SWIMMING IN THE RIVER NOT AS IT USED TO BE
SAN ANTONIO, May 31.—When police raided the "old swimming hole" in the San Antonio river, 15 boys, swimming au naturel, fled the water and took to their heels across country. Eight of the nude runners were captured. Police are holding the clothes of the other seven at headquarters until the owners show up.

STUDENT OFFICERS OF S. M. U. ASSOCIATIONS ELECTED FOR NEXT YEAR

Special.
DALLAS, May 31.—Student association and other organization officers elected during the last few days to serve during the school year beginning in September, 1924, at Southern Methodist University, are:

OLDEN

OLDEN, May 31.—A large crowd enjoyed the party Thursday night at the home of Mr. and Mrs. O. F. Young. A number of young people attended from Eastland and Desdemona. Those present were: Misses Jewell Russell, Birdie Mitchell, Beulah and Eula Young, Julia Hunt, Gertrude Mills, Myrtle Dell Fox, Myrtle Howell, Cecil Hunt, Lola and Flora Branscum, Ruby Hunt, Gussie Fox, Opal and Mary Nabors, Bessie Bockman; Messrs. Arvin Neeley, Over Moon, Sid Webb, Emmett Rice, Lomer Hunt, Andy Fox, Otis Young, Pete Berto, Floyd Jenkins, Dick Yielding, Sam Reynolds, Hubert Russell, Roy McClellan, Lester Brown, Carl Dobbs, Jeff Brown, Tom Fox, Jack Wright, Cap Norton, Bert Cling.

PASTORS DIFFER ON USE OF POOLS IN PARKS FOR BAPTISMAL PURPOSES

EL PASO, May 30.—Use of pools in Washington park as baptismal fonts as suggested by the Rev. S. Sorenson, has stirred up approval and condemnation of other local pastors.
The Rev. W. M. Fairley, pastor of the Westminster Presbyterian church, says, "There is no consistency to the objection. There is nothing sacrilegious about it."
The Rev. J. B. Cole, 40 years a Baptist minister: "It is not the proper place on account of disturbing surroundings. A private place would be more suitable."
The Rev. E. S. Bledsoe, First Christian church: "The swimming pool should not be used unless there is absolutely no other place available. I would not baptize there while the pool was being used for amusement under any circumstances."
The Rev. S. J. T. Williams, assistant pastor, First Baptist church: "There is nothing improper about it. Water is nothing but water. It is

SCHOOL EXPERIMENT HELPS STUDENTS' EFFICIENCY

The question of what to do with the backward child, the perplexing problem of education since school began, seems almost to be answered at last by the results of an experiment made in a Boston public school. During pleasant weather, backward pupils from all grades in the school carry on their studies in an outdoor class room specially constructed for this purpose in one corner of the school yard.
Sunshine and fresh air, together with hot Horlick's malted milk served during recess, morning and afternoon, have worked wonders.

The pupils are brighter and more attentive. They are gaining weight, averaging an increase of about three pounds the first month. Their eyes and complexions are noticeably clearer. And they are more ambitious to learn.

My Gift to You
The Beauty Helps I Use
By EDNA WALLACE HOPPER
My mother made herself a beauty, and lived a life of glory. She kept her youthful beauty until she died at 57.
From my earliest years she urged me to follow her example. She told me of her secrets, gave me her formulas. Then together we traveled the beauty-loving world in search of better methods.
Mother was rich and ambitious. She spared no cost to get for me the best the world afforded. As a result, I became a famous beauty. I have had a wonderful career on the stage. And now, after 40 years in the limelight, I retain my youthful bloom. I still hold my place as a stage star, looking like a girl of 19.
In return for this, I now desire to help other girls and women. I believe I have gathered the greatest beauty helps in existence. Most of them I owe to France. I have had experts combine them for me in four preparations, easy to apply. These are the helps which brought me beauty and perennial youth, and I want other women to share them. So I am placing at the call of every girl and woman the very help which made me what I am.
White Youth Clay
Clay is the great beauty essential. It has been so for ages. It made the famous beauties of history. It is giving to millions of women new beauty and youth today.
But the crude and muddy clays are very much out of date. Great experts have for 20 years been studying how to perfect clay. The final result is the Clay I offer you.
My White Youth Clay is white, refined and dainty. It omits the useless mud. It combines new factors which bring multiplied results. It is a super-clay.
My White Youth Clay purges the skin of all that clogs and mars it. It removes the causes of blackheads and pimples. It brings the blood to the skin to nourish and revitalize it. The result is that rosy afterglow which so amazes and delights. Many women in one application seem to drop ten years.
It firms the skin, combats all lines and wrinkles, reduces enlarged pores. Some of you know what clay can do. It has brought you new beauty, new youth in abundance. You pity any girl or woman who omits it in these days. But no old-type clay can ever do what my Youth Clay can do. I urge you to prove this. My White Youth Clay costs 50 cents and \$1.
Two Supreme Creams
My two creams embody some matchless factors which science gave to me.
My Youth Cream is my cold cream. It embodies products of both lemons and strawberry. Also all the best that men have found to foster and protect the skin.
I use it after my Clay. Also as a night cream. Also daytimes as a powder base. Never is my skin without it. My child's complexion at my age shows what that means to women. No woman I know ever found a cream to compare with this. My Youth Cream comes in two types—cold cream and vanishing. The cost of either is 60 cents.
Facial Youth is my liquid cleanser which I owe to France. It contains no animal, no vegetable fat. It can not assimilate in any way with the skin. It simply cleans to the depths, then departs. All the grime, dead skin and clogging matter depart with it. I never knew what a clean skin meant until I found this Facial Youth. The cost is 75 cents.
My Luxuriant Hair.
My hair is thick and lustrous, and grows finer every year. I have never known falling hair or dandruff, and never a touch of gray.
All this I owe to my Hair Youth another French creation. I apply it with an eyedropper, directly to the scalp. This does not muss the hair. It combats the hardened oil and dandruff which so stifle the hair roots. It stimulates and tones. My luxuriant hair shows what this method means to men and women. My Hair Youth costs 50 cents and \$1 with eyedropper.
All druggists and toilet counter now supply Edna Wallace Hopper's aids to youth and beauty. They combine the greatest helps I've found in a lifetime search. When you try one you will use them all, as every woman should. With each one comes my Beauty Book and my guarantee. Go now and learn how much they mean to you.

CHAUTAUQUA IS LAUNCHED ON PROGRAM HERE

"Merry Old Chief" Gives Delightful Concerts and Elwood T. Bailey Lectures.

"The Merry Old Chief" of the Kansas City Night Hawks and his radio entertainers, yesterday afternoon opened the program for the Chautauqua which will be here for seven days, making a decided hit with the audience, which, although small, enjoyed the musical program immensely. Leo Fitzpatrick, of the Kansas City Star, who is known throughout the nation as the "Merry Old Chief" of the Night Hawks, lived up to his reputation for originality and wit. His program was entirely informal and quite in keeping with what one would imagine the "Merry Old Chief" was like after listening in on him at midnight.

The orchestra lived up to its advance reputation and rendered an excellent program throughout, enlivened with solos on their instruments by the members. Andrew Ponder, violin and saxophone, gave delightful numbers on the violin, showing that his skill was not devoted entirely to jazz. Leo J. Daugherty, on the trombone, and Harvey F. Dyer, trumpet, showed that they were up on the intricacies of their instruments with two difficult solos, "My Gypsy Sweetheart," and "I Love You Truly."

In addition to the orchestra concert, Saturday night, Elwood T. Bailey, banker and business man from San Diego, Calif., delivered an excellent lecture, which particularly appealed to the younger generation present. Mr. Bailey's talk was on the individual who is getting aboard to "go" somewhere and "do" something. He is a fluent speaker, a gifted orator, and well worth listening to, both for instruction and enjoyment.

Charles Frink, banjo, gave a splendid interpretation of several classical pieces on the banjo showing that he had complete mastery over his instrument.

The banjo is one of the most difficult instruments to play and get music out of that is soothing to the ear. Mr. Frink's rendition of the famous old Spanish love song, "La Paloma," was a masterpiece. While playing the tune on one instrument it sounded as if there were two banjos playing harmony. The trick is very difficult and Mr. Frink should be given all the credit that is due him.

KISSES BY TELEGRAPH

PARIS. — "If you love me, wire me a kiss." That's the latest with sweetheart who are separated between Paris and Lyons, or Strasburg, the three cities where the new Berlin telautographic system is in operation. The invention transmits a telegram in faithful facsimile. Lines, sketches, shorthand and, in fact, any outline, can be handled by the telautograph. A lovesick swain can be comforted, the officials say, by the receipt of a telegram in his dear one's calligraphy, and for an outlay of ten francs, he could reply with several rows of telautographic kisses.

SCREEN ARTIST IN "AMERICA"

Carol Dempster in D. W. Griffith's "America," regarded as the great directors master production, which is to be shown at the Connellee Theatre, Eastland, starting Monday night, June 2, and with both matinee and night performances Tuesday and Wednesday.

FAMOUS CANTATA FOR BLIND.
LONDON. — Coleridge - Taylor's famous cantata, "Hiawatha," is being prepared for presentation here shortly in opera form, conducted by the composer's son, Hiawatha Coleridge-Taylor. The performance will include Coleridge-Taylor ballet music, hitherto never published or performed. A ballet of more than 100 dancers is being organized, including girls well known in society. The production will be staged at the Albert Hall for the benefit of the National Institute of the Blind.

Make Old Homes More Comfortable, Attractive and Worth More Money

What becomes of the "old" houses—the houses built before the day when American-home owners of moderate means took an intelligent interest in the architectural appearance of their homes.

Some of them still stand as they were built; uninteresting, drab, and rapidly depreciating in value. Others through simple alterations have been given new beauty, new comfort and increased value by far-seeing owners. The illustrations above are interesting. The "before" picture shows a typical "old" American house. With its sensible, spacious and comfortable rooms, and its simplicity of design, it offers a splendid foundation for the remodeler.

Easy to Remodel.
Anyone fortunate enough to have a house of this type, or one which resembles it, will find it a comparatively simple thing to bring this house up-to-date architecturally.

Turning to the picture which shows an "old" house of this type after it has been remodeled, it can be seen that the main roof has been carried down across the whole front of the house to cover a wide porch. A long dormer has been built in the roof which enlarges the front bedrooms and provides them with large closets, and then, as the plan shows, the living room has been made especially attractive with a long bay-window, opposite a fireplace arranged with single seats. Of course this is but one way in which this house could be altered.

There are several books on the subject of remodeling houses. A very interesting one, prepared by a staff of leading architects has lately been published by a manufacturer of doorings. This book, suggests a wide variety of alterations which will transform such old houses, at moderate costs into delightful, attractive and comfortable homes. It shows six types of houses which have been built most extensively over a period of many years. For each of these

types there is series of suggested alterations varying in cost from two hundred to eight thousand dollars. These books can be obtained from leading building supply and hardware dealers. For further information editor of our building page.

Explanation of Plans:
Approximate cost of the alterations shown is \$2,000. The main roof carried down across the whole front of the house covers a wide porch. A long dormer is built in the roof which enlarges the front bedrooms and provides them with large closets. Opposite the fireplace in the living room a long bay-window is arranged with single seats.

Athlete Is President of Naval Graduates.

B. O. MATHEWS

CRIMM REVIVAL AT BAPTIST TABERNACLE DRAWING LARGE CROWDS

Large crowds are attending the revival meeting being conducted at the Baptist tabernacle here by Evangelist B. E. Crimm.

Friday night Mr. Crimm spoke on the subject "What Is the Matter With the Church, or Why the Church Has Lost Its Power." The text was taken from third chapter and sixteenth verse of Judges.

Sunday morning at 11 o'clock Mr. Crimm's subject will be "Our Relation to Christ," and Sunday night his subject will be "Eastland Sold Out to the Devil, Lock, Stock and Barrel."

The largest number of singers yet in the choir were present Friday night and assisted in the singing.

MRS. J. D. M'RAE ENTERTAINS THURSDAY AFTERNOON CLUB

The Thursday Afternoon Bridge club held its regular meeting with Mrs. J. D. McRae, Conner apartments. The living and dining rooms were artistically decorated with sweet peas. An ice course was served to Meses. Ed H. Johnson, C. H. Carter, John Knox Jr., Jinks Garrett and Misses Ikard and Goodman; guests, Meses. H. P. Brelsford Jr., James Cleatham, Harris, Freyschlag, Lewis, Jack Williamson, Beale Smith, Scott Key, O. D. Caldwell and George Davison.

"Pajama Party" Led to Teacher's Death.

LOUISE GERRISH

An anonymous letter, taunting Louise Gerrish, a pretty Amherst, Me., school teacher, about a "pajama party" she is alleged to have held in her bedroom, is the clue upon which Maine authorities hope to solve the brutal murder of the nineteen-year-old girl, whose shot-riddled body was found in a shallow grave a short distance from her boarding house.

Charming New Frocks for Summer In Every Lovely Color and Fabric Sanctioned by Fashion

Certainly there is nothing more dainty than these summer Frocks in their matchless color tone and their cool, airy fabrics. Lovely frocks in which to appear on every summertime occasion are in delightful assortment here. Some are tuniced, some are flounced, some are draped, others are in straight line effects. They're all the newest of the new—dresses with little touches of style you haven't seen before. Linens, voiles, swisses, cotton crepes and other pretty materials; charmingly trimmed with embroidery, laces and pleats. They are all very smart—and modestly priced.

- Knit Silk Sport Dresses**
The popular shades make a bright rainbow of colors. Some of these are the new sleeveless styles.

SHOEOLGY DECLARED GOOD SUBJECT FOR REAL STUDY

DALLAS, May 31.—Shoology, as a study, offers an interesting insight into feminine foibles as regards comfort and style in shoes, according to a young Southern Methodist university student who earns part of his way through college by selling shoes at an exclusive Dallas store.

Some of the most sensible of the feminine sex are beginning to realize, this young man says, that feet, in addition to being more ornaments, can also be used to walk with. This observing salesman, who believes the study of shoology will some day take its place with psychology, phrenology and the like, asserts that the majority of women insist on sacrificing comfort for style. "It is amusing and sometimes pathetic to watch the struggle of pride against physical pain as some young flapper bravely struggles into a pair of No. 3's with a couple of No. 4 feet," he says. "An efficient salesman will often engage in an interesting rapid-fire conversation with this type of customer in order to distract her attention while he fits her comfortably."

THOMAS M'CLELLAN BREAKS BOTH WRISTS IN FALL

Thomas J. McClellan, connected with the Texas Pacific Coal & Oil company's gas department, is receiving medical care at the City-County hospital following his accident last Wednesday when he fell from a 20-foot tank at the McCleskey camp and broke both wrists. It was stated yesterday that he was getting along nicely. McClellan is married and lives on the Wayland road.

AMERICAN ROUND-WORLD FLYERS AGAIN ON WAY

TOKIO, May 31.—America's attempt to circle the earth by air was resumed at 2:10 a. m. today when the three American airmen hopped off from Kasumagaura flying field, 40 miles north of here, and winged their way over Tokio towards Nagsake, 410 miles to the southwest.

OILBELT SALES FOR MAY \$55,767.56

3 DAYS Starting Tomorrow D. W. Griffiths Presents "America"

ed that on account of the large number of names, over 1,500 being submitted, they were not able to decide upon the best name and that it would be Wednesday before the final selection would be made. In conjunction with the awarding of the prizes, Mr. Ringold announces that refreshments will be served and that the station will have its official opening. First prize is a round trip ticket to Denver, Colo., or Galveston, Texas. Second prize is \$10 cash. Third prize is \$5 cash. Mr. Ringold has one of the most up to date filling stations in this part of Texas. His equipment consists of the latest and best machinery that money could buy. There are two 10-gallon electrically operated Bowser Sentry visible pumps, with pipes laid for two more. These pumps are connected with two storage tanks of 1,000-gallon capacity each. Each one of the pumps is capable of putting out approximately 4,000 gallons of gasoline a day. There are also three Bowser lubricating oil tanks and three vacuum tanks. Four air and water stands to take care of the free service end of the game. Mr. Ringold will install a complete line of automobile accessories and tires in about three weeks. Later on battery service and wash racks will be added to the equipment of the station. In connection with the filling station, a confectionery will be operated, handling sandwiches, ice cream and drinks, and tobaccos of all kinds. This is a novel experiment for filling station equipment, but Ringold is confident that it will pay. "There are always people who would like some kind of refreshments while they are filling up with gas or waiting to have tire trouble remedied, that do not like to get out of their cars and go to a drug store," Mr. Ringold said. The station will be open for business Wednesday night at 7:30.

SUDDEN JAR SENDS FALSE TEETH DOWN THE THROAT

PORT ARTHUR, May 30.—Police-men and street car motormen of this city are faced with a new problem in keeping the wheels of traffic moving. Investigating a recent traffic tie-up, a patrolman found the motorman of a car bent over the prostrate form of a man on the pavement. A few dexterous robes of the motorman's fingers in the man's mouth and the police officer saw a set of lower and upper false teeth come to the surface. Mumbling something about the car stopping too violently, the erstwhile passenger leaped to his feet, seized the guilty teeth and fled. Amid a bedlam of blasts from impatient horns and whistles from a congestion of motor vehicles for five blocks back, the motorman resumed his place at the control lever, and traffic moved once more.

'No Left-Hand Turn' Needs Ordinance To Give It Dignity

"No Left Hand Turns at This Corner" is the sign which is being disregarded daily by the motorists of Ranger. The signs are placed at the intersection of Main and Austin and Main and Rusk streets. The traffic condition is so congested between these two blocks that it is impossible to keep the traffic moving properly if the people keep on disregarding the sign.

There is no definite ordinance prohibiting the left hand turns, but as a matter of public safety there should be. One of the members of the city commission advanced the argument that there had been fewer accidents since the signs were posted and that the traffic is kept moving, but the commission, while well aware of these facts, appears willing to believe

that enough people will obey the signs and keep in a straight line up and down the street.

According to one prominent business man of the town, most of the people are used to keeping a parallel course between the two blocks mentioned, but eventually some reckless driver will be in a hurry and make the turn when some one is not expecting it and the result will be a collision with possibilities of some being seriously injured, and the city ordinance provides no penalty for the violation of the regulation unless a charge of reckless driving may be maintained.

NEW POSTOFFICE AT ORANGE.
ORANGE, May 31.—The dream of Orange for many years—a new post-office—is about to be realized.

Work on the new \$55,000 structure has already commenced and if pushed on schedule the new post-office should be ready for occupancy in the early fall.

Erection of the structure will give Orange one of the best post-office buildings to be erected in a town of that size in the state.

"AMERICA" TO BE SHOWN AT CONNELLEE, OPENING MONDAY

"America," D. W. Griffith's photo-dramatic epic of revolutionary days, which has received the most superlative praise ever accorded any motion picture by the New York critics, will be shown in Eastland at the Connellee theatre beginning tomorrow night. Matinee and night performances will be given on Tuesday and Wednesday at 3 and 8:20.

Another great picture has been added to the honor roll of the screen. That it is a worthy adaptation of the glorious story of America's fight for freedom is one of the titles to popular favor of "America." That it is splendidly conceived and finely executed in casting, directing and photography, is another. And that it is played with unusual grandeur and the success of dramatic interpretation is a third, having been directed by David W. Griffith, who occupies a foremost place among the great directors of today.

The picture is merely an attempt to suggest the great sacrifice made by our forefathers that America might become a free and independent nation. No efforts were spared to have the historical incidents as correct as possible. The villages of Lexington and Concord were designed from authentic drawings and descriptions by writers of the day. The battle lines at Lexington are exact reproductions of the original. In the magnitude of his task, Griffith ever held to historic accuracy with remarkable fidelity.

VICE CONSUL CONFESSES TO TAKING BRIBES FOR VISES

WASHINGTON, May 31.—David C. Kerr, American vice consul at Vancouver, B. C., admitted that he had accepted money to influence his decision in granting passports to Chinese and Japanese seeking admission to this country, it was brought out today in a written confession to Consul General Norton. Kerr wrote that he was "hard up" and had accepted bribes.

Mayfield's Counsel Charges Opposition Striving For Delay

WASHINGTON, May 31.—W. F. Zumburn, counsel for Senator Earle B. Mayfield, today charged before the senate investigating committee that attorneys for George E. B. Peddy, who is contesting for Mayfield's seat, were seeking to delay the conclusion of the committee's work until after adjournment of congress. He said that Luther Nickels, counsel for Peddy, has told a witness that he wanted the investigation to continue because he was afraid a report unfavorable to Peddy would be made. Nickels was present and indignantly denied the charge.

Joe Dickey of Henrietta, Texas, told the committee that Mayfield while yet a member of the Texas railroad commission with jurisdiction over the oil industry, attempted to exert an influence over the oil men to contribute to his campaign expenses. Dickey said he was present at a conference between Mayfield and McNamara, an employee of the oil division, when Mayfield asked if the oil men were "kicking in." McNamara told him the oil men were not offering funds for his nomination and was told by Mayfield to inform them that if he was not elected senator he would still be railroad commissioner for four years.

J. K. Norris of Dallas testified that in 1921, when he was a member of the Ku Klux Klan, he was assessed for the Mayfield campaign fund and was told the money was to be used in the Mayfield campaign.

Bryan says the colleges are full of atheism. Coolidge says they are hotbeds of sedition. And along comes Taft and Root and demand that no one be permitted to practice law until he has been graduated from college. You pay your money and take your choice.

Marinello Mary Says:

Let Mary Louise explain the newest Marinello Muscle Oil Pack. Also Latest Marcelling and London Wave.

MARINELLO Mary Says:

"I should be sad to hear you say, My skin looks dingy and drab today, But I smile instead like a vain little cucey, For Skinglo Mask will bring back my beauty."
