WOMEN LEAD STRIKE RIOTERS AT CHICAGO

Attempt to Burn Home of Man Who Refused to Join Walkout.

CHICAGO, July 7.—Women took the lead today in the fight of railroad shophmen against strikebreakers. Wives and sisters of strikers directed a mob of 1,000 which stormed through the streets of Burnside, Ill., in a demonstration at homes of workers. They attempted to burn the homes of two Illinois Central employees at Burnside who refused to join in the walkout. Squads of police cleared the district after Mrs. Julia Cable, 59, wife of one of the Illinois Central employees, held the strikers at bay with a revolver when the attackers stormed her home. The attack occurred during a demonstration near the Burnside shops.

Women were on picket duty at all shop centers. The women believe the future of their children is at stake. B. M. Jewell, union president, told the United Press today when asked for an explanation of the part taken by the women relatives of the strikers.

State troops were held under arms today, ready to quell strike riots which have flared up in railroad shop centers throughout Illinois. In Decatur a mob of more than 200 gathered at the station at 2 a. m. and threatened violence and bodily harm to fifteen newly employed men who came from Chicago. The men were forced to leave town.

Jockey for Position.

Demonstrations and violence are reported at other Illinois shop centers. In the meantime union leaders, rail executives and the United States railroad labor board continue to maneuver for positions before going into conference to end the strike. B. M. Jewell, president of the shophmen, declared he had received no reply to his invitation for the executives or the labor board to present a proposition for settlement if they have one. Jewell still maintains a conciliatory attitude but declining to make the first move toward negotiations.

Federal injunctions to restrain the strikers from interfering with railroad operations, molesting workers and illegally picketing shops have been issued at East St. Louis and Shreveport. Mobilization of state troops is being considered by Adjutant General Black of Illinois, following disturbances in the Washburn yards at Decatur. The governors of Alabama, Kansas, Missouri and Iowa were asked to send troops to prevent disorders.

FORT WORTH CAFES WON'T FEED STRIKEBREAKERS

FORT WORTH, July 7.—Some of the cafes here are declining to feed strikebreakers, and many of the roads will arrange to feed the workers from the inside, it was announced here today by railroad officials.

A group of Fisco officials have gone to work in the shops.

POSTAL AUTHORITIES TO PROSECUTE MARSHALL MEN

WASHINGTON, July 7.—Railroad strikers at Marshall, Texas, and DeQuincy, La., will be prosecuted on charges of interference with the government railway mail service, it was announced today by the postoffice department. Strikers in those places tampered with the airbrakes on trains carrying the government mails, the department stated.

DENISON FEARS TROUBLE.

DENISON, Texas, July 7.—With the introduction of strikebreakers, Denison awaits with apprehension the next development in the local railroad strike situation. A few men to replace the striking shophmen on the Katy railroad were brought here last night. They will be housed on railroad property, which is surrounded by a cordon of private guards. Strikers have stated that no violence will be permitted by them.

OPENING OF CHICAGO & ALTON SHOPS AWAITS PROTECTION

KANSAS CITY, July 7.—The Chicago & Alton shops at Slater will be opened as soon as protection can be obtained for the workers, road officials announced here today.

TWO GUARD COMPANIES HELD READY IN MISSOURI

JEFFERSON CITY, Mo., July 7.—National guard companies at Warrensburg and Booneville have been ordered to gather at their armories as a precaution, Governor Hyde announced today. The governor stated that the order should not be construed as mobilization of the command.

"We merely want to take all possible precautions," he said, refusing to amplify the announcement.

STRIKE SUMMARY

Women take lead in fighting strikebreakers by picketing and lead mobs in demonstrations against workers.

Troops mobilize in Illinois and Missouri and special deputies are sworn in at shop centers throughout the country to prevent outbreaks.

Mobs of strike sympathizers menace homes of strikebreakers in Chicago.

Fire in cars being repaired in Baltimore & Ohio shops is claimed incendiary by railroad officials, who blame the strikers.

Strikebreakers threatened and forced to leave town at Decatur, Ill.

Clashes between strikers and imported workers at Logansport, Ind., Denison, Ohio, and other shop centers.

Postal officials threaten prosecution of strikers who interfered with the movement of trains transporting mails.

TIMBER FIRES REAPING TOLL IN WASHINGTON

Jockey for Position.

SEATTLE, Wash., July 7.—Two known dead, six missing, hundreds of thousands of dollars in homes and mills destroyed and more than 1,000,000 feet of timber is the toll already exacted by forest and brush fires raging in western Washington, from British Columbia to the Columbia river.

NEGRO ASKS INJUNCTION AGAINST BALLOT TEST

WACO, July 7.—In the Nineteenth district court here Thursday afternoon application for an injunction was filed by R. C. Smith et al. vs. John K. Strecker, chairman of the McLennan county Democratic executive committee and the election judges named for the July primary.

Smith, first named in the list of plaintiffs, is cashier in a negro bank here. The plaintiffs asked that the executive committee and the election judges be restrained from preventing negroes from voting in the primary election here on July 22, contending that negroes who subscribe to the pledge imposed can not be prohibited from voting in a primary election.

Judge James P. Alexander has set the case for next Saturday morning, at which time the application for an injunction will be held.

At a meeting today of the committee of the county Democratic executive committee it was decided to convene the county executive committee on next Monday to decide whether former action, excluding negroes from the primary, would be rescinded and whether bona fide negro Democrats would be allowed to vote in the election July 22.

JURY STILL OUT IN CISCO MURDER TRIAL

EASTLAND, July 7.—The jury in the case of E. Hart, charged with killing Lige Steward at Cisco last month, was still out at 2 o'clock this afternoon. The case went to the jury in the Ninety-first district court at 6 o'clock last night.

CONGRESS WILL PASS BONUS BEFORE ADJOURNMENT

WASHINGTON, July 7.—There will be no adjournment of congress until the soldiers' compensation measure becomes a law and the bill will be taken up immediately after the tariff bill is disposed of, Chairman Mondell of the finance committee today promised Mrs. H. A. Smith of Whitman, Mass., who presented a petition for the bonus with 1,000,000 signatures.

GALVESTON STOCKMAN FOUND SHOT TO DEATH

GALVESTON, July 7.—Martin Hain, 45, Galveston county stockman, was found dead this morning at his home, seven miles west of this city, from a gunshot wound in his neck. Hain had lived in this county for a number of years. His wife died several weeks ago.

THE WEATHER

West Texas—Tonight, local showers, cooler in southwest portion, Saturday, partly cloudy, warmer in north portion.

BABY GULPS BAR PIN; DEAD

SAN ANGELO, July 7.—Swallowing a bar pin taken from her mother's dress caused the death here last night of 2-year-old Ruth Naomi McCully, daughter of the postmaster at Paint Rock. The family was attending a barbecue at Paint Rock at the time and the child was rushed here for treatment.

WARTIME RULES MAY PRESERVE NATION'S FUEL

President Harding Now Formulating Plan for Administration's Action.

COLUMBUS, Ohio, July 7.—Fearing that the nationwide coal strike cannot be settled soon, President Harding is formulating a plan for protecting the public against the menace of the fuel shortage now developing, it was learned from sources close to the executive as he left here today for Washington.

A virtual revival of policies of conserving fuel put into effect by the fuel administration during the war is being considered. Even more drastic action would be taken should the public interests demand it, according to the administration spokesman.

ILLINOIS MINERS LOOK FOR FEDERAL INTERVENTION

SPRINGFIELD, Ill., July 7.—Authority to call a special state convention of the Illinois coal miners should the federal government intervene in the nationwide coal strike was vested in President Farrington of the Illinois mine workers by his executive board and sub-district officers at a secret session last night, it became known today.

SECRETARY CONFERS WITH COAL OPERATORS

WASHINGTON, July 7.—Anthracite coal operators conferred with Secretary of Labor Davis today just prior to the joint session with officials of the United Mine Workers. Secretary Davis declared that he had made no suggestions to the operators.

CABLE WEDDING N. G., UNCLE SAM'S VERDICT

NEW YORK, July 7.—A marriage knot tied by cable may be all right in Nebraska, but the federal government does not believe in that kind, Mrs. Hahn of Hahlsbach, Alsace, learned when she arrived here on the liner Saxonia today.

Mrs. Hahn produced a marriage certificate signed by County Judge Wilbur E. Bryant of Cedar county, Neb., showing that she was the wife of Lester M. Mabius, once of the American expeditionary force, now of St. Helena, Neb., and asked that she be permitted to enter America as Mrs. Mabius. She was informed she would have to have a regular marriage and authorities will watch over her until it is performed.

Mabius met the girl when he was serving with American forces in Alsace. He suddenly was sent back to the United States. A short time ago Judge Bryan sent this cable to the mademoiselle:

"Do you take Lester Mabius to be your lawfully wedded husband?" The answer, "I do," came by mail and Judge Bryan forwarded the certificate to Alsace.

FOOD GOING UP

WASHINGTON, July 7.—Food prices are on their way again, labor department figures for twenty-two cities made public today showed. Eighteen of these cities registered an increase of from 1 to 3 per cent for the month ending June 15 over the preceding month. Three cities showed fractional decreases and one reported prices unchanged.

CYCLOPS GIVEN JAIL TERM, BAKERSFIELD, CAL., JULY 7.

John H. Vitelle, convicted by a jury of assaulting Dr. Dwight R. Mason in a recent Ku Klux Klan raid at Taft, yesterday was sentenced to serve an indeterminate term in state's prison.

At the time of the assault on Dr. Mason, who was hanged by the neck and flogged, according to testimony in the trial of Vitelle, the defendant was "exalted cyclops" of the Taft Klan.

LIONS CLUB TO URGE ANOTHER T. & P. CROSSING

Signs Now Point Way to Club's Tourist Camp at Shamrock Park.

Road signs containing directions to reach the Lions' Club tourists camp at Shamrock park have been erected on practically all of the main roads leading into the city. The signs were painted by Bob Taylor, under the direction of a special committee from the club and many are 4 by 8 feet in size. The tourist camp located just below the Mirrow Lake dam, has been attractively fenced in and has gas connections and ample water provided for camping motorists. The camp is now in operation.

The Lions Club at the noonday luncheon yesterday appointed a committee to act with the Chamber of Commerce in an effort to obtain another crossing over the Texas & Pacific tracks to the east side. It was held by the club that the single crossing on Main street is insufficient to care for the traffic, especially as it is frequently blocked by freight trains, and that another outlet over the tracks is needed by the business section.

CHASTAIN WILL DISCUSS ISSUES SATURDAY EVE

Oscar Chastain of Eastland, candidate for state representative for the 106th district, will speak here Saturday night at 8:30 on the McCleskey hotel corner. Mr. Chastain will discuss legislative needs and asks especially that women and children attend.

SEMENOFF BARRED FROM JAPAN GOES TO CHINA

TOKIO, July 7.—The Japanese government has refused permission to land of Gregorie Semenoff, former Ataman of the Cossacks and later leader of the anti-Soviet army in Siberia, who reached here without a passport from America.

He is proceeding to Shanghai, also without a passport. News of his welcome reception in the United States, where he was in jail for some time, preceded him here.

IRISH REBEL LEADER DIES OF FIGHT WOUNDS

DUBLIN, July 7.—Cathel Brugha, one of Eamonn de Valera's chief lieutenants, died today of wounds received Wednesday while trying to fight his way clear at the surrender of the republican forces in Sackville street.

Brugha was one of the most prominent of the republican leaders who opposed the terms of the Anglo-Irish treaty from the start.

WIFE SAYS PITCHFORK TREATS HER ROUGH

DALLAS, July 7.—Wilford B. (Pitchfork) Smith was released from jail today on \$500 bond to assure his presence in court to answer charges of aggravated assault filed against him by his wife.

Mrs. Smith reported to the police Thursday that Smith had struck her and attempted to choke her.

PAY CHECKS SPURNED BY MARSHALL STRIKERS

MARSHALL, July 7.—The pay checks for the men who have gone out on a strike in the Marshall shops of the Texas & Pacific railway arrived here Thursday. Paymaster White has them in a vacant building on the courthouse square ready for the men who will come and get them. Many of the strikers have refused to accept the checks.

TOO MANY THIRSTY STRANGERS CAUSE DEMISE OF 'CHOC' SUPPLY

The discovery of prowlers around several of the residences in the Page addition last night led to the discovery of a barrel of freshly made choc beer concealed in a vacant house. The police were called and, unable to get any evidence as to the ownership of the brew, destroyed it. It is thought that bootleggers had been using the house, which

has stood vacant for some time, as a bottling plant.

Several residents of the section whose suspicions had been aroused by the sight of several men or boys prowling around the neighborhood late last night, started out in search of them. They were passing the vacant house when attracted by the smell of mash.

KANSAS COURT ISSUES WARRANTS FOR LEADERS IN SHOPMEN'S STRIKE

CHICAGO, July 7.—Warrants for the arrest of the president and secretary of Topeka local of the striking Santa Fe shophmen were issued today under the Kansas Industrial Court act and it is reported that warrants for the arrest of other union officials will be issued soon. The issuance of the warrants was the first legal action brought against the strike although steps have been taken at various points as the results of disorders arising from the strike. Under the union strike program, the places of the arrested strike leaders will be promptly filled.

B. M. Jewell, union head, today refused to comment on the arrest of the Topeka union officials other than to say that "Before this thing is over there will be a lot of other men besides these go to jail."

The maintenance of way men at Boston and the clerks at other points have petitioned their general officers to sanction a strike and although no strike authority has been granted, many have walked out with the shophmen in a number of cities.

PHONE SERVICE IS HAMPERED BY EASTLAND FIRE

Special to the Times.

EASTLAND, July 7.—Approximately 100 telephones are out of commission here today as the result of considerable damage to one of the large trunk cables by the fire which early last night destroyed a vacant house on South Lamar street, just east of the business section. A special crew is being rushed here from Fort Worth by the telephone company to repair the damage.

LAST OF BRAZILIAN INSURGENTS SURRENDER

By United Press.

RIO DE JANEIRO, July 7.—Fort Topacabana, the last stronghold of the Brazilian insurgents who attempted a military coup Wednesday, was captured today after a severe bombardment and the rebellion is completely at an end, the United Press was officially informed today. The insurgents, who held out grimly for two days against overwhelming odds, surrendered unconditionally, it was announced. Some of them refused to surrender, however, and fought till the last man fell, according to one report.

PAN-AMERICAN CONFAB TO PASS ON DISARMAMENT

By Associated Press.

PARIS, July 5.—The outstanding feature of the closing session of the League of Nations disarmament commission here today was the announcement by Dr. Rivas Bieuna, Chilean ambassador to Paris, that Chile would demand the inclusion in the agenda of the fifth Pan-American conference, to be held next month at Santiago, of the whole question of world disarmament, both naval and military.

BIELASKI NOT ARRESTED

By United Press.

MEXICO CITY, July 7.—A. Bruce Bielaski, American oil man and former investigator for the United States department of justice, has not been arrested nor is he likely to be molested by the authorities.

Rumors that Bielaski had been taken into custody charged with investigating his own kidnapping were circulating in Mexico City yesterday.

"BLACK DOG," FAMOUS WOLF, PREY OF HUNTER

GILLETTE, Wyo., July 7.—In capturing his sixteenth wolf in the Pumpkin Butte country, A. G. Hanson of the United States biological survey, bagged "Black Dog," a notorious wolf that has ravaged range herds in that section for several years.

BARNES CASE IS POSTPONED BY AGREEMENT

Campaign Prevents Cunningham's Attendance; Probably Heard in September.

Special to the Times.

EASTLAND, July 7.—The liquor case against Cleve Barnes of Ranger, set for today in the Ninety-first district court, has been continued until the September term of court. The continuance was by agreement of both sides, the prosecution seeking it in order that W. J. Cunningham, district attorney at Abilene, who has been retained as special prosecutor in the case, might be present. Mr. Cunningham is now in the midst of an active campaign for congress and unable to attend court at this time.

Barnes was indicted with Harry Atwood on a charge of possessing liquor for the purpose of sale, following the raid of the citizens' committee of Ranger. Atwood's trial last month resulted in a hung jury and will also probably come up during the September term of court.

REPUBLICANS FAIL TO GAG TARIFF TALK

WASHINGTON, July 7.—Gag rule on the tariff was defeated in the senate today by a 45 to 35 vote, two-thirds being required. The Republicans failed by a wide margin to pass closure over the solid opposition of the Democrats. Five Republicans voted with the Democrats.

LIQUOR ISSUE NOT DEAD CULLEN THOMAS SAYS

STEPHENVILLE, July 7.—Cullen F. Thomas, candidate for the United States senate, speaking here Wednesday, said in part:

"Personally, I decline to treat the liquor question as a dead issue. He is both blind and deaf who does not know it is a live, practical issue. The first battle is to emancipate the Volstead law. The voices are many and loud for the return of wine and beer. The forces are organized and militant to increase the percentage of alcohol in beverages.

"Does not a member of the President's cabinet demand it as a sort of panacea for the present unrest and discontent? Is not the old association against prohibition still on the job, financing the movement through the country, with branch headquarters in Texas? Is not the issue being openly agitated in the campaign now on in Missouri for the nomination for senator in both Democratic and Republican parties?"

"Have the Democrats of Texas forgotten the contest in the building of a platform for the national Democratic party at San Francisco? Will the thinking men and women of Texas ignore the plausible and promising candidacy for the senate of the former governor of Texas, whose followers are rallying round him as they boldly crusade for the return of beer and wine?"

HANDS ACROSS SEA, IS JUSTICE TAFT'S VIEW OF BRITISH RECEPTION

CAMBRIDGE, England, July 7.—Chief Justice Taft on nearing the end of his visit in Great Britain, has requested the Associated Press to convey to the American people the extent of his generous and cordial reception in England.

Before leaving today for Aberdeen, Scotland, where another degree is to be conferred upon him, he declared that he could not find words to express his appreciation for his reception and "that he could not help but feel that the reception was not given him as an individual but as the representative of millions of Americans overseas."

ANTI-BOOZE ARMADA HAS BOOTLESS QUEST

DETROIT, July 7.—The governor's rum-repelling armada, consisting of seventeen ships with guns mounted for action, spent last night chasing booze smugglers off the shore of Escowee but returned early this morning empty handed.

The information leaked out following the shooting of Albert M. Jaeger, chief of police of Escowee, who was wounded while attempting to arrest an alleged rum smuggler. Jaeger had been on the government expedition.

FOUR WELLS FOR WEEK DRILLED IN CURRY POOL

BRECKENRIDGE, July 7.—Running at the rate of 552 barrels daily, Brown No. 7 of the Fensland Oil company came in Monday in the Curry pool, it is announced. The well is to be shot with sixty quarts. The well has a total depth of 3,214 feet, with the lime penetrated 3,186 feet.

Another well was brought in Wednesday by the Lewis Oil company when Parker No. 3, Brown lease, in the Curry pool came in. The well made 200 barrels natural Wednesday. It is to be shot with eighty quarts. The lime was hit at a depth of 3,169 and the bit carried to total depth of 3,201 feet.

No. 1 Shipley lease was brought in Wednesday by the E. A. Landreth Oil company. The flow is said to be 100 barrels natural. It is to be shot Thursday. The well is in the Curry pool. A total depth of 3,216 feet was made with the lime penetrated twenty-five feet.

Childs No. 9 in the Curry pool came in for 300 barrels flush Wednesday, the lime being hit at 3,183 feet. The hole is 3,223 feet deep and was shot with ninety quarts. The well was drilled by the Silkwood Oil company.

TAKUSH FUNERAL TODAY

The funeral of Dick Takush, 80, an Albanian, who died yesterday morning of tuberculosis, will be held this afternoon at 5 o'clock from the chapel of the Milford Undertaking company. The deceased was formerly proprietor of the Day & Night Cafe on Main street, which was closed sometime ago when he first became ill. He is said to have no relatives or close friends here.

CROWDS ARE GROWING AT BAPTIST REVIVAL

Large crowds are attending the revival services which opened at the First Baptist church Sunday with the Rev. W. H. Wynn, D. D., of Dallas, in charge. Dr. Wynn is preaching scriptural sermons each day at 10 a. m. and 8:15 p. m.

TCHITCHERIN ILL?

GENEVA, July 7.—George Tchitcherin, Russian soviet foreign minister, who headed the soviet delegation at Genoa, is in a hospital suffering from a nervous breakdown, according to a message received here from Austria.

A huge range finder with a metal tube 100 feet long, mounted on a carriage which swings on a circular track like a turntable, has been developed in England, and is said to be the largest in the world. It is three times larger than any used in the world war and will locate an object as far away as twenty-two miles.

The modern high grade express passenger locomotive can run at the rate of 112 miles an hour on a heavy rail and straight track, provided the engine is ballasted by a train behind it, to keep it from jumping the track.

'TICKET' ASSAILED BY EASTLAND ATTORNEY

The following letter has been received by the Times with the request for publication:

Eastland, July 6th, 1922. Oil Belt News:

In yesterday's issue you carried an article dated at Ranger, with flaming headlines, that certain county candidates had been "Endorsed by Ranger Citizens Committee." It is therein stated that "The Citizens Committee" is an organization of Ranger citizens, who conducted a drive against gambling and bootlegging, etc., and that Major H. S. Cole, leader of the movement was elected city commissioner of Ranger, etc. Who is this alleged "Citizens Committee," and where do they hail from?

I understand the same article was published in the Ranger Daily Times the day before. On yesterday several Eastland citizens visited Ranger and tried to learn who this alleged "Citizens Committee" was composed of and who delivered this article to the Ranger Daily Times. Major H. S. Cole denied any knowledge of the matter and the Ranger Daily Times refused to tell from whom they received this article for publication. Pray tell us who they are? Is this alleged "Citizens Committee" ashamed to let their identity be known?

The article would indicate that they belong to the law enforcement element. If so, why do they pick out a compromising list of candidates and endorse them? What has the offices of representative, county clerk, tax assessor, county superintendent, county treasurer, county tax collector

and district clerk got to do with the law enforcement this alleged committee are so anxious about? A lot of these candidates have no opponents. Why did they not just pick out the candidates for offices of county attorney, sheriff, county judges and commissioners, justices of the peace and constable, who really have something to do with the enforcement of the law? Some of their endorsements are all right, but some are not.

For instance, to illustrate, they pick Mr. Tip Ross for county judge of the commissioners' court. Now, according to the newspaper report of his speech at Scranton, he is not in favor of enforcing the law as applied to civil rights of Eastland county, but wants to compromise things, bury the past—just forget it all. But we are not going to forget that no suit has yet been filed for Eastland county to recover on the \$50,000 worth of good road bonds hypotheated by Sam D. Young in a Chicago bank to get a loan of \$35,000 to put in a defunct bank in Eastland, when he knew it was defunct, too. Neither has there been any suit filed against the bondsmen on the indemnity bond made by the Security State Bank & Trust company, when it closed its doors with more than \$500,000 of Eastland county's money there, nor have they ever been made parties to the alleged suit against the commissioner of insurance and banking. What effort is being made to prosecute the suit against the bondsmen for over \$70,000 of Eastland county's school funds that were in this defunct bank? And how about

the suit against the bondsmen of John A. Russell? And there are many other issues of vital interest to Eastland county that a lot of us, who belong to the law enforcement element, will not stand for nor agree for Mr. Tip Ross or Mister Tip anybody else to compromise and bury as past and dead issues.

Yes, we belong to the law enforcement element, but we are not ashamed to sign our names to what we write. Neither do we think it right for an alleged "Citizens Committee," who will not come out in the open and tell us who they are, and then try to tell Eastland, Cisco, Gorman, Rising Star, Carbon and other places, who they shall vote for.

CHAS. G. ROBEY.

Editor's Note—The Times has at no time refused to say where it obtained its information. Some one has misinformed Mr. Robey.

ROBBERS GET TWENTY YEARS. NORMAN, Okla., July 7.—Sentences of twenty years in the state reformatory were pronounced in district court here against Roy Stewart, 19, and Jack Parker, 22, who were convicted of bank robbery following their capture in Oklahoma City within an hour after they had taken \$3,300 from the First National bank of Moore, near here.

LIGHTNING KILLS 212 CHICKENS. PLAINVIEW, July 7.—Recently lightning struck the hen house of Mrs. Tom I. Bonds, residing ten miles east of Plainview, and killed 212 pure bred chickens. Mrs. Bonds had just

housed the little poultry family in trepidation of the oncoming rain when the lightning struck.

Common Sense About Eczema and Eruptions!

Here's Something About S. S. That You'll Be Glad to Hear.

You might just as well know it right now.—The cause of skin eruptions, pimples, blackheads, boils and so on, is right in the blood. There is no getting away from it. Science has proved it. We prove it. You can prove it. When the cause of skin troubles and eruptions in the blood, it isn't com-

Let S. S. Give You An Angello Skin! Common sense to simply treat the skin. A bottle of S. S. will prove to you what is happening in your blood. S. S. is a scientific blood cleanser,—it drives out the impurities which cause eczema, better rash, pimples, boils, blackheads, blotches and other skin eruptions. When these impurities are driven out, you can't stop several very nice things from happening. Your lips turn naturally rosy. Your eyes sparkle, your complexion clears. It becomes beautiful. Your face looks like that of a prosperous, ruddy, well-fed, refined gentleman, or if you are a woman, your complexion becomes the real kind that the whole world so admires. S. S. is also a powerful body-builder, because it builds new and more blood-cells. That's why it fills out sunken cheeks, bony necks, thin limbs, helps regain lost flesh. It costs little to have this happen to you. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

A new piano with two keyboards, one an octave above the other, has been invented by Emanuel Moor of England. The keys on the double board are close enough for the fingers of one hand to play notes on both simultaneously.

COSMOPOLITAN HAREM SOUGHT BY TURK CHIEF

Shy on Taking American Wife; Fears She Will "Wreck Show."

BELGRADE, July 7.—Abdul-al-Hamid, aged 71, with young ideas and his pockets stuffed with Turkish pounds, arrived in Belgrade from Constantinople.

That event in itself would not create any interest if it was not for the fact that Abdul was in Belgrade to look over the Jugo-Slav beauty field, and, if necessary, purchase outright a young and pretty maid as an additional feminine ornament for his harem in Turkey.

Abdul made no bones about the fact that he would like to garner a fair maiden from every country of the world to light his pipe for him at night and put on his slippers, and his first stop was Belgrade on his way to points east.

The harem chieftain, wearing a gorgeously red necktie, topped by a fez and puffing a perfumed cigar, takes his nightly cushioned seat at the Moscow cafe and lumps all the beauties who pass, waiting for a choice morsel before popping the "come hither, child" question. He hasn't found the lucky one yet, he acknowledged.

Says Harem Is His Hobby. "The harem is my hobby, just as it is another man's hobby to study astronomy," he declared one night, gazing through a ring of smoke at a passing mademoiselle. "I'd like to have a wife from every nation grazing my fireside, even though I am old and have gray hairs; but there's a lot of life in me yet."

Abdul is not any too strong for an American entry into his harem. He explains it in this way: "Your American women want either to run the show or bust it up. If they can't run it or bust it up, they begin to reform it. They would probably want to oust me as head of my own harem and put a woman in charge. Can you beat it?"

Abdul said that he reaped the harvest of American slang while in New York four years ago.

Jugo-Slav Ideal Harem Wife. Continuing: "That is why a Jugo-Slav maid of tender years seems to me to be the ideal as a harem wife. They are docile, stay at home when hubby wishes to gallop about the wild lands, and they are excellent cooks of pig meats. They are ideal—maybe a little heavy set, but quiet and lamb-like."

Al Hamid blinked twice as another member of the weaker sex love in sight.

"That's sweetness itself. I must

buy it," he ejaculated, pulling out a pair of gold rimmed eyeglasses. "Pretty, that one. They do grow some of them nice in this country."

A coffee drinker at the next table interrupted the conversation. "Pardon," he said, "that's a French girl."

Abdul put away his eyeglasses, declaring he must hasten to Paris at the end of the month. He acknowledged that he wants to buy wives with Austrian kronen or Russian rubles, so that he will get the benefit of the exchange and collect new members for his harem at bargain prices.

PHYSICIAN DEFENDS TRANSFER OF GLANDS

CHICAGO, July 7.—Why isn't it possible for science to improve the human species by proper grafting of glands? Dr. Roy C. Upham of Brooklyn, N. Y., inquired at the convention of the American Institute of Homeopathy.

"Luther Burbank has shown that plants can be improved by grafting vital tissues from one plant to another," he said, in arguing against any legislative interference with gland transplantation operations.

While opposing legislative action on gland surgery, speakers criticized the widespread use of glandular products as general cure-alls. Dr. Alonzo Waterman of Chicago declared exercise is the only safe and sure cure for fat.

HAMBURG WILL BANISH PORTRAIT OF THE KAISER

HAMBURG, July 7.—It has been decided to remove the painting of William II from the festival chamber of the city hall.

The picture was turned face to the wall recently after an attempt by a number of social democrats to remove it.

LAMB THEATRE TODAY A Big Paramount Special "Just Around the Corner" —and— "Toonerville Skipper's Fling" 10 ADMISSION 25

U. S. Spends Huge Sums to Provide Good Fishing In Lakes and Rivers

WASHINGTON, July 7.—Uncle Sam is put to a pretty penny to keep the disciples of Izaak Walton in good humor. He maintains a large establishment here to look after the welfare and plenty of the lowly Mississippi catfish and elusive brook trout, and when the complaint is made that the fish don't bite, it, at least, cannot be blamed on the government.

In addition to this the experts of the bureau of fisheries have made the salmon industry profitable by propagating them faster than they can be canned. And while a seal cannot properly be called a fish he, too, comes under the sheltering wing of the fishery bureau, which has not only saved the seal fur trade from extinction, but so greatly increased the number as to make it possible for everyone eventually to own a fur-lined coat.

Kept in Jars of Fresh Water. At various places along the Atlantic, Pacific and Gulf coasts the bureau maintains hatcheries. As fish come up the river to spawn they seek shoal, still water. Experts in the habits of fish locate these places and remove the millions of tiny fish eggs to incubators. These consist of long rows of glass jars through which fresh water is being continually run. When the little fish hatch they swim over the rim of the jars into larger tanks, where they are kept until they reach

from the container into the water. Five Rail Cars Used by Bureau.

The bureau maintains five well-equipped railroad cars that are used in looking after the welfare of fish and replenishing rivers and streams. These are attached to passenger trains and go to all parts of the United States. Each car has five attendants and is equipped with tanks for both the propagating and transportation of fish.

When the bureau learns that the fish in a certain stream have been poisoned due to some chemical from manufacturing plants, or have become scarce because of other fish destroying the spawn, one of the cars is dispatched to the scene. Where it is possible the pollution of the water is remedied, a hatchery is set up and within the space of the two months, several million fish have been propagated and released in the streams.

The railway cars are used principally for the larger operations, and just now are engaged in rescue work along the Mississippi lowlands, where hundreds of millions of fish were washed from the river during the flood and are now bound in land-locked lakes.

U. S. Will Send Fish for Asking. Still another force is kept active in stocking private streams and ponds. Almost anyone writing to the bureau of fisheries can secure a shipment of tiny fish suitable for his immediate part of the country and the character of the water.

All such shipments go out under the care of an attendant, who does not return until he has supervised the

transfer of the fish into the future habitat.

During this year the bureau will propagate upwards of five millions of fishes and put them in the rivers and streams of the inland as well as countless billions which are to be put into the tidewater rivers to add to the nation's sea-food supply.

METHODIST PREACHER SERVES AS POLICEMAN

FAIRMONT, W. Va., July 7.—M. J. Pritchard, a Methodist Episcopal minister, temporarily without a charge, has been appointed, at his own request, a member of the Fairmont police force. He is now serving successfully as a traffic officer. His first day's duty resulted in the arrest of seven traffic violators.

NOT TIMES' TICKET.

As the result of the indorsement of a ticket for county officers by the Ranger citizens' committee, published in Tuesday's Times, a political storm has arisen, and various misunderstandings are afloat.

Candidates whose names are not on the list are wrathful, claiming that the selection classes all others as friends of bootleggers and law violators. It is claimed that the selection was a political move on the part of friends of certain candidates. It is said that the citizens' committee members hide their identity, and that the Times refused to say where its information was obtained. Some even say that this is the Times' ticket.

In answer, it may be emphatically stated:

THIS IS NOT THE TIMES' TICKET FOR COUNTY OFFICERS. THE TIMES HAS NO TICKET. Its owners and employees do not expect to vote a straight ticket as endorsed by the citizens' committee. It was published only as a matter of interest.

THE TIMES HAS NEVER REFUSED TO SAY FROM WHOM IT OBTAINED ITS INFORMATION. When the story was published, it supposed all readers would know that the "citizens' committee" was a name bestowed upon the liquor raiders in the recent drive, merely as a convenient title for distinguishing this body from others. The title has been used so consistently that it could not conceive of anyone not understanding who was meant. The appellation was thought sufficient to identify the men back of the ticket.

As a matter of fact, few persons have asked where the information was obtained. They have all been told. If there are any others who desire to know, it is hereby stated: The information was obtained from J. M. White, chairman of the citizens' committee. The Times has had, and now has, no reason to doubt Mr. White's statement that the ticket was selected by himself and his associates.

It did not insist upon an explanation of the selections, or anything of the sort. It took the view that since this body had led in one of the most important steps taken in Ranger in recent months, whatever it did would be of interest to Ranger citizens. Accordingly, the selections were published as a news story—nothing more.

"Liar" and "blackguard" are harsh words. They might start a fight anywhere except in the United States senate.—Birmingham Age Herald.

Next time Illinoisans are disposed to get excited over "Mexican outrages," let them remember Herrin.—Chicago News.

If gasoline prices go higher, as threatened, automobile manufacturers will become nervous.—Knoxville Journal and Tribune.

QUESTIONNAIRE SENT ASPIRANTS FOR COMMISSIONERS' COURT JOBS

To ascertain the attitude of all candidates for county judge and county commissioner on the matter of court action to recover county and school funds from the signers of the indemnity bonds for county and school deposits in the defunct Security State bank, the road work and other issues, eighteen citizens of Eastland have drawn up a set of six questions, which all candidates for those offices are asked to answer. The questionnaire follows:

To all Candidates for County Judge of the Commissioners' Court, and all Candidates for County Commissioner: Gentlemen:

We, the undersigned citizens, taxpayers and voters of Eastland county, for the purpose of getting some of the important issues of the present campaign for the election of county judge of the commissioners' court and county commissioners before the people of Eastland county, and in order for the people to learn how the candidates for these offices stand upon these issues, the following is submitted to you and each of you in the form of a questionnaire. You will please answer each of the following questions "Yes" or "No," without qualification or evasion.

The records of Eastland county show that on the 14th day of April, 1921, the commissioners' court approved an indemnity bond given by the Security State Bank & Trust company, with the following sureties: R. L. Hunt, Joe Burkett, Allen D. Dabney, M. H. Smith, Edwin Hobby, C. T. Barringer, Jr., J. S. Mullen and R. A. Hodges, for the sum of \$750,000, to protect the funds of Eastland county. The records show that when the Security State Bank & Trust company closed its doors more than \$500,000 of the county's money was on deposit in said bank. No suit has yet been filed against these bondsmen, and neither were they made parties to the alleged suit against the Commissioner of Insurance and Banking of Texas. Soon after the failure of this bank, some of these bondsmen filed conveyances in the county clerk's office, deeding their property away for a nominal consideration to their wives.

Question No. 1.—If you are elected, will you be in favor of and vote for the immediate filing of a suit against the above named bondsmen to recover on the county funds?

There was \$50,000 worth of the good road bonds hypothecated by Sam D. Young in a bank in Chicago, for the loan of \$35,000 to the Security State Bank & Trust company when it was in a failing condition. On this transaction Eastland county received credit for approximately \$42,664.58 in this defunct bank. No suit has yet been filed or proper steps taken to protect Eastland county's interest in this matter.

Question No. 2.—If you are elected, will you be in favor of and vote to have this matter investigated by competent counsel and take such steps as are necessary to protect the rights of Eastland county?

John A. Russell on leaving the office of district clerk of Eastland county was short several thousand dollars in his accounts with Eastland county. The present county judge and commissioners' court have failed to have any proper suit prosecuted to recover this shortage against the bondsmen of John A. Russell.

Question No. 3.—If you are elected, will you be in favor of and vote for the immediate prosecution of the suit against the bondsmen of John A. Russell to recover this shortage?

Question No. 4.—If you are elected, will you be in favor of and vote for the immediate prosecution of suits to recover against the bondsmen for approximately \$70,000 of the Eastland county school funds on deposit in the defunct Security State Bank & Trust company when its doors were closed?

Question No. 5.—If you are elected, will you be in favor of and vote to discharge the present employes of the highway department and employ a new set of engineers?

The suit filed and tried last fall on the contract between the commissioners' court and the road building company is now on appeal. This contract was let at a time when common labor was \$5 per day and materials much higher, but the contractors are now paying only \$2.25 per day for common labor.

Question No. 6.—In the event the higher courts should decide that this contract is illegal and void, then would you be in favor of and vote to settle with the contractors on the basis of this illegal and void contract?

We consider these issues of importance, as they involve the rights of Eastland county. The people of this county have a right to know the position of all candidates for county judge and county commissioner on these issues. It will be necessary for the county judge and commissioners' court to be and act in harmony in order to carry out the policies suggested by the above questions.

YEAST NO 'FAD' SAY SCIENTISTS

The greatest scientific minds agree that yeast is one of the most important medical discoveries. No method of banishing skin eruptions or building health has yet been found which can equal it. This is because yeast contains certain vital elements which are lacking in the modern diet. Already millions of people have secured amazing benefits from yeast. Recently, however, a new process has been discovered, called "ironized," through which people are securing benefits from yeast in just half the usual time. This process, embodied only in Ironized Yeast, helps to immediately convert the vital yeast elements into firm tissue and rich pure blood. If weak, thin or run-down—or if troubled with pimples, blackheads or boils, it will pay you to try Ironized Yeast at once. To try Ironized Yeast entirely free simply mail postcard for Famous 3-Day FREE Test. Address Ironized Yeast Co., Dept. 87, Atlanta, Ga. Ironized Yeast is recommended and guaranteed by all good druggists such as the Oil City Pharmacy.—Advertisement.

Question No. 1.—If you are elected, will you be in favor of and vote for the immediate filing of a suit against the above named bondsmen to recover on the county funds?

Question No. 2.—If you are elected, will you be in favor of and vote to have this matter investigated by competent counsel and take such steps as are necessary to protect the rights of Eastland county?

Question No. 3.—If you are elected, will you be in favor of and vote for the immediate prosecution of the suit against the bondsmen of John A. Russell to recover this shortage?

Question No. 4.—If you are elected, will you be in favor of and vote for the immediate prosecution of suits to recover against the bondsmen for approximately \$70,000 of the Eastland county school funds on deposit in the defunct Security State Bank & Trust company when its doors were closed?

Question No. 5.—If you are elected, will you be in favor of and vote to discharge the present employes of the highway department and employ a new set of engineers?

The suit filed and tried last fall on the contract between the commissioners' court and the road building company is now on appeal. This contract was let at a time when common labor was \$5 per day and materials much higher, but the contractors are now paying only \$2.25 per day for common labor.

Question No. 6.—In the event the higher courts should decide that this contract is illegal and void, then would you be in favor of and vote to settle with the contractors on the basis of this illegal and void contract?

We consider these issues of importance, as they involve the rights of Eastland county. The people of this county have a right to know the position of all candidates for county judge and county commissioner on these issues. It will be necessary for the county judge and commissioners' court to be and act in harmony in order to carry out the policies suggested by the above questions.

SPORTS

BRONCS COP FIRST GAME ON NITRO ERRORS

SAN ANGELO, July 7.—After Nitro errors had largely aided in giving the Broncs a five-run lead yesterday, the oil town crew pulled itself together and played brilliant ball, with spectacular stops by Flagg as the keynote of a defense that held the Broncs scoreless during the latter part of the fray.

Cocks kept their offensive efforts well scattered, however, the Nitros grouping their knocks in but two rounds, and so they lost, 6 to 2.

The first Nitro run was made in the fourth, when Pyle smacked out a terrific drive on which he made three bases and was driven in by Conley. The second came in the ninth, when Jimmy Flagg on the paths, Clayton connected for two bases. He was left stranded, when Ammons failed to deliver a pinch hit.

Time of game, 1:36. Umpire, Jones.

X-RAY SHOWS FRACTURE IN ROCKY KANSAS' ARM

CHICAGO, July 7.—X-ray pictures of Rocky Kansas' left arm Thursday showed an oblique fracture of the small bone and it probably will be two months before he can return to the ring, according to Dr. C. W. K. Briggs of Chicago, who attended the Buffalo lightweight after his injury in his contest with Benny Leonard at Michigan City, Ind., July 4.

"It is a clean break about four inches above the wrist," Dr. Briggs said. "Kansas is fortunate that he is big-boned and the big bone of his arm gives such support to the fractured one that it will mend perfectly and be as strong as ever."

Kansas is on his way home, heartbroken. Ten days before the contest he buried his father and the day before the match received word that his mother was dangerously ill. This latest shock, according to his handlers, broke his fighting spirit.

THURBER BEATS OLDEN IN HOLIDAY GAMES

THURBER, July 7.—Thurber by beating Olden in a double-header here on the fourth, established a record of seventeen games won out of twenty played this season. The first game was a hard fought 2 to 1 affair in which Hawkins held Olden to two hits and was practically won by Paulowsky's two homers. Thurber won the second by pounding Singleton from the box in the first two innings.

First game—R. H. E. Olden 100 000 000—1 2 2 Thurber 000 300 10x—4 5 1 Matthews and Curry; Hawkins and Tankersley. Second game—R. H. E. Olden 001 000 3—4 6 7 Thurber 250 011 x—9 9 4 Singleton, Groves and Rosenburger; Scott and Tankersley.

WORK BEGUN ON FRENCH MONUMENT TO U. S. HEROES

PARIS, July 7.—Work on a "monument to the American volunteers," a testimonial of French gratitude to the Americans who enlisted in the French army before America entered the war, was begun yesterday by Jean Boucher, the sculptor. The monument will stand in the square of the Place des Etats Unis.

The cost of the monument will be borne exclusively by the French. School children's and soldiers' sons form the greatest part of the 500,000 francs that have been raised.

WEST TEXAS GAMES

EAGLES TAKE THRILLER.

ABILENE, July 7.—The Eagles copped a hectic affair from Stamford yesterday, 6 to 5, scoring the winning run in the final inning. The score was knotted four times during the melee, home runs counting largely in the final innings. Baker's homer knotted the count in the eighth and the Colonels took the lead in the same inning, only to have Sain reknotted the score with a circuit clout. John King won the game with a single in the ninth, delivered after a walk, sacrifice and wild pitch had put Whitehead on third.

Score by innings—R. H. E. Stamford 020 000 120—5 5 2 Abilene 100 110 211—6 8 2 Knadler and Schmidt; Keisler and Burch.

CLOVIS WINS SLUGGEST.

CLOVIS, July 7.—Scoring eight runs in the second inning, Clovis beat Lubbock yesterday, 12 to 8. Seven homers were clouted during the fray, with Dean getting two of them in the big onslaught on Pennington. Langford also got two of the homers, the others going to Holloway, Swenson and McIver.

Score by innings—R. H. E. Lubbock 005 001 110—8 10 4 Clovis 180 100 02x—12 12 4 Pennington, Briseoe, Cantrell and Swenson; Mickey and Erwin.

SWATTERS BADLY MAULED.

AMARILLO, July 7.—The Gassers celebrated their homecoming yesterday by pounding Swatter pitchers at all corners of the lot, while errors added to the massacre. Morton held the Swatters to four hits. The game was called in the seventh on account of darkness.

Score by innings—R. H. E. Sweetwater 010 10 0—2 4 5 Amarillo 160 302 x—12 10 2 Brooks, Word, Gressett and Pipkin; Lory, Nations; Morton and Byers.

YESTERDAY'S HOMER BABE'S FIRST WITH BASES FULL

NEW YORK, July 7.—Babe Ruth's home run in the third inning of the first game of Thursday's Yank-Indian double-header was the first he has hit since he joined the New York team that has scored four runs. It was his fourteenth of the 1922 season.

Babe has been at the plate several times with three on, but heretofore has always failed to produce a four-ply swat. In justice to the Bambino, however, it should be stated that pitchers have more than once deliberately forced in a run by walking him, rather than take the chance of his cleaning the bags with a homer.

Master of Science in Engineering is the newest of degrees at Yale university.

PRITCHARD ASKS TO KNOW WHY COMMITTEE ENDORSED OPPONENT

Pointing to his record as a citizen and as a county official and contrasting his policies with those of T. S. Ross, County Treasurer E. S. Pritchard today asks the Citizens' committee of Ranger in an open letter, why Mr. Ross should be endorsed above him on a law enforcement ticket. Mr. Pritchard's letter follows:

"To the Voters of Eastland County: "In the columns of the Ranger Daily Times, I notice the Citizens' committee has endorsed T. S. (Tip) Ross and asked the people of Eastland county to vote for him for county judge of the commissioners' court. Policies Not Challenged.

"I announced for that office some six months ago. With that announcement I published a platform of high principles which are of interest to the voters of Eastland county. Mr. Ross has never challenged me on any of my policies and refuses to state his position with reference to them.

"I am a life-time citizen of Eastland county, and there is no record on the criminal docket against me. My record as a private citizen is above reproach. I have been a peaceable and law-abiding citizen of this county. My family record is an open book to the people of Eastland county for the past thirty-two years.

Has Protected Funds.

"As a public official, I have been a very faithful servant of the people of this county. I have protected the county's rights, over criticism. A few months ago, when the county needed a friend, it had a friend in the county treasurer's office. The commissioners' court attempted to issue \$80,000 worth of interest-bearing road warrants against the taxable property of this county, without the consent and vote of the people. They also passed an order ordering an extra tax levied against all property, for these road warrants. These warrants were scattered over a period of four years. I was the man who stood for the county and refused to register these warrants. The commissioners' court also ordered the county treasurer to pay highway vouchers out of any fund available. This order would include the sinking funds which belong to the coming generation. In this connection, I protected the rights of the county. While I admit I have made mistakes, yet I have gone through the greatest crisis Eastland county has ever witnessed. I have stood alone at my post and have been one of Eastland county's best friends.

Says Ross Was Silent.

"While I was doing all of this, taking criticism at the hands of the commissioners' court and standing with my shoulder to the wheel, Mr. Ross was as silent as the tomb, and he is still silent. His neighbors have

ABILENE-CROSS PLAINS RAILROAD IS PLANNED

CROSS PLAINS, July 7.—At a meeting of representative citizens of Abilene, Rising Star, Pioneer, Brownwood and Cross Plains, held here Thursday afternoon, further plans were formulated for the extension of the railroad from Cross Plains to Abilene, thus connecting the Cross Plains and Pioneer oil fields with the Texas & Pacific at Abilene.

ected permanent chairman of the joint committee from the towns interested. Tom Anderson of Cross Plains was elected chairman of the Cross Plains committee and A. S. Whitten of Pioneer, Kootz of Rising Star, were elected to like positions from their respective delegations. Work of raising funds will begin immediately, and it is believed actual construction work may be begun within the next few weeks.

Synthetic leather and rubber are made from yeast, glycerine, tar and water.

BELFAST FIREMEN ARE GUARDED AT FIRES

Guards Belfast Firemen

Fires of an incendiary nature have broken out in various sections of Belfast, Ireland, necessitating the arming of firemen to patrol the streets. Here is one on guard at one of the fire hydrants, so that no attempts may be made to cut the hose.

Marked difference in physical and chemical properties often show in soil taken only 100 yards apart.

SOCIETY AND WOMEN'S ACTIVITIES

Conducted by
MRS. R. B. CAMPBELL
SATURDAY.
Mrs. John Davenport's Sunday school class will have a bake sale at the Texas Drug company's store.

THURSDAY BRIDGE CLUB.
Mrs. Howard Gholson entertained the Thursday Bridge club yesterday afternoon at her home in the Gholson addition. The high score favor, a waste paper basket went to Mrs. J. E. T. Peters, while the low score favor, a pair of hand-painted candles, went to Mrs. O. L. Phillips.

The hostess served an ice course with cake, to the following club members: Mrs. J. T. Gullaborn, C. O. Terrell, C. C. Craig, D. M. Steele, O. L. Phillips, J. E. T. Peters, Charles Conley, B. S. Dudley, L. A. Vandervoort, M. K. Collier, M. H. Hagaman.

PASTIME CLUB MEETS.
Mr. and Mrs. R. B. Waggoner entertained the Pastime club last night at their home on Young street. The house decorations were cut flowers, effective in their simplicity. Bridge was the pastime for the evening and favors went to Mrs. E. E. Crawford, who received the ladies' high score favor, a box containing a unique set

of four card table pencils, tipped with square blocks, which were embossed with the card symbols, and card table numbers; to Mrs. C. C. Craig, who received the low score favor, a box of letter sealing wax; to Lytton R. Taylor, who received the gentlemen's high score favor, a necktie, and to W. H. Fouke, who received the gentlemen's low score favor, an ash tray.

After the game a salad course, sandwiches, olives and iced tea were served to the following club members: Messrs. and Mrs. Lytton R. Taylor, W. H. Fouke, E. E. Crawford, Roy Jameson, C. C. Craig, Gus Coleman, J. C. Puleen, Mr. Earl Taylor.

PURELY PERSONAL.
Miss Marion Stubblebine has returned from a several weeks visit to friends in Dallas. She was accompanied home by Miss Peggy Tucker, formerly of Ranger, but now of Dallas, who will be her guest for several days.

Mr. and Mrs. Vol Davenport of Weatherford are guests of their son, W. P. Davenport. The many friends of Mr. and Mrs. Davenport will be glad to learn that they expect to move back to Ranger in the next few weeks.

Mrs. A. J. Power and her daughter and son, Miss Theresa and Truman Power, Mrs. Lizzie Bennett and Ben Riddle, all of Fort Worth, are visiting at the home of their sister, Mrs. V. V. Cooper.

HOW ABSENTEES MAY CAST VOTE IN JULY PRIMARY

Absentee voters and those expecting to be absent on election day will have the privilege of either filing their ballot before leaving with County Clerk Earl Bender or voting by mail provided the following instructions furnished by the county clerk are carried out:

A voter who is to be absent from the county on the day of the election to file his ballot with County Clerk Earl Bender, Eastland, Texas, before leaving the county, the filing to be made not more than ten days nor less than three days prior to the date of the primary election, on July 22.

An absentee voter wherever he may be, may go before a notary public or some other officer qualified to take oaths and make affidavit that he is an absentee voter, this affidavit to be sent by the notary to the county clerk's office at Eastland, Texas. A printed ballot will then be sent to the notary and after it is prepared by the voters, the notary will place it in an envelope, seal it and mark it "official ballot" and forward direct to the county clerk's office. This envelope will then be placed in another wrap-

per and sent direct to the chairman of election in the precinct where the voter resides.

The voter, under the law must file his affidavit with the notary not more than twenty days nor less than ten days prior to July 22. These instructions, if they are complied with, will entitle every absentee voter to cast his ballot in the July primary.

Any further information regarding absentee voting may be had by communicating with the county clerk.

DOUBLE TRAGEDY GIVES SMALL TOWN CHANCE TO GOSSIP

SMITH CENTER, Kan., July 7.—Tourists camping in the city park at Kensington, near here, yesterday found the dead bodies of a man and woman shot to death, in the park. The bodies were identified as the divorced wife of Warren Wood of Kensington and W. J. Allen of Denver, Col. Mrs. Wood had been shot four times in the back and Allen had two bullet wounds in his left breast.

A note found with a bank book in one of Allen's pockets stated that he and Mrs. Wood had been living together in Denver three months, that he had furnished her money with which to obtain her divorce from Wood, but that when she left him to visit her parents, Mr. and Mrs. Pat-

rick Smith of Kensington, he became suspicious as to her fidelity to him and determined to follow her. The note also told of his plan to kill both Mrs. Wood and himself when he found her.

Allen's body was found lying face down across Mrs. Wood's body.

OILBELT MOTOR COMPANY

When It Is Sweltering Hot

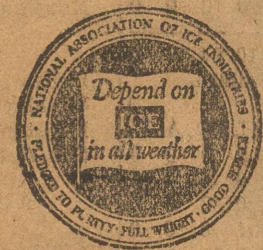

When there is not a breath of air stirring and you are nearly dead with heat, think of the comfort of going to your refrigerator and finding the milk, butter and meat cold and fresh.

What's the use of struggling along with stale milk, melted butter and spoiled meat during the heat of summer?

What's the use of having a refrigerator and not keeping it cold all the time? The little ice you have melts fast and does little or no good; it can not keep up with the heat outside and the food inside.

If you do not have an ice box, it would pay you well to get one; and if you already have one, keep it well iced; that saves both ice and food.
