

THE WEATHER.
West Texas—Tonight and Saturday, partly cloudy weather.

VOL. VI.

CIVIL WAR ALARMS AMERICANS IN CHINA

MUSICIANS OF ODD FELLOWS' HOME DELIGHT

Glee Club and Orchestra, on Way to Gorman, Give Program in Ranger.

Twenty-two girls, between the ages of 14 and 15 years of age, from the I. O. O. F. home in Corsicana, comprising the glee club and orchestra of the home, gave a delightful program yesterday afternoon at the Central Baptist church, Ranger, under the direction of Miss Anna Barker, music, and W. O. Barlow, orchestra.

The program was varied and showed a wide range of talent and a thorough knowledge of the technicalities of music. A very large audience composed of the Odd Fellows and Rebekahs of Ranger, heard a splendid program. The entire seating capacity of the church was used.

The girls were accompanied by a number of Corsicana people. The entire party left yesterday after the program for Gorman, where they will attend the district convention of the I. O. O. F. and Rebekahs at Gorman, returning to Corsicana Saturday.

A large number of Ranger people joined the party to attend the convention which will be held at Gorman today.

The program was as follows:

Address by J. W. Hampton, superintendent of the home.

Overture, by the orchestra.

Song, "Bells of the Sea," entire glee club.

"Betty at the baseball game," reading.

Whistling solo, mocking bird.

Music by orchestra.

Girls quartette.

The orchestra and glee club included the following:

Miss Anna Barker, director, W. O. Barlow, orchestra director, Ella Cooke, Grace Lewis, Gladys Hitt, Mary Will Carter, Charlie Esther McCarty, May Gohlguth, Edna Wilkins, Jewell Dannel, Winnie Eddleman, Nell Dean, Julia Hall, Mary Lewis, Pauline Cooke, Romie Sommerville, Linnie Frederick, Bessie Dean, Leo Hodges, Bertha Roberts, Geneva Linville, Ruby Mae Poch, Georgia Davidson, Elsie Dannel.

Rising Star Man Killed By Contact With a Live Wire

Manager Roy Hill of the West Texas Utilities corporation at Rising Star was instantly killed in that city, Thursday morning, when his body came in contact with a live wire. Mr. Hill was working on top of a 20-foot pole when he accidentally got against the live wire. Although he was strapped to the pole by a belt, his body fell to the ground.

Hill was a young man and recently went from DeLeon to Rising Star.

TOOTHACHE AS ALIBI FOR SPEEDING DOES NOT COUNT

PORT ARTHUR.—Pinched for speeding, a Port Arthur man pleaded toothache as an alibi, unsuccessfully. Judge Shivers, before whom the case was tried, listened sympathetically.

"I've had the toothache myself," the judge admitted, "I know how it hurts but the law is the law. Dollar and costs."

TOM G. BRADLEY, ONE-TIME MAYOR OF BONHAM, DIES

FORT WORTH, Aug. 29.—A stroke of paralysis a few hours previous was responsible for the death of Tom G. Bradley, 56 years old, prominent in legal circles, in this city Thursday.

Mr. Bradley came to Texas from Arkansas, his native state, in 1885, and from then until he was admitted to the bar at Bonham in 1898, during which time he studied law, he was employed by a railroad. He served as mayor of Bonham at one time, from which position he resigned to qualify as judge of Fannin county. He served in this capacity for two terms. He moved to Fort Worth after the two terms on the bench and here engaged in the practice of law.

CHURCH OF CHRIST REVIVAL SERVICES AWAKE NINTEREST

The meeting at the Ranger Church of Christ continues to grow in interest. Last night, despite the inclement weather, an audience of about 70 heard Elder Homer Davis' address to members. Night before last there was about 300 in attendance. Up to date, three new members have been added to the church. The leaders are very enthusiastic, not only over the prospects of a great meeting but they are confident that the members will continue to manifest a deep interest after the meeting is closed. It is probably that a personal drive for new members will be begun after the meeting.

LABOR DAY PROCLAMATION

Mayor Hodges of Ranger Calls on People to Join in Observance of Holiday Designed to Emphasize the Dignity And Strength of Honest Work.

The United States has one annual legal holiday made so by act of congress in honor of labor, the first Monday in each September having been designated for observance to dignify that elemental factor in human life upon which the independence and strength of this government was founded.

Therefore, to carry out the will of congress and to emphasize this city's respect and honor for labor, I, Robert H. Hodges, mayor of the city of Ranger, do declare Monday, Sept. 1, 1924, a holiday

in the city of Ranger, and do ask all the business interests and professional interests and all other interests, so far as they may be able to co-operate, to observe the day as a holiday and to do so out of respect to the dignity of labor.

This proclamation is issued with the approval of the members of the honorable commission of the city of Ranger and is directed to the attention of all the citizens.

(Signed) R. H. HODGES, Mayor of Ranger, Ranger, Texas, Aug. 27, 1924.

Lions' Street Signs Given To Eastland Ready For Placing

It was announced at the Eastland Boosters' meeting last night that the metal signs ordered some time ago by the Eastland Lions' club for the streets of Eastland, have arrived and will be put up at once. These markers are of regulation size and enamelled on metal. They will be placed at uniform height on steel pipe poles.

The Eastland Lions' club purchased the signs and donated them to the city while the States Oil corporation is donating the pipe on which to place them. The Mustang Tool works are donating the work of cutting the pipe to proper lengths and the city will put the signs upon the streets.

Airmen Wait For Passing Of Gale Before Hopping Off

ABOARD U. S. S. RICHMOND, Aug. 29.—New engines in the giant planes working to perfection, the two American round-the-world aviators now are awaiting favorable weather before hopping from Ivagut, Greenland, to Indian Harbor. It is probable the airmen will span the passage to the North American continent tomorrow. They are awaiting the passing gale that came up along the coast and which, going from Labrador, is expected to strike Greenland today. As soon as the winds have subsided the airmen will go forward.

REICHSTAG OF GERMANY AGREE TO LONDON PACT

BERLIN, Aug. 29.—The pact of London was ratified today by the reichstag. After a long and bitter debate the government mustered a total of 314 votes, more than the necessary two-thirds majority for the important railroad pacts in the Davos agreement, and therefore the entire agreement was accepted.

The banking plank in the agreement had been previously passed and formal application of the new reparations program now awaits only the formal signature, which will be affixed by interested powers in London tomorrow.

When the roll call had proceeded to the point where the 300 mark was passed, showing that the two-thirds vote was assured, pandemonium broke out and announcement of the vote, 314 to 127, was scarcely audible above the din.

League Of Nations Has Question Of Much Importance

GENEVA, Aug. 29.—The council of the League of Nations met here today for its session to smooth the way for important questions to come before the fifth annual assembly of the league which itself convenes later today. The delegates have a problem before them of settling a difference between Great Britain and Turkey over the Mosul oil lands.

Most important on the program is the question of the league assuming military control of Germany, Austria and Bulgaria.

Of almost equal interest and equal importance will be the observations of all the leading countries of the world which have been sent to the secretariat relative to mutual guarantees as a basis for disarmament. These replies have been tabulated and will come before the council.

President Gives Helpful Advice To Fraternal Congress

WASHINGTON, Aug. 29.—President Coolidge today summoned the country to practice the simple virtues of industry, thrift and loyalty, common sense and the Golden Rule before turning to political quackery and panaceas for social and economic evils.

In a speech to the members of the fraternal congress meeting here in which he made no reference to the Ku Klux Klan direct or indirect, as it was thought he might, the president stressed the need of bringing the citizens of the country to a realization of the "powers within us."

"There can be no substitute," he said, "They do not rely upon any act of congress or official sanction of the government. They are now and always within reach of all of us."

LAFOLLETTE DENIES HIMSELF FROM THE NEWSPAPER MEN

WASHINGTON, Aug. 29.—Senator Robert M. LaFollette, independent candidate for president, is devoting himself to his campaign messages and addresses, the first of which is to be delivered Labor day. He is denying himself to all but the most imperative callers. Newspaper men, welcomed by other candidates daily, have not been admitted to see LaFollette for weeks.

Monday he will broadcast his first speech from Washington and it will be sent over the east and middle west.

Love Bolts From the Party Group That Backs Mrs. Ferguson

HUSBAND SAYS HE SOUGHT TO DEFEND SELF

Wife Is Dead and He Is In Jail; Former Wife and a Little Son Involved.

Special.
FORT WORTH, Aug. 29.—Jess J. Peacock, 49, is held without bail in the Tarrant county jail today on a charge of killing Mrs. Susie Peacock, 22, his second wife, Thursday morning at the home of Mrs. T. W. Fields, 1109 College avenue, a sister of his first wife, Mrs. E. M. Peacock, with whom the latter was living and also caring for the 23-month-old son of Peacock and his second wife.

Peacock told officers he had returned recently from Florida and had called on his second wife by appointment at the home of his first wife to talk over with her a trip she proposed making to California and the custody of their son. He was in an upstairs room with his wife when several pistol shots were heard.

When police reached the scene a few minutes later, Peacock was standing with his right arm dangling, due to a pistol ball wound, while his wife was lying on the floor dead.

Peacock told officers he had entered the room with a pistol in her hand and he grappled with her, but not, however, before she had inflicted a bullet wound in his arm. The other shots were discharged in the scuffle, he said, the last one striking his wife.

"I wouldn't shoot a woman, and I didn't shoot her. But I tried to keep her from shooting me," Peacock declared at the district attorney's office.

Quarrel Over Child.
The baby son was declared by Peacock to have been the indirect cause of the trouble. Peacock's first and second wife had been planning to go to California together, he said, and to take the child with them. The second wife had previously agreed to let him keep the child, Peacock said, and he objected to their proposal to take his son away.

SANFORD PRESLAR OF RANGER DIES SUDDENLY FROM NATURAL CAUSES

Sanford Preslar, 55, of Ranger, an employee of the Magnolia Petroleum company, died suddenly yesterday afternoon while at work. His death was due to natural causes, although Dr. J. A. Shackelford found him dead on his arrival and said it was difficult to determine the cause. Fellow employees of the decedent said that he had been bathing his head in ice water throughout the day on account of the heat and had finally started for his home in the shade of a tree and lay down when found was dead.

Funeral services will be held at Coleman, Texas, Sunday afternoon. The body will be taken from here by Jones-Cox, funeral directors, this afternoon. Decedent is survived by wife, Mrs. S. S. Preslar, three daughters in Ranger, and a married daughter in Dallas, two sons in Ranger, a brother at Coleman and a brother and sister in Reagan, Tenn.

WORLD-FAMOUS SWINDLER IS ARRESTED IN PERU

LIMA, Peru, Aug. 29.—Police here have arrested Phillips Gantz, notorious European forger and swindler for whom search has been conducted all over the world for five years. He is said to be the head of the greatest gang of international crooks ever assembled and his operations have extended over many countries.

Resigns as National Committeeman From Texas Because of Opposition to Democratic Nominee for Governor. Would Rally to Aid of Able and Honest Independent Democrat.

DALLAS, Aug. 29.—Because he was unable to support Mrs. Miriam A. Ferguson of Temple, democratic nominee for governor in the coming election, Thomas B. Love of Dallas, democratic national committeeman for the last five years, has sent in his resignation to Clem Shaver, chairman of the democratic national committee.

In a statement issued here last night Love charged that Mrs. Ferguson is not legally entitled to be elected governor and that he would support some "able, honest and incorruptible Texan running as an independent democrat in the November election."

Love was elected national committeeman for Texas for the four-year term at the recent democratic convention in Waco. He has served Texas as a member of the legislature and speaker of the house of representatives, was commissioner of banking and insurance and has been a leader in the democratic party more than a score of years.

Text of Statement.
Mr. Love's statement in full follows:

I do not intend to support the Ferguson candidacy for governor in the November election. As a matter of law, I do not believe the conservative nominee is eligible under our constitution, but, regardless of that, I can not escape the conviction that it is the duty of every good citizen, regardless of all considerations of party regularity and of all other considerations, to leave nothing undone that legitimately may be done to prevent the restoration of Fergusonism to power in the state capitol at Austin.

For 35 years I have served the democratic party and so far as receiving or seeking political gain is concerned I have served it unselfishly. While I have never sought an office that I did not get, I have never held one that did not involve distinct financial sacrifices. In all that time I have never placed a pencil mark upon a democratic ballot and I have never hesitated to make any sacrifice within my power to promote party success. I have always put country above party. I have cherished the democratic party solely because I regarded it as a blessed, God-given instrumentality through which the good citizens might serve the country. But if I placed party welfare above the public good, even from that viewpoint, I would not hesitate for a moment to follow the course I have determined upon in this campaign, for I am sure that Texas democrats can render no more effective party service than by fighting Fergusonism to the death, even as our national standard bearer is fighting Fallism to the death.

For National Success.
I earnestly and wholeheartedly desire the success in the national campaign of Davis and Bryan. I am glad that there is no doubt of their carrying Texas in November by an overwhelming majority. They are real democrats, fearless, clean-minded champions of honesty in public office, of prohibition and woman suffrage, of progressive democracy—of all those things which Fergusonism, while in power, opposed. As a Texas democrat, I am proud that the Texas delegation helped to nominate them in the New York convention. I shall also earnestly and heartily support each and every candidate upon the democratic state congressional and local tickets, except the candidate for governor.

For governor, I earnestly hope to be able to support some able, honest and incorruptible Texan running as an independent democrat whose character and known capacities and disposition for public service will attract the support of each citizen of Texas, who is opposed to all that Fergusonism stands for, regardless of party or creed, and whose opposition to the Ku Klux Klan is wholly beyond question, so that issue will no longer complicate the situation. However, regardless of party alignments, present or past, I shall not hesitate to support any candidate on any ticket, or if his name has to be written on the ticket, who is worthy and qualified, whose candidacy in my best judgment offers the best assurance of keeping the banner of Fergusonism off the battlements of the state capitol at Austin.

Opposed to Klan.
We have it from the leading newspapers of the nation, including the Dallas News, that the Ku Klux Klan is dead as a result of last Saturday's primaries, and personally I can have no doubt that the people of Texas will never again witness a candidacy for any state office proposed and

BATTLE LINE OF CHINESE IS NEAR SHANGHAI

Foreign Residents of China Mobilize for Their Mutual Protection.

WASHINGTON, Aug. 29.—The president with his cabinet today was considering the growing gravity of the Chinese civil situation. Secretary of State Hughes is understood to have presented reports from American Charge de Affair Bell that war is threatening near the Shanghai-Manking region of China, where there are many Americans.

American business interests are also suffering with the tie-up of the Shanghai-Pekin railroad.

There are 3,000 Americans in Shanghai, including many women and children, but are all reported safe at this time.

Americans have mobilized with other nationalities to defend themselves in the threatened area.

Civil War Leaders Hover On Edge Of Important Seaport

SHANGHAI, Aug. 29.—Threats of civil war between Chinese leaders grew to serious proportions today. Travelers arriving from Quinsan, where the troops are separated only by a narrow line along the railroad, said that hostilities could not much longer be postponed.

It was indicated the battle line would be within 30 miles of Shanghai and the leaders will make every effort to gain control of the city.

It is not believed, however, that Shanghai is in danger, for a number of British and Japanese and French warships are in the harbor.

Democrats Gaining Strength Steadily In New York State

NEW YORK, Aug. 29.—"The Commoner," the all-powerful democratic organization of New York, today threw its entire support to John W. Davis, democratic candidate for president. Democratic leaders in New York now believe that Davis will carry the state with its 45 votes in the electoral college.

Because of the bitterness engendered in the democratic convention, thousands of New York loyal democrats have been halting, despite announcement of Governor Al Smith that he would take off his coat and work for the nominee of the party, but the grumbling heard on every hand among the New York democrats suddenly ceased when Davis denounced the clan in his Seggitt speech.

Not Bound by Pledge.
No man or woman is bound to support any party nominee whose election he believes would endanger the public welfare. The precedents supporting this proposition are too numerous to leave room for doubt as to its soundness. It is only necessary to mention the fact that thousands of those who supported the Ferguson candidacy in last Saturday's primaries, including many of the leaders for Ferguson in the fight, in 1922 refused to support the democratic nominee for United States senator chosen by the primaries in New York. Had Ferguson himself because they believed that his election would endanger the public welfare. I thought then and think now that in their premises they were wrong, but I never found fault with them or criticized them for voting against a candidate whose election they believed would be dangerous to the public welfare without regard to considerations.

LAWLESSNESS ALLEGED IN BIG LAKE OIL FIELD

AUSTIN, Aug. 29.—Request that a special ranger be a delegate to assist in keeping order and holding down lawlessness, alleged to be on the increase in the Big Lake oil field in Reagan county, was made by a delegation of citizens from that county to Adjutant-General T. D. Barton. General Barton said that no definite action would be taken upon the request pending an investigation of conditions in the oil fields.

Barton also advised the delegation that he would send a ranger inspector from Fort McKavett, Menard county, to look over the situation.

TWO KILLED, THREE HURT, IN GRADE CROSSING CRASH

TOPEKA, Kan., Aug. 29.—Dorothy Smith of Whiting and August Phillips of Wathena were killed and three other occupants of their automobile were injured when their car was struck by a Rock Island train near Holton last night.

Madeline Smith of Whiting, Gertrude Burns of Muscota and John Krugle of Wathena were injured. The party were returning from a county fair when the accident occurred.

AMERICAN WOMAN REPORTED MURDERED IN MEXICO

MEXICO CITY, Aug. 29.—An unnamed American woman has been murdered by bandits in the state of Jalisco, according to press reports today. The head was severed and the body left hanging in a tree.

A message from Guadalajara said the woman was a member of a party of tourists attacked while near the town of San Marcos. The United States embassy has no information about the reputed murder.

'Praise God,' Says Jim After Hearing Love's 'Swan Song'

TEMPLE, Aug. 29.—"Praise God from whom all blessings flow. There is hope for the democrats of Texas."

This was the reply of James E. Ferguson today to the attack of Thomas B. Love against the candidacy of Mrs. Ferguson, and his withdrawal as Texas national committeeman.

Ferguson said that Love's attack against the candidacy of his wife was due wholly to personal antipathy to him and declared that Mrs. Ferguson's nomination was entirely proper in every way.

sponsored by the Ku Klux Klan. Many thousands Texans, among them many of the best personal and political friends I have, have sincerely believed that this Klan menace was more dangerous even than Fergusonism. While I have outspokenly opposed the Klan from the beginning, my own belief has been that Ferguson was 10 times a greater menace than ku kluxism. Whoever may have been right, happily the danger of ku klux domination of the state government, if it ever existed, is now gone. It remains for all good citizens, forgetting the past, to unite in destroying Fergusonism.

In this cause the good citizen who voted for Ferguson to destroy ku kluxism in last Saturday's primaries can join hands and fight shoulder to shoulder to save the good name of Texas, with the good citizen who voted for Robertson to destroy Fergusonism.

No man or woman is bound to support any party nominee whose election he believes would endanger the public welfare. The precedents supporting this proposition are too numerous to leave room for doubt as to its soundness. It is only necessary to mention the fact that thousands of those who supported the Ferguson candidacy in last Saturday's primaries, including many of the leaders for Ferguson in the fight, in 1922 refused to support the democratic nominee for United States senator chosen by the primaries in New York. Had Ferguson himself because they believed that his election would endanger the public welfare. I thought then and think now that in their premises they were wrong, but I never found fault with them or criticized them for voting against a candidate whose election they believed would be dangerous to the public welfare without regard to considerations.

For National Success.
I earnestly and wholeheartedly desire the success in the national campaign of Davis and Bryan. I am glad that there is no doubt of their carrying Texas in November by an overwhelming majority. They are real democrats, fearless, clean-minded champions of honesty in public office, of prohibition and woman suffrage, of progressive democracy—of all those things which Fergusonism, while in power, opposed. As a Texas democrat, I am proud that the Texas delegation helped to nominate them in the New York convention. However, regardless of party alignments, present or past, I shall not hesitate to support any candidate on any ticket, or if his name has to be written on the ticket, who is worthy and qualified, whose candidacy in my best judgment offers the best assurance of keeping the banner of Fergusonism off the battlements of the state capitol at Austin.

Opposed to Klan.
We have it from the leading newspapers of the nation, including the Dallas News, that the Ku Klux Klan is dead as a result of last Saturday's primaries, and personally I can have no doubt that the people of Texas will never again witness a candidacy for any state office proposed and

FERGUSON ASKS FOR KLAN AFFILIATION OF DELEGATES

ORANGE, Aug. 29.—In a telegram received here from former governor James E. Ferguson, acting for his wife, supporters of Mrs. Ferguson for governor were asked to classify the names of county delegates to the state democratic convention at Austin as to their affiliation with the Ku Klux Klan.

No reason was assigned by the former governor for the request.

MAN LIVES WITH NECK BROKEN IN FOUR PLACES

PONCA CITY, Okla.—Alive and doing well with his neck broken in four places is Kabel Cook's claim to fame. Cook broke his neck when he dived into a sandpile July 30. He was removed from the hospital and taken for a short auto ride before returning home.

BIBLE THOUGHT. Remember now thy Creator in the days of thy youth, while the evil days come not, nor the years draw nigh, when thou shalt say, I have no pleasure in them. Let us hear the conclusion of the whole matter: Fear God, and keep his commandments: for this is the whole duty of man.—Ecc. 12:1, 13.

THE KRUMBLING KLAN. (Cincinnati Post.)

Hard on the heels of the recent defeat of the Ku Klux Klan in the Oklahoma senatorial primary came the defeat of Judge Felix Robertson, klan candidate for governor, in Texas Saturday.

Robertson was beaten by a woman, Mrs. Miriam Ferguson, in a straight-out klan and anti-klan fight. She will be the first woman to sit in a governor's chair.

The defeated Knights of the Tar Bucket bitterly complain that Mrs. Ferguson is merely the political dummy of her husband, former Governor Ferguson, who was impeached, discredited and forever barred from holding public office in Texas again. This claim is true, for although Mrs. Ferguson will hold the title, her husband will be the real governor of Texas.

The fact makes the klan's defeat all the more significant. It demonstrates that the voters of Texas, after having tried out both Ferguson and the klan, are now willing to return to a discredited governor in preference to the klan. Their choice was a narrow one, but the issue was drawn sharply.

Almost the same thing happened in Oklahoma when that state accepted another discredited governor, J. C. Walton, as its instrument to wallop the hooded order. In both cases the voters expressed more dislike for the klan than like for their candidate.

The klan is burning out in the south, despite the frantic efforts of its highly paid organizers to fan the dying flames of hatred, bigotry and intolerance. The emotional wave is passing, and sound, respectable men who were duped into joining by these money-getters are regaining their senses. Bitter at their betrayers, they are striking back now with the handiest political weapons at their command.

And so this emotional wave, marked by clearly defined steps in its chain of stages, is passing in Texas and Oklahoma. Already the tide is beginning to recede in the newer northern strongholds of the klan. In time it will disappear completely and the Ku Klux Klan will be nothing more than a shadowy memory as are today its predecessors, the Know-Nothings and the A. P. A.

WOMEN'S PARTY FOR EQUAL RIGHTS.

The National Woman's party, represented by heads of 38 state organizations, in convention at Westfield, N. Y., unanimously resolved to concentrate all efforts for the election of the five women candidates for congress regardless of party. Their slogan is "equal rights for men and women throughout the United States." Over \$50,000 was subscribed and \$100,000 more is expected to pay the campaign expenses. The five women who will receive the support of the party are Mrs. Elizabeth Culbertson of Meadville, Pa., democratic prohibitionist; Mrs. Jessie Dornblum, Philadelphia, socialist; Mrs. Anna Van Skite, Morristown, N. J., prohibitionist, and Mrs. Lillian H. Kerr of Colorado Springs, democrat. This group is pledged to support the equal rights amendment.

Lowest prices for gasoline seems to be in Council Bluffs, Iowa, where it is retailed at 10.9 cents. The prices vary from this point all the way to 22 cents, the highest prices being in the heart of the Pennsylvania refineries.

EASTLAND WILL HAVE DEFENSE DAY PROGRAM

"Boosters" Discuss Plans for Day; Will Entertain State Park Locating Board.

Many things were discussed at the Boosters' meeting held last night in the club rooms of the Elks' club. President J. C. Day presided and about 40 members were there. Among the more important matters discussed was plans for national defense day and the program to be given here Friday, Sept. 12, and plans for escorting the state park locating board now making a tour of the state inspecting park sites, from Cisco to Eastland and then carrying them out to the sites Eastland will have to submit to them for their approval or disapproval.

Major Harry Brelsford outlined the purposes of national defense day and urged the citizens of Eastland and Eastland county to take part in the event and make it a success. Plans are being made, he said, to make it a county-wide affair, as it was understood none of the other towns of the county were planning programs for that day.

T. & P. RAILROAD TO PAVE PART OF SEAMAN STREET IN EASTLAND

City Manager J. H. Cheatham of Eastland stated yesterday that the Texas & Pacific Railroad company was ready to pave that portion of North Seaman street from the company's tracks at the depot to the bridge across the Leon river, just as soon as they were furnished with specifications, and that those would be furnished soon.

Plans have also been made for the grading and paving of the short stretch of road between the north end of the Leon bridge and the county highway, a distance of only a few hundred yards.

12-YEAR-OLD BOY DIES. Funeral services for 12-year-old Emerald Marion Pearson, son of Mr. and Mrs. F. M. Pearson of Pleasant Grove will be held this afternoon at the Pleasant Grove cemetery. The boy will lie in state with typhoid fever.

The Santee and Cooper rivers of South Carolina are to be harnessed to produce electricity under license issued by the federal power commission. A hydro-electric generating station will be located upon the Cooper river about 25 miles above the city of Charleston. On the Santee river, at Ferguson, a diversion dam will be built and the water of this river will be carried by a canal 14 miles long to the Cooper river near its source. It is estimated that ultimately this development will be capable of producing 122,000 horsepower of electrical energy.

H.G. MATTHEWS.

H. Grindell Matthews, of London, inventor of the famous electric "death ray," has reached New York for an American tour, for rest. His experiments have cost him the sight of one eye, and he believes he will soon be totally blind.

JUDGE ADVISES BRIDEGROOM TO THINK OF HIS WIFE

DALLAS.—Judge Royall Watson had an opportunity to "clean up," but declined when a nervous bridegroom handed him a twenty dollar bill for performing the marriage ceremony. "You'd better keep that, son," Judge Watson advised. "Your wife might need it some time."

REPUBLICAN NUMBER THREE DECLINES NOMINATION

AUSTIN, Aug. 29.—John Bart Graham of Waxahachie has resigned the nomination tendered him by the Texas republican convention for state land commissioner. His message declining the offer was received today at the state department. The resignation is dated August 27. Graham is the third nominee of the republicans for state office to file his resignation.

HENRY EVANS DIES.

NEW YORK, Aug. 29.—Henry Evans, chairman of the board of the Continental Insurance company and trustee of the Central Union Trust company died here today. He was born in Houston, Texas, April 14, 1860.

HE WAS NOT SPANKED ENOUGH WHEN SMALL BOY

HOUSTON.—Because his mother failed to prepare his breakfast at the right time, C. L. Morgan, 19, threw a butcher knife at her. A charge of aggravated assault was filed by the mother.

Child Welfare Club Brings Home Child Cured Of Ailment

Friday was a happy day in the families of Reaser and Holland on Lackland avenue, Ranger, when little Frances Holland returned home after a year spent at the John Sealy hospital in Galveston. In September of last year, Frances was sent to Galveston through the assistance of the Ranger Child Welfare club and accompanied by Miss Faye Nixon, public health nurse of Ranger. At that time the little girl, only 8 years of age, was suffering with a tubercular hip which doctors thought immediate attention might cure.

She is now healed and able to walk with braces and her parents and other members of the family were all at the station this noon to welcome her home. This is only one of the hundreds of fine things the Child Welfare club has been able to do when investigation showed that the need was real.

Sweaters are passe, and in their place are sweater-blouses, which are made of cotton or silk material and fashioned on the slip-on sweater lines. These are much cooler than wool sweaters, launder well and fit into the niche left vacant by the ousted sweater.

DALLAS.—A new modern headquarters building for the Western Electric company in this city that has drawn upon the experience of the company in forty-nine Western Electric houses has just been occupied by the company. R. W. Van Valkenburg is district manager.

BEAUMONT.—The Eastern Texas Electric company has during the past week entertained four luncheon clubs in the assembly hall of their new office building here. This hall is designed as a civic center and is to be used by local organizations as they may desire.

Mayor Hylan, of New York city, may be a candidate for governor against Al Smith and the proposition gives Tammany's new boss something to think about. The situation is complicated by the fact that he would have the support of thousands of LaFollette men and women and of the Hearst newspapers.

HOUSTON HOLDS RECORD FOR THREE MEANEST NEGROES

HOUSTON.—Houston claims the record for three of the world's meanest negroes. The three are held under bond of \$1,000 each for taking Will Picketts, legless negro, to the outskirts of the city, robbing him of ninety cents and beating him unmercifully.

When the quarterly dividend checks of the service company that supplies electricity to Chicago were mailed out on Aug. 1, it was found that approximately 40,300 different individuals were shareholders in this company. This number of stockholders is six and a half times the number in 1919.

ST. MARY'S EPISCOPAL CHURCH RESUMES SERVICES

Services at St. Mary's Episcopal church, Ranger, will be resumed on Sunday with Sunday school at 10 o'clock and morning prayer at 11 o'clock. Lay services will be continued during the winter as formerly, with occasional visits from the rector in charge. Plans for an early meeting of the guild are under way and will be announced soon.

LITTLE STANDING IN TEXAS

PORT WORTH.—Styles in trimming beards in Texas are immune to innovations from Paris, according to Port Worth barbers. Van Dykes, waxes, and other freaks in style are allowed to pass unnoticed. The barbers find their customers prefer the beard in its natural state—rough and untutored.

Wireless Welcome From the President To Prince of Wales

NEW YORK, Aug. 29.—Officially and unofficially welcomed in messages from air, land and sea, the Prince of Wales reached America today. The first official word of welcome was a wireless message from President Coolidge transmitted from an airplane which soared high above the Berengaria as she nosed her way in.

The public welcome, such as would have been his had he come to the city, was impossible because the prince, after acknowledging the official readings, arranged to assume an unofficial holiday role and go without ceremony to Long Island in a private launch. The ship reached quarantine at 2:35 o'clock.

WOMAN FALLS FAR BUT CLOTHESLINES SAVE HER

NEW YORK.—Bouncing from one clothesline to another, Mrs. Joseph Duffine fell four stories without breaking any bones. She was not seriously injured.

NEW YORK UNABLE TO FIND EXPERT GOLD SUPERVISOR

NEW YORK.—One of New York's innovations can't get started and the city has been unable to find any expert willing to take \$4,500 a year for acting as gold supervisor.

SUZANNE FAILS TO APPEAR IN OLYMPIC GAMES

By HENRY L. FARRELL, United Press Sports Editor.

NEW YORK, Aug. 29.—When Mile. Suzanne Lenglen suddenly defaulted during the British championships at Wimbledon and allowed her world's championship title to pass to Miss Kathleen McKane without a struggle she returned to France.

Her action in quitting during the Wimbledon tournament on the claim of physical incapacity disturbed her fellow countrymen, France had made a very poor showing in the early events of the Olympic games.

The night before the tournament was to open, Suzanne announced that she was not physically able to play. She said her doctor had told her that she would endanger her life if she took any exercise or exerted herself in the terrific heat.

Yesterday's Results. Chicago 5-8, St. Louis 2-3. Philadelphia 1-9, Boston 0-3. Cincinnati 5, Pittsburgh 4.

Today's Schedule. St. Louis at Chicago. Philadelphia at Pittsburgh.

BLOOD WILL WIN IF GIVEN PROPER AID

By United Press.

CHICAGO, Aug. 29.—Of all the horses that ever "came back," none probably, has upset the dope as did Bolster, 8-year-old hero of the Hawthorne track here, and of many other tracks besides.

For Bolster was sold five years ago for the price of one dollar, flat. He was lame, and his owner, W. D. (Buck) Foreman, though a man of considerable faith, could not see the crippled horse lose race after race without giving him up.

NINE PER CENT BEER MIXES IN BOBBED HAIR QUESTION

PORT ARTHUR.—Long grasping tentacles on hands which enforces the 18th amendment have now reached out, clutched tantalizingly, and become enmeshed in the bobbed hair question, according to a woman arrested here on a booze charge.

Eight gallons of beer, grading about 9 per cent alcohol, were found in the woman's house. Asked why so much of the product, the woman surprised the blasé minions of law and order with a brand new booze alibi.

Arriving daily new and up-to-date Millinery. Latest styles and lowest prices. Come and see. MRS. GLISSON, Eastland, upstairs.—Adv.

OAK RIDGE REVIVAL IS BROUGHT TO HAPPY CLOSE

Rev. H. B. Johnson, pastor of the First Christian church, closed a meeting Sunday night at Oak Ridge and will occupy his pulpit Sunday morning and evening. He reports a good meeting, with Rev. F. A. Hollis, pastor of New Hope Baptist church. There will be special music at both morning and evening services.

CITY OF KNOXVILLE PAYS DIVIDENDS TO TAXPAYERS

The city of Knoxville has a happy surprise to offer the people of Tennessee and other American cities generally by a splendid showing of the working of its city manager government which proposes to offer a comfortable rebate of \$280,000 or 10 per cent of 1924 taxes paid and unpaid. This is probably the first time that any city in the United States has returned dividends to its taxpayers—i. e., really its stockholders. In addition the tax levy will be reduced from \$2.44 to \$2.19 1/2, including a tax for payment of interest on \$3,850,000. This record spells efficiency, business ability and loyal daily application of business principles to city government.

MORE TRAINING OF HIGH SCHOOL TEACHERS URGED

Director of Texas School Survey Suggests College Degrees for All Instructors.

FORT WORTH, Aug. 29.—Texas must require more training on the part of high school teachers if satisfactory work is to be expected, according to Dr. George A. Works, director of the Texas school survey. He suggests that legislation be enacted which will make it possible in the near future that only college graduates shall teach at least the academic subjects in all high schools. This change must come about gradually, says Dr. Works, who recommends that in all public high schools the percentage of members of the staff teaching academic subjects in any school who do not hold college degrees shall not exceed 20 per cent in 1925; 15 per cent in 1926; 10 per cent in 1927; 5 per cent in 1928, and that thereafter no certificates to teach academic subjects in a high school be granted to anyone without a college degree. "The state in its higher educational institutions laid the basis for a great system of teacher training. These institutions will not render their largest measure to the state unless the standards for the high school teachers are materially raised," concludes Director Works. Dr. C. H. Judd of Chicago University made the survey of the high school teachers of the state, and it is from his report just submitted that Dr. Works has drawn these conclusions. Dr. Judd divides the high schools into six classes, and his study shows that the largest cities of Texas have the better training facilities. The chart lists the six divisions as: Class 1, including those high schools offering less than four years of work; class 2, those offering four years of work, but having less than 13 1-2 units of affiliation; class 3, four-year schools offering 13 1-2 units, but with not more than five teachers; class 4, those schools of six to ten teachers, offering more than 13 1-2 units; class 5, schools of more than ten teachers, with the exception of the nine largest cities of the state; and class 6, those schools in the nine largest cities. One evidence of the training is to be seen in the percentage of superintendents and teachers holding college degrees. The accompanying figures for class 1 and class 6 gives some idea of the disparity: In class 1, 52 per cent of the superintendents; 20 per cent of principals; 34 per cent of women teachers, and 19 per cent of men hold degrees. In class 6, 100 per cent of superintendents; 81.2 per cent of principals; 86.3 per cent of women, and 73.1 per cent of men hold degrees.

EASTLAND GETS GOOD RAIN AND WANTS MORE

Eastland received a good rain Thursday afternoon, but the fall was not all that is needed following the long drouth. East of town, the direction from which the rain clouds came, the rain was heavier, and reports are that about all of the rain that is needed fell in that section.

S.S.S. keeps away Pimples

THERE are thousands of women who wonder why their complexions do not improve in spite of all the face treatments they use. They should not continue to wonder. Eruptions come from blood impurities and a lack of rich blood-cells. S.S.S. is acknowledged to be one of the most powerful, rapid and effective blood cleansers known. S.S.S. builds new blood-cells. This is why S.S.S. routs out of your system the impurities which cause boils, pimples, blackheads, acne, blotches, eczema, tetter, rash. S.S.S. is a remarkable flesh-builder. That's why underweight people can quickly build up their lost flesh, get back their normal weight, plump, pink cheeks, bright eyes, and "pep."
 S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.
S.S.S. The World's Best Blood Medicine

STUDY OF BIT STEEL USED IN OIL DRILLING

A study of the efficiency of drill bits and steel parts in general as affected by oil field conditions has been undertaken by the department of interior. A metallurgist attached to the petroleum experiment station of the bureau of mines, Bartlesville, Oklahoma, has been placed in the field to conduct the investigation. A study of time lost due to wear and breakage of steel components is also to be made. Figures obtained by the bureau of mines from a company which has conducted a complete time-loss study of oil-well drilling in six of its wells in Oklahoma show that in rotary drilling only 31.2 to 36.54 per cent of the total time to bring in a well was spent in actual drilling and that 21.5 to 29.3 per cent of the total time, amounting in one instance to 250 hours, was spent in pulling out and running in to change bits. In cable tool drilling 37.4 to 54.13 per cent of the total time was spent in actual drilling and only 1.49 to 2.94 per cent was spent in changing dull bits. It is thought that much time spent in changing bits on rotary rigs may be saved by increasing the footage obtained per bit and that the speed of drilling may be increased in both methods of drilling. The figures given here are from the logs of only three rotary and three cable tool drilling wells, but it is hoped that with the aid of operators and contractors more extensive data from this and other fields can be obtained which will be of aid to well drillers generally. At present work is under way in the Tonkawa and Burbank oil fields, but the work will not be confined to this one locality.

Have teeth men admire
 New polishing brush makes them bright, gleaming
 YOU, too, can have a charming smile, white teeth that glisten attractively. A noted scientist has discovered the way. And beauty experts everywhere advise it. Yellowish, coated teeth are unattractive, repulsive. No matter how pretty your eyes, your hair, your face—your teeth can spoil it all if they are lacking. Yet the secret is simple. A new polishing brush has been invented. It does what old-fashioned brushes failed to do. It makes teeth look like you have always wanted yours to look. It brightens them up amazingly, and in such a short time!

Dr. West's TOOTH BRUSH
 "the polishing brush for teeth"
 Not a mere tooth brush
 Doctors and dentists recommend this new tooth brush, too—for another reason. This brush is scientifically shaped—designed to fit your teeth. Its exclusive shape protected by the broadest patents. The bristles shaped to reach all crevices in the back of your teeth, where food lodges, where fermentation and subsequent decay begin. Thus by protecting your teeth by the careful brushing this brush gives, you lengthen their life. You improve their appearance. Once you have used this brush you will never be satisfied with a lesser brush. Costs no more
 Ask your drug or department store for a Dr. West's Polishing Tooth Brush. Use any dentifrice you like. Costs only a few cents—no more than ordinary old-fashioned tooth brushes. Your money back if you are not delighted.

Eczema!
 When hot weather is causing those "broken out" or inflamed places to itch so bad you want to scratch the skin off, is the best time to prove that—
BLACK AND WHITE OINTMENT AND SOAP
 will heal the worsted skin and allow the acid poisons to pass on out, instead of gathering and irritating everything.
 They are sold by all dealers in liberal 25c and 50c packages. The 50c size contains three times as much as the 25c size.

CITATION BY PUBLICATION.

THE STATE OF TEXAS, To the Sheriff or any Constable of Eastland County, Greeting: You are hereby commanded to summon E. A. Williams by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the Ninety-first district court of Eastland county, to be holden at the courthouse thereof, in Eastland, on the 1st Monday in October, A. D. 1924, the same being the 6th day of October, 1924, then and there to answer a petition filed in said court on the 4th day of August, A. D. 1924, in a suit numbered on the docket of said court as No. 10787, wherein Ziek Taylor is plaintiff, and Ida Taylor is defendant, and said petition alleging that on or about the 27th day of July, 1913, plaintiff was married to defendant in the city of Austin, state of Texas, and continued to live as husband and wife until on or about the 5th day of August, A. D. 1918. Plaintiff treated defendant with kindness and was loveable and provided her with the necessities of life and a good and comfortable home, but the defendant disregarding the marriage vows on or about one year after said marriage commenced a course of unkind and harsh treatment towards this plaintiff, and about August 5, 1918, the defendant left and told the plaintiff she was going to leave him and never return to live with him any longer. Wherefore plaintiff prays judgment of the court that defendant be cited in terms of law to appear and answer this petition, and that upon final hearing hereof he be granted a decree dissolving the bond of matrimony now existing between this plaintiff and defendant; and for such other and further relief special and general, in law and in equity that he may be justly entitled to. Herein fail not, and have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and the seal of said court, at office in Eastland, Texas, this 8th day of August, A. D. 1924. (seal) ROY NUNNALLY, Clerk, District Court, Eastland County. By M. E. LAWRENCE, Deputy. Aug. 15-22-29-Sept. 5.

No. 10787. SHERIFF'S SALE.

THE STATE OF TEXAS, County of Eastland. By virtue of a certain order of sale issued out of the honorable 91st District Court of Eastland county, on the 6th day of August, 1924, by Roy Nunnally, clerk of said court, against Mrs. Otha Moore, a feme sole, H. R. Williams, Jackie Lenore Moore, a minor, James Harvey Moore, a minor, Samuel Carlyle Moore, a minor, for the sum of Six Hundred and 15-100 (and 100/100) Dollars and costs of suit, in case No. 10787 in said court, styled D. M. Williams versus Mrs. Otha Moore, a feme sole, H. R. Williams, Jackie Lenore, a minor, James Harvey Moore, a minor, Samuel Carlyle Moore, a minor, and placed in my hands for service, J. D. Barton, sheriff of Eastland county, Texas, did on the 7th day of August, 1924, levy on certain real property situated in Eastland county, Texas, and described as follows: Lot Nine (9), Block Five (5), of the Young Addition to the city of Ranger, Eastland county, Texas, together with the five-room house situated thereon, and levied upon as the property of said Mrs. Otha Moore, a feme sole, H. R. Williams, Jackie Lenore Moore, a minor, James Harvey Moore, a minor, Samuel Carlyle Moore, a minor, and on Tuesday, the 2nd day of September, 1924, at the courthouse door of Eastland county, in the city of Eastland, Texas, between the hours of ten a. m. and four p. m., I will sell said real property at public vendue, for cash, to the highest bidder as the property of said Mrs. Otha Moore, a feme sole, H. R. Williams, Jackie Lenore Moore, a minor, James Harvey Moore, a minor, Samuel Carlyle Moore, a minor, by virtue of said levy and said order of sale. And in compliance with law, I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Ranger Times, a newspaper published in Eastland county. Witness my hand, this 7th day of August, A. D. 1924. J. D. BARTON, Sheriff Eastland County, Texas. By EDW. C. BETTIS, Deputy. Aug. 8-15-22-29.

No. 10947. CITATION BY PUBLICATION.

THE STATE OF TEXAS, To the Sheriff or any Constable of Eastland County, Greeting: You are hereby commanded to summon E. A. Williams by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the 91st district court of Eastland county, to be holden at the courthouse thereof, in Eastland, Texas, on the 1st Monday in October, A. D. 1924, the same being the 6th day of October, A. D. 1924, then and there to answer a petition filed in said court on the 13th day of June, A. D. 1924, in a suit numbered on the docket of said court as No. 10947, wherein Ruth Williams is plaintiff, and E. A. Williams is defendant, and said petition alleging that plaintiff and defendant were lawfully married on or about 3rd day of October, 1923, in Taylor county, Texas, and lived with him as his wife until on or about the 3rd day of April, 1924, when by reason of the facts, that on said 3rd day of April, this plaintiff learned the fact that defendant was at the time their marriage was dissolved, with an incurable impotency of the body, at which time she abandoned the defendant and now asks that the said contract be held to be void by reason of said impotency of the body, of the said defendant. Wherefore plaintiff prays that defendant be cited to appear and answer herein and that she have judgment dissolving and annulling said contract, costs of suit, and for such other and further relief general and special in law and in equity that she may be entitled to, etc. Herein fail not, and have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and the seal of said court, at office in Eastland, Texas, this 8th day of August, A. D. 1924. (seal) ROY NUNNALLY, Clerk, District Court, Eastland County. By M. E. LAWRENCE, Deputy. Aug. 15-22-29-Sept. 5.

AND THE ACTIVITIES OF WOMEN IN RANGER

Mrs. Chas. G. Norton, Editor
Telephone 224

PERSONALS.

J. C. Smith left Thursday for Wilson, Okla., where he was called to the bedside of his father who was suddenly taken ill with blood poison. Mr. Smith was accompanied by his mother, Mrs. T. A. Smith, who was visiting at his home.

Mr. and Mrs. B. E. Autry, who have been visiting their sister, Mrs. A. N. Harkrider, left today for Cross Plains to visit other relatives before returning to their home in Amarillo.

Dr. and Mrs. W. L. Jackson are spending 10 days in Nacona, Texas, visiting the parents of Dr. Jackson.

Miss Eunice Inness and Miss Benita Overlie returned late Wednesday night from New York city where they went on their annual fall buying trip.

Mr. and Mrs. M. E. Williams, who reside on Eastland hill, are rejoicing in the arrival of a 10-pound baby girl, born Wednesday morning.

It is said that prohibition has eliminated every saloon in the financial district of New York.

OREGON GOVERNOR SUSPENDS OPEN DEER-KILLING SEASON

Governor Pierce of Oregon has issued a proclamation suspending the open season for killing deer and other large game, beginning with Aug. 20.

Forest fires have been numerous and widespread, owing to prolonged drought.

The danger of more conflagrations from thousands of hunters penetrating the forests, and setting fires from shooting and camping, is tremendous.

Many of the deer are driven from their usual habitat and crowded into small areas. The governor's action is fully justified by humane principles.

The killing of game is absolutely prohibited until there has been sufficient rain to avert all possible danger of forest fires.

His splendid example will be followed by many other states that have suffered from drought and forest fires.

Favorable comment is appearing in all parts of the country in regard to the order of Henry Ford who has posted signs in all his shops and offices saying that any employee with even the odor of alcohol on his breath will be discharged.

A report just issued by the Massachusetts Society for the Prevention of Cruelty to Children, states that in 1916, before prohibition, alcohol was a factor in 47.7 per cent of all cases. The percentage in 1923, under prohibition, was 23.2 per cent.

Misses Innis and Overlie Return Home From Buying Trip

Miss Eunice Innis and Miss Benita Overlie, proprietors of the Juliana Shop, dealing exclusively in ladies' ready-to-wear and millinery, have returned from Chicago and New York city, where they had been on a purchasing tour for fall clothes. They arrived home Wednesday night.

An unusually attractive stock was purchased by the two ladies and part of it has already arrived. Pretty dresses, the latest styles in milady's clothes, are on display and more are coming in. The latest mode in hats is also on display. A wide range of styles to select from will be available to the ladies of Ranger when the complete stock arrives.

"We bought fall styles, not from bargains but for the quality," Miss Innis said, "and we have a complete line of fall clothes and hats as may be found in this section of the country."

STATE AQUATIC MEET TO BE HELD IN FORT WORTH

The state invitation aquatic meet to be held in Fort Worth on Labor Day is open to any one who wishes to enter, according to a letter received from Fort Worth by the Chamber of Commerce, Ranger, in answer to a number of inquiries from local people.

The meet is held under the auspices of the public recreation board of Fort Worth and the American Red Cross chapter there. A fee of 25 cents per entry is charged for each event. The meet will be governed by the rules of the National Collegiate Athletic association, and will start at 2:30 p. m. at Lake Worth.

Gold, silver and bronze medals will be awarded in each event. The winning boat crew will receive Red Cross medals. The Dirks trophy will be given to the winner of the rescue race. All entries should be in the hands of R. D. Evans, athletic director, at the city hall, Fort Worth, by Saturday, Aug. 30.

A number of open events are scheduled for any who wish to enter and women's, junior and life saving events will be held.

MAPLE NUT CAKE.

One-third cup shortening, 1 cup light brown sugar, yolks of 2 eggs, 1/2 cup milk, 1 1/2 cups flour, 1/4 teaspoon salt, 2 teaspoons baking powder, 1 cup chopped nut meats, 1 teaspoon vanilla extract.

Cream the shortening, add the sugar slowly, then the egg yolks and milk and beat well. Sift in the flour, salt and baking powder together, add the chopped nut meats and the flavoring. Bake in a well greased loaf pan in a moderate oven (350-400 degrees Fahrenheit) 35 to 45 minutes.—From the Designer Magazine for September.

The most perfectly lighted stretch of automobile road in the world is located upon the Lincoln highway a few miles south of Chicago. Twenty-eight concrete standards, spaced 250 feet apart, each carrying a 250 candlepower electric lamp, equipped with a reflector which throws the light evenly upon the road-bed but not beyond it, constitute the lighting equipment of this ideal section of the famous highway. During the course of a year these electric lamps are turned on by the master switch a total of 4,000 hours and the yearly cost is less than 25 cents per foot of road illuminated.

A thirty-horsepower electric motor operated by electricity from the lines of a service company was used this year to run the wheat thresher on farms of Eugene and DeLoss Funk located near Chirley, Ill. This arrangement did away with a portable steam engine, reduced the fire hazard and released one man for other work. A switch mounted upon the thresher controlled the electric motor located some distance away and connected to the threshing rig by a long belt.

20 BARS CRYSTAL WHITE SOAP, 2 BARS CREME OIL SOAP, AND 2 BOXES BORAX WASHING POWDER. ALL FOR \$1.00 SATURDAY ONLY AT GLOBE GROCERY, EASTLAND.—Advertisement.

Love Bolts From Democratic Party

(Continued from page one)

tions of party regularity and the party pledges they had made. Believing as they did, they were undoubtedly right in the position they took as were the great newspapers of the state which followed the same course.

Resigns As Committeeman.

During the last few days it has been suggested that I ought to resign as democratic national committeeman from Texas and in view of the course which, as an honest man, existing conditions compel me to follow, I am constrained to agree with the propriety of this suggestion. I was elected democratic national committeeman by the democratic state convention at Waco for a term of four years and no vacancy can be created in that position during that period except by my resignation, but I believe it to be my duty to vacate the position in view of my inability to support the democratic nominee for governor of the state, and I have done so by forwarding my resignation to Chairman Shaver of the democratic national committee.

I am grateful for the privilege I have enjoyed of representing the democracy of Texas on the democratic national committee for the last five years, and I am glad of the opportunity now as a private in the ranks to fight for the good name of Texas to the extent of my humble ability.

THOMAS B. LOVE.

SPECIAL RAILWAY RATE TO WEST TEXAS CHAMBER OF COMMERCE MEETING

To enable people to attend the district convention of the West Texas Chamber of Commerce for the El Paso district, Sept. 20, the Texas and Pacific railroad announces a rate of \$15 for the round trip. A special train out of Fort Worth will be run. A business meeting will be held in the morning followed by a visit to Old Mexico at noon. Another business session will be held in the afternoon and a banquet will be given that night. Registration fee for the convention is \$1, which will pay for the banquet, according to information from El Paso.

The lake Fordyce dam located about nine miles from Cisco, Cal., is being raised 47 feet in order to increase water held in storage by it for electric power production. This dam, originally built in 1881, was 92 feet high. When the work now underway is completed it will impound 47,000 acre-feet of water.

A thousand tons of ice is made electrically every day by a New York city artificial ice company. This concern has been in business since 1900 and until recently used steam power to operate its plant. Now, instead, electrical energy supplied by a service ice company at 13,000 volts converts water drawn from city water mains into 300 pound cakes of ice.

2567 Families

SOME years ago one of the Government Bureaus prepared figures showing the average yearly consumption of food by 2,567 families and what they paid for it. The data covering three of the important food items are given in the first three columns below; and to this we have added, in the right-hand column, the number of calories or energy units contained in one dollar's worth of each of these three foods at the cost indicated.

Food	Pounds per Year	Cost	Calories for \$1.00
Sugar	268.5	\$15.76	30,921
Butter	117.1	28.76	14,214
Fresh Beef	349.	50.05	6,903

Prices have changed, but these figures emphasize the high food values of sugar in relation to its cost, and the economy in giving it an important place on your table. The best to buy is

DIAMOND STAR Pure Cane Sugar
