## DECISION FRIDAY ON RAILROAD PEACE PLAN

## CISCO FARMER WOUNDS RAIDER ON LIQUOR HUNT

### A. E. Merritt Has Narrow Escape When Search Warrant Is Resisted.

EASTLAND, Aug. 8.—Paul Denison, 22, charged with the shooting of A. E. Merritt, member of a Cisco posse who Saturday night attempted to search the Denison pasture for whisky, waived preliminary hearing and made bond here yesterday for his appearance before the grand jury. Young Denison is the son of John L. Denison, farmer living near the Mitchell schoolhouse. He is said to have returned home Saturday as eight or nine farmers of the community, armed with search warrants and headed by Deputy Sheriff Livingston arrived to search the Denison pasture for a still.

Young Denison is said to have halted the posse and forbade their entrance into the pasture. Hot words followed and are said to have resulted in Denison opening fire on the posse with a revolver. The posse returned the fire but all shots went wild. After emptying his revolver, Denison is said to have walked to the front gallery of his home, where he remained until arrested by other officers from Cisco.

Merritt was brought to Cisco, where his wounds were dressed. One bullet was found to have wounded him over the right eye and another to have entered his right arm. Neither wound is regarded as serious.

Following his fight with the posse, Denison is said to have told the members that he would surrender to Deputy Sheriff Looney and no trouble was experienced when that officer and three others went to the Denison home.

## 'RED' LECTURER IS DRIVEN OUT BY COLORADO

LINCOLN, Neb., Aug. 8.—State authorities today were ordered by Governor S. R. McKelvie to attend addresses of William Z. Foster, radical lecturer, he may deliver in Nebraska, with a view of determining if they violate any law. Foster was ordered out of Colorado when he attempted to speak in that state.

Foster will not be molested previous to making further addresses but his utterances will be under close observation of proper officials," the governor stated. "We will not be influenced here by the attitude of Colorado authorities but will be governed solely by our interpretation of the laws of this state relative to free speech."

## BRECKENRIDGE WIFE BEATER FIGHTS POLICE

BRECKENRIDGE, Aug. 8.—Mrs. H. T. McDonald, of southeast Breckenridge is in the hospital and her husband is under arrest following a severe beating Sunday night from which the woman is said to have been rendered unconscious. Police were summoned to the McDonald home by the screaming of the couple's seven-year-old daughter and had to fight McDonald before they were able to take him to jail. The man was not intoxicated, they said.

## T. & P. STRIKEBREAKER IS ATTACKED AT TEXARKANA

DALLAS, Aug. 8.—An attack on a machinist's helper at Texarkana, Texas, by two men Monday was reported by General Manager Somerville for the Texas & Pacific railroad here. Attempts to attack two shop workers at Big Spring last night were unsuccessful, according to another report.

## REED'S NOMINATION NOT TO BE CONTESTED

ST. LOUIS, Aug. 8.—Breckenridge Long, defeated by James A. Reed for the Democratic senatorial nomination at last Tuesday's primary today issued a statement saying that he will neither ask a recount nor file a contest.

## Sixteen Brotherhoods to Join in Union Deliberations; Eastern Presidents Hostile.

CLEVELAND, Aug. 8.—Warren S. Stone, president of the Brotherhood of Locomotive Engineers, this morning telegraphed 16 chiefs of railroad brotherhoods asking them to attend a conference in Washington next Friday, to consider the railroad situation throughout the country and "avert the impending calamity of a collapse in transportation."

President Stone's action was taken following receipt of a telegram this morning from B. M. Jewell, head of the shopcraft unions; William H. Johnston, president of the International Association of Machinists, and J. H. Noonan, president of the Brotherhood of Electrical Workers, asking him to call the meeting.

## 148 RAIL PRESIDENTS SUMMONED TO NEW YORK

NEW YORK, Aug. 8.—Telegrams summoning the heads of 148 railroads to New York next Friday to frame a reply to the Association of Railway Executives to President Harding's second plan for settlement of the shop strike were dispatched today by orders of Dewitte Cuyler, president of the association.

A sharp division of opinion between the eastern and western carrier chiefs on putting the question of the seniority of the strikers directly up to the railroad labor board is expected in railroad circles today. President Lore of the Delaware & Hudson, chairman of the eastern presidents' conference, is believed to have expressed the policy of the "irreconcilables" when he declared the president demand "a complete surrender of their position."

## OPEN PORT LAW WILL BE EXTENDED TO GAINESVILLE

AUSTIN, Aug. 8.—Gainesville, Cooke county, probably will be placed under the open port law late today, it was learned from authoritative sources. Although Governor Neff would not confirm the report, he stated that a proclamation would be issued on the Gainesville situation this afternoon.

The governor denied rumors that Waco would be placed under martial law.

## OFFICER AND 'SHINER DIE IN BATTLE OVER STILL

STEVENSON, Wash., Aug. 8.—A bitter battle over a moonshine still between mountaineers and prohibition officers in the hills north of here has resulted in the death today of two men and the serious wounding of another.

The dead are W. E. Rorison, 35, deputy sheriff of Clarke county, Washington, shot through the heart; Paul Hickey, alleged moonshiner, died as a result of wounds. J. A. Morgan, federal prohibition agent of Tacoma was in a hospital at Vancouver, his arm badly broken and his scalp badly lacerated by bullets.

## CANADIAN PRISONER TO GET FORTY LASHES

DETROIT, Aug. 8.—The ancient law of the whip has been imposed on Ernest Martin, who was sentenced at Sandwich, Ont., just across the border in Canada, to ten years in the penitentiary. Judge Coughlin decreed that in addition to his prison term Martin receive 20 lashes upon his arrival at the prison and 20 when he leaves. The punishment will be inflicted on the bare back, the instrument being a stout ash stick to which is appended 12 heavy leather thongs. Martin, 23 years old, was convicted of brutally assaulting Henry Killie, 65, a farmer.

## WILSON'S RETIREMENT BRINGS RUIN TO DOUBLE; NOW A BURGLAR

NEW YORK, Aug. 8.—Corless Centennial Cunningham, who used to impersonate Woodrow Wilson on the stage, was driven to insanity and then to burglary by his illustrious double's retirement from world affairs, his counsel told Judge Mansueto when he was arraigned in general sessions court.

Vaudeville producers, holding that a Wilson face no longer was a good drawing card, dropped Cunningham, the attorney said, and in desperation he smashed a

## HOOPER LIKES HARDING PLAN

CHICAGO, Aug. 8.—"The President in his latest proposal to the railroads and the striking shopmen has adopted a safe and sane position of fairness and convenience," Chairman Ben Hooper of the United States labor board announced today.

"On many railroads the plan can be carried out without inconvenience. Over 75,000 men had been laid off before the strike," the statement said, "and with the increased work now available, so many men will be needed that in my judgment the question of seniority would never arise on a very large number of roads."

## MEXICO EXPECTS RECOGNITION IN THREE MONTHS

## Settlement of Financial Difficulties Believed Great Forward Step.

By FREDERICK NEUMEIER, United Press Correspondent.

MEXICO CITY, Aug. 8.—Recognition of Mexico by the United States is just around the corner, official observers believe here today. Ratification of the treaty with American bankers by President Obregon and the latest note from the United States has given emphasis to the talk of recognition. Some believe that recognition will come within 90 days and others believe that it will come sooner.

The Mexican congress, it is believed, will back Obregon and ratify the financial agreement which was drawn up in New York by Finance Minister De La Huerta and American financiers. While Obregon has not seen correspondents for nearly two months, it has been learned on good authority that he recently received a prominent American visitor and that he believed the difficulties between the United States and Mexico would be soon terminated.

The Mexican press is taking an optimistic view of the situation and several papers this morning printed extracts of the new note to the United States.

Mexican bankers are quoted as being pleased with the action taken on the financial treaty.

## SATISFACTORY PROGRESS IS MADE IN MEX NEGOTIATIONS

WASHINGTON, Aug. 8.—President Harding believes that satisfactory progress is being made in the negotiations for a settlement of the Mexican question, it was declared on high authority at the White House today.

The Mexican embassy was officially advised today that President Obregon has approved the agreement on the Mexican external debt recently reached in New York between finance minister De La Huerta and international bankers in New York.

The embassy's advice was that the agreement will be ratified soon by the Mexican congress.

## ERIE R. R. LOSES MILLION A MONTH ON TWO STRIKES

NEWARK, N. J., Aug. 8.—The coal and rail strikes have been costing the Erie railroad at the rate of \$1,000,000 a month, according to the testimony of J. J. Mantell, regional manager, at a hearing of the New Jersey public utility commission in Newark.

He opposed application by Passaic citizens for a new station at Passaic Park, arguing that the road cannot afford even the \$9,700 it would cost.

jewelry store window in an effort to obtain funds for food.

Cunningham says he not only impersonated Mr. Wilson on the stage, but asserts that he was employed by Vance C. McCormick to impersonate the President in the 1916 campaign and won 225,000 votes for him. He gave his address when arrested as "Bryan Park."

Entering a plea of "not guilty" by reason of insanity, the counsel asked for appointment of a lunacy committee. Decision was reserved.

## Oil Held Off Market as Demand Increases

## 28,000 DIE IN STORM

Senators Probing Gasoline Advance Turn Attention to Vast Holdings.

WASHINGTON, Aug. 8.—New information that vast quantities of crude oil and gasoline are being held by purchasers despite the increased consumption demands today drew the attention of the special committee of five senators investigating the nation's gasoline business.

Reports to the committee from reliable sources, including tabulations from government trade experts, were to the effect that oil from new wells in Mexico, Texas, Oklahoma and the Rocky Mountain section had been stored, instead of being placed on the market to meet the heavy demand of automobile and truck traffic.

## OHIO ELECTION CALLED TEST OF ADMINISTRATION

WASHINGTON, Aug. 8.—The test of the Harding administration's popularity in President Harding's home state and an indication of how deeply the industrial situation is likely to affect politics this fall, was seen in today's primary election in Ohio, by political observers here.

Arkansas and Alabama also held primaries today but Ohio held the national interest. It was the only one of three that had a senatorial contest on and in addition the gubernatorial fight has developed into a test of administration strength and popularity. The wet and dry issue, the industrial upheaval due to the coal and rail strike, and all the ordinary issues of this year have figured in Ohio's primary campaign.

## RAIN THREATENS TO CUT DOWN OHIO VOTE

COLUMBUS, Ohio, Aug. 8.—Ohio balloted under leaden skies today. A lingering drizzle following a night of heavy rain greeted early arrivals at the polls and threatened to cut down what promised to be the biggest primary vote in history.

Practically half the voters in the state, 500,000 Democrats and 600,000 Republicans, are expected to participate in the senatorial and gubernatorial primary.

## POLITICAL STATUS OF KLAN TO BE DECIDED IN ARKANSAS

LITTLE ROCK, Ark., Aug. 8.—Fair weather encouraged Arkansas voters to go to the polls today and cast their ballots in the Democratic primary election.

## 'GOING TO THE FIRE' SNAPS MAN ARRAYED IN UNDIES AND STRAW HAT

NEW YORK, Aug. 8.—George Mack, 143 West One Hundredth street, when arraigned in police court wore a policeman's trousers.

"I was parading in Central Park West," Officer Epstein told Magistrate Sims, "when I met this defendant walking down the thoroughfare in his underclothes and a straw hat and an umbrella." A large crowd of children followed him.

"Here, I said, 'where are you going?' "I am going to the fire," was the answer. "I put him in a doorway and sent for the patrol wagon. He fell asleep and has been asleep most of the time since. He said he had been drinking alcohol."

Mack was sent to the workhouse for 10 days.

## THE WILD EAST!

NEW YORK, Aug. 8.—Stephen Conlon, undertaker, had to borrow horses today for funerals. Old-fashioned horse thieves, the first in 10 years, raided his stable and stole his horse.

## 28,000 DIE IN STORM

Actual Count Trebles Estimates of Chinese Typhoon Disaster; Gunny Sacks and Old Mattresses Used as Shrouds for Piled-Up Dead at Swatow.

HONG KONG, Aug. 8.—Typhoon-stricken Swatow, a mangled and miserable remnant of the port of a week ago, today went about the first ghastly task that falls to the survivors of the storm—burial of the dead. Bodies of 28,000 have been recovered—a death toll that triples former estimates and cuts in half the former population of the city. These figures were given today in a circular issued by the Swatow chamber of commerce.

## OVERSON MADE GENERAL COUNSEL FOR W. T. C. OF C.; OFFICES HERE

County Attorney Ove E. Overson has accepted the newly created position of general attorney of the West Texas Chamber of Commerce, he announced last night following the receipt of a letter from President A. B. Spencer of Crosbyton. Mr. Spencer explained that he was offering Mr. Overson the place on the suggestion of Parter Whaley, general manager of the organization, and that he heartily agreed with the latter's opinion of Mr. Overson's qualifications for the position.

Under the terms of the offer Mr. Overson will have charge of all the litigation of the West Texas Chamber of Commerce and will keep his offices in Ranger. The position, he explained, will not interfere with his duties as county attorney.

## TORNADO WHICH FOLLOWS RAIN INJURES TWO

FORT WORTH, Aug. 8.—Unqualified disapproval of the Ku Klux Klan, wholehearted indorsement of the Harding administration, predictions that the Republican party would assume control of the Texas government in a few years and a plea for tolerance in carrying out the party's program were the high lights of the opening address of State Chairman R. B. Creager of Brownville before the biennial convention of Texas republicans here this morning.

## WELL, WELL! TEXAS TO BE CONTROLLED BY G. O. P.

Chairman Creager's remarks were frequently and loudly applauded by the 250 delegates present.

Kirby for Senator? There was a wide difference of opinion among Republican leaders regarding the choice of the candidate for United States senator.

Mr. Creager informed friends he had talked to John H. Kirby of Houston over long distance telephone last night and that prospects of Kirby becoming the Republican standard bearer in the senatorial contest were all off. Other well known Republican chiefs insisted that Kirby will be the nominee. They regard Kirby's statement that is a Democrat and would not run on the Republican ticket as a "bluff," as they point out Kirby has admitted supporting Harding for President.

## U. S. WILL REGULATE KENTUCKY COAL PRICES

WASHINGTON, Aug. 8.—Federal investigators are to be sent into western Kentucky to fix a final price during the strike emergency for coal produced in those fields, Secretary Hoover announced today. Pending the investigation, the western Kentucky operators Mr. Hoover stated, have agreed to a minimum of \$3.75 at the mines, but the investigators will determine what would be a fair profit there under present working conditions on the basis of the Garfield level. The same basis, he stated, would apply to other districts which have not already accepted voluntary fair price agreement.

## CHASTAIN MADE SPECIAL JUDGE OF NINETY-FIRST

EASTLAND, Aug. 8.—Claude P. Chastain of Eastland has been elected special judge to sit in the Ninety-first district court during the vacation of Judge Davenport, by the Eastland County Bar association.

## NEW YORK POISON PIE CLAIMS FIVE VICTIMS IN PENNSYLVANIA

## ITALIAN FASCISTI YIELD TO GOVERNMENT

ROME, Aug. 8.—The fascisti capitulated to government orders today and commenced to demobilize. Premier Facta had commanded the nationalist forces to disband, but following a threat of a general strike by socialists, the fascisti refused to obey orders and instead, seized cities throughout Italy and drove out socialist administrations.

Government troops defeated the nationalists in a series of clashes at disputed points and the latter's leaders directed demobilization.

## WOMAN ENJOINED FROM OPERATING AS BOOTLEGGER

## County Attorney Takes Injunction Route, Following Citizens Raid Sunday.

EASTLAND, Aug. 8.—A temporary injunction restraining Bertha Ray from selling intoxicating liquors has been obtained by County Attorney Ove E. Overson, following the woman's arrest Sunday in a raid on an alleged bootlegging establishment by Eastland citizens, headed by Deputy Sheriff Porter Hearn. The injunction was issued by R. B. Truley, acting as judge of the Eighty-eighth district court during the absence of Judge E. A. Hill.

The injunction is returnable Saturday, at which time the county attorney will ask that it be made permanent, he announced. The injunction route through the state courts as a means of stopping bootlegging in Eastland county is something new, although such steps have been taken through the federal court in the case of an Eastland hotel.

Liquor Is Found. A gallon of corn whisky, two large gunny sacks filled with bottles of choc beer and a large number of empty bottles were found by the raiders when they swooped down on the establishment said to have been run by the Ray woman, three or four miles east of Eastland.

Drinks were being served in the place when the raiders appeared on the scene, they stated. A few dozen bottles of choc beer were found in a newly constructed cooler. A number of automobiles were parked near the place and several well dressed young women were seen to leave as the raiders arrived. The corn liquor is said to have been located in a clump of bushes about 75 feet north of the house. Empty choc beer bottles were found hidden in shocks of milo maize in a field just back of the house. The seized liquor was brought to the city and the woman lodged in jail under a charge of possession of intoxicating liquor for the purpose of sale.

## TRANSATLANTIC CABLES SEIZED BY IRISH REBELS

LONDON, Aug. 8.—Cable communication between the United States, Great Britain, France, Germany, Ireland and Northern Europe was badly crippled when Irish rebels occupied the Western Union cable station at Valentia, Ireland. Only three Western Union cables were working out of Pensance, England.

The three cables of the Commercial Cable company were still out of commission today following seizure by Irish rebels of the company's station at Waterville, County Kerry, Ireland, yesterday.

## DRILLER DROPS DEAD WHILE WORKING AT HEATLEY CAMP

EASTLAND, August 8.—The body of W. S. Harlan, 42, driller in the employ of the Texas company, who dropped dead Sunday while at work at the Heatley camp, was sent yesterday to Monday, Texas for burial. Death is said to have resulted from heart disease. Mr. Harlan is survived by his wife and three small children.

## THE WEATHER.

## NEW YORK POISON PIE CLAIMS FIVE VICTIMS IN PENNSYLVANIA

## PITTSTON, Pa., Aug. 8.—The "arsenic murder field" who slew six and endangered the lives of 100 in New York 10 days ago found five new victims here today, in the belief of the police.

The entire family of Romola Testaguzza lay stricken with poison received from a cake purchased in New York city in a restaurant, believed to be the Selbourne, where the other poisoning took place. While physicians worked desperately to revive Testaguzza, his wife and three small children, authorities started to trace the father's movements in New York a week ago to ascertain where he purchased the cake.

SCRAPPING FOR CREDIT.

Eastland publicity organs are bewailing the fact that the peerless oil pools of that city aren't getting enough credit for their production.

It seems that some pipe line reports credit runs from the northern part of Eastland county as "Eastland-Ranger." How come? (or words to that effect) the Eastland scribe laments. "All the new production is right around here. Old production around Ranger has gone to the demerit bowwows, and this, as the rising oil town, should have all the credit."

That truly is a nice pipe dream, but isn't a bit ungracious toward the pipe line companies and a bit unneighborly toward Ranger, aside from being exaggerated?

For several years the entire production of this district was credited to Ranger, although much of it has always been as close to Eastland as to this city. Then came the discovery of new pools right at Eastland's door. When with the coming in of these pools, the Ranger production was credited to "Eastland-Ranger," no kick was made here. It didn't hurt anything, for business is where business is done, and if it catered to the pride of our neighboring and sister city, it was all right.

But if Eastland wants to be the whole show, she might first peruse a few facts:

Eastland is the nearest postoffice to the newest pools of northern Eastland county, to be sure. But oil fields are not always named after the nearest postoffice. For instance, Stephens county gets credit for production within five miles of Ranger. Rather, oil fields are named after the discovery point, provided it is the base of operations.

Now if anyone doubts that Ranger is the base of operations for this district, let them watch the trucks. The Eastland pools are being largely developed with supplies from Ranger. A number of the most successful operators are residents of Ranger. The pools themselves are but twelve miles from Ranger, which is a short distance in the oil fields.

And yet some citizens of our neighboring city want to claim the whole credit, in spite of priority discovery, in spite of proximity, in spite of a substantial partnership in operations. The claim is based, evidently, on Eastland being the nearest postoffice.

Eastland is entitled to the credit she is now receiving, but if she tries to claim it all, there will be a rum-pus. For Ranger will tell Cisco. And Cisco, as is well known in Cisco, is "the supply center for the oil fields."

It is estimated that strikes have cost the country \$533,000,000 so far this year. That of itself shows that the strike is an all-round nuisance and a piece of unadulterated imbecility.—Houston Post.

### Miner Killed When Motor Car Starter Starts Dynamite

By Associated Press.

SULLIVAN, Ind., Aug. 8.—John Everhart, 36 years old, a coal miner, was killed here Monday when he stepped on the starter of his automobile and an explosion and fire followed.

Elmer Hale, 30 years old, also a miner, is being held in connection with Everhart's death. The theory expressed by the police is that dynamite had been placed under the cushion on the front seat on the driver's side of the automobile. The starter wires were then connected with the dynamite, it is believed, and the cap of the gasoline tank removed. This was done, the authorities said they believed, so that if the driver was not killed in the explosion, fire would follow and he would be burned to death.

He had been fined in court here a few days ago on a charge of misconduct with Hale's wife. Hale, who is a shot firer, denied any knowledge of the dynamiting.

### NAVY SEAPLANE WILL FLY TO BRAZIL

Lieut. Walter Hinton

Lieutenant Walter Hinton, with five aides, will take a huge naval flying boat from the United States to the centennial exposition in Rio de Janeiro, Brazil. In addition, they will go 1,000 miles up the Amazon, a total flight of 8,365 miles in all. Lieutenant Hinton was the pilot of the navy seaplane that crossed the Atlantic and was in the free balloon that came down in the wilds of Canada.

RAILROAD OFFICIALS IN OVERALLS

These officers and clerks of the Chicago, Milwaukee, & St. Paul railroad are doing duty as shopmen and car cleaners during the strike of the shopmen. The photograph was made in the Chicago yards, where the "workmen" are shown eating in a Pullman diner their "three squares" a day from a bill of fare fit for a king.

### IN DRY WISCONSIN!

SHEBOYGAN, Wis., Aug. 8.—A grain crop is sprouting in the sewers of this city, and citizens today were directed to quit throwing moonshine mash into their drains.

An order issued by the city engineer said:

"When you are through manufacturing a batch of moonshine, throw the waste into garbage cans.

"Do not let the sewers become receptacles, as the pipes become clogged and cause useless expense."

### DRIVER IN CALIFORNIA ACCIDENT BARRED FROM AUTOS FOR FIVE YEARS

OAKLAND, Cal., Aug. 8.—If anyone within the next five years drives up to William Afflick in his automobile and greets him with an invitation to "hop in," Afflick will be compelled to decline with regrets. He is under a court order not to drive or even ride in an automobile for a half decade as a result of his conviction on a charge of failing to render aid to Rred Geyer, 70 years old, whom his car struck and killed.

### Britons Bored by Americans' Raving About Dry Evils

LONDON, Aug. 8.—"Please, America, have a heart."

This is the plaintive request voiced by the Daily Express to American tourists who are gathering daily about the shiny topped tables and the bars of British public houses.

Here is the explanation in the words of the Daily Express itself:

"England just now is suffering severely from the effects of American prohibition. Every visiting American, and the number is legion, seems to feel it incumbent and a definite duty to pour into the ears of his English acquaintance lengthy and detailed ex-

amples of how prohibition has failed in the United States.

"Americans, alas, have nothing to discuss but prohibition. They talk it morning, noon and night. It is impossible to get away from the one subject."

CEMENT, Okla., Aug. 8.—Ten

structures in the heart of the business district were destroyed by fire here yesterday at an estimated loss of \$50,000. J. Couch was arrested on a charge of incendiarism. Two men were overcome with heat while fighting the flames.

CLOVIS KNOTS GAME IN NINTH, WINS IN TENTH

CLOVIS, Aug. 8.—Bobby Clary's single after two were down in the tenth inning broke up an exciting game between Clovis and Ranger Monday. Ranger started in whirlwind fashion, making two runs in the first inning off Vick. Sewell relieved Vick with only one down and two men on, and held the Nixos scoreless until the eighth, when they punched a home run by Dockery and an error for two more runs. The Buzzers tied it up in the ninth on Sewell's single, an error and McIver's sacrifice fly. Thomas weakened in the tenth, allowing two hits and a base on balls before Clary broke it up with his line drive. Sewell was very effective, allowing only four hits and striking out 12 men.

WEST TEXAS GAMES

LUBBOCK BEATS ABILENE. LUBBOCK, Aug. 8.—By hitting Keisler when hits meant runs Lubbock took yesterday's game from Abilene 5 to 3. Langford with his twelfth home run of the season, a double and a single out of three times up led all hitters. Morgan pitched excellent baseball, pulling out of several bad holes. Three double plays were made by Lubbock.

ROYAL PRINCESSES ADVERTISE FOR HUSBANDS

Two royal princesses, sisters, 23 and 26, have advertised for husbands, either English or American, who must be young, wealthy and handsome, and who mustn't be upstarts or new rich. The princesses are accomplished, but very poor. The gentlemen must give particulars in writing before a meeting can be arranged. This advertisement actually appeared in Swiss and Austrian papers. Archduchesses Margaret and Maria Antonia, daughters of Archduke Leopold Salvator of Austria, inserted it. They were living in the palace at Barcelona, Spain, and their father restricted their actions, trying to make them live a life becoming those of "exalted birth." They finally ran away and went to work.

GOOD PROSPECTS.

The Hotter It Is, the Cleaner Your Refrigerator Should Be

WHEN we deliver to the housewife pure ice and keep her refrigerator going, when we see to it that our drivers give her correct weight and are careful in their work, our BUSINESS obligation is discharged, but not our interest in her family's health protection.

We feel that we owe it to our customers to show them how to get the most benefit from using ice, how to save waste, how to keep the refrigerator clean and cold.

The inside should be washed at least once a week with cold water and soda; then rinsed in clean water and thoroughly dried. It should be kept literally SPOTLESS.

A single drop of milk will develop countless bacteria, start infection if the temperature permits. Keeping the ice chamber full is a big protection. Bacteria can not breed in cold air and of course food keeps better.
