When His Sweetheart Asks Him to Kill Her, He Does So.

KANSAS CITY, Mo., Oct. 10.— His fiancee asked him to kill her and early today Glenn Jenkins, 20 of Kansas City, stabbed Marie Young to death, then drove to the police station with the body and gave himself up.

Just before entering police head quarters he drank poison but he was not seriously affected.
"I am ready to be hanged," he told officers in explaining he had killed a girl. He then fell unconscious but was revived by a physi-

FOR BETTER GOVERNMENT. Yale university has received a gift of \$350,000 to establish a foundation for the study of government.

The university, according to President James Rowland Angell, will begin at once to study "those phases of American government which are of chief practical importance to the citizen"; and a vast mass of facts will be gathered to aid in the study.

Now a study of government is a valuable thing to undertake, and Yale undoubtedly will do a work of great service. Yet government, especially in the United States, is an individual matter. In the last analysis, it depends for its successful functioning on what goes on in the brain and breast of John Doe and his 120,000,000 brothers

The machinery of government -the constitution, organization and so on—may be good or bad, and a searching of it, such as Yale and a searching of it, such as Yale plans to make, will be a good thing. But the great point is this: this machinery, no matter how faulty, will work pretty well if the individual voters of the country. individual voters of the country HODGES OAK PARK P.-T. ## State Fair Sets New Records For Crowds, Exhibits

By United Press.

DALLAS, Oct. 10.—The annual State Fair of Texas which opened its gates Saturday, Oct. 6, is regarded by all who have attended thus far, to have the most complete line of exhibits, amusement features and entertainment program in all its forty-two years of history.

Record crowds continue throng the grand stand, where the horse races and Hippodrome amusements take place, the exhibit buildings and the livestock and poultry arenas.

Never before in the history of

the fair association have the merchants, agriculturists, live stock growers and regional chambers of commerce united in so great an effort to make this the greatest fair of all time.

The live stock arenas are filled with the finest of blue-blooded livestock, beef and dairy cattle, hogs, sheep, goats and poultry, which are quartered in large spacious quarters with the best of conveniences for the exhibitors. In the building designated to house the agricultural exhibits, one finds farm crop displays par excellance The exhibits are typical of Texas' immense agricultural wealth and the displays include products from
