

West Texas: Tonight partly cloudy, warmer in extreme south-east portion; Wednesday, partly cloudy, unsettled and colder in north portion.

DO YOU KNOW
The only real thinkers in America are the men of the farms and small towns, says a French diplomat. Perhaps they got that way thinking about Congress' plans for farm relief.

STATE HIGHWAY PROGRAM IS OBJECT

Christmas Lights to Blaze in Ranger Business Section

HOLIDAY LIGHTING IMPENDS

Have Equipment Used Last Year; in Place by Dec. 10.

Ranger's business section will be ablaze with gay lights betokening the approaching Christmas season. The canopy of vari-colored lights that made the uptown section so brilliant and attractive last Yuletide will be in place around Dec. 10, it is announced by Wayne C. Hickey, secretary of the chamber of commerce.

Last year, a committee of the Retail Merchants association and the chamber of commerce obtained contributions from the merchants and \$800 was spent for wires, globes and sockets. After Christmas was over, this equipment was stored away and, with the exception of a few broken globes that will have to be replaced, it is in readiness for use again.

Fire Chief Murphy, who obtained big trees for the Main street intersections, will be requested to extend his aid again this year. It is not thought that the merchants will be called on for any contribution whatever this time or, if any financial aid is needed it will be so small as to be only nominal.

Each block will have three strings of lights, straight across the street and then two strings in the form of an 'X' in addition to about 50 lights to each tree at the intersections.

The many-colored lights add a holiday appearance to the city's business district and attract shoppers as well as causing numerous favorable comments from people passing through the city. Last year, along the Bankhead highway the four cities of Strawn, Ranger, Eastland and Cisco were radiant with the electrical street decorations and tourists declared that they saw nothing quite like the series of illuminated cities in any other part of the State.

SURPRISE MAY BE WAITING

Who is going to win that game Thanksgiving day at Cisco? And from hill and dale there comes thundering back the unanimous response, "Abilene."

Maybe so, but we would like to know whether Van Horn is going to be able to play. He has been out since the Breckenridge game. He is the best passer that Cisco has—unless you claim that honor for Cotton Pippen, who was hurt last summer and has not played at all. Van Horn is likewise a good lad at hitting the line and at going around end. In short, he was the best man Cisco had at going around gaining until Kellogg burst forth in the second half in the game against Ranger and now it is a debatable question. But if both Kellogg and Van Horn were in there at the same time, along with the dashing Mr. Little, Abilene might get some real exercise.

Then there is another question that would shed much light on the matter—How much use is going to be made of Eddleman in carrying the ball? Here is one of the finest line plungers in West Texas. He seems unhurt and he almost always gains a yard or two, sometimes quite a bit more. Against Breckenridge, he was used on five straight plays and gained every time. On another spurt in that game, he carried the ball five out of seven consecutive plays. Against Ranger, he was used almost never. The proper course would seem to be between those extremes.

If Eddleman is sent driving into that line often enough to force the Eagle center to play in the line and then there is a variety of off tackle thrusts, interspersed with passes, you may see a surprise in the score.

There's just one other angle that perhaps sufficient thought has not been devoted to. That is that Abilene had a game last Saturday. They are going into the fray with their historic rivals, the Lobos, with only four days rest. Cisco, on the other hand, has had 11 days in which to get ready to play against the team that the Lobos always want to beat above everyone else.

Football, like life, is an uncertain proposition. That Turkey day game at Cisco may be a battle that will long be remembered.

FORT WORTH—School for training aviators will be located here by Texas Air Transport company.

Southern Governor Saves Her Life

Eula Elrod Thompson is smiling now, for the pretty Georgia woman, for the pretty Georgia woman, who was doomed to die in the electric chair has had her sentence commuted by Governor L. O. Hardman, to life imprisonment. Together with her husband, Clifford Thompson, and a negro, Jim Ross, she was convicted of the murder of a storekeeper. Her husband and the negro have been executed.

NICARAGUA IS GLAD TO HAIL U. S. STATESMAN

City Filled With Flowers and Flags as Hoover Arrives.

CORINTO, Nicaragua, Nov. 27.—President-elect Herbert Hoover landed here at 10:55 a. m. today, making his third port of call at a Central American republic on his good will tour. The president-elect received a friendly welcome to the flag-decorated and flower-laden city from a great throng of Nicaraguans. He conferred at once with President Adolfo Diaz.

MEXICO CITY, Nov. 27.—An attack on Herbert Hoover's good will tour was shouted down in the Mexican chamber of deputies last night. Herman Laborde, deputy from Vera Cruz, criticized the Hoover trip as an "imperialistic venture." He said the tour was designed to offset the visit of the Prince of Wales to South America in a war for trade on that continent.

A stormy session ensued. Laborde was shouted down and other deputies praised United States Ambassador Dwight Morrow. They said Mr. Hoover would be received in Mexico with open arms.

BIG DAMAGE BY FLAMES

HOUSTON, Nov. 27.—A stubborn downtown fire caused damage estimated at more than \$125,000 to the old Fox building on Main street and a number of business establishments in adjoining structures early today.

The blaze originated on the third floor of the building from undetermined causes shortly after midnight and was not brought under control until nearly daylight.

M'COY FIRE CHIEF.

SAN QUENTIN PRISON, Calif. If "Kid" McCoy, former middleweight boxing champion of the world and now chief of the San Quentin fire department, keeps adding to his wardrobe he soon may be taken as an example of what the best dressed fire chiefs wear.

The latest adornment of McCoy, who is in prison for killing a Los Angeles woman, is a white fireman's hat with the lettering "Chief S. Q. F. D." in gold.

FALL FROM BRIDGE IS A TRAGEDY

Horses Become Frightened and the Driver Loses His Life.

SULPHUR SPRINGS, Nov. 27.—The body of Richard Nunnally, 30, who died here from injuries sustained in a fall from the bridge across Sulphur river, is being held by local officers while they attempt to locate relatives of the dead man. Nunnally was driving a two-horse team with six horses and mules tied behind the wagon. The team became frightened on the bridge and the wagon tumbled into the water about 16 feet below. Nunnally was pinned under the wagon. After help came, he was brought to Sulphur Springs where he died a few hours later.

TRAIN HITS AUTOMOBILE

VICTORIA, Texas, Nov. 27.—Mrs. Matthew Davis, 36, wife of a Victoria county farmer, was killed, and her two children and mother, Mrs. C. W. Ball, suffered minor injuries when a Southern Pacific freight train struck their car at Spring creek crossing near here this morning.

SERUM LIKELY PREVENTIVE OF YELLOW FEVER

World Will Know in Half Year Results of Experiments.

PARIS.—Within six months or less the world will know definitely whether a cure and preventive for yellow fever has been discovered.

A serum which has been 100 per cent successful with Asiatic apes who are more subject to the disease than human beings has been sent—600 vials of it—to the medical offices of the French North African colonies for distribution. The discovery of the cure represents two years of unremitting labor by Prof. August Pettit, of the Pasteur Institute.

Dr. Pettit, in his report to the Academy of Medicine, expressed gratitude to Professor Sellards, of Harvard University, who in 1927 travelled through the fever region with a cage containing two Asiatic monkeys. African monkeys, being immune, are of no use. Sellards succeeded in inoculating the apes and thereby obtained a virus which upon his arrival in Paris he generously placed at the disposal of Dr. Pettit.

Pettit pointed out that the discovery was made possible only by a reversion to the original theory of the American Commission of 1902 which decided that yellow fever was caused by an invisible virus, a theory which was confirmed a year later by the Pasteur Institute. Noguchi, the great Japanese, upset the virus theory in 1918 by insisting that the disease was caused by a microorganism, the spirochete.

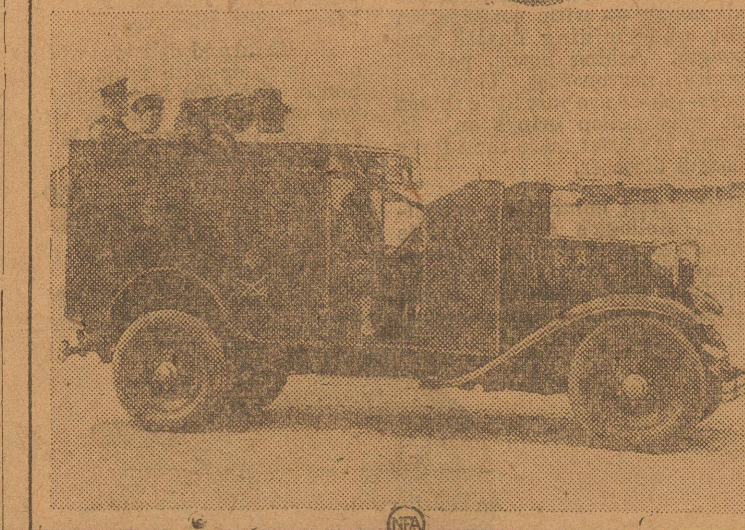

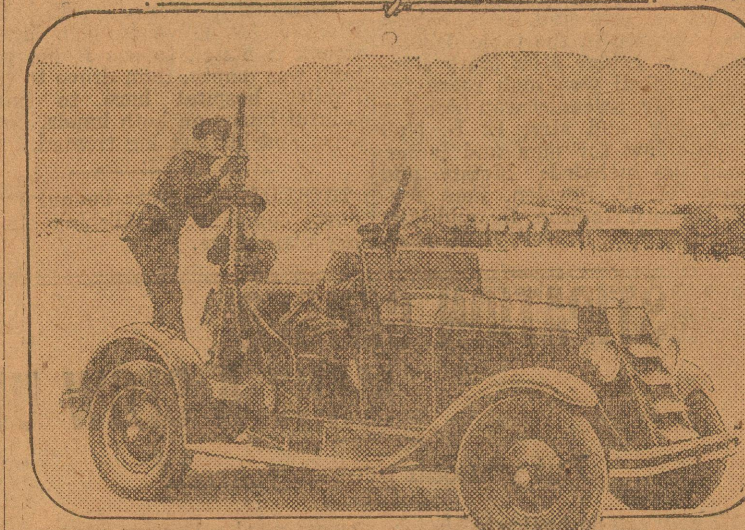

Noguchi and Stokes both have died in the last twelve months of the disease they were studying. In discussing the new serum, Dr. Pettit showed that so far as the apes were concerned, it had a positive and infallible preventive action when used as a vaccine, and was equally effective when used to cure sufferers from the disease. These apes contract the disease more readily than human beings, and succumb more readily, the mortality rate being about 70 per cent.

Six hundred vials are now being employed on sufferers in Africa and it is anticipated that reports of its action will soon be available. Dr. Pettit expressed the belief that the serum would be found, with a few minor modifications perhaps, to be a cure for the malarial among human beings.

SLOW GETTING JURY.

CHICAGO, Nov. 27.—The usual trouble in selecting a jury not opposed to the death penalty delayed the trial of three men charged with kidnaping 10-year-old Billy Ranier.

Clank, Clank! Here's the Cavalry!

The picturesque cavalryman of tradition may soon be only a memory, as a result of tests with a motorized cavalry unit made by the U. S. army. A detachment of seven armored cars, designed to replace the old-fashioned mounted troopers, completed a 2000-mile overland trip from Maryland to Ft. Bliss, Texas, and drew enthusiastic comment from officers in charge. Above is one of the light scout cars, fitted with two one-pounders that can be used as anti-aircraft guns if necessary; below is a heavier model, equipped with .30 and .50 caliber machine guns.

NOTABLES ARE IN SMASHUP; HURT TOTAL 7

Homer Wade, Manager W. T. C. C., is Injured. No One Seriously Hurt.

AUSTIN, Nov. 27.—State Senator Edgar Witt of Waco, J. M. Penland of Waco and Homer D. Wade of Stamford were injured last night in an automobile collision at Troy while en route to Governor Moody's highway conference which convened here this morning. All were able to continue to Austin.

Penland was severely cut about the head and Senator Witt had one leg hurt and received numerous cuts. Wade was thrown out of the car but escaped with small cuts. The accident occurred when a motor truck, going north, skidded. Four persons on the truck, including the driver, Frank Fuller of Waco, were slightly hurt. Members of the party coming to Austin were treated at a Temple hospital. They secured another car to finish the trip.

MYSTERY SURROUNDS ATTACK MADE ON A NEWSPAPER MAN

DALLAS, Nov. 27.—H. C. Lennington, 56, manager of the Oaklawn News Bulletin, lay in a hospital today with a severe head injury after he was found stumbling through the streets in a semi-conscious condition early this morning.

He was suffering from concussion of the brain and had been unable to speak since he was received at the hospital. Attendants said a stranger brought Lennington to them and said that he had found Lennington leaning against a telephone pole at a street intersection. Attendants said the stranger left without leaving his name.

Police started a search for the stranger as they believe he might be able to give them further information. Lennington's clothing was drenched and in disarray. Change found in his pocket indicated that his injury was not inflicted with the motive of robbery. Doctors said his injury indicated to them that he had been slugged on the head with a blunt instrument. Although his condition is serious, doctors said that he would live.

CRISP DAY FOR GAME IN RANGER

Bulldogs Meet Breckenridge Buckaroos at 2:30 This Afternoon.

A cool, cloudy day dawned for this afternoon's struggle that means so much to the Ranger Bulldogs. If they are able to defeat the big team from Breckenridge, the local lads will have another chance at the district championship in a game with the winner of the Abilene-Cisco struggle. Defeat today however would eliminate Ranger from the race.

Indications pointed to a big crowd at 2:30 today. The game has aroused lots of interest in the oil belt, particularly in the two cities whose teams will clash and a delegation of a thousand or more is expected from Breckenridge while the attendance of Ranger fans will be much greater than this figure. In addition, there will be numerous spectators from Eastland, Strawn and other cities of this territory.

Ranger's probable starting lineup will be: Tully and Mills, ends; Love and T. Hinman, tackles; Mitchell and Bumpers, guards; Horton, center; G. Hinman, quarterback; Hamilton and Whitehall, halfbacks; McLaughlin, fullback; though Bowden, end; Bohannon, center, guard and end; Seay and Caraway, backs, may draw a starting assignment.

Coach Shotwell of Breckenridge is noted for his reticence with reference to his starting lineup. However, it is probable that Robinson will be at quarterback; Boon Magness and Graham at halfback positions and Pruitt at full; McClain and Carey, ends; Cox and Downing, tackles; Cook and Munnerlyn, guards; Beadle, center.

COPS STRIKE WHEN UNPAID

VERA CRUZ, Mexico, Nov. 27.—The city was without police protection last night when the force refused to go on night duty until paid back salaries owing for two months. The mayor told them that the city treasury did not contain a cent.

"Flu" Situation Proves Serious

LOS ANGELES, Nov. 27.—More than a score of deaths and thousands of cases of illness were reported today from widely scattered cities of the West where epidemics of influenza and scarlet fever have appeared.

The present prevalence of influenza followed a severe outbreak of the disease in San Francisco where 55 deaths occurred in October and the early part of November. Nearly 4,000 persons there were ill of influenza during that period but Dr. Wm. Hassler, city health officer, said the situation was improved greatly because of heavy rains.

The situation appeared to be improved in Los Angeles where 14 influenza deaths have occurred in a week. Four hundred new cases of the disease were reported yesterday. Clara Bow, motion picture actress, was one of the latest victims. It was understood that more than 1,400 persons in Los Angeles were suffering from the epidemic.

SAFE ROBBED; \$30 OBTAINED

Robbers who knocked the knob from the safe at the Ranger Steam laundry and obtained approximately \$30 are still at liberty though police are at work on the case.

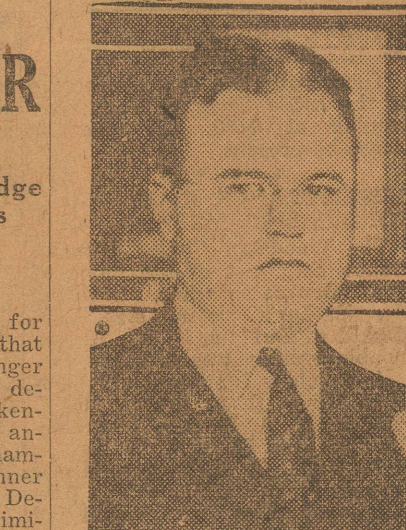

Red Cross Quota Is 250 Members

Eastland county's quota in the annual Red Cross membership campaign is 1,000. Of this number, 250 have been allotted to Ranger. Membership is \$1.

Buttons have been received by the chamber of commerce.

CORPUS CHRISTI—Building permits for this year reach five million dollar mark.

In Philadelphia Police Shake-Up

Philadelphia's new Director of Public Safety, Major Lemuel E. Schofield, formerly chief aide to District Attorney John Monaghan in the spectacular expose of police graft and racketeering, is pictured at the top. Below is the man he succeeded, Harry C. Davis, many years a friend of Senator-elect William S. Vare. His resignation was announced by the mayor.

PRINCE WILL RETURN HOME IS REPORTED

King George's Condition Shows Some Improvement, Bulletin Says.

LONDON, Nov. 27.—An official bulletin issued at Buckingham palace at 11 a. m. today said, "His majesty the king spent a more restful night. His temperature is somewhat lower. Conditions are otherwise unchanged."

Intense anxiety was felt through the British empire as reports spread that King George's condition had become "most unsatisfactory." Sir Stanley Hewett, the king's physician, was recalled to Buckingham palace last night and remained there until 1:30 p. m. The Daily Mail said it understood the physicians were recalled because the king's condition had become unsatisfactory and that no sign of progress had been revealed.

LONDON, Nov. 27.—An Exchange Telegraph dispatch from Capetown said a report had been received there today from Dodo that a coast message had arrived from London. The message was believed to contain instructions for the Prince of Wales to return home. The Exchange Telegraph dispatch added that the provincial commissioner was reported to have received the coast message at Dodo shortly after 10 a. m. and he at once in a fast automobile went to meet the prince en route from his hunting camp.

Endurance Flight Proves Failure

FRESNO, Calif., Nov. 27.—The monoplane Albatross was landed 40 miles from Fresno early today after an unsuccessful attempt by Lee Shoenhair and Guglielmo to establish a new world's flight endurance record. The flyers brought the big craft to the ground when it became evident they lacked sufficient gasoline to set a new record.

SESSION OPENS AT CAPITOL

Hear Addresses of Governor and Highway Commission Chairman.

AUSTIN, Nov. 27.—Texas with all its highway expenditure has not yet reached one completed highway, Chairman R. S. Sterling of the highway commission this morning told a citizen's advisory committee which met here at the call of Governor Moody to formulate a road program to be recommended to the legislature.

Governor Moody opened the conference with the declaration that highways are what the people of Texas want at this time more than anything else.

The governor said the conference is not called to usurp functions of the legislature but to suggest something that will enable legislation to be passed during the coming session. He announced frankly that he opposes the plan of a highway commission of seven elected members and will veto such legislation if passed.

Possible withdrawal of Chairman Sterling from the highway commission was indicated in his address in which he told of the demands of the work and said he would not promise not to ask relief before his term expires.

He referred briefly to his proposal for a state-wide road bond issue, saying that he would like to appear later before the finance committee proposed by the conference. This committee, one on conference one on motor registration tax and fees, were authorized at the suggestion of Gov. Moody. They are to be named at the afternoon session.

Object to Charge of \$1 Over Bridge

Special to The Times.

EL PASO.—Protest over the \$1.00 bridge toll charged to cross the highway bridge over the White River at De Valls Bluff, Arkansas, was made to the war department today by H. W. Stanley, manager of the Broadway of America, in a letter to Maj. F. B. Wilby, district engineer at Memphis.

"In protesting the rates of toll now charged by the White River Bridge company we speak for and in behalf of the tourist traffic of the nation that uses the southern route in transcontinental travel. Our attention has been called to the toll now charged, by scores of tourists as far as El Paso and San Diego," Stanley wrote.

"Many declared that they would not drive over the road until the toll bridges and toll ferries had been removed. We consider the existence of such a barrier to the free movement of the natural flow of tourist traffic that would each year use this great all year route.

"Such a company is entitled to a just return on their investment," Stanley wrote. But in the case of the White River bridge he says: "We understand that this structure was built from salvaged steel, that once formed one of the bridges across the Arkansas River at Little Rock. The actual cost of construction has been estimated to have cost anywhere from \$125,000 to \$200,000." On this capital investment Stanley declared a \$1.00 toll was too much. The expected earnings of the bridge for this year are said to be \$120,000. Sixty percent of the traffic is tourist. Those living near the bridge are able to buy tickets good for ten crossings at \$2.50. The Broadway of America is asking that the toll charged tourists be brought to an equal basis, removing the discrimination now apparently existing.

Agriculture Class Will Do Terracing

The vocational agriculture class of the Ranger high school has taken up terracing and next week the class plans to terrace a farm. The new machine will be used. A number of inquiries have been received, showing interest in the machine, and Ben Whitehouse, agriculturist, plans to conduct a great deal of terracing. The class will do some of the terracing and the agriculturist will do much of it.

A PAGE FROM LIFE.

Day was drawing to a close—a dismal day of gray clouds, a melancholy drizzle and a chill wind. Into the newspaper office came a man, plainly dressed, his hair gray. He asked for work. He was a newspaper man who had lost his position in a merger of newspapers in a big western city.

In an embarrassed way, he told of having caught rides along the highway and of being down to his last dime. He was "staked" to a meal and, for a night's lodging, he was directed to the Salvation Army, that harbor for the derelicts that drift and toss upon the sea of life.

Here was a tragedy, such as you read of in books. Free in his man, once gay and care-free in his youthful days, dreaming of lofty achievements. And now, here he was, without a job, without a home, without friends, without food, with not even an overcoat to shield him from the wintry blast—forced to swallow his pride and ask aid from strangers.

After he had gone, it seemed as though one had gazed into the fearsome recesses of a dark cavern filled with grimness, almost with despair.

It made one thankful for the home at the end of the day's work where cheerful fire is sparkling on the hearth, where the smile of a wife awaits, where a supper is piping hot and then, after a hearty repast, a congenial volume stands waiting on the shelf or music is ready to be drawn out of the air.

It made one thankful for familiar faces all around, on the streets and in the offices and stores, the faces of those who know a fellow and are interested in him; and thankful too for the familiar sights, the shops and streets, that form the background of life; and the job where one feels that he is having a part, however humble, in the useful work of the world; a job, furthermore, that assures him of the necessities and at least some of the luxuries of life.

How different, that, from wandering in strange scenes, with not a smile of recognition or a word of friendly greeting from all the crowds that hasten by; with your body chilled to the bone and, your being craving food imperiously and with no assurance of shelter for the night—as you look with longing at the pastries in the bakery window, as you gaze into the warm, well-lighted cafes where people leisurely enjoy thick steaks and savory soups and dainty desserts; or as you watch the luxurious sedans that glide by; or as you stand for a moment in front of a theatre within which hundreds of people are watching with sympathy the shadow story of make-believe grief that, if real, would not be half as poignant as the unhappiness of the wanderer who stands outside.

Thanksgiving is almost here and, when the average man contrasts his lot with that of the homeless outcast, he finds many, many things to be thankful for.

It may be argued that these unfortunate men are largely responsible for their condition. Thrift and diligence would have saved them, it may be contended. But sometimes illness plays a part; sometimes the blow of a mother's death tears a ship loose from its moorings; sometimes an intense impulse—a thirst for strong drink, the lure of travel—is responsible. Whatever the cause, the effect is here. Hosts of such men are in the world. They are in need. They are fellow human beings.

The Salvation Army helps to feed and shelter these unhappy men. It seeks to give them a happier outlook, to rouse dormant ambition, to convert them into useful citizens for this world and to save their immortal souls for the world to come. The Salvation Army, to carry out its activities, needs funds. A campaign is in progress here. Your dollar or your

ten dollars will help in this work. "I was in prison and ye visited me . . . I was sick and ye ministered unto me. . . Even as ye did it unto the least of these, my brethren, ye did it unto me."

If you cannot literally visit those in prison or minister to those that are sick, you can give your part—even though it be the widow's mite—to make possible these Christian acts and as you are busy at your daily job, you will—through the sacrifice you have made in giving a portion of what you have earned—be comforting the afflicted and distressed. And then, at the last, will you not hear those blessed words, "Enter thou into the joy of thy Lord?"

CHILD STUDY ASSOCIATION NO. 2 TO MEET.

The Child Study Association No. 2 will meet at the home of Mrs. W. W. Mitchell, in the Tee Pee camp, Wednesday afternoon, 2:30 o'clock. The subject for the afternoon is "Politeness," with Mrs. Alex Robinson leader.

PERSONALS.

Wardell McClean and C. B. White of Cleburne are visiting at the home of Mr. and Mrs. G. D. Nevill.

Miss Louise Bullard of Breckenridge was the guest of Mrs. G. D. Nevill Sunday.

Miss Arrita Davenport has returned from a visit to Wichita Falls. While there Miss Davenport was the guest of Mrs. J. E. Scott and Mrs. David Holbrook.

Tom Hicks, son of Mr. and Mrs. F. D. Hicks, who recently underwent a minor operation, is reported to be rapidly recovering.

Mr. and Mrs. Roy T. Earnest have returned from a trip of several days to points in West Texas.

Dr. and Mrs. J. A. Shackelford have had as their guests, Dr. and Mrs. E. May of Whig, Texas. Dr. and Mrs. May formerly lived in Ranger.

NOTICE LEGION AUXILIARY.

The American Legion Auxiliary will not meet Thursday, Nov. 29, as planned, but will meet Dec. 6, at the Legion hall.

HUNTERS GET THEIR DEER.

Mr. and Mrs. Steve Gilbert and Mr. and Mrs. Casey Agrellius of Brownwood have returned from a hunt in Mason county. Mr. Gilbert and Mr. Agrellius each got their quota of deer, killing two each.

THANKSGIVING MUSICAL TEA.

Mrs. M. R. Newnam entertained with a musical tea in honor of the pupils who made the highest average in practicing. Wilma Carlisle, Nanny Catherine Newnam, Myrtle Lucille Mills, Margaret White, and Betty Dunlap made the highest average in practicing while Wilma Carlisle, Myrtle Lucille Mills and Betty Dunlap made the highest grades. The affair was indeed a success, and was enjoyed by every one. Sight reading and ear training games were played. Mildred Moorman was given an ear-training test. Mrs. Newnam rendered a beautiful vocal solo, "Under the Lilac Tree." Refreshments of ice cream molded

into turkeys, with cookies, were served.

LETTERS TO SANTA CLAUS.

Dear Santa Claus: I wish you would bring me a lunch pail, a pair of skates, and some more nice things and also bring me some nuts, candy and fruit. Santa, remember all of the little girls and boys. Your little friend, Dessie Hartin.

Dear Santa: I am a little boy 3 years old. I want a little red wagon, a ball, a pop gun, and a big football to play with. Don't forget the candies, fruits and nuts. Your little friend, A. J. Pellam.

I am 7 years old, and in the second grade. Please bring me a farm wagon with a top on it. I wish you a Merry Christmas. Roger Walton.

MRS. McFALL ENTERTAINS WITH DINNER AND BRIDGE.

Mrs. L. C. McFall entertained with a turkey dinner and bridge party at Acorn Acres Saturday evening. The rooms were beautifully decorated with chrysanthemums, carrying out the color scheme of gold and black, which was also used in the table decorations. In bridge Miss Mary Bonner Campbell won high score for ladies. Mr. Sweeney won high for men. Mr. and Mrs. E. B. Neil winning low for men and ladies. Guest list included: Messrs. and Mrs. W. P. Bowden, Pete Jensen, Howard Gholson, Dr. and Mrs. C. C. Craig, E. B. Neil, B. H. Mur-

PHYSICIAN'S ADVICE.

Every meal. Doctors recommend ALL-BRAN because it is 100% bran—100% effective. Healthful and delicious with milk or cream, or with fruit or honey added. Sprinkle into soups. Recipes on package. Sold by all grocers. Served everywhere. Made by Kellogg in Battle Creek.

Constipation Causes Many a Slow Up

But you can protect yourself. No man can do justice to his job—no woman can remain vivacious and happy—with constipation daily undermining health and strength. Aching heads, painful muscles, nervousness, blemished cheeks—these are just little things that constipation brings on. In the end, it causes more than forty dreadful diseases.

Begin now combating constipation. Kellogg's ALL-BRAN is guaranteed to relieve it. More to prevent it. Just eat two tablespoonfuls daily—chronic cases.

They Want Those Dry Agent Jobs

Special to The Times. WASHINGTON, Nov. 26.—The Civil Service Commission states that nearly 10,000 applications were filed for the prohibition examination, acceptance of applications for which has just been closed. The applications are for the second examination announced for this work, the first examination having failed to provide enough eligibles to fill all the jobs. The examination will be held in December. Admission cards which will be sent to applicants will show the date.

Those who qualify in the experience requirement and the written mental test will be called for a personal interview and will be subject to further investigation of their fitness. The fingerprints of all applicants who are investigated will be taken and will be used to check the accuracy of the applicants' statement as to arrest, indictment, or conviction for crime or misdemeanor.

Of more than 21,000 applicants

for prohibition examinations held prior to the present one only about 4,000 became eligible for appointment.

OCCULT SOCIETY.

By United Press. NEW ORLEANS.—The Occult society of New Orleans, designed as a permanent "clearing house of philosophies" and "forum for the exchanges of the ideas" has been formed here by students of many different occult philosophies.

Members encountered difficulties in agreeing on meeting nights. Astrological influences and especially a particularly potent influence of Jupiter combined to make the selection difficult but the second and fourth Friday evenings of each month were named. The society will consider colors and rhythms which enables a person to determine what particular color he vibrates and what color his personality is in tune with; numerology, discussion of numbers; graphology, discussion of handwriting; palmistry, study of future in relation to the hand; mental hygiene; mental and spiritual healing; roiscrucianism, "study of life"; mental telepathy; new

thought and spiritualism. Members said occult, in its true meaning, simply refers to hidden truth.

BIG SPRING.—Church of Christ will build \$15,000 structure on South Main street.

BOGATA.—3,628 bales of cotton ginned in three local gins to date.

All Over The World PIGGLY WIGGLY All Over The World

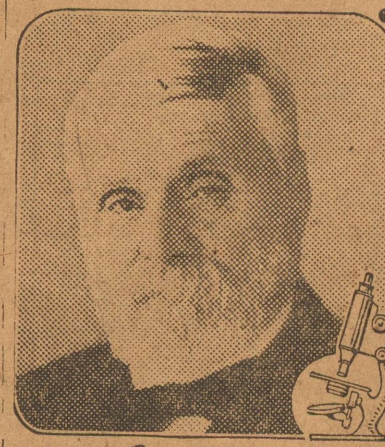

Whoofus Whiffletree's Woozy Wonderings

The season of picking all-district and all-conference teams is almost here again. In fact one Oil Belt scribe has already announced his backfield. His pick is Massey and Baker of San Angelo,

Altman Smith and Phelps of Abilene. One trouble with this backfield is that there is not a real punter in the lot. And there is only one passer—and he is not the best in the district, to our way of thinking. Still another thought: The fact that two men on the same team look good enough for all-district selections is a pretty good indication that neither rates such a distinction for the reason that each helps the other and that, if either were placed on a team in which he was the only real ball-carrier, he would be a marked man and would not shine to anything like the extent he does when he has a running mate who is just about as good and therefore the opposition has to watch both threats instead of concentrating on one man.

Prescription He Wrote in 1892 is the World's Most Popular Laxative

When Dr. Caldwell started to practice medicine, back in 1875, the needs for a laxative were not as great as they are today. People lived normal, quiet lives, ate plain, wholesome food, and got plenty of fresh air and sunshine. But even that early there were drastic physics and purges for the relief of constipation which Dr. Caldwell did not believe were good for human beings to put into their system. So he wrote a prescription for a laxative to be used by his patients.

J. B. Caldwell, M.D. AT AGE 83

The prescription for constipation that he used early in his practice, and which he put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid vegetable remedy, intended for women, children and elderly people, and they need just such a mild, safe, gentle bowel stimulant as Syrup Pepsin.

Under successful management this prescription has proven its worth and is now the largest selling liquid laxative in the world. The fact that millions of bottles are used a year proves that it has won the confidence of people who needed it to get relief from headaches, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds and fevers.

Millions of families are now ever without Dr. Caldwell's Syrup Pepsin, and if you will once start using it you will also always have a bottle handy for emergencies. It is particularly pleasing to know that the most of it is bought by mothers for themselves and the

children, though Syrup Pepsin is just as valuable for elderly people. All drug stores have the generous bottles, or use this free coupon:

FREE BOTTLE MAIL TO "SYRUP PEPSIN," Monticello, Illinois. Please send bottle of Dr. Caldwell's Syrup Pepsin to try, entirely FREE. Name, St., P. O.

We would hate to think that with seven teams in the Oil Belt district, only two teams have all-district backfield men. From the Ranger, Breckenridge, Cisco and Eastland teams, a backfield could be chosen that would at least equal the San Angelo-Abilene array, in our judgment. For instance, Hammett at quarterback; Boon Magness and Connie Smith at halfbacks, and Eddleman at fullback. There you have three triple threat men—a trio of lads who can really kick, pass and run—and you have a big, powerful fullback always good for that one yard through the line. Furthermore, there is only one really small lad in the group and, when it comes to breaking up passes and running interference, it is valuable to have good sized players.

Don't misunderstand us, the above is not our all-district choice. It is only a "for instance" exhibit. We don't intend to do any picking until the season is over. Some lad that has just been going along at a normal gait may suddenly bust loose and make you forget the others. Look how Keyes performed against Abilene last year. On the other hand, some lad who has been going good may flop completely in a critical game. Of course, the work that a player does through the entire season should form the basis but you can't judge his work until he has played all his games anymore than you can tell who has won an election until all the returns are in.

All conference selections are sometimes peculiar, indeed. Take the sports writers of the Southwestern conference, for example.

Real Meats When you want a real meat dinner phone us for the meat. Traders Grocery & Market, Inc. Phone 192 Ranger

Frequently they pick a quarterback and a pair of halfbacks strictly upon their ground-gaining ability forgetful of the fact that a small lad who sparkles at carrying the ball probably had a couple of running mates to aid him on the interference and that at running interference himself the little lad might not have been so good. What can he do on defense? is a question that deserves an answer. One team doesn't have the ball all the time. When the other side is carrying the ball, is the flashy offensive halfback a brilliant defensive man as well? Cor-

A Sour Stomach

In the same time it takes a dose of soda to bring a little temporary relief of gas and sour stomach, Phillips Milk of Magnesia has acidity completely checked, and the digestive organs all tranquilized. Once you have tried this form of relief you will cease to worry about your diet and experience a new freedom in eating. This pleasant preparation is just as good for children, too. Use it whenever coated tongue or fetid breath signals need of a sweetener. Physicians will tell you that every spoonful of Phillips Milk of Magnesia neutralizes many times its volume in acid. Get the genuine, the name Phillips is important. Imitations do not act the same!

PHILLIPS Milk of Magnesia

CRIMINAL CASES START IN 91ST.

(Eastland Telegram) Judge Elzo Bean of the 88th district court this morning took up his criminal docket and called a number of cases for trial. Among these was the case of Mrs. Eula Roberts, charged with the theft of a watch valued at \$60. This case went to trial at 11:00 o'clock a. m. The defendant pleaded not guilty. The case of John W. Brawley, charged with possession of liquor, was passed until December 17th, on illness of the defendant. Pete Spivy, charged with cattle theft, will face trial this afternoon as his case is set for that time. C. C. Custer and R. L. Custer, both charged with possessing liquor announced ready for trial as did District Attorney J. Frank

temegla of S. M. U. used to win all-conference rating at fullback. Many fans wondered why. He did not show up magnificently as carrying the ball. It was largely his defensive work and that phase of football is always more difficult for the average spectator to see. CRICKET BAT. By United Press. BURWASH, Sussex, England—Rudyard Kipling's signature on a cricket bat which is being sold by a ticket raffle to raise funds for the local cricket club, has suddenly made that bat probably the most valuable in the world. Although up to the time that Kipling wrote his signature to the bat, some 200 well known cricket players had found room on it to write their names, promoters of the raffle found ticket-selling a slow and tiresome task. Then Kipling was persuaded to affix his signature along with the others, and immediately there was a scramble for the remaining tickets. The name of the winner of the raffle probably will be announced Christmas eve.

Sparks representing the State. These cases are to be taken up as soon as the court can get to them. The case of the state of Texas vs. Henry Mashman, charged with burglary, was postponed. In the case of W. H. Baker, charged with possessing liquor, the defendant was ill and the case was postponed until Wednesday morning at 9:00 o'clock. All witnesses in the case were excused until that time.

MANILA WARS ON RATS. MANILA.—The Philippines are to be made healthy for humans by becoming unhealthy for rats. Representatives of the U. S. army, the public works department, the bureau of health and other organizations have joined in a comprehensive plan framed by Dr. R. W. Hart, chief quarantine officer. This plan provides for rat-proofing port areas and storehouses, a concentrated campaign of trapping and poisoning, laboratory examination of rat carcasses to discover the earliest evidences of bubonic plague, and determination of "the flea index for various ports of the islands."

Menus Suggested For Under-Weight

The person who wishes to gain weight must eat more food than is necessary to meet his energy requirement; and his diet must be chosen largely from foods which supply fat. Fat or starches and sugars, which the body readily changes into fat, figure largely in the diet of one who would put on some extra pounds.

It is quite essential that a one-sided diet of fat producing foods is not adopted. It is of utmost importance that tissue-building foods, such as meat, eggs, cheese, etc., and body-regulating foods such as fruits and green vegetables which furnish minerals and vitamins are included.

The menus suggested below are suitable for those who would increase their weight. Of course, generous servings must be eaten. Extra nourishment should be taken in the mid-afternoon and before retiring. This may be some sort of a milk or cream drink, an egg nog, or a chocolate drink.

Rest is of special importance if one would put on weight.

Breakfasts.

1. Orange, cereal with cream, meat and potato cakes, toast, butter, marmalade, coffee or cocoa.

2. Grapefruit, cereal with cream, soft boiled egg, bacon, toast, butter, coffee or hot chocolate.

3. Baked apple with cream, cereal with cream, scrambled eggs and bacon, bran muffins, cocoa or coffee.

Luncheon.

1. Cream of corn soup, crackers, banana and nut salad with

ELIZA, pursued by bloodhounds, escapes across the river on the floating ice. Scene from 'UNCLE TOM'S CABIN', A UNIVERSAL MASTERPIECE

At the Arcadia Thursday, Friday and Saturday.

mayonnaise dressing, bread, butter, milk, ginger-bread with whipped cream.

2. Creamed asparagus on toast, string bean salad, baking powder biscuits, butter, honey, cocoa.

3. Baked beans, chili sauce, vegetable salad, brown bread and

butter, baked custard and cream, milk.

Dinner.
 1. Meat pie with vegetables, cole slaw, bread and butter, apple salad, bread and butter, toes, mashed turnips, carrots and date pudding with whipped cream, nut salad, hot rolls, rice pudding with cream, milk.

2. Broiled ham, baked sweet potatoes, creamed onions, spinach, cole slaw, bread and butter, apple pie, cheese, coffee.

3. Pot roast, gravy, brown potato, carrots, mashed turnips, carrots and date pudding with whipped cream, nut salad, hot rolls, rice pudding with cream, milk.

A Famous Scene

BANQUET GIVEN MANAGERS A. & P.

Managers of 10 retail stores of the Atlantic and Pacific Tea Company, officials of the company, their wives and families were guests R. H. Crocker, general superintendent of the Texas division, at a banquet, held at the Gholson Hotel, Ranger, Sunday noon.

The banquet was extended to managers of this district, as a reward for a contest recently conducted by the company in the unit of which this district is a part.

Short talks were made by Crocker, W. A. Evans, superintendent, Fort Worth, R. Lackie, sales manager, Dallas and W. J. Steen, assist-

ant district superintendent, Eastland.

The banquet was held in the Green Room on the mezzanine floor of the Gholson. Thanksgiving decorations were used. Favors consisted of cigarette lighters for the men, and sterling silver vanities for the women.

A turkey dinner was served. Store managers present were M. P. Herring, Eastland, G. H. Rusk, Ranger, G. E. Cheaney, Breckenridge, W. Ruth, Breckenridge, J. E. McDonald, Mineral Wells, B. J. Vaney, Albany, W. Smith, J. R. Meadows, Otis Woods, G. Harris, Abilene, H. McJimsey, Graham.

CARD OF THANKS

We wish to express our appreciation for the many beautiful floral gifts and for the kind deeds of our many friends during our recent hours of bereavement with the loss of our dear little daughter, Dorothy Vernon Lingle.

May God bless you.—Mr. and Mrs. J. C. Lingle.

"We Believe In Ranger"

IT PAYS TO ADVERTISE

It is always the merchant who advertises, who sells his merchandise for less. Success of the stores which rely upon newspaper publicity gives of its self conclusive proof of that assertion. The store which sells a hundred dresses at \$2.00 each makes more money than a store which sells 10 dresses at \$3.00 each. Money making in merchandising lies in volume of business done, and not in the size of the amount or profit on each sale. And that is why the merchant advertises that he can sell you merchandise for less; and why he can greatly undersell the merchant who does not advertise. The cost of his advertising is but an inconsequential item, for it brings the customers to his store by the thousands while only a handful seek for themselves "bargains" in the stores of the non-advertisers. So it pays and pays to advertise.

Jackets Hoping to Win Championship of the Conference

Special to The Times.
BROWNWOOD, Nov. 27.—Coach Joe Bailey Cheaney of the Howard Payne Yellow Jackets, has been working his men behind closed gates the past few days in preparations for their all-important game here. Thanksgiving with the powerful Southwestern University Pirates, 1927 champions of the Texas Conference, and with the public barred from the field, the Jacket mentors have been spending long hours giving their charges additional plays to be used against the Pirates next week, as well as against the Simmons University Cowboys, who come to Brownwood December 7 for the final clash of the current season for the Jackets.
Every man on the Howard Payne squad is in the best condition for their important clash with Southwestern and it is almost a certainty that the Jacket mentors will have their full strength at command for this game.
By winning from Southwestern, the Jackets can cinch for themselves the 1928 Texas Conference championship, with four victories in as many starts. After the Pirate clash, the Jackets have only one more conference foe, but even a loss in that game would not keep them from being crowned champs. However, Howard Payne does not intend to lose either game.
When St. Edwards University trampled the Simmons University Cowboys under foot last Friday by a 26-0 score, they did the

Jackets a big favor, in that they removed from the running the only serious contender for highest honors, other than the Brownwood machine. St. Edwards assured for themselves second place in the final compilation, regardless of what other teams do before the season closes. The Saints closed their conference schedule and have three victories and one defeat, the lone reversal being at the hands of the Yellow Jackets, that by a 16-0 score.
The game here Thanksgiving with Southwestern is expected to draw a record breaking crowd and in preparation for this tilt, Jacket officials have placed additional stands on the east side of the gridiron, making it possible to seat at least 10,000 fans. It is destined to go down in history as one of the grid classics of the 1928 season.

Eight Aggies Will Play Final Game

Special to The Times.
COLLEGE STATION, Tex.—When the Texas Aggies don their uniforms for the annual grid classic with the Texas Longhorns on the Memorial Stadium gridiron at Austin Thanksgiving Day, eight of them will be putting on Aggie uniforms for the last time. These players are: Captain Willie Bartlett, one of the outstanding line-men in the conference; Hershel Burgess, hard driving Aggie full-back; "Red" Petty, one of the most brilliant ends in the conference; W. E. Davis, fleet Aggie quarterback; C. E. Richter, powerful Aggie left guard; J. H. Cuthrell, big tackle who apparently found himself in the last few games the Aggies have played; "Happy" Colgin, diminutive half-back; and W. C. Rowland, 198-pound tackle.
Bartlett, Burgess and Petty will be closing their third year as members of the Aggie lineup. Bartlett, last year the choice of many scribes for all-conference center, is captain of the Aggie eleven and this year has won much praise both as a center and a tackle. Burgess has played fullback all of the three years he has been with the Aggies. Petty, for two years running-mate of the stellar "Siki" Sikes, this year is one of the leading contenders for all-conference wing position. Davis and Richter were lettermen on Coach Bible's championship eleven last year and Colgin earned a letter the preceding year in the Aggie backfield. Cuthrell and Rowland were squadmen last season.
In St. Louis the other day Miss Irma Mason, 18, married Henry Auer, 76. Maybe she merely wanted to improve the shining

FAVOR APPROPRIATION.
By United Press.
AUSTIN, Nov. 26.—It will cost Texas \$38,226 a year for having a governor in 1930 and 1931 if the legislature follows the recommendations of the board of control budget. The board is submitting to the legislature the amount just as requested by the governor.
The amount asked is \$5,391 more than was expended during the last fiscal year by the executive department. It is the same amount that was appropriated for

the past two years.
Repairs made to the executive mansion made it possible to cut the fuel expenditures. Under a system now used the governor's proclamations are prepared in the office of the secretary of state, relieving part of the expense. Harry Miller as lieutenant governor nor draw only \$99.03 of the \$500 set aside to pay him when acting as governor. The governor's salary of \$4,000 is included in amount.
CORPUS CHRISTI.—Construction of new storm tower on ship channel progressing.

- Misses' Rayon Combination Suits, sizes 2 to 16, 98c

For Colds -

How many people you know end their colds with Bayer Aspirin! And how often you've heard of its prompt relief of sore throat or tonsillitis. No wonder millions take it for colds, neuralgia, rheumatism; and the aches and pains that go with them. The wonder is that anyone still worries through a winter without these tablets! They relieve quickly, yet have no effect whatever on the heart. Friends have told you Bayer Aspirin is marvelous; doctors have declared it harmless. Every druggist has it, with proven directions. Why not put it to the test?

This Texas Girl is Happy Now

The quick, easy way those ailments of children, such as headaches, feverishness, biliousness, coated tongue, bad breath, no appetite or energy, etc., simply vanish with the first few doses of California Fig Syrup, is always a surprise to those who use this fine old medicine for the first time.
Weak, puny, restless and cross children never fail to pick up weight and gain strength and energy under its gentle influence. It stimulates the appetite, regulates the stomach and bowels and gives these organs tone and strength so they continue to act normally, of their own accord.
A well-known Texas mother, Mrs. E. Gardner, 1429 Barnett Street, San Antonio, says: "Pauline is rosy-cheeked, bright-eyed and happy, now; but when she was two years old we had a lot of trouble with her. Her stomach and bowels seemed to be weak. She suffered from constipation and biliousness until she was fretful and peevish most of the time. Then we gave her some California Fig Syrup and her trouble stopped quick. We kept on giving it to her and soon she was well and strong."
Be sure to ask for California Fig Syrup by the full name so you'll get the genuine, endorsed by physicians for over 50 years.

...spotless linens on THANKSGIVING DAY

You have only a short time now in which to choose new Linens for Thanksgiving, but if you come here you'll find just what you want. Imported Madeira and genuine Linens.

- Bridge Sets
