

Around Town

The city of Ranger has contracted an outside firm to come in and aid the city's own personnel and equipment in moving vacant lots around town.

Although the city has tried in every way to keep this done and our town looking nice, the recent heavy rains have presented a problem. This is neither the city operators nor the officials fault, for they have used every thing within their means to keep on top of the task, but the job has become too big.

Everyone will have an opportunity to improve the appearance of their property, and once mowed, make it easier to keep it that way. For the mowers to operate the lots have to be free of debris such as wire, large rocks, or any other matter that would foul the operation of the mowers.

To participate, of course, is not mandatory, but if we have an ounce of civic pride we will take advantage of this opportunity and spruce up.

This will be a cost sharing project, with the property owners paying a nominal fee, probably from 4 to 7 dollars, and the city picking up the tab for the rest of the cost.

First come first served, will be the basis for scheduling this service. A call to city hall will put you on the list.

East is East and West is West, and never the twain shall meet. I am not sure who said that but the principal generally applies to competitive utility companies, such as Texas Electric Service Co. and Lone Star Gas Co. Not so in our town, where the competitors are competitive in an impersonal sort of way.

Bill Collins, manager of Texas Electric, was scheduled for Rotary program last Wednesday noon, but the film he had ordered and planned to use as part of his program was late in arriving and he found himself in a spot, as far as the program was concerned. A call to W. T. Eaton, manager of Lone Star solved his dilemma.

A fitting parody to this would have been for W. T. to give a long discourse on the merits of modern gas, which, I am sure would have insured against any future cooperation of this nature but would have also strained the ties of friendship.

This, of course, didn't happen. W. T. gave a very interesting talk about the Little League, its activities of the present and its plans for the future.

There are many of us who do not appreciate the good work volunteers are doing for our youngsters along this line. It is a good, healthy sport in which all boys have an opportunity to participate, through the Little League program.

VISITS PARENTS
Mr. and Mrs. Felton McGraw and sons, Larry, Calvin, and Glen of Gorrance, Calif. visited for two weeks in the home of his parents, Mr. and Mrs. Burl McGraw. They re the Little League program.

Ranch And Farm Service Organization Formed

It generally has taken maybe a couple of days for a farmer or a rancher in the past to get all the details taken care of for most any kind of improvement on his place, whether it be digging a water well or putting up new gates. Realizing that it would be a definite service to land owners and operators to be able to go to one location and make all arrangements for such improvements, a new service is now being offered in this area, with a district office in Eastland, and annexes in Cisco, Ranger, Breckenridge, and DeLeon.

A native Eastland Countian, R. G. (Buck) Wheat, is district manager and describes the Ranch and Farm Services organization as a "one-stop" planning center for farmers and ranchers.

The organization will issue a news letter monthly to over 2,000 persons in this area, describing the latest "swappable" items, with listings of real estate for lease and sale, as well as describing the special services available through the centralized operation.

The specific services are varied, and as such, offer the farmer and rancher an ideal service in planning improvements.

Among the many services are general construction, which includes fence building, gates, cattle guards, corrals, barns, portable welding, house repair and new homes; conservation practices such as custom plowing, coastal bermuda sprigging, brush control, tank building, terraces, water ways, grass re-seeding, maintenance work, general dozer work, back hole work, dump loader; landscaping including tree spraying and pest control; and water well drilling, just to name a few.

Wheat grew up at Morton Valley, graduated from Texas A&M in 1949, and was county agent at Wheeler for two years. He has also lived in Pecos where he was county agent seven years and comes to Eastland from Abilene.

His office is located at the Kinnaird Insurance Agency in Eastland and the Kinnaird agency is a sub-office for the Ranch and Farm Services organization.

Schedule For Social Security Announced

If you have any questions concerning your social security, our Representative, H. L. Weatherly will be at the City Hall on July 10, 24; August 7, 21; and September 4, 18, at 10 p. m.

You can meet our representative according to the above schedule for all Social Security questions or, you may go to the district office at 203 Fannin Street at N. 2nd for help in filing your claim or for other Social Security matters.

Pink And Blue Shower Honors Mrs. John Wylie

Mrs. John Wylie was complimented Thursday evening, June 20, with a pink and blue shower.

The home of Mrs. Charles Masseege on Breckenridge Road was the setting for the affair. Calling hours were from 7:30 to 9:30.

A "baby tree", with blue flowers and pink miniature babies, centered the dining table. Silver appointments complimented the table arrangement.

Refreshments of punch and cake squares were served. About 30 guests called during the evening.

Hostesses with Mrs. Masseege were Mmes. Floyd Rogers, Jack Duvall, Herbert Williams, C. F. Chesnut, Luther Gohlke, Charles Arnett and John Foster.

OKLAHOMA VISITORS
Visitors this past week in the home of Mr. and Mrs. Albert Huffman were Mr. and Mrs. Leonard Raney from Lawton, Oklahoma.

Absentee Vote Begins Monday
Absentee balloting begins Monday at the County Clerk's office for the July 20th Ranger liquor election.

A. H. Powell will be election judge for the July ballot.

This will be the fifth election in about a year on the legal sale of intoxicants within the corporate limits of Ranger.

Almost 1,300 votes were cast in March 23 vote, which was held null and void by a recent court decision.

Absentee voting will extend until 5 p. m. Tuesday, July 16.

Light Plane Crashes At Ranger Airport

A light single engine aircraft crashed while attempting to make a landing at the Ranger Airport last Tuesday.

The plane, piloted by Thomas P. Rogers, was en route from Abilene to Ranger.

Mr. Rogers, one of three owners of the plane, crashed into the fence at the north end of the runway. As he was making his landing he realized he was going too fast to stop, but by that time had used up too much runway.

His attempt to go around again ended with his plane on its back and him hanging from the safety belt. The wheels struck the fence causing the plane to flip onto its back, rendering extensive damage to the right wing, the vertical stabilizer, windshield and the landing gear.

Mr. Rogers was treated for minor bruises and released.

Double Dose Dished Out By Dame Fortune

James Brown, 11 year old Dodger third baseman, kind of feels like "Old Dame Fortune" is playing rough tricks on him.

On April 27th, just as he was getting into the full swing of his last year in Little League activities, he got a bad "break".

While visiting on the farm of his paternal grandparents, Mr. and Mrs. Shirley Brown of Route 1, James decided to go horseback riding. There was a parting of the ways between horse and rider, rather abruptly, and James landed in a bar-ditch. He had a broken left arm. The splint and cast procedure followed and finally the time came to remove the cast and he enjoyed the freedom of having two arms in full action that is for four weeks. Little League season was rolling on, and he, like most of the players began to cast his hopes on the time for the All-Stars to be selected.

Last Friday, he and brother Dwaine set out for a refreshing afternoon in the swimming pool. As he happily descended the steps that lead down into the cool water, he slipped and fell against the hand rail. His arm hurt a little and later he became sick at his stomach. James sweated it out until Monday when he paid the family doctor a visit. Verdict—a broken arm, the same one, same place, same treatment. It was back to the cast for James.

He is the son of Mr. and Mrs. Kenneth Brown of 218 South Austin Street.

LOOK WHO'S NEW

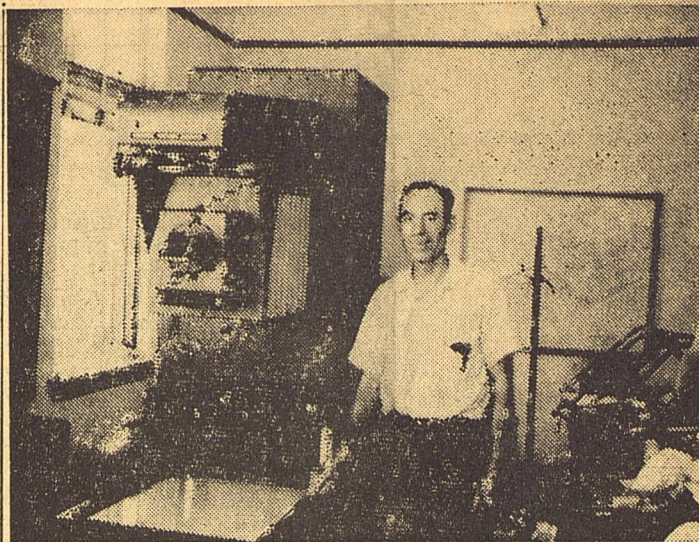

Mrs. Jack Butler, of McAllen the former Miss Jane Matthews, announces the birth of a daughter, born Friday, June 28.

The baby has three brothers, Jim, Chris, and Sean Butler.

Maternal grandparents are Mr. and Mrs. J. E. Matthews of Ranger.

Paternal grandparents are Mr. and Mrs. C. C. Butler of Austin.

Mrs. Butler's husband, the late Mr. Jack Butler, was killed in a plane crash in March.

CLERK'S CAMERA — County Clerk Johnson Smith proudly shows off the new Phostat 14 by 18 Recorder that's being added to his office. The machine will automatically reproduce instruments including deeds, wills, etc., and produce a permanent, dry photographic copy in less than 20 minutes. The machine, badly needed by the county for some time, costs approximately \$10,000 and is to be in operation Monday. (Staff Photo)

Funeral Held Friday For Vance Blausler

Vance B. Blausler, 62, a resident of Ranger for 37 years, passed away at 5:10 p. m. Wednesday in Ranger General Hospital.

Ranger Teacher Receives ACC Fellowship

Miss Margaret Frances Worden of 906 Cherry St. is one of 50 teachers who received a fellowship in the American Studies Program for the first six-weeks session at Abilene Christian College.

The fellowships pay room, board, tuition and other fees for the term, and enable the teachers to study courses in English, education, history, and speech which emphasizes the American heritage.

Abilene Christian College began its American Studies Program in 1957 with the aid of a grant from the Coe Foundation of New York City. This grant provided fellowships for summer study to 50 teachers who could qualify. In 1958, the program was expanded to include 100 teachers over both terms. This larger program was made possible by grants from the Coe Foundation and from the Texas Educational Association of Fort Worth.

Things Seen and Unseen

... are all paid for by the ultimate consumer. The farmer sells his bale of cotton for several hundred dollars and we buy it back in the finished product for several thousand dollars. Same old cotton except the looks, design, profits and taxes too numerous to mention. Like the bale of cotton the abstract must bear its myriad of hidden costs beyond the control of the consumer, but still worth the money for it is the basis of the owner's security and his protection against fraud.

All-Time High In Road Deaths Seen For Year

AUSTIN — The director of the Texas Department of Public Safety reported this week the state is approaching the mid-point in the year amid definite indications that traffic deaths will hit an all-time high in 1963.

Col. Homer Garrison Jr. at the same time announced that the expected traffic death toll for the Fourth of July is eight fatalities, and called upon Texas drivers to "make this holiday the turning point in this year's traffic toll."

"If we continue to take lives at the present rate 1963 will become the most deadly year in Texas history for traffic fatalities," he said. "Motorists at this time are over 100 more than at the same time last year, and considering the trend of increased accidents and casualties, we have every reason to expect that traffic deaths will exceed the previous all time high in Texas of 2,611 in 1956."

"Only 194 more deaths in 1963 than in 1962 will make a total of 2,615 deaths, an all-time high and an increase for the year of eight per cent over 1962. Deaths this year have consistently been in excess of eight per cent over 1962. Our Statistical Services advise that this is not just a probability, that it is fairly certain to become a reality unless something happens to break the trend."

Garrison said that "Operation Motorcade" will be placed in effect from 12:01 a. m. until 11:59 p. m. July 4 in order to focus attention upon the added dangers of holiday travel when traffic is at a peak. As part of the operation, which calls for maximum enforcement and public support, additional personnel from other uniformed services of the DPS will augment the regular Highway Patrol force.

Garrison commended the several public and private agencies and organizations which are cooperating in the Fourth of July safety emphasis program.

He said the Texas Council of Safety Supervisors and the Texas Motor Transportation Association will again sponsor the "Holiday Road Patrol," consisting of a fleet of 35 to 40 cars which will be used to assist stranded motorists over the state during the holiday. The cars will be manned by members of the Council, who also are safety directors, safety supervisors

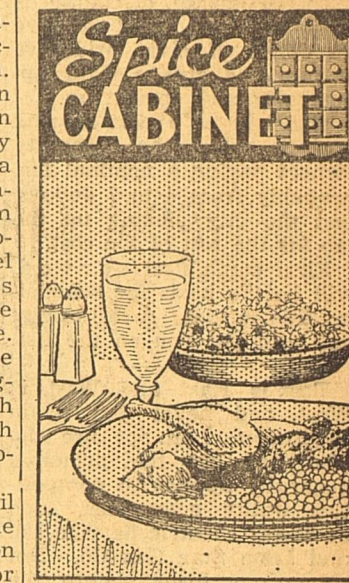

and safety engineers for the trucking industry, whose purpose will be to help relieve highway patrolmen for enforcement work.

The Texas Safety Association, with the cooperation of the newspaper, radio and television media, will conduct a public information program stressing the need for courtesy and caution on the streets and highways during the holiday. Numerous Junior Chamber of Commerce clubs over the state, coordinated by W. F. (Bill) Leonard of Dallas, vice-president for traffic safety for the TSA, will operate "rest stops" for fatigued travelers to whom they will serve free coffee.

The Texas Association of Broadcasters will conduct a statewide "Drive Lighted and Live" program in which constant appeals will be made to motorists to drive with their headlights on during the Fourth of July to focus attention on the need for legal and safe driving habits.

And the Texas Highway Department will carry on its continuing information and educational program through the public media to instruct drivers on such subjects as freeway driving and the need for caution around construction areas which are greater in number during the summer months.

RATLIFF FEED & SEED

service bulletin

For low-cost Gains
 let us mix your steer rations

When you put cattle on feed, you start pouring tons of feed into them. We can help you save money, by making your rations high in feeding efficiency.

We do far more than grind your grain and mix in a few bags of protein. Every formula we use has been checked and approved for low-cost feeding results at the Purina Research Farm.

In addition to the regular rations to be fed with roughage, we are equipped to grind and mix the new "Built-in Roughage" feeds that are sweeping the country. These have roughage ground right into the ration to cut your feeding costs. These must be mixed exactly right to do a good job without trouble. On our Check-R-Mix program, we can mix them right.

RISEING STAR NEWS... Saturday, July 6, Set For Local Trades Day

Saturday, July 6, has been designated as the date for the next Trades Day event in Rising Star. This date was set along with a decision of the Chamber of Commerce to hold the merchants carnival once every three months instead of once a month.

The three-month interval gives the merchants and business men more time to develop an attractive program and ample time for advertising.

Ed Croan is the newly elected president of the Rising Star Lions Club, succeeding B. A. Butler, at a meeting of the local Lions last week.

Elected with him were the following: B. A. Butler, vice president; Alton Roan, second vice president; Art Fisher, third vice president; Roy Holly, secretary; Lane Wells, treasurer; Lee Hughes, Lion Tamer; H. McDonald, Tail Twister; Milton Slayden, song leader; and John Pruet and

Bill Dennard, directors. Beginning last week, Lions will meet on the first and third Tuesdays of the month at the Elite Cafe.

Alton Roan, who has served as director of the Clyde High School band for the past year, has accepted the position of director of the Rising Star band and succeeds Lloyd Gonzales.

Roan has his home here and has been commuting while working with the Clyde school. Mrs. Roan is the former Evora Wofford, daughter of Mr. and Mrs. H. S. Wofford of Rising Star.

Mrs. Florence Underwood, who formerly taught in several schools in this area, retired from the Del Rio school system at the close of the spring term. She had been in the teaching profession for 44 years.

She had taught at Rising Star, Cross Plains, Gorman, Post, El Paso and De Rio. She attended Hankins Normal College at Gorman and has a masters degree from Howard Payne College. She is the daughter of a pioneer couple, the late Dr. and Mrs. H. Summitt of Gorman.

Master Sergeant Charles Lee from Fort Bliss, El Paso spent the weekend in Rising Star with his mother, Mrs. Olin Lee, and other relatives including his brothers, Otis Lee of Rising Star, Bill Lee of Brownwood, Jimmy Lee of Midland, and Miss Nelda Lee, of Denton.

Raymond Gray, son of Mr. and Mrs. Raymond Gray, science teacher at Rising Star High School, is one of the 60 teachers taking part in Summer Institute for High School Biology Teachers that began June 7 at Texas Tech, Lubbock. Gray and 59 others were screened from more than 500 applicants.

William (Bill) Rutherford, son of Mr. and Mrs. Charles Rutherford of Rising Star, has been appointed to the position of assistant coordinator of community relations by the Fort Worth Public Library. He began his duties on May 27.

Rutherford plans to complete his masters degree in Library Science from the University of Texas, working from a scholarship fund from the Texas Library Association.

Lee White received a telephone call on Monday night from his daughter, Mrs. Ruth Anderson, of Goose Bay, Labrador.

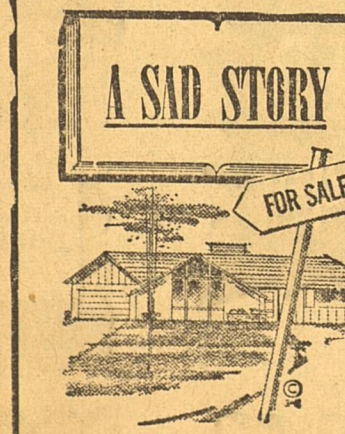

The Andersons have been stationed at Goose Bay since January and will be there for three years. Lt. Col. Carmen Anderson will be eligible for retirement with the U. S. Air Force in five years.

They reported 60 degree weather in Labrador on Monday.

Prices were reported as follows: butcher bulls 16 to 19 cents; butcher cows 14 to 16.5 cents; canners and cutters 9 to 14 cents; butcher calves 22 to 24.7 cents; stocker calves (Lt. choice) 28 to 31.2 cents; stocker calves (Hvy. choice) 24 to 27 cents; pairs of cows and calves \$160 to \$232.50; butcher hogs 15 to 17 cents; sows 12 to 14 cents.

Social Security Man Schedules Visits To Area

The social security representative's travel schedule for this area for the months of July, August and September has been announced by district manager R. R. Tuley, Jr. The schedule includes the following towns and dates:

Cisco — July 3, 17, 31; August 14 and 28; September 11 and 25; 10 a. m. at the Chamber of Commerce.

Eastland — July 8 and 22; August 5 and 19; September 9 and 23; 10 a. m. in the County courtroom.

Ranger — July 10 and 24; August 12; September 16; 10:30 a. m. at the City Hall.

H. L. Weatherly will be the representative for all four towns.

County Girls Participate In 4-H Dress Revue

Three Eastland County 4-H girls participated in the District eight 4-H Dress Revue held June 21 at Tarleton State College in Stephenville.

Kathy Kincaid of the Morton Valley 4-H Club placed first over 17 other contestants in the Junior Division of the Revue.

Sandra Orms of the Morton Valley Club placed third in the senior division. She will participate in the State Dress Revue at the State Fair of Texas in Dallas on October 5.

Participants in the District Revue were required to have constructed their garments under the supervision of an adult 4-H leader and have been first place winners of a county dress revue.

Contestants were judged on appearance, personality, poise, construction of garment and record book. Ruby Wende of the Nimrod 4-H Club served as a hostess for the District Revue. Adult leaders and 4-H member accompanying the group were Mrs. L. E. Orms, Mrs. Robert Kincaid, Mrs. L. A. Harbin and Sharon Harbin.

RETURN HOME
Mr. and Mrs. V. V. Cooper have returned home from East New Brunswick, New Jersey, where they visited with their daughter and family, Mr. and Mrs. J. R. Horton and family, Sharon, Jimmy, and Jeff. They also visited New York City and Washington, D. C.

VISITING SON
Mrs. G. A. Fyffe has returned home with her son and family, Mr. and Mrs. H. D. Fyffe and daughter, Judy of San Diego, Calif., for a month's visit. Before visiting in Ranger, the Fyffes visited in Florida and North Carolina.

Behind many "For Sale" signs there is a sad story: A family borrowed more than they could afford to pay for a home, or payments and interest rates were too high; the home had to be sold, often at a loss. This tragedy could often be avoided if the families would seek help from a home loan specialist, such as our Association.

EDITORIAL... AGRICULTURE INVOLVES MANY PEOPLE

It is common knowledge that the number of people on Texas farms and ranches is declining. But it is less commonly known that many of the people leaving the country are not leaving the agricultural industry.

Today nearly 40 percent of all Texas derive their income wholly or in part from farming and ranching connected businesses, says John McHaney, economist with the Texas Agriculture Extension Service. These businesses supply the production needs of farmers and process and distribute agricultural products, he adds.

Many agricultural processes that were once handled on the farm are now performed by

Need to add a raincoat to your wardrobe? Study your needs carefully before you buy.

You may want to consider these points: How do you want to use your raincoat? Do you want it to protect you from rain only? Do you want a coat to protect against cold as well as rain? Do you want a raincoat that can be folded into a compact package and left in the car so that it will be near by? Or do you want one that would be carefully hung in the closet when not in use? Do you want a coat that you can clean or do you want one that will need to go to the drycleaner? How much money do you want to spend for the coat? How often do you need a raincoat?

It is important to know the meaning of terms used with rainwear.

"Waterproof" means that water cannot penetrate the fabric. There are two types of waterproof coats on the market now. One does not "breathe", which means that air as well as water cannot penetrate. The plastic coat and the oilskin slickers are examples.

The other waterproof type is one that will "breathe", that is, it permits body moisture and heat to escape but keeps rain and wind out. This type of waterproof rainwear is made of woven fabric and has a finish applied to the side of the coat that is worn next to the body. This finish is most frequently applied to cotton poplin and silk broadcloth.

"Water-repellent" is another finish applied to rainwear. This finish can be applied to many fibers and fabrics. The finish coats the yarns or fibers so that they repel water, but lets the air penetrate.

It is most important that raincoats be labeled. Some finishes are washable, while others are to be dry cleaned. Some finishes will last the life of the garment, while others have to be renewed. All of this information is given on the informative label, so check it carefully.

Martin Whatley To Attend Band School In July

Martin Whatley of Eastland, son of Mr. and Mrs. M. M. Whatley, has completed plans for attending the McMurry College Band and Twirling School July 14-27.

More than 200 junior and senior high schoolers from 50 west Texas cities and towns have registered for the school that will be directed by Dr. Raymond T. Bynum, McMurry professor of Band.

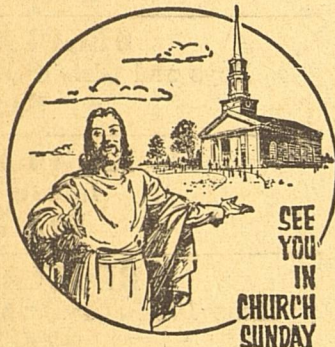

A staff of 24 top-flight instructors from throughout West and Central Texas have been engaged. Classes will offer specialized training in individual instruments, conducting, marching and twirling, stage band, theory and concert band performance, drum majoring and twirling.

The students will live in air conditioned dormitories or off-campus if it is more convenient. Appropriate social activities and sports, under experienced guidance are arranged for off hours and evening.

ATTEND WEDDING

Mr. and Mrs. J. E. Bryan attended the wedding in Fort Worth of their granddaughter, Patricia Ann Glatton to Weldon Mack Shafer.

The ceremony was at 8 p. m., June 22, in the First Methodist Church in Fort Worth.

CONNIE LYNN BRADFORD

Born December 12, 1959, Connie Lynn is the daughter of Mr. and Mrs. Connie Bradford of Pine Street. Maternal grandparents are Mr. and Mrs. R. A. Hannah of Dallas. She is the only granddaughter of the late Mr. and Mrs. Henry Bradford and one of the very few girls in a predominantly male group of ancestors. (Photo by Capps Studio)

Good Pecan Crop Is In Prospect For This Region

COLLEGE STATION — Pecans should be plentiful once again this fall following a disappointing crop in 1962, says F. R. Brison, Professor of Horticulture at Texas A&M College.

Several factors were to blame for the scanty 79,000,000 pounds produced in Texas last year, says Brison. But he predicts that the 1963 yield will again be as large as was the 1961 crop when 240,000,000 pounds were grown.

"The crop looks very promising this year," says the horticulturist. "Shoots are heavily loaded with clusters and many clusters have 4 to 8 pecans in them."

Below average populations of nut casebearers is another reason he gives for the bright pecan crop outlook. These pests have been more effectively controlled due to better spraying programs and better chemicals. Malathion and Sevin were widely used last year and gave good control of casebearers, Brison says.

Producers may receive slightly lower prices for their nuts this fall due to larger yields but the quality of the pecans will also greatly affect the price, he says. The size and number of pecans produced by a tree has a physiological effect on the quality of the pecans it bears, he adds.

The horticulturist explains that the leaf-nut ratio has an influence on both the size and the number of pecans a tree produces. There should be about 11 compound leaves for each pecan on the tree, he says, and the maintenance of a good leaf-nut ratio is an important production practice. Controlling leaf destroying insects will help accomplish this.

Another production practice that is especially important during dry weather is the controlling of competitive vegetation. This may be done in the way commonly used by producer whether by grazing, mowing or cultivation, Brison says.

VISIT PARENTS

Visitors in the J. C. Hagar home were their daughter and son-in-law Mr. and Mrs. W. O. Trotter and daughter, Terri Kaye. Also visiting was their son, Bonnie Hagar of Phoenix, Arizona.

Mr. and Mrs. J. Floyd Killingsworth and Karen will attend the Texas Association of Life Insurance Officials Annual Convention June 27, 28 and 29 in Kilgore.

Those attending were Bobby and Mike Rodgers, Dwayne Snider, Gene Snider, Kenneth Lenz, Johnny and Bobby Eaves, Sylvia Hendricks, Joyce Joiner, Glenda Jordan, Rev. and Mrs. Buel Bryan and the hosts.

Mrs. Albert Hendricks honored Juanita O'Neil with a party on her 11th birthday on Sunday, June 16. Refreshments of doughnuts, cheese crisp and cold drinks were served to the Junior Sunday School members, Christi Fuller, Teresa Fields, Patricia O'Neil, Danny Snider, Johnny and Bobby Eaves, Douglas Bryant, Mike and Larry Donaldson and the honoree, Juanita O'Neil. The class presented Juanita with a white Bible.

Mrs. Wayne Eaves is in Temple with her mother, Mrs. John Wheeler, who is to undergo surgery this week.

Pete Snider went to Dallas on Tuesday for medical treatment and will be there for

VISITING GRANDPARENTS

Mr. and Mrs. A. H. Powell have had four of their grandchildren spending several weeks in their home.

The parents of Cynthia, Taffy, Joan and Billy attended a AMA convention in Atlantic City, New Jersey. They also toured New York City, seeing some Broadway plays, and visiting Radio City. A highlight of their trip came when they met actress Donna Reed.

They returned to Ranger Sunday to spend a few days before returning to their home in Dallas.

RETURNED HOME

Little Dean Cruz has gone to his new home in Tyler after visiting his grandparents, the A. N. Larsons, for two weeks following the birth of his sister.

TO THE VOTERS OF RANGER

ABSENTEE VOTING:

Absentee voting shall be conducted by two methods: (1) voting by personal appearance at the clerks office, and (2) voting by mail.

The following persons, and no others, may also vote by mail:

Qualified electors who because of sickness or physical disability cannot appear at the polling place on the day of the election. The elector shall state in his application the address to which the ballot is to be mailed to him, which must be either his permanent residence address or the address at which he is temporarily living.

An elector desiring to vote absentee SHALL MAKE WRITTEN SWORN APPLICATION for an official ballot to the county clerk of the county of his residence, which application shall be signed BY THE ELECTOR or by a witness at the direction of said elector in case of the latter's inability to make such written application because of physical disability. Such application shall state the ground on which the applicant is entitled to vote absentee and in case of an application by mail shall give the necessary information to enable the clerk to determine whether the applicant is entitled to vote by mail. Such application shall be accompanied by the poll tax receipt or exemption certificate of the elector, or, in lieu thereof, his affidavit in writing that same has been lost or mislaid. If the ground of application be SICKNESS OR PHYSICAL DISABILITY by reason of which the elector cannot appear at the polling place on election day, a certificate of a DULY LICENSED PHYSICIAN OR ACCREDITED CHRISTIAN SCIENCE PRACTITIONER certifying as to such sickness or physical disability shall accompany the application.

ANY PERSON who requests a physician to execute a certificate for another person without having been directed by such other persons to do so, and any PHYSICIAN WHO KNOWINGLY EXECUTES A CERTIFICATE except upon the request of the voter named therein, or, upon the request of someone at the voter's direction, and any physician who knowingly delivers a certificate EXCEPT BY DELIVERING IT TO THE VOTER IN PERSON OR BY MAILING IT TO THE VOTER AT HIS PERMANENT RESIDENCE ADDRESS OR THE ADDRESS AT WHICH HE IS TEMPORARILY LIVING shall be guilty of a misdemeanor and upon conviction shall be fined not more than Five Hundred Dollars (\$500) or imprisoned in the county jail for not more than thirty (30) days, or both so fined and imprisoned.

Eastside Holds Successful Bible School

The Commencement Wednesday night climaxed one of the most successful Vacation Bible Schools ever held at the Eastside Baptist Church. The commencement was held before a packed house. It was necessary to bring extra chairs into the auditorium to seat those present. The Bible School was under the direction of Rev. John H. Brothers, pastor of the Eastside Baptist Church. There were six departments with a total enrollment of 73. There was an average attendance of 64, with 48 who were 100 percent in attendance. The school lasted eight days, June 17-26. On Wednesday morning, June 26 the entire school had a picnic at Willow Park. There were various games and contests, with cakes being awarded to the winners. A ballgame between the faculty and pupils of the older department was a most enjoyable feature.

Oddfellows Confer Degrees
 Ranger Odd Fellows Lodge No. 350 conferred honorary degrees on four candidates Thursday night, June 27, at 8 p. m. in the Ranger IOOF Hall. They were assisted by men from the following lodges: Albany, Breckenridge, Cisco, Eastland, Gorman, Comanche, and Weatherford. The second degree will be conferred upon the same candidates on Thursday, July 11, at the same meeting place as the first. 35 visitors were present for last Thursday night.

END YOUR CONSTIPATION WORRIES
 Now you can end your constipation worries once and for all. Put aside chemical laxatives, oils or bran-like roughage that may upset your system. Instead, take SERUTAN in a glass of water every day. SERUTAN is an all-vegetable laxative aid that provides the proper moisture, bulk and peristaltic stimulation you may need as you grow older—to promote daily regularity. This is entirely different from chemical laxatives. Prove it to yourself. Take SERUTAN as directed for at least one week. You must be well on the road to daily regularity or your money back from the market.

Ground Control Important In Screwworm Cases

Ground control, immediate treatment of all wounds regardless of cause, if of major importance in the screwworm eradication program at this time.

County Chairman Oscar Schaefer said today that it is that time of the year when screwworm cases normally begin a rapid increase and cautioned all livestock producers to be even more alert in their checking for possible worm cases. "The screwworm will be eradicated by your constant vigilance," Schaefer said. He advised livestock producers to treat every wound, regardless of cause, including those from castration, sheep and hog operations, wire cuts, or others, with approved materials. These include EQ335 or five percent Korlan as smears or five percent EQ335 or five percent are recommended for use on all surgical cases, he added. Schaefer listed the use of 25 percent of Co-Ral or 5 percent Korlan as sprays for control of livestock pests. He further suggested that all livestock be checked at least once each week, and more often if practical, for screwworm signs. He emphasized the need for even better reporting of all worm cases and the importance of taking worm samples from every infested wound. "Be extra observant of all new livestock brought onto the farm or ranch," he concluded.

10-10 Club Sees Film On Atom Bomb
 Members of the Ten-Ten C. B. Club and their guests heard an interesting program on the atom bomb presented by Leon Musgrove at the club's regular meeting held Tuesday evening in Ranger. The color film showed effects that result when an atom is split and actual scenes of its destruction. Two new members, Grady Hogue of Cisco and Joe Collins of Gorman, were accepted into the club. Attending the meeting were the following: Roy Smith of Eastland, president; Carl Boustead of Olden, vice president; Darrell Basham of Eastland, secretary-treasurer; Carl True, Foy True, Harvey Basham, Kenneth Lovelady, and J. M. Smith, all of Eastland; Check Smith, Bud Smith, Don McKnight and Glen Justice, all of Gorman; Mack Stubblefield of Carbon and Ed Black of Ranger. The public is invited to attend all club meetings. The next meeting will be held on July 23, the place to be announced later. The club includes members from Eastland, Gorman, Ranger, Cisco, Carbon and Olden.

Trotters Meet Twisters At Breckenridge

Thursday night the powder puff's Fox Trotters team went to Breckenridge where they went into a seven inning combat with the Breckenridge Twisters.

The Twisters proved easy prey for the Trotters as they came home with a 22-7 victory. Pitching all seven innings for the Trotters was crippled, little Mrs. Lois Eaton. Six home runs were made, with three being hit by Mary Wesley, Nina Wallace hit two, and Sue Graham hit one.

Progressive Citizens Meet

The "Progressive Citizens of Ranger" gathered in a called meeting Wednesday night to select chairmen to head the different committees needed to carry out their plans for the coming election of July 20. The group is headed by Gerald Dugan and Morris Campbell. The organization is now working on the fifth election for the legal sale of Alcoholic Beverages in the city of Ranger.

RETURNED HOME
