'MASTER MIND' OF MAIL STEAL BURNED LOOT

Between \$1,000,000 and \$3,000,000 in Securities Destroyed by Fire.

KANSAS CITY, Nov. 30.—The sum of \$28,800, part of the \$50,000 cash obtained by Keith Collins, bogus army officer and confederate in the \$5,000,000 mail robbery between Omaha and Council Bluffs, has been located, postal authorities say.

The money was mostly in bills of small denominations in Omaha and postal authorities were to recover them today. Collins burned between \$1,000,000 and \$3,000,000 worth of bonds and securities. The alleged master mind of the robbery said that he was afraid to attempt to spend the money, being afraid that the bills were marked. Half of the \$50,000,000 was given to a confederate by Collins, while he used \$1,200 while attempting to effect his escape. When arrested he had only \$4 on him.

R. W. BOLLING DENIES PART IN \$40,000 FUND

By International News Service.

NEW YORK, Nov. 30.—R. W. Bolling, brother-in-law of President Wilson, denied on the witness stand before the Walsh committee here today that he had assisted in obtaining contracts for the Wallace Downing Steamship Repairing company. He further denied having any knowledge or of having received any part of the \$40,000 fund, alleged to have been paid by Wallace Downing of the steamship repairing company for such purpose, as charged by Tucker.

REFUGEE EMPEROR MAY RETURN TO RULE AUSTRIA-HUNGARY

By Associated Press.

BUDAPEST, Nov. 30.—The question who will eventually occupy the throne of Hungary, has been a constant source of unrest and trouble, threatening a sudden upheaval of the recently attained peace and order.

The pro-Hapsburgs declare that the former Emperor Charles is the real king of Hungary and that no one else can legally aspire to the throne until he abdicates. The Independent Magyars, including large masses of the rural population, declare they will never surrender their recently won independence.

In addition there is a third group of politicians which is willing to offer the throne to any king who promises the restoration of Hungary's lost provinces. To achieve this, they would even consent to do homage to the King of the Serbs or the Rumanians.

Much propaganda is being circulated in favor of the former Emperor Charles or his eldest son, Prince Otto, and grave fears are expressed that the over-zealous partisans of the Hapsburg dynasty may eventually succeed in compelling the country to accept a royalist coup as an accomplished fact. There is every indication that the followers of Charles are successful in their efforts to convince the country that the restoration of the Hapsburgs would improve Hungary's lamentable situation.

TELEPHONE RATES AT DALLAS TO BE DOUBLED

Special to the Times.

DALLAS, Nov. 30.—The Dallas Telephone company was granted an injunction Monday restraining the city from interfering with the company in advancing telephone rates. An advance to \$4 a month for residence telephones and \$1 a month for those on the business district was asked by the company. Present rates charged are \$2 and \$5.

Attorneys for the telephone company sought to show that the company was now losing money at the rate of \$30,000 a month, or \$3,000 a day and had been losing at approximately this rate since Oct. 1, 1918.

The decision, in part, sets forth: "The city of Dallas will be enjoined from interfering with the charging and collection by the company of its proposed rates; the basic rates being \$10 for business and \$4 for residence telephones."

The injunction further stated that the court considered that the old rates of \$2 and \$5 were confiscatory and that irreparable loss would result to the company if continued.

Council for the city of Dallas made motion for appeal and bond was named in the sum of \$2,500 by the court.

WESTERN KENTUCKY CRUDE PRICE DROPS TWENTY-FIVE CENTS

By International News Service.

LOUISVILLE, Ky., Nov. 30.—The price of Kentucky crude oil has fallen 25 cents a barrel. The price is \$4.

CALIFORNIAN MAY BE LABOR SECRETARY; NEW MEX. MAY GIVE ATTORNEY GENERAL

Above: David Jayne Hill, left, and Senator Fall. Below: Ex-Governor Stokes, left, and Representative Nolan.

Recent discussions of the possibilities for cabinet positions in the Harding administration lay stress upon the possibility of the appointment of David Jayne Hill, former U. S. ambassador to Germany, as secretary of state, provided Senator Knox is offered the position and declines it. Representative Nolan of California now is mentioned as the favored one for secretary of labor. Senator Fall of New Mexico is one of the men considered for secretary of the interior because of his knowledge of the west. Former Governor Stokes of New Jersey is mentioned in connection with the naming of the secretary of commerce.

HOSPITAL PLANS MADE THIS WEEK

The plans for Ranger's city and county hospital will be accepted this week, it is believed, and work of construction will go forward as quickly afterwards as possible. County Judge Starnes is expected in the city this week for this purpose. An effort was made to get him to be in attendance at the city commission this afternoon, but other affairs prevented him from attending. However, he thought that he might be in Ranger Thursday.

AMERICAN SYNDICATE BUYS MEXICAN MINE

SAN ANTONIO, Nov. 30.—United States financial interests, according to information received among leaders of Mexicans in this city, have purchased the "iron mountain" near Durango City, Mexico, and now are competing with Japanese interests. The mountain is estimated to contain approximately 300,000,000 tons of ore with 65 per cent metal without sulphur.

FRANCE MARKS APEX OF GERMAN THRUST AT PARIS

SENLIS, France, Nov. 30.—In the hamlet of Senlis, a few kilometers south of here on the road to Paris, an obelisk some 12 feet high, surmounted by the statue of a French soldier has just been unveiled. It marks the exact spot where, on Sept. 7, 1914, the advance guard of the armies of von Kluck was brought to halt a little less than 15 miles from Paris.

SWEDEN WANTS ENGLISH AS UNIVERSAL LANGUAGE

STOCKHOLM, Nov. 30.—Need of the adoption of an international language for the furtherance of international communication has been pointed out in a petition to the King by the Northern Peace Union of Stockholm.

The union has had an inquiry made into the question which resulted in a great majority of neutral philologists business men and men interested in international work recommending English as a world language.

The union therefore requests the King to take steps for the introduction of English as the fundamental foreign language to be taught in all staff-aided schools.

POWER LINES BEING STRUNG OVER OIL BELT

The work of stringing the Oilbelt Power company's cables from the Leon river side over the oil fields is rapidly going forward according to Gifford Clegg, manager of the local company. Already 27 oil wells have been supplied with current for the well pumps. These wells are all between Ranger and Eastland, the majority of them being in the Pleasant Grove section of the Ranger field.

The company is now constructing cable that will go directly into Breckenridge, and other points and plans are being made for other extensions. It is said that when the network of cable is completed, nearly every oil well in this field may be supplied with current.

Electric current as power for pumping purposes is said to reduce the cost of pumping a well very materially.

Rain of Rocks in Pearsall Streets Laid to Gas Force

By Associated Press.

PEARSALL, Texas, Nov. 30.—Gas pressure, which probably has found an outlet in some of the surrounding hills near here is thought by local geologists to have caused the mysterious rain of rocks upon homes and in the streets of Pearsall recently. One man was seriously hurt when struck by a large stone which came flying through space. Many others were escaped injury.

The first "rain" of rocks was reported several days ago when a vacant farm house near Pearsall. The workers had just retired for the night when rocks began falling upon the roof of their temporary home. Thinking that mischievous boys were playing a prank on them they investigated but could find no one nearby. The "deluge" continued during their investigation.

The matter was reported to the sheriff of the county, who made an investigation but failed to solve the mystery. A few nights later rocks began falling in the streets of the town, and then it was suggested by geologists who are carrying on an investigation in the county that possibly escaping gas from one of the neighboring hills sent the rocks hurling through the air.

MEXICAN AVIATION

GALVESTON, Nov. 30.—Mexico will spend \$1,000,000 on modern airplanes for her army, according to official advice to Meade Fierro, Mexican consul here. The dispatches said that Provisional President de la Huerta had authorized Raphael O'Neil, director general of the army school of aviation, to spend that amount for aircraft in London.

AWARDING OF DEPOT CONTRACT IS POSTPONED

Bids for the new Texas and Pacific passenger station will not be opened today as was stated by the officials of the company. This action has been postponed for ninety days according to information sent contractors. It is thought that the delay is caused by the legal tangles involved in the city dealing the railroad company fifteen feet of Commerce street as a site. An objection was raised to a section of the city charter. Mr. Levy of Levy & Evans, corporation conferring for the city is now in Austin conferring with the attorney general as to how the section of the charter may be amended until it will meet the objection of the railroad officials. It is expected that immediately upon Mr. Levy's return the city will take the necessary steps to adjust the matter.

Christmas Cheer Fund Needs You, Mr. Public

Received heretofore... \$67.10
Chas. S. Crawford... 2.50
Quinn Twins... 5.00
Mary Elizabeth Quinn... 5.00
Total... \$79.60

"I don't believe there's such a thing as Santa Claus. Anyhow, he doesn't visit poor little girls, 'cause and he didn't come to see me at all. I was just as good, as good last year, but he brought that nasty old Billy B—a toy snake, too, and he just frog."

This is what a little 6-year-old girl told the Times Christmas Cheer fund man Monday afternoon, when he went to see her and asked her what she wanted Santa to bring her. She could hardly restrain the tears when she told him about how Santa had treated her.

"An' an' Santa brought that Billy B—a toy snake, oo, and he just wouldn't quit teasing me with it. I'm off that Billy B—and Santa, too, for good."

Yes, Mr. Public, she lives in Ranger 'wiv her muvver; her gran' muvver an' an' just the most nicest little old gran' muvver' but they're poor, very poor. Oh, yes, she's got a fa'v'er, but—she just don't treat her nice and her muvver's sick most of the time. More than eighty cold dreary winters have passed over the heads of her grandparents and they are unable to do for either their daughter or granddaughter everything that they would like to do. Oftentimes they are unable to provide the bare necessities of life.

It's up to us all, Mr. Public, to make these old folks happy for one day, Christmas, and restore this little girl's faith in Childhood's sweetest myth, Santa Claus. A little donation here and a little there will accomplish the Times' Christmas Cheer fund's object—a little cheer in the home of every needy Ranger family on Xmas.

AUSTRIAN CHILDREN WOULD STEAL BREAD FOR HUNGRY MOTHERS

PARIS, Nov. 30.—The misery of Austria's children is told by Pierre Hamp, writing in a Paris weekly. He watched the breadlines before the soup kitchens where American relief agencies are feeding all those under 14 years of age.

At the door each child must show a card and when they leave they are searched, says M. Hamp.

Because there is not enough for all the hungry to be fed, the children may not carry away food. Yet the keen intelligence of the young sometimes outwits the watchfulness of their elders.

"To be sure," one of the managers told him, "we should have to undress the children. One little girl put her slices of bread in her stockings. The next week she came with a rag over her cheek, saying she had the toothache. Under the cloth she had a lump of bread."

Pointing to two little girls, she said: "Often I must force her to eat. Grief at the thought that their mother has nothing kills their appetite. Unless I watch them the bread they leave on the table is taken by others."

Another little girl, wearing men's shoes in which her feet were lost tried to crowd in ahead of her turn. Sent back in the line she cried. Asked why, the child explained she was wearing the only shoes in the family. She wanted to hurry back so her brother might have the shoes and come, in his turn, while there still was food.

"There are people," said the manager, "whose pride is not yet dead. They would not let their children be seen in the street barefoot."

As the children pass in line and have their bowls filled with cocoa they begin at once to drink and to eat the white bread. They are too hungry to wait until seated.

Sometimes, as the children leave, they are compelled to raise their arms, for some hidden bread in their apron; many would, if they could, conceal food for the hungry mother at home.

Rangers Come to Town; Houses Raided, Tables Burned, Four Arrests

Tell Chief Cooper Conditions Better Here Than at Any Other Town in Oil Fields.

Two charges of maintaining and exhibiting gambling games, one of operating a gambling house, and the burning of several articles, principally tables, said to be gambling paraphernalia, followed the visit of three state Rangers to the city last night. Complaints were made against K. L. Brewster and L. Fortner for exhibiting gambling devices, and against Leon Wilson for operating a gambling house. And all were signed by Deputy Sheriff John Blossom. One other arrest was made but the man escaped from the city jail in some manner at the time two others were being brought from the jail for the purpose of making bonds. The warrants were sworn to before Justice of the Peace Roger Fenlow about 10 o'clock last night and bonds of \$750 each accepted from the three men.

Police Chief George T. Cooper said this morning that the Rangers told him that the city was found in the best condition regarding whiskey and gambling of any that they had visited in the oil fields.

The fire from the burning articles was the cause of the fire department being called out. During the trip one of the engines was damaged.

FIFTH MAN IS ARRESTED FOR ROBBERY HERE

Special to the Times.

EASTLAND, Nov. 30.—Matthew Martin is in the county jail under charge of being one of the robbers who held up a gambling game on Pearl Street several weeks ago. The arrest was made last night in Desdemona by county officials and is said to be the result of a confession of John Prince, who was recently given two five concurrent sentences on the same charge. Prince was granted leniency by the county attorney, it is said, and promised his sentences would run concurrently provided he would confess the names of the other men implicated in the hold-up. For the same offense Charles Mims, Dan Hamilton and J. C. Thompson have been given terms in prison.

YPRES CLOTH HALL TO BE BRITISH MEMORIAL

By Associated Press.

LONDON, Nov. 30.—The Belgian government has agreed to leave the famous Cloth Hall, the cathedral and the ramparts of the Ypres in their existing state until the British government decides what kind of a memorial to erect to the troops who fought there.

AUSTRIAN MARSHAL OF IZONZO FAME IS BURIED WITH POMP

By Associated Press.

VIENNA, Nov. 30.—The funeral of Svatoza Borovic, one-time field marshal of the Austrian army, and commander of the forces on the Isonzo front during the war who was buried here the other day with pomp that carried Viennese back to the days of the monarchy, was in effect a royalist demonstration. The Marshal died last summer while swimming at a southern lake resort and today the body was brought to Vienna for interment.

The great, high-swing, wheeled catalogue casket was buried, borne the magnificent escort. At its head on a purple cushion were the Field Marshal's many orders and distinctions, and at the front of the procession was carried a wreath from the exiled Emperor Carl, inscribed "To my faithful Field Marshal of the old army." On either side of the bearers of the wreath walked the Princes Rono and Elias, brothers of the former Emperor Zita, although they are proscribed, together with Carl's adjutant and his legal representatives here.

Two thousand officers of the old army, sergeants and other non-commissioned men with breastloads of decorations, generals and admirals, the clergy of the old court, former nobility of both sexes and about every royalist within reach of Vienna who was not afraid to show his or her sympathies, marched in the great procession.

125 MEN HELD IN RANGER RAID AT DESDEMONA

Desdemona, which furnished a dozen thrills in its fight between the Law and Order league and the vicious element, has sprung again into the limelight. Last night state Rangers raided the town and arrested one hundred and twenty-five men on charges of gambling. During the raid scores of immoral women were given notice to leave town. Among the arrests was a prominent city official, it is said. Saturday night the Baptist church was saturated with oil and fired, but neighbors extinguished the flames before damage was done. J. A. Kidd, pastor of the church is one of the leaders of the Law and Order league.

When the church was discovered a fire, evidence was found that made the fact indisputable that some one had made an attempt to burn it. The better element of Desdemona have declared that they will leave nothing undone that will bring the malefactor to justice.

During the raids of the rangers, no property was destroyed but every man found engaged in gambling was placed under arrest. This afternoon they will be given a chance to plead in court.

It is said that the state officers were working directly under the orders of Ranger Captain Aldrich.

SCOTLAND HAS FIVE 'DRY' SPOTS AFTER PROHIBITION FIGHT

By Associated Press.

EDINBURGH, Nov. 30.—Scotland has at least five dry spots: Kilsyth, Sanquhar, Kirkcubright, Auchterarder and Rutherglen, as the result of the "local veto" liquor poll taken this month under the Temperance act.

The towns, Newport and Langholm, voted for a limitation of the saloon traffic and the 37 other Scottish localities voted for "no change."

Everywhere the polling caused great excitement, and there was a lively poster campaign. Robert Burns' dictum: "Freedom and whiskey gang together" was the slogan of the anti-prohibitionist forces.

In Aberdeen, "dry" placards appeared bearing the words: "Hell is the well of whiskey." To this, "wet" supporters retorted with a placard inscribed "O death, where is thy sting?"

In Glasgow, 24 wards voted "no change"; nine for limitation and four for abolition of saloon licenses. As a result, Glasgow's 1,604 saloons will be reduced by 99 and there was much drinking of health to William B. (Pussyfoot) Johnson, the American campaigner, with empty glasses turned down.

"We are not disheartened," said Colonel Kyle, who led the prohibitionist attack. "It is good work to have abolished 99 saloon licenses in Glasgow, and when we attack again, it will be different."

The people most perturbed are the church leaders. In the light of the results they are asking if the churches have the influence in national life which they usually claim.

It will be three years before another poll can be taken. Although Glasgow, where the battle raged most fiercely, remains wet, prohibitionists derive encouragement from the large number of individual votes in that city on their side; 142,343 as against 182,560 for "no change," and the London Evening News judges that the next time these figures may change places.

"Pussyfoot" Johnson is quoted by the London Daily Graphic as saying that the no-license people of Scotland, particularly of Glasgow, did far better in this first prohibition poll than was ever accomplished in any American no-license election.

"The returns from Glasgow show," he said, "that nearly as many voted for no license or reduction of licenses as for 'no change.' This is better than any American city similar to Glasgow did after twenty years' balloting."

HAMON'S FUNERAL WAS MAGNIFICENT SPECTACLE, SAYS RANGER MOURNER

Judge J. E. Ingram returned this morning from Ardmore, Okla., where he attended the funeral of the late Col. Jake L. Hamon Monday. Judge Ingram stated that about twenty-five persons from Ranger attended the services which were the largest he had ever witnessed. Personal friends, political and business associates from all parts of the United States were in attendance, among whom was William Miller, personal attorney to President-elect Harding.

Among Ranger friends of Col. Hamon present were E. B. Reid, P. J. Neff, Ed Morsman, C. H. Gustafson, Charles Baker and J. F. Strupp.

TERRORIST BOMB MAKES HEART OF LONDON QUIVER

Fifteen Cadets Massacred in Ireland; Cork in Flames.

By International News Service. LONDON, Nov. 30.—A building was wrecked in the heart of London today by the explosion of a time bomb, which occurred in a store near the London bridge at 2 o'clock this morning. There were no casualties, but all the streets in the vicinity were closed to traffic, in the fear that other bombs may have been planted by the terrorists.

Scotland Yard detectives investigated the explosion and stated that the bomb must have been carried into the building before it was closed Monday and left concealed as a package.

By Associated Press.

BELFAST, Nov. 30.—Fire was applied to the Cork city hall this morning and it is reported that both the Sinn Fein club and the Charlotte quay are ablaze. It is stated that much damage has resulted.

By International News Service.

DUBLIN, Nov. 30.—A fresh wave of incendiarism rose over southern Ireland today, following the orgy of bloodshed near Kilmichael, when seventeen cadets of the auxiliary police were ambushed of the fifteen killed outright and one fatally wounded. The other is still missing.

The Sinn Fein club at Cork was burned to the ground, while the firemen of the city refused to fight the flames, unless they were given police protection. Still later the city hall was set on fire but it was extinguished and again at another time and again extinguished. A jewelry shop was burned Saturday.

Shooting broke out in Dublin as a fusillade of bullets in the air while a body of armed men, marching to the Sinn Fein headquarters on street and a Hyde shop was destroyed by the explosion of a bomb, which fatalities were reported.

PONZI, FINANCIAL WIZARD, DRAWS FIVE-YEAR TERM

By Associated Press.

BOSTON, Nov. 30.—Charles Ponzi, promoter of the get-rich-quick scheme in which thousands invested millions of dollars before the collapse of his operations last August, today pleaded guilty in the federal district court to the charge of using the mails to defraud. Judge Hale imposed a sentence of five years in the Plymouth county jail. The court took into consideration only the first count. One indictment against Ponzi composed of forty-four counts and among other charges that Ponzi falsely represented himself as able to pay an interest rate of 50 per cent every forty-five days from profits made on international postal notes.

Shriners Will Discuss Winter Work Wednesday

The adoption of a charity program for the winter and the appointment of a permanent committee for carrying out the program will feature a mass meeting of the local Shrine club to be held at 8 o'clock Wednesday night at the local hall.

Other important business will consist of the initiation of a large class of novices. The election of a secretary and the completion of arrangements for a dance to be held on the night of December 8. An attempt will be made to make the dance a monthly feature at some local hall.

Guy Wetzel of the National Supply company, and chairman of the entertainment committee, announced today that all Shriners, who were neither a member of the local club nor on the club's mailing list, should get in touch with him immediately. Another announcement to the effect that all Shriners who were initiated at the last ceremony in Dallas, had better be present or the patrol would be sent out after them.

Girl Adventurer, Wandering Far Asearch o' Thrills and Dreams, at Rainbow's End

—For a Pirate Bold Has Gobs of Gold, And Leads a Merry, Merry Life at Sea.

A girl in pinafores and a boy in knickerbockers threw shells into Boston bay and dreamed dreams of a pirate's life on the Spanish Main. As they played the sails of fishing schooners would appear in the offing. A pearlfish white expanse against the blue sea. They were only fisherfolk going to their nets, but to the boy and girl in their make-believe they were Captain Kid and his cutthroat crew lying in wait for victims that might be made to walk the plank. In the holds of the black ships of their passing pirate gang were doubloons of Spanish gold, and jewels of fabulous worth.

The waters of the bay washed at the feet of the boy and the girl and they vowed that when grown they would go away from the "Black Bay" and it would know them no more. Always here make-believe faded and there would be an argument as to which offered the greater possibilities for a soldier of fortune—being a pirate or going out west and becoming an Indian-killer. The boy favored the sea life then; but now he is a man grown and is a clerk in a bank. Grown-Up Dreams.

The girl is grown, too, but she never forgot her vows to become a wanderer to the strange places of the earth. Tomorrow she leaves Ranger, after six months of the thrills of the oil fields—she is going to return to "Black Bay" and home. A good many years have elapsed since those two, the boy and the girl, stood on the edge of the sea and said in the stern voices supposed to belong to pirates, "Behold a ship in the offing! Let the decks run with blood!" Then when the victims were all dispatched

sing out in their childish trebles: "For a pirate bold has gobs of gold "And leads a merry life at sea."

Strange Places.

In those years this girl has fulfilled her vow. She has seen some of the strange places of the earth. Quiet country towns have known her, for a time she has become a part of the throbbing heart of a great city, always seeking to make those dreams—thrilling dreams of pinafore days—come true. And they have—blood was the cheapest thing in France; she was there. Big guns have roared in her ears and men have died at her feet. But even before the war, and since she was a soldier of fortune, living in quiet places and those that teemed with life. Unassumingly she has been in Ranger working at the profession that she learned when she knew that the spirit of adventure would drive her in search of what—life perhaps or romance.

And her profession has made her adventures possible. Quietly she works, saving against the time the call would come and she would again be a vagabond being with the winds. Never, except when she went to France and came to Ranger has she chosen a new location, always she left it to fate in some manner.

Liked Town's Looks.

Perhaps she would ride a train until she passed through some little city or village that caught her fancy, then she would alight, like a hunter in a strange preserve she would seek for the thrill

A woman's fondest hope is to stay young. She often resorts to paints, powders and cosmetics to hide her years. Some women pay large sums to so-called "Beauty Doctors" in the belief that money will buy youth. Others wear girlish dresses, thinking they can fool the world about their age. But no one is deceived. The more you try to hide your age, the more it shows.

There is but one thing that holds old age back, and that is health. Sickness and weakness bring old age early in life. Dr. Pierce's Favorite Prescription is a building-up medicine for women. It makes them healthy and strong when they suffer from women's troubles. It keeps them looking young by keeping them well. It is a woman's tonic for the frail, the delicate and those who are nervous, dizzy and who have headache and dragging pains. Favorite Prescription is altogether vegetable and without a particle of alcohol. It is safe to take. Try it now. Two St. Paul Men Lead Batsmen of American Assn.

CHICAGO, Nov. 30.—Official batting averages of the American Association announced today place Goldie Rapp, third baseman with the championship St. Paul club, and Catcher "Bubbles" Hargrave, also with St. Paul, in a tie for the 1920 championship, each with an average of .335.

Although Brazil, a pinch hitter with St. Paul topped the list of batters with an average of .378, he only participated in 52 games as compared with 155 for Rapp and 142 for Hargrave. Grover Hartley of Columbus in eighty games, batted for an average of .351, and "Reb" Russell of Minneapolis had an average of .339 for eighty-five games.

Rapp Also Base Runner.
Rapp, who will join the New York Nationals next season, gave Leo Dressen, his teammate, a spirited race for honors in base stealing, falling one short of the record of fifty established by Dressen. In home run hitting, Bunny Brief, of Kansas City, nosed out Hargrave. Brief connected with twenty-three homers, and Hargrave, who was sold to the Cincinnati Nationals, batted out twenty-two.

Dressen proved to be the best scorer in the association, registering 131 runs in 154 games. Mostil of Milwaukee was next in line with 125 runs. Hyatt of Toledo led in drawing bases on balls. He was passed 112 times in 152 games. Brief was passed sixty-nine times. In sacrifice hitting, Davis of Minneapolis topped the list with a total of fifty seven.

The championship St. Paul club, which made a runaway race of the pennant scramble, lead the clubs in batting with a percentage of .301. The Saints scored 961 runs in 165 games as compared with a total of 597 runs scored by their opponents.

KAISER'S HOUSEHOLD EXPENSES ONLY \$2,500,000 A YEAR—TOUGH?

BERLIN, Nov. 30.—William Hohenzollern, though exiled in Holland, still is "living like a king."

It is understood the former kaiser's expenses on the household at Doorn average about 25,000 marks (normally \$8,250) a day, or more than 9,000,000 marks (\$2,250,000) a year.

"The Kaiser revels—his people starve" is the bitter headline one paper uses over this report. Having looked up the official records of the negotiations between the former kaiser and the Prussian government, the writer can give a brief summary of the developments up to date in this matter, about which the British ambassador at Berlin is said to have been instructed to inquire.

Though continually claiming complete bankruptcy, the Prussian government without much ado, recognized William's claim to housing property in Berlin valued at 1,000,000 marks (normally \$250,000), which he had bought from the state at a price of 1912. It also recognized his claim to twenty-seven country estates, eight or nine hunting lodges, the Berlin royal opera house and other theatres and to 120,000,000 marks (\$30,000,000) in cash.

Though the government drafted a bill to turn all this over to William, the Prussian Diet refused to pass it and also referred it to a special committee, which also in turn, denied the claims.

Professor Schuecking, a legal authority, was then requested to pass on the case. He reported that the former kaiser was entitled to much less. When a compromise was offered to the claimant's lawyers they flatly refused. That is how the matter stands now.

In the meantime the government has allowed William 40,000,000 (\$10,000,000) with which to buy and furnish the house at Doorn. It has also paid him 1,500,000 Dutch guilders (\$600,000) cash for living expenses, as well as 5 per cent interest on 50,000,000 marks (\$12,500,000.)

GO TO RUSSIA, GIRLS!

LONDON, Nov. 30.—Russian women have the most wonderful complexion in the world and the children are the picture of health, according to Washington D. Vanderlip, who has just returned from a trading trip to Russia.

In discussing his personal impressions of Moscow and Petrograd and their environs, Vanderlip declared that Russia is bringing up the healthiest generation of boys and girls in the world.

They are as well fed and educated he said, as is possible under existing conditions.

"Lenine gave me an order for 30,000,000 school books for immediate delivery," he said. He has decreed that within the next five years all persons under 60 years of age must be able to read and write."

MANY OF McGRAW'S LIEUTENANTS MADE GOOD MANAGERS

Left to right, above: Christy Mathewson, Hughie Jennings and Johnny Evers. Below: Wilbert Robinson and Pat Moran; a few of the men who graduated from the role of lieutenant in McGraw's club to the managerial ranks.

Hughie Jennings, recently appointed coach of the Giants, is the latest of a distinguished line of lieutenants engaged by John McGraw in recent years. First of these was Wilbert Robinson, who, when he assumed the management of the Brooklyn team,

was succeeded by Charlie Dooin, at present proprietor of a garage in Philadelphia. George Gibson replaced Dooin, and Pat Moran replaced Gibson. Moran was released from his contract with the

Giants in order that he might accept the management of the Reds, and Christy Mathewson, who had just returned from France, was steered in his stead. Johnny Evers joined the team last May and became McGraw's chief aid when Matty's health failed, necessitating his retirement.

3 Weddings Cause Interracial Mix at Bohemian Cafe

Flamboyant Chatter Flows Fast When 1,000 Guests Swap Languages.

NEW YORK, Nov. 30.—When everything settled down into its proper place in Little Hungary, the East Houston street cafe—that is, when the Armenian, Hungarian and Italian wedding parties finally found where they belonged, and the native orchestras stopped playing gypsy music for Italians and Puccini stuff for the Slavs, and the ministers and rabbis were properly absented—there was a happy, joyous night for all hands.

But early in the evening there was an interracial mix-up of men, music and melody that threatened to defy all straightening out processes.

You see, there were three nuptial ceremonies scheduled for the same building. Donig Aytian and his cousin Repallo, who bore the same family name, are Armenians. Bartolo Corisi and Jennie Sanicoie, the second contracting parties, are Italians; Ignace Hoeyber and Maria Romzcha, parties of the third part, are Hungarians.

Nearly a Thousand Guests.

All had guests. The Italians 600, the Armenians 200 and the Hungarians 150. And no wedding party knew there was to be another one in Little Hungary.

Dressed-up South Europeans of all sorts began to arrive early. The Italians came first, occupied the big hall on the second floor, and were getting ready for the ceremonies when the Armenians commenced to show up. Naturally they followed the dressed-up crowd.

"That doesn't look like the bride!" they exclaimed, as they saw the white-gowned Signorita Sanicoie. "Where is she? What music is that they are playing?"

The Armenians, in their own language, began to question the Italians, and were answered with shrugs and a voluble flow of soft vowels.

Then the Hungarians, many in the picturesque garb of their homeland, mingled with the others. The hall became so jammed it was scarcely possible to move. The Armenian and Hungarian orchestras started going, and those who could find foot room tried to dance. The Italians were amazed at the staccato Czech tunes that began to pipe up.

Triple Tangle Straightened.

Finally Adolph Rosenbaum, proprietor of the cafe, managed to straighten things up. He announced: "Italian wedding here; Hungarian wedding on the ground floor; Armenian wedding in the basement. The management wishes all the brides happiness and good fortune."

Adolph, who is a bit of linguist, used three different languages in making his little speech.

After the Hungarians had been mar-

ried by a rabbi and the other pairs by priests, the three bridal couples got together and exchanged congratulations, everybody shook hands, and there were feasting and dancing and singing on all three floors that promised to continue until daybreak.

There are at present 4,000 British troops in Ireland.

THE UNIVERSAL CAR

"The Ford Coupe"

HERE is one of the most useful of all closed cars. Specifically so when not more than two or three are to be accommodated with reliable car service. The Ford Coupe is a mighty cosy car, in that it is absolutely water-tight, at the same time with its sliding plate glass windows you can have an open car, to all intents and purposes, in a couple of minutes. So it doesn't make any difference what the weather may be, rain or shine, summer or winter, in the Ford Coupe you have an enclosed car of comfort and service. What more do you want?

It has proven particularly a valuable car for traveling salesmen, physicians, engineers, architects, and others who have much out-of-door work all the year around. We have never been able to fully meet all demands for the Ford Coupe, but with the increased producing capacities of the factory we are now able to make reasonably prompt deliveries. Yet we urge you to leave your order with as little delay as possible—our allotment is limited.

We are listing orders now to be delivered Christmas Eve. The ideal present for your wife, daughter or mother. Write or phone us.

Mother Forces Morphine Habit on Daughter, 14

LOS ANGELES, Nov. 30.—A mother who is a dope addict and is forcing the desolating habit upon her young daughter is the strange and terrible situation discovered by Policewoman Ghitta Vaughn.

The mother has been taking twelve grains of morphine a day. She insists that this has been prescribed by a physi-

cian, but no sane physician, according to the testimony of the profession, would so prescribe.

Reports came to Mrs. Vaughn that the mother had introduced her daughter, a girl of 14, to the seductions of the hideous habit.

"This is a marked peculiarity of the addict," said the policewoman. "Nearly every one of them, reaching a certain stage, finds complete satisfaction only in fastening the habit on some one else. And often times this victim is a friend or loved one."

"In the case of the mother and girl the evidence is such that I cannot disbelieve it, although it is not yet definite enough for action."

The facts in the case were brought out

through a letter from the woman's husband. The husband said that his wife was spending more money on dope than he could earn.

He also stated that he feared her influence would ruin his daughter. The fact that she has actually taught her daughter to use dope has been withheld from him.

Shorty drops in on New York!

HERE WE ARE, PETE!

New York Wednesday night

Camped once more in the plumb centre of our old stamping grounds—rubbing elbows with the roaring racket and running flush into more electric displays, blazing posters and smashing signs that sound the joys of Camel Cigarettes than you'd ever believe could be jammed into one town!

When I hit Broadway this p. m. I'd said the Reynolds folks had transplanted "Camel City" right up here!

It seems like all New Yorkers have adopted Camels as their own personal brand! And, Pete, since this is the original speed town it's only what you expect when you see 'em carry a package of Camels in each coat pocket. If their right hand is busy, they dig out their left hand deck—they just won't lose time getting a Camel lighted! That's the gait around here, old thorobred!

And, Peter, the New Yorker has his own A-1 pet reason why he's so keen for Camels. For instance, Doc Marshall will bet his car on Camels quality against any cigarette in the world! Bill James says to me—"Shorty, there never was mild, mellow body like Camels." And, as for Dan Boggs—he spills it that Camels are the only cigarette free from any unpleasant cigarette aftertaste or cigarette odor! And, he knows! Frank Frazer will tell you it's Camels wonderful Turkish and Domestic blend! And all of them are right!

And, Pete, old proof-of-the-pudding—you tell 'em that Missouri hasn't anything on little old New York when it comes to that "show me" stuff, on cigarettes or anything else!

Sincerely

Shorty.

GRAFTERS ON CHARITY.

The beggars' carnival has come to town, to judge by scenes on the street yesterday. Blind men, lame men, all varieties, cajoled the passersby. There was the usual long-armed man who can sit with his back to the building and hold his hat over the gutter. The passerby must either kick in or step over. Furthermore, this man—and he is not alone in that—did not hesitate to lift his voice in supplication.

Now these people are a nuisance. They do not need charity. Their income is greater than the income of those who contribute the nickels and dimes and quarters. Few of these men but are physically able to work at something. Those who are not should be in an institution where they can be cared for. With all due sympathy for misfortune, persons who are repulsive physically should not be allowed to make the public streets their market place.

Citizens of Ranger and visitors here are entitled to protection from these people. At present they are free to come and go and make the most of their opportunities. Yesterday six or eight descended on the town at once.

Fort Worth is one city wherein the pedestrian is not subjected to this petty brigandage. Beggars there are not allowed to ply their vocation without permit from the police. Few of these permits are granted. The occasional beggar one sees on the streets of that city is a man who have been there for years, who are well known as worthy and who have come in time to be almost city mascots. The itinerant grafter is forbidden there. Some such police is needed here, in connection with the beggar street can-

paign. It will abate nuisance without in any way preventing worthwhile charity. The moneys contributed to these alleged unfortunates will do real good if given to the Times Cheer Fund or into the hands of any recognized charitable organization. By them it will be turned to the benefit of those who can be shown to be in need.

THE WOMAN WHO SAW

THE WOMAN WHO SAW

Although the sight is not altogether new in New York it is still interesting to see women standing in line to cast a vote. Somehow or other it makes one throw out their chest, hold her head a little higher and feel like an emancipated woman, if you get what we mean. On election day, however, the Reconstructed Anti got an amusing glimpse of the length to which the Woman Triumphant idea can be carried out.

Down, the windy, gusty street, untidy from the papers and rubbish carried by the high wind, marched a cavalcade. Three small boys came first, blowing tin American flags; after them came three more, shouting wordless cheers and imitating various musical instruments; after these came a little fellow bravely beating a tiny new drum; and bringing up the rear two enthusiastic little girls marched in as martial a manner as possible when they were also wheeling a baby carriage. Down the street they came and disappeared around a corner. There perhaps five minutes or so passed and back they came, but in a different order. This time the two girls lead the line of march, blowing the horns and brandishing the flags; next came one boy with a horn and the flag and the little chap with the drum, when the rear of the parade was composed of two perfectly cheerful small boys wheeling the baby carriage and screaming wordless cheers. As an automobile approached one of the girls turned around and warned, "Look out for the automobile!" and returned once more to her horn. The boys wheeled the carriage nearer the gutter, then out again, as the danger was passed, and the procession proceeded on its way.

Two young women were more plainly interested in the presidential election than in home cares—but then their men folks humor them.

Apple Week. The were chatting when the Woman sat down in the subway express, and she did not wonder that her neighbor smiled at the young sailor who had evidently asked her a question about changing at Ninety-sixth street. He was so young and naive, so clean of skin and clear of eye, with the air of a boy who had been brought up carefully by a good mother in modest circumstances. His "Yes, ma'am" and "Thank you, ma'am" were refreshing in an age of offhand manners.

"I'm getting off here," said the Woman's neighbor, as the train drew into Seventy-second street, "but before I go I want to give you this apple." And she drew out of a paper bag which filled her arms a big Winesap, reaching it towards the sailor.

His cheeks flamed, as the onlookers smiled. But the smiles were kindly, and meant that the crowd understood the motive behind the gift. "Oh, no," he stammered, "please, no. Thank you, ma'am, just the same."

"Take it my boy," the woman persisted. "The color matches your cheeks. And I've got two sons of my own at home who love nothing better than an apple. Let me give it to you just as I would to them."

She thrust the Winesap into the boy's hand, gave his shoulder a motherly pat and hurried away, while the sailor boy shoved the apple into his pocket and tried to look unconscious as the train sped on.

Having a Heart. The Woman thought that nothing could ever stop the subway rush, especially at the busy Wall street station, but one morning last week she discovered that even a subway crowd, collectively taken, has a heart. The crowd divided sharply on either side and as she came to the turning point she looked down suddenly to see what had caused the division. There, in the middle of the passage, was quite the smallest kitten she had ever seen calmly washing its face in the midst of the hurrying throng. Everybody—even office boys, stopped carefully and stopped to smile at everybody else while the very small kitten continued to purr and wash.

Santa Claus' Letters

NORTH POLE, Nov. 30.—Santa Claus woke up this morning in the happiest mood that he had been in for some time. What, with having gotten rid of the "cooties," himself, and having gotten rid of that gouty old polar bear, he was just about tickled to death, stated a radiogram received today from I. C. Seal, private secretary to him.

"Several times during the breakfast hour the old gentleman broke out into hearty peals of laughter until his merry old sides just shook," said Mr. Seal. In fact, it was with great difficulty that he could restrain himself, whenever he thought of Mr. Polar Bear and the "cooties." Once, he just laid down on the floor and hugged himself and rolled and laughed and laughed and rolled again.

"I tried to explain that rolling on the floor was a very undignified thing for a Santa Claus to do," continued his secretary, "but he just rolled over and over again and said as how he guessed that it was in his own house and he could do just as he please. He didn't see why it was that Mr. Society had to go and say as how it was undignified for a fellow to enjoy himself properly. Personally, he enjoyed a laugh better when rolling than at any other time. If Mr. Social Functions didn't like it, well, he could just lump it, for he (Santa Claus) was going to roll on the floor all he pleased and until doomsday, if he liked."

Santa continued rolling on the floor for several minutes after he had expressed his opinion, thinking that he was doing something to spite Mr. Seal, for he got a chance to break some rule of Mr. Society, but his secretary wasn't paying any further attention to him, whereupon, he suggested that they tend to the correspondence, which had heaped up in great piles.

It was then that I. C. Seal smiled a big smile, for only he knew just exactly how large a number of letters had come from the little folk of Ranger during the past two days, when Santa was so busily engaged with Mr. Polar Bear. And Santa was just tickled to death to see that the little folk were remembering him with all the following letters:

Dear Santa Claus—I want a wash tub, a rubbing board, and iron, a set of China dishes, a pair of house slippers, (size 9) and a pretty bath robe. Please don't forget a dolly for my little cousin, Bertie Joan, and all other little children. I hope you don't get cold delivering all these things. Yours truly, DELPHINE SPEER, 815 Hodges St.

Dear Santa—I want a dolly, some 'A. B. C.' blocks, a set of dishes and some nuts and candy and fruit. LOMETA SHAW, 901 Strawn Road.

Dear Santa—I want for Christmas a dolly, a set of dishes, some candy and nuts and fruit and a ball. CELIA SHAW, 901 Strawn Road.

Dear Santa—I want a tricycle, a tool chest and some candy and nuts and fruit. D. M. SHAW, Jr., 901 Strawn Road.

Dear Old Santa Claus—Please bring me a wagon, a shot-gun, a knife and some books and anything you have to spare for a little boy three years old. Am glad you won't bring the cooties. Yours with lots of love, BILLY SAMPSON.

Dear Santa—I am counting the days until you visit me this year. I'm living on Eastland Hill and I'll be sure to leave the back door open a bit, as our chimney is very small. Please bring me a sleepy doll, with white curly hair, a doll buggy, and some story books, candy and fruits. I'm sorry you are having so much trouble. With love, JEAN SAMPSON.

Dear Old Santa—I will write you a few lines to let you know that I'm thinking of you and that I am trying to be a nice girl, so that you will bring me something nice. If you can, will you bring me a little stove that will really cook and a baby grand piano for my big doll? And please bring me a pretty tea set.

This is all that I'm going to ask for this Christmas, but Santa, don't forget my baby brother. I am 6 years old and my little brother is two years old. I will close now, as I know that you have lots of letters to read. My daddy will leave the door open for you to come in so please do not forget us. I am as ever your little friend, LOUISE MIGNON REYNOLDS, Box 273.

Dear Santa Claus—Please bring me a 22 calibre rifle and some cartridges and a toy bank and some fireworks for a boy 10 years old, and I would also like to have a 'knock-out' set. D. M. CASE.

Dear Santa Claus—I want a train and a Sandy Addy and a little automobile and anything else you think would suit a little boy five years old. EUGENE CASE.

Dear Santa Claus—I want four skyrocket, four Roman candles and a Daisy air gun. Yours truly, PORTER WATSON, Eastland Road.

Dear Santa Claus—I am a little girl, five years old, and I want you to bring me a little piano, a baby carriage and a sewing machine. We have no chimney, so come up the fire escape. I will be at the Hotel Majestic. Don't forget and take my things to the Hotel DeCroff, as some other little girl might get them. You will be thin enough to get down any chimney by the time you get down that fire escape. Your little friend, VIRGINIA DOUGLASS.

Dear Old Santa—I saw in the paper the other day that you were looking for letters from boys and girls, so I thought I would write you one. I am trying to be a nice little girl and I cleaned up the kitchen and washed the dishes for mother this morning. If you don't mind, I will tell you a few things that I would like for Christmas. They are a doll buggy, a cupboard and dishes, a sleeping doll, and a little table, and a doll bed, a little play stove, a little quilt and pillow and a little trunk.

Now I will look for you Christmas and will leave the back door open, so that you can get in. We haven't any stove pipe and use only gas for heat. I love you, Santa, ever your little friend, BETTY DUNLAP.

SANTA CLAUS LETTERS (Cont) Dear Santa Claus—I do not want the dress or the hair ribbon that I once wrote and asked you for, as I am afraid of getting 'cooties.' Just bring the ring and bracelet. I am trying to be a good little girl and am six years old. As ever, your friend, ELIZABETH GARBER.

At this juncture Santa Claus and his secretary were startled by the agonized

ILLINOIS MAN GAINS 30 POUNDS

Enjoys Good Health for First Time in Twenty-five Years—Praises Tanlac.

"Since I started taking Tanlac I have not only gained thirty pounds in weight, but for the first time in twenty-five years I am enjoying good health," said J. J. Craig, of 421 North Madison street, Bloomington, Ill., recently.

"Yes, sir, I am fifty years of age," he continued, "and twenty-five of these years have been spent in misery and suffering without a let-up until I began taking Tanlac. I was never able to eat a thing without filling up with gas afterwards and having such intense cramping pains in my stomach I could hardly stand them. Why, at times I would have these spells of cramps while at work, and have to be taken home, where I would lie for hours almost unconscious. I was all run down and weak, and would play out before I had worked half a day, and very often had to quit and go home. But, thanks to Tanlac, this is all a thing of the past now.

"Tanlac has simply made a new man of me, and it has given me good health, something I never expected to have again. I can sit down now, and eat anything without its hurting me the least bit. I am never troubled with gas and never have the least sign of a pain in my stomach. I feel strong and vigorous all the time, and am able to work every day and all day long with the greatest ease. No, sir, I wouldn't take all the money in Bloomington for what Tanlac has done for me, and I expect to praise it as long as I live."

Tanlac is sold in Ranger by Phillips Bros. and in Eastland by Butler Drug Co.

STATE FAIR PROFITS GIVEN AT \$96,913.93 By Associated Press DALLAS, Nov. 30.—The State Fair of Texas for 1920 was conducted at a net profit of \$96,913.93, according to a recent announcement of the State Fair Association. This is an increase of \$27,651.33 over the profits of last year which amounted to \$69,262.60. Total revenues this year are shown to be \$100,449.36, while the expenses amounted to \$3,535.43.

MAN-O-WAR WINS
DIVIDEND RACE IN BRECKENRIDGE
NEW SYNDICATE METHOD MEANS MUCH MORE MONEY FOR INVESTORS
IN RECORD TIME

Man-O-War's Record
MAN-O-WAR Oil Syndicate does NOT sell stock.
MAN-O-WAR Oil Syndicate owns one of the most valuable proven oil and gas
leases in the world-20 ACRES in the great Breckenridge pool, located 1 1/4 miles
northeast of Breckenridge, Stephens County, Texas.
MAN-O-WAR Oil Syndicate proposes to drill 2 WELLS on this lease, and to
divide the production from same on a pro rata basis among 1500 UNIT HOLDERS,
who will receive monthly cash dividends in the form of royalty money paid DI-
RECTLY BY THE PIPELINE COMPANY.
MAN-O-WAR Oil Syndicate guarantees 75 per cent MONTHLY CASH DIVI-
DENDS as outlined in detail in Assignment issued to each Unit-holder.
MAN-O-WAR Syndicate's lease is immediately surrounded by oil wells with a
daily production of from 1000 to 10,000 BARRELS PER DAY, with not a dry
hole in the district.
MAN-O-WAR Oil Syndicate offers but a small number of its units for sale at
par value of \$100 each, and to each Unit-holder delivers an Assignment formally
conveying the purchaser's pro rata interest in all mineral rights on its lease.
MAN-O-WAR Oil Syndicate invites you to read this "Ad" carefully, so that even
though you may not invest, you'll always remember you had this "DIFFERENT,"
WORTH WHILE OPPORTUNITY.
Buy today, tomorrow may be too late.

MAN-O-WAR OIL SYNDICATE OFFERS
A Limited Number of Its 1500 Units of Interest at Par
\$100.00

LEASE HOLDINGS
20 ACRES IN BRECKENRIDGE POOL.
The Man-O-War Oil Syndicate proposes to drill two (2) wells on its 20-acre
lease, consisting of the east half of the southwest 1/4 of the northeast 1/4 of Section 8,
of Block 5 of the T. & P. Railway Company lands in Stephens County, Texas. This
lease is generally considered to be one of the most valuable proven leases in Amer-
ica's most opulent oil producing county. Relative to the Breckenridge townsite, it
is located 1 1/4 miles northeast of the city's business district, or about 1/2 mile from
the corporate limits.

REGARDING DIVIDENDS
PIPELINE PAYS YOU CASH EACH MONTH.
In view of the virtual certainty that the Man-O-War Oil Syndicate will within a
comparatively short time complete two oil wells of exceptionally large production,
the Syndicate's UNUSUALLY LIBERAL POLICY OF DISTRIBUTING THE VAST
REVENUE DERIVED FROM THIS SOURCE is of utmost interest and benefit to the
Unit-holders. According to the terms of the Assignment or certificates of convey-
ance, it is understood that THE ENTIRE PRODUCT of oil, gas or other minerals
to be produced from the wells to be drilled on the Syndicate's 20-acre lease SHALL
BE RUN INTO THE PIPELINE WITH WHICH SAID WELLS ARE CONNECTED,
and after the payment of the 3-16 royalty to the land owners, twenty-five per cent
of the remainder of said products shall be set aside and reserved for the payment
of expenses of development and operation on said land, the remaining 75 PER
CENT, FREE FROM ANY EXPENSE OR DEDUCTIONS WHATSOEVER, BEING
PRORATED AMONG THE FIFTEEN HUNDRED (1500) UNIT HOLDERS WHO
WILL RECEIVE THEIR CASH PAYMENT EACH MONTH DIRECT FROM THE
PIPELINE COMPANY.

ESTIMATED EARNINGS
UNITS WORTH AT LEAST "TEN FOR ONE."
Based on the phenomenally high average production of wells in the great Breck-
enridge field, together with the record dividends being paid even by ordinary stock
companies with a small interest only in one well, it not only is possible but HIGHLY
PROBABLE that with the completion of the first of its two wells, of the type of
the average Breckenridge "gusher," that the Man-o-War Oil Syndicate will yield
its Unit-holders from one thousand dollars to as high as ten thousand dollars (\$10,000)
in return for each one hundred dollars (\$100) unit. Such an estimate appears conserva-
tive on a basis of even medium-sized wells of even much less production than those
surrounding the Man-o-War Syndicate's lease, and sold to the pipe line company at
the present price of \$3.50 per barrel. With apparently well-founded rumors of an
early advance in price, and the general supposition that the market may reach as
high as \$5.00 the barrel before the close of the coming winter, the Unit-holder's indi-
vidual income paid direct from the pipe-line company is subject to even greater
profits than those predicted in the foregoing summary. Man-o-War will be a popu-
lar trader at Exchanges. Get yours today at par. Why pay more later?

LEST WE FORGET
-MAN-O-WAR owns one of the best 20-acre proven leases in the best
oil producing county in Texas. ASK ANYBODY.
-MAN-O-WAR will drill Two (2) wells on this 20-acre lease. (NOT
ONE, BUT TWO.)
-MAN-O-WAR offers NOT stock, but actual Unit interests in the own-
ership of the oil production from its wells. NOTE THE DIF-
FERENCE.
-MAN-O-WAR'S management and lease are recommended even by
bankers of Breckenridge-MUST MEAN SOMETHING.
-MAN-O-WAR'S lease is completely surrounded by dozens of "gush-
ers," all ranging from 1000 to 10,000 barrels per day. CAN WE
MISS?
-MAN-O-WAR cash dividends will be paid monthly direct from the
pipeline company that buys and prorate our oil. YOU GET
YOURS.
-MAN-O-WAR has a near-neighbor oil well that recently sold for
\$1,600,000. FIGURE FOR YOURSELF.
-MAN-O-WAR Units based on a Breckenridge kind of well should be
worth \$1000 to \$10,000 or better. COST only \$100.
-MAN-O-WAR delivers an Assignment conveying pro rata interest to
each individual investor. YOU ACTUALLY OWN IT.
-MAN-O-WAR should get as good wells as "Breck" Walker sold for
millions. SO SAYS MR. WALKER HIMSELF.
-MAN-O-WAR'S first well should return the Unit-holder's initial in-
vestment EVERY MONTH for several years. AND THERE'LL
BE TWO OF 'EM.

'MYSTERY WELL' OFFSET WILL BE JOLTED TODAY
BRECKENRIDGE QUOTATIONS

The White Oil Corporation is today
preparing to shoot its Thorp No. 3, an
offset to the Texas company's Tomlinson
well on the Leary townsite. The shot
will be delivered at a depth of 3,400
feet, the approximate depth of the Texas
well. Because of the queer behavior of
the Tomlinson well, which jumped from
five to 5,000 barrels overnight, without
provocation of nitro, much interest is
centered in the offset. The erstwhile
gusher is now down to 750 barrels and
making salt water.
J. R. Brahan manager for the White
company, is here and will witness the
shooting of the Thorp

tion is about two miles south of Ellias-
ville, the third producer on the tract,
and further extends the proven area in
that district.

STANDARD BUYS BANK TO LAY PIPE LINE IN FRANCE

PARIS, Nov. 30-The Standard Oil
company, it is learned, has purchased a
half interest in the Bank de Paris et
Pays Bas, one of the strongest banks
in Europe, in order to facilitate the con-
struction by American contractors of a
pipe line between Havre and Paris.
It was necessary for the American
oil corporation to make this purchase as
the laws of France prohibit foreign firms
undertaking work in France unless they
are backed by French interests.

GULF COAST FIELD. HOUSTON, Nov. 30-Humble Oil & Refining Co's No. 27, Japhet, in the south, or old section of the West Columbia pool, blew out today while screen was being set around 3,200 feet to which depth it had been deepened. The well flowed at rate of between 8,000 and 10,000 barrels before sanding. The bit stopped in five feet of sand. An effort was made to set perforated pipe and it does not work a three-inch screen set.

State Land Office Warns Prospective Buyers of Fraud

By Associated Press
 DUSTIN, Nov. 30.—Reports that imposters are operating in the north, especially in Ohio, Indiana and Minnesota, claiming to represent Texas in the sale of public lands, have been received here by J. T. Robison, Texas land commissioner, who said that "any person purporting to represent Texas of my

office in this matter is a fraud." All that is necessary to acquire these lands, which will go on the market under competitive bidding Jan. 3, 1921, is to write the land office for the list and an application blank which will be sent free, according to the commissioner, and to send in a bid with the first payment as provided in instructions. If the price offered is higher than any other offer for the particular piece of land chosen by the bidder, he gets it. A number of letters and telegrams received at the land office, the commissioner asserted, indicate that "imposters are attempting to deceive people and some of these self-styled agents are charging as high as \$200 per section for the privilege of representing would-be applicants for Texas school lands. Commissioner Robison was unable to

estimate the amount of land that would be offered in the next sale, as the bulk of it is land upon which payments have been made and which the land commissioner has been instructed to forfeit because of failure of the original purchaser to meet subsequent obligations. However, the commissioner has ruled that the original purchaser has the privilege of redeeming this land by making all payments due before Jan. 3, 1921. More than 3,000,000 subject to forfeiture was listed for sale, but this amount has been reduced considerably by redemptions, and the commissioner said that money to redeem land listed as subject to forfeiture is now coming at the rate of from \$5,000 to \$20,000 per day, and it is likely that a comparatively small amount of land up for first sale. The last real estate scattered all over the state, according to the commissioner, who added that some of it is quite valuable and has been valued by the land office as high as \$40 per acre. In some instances the land of improved farms with buildings upon it is subject to forfeiture, and the commissioner has adopted the policy of allowing the original purchaser every opportunity to redeem these lands. There is approximately 25,000 acres of land up for first sale. The last real land sale in Texas took place last May when all the big blocks of public land were disposed of. More than 750,000 acres were sold at the last three quarterly sales, said the commissioner, and the new land now available is in the nature of remnants from the big land bargain counter Texas has maintained for more than half a century. However, it is still possible for a purchaser to obtain considerable blocks of land.

Immigration to Be Turned Toward Texas Farm Lands

STAMFORD, Nov. 29.—The highest types of immigration which will be encouraged through the port of New Orleans by Paul Denechaud, Louisiana Immigration Commissioner, will be welcomed to settle on agricultural lands in West Texas through the effort of the West Texas Chamber of Commerce, it was announced here today. Announcement that immigration is moving to America by the tens of thousands, clogging the machinery at the immigration station at Ellis Island, has resulted in federal authorities considering the adoption of other American ports to

receive the wave. New Orleans is one of them. Since sparsely settled West Texas contains myriads of acres of fertile agricultural lands not yet developed, the Louisiana immigration authorities brought the West Texas Chamber of Commerce to cooperate with it in the agricultural settlement of part of this heavy immigration. The organization expressed willingness to assume the obligation of assimilating on agricultural lands only the highest types of these foreigners. A grade of people who are likable and make good citizens will be the only sort encouraged.

By assimilating the immigration movement in its zenith when every type of foreigner is being let in, the organization feels that it will be enabled to select only the best races. Unless efforts are made in that direction, it was pointed out, an indiscriminate flow of foreigners of every race, hue and religion will come on its own initiative to West Texas regardless of the likes or dislikes of the people among whom they will settle. Efforts to colonize large settlements of undesirables in South Texas are being made at the present time much to the disgust of the people. This organization will seek to counteract all attempts in that direction.

The Harvard reconstruction unit, consisting of twenty-five men, which went to France in July, has completed its work in the devastated regions. The American architects planned an entirely new town to take the place of Bourneville.
