

30 To 50 Jap Planes Downed Off China

U.S. Bombers Blast Berlin Again Today

Other American Gains Seen In All Pacific Theatre

Raid Follows 'Icebreaker' Of Saturday

By GLADWIN HILL LONDON, March 6 (AP) U.S. heavy bombers in "very strong forces" bombed Berlin today in the second American blow on the German capital.

The German radio declared one of the war's greatest air battles had raged over 350 miles from the Netherlands coast to Berlin.

The first official announcement said only that "targets in the Berlin district" were hit, without identifying them further or giving other details.

This surprise follow-up to Saturday's "icebreaker" raid, by one formation of bombers, was a striking demonstration of the Eighth air force's might, for it was the seventh operation of the heavy bombers in eight days.

Heavy fighter escorts accompanied today's formations on the round trip of more than 1,100 miles from British bases.

Thus Berlin, already seared by massive RAF night assaults, was brought under destructive hammer blows falling by day and night.

Presumably the American daylight attacks are aimed at precision destruction of selected targets escaping the RAF's saturation raids.

The heavy bombers raced to Berlin as Allied medium and fighter-bombers attacked northern France—where Prime Minister Churchill said the Germans were preparing rocket and robot-plane installations—for the fifth successive day. Last night RAF Mosquitos attacked western Germany, without loss.

Reds Appear To Have Severed Vital Rail Link

Last Important Line Of Communication Has Been Soviet Goal

MOSCOW, March 6 (AP)—The First Ukrainian army, rolling southwest in a new offensive under Marshal Gregory K. Zhukov, appeared today to have cut the Odessa-Lwow railroad, last important German line of communication out of southern Russia.

LONDON, March 6 (AP)—The Red army swept close today to the vital Odessa-Lwow railway, main artery supplying the Germans in the Dnieper bend, in a powerful new western Ukraine drive which, Moscow announced, has routed 12 Nazi divisions and liberated more than 500 communities in two days.

A Soviet communiqué said the Russians were battling at the approaches to the station of Volochisk on the important line, 60 miles north of the Rumanian frontier, or on the sea, for supplies or retreat.

One Bull—\$40,000—This is Prince Eric of Sunbeam, grand champion bull of National Aberdeen-Angus show being held at Chicago. The bull sold for all-breeds modern record price of \$40,000 to Ralph L. Smith farm, Chillicothe, Mo. Holding the prize yearling is Clint Holloman, herdsman for Sam C. Fullerton, Miami, Okla. Previous top price of \$38,000 was paid for a Hereford several months ago in an Oklahoma sale. (AP Wirephoto).

Red Cross Passes \$10,000 Milestone

G. C. Blissard Awarded Dist. Service Cross

Although the Red Cross war fund drive picked up only a slight amount of cash Monday, it did cross the \$10,000 mark and showed symptoms of breaking a log jam with swelling contributions.

In announcing that gifts had passed \$10,000, A. V. Karcher, general chairman of the wartime roll call, recognized the work of Lomax community.

Mrs. Walter Teale, who is heading up the drive in Glasscock county, reported that only one-third of the quota had been raised but expressed confidence that the figure would be met.

Karcher contacted a large number of workers during Monday morning and from his findings was considerably encouraged.

"We are getting a big backlog built up," he said, "and in a day or two I think this log-jam will break and we will see our totals rise and rise."

He based his prediction on the discovery that a large number of firms and employes have made gifts but have not completed the job and are waiting for a final figure before reporting in.

Some reports of 100 per cent firms have come into headquarters, among them Cunningham & Phillips, Settles Drug, Lone Star Chevrolet and Waits Jewelry.

Karcher said the list was not accurate or complete and asked others with 100 per cent ratings to notify headquarters.

Howard county was several thousand dollars along on its March war bond quota Monday morning as a quota of \$103,000 for the month was announced.

The postoffice reported sales of \$1,425 since March 1. State National bank reported sale of \$1,593.75 in "E" bonds and \$1,498.50 in "D" bonds.

Other agencies have issued additional bonds.

Nazis Suffer Casualties In High Numbers

By EDWARD KENNEDY ANZIO BEACHHEAD, Italy, March 6 (AP)—The Germans have suffered 24,000 casualties in three abortive efforts to wipe out the Allied beachhead below Rome and the hard fighting of the past month has disrupted enemy plans for meeting the expected spring invasion across the English channel, an authoritative source said today.

More important even than the heavy manpower losses from a strategic point of view is the fact that crack divisions which had been earmarked to meet Gen. Eisenhower's invasion are tied up in Italy.

The Germans had decided that because of natural advantages of terrain they could hold the Italian front with second class troops and were moving such units—like the 114th division—into the line, it was learned.

They planned to move more crack units, among them the Hermann Goering division, the 26th panzer division, the 15th and 29th panzer grenadiers and the 90th light infantry to the channel coast.

The Goering division was in fact already aboard trains when the unexpected landing at Anzio compelled the Germans to retain all such divisions in Italy and bring in more troops from northern Italy, Yugoslavia, France and Germany.

The Italian campaign is engaging 19 German divisions, of which 10 are around the beachhead and making big replacements to make up for losses in killed, captured and wounded.

Fewer German divisions are now in the Balkans. A considerable part of this force is being engaged by Marshal Tito's Partisan army while general unrest in the region makes heavy garrisoning of other countries necessary.

Some divisions are held in northern Italy to keep order. Another sizeable force is tied up in southern France to meet the threat of an invasion of the Riviera. Throughout France many troops are required to keep resistance fighters from gaining control.

Bad weather is holding up present Italian operations.

The defense of the Cassino area now is mainly in the hands of parachute troops and the Germans are further strengthening their fortifications. They doubtless hope to make Cassino one of the epic of German military history.

The actual breakdown of the German casualties was not given. Of these 3,500 have been captured by Allied beachhead troops and a high percentage of the remainder were killed. Allied artillery having taken an especially toll.

Father Of Quads—Staff Sgt. William Thompson, Jr., of Pittsburgh, Pa., declared in writing his fatherhood of the quadruplets born to unmarried Nora Carpenter, an English girl. This picture of the sergeant was taken in London and radioed to New York. (AP Wirephoto).

Unemployment Crisis Threat Seen By Com.

By ERNEST B. VACCARO WASHINGTON, March 6 (AP)—The threat of an unemployment crisis in the not too distant future was envisioned by members of the Truman committee today unless government obstacles to civilian production are removed.

"One of our major jobs now is to keep in close touch with war contract cancellations and cutbacks to see that factories that could manufacture urgently-needed civilian items are not left idle," Chairman Truman (D-Mo) told reporters.

In its third annual report released over the weekend, the committee declared the nation "must not prevent the use of surplus commodities and thereby create unemployment."

While manpower shortages will continue in some areas, it asserted, "the extent of such areas and the degree of crisis will be so very much less than the committee does not believe that so drastic a remedy as the enactment of a manpower draft statute is warranted."

The report devoted several hundred words of opposition to the administration-endorsed national service law and recommended instead "a clear and understandable government labor relations policy."

To avoid unemployment that may come as a result of an accumulation of cutbacks, the committee suggested that manufacturers not located in critical manpower shortage areas—who have not been offered war contracts—be permitted to make civilian items "of their own selection."

County committees will be present to aid in filling in the sheets.

Efforts will be made to complete the sheets by March 18. Every farmer in the county is requested to visit the office between now and that date, it was announced.

OPA Official To Address Clubs

George J. Young, Lubbock, board operations executive for the OPA, will deliver a series of three addresses here this week before local service clubs, it was announced Monday.

He is scheduled to speak Tuesday before the Rotary club, Wednesday before the Lions, and Thursday before the Kiwanians.

Young is expected to appeal for closer compliance with OPA regulations as a means of making the price control program function effectively.

Sonora Murphy, chief clerk to the county board, reminded housewives that lard is now point free. Spare stamp No. 4, good for extra pork points, expired during the week end.

Public hearing by the OPA on alleged gasoline and tire rationing will be held here on March 13-14, it was announced. The county office had no information on nature of complaints or against whom they had been lodged, Miss Murphy said.

Globe News Contest Gets Varied Answers

AMARILLO, March 6 (AP)—Publisher Gene Howe of the Amarillo Globe News recently in a ten day contest offered a \$500 reward to the person guessing nearest the date of Hitler's death. He has received more than 3,000 guesses from readers of his column.

Although the contest has closed, guesses are still coming in. One optimist guessed Hitler died April 2, 1943 a more pessimistic guesser said the Nazi fuhrer would die in 1961.

Farmers Requested To File Farm Plan

Approximately a dozen Howard county farmers visited the AAA office Monday morning to give information for 1944 farm plan sheets, said M. Weaver, administrative assistant.

Efforts will be made to complete the sheets by March 18. Every farmer in the county is requested to visit the office between now and that date, it was announced.

By RICHARD C. BERGHOLZ Associated Press War Editor Fighter-escorted Mitchell medium bombers ripped into Japan's hard-hit air strength Saturday, bagging from 30 to 50 enemy aircraft in a raid on Hainan Island off China's south coast, and nine more at a northern Thailand airbase, Lt. Gen. Joseph W. Stilwell's headquarters announced today.

In the Southwest Pacific, a last-ditch battle for Los Negros island in the Admiralty group is shaping up, with victory in store for the side that can rush in superior reinforcements.

And in the central Pacific, a start on the aerial campaign to reduce Japan's outer defense bases in the Caroline Islands, using newly won airbases for land-based planes, is indicated by stepped-up American air activity.

Furious Japanese attacks against the reinforced American lines around quickly-captured Momeite airbase on Los Negros have been repulsed, but a spokesman for Gen. Douglas MacArthur said today there are signs of a heavy movement of enemy troops from Manus Island, largest in the Admiralties, to Los Negros, presaging larger scale battles.

A steady stream of American soldiers and supplies is reinforcing First cavalry division troops which raided Los Negros as a "reconnaissance in force" last Tuesday but whose operation suddenly was converted into a bid for complete occupation after an on-the-spot decision by MacArthur.

At least 3,000 Japanese have been killed or wounded since the landing, MacArthur said yesterday, including 700 killed in a wild attack Friday night. American losses are 61 dead and 244 wounded, he said.

In addition to relentless bombing and strafing attacks in support of the Los Negros troops, Allied airmen hit Lorengau, main Japanese base on Manus Island; smacked Rabaul, New Britain, with 164 tons of bombs Saturday, and blasted the enemy's New Guinea bases at Wewak, Hollandia and Hansa Bay.

In the central Pacific, land-based planes, apparently springing from newly-won Kwajalein or Eniwetok atolls in the Marshall Islands, have quickened the pace of attacks against Japan's island bases in the eastern Carolines.

Ponape and Kusaie were plastered with 23 tons of explosives Friday in the third consecutive daily raid. Other American planes hit four undersized Marshall Island atolls with more than 20 tons of bombs.

In Burma, U. S. heavy bombers raided Japanese air bases in the south, medium bombers and fighters raked numerous targets in the north and dive bombers supported patrol activity on the Arakan front.

These Americans are the only body of American infantry operating in Asia. They began training in India under Brig. Gen. Frank Merrill.

Merrill's troops, part of Lt. Gen. Joseph W. Stilwell's command, completed their preliminary training in central India, and then pushed it off in the jungles of northern Burma.

They had their first brush with the Japanese more than a week ago, but not until today's penetration far behind the Japanese lines was their presence made public.

Decision Postponed For Recognition Of Argentine Gov't

MONTEVIDEO, Uruguay, March 6 (AP)—Foreign office sources said today the Uruguayan government had postponed for several days a decision whether to recognize the Argentine government of Gen. Edelmiro Farrell.

Both Uruguay and Paraguay had been reported considering the possibility of joining Chile and Bolivia in recognizing Farrell's regime—a step that might split Pan-American solidarity.

Information last night from the Uruguayan foreign office said the United States acting secretary of state, Edward R. Stettinius, Jr., in announcing Saturday that Washington was withholding official relationship, had failed to give concrete data confirming a belief that Gen. Pedro Ramirez had been forced to give up the presidency to Farrell.

A Buenos Aires announcement when the Farrell regime supplanted that of Ramirez Feb. 24 declared Ramirez delegated his powers voluntarily because he needed a rest.

Stettinius made it plain the United States considers Argentina's new anti-axis status in doubt and for the reason Ambassador Norman Armour was told to await further instructions pending clarification of Farrell's foreign policy.

Many Military Leaders Believe In High Command For All Forces

By WILLIAM FRYE WASHINGTON, March 6 (AP)—Integration of the nation's armed forces under a single supreme command and staff in one department of war is the common aim of a growing number of American military leaders and thinkers.

Some highly-placed officials believe the unification could be effected now, and add efficiency and speed to the conduct of the war; but the majority is disposed to move more cautiously.

A major obstacle of those favoring immediate action is that while there is wide agreement on the desirability of some kind of streamlining, there is no agreement on the pattern it should take.

Furthermore, men closely associated with staff planning point out that ranking officers whose operating experience would contribute the most valuable suggestions for revision of command and administrative functions are so pressed by the immediate problems of the war that they cannot give careful consideration to proposed changes.

Proponents of immediate action to consolidate the army, navy and air forces assert, however, that the step would cause the least friction, be achieved with minimum of "politicizing" and jealousy, if taken now, when there is actual operating unity in the combat zones and in the top staff in Washington.

On the navy side, at least one important individual has come out boldly and publicly for consolidation of the armed forces—Admiral H. E. Yarnell, retired.

Bond Cashings Gain Sharply

Cashing of war bonds jumped 350 per cent during the past week, a survey of local agencies certifying to redemptions showed Monday.

Total maturity value for the week stood at \$27,575 as compared with \$6,950 for the previous week. Cash value was at least \$20,951.25 as compared to minimum cash value of \$5,212.50 for the week before.

As usual, the average fellow led the pack in number of bonds cashed, but not in the amount. This dubious honor went to holders of larger denomination for the first time in several weeks.

There were a total of 327 bonds cashed as against 232 for the preceding week. Of this number, 269 were for \$25 bonds with a maturity value of \$6,725; 13 of \$50 size for maturity value of \$650; 17 of the \$100 issue for \$1,700; 19 of the \$500 type for maturity value of \$9,500 and nine \$1,000 bonds.

Passenger Train Crash Injures 23

MIAMI, Fla., March 6 (AP)—A crash between the Miami-New York Havana Special and a freight train at Pompano injured 23 persons last night, none seriously. Several others were given first aid at the scene.

The passenger train, an advance section heavily laden with service men and tourists returning northward, left Miami at 7 p. m. (CWT) and had passed the Pompano station 35 miles north of Miami when the collision with the northbound freight occurred.

Three cars were derailed and one was damaged, but all remained upright.

Police Report Quiet Weekend Activities

City police chalked up one of the quietest weekends in several months with only a handful of arrests.

Two women were picked up for a VD check, a couple of arrests were made for drunkenness, investigation of a minor cutting scrape turned over to military authorities, and the usual run of calls answered.

## Hyperion Club Convenes With Mrs. J. H. Greene

### Luncheon To Be Held At AAFBS

The Women's Club of AAFBS will meet in the officers club at the Big Spring Bombardier School Tuesday for a regular semi-monthly luncheon and afternoon of bridge.

Hostesses are Mrs. Frank R. Argus, chairman, Mrs. J. B. Burdick, Mrs. H. J. Kelly and Mrs. W. H. Gann.

Luncheon will be served at 1:30 o'clock and all officers' wives are cordially invited to attend.

Almost 17,000 fewer persons were killed in traffic accidents in 1943 than in 1941.

## DOWNTOWN STROLLER

A family which will be missed very much here is R. F. BLUHMS who will be moving to Midland soon. Providing they can find a house. BLUHMS has accepted a position with the city there and MRS. BLUHMS will probably be going over just as soon as they can find a suitable home.

The love bug is on the loose at Cosden refinery again, and unless we miss our guess someone will be announcing their coming marriage soon.

Received an interesting card from MRS. J. R. SANDERS, who is now visiting relatives in California. She was telling us of going to Grauman's Chinese Theatre in Hollywood and how beautiful the place was.

Speaking of Hollywood, BOB HOPE'S visit to the local field Friday was really something to the boys stationed at the local post. For general opinion that he is one of the best and most well liked actors, who devotes a large percent of his time to soldier entertainment. MAJOR W. E. TURNER, public relations officer, got Hope's autograph accidentally, but he's proud nevertheless. Hope asked the major to send a wire which he had scrawled off to his wife. . . at the end and he had signed it as "Gulliver."

## Increased War Service Work To Be Theme Of TFWC District Meetings

### Baptist Women Serve At USO Club Sunday

The seven Sunday school departments of the First Baptist church were represented in hostesses who served at the local USO club Sunday afternoon during Hospitality Hour.

The departments included the adults, young people, intermediate, junior, primary, beginners and cradle roll and hostesses who served or furnished food included Mrs. S. M. Smith, chairman, Mrs. J. E. Hogan, Mrs. V. W. Fuglar, Mrs. E. C. Hock, Mrs. Roy Rogan, Mrs. R. V. Hart, Mrs. J. P. Dodge, Mrs. R. Y. Jones, Mrs. Stewart Womack, Mrs. Ira Thurman's Class, Mrs. Roy Odum and Mrs. W. J. Alexander.

A total of 382 persons visited the club during the afternoon and evening, and at 6 p. m. hostesses served sandwiches to marines on a troop train which stopped for awhile at the railroad station.

The afternoon program was on "International Good Will" and talks were given by Mrs. R. L. Beale and Mrs. Paul S. Dewell.

Those attending the meeting were Mrs. James T. Brooks, Mrs. R. L. Beale, Mrs. Lee Hanson, Mrs. J. B. Mull, Mrs. E. B. McCormick, Mrs. Shina Phillips, Mrs. V. Van Gieson, Mrs. G. Reagan, Mrs. J. B. Young, Mrs. Lewis Blanton, Mrs. Paul Dewell, Mrs. Jack Raynor, and the hostesses, Mrs. Greene.

Mrs. R. T. Piner will entertain the club at her home on Saturday afternoon, April 3.

## Army-Navy Tests To Be Given Here

The third Army-Navy college qualifying test for the Army Specialized Training program and the Navy college program, V-12, is to be given in Big Spring high school and other schools throughout the country at 9 a. m. March 15, it was announced Monday.

A leaflet of general information containing an admission-identification form may be obtained in the principal's office. Properly filled out, it will admit to the test students between ages of 17 and 21, inclusive, as of July 1, 1944, who are high school graduates or who will be graduated by July 1, 1944.

Students wishing to take the test should notify the principal's office immediately so that necessary test supplies may be ordered, it was announced.

The same examination will be taken by both Army and Navy candidates. The examination is designed to test the aptitude and general knowledge required for the program of college training. At time of the test, each candidate will be given opportunity to state his service preference, but taking the test does not obligate the candidate to enlist in service.

The Army Specialized Training program is designed to meet the Army's needs for specialists and technicians in certain fields of study. Academic work is at the college level, at government expense. The Navy college program also enables students to continue academic training at government expense.

Mr. and Mrs. Guy Stinebaugh left Saturday for Sherwood where they will make their home.

## 85 Per Cent Of Red Cross Funds Will Go For Use Of Armed Forces

"Approximately 85 percent of the \$200,000,000 Red Cross 1944 Fund goal is budgeted for services to the armed forces," said Red Cross Field Director Max Blue of the Big Spring Bombardier school. "Of this sum, \$140,000,000 will be administered by the American Red Cross for domestic and overseas work." Blue continued, "while the remaining \$60,000,000 will be allocated to chapters for use in local communities, a major portion of which is for assistance to servicemen and their families."

Outlining the use of the funds, Blue pointed out the various Red Cross services offered at the Big Spring school.

"Communication service with the folks back home in time of emergency, grants and loans to men having special needs, hospital recreation, and the many other Red Cross services offered at this station and hundreds of others throughout the nation are made possible through the public's contributions to the American Red Cross," the field director said. "The same is true of the

## Local Girls In Play At Texas Wesleyan College

Miss Ann Talbot, daughter of Mr. and Mrs. F. H. Talbot; Miss Dorothy Sue Rowe, daughter of Mr. and Mrs. H. M. Rowe and Miss Merline Merwine, daughter of Mr. and Mrs. C. W. Grigby all of Big Spring were in the cast of the production, "The Camel with the Wrinkled Knees," a play presented by the art and speech students of Texas Wesleyan College, Fort Worth. The play sponsored by the Bureau of Children's Entertainment, was given Friday in the Will Rogers Municipal Auditorium for all Fort Worth school children.

Art student, directed by Miss Sallie Gillespie, head of the Texas Wesleyan art department, made all the masks, scenery, and sets. They also designed and made the costumes, using the illustrations in the book "The Camel with the Wrinkled Knees," a three act fantasy from the Raggedy Ann stories by Johnny Gruelle. Only two human characters are in the play. Others are imaginary and the setting is in the land of make-believe. Miss Sybil Bender, of the Texas Wesleyan speech department directed the play.

## CALENDAR

**TUESDAY**  
WOMEN'S CLUB meets at the Big Spring Bombardier School in the officers club for luncheon and bridge. Luncheon served at 1:30 o'clock.

B & PW CLUB will convene for business session at the Settles hotel at 7:30 o'clock.

REBEKAH LODGE will meet at the IOOF hall at 7:30 o'clock.

ORDER OF EASTERN STARS meets at the Masonic hall at 7:30 o'clock.

## Why Train Berths Are Hard To Get

By JAMES MARLOW AND GEORGE ZIELKE

WASHINGTON, March 6 (AP)—To anyone who has tried to get pullman reservations, the Truman committee's report on use of such accommodations is an eye-opener.

The fact is, the committee says, that pullman space isn't fully utilized. It offers the Pullman company figures for last September showing occupancy was 79.4 percent of total possible use of the space.

While it's considered impossible ever to attain 100 percent use, the committee "is convinced that more can be accomplished."

The trouble is, lots of train reservations which aren't going to be used aren't canceled in time to let other people use them.

The Truman committee — the senate's special investigators of the national war program — points fingers at:

1. Corporations engaged in the war program.

In many cases, the committee reports, corporations make a practise of buying pullman space on the theory it might be needed and that the "small loss involved by losing the credit for the cancellation would be unimportant to the corporation."

2. Government agencies.

"Block of pullman space are reserved for government agencies such as the war and navy departments, the war production board and the office of price administration," the committee reports.

"Much of the traveling done on behalf of such agencies could and should be eliminated."

Further, the unused portion of the space so reserved, the committee says, "is not made available for public sale until a few hours before departure time, which makes it difficult and inconvenient for other travelers to use it and sometimes results in the non-use of a substantial portion of such space."

The committee declares a change in the war department's method of paying traveling expenses of officers was "significant."

Scientists have proved that drinking warm milk induces sleep.

## BOWEL WORMS CAN'T HURT ME!

That's what you think! But ugly round-worms may be inside you right now, causing trouble without your knowing it. Warning signs are: uneasy stomach, nervousness, itching parts. Get JAYNE'S Vermifuge right away! JAYNE'S is America's leading proprietary worm medicine; scientifically tested and used by millions. Act promptly. Be sure you get JAYNE'S VERMIFUGE!

Here's one TABOO a girl can forget when she wants relief

Women talk plainly today. So you should know about CARDUI's 2-way help for purely functional periodic pain. Started 3 days before the time and taken as directed, CARDUI may aid in relieving much discomfort. Used as a tonic, CARDUI often wakes up appetite, aids digestion by increasing flow of gastric juices, thus helps build resistance for times most needed. Try it! (adv.)

Get through cold's nasal blockade, give head cold the only relief. Use only as directed. PENETRO NOSE DROPS

## DISPATCH TO ALL STOREKEEPERS...

## SAVE WASTE PAPER!

From the fighting fronts to the merchants of this city comes a desperate plea—SAVE WASTE PAPER!

Paper to make bomb rings, shell containers, helmet linings—to pack and protect food, ammunition, and blood plasma. Over 700,000 items needed by our armed forces are made of paper or wrapped in it.

So urgent is the need for waste paper that today it tops the list of all the materials

critically needed for war.

In retail stores in this city tons of precious waste paper are daily being destroyed. Used wrappings, cartons, packing boxes, old bills and records are being burned or thrown away when they should be going into the muscle and sinew of our war machine.

Save every scrap of waste paper—bundle it—phone this newspaper for collection information. Do it today!

## Station Operators Give Vital Service

Although their contribution does not receive much publicity, the service station operators of the nation are performing a vital service to the war effort.

In spite of reduced sales due to rationing, losses of manpower, deterioration of irreplaceable equipment, and difficulty in obtaining merchandise, these men continue to supply the service that keeps the cars and trucks of their communities operating. In Big Spring, a group of Cosden dealers has continued to operate, and the management of Cosden recognizes that they are no less important to the war effort than the employees directly engaged in manufacturing and delivering petroleum products for the armed forces.

Under direction of A. S. Alexander, Cosden's city sales department operates three delivery trucks for distribution of Cosden higher octane and other gasolines, Vedol and Cosden motor oils, burning oils and Diesel fuel, to retail dealers, commercial and oil field accounts.

Cosden Service Station No. 1, at 804 East 3rd, operated by Relfere Jones, handles the full line of Cosden products. A water well has been recently completed at this station and cars are now being washed, an important service during the present water crisis, this in addition to complete lubrication service.

Rufus Davidson operates Cosden Service Station No. 2 at 221 East 2nd, specializing in service to truckers and farmers. In addition to petroleum products, Mr. Davidson offers battery and tire repair service and lubrication.

Vernon Kile operates Cosden Service Station No. 3 at 3rd and Park, rendering a full line of service, including lubrication, to the residents of the south part of Big Spring.

Fred Herman, who operates Herman's Cosden Service at 1001 East 3rd, has sold Cosden products for several years, moving to his present location from one near the refinery. Herman also does lubricating and tire repairing.

Thornton's Service Station on West 3rd serves the residents of that part of town and westbound highway traffic with Cosden products. G. C. Blissard at 1231 West 3rd also offers Cosden products in this area.

V. H. Flewelling is the veteran of Cosden dealers, having sold the first gallon of Cosden gasoline in Big Spring. Flewelling operates delivery trucks, selling gasoline and oil to farmers and oil producers in the surrounding country, in addition to operating a service station at Scurry and 2nd.

W. R. Douglass, at 310 North Gregg, also operates a combination wholesale and retail gasoline business, delivering Cosden products to the rural trade in the

**Convenient** is the Jones Motor company, both in location and in service. Situated at the corner of Runnels and Fourth, it is at the very edge of the busy downtown district and handy to those whose business carries them to that area. Moreover, Jones has expert mechanics who offer convenient service that not only puts stalled motors back into shape but apply that "stitch in time" which prevents costly repairs later on. The company is under the direction of H. G. Jones, one of the veteran car dealers of West Texas. (Kelsey Photo).

## Harry Lester Stresses His Unit For Rebuilding Of Auto Motors

A part of the business that has been built up since the war is the motor rebuilding offered by Harry Lester's Auto equipment shop at 404 Johnson.

Prior to the war, this was only a small part of the auto equipment shop business, but with new cars no longer available, motorists soon began to take advantage of the rebuilding service.

The shop not only rebuilds automobile motors but motors for stationary units, oil field equipment and tractor engines.

Also, in the past, customers who did not have motors rebuilt asked only for patch jobs while now, knowing their motors must last for the duration and longer, they demand a complete rebuilding service in order to make their motors last.

Time required to have a motor rebuilt varies with the necessary parts that must be ordered, for shortage of many parts requires time to receive them here. However, the Lester shop has been fortunate in getting most of its orders through remarkable well.

Six men are now employed in this branch of the Harry Lester shop and are kept busy working all the time. The business has also been fortunate in being able to keep well-trained men on the job in spite of the manpower shortage.

In addition to the rebuilding service, Harry Lester's does pressure plate rebuilding, brake shoe exchanges, brake drum service, and nearly any type of machine work for automobile motors.

More than 120,000 different items of equipment were inspected by 2,100 workers in three days at an Army ordnance depot.

Scientists say that bedroom decorations in red, orange and blue are much too exciting for sleep.

## Chick Season Here

With spring just around the corner, poultry raisers in and around Big Spring are making preparations for another good year of raising baby chicks to help curb a distinct shortage of meat during the summer and fall.

The Logan Feed store on East Third will again be able to help poultry raisers with their needs and according to their custom, are starting off early in the season hatching off baby chicks. At the present they have around 12,000 on hand with 17 different breeds represented in the collection.

Eggs are bought all over the country and brought to Logan to be hatched off in the incubator which has a capacity of 35,000 eggs and Logan states that he could still use more heavy breed eggs.

They have also received a shipment of brooders and poultry remedies, purchased with the idea that poultry raisers can check common diseases early before they become prevalent as in the past years.

Logan ships young chicks just hatched to such distant points as Arizona, New Mexico, Oklahoma and California. He explained that this is done very easily since the chick can live three days on the unabsorbed egg yolk. The normally healthy chicks hatched off here at the Logan Hatchery can be shipped to areas where poultry is scarce.

In the way of feed for poultry or stock, the store handles peanut hay, alfalfa hay, and prairie hay. The prairie hay is excellent for chicken nests while the peanut hay is beneficial in stock feeding.

## Schoolboy Upsets Keep Fans On Toes In Cage Tourney

By HAROLD V. RATLIFF  
—AUSTIN, March 6 (AP)—The twenty-fourth annual Texas

Schoolboy basketball tournament left pleasant memories today—memories of the closest, hardest fought and best attended meet of them all.

Fan interest was accelerated because of the unpredictable way the championship race went: not a favorite came through.

Sunset (Dallas) captured the Class AA crown, Nocona the class A title and Prairie Lea the class B pennant. None of these teams had been rated of championship caliber before the tournament began.

Here is a good indication of why there was an attendance of 18,500 for the three days and nights which 24 games were played:

In 16 of those contests there was not more than nine points difference. In 13 games no more than five points separated the teams. The nearest to a lopsided win was Nocona's 43-23 victory over Dimmitt in the class A semi-finals.

There were two overtime struggles, four games were won within the last 20 seconds and there were ten games in which the winner was not determined until the waning minutes.

Milas Downey of Nocona may have set a new scoring record with 25 points against Dimmitt. Tournament officials and sports writers could not recall any player having made that many in a single game in the past.

Sensations of the tournament were Prairie Lea and Childress. The former, showing a floor game the equal of any class AA ranks, stamped itself on the first day of the meet as of championship caliber when it won its game without its coach being present.

Unheralded Childress knocked out the championship favorites—Austin and Goose Creek. Sunset was rated fairly strong and was expected to get by its first round opponent but no one ranked the Bisons as top championship threats.

Sunset drew Midland in the first round and had little trouble winning, then beat Highland Park (Dallas), which played over its head the previous day to eliminate Waco.

Sunset finished the season with 20 victories against four defeats. One loss was to Crozier Tech of Dallas, another to Paschal of Fort Worth and two to Waco.

Nocona won 21 and lost four—three defeats being to Bowie and one to Graham.

Prairie Lea won 19 and lost three—two losses being to Lockhart and one to San Marcos.

WICHITA FALLS, March 6 (AP)—The open all-age heats in the North Texas Field Trial association were to begin today and continue tomorrow on the 30,000-acre Clay county ranch of Buster Haggood.

In the opening events yesterday, Frank, owned by Frank Woods, Wichita Falls, won top honors in the shooting dog stakes with a one-covey find.

Tom's Kate, owned by Tom Jones and Harry Smith of Wichita Falls, won second place and third place went to Katie Kelly, owned by Wade Cutchin, Dallas.

WICHITA FALLS, March 6 (AP)—The daily field workers will continue for 30 days.

"I'm encouraged," says Meyer when asked about his prospects for next fall. "I believe we will have more material than we had last fall."

Civilian freshmen and navy personnel are setting themselves in the university this week.

LOS ANGELES, March 6 (AP)—Two of the nation's top-ranking heavyweights will exchange swats over the 15-round route here when Cleveland's Jimmy Bivins engages south Turkey Thompson in an outdoor shot in Gilmore stadium, Promoter Tom Gallery announced today.

The scrap is scheduled for April 1.

WASHINGTON, March 6 (AP)—Additional bus service between Amarillo, Texas, and Albuquerque, N. M., may be provided when the need arises, under a ruling of the Office of Defense Transportation (ODT) today.

A special order providing for coordination of operations by the New Mexico Transportation company and the Southwestern Greyhound Lines between Amarillo and Albuquerque, restricted the carriers to three round trips and two round trips, respectively. This was amended today to permit an increase in the trips if authorized by the director of the ODT's division of local transport.

KANSAS CITY, Mo. (AP)—Dr. S. S. Hill called firemen to investigate a strange racket under the front porch of his recently-purchased home.

From an old dry distern, 20 feet deep, Captain D. L. Kennaley carried one Chow dog, one Boston bulldog, one white Angora cat, one red hen.

## SPORTS ROUNDUP

By HUGH FULLERTON, JR.

NEW YORK, March 6 (AP)—Remember way back when baseball fans used to get steamed up because a few prominent players hadn't signed their contracts by this time of the year? . . . Well, there's still a week or ten days before 1944 spring training starts and a lot more players are unsigned than signed . . . Not many are hollering for more dough, but you'll notice guys like Spud Chandler, Joe Gordon, Billy Herman, Stan Spence, Ray Mack, Doc Cramer and Dick Bartell who are either talking about sticking to their war jobs or aren't saying anything . . . Washington has 34 players signed, the other clubs only 12 or 15 a piece . . . The club owners, of course, claim it's just a sign that a lot of the boys are uncertain about their draft status and that they'll bring them papers when they report, but still it starts you wondering.

Today's Guest Star  
Ed Danforth, Atlanta Journal: "Alsab has been classified 4-F by Hiteach track officials."

Service Dept.  
Pvt. Johnny Gayer, former Butte, Mont., amateur boxer was the only Yank to win a title in a recent Allied tournament in India which drew more than 200 entries . . . Lieut. Charlie Spidel, whose Penn State wrestling won six eastern championships in 15 years and who has tutored the North Carolina Navy Pre-Flight grapplers for the past two seasons, now is somewhere in the Pacific . . . Writing from England that he has been watching British soccer and is looking forward to seeing some Rugby, Sgt. Ed Piggy Simandl, former Newark, N. J., pro football player and manager, adds, "I was pretty fair at soccer years ago. In my kicks I may have missed the ball, but never the shin."

Gonzaga Cagers Are In Interest  
SPOKANE, Wash., March 6 (AP)—Little wonder that Gonzaga's basketball team was about the best in the business in the northwest this season—the players were in earnest.

Coach Chuck Henry said, that one night before a crucial game, Earl Stradder, a forward, took a basketball to bed with him, so he wouldn't lose the feel of it.

Strader scored his customary dozen points in the game.

SALT LAKE CITY, March 6 (AP)—Dick Baker, Granite high school basketball center, is pretty popular with his coach.

Three times this season, Dick has pulled games out of the fire with goals in the waning seconds of play while the coach sat on the sideline nervously eyeing the clock.

The coach, Cecil Baker, is Dick's father.

TCU Spring Grid Play Starts 20th  
FORT WORTH, March 6 (AP)—Coach Dutch Meyer of TCU has announced that he has set March 20 as the date for the start of Spring practice for the next football team.

The daily field workers will continue for 30 days.

"I'm encouraged," says Meyer when asked about his prospects for next fall. "I believe we will have more material than we had last fall."

Civilian freshmen and navy personnel are setting themselves in the university this week.

LOS ANGELES, March 6 (AP)—Two of the nation's top-ranking heavyweights will exchange swats over the 15-round route here when Cleveland's Jimmy Bivins engages south Turkey Thompson in an outdoor shot in Gilmore stadium, Promoter Tom Gallery announced today.

The scrap is scheduled for April 1.

WASHINGTON, March 6 (AP)—Senate-house conferees put the final touches today on a service vote compromise that amounts to a legislative defeat for the administration's federal ballot advocates.

The bill probably will be called up in the senate Thursday and its backers predict approval—although they're ready for a substantial protest vote from the proponents of unrestricted federal ballots for the armed forces.

An administration spokesman said the vote might be close but there was no disposition to reject the bill. It provides a federal ballot for use only if authorized by state law and to be made available only to those servicemen who can't get a state absentee ballot by Oct. 1.

Patrol Causes Jap Casualties  
NEW DELHI, March 6 (AP)—An Allied patrol operating on Burma's coastal plain south of Maungdaw engaged and inflicted casualties upon a party of Japanese, a southeast Asia communication said today.

Elsewhere on the main Arakan front, quiet has prevailed for the past 24 hours except for enemy shelling of the Allied positions north of Butheadaung, the bulletin said.

United States heavy bombers carried their explosives to a number of Japanese airfields in southern Burma Sunday night, staging fires, while fighters, fighter-bombers and medium bombers attacked a wide variety of targets in the past three days.

Veneral Disease In Austin Aired  
AUSTIN, March 6 (AP)—Mayor Tom Miller called a meeting for today to air publicly Austin's disease situation.

A recent grand jury report was critical of control measures here. Miller has replied the city has done all it can do.

## 10 Years T. C. U. Coach

Leo R. ("Dutch") Meyer, whose contract as head football coach of Texas Christian's famous Horned Frogs was recently renewed after 10 years at the helm, looks over his "Memory Wall"—the pictorial record of the many fine teams he has coached. Meyer has been at his post longer than any other Southwest Conference coach and his Horned Frogs have made the best record in conference play during that decade—33 won, 22 lost, 4 tied, for a percentage of .593. Coach Meyer has taken his Frogs to the Sugar Bowl twice, Cotton Bowl once and Orange Bowl once, and has brought back three victories in the four tries.

## THE CLUBHOUSE

By JOSEPH T. DeGEORGE  
AP Features  
WICHITA, Kas. — Raymond (Hap) Dumont believes baseball is just the thing to help spread the good neighbor policy . . . and he hopes to do something about it.

The president of the national baseball congress has mapped an ambitious program of expansion which, if carried out, would find teams in 32 nations and territories playing the game Abner Doubleday introduced to the United States a century ago.

Dumont admits that it's a big undertaking. But he's setting out his post-war stakes now for a semi-pro show that would blanket North, Central and South America.

He outlines the program this way:  
When the global baseball set-up is completed, national championships are to be scheduled in 32 nations and territories, including the United States, Canada, Mexico, Puerto Rico, the Dominican Republic and other Central and South American republics.

"Plans already have been approved for 1944 to decide the championships of Cuba, Hawaii and the Virgin Islands.

"The Canadian and United States programs are all set for this spring. There will be state and provincial tournaments, preceded by district events in both countries and followed by the 10th annual national tourney at Wichita, starting Aug. 11, and the third annual Canadian playoff at Toronto, beginning Aug. 1.

"A Canadian-United States play-off patterned after the world series in organized baseball will bring together the two national champions in a seven-game series scheduled to open in Wichita Aug. 30.

"The Canadian and United States play-off will serve as a test for the future plans of global baseball. If it proves successful, national champions of other countries will be paired against each other in seven-game series with the winners continuing to be zoned to meet each other until only two survivors remain to battle for the world's title."

Semi-pro baseball's man of ideas—so dubbed because of the stunts he has used to attract attention to his national tournaments—says his plans for the coming season call for increased efforts to organize more sandlot leagues and to find more team sponsors.

Here's what he has in mind:  
1. Because of the manpower shortage, more emphasis will be placed on nationwide registration day, March 25, when any male, regardless of age, may register at sporting goods stores to play baseball in the congress program in the United States and Canada.

2. Opening of the season on Sunday, May 6—national semi-pro baseball day.

3. A series of district tournaments in July to qualify teams for the 48 state tournament. State champions will be eligible to qualify into the national meet in Wichita.

Service Men Offer Thanks For Smokes  
AUSTIN, March 6 (AP)—Service men on battlefields over the world have started thanking the Junior Chamber of Commerce for cigarettes sent as the result of a campaign several months ago.

Wrote a marine: "Your gift came just in time. I was short of charge and down to my last smoke."

From another on a Pacific island: "Smokes are a priceless possession here as the supply is never certain."

A marine sergeant in the Pacific added this to his thanks: "When you find time to repeat your gesture, please send some books."

Pleasant Visit  
NEW LONDON, Conn. (AP)—Henry Belgrade, visiting at the home of expectant parents, unexpectedly found himself in the role of a midwife and, while the father was out searching for a physician, used technique "I learned about in a movie somewhere" as he expertly delivered a baby girl.

MEDALS AWARDED  
WASHINGTON, March 6 (AP)—The war department today announced that the Distinguished Flying Cross had been awarded to Lieut. Col. Yancey S. Tarrant of Brownwood, Tex., and the Bronze oak leaf cluster to the Distinguished Flying Cross to Capt. J. D. Colingsworth of Borger, Tex.

## Cage Fans Are Wondering Who

NEW YORK, March 6 (AP)—Mystery of the three missing teams needed to complete the brackets in the NCAA postseason tourney drew the attention today of college basketball fans.

Thirteen teams have been picked for the 16 berths in the national invitation at Madison Square Garden and the NCAA. From what section of the country will come the other three teams?

One must come from the east to compete against Dartmouth, Ohio State and Temple in the eastern NCAA playoffs. The other two will compete against Arkansas and Pepperdine College in the western NCAA at Kansas City, indicating they will come from that region.

Arkansas, with a season record of 16 wins and seven defeats, and Pepperdine, a Los Angeles school with 20 wins against 12 defeats, were chosen over the weekend.

The Madison Square Garden tourney lineup was completed with the selection of Canisius and Bowling Green last week. The six teams previously selected are DePaul, Oklahoma Aggies, Kentucky, St. John's of Brooklyn, Utah and Muhlenberg.

WASHINGTON, March 6 (AP)—With White House approval, National Chairman Robert E. Hannegan has arranged to provide financial and other party assistance for many of the anti-administration democrats in congress who are running for re-election this year, including some who were marked as intended victims of the ill-fated purge of 1938.

Hannegan has taken up where former Chairman Frank C. Walker left off in attempts to bring back into the fold some of the senators and congressmen who have been openly critical at times of President Roosevelt's policies.

This move has extended in some instances to senators who have not up for re-election this year, such as Senator Wheeler of Montana. Wheeler, however, reportedly has repudiated all overtures.

But more headway apparently has been made with several others to whom the olive branch has been extended. Senator Tydings (D-Md.), against whose renomination Mr. Roosevelt personally campaigned in 1938, is expected to receive national committee assistance this year, with the president's knowledge and approval.

Others reportedly include Senators Clark of Missouri, who faces a primary fight for renomination, McCarran of Nevada, Clark of Idaho, and Gillette of Iowa, as well as a number of house members.

Jester Announces For Re-election  
AUSTIN, March 6 (AP)—Chairman Beauford Jester of the Texas railroad commission yesterday formally announced his candidacy for democratic re-nomination and re-election.

Jester had been mentioned as a possible candidate for governor.

Governor Coke R. Stevenson is expected soon to announce his candidacy.

Jester is now serving a two-year term on the commission in succession to Jerry Sadler who resigned. If re-elected Jester will serve a full six-year term.

Baseball League To Hold Org. Meeting  
HOUSTON, March 6 (AP)—The South Coast Semipro Baseball league will hold its 1944 organization meeting at a gathering of managers or officials tonight.

All of the 1943 hold-over clubs—Ellington Field, Freeport, Sweeney, Brown Shipyards, Houston Shipyards and Hughes Tool—will be represented and plan to have teams.

WMC Shorthanded  
LINCOLN, Neb. (AP)—The War Manpower Commission for Nebraska has a good record for solving manpower problems in industry—but it's having a labor shortage of its own.

Miss Mary E. Sawtell, acting state WMC director, has put out a call for 15 interviewers to replace men and women entering military service.

They're needed in the employment service division.

Higher Value  
TOPEKA, Kas. (AP)—Aging automobiles in Kansas have taken on new life in the tax assessors' rolls. William Ljungdahl, taxation commission chairman, said the usual method of assessment on nearly all models of passenger cars and trucks will be increased \$50 to \$100 generally over 1943 figures.

"It's only proper," he said, "that assessments be made on sale value."

There are more than 26 million cars on United States farms.

The new Chinese immigration quota is 406 persons a year.

## "Jug" Takes Top Money In G'Port Golf Tournament

GULFPORT, Miss., March 6 (AP)—Harold "Jug" McSpaden, a crack Philadelphia country club pro, got back into the winning groove to take first money in the \$4,500 Gulfport, Miss., open golf tournament.

McSpaden stormed down to the finish with a three-under-par 68 in the final round yesterday to bring his 72-hole total to 276, six strokes better than his nearest rival, Sammy Byrd, of Birmingham, winner of last week's New Orleans open.

McSpaden's victory was good for \$1,000 in war bonds while Byrd's second place 282 won him \$750.

One stroke back of Byrd was Byron Nelson, Toledo, Ohio, veteran, who carded a 283 for the four rounds and won \$550 in bonds. Tony Penna, Dayton, Ohio pro, was fourth with 284, two strokes ahead of Johnny Revolta, Evanston, Ill., star, who won the Texas open recently. Revolta matched McSpaden's 68 on the Final round but his over-par shooting in the first and third rounds forced his total to 286.

Star Gridders Enroll In Rice  
HOUSTON, March 6 (AP)—Four high school football stars enter Rice Institute today while 16 other athletes prepare to leave under navy transfers.

Beginning the new semester are Truman Wright, all-city tackle from the district 13-AA champion Jeff Davis (Houston) team of last fall; Juddy Helm-camp, fullback from Stephen F. Austin (Houston) high; Frank Bass of Cuero and Robert Shelton of Forest (Dallas) high.

Among those leaving in navy routine with commissions as Ensigns are:

Jack Simms, Charlie Haden, Joe Kucera, Henry Heck and Wilson Green of the football squad; Harold Galloway and Calvia Sparks of the basketball team; Bob Porter, the conference's champion miler; Bruce Moore of the track and football teams and Bryant Bradley, tennis player.

Archie Slaydon of the basketball squad is going to Texas Christian.

Running Parson To Enter Sat. Races  
NEW YORK, March 6 (AP)—Parson Gil Dadds goes in both ends of a doubleheader Saturday when the Boston theologian who won his fifth straight in the special mile at the I. C. 4-A meet, trots out for the Columbian mile and 1,000-yard features of the Knights of Columbus competition that closes the Madison Square Garden indoor track season.

Dadds had more trouble than usual in making it five in a row in 4:10.2 at the collegiate carnival because Bill Hulse of the New York A. C. was determined to set the pace and keep it as long as he could.

Hulse roared through a 58.3 quarter, at 2:02 half and a 3:03.5 three-quarters before yielding to the Parson with only three and a half laps to go. Gil had made seven distinct bids to pass the leader but each time the winged footer had sprinted to hold the pace. Once Dadds got out in front, Hulse had to drop out of the race and Dadds led Ensign Hunter home by some 50 yards.

STRUCK BY CAR  
AUSTIN, March 6 (AP)—Hugo A. Buass, 82, died yesterday of injuries suffered when he was struck by an automobile on the Fredericksburg road Thursday. Buass is survived by five sons and three daughters.

Tropical Park Opens For 30 Day Session  
MIAMI, Fla., March 6 (AP)—Florida's richest racing season hit the home stretch with the reopening today of Tropical Park for a 30-day spring meeting.

Hialeah Park closed Saturday after establishing a state wagering record of \$36,786,127, compared with the previous record of \$25,927,876 in 1940.

Ten fleet thoroughbreds were entered in the \$2,000 six furlong Tropical spring imugural with Calumet Farm's best mare, Mar-Kell, the favorite.

CHICAGO, March 6 (AP)—Lou Boudreau, manager of the Cleveland Indians, who recently was classified 1-A, is going ahead with plans for the club's spring training.

The 26-year-old Indian manager said that he will leave Sunday for Lafayette, Ind., where the American league team will open spring training a week from today at Purdue University.

DENY REPORTS  
STOCKHOLM, March 6 (AP)—A Sofia dispatch to the Swedish press today quoted official quarters as denying foreign reports that Bulgaria was seeking a way to quit the war.

ADOPTS ENGLISH GIRL  
NEW YORK, March 6 (AP)—Rep. Clare Boothe Luce (R-Conn) has "adopted" an 11-year-old English girl, Joy Agnes Ogier, through the Foster Parents Plan for War Children, Inc., Mrs. Edna Blue, plan executive chairman, announced here today.

The traffic death toll in the United States in 1943 was about 23,000.

## Report to the Nation:

# When the 4<sup>th</sup> War Loan Ended— Our Fighting Men Kept Firing!

**N**ews that the 4th War Loan goal of \$14,000,000,000 has been reached and passed will cheer American boys from Italy to the Marshalls. But they will hear the news not only over sputtering radios but over the din of battle.

For the war still goes on with ever mounting fury. And that means that our War Bond buying must go on unabated, too.

To the millions who bought extra War Bonds in this drive, all America gives thanks.

To the 5,000,000 and more volunteer workers who contributed their time and abilities to help make the drive a success, your Government and your fighting men give thanks.

To the thousands of patriotic newspapers, magazines, radio stations and networks, members of the motion picture industry, the outdoor industry, advertisers and agencies, retail stores, banks, post offices, credit unions, building and loan associations, labor unions, fraternal organizations and farm credit associations, the Nation gives thanks.

Once again Americans have proved their determination to "back the attack" to the full.

### But the attack goes on

Look at Italy. When the 4th War Loan drive ended at midnight February 15, the drive on Rome was still going on. American boys were still crouching in water-filled foxholes—clinging with bitter and bloody tenacity to a beachhead the Germans were equally determined to take back. Thus on the same midnight that witnessed the end of the 4th War Loan drive, the hands of the clock met like shears to snip the lives of scores of American boys engaged in the March on Rome. *And the fight goes on.*

Look at Japan. At the same hour that saw the end of the 4th War Loan, the "March of Death" that shocked all America to a realization of Jap brutality to American prisoners of war—that march was still going on.

To liberate those heroes of Bataan and Corregidor before it is "too late," other American boys stormed and took the Marshalls on the road to Tokyo.

But that March to Tokyo—still 2,000 miles away—that march goes on.

### And we on the home front

—can we afford to stop now that the 4th War Loan is history, while our all-important job of supplying and financing this costliest war of all time still goes on? We have won a home front battle here, yes.

But just as our boys continue even more vigorously once they have established a beachhead, so we must continue to build on the success we have already achieved.

### Our job goes on

The Bonds we bought last week and the week before are today's exploding bombs and shells, and spent bullets can never be used again. We must provide for tomorrow, too. The need for new guns, planes, ships and tanks *still goes on.*

For the war still goes on with ever mounting fury. So while all of those on the home front who have bought Bonds and have worked so hard to make the 4th War Loan drive a success have earned the Nation's thanks, none of us can afford to forget that our home front job, including Bond buying, *also still goes on!*

*Henry Morgenthau Jr.*

Editorial - Pre-Post-War Action

Big Spring because it is and long has been notoriously short on housing...

Surveys had revealed these facts, he said: 1) Stocks of vital building materials are so depleted...

It occurs to us that anything which would help start this big building program off quickly on an even keel would be quite helpful to the nation.

Now It's A People's Tax

A recent statement by Senator Byrd of Virginia is worth passing on. He said: "There was a time when the federal income tax was called a rich man's tax..."

And why not? While we love to moan and groan in keeping with the popular pastime...

In our most intelligent hours we know that in any situation, to lump a whole group, race or nation in an inconclusive prejudice is as insane as it is un-Christian...

Our big guns on the war front continue to bang away. Some of those in Washington just pop off.

Washington In Wartime

Mobile Guns Are Hurting The Japs Backwards

By JACK STINNETT

WASHINGTON — There are broad grins on the faces of the brass hats who step briskly along the ramped corridors of the Pentagon building...

It isn't over-optimism; it's just confidence that now we are rolling and going to keep rolling.

But in less than three months, the Navy, Army and Marines have smashed through the Gilberts and Marshalls and into the Carolines.

I have talked to a number of smiling naval men here in the last few days, always opening with the question: What is happening in the Pacific?

There's no particular mystery about it. We now have there the greatest concentration of maneuverable striking power ever assembled...

It consists of assembling the greatest naval carrier and amphibious striking power possible. Correspondents in the Pacific have been trying to tell us about that striking power for weeks without giving away any secrets.

When these task forces strike, the planes loose bombing attacks almost comparable to those of the London blitz.

The War Today

by DeWitt Mackenzie Associated Press War Analyst

Few recent war transactions have created greater international speculation (and downright heartburning in the case of Italy) than the unexplained announcement that the Anglo-American allies are turning one-third of the Italian navy over to Russia.

The curiosity of Hitler's soothsayers, among others, is at white heat. Especially concerned, of course, are the Italians, and hard-boiled old Premier Badoglio has expressed pained surprise that his government wasn't even advised of the deal.

Well, one can understand the marshal feeling hurt, but there's small ground for surprise in his shrewd mind. While the allies hope to see Italy prosperous and happy after the war, she should understand thoroughly that she's going to pay dearly for her aggression.

Part of the price will be military impotence. Loss of her once fine navy is one of the penalties for helping cause millions of deaths and untold destruction.

Naturally this tiny handful of ships isn't going to turn the war upside down. They might be helpful in Mediterranean operations, manned by Red crews. They would be particularly useful if they could be got into the Black sea to help clear the Germans out of the Crimea and turn their right flank in Russia.

Anyway, of much greater importance is the fact that the allies are in process of carrying out their oath to render the axis powers impotent militarily and punish war guilt.

Russia doesn't happen to be doing much on the seas, but she is waging mighty war on land. Therefore if she has any use for part of the Italian fleet, she gets it. Next time it may be Russia who will make a concession to one or both of the other major allies.

Hopes Film Will Curb Atrocities

By ROBBIN COONS HOLLYWOOD — The man who made the first "Jap atrocities" picture—long before the government released the news of what actually happened after Bataan—says he is sure that such films will help rather than harm prisoners still in Japanese hands.

"When the Japs know that the American people are aware of what they have done," says Darryl Zanuck, "they'll change their treatment, knowing they're going to be beaten and hoping the victors will be kinder to them if there are some people to say the Japs mended their ways."

Zanuck's picture, which he put into production the day he returned from active service as an army colonel, is "The Purple Heart," story of American fliers who bombed Tokyo, and what happened to them. He came back, he says, convinced that except on the Pacific coast the American people regarded the Japanese war as a second-class affair, a remote little show.

"I wanted to make a picture showing the Japs as they are—intelligent, brutal, confident of victory," he says. "We have had many pictures of the one-bank-beats-10-Japs type. We aimed at a picture every American could look at and be proud of, because it would show Americans standing up against its enemy. I was sure that, sooner or later, the people would be given the facts about Bataan, and the picture could be released."

Zanuck came back, he says, determined to make only films which would contribute to "the war and the peace," which explains "The Purple Heart," "Wilson," and "One World." Once he had his finger in every production on the lot, now he is concentrating on these, and can't get excited about the musicals or light comedies any more.

"I'd hate to see everybody take my attitude," he laughs. "It might take the profits of four musicals to pull out 'Wilson,' which on the other hand might turn into our biggest grosser. It's costing over \$5,000,000, and it's a pure gamble, but I think it's important that it be filmed now. A musical's a sure thing—if you get stuck, you can always cut to Betty Grable and know it's going to be good. 'Wilson' will make people think about the peace to come after this war, the mistakes of the past."

Wilkie's documentary "One World" will reach the screen no longer documentary but, as Zanuck promises at least, "really entertaining." As he puts it: "There has been too much of this buck-up-and-take-it-on-the-chin stuff. 'One World' will say to you, instead: 'Get mad. Get so doggone mad about war and aggression that you'll never let it happen again!'"

Today And Tomorrow Speculation Without Facts

The next best thing to knowing is, as the saying goes, to know that you do not know. Finland is a case in point. We know the Soviet terms for an armistice, and we know that in conformity with the Anglo-Soviet treaty the Russians have consulted the British and that the British have approved the terms. Our temptation, then, is to express an opinion, to say whether they are hard or soft terms, to talk about the Atlantic Charter and to profess to see in them a confirmation of our hopes or our fears about Soviet policy.

But in fact we lack the essential information on which to have any sure opinion about these terms. The Soviets have offered the Finns the choice of rounding up and interning the German troops now in Finland, or of letting the Red Army come in to deal with these German troops. Now obviously if Finland is to get out of the war, the German troops in Finland have to be disposed of.

But in order to judge whether the Finns can do what the Italians could not do, we have to know the real strength and the position of the German troops. Only if we know that are we entitled to an opinion on whether, as the price of not being occupied by the Red Army, the Soviets have asked the Finns to do the possible or the impossible.

Even in official quarters in Washington there are widely different estimates of the military situation in Finland. There are some who believe the German forces to be only two or three divisions, say 50,000 to 60,000 troops in all. Others believe that there are five to eight German divisions, say 150,000 troops. The Finnish army is estimated at 350,000 to 400,000 men, and Finland is not now wholly mobilized. Obviously it makes a great difference whether the Finns outnumber the Germans as seven is to one, or only as three is to one.

It is no less important to know where the German troops are, and where are the Finnish and the Soviet troops. In Washington it is said that the bulk of the German combat troops are in the northern part of Finland, above a line running east from the top of the Gulf of Bothnia. If that is correct, then the battlefields with the Germans would be away from the main Finnish cities unless the Finns, like the Italians, allowed the Germans to occupy their cities. All this would clearly have a great bearing upon how badly devastated Finland would be.

Finland is not the only case where, without knowledge of the military situation and of operational plans, opinions about political and ideology are unwarranted. The vexatious problems of the Balkans and Turkey are simply unintelligible without military knowledge which, even if the commentators had it, could not be discussed freely without terrific danger to future operations. The facts now known about the past history of the Italian campaign are an illustration of what some of the real considerations are.

The event has shown that Mussolini fell and Italy collapsed before our armies were ready to exploit the victory. In Italy last summer, unlike Finland today, there were no powerful forces which could seize control of the country before the Germans took control of it. Because of that we got only the Italian islands, the foot of Italy and the fleet. Because of that, we have had to make political decisions though the main part of Italy is not in our hands. Because of it, we have had to make very difficult and elaborate military decisions. Without more knowledge of these military fundamentals than we have, or could discuss, we cannot talk intelligently, or even intelligibly, about Marshal Tito or General Mikhailovich, or Bulgaria, or Greece, or a good many other exceedingly interesting things.

It is not possible either without knowledge of the military fundamentals to say much that is useful about the speech which General Smuts himself called explosive, or about why Mr. Eden was so depressed in his recent speech to the House of Commons, or about the leading editorial in "The Times," of London, on Germany, or about Marshal Stalin's message to the President where he said that "the time is near" for the final defeat of Germany "on the basis of the agreements reached at Moscow and Teheran."

Any way you choose to take it, you find a most dangerous confusion, which those who are not the friends of Britain will inflate into arguments about British policy which it is very difficult indeed to rebut.

Capital Comment— Oil Is Behind The Secret Weapon

By GEORGE STIMPSON WASHINGTON (Sp)—The Office of Defense Transportation is cracking down on Washington tax drivers who violate the regulation forbidding them to carry passengers more than 10 miles from the city.

OPA reports that 6,373,320 War Ration Book Four have been distributed in Texas.

Says William R. Boyd, Jr., oil adviser to Secretary Ickes: "Oil is ammunition. It is a secret behind the secret weapons in this war. From oil field to battle field, petroleum serves on every front. Next to the food we eat and the water we drink, oil is the most vital commodity of this country and of the world."

Meat Supply For Civilians Smaller

WASHINGTON, March 6 (AP)—The agriculture department predicted today that the civilian supply of meat for the April-June period will be smaller than the current supply but probably at least as large as that available in the second quarter of 1943.

Partly off-setting a normal seasonal decline in meat production, the department said, will be large stocks accumulated in cold storage during recent weeks.

The Army ordnance machine shop at Terre Haute, Ind., is equipped to repair anything from a motor scooter to a locomotive.

Perfect rubies are much rarer than good diamonds.

**Gov't. Should Not Retard Television**

By C. E. BUTTERFIELD

NEW YORK, March 6 (AP)—Niles Trammell believes television, in getting under way after the war, should not be confronted with too many governmental restrictions. For one thing, he urges a change in the federal communications commission regulation limiting to three the number of picture stations one company may own.

The NBC president said so in his statement to affiliated stations outlining the network's television plans in the immediate and distant future, including chain relays. Here's how he put it:

"The FCC rule which limits the ownership, operation or control by any one interest to three television stations is a severe deterrent to the organization and sound economic growth of national network television. It is to be hoped that, in giving consideration to the requirements of post-war television, the FCC will grant the petition recently filed by NBC requesting a modification of this rule."

In this connection, he said that besides constructing station WJLW in Washington soon after the war as possible NBC had filed applications for stations in Chicago, Cleveland, Denver, San Francisco and Los Angeles. These, with the operating New York station, would make a total of seven.

**In Service:**

Picture above are step brothers, one in the navy and one in the marines, who are stationed in California. They recently met at Oceanside, Calif. Top left is Morris Wayne Griffice, S-2C, who is stationed at San Bruno, Calif., and right is Cpl. Mylum Ache, stationed at Ocean. They are the sons of Mr. and Mrs. G. C. Griffice of Big Spring.

**Buchalter Chooses Death To Inheritor**

NEW YORK, March 6 (AP)—Louis (Lepke) Buchalter, one-time Brooklyn gangster chieftain, chose a killer's death rather than turn informer—him possibly would have spared him from Sing Sing prison's electric chair Saturday night.

This was indicated yesterday by J. Bertram Wegman, counsel for the head of Meridian, Inc., who said: "Buchalter had two keys in his hand. He chose to use the one that opened the door to eternity rather than the other one."

He did not explain what he meant by "the other one" but Wegman's remark gave point to equally terse comment on the case by Mayor F. H. LaGuardia and Assistant District Attorney Burton B. Turkus, who prosecuted Lepke on the murder charge which sent him to his death.

Said LaGuardia during a press interview: "Some people sweated a lot in the last few days."

"He was serving notice to the underworld that he was still 'Lepke the Silent' and that if he was talking he was involving only politicians."

Muscular tension is believed to be one of the major causes of light sleeping.

**AAFBS Notes—**

**Post Paper Is Amazed Today**

"Soldier You Should Know," paper published by the special service department of the Big Spring Bombarrier School is discovering some amazing things and at the same time helping the soldiers to discover several things themselves.

An informal quiz given recently at AAFBS revealed that only 56 per cent of the men questioned knew that Henry A. Wallace is currently vice president of the United States. Thirty-two per cent didn't have any idea who was the nation's second man, and 12 percent thought John Nance Garner still held the job.

Tech Sgt. John H. McCroskey is the old man of the Big Spring Bombarrier School. He is the soldier who holds the record for service at the local station and May 29th there will be two candles on his anniversary cake because on that day he will complete his second year at Big Spring. He was a corporal when he arrived. M-Sgt. Lawrence Icehour is second man. He arrived on June 17, 1942 as a buck private. That was just six days before the arrival of Capt. Warren Edson, the officer with the longest Big Spring service.

Book every month for each soldier is the average at the post library where GI's read more than 2,000 books every thirty days. Most popular general types with the soldiers are the Thorne Smith ribald novels, detectives and westerns. Current best sellers are always popular, and "Under Cover" is the most popular single volume. PM is the most popular daily paper outside of the Texas dailies which are best read because they reach the library on the day of publication.

**Officials Keep Juvenile Study Open For Action**

Way for further study and action was left open Sunday afternoon by county, city and Big Spring school officials, who conferred at length on the juvenile problem.

There was a variance of ideas on the matter, and no decisions were reached except to appoint County Judge James T. Brooks, Mayor Grover C. Dunham and Superintendent W. C. Blankenship as a committee to make further study of the situation.

There were suggestions of centralizing the matter under one agency; of splitting it among the three with an independent advisory council; of one worker to be responsible jointly to city and county. Financial angles, of course, were discussed at length.

**Weather Forecast**

Dept. of Commerce Weather Bureau

**BIG SPRING AND VICINITY:**  
Fair Monday night and Tuesday; colder Monday night, with lowest temperature from 26 to 32.

**WEST TEXAS:** Fair today, tonight and Tuesday; cooler today and tonight; lowest temperatures 22 to 26 in Panhandle and South Plains, 26 to 32 in upper Pecos valley and near freezing in El Paso area and Big Bend country.

**EAST TEXAS:** Partly cloudy today except cloudy with thunder showers in extreme east portion early today; cooler in interior, generally fair and colder tonight; lowest temperature near freezing in northwest portion and Red river valley; Tuesday, generally fair cooler in east and south portions. Fresh to strong winds on the coast.

**Scout Honor Court Set For Tuesday Eve**

Big Spring Boy Scouts will have their regular court of honor program Tuesday evening, H. D. Norris, field executive reminded Monday.

The hour is eight o'clock Hall of an hour preceding the court, the board of review will meet to pass on applications for advancement. The meeting will be in the gymnasium.

**Larger Attendance Marks Church Drive**

The first Sunday of the "March to Church in March" campaign brought slightly larger attendance in some Big Spring churches Sunday.

One pastor reported a "marked increase." Two churches had "lightly larger attendance and one reported less attendance.

The drive was discussed Monday morning in a meeting of the Big Spring Pastor's association. All churches in the association are joining in the campaign, which is expected to bring greater results next Sunday.

The Easter sunrise service to be conducted in the city park was discussed in the pastor's meeting. The executive committee of the association will set the hour and arrange a program.

**Jackie Lee Teague Dies Overseas**

Mrs. Leona Teague of Big Spring has received word of the death of her son, Jackie Lee Teague, S-1-C, who died overseas on February 13 while in navy service.

Teague, 17, joined the navy March 3, 1943, and was stationed at San Diego, Calif., and Seattle, Wash., before going overseas.

He had been on Guadalcanal for several months when he took jaundiced acute infection. The message stated that he had been interred in allied territory outside continental limits of the United States.

Born March 2, 1926, young Teague attended the Big Spring High School and was employed at the Big Spring Bombarrier School prior to his enlistment.

Survivors include his mother, Mrs. Leona Teague; brothers, Pvt. O. T. Teague of Belleville, Ill.; Charles Teague, TM-2C, who is overseas; Bobby Dean Teague and Ray Teague of Big Spring; sisters, Mrs. Juanell Dyer, Mrs. Betty Bilson of Paterson, N. J., Mary Lynn Teague and Betty Ann Teague of Big Spring.

**Here 'n There**

An elementary principal and teacher is needed in a Howard county rural school, Walker Bailey, county superintendent, said Monday morning. Anyone interested may apply to Bailey.

A divorce has been granted in 70th district court in the case of Zula Reeves versus Clyde C. Reeves.

Alfred Johnson of Littlefield, charged at Seagraves with transporting beer without a permit, pleaded guilty and was assessed a fine of \$100 and costs, the Texas Liquor Control Board office in Big Spring announced.

**Public Records**

**County Court**  
In Juana Rodriguez, application for beer and wine retailer's permit for place of business at 300 North Gregg; hearing set for 10 a. m. March 9.

**In 70th District Court**  
Paul Morgan versus Ruby Morgan, petition for divorce.

A. E. Palace versus Pearl Palace, petition for divorce.

Hellen Key versus Vernon Key, petition for divorce.

Ex Parte: John William Gary, petition granted for removal of disabilities of minor.

**Building Permit**  
G. M. Lopez to build frame house at 506 NW 7th street, cost \$250.

Pvt. Roy Balch, son of Mr. and Mrs. Ramsey Balch has been transferred from Camp Colton, San Diego, Calif., to advancement automotive school at Fort Bliss, Tex.

**Scholastic Census Will Be Gathered**

A scholastic census will be taken in all rural schools of Howard county this month. Walker Bailey, county superintendent, said Monday morning.

In most districts, the census will be taken by the school principal.

Announcement had previously been made of plans for the Big Spring city schools scholastic census opening Monday. The city schools are being dismissed at 2 p. m. Monday and Tuesday to expedite the census.

W. C. Blankenship, superintendent of city schools, urged that residents missed in the census Monday remain home Tuesday. Teachers in the various schools, are canvassing their districts.

**Special Service For Bible Workers Set For Tuesday**

A special service for Bible school workers of the First Christian church will be conducted at 8 o'clock Tuesday night in the Blue Bonnet classroom at the church.

Ruby McDurman, director of religious education at the First Presbyterian church, is to speak.

Mrs. H. W. Smith, Mrs. Cliff

**Campbell Rites Set For Tues.**

Funeral services for Charles Maddox Campbell, 47, who succumbed at his home here Sunday morning, will be held Tuesday at 4 p. m. at the Eberly-Curry funeral chapel, with the Rev. W. H. Calson, pastor of the East Fourth Baptist church officiating.

Born May 16, 1887 in Carleton, Miss., Campbell had resided here for the past 16 years and was engaged in business as a concrete finisher and contractor.

Survivors include his wife, Mrs. Inez Campbell; six sons, Pvt. Jesse F. Campbell of Lincoln, Neb., Pvt. Russel Campbell, Liberal, Kans., Charles Campbell, Jr., Wendell Campbell, Irvie Campbell and Bobby Jo Campbell all of Big Spring; two daughters, Mrs. O. L. Stevenson, Odessa, Noma Fay Campbell, Big Spring; brother Wilbur Campbell, Littlefield.

Mrs. Campbell's relatives here for services are Mrs. L. A. Greenfield and Mrs. O. M. Parker of Brownfield; Mrs. Cleo Headstream and Mr. and Mrs. Harold Headstream of Roby.

**Army Officer Kills Calif. Policeman**

RIVERSIDE, Calif., March 6 (AP)—At least one person was killed and two critically wounded when an army officer from nearby Camp Amara ran wild with a .45 caliber pistol last night, police reported today.

Army authorities claimed a censorship on the whole affair, but Police Chief Nestor Brule said he had reports that two additional persons had been killed inside the army camp.

The army officer, not fully identified, is reported to have shot and killed a Riverside policeman named Simpson, after having previously seriously wounded Ray Schliegel, Riverside, whose car the army man is said to have attempted to commandeer. The army officer, a lieutenant, then was shot and critically wounded by Police Officer E. S. Cole, Simpson's partner.

Riverside police said the army officer, after the asserted shooting affray inside the camp, took a staff car and fled from the post, later forcing Schliegel off the highway and attempting to seize his automobile. Military authorities took over the investigation and would make no statement.

Scrap iron from battle arrets is being returned to the United States in huge quantities.

**Woman Killed In Bus Accident**

TEXARKANA, Ark., March 6 (AP)—A Hot Springs, Ark., woman was drowned and four others hurt Saturday night in the plunge of a Dixie Motor Coach Corporation bus from U.S. highway 71 into a slough 27 miles north of here.

After the bus was raised yesterday from the slough, the body of Miss Corrine Hassin, 22, was removed from the vehicle.

Still in a Texarkana hospital last night were Mrs. D. E. Kelly, 19, Wichita Falls, who suffered shock, and A. F. Cullom, 34, Houston, Tex., whose hands were lacerated in escaping through a window. Thomas W. Hubbard, 29, Texarkana, and Paul McDaniel, 19, Magnolia, Ark., were released from the hospital after receiving first aid treatment.

Cullom said all passengers but four had left the vehicle between Hot Springs and the location of the accident. He said the three men and Mrs. Kelly escaped by breaking the windows of the submerged bus and swimming to a small knoll, from where they were rescued in a boat by two fishermen who heard their cries.

**Status Of Water Project Is Same**

Status of the City of Big Spring application for Federal Works Agency support in the development of a water supply appeared the same Monday, according to information from a communication from Cong. George Mahon.

He said the project, up with approval from the regional office, was still under study in Washington. Meanwhile, the deficiency sub-committee of the house appropriations committee had before it a request for an additional \$150,000,000 for FWA community emergency projects, and the report of this sub-group is due before the appropriations committee as a whole possibly within a week, said Mahon, who is a member of the appropriations group. There is a growing disposition on the part of members to cut appropriations wherever possible, he wrote.

**Livestock**

FORT WORTH, March 6 (AP)—Cattle, 2,300; opening active and strong, later trade slow; calves 700; steady.
