DEATH PENALTY NOT SOUGHT FOR MRS. SOUTHARD

"Neighborhood" Makes Selecting Jury a Difficult Task in Poison Trial.

TWIN FALLS, Idaho, Sept. 27.—The jury in the Mrs. Lydia Southard by the prosecution and the defense murder case was tentatively accepted shortly before noon today.

Both sides will begin their examination of the prospective jurors with the view of peremptory challenges, at the afternoon session of the court.

BY ROBERT A. DONALDSON, United Press Correspondent.

TWIN FALLS, Idaho, Sept. 27.—The neighborhood of residents of Twin Falls and vicinity threatened today to hold up selection of the jury to try Mrs. Lydia Southard, alleged "female Bluebeard," on a charge of murder.

Prospective jurors had so thoroughly discussed the case among themselves and with their neighbors, or were so well acquainted with Mrs. Southard and her father, "Billy" Trueblood, prominent rancher, that they were automatically barred from service.

When the second day of the trial opened, only one juror had been passed for cause, and eleven others were holding their seats in the jury box tentatively. There had been no peremptory challenges, and each side still had ten.

Witnesses from Missouri. Witnesses began to arrive from various parts of the country, including several from Missouri. The latter will testify regarding the death of Mrs. Southard's first husband, Robert Dooley, and his brother, Edward Dooley, who had been her childhood chums in Missouri. She is specifically charged with the death of her third husband, Edward Meyer, although it is alleged that she poisoned her other two husbands, as well as her first husband's two-year-old child.

No Death Penalty. The state apparently will not demand the death penalty for Mrs. Southard, believing it is practically impossible to have a woman on circumstantial evidence.

The main issue is expected to be settled by medical testimony. The defense plans to challenge the state's contention that Meyer died from arsenic poisoning, believing the charge cannot be proved beyond a reasonable doubt, and will ask acquittal on that ground.

NEGRO FARMER KILLED. TEMPLE, Texas, Sept. 27.—Lug Cotton, a negro farmer, was found dead at his home near Belton this morning with a pistol shot through his heart.

His wife Bertha is held in the Belton jail without bond, to await action of the grand jury. Family trouble is said to be responsible for the quarrel.

SEMNACHER WILL SUE ARBUCKLE COUNSEL FOR BLACKMAIL CHARGE

By United Press

SAN FRANCISCO, Sept. 27.—Al Semmacher, stirred by charges he attempted to extort money from Roscoe Arbuckle, fought back today.

Sennacher, manager of Virginia Rappe, film beauty, for whose murder Arbuckle, comedian, is held, announced his attorney Guy Hayes was preparing suit against Frank Dominguez, chief counsel for the Arbuckle defense for defamation of character.

The defense yesterday afternoon charged before the grand jury that Semmacher took the torn shreds of Miss Rappe's garments, which were torn from her at Arbuckle's Labor day party, back to Los Angeles, to make Arbuckle "come through."

Assault Mrs. Delmont. The defense, battling to keep the comedian from going to trial for first degree murder, threatened today to rip the veil from the past of Mrs. Bambina Maude Delmont, accuser of "Fat-ty."

It was generally understood, if the state put Mrs. Delmont on the stand when the hearing was resumed today, the defense planned a ruthless cross-examination to tear down her character.

"Let them do it," was Mrs. Delmont's defi today. "I am going through with this thing, and get vengeance for Virginia's death, no matter what they say about me."

At yesterday's hearing Semmacher testified that when he left Los Angeles with Miss Rappe and Mrs. Delmont he intended to be gone one day. "At the Palace Hotel here, did you occupy a room adjoining the ladies?" he was asked.

"Yes," he answered.

"Did any one open up the door between your own and theirs?"

"No," was the reply.

New Women Long Time. He testified he had known Mrs. Delmont, complaining witness, four

RAILROAD MEN PREFER STRIKE TO CUT IN PAY

Votes Overwhelmingly in Favor of Walkout, if Reduction Stands.

By United Press

CHICAGO, Sept. 27.—Railroad workers of the nation will refuse to accept the wage reduction recently ordered by the United States railroad labor board. Rather than do so, they will desert their posts of duty, high officials of the Brotherhood of Railway Trainmen, gathered here for the official canvass of that organization's strike vote, believed today.

But no unauthorized walkouts will be tolerated, the union leaders decreed. The men must remain on the job until a strike call is issued.

The trainmen's ballots thus far opened showed they overwhelmingly spurned the new proposals. Tabulation of the trainmen's ballots, it was said, would be completed by Monday. Members of the other three of the "Big Four" brotherhoods, the Order of Railway Conductors, the Brotherhood of Engineers and Firemen and the Brotherhood of Switchmen, backed the trainmen in their stand, union officials asserted.

Members of the Federated Shop Crafts already have voted overwhelmingly in favor of a strike. Bert M. Jewell, head of the railway department of the American Federation of Labor, has announced. The shop crafts, following precedent, will take no separate action, it was said. The crafts will await the decision of the four big brotherhoods, believing it folly to act alone.

THOUSANDS DIE IN CHINA FLOOD

SHANGHAI, Sept. 27.—China's third disaster within the year was recorded in the Anhwei province, where an area larger than the state of Connecticut was flooded, with a loss of thousands of lives and \$80,000,000 property damage.

MEXIA, Sept. 27.—A special train, the first to arrive here from the Middle West, brought 125 men and one woman from Chicago, Milwaukee and sixteen other large cities to tour the great oil pool here.

Bandit Forays Terrorize Long Island's Most Exclusive Millionaire Colony

By United Press

MINEOLA, N. Y., Sept. 27.—Millionaires residing in Nassau county, Long Island, one of the richest and most exclusive colonies in the country, appealed to the authorities today for special protection from bandits.

More than fifty robberies have occurred in the county in the last ten days, including daylight holdups in the villages and along the country roads.

The situation has become so desperate that state troops are patrolling the highways.

WORKERS WHO WOULDN'T TAKE CUT ARE BLAMED FOR UNEMPLOYMENT

By United Press

WASHINGTON, Sept. 27.—The workers themselves were to blame for the widespread idleness in the United States. This statement was made at the national unemployment conference started its investigation today.

R. F. Phelps, director of labor statistics of the Massachusetts labor department, told the committee on unemployment statistics that refusal of workers to accept reduced wages was one of the causes of the present emergency.

Another reason why so many are idle, especially in Massachusetts, is because workers won't take jobs they don't like, he said. Exhaustion of savings is forcing idle men to take work with reduced pay, Phelps said. Last May, he testified, there were thirty-six men for every job in Massachusetts; now the ratio is 13 to 1. "The federal government, in its capacity of employer, has been a contributing cause to the present employment situation, where it should have been an alleviating agency," was the declaration of President Luther Stewart of the National Federation of Federal Employees, in a prepared statement presented to the conference.

MORE MEN AT WORK. By United Press

WASHINGTON, Sept. 27.—Unemployed throughout the country now number fewer than 3,500,000, a nationwide survey made for the unemployment conference by the department of commerce showed today.

The figures collected by Secretary of Commerce Hoover's department, it was learned, are based on reports from mayors of cities throughout the country with a population of 10,000 or more.

The reduced number of jobless, as found by this method, caused a distinct tone of optimism among delegates to the unemployment conference when work was resumed today.

CONFERENCE PROGRAM. WASHINGTON, Sept. 27.—Here, briefly, is the program of the unemployment conference:

1. Hold open hearings to establish the exact unemployment—as to numbers, classes and localities affected. Labor leaders and the department of labor have declared there are 6,000,000 idle in the country today. Independent statistics compiled by the department of commerce and other business agencies declare there are less than 3,500,000 without work.

MEMPHIS, Sept. 27.—The Panthers and Chicks are en route today for Fort Worth to play the sixth game of the southern championship with the Texas league holding the advantage of one game.

HABEAS CORPUS DENIED TO SIX NEGRO RIOTERS

LITTLE ROCK, Sept. 27.—Habeas corpus proceedings in behalf of six Elaine, Ark., negroes, sentenced to death in connection with rioting two years ago, were dismissed by United States District Judge Cotteral today. The attorneys for the negroes announced an appeal to the United States supreme court.

The checks, Mr. Burt said, run from a few dollars into the thousands and he cannot understand why those to whom they belong do not believe the Merchants of the responsibility of keeping them.

"I figured my check would be as safe here as any other place I could put it," one man told Burt yesterday, "and I just left it here until I needed it." It is thought many others are taking this same view before asking for their checks.

BIDS WILL BE ASKED IF TOWNS FAVOR PROJECT

Federal and State Aid Would Supply \$300,000 of \$800,000 Cost.

The sentiment of the people will be tested this week and if it is found favorable, the commissioners' court will make an effort to have the Bandhead highway completed from Ranger to Cisco. This road does not come within the contract of the Fleming & Stitzer Road Building company. Several business men this morning held a meeting in the Chamber of Commerce rooms to consider the matter and it was decided to hold a mass meeting later in the week to test out the sentiment of the people. Some time during the week similar meetings will be held in Cisco and Eastland for the same purpose.

It is said by J. E. T. Peters, manager of the local chamber, that if the court could be convinced that the people wanted federal and state aid, if the arrangements could be made to finish the work. It is thought contractors could be found who would accept bonds in payment.

The road would involve an expenditure of about \$800,000. Of this amount, \$300,000 would be federal and state aid. If the people of the three towns express themselves as being favorable to the move, it is believed the court will advertise for bids next Monday.

The date of the Ranger mass meeting has not been decided upon but it probably will be Friday, if no other happenings interfere.

GAY SIGNS TELL ABOUT VARIETY AND STYLE SHOW

The Retail Merchants with their usual "pep" are going into the Style Show and Fashion Week wholeheartedly. Gay signs are swung across Main street today with several inscriptions on them. One reads; "Glad You Came, Come Again." Others announce the Style Show and the Elks Variety show that is to be given on Oct. 4-5. In addition to the signs the merchants are preparing to send circulars all over the oil fields, announcing the events.

Those who are cast for the parts in the Elks Variety show are letting no grass grow under their feet; nightly they are whipping their offering into shape and it is believed that it will equal any offering sent around the Pantages circuit.

The show is made up of the best talent in Ranger. Of course Raymond Teal will be there, and Ben Ruyle, Bob Taylor, Dr. Craig—and then there is the chorus of six blushing brides. The show will run for more than two hours. One of the acts has been over the Pantages circuit. Miss Helen Gholson and Pop Endicott will appear in two of the leading roles.

SUFFERERS IN BRAZOS FLOOD NEED CLOTHING

By Associated Press
SEVEN HUNDRED AND FIFTY families in Brazos county are destitute as a result of the Brazos river flood of several days ago and the Red Cross has been appealed to for aid in the matter of clothing.

The Eastland county chapter has been asked to aid the move and has been asked to furnish the following list of clothing: Twenty-seven children's dresses; twenty men's overalls or suits; twenty men's shirts; twenty aprons or dresses; twenty-seven boys' overalls or suits; twenty pairs of children's shoes, assorted sizes, under 15 years of age; fifty-five pairs of men's work shoes, large sizes; and twenty pairs of women's shoes, large sizes. Any clothing that is serviceable will be acceptable and should be delivered to Mrs. William Clegg at the Red Cross shop on Main street. It is considered essential that clothing be forwarded at once.

PIPE LINE FOLK ARE SURPRISED BUT OPTIMISTIC

Other Oils Nearly Always Follow Pennsylvania, They Say; Refineries Want Crude.

By Associated Press

PITTSBURGH, Pa., Sept. 27.—All grades of crude oil quoted on the local market advanced today as follows: Pennsylvania crude, 25 cents a barrel, to \$2.50; Corning 25, cents, to \$1.45; Cabell, 30 cents, to \$1.41; Somerset, 10 cents, to \$1.20; Somerset light, 20 cents, to \$1.45; Ragland 25 cents, to 85 cents.

Increased demand from the refineries is given as the cause of the increase.

NO ADVANCE HERE, BUT MAY BE IN FEW WEEKS

Ranger crude has not received the advance given Pennsylvania crude, according to local pipe line offices, but unofficial opinions are given that the advance will shortly reach Ranger. It is said that Pennsylvania oil has in nearly every instance made the market; that when it advances all other oils also advance.

One pipe line office this morning was frankly surprised at the advance of the northern crude. It was stated that the office expected a cut rather than an increase, but since the advance did come, it is considered in the light of being a helpful sign.

The offices of another company stated that it did not believe the increase in Pennsylvania crude would effect the local market at once. However, it was said that the advance might reach here in two or three weeks.

The fact that the demand at the refineries is increasing is considered significant by men acquainted with the oil game. They say if the refineries are demanding more oil, then overproduction has ceased and the production is being surpassed by consumption. If that is true, stock in storage is being drawn upon, and it is thought there will be competition for production with the resultant increase in price of oil.

OIL MAN PREDICTS IMPROVED MARKET

DALLAS, Sept. 27.—Larger companies are buying up every barrel of crude available in Texas on contract and premiums of from 25c to 40c a barrel are being paid for a big production, J. F. Lengren, a Fort Worth operator and broker, said yesterday after completing a tour of the Texas fields which terminated at Mexia. "This is a good indication that the price of midcontinent crude is due to go up within about two months," Mr. Lengren said.

"Smaller refiners are finding increasing difficulty in making spot purchases," he continued, "and as a result many have been forced to shut down. A Fort Worth independent refinery, which has been averaging a run of 3,000 barrels of crude a day during the first eight months of the year ran a total of only 2,500 barrels for the last month. This is typical of a number of other plants at Texas refining centers. If this condition continues the price of crude is certainly due to rise.

No Buying at Mexia. "Mexia is the only field in the southwest where there is no buying. This, of course, is due to the fact that there are no pipe lines. The larger companies are preparing to spend millions of dollars on tank farms and gathering lines and are making preparations to hold the oil in the field. The Mexia oil is shown to be particularly good for storing for long periods. The gasoline content is 8 per cent. The oil tests 37 per cent naphtha, kerosene and distillate, 50 per cent fuel and 5 per cent loss.

"When the Magnolia and other companies get their tanks completed it is probable that a price lower than that paid at El Dorado will be offered, since the gasoline content is lower, and the operators who have endangered their wells by pinching them in to await a market will doubtless sell at the figure offered."

"ALFALFA KING" DEAD.

By Associated Press
SHEPHERD, Sept. 27.—Colonel R. E. Smart, known throughout the Southwest as the Alfalfa King, died here last night. He was the owner of a large ranch in Tom Green county, as well as considerable business and farming property in other Texas counties.

U. S. SUB SINKS; 2 TO 10 SAILORS MAY BE DROWNED

Conning Tower Six Feet Under Water; No Explanation Until Board Meets.

SAN PEDRO, Cal., Sept. 27.—Only two men lost their lives in the sinking of the R-36, it was officially announced this afternoon. All other members of the crew have been accounted for.

LOS ANGELES, Sept. 27.—Submarine R-6, attached to the Pacific fleet and anchored in the outer harbor at San Pedro, sank at 10:30 o'clock last night. It is believed the boat sank because water rushed into it through an open torpedo tube.

By United Press

SAN PEDRO, Cal., Sept. 27.—Ten men are thought to have lost their lives in the R-6 disaster, according to a new check of survivors made today by authorities of the submarine base here.

The number of missing may even reach as high as twelve, it was said. The United States tug Sonoma, rushed to the scene today, is standing over the conning tower of the sunken submarine. The tower is within six feet of the water's surface.

The Sonoma is steadying the submarine in an upright position on the harbor bottom.

Eighteen other members of the crew had miraculously escaped. No explanation of the mysterious accident was offered today by naval officers, pending the convening of the board of inquiry.

MINERS' MEET IN UPROAR OVER KANSAS STRIKE

By Associated Press

INDIANAPOLIS, Sept. 27.—By an overwhelming vote, further debate of the Kansas strike cases that have been before the convention of the United Mine Workers four days, was cut off soon after the convention opened today.

Supporters of Alexander Howat, president of the Kansas district, then won a roll call vote. It is expected that most of the day will be necessary to call the roll.

Howat contends the strike was called when the operators failed to observe their contracts with the union. President Lewis and the international executive board ordered the strikers back to work.

Convention rules declare 300 delegates must support a demand for a roll call vote. This number was easily obtained following a motion by Joseph Lynall, delegates from Peoria, Ill., that a roll be taken on the proposition of supporting the administration of President Lewis and the international board, which contends strikes ordered by Howat in the Kansas fields, were illegal.

EASTERN DISTRICTS BACK PRESIDENT LEWIS

INDIANAPOLIS, Sept. 27.—Three eastern union districts voted more than 2 to 1 in the United Mine Workers' convention today to sustain the international administration in its fight against Alexander Howat, insurgent leader of the Kansas miners.

Supporters of President John Lewis, is saw in the vote an ultimate victory for the conservative element in the meeting. It was said all other union districts except possibly Illinois, Kansas and Montana, will also vote to sustain the executive board. The delegates from these states are expected to be split with the majority in favor of Howat.

SUNDAY SET AS DR. GAMBRELL MEMORIAL DAY

Next Sunday, Oct. 2, will be Gambrell memorial day at the East Ranger Baptist church. The day was set by the state executive board of the Baptist church.

Mothers, both living and dead, will be remembered on that day, and the church will make a special effort to have all aged persons attend the service. Special efforts will be made to provide comfortable seats for them. It is asked by the pastor, Rev. M. F. Drury, that all members of the church, and others, see to it that they are provided with a method of transportation to church on that date.

Similar services are to be held throughout the state in honor of Dr. J. B. Gambrell, widely known Baptist divine, who died recently.

TALK-MADE JOBS. The unemployment conference is meeting in Washington.

What it will do and whether its doing will have any effect on an admittedly serious situation are problematical. At this distance, and with the limited information at hand, such a conference does not seem especially hopeful. It can discuss and debate the charges and counter charges that inevitably will arise between Judge Gary of the steel trust and the labor delegation. But it has no power to make decrees, no power to enforce decrees if it made them, and chances are, its effects will be nil.

Under the present system, employment depends upon demand for products. There is not that demand, sufficiently strong to make new production necessary. During the war, although millions of men were under arms, industry was keyed to a high pitch. There was actually greater production than in normal times, in order to balance the tremendous wear and tear and destruction, which also were more than normal. Then came the reaction. The use of industry's products slackened, while, industry, augmented by returned soldiers, continued to roll up supplies. Suddenly there was a surplus in every line. Factories closed down; that cut the market for other products and the "buyers' strike" was on. The buyers would not buy, in many instances, because they had begun to feel the pinch. Their income had ceased or become smaller. Prices were out of line with their ability to pay.

When the time comes that the demand for all products exceeds the supply, then men will be put to work to supply that demand. Then they, having money with which to purchase, will create new demands, which will call for new production, until the peak of prosperity is about reached. That is about all there is to it. The tariff question, correctly solved, might help. But how solved, is the question. The geologist tells what is thousands of feet under the top crust of the earth. The layman can guess. It is the same with tariffs. There is argument both ways, put forth by interests seeking personal gain. No one but a tariff geologist, if there is such a thing, can look down into the depths of a tariff bill and see what results can actually come from it.

If the unemployment conference, for instance, should recommend tariff changes, or taxation changes, or other governmental acts, in order to aid the resumption of industry, what good would it do? The Republican congress would then have its guess, which might be just the opposite, and in any case it would take that body six months to make up its mind.

This problem of putting men to work is one that cannot be solved offhand by thirty men talking about it.

SIMMONS SICK; KU KLUX CHIEFS STILL IN OFFICE

Made Plenty of Money, According to "Exposes" in New York Papers.

By United Press. ATLANTA, Ga., Sept. 27.—Colonel William J. Simmons, imperial wizard of the Ku Klux Klan, just back from a western speaking trip, was reported ill at his home "Klan Krest" here today.

Colonel Simmons is suffering with tonsillitis, and is unable to see callers today, members of his household stated.

Resignations Held Up. As a result of Simmons' illness, action on the resignations of Mrs. Elizabeth Tyler, head of the propagation department, and Edward Y. Clarke, imperial kludge, will be held up.

The whereabouts of Clarke, who has been in seclusion several days, were unknown today. Only Mrs. Tyler, the third member of the "inner circle" of the Klan remained on the job at headquarters of the order.

Pretty Good Job. Clarke and Mrs. Tyler, according to articles published in New York papers, have made more than \$5,000,000 apiece from the Klan during the last year. They are alleged to have done this by means of the compulsory buying of robes, at a profit of several hundred per cent, to the 700,000 members of the order; by selling "sacred water," drawn from the Chatahoochee river, near Atlanta, at \$10 a quart, for use in Klan initiations; by enforcing subscription to the Searchlight, owned by Mrs. Tyler, and by other means.

G. A. R. TO OPPOSE KLAN. By United Press. INDIANAPOLIS, Ind., Sept. 27.—Classifying the Ku Klux Klan with Bolshevism and anarchy, Commander William A. Ketcham, of the Grand Army of the Republic, today told the veterans that they must "set their faces like flint," against the Klan.

"We note with astonishment and indignation the recrudescence of an organization that had a century ago carried so much terror and inflicted so much of shame on the communities where it held forth," the commander declared in his annual address. "We shall see to it that any organization with so offensive and discredited a name should not be permitted to invade state lands where we still have influence."

PALESTINE MAN BEATEN, TARRED AND FEATHERED. PALESTINE, Sept. 27.—S. L. McKinzie, until recently a service car driver, was seized by masked men here last night and carried to the country where he was beaten, tarred and feathered, and brought back and dumped from an automobile, on a downtown street.

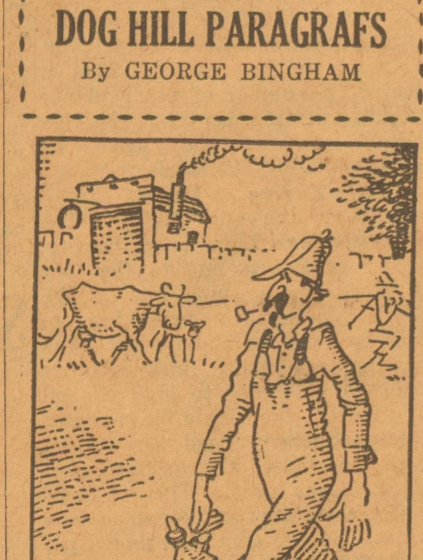

McKinzie was attacked here Aug. 7, but escaped his masked assailants after a hard struggle.

KANSAS CITY POLICE WAR ON "BLACK HAND" By United Press. KANSAS CITY, Sept. 27.—Thirty-six Italians were under arrest here today, as the result of an over-night revival of police war on alleged "black hand" activities.

Raids followed an attempt to fire the house of Anton Mouritzen, policeman, who had received threatening letters, warning him to cease his efforts against the Italian mafia.

HEART FAILURE KILLS. By United Press. MEXIA, Sept. 27.—Charles Clark, 50, was found dead early today at the Manger Cotton Oil company plant, where he was employed. Death is believed due to heart failure. He is survived by a sister, brother and two sons, all living here.

More Woe! Capital Pries Labor Loose From Choice Seats on Cool Concrete

Capital has taken another slap at the downtrodden, and the latest backhanded slap was in Ranger.

The first floor windows of the Guaranty Bank building are so built that a projection was left which makes a comfortable seat. During the hot days of the summer, a cooling shade fell over these windows and the concrete, a resistor of heat, was very pleasant to one's anatomy. The bars before the windows were nice to lean against. During the heated season the windows became a favorite gathering place for the restless horde.

But capital has spoiled it all; the oracles will have to take to the sidewalk; and though the sun beats down on the heads of the unemployed, they can never again sit on the cool concrete. The space now is occupied by nice, long, sharp spikes safely anchored to either window jamb.

Thus it is that capital is ever driving forward its ceaseless fight against the submerged nine-tenths.

SCHOOLS EMPTY IN 50 SECONDS AT FIRE DRILL

At a fire drill held this morning at the High and Central schools, all the buildings were emptied of pupils in fifty seconds. The drill was given under the direction of Fire Chief Murphy and was held at 11 o'clock. At the sound of a gong the children arose and left the buildings in perfect order. At no time was there any confusion. The drills will be held at all the schools and will be continued until the pupils are as nearly perfect as they can become.

Chief Murphy said it was hoped that the time at the High and Central schools could be reduced to twenty seconds.

MAN HEAVILY FINED ON VAGRANCY CHARGE

A fine of \$60.70 was assessed this morning, by Police Judge Flewellen, against George F. Ramsay under a charge of vagrancy. Freddie George a woman alleged to have been associating with Ramsay, was given a fine of \$15.70 under the same charge. It is thought this is the heaviest fine ever assessed in the Ranger police court under a vagrancy charge.

TWO AMERICANS, ONE FROM OKLA., KILLED BY MEXICAN BANDITS

By United Press. WASHINGTON, Sept. 27.—Two Americans were killed near Dolores, Mexico, Saturday night, according to advices to the state department today. The Americans, P. C. Smith of Benita, Okla., and E. B. Kinsbury of Los Angeles, were slain by bandits. Learning of the slaying, Consul Ott at Dolores conferred with the government of Chihuahua, who at once ordered the Mexican rural police to start in pursuit of the bandits.

36 BOTTLES OF INK USED IN SIGNING BOND ISSUE SAN FRANCISCO, Sept. 27.—How many bottles of ink does it require for Mayor James Rolph, Jr. to sign his name 13,500 times? The Mayor himself did not know until this morning, when he signed the last of the \$13,500,000 worth of Hetch Hetchy water bonds that are being placed on the market. The answer was: Just 36 bottles.

Pimples Denote Waste Products In The Blood So Do Blackheads, Boils and Similar Skin Disorders. The human system is forever striving to get rid of the waste products. It is a life-work which goes on forever. When waste products get in the blood, they cause a lowered vitality. As a result, we become subject to many painful and embarrassing ailments. When these symptoms appear, Nature is warning us. To throw off the waste products, the blood must be purified. Don't clog your blood. Just clean it out. Nature will do the rest. Pure, rich, red blood nourishes the body and fights off disease. S. S. S., the standard blood purifier and system builder, is the ideal remedy for skin eruptions. The effect of S. S. S. is to rid the system of the waste products which are causing the trouble. For over 50 years S. S. S. has proven to be of unusual merit. Begin taking S. S. S. today and write for 56 page illustrated booklet, "Facts About the Blood"—free. Personal medical advice, without charge, may also be had by sending a complete description of your case. LEGAL NOTICE

ELECTION NOTICE. A RESOLUTION ORDERING THAT AN ELECTION BE HELD WITHIN THE CITY OF RANGER, TEXAS, FOR THE PURPOSE OF FILLING VACANCIES IN THE CITY COMMISSION.

WHEREAS, by reason of the resignation of two members of the city commission, namely, finance commissioner S. J. Dean, and street commissioner M. R. Newnam, there now exists vacancies in the board of city commissioners which vacancies must, according to the provisions of the city charter, be filled by a special election to be called for that purpose; now

THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COMMISSION OF THE CITY OF RANGER, that the mayor be instructed to call a special election to be held within the said city of Ranger, on the 22nd day of October, 1921, at which election there shall be elected two commissioners to fill the vacancies now existing and to serve until the next regular city election.

Said election shall be held at Fire Station No. 1, 310 Elm street, and the following named persons are hereby named as managers of said election: E. J. Barnes, presiding; A. F. Hartman, judge; and Karl Jones, Clerk; J. F. Connell, judge; L. H. Hagaman, clerk; J. A. Pitcock, clerk.

Said election shall be held under and in the manner provided by the laws of the state of Texas regulating general city elections and as provided by the charter of the city of Ranger. No person shall vote at said election unless he is a qualified voter under the constitution and laws of this state and a resident of the city of Ranger for the length of time required by law.

Notice of said election shall be posted up at the place designated for holding of said election and at three public places in the city of Ranger thirty days prior to the date of said election, and shall be published in the Ranger Daily Times, a newspaper, published in the city of Ranger, once each week until the date of said election.

Witness my hand in my official capacity as mayor of the city of Ranger, Texas, this 17th day of Sept., 1921.

JNO. M. GHOLSON, Mayor, city of Ranger, Texas. Attest: GEO. T. HEMMINGSON, City Secretary.

EVERYONE WILL HAVE CHANCE TO HELP FOOTBALL

Prizes will be given by the senior class of the High school to the school girl or boy, who sells the greatest number of tickets to the football game Saturday between Comanche High school and the local High school, or who sells the greatest number of season tickets.

The children will start this afternoon and an effort will be made to deluge the city with tickets, either to the Saturday game or with season's tickets. The ticket sale is in charge of L. R. Pellerin, who is business manager of the football team.

The price of Saturday's game is 35 cents. Season tickets to school children are \$1 for five games and \$1.50 to others.

Saturday night a reception will be tendered the Comanche aggregation by the Ranger seniors, and a committee has been appointed to work out details.

GIRL SUES MOTHER FOR SLANDER; ASKS \$1,000

BATESTOWN, Sept. 27.—Suit has been filed here for Celine Sottiaux against her mother, Celine Searsey, asking \$1,000. She alleges that she was left as a baby in Brussels, Belgium, her mother emigrating to this country. She grew to womanhood and recently learned that her mother resided in this village. She came here and there was a happy reunion.

Later, she alleges, the parent grew cold and her affections appeared to change. The daughter also accuses her of making statements reflecting upon the reputation of the complainant, making it necessary to bring suit.

LEAGUE SELLING LIQUOR AND FOOD TO DELEGATES

GENEVA, Sept. 27.—League of Nations headquarters is attempting to cut the cost of living for delegates attending the present meeting and the employing of the permanent secretariat.

Liquors and cheap sandwiches have been placed on sale in the restaurant in the basement of the League building, so that delegates will not have to go to high priced restaurants. Beer is sold at ten cents a bottle and wine at twenty-five cents a pint.

LEEDS AND ROYAL BRIDE TO GO TO LONDON TO LIVE

PARIS, Sept. 27.—After William Leeds, son of the former Mrs. William B. Leeds, of New York, marries Princess Xenia, of Greece, in Paris early next month, the couple plan to go to London to live, their friends revealed today.

WRITTEN BRIEFS MUST BE FILED IN CHICAGO'S SUIT AGAINST PAPER

CHICAGO, Sept. 27.—Opposing attorneys in the \$10,000,000 suit of the city of Chicago against the Chicago Tribune, were given four days today in which to submit written briefs to Judge Harry Fisher, of the circuit court, on the demurrer to the suit, filed by the newspaper.

The city sued the newspaper, charging that stories printed, saying "Chicago is broke," harmed the city's credit, and made it impossible to dispose of bonds.

If the judge overrules the demurrer filed by the Tribune, the case will go to trial, if not, it will be thrown out of court.

Weymouth Kirkland, attorney for the newspaper, in his closing argument, said if the demurrer were not granted, it would be a step towards muzzling the press.

DEMOCRATS DENY WILSON BACKS FIGHT ON GERMAN TREATY

WASHINGTON, Sept. 27.—Reports that former President Wilson is backing the fight in the senate against the German-American peace treaty were denied today by Senator Pat Harrison, leader of the Democratic fight against the pact.

Senator Carter Glass, also one of the Democrats opposing the treaty, denied the report. Joseph P. Tumulty, formerly secretary to Wilson, declared the former president was taking no part whatever in the treaty fight.

Harrison denounced the report, which was printed in a number of newspapers today, as a Republican coup to strengthen wavering Republican support of the treaty in the senate.

DEMOCRATS DIVIDED.

WASHINGTON, Sept. 27.—A sharp division of opinion on the German peace treaty among Democratic senators was disclosed at a party conference today, which broke up without definite action on what attitude to take toward ratification.

Democratic Leader Underwood announced another meeting would be called for Thursday to discuss the pact.

ONE BRAND, ONE QUALITY, One Size Package All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL. Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette. Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigarettey aftertaste. And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price. Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show! Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality. One thing, and only one, is responsible for Camels great and growing popularity—that is CAMEL QUALITY. Camel R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

LOHMAN STOPS PANTHERS AND CHICKS WIN ONE

Wachtel Is Nicked for Three Runs in Fifth, Cinching Combat.

MEMPHIS, Sept. 27.—Spencer Abbott sent the veteran Zeke Lohman to the mound yesterday and to the total surprise of 2,500 bugs who stuck to the sinking ship, he copped. Zeke had something in his aged soupbone that made the Panthers forget their hitting rampage and the Chicks revived enough to pestle Wachtel's spitters at opportune times.

Twice they tied the score after the Panthers had edged one to the good and in the fifth, they drove him to the showers with a collection of doubles and two singles, the last one coming off Johns, who had been rushed in as replacements for the wavering right hander.

Verily, the Panthers, minus their overpowering punch, didn't look so much like champions Monday. Rainy weather made it a poor baseball day. The series will be resumed Wednesday at Fort Worth, where the sixth, and if necessary, the seventh game will be played. The count now stands three to two for the Panthers, who can cinch the title with one victory, while Memphis must take two straight.

The Panthers counted one in the first round, on Sears' double and Stellbauer's single, but Memphis came right back in the second half and tied it up again.

The same thing happened in the fourth, when Haley walked, went to third on Rigney's single and came back home on an infield out, only to have the score checked off on a walk to Brown, two infield outs and a wild pitch.

The Chicks salted the game away in the fifth, and garnered another run, not needed, on two hits and a double steal in the seventh.

PANTHERS MAY PLAY WICHITA, KAN., WILL NOT PLAY AT AMARILLO

Special to the Times.
FORT WORTH, Sept. 27.—With the refusal of the Pacific Coast league to engage in a series with the winners of the Fort Worth-Memphis series, interest here is turning to a possible series with Wichita, champions of the Western league, to settle the class A title.
The Panthers have turned down a series with the Amarillo Grays. It is said that the Grays are playing several men barred from organized ball, and that this fact had something to do with the decision.

YANKEES TAKE REAL THRILLER FROM INDIANS

Babe Ruth's Two Homers Biggest Factors in New York Victory.

NEW YORK, Sept. 27.—The Yanks, by beating Cleveland yesterday in a hard fought battle, seem to have nailed themselves firmly to the topmost rung in the American league. They are two games ahead of the Indians plus a fraction—which will be wiped off one way or the other by the Yanks playing two more games than the Indians in the next week. Having played two games less, the percentage of each game gives them a point or so more.

New York has six more games to play—with Philadelphia and Boston—in four days. Cleveland winds up the season with four games at Chicago. If the Yanks win four of the six they are "in" regardless of what Cincinnati does; each Indian loss is as good as a victory for New York.

Babe Ruth, with two homers which raised the world's record to fifty-eight, was the hero of yesterday's game, which New York took, 8 to 7. Incidentally he hit .725 in the four game series. The Bambino scored or drove in five of New York's eight runs. His first homer was made off

Coveleskie in the fourth round, with the bases vacant and his second in the fifth, off Uhle, with Peckinpaugh on first. Both home runs were terrific drives, the first clearing the upper corner of the right field stand and landing in a run-away in back of the bleachers, while the second cleared the roof of the right field grand stand.

Each manager called on three pitchers in an effort to win the crucial struggle. Quinn started for the Yankees but was knocked out in the first inning. Hoyt relieved him in the first inning and did well until he injured his hand while stopping a hot drive by Speaker in the seventh. Mays, who pitched only yesterday, relieved Hoyt in the eighth and weathered a stormy ninth, as Sewell and Burns were on base, when Mays struck out O'Neill for the last out.

Coveleskie, who lost the opening game of the series, was knocked out in the third inning and was replaced by Uhle, who shut out New York in last Saturday's game.

Rough on Uhle.
Only four hits were made off Uhle, but in each case a home run followed a single. It was Schang's home run in the sixth with McNally on base that gave New York its last two runs and a victory.

The hitting of George Burns, who made a triple and three singles, featured Cleveland's play. Burns drove in four runs and scored a fifth himself.

The defensive play of Elmer Miller saved the game for New York. His diving catch of Speaker's short fly in the eighth, with runners on second and third, prevented Cleveland from taking the lead in that inning. In the seventh inning a splendid throw by Miller to McNally caught Sewell at third. Miller's splendid throw in the seventh cut down Sewell at third for the third out following a hit by Burns who had sent in two runs.

The Athletics blanked the White Sox in the final game of the series between the two clubs, 3-0, giving them four out of five on the series.

NATIONAL LEAGUE.
New York trimmed the Cards for the second time, while Philadelphia was beating Pittsburg. The Giants are now four games ahead, with four to play, while Pittsburg has six. One victory will put the Giants over, if Pittsburg loses another, while two will cinch it, regardless of the Pirates' efforts.

Nehf held the Cards well in check at all times. He allowed only five scattered hits and the Giants copped, 4-1.

Philadelphia beat Pittsburg for the first time this season, in a 2-1 battle between Hubbell and Adams.

MIDDLEWEIGHTS RENEW IRISH-BRITON IMBROGLIO

NEW YORK, Sept. 27.—Mike McTigue, Irish middleweight, won a twelve-round decision here last night from Gus Platts, English middleweight.

NOTHING SUCCEEDS LIKE SUCCESS

—LACKLAND BROS. ARE SUCCESSFUL BUSINESS MEN—they have never failed in any undertaking they ever began, they know no such word as failure. When they laid out and put on the market the Byrens & Riddle and Lackland additions, with nothing leading to them but a very narrow and impassable muddy lane, failure seemed certain, but their push, energy and sticktoitness, through mud, cold, rain, they made their property a success. They came here among the first ones and are still here, while many others in the same line of business left by the light of the moon, and with debts galore.

LACKLAND BROS. POULTRY PLANT IS A SUCCESS

—When we began our poultry business less than a year ago, we determined to first, and with our own money, try it out and see whether or not it would prove a success before we would ask a friend to put a single dollar of their money into it. That we have succeeded is evident and shows for itself. Now we can go to our friends and say to them "Put some money in this business, it will pay you more than anything you ever bought stock in in your life." NOTHING BEATS THE POULTRY BUSINESS FOR QUICK, SURE DIVIDENDS.

VOLUME IS THE KEYNOTE TO BIG BUSINESS SUCCESS

—With the many enlargements we expect to make for the coming season, we will create that volume so necessary for big business and by our own experience, the experience of the most successful poultry men in the United States, who have made fortunes in this line of business.

STOCK IN LACKLAND BROS. POULTRY RANCH & HATCHERY WILL PAY YOU AT LEAST 70 PER CENT PROFIT

—The poultry business is not a new or wildcat proposition, but a sound business enterprise and one that has been a money making business for many years. Put a few hundred dollars in stock in Lackland Bros. Poultry Ranch and Hatchery—not alone for the 70 per cent profit on your investment, but the pride you can take in making your home city—

The Poultry Center of the Southwest

—Ranger needs every industry she can get and the bigger they are the more it will advertise our city. There are many towns in the United States where poultry and poultry products are their sole dependance and as much as \$20,000,000 worth of such are marketed in a year.
