FLOOD OVERWHELMS SAN ANTONIO

HUNDREDS DEAD, DAMAGE RUNS INTO MILLIONS, OFFICIALS ESTIMATE

SCRIP PLAN FOR ROAD WARRANTS NOT FEASIBLE

Too Many Legal Complications Involved, Committee Is Advised.

No scrip will be issued against county road fund warrants, it was indicated at noon today, when the committee appointed last week to investigate the matter made a tentative report to the board of directors of the Chamber of Commerce. No quorum was present, so the preliminary report was not acted upon. The committee, B. R. Estes, V. Wakefield and A. Alexander, will make a written report next week.

The plan had been to issue scrip, similar to that issued depositors of the Guaranty State bank, and based on county road fund warrants, in order that workmen might be paid and the road work proceed.

Complications Feared. This plan was disapproved by the committee, however, after investigating the proposition and employing counsel to advise on the legal phases of the matter. The lawyer's advice was that a possibility of legal complications existed, and if these should arise, it would jeopardize the interests of the trustee and suspend payment on the scrip indefinitely. This, together with the financial stringency, would make carrying the paper too great a burden on the business men, it was thought.

The proposition of accepting the county warrants road-fund warrants will be left to each individual merchant.

BOY FATALLY HURT BY TORNADO NEAR AUSTIN

AUSTIN, Sept. 10.—A tornado swept over the southern portion of Travis county late Friday, which probably caused fatal injuries to a young man named Mose Evetts, aged 18, and injuries to several men and property damage amounting to about \$20,000.

The wind first struck Creedmore, about fifteen miles south of Austin, destroying stables, cotton gins and outhouses. It was at Creedmore that Evetts, a gin hand, was injured. He was brought to Austin and placed in a local hospital. His injuries are said to be fatal.

The storm next visited Elroy, destroying outhouses and cotton gins. Del Valle, several miles from Elroy and Creedmore, also sustained losses.

South Austin was next struck by the cyclone. The store building of J. T. Parker in South Austin was partially blown away. A barn belonging to Ben Spears was also destroyed. The state deaf and dumb asylum narrowly escaped the fury of the wind.

AVEN MURDER TRIAL SET FOR MONDAY WEEK

WACO, Sept. 10.—In the Fifty-fourth district court this afternoon Judge R. L. Monroe set the case of W. T. Aven, charged with the murder of his wife, Mrs. Maud Aven, for Sept. 19.

Aven was indicted Thursday afternoon for the murder of his wife, his 5-month-old son and his nephew, Leslie Keyes. His niece, Mrs. Desie Keyes, was indicted at the same time on a charge of murder in connection with the death of Mrs. Aven, the Aven infant and Leslie Keyes, her husband. The date for her trial has not yet been set.

U. S. SUBMITS RULES TO GOVERN PEACE MEET

WASHINGTON, Sept. 10.—The United States has proposed to the powers a tentative form of agreement on the disarmament and Pacific conference, it was learned at the state department today. Satisfactory progress is being made in the negotiations between the United States and the powers as to methods of procedure, it was learned authoritatively today. The proposals made by the United States are understood to have been sent in recent notes to the powers, in regard to the Washington parley.

Fatty Arbuckle to Help Clean Up Mysterious Death of Movie Actress

SAN FRANCISCO, Sept. 10.—Roscoe (Fatty) Arbuckle telegraphed the police here today that he would go to San Francisco to discuss with the authorities the death of Miss Virginia Rappee, beautiful young movie actress. The girl is alleged to have died at a local hotel here after a party at which Arbuckle and a number of other men and women were present.

Police announced the whole affair would be thoroughly investigated. When this word was given out, Arbuckle wired from Los Angeles that he would come here to assist the police in clearing up the case. Movie people who attended the party came here from Los Angeles, arriving Sunday. They asked to have a photograph sent up to their suite.

TODD'S CHILD-WIFE SORRY HE'S IN TROUBLE, BUT THROUGH WITH HIM

FORT WORTH, Sept. 10.—Mrs. Billie Todd, wife of Wayne Todd, held in Dallas on a charge of murder in connection with the death of James McNeal, has washed her hands of her husband. Billie Todd is 18 years old, and evidently has none of the dramatics in her make-up which usually in such cases brings the assertion "that I will stay with him to the bitter end." Instead, she calmly announces that she is sorry for Todd but she is through with him once and for all.

Behind the statement is much of the sordidness that day after day turns a glowing romance into a grief fraught tragedy.

"We were married last December," she said, "and he has never supported me; he would not work and he took me to live with his mother. She and I could not get along so I left him. In a few months he begged me to go back to him and I did, but it was the same thing over again, and I left him again."

"Now he is in this trouble and I am through; I have a job and am earning my own way, and if he goes free I will never have anything to do with him again."

Sanely and without show of feeling, except being emphatic, the girl-wife made her statements. Her only regret seemed to be the fact her husband was in jail, with the possibility of an impending hangman's noose over his head.

Prices Soar in Mexia, Says Quisile; "Skinner The Tinner" Drills Self Well

The giant oil well at Mexia, known as the Deisenberg well, which came in for a reported flow of 25,000 barrels of oil is now making 8,000 barrels, according to Oscar Quisile, who returned last night from a visit to Mexia, Dallas and other Texas points.

"Mexia really has an oil field," Mr. Quisile said, "but it has no pipe line connection and all the operators can do is to drill down to the sand and stop. Business in the town is good but prices on almost every commodity are towering among the clouds."

"Oil in the field is found at about 3,000 feet, but it is a different formation from that of the Ranger field and rotary drilling rigs can be used, which greatly lessens the expense. The average cost of putting down a well is about \$16,000."

Mr. Quisile said almost everywhere he turned he met Ranger folk. Among the number was "Skinner, the Tinner," well known here, who Mr. Quisile said was drilling a well of his own about half a mile from the Deisenberg.

IRISH AGREE TO CONFERENCE ON DOMINION RULE

DUBLIN, Sept. 10.—The Sinn Fein will send Arthur Griffith, Prof. MacNeill, Ralph Barton and possibly one or two others as its delegation to Inverness to confer with the British cabinet's committee, it was learned on the best authority here today.

The Dail has virtually decided to accept the invitation of Lloyd George for the conference, despite extremists' objections to the condition that Ireland must remain within the empire.

The truce was further endangered today by the kidnapping of two constables at Banion, which followed the shooting of a physician there last night.

CROSS-STATE PHONE SOUGHT.

FORT WORTH, Sept. 10.—Efforts are to be renewed to secure direct long distance telephone service between Fort Worth and El Paso via the Texas & Pacific railway, according to W. T. Wheeler, assistant manager of the West Texas Chamber of Commerce. At present there is no direct telephone connection between Fort Worth and El Paso. The lines west from Fort Worth stop at Odessa, Ector county, and the lines east from El Paso stop at Sierra Blanca. The telephones of the Pecos and Northwestern Telephone company traverse considerable territory between the two ends of the Bell system.

THE WEATHER.

Tonight partly cloudy, showers and colder in the Panhandle; Sunday; showers and colder in north, partly cloudy in south portion.

BORDER BOOZE BATTLE TRIAL SET FOR SEPT. 19

MIDLAND, Texas, Sept. 10.—The trial of C. P. Shearman and his sons, Neil and John, of El Paso, on a charge of venue, is scheduled to open in Midland Sept. 19. The third son, Allen, and a ranch hand, Thomas Mendoza, were freed in the original trial at El Paso when the jury failed to agree in the case of the other three.

The Shearmans were accused of shooting to death Prohibition Agents C. A. Wood and S. E. Beckett when the officers, carrying a search warrant, went to the Shearman hog ranch five miles down the valley on the night of March 19, last. Scores of shots were fired and the Shearmans had fled when reinforcements from El Paso arrived at the ranch to help the officers. The Shearmans were arrested the next day in town.

After reinforcements arrived officers found only half a bottle of liquor on the place. They testified they counted 122 holes in a chicken coop behind which the two officers hid during the battle.

Neil Shearman is facing two other charges. One is for alleged possession of liquor at his city home and the other is for alleged resistance of federal officers. The other Shearmans are held on the latter charge also.

The Shearmans are wealthy ranchers and have lived in El Paso county for twenty years.

CISCO VOTES BONDS FOR LAKE.

CISCO, Sept. 10.—Cisco voters have approved the proposed bond issue for \$500,000 for the completion of the dam at Lake Cisco, by a vote of 285 to 72, a majority of approximately four to one for the issue.

AUSTIN GETS 18.25 INCHES OF RAINFALL

Weather Man Says This Quantity of Water Fell in Twenty-four Hours.

AUSTIN, Sept. 10.—From 7 o'clock yesterday morning until 7 o'clock this morning, 18.25 inches of rain fell in Austin, according to Government Observer Morris. It is the greatest amount of rain that ever fell in Austin, in that period of time, he said. Approximately \$15,000 in property damage was done, and eight persons were injured as the result of a terrific downpour and tornado yesterday afternoon. The majority of the injured persons lived in the Creedmore vicinity. Austin suffered as much from the rain as from the tornado.

SAN MARCOS UNDER WATER.

SAN MARCOS, Texas, Sept. 10.—The greater part of San Marcos was under water this morning. However, little damage was done.

COLORADO UP.

HOUSTON, Sept. 10.—According to telephonic information from Bastrop, the Colorado river at that point was up twenty-two feet at 11 o'clock, and was still rising.

HUTTO WIPED OUT?

SAN ANTONIO, Sept. 10.—A hurricane or cyclone visited South Austin and the town of Hutto, which lies about twenty miles from the capital, last night and both were almost completely wiped out, according to information received at the sheriff's office today.

CENTRAL TEXAS DAMAGE.

WACO, Sept. 10.—Reports reaching here from Cameron, Texas, said that \$1,000,000 worth of damage was caused by the storm which swept Central Texas last night.

Hundreds of head of cattle were said to have been drowned.

Houses were blown down by the wind in a number of small towns in Milan county. More than eleven inches of rain had fallen in Cameron up to noon today. The water stood several inches deep in a number of business houses and the flooding of creeks brought a torrent down to the outskirts of the city.

Many thrilling rescues were reported. There were no known casualties at an early hour.

HELP NOT NEEDED.

HOUSTON, Sept. 10.—The mayor's office at San Antonio at noon today wired city officials here that San Antonio is not in need of food nor medical help at present. The loss of life is estimated at not more than 100 and property damage at \$5,000,000.

DALLAS OFFERS RELIEF.

DALLAS, Sept. 10.—Relief for flood sufferers in San Antonio and vicinity has been offered by the Dallas Chamber of Commerce. Charles Saville, manager of the local chamber, this morning wired C. B. Yarbelle, manager of the San Antonio chamber, offering the assistance of the Dallas Chamber of Commerce following the flood reported to have been inundated the southern part of the state last night.

RED CROSS RELIEF.

WASHINGTON, Sept. 10.—Instant relief has been made available for victims of the Texas storm and flood, the American Red Cross announced here today.

In view of the hurricane warnings sent out by the weather bureau some days ago, southwestern headquarters of the Red Cross in St. Louis got in touch with its agents in Texas and a plan for coping with such a situation as has arisen was worked out.

NOW NEAR HAITI.

HOUSTON, Sept. 10.—The Caribbean storm area is moving south to the island of Haiti, according to a report from Washington received by the weather bureau here.

The report warns of danger to vessels in central Caribbean in the next twenty-four hours and in the western part of the sea Sunday.

The storm continues in a north-westerly direction towards the gulf of Mexico.

ONE KILLED BY STORM IN SOUTH DAKOTA TOWN

SIOUX FALLS, S. D., Sept. 10.—One man was killed, another perhaps fatally injured, and several others hurt, when a tornado struck the town of Ellis, a mile and a half west of here early today. Heavy rains and severe lightning accompanied the storm.

NATION-WIDE.

CHICAGO, Sept. 10.—Country-wide thundershowers and disturbances are reported today from the Canadian Northwest to the gulf of Mexico. Tornadoes are reported in South Dakota and Nebraska.

TOMORROW.

You will want to know the latest details regarding the San Antonio flood.

You will want to know about the latest happenings all over the world.

The Times press dispatches will give news several hours later than other morning papers on sale here.

On Sunday mornings, as always, read the Times if you desire the latest information on current topics.

CLOUDBURST SENDS WALL OF WATER RAGING THROUGH TOWN DURING STORM AND DARKNESS

Forty-two Known Dead; Residences Destroyed; Fifteen Feet of Water in Gunter Hotel; Streets Impassable; No Water, Telephones, Electric Lights.

SAN ANTONIO, Sept. 10.—Forty-two known dead by police, one hundred or more estimated dead, thousands homeless and millions of dollars property damage stood at noon today as the toll in San Antonio of South Central Texas' night of horror and of the flood which last night swept the entire business section of this city and several outlying residential sections, leaving in its path wreckage and ruin.

Rising to a height of five feet from a cloudburst, water from the San Antonio river swept through the business district of this city, into storerooms and into the residence part, driving hundreds from their homes as a deluge of rain, totaling more than ten inches, was falling. Telephone service within the city was badly demoralized, and communication with different parts of town, to check the reports of casualties was impossible.

Police Captain Stevens was trying to check one rumor that fifty lives were lost, which, by other reports, was unverifiable, and doubted in many quarters.

Although the city today was under martial law, it was under military control. Regular soldiers from the First infantry and Twelfth cavalry were ordered out and placed in charge of the city at 2 o'clock this morning. They were in the inundated districts was rife, according to police reports, but they were unable to get within three blocks of the Bayou view, but they were informed no one was injured there, a fact that residences for blocks around it were wrecked.

Women and children walked the streets in mud-soaked night clothing, moaning and weeping over their wrecked homes.

The United Press correspondent today, who toured the northern section of the city, where the toll was a mass of wreckage, trees uprooted and many all kinds strewn about.

Street cars were standing where they were abandoned by crews and passengers when the wall of water came. Storefronts were wrecked and automobiles scattered through the thoroughfares.

Soldiers Overwhelmed.

Two United States soldiers, in an effort to rescue a woman on Pecan street, ran two blocks through whirling water and wreckage. One was hurled against an apartment house, and another wrapped around a telephone pole. They were rescued by residents of the third floor of the apartment, who used bed sheets for life lines.

In the wrecked residence districts scenes were pitiful. In one instance a man and woman were forced to flee without their small baby. Its fate is unknown.

Bridges were washed out all over the city today, making travel on foot impossible in some parts.

Food was the first need of victims of the stricken districts today. In Travis park, 200 citizens caught a milk wagon floating by and confiscated the milk.

Newspaper plants were put out of commission by the sudden deluge. Two dailies put out one-sheet extras by hand presses. They were receiving reports of casualties every few minutes. Many reports were unverifiable, because of demoralized telephone communication, inability to get about the city because of wreckage, and closely drawn lines by regular soldiers and police. The soldiers were first called in when looting began, and remained for rescue and guard duty. Police commissioner Wright has asked that strict military control be granted from the commander of the Eighth corps army area.

Property damages will run into millions, it was estimated by city officials. An estimate at 9 o'clock, placing the losses of the city and residents at \$10,000,000, was made. Other sources of information, however, declared this estimate excessive.

Discusses Relief Measures.

The exact number of dead and amount of loss here probably will not be definitely known for days. Efforts of the military are directed at rescue work, and an effort to check the thousand and one casualties when the wall of water swept through the streets during the night, with little advance warning. Work of caring for survivors began today. Citizens, soldiers and police started work of caring for men, women and children who merely had time to escape in their night clothes when the water came. Plans for

feeding, clothing and housing the victims were being drawn rapidly, and city officials were to meet to discuss relief measures at 7 o'clock today.

With relatives searching for loved ones from whom they were separated during the storm, soldiers today held crowds of curious back from many ruined districts. The military was in almost supreme control.

Widespread Damage.

With an organization for relief, efforts shortly before noon were turned towards getting word from other sections of south and central Texas, hit by the storm. Communication was cut off from Austin, from near where a cloudburst, a ten-inch rain and a small tornado was reported. Casualties were reported from the vicinity south of Austin, but so far as could be learned, they were mostly injuries. From over South Texas reports came of great property damage to railroads, highways, residences and buildings that were hit by the deluge of water. The cotton crop suffered heavily.

All wires are down and traffic on the Katy railroad between Temple and San Marcos is practically paralyzed, according to advices received by the road's general offices here. The International & Great Northern tracks were washed out at several places following last night's cloudburst, according to reports received here. Southern Pacific tracks, somewhat east of and parallel with the Katy lines in South Texas, are still clear just before noon today, but are expected to go out shortly, when the flood waters reach the territory, the road officials said here. Some of the roads have definite information to work on, and only meager reports are sifting through.

The Katy's "Texas Special" southbound, which left Dallas last night, is marooned between Georgetown and Austin.

AUSTIN IS ISOLATED BY BIG CLOUDBURST

DALLAS, Sept. 10.—Austin, the state capital of Texas, was cut off from the rest of the world today by a cloudburst late last night.

All lines of communication and the railroads were tied up. Officials of telegraph companies declared that the entire district between Granger and Austin was flooded. They did not know the details.

ALWAYS VS. SOMETIMES. "Consistency, thou art a jewel."

By consistency would be meant regularity in punishing infractions of the misdemeanor statutes, which should be enforced not so much for the punishment of individual offenders as to stop the practice for which punishment is administered.

On at least one occasion, a woman was arrested for driving without a license. There was a number of vagrants, which is provided for in the proper laws. It is made between men out because it dodges them and out of work because they dodge.

The general public will indorse action of both county and city officers provided it is consistent. The speedsters and players of the gasoline calliope know their actions will lead to arrest, except in the few instances when their rabbit's foot works, they will proceed along the highways with more caution.

And if the police department will continue to round up vagrants, these gentry will soon get tired of it and move on, or something. The Times commends consistency in these matters, but spasmodic efforts at such law enforcement might well be left undone. It teaches no respect for the laws, and when summed up, looks too much like persecution of a few individuals for the purpose of collecting fees.

Unremitting war on speedsters and muffler musicians and vagrants and their ilk is good policy, because it will abate the evil, but tolerance twenty-nine days in the months and rigorous enforcement the thirtieth is merely invitations to cough up a fine. However, in justice to the officers, it must be said they issued warnings.

The Little Rock Gazette says it's probably true that the ancient Greeks played baseball because they were always talking about a Homer. Also they probably knew how to Hector the umpire.—Washington Post.

We'll have to give poor Alaska statehood if we don't want her thoroughly ruined. She is being governed by thirty bureaus at Washington now.—Cleveland Plain Dealer.

Bergdolt is lost, but he ought not to be hard to find. Search the few countries in Europe where there is no fighting or prospect of fighting.—Toledo Blade.

SINGING MOTORMAN LURED BY STEADY JOB FROM MINSTREL BOARDS

By Associated Press. NEW YORK, Sept. 10.—New York has a singing motorman. He is Leo Marks, once a member of George Primrose's minstrels.

He runs a surface car up and down Seventh avenue, and whenever the traffic clears and things are rolling merrily, he bursts into song. His passengers often ride blocks beyond their destination for the pleasure of hearing him, and the traffic cops are always looking for his car. Once in a while an officious inspector reports him, but Leo goes on singing. It's old-time favorites that he sings. Leo explained he had left the stage because motoring was a good steady job the year around, with something definite in the pay envelope the end of every week.

TAHITI, NOW SCENE OF MOVIE REVELRY, BARS BATHING BEAUTIES

By Associated Press. PAPEETE, Tahiti, Sept. 10.—The movie industry has descended upon Tahiti, and this isle in the South Seas is all cluttered up with actresses of the screen, directors and camera men.

The native, meanwhile, with growing wonder, is being further initiated into the splendors of civilization. He has seen fat women in nightgowns moving majestically along the water front and has beheld the ultra-fashionable bathing clothes popular in American movies.

These last, however, have been a bit too much for the Papete police, and they have decreed that in this corner of the South Sea islands such things must not be.

HUNDRED BANDS TO PLAY AT LEGION CONVENTION

By Associated Press. KANSAS CITY, Mo., Sept. 10.—One hundred bands representing every state in the union are expected to compete for prizes in the parade opening the American Legion convention here Oct. 3. Three awards totaling \$1,750 will be given. Entries already in hand include bands from Massachusetts, New York, Oregon, and Missouri.

JAPANESE AMBASSADOR DISARMAMENT DELEGATE

By United Press. WASHINGTON, Sept. 10.—Baron Shidehara, Japanese ambassador to the United States, probably will be one of Japan's principal delegates to the disarmament conference, it was said at the Japanese embassy today. Official announcement is expected shortly.

GIRL'S HAIR CUT OFF WHILE SHE WAS ASLEEP

PORT ARTHUR, Texas, Sept. 10.—The police office was informed this morning that an intruder had entered a home in the city last night and clipped the hair of an 11-year-old girl. The girl's tresses were found this morning in the yard where they had been dropped.

REINDEER FOR CANADA

By Associated Press. CHRISTIANA, Sept. 10.—A representative of the Hudson Bay company recently paid a visit to Finland on behalf of the Canadian government and bought a herd of 700 reindeer which are to be shipped to Baffin Land.

DOG HILL PARAGRAPHS

By GEORGE BINGHAM. DRUNO THE MOBBY TAILOR. THIS SPACE TO LET. MIKE THE BARBER.

The interior of the Tickville opera house is being fixed up so and improved until the East Lynn Company will hardly know it, when it comes this fall. A traveling painter, who has been to New York, has been hired to paint a picture of that city on the drop curtain.

Sile Kildew attended the circus at Tickville last Friday, but came home half-way disappointed in it, as the bareback rider performed in the ring at the other end of the tent.

The Postmaster has decided to enlarge his business and has just received a box of lemons, some of which he has hung outside in a rat trap as a sample.

SPORTS

PLAY STARTS AT 3:30 IN SUNDAY BASEBALL GAME

Prairie and Shriners Will Settle Argument Over Monday's Game

Play between the Shriners and the Prairie, in the game which is expected to settle all arguments as to which was the better team last Monday, will be called at 3:30 o'clock Sunday afternoon. The magnates of the two sides moved set the call for "Play Ball" at that hour in order to offset any chance for darkness calling the contest before a decision is arrived at.

Last Monday the Shriners and Prairie men stepped five of the fastest innings seen at Nitro park this year. The Prairie counted once in the second round and the Shriners came right back with two in the same session. Then, behind the sterling pitching of McGloin and Gordon, the two teams battled three scintillating and scoreless innings.

It was a "hoss-race," and the losers are not satisfied with losing by a nose. At least they are not satisfied unless the full distance is covered.

Wherefore the game; another reason, the Shriners need the money to pay expenses incurred in staging the big Labor day celebration, and this is a chance to give people their money's worth while they get the money. All shriners have iron-clad orders to be present, and the penalty for being away is a double assessment. So take warning, nobles.

The Shriners announce the following lineup and all players are asked to report at the park at 2:30: Winkler, c; McCormick, p; Cowsert, 1b; Galloway, 2b; Dietrich, 3b; Bloodworth, ss; Taylor, rf; Lane, cf; Myers, lf.

The Prairie lineup will be substantially the same as Monday, which was: Cahill, 3b; Seale, ss; McGloin, p; Newson, lf; Bradford, rf; Hilpp, 1b; Young, 2b; F. Germiller, cf; J. Berniller, c.

HOW IT HAPPENED

The Giants went into a tie for first place yesterday by beating Brooklyn while the Cubs were trouncing Pittsburgh. Babe Ruth equalled the home run record he set last year, in the fourth inning of yesterday's game, when one of his neat applications of the willow propelled the horseshoe outside the palings.

TEXAS LEAGUE.

Fort Worth took a thrilling eleven-inning battle from Dallas, 2 to 1, when Topper Rigney crashed the ball against the center field fence, with two out and Hoffman decorating second. It was a duel between Sloop Conley and Wachtel with honors about even, though Dallas collected eight safeties to Fort Worth's six. The Marines counted in the third, when Falk singled, a bump was miscalculated, Conley sacrificing and an infield out put the run across. Fort Worth, hitless for five innings, opened up on Snipe in the sixth, when Bill Steubauer smashed a double and scored on Kraft's hot drive. This tied the score. Thereafter both teams were in scoring position nearly every inning.

Slim McGrew of Galveston got away with a seven-inning no-hit game when Galveston took a double bill from San Antonio. At that, he had a battle with Timmer as the score was 2 to 1. The San Antonio score was made on two bases on balls and an error. The first game also was tight, 3-2.

Wichita Falls' best was an even break with Shreveport, and they got that through Ewold's bag peg in the ninth, which allowed two runs to score and gave them a 4-3 victory. In the first game, Molly Craft blanked the Spudgers, 5-0.

AMERICAN.

New York gained a half game by soundly trouncing Philadelphia while Cleveland was idle on account of rain. Babe Ruth's clout featured the matinee because of its tying the record, but there were three others made. One was by Pipp, and Tillie Walker of the Athletics made two.

Chicago and Detroit staged the slugfest match of the season and incidentally established a new league record for total runs and total hits. The White Sox won, 20 to 5, which adds up a total of thirty-five runs. There were forty-two hits for fifty-eight bases. Of these the White Sox hammered out twenty-two safeties, good for thirty-five sacks. Seven pitchers faced the horseshoe barrage.

Washington's slump continued and the ex-third place holders are now threatening to drop out of the first.

FOOTBALLERS NOW AT AUSTIN FOR PRACTICE

State U. Has Seventeen Letter Men as Nucleus for Strong Team.

AUSTIN, Texas, Sept. 10.—With the first game of the season on Oct. 1, the advance guard of the football warriors of the University of Texas gathered on the Austin gridiron today. This advance guard constitutes the kickers of the squad and two centers to pass to them.

On Sept. 15 the main body will arrive and the real competition for the squad will start. Fifty-five men have been summoned by Head Coach Berry Whitaker to be present on the 15th. There are kickers galore; ends, fast and hard hitters; back field men that can skirt almost any opposing ends for substantial gains; line men that could stop the onslaught of any man's team. In fact, Coach Whitaker has an array of material from which to choose the likes of which have been seen but few times before.

Seventeen letter men will be present. Headed by Tom Dennis, captain, there are Rats Watson and Kyle Elam, quarters; McCallum, Dominguez, Vowell, Barry, Leisner, Tynes and Sens, backfield men. The line men are Dennis, Hill, Pena, Jones and Gray. "Swede" Swenson, star center, will be present. The ends are Moore and McCullough. Besides these letter men of last year's varsity there comes others from the squad who were not awarded letters, Hamilton, Murpree and Ben Brown.

HOW THEY STAND

Table with 5 columns: Teams, Played, Won, Lost, Pct. Texas League: Fort Worth .68 46 27 678, Wichita Falls .68 41 27 678, Dallas .68 38 30 569, Houston .64 35 29 547, Shreveport .62 37 27 422, Beaumont .62 25 37 403, San Antonio .65 26 39 400, Galveston .61 22 37 361.

FRIDAY'S RESULTS.

Fort Worth 2, Dallas 1, 11 innings. Shreveport 5-3, Wichita Falls 2-1. Galveston 3-2, San Antonio 2-1. Beaumont-Houston, rain.

SATURDAY'S SCHEDULE.

Dallas at Fort Worth. Wichita Falls at Shreveport. Beaumont at Houston. San Antonio at Galveston.

AMERICAN LEAGUE.

Table with 5 columns: Teams, Played, Won, Lost, Pct. New York .132 83 49 629, Cleveland .133 82 51 617, St. Louis .135 70 65 519, St. Louis .135 66 69 489, Boston .129 63 68 489, Detroit .137 64 73 467, Chicago .134 67 77 426, Philadelphia .129 47 82 364.

FRIDAY'S RESULTS.

New York 14, Philadelphia 5. Chicago 20, Detroit 15. Boston 5, Washington 1. Cleveland-St. Louis, rain.

SATURDAY'S SCHEDULE.

Cleveland at St. Louis. Detroit at Chicago. Boston at Washington. New York at Philadelphia.

NATIONAL LEAGUE.

ARDMORE RAINED OUT.

ARDMORE, Okla., Sept. 10.—A heavy downpour of rain stopped the playing of the second game of the play-off between Paris and Ardmore for the ownership of the 1921 pennant. The series will be resumed here Saturday. Both teams will go to Paris to play Sunday, Monday and Tuesday.

ADOU OF DALLAS WINS FIRST MATCH IN TENNIS TOURNAMENT

PHILADELPHIA, Sept. 10.—J. B. Adoue of Dallas, Texas, won through the first round in the national tennis championship matches here yesterday, when he defeated Eric T. Wood of Philadelphia, in three straight sets, 6-1, 6-3, 8-6.

MAN DENIES ROBBING OF TRAIN; NAMES TWO OTHERS

MCLESTER, Okla., Sept. 10.—Benrie Leonard, arrested here a few days ago in connection with the robbery of the Katy Texas Special on March 28, has denied having anything to do with the robbery himself, but has implicated two other young men living in this city, according to police. Other arrests are expected to follow soon.

PROMINENT PHYSICIAN AND MASON DIES AT SNYDER

SNYDER, Texas, Sept. 10.—Dr. J. W. Warren of this city, one of the oldest practitioners in West Texas, died after a lingering illness of several months. Dr. Warren was one of the most prominent Masons in this section, having been deputy grand master and grand visitor of the Blue Lodge and chapter for this district.

STAMFORD BUYS FIRE TRUCKS.

STAMFORD, Sept. 10.—The city council has accepted the new trucks purchased in April and installed the same Friday. The tests made yesterday were thoroughly satisfactory and with the acquisition of this equipment the city will have the largest fire apparatus of any city of its size in the state.

UNLUCKY LUCK.

DALLAS, Sept. 10.—"Luck" proved against Joe Eby, age 9, here today, when he spotted a \$1 bill in the middle of the street and started to pick it up. An automobile struck him and he was rushed to the sanitarium. Ella Crawford, negress, driving the auto, was arrested and charged with reckless driving.

LOW MARK FOR MARK!

NEW YORK, Sept. 10.—The German mark today fell to a low record at .0098 in the first hour's trading.

FIGHT FILMS IN FT. WORTH; MAN ARRESTED

FORT WORTH, Sept. 10.—W. H. Rudolph, special representative of Tex Rickard, the famous prize fight promoter, was arrested Friday afternoon by John Keith, special representative of the department of justice. Rudolph was charged with transporting films of the recent Dempsey-Carpentier fight in violation of the United States law covering it.

The film, five reels, was given a private showing at Phillips Egypt Friday morning. It was shown through the courtesy of E. H. Phillips of the theatre. Rudolph's arrest followed the showing of the picture. He was released on \$1,500 bond.

Rudolph stated after his arrest that Tex Rickard sent the pictures to Texas because of his desire to have his Texas friends see them. "Tex, you know, was reared up here at Henrietta and served as town marshal of that place," Rudolph said. "He still regards himself as a Texan and was in the state frequently during the oil boom. He has a great regard for Texas and Texans and sent the pictures here simply because he wished his friends to see them. He is anxious for them to be shown first in Henrietta. The pictures have been shown in New York and several eastern states. They are five reels, showing the training quarters, preparations for the battle and some wonderful scenes of the actual fight itself."

Phillips and those who witnessed the private showing Friday stated that the pictures were the best and clearest fight pictures that have been offered.

Mr. Zweifel, United States district attorney, filed the complaint against Rudolph.

LACK OF ROOM HANDICAP TO U. S. SCHOOLS

By HAROLD D. JACOBS,
United Press Correspondent.
NEW YORK, Sept. 10.—The housing shortage is seriously crippling the nation's schools. Practically every large city in the country is confronted with the problem of meeting the record enrollment of pupils with inadequate facilities for sheltering them, according to telegraphic advices to the United Press today.

The situation has resulted in various makeshifts, such as "part-time" system, hasty erection of flimsy structures, and the use of other buildings.

On Installation Plan.

Overcrowding of the schools, it was shown, is giving future citizens their education on a sort of installation plan. The lack of school room space is due to the high price and scarcity of building materials, difficulty of the municipalities in obtaining funds, and failure of builders to complete structures within contract time. Only seven of the thirty-three cities reported conditions nearly normal.

In New York City, the total school attendance is expected to be more than 900,000. There will be about 810,000 in the elementary schools, an increase of 12.5 per cent over last year. Between 90,000 and 100,000 pupils will be on "part time." In the high schools, the situation will be even worse, an expected enrollment of 90,000 being a gain of 16.2 per cent. About one pupil in every eight will be without a seat. Added to this situation is a shortage of teachers.

DEVICE LIKE CREAM SEPARATOR EXTRACTS SALT WATER FROM OIL

NEW YORK, Sept. 10.—Millions of dollars can be saved annually by the use of a device similar to a cream separator in recovering petroleum that has become mixed with water in the wells. Dr. Sidney Born of Muskogee, Okla., Friday, told delegates to the petroleum section of the American Chemical society's convention here.

Dr. Born said the machine, which is being used with success in oil fields of the Middle West, revolves at a speed of 17,000 revolutions a minute, breaking up the emulsions into clear oil and salt water, which are then drained off through spouts.

Dr. Edgar F. Smith, president of the society, told the delegates that America's future is closely related to the progress of chemistry.

"If America is to be continued among her sister nations in the place she has won, that science which confers wealth and guards and preserves the fireside must see the industries erected by it supported by every kind of just legislation; selfish interests must give place to the country's best interests that in the end it is America and her future which must be respected."

FINE IMPOSED IN AUTO SQUABBLE CASE; APPEAL IS TAKEN

Henry Chifford, co-defendant with Frank Beaver, charged with using indecent and abusive language toward Stella May and Ola Wisdom several nights ago, and making the women leave the car in which the four were riding, was yesterday found guilty in Justice of the Peace McPater's court and fined \$15, which included court costs. The case was appealed to county court.

Frank Beaver has been tried twice on the same charge and each trial resulted in a hung jury.

NAVAL PLANE WITH THREE MEN FALLS INTO POTOMAC

WASHINGTON, Sept. 10.—A naval airplane of the HS-2 type fell into the Potomac river off the navy yard late today. The plane carried three men, one of whom, A. J. L. McNickel, a civilian employe of the aeronautical test laboratory, has not been accounted for, officials of the aviation service said.

FORD PUT WEALTH AT \$263,000,000; NEAR \$750,000,000, BANKERS SAY

DETROIT, Sept. 10.—Payment of its state property tax by the Ford Motor company reveals that Henry Ford is on the way to become the richest man in the world. His taxable property as stated in his return amounts to \$263,368,199, but Detroit bankers point out that these are only tangible assets and his real wealth will probably far exceed that figure.

Some bankers indeed say that Ford is worth more than \$750,000,000 when the good will and name of the Ford Motor company are taken into consideration. Ford himself has said that he does not know how much he is worth and he does not care.

The statement filed in Lansing said that on June 3 the Ford company had \$54,844,538 in cash in hand or in bank. Plants, buildings and improvements were valued at \$46,926,010, and machinery and equipment at \$21,183,

990, while the good will of the company was set at \$20,517,985. This last is considered low. Property in Michigan was valued at \$133,025,079. Total capital and surplus were put at \$173,951,172, and the amount in capital and surplus held in Michigan at \$87,881,284.

On these holdings the company sent the state a check for \$10,000, the maximum payment in Michigan, for the Ford Motor company, the Michigan Iron Land and Lumber company, the Dearborn Realty and Construction company, the Dearborn Independent, Ford's weekly paper. State officials hold, however, that Ford will have to pay \$10,000 on the motor company alone and separate taxes on his other holdings.

The returns do not take Ford's railroad holdings into account or any of his real estate throughout the country.

IDLERS PLUCK MONEY OFF TREES—PERHAPS

With the exception of four negroes, who spent the day yesterday working for the city, sixteen vagrants arrested Thursday night paid their fines and were released. Among the number was one who, the officers say, has toiled not in lo, these many months. But he laid his \$15.70 on the barrel head.

His source of ham and eggs is conjectural, though they do say he has a way with women.

FOUND! A USE FOR BALD HEADS

When one's head is perfectly bald, except for a nice little fringe around the back and ears, one may qualify for the Order of Double Faces. An ingenious Dutchman is the founder of the order. He asked a bald friend to incline his head on a table so that the bald section faced front. With a piece of charcoal he sketched a nose, mouth, eyes and eyebrows, with the result shown above. Who says some men are not two-faced?

Owner of \$11,000 Ruby Gives Pullman Porter Two-Bit Piece for Finding It

ST. LOUIS, Sept. 10.—The mysterious disappearance of an 11-carat ruby stickpin, valued by its owner at \$11,000, was solved as Missouri Pacific passenger train No. 18 drew into union station at 7:32 o'clock one morning this week. J. A. Naylor, Pullman porter, told reporters and detectives he had found the gem, along with the owner's collar and tie, hanging over the protection strap in an adjoining berth, occupied by a woman.

W. A. Gamble of Pine Bluff, Ark., had telegraphed the St. Louis police from Bismarck, Mo., that his pin had disappeared and he wanted the pick of Chief Hogan's detectives on hand when the train arrived to help find it.

Gets 25c Tip.

He awakened, it seemed, at Bismarck, missed the gem, and asked a thorough search of the train. Naylor declined to arouse the sleeping passengers, many of whom were women. Then Gamble became obstreperous, according to the conductor. He let it be known that he was from Kentucky, was the largest

lender of money in Arkansas and would take the matter up with the president of the road.

Gamble, according to the porter's explanation, occupied lower berth No. 10. As the train was passing through the yards here this morning Naylor found the pin and the collar and tie hanging over a protection strap in lower No. 12, which had been occupied by a woman.

The negro jubilantly returned the \$11,000 pin to Gamble, who rewarded him with 25 cents.

Gives Away 10c More.

Gamble offered no explanation beyond the fact that he must have been confused regarding the number of his berth.

He hurried from the Pullman to catch another train for Cleveland, and dropped a thin dime in the palm of the usher who had struggled through the crowds with his numerous pieces of baggage.

It was noticed that his stickpin was in its proper place and that a diamond ring of \$700 reputed value, gleamed from the little finger of his left hand.

LAST ENTRANCE DAY FOR TENNIS TOURNEY—AND ONE RANGER MAN IN

Only one name has been filed with Manager Peters of the Chamber of Commerce, for entry into the county-wide tennis tournament which is to be held in Eastland Sept. 12, to 15. If others expect to enter the contests, they must file their names and deposit \$1 today, either with those in charge of the tournament at Eastland or with Mr. Peters, who will attend to the matter for them.

An imposing list of prizes have been awarded by the merchants of Eastland to the winners in the tournament, according to an announcement by the tournament committee.

To date the total value of the prizes to be awarded is well over

\$100 and steadily growing. Heading the list of awards is the \$25 silver trophy cup to be given by the Eastland Tennis club to the winner of the singles. This is a handsome cup of silver with a gold lining, mounted on an ebony wood base. The cup is fifteen inches high. It will be appropriately engraved. Other valuable prizes include two tennis rackets, a sweater and one and one-half dozen tennis balls.

PROGRAM

TEMPLE—"The Bronze Bell," featuring Doris May and Courtenay Foote; also "The White Horseman," seventeenth episode.

LIBERTY—William S. Hart in "Cradle of Courage," and Clyde Cook in "The Guide."

MANHATTAN—George Beban in "One Man in a Million," also Pathe News and Review.

TEMPLE.

Several remarkable exposures in which Courtenay Foote, in the dual role of Har Dyal Rutton, an Indian prince and David Amber, an adventurous American, enacts several highly dramatic scenes between the two characters, is a feature of "The Bronze Bell," the latest Paramount-News special production, which will be the feature attraction of the Temple theatre today only.

Although the dual characters are in evidence during but a short sequence of the drama, with such unusual care and attention to the minutest details were these scenes, which Foote as Amber and Foote as Rutton, play opposite each other, that two weeks were devoted to their filming.

A drama based upon an attempted uprising of the natives of an East Indian principality which is prevented by the enterprise and daring of the young American adventurer, who goes into the country in the guise of Rutton, the prince. "The Bronze Bell" is said to be one of the most powerful and dramatic pictures of the season. Doris May, popular in many an Ince production plays the part of leading lady and appears in a dramatic role. Others in the cast

are Claire DuBrey, John Davidson and Otto Hoffman.

Women of fashion in China have adopted the western skirt and high-heeled shoes, and some have even gone as far as to bob their hair.

"ELEVATING" JAIL PAINT.

PARIS, Sept. 10.—French jailers have taken heed of the teachings of psychologists which emphasizes the fact that the colors used to decorate people's offices and homes have an enormous effect on their health and tempers.

No longer will the cells be painted red or black, for red irritates and fosters unmanageable and murderous tempers; black only makes blacker the temperament of criminals. Therefore the edict has gone forth that only clear and "elevating" colors will be used. The cells are to be painted white, with wide stripes of brilliant gray shades near the ceiling and wainscoting. The white will purify criminal minds, and the brilliancy will make them gay.

18—WANTED—Miscellaneous

LEFT BONFIRE UNGUARDED, HELD FOR MANSLAUGHTER

NEW YORK, Sept. 10.—Because she left a small bonfire unguarded in the street before her home, Mrs. Lizzie Weiss, Elizabeth, N. J., is facing a charge of manslaughter. On Aug. 25 Mrs. Weiss lighted the fire to destroy papers and rubbish. Sarah Czarkowsky, 9, amused herself by playing with the fire. Sarah's clothes caught fire and she was badly burned about the back. She died at Barnert hospital Sunday.

NEGRO GIRL SAYS SHE THREW HER TWO SISTERS IN RIVER

ST. JOSEPH, Mo., Sept. 10.—Olive Scott, 18 years old, a negress, of Elwood, Kan., has confessed to the sheriff at Troy, Kan., that she threw her two sisters, 8 and 10 years old respectively, into the Missouri river last night to escape the expense of taking care of them and because she was tired of the work, according to Doniphan county officials. The approach of school days called for new clothes and books and the family finances were inadequate, the girl said, according to the officials.

MAN SERIOUSLY HURT AS INTERURBAN HITS TRUCK

FORT WORTH, Sept. 10.—C. Allard, 28 years old, is in a critical condition as a result of injuries received Friday morning when an eastbound interurban struck the truck in which he was riding at Arlington. Allard was thrown from the truck by the impact, while the truck was dragged across the street into a yard. He suffered bruises and cuts about the body and head and internal injuries.

PARADOX IN MINE COSTS.

TOPEKA, Kan., Sept. 10.—The much talked about Kansas industrial court is puzzling over what appears to be an economic enigma. The problem that the court is trying to solve is why the small coal mining companies of this state, paying high wages to employes and operating on a small scale, are able to sell coal at \$1 less a ton than the big operators, paying their men small wages. In an investigation of coal mining operations in the state, carried on by the industrial court, it was revealed that the small mining companies, despite a greater marketing cost, and higher wages paid their employes, are able to show a margin of profit with a total cost of production of \$3.60 per ton, while the larger operators, with greater marketing facilities, and lower wages, claim a minimum production cost of \$4.60 a ton.

LIBRARY FOLK TO GIVE DANCE NEXT THURSDAY

On next Thursday night the Library association and the Business Women's club will give a benefit dance at the Summer Garden, the funds to go toward the upkeep of the library and the rest room being maintained in conjunction with it. Tickets to the dance will be sold by the business girls and men of the city. Special music has been obtained and the dance is expected to be one of the social events of the winter season.

The Red Cross also announces a dance, to be given Sept. 29.

W. U. CABLED MONEY CAN BE PAID IN DOLLARS

Manager C. C. Street of the Western Union Telegraph company announces an arrangement effective Sept. 12, whereby cabled money transfers to Italy will be paid in American funds at the option of the sender. In other words, if say \$100 is cabled via Western Union to Naples, the amount will be paid at destination either in United States currency or in lire, according to the choice of the remitter.

EYE WITH TEARS TO SHED.

CHICAGO, Sept. 10.—Profiteering landlords were hit where it hurt—in the pocketbook—when a hunder appeared before the board of review, the body which has the last say on taxation. They were summoned to show why their taxes should not be raised to conform with rentals. They were put under oath and questioned as to income from rents. They squirmed and hesitated but the truth came out.

As the landlords stood in line, each one charged with rent profiteering had the blue pencilled inscription "rent booster" on the complaint slip. The landlord was there to prove the charge unjustified but was forced to admit the charge was true.

The board raised assessed property values 50 to 75 per cent, and taxes in proportion. Thousands of landlords are in line for this measure.

By carrying off every athletic honor at the University of California, Miss Iskah Thrall becomes the greatest girl athlete in the state.

POSITIONS THAT PAY WELL AND ARE ALWAYS TO BE HAD

The perfecting of typesetting key-boards has brought new and unusual opportunities in the printing business. The business that gives development to great minds. Positions of this kind always have paid well and perhaps always will and doubtless they will always be plentiful, because the printing business expands as civilization develops. Anybody who could learn to operate a typewriter can learn to operate a typesetting machine. If you want to learn how to do the work of a monotype machinist; if you want to learn to do the work of an intertype or a linotype machinist; if you want to learn to operate any of these machines; if you want to learn the work of the business office—if you want to get into a work that will always pay you well, and if you can spare three or four months for preparation, write for Prospectus to American Publishers' and Southern Publishers' TYPESETTING DEPARTMENT of the GEORGIA-ALABAMA BUSINESS COLLEGE, Macon, Ga.—Advertisement.

GO TO CHURCH SUNDAY—

Is the Church an asset or a liability to the community? It becomes a liability when it fails to uphold the moral standard. It is an asset as long as it advocates clean living and demands it of its members. Don't weigh religion by the demerits of the hypocrites. Weigh religion on its own merits and accept that which comes up to the standard of weights. Attend Church Services Sunday. J. W. MCKINNEY, Church of Christ.

THE SALVATION ARMY HALL 323 South Austin Street. Open air services every Tuesday, Thursday, Saturday and Sunday nights at 7:15. Indoor services Tuesday, Thursday and Sunday at 8:15.
