TRAGEDY ENDS PARTY AT TULSA COUNTRY CLUB

Auto Crashes Into Telephone Post: Man Is Dead, Young Woman Injured.

TULSA, Okla., Sept. 24.—Attending physicians today were of the opinion that the injuries sustained by Josephine Reynolds, 24, of Detroit, Mich., cashier for the Bankers Insurance company, injured in an automobile wreck at 2 o'clock this morning, when O. F. Bishop, manager of the local country club estate, was killed, would not prove fatal.

Attempts to talk to the injured woman had been successfully combated by hospital attendants. Friends of the injured woman say she had attended a party at the club last night, and was being escorted to her fashionable south side apartment when the car, driven by Bishop, hit the street curbing and collided with a telephone pole. Bishop's skull was crushed, and he died a few minutes after the accident.

Police officials issued a statement early today, claiming the couple had been joy-riding, and that whisky had been consumed.

Bishop was married.

MAN AND WOMAN CHARGED WITH HAVING LIQUOR

Raids were made on several places yesterday afternoon and last night by Sheriff Sam Nolley and his deputies. A gallon of corn liquor was said to have been found in the room of Frankie Davis who lives at a local hotel. She was placed under bond of \$500, which was made.

J. M. Miller was also put under \$500 bond after a gallon of corn liquor, alleged to be his property, was found in a building on Austin street. Some thoc beer is also said to have been found in Miller's car. He made bond. Both he and the woman were charged before Justice of the Peace McFatter with having liquor in their possession.

WEST VIRGINIAN GETS LIFE TERM FOR GUN BATTLE

WILLIAMSON, W. Va., Sept. 24.—J. C. McCoy was convicted of murder in the first degree today in connection with the three-day industrial battle here last May.

The jury recommended mercy, and McCoy will be sentenced to life imprisonment.

McCoy is a grandson of Randall McCoy, leader of a clan in the Hatfield-McCoy feud. He is the first to be convicted of murder in connection with mine warfare in Mingo county.

FARMER AND WIFE KILLED TOGETHER; NO CAUSE ASCERTAINED

CADDO MILLS, Texas, Sept. 24.—The bodies of H. K. Wallace and his wife were found in a room at their farm near here early today by the brother of Mrs. Wallace who rushed to the room after hearing shots. Both died instantly. A shotgun lay near Wallace.

Wallace and his wife had lived on the farm for more than a year. They had no children and were apparently on the best of terms. No reason could be given for the act. They were known throughout the county.

DAUGHERTY AND NEW YORK ATTORNEY DISCUSS KU KLUX

WASHINGTON, Sept. 24.—Attorney General Daugherty today went further into the operations of the Ku Klux Klan in a conference with District Attorney Hayward of New York.

The attorney general discussed with Hayward some phases of the inquiry in the eastern states, which officials believe may lead to action by grand juries.

Lone Ku Klux Knight Fired Upon As He Parades in Oklahoma Town

PAWHUSKA, Okla., Sept. 24.—Local authorities were endeavoring to learn whether the lone knight of the Ku Klux Klan, who paraded the streets here last night, and who was fired upon from ambush when he started to leave, had been wounded. The gunman who fired the shot fled, and no trace of him has been found, authorities said.

The appearance of the klansman last night was the first evidence that a chapter had been established here. The rider carried the usual warning signs.

INSANITY PLEA IS DEFENSE IN ROBBERY WITH FIREARMS CASE

EX-BRECK MAN SHOOTS FELLOW COP AT MEXIA

MEXIA, Sept. 24.—Scotty Ferguson, former ranger and now a member of the local police force, surrendered to brother officers last night following the fatal shooting of Constable G. C. Gibson.

Ferguson formerly lived in Breckinridge. The shooting occurred in front of the postoffice, in which building Gibson died.

Ferguson was released on \$500 bond.

COUNTY-WIDE LAW BUREAU TO ORGANIZE OCT. 3

The county organization of the Law Enforcement bureau will be completed in Eastland on Oct. 3, according to the Rev. J. W. McKinney, who, with the Rev. A. N. Stubblebine of Ranger, and a delegation from Eastland, toured the county yesterday in the interest of the bureau.

The delegation visited Gorman, Rising Star and Carbon and Mr. McKinney stated at every place visited much interest was shown in the organization.

On Oct. 3, delegates from all over the county will meet at Eastland and the county organization will be formed. That date was chosen because many citizens will be in Eastland on that date to attend the suit to annul the county road contract.

FARM LEGISLATION MUST COME FIRST, SAY WESTERN SENATORS

WASHINGTON, Sept. 24.—Members of the senate agricultural "bloc" today served notice that they will not permit the administration to sidetrack consideration of farm legislation.

Besides an extensive program of its own that threatens to increase the legislative jam in the senate, the administration may find the "bloc" solidly arrayed against important features of the tax bill.

FOOTBALL TODAY!

NEW YORK, Sept. 24.—Football butts in today on a crowded sports page for its 1921 debut.

The East swings into action with Yale, Harvard, Pennsylvania, Pittsburgh, Pennsylvania State, Dartmouth and Syracuse in action. California opens the season on the coast; Centre and Georgia Tech stage their coming out party in the South, and Notre Dame opens the season in the West.

Harvard plays a double-header with Middleburg and Boston. Yale plays Bates; Notre Dame plays Kalamazoo, and California goes against St. Mary's.

IVAN WOMAN DIES FROM AUTOMOBILE ACCIDENT

SAN ANGELO, Sept. 24.—Mrs. E. J. Wommack, of Ivan, 41 years old, sister of J. E. Young, San Angelo business man, died in a local hospital Thursday night from injuries received in an automobile accident near Mertzon a month ago. Three daughters and four sons survive.

'FIND OUT FACTS; LET CHIPS FALL WHERE THEY MAY,' SAYS JUDGE HILL

Tells Grand Jury Now Probing Bond Deal With Chicago Bank to Seek Out All Facts, Then Condemn or Exonerate; Bank Presents Its Side of Case.

EASTLAND, Sept. 24.—The grand jury, which reconvened yesterday at the summons of Judge E. A. Hill, is today probing deeper into the matter of \$50,000 worth of Eastland county bonds which were pledged with the National City bank of Chicago, as collateral for a loan for the Security State bank of Eastland, before it closed business. Arthur J. Hughes, of the Chicago bank appeared before the grand jury today.

Judge Hill recalled the grand jury yesterday and in his charge is found these statements: "Find out the facts, let the chips fall where they may. If the fact condemns anybody let them be condemned; if the facts exonerate him let him be exonerated, and you should impartially and fairly try and ascertain the exact facts of this county's business in the particulars in which they are now under investigation."

The grand jury last week at a special charge from Judge George L. Davenport, investigated the Chicago bank affair and the majority report made by the body exonerated County Judge Starnes, and the commissioners' court of any wrong doing. The minority report, composed of three jurors, refused to exonerate either Starnes or the court, saying that charges brought in a petition presented by the Citizens' Committee seeking to oust Starnes were probably true. It was the charges in the petition that Judge Davenport asked be investigated. The grand jury re-criticized the commissioners' court for inattention to business.

Judge Hill's complete charge of yesterday to the grand jury reads: "The matter that I have called you back for, pertains to the investigation that you have heretofore had under advisement; of the county's bond that was handled by the National City bank of Chicago. The occasion for calling you back is that Mr. Hughes of the National City Bank of Chicago, is in town. He is connected with that bank, and from

AVEN SOBS WHEN JURY GIVES HIM DEATH PENALTY

WACO, Sept. 24.—County Attorney Frank B. Tiery was expected to decide today whether he would try W. T. Aven on the remaining two charges of murder pending against him, or take up the two murder charges against Mrs. Dessie Keyes.

Both are charged with the murder of Aven's 5-months-old daughter and Leslie Keyes, the woman's husband. The jury, after only one hour and four minutes' deliberation, yesterday found Aven guilty of the murder of his wife, and fixed the punishment at death. A motion for a new trial was filed.

Avent broke down following the reading of the verdict, and sobbed.

GASOLINE MANUFACTURERS TO MEET IN TULSA, OCT. 5

TULSA, Sept. 24.—Natural gasoline manufacturers of Oklahoma, Texas and Kansas will meet in the Chamber of Commerce here Oct. 5 to discuss the proposed regulations of Colonel Dunn of the Bureau of Explosives to lower the vapor tension in the shipping of natural gasoline.

The proposed regulations were to have been put into effect last June, but were postponed until Feb. 1, 1922. The association of Natural Gasoline Manufacturers and the bureau of mines is making a series of tests to determine whether the ten-pound vapor tension is too high. Other problems of the gasoline manufacturers will be considered.

SEVEN ALLEGED TICKET SCALPERS ARE TAKEN

FORT WORTH, Sept. 24.—Seven alleged ticket scalpers were taken in custody by officers at the gates of the Panther park prior to the Memphis-Fort Worth game.

There is no law which prevents a man from reselling the tickets at the increased price, Henry Zweifel, United States district attorney, declared today, but the arrests followed the failure of the alleged "scalpers" to write their name and address on the backs of the tickets sold, with a notation of the amount collected and the war tax. Failure to comply with the regulation, Mr. Zweifel said, is a violation of the internal revenue and income tax laws, and is punishable by a penalty of \$100 on each sale.

ELKINS JURY, OUT 46 HOURS, CAN'T AGREE

Discharged by Judge Davenport After Reporting Fifty-Fifty Split.

EASTLAND, Sept. 24.—The jury in the Elkins case was discharged by Judge George L. Davenport at 1 o'clock today, after forty-six hours deliberation, in which it could not reach an agreement.

Six of the jury was for acquittal and six for conviction. Elkins was charged with murder in connection with the death of his father-in-law, W. E. Cox, at Eastland about April 2.

CHICAGO SUIT 'IS ATTEMPT TO MUZZLE PRESS'

CHICAGO, Sept. 24.—Precedent for muzzling the press of America will be established if the city of Chicago wins its \$10,000,000 libel suit against the Chicago Tribune, Attorney Weymouth Kirkland argued in court today for the newspaper.

Kirkland appeared in defense of the demurrer filed by the Tribune. The only libel suit of its kind ever filed in the United States will go to trial if the demurrer is overruled.

The suit was filed by Mayor William Hale Thompson for the city, following publication in the newspaper that Chicago was broke. The city holds that printing such stories harmed the credit of the city, and made it impossible to sell bonds.

HUNT STREET BRIDGE OPEN FOR TRAFFIC

The Hunt street bridge on the Bankhead highway was opened for traffic yesterday after the city completed building the dirt approaches. Work on the bridge was suspended by the county when all road work ceased and because it was necessary that the bridge be put in use, the city completed the approaches.

ALL PRICES DROP, EVEN DIVORCE FEES, IN GARY

GARY, Ind., Sept. 24.—A general reduction in prices, ranging from house rents to costs of a divorce, is in effect in Gary. The cuts follow closely the big reduction in wages of steel workers.

Lower prices were recorded in restaurants, house rents, clothing, etc. Physicians reduced their call charges to \$2, and attorneys announced a cut from \$100 to \$50 for handling divorce cases.

A. & M. COLLEGE OPENS WITH HEAVY ENROLLMENT

COLLEGE STATION, Sept. 24.—The forty-sixth annual session of the A. & M. College of Texas was formally begun here this morning by the annual convocation of students and faculty.

A total of 1,460 have enrolled for the first term. Class work was begun this afternoon.

THE WEATHER.

Tonight and Sunday, partly cloudy; somewhat unsettled near coast.

DISABLED VET SHOOTS SELF AT CONVENTION

DETROIT, Mich., Sept. 24.—A sorrowful little guard of honor from the veterans of foreign wars, in convention here, will escort Lester Randall to his home in Sterling, Ill., today.

Randall, a 100 per cent disabled veteran of the world war, was a member of the Illinois delegation to the annual encampment of the veterans of foreign wars. With the same army automatic that he carried through the Marne, he "went west" last night. He was found on his bed in a hotel with a bullet through his right temple.

Several notes, written to his "buddies," found on a table in his room, explained how bravely he had fought against an invisible enemy.

Randall was riddled with mitrailleur in the Soissons. He was gassed. Medical skill failed to stop the ravages of the poison gas, and he was constantly in great pain. It is believed that this pain temporarily unbalanced his mind, and that he committed suicide as the best way to "end it all."

MISS HANAN SINKING FROM RIVAL'S WOUNDS

NEW YORK, Sept. 24.—Miss Mildred Hanan, who was shot yesterday by Mrs. Grace Lawes, her former chum, is reported by physicians today as sinking rapidly. The motive behind the shooting remains a somewhat clouded mystery.

POLO GROUNDS OVERFLOW. NEW YORK, Sept. 24.—The "little world's series" this afternoon brought 40,000 cash customers, who swamped the Polo Grounds. Police reserves turned away thousands after the gates were closed. The Yankees put Harper on the hill. Cleveland used Uble. Tris Speaker led his men into the field, although crippled.

WHAT THE SCHOOLS SHOW.

The school enrollment this year is equivalent to last year's, is the announcement of Superintendent Me-New. That announcement, perhaps more than any other that could be made, speaks for the solidity of Ranger.

The rush to newer oil fields has taken from Ranger, as from other towns in this district, the flood of transients who came to seek easy money and quick profits born of excitement, cupidity and credulity. The end of the rainbow has apparently shifted and the chasers of the pot of gold have followed it.

But the school statistics reveal that the business interests and the steady workers have taken root. They are here, and here, to all indications, they will remain. There is a widespread activity throughout the field, which by many is unnoticed because of its orderliness. There is not the former feverish activity, to be sure, but wells are being drilled, old ones are being worked over to increase production, casinghead plants are going in and other evidences of progress are at hand. That they do this quietly and without ostentation is because there is no stock seeking sale. The enterprises are financed and do not need to arouse the interest of the public.

These things mean permanence, and steady industry, and the two spell prosperity—far more prosperity than was found in the mad hurly-burly of speculation which once was Ranger's portion and now is the portion of the newer oil pools just opened up.

In other words, there is less profit now, perhaps, but there is more keeping. Oil field business has become less like a crap game, where some lose while others gain.

That school attendance, as evidence of solidified growth, is well worth a place in the pessimist's diary; that is, if he cares to remove his brown-tinted glasses.

POLAND AND BOLSHEVIKI RENEW FUSS

MOSCOW, Sept. 24.—Fears of a diplomatic break between Russia and Poland grew here today when it was learned Russia will not recede from the position she has taken in regard to enforcing the Riga treaty. In many diplomatic circles there was war talk.

Relations are awaiting the announcement of the Russian reply to the latest Polish note. Poland threatens that if Russia did not accede to the Russian treaty by Oct. 1, she would break off diplomatic relations.

The controversy first arose when Russia refused to turn over 20,000,000 gold marks, allotted by the Riga treaty to Poland. The soviet also refused to release Polish prisoners. Moscow claims Poland violated the treaty first.

COLLEGE HEAD ATTACKS BRYAN FOR CRITICISM

MADISON, Wis., Sept. 24.—University of Wisconsin circles are stirred by a controversy that has arisen between Dr. E. A. Birge, president of the institution, and William Jennings Bryan. Bryan's charge that Dr. Birge is fostering the teaching of atheism and ridiculing belief in God, and the divinity of Christ, was answered by the university head.

"Bryan is crazy," Dr. Birge said. "He is seeking notoriety and I refuse to engage in a newspaper argument with him. No one pays any attention to what Bryan says anyhow."

In a recent lecture at Monroe, Bryan is quoted as declaring that President Birge is making a joke out of the religious convictions of the fathers and mothers of students at the university. Modern teaching of philosophy and science, Bryan declared, undermines the religious influence that surround children in their homes before entering the university.

LEAVING OF BODIES OF SLAIN IN FRANCE URGED

ST. LOUIS, Sept. 24.—Members of Fred W. Stockman Post, American Legion, were urged to do all in their power to urge relatives of Americans who lost their lives in France to leave the bodies interred in the soil of that country, by John J. Floyd of Arkansas City, Kan., at a luncheon in the American hotel annex here.

Mr. Floyd was a member of the Legion party which visited France as guests of the French government. He said American cemeteries in France were being ruined by the removal of bodies. The speaker told of a royal welcome extended to the Legionnaires by the French people.

INDICTMENTS ARE RETURNED IN MCKINNEY MURDER CASE

MCKINNEY, Sept. 24.—The grand jury of the Fifty-ninth district court returned indictments against Ezelle Stepp and his nephew, Aryle Stepp, charging them with the murder of Hardy Mills, whose badly decomposed body was found in a well here a few days ago, after he had been dead about two weeks.

Mills was working on a brick building in the business district of McKinney and mysteriously disappeared. Officers made a search for the body without avail, but after thirteen days had elapsed the body was found in an old abandoned well on a farm near here, following which the two Stepps were arrested and placed in jail here.

WAR CLOUDS HOVER AROUND HUNGARIANS

By United Press.

PARIS, Sept. 24.—Rumblings of threatened war came from central Europe today. The dispute between Hungary on one side, and Austria, Czechoslovakia, Jugo-Slavia and Rumania on the other, over who shall have the strip of territory called Burgenland, is approaching a crisis.

Hungary has severed railroad communication with Austria, and has sent a note to the allied council of ambassadors declaring it is impossible to give the territory to Austria. Czechoslovakia, Jugo-Slavia and Rumania are preparing a note to the council of ambassadors asking permission to end military representatives to Hungary to demand that nation's disarmament.

Czecho-Slovakia and Jugo-Slavia sent ultimatum to Hungary demanding evacuation of disputed territory by today on threat of declaring war. Hungary hastily entered into negotiations with the result that Czecho-Slovakia suggested to Austria that the dispute should be settled by mediation on a basis of mutual concessions. Austria has not yet replied.

RUSSIA'S WORST FAMINE TO COME YEAR FROM NOW

By EDWIN HULLINGER, U. P. Correspondent.

MOSCOW, Sept. 24.—Russia faces another famine which will come next year and will reap death among the poor of the provinces with even more swiftness than it did this year.

This was prophesy of M. Kameneff, the soviet director of famine relief, expressed in an exclusive interview with the United Press today.

Kameneff declared the farmers had been unable to obtain sufficient seed for autumn planting.

"The 1920 harvest was entirely consumed by the middle of October. Thereafter the Volga district gave absolutely nothing. Everything we ate had to be imported from the other provinces of Russia, where the harvests were only 45 per cent normal," he declared.

"Somebody to see you!" If everybody with something to interest you should come and ring your bell, what a nuisance it would be! Think of the swarming, jostling crowd, the stamping of feet on your porch and carpets! Every day we know of many callers who come to see you. They never jangle the bell—they don't take up your whole day trying to get your attention. Instead they do it in a way that is most considerate of your privacy and your convenience. They advertise in your newspaper! In this way you have only to listen to those you know at a glance have something to interest you. They make it short, too, so you can gather quickly just what you want to know. You can receive and hear them all without noise or confusion in comparatively few minutes. In fairness to yourself look over all the advertisements. The smallest and the largest—you never can be sure which one will tell something you really want to know.

CUTICURA HEALS ITCHING ECZEMA In Pimples On Face. Very Disfiguring. Could Not Rest. "I had been bothered with eczema for about two years. The appearance of the breaking out was little pimples, and when I rubbed them a watery substance ran out. I could not rest at night, the burning and itching were so great, and at times I would have to fan my face. It spread all over my face and was very disfiguring. "I began using Cuticura Soap and Ointment, which gave me almost instant relief, and when I had used two cakes of Soap and nearly two boxes of Ointment I was healed." SULPHURIC ACID USED IN MAKING DENVER 'BOTTLED IN BOND' STUFF

DENVER, Sept. 24.-Scores of men prominent in the business, professional and club life in Denver, who have been enticed into paying \$150 to \$175 a case for "rare old bottled in bond whisky," sealed with what looked like Internal revenue stamps and labelled with famous old brands, might just as well have pur-

chased carbolic acid or sulphuric acid, declared Rowland K. Goddard, chief of the secret service department here, after a spectacular raid and arrest of two alleged bootleggers.

A bottle of alleged "Sunnybrook" whisky, seized in the raid, smoked like a cigar when the cork was removed, indicating that the contents of the bottle were at least part sulphuric acid or ether, Goddard said.

"We had a prominent business man arrange to buy a case of the stuff these men have been delivering as old bonded whisky," said Goddard, Friday. "And when the delivery was made in the big downtown office building Maher and Schneider were arrested."

"They will be tried in police court and then held on a warrant from this office charging them with counterfeiting whisky labels and internal revenue strip stamps, which we found on the bottles."

WEST VIRGINIA'S DANCING WAR RIVALS MINE SCRAP IN SEVERITY

By WALTER C. MERRITT, International News Service Staff Correspondent.

MORGANTOWN, W. Va., Sept. 24.-West Virginia is dance mad. The hold-ups, riots and strikes there have not satiated the thirst of West Virginians for excitement. Dancing has been called upon to add its share of thrills. The dancing craze has seized old and young.

But there is always someone to take the joy out of life. There are lots of such persons in this state, and they are mighty active, too. They have waged a strong war against school teachers dancing. Their social monkey wrench has partly wrecked the dancing machinery in some communities.

Although Captain George M. Ford, state superintendent of schools in West Virginia, has ruled that "boards of education cannot legally discharge a teacher for violation of a rule against dancing and a stipulation against dancing in a teacher's contract is null and void," the fact remains that there are few women or men who dance on the teaching staff of the schools of the Mountain state this year. This is the result of the bitter campaigns carried out by the enemies of dancing in a number of the leading cities of the state.

Some of these anti-dancing leaders are already members of the school boards, while others have brought their influence into action from the outside.

But why has West Virginia become aroused over the question and why has Superintendent Ford been called upon to make such a ruling?

Teachers Must Stop, Too. Simply because West Virginia is dance mad. Down in Martinsburg the school board rose up in arms when someone asked a question about "high school dancing." Commissioner George Andrews declared that if it was a practice to hold dances in the schools he would enter a protest.

When the commissioner's investigations showed that the dances were being held in buildings over which there was no school control he was forced to give it up. The dances are going on just the same, with the school pupils and teachers attending in large numbers.

Failure of some students to make satisfactory grades resulted in Professor S. S. Jacobs, or Triadelphia district schools, near Wheeling, to order his teachers to stop dancing.

In Huntington there was so much dancing of an unsupervised nature that the High School Parent-Teachers' association decided that supervised dancing in the schools was the best way out of the matter. The proposal brought such a storm of protest that a referendum vote was taken among the parents of the school children. One minister declared that every dancer in his church could withdraw without leaving it any the worse as to members and finances. This retort drew equally caustic replies. There has recently come a lull in the storm in Huntington. The high school youngsters are still dancing, but the enemies of dancing are unwilling to recognize that fact.

Perhaps the dancing battle came to a climax in Morgantown, where virtually every teacher who danced either refused to apply for a position again or else was refused a position by the board when they did apply. The board of education said that dancing and teaching did not go together and that dancing teachers were not likely to be employed.

Dance Stampede Is On. Morgantown, where West Virginia State University is located, has a number of dance halls for its 14,000 people, and these halls are booked up solid from early fall until late spring, with a few summer engagements thrown in as extras. These dances attract the town folk, high school boys and girls and many university students, of whom there are about 2,000. It's a poor night that does not have a couple of dances going on somewhere in the town.

The old dances and the newest ones, which have made the waltz look like a snail's gallop, leave never entirely satisfied some of the more graceful university girls. So they have come forth in bare feet and fine draperies onto the university campus, where esthetic dancing has been a feature of each spring after it gets warm enough to remove all danger of frostbite-no, we didn't say cold feet. It takes the most graceful dancer to "get away with" this open-air dancing, but the girls say they are wild about it. The boys, likewise, say it is "great stuff."

GO TO CHURCH SUNDAY-

Is the Church an asset or a liability to the community? It becomes a liability when it fails to uphold the moral standard. It is an asset as long as it advocates clean living and demands it of its members. Don't weigh religion by the demerits of the hypocrites. Weigh religion on its own merits and accept that which comes up to the standard of weights. Attend Church Services Sunday. J. W. MCKINNEY, Church of Christ.
