Vaughan, here last Tuesday afternoon, was affected with rabies, according to a dispatch received here from Kansas City, where the head of the dog was sent for inspection. Following receipt of the advice, Highway Officer Hammett, who killed the small dog after it had bitten two people and several canines here Tuesday, yesterday warned a wholesale slaughter of possibly infected dogs around Olden.

U. S. INDICTMENTS IN OKLAHOMA ASKED

WASHINGTON, March 14.—Department of justice investigations covering two years have disclosed evidence of the murder of nine persons in Oklahoma as the result of a conspiracy to obtain large Osage Indian estates, it was revealed here today at the department. J. Edgar Hoover, director of the bureau of investigation, announced that indictments would be asked of the federal grand jury now in session in Oklahoma. Six murders and three unexplained 'sudden deaths,' which included eight Osage Indians and one white man, all between May 1921, and March, 1923, caused the investigations, which were renewed when Hoover became chief of the investigation bureau three months ago. Hoover scoffed at a report from Oklahoma that the investigation would be discontinued because of political pressure.

MILK PRODUCTION AND DISTRIBUTION.

Only about one-half of the milk consumed in Ranger by milk consumers and buyers of cream is produced in or about Ranger, according to a man who is conversant with the dairy business. Ranger milk producers get good prices and the demand would take care of a large additional output, while the expense is no greater than elsewhere, but lack of co-operation between the dairies and mistakes in management has kept the business from growing.

Wholesale distributors of milk and cream are in better position to make substantial profits than retail distributors. Ranger covers a large area and the expense of delivery to homes is necessarily much heavier, when there is duplication of routes, than ordinarily in small cities. It has been suggested that if the dairymen serving Ranger would pool their output at some central station and distribute it to the consumers through a single agency, thus eliminating duplication, the expenses would be materially reduced while the income would be just as large.

The ice cream factory in Ranger uses large quantities of cream and buys much of it from farmers living near Ranger, yet cannot get all it needs without bringing in shipments from distant points, according to local dairymen. Two dairymen sold their cows and moved away within the last 18 months, it is stated, yet it is claimed they would have made money had they been willing to co-operate with other dairymen in reasonable prices and cutting unnecessary costs.

There is no finer dairying section anywhere in the country than in Eastland county, and abundance of forage can be raised at a minimum of expense and the dairy industry could be made one of the most profitable of any in Ranger, according to dairymen who know conditions from a practical standpoint.

The senate republicans demoted four senators, LaFollette, Brookhart, Ladd and Frazier, by placing them at the bottom of the list on committees on which they now hold membership. It will make little difference in so far as voice or votes are concerned, but is intended to cripple their power and influence among followers in the home states by curtailing opportunities for appointments.

Most of the reminiscences called up by the death of Thomas W. Lawson dealt only with his imaginative book "Frenzied Finance" and his series of nationwide advertisements in 1904 advising people to sell their stocks. Mr. Lawson was a fierce fighter but a big-hearted, tender-hearted man, and during his days of prosperity held an open purse. Wall street got him in the long run and he died a poor man.

In the twenty-eight cities 57,771 motor vehicles were stolen and 47,484 recovered last year, the figure for recoveries being 1 per cent greater than in 1923 and 12 per cent higher than for 1920 and 1921.

We all rent life—No man owns it. And some of use pay a mighty high price. Success, happiness, real achievement cannot be had for nothing. One must pay the price.

COVIN-STEWART MARRIAGE SOLEMNIZED.

The marriage of Miss Jewel Covin of Marshall to Mr. Albert G. Stewart of Coparras Cove, Texas, was solemnized Saturday evening at 7:40 o'clock at the home of Mr. and Mrs. W. L. Anderson, 806 Young street, Rev. A. L. Leake, pastor of the Central Baptist church, officiating. The bride was a classmate of Mrs. Anderson's at C. I. A. and the bridegroom is Mrs. Anderson's nephew. The couple came to Ranger Friday from their respective homes. The bride is the daughter of Mr. and Mrs. Fess Covin of Marshall, and has been teaching school there this term. She will return to finish the school term when she expects to join her husband at Coparras Cove where he is employed by the Ford Sales company of that place.

Attendants at the wedding were Mr. and Mrs. T. B. Stewart of Ranger.

YOUNG PEOPLES' PARTY AT CENTRAL BAPTIST.

MR. AND MRS. FOX ENTERTAIN AT DINNER.

One of the delightful social functions of last week was the 7 o'clock dinner given by Mr. and Mrs. Perry Fox, Friday evening, at her home, Brown and Oak streets, honoring Mr. and Mrs. J. F. Connell. Covers were laid for 16 guests, each place being marked with a bunch of violets. The house was decorated with pot plants and cut flowers. Turkey with oyster dressing was the feature of the menu.

A toast, "To the Ladies," was given by Milton T. Lyman, and a toast, "To the Men," by Mrs. Albert Langley. After dinner the men were given flowers, needle and thread and each required to trim a hat. Some remarkable creations resulted from their efforts. Rev. W. H. Johnson was the first to trim a hat and was awarded a pipe and box of tobacco. E. A. Ringold and J. F. Connell won honorary mention. The booby prize, a cigar, went to Mr. Lyman.

Contests and games also were enjoyed. In a "penny" contest, Mrs. Milton T. Lyman won the ladies' prize, a bottle of perfume, and A. J. Pitcock was awarded a package of cigars. In the "nuts to crack" contest, Mrs. Lyman again won and was awarded a frying pan, J. F. Connell winning a "Happy Hooligan" and his wife a perfume set. Rev. W. H. Johnson won the bean race and received a glass of homemade jelly.

Mrs. Fox was assisted in receiving and entertaining by Mrs. Albert Langley. The guests included: Mr.

and Mrs. J. F. Connell, Rev. and Mrs. W. H. Johnson, Mr. and Mrs. L. L. Neal, Mr. and Mrs. Milton T. Lyman, Mr. and Mrs. H. C. Dunlap, Mr. and Mrs. A. J. Pitcock, Mrs. M. H. Jackson, Mrs. Anna Stewart, E. A. Ringold and two juniors, Louise Pitcock and J. F. Connell Jr.

METHODIST LADIES SCORE BIG CARNIVAL SUCCESS.

The Methodist carnival, held all day Saturday at the Goad Motor building, was a glorious success in every way, the brilliance of the event, and the splendid financial success quite justified the many days of hard work on the part of the women of the church. Early in the morning on Friday busy carpenters were at work building booths, and long before the appointed time there were decorations of all sorts of gay trimmings in evidence. In the corner window a tastefully arranged Japanese room attracted immediate attention, with decorations of cherry blossoms and window screen of pink and white streamers. Farther down the line a curtain of gay Mexican blankets announced the Mexican booth where home-made chili, hot tamales and other Mexican dishes made by famous cooks, appeased the appetite of hungry patrons. There were candy, cake, bread, peanut, grab packages and numerous other booths on all sides of the building where many good things could be purchased.

Music by the high school orchestra during the day, also familiar tunes played by the Hickville orchestra and Punkinville quintet, delighted the carnival guests. About 9 o'clock in the evening, the much announced wedding of the runaway couple took place. Then the real fun began. The bride, arrayed in gorgeous robes, and the bridegroom in faultless evening attire, presented at once a striking and odd appearance, as the bride proved to be Dr. Harkrider, and the bridegroom, Dr. Wilson. The marriage ceremony was read by John Thurman, while music was played by the Coleman orchestra.

Abe Shaw attended the bridegroom and Judge Adamson the bride, both in perfectly correct bridal array. The shouts of laughter that greeted the bridal party proved the delight which the event gave the crowd.

After a few more musical selections the queen (Maurine Bowman) appeared for her crowning, wearing a beautiful robe of white embroidered with white pearls and rhinestones, and a crown of brilliant gems. During the crowning, which was performed by Mayor Hodges, soft violin music was played by Miss Gillian Buchanan. Six young girls in beautiful court costumes, six flower girls, and a treasure bearer, accompanied the queen, carrying her train, which was in full court style, and bearing the chest of gifts which had been presented her by the merchants of the city. The queen's costume was furnished by the J. M. White dry goods company. Her attendants were Laura Schmueck, Katherine Hall, Mrs. Sam Thorpe, Hilda Gray, Helen Gunckle, Emma Mae Lawrence; flower girls, Ophelia Gibbs, Ruby Nell Poe, Kathleen Gunckle, Phyllis, Gray; train bearers, Vivian Champion and Susan Dutton, and crown bearer, M. K. Collier, Jr.

Throughout the evening until a late hour the carnival building was crowded with a gay happy throng, while those who served, and those who came as patrons were equally delighted with the success of the event.

MRS. CONWAY HOSTESS TO WEDNESDAY CLUB.

Two tables of Wednesday Bridge club members enjoyed their regular meeting last Wednesday at the home of Mrs. W. D. Conway. High score favor went to Mrs. Mendenhall and low to Mrs. Burden. Those attending were: Mrs. Walter H. Burden, Mrs. P. T. Branney, Mrs. E. A. Brown, Mrs. A. L. Berrere, Mrs. H. J. Mendenhall, Mrs. J. L. Thompson, Mrs. E. L. McMillen and Mrs. J. F. Champion. The next hostess is to be announced.

Cheerful Workers of the Ranger Christian church are to meet at 2:30 o'clock Monday afternoon in the church. A full attendance of the members is asked.

Senate Engrosses Oil Lease Extension Bill

By United Press.
 AUSTIN, March 14.—The senate today engrossed the bill providing for extension of certain drilling permits upon oil and gas tracts in river bends of the state. The bill, as amended before engrossment, provides for 10-year extension of the permits providing precious drilling has resulted in costs of \$20,000 or that work was under way at the present time.

TWO EXECUTIONS UP TO GOVERNOR

By United Press.
 AUSTIN, March 14.—Governor Miriam A. Ferguson had before her today the recommendation of the pardon board upon the fate of Newt DeSilva, sentenced to die in the electric chair at untsville, March 24, for the murder of A. A. Abrahamson at Port Arthur, two years ago. No statement was forthcoming from the executive office and the board refused to reveal the nature of its recommendations.

The governor was also acquainted with the case of Pete Wilke, sentenced to die April 3, in connection with the killing of Willis Champion during an attempted jail break at Dallas in 1923. P. K. Irwin laid the Wilke case before the governor. Mrs. Wilke and her five children appeared before the pardon board. They did not see the governor.

Senatorial Battle is Averted by Cool Heads

By United Press.
 WASHINGTON, March 14.—Packed senate galleries waiting for debate on the Warren nomination today were treated to a spectacle of senators threatening personal battle. The fight was barely averted when one senator asked if he might, under the rules, call another senator "a wilful and wicked liar." The remarks were later voted out of order. Senator Ernest, Kentucky, republican, smarting under a tongue lashing by Glass, Virginia, democrat, because he had defended the treasury department in the present tax case, jumped from his seat in the middle of Glass' speech and asked if he could apply the epithet to a brother senator. Glass whirled and started toward Ernest. Other senators jumped between them. The senate rose in a turmoil and shouts of "order," "out of order," came from all parts of the senate. Vice President Dawes was not in the chair. Glass hesitated. Ernest hurled another taunt and Glass took another step, but Borah and Robinson, the latter democratic floor leader, took Glass back to his place.

Ranger Hi Takes First Two Games of 1925 at Nitro

(Continued from page one) of spirit or snap in play, but because the pitchers showed an inclination to lag, their arms being yet a little soft.

Batteries. Harvey and Phillips in the first game and Russell and Phillips in the second were the Ranger batteries; Harvey striking out 11 and giving three bases on balls, Russell striking out nine and giving four bases. Cunningham, left-handed twirler, whose slow curve did not bother Ranger nearly so much as his fast balls—and Porter, in the first game, and Richards, Wells and Porter in the second game upheld mound honors for Mineral Wells.

At the bat, Ranger showed greater average and individual strength than Mineral Wells. A. Glenn hitting a home run in the first game and a three-base hit in the second, Harvey making three and E. Glenn and Mills each a two-base hit. Mineral Wells showed some cleverness in bunting balls to advance runners, but Ranger showed little disposition to bunt.

Light Attendance. The attendance at the first game was fair, but the attendance at the second game was cut down to a handful by the cold weather. Charlie Dyar and Lowry proved fair and able umpires.

Porter, catcher for Mineral Wells, was the life of the visiting team. Early in the first game he got into a little dispute which caused the bleachers to razz him some, but he took it good-naturally and made friends. He is full of pep and was always trying to get his team to pull together.

Friday Score.

Hudson is not called "the World's Greatest Buy" for today alone. That is acknowledgment of ten years' constant refinement of a great car around the famous patented Super-Six principle. The largest production of 6-cylinder closed cars in the world give it unequalled value advantages.

All now know that higher price can buy no smoother performance than Hudson's. It cannot buy more brilliant results in pick-up, power or speed. It cannot buy greater reliability or endurance. At today's prices need you own a lesser car? Can a costlier car satisfy you more?

WASHINGTON, March 14.—The census bureau today reported cotton consumed in the United States in February at 550,132 bales, a month ago 589,725 bales, a year ago 507,876 bales. The total consumed for the period from August, 1924, to February 28, 1925, was 3,489,437 bales, against 3,595,436 bales a year ago.

Safe Fat Reduction
Why be fat? The answer of most fat people is that constant dieting is hard, continual exercise is tiresome and exhaustive—and then, too, it might be harmful to force the weight down. That was the old-fashioned idea. Today in Marmola Prescription Tablets all these difficulties are overcome. Just a pleasant little tablet after each meal and at bedtime causes fat to vanish. This modern method is easy, entails no dieting or exercising and has the added advantage of cheapness.

Get a box of these tablets and start taking them now. Within a short time you will be getting rid of fat steadily and easily without starvation diet or tiresome exercise. You will be comfortable and able to enjoy the food you like and want. Even after taking off many pounds, there will be no flabbiness or wrinkles remaining. You will feel 100 per cent better. All drug stores the world over sell Marmola Prescription Tablets at one dollar for a box, or the Marmola Company, General Motors Building, Detroit, Mich., will gladly send them to you on receipt of the price.—Adv.

STOKES "FEELING FINE" FOLLOWING HIS ACQUITTAL

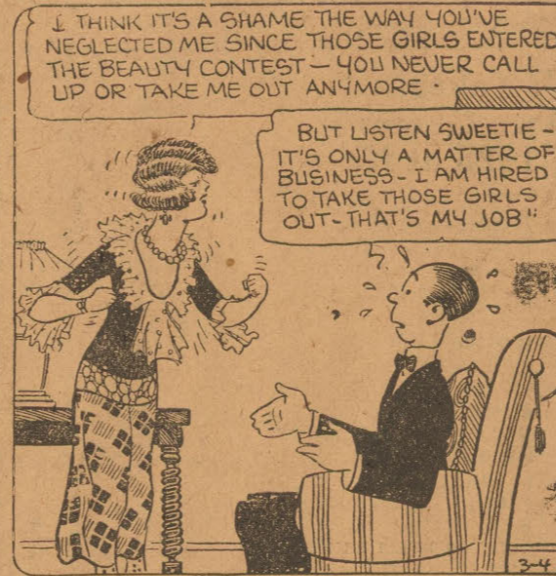

CHICAGO, March 14.—"Feeling fine, but just a bit under the weather," W. E. D. Stokes, millionaire hotel man of New York said today following his acquittal yesterday on charges that he conspired to defame his wife's character.

It was Stokes' first victory over his wife, Helen Elwood Stokes, in their many years of litigation. Mrs. Stokes has won two victories over her husband in his two suits for divorce.

BY TAYLOR Ice Cream Plant Will Install New Machinery

New machinery is to be installed at the Banner ice cream factory and O. D. Dillingham, owner of the plant, has been hoping for a cold wave so the plant could be closed for a day without delaying orders for customers. The cold weather of Saturday would have been opportune, according to Mr. Dillingham, but an essential part of the new machinery had been delayed in transit and the work must await its arrival, so the opportunity was lost. "However, the winter is not quite over," said Dr. Dillingham.

TWO RAILROAD BLAZES CALL RANGER FIREMEN

Two alarms from the Texas & Pacific railroad yards called out the Ranger firemen Friday night and early Saturday morning. Both fires were put out with chemicals and the damage was nominal. The first alarm, at 7:50 Friday evening, was caused by fire in a locomotive on the tracks near the foot of Cherry street. Leaking oil had ignited and smoke from the cab caused Banner ice cream factory employes to turn in an alarm. No damage was done. The second alarm was at 7:30 o'clock Saturday morning, caused by smoke pouring from a box car. The firemen found a hole burned through the floor of the car and some supporting beams beneath burned. The last fire was attributed to tramps.

much attention since the war; an important change already having been registered last year in decreased desertions. Requirements that naval academy graduates serve at least two years after leaving Annapolis is another step. Extension of first enlistments to six years if desired and reorganization of the naval reserve, are other new measures in successful operation. The scope of the fleet maneuvers this year is greater than ever before. The first phase involves a sea battle between the scouting and battle fleets off Lower California and the second starts April 15, when the entire fleet of 118 vessels, carrying an expeditionary force of marines, leaves San Francisco to "take" Hawaii. The army garrison, national guard, army and navy aviation squadrons, 20 marines and two mine layers will "defend" the islands. Because of the increased interest in air and undersea operations, the Hawaiian maneuvers will be given publicity as long an extent as is compatible with military secrets.

Boy Scouts Having "A Glorious Time"

The Ranger-Boy Scouts arrived in Fort Worth at 2 o'clock Friday afternoon, according to a message received by the Ranger Daily Times, addressed to "Mothers and Daddies," which read:

"We arrived in Fort Worth Friday at 2 p. m. Having a glorious time. Spent Friday afternoon and Saturday at the Fort Worth Boy Scouts' camp. The fat stock show and rodeo are great."

The boys, who are being personally conducted by Scoutmasters W. R. Pettitt and W. F. J. Bailey, are due to arrive home Sunday afternoon.

TEXAS' OWN NIGHTINGAL

May Peterson, Metropolitan Grand Opera star—Mrs. Thompson, wife of Col. E. O. Thompson of Amarillo in private life—will tour her beloved West Texas this spring, before returning to grand opera. She will, perhaps, if sufficiently urged, sing either in Ranger or Eastland. Her first "home" engagement is scheduled for Amarillo, April 15, continuing her West Texas tour from her "home town."

She is shown above as she appeared in Austin at Mrs. Ferguson's gubernatorial inauguration. With her, besides Mrs. Ferguson, are little Richard Nalle, grandson of the governor, and Wright Armstrong, leader of the Brownwood band, which accompanied when, on the famous "Old Gray Mare," she officially introduced the state's adopted song, "Texas Our Texas."

WEEKEND HAPPENINGS AT NATION'S CAPITAL

WASHINGTON, March 14.—There may be no publicity of individual income taxes for 1924 it was learned here today.

In response to inquiries as to when the tax records would be thrown open, treasury officials declared it was unlikely individual returns would be available for public inspection before next November or December.

The supreme court is expected to render a decision as to the legality of publication prior to that time.

A profile of Nathan Hale, revolutionary war captain hanged as a spy by the British at New York in 1776, whose last words were "I only regret that I have but one life to lose for my country," was selected yesterday by Postmaster General New to adorn the new 1/2-cent postage stamp. The profile of Hale was taken from the statue designed by Bela Lyon Pratt, now standing on the campus of Yale university.

Lieut. Commander O. W. Bagby, U. S. N., who was injured by a shell fragment in an ordnance demonstration at the naval proving grounds near here on Tuesday, died in the naval hospital last night from his injuries. His home was in New Haven, Mo.

KUPPENHEIMER, SCHLOSS BROS. AND CURLEE BRANDS

The new Kuppenheimer Suits for Spring are here and we want to tell you about them.

Colors for Spring are much lighter. There are smart new shades of gray, tan, lavender, blue and some mixed homespuns, all of them light.

Two and three-button suits and double-breasted are all good. Coats are still broad in the shoulders and extra tight about the hips.

Trousers are cut even fuller for the new "streamline" effect. Add to those style features the tailoring Kuppenheimer puts in its suits.

WE HAVE WHAT YOU WANT STEP OUT IN OUR SPRING HATS

A new shipment of the latest word in Spring Hats arrived and we are anxious to show them to you. Hats are of pleasing shades, tans, browns, mixtures, lavender and with Wider Brims adaptable for roll or turn down.

—to have a good APPETITE!

"Yes! thank you."
A GOOD appetite means a cheerful disposition.
 You may have a good appetite if the blood that goes constantly to your vital organs is pure. S.S.S. purifies the blood—a good appetite follows and you will have a clear complexion and will be strong, cheerful and healthy.
 Don't go on feeling up one day and down the next—hardly sick but never well—losing "pep," punch and ambition. Hearty eaters are the red-blooded men and women. Enjoy your food! Get back your strength and energy! Reclaim yourself before it is too late! People in a physically run-down condition are an easy prey to disease.
 S.S.S. is what is needed. Your blood needs purifying. Your blood-cells supply the energy which keeps your body well and fit. S.S.S. aids Nature in supplying new red-blood-cells—the spark that re-ignites your system. Carefully selected, scientifically proportioned and prepared herbs and barks make up S.S.S.—the great blood purifier which gives Nature a helping hand.
 Get back the lost appetite, the missing vitality, the keen, sparkling eyes, that look of determination. S.S.S. will give you more energy, vitality and vigor and a more up and going appearance.

ESSEX, HUDSON DEALER WARNS AGAINST BUYING POSSIBLE ORPHANS CARS

"Look to the company behind the car you buy. Be sure it is permanent. Be sure that your investment will not be in an orphan car," advises J. T. Gullahorn, distributor in the Ranger territory for Hudson and Essex.
 "It is actually a fact that many more motor cars have failed than have lived. A motor magazine recently called the roll alphabetically on the companies that have gone, and there was at least one company for every letter in the alphabet except Q and X.
 "You will find today many motorists with their good money tied up in 'orphan cars'—cars on which service is expensive and difficult to get, and cars which will have very little if any re-sale value whatever.
 "On this basis, the wise buyer will find a new and added respect for Hudson and Essex cars. Not only is the concern well-seasoned, but it has been known as a leader in the industry. Its invention of the coach type of car, and its sponsorship of the coach all during the period when it had to meet opposition and even ridicule by makers who are now flocking to it, is one of the industry's greatest examples of leadership.
 "It must be remembered that while Hudson-Essex conceived the coach idea, they were not merely content to let someone else develop the idea. They have already built

and sold over 210,000 cars of the coach type. As a result they have a background of experience behind them in building this type of closed car that is not remotely approached by any other manufacturer. They have achieved a volume of production that no other closed-car builder ever attained before, and with the resultant economy of overhead and all manufacturing costs," Mr. Gullahorn said.

DEPOSITORS MUST AWAIT FORMAL OFFICIAL NOTICE

The statements of the Peoples State Bank of Ranger were put in the mail late Saturday afternoon. As soon as the depositors receive them they may go to the bank and prove their claims. Many depositors called at the bank Friday but each was told to await receipt of statement by mail.
 It is provided by the law that state guaranty banks liquidating through the bank commissioner shall mail statements to each depositor before the latter make proof of claim. Until these statements are made out and mailed no proof of claim may be made.

Paying Ice Bills Ten Years In Advance?

Mrs. Housewife, why does your husband invest his money? The answer is to save and get a return on his investment. The purchase of an electrical refrigerator unit is an investment, for you, which will save money, food and give you much better refrigeration than the "ice" cooled box.

The "ice man" tells you it will take ten years in ice bills to pay for your investment—Check your ice bills for the past twelve months and see if his statement is correct. With electric refrigeration you pay us for current about one-half the amount you pay the ice man, and receive in return real refrigeration—not the kind that gives you a temperature of from 55 to 60 degrees. Check this statement by putting a thermometer in your ice box.

The ice man talks of depreciation and wear and tear on the machinery. He makes a living and thrives—yet, he has the same depreciation and wear and tear on his machinery. What is sauce for the goose is sauce for the gander.

"Smiling Service" is a slogan to be admired and commended—BUT

Will "Smiling Service" give you a temperature of from 10 to 15 degrees lower temperature in your ice box?

ELECTRIC REFRIGERATION will do this day in and day out, allowing you to keep your food much longer periods of time—saving you money that otherwise would be lost in spoiled food.

Will "Smiling Service" give you dry refrigeration?

ELECTRIC REFRIGERATION gives the dry circulation necessary to allow you to keep butter, cheese, onions, cabbage, milk, etc., in the same box together, without an intermingling of tastes and odors.

ELECTRIC REFRIGERATION will always give you ample table ice in cubes to fit your glass without the waste incurred in the old method of chipping your ice. It will make frozen dainties for your table not possible to have with your old ice box method of refrigeration.

You do not have to own two Cadillac cars to own an electric refrigerator, as the ice man would lead you to believe. In fact, you do not have to own even a Ford.

SERV-EL Refrigerators in all sizes, with our guarantee of service.

LEARN THE COTTON BUSINESS

WE ARE OPENING APRIL 1ST IN TIME TO PREPARE YOU TO TAKE UP THE COTTON PROFESSION JULY 1ST, THE TIME THE MOVEMENT OF THE NEW CROP BEGINS. EIGHT WEEKS OF PRACTICAL INSTRUCTION BY THE LARGEST INDEPENDENT SCHOOL OF ITS KIND IN TEXAS. TWO HUNDRED AND FIFTY MEN ARE EXPECTED TO ENROLL IN THIS SPECIAL COURSE.

It is more than a school. It is a large Business House Right in the shadow of the largest cotton firms in the South, in which you work and learn, more in the atmosphere of an employee than of a student.

OUR COURSE WILL BE FAR-REACHING INTO THE DEEPER AND GENERAL PHASE OF THE BUSINESS. WE WILL NOT MERELY TEACH THE CLASSIFYING OF COTTON BUT WILL COVER THE GENERAL DETAILS—CLASSING, STAPLING, BUYING, SELLING, F.O.B. INTERIOR, SHIPPING, BROKERAGE, OFFICE SYSTEM AND RULES GOVERNING BOTH PURCHASE AND SALE OF SPOT AND FUTURE COTTON.

THIS SAMPLE ROOM PICTURE SHOWS ONLY ONE FIFTH OF OUR ENTIRE SCHOOL SPACE WHICH COVERS 12500 SQUARE FEET.

THE INSTRUCTORS OF THE DALLAS SCHOOL OF COTTON COMPRISE THE CHOICEST SELECTION OF TALENT.

EVERYTHING PRACTICAL, SOUND AND REALLY BUSINESSLIKE RATHER THAN THEORETICAL.

TO WHOM IT MAY CONCERN:

Dallas being the largest interior cotton market in the world, offers an exceptional opportunity for highly trained cotton experts each season and the formation last year of the Dallas School of Cotton provides valuable training to ones desirous of entering this profitable field since we personally know the school authorities to be highly trained and practical in their professions.

In conclusion, will state that we also know several successful cotton men who obtained their knowledge through the courses offered by this institution which is a great aid to everyone who handles cotton in any manner.

Yours very truly,
 M. H. THOMAS & Co.
M. H. Thomas

TO WHOM IT MAY CONCERN:

I am glad to recommend the young men who are operating the Dallas School of Cotton as being competent and worthy of the patronage of those who might be interested in learning the classing and stapling of cotton.

These young men seem to be successful in this line of work and no doubt they can render valuable assistance to others along the same line.

IN SPRINGTIME AUTO OWNER'S FANCY---

In the spring an automobile owner's fancy turns to cleaning up the old bus. During the remainder of the year the color of the car may be unrecognizable but somehow the bright sunshine and the clean breezes form a kind of tonic that gets into an automobile owner's blood and urges him to clean up the car, if for no other reason than to be in harmony with the spirit of the season.

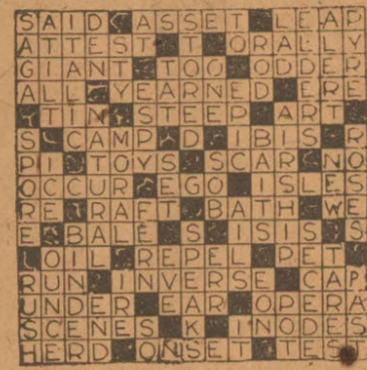

The results of such manual labor are often real gratifying, in fact, inspire a kind of pride of ownership which may have palled during the year. But if the car chances to be a couple of years old, there are some tell-tale marks that reveal age. It was because of the fact that rain and sunshine will form rust on most metals that the engineers of the Chevrolet Motor company set to work to find a type of metal that would not rust, dealers claim.

The results of their experiments along this line are embodied in the new Chevrolet—in an airplane metal radiator shell, which is non-rusting because of the composition of the metal used and has all the beauty of nickel. Like the Duce finish on this car, this radiator shell actually improves in lustre with rubbing and age.

There is no possibility of rubbing through the coating because the whole shell is made of the same metal.

To Yesterday's Brain-Twister

RANGER C. OF C. BOARD MEETING THURSDAY NIGHT

President John M. Gholson of the Ranger Chamber of Commerce, is due to return from San Antonio today or tomorrow, and a meeting of the chamber directors has been called for 8 o'clock Tuesday night.

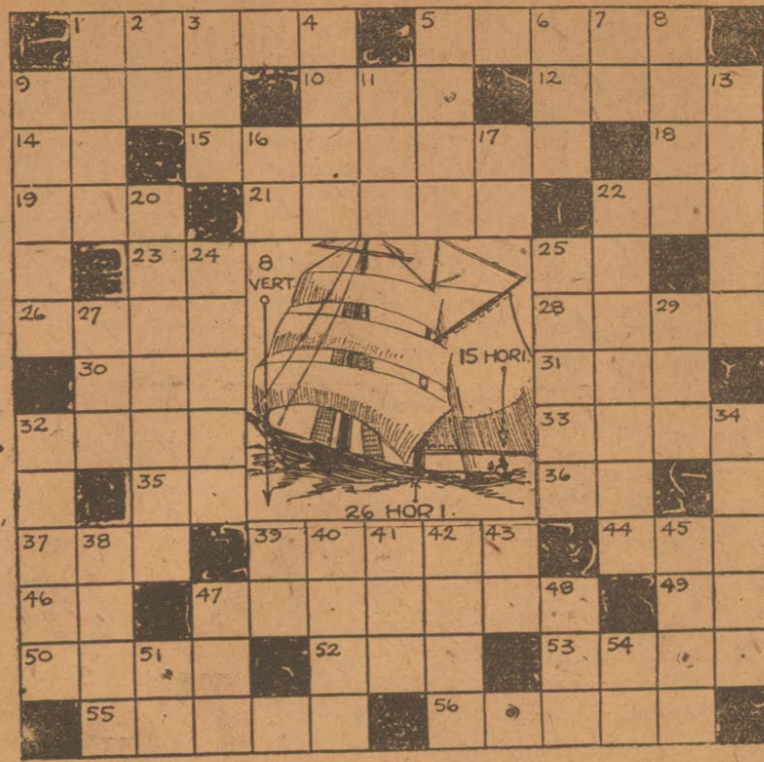

The directors were called to meet several days ago, but as several were absent from the city the session was postponed. Secretary C. C. Patterson desires a meeting of the board to discuss an industrial proposition and other matters, and said every effort would be made to get a large attendance Tuesday night.

NATIONAL GUARD MEET WILL BE CALLED SOON

Many inquiries have been received by C. C. Patterson, secretary of the Ranger Chamber of Commerce, relative to the national guard company it is proposed to organize in Ranger, and apparently there will be no lack of applicants for membership in the company, according to Mr. Patterson. He is planning to call a meeting soon, inviting all interested to attend, and if an enrollment of 60 can be obtained the company will be formed.

FIRST CHRISTIAN CHURCH.

Bible school at 9:45 a. m. We have been having good attendance for the past several Sundays, but we have not yet come up to the 125 mark. Everybody come and bring someone with you.

After the Bible school there will be a special service by the pastor, more especially for the Bible school students, and all students are urged to remain. On account of some of the children being so small, the pastor will not keep them long, and those who do not come to Bible school, but are coming only for the morning church services, are requested to come early, not later than 10:45 a. m. However, if pos-

sible, we would like for you to come at 9:45 a. m. and attend our Bible school.

Christian Endeavor at 6:15 p. m. Leader, Miss Floy O'Neal. Evening services at 7:30 p. m.
 W. F. BRUCE, Pastor.

MANY RELATIVES MOURN PASSING OF MRS. GUY

CARBON, March 14.—Funeral services for Mrs. J. N. Guy, who died here Tuesday, were held Wednesday afternoon at 4 o'clock at the Methodist church, followed by interment in the Carbon cemetery.

Mrs. Guy (nee Arnold) was born Sept. 13, 1860, near Jefferson City, Mo. She was married to John Newman Guy, Aug. 1, 1877. To this

union were born five daughters and four sons, two of whom survive. They are: Dr. W. H. Guy and J. D. Guy, of Carbon; Mrs. J. L. Vaughn, of Lubbock; Mrs. Nate Morris, Mrs. Clyde Boles and Mrs. Scott Noble of Carbon.

Out of town relatives who attended the funeral were her brothers, Abe and J. R. Arnold of Lubbock; a nephew, Charles Arnold, of Cisco; and a niece, Mrs. Amanda Kellett of Eastland.

The Ensemble Suits as Decried By Dame Fashion

Designed In Paris—Approved by New York
 --Displayed In Ranger by Joseph

These ultra-smart Ensemble Suits are leading the fashion parade of today! And why not, when they may be had as elaborate as one wishes, with fluffy fur border and charming silk frock, or as simple—and, too, at any price one chooses to pay.

The Ensemble idea started with a three-piece suit which was called an Ensemble. Later this combination of dress and harmonizing wrap was referred to as the Ensemble Costume. Today, however, the Ensemble Costume means the complete outfit from hat to hosiery in perfect accord.

When you choose your Ensemble at Joseph's you will find just the right hat and hose to go with it. In fact, the complete costume will be in perfect accord from the underarm bag to the choker beads.

A complete showing awaits your inspection.

Frocks of Linen and Broadcloth

\$6.95

—a surprisingly smart assortment of these serviceable Frocks; hand-embroidered, hand-drawn threads and hand-made in pure linen and imported English broadcloth.

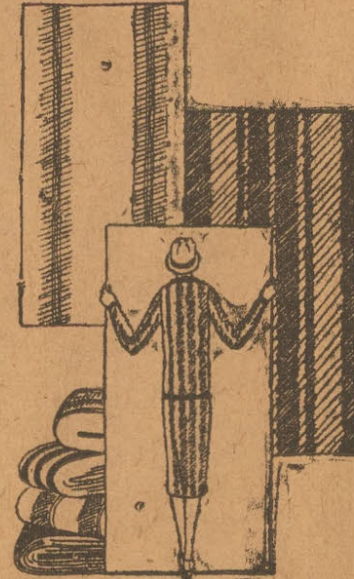

Colors are the most desirable of the season. You may choose either an orchid, lavender, green, coral, rose, pink, honeydew or a sport stripe.

Others are to be had in different designs and patterns at \$8.95 and \$12.50.

A New Sport Flannel--Drurylain Stripe

One-piece Dresses can be made from this new material at a very small cost, and when made at home there are so many ways to give it a touch here or there that makes it look "different." Not only is the Drurylain stripe a smart pattern but will make a serviceable frock; 56 inches wide, priced at \$4.95.

DUMBBELL—A Kasha Flannel in solid color that would make a pretty frock or can be used to trim the Drurylain Stripe as the colors are nearly the same. Dumbbell is one of popular new colors, and is just a shade darker than Bis—\$4.50
 56 inches wide, at yard

LANVIN—A sponged Kasha Flannel, in the new shade of green. You will like both this material and color, and we can think of nothing that would make a prettier one-piece frock or suspender dress. 56 inches wide at \$4.50
 yard

We now have a complete showing of new Spring materials in print, awning stripes and solid colors, both in the silks and cotton fabrics. May we have the pleasure of showing you?

MONTEREY
 —A beautiful hard finished material in Monterey color, with pretty stripes, forming a large check. When made into a dress this fabric shows up to a much better advantage than in the bolt. 56 inches wide, yard \$5.95

NIPPON REP
 —A Kasha Flannel to harmonize with the Nippon Rep—In fact, can be combined with the Nippon Rep and make a beautiful combination dress or maybe used for a dress by itself. 56 inches wide, the yard \$4.50
