

TWO CHARGED WITH WHITECAPPING

MAHANEY FAILS IN ATTEMPT TO CHANGE VENUE

Can Get Fair Trial in Eastland, Court Holds; Trial March 27.

EASTLAND, March 16.—Judge E. A. Hill of the Eighty-eighth district court overruled the motion for a change of venue shortly after 3:30 o'clock Wednesday afternoon in the case of Newt Mahaney, facing two charges of assault with intent to murder, and designated March 27 as the day for Mahaney's trial.

Judge Hill's ruling came after a score of men from all parts of the county had testified as to whether or not there existed such a prejudice against Mahaney as would make it impossible for him to obtain a fair and impartial trial in Eastland county.

Most of the witnesses, even those called by the defense, testified that it was possible to impanel a jury in this county that would give Mahaney a fair trial.

Those called by the defendant testified that prejudice existed against Mahaney in various parts of the county. Some of the witnesses placed on the stand by the state said that they had heard remarks made which would indicate that there was some prejudice.

One witness told of having heard two or three men remark at Carbon "that it was too bad the boy didn't get him"—referring to the occasion when about 200 men from Cisco came over to Eastland in search of Mahaney but failed to find him.

M. H. Hagaman of Ranger, testified that he did not know of the existence of any prejudice in Ranger—that the matter had been discussed so far as he knew just as a news item.

Judge J. R. Frost of Eastland, when asked if he would say that Mahaney could receive an impartial trial in this county, declared that from his knowledge of the character of the people of this county because of his long residence here, he would unqualifiedly declare that any man could receive a fair trial in Eastland county.

Starkey in Court. When the case was called Thursday morning, L. J. Starkey, the victim of Mahaney's knife, was seated in the courtroom. Starkey's face was pale and thin but he appeared to be well on the road to recovery from the effects of the many and serious knife wounds which he sustained in the encounter with Sheriff Sam Nolley and Mahaney, former deputy sheriff, in Cisco on Feb. 3. Starkey said he was feeling well and was able to get around all right.

B. W. Patterson and F. D. Wright, attorneys of Cisco, were present and aided County Attorney Overton in representing the state. Patterson and Wright were selected by the Cisco Bar association to represent that organization in the prosecution of the case against Mahaney.

FLYING BOAT WILL SKIM ON INLAND WATERS

NEW YORK, March 16.—A six-passenger boat rose from the Hudson today on an air voyage of 9,000 miles. The pilot, P. E. Easterly, headed the craft toward Key West, from which the flying boat will visit New Orleans and fly up the Mississippi river to St. Louis, thence to the Great Lakes and down the Hudson valley home.

COUNTING THE MONEY

WASHINGTON, March 16.—The internal revenue bureau today began the task of counting the \$450,000,000 which is estimated to have come in as the first payment on the 1921 income taxes. No definite information as to the amount of the tax can be obtained for several days, it was said.

TONIGHT

An entertainment and luncheon will be given tonight in connection with the regular meeting of the Knights of Columbus at the new lodge rooms at the corner of Pine and Marston streets. All members and visiting knights are urged to be present.

LONG AWAITED WELL BOOSTS PIONEER FIELD

Lucky Thirteen Extends New Pool Half Mile Toward East.

The King well, or Lucky Thirteen, upon which the development at Pioneer is said to have been waiting, came in last night at an estimated flow of between 200 and 1,000 barrels. The well carries the extension of the Pioneer field one-half mile east. An exodus of oil men from Ranger started last night when the news of the well was first received here. Many had already acquired acreage in the vicinity of the well.

An extension of the field to the southwest is also expected, the Washington-Oregon well being reported on the top of the sand and ready to be brought in.

NEGRO SOUGHT AS MAN WHO SET CHICAGO FIRE

CHICAGO, March 16.—Several separate investigations of yesterday morning's disastrous fire, which swept a city block and burned buildings in two other blocks with a property damage estimated by experts at \$8,000,000, were under way today. Shirley P. High, city fire attorney, expressed the conviction that the conflagration—the greatest since that of 1871, which virtually destroyed Chicago—was of incendiary origin. A negro employe of one concern which was among the first to go up in flames is being sought. He was named by a fellow worker who was arrested but denied complicity.

POSTPONE STUDENT'S TRIAL FOR MURDER

AUSTIN, March 16.—The trial of Otto Nami, University of Texas student, charged with the killing of John K. Ross on the night of Feb. 4, was continued today until July 5 by Judge James R. Hamilton of the criminal district court on motion of the defense. The trial of Mrs. Ross, charged with complicity, is set for June 28.

DRY NAVY HAS ADMIRAL

WASHINGTON, March 16.—Lieutenant R. L. Jack of the Coast Guard service, has been named "admiral" of the newly created prohibition navy. Nine submarine chasers have been assigned to the work of patrolling the Atlantic coast and running down vessels of the rum runners.

GIANTS BEAT SOX

SEGUIN, Texas, March 16.—The Giants were victorious in their third encounter with the White Sox in a game Wednesday afternoon replete with sensational hitting in which two home runs figured. The score was 5 to 2. Meusel drove out a circuit clout for 440 feet in the sixth inning with three men on bases. Wilkinson, Sox pitcher, drove out a homer in the last stage of the game.

COPPER SHOOTS SELF

HOUSTON, March 16.—Claude E. Haley, 33, a policeman, shot and killed himself last night shortly after threatening his wife and her mother.

Bombs and Beatings Cause 'Reign of Terror' in Chicago

BASEBALL CLUB DONATIONS ARE ALMOST DOUBLED IN HOUR'S TIME

Twenty-Two Firms and Individuals Contribute; Enthusiastic Fans Will Hold Second Meeting Tonight to Lay Plans for Club Support.

Six hundred and twenty-seven dollars in an hour's work was the record this morning of a committee composed of J. C. Smith, Fire Chief Murphy and Walter Murray of the Times, soliciting funds for the baseball club. This, with the \$625 pledged Tuesday night at the first meeting, makes more than 40 per cent of the \$3,000 needed, and very few of the business men and baseball fans have been approached.

The reception today insures the success of the proposition, and it is expected that the total sum needed will be completed at tonight's meeting. So sure is President Fleming that Ranger will back the club that he yesterday deposited \$1,000 with President Northern at Abilene, as a guarantee that Ranger would be in the circuit.

Tonight, all baseball boosters are invited to a meeting at the Chamber of Commerce at 8 o'clock, at which plans will be discussed for co-operation with the club to make Ranger the sport center of the oil fields. Reports will be made on conditions and on what must be done to complete the organization. The meeting is open to suggestions from any interested fans, and whether or not one can swell the mounting total in the baseball pot, he is invited.

Those who can afford it are invited to share in the expense of getting this community enterprise started. The donation is not a gift to Mr. Fleming, in any sense. In fact, at his suggestion, the business men will appoint a committee to work with him in its expenditure, in order that there may be no suggestion of anything out of the way. A donation to the baseball club is not giving money to a private enterprise that expects

ANTI-KU KLUX BODIES FORMED IN TWO STATES

HEALDTON, Okla., March 16.—An anti-Ku Klux Klan organization known as the Knights of the Visible Empire has been formed here. John Q. Hyde, one of the organizers, announced in a statement last night that the purpose of the society "is to protest against mob rule, as exemplified in the teachings of the Ku Klux Klan." Hyde is a local attorney.

He said the organization might be expanded throughout the state but that no definite plans had been decided upon.

ALEXANDRIA, La., March 16.—A law and order organization formed here has adopted resolutions denouncing mobs of masked men who have been parading the streets, "terrorizing the people" and assuming the "powers of government."

Members of the new organization pledged themselves to "resort to legal means to stamp out any organization which undertakes to deprive its citizens of their jurisdiction, and the laws of their sanctity."

A letter from Governor Parker read at the meeting, said: "I am thoroughly in accord with the views expressed in your letter of recent date regarding the Ku Klux Klan and at the proper time will take the matter up."

The letter to which the governor referred was not made public.

LAREDO KLAN TOLD NOT TO STAGE PARADE

LAREDO, March 16.—Notices calling on the Ku Klux Klan not to stage a parade announced for Sunday, was posted today by the sheriff and town marshal. The notices assert that the Ku Klux Klan is organized for unlawful purposes and that the officers are bound to uphold the law. They were posted after the officials had received communications signed with the name of the Ku Klux Klan and announcing that the local Klan would stage a parade here Sunday.

Two Houses Shattered; 29 Men Badly Beaten in Labor War.

By United Press.

CHICAGO, March 16.—Bombings and sluggings marked the outbreak of Chicago's labor war today.

The homes of John White and Porter Fortier, American Can company officials, were rocked and shattered by bombs during the night.

This followed a reign of terror in which twenty-nine union workers on buildings were slugged and beaten. J. Stephens, a union plumber, will die. Three sluggers fractured his skull and severed one ear.

The war, according to police, is the outcome of dissatisfaction with the wage arbitration award recently made by Judge Landis. States Attorney Crowe and Police Chief Fitzmorris have started in to combat the "reign of terror."

ANTHRACITE CONFERENCE NOW WORKING SMOOTHLY

NEW YORK, March 16.—Suspension of work in the anthracite coal fields probably will occur April 1, F. G. Davis, federal observer at the anthracite miners and operators' conference, declared after the morning session today.

Everything is going along smoothly, Davis told the United Press, but the negotiations probably cannot be completed in time to prevent the suspension. He said the miners will welcome the vacation and the operators have a seven weeks' supply of coal on hand. There will be no crisis and the public will not suffer, he said.

JAPS TO QUIT SHANTUNG AT END OF MONTH

By United Press.

TOKIO, March 16.—Japanese evacuation of Shantung under the agreement reached at the Washington conference will begin April 1, it was announced today. It is reported that Masanoa Hanahara, former vice minister of foreign affairs and a delegate to the Washington conference, will be named as head commissioner to put into effect the Shantung agreement.

SALVATION ARMY HEAD NOW EN ROUTE TO DALLAS

By Associated Press.

LONG BEACH, Cal., March 16.—Evangeline Booth, commander of the Salvation Army, will start today for Dallas to resume her tour of the country, halted two weeks ago when she suddenly became ill.

CATTLE RAISERS ELECT

By Associated Press.

FORT WORTH, March 16.—C. B. Lucas of Berclair, Texas, was elected president of the Texas and Southwestern Cattle Raisers' association at the closing session here today, succeeding W. W. Turney of El Paso, who declined to stand for reelection. L. J. Johnson of Arizona, was elected vice president. Neither had any opposition.

By an overwhelming vote El Paso was selected for the 1923 convention at the closing session of the convention here today. Other cities withdrew and made the selection of El Paso unanimous.

ALABAMA ADOPTS TEXAS PLAN FOR COTTON POOL

By Associated Press.

MONTGOMERY, March 16.—Plans for the organization of a cotton pool in this state of not less than 100,000 bales were announced today by the Alabama Farm Bureau Federation. The organization will be similar to that created by the Texas Farm Bureau Federation a year ago.

DEMPSEY CHALLENGED BY WRESTLING CHAMP

NASHVILLE, March 16.—Billy Sandow, manager of Strangler Lewis, today deposited a check for \$5,000 with the sporting editor of the Nashville Banner, in connection with his challenge to Jack Dempsey for a mixed bout between the boxing champion and the wrestler, to be staged at any time and anywhere in the country.

DEMPSEY IS WILLING

NEW YORK, March 16.—Jack Dempsey is ready to meet Strangler Lewis in a wrestling or mixed bout, Jack Kearns, Dempsey's manager declared today when informed of Sandow's challenge.

SCHOOL COURSE ON 'PREVENTION' CUTS FIRE RATE

City Gets 3 Per Cent Credit by Co-operation With Insurance Board.

As the result of arrangements made by the state fire insurance commission for the teaching of fire prevention in the city schools, Ranger will be able to secure a 3 per cent reduction in the fire insurance key rate, it was announced this morning by Miss Olga Juniger, fire inspector. Miss Juniger spent yesterday going over the matter with the school authorities and in explaining how the fire prevention course in the school must be conducted in order to get the key rate reduction. Fully 75 per cent of the fires, she declares, are from preventable causes.

Text-Book Used.

In the third and fifth grades, one period each week will be given to the study of fire prevention, using the text-book "Safeguarding the Home Against Fire." In the sixth and seventh grades and in the high school one theme each term must be written on the subject.

The work in the third and fifth grades, aside from the use of the text book will consist of written or oral stories along fire prevention lines, the discussion and reports of large conflagrations, and particularly of local hazards and conditions.

Theme Subjects.

In the sixth and seventh grades the theme assigned for each term will consist of the study of the large conflagrations, a study of the child's own home and its hazards and the removal of home hazards; a study of similar school conditions, of modern means of fire protection and the ways of turning in a fire alarm.

The great conflagrations of history, the fire department of the city, home and school fire hazards and the study of progress of fire prevention, will be taken up by the high school students.

OCCUPATION COSTS TO BE TAKEN UP WITH ALLIED GOVERNMENTS

By United Press.

WASHINGTON, March 16.—A payment of \$241,000,000 to meet the note from the United States government on this country's claim for cost of the American army of occupation in Germany will be dispatched to all the allied powers shortly, it was understood today. This note presents the American claim directly to the powers. Identical notes will be sent the French, Belgian and Italian governments by Secretary Hughes, it is indicated.

RANGERS ASKED TO STOP DIPPING VAT DYNAMITING

By Associated Press.

FORT WORTH, March 16.—State rangers have been asked for by Cass county to stop the raids of dipping vat opponents. Two more vats were reported to have been blown up. Thirteen vats were blown up Tuesday night. The request for rangers was made by the county judge.

CISCO MAN SAYS UNMASKED GANG WORKS HIM OVER

Beaten With Club and Told 'This Is Just the Beginning.'

Special to the Times.

EASTLAND, March 16.—Charges of whitecapping and aggravated assault were filed here today in Justice Horn's court by C. A. Carmon, laborer of Cisco, against John Afton and Ollie Bailes, both of Cisco, who are alleged to have been in a party of five unmasked men whom Carmon claims beat him with a club Monday night. Bailes and Afton made bonds aggregating \$1,250 and \$600 respectively.

Carmon was driving home last Monday night about 10:30 and had just left a filling station at Cisco when five men leaped on the running board of his car, he told members of the county attorney's staff. The party after binding and gagging him carried him three miles southeast of Cisco where they beat him with a club, he said. None of the party wore masks. The victim was told by the men that he was being punished for wife beating and bootlegging, and that "this is just the beginning," he told officials.

Both of the men under arrest claim alibies.

TWO DIE, FOUR INJURED WHEN HOME BURNS

By United Press.

MONT CLEMENS, Mich., March 16.—Two children were burned to death, two seriously injured and the parents badly burned when the home of Vincent Reinbert, near here, was destroyed by fire today.

Irene Reinbert, 10, and Vincent Reinbert, 7, were burned to death.

GOOD GASSER STRUCK SOUTH OF EASTLAND

Special to the Times.

EASTLAND, March 16.—The Unit Oil company's well on the Burkett tract south of town has come in a large gasser, following attempts to drill the well deeper. It is now reported to be making approximately 14,000,000 feet of gas. The well had been making a small amount of gas and the owners decided to go deeper in search of oil sand. The heavy flow of gas was struck at 3,275 after the drill had gone ten feet and drilling had to cease. The Unit well offsets the Occidental well which made 30,000,000 feet of gas before it started producing about forty barrels of oil daily.

DETROIT COURT WRATHY OVER DODGE'S ABSENCE

DETROIT, March 16.—The threat to issue a bench warrant for John Duval Dodge, son of the late John F. Dodge, automobile manufacturer, was made by the city recorder here this morning when counsel announced that young Dodge was unavoidably detained in Kalamazoo and was unable to appear in court at this time to answer a charge of violating city traffic ordinances.

SUSPENSION LIMITED IN CROW CASE ORDER

WACO, March 16.—District Judge H. M. Richey entered an order Wednesday in the case of Mrs. Inez Crow against Sheriff Bob Buchanan for \$50,000 damages growing out of the fatal stabbing of her husband, Louis Crow, amending a previous order suspending the transfer of the case to Bell county, pending appeal of the defendant on the question of the authority of the court to transfer the case on his own motion. The new order limits the time of the suspension to forty days from yesterday.

Crow was stabbed in a fight incident to the effort of Sheriff Buchanan to stop a Ku Klux Klan parade at Lorena last Oct. 1.

# RESTORES DEAD, TURNS NEGROES WHITE, HE CLAIMS

### "Wonder Worker" Arrives From Brazil to Revolutionize the World.

NEW YORK, March 16.—A physician who makes promises which, if fulfilled, will completely revolutionize the world, has arrived from Brazil on the Mension liner Southern Cross. He is Dr. Octavio Felix Pedrosa, of Sao Paulo, Brazil. Among the wonders this Brazilian surgeon says he can accomplish are:

- Bringing the dead back to life.
- Turning black men into white.
- Rejuvenation of the aged.
- Rendering an operation for appendicitis a bloodless and trivial affair.
- Many diseases which have heretofore baffled physicians, Dr. Pedrosa says, can be cured.

**Royal College Graduate.**  
Dr. Pedrosa brought with him credentials which showed that he is a graduate of the Royal college of physicians and surgeons, of London.

The Brazilian says he has been conducting research for many years, during which time he has experimented principally on rats. He says that within a period of fifteen days he has transformed black rats into white rats. He asserts that a negro within thirty days can be transformed into a white man.

He explained that in changing the blacks into whites, he withdraws blood from the left arm, places it in an apparatus, which purifies the blood, and then, after heating the blood again, passes it back into the right arm. He claims that he can kill the negro blood cells at the rate of five trillion a day.

**Vacuum for Appendicitis.**  
Appendicitis, he says, he cures with a vacuum process, whereby he absorbs the wound on the appendix. He claims to have effected eleven successful operations.

Dr. Pedrosa says his purpose in coming to this country is to interest the people here in his apparatus and to establish sanitariums such as he says he is now conducting in Sao Paulo. Dr. Pedrosa said that he would make his headquarters through the Brazilian consulate, at 17 State street, and is staying at the Hotel McAlpin.

# Man Swells Up Like Balloon When Rib Pierces Lung

COLUMBUS, Ohio, March 16.—A case unusual in Columbus medical history was reported from a Columbus hospital when J. F. Will, 66 years old, received treatment for conditions resulting from a broken rib.

The rib, broken several days ago, had punctured the lung and air escaping through the perforation had inflated the space between the skin and flesh until Will's body was puffed to balloon-like proportions.

Surgeons, through an operation, relieved the air pressure under the skin and later removed a portion of the fractured rib. Will has excellent chances for recovery, surgeons believe.

# "MISS" NOW SIGNATURE OF EX-MRS. MCCORMICK

CHICAGO, March 16.—Mrs. Harold F. McCormick, former wife of the millionaire president of the International Harvester company, and mother of three children, including Mathilde McCormick, 17 years old, who is engaged to Max Oser, Swiss riding academy proprietor, has resumed the prefix "Miss" to her name. This became known when Mrs. McCormick advertised for a gardener for her Lake Forest estate. She directed that the advertisement be signed "Miss Edith Rockefeller McCormick." Mrs. McCormick is the daughter of John D. Rockefeller.

# LABOR BOARD REOPENS CONTRACT WORK IN SHOPS

CHICAGO, March 16.—The United States railroad labor board today hit an attempt of some roads to escape from the jurisdiction of the board by letting shop work out on contract. The board on its own initiative reopened the case of the Erie road, accused of letting contracts for shop labor in order to escape the rulings of the board.

# TRUNK LINES ORDERED TO AID ARKANSAS ROAD

WASHINGTON, March 16.—Trunk line railroads associated with the Missouri & North Arkansas railroad in handling through freights were ordered today by the interstate commerce commission to adjust the proportion of joint freight rates to an extent necessary to allow the road to resume operation.

MEXIA, March 16.—Ray B. Goodell was shot twice Wednesday afternoon, once in the arm and once in the abdomen. Goodell is said to be from Fort Worth, and seriously hurt. Dr. M. J. Jay is charged with the shooting.

# DEAD CAN BE REVIVED, DOCTOR CLAIMS

The dead can be brought back to life, asserts Dr. Octavio F. Pedrosa, Brazilian physician, who has arrived in New York. A blood transfusion apparatus invented by Dr. Pedrosa, he declares, makes this startling feat possible. Here Dr. Pedrosa is pictured demonstrating his apparatus. The blood, pumped from dead bodies, is sterilized and treated with a serum. Then it is pumped back into the body, giving renewed life. Dr. Pedrosa has restored the lives of dead rats, he declares, and will do the same for humans.

# SOLDIER BONUS WILL COST OVER FOUR BILLION

WASHINGTON, March 16.—The soldiers' bonus bill will cost a total of \$4,038,719,350 for its various options, according to an estimate made in the house ways and means committee's majority report today. The report declared that the majority of the committee believes that there is no question as to the ability of the country to meet the requirements of this bill without in any way affecting business conditions. It will not require any taxations until after the close of the fiscal year ending in June, 1923.

The movement to attempt ejection of Speaker Gillette from his powerful position in the house should he block the "gag" rule for the bonus bill is calming down somewhat today. Those who yesterday discussed the action in a secret meeting were doubtful that the unprecedented action could be put across, but said the speaker will face the political battle of his career if he blocks the rule.

The compromised bill as finally revised was reintroduced into the house today by Chairman Fordney, who submitted a majority report of the house ways and means committee outlining the advantages of the provisions over those previously made.

It was pointed out in the report that the new provisions provide for veterans in need of obtaining aid, promote saving habits, protect veterans and their families from misfortune in the future and create a class of home builders. The report further states that the majority members of the committee while realizing that all of the details of the bill will not be free from opposition, that in the opinion of the committee the bill will meet with both the approval of the veterans and all those who favor a compensation in some form or other.

# CHORAL CLUB FORMED

The organization of the Wednesday Choral club was perfected yesterday afternoon by a number of Ranger women, meeting at the First Methodist church. Mrs. Charles Atkins, director of the club, outlined an extensive course of study in ensemble music and explained the purpose of the club to promote an appreciation of the best choral numbers. The club will pursue the same course of study as the Humble Choral club of Cisco and will unite with that organization in a number of musical programs to be given through the spring.

# THINKS BEER PLANK WILL FLOAT HIM TO CONGRESS

INDIANAPOLIS, Ind., March 16.—Joseph Turk, former county recorder, has announced as a candidate for the Democratic nomination for congress from this district. He will run on a liberal platform.

He says he is opposed to the Volstead act in its present form; stands for the legalized sale and use of light wines and beer and is opposed to blue laws.

He did not advocate the return of the saloon, but stood on the platform of the National Association Opposed to Prohibition. He said he intended to make an earnest campaign.

Support of many leading Republicans and Democrats has been pledged to Turk.

# CINCY BEATS DALLAS.

MINERAL WELLS, March 16.—The Cincinnati Reds beat the Dallas, Texas leaguers yesterday, 6 to 2. Rixey and Gillespie fooled the Dallas batsmen at all stages while Dallas batted together a flock of hits in the fourth and salted down the game with five tallies.

# PARRISH'S JAW BADLY BROKEN IN AUTO SMASH

### Senatorial Candidate Is Hurt While on Speaking Tour in West Texas.

By Associated Press.  
STAMFORD, Texas, March 16.—Congressman Lucian W. Parrish was injured in an automobile accident last night near Roby, but is practically out of danger, attending physicians here announced today. He is resting well and has maintained consciousness virtually all the time since the accident. Examination disclosed that Parrish sustained a compound fracture of the jaw but there is no injury to the skull as was first feared. He will be taken to Wichita Falls today by his brother, Frank Parrish.

Walter Pope of Anson, who was in the car with Parrish when it overturned, was slightly injured.

The two were en route to Stamford at the time of the accident. Parrish has been speaking in West Texas in behalf of his candidacy for the senate.

# PUBLIC OPINION DECIDES ISSUE IN TREATY FIGHT

WASHINGTON, March 16.—Public opinion has decided the four-power treaty fight. Treaty opponents today conceded it had decided against them. Failure of the people to rally to the fight of Borah, Johnson and other Republican irreconcilables against the administration success, which now seems certain, it was admitted on all sides.

Opponents of the treaty in the senate have abandoned all plans for a prolonged fight against ratification and accepted an unanimous consent agreement to limit debate and to take final vote Friday, March 24.

The agreement, which was hailed by administration leaders as a certain indication that ratification is assured, was proposed on the senate floor after a series of conferences among the various senate elements and was accepted virtually without debate.

It provides that no further reservations or amendments shall be voted on until next Tuesday, that speeches on the treaty shall be taken without debate as soon as the senate convenes on the following Friday.

**Amendment Again Defeated.**  
For the third time the senate defeated an effort to amend the treaty to permit participation of outside nations in international conferences over controversies arising in the Pacific.

An amendment for that purpose by Senator Pittman (Dem.) of Nevada, similar to two on the same subject rejected yesterday, was defeated, 50 to 28.

Despite their acquiescence in the senate agreement to vote finally on the four-power Pacific treaty, the irreconcilables opposing ratification gave evidence today that there is no intention of abandoning their work against the arms conference agreement. The senate attack on the conference treaties switched today from the four-power treaty to the arms limitation pact.

Senator Reed, Democrat, of Missouri, led in the onslaught against ratification with a speech in which he declared that the arms conference had been misrepresented to the people. Ratification of the naval limitation treaty would place the United States in a position of great danger, Senator Reed declared in a speech.

# CIVIL WAR VETERAN JOKES AS LEG IS BEING CUT OFF

KANE, Pa., March 16.—Joking with the physicians and hospital nurses, Friend Palmer, 77, Civil war veteran, watched the amputation of his right leg.

The operation was performed by Dr. Evans Oneil Kane, who operated on himself some months ago and removed his own appendix, explaining the while to the assembled surgeons and nurses each step of the operation.

# LLOYD GEORGE AND CURZON BRITAIN DELEGATES TO GENOA

LONDON, March 16.—Premier Lloyd George and Marquis Curzon, secretary of foreign affairs, will be among Great Britain's delegates to the Genoa economic conference it was announced in the house of commons today by Austen Chamberlain, government leader.

# THE WEATHER.

West Texas—Tonight and Friday, partly cloudy in north portion, generally fair in south portion; moderate temperatures.

# FLORIDA MAYOR LIKES MODERN STYLES

Pretty girls will not be forced "to wear foolish and unnecessary frills" on their bathing suits if Mayor Frank Fortune Pulver of St. Petersburg, Fla., has anything to do with styles. With the Purify league in his city advocating the abolition of the one-piece bathing suit and the adoption of more demure costumes, Pulver has announced that fair damsel vacationists in his city may choose their own styles. His edict made him popular and here he is shown with a bevy of pretty bathers. In the rear are Dorothy McClatchey, Montreal, and Margaret Collyan, Atlanta. In front are Pauline Buhner, Chicago; Mary Grigsby, San Francisco; Mayor Pulver, St. Petersburg; May Buhner, Chicago, and Mary Bullard, Cleveland. Four of the girls serve as lifeguards.

# FATIMA'S BIG DIAMOND HELD FOR DEBTS, PRINCESS IN TENEMENT

NEW YORK, March 16.—The forty-four-carat diamond, which only eight short months ago blazed the way for Princess Fatima, Sultana of Kabul, into the presence of President Harding, may delay her departure for Afghanistan.

Charging that the fabulous stone was smuggled into this country when the princess arrived last July, officials of the United States customs department sought to gain possession of it. But Sheriff Percy Nagel, who has held the diamond for months as security for numerous creditors, refused to surrender it.

After hearing arguments of counsel for the sheriff and customs department, Supreme Court Justice Lehman advised the department to obtain a federal order directing that the stone be turned over to them. The agents announced they would proceed to do so.

Princess Fatima, whose bediamond nostrils and dazzling wardrobe amazed Broadway when she arrived in this country last July, did not express great interest when she learned of the charges that she evaded duty on her jewel. She continued to pack her meagre effects preparatory to sailing for her native land as the "guest" of the British government. Her three sons will accompany her.

The princess said she had tired of her native land and came here to ask the United States to give her an estate befitting her rank. When she reached New York her jewels, her clothes, her mission and her childlike eccentricities aroused unusual interest. Mayor John F. Hylan welcomed her. Foreign emissaries at Washington denied she was a princess. She proved her title was genuine.

At this point Stephen Wineberg, now a prisoner, charged with numerous impersonations, including that of

# CHILD DRINKS COFFEE BOILING ON STOVE; DIES OF INTERNAL SCALDS

CHICAGO, March 16.—Joseph Suski, 4 years old, died here of internal scalds, caused from drinking coffee out of the spout of a boiling pot.

The child was alone in the kitchen of his home. He could smell the coffee boiling on the stove. He pulled a chair up to the stove so he could reach the boiling pot. He swallowed several mouthfuls of the boiling liquid from the spout of the pot.

When his mother entered the kitchen a few minutes later she found the child in convulsions on the floor. She summoned a physician but the child died soon after his arrival.

# IS 'HOT DOG' A LUNCH?

NEW YORK, March 16.—Is a "Hot Dog" a meal or a dessert?

After wrestling with this problem, Justice Tompkins, in White Plains supreme court, gave it up, and reserved his decision.

James Psichopardas and Gregory Bates, who runs a lunch stand and sell frankfurters, ice cream sodas, etc., at Rye Beach, sought to obtain a permanent injunction to restrain Andrew Stanek, and his wife from selling the "Hot Dogs" that made Coney Island famous.

Bates and his associates claim that the Staneks, under a lease, are prohibited from selling lunches.

Is a "Hot Dog" a lunch?

NEW YORK, March 16.—Subscription privileges to the new issue of Sinclair Consolidated Oil \$45,000,000 first lien 7 per cent bonds, offered by a countrywide banking syndicate, were closed almost immediately after the opening of the books Tuesday. It is claimed that requests for participations far exceeded the entire underwriting.

# EGYPTIANS GET FREEDOM, RIOT ANYWAY

### Great Britain Withdraws, but Establishes "Monroe Doctrine" for Near East.

By United Press.  
CAIRO, March 16.—The independence of Egypt was officially proclaimed today. Serious riots, street fighting and window smashing by extremists marred the occasion, for which a general holiday had been proclaimed.

The sultan has taken the name of King Faud I and a government with Abbel Khalek Sarwat Pasha at its head was recognized. The British government has proclaimed Egypt a sovereign state, having no connection with the British empire and enjoying the same rights as any other state. But Britain in withdrawing from Egypt has inaugurated a European Monroe doctrine and reserves the right to combat the efforts of any other power to interfere in Egypt, as the United States does in America.

Egypt may and probably will have its own diplomatic and consular representatives.

# SOUTH AFRICA HAS PROOF BOLSHIEVIKI BACKED REVOLT

JOHANNESBURG, South Africa, March 16.—"The rebellion has been suppressed," an official communique issued here today announces. "More than 6,000 prisoners have been taken. Voluminous evidence has been seized showing that the uprising grew out of a Bolshevik plot."

Railroad workers have returned to work and the miners and others are expected to follow shortly.

# COUNTER-REVOLUTIONS SUCCESSFUL AT FIUME

FIUME, March 16.—A counter-revolution led by local military leaders, succeeded here today. The committee of naval defense, which has been in power since the recent Fascist revolt against President Zamboni, was overthrown. A military council now occupies the government palace. The postoffice has been seized.

Leaders of the new revolt declare that all military forces have joined in establishing a legal government for Fiume. Fascist outbreaks here and in other Italian cities are feared as a result of the counter-revolution here.

# WOMAN SUFFRAGE WILL WRECK MARRIAGE AND HOME, SAYS EDUCATOR

NEW YORK, March 16.—Woman suffrage for all its benefits, is making for the disintegration of the home and its cornerstone, marriage, was the warning given by Dr. Charles F. Thwing, president of Western Reserve university, Cleveland, Ohio, in an address at St. Paul's Protestant Episcopal church.

The theme of Dr. Thwing's address was the perils and safeguards of the family as the keystone of civilization. Among the perils he placed the tendency to regard marriage as a civil contract rather than a divine one and the over-dependence of parents on public agencies, for the training of their children.

# SILVER AGES OLD.

By United Press.  
BUENOS AIRES (By Mail)—A section hand working on the new railroad line between Salta and Huatiquina the other day cursed as his pick unexpectedly struck something solid and rebounded. But when he had dug around the obstacle it was discovered to be a chunk of pure silver weighing over sixty pounds. It is thought that probably the silver was lost, perhaps hundreds of years ago, from the back of a mule when being transported through the bleak Andes mountains from far away Peru.

# WIFE OF ONE MAN PASSED AS WIDOW AT FUNERAL OF ANOTHER--DIVORCE

NEW YORK, March 16.—His wife's manifestation of grief at the funeral of George Heide, which she attended in deep mourning in 1914 in the role of Heide's widow, although not married to him, was the means of Robert Hoffman's obtaining a divorce from Mrs. Lucy Hoffman.

The Hoffmans live in Brooklyn. They were separated at the time of Heide's death.

The testimony of George Zundt and his wife Olga, who identified Mrs. Hoffman from a photograph exhibited in court, to the effect that Mrs. Hoffman wept profusely at Heide's funeral and posed as Mrs. Heide, led Supreme Justice Gannon to grant an interlocutory decree.

# WORE ONLY EARRINGS.

By United Press.  
BERLIN, March 16.—The local purity campaign has begun, and Lola Bach will wear clothes for the next month at least. Fraulein Bach and her troupe of dancers, who have aroused all sorts of sensations in a cabaret, were in the police court. Fraulein Bach was given a month's imprisonment and her assistants were fined after a purity worker had testified they wore only earrings in addition to the charms Nature gave them.

# "CO-STAR" NOT ANTONIO.

LOS ANGELES, March 16.—Antonio Moreno, motion picture actor, has filed suit for \$129,000 against the Vitagraph company here, contending that sum was due him as salary for seventy-six weeks. He alleged the company had broken a contract by discharging him for refusal to work in pictures as a "co-star." He said his contract stipulated that he was to play nothing but "star" roles.

# GIRL STUNG BY BEES SUES FOR 25 THOUSAND

NEW YORK, March 16.—Miss Beryl Collins of 110 West Eightieth street, 21-year-old artist's model, has filed suit for \$25,000 against the Vitagraph company, owners of the Central theatre.

Miss Collins says that she and a girl friend were standing in the lobby gazing at bees at work on some honey under a glass case. Some one upset the case and Miss Collins claims she was so badly stung that it was necessary for a doctor to attend her. The young lady says she was unable to walk, lie down, talk or see.

Miss Collins, in speaking of the accident, said: "I didn't know that one could be stung by bees right here on Broadway. I thought that was an experience only to be met with in the country."

# EX-SOLDIER WHO GAVE CHUM'S NAME RECOVERS

DENVER, March 16.—Claude C. Sandison of 821 Twelfth street, ex-soldier employe in the First National bank, who was taken to the county hospital in an unconscious condition and who gave his identity as that of his chum, had recovered his memory Thursday and probably will be able to leave the hospital within a few days, according to attending physicians.

Sandison was surprised when told that he had taken the identity of his chum, and he could remember nothing that transpired during the period that his mind was affected.

### 25,000 BARRELS OF OIL AN ACRE, MEXIA ESTIMATE

MEXIA, March 16.—Some geologists, engineers and others have been figuring the potential output of the Mexia oil field. W. A. Reiter, who is credited with knowing the Mexia field better than any other geologist, has reckoned that the west side of the field will have an ultimate recovery of more than 34,000 barrels to the acre while the east side of the field, it is estimated, may be good for a final recovery of more than 16,000 barrels, or a general average for the entire proven area of approximately 25,000 barrels to the acre.

At present more than 10,000,000 barrels of crude have been brought to the surface in the field, and it is estimated that probably not more than 10 per cent of the practically proven area has been drilled. There are now 150 flowing wells in the field. If this can be taken as 10 per cent of the total the field will ultimately have 1,500 wells.

If 10 per cent of the proven area has been drilled with 150 wells with one well to every three acres of land, it is estimated that the big proven area, not counting outlying smaller producing areas is not less than 5,000 acres. If each of these 5,000 acres has an ultimate recovery of 25,000 barrels of oil on the average the final recovery of the field may be reckoned at 125,000,000 barrels of crude.

### SECOND WELL NEAR CURRIE BROUGHT IN

WORTHAM, March 16.—The Cole well of the Humphreys interests, situated in the Wortham-Currie field, came in at 10 o'clock Wednesday morning, good for 3,500 barrels a day. The drill was stopped at 2,987 feet.

Governor Pat Neff, Attorney General Walter Keeling and Colonel A. E. Humphreys were present when the well was brought in.

This well has been making a good showing of oil and gas for some time, but due to the fact that the tools were lost in the hole, it has been impossible to determine just what production the well was capable of.

This is the first producer to be completed in the Wortham-Currie field since the Meador No. 1, the discovery well of the field, was completed several months ago.

### TWO HUNDRED MILLION GASSER IN PANHANDLE

AMARILLO, March 16.—The Gulf No. 1, drilling on section 118, block 5, Burk Burnett ranch, in Carson county, has struck another gas strata at a depth of 2,850 feet, and now stands without question the undisputed monarch of the gas world. The well is making 200,000,000 cubic feet. The first gas was found at 2,010 feet, when a 75,000,000-foot gasser tore itself in. Drillers were forced to stop their ears with cotton and clay to shut out the terrific roar. At 2,650 feet 60,000,000 feet more was encountered.

A special crew was brought here by the Gulf company, and the work of mudding off the gas was begun several months ago. Since then the drilling has proceeded with the utmost caution, and, with the terrific flow of gas opened up now, it is not known whether an attempt will be made to drill deeper as yet.

### LOCATION IS MADE FOR MITCHELL COUNTY WELL

COLORADO, March 16.—Location for the first of a number of wells to be drilled in the near future by the Underwriters' Producing and Refining company on its holdings in western Mitchell county was made Wednesday. This well, to be known as the T. & P. No. 2, offsetting the discovery well, will be drilled 500 feet south from the Morrison No. 2. Location for an offset to the Morrison well, on the Earl Morrison tract, is to be made this week.

Rig material for the new well is being assembled and the derrick will be built the latter part of this week. A standard rig will be used.

### FIRST WIFE IGNORED BY BIGAMIST WHO KEPT BOTH IN SAME HOUSE

OSSINING, N. Y., March 16.—Although his first wife, Mrs. Maude Haynes Andrews, tried to save him from prison when he was convicted of fraud, Herbert Thornton Andrews, former broker, now in Sing Sing, has ignored her and asked for permission, it was learned today, to correspond with his second wife, Mrs. Esther Tatnall Andrews.

The second Mrs. Andrews visited him today.

Andrews gained fame a year ago by taking his second wife, a former Pittsburgh stenographer, to live in the same house with his first wife in Jersey City.

Andrews has given the name and address of his wife, for prison records, as Mrs. P. Ther Andrews, Jersey City. He makes no reference to Mrs. Maude Andrews.

He is serving a two-year sentence for having defrauded H. Van Vieck of Mountclair, N. J., of \$20,000 worth of securities.

### World's Champion Giants Train at San Antonio

With the Giants at San Antonio.

Lots of speed—later on. The pitching staff of the New York Giants, world's baseball champions, are working out the kinks in their spring training camp at San Antonio, Texas. Here they are seen in their first "warm-up" of the pre-season era. Soreness already has been worked out of the pitching arms of this whirlwind crew, but famous arms of famous twirlers are being nursed along with care. The lower panel shows three rookies who hope to land berths with McGraw's clan. Roy Gillenwater and Frank Samide are after backstop berths, while Walter Kopf seeks an infield position.

### SOUTH BEND FARMER HANGS SELF IN BARN

SOUTH BEND, March 16.—Staples Goode, a farmer living a few miles south of town, ended his life Tuesday night by hanging himself with a rope extended from a rafter in his barn. He had been dependant on account of ill health for some time. He was 56 years old and had lived in this vicinity for ten years. Besides a widow and three sons and four daughters, he is survived by a brother and two sisters. An inquest was held by Judge John

Key. It was on the farm of deceased brother, William Goode, that the North American Oil & Refining company drilled its first well in the South Bend field. It was called the Lindy Lou and made 40,000,000 feet of gas.

For her bravery in saving the lives of more than 100 persons when she braved death by sticking to her switchboard until water reached the plugs during a flood, Mrs. Mildred Lothrop, mother of five children, and chief operator of a telephone company at Homer, Neb., has been awarded the Theodore N. Vail gold medal and \$1,000 in cash.

### EL PASO POLICE FIND NO CLEW IN GIRL'S MURDER

EL PASO, March 16.—Two men are held by the police as a result of an investigation into the death Sunday night of Miss Louise Frenzler, 22-year-old stenographer, whose body was found near the Highland Park car track in the 2600 block on Altura boulevard. The young woman died from a bullet wound at the base of the brain. Her neck was powder burned. No weapon was found.

No shots were heard by residents in the neighborhood where the body was found. The parents were unable to throw any light on the tragedy. The robbery theory has been discredited, as a diamond ring was found on the girl's finger, although a purse which she usually carried was missing. Two blocks from where the body was found Coroner J. B. Rawlins discovered motorcycle tracks and bloodstains. He believes they have some connection with the murder. Miss Frenzler had lived in El Paso two years, having come here from Kentucky. Until recently she had been employed in a local newspaper office as stenographer.

### NO INDICTMENTS IN ROTHBLUM FLOGGING

DALLAS, March 16.—No mention of the flogging of Philip Rothblum, Dallas man, by unmasked men on the night of March 6 was made by the grand jury in its report submitted to Judge R. B. Seay's criminal district court Wednesday. The grand jury will continue its investigations Thursday.

Police and Fire Commissioner Louis Turley refused to discuss developments of the Rothblum case. High police officials were of the opinion that no indictments will be returned. The departure of Philip Rothblum and Eula Mae Rothblum, his wife, was declared to be an indication that no developments are to be expected.

### HERE'S ONE WHO CAN'T DRESS ON \$87.50 A YEAR

NEW YORK, March 16.—Mrs. Edith Kelly Gould, now playing in a musical comedy here, pays \$18,000 a year for her clothes, underwear and shoes alone.

Furthermore, it takes \$160,000 for her board, clothing, maintenance and other necessities of life.

So—Mrs. Gould Wednesday brought court action to procure from Frank J. Gould, who secured a divorce decree in France four years ago, the needed \$160,000.

Mr. Gould discontinued her allowance after the divorce. Here are some of pretty Mrs. Gould's yearly expenses as cited in court by her attorney:

- Clothes, underwear and shoes, \$18,000.
- Operating automobile, \$4,000.
- Rent of apartment, \$6,000.
- Food, \$5,000.
- Entertainment, \$5,000.
- Doctor, \$2,000.
- Dentist, \$1,000.
- Dancing and music, \$4,000.

### DARING PETTICOATS STRANGLE EAST, UTAH STUDENTS ARE TOLD

SALT LAKE CITY, March 16.—The modern "flapper" was described as a girl who wears her hair bobbed, her skirts at uncertain lengths, don't buy her own sodas and makes a date with five boys for 12-15 and fails to show up, by Joseph Hergesheimer, short story writer of Utah.

"Life in the East," he said, "is strangled by the daring petticoat, while Fifth avenue is a procession of feminine dominance."

There were "flappers" of yesterday as well as today, he declared, the difference being that today they show and know more than they feel.

### OIL MAN DIVORCED BECAUSE HE HEADS TOO MANY FAMILIES

MARIETTA, Ohio, March 16.—Mrs. Margaret Withington was granted a divorce by Judge D. Y. Thomas from G. M. Withington, millionaire oil man of this city and Tulsa, Okla. The divorce was granted on the allegations of Mrs. Withington that the defendant was head of two families, maintaining a home for a common-law wife and three children in Cincinnati.

TELL JUST A FEW!

Presumably, the \$300,000 in road scrip is being peacefully paid off, and those who fell for the last moment proposition to take it off their hands are nursing their resentment in secret. It is to be expected that there is resentment on their part at the knowledge that a favored few had prior information that the scrip was to be redeemed, and profited thereby, but Eastland county folk have become so accustomed to applying the "Oh, well, what's the use" salve when things go wrong that they no longer howl. Howling seems to be a waste of breath.

Nevertheless, the fact stands clear that men who took this scrip with a genuine desire to be helpful to the community have been mulcted—perhaps not with the connivance of officials, but through their negligence in telling others of what was to happen.

It has been learned that a high county official told a Ranger citizen last Saturday night that the scrip was to be redeemed this week. This citizen did not attempt to take advantage of such knowledge, but others less scrupulous evidently obtained it and then used it.

This again brings Eastland county citizens face to face with the fact that there is not enough publicity given county affairs. If the commissioners' court is going to take some action affecting the welfare of individuals, that action should either be kept strictly secret until it is accomplished, or it should be published so that all may know and the newspapers will be glad to publish all these things.

There is no excuse for telling friends what is going to be done and keeping the information from the general public. Citizens should demand the publicity which will prevent public affairs being used for private gain, at the expense of other citizens.

It is a crying shame that speculators should be enabled to take a profit on this scrip issue when laborers and merchants suffered losses.

Expedition Goes on Hunt for Pre-Historic Monster

Diplodocus

Plesiosaurus

For the first time in modern history an expedition has gone out in an effort to capture the live descendant of a plesiosaurus, recently reported to have been seen near the Andes mountains, in the Territory of Chubut. The expedition, financed by wealthy scientists of Argentina, is headed by Jose Cinagl, superintendent of the Buenos Aires Zoological Gardens, and Emilio Frey, an Argentine engineer.

The animal last reported to have been seen by an Englishman, is said to be a cross between a diplodocus and a plesiosaurus, pictures of which are here shown.

Prof. Clementi Onelli, director of the Buenos Aires Zoological Gardens, does not believe that the strange animal reported to have been seen has lived continually since the Plesiosaurian era. He places credence, however, in the probability that a descendant of the prehistoric monster exists, retaining the fundamental characteristics of its predecessors.

NAKED BODIES OF FAMINE VICTIMS  
PILED LIKE CORDWOOD IN PITS

WASHINGTON, March 16.—Tangled heaps of frozen corpses, some attacked by starved dogs, sickness, dirt and cold in the Volga, are described to Secretary Hoover in a nightmare picture of the famine districts of Soviet Russia drawn by Dr. Thomas H. Dickinson, of the American relief administration, in a special report on conditions there.

Dr. Dickinson made a month's tour of the Volga valley and the foothills of the Urals, traveling 4,000 miles by rail, auto and sled, inspecting 150 villages on the snow-covered steppes. In his report to Mr. Hoover, Dr. Dickinson gave the bare and gruesome details of his observations.

"Losses from famine in Soviet Russia," he said, "come under the heads of emigration, disease and death. Emigration from the villages now rises to about 30 per cent. Houses are deserted, not a dog, cat or pig left, with snow breaking through the roofs and windows.

"On sidings everywhere, from Poland to the Urals are freight cars crowded with refugees. The government has not the locomotives to carry them so they are waiting.

**Children Sore on Life.**

"Disease is general. Swollen bellies of children are so common as to no longer excite remark. The characteristic expression of childhood in Russia is that of a person 'sore at life.' I have learned to dread going into a room full of children. They all look up at me accusingly, bitterly, as if I had done it. They are Lorne with resentment in their hearts.

"Diseases are well distributed between summer and winter. Last summer, cholera, this winter typhus. Russia lost 5,000,000 dead of typhus in 1919. One city of 200,000 lost 45,000. This year will be as bad.

**Buried by Wagonload.**

"So many are already dying that they are burying them in wagon loads. They take off the clothes of the dead, throw them into boxes, put snow on the bodies to freeze them, then transport them in piles to the cemetery. There, twice a week, they are thrown into great holes, crosswise, packed closely. Dogs have become a menace and attack piles of bodies in droves and dig into graves. Dead children, starved to death, are left outside in open ways in piles, covered with rags until they can be hauled away."

From his notes Dr. Dickinson described a burying ground near Samara, where the dead, gnawed by dogs, were piled in frozen mounds until thrown into great excavations.

"There were three great holes," he continued, "ten by twenty feet and eighteen feet deep. Around these were piles of frozen, naked bodies, men, women and children who had died of typhus and hunger. Dogs had been at some bodies and these were bloody. The dogs were driven away, all terribly emaciated and contorted into all shapes of grotesque agony.

"In piles they were badly tangled up and had to be released like stiff puzzles. Dropped into the graves they made noises like wooden things of the same weight and shape. They had been men, women and children. About fifty come every day."

WALLY REID TO DRIVE CAR IN INDIANAPOLIS RACE

INDIANAPOLIS, Ind., March 16.—Wallace Reid, moving picture star, has leased a racing automobile and will try to qualify for the annual 500-mile race at the Indianapolis motor speedway May 30, it was announced here Wednesday. Reid will drive the car which finished fourth in the 1921 race, it was said.

DOG HILL PARAGRAPHS

Little Fidity Flinders drew the picture of the Wild Onion school teacher and a cow on the blackboard this afternoon. Fidity may some day make a fine artist, but as yet his drawings look too much alike.

Poke Eazley says married men often get unjustly accused without any grounds whatever. As an example when he went home yesterday his wife immediately accused him of being about two-thirds full of moonshine licker, and he had a hard time convincing her that he had got that way by following a blind horse around a hay-stack.

Washington Hocks says when you hear of a fellow beginning to stay at home all of a sudden you may know he has either reformed or has rheumatism in both feet.

WILL REBUILD ANIMALS OF GLACIAL ERA

DENVER, March 16.—Exact reproduction of mammals that are believed to have existed in Colorado two million years ago and of vegetable and animal life at that period are being planned by officials of the Colorado Museum of Natural History in the museum here.

Instead of pictures of almost prehistoric-looking animals that science claims roamed the Western plains eons ago, the "real thing" will be reproduced by the use of bones and fossils recently unearthed in the vicinity of Sterling, Colo.

Under the supervision of J. D. Figgins, director of the museum, the work of restoring this two-million-year-old scene is already under way.

"From the skeletons found in this ancient mudhole or lakebed near Sterling," Figgins announced, "we will be able to form the muscles of the animals and, from other information, the skin.

"We found skeletons of a giant pig in this place, skeletons of the rare Trigonias rhinoceros, a considerable art of a three-toed wild horse and part of a skeleton of a female Titanotherium—an enormous animal similar to a rhinoceros. The pig is six feet high."

POWER CAPTIVE IN HYDROGEN TO RUN EARTH

PHILADELPHIA, March 16.—The quantity of hydrogen in a teaspoonful of water contains enough electrical energy to generate 200,000 kilowatt hours of electricity and the release of this enormous power may be brought about in the near future, Dr. F. M. Aston, the scientist, declared in a series of lectures at the Franklin institute on "atomic weights and isotopes."

Experiments now being conducted, he said, would make possible the transformation of hydrogen into helium. Through these experiments, he added, it had been learned that it is the hydrogen in the sun that accounts for the heat of that body.

He warned, however, that the release of this tremendous energy might have serious consequences. "In the event that this energy is released," he said, "there is the danger that it may not be possible to control it. If that condition should come about then there would be enough power running about loose to annihilate the earth and scatter it into space."

It is optional with each patron how much he shall pay, or whether or not he pays.

GHANDI, INDIAN LEADER, NOW UNDER ARREST

Mohandas K. Gandhi

Mohandas K. Gandhi, leader of the Non-Co-operationist party in India, has been placed under arrest by government forces. The political ramifications of Gandhi, who is considered a saint by many Indians, have kept India in a turmoil. Lord Reading, British viceroy of the country, and the Indian government have been loath to arrest the Mahatma, because he is believed by the natives to possess miraculous powers and exerts great influence throughout India. He has urged his followers to withdraw their support of British administration machinery.

DRINKING BY AMERICAN GIRLS AND BOYS AMAZES MRS. ASQUITH

NEW YORK, March 15.—Mrs. Margaret Asquith, who came to this country a tentative prohibitionist, returns for her tour a confirmed "wet."

"I was much in favor of prohibition at first," she said, "because I thought it might stop drinking among the poor and that in a prohibition country the poor woman would receive her husband's wages instead of its being spent on a Saturday night."

"But a little experience of the actual working of it quickly changes one's views. The drinking by young men and maidens is shocking. I am told nothing like it was known before the days of prohibition. It is due apparently to the fact that drink is forbidden. It is considered 'chic' to violate the law."

The drinking among young women was apparently worst in Chicago, according to Mrs. Asquith. She said nearly everywhere she found the men and women she met talking of this subject and deploring it. When asked if the drinking among the young women was worse here than in England and on the continent, she held up her hands and said:

"I never in all my life saw a young woman intoxicated at a ball or party or public function in England. Such a thing would be unheard of. I did not see any young women intoxicated in Chicago or elsewhere in this country myself, but I was told of it on every side."

"I saw it," said her secretary. "I saw many young women under the influence of liquor at a large party which we attended in Chicago. They were not completely drunk, but were quite perceptibly under the influence."

Rich Get All They Want.

"Prohibition is unquestionably a bad thing as it is administered," said Mrs. Asquith. "The rich get all they want to drink. I do not know about the poor, but I understand there is no scarcity of liquor."

"The only sensible thing it seems to me, is to return to light wine and beer. One of the noticeable things about your life in this country is the way you are being interfered with by the government. This is not a free country, like England."

One of the striking things about the intellectual make-up of American people, according to Mrs. Asquith, was a lack of serenity, a rush, hurry and violence in doing things, which was exemplified, in her opinion, in the suddenness of prohibition. She said the women seemed to read more than the men, but less than women read in England, and that the men neglected intellectual pursuits and general culture for the making of money.

Devotion Money Making.

"I believe," she said, "that the extreme devotion of American men to money making, will in the end ruin the country. There is too much of Wall street everywhere you go. Too little getting away from an atmosphere of business and affairs. More placidity and serenity are needed. China is the great model of serenity."

Of the beautiful women she met on this continent, by all odds the handsomest, she said, was "Mrs. Minotto, daughter of a great packer, I believe in Chicago. She is the wife of Count Minotto."

"Of cities," she said, "New York was the most pleasant and comfortable. "Ottawa," she said, "is the loveliest and the dullest."

NORTH POLE JUST WILL NOT STAND STILL

By ROBERT A. DONALDSON, United Press Staff Correspondent. SAN FRANCISCO, March 16.—Several weeks ago, when seismographs of the world recorded an earthquake of terrible proportions somewhere beneath the bed of the Pacific ocean, a European scientist startled the public by announcing the earthquake had been caused by the earth shifting its axis.

If anyone feels any deep concern over the earth's ailment, however, he can perhaps be reassured by the statement of Dr. W. W. Campbell, director of Lick Observatory, Mount Hamilton, California.

Dr. Campbell declares that the earth undoubtedly did shift its axis, but that there is no cause for concern, inasmuch as the axis is habitually shifting in this manner.

The earth, declared Dr. Campbell, is very seldom "on center."

Shifts Every Year. "It has been known for nearly forty years that the position of the axis of the earth shifts a little," declared Dr. Campbell. "The shift is slow and continual. If we could station ourselves at the north pole and actually see the point where the end of the (imaginary) axis of rotation comes to the surface, we should find in the course of decades and centuries that this point is constantly moving around, irregularly, within a circular area of about sixty or sixty-five feet in diameter. Its average location would be the center of the circle; once in every decade or two the end of the rotation axis would be close to the center. But a few years later it would be as much as thirty feet from the center of the circle."

"This is partly caused by the accumulation of snow and ice; excess atmosphere on the northern hemisphere in the winter, and the vanishing of these three items in the northern spring and summer, and likewise to the influence of air and ocean currents."

MILLIONAIRE LOSES HIS JOB AS OFFICE BOY

SYRACUSE, N. Y., March 16.—"Jimmy" Sanford, son of the millionaire turfman, William Sanford, has lost his \$14 a week office boy job with a local typewriter manufacturing company.

"I'm fired because they wanted to give the job to somebody that needed the money," Jimmy explained today.

So once more Jimmy is on the hunt for a job and in the meantime is forced to fall back on his \$2,000 a year allowance to pay his bills at an expensive hotel where he continues to live. By the terms of his father's will he must work two years before he can come into his \$350,000 inheritance.

MANY 'RELATIVES' SEEK HOTEL MAID'S WEALTH

NEW YORK, March 16.—When Mrs. Giles, a maid at the Waldorf-Astoria, died last week, the hotel management was under the impression she had left neither relatives nor close friends.

Publication of the news that she left savings of \$16,000 has brought letters from three "husbands," "two sons" and sixty-two other relatives, including brothers, sisters, nephews, nieces, cousins, uncles and aunts, the hotel management announced last night.

BILL LIMITING DANCE METHODS BARS CLOSE-UP AND FAST STEPS

ALBANY, N. Y., March 16.—Creation of a state public amusement commission with power to regulate dancing is proposed in a bill introduced in the legislature by Assemblyman William Duke Jr., Republican, chairman of the assembly codes committee.

Jazz dancing, hugging, cheek-to-cheek dancing, neckhold dancing and all classes of suggestive dances are sought to be banned by the bill.

Enforcement of provisions of the bill would be placed upon the shoulders of inspectors named by the proposed commission and approved by the Women's Christian Temperance Union and religious organizations of Protestant, Catholic and Jewish women.

Dancing under dim lights is specifically forbidden by the bill, which also has the unique distinction of containing pictorial illustrations of "proper dancing."

The bill describes the proper method in this fashion:

The man places his arm lightly about his partner's waist, his hand resting gently on her back just above the waist line. The man's partner should rest her left hand lightly on the man's right shoulder and her right hand should be lightly in his left hand. At no time, the bill says, should the dancers fail to keep their bodies or faces apart.

Sunday dancing is sought to be prohibited and no unmarried person under 17 years of age would be permitted to attend a public dance unless accompanied by one parent.

Licensing of public dance halls also is intended by the bill. Penalties for violation of provisions of the measure include a fine of \$50 for the first offense and a fine of \$250 for the second. The bill also would make the time measure or certain dances as follows:

"Waltz, 48; two-step, 54; one-step, 66; fox-trot, 43."

Famous Vaudeville Star Takes Ironized Yeast With Amazing Results

The Remarkable Experience of Lillian Steele

"I NEVER dreamed that Ironized Yeast could bring such an extraordinary improvement in me. Why, it just seems to have made an entirely new person of me!"

Such is the amazing statement of Lillian Steele, star of the well known "Lillian Steele Trio," vaudeville headliners, made when interviewed regarding her experience with Ironized Yeast.

"My work played havoc with my system in general and before I knew it I was in a badly run-down condition. I seemed to lose all my energy. My appetite deserted me. I kept losing weight, and my color was fast disappearing. The worst of all was that nothing seemed to bring any noticeable relief. I surely thought that I would have to give up the stage for a while, and rest up. It was then that I heard of Ironized Yeast."

"Ironized Yeast seemed to have a magical effect on me. It just seemed to fill me with new life—new energy! My weight and appetite both showed splendid increases, and the improvement in my complexion is just wonderful. I cannot describe the delight I feel because of my improvement, and will always be one of Ironized Yeast's most enthusiastic boosters."

Results in Half the Usual Time! The reason Ironized Yeast brings such amazing results is because it not only contains just the right amount of all three essential vitamins, but in addition contains a type of yeast which has positively no equal as a reconstructive agent—a yeast which is cultured expressly for medicinal purposes.

purpose, and which is entirely different from the yeast found in ordinary "yeast tablets."

But even more important than this is the fact that this yeast has been ironized—or treated through a scientific process with a special form of easily assimilated organic iron, similar to the iron found in spinach. When yeast is ironized in this manner it is found that results are not only more permanent, but are secured just twice as quickly!

NEWSPAPER ARMY STORMS SHIP TO GET MARY'S WEDDING PICTURES

By Associated Press.

NEW YORK, March 16.—A series of races, a small riot and a few skirmishes with revenue men marked the efforts of an army of motion picture company representatives and newspaper men to be first in getting pictures of Princess Mary's wedding off the steamship Olympic.

When the liner steamer Quarantine eight tugs, bearing the newspaper and film men, dashed down the bay and puffed alongside until she was cleared. Then there was a mad scramble from the tugs to the purser's rooms.

"Sorry," said the besieged purser. "Can't give them to you until the ship docks. It's orders."

The storm of indignation that followed brought the Olympic's skipper from the cabin. He listened to the wailing for a moment, then told the purser to release pictures to all those holding orders and passing government requirements.

Gave Them Their Pictures. The purser gave them their pictures. Then, in the scramble for the deck, passengers and crew alike were swept to one side.

One film man placed his package in a small tin cylinder, atop which were several top balloons, and was about to toss it overboard to be picked up by his partner on a tug, when collared by a secret service agent. He was taken before a special appraiser who passed his package as o. k. As he stormed down the deck a woman stopped him and offered to purchase the balloons for her children.

One newspaperman got his package overboard. It was picked up by a tug, which had steamed about 300 yards, when halted by a revenue cutter. After determining that the package had been cleared regularly, the tug was permitted to proceed.

Tossed to Tugs. Others tossed pictures and films to tugs which hustled to shore, transferred their small cargoes to fast automobiles and their work done, nosed to the piers.

It was declared a dead heat. All New York morning papers printed pictures of the wedding in early editions, and motion picture houses flashed them on their screens.

ADVERTISING SOLICITORS REQUIRED TO GIVE BOND

HENRYETTA, Okla., March 16.—As a result of a recently passed city ordinance, all transient advertising solicitors will be required to take out a permit, and to give bond for the faithful performance of their contracts before attempting to do business. This ordinance is the result of many fraudulent advertising schemes being worked over the state.

# Plumb Disgusting, Says Indian Scout After He's Held Up

OMAHA, Neb., March 16.—Fred M. (Lone Star) Hans of Omaha, Indian scout under General Philip Sheridan back in the days of 1876 to 1881, and renowned at one time as one of the fastest shooters of a single-action pistol in the world, was narrating to two companions last night the story of "Custer's last fight" when the trio was held up and attacked by three holdup men who entered a grocery and escaped after robbing their victims.

Today Hans said that it was "plumb disgusting to let that fellow and the two chaps that followed him into the store take my money, but what could a fellow do unarmed against three men, each with a pair of guns apiece?"

Hans, who investigated the Custer massacre for the government, also was instrumental in bringing Sitting Bull back to the United States from Canada.

In Cherry county, Neb., eighteen miles southwest of Valentine, April 12, 1877 he shot and killed two stage robbers, both of whom had the drop on him.

In 1876 in the "Hole in the Wall" country, Powder River, Wyoming, he shot and killed three stage robbers and never suffered a scratch.

# British Women Launch Movement to Gain Control of Government

British women will "seek their own" in politics. A movement to organize a political party composed exclusively of women today is in full swing in England. The leaders, it is declared, are hopeful of gaining control of the government, inasmuch as there are 2,000,000 more women than men in Great Britain. Besides the Viscountess Rhonda, who has just been granted a seat in the house of lords, there are other peeresses who are entitled to seats with the peers of the realm. Seven of these are shown in the accompanying group. They may not, of course, take the seats to which they are entitled without an invitation from the house of lords.

by roasting weinies and marshmallows to a queen's taste. This is an ideal place for a weinie roast, as the pit is so walled in that there is no danger of the fire spreading, and nature has provided a spring of pure water close by. In the light provided by the fire and the moon the young people played outdoor games, such as "snap," "London bridge is falling down" and "drop the handkerchief." For the occasion a whole case of marshmallows was bought, and there was also a large quantity of weinies, crackers and pickles, so quite a bit of time was spent in the consuming of these eatables. After several hours of pleasure they returned home.

Those enjoying this affair were: Mrs. Barney Carter, A. W. Hubbard, Jack Garber, J. M. White, Robertson, H. T. ## QUILTING BEE A SUCCESS.

The quilting bee given by the Woman's Missionary union of the East Ranger Baptist church Wednesday at the church, was quite a success. The pews were pushed back and the quilting frames were placed in the center of the room, and during the day five quilts were finished. At 12 o'clock lunch was served, while ice cream and cake was served throughout the afternoon. Not only was some very definite work accomplished but those present enjoyed a most delightful day.

## AMUSU CLUB MEETING.

The Amusu club was very delightfully entertained Wednesday afternoon at the home of Mrs. Ira Nourss, with Mrs. Carroll, Clarke as hostess.

Decorations appropriate to Saint Patrick's day were used very effectively throughout the rooms. Shamrocks and green snakes adorned the window gratings, while portiers of green paper and green shaded lights also suggested the Emerald Isle. Tiny green pipes were given as favors and call cards decorated with shamrocks, and napkins gay in Irish colors, further carried out the decoration motif, which was also sounded in the refreshments, which were served on lace-covered plates with green backgrounds and consisted of potato salad, dill pickles, olives, green and white mints in green cases, and coffee.

The high score club prize, a hand-made breakfast jacket, was won by Mrs. Ira Nourss; the low score club prize, a hand-embroidered towel, was awarded to Mrs. M. O. Burt, while the guest high score prize, a lovely

# REVIVAL AT CHANEY

The Rev. S. W. Hamilton of Seymour, Texas, will open a revival meeting Saturday night at the Chaney school house. He will be assisted by his wife and a number of workers.

Mrs. R. G. Goodenough, the Sunset Coffee demonstrator, will be at Joseph's Friday and Saturday. She has something of special interest to Club Women. Come in and have a cup of delicious coffee and hear about our money-making plan.—Advertisement.

Reports are that the entire family of Haden Neal are suffering with the flu. However, none of them are considered dangerously ill.

Cliff Wilson and Miss Alfa Winston were visitors from Eastland yesterday.

Mr. and Mrs. Pearl Davenport and Miss Estelle Davenport of Weatherford, are visiting in Ranger.

Friends of Mrs. Charles Conley will be glad to learn that she is steadily improving.

## RECITAL TUESDAY.

Mrs. R. C. McCoy, soprano, assisted by Mrs. Vincent Wakefield, pianist, and Gus L. Coleman, flutist, will appear in recital Tuesday, March 21, at the old Liberty theatre on Rusk street, it is announced. Proceeds of the recital will be devoted to entertainment of the Federation of Women's Clubs convention here next month.
