REED SLAMS INTO COOLIDGE AND MELLON

Common-Place Killing in Eastland County In October 1920 Develops Mystery With the Arrest of Man Said to Have Been Murdered

JACK CAMPBELL, ARRESTED IN OKLAHOMA TO BE BROUGHT BACK IN AN EFFORT TO SOLVE RIDDLE

If He Is Same Man Who Formerly Conducted the Notorious
Stone House, Then Who Was It Shot Through Heart, Whose
Body Was Sent Somewhere in Illinois for Burial? Was
Murder Committed, and by Whom?

PAWHUSKA, Okla., April 12.—Jack Campbell, wanted in Texas on charges of bond jumping and murder, was arrested at a farm house six miles from here after a five-year search last night. A Texas ranger made the arrest.

The ranger, whose name was known to the local officers only as McCoy, declared that Campbell had jumped a liquor charge in 1919 and that two years ago he was charged with having killed a man and buried him in such a way as to make it appear he himself had been slain.

Persons who were in Eastland county when Jack Campbell, proprietor of the notorious "stone house" was shot and killed on the night of Oct. 11, 1920, were asked themselves Saturday if the Jack Campbell arrested near Pawhuska is the same Jack Campbell, who was identified as the man shot in the hall of the stone house.

Owner of Roadhouse.

The Jack Campbell of Eastland county, whose roadhouse was known all through the oil belt, was under conviction for his activities in illicit whisky traffic and was out on bond pending appeal of a two-year sentence.

The Jack Campbell arrested in Oklahoma, according to press dispatches, was wanted for bond jumping and also murder. The Pawhuska story said that he had killed a man but made it appear that it was himself who was slain.

Can it be, persons who followed the case four years ago are wondering, that Campbell really did slay an unidentified man that he might sidestep a penitentiary sentence? If he did, "how did he get away with it?" Following the slaying, Campbell's supposed body was prepared for burial and sent to his old home in Illinois.

Campbell on the evening of the slaying had accompanied his wife and child to the station to see them off for Fort Worth. On his return to the roadhouse, he was walking in the hallway when shots rang out and Campbell dropped dead instantly.

Two Men Arrested.

Two men, J. E. Miles and R. W. Myers, were arrested in Ranger, and gave a cash bond. They were released and went to Eastland. Later Deputy Sheriff Wright rearrested them. When Miles was arrested first, he was in rough clothes. On his second arrest, he was dressed foppishly. They later skipped out after making second bond, which is said never to have been collected.

A woman was also arrested in the case. She was quoted by an officer as saying that "they would fix the law."

Campbell had much money on his person the day of the shooting, it was said. Miles was said to be flushed with money when arrested. Miles, following his arrest, in a purported confession to the county attorney, "confessed" to killing Campbell, but said he believed him to be a burglar and shot by mistake. The stone house was located on the highway, two miles east of Eastland. Campbell was well known in Eastland and in Ranger and especially well known to the officers. It is supposed they saw the dead man's body, for it appears there was a body. In fact it lay for four days in the morgue of Undertaker Edmunds and was viewed by several hundred persons.

Some Doubt of Identity.

Edmunds said yesterday that at the time there was a little doubt in his mind if it was Campbell's body, but the doubt was not strong enough to voice. Campbell's wife entered the morgue with some of Campbell's friends and viewed the body without emotion, according to Undertaker Edmunds. The turning to one of the men she said, "You good-for-nothing, you know who died it." She said the undertaker nearly \$900 for preparing the body and shipping it to some place in Illinois, but Mr. Edmunds has forgotten just where.

Former County Attorney Green Hazel, who knew Campbell well, said he saw the body and there was no doubt in his mind that it was Camp- bell. So said Jim Steel, who also knew Campbell well. Undertaker Edmunds said that he heard several who saw the body in the morgue re-

mark that death had changed Campbell somewhat. The bullet had passed through the man's heart and his features were not marred in the least.

Mother Asks For Son.

Several times in the last two years a woman living in the north has written to parties in Eastland asking for her boy, from whom she last heard in Eastland the latter part of 1923.

Her description of her son might be a description of Campbell, it is said. The officers think that a murder was committed at that time and that if it was not Campbell who was killed, the murder may have been for the purpose of helping him to escape.

The sheriff's office heard of Campbell about a month ago and has been working quietly on the case, finally obtaining requisition papers, which were sent on and which brought about his arrest. A phone message is said to have been received yesterday from a woman in Pawhuska, Okla., who said she was Campbell's wife and who asked if he was to be taken directly to Huntsville or brought to Eastland to stand trial for murder—whose murder she did not say. Sheriff Barton and County Attorney Barnes were in Fort Worth yesterday.

Must Pay Big Sum For Failure To Develop Oil Lease

For failure, according to the charge in the bill of complaint to develop a lease, the Comanche Oil company must pay C. V. Williams et al. \$5,900.80. A jury in the Eighty-eighth district court at Eastland returned this verdict at 11 o'clock Saturday night.

Williams and his associates wanted \$21,000. They asserted that the oil company leased a two-acre tract from them near Desdemona. A well was developed in 1919. It quit flowing and the defendants failed to put it on the pump, the plaintiffs charged. This constituted failure to develop properly, they said.

EVEN AUTO TRAVELERS LEAVING CALIFORNIA MUST BE FUMIGATED

SAN FRANCISCO, April 12.—California's isolation on account of the hoof and mouth disease epidemic among the livestock in the state was increased today. As a result of the restrictions in Oregon, Nevada and Arizona, difficulties in shipping farm produce out of the state have been made increasingly severe.

In order now for persons leaving California to enter other states by automobile, fumigation at the border has been made necessary. All roads leading out of the state have been placed under guard.

SHIPYARD WORKERS IN GREAT BRITAIN LOCKED OUT

LONDON, April 12.—Upwards of 100,000 shipyard workers in the British isles were idle today as a result of the nation-wide lock-out last night, resulting from the refusal of striking shipyard workers at Southampton to accept the owners' terms and return to work.

American Planes Ready To Hop Over The Ocean To Asia

SITKA, Alaska, April 12.—Assertive winter weather again held up the scheduled departure of the four around-the-world fliers today. Rain, fog, snow, sleet and a high wind combined to keep the planes out of the air and securely tied up in the shelter of a cove.

The planes have been ready for two days to get away to Cordova. According to a weather forecast tonight, they may be able to make the hop tomorrow.

Major Frederick Martin, chief of the army squad of fliers, said he and his men are in fine fettle and ready to take the air at the first rift in the weather blanket.

LAWYERS WILL CELEBRATE SAN JACINTO DAY

Eastland County Legal Fraternity and Families to Have Outing.

The lawyers of Eastland county and their families are to have a get-together meeting and a barbecue supper on the evening of San Jacinto day, April 21. The event is being sponsored by the Eastland Bar association, and will be held at Leon Lake between Eastland and Ranger.

The announcement, which has been mailed out to every member of the profession in the county, says: "Let us get together on this day and forget our troubles and our client's troubles for the time being, learn to know each other better and perhaps have a round table discussion for our mutual benefit. Also have a good, old fashioned barbecue out of doors where we can feel free and at home."

At the bar association meeting, it was left to the chairman, Senator Brelsford, to appoint committees to look after the arrangement of things necessary for the success of the affair, and he has made the following appointments:

Committee on grounds: L. R. Pearson, chairman; Milburn McCarty, M. McCollough, Frank Sparks, L. V. Dodson, W. H. Sewell, W. D. R. Owen.

Committee on program: John D. McRae, chairman; Forest Wright, B. W. Patterson, J. L. Alford, Carl P. Springer, J. R. Stubblefield, Frank Judkins, Allen D. Dabney, R. B. Truly, Judge G. L. Davenport.

Committee on invitations: R. N. Grisham, chairman; Perry Sayles, Earl Conner, Elzo Been, L. C. McEira, R. L. Rust, Jas. H. Kelley, Judge J. H. Jones, Sam K. Wasaff.

Committee on grub: Judge E. A. Hill, chairman, Oscar Chastain, John W. Turner, J. D. Barker, A. E. Fimmin, Thos. J. Pitts, C. C. Robey, Tom Cunningham, J. C. Reiger.

Invitations are extended to lawyers and any member of their families. Those expecting to attend are urged to notify the committees in charge, in order that plates may be reserved. One dollar will be charged for each reservation.

EVELYN NESBIT OBJECTS TO RELEASE OF THAW, HER FORMER HUSBAND

PHILADELPHIA, April 12.—Evelyn Nesbit, divorced wife of Harry K. Thaw, filed a petition in court here today opposing Thaw's release from the hospital for nervous and mental diseases. Thaw's hearing will come up in court Monday.

The petition, filed in the interests of Thaw's son, Russell, age 14, stated that Thaw has property which the boy has an expectative interest in by right of descent.

The petition further says that Thaw is mentally unfit and "if released will dissipate his property."

PRECINCTS WILL HOLD MEETINGS SATURDAY, MAY 3

Delegates Will Be Named for County Convention, May 6, in Courthouse.

BOTH editions also WKLY CHRON Call for a precinct convention on May 3 in all Eastland county precincts to select delegates to the democratic county convention on May 6, was issued Saturday by Frank Judkins, chairman of the executive committee.

The county convention to select delegates for the Texas democratic convention will be held Tuesday, May 6 at 2 p. m. at the courthouse in Eastland.

Each precinct chairman will preside in the precinct convention and if he is not present, the democratic voters present have the authority to select one and proceed to elect delegates to the county convention, Judkins stated.

Ranger is entitled to send the largest number of delegates, or 20. Eastland is next with 17. Cisco can send 15. Other precincts are entitled to the following number: Gorman, 9; Rising Star, 8; Desdemona, 5; Carbon, 5; Pioneer, 5, and all other precincts two delegates each.

Each precinct can send an instructed or an uninstructed delegation to the county convention, Judkins said.

May Lack Money But His Imagination Is Not To Be Despised

KANSAS CITY, April 12.—A man giving the name of Lowell K. Swartz and claiming to be from Akron, Ohio, held by the police here on charges of writing worthless checks, told a vague and colorful story of efforts he had made to obtain three million dollars of German money deposited in banks of this country. He said he killed a German spy in Italy and from him had seized papers revealing where the money was. After coming to this country the papers had been taken from him by persons who had threatened him with arrest unless he gave them up.

Because he had told her too much about his plans to recover the papers, his second wife, Helen V. Lossbun, was killed in St. Paul in 1922, he said, although the records showed she had committed suicide. He now operates a swindling and check forging scheme for two bankers in Ohio, he said. The police place little credence in his statements.

SINCLAIR DEMURS TO INDICTMENT CHARGING CONTEMPT OF SENATE

WASHINGTON, April 12.—Harry F. Sinclair filed today in supreme court, District of Columbia, a demurrer to the recent indictment charging him with contempt of the senate for refusing to answer questions before the oil investigating committee. The demurrer indicated the following points of law will be argued at the hearing:

That the senate has but few judicial powers, none of which include the authority to require answers to questions.

The fourth and fifth amendments to the constitution relieves persons from search and seizure of personal effects and private records and says witnesses need not testify against themselves.

That the questions were irrelevant.

DENEEN WINS REPUBLICAN NOMINATION FOR SENATOR

CHICAGO, April 12.—Senator McCormick has given up all hope of gaining enough votes in the 20 precincts yet to be heard from to overcome the lead of Charles D. Deneen, former governor, in the race for the republican nomination for senator from Illinois. Deneen has a lead of 4,016 votes and the missing precincts will not change the result. McCormick hoped to lead Deneen in an official canvass of the entire state.

Head Of Columbia Essays Defense Of Mellon's Immunity

PITTSBURG, Pa., April 12.—After upbraiding congress for its general conduct, Nicholas Murray Butler, president of Columbia university, in an address here tonight at a banquet in honor of Andrew Mellon, secretary of the treasury, scolded those who had investigated recent affairs of cabinet officers.

"Neither house of congress has any authority under the constitution to investigate the private affairs of anyone," Butler said. "The house may properly investigate any public officer who is liable to impeachment with a view to ascertaining if he should be impeached. The senate, however, if impeachment follows, must sit as a court, and is without any such authority as possessed by the house, and the present forcible manifestation of this authority is lawlessness personified."

DAUGHERTY NOW RECKONED RICH SAYS WHEELER

CHICAGO, April 12.—"Someone is going to jail and I am not worrying who it will be," Senator Burton K. Wheeler, Montana, head of the senate Daugherty investigating committee, declared here today. Wheeler reiterated the charges that the indicted returned against him by a federal grand jury in his home state of Montana was a "frame-up" by persons interested in stopping the investigation of Harry M. Daugherty, former attorney general.

"I am going on with the investigation and nothing will stop me until I have finished," said Wheeler emphatically. "Already we have shown that Daugherty was unfit for the post of attorney general. Before he became attorney general he was a poor man, and now, after three years in office, he is wealthy. We find him owning various stocks, including stock in the Wright-Martin corporation which, according to records, defrauded the government out of millions of dollars during the war. No movement was ever made to prosecute the company."

CONGRESS MUCH STIRRED BY THE NIPON THREATS

WASHINGTON, April 12.—In the face of warnings that the efforts of the United States to maintain the "open door" and other American policies in the Far East might be set at naught, the house today, without the formality of a record vote, wrote the controversial Japanese exclusion provision into the immigration bill and then passed the bill, 322 to 71.

Rejecting the appeals of Secretary of State Hughes to omit it and ignoring Japanese Ambassador Hanihara's warning of "grave consequences" to American-Japanese relations, the house swiftly adopted the exclusion provision, and its supporters then served notice they would insist on its retention should the senate move to strike it out, even though all immigration legislation at this session should be blocked.

SENATE FROTHS OVER HANIHARA'S NOTE, WHILE HOUSE ADOPTS EXCLUSION PROVISION.

Scores of amendments were offered in an attempt to modify some of the bill's important provisions and were shouted down by viva voce votes, the provisions basing quotas on the census of 1890 instead of 1910 as at present, withstanding all attacks.

Meanwhile consideration of a similar bill in the senate was blocked by discussion of President Coolidge's message about senatorial investigations.

Angered by the threat of Ambassador Hanihara that "grave consequences" would follow adoption of the provision for Japanese exclusion, senators today were expressing a hope of forcing its adoption promptly.

Nothing in some time has so stirred congress as the bristling suggestions in the letter sent by the Japanese ambassador to Secretary Hughes.

KNIGHTS TEMPLAR TO HOLD SPECIAL EASTER SERVICES IN CISCO

CISCO, April 12.—The annual Easter services of the Cisco Commandery No. 47, Knights Templar, will be held at the First Presbyterian church in Cisco Sunday, April 20, at 11 o'clock a. m.

In instructions sent out by Commander L. D. Wilson and Recorder John F. Patterson, all six knights are requested to assemble at the asylum at 10 o'clock Sunday morning in full uniform.

It is expected that a large number of the Knights Templar from Eastland and Ranger will attend the service.

PEDDY DEFENDS FRIEND CHARGED WITH OIL FRAUD

HOUSTON, April 12.—Laying aside the role of government prosecutor, G. E. B. Pedy, special United States attorney, took the witness stand for the defense of his friend John L. Debrueys, head of the Old Dominion Oil company, and who is charged with misuse of the mails in connection with the sale of oil stock.

Declaring his friend a "good, straight man and a square shooter," Pedy stated that his acceptance of the appointment did not include the prosecution of an old friend.

The case of Debrueys and John L. Lewis, also of the Dominion company, went to the jury late this afternoon.

Wants Message From President and Secretary's Letter Expunged From Records.

WASHINGTON, April 12.—As the climax to hours of bitter partisan debate, Senator Reed of Missouri late today introduced into the senate a resolution demanding that President Coolidge's message to the senate for cessation of present methods of investigating executive departments be stricken from the records.

Reed would strike out also Secretary of the Treasury Mellon's letter, which Mr. Coolidge transmitted. Reed's demand for the expunging of the two documents was taken on the ground that they constituted an insult to the senate. He made a bitter speech, in which he charged that the administration's desire to stop the investigation by the senate committee of the bureau of internal revenue—the specific inquiry to which the president and Mellon objected—must have at its foundation some fears of disclosures certain to come if the probe was permitted to continue.

SENATOR SEES APPARENT FEARS OF DISCLOSURES

A showdown between the senate and President Coolidge was postponed today when parliamentary procedure caused delay in action on the Reed resolution.

An old-fashioned debate was staged by Senator Watson of Indiana. While Watson said it was within the rights of the senate to inquire it should be done in a "legitimate" way. He upheld the president's contention that the private employment of Francis Heney by Senator Cuzens to probe the internal revenue bureau law violated the "spirit" of the law.

INTER-ALLIED DEBTS AND DEBTS TO THE U.S. NEXT TO BE SETTLED

PARIS, April 12.—The next big phase of progress towards a general settlement of the financial problems of Europe will be the calling of an inter-allied conference, at which questions of inter-allied debts and European debts to the United States will be raised.

This was the almost unanimous belief of French observers tonight as the nation debated the action of the reparations commission in accepting the Dawes report. It is known that Premier Poincare maintains the standpoint that there cannot be any final settlement of the reparations problem until the question of inter-allied debts and debts to the United States are settled one way or another.

RANGER MEN INTERESTED IN NEW OIL DRILLING WORK, NORTH OF CITY

Two new rigs will go up next week on the J. M. Williams tract, 10 miles north of Ranger. Ranger men are interested in the drilling, which will be by the Thompson Oil Corporation.

The Thompson Oil corporation of Ranger will put up the rig for its No. 3 Williams. Pearson, Brahaney and Joseph will drill on the Corbett lease of the Williams tract, taken over by these three men of Ranger. It will be Corbett No. 2. This lease offsets the holdings of the Thompson corporation. No. 1 Corbett was drilled in on another part of the tract and it came in for 60 barrels. No. 2 is expected to be a still better producer.

RUSSIAN SOVIET OFFENDED BY NOTE FROM FRANCE

MOSCOW, April 12.—Russia today sent a note to France rejecting indignantly the latter's interference in the trial of anti-soviet insurgents at Kiev. The note was sent in reply to a letter from Premier Poincare urging clemency on humanitarian grounds.

BOY KILLS HIS FATHER TO SAVE HIS MOTHER

CORSICANA, April 12.—John J. Easterling, 14 years old, shot and killed his father, W. D. Easterling, when the latter threatened his mother, according to the story he told officers today.

"Father came home drunk and threatened to kill the whole family," the boy said. "When he started to beat up mother, I shot him."

Four younger children saw the shooting.

BIBLE THOUGHT
DOMINION—God hath not given us the spirit of fear: but of power, and of love, and of a sound mind.—2 Timothy 1:7.

DR. SUTTON IS RIGHT.
Dr. W. B. Sutton, president pro tem of the University of Texas, is to be commended for refusing to sign a pledge renouncing war. "I don't believe we ought to throw away all our guns yet," he is quoted as saying. "I question whether anyone can justify his conscience in saying that he is either too good to fight or too proud to fight. We should try in every possible way to make war impossible."

HUMANITARIANS ARE GAINING IN NUMBER throughout the world and none of them wants war, but so long as they are lacking in number and power to enforce that principle it would avail little or nothing to sign a pledge renouncing war. So long as human nature is what it is there is only one way within the power of man to prevent war and that is to make it impossible. Airplanes and poison gasses, now being made more and more efficient and deadly, seem likely to make war synonymous with annihilation, which will be as near to making war impossible as man can make it.

CRYING FOR IT.
The Oil Belt News regrets there was no "United States senate investigating committee" detailed to probe the road bond graft and bank failures in Eastland county the past four years.

If the Oil Belt News would only tell what it claims to know and continually threatens to reveal there would be no need of an investigating committee. But so long as the Oil Belt News insists upon patterning after Harry Sinclair and A. B. Fall, and declines to tell its dark and hidden secrets for fear of implicating itself or its friends, preferring to be guilty of "contempt of the people," there is need of a senate investigating committee and congress should be importuned for one.

The committee must have an amply expense fund and every effort should be made here to entertain and enrich the members so they would make a long and costly (to the government) stay, that they might be in position after while to write an elaborate and exhaustive report on the fauna and flora of Eastland county.

It is to be hoped the Oil Belt News was pleased with the recent school trustee elections in Eastland county and with the election of Eastland city officials. The Ranger Times and the Eastland Telegram are delighted that the voters in the several school districts and the voters of Eastland showed such excellent judgment, electing candidates of such recognized high standing and unquestioned ability. Does the Oil Belt News utter a vociferous, "aye, aye"?

The Oil Belt News points with pride to its monthly payment of \$25 to the postoffice for use of the mails in the distribution of its daily (except Saturday) edition. This includes the weight of the wrappers. It is an impressive sum. The Oil Belt News is to be congratulated. Probably it is a much larger sum than the Oil Belt News pays to the few carrier boys it finds necessary to employ for those local readers who insist upon having the paper the day it is issued. Very unreasonable of them, isn't it, Mr. Esteemed Contemporary. If it was not for such impatience it would not be necessary to employ the two carrier boys who distribute the local circulation.

EASTLAND MERCHANTS AGREE TO TAKE THEIR SIGNS OFF HIGHWAY

Petitions were passed by the Eastland Chamber of Commerce yesterday requesting all advertisers on the state highway to cooperate with the highway department in beautifying the state highway by removing all signs on the highways. Every advertiser in Eastland who has a sign on the highway, who was approached by the committee, willingly signed the agreement. One or two were out of town, but it is believed these will sign also. This means that Eastland has started a movement which should spread over the entire state, and result in much good.

The following signed the agreement:
Higginbotham Bartlett & Co., The Boston Store, Bohning Motor Co., A. C. Stalcup, West Side Garage, Charlette Hotel, Woodward Motor Co., Pickering Lumber Co., McDonald & Kinnard, Barrow Furniture Co., Texas Bonded Abstract Co., Harwood Auto Supply Co., The Novelty Store, Satterwhite Hardware Co., Alhambra Hotel, Morris & Stubblefield, Eastland Motor Co., Campbell & Fagg, Sherrill Hardware Co., Texas State Bank, Haag Grocery & Market, Texaco Hotel, Englemann Hotel, Nash Sieber Motor Co., Eastland Storage Battery Co.

EASTLAND MEDICAL AND DENTAL SOCIETY MEETS

An interesting meeting of the Eastland Medical and Dental society was held Friday evening in the office of Dr. C. H. Carter. Practically all of the doctors of the city were present. The next meeting will be held two weeks from Friday night at some place yet to be announced.

While in session the doctors passed a resolution extending their hearty thanks to Secretary Briggs and other members of the entertainment committee of the Eastland Chamber of Commerce for their efficient service in assisting in entertaining the members of the Northwest Texas Medical society on their visit to Eastland last Wednesday.

BRITISH STEAMSHIP RADIOS MESSAGE OF DISTRESS

NEW YORK, April 12.—The British steamship Buchannan has sent out an S. O. S. message from latitude 49-46 north, longitude 22-22 west, naval communications here were advised tonight. The ship is about 800 miles off Valencia, Spain. The nature of her trouble is not known.

LOG OF WOOD FOUND ONE MILLION YEARS OLD

A log of actual—not petrified—wood a million years old has been found in California, according to C. L. Hill, assistant district forester of the San Francisco office of the United States forest service, who has sent a sample of wood to the forest products laboratory. The undecayed wood of 3,500 years ago found in Tutanhamens tomb is but a product of yesterday, comparatively.

"This piece of wood," says Mr. Hill, "was taken from 500 feet under ground in a tunnel of the California-Hawaiian Development company in Long Canyon, township 13 N., range 12 E., Mt. Diablo Meridian, California, on September 17, 1920. The log was buried in the gravels of a Tertiary stream bed about 12 feet under the lava cap of the grade flow which terminated the Tertiary period. It is, therefore, at least a million years old and is rather remarkable in the fact that it is neither silicified nor disintegrated except as to the lighter springwood of some annual rings."—Research bureau, National Lumber Manufacturers association.

HARLEY SADLER COMPANY WINS FAVOR IN EASTLAND

The Harley Sadler Vaudeville players closed a week's engagement in Eastland Saturday night and have gone to Cisco where they will appear for a week, giving their opening performance Monday night. Some of the plays that were given in Eastland will be staged at Cisco, but there will also be plays put on there that were not presented in Eastland.

The Sadler company has been coming to Eastland every season for a number of years. Their shows are always high class and entertaining and each year the size of their audience increases. The tent was packed to capacity on each night of their engagement.

ANNIE LAURIE ART SHOP MOVES TO NEW LOCATION

The Eastland Singer Sewing Machine agency has recently changed hands and the new manager, W. C. Hammons, has moved the business from Main street to 209 South Lamar where he has a supply of machines, parts, etc.

Mr. Hammons comes to Eastland from Ranger and Strawn where he has been engaged in this business for a number of years. He has been with the Singer Sewing Machine company 13 years.

The Annie Laurie Art shop is being removed from upstairs over the Dakan building on the west side of

Soldier Bonus Bill Reported Favorably For Senate Action

WASHINGTON, April 12.—The soldiers' bonus bill, rushed by a presidential veto after its previous passage of congress was today stricken on the last day of another adjourned to a probable similar fate when it was ordered reported to the senate by the finance committee. The bill is virtually the same as the measure which passed the house. It is built around 20-year endowment insurance policies.

The republican leaders will decide Monday whether it will take precedence in the senate over the tax bill. The bonus advocates urged that it be taken up first, so that they will have time to pass it a second time over the veto by President Coolidge.

The democrats of the committee interposed no objections for they will bring up their own bill, providing for cash compensation, on the floor.

ALLEGED BAD MAN BEING SOUGHT BY THE POLICE

LOS ANGELES, April 12.—Harry J. Dunlap, the "bad bandit," was being sought by the police today following his alleged attack on Miss Fontaine Large, motion picture actress. In addition to other alleged crimes, Dunlap is charged with having threatened the lives of Douglas Fairbanks and Mary Pickford. He has usually appeared before his victims wearing an officer's star.

STATE CONTRACTS FOR MOTOR TRUCK TIRES

AUSTIN, April 12.—The board of control today made a contract for the purchase of \$25,000 worth of tires for motor trucks for the state highway department. It is the largest single purchase of tires ever made in Texas.

CHIROPRACTIC

The body, like any other machine, will work normally when all its parts are in place, so the energy will apply. In the human body the energy is called vital force. It is transmitted through the nerves to the cells of the body, and so long as the nerve channels are free the vital force will pass to the place of function and normal activity will result. Normal function means HEALTH. No charge is made for an examination. It places you under no obligation. Investigation will show you that Chiropractic is what you are looking for, and will do all we claim. Call on the Chiropractor for full and free information. It is a pleasure to tell you all about this wonderful science. Lay aside prejudice (the child of ignorance). COME AND GET WELL.

Get Ready

For the greatest revival ever known in the history of Ranger, which begins at the First Christian Church today.

The services will be conducted by the pastor, Rev. H. B. Johnson, who is a most interesting speaker.

Your Soul

After all, is the one great thing in which you should be most interested. And for those who have not given this thought serious consideration, we sincerely invite you to attend these services.

The Kingdom

Of God is what we are so interested in telling you about. So come with us, and hear the Rev. Mr. Johnson tell about our Master and His Kingdom.

Of God

To whom we all so humbly and reverently bow, we ask in His Name that this meeting may be a great success for Ranger and our Church.

First Christian Church

CHURCHES

FIRST CHRISTIAN
Main, near Marston.—Rev. H. B. Johnson, pastor. Sunday school promptly at 10 a. m. Preaching by the pastor 11 a. m. and 7:45 p. m. Subject for morning hour "Christ and His Church." For evening hour, "The Divine Challenge." It is the wish of the pastor that all members of the church be present at these services, as we are starting our protracted services this morning. Let's have a great Sunday school this morning with good lessons and attendance. If you are in the city and have not lined with the church as yet, it would be a fine time for you to do so this morning. We will not have day services this week, but the evening services will begin at 7:45 each evening. Our choir leader, Mr. Earl Walton, will have charge of the singing and he has already organized the singers into a good choir, and you will appreciate the song service. Special music this morning. The pastor will do the preaching during the meeting.

FIRST METHODIST
Elm, near Marston.—Rev. A. W. Hart, pastor. Sunday school, 9:45; W. R. Pettit, superintendent; sermons, 11 a. m. and 8 p. m. Subject for the morning hour, "The Revival," evening subject, "A Call to Service." On account of district Epworth League meeting there will be no regular league program at their evening hour. The district league meeting is to be held in the Methodist church at Carbon. All our young people are invited to go. Cars will be provided. Just three services are to be held in the Methodist church but we are hoping to make those count in the largest possible way. Every member of the church is expected to be present and ready for duty. To stay out now, unless providentially hindered, would almost mark one as a "slacker." The Bible urges us to "avoid the appearance of evil." Bring your friends with you. No one will be more welcome.

FIRST PRESBYTERIAN
Marston, corner of Walnut.—Rev. G. D. Robison, pastor. Sunday school 9:45 a. m. Preaching 11 a. m., subject, "Hearing the Word." Y. P. S. C. E., 7 p. m. Evening worship, 7:45 o'clock, subject, "Serving Jesus." You are most cordially invited to these

services. We are confidently expecting all members of the Presbyterian church and the 150 unidentified Presbyterians and friends of the Presbyterians to show their colors by attending the evangelistic services beginning at 11 a. m. today and continuing two weeks. The results of this simultaneous campaign depends very largely upon the faithfulness with which the Christian people respond in their prayerful and regular attendance of the services of their respective churches and the personal efforts they make to win others to enter the warfare against Satan and sin.

FIRST BAPTIST
Walnut, near Marston.—Rev. W. H. Johnson, pastor. Sunday school, 9:45 a. m.; preaching, 11 a. m., Rev. Earnest Baldwin; Sunbeams meet at 3 p. m.; B. Y. P. U., 6:45 p. m.; preaching, 7:45 p. m. Special music and all welcome.

CENTRAL BAPTIST
Pine, corner of Commerce.—Rev. A. L. Leake, pastor. Bible school, 9:45 a. m.; preaching, 11 a. m.; evening service, 7:30 p. m. Fine music at all services and everyone welcome.

CHRISTIAN SCIENCE
421 West Pine Street.—Services Sunday 11 a. m., Wednesday 8 p. m. Reading room open Tuesday, Thursday and Saturday, hours 2 to 4 p. m.

NAZARENE CHURCH
315 Hunt street.—Thomas Ahern, pastor. Special invitation extended to all. Morning service 11 o'clock. Services every evening 7:30 o'clock until further notice.

SALVATION ARMY
South Austin street, near Elm.—Sunday school, 2:30 p. m.; street meeting at 7:30 p. m. Meeting at hall at 3 p. m. Weekly meeting at the same hours. Ladies Home Service league meets at hall Friday at 2:30 o'clock to sew for the needy.

EPISCOPAL
Opposite Young school.—Sunday school, 10 a. m.; morning prayer with sermon, 11 a. m.

CHURCH OF CHRIST
Rusk, corner of Mesquite.—Bible study, 10 a. m.; services, 11 a. m. and 7:30 p. m. O. G. Lanier will preach at Sunday service.

ROMAN CATHOLIC
Blackwell Road.—Rev. R. A. Gerken, pastor. Mass at 8 and 10 a. m.

YOUR CLOTHES OUGHT TO BE AS GOOD AS YOU ARE---

But are they? Most men have a pretty good opinion of themselves; it's important that they should have or they couldn't succeed. But do your clothes express the same opinion? They ought to because the majority of the people you meet don't have time to know you—they judge by appearances.

Your clothes will do you justice if you get them here. They're as good as clothes can be made; Special shipment for Easter just arrived. The colors are the new shades of gray and blue.

Ranger at Thurber Cisco at Olden 'Breck' at Parks

By HOWARD BARMAN
The Oil Belt Baseball association will start the season today with Ranger at Thurber, Cisco at Olden and Breckenridge at Parks. This new venture, the first one of its kind in the history of baseball clubs nearly a year ago, after it was seen Ranger would not get West Texas baseball, believes the clubs are entitled to the cordial support of the fans today.

Fans in all these little cities and towns have been accustomed to an opening game, that the novelty has worn out. But there is an outstanding significance attached to the Oil Belt that will force attention.

An association of clubs playing two scheduled games a week for pennant fund with permission to play non-association teams any day of the week except on Saturday and Sunday; players sharing in the net receipts, and the relative closeness of the towns which make up the association, are features unusual in baseball circles in West Texas.

Must Prove Its Success
How far this experiment will go towards achieving the success its backers hope for is something the writer hasn't heard anyone, directly or indirectly connected with it venture to predict.

At least two of the clubs will dive up the net earnings—Thurber and Ranger. Thurber did this last year and undoubtedly will do it this season. Cisco and Parks may be two other clubs to give their players the net receipts. The players in these last two communities have been instrumental in pushing their club's interests at meetings held in Ranger.

The big majority of the players will be on payrolls of oil, gas and gasoline companies in various capacities and so if the club fails to register net earnings at any time the players still will be fortified against the wolf. This is something which you can't say about some class C and D league teams we know about in Texas today. Every now and then a club blows up with the player, as Albert Ridings put it, "having" to go home with only a uniform and a glove."

Speaking of Loyalty
The amount of loyalty to the home club will be dependent upon the class of ball the team puts up and also the temperament of the fans. Ranger has tasted four years of league baseball and last season the first one without it, didn't get behind a semi-pro team until August, and the crowds only lasted one month.

Thurber and Olden can be depended upon to support their teams, and even though they are both small communities, their teams put up high enough class of baseball to attract fans from the country side.

Breckenridge is, without question, the best baseball town of the six clubs. She was last year and from the stories emanating from there this spring she will repeat. Breckenridge drew enormous gates for a semi-pro team last summer. The club will charge the highest admission price to the grandstand of any of the association clubs—75 cents. The box seat charge will be \$1.25.

Campbell Is Cisco's Dynamo
Cisco should finish the season, even with the ball park outside of the city, and if for no other reason than that she has a man of the energy of W. Campbell, Cisco theatre man. Campbell likes baseball and puts his money and time into the sport. He told the writer Cisco would positively have a better team this season than last. Go to it.

As for Parks, W. R. Sisk, the patient chap who drew up a schedule that met with keen satisfaction from all sides, gave the writer more glowing descriptions of the sport Parks would have on his last visit than on his first. We hope he is right.

Final Scores In Essay and Field Events Announced

Eastland in class A and Carbon in class B won first place in the essay and athletic contests held in the Eastland county tournament, according to official announcement made Saturday.

Gorman instead of Cisco is given second place in class A events. The

Ranger Hi Coaches Initiate the Spring Football Practice

"How can a team get a 25-yard penalty?"

Sounds like football, does it not? It is, sure enough. Coaches R. N. Sandlin and Dillard Marshall have been out with 25 new charges the past week. The men are giving the green recruits some lessons in the rudiments of football.

And they seem to like it. They've been out four times already, and soon they will be going out more frequently. This is not an innovation in Texas high schools, but it is for Ranger. It is simply one of those steps that lead to championship level teams of the calibre of Abilene, Waco and Oak Cliff of Dallas, the coaches say.

Soon the coaches will be giving them some plays to ponder over. So when Marshall or Sandlin begin

talking about a "right-end shift" next fall, the freshmen won't have occasion to arch eyebrows in complete surprise.

HENRY FORD STANDS BY HIS ADVOCACY OF COOLIDGE

Henry Ford's withdrawal as the presidential nominee of the Michigan delegation to the democratic convention will be in the hands of William A. Comstock, democratic state chairman, within 48 hours. Comstock already has received informal notification over the telephone that Ford will not accept the honor conferred upon him by the democrats of his home state in spite of his open avowal for President Coolidge.

"I am going to withdraw," Ford said over the telephone. "The letter will be written today or tomorrow. I have said I favored the election of President Coolidge. I am not an Indian giver, and nothing has happened since my announcement that I favored Coolidge to cause me to change my mind."

ORDER IN WHICH EIGHT NATIONAL LEAGUE TEAMS WILL FINISH THE SEASON, IS PREDICTED BY FARRELL

By HENRY L. FARRELL, league pennant four times in consecutive years. That may be a SENE WYORK, April 12.—No baseball club has ever won the National

achieve that record this year with the New York Giants.

The best ground upon which to base a prediction that the Giants will fail to win the National league championship this year is that they are not good enough, and for that reason we predict that the "scourge of New Yorkitis" will be removed from at least one-half of the world's series.

By considering what the eight National league clubs were at the close of the 1923 season, what has happened to them since the close of the season and what they showed in their training, we are willing to take the blame for predicting that the eight teams will finish the season in this order:

- Cincinnati Reds
- New York Giants
- Pittsburg Pirates.
- Chicago Cubs
- St. Louis Cardinals
- Boston Braves
- Brooklyn Robins.

Death, as was manifested in the fate of Pat Moran, removed the Cincinnati Reds from the position of an almost sure winner to one of a slightly doubtful condition.

If Pat Moran could have led the Reds through the 1924 pennant race the Giants could not have stopped him. Moran passed on to Jack Hendricks, a good baseball man, the same hand that he would have played, but Hendricks may not be able to play it as skillfully, not because he does not know how, but because he may have trouble handling the cards.

If the players on the Reds would rather have had one of their own members named to lead the club instead of a minor league manager who had been hired as a coach; if they feel any dislike against their manager and allow it to influence their play, the Reds may not win the pennant.

Probable Line-Ups, Ranger and Thurber shrdlu shrdlu uu ll ll

Here are the probable line-ups of the Thurber and Ranger clubs when they take the field this afternoon at Thurber:

Ranger, in batting order. Lory, 3f; Linsmore, 2b; Mieber, Guydas, rf; McElreath, lf; George Guydas. Thurber's batting order. D. Imasso, 4outs, c; Snodgrass and Kings, p, ef; George Ridings, 1b; Wiggins, ss; L. Carrin, 2b; Knight, rf; White, cf; Beechcl. lf; Adkins, cf; Paulowsky, rf; McKinnon, 3b; Hudspeta and Appleton, p.

Scaly, Adams, Boons and Gates may also get a chance to play this afternoon with the Ranger club, Adams, a pitcher, and a brother of H. G. Adams, Ranger merchant, came in Saturday from Tennessee.

ORATORS ARE DISCUSSING U.S. CONSTITUTION

Eight District Winners to Compete May 7 for Place in National Contest.

DALLAS, April 12.—A million boys and girls are participating in the national oratorical contest on the constitution. That is the outstanding fact of the reports from all parts of the country which have been used as the basis for the statistics sent participating newspapers by Randolph Leigh, organizer and director of the contest, from national headquarters in New York City.

The magnitude of the undertaking, and the enthusiasm with which it has been received, are reflected in the following summary of the contest to date: Contestants (approximate) 1,000,000. Schools participating, 13,281. Metropolitan newspapers, 41. All other publications, 572. Adult co-operators, 53,132.

The contest, which is a clean-cut newspaper contribution toward better citizenship and has no commercial features, has received the support of publicists and educators everywhere.

In practically every community the local committee of the bar association has aided the newspapers in the work of stimulating interest in and respect for the constitution of the United States. Likewise the leaders in the Chambers of Commerce, Rotary, Lions and Kiwanis clubs, and other organizations of a similar nature, have been unstinting in their aid.

Within a few weeks even the largest contest centers will have selected their spokesman. Then on May 16 there will be meetings to determine the section champions. The sectional meeting places will be in New York City, Chicago, Philadelphia, Birmingham, Kansas City and Los Angeles.

The section champions having been selected, they will, June 6, in the presence of the president of the United States, compete for national honors, and for the national award of \$3,500, \$1,000 and \$500.

The Texas contest will be held at S. M. U. May 7. Winners in eight districts will compete.

SLASH TAX BILL, DESPITE MR. MELLON

WASHINGTON, April 12.—The Mellon tax bill, reported to the senate, will create an "apparent deficit of \$50,989,444 in government revenue, but this will be taken care of by improvement in business incident to putting taxes on a proper basis," Senator Stanford said today in submitting to the senate a formal report on the measure.

The bill slashed \$434,720,000 in revenue from the present law, whereas Secretary of the Treasury Mellon said it would be unsafe to cut taxes more than \$434,320,000. Smead estimated the tax measure would yield \$395,000,000 in surtaxes and normal taxes and \$327,000,000 in corporation taxes. This would make the total annual income \$1,522,000,000.

NEGRO JANITOR CHARGED WITH DEATH OF DR. WILKINS

KANSAS CITY, April 12.—Dillard Davies, negro janitor, was held today for preliminary hearing on charges of murdering Dr. Zoe Wilkins. Similar charges against B. F. Tarpley and Charles Wilkins were dismissed.

TEXAS U STUDENTS ACT AS JUDGES IN COUNTY LEAGUE MEETS

AUSTIN, April 12.—Twenty-three University of Texas students recently visited 14 Texas towns, acting as judges in county league meets. Such judges for county events are sent out by the interscholastic league and are selected largely from public speaking students through recommendations of the faculty.

Events judged by students in the county meets included debates and declamations, athletic events, track tennis, volley ball, and others participated in by high school students. Expenses of the students going out to serve various schools, are paid from the local athletic or league funds, or by other school organizations.

Students making the trips were: H. C. Woodruff, Paradise; W. T. Henrichson, San Antonio; Earl Swanger, Normangee; H. G. Turner, W. S. Leslie, Snyder; M. R. Hall, Bayside; F. L. Duggan, Marietta, Okla.; J. C. Stagner, Itasca; Hal Bourland, Houston; J. G. McAllister, San Antonio; H. Schuenemann, Kennedy; Richard Blalock, Marshall; J. P. Ellis, Fort Worth; Ben Shanblum, Fort Worth; James Gosch, Flatonia; W. A. Cain, Austin; Roy Henderson, Sabinal; Ray Gerhardt, San Antonio; Alton Luckett, San Antonio; Basil Basila, San Antonio; George Rice, Fort Arthur; Frank Dayvaunt, Glen Flora; Howard Gilstrap, Granger.

Towns visited were Lexington, Freeport, Hunt, Lampasas, Kenedy, Rockdale, Hondo, Eastrop, Taylor, Nixon, Elgin, Bertram, Hearne and Lockhart.

Another group of seven students will be sent out to Goliad, Charlotte and La Grange to judge similar county meets.

District contests were held on April 11 and 12, and others will be held April 13 and 14, preceding the state meet which will be held at the University of Texas the first three days of May. Students will also go out to judge the district meets and will assist in the state contest.

BONNIE BLUE FLAG CHAPTER U. D. C. HAS DEFINITE WORK

DALLAS, April 12.—Mrs. J. F. Self, official of the newly organized Bonnie Blue Flag chapter of the United Daughters of the Confederacy, says this body will attempt to keep straight the records of the Confederation and to minister to the needs of the less than 30,000 living heroes of the Confederacy. The organization wants the daughters and granddaughters of the Confederates for members and is making efforts to get chapters with every eligible woman in Dallas and this section enrolled.

M'ADOO TELLS HOW HE STANDS ON K. K. K. ISSUE

By United Press. HOUSTON, April 12.—William Gibbs McAdoo, democratic presidential candidate, was met by a group of his supporters as he stepped off the train here today. McAdoo gave out a prepared statement at his hotel when he was asked by newspaper men how he "stood on K. K. K."

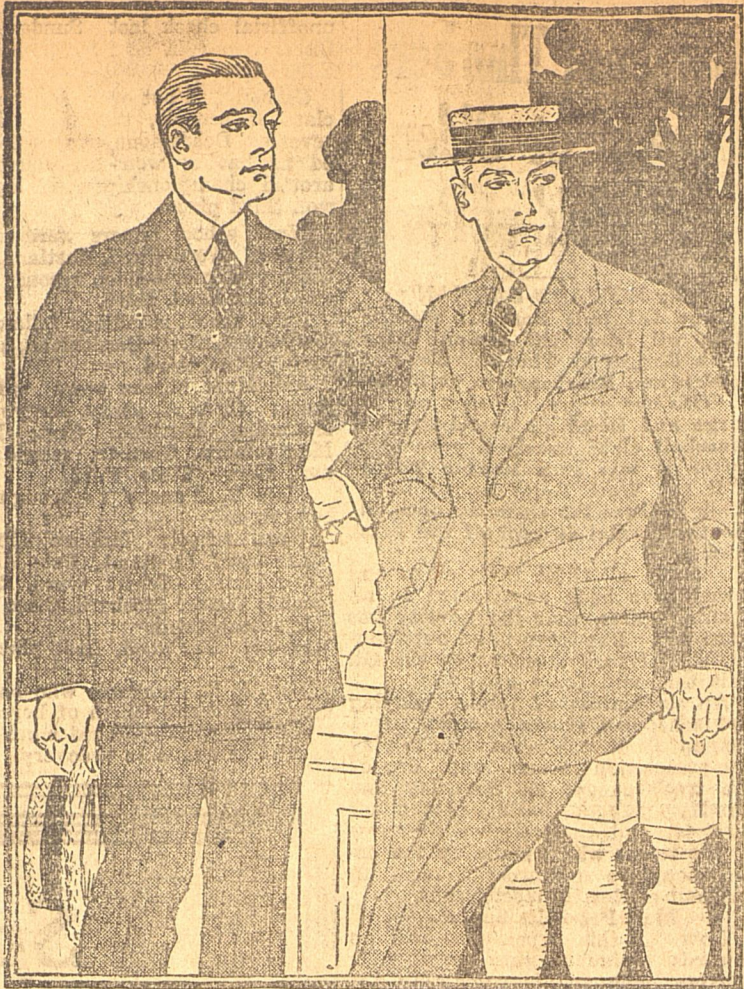

"I stand four-square with respect to this and all other orders and organizations on the immutable guarantees of liberty contained in the first amendment to the constitution of the United States, namely freedom of religious worship, speech, press, and right of peaceable assembly."

McAdoo has been using this statement as his answer to all queries as to how he stands on the Klan issue.

SOUTH AMERICAN BOXERS ON WAY TO THE U. S.

BUENOS AIRES, April 12.—Considerable water was displaced when two of South America's institutions—Ermino Spalla and Luis Angelo Firpo—boarded the liner Western World for New York. Firpo is said to have rushed the gangplank the last minute of sailing time when he heard Spalla was on the boat headed for North America. Spalla said he intended signing up some hurry-up contracts with Tex Ricca, some heavyweight bouts in the states.

STYLES SHOW INDIVIDUALITY

Copyright, 1924, Hart Schaffner & Marx

Individuality is one of the most striking things about American men. They insist on expressing their own ideas.

They won't all go to the same church, drive the same kind of car, vote the same political ticket or wear the same clothes. They simply must be "different."

That's one of the most refreshing things about American styles. You can't put the men in uniforms. Some like double-breasted clothes; some do not;

some like form-fitting styles and some want their clothes loose.

The two suits shown above typify the individuality of American styles. At the left is a double-breasted suit, with an indication of the waist line and athletic shoulders.

At the right is a two-button easy fitting, loosely draped suit of the modified English type with the buttons widely spaced and the waist line low.

Both are correct and both are popular.

RANGER LEGIONNAIRES OFF EARLY TODAY FOR CISCO

Members of the Carl Barnes post, American Legion, will start at 8 o'clock this morning from the side door of the Guaranty bank building for Cisco, where they will participate in the 17th district convention of the Texas American Legion. A large delegation is expected to go from Ranger. The legionnaires will try to bring the next district convention to Ranger.

RANGER GIRLS SET FAST PACE SHINGLING HAIR

That mannish hair-cut, the shingle, is quite the thing in Ranger. Authority for this statement is based on interviews with a beauty parlor operator and an owner of a barber shop.

And Ranger girls and women know what they want when they come in to be clipped, cut and curled. If its a French shingle they want, they know whether they got it after a glance in the mirror. If a feather edge shingle would make them look "chic," ditto.

Valentino Bob Is Rare. So said Jessie Shaw of the Rosebud beauty parlor in the Marston building. The Gloria Swanson bob is going out of date, she said. Very few come in and ask for the Valentino bob. This bob becomes a dark haired girl and with the slender face.

"Everybody is hobbing," she said. "All ages. The shingle hasn't struck elderly women nor is it likely to."

The shingle is the thing at the Ranger high school. The last word. When high school classes dismiss at 3:45 p. m., it is a common sight to see girls wend their way to their favorite shop.

The close cropping shingle came in with a bang in Ranger. Paul Chrimmes, owner of Gholson hotel shop, said that three weeks ago, not three per cent of the girls who came to his shop asked for a shingle. "Thirty per cent of them ask for the shingle, I'd say," Chrimmes declared. Which is a rapid jump in popularity.

Shingling, clipping and cutting keeps his barbers busy after school hours. "They come in here sometimes 15 and 20 in a day," he said. "Yeah, the bob and the shingle are the liveliest things alive today."

POLICE SEIZE NARCOTICS AND ARREST LONE NEGRO

DALLAS, April 12.—Narcotics valued at \$10,000 were seized by police in raids here Friday. A negro, charged with peddling dope from a large touring car, was detained by the police for investigation. A number of bottles of "red" liquor were also found in the negro's car.

WALL STREET GIVING ODDS ON NOMINATION OF SMITH

NEW YORK, April 12.—Wall street is betting 1 to 10 that Governor Al Smith, "wet" candidate, will be the next president of the United States. Five to one is asked against his obtaining the democratic nomination. President Coolidge is now a 6 to 1 favorite for the republican nomination. The odds are 1 to 4 that the next president will be a democrat.

DIAMONDS GO INTO GARBAGE

DES MOINES, Ia., April 12.—Mrs. M. Pochter concealed her jewels valued at \$1,000 in a box of bran flakes to guard against burglars. A woman, cleaning the house placed the box containing the diamonds in a garbage can. Now police are searching the public dumps for the jewelry.

Brookhart Insists Daugherty Finances Worth Looking Into

By United Press. WASHINGTON, April 12.—Balked in its attempt to get at the bank account of former Attorney General Harry M. Daugherty and Jessie Smith, the senate investigating committee tonight laid plans to overcome legal objections thrown in its way and for more relentless scrutiny of Daugherty's financial affairs.

Chairman Brookhart appeared by no means discouraged over the failure of the committee to force its way into the Midland National bank of Washington Courthouse, Ohio, owned by Mal Daugherty, brother of the former attorney general. "On the contrary, I regard the testimony taken in Ohio as the most significant evidence that has yet been produced before the committee," said Brookhart. "The testimony of John Thelon, bank examiner, who was permitted to make a brief study of the bank's books, indicates that Harry Daugherty was virtually bankrupt just before becoming attorney general, but after taking office he had nearly \$75,000 deposited to his credit in his brother's bank."

Daugherty's ownership of large blocks of stock in the Wright-Martin Aircraft corporation, which is alleged to have received large overpayments from the government on war contracts, likewise is highly significant, in the opinion of the committee.

DRY LAW STRANGLING IN NEW YORK ASSEMBLY

ALBANY, N. Y., April 12.—New York state's proposed prohibition the final session of the state assembly measure was defeated in assembly. Senator Walker, majority leader, automatically killed the proposed law when he refused to grant a special rule bringing the act up for consideration.

HUNDREDS OF DEAD FISH FOUND AFTER HAIL STORM

AUSTIN, April 12.—Authorities are investigating the death in the San Gabriel river during the recent hail storm of hundreds of fish. The dead fish were found strewn along the banks of the stream. It is unknown whether they were killed outright by the hail or swallowed the ice pellets and died later from indigestion.

**'NO STRANGERS'
IN METHODIST
CHURCH GROUP**

Two Persons, Blindfolded, Get
Acquainted with Others at
Social.

The get-acquainted social on Friday evening at the Ranger Methodist church was one of unusual pleasure and satisfaction. A large and enthusiastic crowd gathered early, filling the entire basement of the church with friends and neighbors joyously greeting each other and introducing those not so well known. The guests were greeted upon arrival by Rev. and Mrs. A. W. Hall, Messrs. and Meses. Walter Harwell, J. H. Killingsworth, A. W. Turner, Mrs. Nova Little and others. A large group of other ladies and gentlemen were present to greet each and to introduce them. And for quite a while informal fellowship and conversation reigned.

Rev. Mr. Hall, as master of ceremonies, introduced a program of unusual get-acquainted features, to the effectiveness of which such expressions as "I've never met so many Methodists before since I have been in Ranger," bear tribute. A unique method of the possibility of getting acquainted was demonstrated by Dr. Carl Wilson and Mrs. S. E. Ruble, who, though blindfolded, found it possible to get acquainted. Other equally successful means of knowing-

REV. A. W. HALL

your-neighbor were introduced. So that the evening found no strangers at its close.

During the evening other amusing and entertaining features were introduced. The "Viva la Italia, la Americana, la banana" charades were heartily indulged in by Messrs. Boon, Valliant, Campbell and Killingsworth, against Messrs. Shook, Flewellen, Mills Davenport, and Ed Dixon. In her most splendid vein, Mrs. Sandford Terrell delighted the audience with two well chosen readings, Riley's "Hullo," and "The Honey-moon."

A brief sing-song, heartily entered into by every one closed the informal program. Whereupon Misses Virginia Brooks, Helen and Katherine Hall, Eleanor Alworth and Shirley

Shook served the guests with home made cake and brick ice cream. Too much credit cannot be given to the large and splendid committee Mrs. Roy Jameson, chairman. It is the purpose of the pastor, assisted by the stewards and the W. M. S. to have such a social gathering each two months, whose underlying impetus is "get acquainted with your neighbor—you might like him."

**BOYS' WEEK TO
DEVELOP ONE OF
BIGGEST ASSETS**

Program Arranged for Each
Day of Week Beginning
April 27.

Sunday, April 27, is the beginning of boys' week. The boys' week idea was launched with some misgivings at first, but the appeal made by such a scheme to bring vividly to the public mind the real importance of the boy who is the man of the future and to convey to the mind of the boy some idea of the importance of citizenship, was one that could not be denied and has caught on to an extent that has more than pleased its promoters. It is a movement as admirable as it is novel and the status of the boy in the community should be raised considerably, much to the advantage of the community and the benefit of the boy, their being dependent, of course, to a great extent on the ability of the boy to realize just what is being done for him.

Sixty representatives of organizations in boys' work met in Chicago in January to discuss ways and means for boys' week for the year 1924 to review the achievements and failures of preceding boys' weeks; and to suggest improvements, wherever possible, for the coming observation of this singular feature. After much discussion and careful consideration, it was decided to recommend the following program of days with the same slogan, "Boys—a Nation's Greatest Asset."

Sunday, April 27—Boys' day in churches.
Monday—Boys' day in schools.

\$200 to \$400 Saved

On This Light-Six Touring Car

By our matchless facilities—our enormous production

HERE is a car priced at \$1,045. Built by ordinary methods it would cost you from \$200 to \$400 more.

It is in scores of ways the leader of its class. No rival car compares in the value that it offers.

Let us tell you how we give that value, then urge you to see this car.

A sensation

Studebaker is today the world's largest builder of quality cars. Studebaker success is the sensation of Motordom.

Sales have almost trebled in three years. Last year, 145,167 people paid \$201,000,000 for Studebaker cars.

There are tremendous reasons for this rush to Studebaker cars. And every man who buys a car should know them.

72-year traditions

The Studebaker name has for 72 years stood for quality and class. To build an ordinary car under that name is unthinkable.

Our assets are \$90,000,000—all at stake on serving you better than all others.

We have \$50,000,000 in model plants, equipped with 12,500 up-to-date machines. We have 23,000 workers, under profit-sharing plans which lead them to stay and develop.

We spend on engineering \$500,000 yearly. We employ 1,200 men to give 32,000 inspections to each Studebaker car in the making.

We are lavish

We are lavish in things that count.

We pay 15% bonus on some steels to get them exactly right. We use genuine leather in our cushions. We use curled hair.

We use more Timken bearings in this Light-Six than any competitive car within \$1,500 of its price.

Our bodies are beautiful creations. The finish and coach work show the final touch. But we build them in \$10,000,000 body plants of our own, and pay for these extras in savings.

Where we save

We save by enormous production—150,000 cars per year. Our major costs are all divided by that enormous output. It is utterly impossible for smaller makers to compete.

We save by modern plants, mostly built in the past five years. We save by up-to-date machines. By building our own parts and bodies.

See what this car offers

Come see what this Light-Six offers. How it excels in scores of ways any rival car.

Built with the same steels, the same care and skill, as the costliest of our cars. We have only one grade of chassis.

See its beauty, its comfort, its luxury. See how we have studied your every desire.

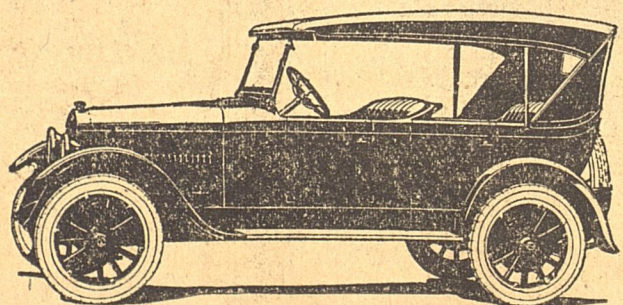

Do that and you will choose this car, if you have in mind a price anywhere near this.

Send for the book

Mail us the coupon below. We will send you free our new book that will inform you on five simple things which reveal the value of a car. For instance—

It will enable you to look at any car and tell whether it's been cheaply made or built to meet a price or

why some cars rattles and others don't. It will point in a closed car whether you're getting medium quality. The book is yours if you mail the coupon below.

**Studebaker Light-Six
Touring Car—\$1,045**

Same steels as we use in the costliest cars we build. More Timken bearings than in any competitive car within \$1,500 of this price.

Genuine leather cushions, ten inches deep. Curled hair filling. All-steel body.

One-piece, rain-proof windshield. Attractive cowl lights. Standard non-skid cord tires.

Transmission and ignition locks. Perfect motor balance. Curtains that open with the doors.

By far the greatest value in this class.

Mail coupon for book about it

We machine all our crankshafts and connecting rods in the Liberty plant at Eastland, Texas. No other maker of cars at our prices does this. The result is that perfect motor balance, lack of vibration and long life.

"The Car for Everyone"

says noted "MOTOR" authority

The New Essex possesses many qualities which I did not believe could be incorporated in a closed car selling for \$975.

"It is a type long needed in this country. It possesses grace and beauty, can travel at sustained high speed without passenger discomfort, is surprisingly economical to operate and does not cost much to buy.

"It is unusually smooth, accelerates better than the previous Essex, which is saying a great deal, and is 'the' car for everyone."—H. A. Tarantous, in MOTOR.

They All Praise Buick

Ask any garageman, any mechanic, in fact, any person who knows motor cars, what he thinks about Buick. Invariably he will tell you that Buick is a thoroughly good, high grade and dependable automobile and that a person makes a genuinely satisfactory investment when he buys one. Then ask the Buick owners you know what they think about Buick. Do these things and you will quickly understand why Buick has sold over one million motor cars and why you, too, should own a Buick.

SIXTH DISTRICT T.F.W.C. MEETS AT COLORADO

Three-Day Session Well Attended and Both Instructive and Enjoyable.

The annual meeting of the Sixth district, Texas Federation of Women's clubs, held last week at Colorado, Texas, is of more than usual interest to Eastland county because the president of the district, Mrs. Wm. Reagan of Cisco, is a resident of this county. Mrs. M. H. Hagaman of Ranger is first vice president, Mrs. Kelly of Cisco is secretary-treasurer. Colorado was in gay attire for the meeting, which began Thursday morning and closed Saturday afternoon, all sessions being held in the American Legion memorial building. The clubs of the Mitchell county federation were hostesses for the event. The welcoming address was given by Dr. B. C. Coleman, president of the Colorado Chamber of Commerce, who declared that the influence of club women in state affairs, education and society would soon cause the entire nation to redound with lofty ideals, and that their influence will play a large part in preventing future wars.

Other speakers to welcome the convention were J. C. Hall, county judge; R. H. Looney, mayor; C. M. Adams, president of the Lions club, and Mrs. J. G. Merrill, president of the Mitchell county federation. The response was delivered by Mrs. E. S. Nobles of San Angelo, a past president of the district federation.

Mrs. Henry Redmond of Corpus Christi, president of the state federation, delivered an inspiring address in which she urged Texas club women to do their part well in every duty from that about the hearthstone to participation in affairs of national importance.

Various social features of entertainment were planned for the pleasure of the visitors, among them being a drive to the Pioneer club house 10 miles northeast of Colorado, where a home demonstration was given and a picnic luncheon served.

In connection with the club federation convention, it will be interesting to note that the Colorado club women pioneered introduction of the Texas Federation into West Texas and that club women of Colorado had a part in forming the state organization at Tyler in 1898. Delegates representing the "Up-to-Date" club at Colorado and the "XXI" club of Abilene, were the only West Texas club women to participate in the organization meeting at Tyler, and through efforts of these two clubs the federation spirit developed in this part of the state.

TIFFIN

The Sunday school class, taught by Robert Pearce MacFarland, was entertained Saturday, April 12, from 3 to 6 p. m. at the home of Mr. and Mrs. R. H. MacFarland. About 15 of the little folks attended and passed the afternoon pleasantly with games and with refreshments consisting of ice cream and cake.

The Parent-Teacher association of Tiffin will hold their next regular meeting in the schoolhouse, Thursday evening, April 17. Each person who comes is expected to bring a book for the library shower long planned by the club. Mr. and Mrs. Jamison and Mrs. Hessian are the committee appointed to be at the doors to receive the books.

The meeting will begin promptly at 7:30 p. m. and after reports of committees on entertainment and new members the nomination and election of officers will be made by ballot. The community library for Tiffin has been an objective for effort since the beginning of this term and the president, Mrs. Jarvis, asks that we make this book shower a good start on an instructive library that will be a permanent benefit to the children and grown-ups of Tiffin.

CENTENNIAL DELEGATES TO DISTRICT MEETING IN ABILENE ARE NAMED

The county centennial convention, held at the Eastland Chamber of Commerce Saturday afternoon for the purpose of selecting delegates to represent Eastland county at the district meeting in Abilene next spring, was not very largely attended. The following delegates and alternates were elected:

Delegates—Mrs. J. D. Alexander, Cisco; N. N. Rosenquest, Eastland; George W. Briggs, Eastland; Senator H. P. Beardsford, Eastland; Mrs. Anna Hagaman, Ranger; Mrs. Hattie Thompson, Gorman.

Alternates—Mrs. R. Q. Lee, Cisco; Mrs. W. T. Young, Eastland; Theo Ferguson, Eastland; Dr. Caton, Eastland; Mrs. John M. Gholson, Ranger; J. W. Cockrill, Gorman.

TRANSCRIPT OF GORMAN HOME REFINERY CASE COMPLETED

The transcript in the noted Gorman Home Refinery case has been completed by the district clerk, the case having been appealed. This is a case in which the commissioner of banking, acting for the Farmers State Bank & Trust company, a defunct institution, brought suit against the stockholders in the Gorman Home Refinery company, a trust estate, for a debt against the company. It was tried in the Eighty-eighth district court and judgment was secured for the defendants, of which there are more than 1,200.

LEE WILLIAMS HEARS CALL TO ENTER CONTEST

Announces for the Democratic Nomination for County Commissioner, Precinct No. 1.

A promise for a square deal to all parts of the county, some precincts of which "have been badly neglected," is contained in an announcement made Saturday by Lee Williams, farmer, for county commissioner from precinct 1, which includes the city of Ranger. He did not specify the precincts "neglected" but he believes they are entitled to consideration, Williams said, "in way of roads, that they may be able to reach the different highways that have been built through the county, the same as those which have these improved roads."

Williams promises to keep the tax rate as "low as possible," and see that all persons pay their "just portion of taxes."

Stating that while he does not have experience as an office holder, he believed he had the right to ask for support of voters.

Williams is 54 years old, was born in Hill county, Texas, and has lived in the Merriman neighborhood, south of Ranger, for 36 years. He is married and has three children. He is a democrat in politics. At present he is a school trustee of the Ranger independent school district.

Mr. Williams says in his announcement: To the Voters of Commissioners' Precinct No. 1, Eastland County:

— LETS GO —

I am a candidate for the office of county commissioner for this precinct, subject to the action of the democratic primary in July. I am a democrat, have always taken an active part in the democratic primaries and other elections in this county.

I am a native Texan, 54 years old, came to Eastland county 36 years ago. I have never asked for an office before, neither has any of my people. While that does not qualify me for the office of commissioner, I believe I have the right as a taxpaying citizen to ask for it and to ask that each of you, as voters, to investigate my character as a citizen and my standing in the community in which I live, and if you find me worthy of your support I would appreciate it.

I will, if elected, give you the best service within me to render, with a square deal to all parts of the precinct, some of which have been badly neglected. I believe they are entitled to some consideration in the way of roads, that the people may be able to reach the different highways that have been built through the county, for which they are paying taxes the same as those of us who have these roads near us. I will endeavor to keep the tax rate as low as possible and see that all persons pay their just portion of taxes.

Respectfully,

LEE WILLIAMS.

DELIGHTFUL BIRTHDAY PARTY FOR THREE CHILDREN.
 The three little children of Mr. and

Mrs. J. G. McGee of 621 South Oak street, entertained at their home Saturday afternoon with a birthday party. A host of little friends gathered and had an enjoyable time playing games. Then ice cream and cake were served, after which all went out to a hill off the Bankhead highway and looked for Easter eggs, it being known that was a hill which the rabbits frequented. A large number of eggs were found, Nona Hunt and Paul Bray finding the largest number and being rewarded with Easter rabbits for their industry.

The hosts of the party, Ben Davis, Trilby and Pauline McGee, had the following guests: Dixie Neal, Mildred Wheeler, Mavis Murray, Nona Hunt, Billy Dunlap, Louise Pitcock, Alta Mae Miller, Priscilla Miller, Myrtle Lucile Mills, Hazel Faircloth, Imogene Cox, Lucile Cox, Lucile Patterson, Doris Murray, Estelle Bray, Ruby Frasier, Estella Barnes, Mary Allen Anderson, Christine Baker, Pauline Lloyd, Ellen Berry, Maudie Louise Rice, Anna Martha Credy, Estelle Credy, Billy Francis Lawson, Catherine Lawson, Myrtle DeMasters, Marie Britton, Margaret Owens, Mary Ruth Pond, Lee Russell, Billy Wals, Walter Park, Ernest Anderson, Murrin Lawson, Charles Lawson, Marvin DeMasters, Paul Bray, Joe Bray, Otho Mount, Albert Miller, Earl DeMasters.

Assisting Mrs. McGee in entertaining were: Mesdames Murray, Reisinger, Pitcock, DeMasters, Lawson, Pevehouse, McClary, Pond and Miss Rice.

VISITORS FROM ABILENE.
 Miss Zaila Drake and Miss Girelene Dane came over from Simmons college, Abilene, with Miss Iva Williams in her automobile to spend the weekend with Rev. and Mrs. A. L. Leake. The Misses Drake and Dane are nieces of Mrs. Leake.

ROBINSON-WIEGAND WEDDING SOLEMNIZED.

Miss Lillie Wiegand of Gatesville was united in marriage with George A. Robinson of Ranger Saturday afternoon at the home of the bridegroom's sister, Mrs. Morgan of Bobo avenue.

The ring ceremony was used by Rev. A. L. Leake of the Central Baptist church. Following the ceremony a wedding supper was served at the home of Mr. and Mrs. Morgan.

Mr. Robinson is with the production department of the Texas Pacific Coal & Oil company.

MRS. CHAMPION HOSTESS TO TWENTIETH CENTURY CLUB.
 Members of the Twentieth Century club enjoyed meeting with Mrs. J. F. Champion on Friday afternoon. High score prize was won by Mrs. Brown and low by Mrs. Wiss. Delicious refreshments were served. VIVIAN CHAMPION HAS FOURTH BIRTHDAY PARTY.

A lovely party was given Saturday afternoon by Mrs. J. F. Champion for her small daughter Vivian, in honor of the little lady's fourth birthday. Easter decorations and favors were in evidence and delicious ice cream and cake were served after a number of games had been played. Many lovely gifts were presented the little girl. Those present were Adeline and Bodine Wals, Betty Wiss, Elizabeth Ernst, Jack and Areta Mooney, June and Francis Frahamcy, Catherine Jane Conley and Boss Thurman.

COOPER-HALLBROOK WEDDING SOLEMNIZED.

The marriage of Miss Frances Hallbrook to Thornton Cooper was quietly solemnized at 8 o'clock Saturday night in the parlors of the Central Baptist church, a few relatives and friends being present. The bride is from Rising Star, and the bridegroom a nephew of V. V. Cooper. For the present they will make their home with the bridegroom's father on the home farm two miles north of Ranger. Rev. A. L. Leake performed the marriage ceremony.

CENTRAL BAPTIST TEACHER TRAINING CLASS CLOSED.

The teacher training institute of the Central Baptist church closed most successfully Saturday night with 50 members receiving diplomas and seals. In view of the fact that a similar school of instruction was held only a few months ago this was considered a marked success.

Mrs. W. R. Jackson returned Friday from Abilene where she visited her sister, Mrs. A. L. Higginbotham for the last week.

Mrs. J. T. Gullahorn entertained Saturday with a rook party for Mrs. J. T. Ralston of Oklahoma.

One For All and All For One

Everywhere people are coming to realize more and more how inter-dependent we are upon each other. The only individual who is self-sufficient is a hermit.

The keynote—the foundation of civilization—is the family. We all concede that. And we're rapidly coming to realize that our own home town—is a home town family—simply the family unit a little bit extended through neighborly cordiality, friendship and pleasant social intercourse.

Common good will and recognition of our human obligation is a deeper currency than any money system ever invented. But it is also to our advantage on the material side of life—it redounds in better practices, living conditions, more generous impulses. It makes our town a better place to live.

Let's make our home town unit closer knit. Let's be generous with our good will—realizing that the prosperity of the individual is directly reflected in an added prosperity to our community. Your home industries and merchants have adopted this creed. Will you co-operate?
