### COUNTRY CLUB PLANS PICNIC FOR TUESDAY

**Clubhouse, Nearing Completion, Among Finest and Most Unique in West Texas.**

Members of the Ranger Country club have arranged an all-day picnic for next Tuesday to which all members and their families and all friends of the club and their families are invited. The first group of picnickers will go to the grounds about 9 o'clock in the morning and all are expected there before noon, but those coming later will be welcomed just the same if they are willing to join in the activities.

Fine clothes will not be in fashion for that day. Members of the club have been instructed to wear old clothes or overalls and to provide themselves with gloves so they may do the work assigned them without regard to getting their garments dirty or blistering their hands.

The new clubhouse is nearing completion and it is a beauty. But there is much yet to be done and it is the kind of work—not too hard or difficult—that the members may do in their spare time. The club's treasury has been depleted by building bills to date, so the members are urged, instead of digging into their pockets for more money, to dig into the earth and to fetch and carry so that the clubhouse may be finished.

The walls are up, the roof is on, the floors are being laid—in fact, the work of building is progressing rapidly and favorably. Just what work the members will be asked to do will be told them Tuesday morning when they arrive at the grounds. They are urged to have faith and be willing to work and are assured the clubhouse soon will be completed.

Occupying an elevated position with a view of the Hagaman lake on one side and the golf course on the other, it is doubtful if a more desirable location for a country clubhouse is to be found anywhere in West Texas. The building, too, will take first rank with any other West Texas clubhouse. It is too fine for a small membership. The Ranger Country club membership rolls has room for a few more desirable members, and those who may wish to join are invited to the picnic so that they may get some of the enthusiasm and spirit to do and dare that possesses the members. The club has the exclusive boating and fishing privilege of Hagaman lake.

### Shrine Club Plans May Day Festival Chicken Barbecue

The Ranger Shrine club entertainment committee has planned a huge May day festival and chicken barbecue for Thursday. All Shriners and their families are invited. Each Shriner is required to send or take two dressed chickens (broilers preferred) and one pound of butter to Albert Joseph at the Boston Store before noon Thursday.

The entertainment committee promises that everyone present will have a royal good time and that there will be no regrets. Some Shriners have objected to various entertainments held in the past on the ground that they could not take part in them. The committee unanimously agreed that the one thing that every Shriner could do well was to eat—therefore the chicken barbecue. From all reports the club will be there 100 per cent strong.

An orchestra will furnish music throughout the evening. The sport-loving members of the club will participate in various May day sports. Frank Brown will preside over the barbecue pit, promises on his word of honor that none of those who attend will suffer from indigestion the following day.

**HAVING BEEN FIRED, WOMAN CALLS OUT THE FIREMEN**  
BIRMINGHAM, Ala., April 26.—“In case of fire, pull both boxes,” read a sign near the cashier's window of the Stockham Lumber company's office. A negro woman, who had just been discharged, figured it was a “case of fire,” and pulled the boxes, bringing out the fire department.

### Rain and Wind In West Texas Combine For Loss and Gain

DALLAS, April 26.—Severe windstorms Friday, which reached cyclonic proportions in some sections, claimed a total of five lives and injured a score of persons, a check-up today showed. Heavy property losses resulted from high winds and heavy downpours which flooded many parts of West Texas and extending from Dallas to Dalhart. An average rainfall of two inches was reported.

At Sweetwater the rainfall was especially heavy. Severe electrical disturbances accompanied the rain. The storm swept northward and took a toll of three lives in Oklahoma along with large property losses.

Farmers throughout West Texas welcomed the rain for the benefit it will be to the growing crops.

### LEGIONNAIRES OIL BELT POSTS HAVE REUNION

An enjoyable time was had at the Oil Belt American Legion association meeting in Eastland, Friday night. Seventy-five members from the eight posts in the association were present. The next meeting will be held at Strawn on Friday night, May 23.

O. D. Caldwell, of Eastland, president of the association, presided and introduced the speakers on the program. Horace Butler, vice commander of the Dault-Daniels post of Eastland, was the first speaker introduced. He welcomed the visitors to Eastland.

A banquet prepared under direction of Mrs. J. B. Nunn, was served by troops 1 and 2 of the Boy Scouts of America.

Jim Boyer, athletic director of the American Legion Athletic club of Eastland, discussed plans for a baseball league to be composed of teams from the different posts in the Oil Belt association, which includes Ranger, Cisco, Eastland, Albany, Graham, Desdemona, Strawn and Breckenridge. Mr. Boyer extended a special invitation to legion members to visit the American Legion Athletic club when in Eastland. The following program was rendered:

Presenting of colors, Bernice Coles post; song, “My Country 'Tis of Thee”; everyone singing; “Hail! Hail! The Gang's All Here”; everyone singing; chorus, Nos. 20, 27, 12, 70, everyone singing; “Eastland Ain't Got No Style”; Breckenridge; “Over the Waves”; Breckenridge public school violin choir; reading, “Granite's Boy”; Carl Branton; song, “The Two Graduates”; John W. Martin; reading, “In Flanders Field”; Miss Davies; violin solo, “Calm in the Night”; Mrs. Mike Meyer; talk, Col. Frank S. Roberts; song, “If You Don't Like Your Beans and Hard-tack”; Mrs. Deere; reading, “Don't You Tell”; Hortense Meyer; song, “The Rose of No Man's Land”; Red Cross girls; Mangin wedding march; Breck public school violin choir; song, “Let Us Have Peace”; Mr. Wash; reading, “A Decided Change”; Mrs. W. D. Benson; song, “Roll on Thou Dark and Deep Blue Ocean”; DeWitt Hoxworth; “Americanization”; Breck public school violin choir.

### COOLIDGE WORRIES MORE THAN CONGRESS ABOUT RELATIONS WITH JAPAN

WASHINGTON, April 26.—President Coolidge today moved to find a “way out” of the strained situation that has arisen with Japan and the American congress over the measure to exclude Japanese immigrants from the United States.

The president called to the White House, Senator Reed, Pennsylvania, a member of the senate conference committee on the new immigration bill. Later in the day, Mr. Coolidge had another one of his numerous conferences that he has held with Secretary of State Hughes on the Japanese problem.

**LYNCH DAVIDSON PROMISES ACTION AFTER PRIMARIES**  
DALLAS, April 26.—Declaring that he would not stoop to the level of answering in a campaign the attacks being made upon him, Lynch Davidson, candidate for governor following his address at Floresville, Saturday evening, stated that while he would not answer their attacks from the platform that any personal injuries or insult would not pass unnoticed and would be dealt with in due process immediately after the primary.

### SPOILS SYSTEM THWARTED AS STRIKES SNAG

Political Corruption Put Down by Citizens Aroused to Action.

By WILLIAM ULLMAN

With the reinstatement of the officials of the bureau of engraving and printing who were dismissed by an unprecedented executive order on March 31, 1922, citizens of the United States have a new reason to consider conditions encountered by the men and women who are doing the detailed work of the United States government.

Late in the afternoon of Friday, March 31, 1922, an executive order, which, it is believed, had no parallel in the history of the government, struck the bureau of engraving and printing like a proverbial bolt from the blue. Twenty-eight of the principal administrative officials of the big establishment were removed from office. Some of the positions held by the dismissed employees were abolished, while in other instances positions with new designations were substituted. While many were more or less stunned by the order the situation fortunately produced a sufficient number of persons who raised two basic questions with regard to the civil service:

Can a president by executive order abolish positions created by statute? If a president can, at his pleasure, change 28 civil service positions into appointive positions, subject to the exigencies of politics, where is the line to be drawn which would protect any civil service positions?

Here Is Answer.

That the federal employees in question have received official apology from the government and that they are now back on the job again after a two-year fight for justice is evidence enough that where the facts do not justify such action, at least, the executive order for arbitrary dismissal is not in order.

This is exactly what happened in this famous dismissal case. April 1, 1922, found the press of the country questioning the wisdom of this executive order, but before the average citizen was fully acquainted with the details of that order the national federation of federal employees, an organization representing the interests of organized government workers, had already asked justice for employees in a letter addressed to the president.

The N. E. F. E. felt that it was unprecedented to dismiss government workers without cause, particularly as such action would prevent them from reinstatement in any other branch of civil service. Luther C. Stewart, president of the organization, immediately addressed President Harding to this effect, enclosing at the time a protest signed by Gertrude McNally, secretary of the women's union of the bureau of engraving and printing.

The president's explanation of the removal action was almost as startling as the fact itself. “The changes made at the bureau were ordered after extended deliberation,” the official reply read, “and were inspired wholly for the good of the service.”

**Fighting Spirit Aroused.**

The phrase, “for the good of the service,” savored strongly of a type of bureaucracy not usually associated with American governmental affairs. It struck terror in the hearts of many who feared the consequences of an extension of this executive power and who forgot that justice finds its level if only it is encouraged through a little organized effort and given time.

April 10 found the National Federation of Federal Employees back with a rejoinder. It said, in substance, “if there are no charges against the dismissed officials the mere statement that they were dropped without prejudice to their record would have spared them the lifelong handicap which is now imposed upon them in seeking other employment.” It was also called to President Harding's attention that the dismissals, with but two exceptions, meant forfeiture of the maximum annuity under the retirement act. There the matter dropped out of public notice and seemed to have been settled.

But it was not settled with the government workers. They, too, are citizens. They knew, as they know now, that the playing of politics in the departmental work of the government lowers efficiency and increases operating costs. Arbitrary shufflings in governmental bureaus are not only unfair to the workers but to the citizens as well. This glaring instance of the attempted stripping of the civil service was, in truth, the public's fight, but the federal workers are both citizens and employees, and they were ready to fight for an ideal regardless of what the public did or did not do.

Error Is Admitted.

That the whole matter of dismissal was purely a forerunner of an unsuccessful attempt to introduce a spoils system was largely predicted by 182 newspaper editorials which (Continued on page two.)

### Publicity of Income Tax Reports Urged

**Senate Democrats Propose an Amendment to Pending Bill With Consent of Progressive Republicans and May Be Adopted.**

By United Press.

WASHINGTON, April 26.—A drive was opened in the senate today to compel publicity of income tax returns.

The movement originated on the democratic side, but quickly gathered support from the progressive republicans and indications are that it may be written into the tax bill.

Two amendments changing the income tax law so that all returns of individuals and corporations would be open for public inspection were introduced by Senators McKellar of Tennessee and Bill of Washington. Publicity adherents believe the adoption of these proposals would reduce tax evasion.

### MAL DAUGHERTY ON WAY TO SEE INSIDE OF JAIL

**Senate Orders Arrest of Banker Who Denies It Right of Search.**

By United Press.

WASHINGTON, April 26.—Mal Daugherty, banker of Washington Courthouse, Ohio, and brother of the former attorney general, will answer before the bar of the senate next week for his contempt of its justice department investigating committee. If he then refuses to answer questions after being taken into custody by a deputy sergeant of arms, he will be confined in a “common jail” until he decided to answer.

His only resort is habeas corpus proceedings and subsequently arguments of the senate's power to compel him to speak in the courts. It is considered probable that this is the course Daugherty will take.

Without debate or a record vote, M. S. Daugherty was ordered arrested by the United States senate. The Washington Courthouse, Ohio, banker is charged with contempt of the senate.

An effort to get a record vote on the resolution was made by Senator Oddie of Nevada, but he withdrew his request and no opposition was offered.

The resolution orders Senator Cummings, president of the senate, to issue a warrant commanding the sergeant at arms of the senate to arrest Mal Daugherty, brother of the former attorney general, and bring him before the bar of the senate. The resolution provides further that Daugherty shall be held in jail until he answers questions regarding the senate investigation of the department of justice.

Daugherty was first subpoenaed by the senate committee on March 22 and ordered to produce the books of the Midland National bank of Washington Courthouse. He refused. After a second summons and another refusal, Chairman Brookhart and Senator Wheeler went to Ohio in an effort to gain entrance to the bank, but Daugherty obtained an injunction against the committee.

Chairman Brookhart offered the resolution in the senate without comment and asked for its immediate adoption. This was temporarily blocked by Senator Smoot of Utah, who demanded a quorum call. It required two calls before a sufficient number of senators could be rounded up. Many left when they found what was under consideration, and it less than a score of senators were on the floor when the resolution was adopted.

**FUNERAL OF TAMMANY "BOSS" SCHEDULED FOR MONDAY**  
NEW YORK, April 26.—The funeral of Charles F. Murphy, late “boss” of Tammany hall and one of the three outstanding leaders of organized democracy, will be conducted at 10:30 o'clock Monday morning. Services will be in St. Patrick's cathedral.

**NEW YORK, April 26.**—Helen Hayes, 20, started for Texas on a “borrowed” horse. Police arrested her at Netcong, N. J., on charges of horse theft.

### NEFF DECLINES TO MEET LOVE IN 'TALKFEST'

**Governor Says He Has Nothing to Explain and Will Not Change His Plans.**

By United Press.

DALLAS, April 26.—Governor Pat Neff declined today to meet Thomas B. Love, democratic national committeeman, in a public debate on the Texas political situation. Love wired Neff a challenge for a debate in Dallas next Monday night, offering to support the proposition that Texas democrats be instructed for McAdoo and giving to divide the speaking time, offering the governor the opening and the closing.

Governor Neff replied: “As I am not a candidate for any office and as I am not asking for any kind of political recognition from the people and am not advocating the candidacy of any person for any office, and have not referred to you personally, politically or officially in any address, I know of no reason why I should be asked to explain any statement you may see fit to make in your address Monday. I shall follow my program as heretofore arranged.”

### GOLFERS PLAY SECOND MATCH GAMES TODAY

**Eastland and Ranger Will Meet on Links of Eastland Country Club.**

The second match of the Oil Belt Golf association which was announced for Sunday in Ranger will be played in Eastland. The match will start promptly at 1:30 o'clock and it is essential that all members who propose to play be on hand promptly at 1 o'clock.

Because of the recent heavy rain, the grounds of the Ranger Country club are too wet to permit running the mower over the fairways, so it has been impossible to cut the long grass which would interfere with the players, therefore the change to Eastland. The match scheduled for a later date in Eastland will be played in Ranger.

Under the new ruling any member who is more than 30 minutes late forfeits his match and also loses out for that meet in the contest for individual honors for the season. A player receives one point for any game in which he takes part and for each game he wins he receives three points. At the end of the season the high score man is to receive a prize. This prize has not been definitely decided upon but according to the committee it will be well worth trying for. The town winning the tournament will receive a handsome loving cup for trophy.

The following Ranger men will play in Eastland Sunday: Al Cameron, Gifford Clegg, Charles Conley, C. C. Craig, E. E. Crawford, Charles Dyer, J. M. Dodson, E. D. Finney, Howard Gholson, Rip Gallaway, Dr. Harkrider, Leslie Hagaman, W. C. Hickey, Aubrey Jameson, H. A. Logsdon, Herbert Mendenhall, Hales H. Logsdon, H. J. Mendenhall, Charles Millican, J. E. McDonald, H. U. Pond, O. L. Phillips, J. J. Russell, J. M. Ralston, L. L. Rector, Abe Shaw, W. A. Smith, Charles Terrell, Jerome McLester, Walter Burden, Saunders Gregg, Freddy Jobe.

The Eastland players will tee off in the following order: A. J. Nicholson, Carl Angstadt, H. D. Baughman, F. H. Weaver, Joe B. Hrdlicka, Neil A. Moore, Theodore Ferguson, Roy A. Reynolds, H. H. Porter, J. A. Swanson, W. B. Smith, W. T. Guprett, E. H. Ellinghausen, W. L. Clark, O. W. Rand, W. I. Clark, Alex Clark, O. W. Reynolds, W. B. Tate, S. J. Knepley.

### AUSTIN IS VISITED BY SUCCESSION OF STORMS

AUSTIN, April 26.—A second violent electrical and rain storm within 24 hours raged here early today. It extended a long distance to the south including the Colton and Carl sections, which were damaged by a tornado Friday.

A check-up of Friday's casualties shows two deaths: Lester, 1-year-old son of Mr. and Mrs. Fritz Henkel and a negro woman, the wife of Will Jackson, who was killed on the Johnson farm near Colton. Ethel Henkel, 14, and her father, are in an Austin hospital and their injuries may prove fatal. Ethel has a fractured skull and has been unconscious since she was hurt. Her father has a broken spine. Mrs. Honkel is also suffering from many cuts and bruises. Fifteen farm hands were hurt. Property damage is estimated at \$25,000.

### American Fliers Ready To Continue Round-World Flight

SEATTLE, Wash., April 26.—Major Frederick L. Martin, commanding the American round the world flight, arrived at Chignik, Alaska, at 5:50 p. m. Friday, after a 150-mile hop from Kanapak, according to a radio message received here. His plane was forced down at Kanapak last week when the crank case leaked.

Late advices were that the repaired air cruiser would leave early today for Dutch Harbor to rejoin the other pilots waiting there. Major Martin will refuel at once and the round the world flight will be resumed.

### THREE RANGER MEN BRING IN GOOD PRODUCER

**Third Oil Well Developed on Shugart Lease in Desdemona Field.**

The third producer on the Shugart lease in the northwestern extension of Desdemona field, 25 miles southeast of Ranger, was brought in Saturday for an estimated 100 to 125 barrels. It is being cleaned out and will be made producing Sunday or Monday.

No. 4 is down 1,250 feet and the rig for No. 5 on the Shugart lease is being put up.

Gholson, Thompson and Barkley of Ranger, who are drilling the wells on a 50-acre section of the Shugart farm, have two other good producers, No. 1, which came in last October, is producing 100 barrels and No. 2, brought in last December, 105 barrels a day. Both are on the pump.

An oil man who was out to the lease Saturday said the sand is as good as any he has seen in the Desdemona field.

Harrell and Moorman of Ranger have their Shugart No. 1 down 1,235 feet. A nice showing of gas was encountered Saturday. Harrell and Moorman are north of Gholson et al. on the Shugart lease.

Knox and Lewis will drill in their No. 4 Wright today. A good flow of gas was struck Saturday when a depth of 2,858 feet was reached.

The J. M. Gholson No. 14 well, on the Denison survey, six miles north of Ranger, is now down 2,400 feet. Reports from it are very favorable. It will open new territory if it develops into a producer.

### CATO SELLS URGES DEPENDABLE DELEGATION, PROGRESSIVE PRINCIPLES

DALLAS, April 26.—Commenting on the speech of Governor Neff at Fort Worth Thursday night, which he heard, Cato Sells, McAdoo manager for Texas, said: “What the governor said about good citizenship, honest and efficient administration of the government, driving the rascals out of Washington and the importance of attending the precinct meetings, is entirely commendable from any source, but he set up a ‘bogey man’ for his chief thought in asserting, time and again, the ‘wisdom’ of ‘first, last and all the time’ instructions for a candidate.

“No such instruction program is, or has been contemplated by the McAdoo followers in Texas, it being their urgent endeavor to secure a delegation of dependable McAdoo friends and instruct them to favor a platform of progressive principles, as well as to give McAdoo, the outstanding democratic progressive, earnest, aggressive and good faith support as long as there is a reasonable possibility of his nomination, with instructions to do so, but not to include in the resolution, ‘first, last and all the time.’ Personally, I do not think such an instruction ever wise or proper.

“Candidate instruction as well as for principles is the very essence of democracy and is the only opportunity of the average man to participate in the machinery of a presidential nomination. The governor's general attitude of opposition to candidate instruction is contradictory of this principle and in that respect fundamentally wrong.”

### STATE'S WITNESS TESTIFIES AGAINST SENATOR WHEELER

WASHINGTON, April 26.—Charges that Senator Wheeler of Montana agreed to use his influence to get oil permits for his clients created a sensation today at the senate investigation of the Wheeler indictment by a grand jury in Great Falls, Mont. The charges were made by Henry C. Glosser, star witness for the “prosecution” in the investigation.

Glosser was formerly secretary to Gordon Campbell, Montana oil man, whom it is charged Wheeler agreed to represent in land cases before the interior department.

### MILLION DOLLAR LIVESTOCK COMPANY GETS PERMIT TO BE BUILT IN DALLAS

DALLAS, April 26.—A 14-story hotel, costing \$1,000,000 will be constructed on Main and Harwood streets here, according to plans announced today by Carl Hilton, manager of the Waldorf hotel. Hilton and a group of Iowa capitalists will finance the new hotel.

### HEARING ON BRICK RATES IS PROMISED SHIPPERS

FORT WORTH, April 26.—The Texas railroad commission will listen to shippers' complaints against alleged high freight rates on bricks in a hearing here on June 16.

### LOVE AFFAIR MADE TRAGIC BY EMOTION

**Beautiful and Talented Girl First Seeks Passionate Out-let, Then Death.**

By United Press.

CHICAGO, April 26.—Little Bohemia mourned for its dead tonight. Lights were dimmed in the bizarre colony studio, while sombre groups of artists whispered of the tragic love affair of Wanda Stopa. All that is mortal of the youthful, pretty, brilliant, but excessively emotional girl lawyer is homeward bound from Detroit in a coffin. She swallowed poison in a hotel there.

For some three years Wanda played a leading part in the affairs of the colony. She was much sought after, for, aside from her exotic beauty, Wanda had intellect. At the age of 20 she was a full-fledged member of the Illinois bar; at the age of 21 she was an assistant district attorney of Chicago. She tried her hand at fiction, dabbled in painting, music and other arts.

Meets the Man.

A little more than two years ago she met Y. Kinley Smith, 40, handsome, grey-haired, a former reporter and now a successful advertising man. She fell in love with Smith and pursued her amours with the ardor an intensely heterosexual thrown into her law studies. Smith told the police that with him it was an affair of “intellect,” purely platonic. But the impetuous girl would not have it that way.

“You must leave your wife and come with me,” she told Smith. When he told her he could not do so, she threatened him with death, he told the police.

Last Thursday Wanda came from New York. She hired a taxicab and drove out to the Smith place. Mrs. Smith was ill in bed. “Where is Kinley?” Wanda asked. When Mrs. Smith said he was at his office, Wanda started to berate the woman and threatened her with death. Henry Manning, an aged caretaker, ran in an attempt to eject Wanda and was shot. He died a few minutes later. Wanda fired wildly at Mrs. Smith, then ran out and was driven back to the station. There the police lost trace of her. Yesterday the girl committed suicide in a Detroit hotel by taking poison. She mailed a brief message of love to her mother before swallowing the deadly poison.

Message to Mother.

“My dear mother,” was all she wrote, signing it “Manning,” which translated into English means “mother's darling.”

Among personal effects scattered on her bed were mementoes of her romance with Smith.

Smith is now in seclusion. “Poor little girl,” was his comment. “Too emotional. It is for the best.”

Mrs. Harriet Stopa, the girl's mother, said: “I would rather see her dead than in a murderer's cell.” Her brother agreed. There is genuine sorrow in little Bohemia. The surface cynicism has been washed away and the artists think of Wanda as they knew her, beautiful, intellectual, merry and kind.

### FRENCH AIRMAN HOPS ON AND COMES DOWN IN ALEPPO, NORTHERN SYRIA

PARIS, April 26.—France's effort to demonstrate that nation's superiority in the air was a step nearer success today. Lieutenant D'Oisy reached Aleppo, Northern Syria, at 5 p. m. Friday, his second stop since hopping off, Wednesday, for a flight to Japan to offset records of American and British round the world flyers.

It is thought D'Oisy's next jump will be a 1,000-mile hop along the coast route to Japan.

**BIBLE THOUGHT.**  
**BE SURE YOU ARE RIGHT—**  
 There is a way which seemeth right unto a man, but the end thereof are the ways of death.—Proverbs 14:12.

**POLITICS AND TAX REDUCTION**  
 Long before the present congress assembled every member of both houses agreed that taxes should be reduced. Every candidate for office last fall declared that he only desired to advance the people's interests. Ever since congress assembled the two major parties have wrangled and jangled over the question of which party should have the credit of passing the bill—and the result is nothing done to relieve the burden of heavy taxes. The people are told that democrats stand in the way. The people are told that the republicans want to reduce principally on big business interests. The people are told that the democrats propose to reduce so much that there will be a deficiency in the treasury. The people are told that the republicans measure will also result in a deficiency. The people are told a lot of "bunk" but continue to pay the heavy taxes.

After a protracted wrangle in the house a compromise measure was agreed upon and sent to the senate. Now the senate finance committee rejects the compromise measure and introduces another bill that will have to be wrangled over in both houses with probabilities that there will be but little left of it when it goes to the president—and then it may be vetoed.

One thing is sure and that is that a great mass of people, farmers as well as business men, are not only weary of excessive and burdensome taxes, but are weary of childish partisanship that gets the parties nowhere. Government by party rule have been, and still may be, debile, but the specimens recently selected out have a decided tendency to discourage that idea with the great mass of voters, and is directly responsible for the third party movement.

Officials must not forget that this is yet a government of the people, by the people, for the people—particularly on the question of taxes.

**HEAVY MEAT EATERS.**  
 A report issued by the National Live Stock and Meat board states that the consumption of meat reached a peak figure of 18,481,000 pounds last year. The largest recorded since 1908, though on account of increase in population, the consumption per capita is slightly less than 1908, being 167 pounds per capita. Meat consumption last year represented an increase of more than 2,000,000,000 pounds over the average of the last five years. Approximately 90 per cent of this increase was shown to be in pork, attributed to record production of hogs. The consumption of meat in the United States last year was divided as follows: Beef, 6,918,000,000 pounds; veal, 873,000,000 pounds; lamb and mutton, 574,000,000 pounds; pork, 10,113,000,000 pounds; goat, 3,000,000 pounds.

Oregon will probably vote on a plan to change representation in the state legislature. The proposed plan will assure a certain number to represent housewives, a certain number to represent clerks, a certain number for bankers, and the professions. Organized labor is behind the plan and circulating petitions to place it on the ballot.

More than \$14,000,000 was spent for public recreation last year by the cities in the United States and Canada, according to the Playground Association of America. This amount will no doubt be doubled during the next ten years.

## Hillcrest, High, Dry and Sandy, Makes Ideal Location for Poultry Ranch; Sanders Puts Modern Plant on Hill

By HOWARD BARMAN  
 Hillcrest, so named when real estate men were laying off Ranger under boom conditions in 1919, has been found by one poultry man to be an ideal location for poultry ranches. He is demonstrating his faith in Hillcrest by an expenditure of good American money for laying and brooding houses of the most approved type, a water system, modern poultry equipment, a pretty suburban home, shrubbery, flowers, all completely fenced in. Hillcrest is ideal because it is high and dry and sandy. It is higher than Eastland hill.

It will be the first poultry ranch in and around the city to carry the name "Ranger." It will be advertised as the "Ranger Poultry and Breeding Farms," and will be managed by J. W. Sanders, Jr., son of J. W. Sanders, Ranger hardware man.

The younger Sanders is taking his first venture into the poultry business, since studying at the Oklahoma A. & M. college experiment station at Stillwater, Okla.  
**Chicks Cost \$1 Each**  
 Sanders purposes to breed only high grade poultry and chiefly for breeding purposes. Catering to the poultry market will be of secondary importance. He is building his flock of birds with pedigreed stock. One shipment due next week will consist of 100 birds of English strain, white leghorns. They were bought at a cost of \$1 each one day after hatching out. The mother of the chicks was imported from England. B. A. Michaels of Tiffin, O., raised the chicks. A shipment of 10 high grade English cockerels, white leghorns, from the Erath County Poultry farms of Stephenville, has been contracted for May delivery. The mother, advertised as Lady Superior, has a record of 313 eggs a year.

**Modern Appearing Ranch.**  
 In 35 days, workmen have transformed a little farm into one of the most modern appearing poultry ranches the writer has been shown in Eastland and Stephens counties. The ranch is only half constructed, but this much has been done:

Six brooding houses, each 8x10 put up; three of the seven laying houses, each 20x32 feet, finished; feed house, 14x28 feet, erected; Ranges for the brooding and laying houses have been fenced in. The former are 25x60 and the latter 50x300. All of the buildings are being painted red.

Sanders now has 1,600 chickens on his farm, of which one-fourth are Rhode Island reds and the remainder white leghorns. The stock will be trap-nested. There will be 30 trap nests in each laying room. They will not be used until another month when the laying period will begin. The stock consists of birds from two weeks old to three months old.

**Automatic Water Fountains.**  
 Long self-feeding hoppers are in each house. Sanitary water containers have been installed temporarily, but automatic water fountains will be put in later. The chicken roosts are built so that the caretaker can life the roost up on hinges and clean beneath it. The roosts are directly over the trap nests.

The ranges for the laying houses will be divided into two sections, each 50x300 feet. This will permit the plowing up of one section while the chickens are eating the greenstuff

in the other section.  
 The laying houses will have a capacity of 1,400 hens when all seven are completed and the six brooding houses 2,400 chicks.

**MRS. E. O. NENTWIG HAS "500" PARTY AT HER HOME.**  
 Mrs. E. O. Nentwig gave a "500" party in compliment to Mrs. Anna Barman at her home at 310 Strawn road Tuesday. There were six tables.

A delicious repast was served after the cards had been put away.  
 Mrs. Barman was the recipient of many pretty embroidered handkerchiefs from the guests.

Miss Faye Davis of Aquilla, Texas, returned home today after a week's visit with Mrs. B. V. Bollinger.  
 Mrs. B. D. Bollinger of San Antonio is the guest in the family of her son, B. V. Bollinger, 620 Young street.

**CHILDLABOR MEASURE IS PUT THROUGH HOUSE**  
 WASHINGTON, April 26.—Overcoming a sustained parliamentary opposition, supporters of the Towne child labor constitutional amendment put it through the house today by a vote of 297 to 69. Scores of attempts to limit its scope by various exemptions were rejected by backers of the bill.

As adopted the amendment empowers congress to limit, regulate or forbid the labor of persons under 18 years of age. It now goes to the senate.

**EXPERIMENTS ARE MADE USING ELECTRICITY ON FARMS**  
 Near Red Wing, Minn., the first completely electrified rural community has been established as a part of a survey of the possibilities of farm electrification. This survey is being made by a joint committee composed of representatives of the American Farm Bureau Federation, the American Society of Agricultural Engineers, United States department of agriculture, commerce, and the interior, and national electric light association.

In Alabama experiments covering a three-year period are being made by the Alabama Polytechnic Institute and the Alabama Power company. Research work is being done at Auburn and several farms in various parts of Alabama are being used for electrical farming experiments.  
 More than one hundred uses for electricity on the farms have been listed.

The committee on relations of electricity to agriculture will make other tests in the various parts of the country. Interest in farm communities of the more progressive type is increasing to farm problems.

## CARNEGIE MEDAL GIVEN MOTHER OF DEAD HERO

**Ben Makley, Oil Well Worker, Fatally Burned Aiding Companion, Remembered.**

Ben Makley, who was fatally burned last May, while attempting to rescue a fellow worker on the Davis lease, six miles west of Ranger, had his heroism recognized by the Carnegie commission. The medal was given to his mother in memory of her son. She lives in Tulsa, Okla.

The fatal oil well explosion, which resulted in the death of Makley, S. G. Fisher, and serious burning of Richard Fisher last May 30, occurred while the men were pulling casing from a "dead" well.

The casing crew struck a shallow oil pool. The oil gave one sudden flow. Fisher ran to the boiler with his clothes soaked with the spray of oil. His clothes caught fire from the burner.

Makley seeing the predicament of his business associate, ran to the boiler to save him. He threw sand over the burning body of Fisher. He, too, took fire. He was burned about the face, almost beyond recognition.

The two men were rushed to a local hospital, where they died the following day about one and one-half hours apart.  
 Both men had made Ranger their home for about three years. Fisher's body was sent to his home at Martinsville Va., and Makley's body, accompanied by two members of the Ranger council No. 2123, Knights of Columbus, to Tulsa.

**FRENCH FLIERS FEAR GERMAN WIRELESS RAYS**  
 By United Press.  
 PARIS—Suspecting engine wreckage from Germany, the airplane service from France to Roumania has adopted a route by way of Strasbourg, Basle, Innsbruck, Prague and Vienna, thus avoiding flying over German territory. Last year many French airplanes developed engine trouble over Germany, and were forced to land, with the result that the planes were confiscated. Most of them landed near Furrh, outside Nuremberg. Experts concluded that the Germans had discovered a system of wireless rays which could put airplane engines out of action.

## Coolidge Fastens More Tightly To Stand-Pat G. O. P.

By United Press.  
 WASHINGTON, April 26.—Representative Theodore Burton of Ohio will be temporary chairman and "keynote" of the republican national convention at Cleveland in June.

The selection was made at a conference between President Coolidge, John T. Adams, chairman of the republican national committee, and David Mulvane of Kansas, head of the committee on arrangements for the convention.

The selection has caused a near sensation in political circles here. Burton, who is an ultra-conservative, was chosen personally by President Coolidge.

Everybody had expected some concession to the progressive wing of the party. Political observers were impressed that the choice of this most conservative of the conservatives to sound the party keynote for the campaign and the Coolidge keynote shows the president intends to stand on those conservative doctrines to which he has always remained true and will not surrender anything to the liberals.

That Mr. Coolidge in the campaign is also likely to be a conservative and not as some believe a member of the progressive wing of the party. Thirdly, that the emphasis by the president of his conservatism is likely to give fresh impetus to an independent or third party movement.

It is in this connection that the choice of Burton caused the most disapproval among the republicans who would like to see the progressives stay within the party.

 March 31, 1924, found these same dismissed officials being dined in honor of one of the greatest victories ever won by organized federal employees. Not only were the dismiss-

 To the federal workers this is more than triumph. It answers for them, and for the American people, the question which every thinking American was asking when the executive order rang forth in 1922. Is the merit system to be scrapped? The nation had asked, only to be answered by one of the most emphatic negatives that has ever been heard in this country.

**ANNUAL DAMAGE BY COMMON BLACK CROW RUNS INTO MILLIONS**

That the damage done annually by the common black crow exceeds the cost of either the military or naval establishment of the United States for any one year from 1800 to 1916 has become evident as the result of a nation wide survey of the destructive activities of the crow by ornithologists, sportsmen, farmers, game wardens and conservationists. These authorities estimate the

present crow population to be in excess of 200,000,000, each of which does damage averaging one dollar a year. Therefore, it is pointed out, the yearly "keep" of the crow costs the nation more than did the army or navy for any one year of the 116 years prior to the World war—figures showing that the war department's expenditures for the year 1800 totalled \$2,560,879, and that money disbursed by the navy department amounted to \$3,448,716, while the pre-war peak was reached in 1916 with expenditures of \$164,635. \$77 by the war department and \$155,029,426 by the navy depart-

ment; less, in each case, by millions, than the present yearly damage inflicted by the crow. Reports by game wardens in nearly 40 states charge the crow with the killing of countless number of young game, insectivorous and song birds, and the destruction of their nests and eggs. Many instances of the crow pecking out the eyes of lambs and young calves and the killing of young rabbits have been reported. Large flocks of crows, driven from neighboring fields and woods by sportsmen and farmers armed with shotguns, are invading bird sanctuaries and game refuges in all parts of the country.

**Incarinate Word College Ranks With Leaders**

Incarinate Word college, San Antonio, Texas, in publishing its program for the college session and state normal institute to be held during the coming summer, announces the largest enrollment of any Catholic college in the southwest. It offers an impressive list of qualifications.

It is accredited as a senior college of the highest rating by the Texas department of education, and the Catholic University of America, Washington, D. C. Its graduate degrees are recognized by the southern association of colleges and secondary schools, and its credits are accepted by colleges and universities throughout the United States. Besides conferring the degree of bachelor of arts, or bachelor of philosophy, it is empowered by the Texas state department of education to grant state teachers' certificates for the completion of one, two, three or four years' required college work. The certificates granted at graduation qualifies permanently for high school teaching in all accredited high schools of the south.

The college is located immediately next to Brackenridge park in the choicest residence district of San Antonio, and its 230 acres of campus and wooded park, at the headwaters of the San Antonio river, afford unusual recreational advantages. It has recently occupied a group of new buildings, with entire new equipment, completed at a cost of more than \$600,000.

Sisters of St. Rita's school have received instructions to report in San Antonio on June 9 for summer normal. This summer normal is conducted annually by the Sisters of the Incarnate Word for their own teachers as well as for any other students regardless of denomination, who may desire to enter. Tuition, board and room may be had in the college buildings at very reasonable rates. Catalogues will be furnished upon application.

**GOOD SAFETY RECORD FOR EL PASO ELECTRIC RAILWAY**

EL PASO, April 26.—March of this year shows the best safety record in the history of the El Paso Electric railway. Accidents numbered only 47, of which only 18 involved automobiles. None of the accidents were serious, the estimated cost of all being \$500. Only four were charged to trainmen. During the month there were eight days without accidents.

**British Mason Of High Rank Visiting U. S. With Mission**

DALLAS, April 27.—A distinguished guest is now sojourning in the United States in the person of Sir Alfred Robins, president of the board of general purpose of the United Grand Lodge of Freemasonry in England.

Sir Albert's mission here is to further a movement in which the grand lodge of New York has taken a leading part to bring about a closer relationship between the lawful and regular Masonic jurisdictions in all parts of the world. The movement has the full approval of H. R. H., the duke of Connaught, grand master of the united grand lodge of England.

Invitations have been received by Sir Alfred to address the grand lodges in many parts of the country, but the full details of his tour have not been decided upon. Present plans include an address to the grand lodge of Massachusetts, which met in Boston on March 12, and an address before the grand lodge of New Jersey, at Trenton, on April 16. From there he is expected to speak at the meeting of the grand lodge of Missouri, at St. Louis. On May 6, he will be the guest of honor of the grand lodge of New York at its 143rd annual meeting.

Sir Alfred is head of the governing body of the oldest Masonic lodge in the world. He was invested with this honor in 1913 by the Duke of Connaught, who also conferred upon him the title of past grand warden, the highest possible rank in the united grand lodge of England. He was made a knight bachelor by King George seven years ago in recognition of his work as a journalist, dramatic critic, political writer and general newspaper man. Sir Alfred is 68 years old. He was president of the Institute of Journalists in 1907,

and is a member of many years standing in the Society of Dramatic Critics.

**TEXAS CITIES LEADING SOUTH IN TELEPHONES**

DALLAS, April 26.—The fifty thousandth telephone in Dallas was installed in the home of C. N. Riggs, 1015 Martiniue street, April 19. According to data of the telephone company this gives Dallas the greatest number of telephones per capita of any city on the continent. It places Dallas ahead of all other cities in the south in total number of telephones in use regardless of population. New Orleans, for instance, has 47,000 telephones, while Atlanta has 46,000.

The other large cities of Texas are close to Dallas in number of telephones per capita, the use of the telephone in each of them being greater than in cities much larger in many other states.

**THREE STEAMSHIPS BURNED IN NEW YORK HARBOR**

NEW YORK, April 26.—Three steamships, including the Grand Republic, sister ship of the ill-fated General Slocum, were destroyed by fire in the winter berths in the Hudson river today. Two smaller vessels also were burned.

Thirty men who were asleep on the Grand Republic when the flames broke out at 2:30 o'clock this morning, probably owe their lives to alarms sounded by motor cars crossing over an adjacent viaduct, from which the fire could be seen clearly. The flames were visible from upper Manhattan and were watched by many thousands of spectators.

## LARGE PRIZES ARE OFFERED TO SPUR INVENTORS

CHICAGO, April 26.—Offers totalling more than \$78,000 for labor, time and money saving ideas and inventions now being sought by manufacturers were announced tonight by H. H. Windsor, of Chicago, editor of Popular Mechanic Magazine.

Among the many problems to be solved are a plan of traffic regulation for the larger cities, a new musical instrument for orchestral use, a way to salvage lumber waste and an etching process. The awards range in amount from \$100 to several thousand, the closing date being May 31, 1925.

It was pointed out in the Industrial Awards Plan in which these offers were listed that many of the greatest inventions have been the work of men having little or no technical knowledge, of which Bell, Morse, Goodyear and scores of others are examples.

By meeting these conditions through the obtaining of closer cooperation between manufacturers and inventors, Mr. Windsor explained that it was hoped that the awards would result in much good to the general public in the way of better products and lower costs and that they would arouse and properly direct the latent inventive ability of the nation.

"Every branch of industry constantly is facing new problems that cry for solution," he declared. "Although scarcely fifty years ago there was nothing electrical in industry, no generators, motors, transmission lines, lights, or traction, today electricity is doing the work of 170,000,000 men."

"Each step forward has opened up new opportunities for service, but to utilize these to the fullest extent, better understanding between the industries and the public and closer cooperation between manufacturers and inventors is needed."

"America is a nation of inventors, and it is believed the industrial awards plan will make it possible to awaken and utilize this vast latent force as it offers something specific to work on."

### DEPUTY SHERIFF HAMMETT ATTACKED BY ROWDIES

Deputy Sheriff W. A. Hammett of Desdemona was knocked unconscious when struck on the back of his head Saturday afternoon at Desdemona by a bunch of rowdies, according to reports reaching Ranger Saturday night.

Hammett, it is said, had attempted to assist an intoxicated man from the ball park, where a game was going on, to his home but he resisted his kindness and turned on the officer. Several friends of this inebriated man jumped on the officer, the story goes, and one of them felled him from behind.

Hammett is about 60 years old and is known in Ranger.

### DAVE STEVENS TO BE CALLED FOR TRIAL MAY 12

The case of Dave Stevens of Cisco, charged with criminal assault, has been set for trial in the Eighty-eighth district court on Monday, May 12. A special venire of 150 men has been ordered summoned from which to select a jury.

### DEFENDANT IS CLEARED.

An instructed verdict was given by the court in the case of T. B. Squires who was charged with the theft of a cow. County Attorney Barnes agreed to the verdict, because of explanations made by the defendant regarding the matter which tended to show that an error had been made in taking the cow.

### CANDIDATE FOR CONSTABLE.

I take this method to notify my friends of Precinct No. 2, Ranger, that I will offer my services as a candidate for constable subject to the action of the Democratic primary. It was not my intention to be a candidate at this time but many of my friends have prevailed on me to make the race. Your vote and influence will be appreciated. R. L. (Bud) Faircloth.—Political Advertisement.

### INSTRUCT FOR M'ADOO AT PRECINCT MEETINGS SATURDAY, MAY THIRD

Wall street and the Wets are endeavoring to control the next democratic national convention, to be held at New York.

The wet and reactionary politicians know from their experience at San Francisco in 1920, that their only success of chance lies in misleading and manipulating uninstructed delegations from dry states and progressive states.

If you want Texas to send a Progressive delegation and a dry delegation to the democratic national convention, then go to your precinct convention on Saturday, May 3, and get your friends to go with you, and fight for the adoption of the following resolutions:

"Resolved:  
(1) That we favor the nomination of a Progressive Democrat for President of the United States on a Progressive Platform.

"(2) We recognize William Gibbs McAdoo as the outstanding Progressive Democrat, whose progressive record is a Progressive Platform.

"(3) We instruct our delegates to the county convention to vote for resolutions and for delegates favoring his nomination.

(Cut out this resolution and take it with you to your precinct convention.)

REMEMBER THAT THESE CONVENTIONS WILL BE HELD AT 2 P. M. IN THE RURAL DISTRICTS AND AT 8 O'CLOCK P. M. IN CITIES. OFFER THIS RESOLUTION OR GET SOMEONE ELSE TO DO SO.

### BOOTH TARKINGTON HAS MANY STORIES RETURNED

The story of Booth Tarkington's struggle for recognition was recalled by the New York World when Samuel S. McClure announced he had purchased McClure's Magazine which he founded 31 years ago.

"The passing of McClure's Magazine back to its creator, Samuel S. McClure, is an event of more than casual interest," the World said. The American editor who discovered, introduced or encouraged such masters as Joseph Conrad, Booth Tarkington, Conan Doyle, Jack London and O. Henry, is entitled to a place in the literary history of his times.

"The value of Mr. McClure's services may be illustrated in the case of Tarkington. For ten years the latter vainly sought a place between the covers of magazines. His manuscripts made their dreary rounds, one or two of them of books that ultimately gave him fame, and were returned.

"The editor who first saw the genius and the possibilities of Tarkington has done much to enrich the literature of the present generation."

The Science that deals directly with the cause of ill health.

Chiropractic is not medicine—surgery—osteopathy—massage or faith cure, and is separate and distinct from all other health methods.

It is a scientific method of locating and adjusting the cause of disease, without the use of drugs or instruments—No matter what your ailment is, do not think your case is hopeless. Take Chiropractic Spinal Adjustments. What they have done for others, they can do for you. Do not, through ignorance of this wonderful science, shut the door to your ultimate relief and happiness. HOUSTON MAN FACES THREE SERIOUS CHARGES

HOUSTON, April 26.—Jack Warren, charged with double murder and arson in connection with the burning of a dwelling house here last Tuesday in which two persons were burned to death, was arrested at Corrigan, Texas, today. Police were tipped off that Warren had left for Shreveport this morning and telephoned up the line. A deputy sheriff at Corrigan recognized Warren and picked him off the train. The deputy telephoned that Warren admitted he was the man wanted.

NITROS THINK OLD MAN JINX HAS LOST THEM

Play Exaco Stars in Ranger Today With Good Hope of Victory.

"It's a long road that has no turning," so when the Nitros and Texaco Stars tangle for the third game of the season today at Nitro park, Ranger promises to show a clean pair of heels to Parks. Lackey, who will start the game today is a newcomer to Ranger this year. He has a nice rep back of him and pitched some mighty nice ball for Ranger several seasons back. Old Man Jinx who has been dogging the heels of the Ranger lads has been sidetracked for the present time. Snodgrass who has been laid up with the mumps will be back in the game next Sunday, although unable to play today. Smith, another newcomer to the ranks of the

Nitros, will be in condition for next Sunday's game. With the addition of these men to the pitching staff, Ranger will be materially strengthened. Last week Dinsmore, at short, played on his nerve with a sprained ankle. Latest reports are that his under-dogs are in first class condition. Next Sunday should see Ranger materially strengthened in all departments of the game. With a new outfielder and two infielders expected in the boys should be able to kiss Old Man Jinx good-bye forever. The Ranger line-up: Maupin, second base. Dinsmore, shortstop. Ridings, first base. McElreath, left field. G. Guydas, center field. Lory, third base. Adamson, M. Guydas, right field. Amis, catcher. Lackey, pitcher.

EFFORT TO LURE AWAY WIFE RESENTED IS CLAIM CAMDEN, Ark., April 26.—J. W. Butler, of Dallas will be tried here Monday for the murder of Chas. L. Turner, of Shreveport, La. Butler is accused of shooting Turner in a hotel at Louann last November. He claims Turner was seeking to induce his wife to run away with him.

Cisco Hi to Play Amarillo Hi For West Texas Title

The West Texas high school championship will be fought out Monday, Tuesday and Wednesday of this week in Cisco when the Amarillo Golden Sandstorms come to that city. Amarillo won the state championship last year. Cisco will close up shop for the opening game of the series Monday afternoon and record breaking crowds are expected for the games. Special arrangements will be provided to care for visitors from other towns. The games will be played at Humboldt park in Cisco. Cisco has what is declared

to be the strongest baseball team the high school has ever produced. Most of the men are three and four-year veterans. Except for one player who has mumps the team is in good condition for the game. It is the first time the Golden Sandstorm has ever appeared in Eastland county. Cisco will close up shop for the opening game of the series Monday afternoon and record breaking crowds are expected for the games. Special arrangements will be provided to care for visitors from other towns. The games will be played at Humboldt park in Cisco.

TRAIN COLLISION NEAR LONDON CLAIMS LIVES

LONDON, April 26.—An electric suburban train crashed into the rear of an excursion train at the Euston station early today, following which two are dead and between 25 and 50 injured. Several cars of both trains were telescoped. This is the only accident that marred the migration towards London for the annual football classic to determine the possession of the English association cup.

EVERLYN NESBIT THAW FIRM IN HER WISH TO KEEP HARRY CONFINED

PHILADELPHIA, April 26.—A motion for a new trial for Harry K. Thaw, who is seeking freedom from Kirkbride asylum, was filed today in the court of common pleas by William A. Gray, attorney for Evelyn Nesbit Thaw. The motion was filed on a decision of Thaw's former wife to further oppose Thaw's release from the asylum. This action will prevent Judge Monaghan from signing the verdict for Thaw's release and Thaw must remain in the asylum until the motion for a new trial is acted upon. It is likely this decision will be given within a week.

TEXAS DEBATERS WIN FROM TULANE AND VANDERBILT

AUSTIN, April 26.—Winning from Tulane and Vanderbilt universities recently, debaters of the University of Texas now have four victories to their credit this season. James Hamilton and James Hart, both of Austin, won the debate with Vanderbilt university. Another team composed of Campbell Beard of Fort Worth and Otis Rogers of Austin, won by a unanimous decision from Tulane university at New Orleans. Varsity debaters have previously received victories in debates with the University of Arkansas, when they were represented by Edward Mather of Austin and Lawton Gambill of Denton, and against the University of Mississippi, when they were represented by James Hart and James Hamilton. The only debate lost by the University of Texas this season has been to the University of Oklahoma.

METHODIST COLLEGE IN NORTHWEST TEXAS PROPOSED

AMARILLO, April 26.—Panhandle churchmen are planning a new million dollar Methodist college for Northwest Texas. The board of education of Northwest Texas will meet here May 2 to pass on the project as outlined by leading Methodist preachers of this section. The new college will be patterned after Southern Methodist university at Dallas.

Your Next Car

Will be this Light-Six, if you learn the truth

WHEN you buy a car in the "thousand-dollar" class, here are some things you should know.

We made a canvass of men who bought rival cars in this class. And we found that 96 in each 100 bought without knowing these facts.

So, for your sake and our sake, we want to present them to you.

Save \$200 to \$400

Studebaker builds 150,000 fine cars yearly. It builds in model factories, modernly equipped. It has spent \$38,000,000 in the past five years on new-day plants and equipment.

By quantity and up-to-dateness it saves large sums per car. A car like this Light-Six, built under ordinary conditions, would cost \$200 to \$400 more.

11.4% less to run

This supreme quality means lower operating cost. Owners of fleets of cars in this class made audited records to prove this.

They compared 329 cars, running up to 25,000 miles each. And they found that the Studebaker Light-Six cost 11.4% less to operate than the average of its rivals. This includes depreciation. The saving was nearly one cent per mile.

The reasons are these

The Studebaker Light-Six, in its chassis, represents the best we know. In steel and in workmanship it is identical with the costliest cars we build.

It is designed and superintended by an engineering department which costs us \$500,000 yearly.

Each steel formula has been proved the best for its purpose by years of tests. On some we pay 15% premium to makers to get them exactly right.

Each car in the building gets 32,000 tests and inspections.

The crankshafts are machined on

inch. And 122 are exact to one-half that.

Genuine leather cushions, ten inches deep. Unusual equipment. Scores of extra values.

Made by the leaders

This is one of the cars which has made Studebaker the leader in quality cars. Our sales have almost trebled in three years. The trend toward Studebakers has become a sensation.

Last year 145,167 people paid \$201,000,000 for Studebaker cars.

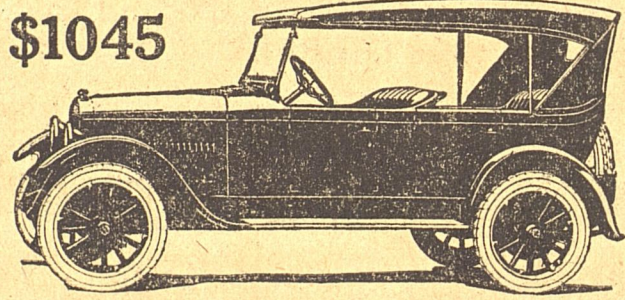

Back of this car is an honored name, which for 72 years has stood for high ideals.

Behind it are \$90,000,000 of assets, staked on pleasing you better than others.

Before you pay \$1,000 or more for a car, these are facts you should know and compare. You owe that to yourself.

Send for the book

Mail us the coupon below. We will send you free our new book that will inform you on five simple things which reveal the value of a car. For instance: It will enable you to look at any car and tell whether it's been cheapened to meet a price or offers true quality. It will tell you why some cars rattle at 20,000 miles and others don't. It shows one single point in a closed car which measures whether you're getting top or medium quality. Read the proof at the side. Built by the leading fine-car maker, for whose cars last year people paid \$201,000,000. Each car, in the building, receives 32,000 tests and inspections. Scores of extra values, due to quantity production in a model \$50,000,000 plant. Built by a maker whose name for 72 years has stood for quality and class. Built of the finest steels used in motor car building—the same as we use in our Big-Six.

all surfaces, as was done in the Liberty Airplane Motors. This extra care costs us \$600,000 yearly, but it means perfect balance in the motor. More Timken bearings are used in this car than in any competitive car within \$1,500 of its price. There are 517 operations in making this car exact to 1/1000th of an

SON OF BAPTIST PASTOR  
IN TEXAS GETS INTO  
TROUBLE IN GEORGIA

ATLANTA, Ga., April 26.—Raleigh W. Wright, who claims to be the son of a Baptist minister, the Rev. R. R. Wright, of Greenville, Texas, was held by the police today on a charge of house breaking, during which he was shot in a duel with Don A. Conklin, 19.

When Conklin returned after a dance early this morning, he found Wright in his home, he stated to the police. After an exchange of about six shots, all at close range, Conklin said he dashed into his room for another weapon. When he returned the intruder had fled. Later Wright was found unconscious in the street with a bullet wound in his shoulder.

EUROPEAN NATIONS ACCEPT  
REPORT OF DAWES' EXPERTS

PARIS, April 26.—Solution of the tangled reparations problem moved rapidly nearer a solution today when replies of Italy, England, Belgium and France, accepting the Dawes' report, were made public.

Prime Minister Ramsay MacDonald of Great Britain, Premier Mussolini of Italy, and Premier Theunis of Belgium, accepted the experts' report as an indivisible whole and stated their nations were disposed to adopt the experts' conclusions.

Premier Poincaré said that as for France, the government must agree to the conditions which would allow France and Belgium to relinquish economic control of the Ruhr, but pointed out that guarantees would be necessary; that France could not relinquish her grasp until Germany had effectively put into operation the measures proposed.

CAUSE OF EPILEPSY AND  
OTHER FITS BEING SOUGHT

ABILENE, April 26.—Extensive and original research work to ascertain the cause of fits and other forms of epilepsy is to be conducted at the Texas state epileptic colony here. An x-ray machine, costing \$9,000 has been installed for diagnosis purposes and treatment.

RANGER'S FOREMOST DEPARTMENT STORE

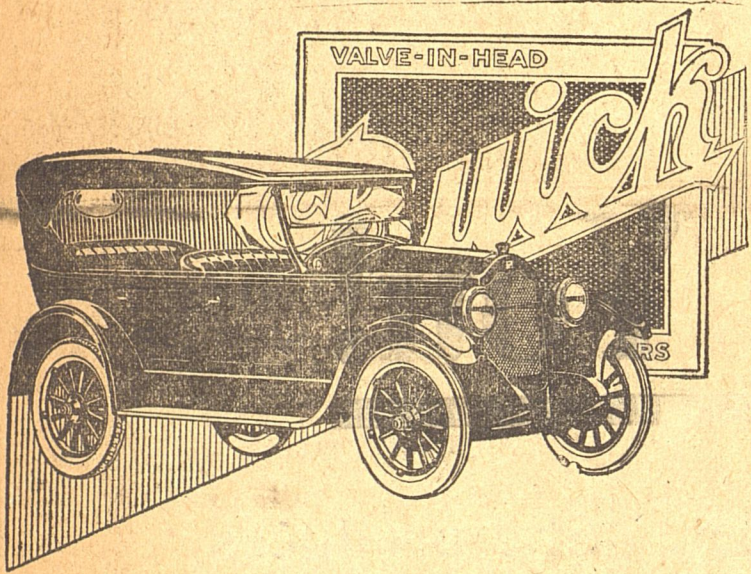

## Variety

Tastes differ; if it weren't for this fact a clothing merchant's job would be as easy—and about as interesting—as selling postage stamps.

As it is, we always have the greatest possible variety here; if a man wants something in a colorful necktie, we have it; and we are also ready to satisfy the conservative, the man who wants a neat effect in black and white. And everybody in between!

We are proud of the variety of good merchandise in this store. It's one of the main things that hold our customers to us.

When you come in to buy a suit, you will see a large assortment of the finest that America has to offer—Society Brand. You'll find the fabric and the model you want.

### Buick Value—The Measure of Automobile Values

People now-a-days measure automobile values on the basis of Buick value. How often you hear such remarks as: "It's not nearly as good as Buick". People make these remarks both consciously and unconsciously. Consciously, because they actually know Buick value either from their own experience or that of their friends; unconsciously, because for twenty years Buick has been the accepted standard of the industry. Good reasons, both, why you should own a Buick.

## TWO-GUN MAN DIES IN BED, HIS BOOTS OFF

After Number of Wild Escapes, He Lives Quietly to Age of 92.

*By United Press.*  
DENVER, April 26.—Newton Vorce, one of the most picturesque of the old West's two-gun men and a maker of history in the days that gave rise to tales of the wide open spaces and all the rest of it, is dead. But he committed two errors. He lived to the ripe old age of 92 and he died in his bed, with his boots parked in the closet.

Vorce received his training in the handling of firearms during the war between the states, when he served with Moseby's guerrillas. Anxious for more fighting, he came to Colorado after the war, settled in the Deer Trail and Byers country, and set out to fight Indians.

The exploits which made his name a state legend, however, began in 1887, when he was arrested for a minor offense and confined in the Arapahoe county jail. Desiring more of the aforesaid wide open spaces than was available behind bars, and remembering he had a date with a girl in Deer Trail, Vorce kicked a hole in the jail wall, helped himself to a brace of pistols on the sheriff's wall, appropriated a horse, and rode away.

A posse was organized to capture him. Two horses were shot from under him in the ensuing battle, but he fought off the posse and was not captured until an armed posse ran him out of his dugout with a stick of dynamite and subdued him after he came out with both guns blazing.

Shot Out New Lights.  
Some years later, in another fit of exuberance, he rode into Evans, shot out over one of its new acetene street lights and coolly rode back down the main street through crowds

of infuriated citizens, shooting as he rode.  
"Still more years after, in 1905, this was, Vorce, who was a firm believer in restricting immigration of foreigners into Colorado, happened on a carload of Greek section hands near Byers, walked into the car and "shot up the joint."

Sheriffs were none too anxious to capture him, so he went free until the next September, when he walked into a saloon in Byers, only to be covered by "Lon" Smith, the bartender, and knocked unconscious by a chair in the hands of a traveling man.

Taken to Denver for trial, he ran into a jury that detested foreign labor as thoroughly as he did, and once more was free.

Waited for the Sheriff.  
Returning from the trial he wanted to celebrate and stopped off to call on Fred Norcross, then station agent but now president of the Greeley Chamber of Commerce, at La Salle. With a revolver in each hand he forced Norcross to dance a jig on the station platform and answered threats that the sheriff would be summoned from Greeley with a retort that he would wait.

When the sheriff and his posse arrived, Vorce was hidden behind a huge cottonwood, and from his ambush covered the men, disarmed them all, mounted one of the horses and drove them all back to Greeley, forcing the men to submit to being driven through the streets under his weapons.

They soon had more weapons after he left town, reorganized and started in pursuit. Cornered in the badlands near Greeley, he forced a shepherd to put on his clothes and "escape," and while officers pursued the shepherd made off in the opposite direction.

That was his last big "stunt."

Thereafter he worked at the profession he had followed between spaces in his earlier years—cowpuncher. He was a good puncher.

**TOM THUMB IS HAPPILY PADLOCKED IN OLDEN**

OLDEN, April 26.—Little Miss Jennie June and Mr. Tom Thumb were joined in the iron bonds of padlock at the Olden Baptist church Saturday, April 26, at 8 p. m. Over 40 boys and girls participated in the elaborate affair.

The church was artistically decorated and no effort was spared to make this event an overwhelming success. The proceeds from the entertainment will be used for better equipment of the primary rooms.

**MOVIE ACTOR DEVISES PLAN TO SELL HIS VACANT LOTS**

*By United Press.*

HOLLYWOOD, April 26.—Eight years ago Stuart Holmes bought a few acres of ranch land a short distance from San Francisco. He bought the land for a song, and was in vogue at the time, and could sing.

Holmes says he has paid more taxes on the property during the time than it cost him, and during the period never had an offer from a prospective purchaser.

Recently, Holmes took an automobile trip to San Francisco and discovered a huge oil storage tank on the property adjoining his land. The next day he had a sign erected on his acreage. It read:

"Here is a future home of the N. G. Powder company."

Within a few hours, Holmes declares, he had frantic bids for the property and made a satisfactory and profitable sale.

**Mother Earth** is mankind's best provider. She produces everything we wear--everything we eat--and everything that shelters us. In brief, Mother Earth has made life possible.

So it is with your city and your merchants. Your success is dependent upon their success. You must support them or they will retrograde. You are to them what the plow is to the field.

In other words, sustain your merchants by buying at home. The good will of the buying public is the goal of the modern seller. Without it they cannot exist.

Back up your merchants and you prosper with them. By boosting the "Buy-at-Home" movement you help put your community on the map.

## MRS. HADEN HOSTESS AT CHARMING FAREWELL PARTY.

Friends of Mrs. James B. Haden were delightfully entertained at her home on Tuesday, when an elaborate bridge luncheon was given in their home by this gracious hostess who is leaving Ranger soon to reside in Fort Worth. Eleven tables were prepared for luncheon and bridge, the dainty luncheon covers, with their many fine embroideries being placed on the table over the bridge covers. Centerpieces which carried out the Easter idea were large nut cups ornamented with vari-colored Dennison paper in delicate shades of lavender, green, yellow and pink. Each one represented a chrysanthemum and was filled with soft white shreds of paper on which nestled a prettily colored egg. The table pencil grays covered with shades to match each nest, and with flower-like crown at top, was stuck into the side of the nest. Great baskets of spirea, maiden-hair fern, tulips, fleur-de-lis and jonquils, and delicate colored snappers—were placed about the rooms, and singing birds in handsome cages added their merry songs to the happy chatter of the guests.

The luncheon consisted of creamed chicken with new potatoes and hot rolls, perfection salad, pickled beets, date pudding with whipped cream and iced tea. When the luncheon covers were removed the game began in earnest, high score being won by Mrs. J. H. Moyer, who was presented a handsome boudoir lamp covered with changeable silk in lavender shades. Cut prize, a handsome embroidered luncheon set, went to Mrs. John Thurman, and low prize to Mrs. Clark, who was awarded a large candy Easter egg. Each table high score winner was awarded the handsome centerpiece at the table. Those attending were Mmes. J. L. Thompson, John W. Thurman, E. L. McMillen, J. F. Champion, F. T. Brahaney, C. A. Conley, E. E. Crawford, H. A. Logsdon, J. H. Moyer, A. G. Jury, E. L. Shattuck, H. J. Mendenhall, T. L. Lauderdale, R. T. Kendrick, W. J. Cluney, Walter West, Burden, Gus Coleman, C. N. I. A. ## Graduation Gifts for your Boy or Girl

You speak with pride when you say "MY BOY," or "MY LITTLE GIRL graduates this year," and you have just reasons to be proud. Remember back sixteen or eighteen years ago when they were "tiny tots" and how proud you were of them at that time and you always wanted to do something real nice for them. Don't overlook the opportunity now. Take time by the forelock, remember "THAT BOY" or "MY LITTLE GIRL" with a gift worth while. One that will always be remembered and referred to as "What Mother and Dad gave me when I graduated."

The Davis stock was never more complete than at the present time. Graduation gifts in abundance. Just the right gift for your boy or girl. They are entering the ranks of the grown-ups and should be treated as such. Give the girl a diamond ring. She is daughter now and has always wanted a diamond. Give the boy a watch and give him a watch that he will be proud of.

Come to the Davis Store and see the new display. You are always welcome, and it is a pleasure to show you whether you wish to make a purchase or not.

## TIFFIN

The Parent-Teacher association of Tiffin has elected officers as follows: Mrs. E. L. Norris, president; Mrs. C. O. Manning, first vice president; Mrs. Jennie Lester, second vice president; Mrs. Joe Hessen, third vice president; Mrs. Love, secretary and treasurer.

Affairs and conditions at the Tiffin school were discussed and a committee named to confer with trustees of the Ranger Independent school district and ask for curtains for the stage and fixtures for the footlights. Mrs. J. Jarvis, retiring president, named on the committee Professor Wynn, Mrs. W. Jameson and C. Miller.

The new officers plan to give special care to school house and grounds. They will have the co-operation and support of all the school patrons.

The Tiffin singing class gave a party last Thursday night which was attended by many, several students in the Ranger high school being present. Games were played, refreshments served and all had a merry time.

Visitors from the Merriman school visited Tiffin Friday night and put on a play, "The Old School Days." It was so real, according to many who saw it, that some of the older ones got homesick. The parts were well taken and admirably acted. Tiffin has extended the Merriman people an invitation to come as often as they will. About 29 persons took part in the play. "Pa's Rheumatiz," "The Train to Manor," and "The Country School," were all laugh producing features.

The Tiffin singing class meets at 7 o'clock every Sunday night. The members are planning a swimming party Thursday evening, May 1. They will meet at the school house and the party will be chaperoned by Mrs. E. L. Norris.

### EASTLAND CHURCHES

#### METHODIST

There will be a special service at the Methodist church Sunday morning when the Rev. H. L. Munger, pastor, will use the beautiful ritual of the church for the baptizing of children. This is one of the most sacred and impressive rites of this church, and all parents are urged to bring their children, especially infants, and dedicate them to God in baptism. This service is especially appropriate on this Sabbath, as an introductory of the week devoted especially to boys. The pastor will preach on "Parent-hood and Its Responsibilities." Several of the mothers of the congregation have indicated their intention of presenting their children at the altars of the church for baptism. In this time of social unrest and religious uncertainty, it is especially fitting to bring the little children in dedication to the Christ, and to covenant to bring them up in the "nurture and admonition of the Lord." The Sunday school will begin at 9:30 a. m. The Junior league at 4 p. m. Intermediate at 6 and the Senior at 7. The evening service will probably be addressed by a visiting preacher of note, while a call session of the quarterly conference will fol-

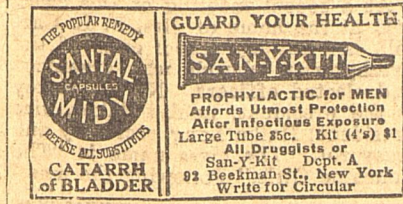

low. Dr. Jarrel of Atlanta, Ga., is expected at the evening service.

#### CHURCH OF CHRIST

A. F. Thurman, minister. Bible study and class work at 10 a. m. Sermon, "Self justification," at 11 a. m. Sermon, "The Way," at 8 p. m. Bible study Wednesday 8 p. m. Preaching at Yellow Mound at 3 p. m. Come.

#### FIRST PRESBYTERIAN

Valley and Walnut streets.—Sunday school meets 9:45 a. m. E. A. Bills, superintendent. Morning worship, 11 a. m. Pastor will preach on "Christ's Use of the Wonder and Bloom of the World." Mrs. Robert D. Gordon will sing at this service. Senior Endeavor meets at 4 p. m., Junior Endeavor at 3 p. m. Choir meets for rehearsal Wednesday at 8 p. m. The public is cordially invited. "Follow the Arrow."
