FORMER COUNTY OFFICIALS DRAGGED IN ARAB GASOLINE PLANT IS SWEEP BY FLAMES

FIRE RAVAGES GAS PLANT ON JOHNSON LEASE

Loss Will Me Near Hundred Thousand Dollars; Oldest of Company's Factories.

The Arab Gasoline plant on the Dr. J. L. Johnson lease, about five miles from Eastland, was partially destroyed by fire during the early part of last night, according to reports reaching Eastland and Ranger. The loss was estimated at between \$75,000 and \$100,000. The company carried insurance on the plant, but the loss was only partially covered, it was said.

The plant was built by the Arab Gasoline company about two years ago for the manufacture of casing head gasoline according to methods commonly in use at that time. Recently the company has completed a second plant, where casinghead gasoline is manufactured according to a new patented method that is said to be a great improvement over the old method, so while its business will be diminished for the time by the fire, it will not be interrupted, it was said, because the new plant will be run to capacity.

Horace Butler, now president of the Eastland Chamber of Commerce, is head of the Arab Gasoline company. He has considerable outside capital interested in the enterprise. Mr. Butler and all other local officers of the company went out to the burning plant as soon as they received word of the fire and had not returned at an early hour this morning. Hundreds of persons from Eastland and a large number from Ranger also went out to see the spectacular blaze.

First reports said that several persons had been burned when the flames first started, but later this was denied and it was said that none was hurt.

The fire destroyed one cooling tower, heat exchangers and absorbers, accumulating tanks and vent pipes and the ammonia coils, according to F. H. Weaver, assistant manager, who made as close an inspection as possible up to a late hour.

The damage was estimated at between \$75,000 and \$100,000 by Mr. Weaver. The loss was covered with insurance, he said. The work of rebuilding the plant will be started immediately.

Mr. Weaver praised the Eastland fire department for their prompt and efficient work in curbing the fire, which was placed under control about 1:30 this morning.

The fire started by an electric light bulb exploding and igniting the gas vapors around the cooling tower, Mr. Weaver said.

Mother and Her Six Children Burned To Death In Their Home

CANTON, Mass., May 24.—Seven persons were burned to death today in a fire which destroyed the home of Vincent D'Annunzio. With her six children, the youngest 12 years of age and the oldest 12, Mrs. D'Annunzio was trapped in the flaming building.

PROBLEMS OF STATE PLACED BEFORE VIEW

Joe Burckett, Candidate for Governor of Texas, Discusses interesting Questions.

Joe Burckett, candidate for governor, in a speech Saturday at Lamesa, discussed the many problems confronting the people of Texas at this time. Among the things he discussed were: The penitentiary system; financial matters, our educational problems, industrial development and the state highway system.

More than a million automobiles pass over our roads each year. Our citizens go from one county to another and often from one widely separated section to another to transact important business. The pleasure seekers and tourists use our roads the year around. It is essential that we have a system of roads connecting all the more important business centers with every section of our state. To do this it is necessary that this system be under one supreme head, and not scattered into the 250 counties of the state.

We must have adequate maintenance of our roads, and let this be done by the state. It is folly to build good roads unless they are adequately maintained uniformly. The welfare of our producers depends upon our distribution system, and in this day of auto travel, our public roads are becoming more and more essential in the marketing of the many products of our farms and ranches.

Our commerce is now so great that it is impossible to handle it by railroads and at least half of our commodities are transported, a greater or less distance, by motor vehicles.

Vehicle License Law.

I am not satisfied with our present motor vehicle license law. It is too complicated and unfair in many instances. For instance, at present a person who uses his car by very little, and hence does no damage to the roads, pays just as much as those who use the roads every day in the year. Of course, I believe in a weight tax—an equitable one, because heavy cars do a great deal more damage to the roads than light cars do, but I believe there should be only a nominal license fee—say about \$5 on each car, and a nominal weight tax on the heavier cars and trucks in order to make up for the additional wear and tear of the heavier cars over the lighter ones, and let this all go to the counties by which they are used, and let the state take care of the county and lateral roads. And then increase the tax on gasoline, in order that the ones who do the going will pay the bill. Let three-fourths of the gasoline tax go to the state highway department to be expended upon the state highways, and one-fourth go to the public schools.

A gasoline tax of three cents per gallon will bring in a total revenue of about nine million dollars annually; this would give over six million to spend on the construction and maintenance of the state roads and nearly three million additional for our public schools which we need very badly. A car will average 15 miles to the gallon of gasoline, and at three cents per gallon, the tax would be only three cents additional for each 15 miles traveled.

Senator Burckett spoke in Snyder Saturday on educational problems of Texas, saying that it is one of the most important issues of the day. He said that every child should have a high school education, and that we owe it to our boys and girls to see that they get it.

Masters of His Opponents.

In speaking of his opponents, Senator Burckett said that three of the

Carl Barnes Post Arranged Exercises in First Baptist Church; the Rev. W. H. Johnson will Deliver Address on "Twilight;" Special Music and Soldiers of All Wars Invited.

Memorial services for the world war veterans will be held all over the nation today in various churches. The memorial services in Pampa will be held at the First Baptist church. All ex-service men will meet at the American legion hall in the Peoples State bank building between 10 and 10:30 this morning. From there they will march in a body to the church.

All ex-service men who have uniforms are requested to wear them if possible but all are to meet at the hall whether in uniform or not, according to A. N. Larson, Abe Shaw and Bob Hansford, the committee

HANIHARA GETS READY TO QUIT HIS POST HERE

Report Says He Will Resign if President Coolidge Signs Bill Excluding Japs.

WASHINGTON, May 24.—Masanao Hanihara, Japanese ambassador to the United States will resign his post if President Coolidge signs the immigration bill providing for Japanese exclusion, it was learned today. He feels that there would be no use for him to remain in Washington should the exclusion bill become a law. If Mr. Coolidge vetoes the bill even though the veto be overridden, Hanihara would desire to remain, as he would feel in accord with the administration. Whether he would be permitted to do so would rest with the Japanese government.

The immigration bill was returned to the white house today by the state department, where a report on it was prepared at the president's request. It is not thought likely that Mr. Coolidge will delay action on the measure, although he has until midnight, May 29, to sign or veto.

Should Hanihara quit, the two countries would be without ambassadors in their respective capitals at a time when somewhat strained relations exist. United States Ambassador Wood already has resigned his post in Japan. Hanihara feels his usefulness here would be over if the immigration bill is signed. He believes the situation would be different if President Coolidge vetoes the measure.

RUSSIAN MAGISTRATES GUILTY OF CORRUPTION SENTENCED TO DEATH

MOSCOW, May 24.—A soviet tribunal has ordered wholesale executions in an effort to suppress corruption in the judiciary. Seventeen magistrates were sentenced to death. The verdict of guilty and the imposing of the death sentence came after an impassioned speech by the public prosecutor who declared that nothing but fear of death would insure honesty among the judges.

MOSS GIN COMPANY GETTING READY FOR LARGER COTTON CROP

The Moss Gin company is getting ready for an increased cotton crop this fall, by adding considerable machinery, and remodeling the gin entirely. Mr. Moss states that by this work he will be able to do much better work, and also faster work than last year. While the grass hoppers are showing up in large numbers, so far they have not done much damage, and the fact that the county, already has handled as much cotton this year as was sold last year shows that the farmers are fighting the pests much more energetically than last year.

Wherever poison was put out last year, the crop was largely saved, so this year, the majority of the farmers are getting busy. The present prospects are that there will be a much better cotton crop this year than last.

Young Girl Seized In Chicago Street By Bandit Gang

CHICAGO, May 24.—Another kidnaping confronted the police of this city today with the disappearance of Miss Nellie Taylor, 18. Several men in an automobile carried her away from in front of her home on the south side.

A squad of expert detectives has been detailed to search for Miss Taylor, having been called away from the Franks case.

NOTES FEATURE KIDNAPING AND MURDER CASE

Millionaire Gets Threatening Letter; Police chief Gets Repentant Swan Song.

CHICAGO, May 24.—Receipt of a remorseful letter from a person purporting to be the slayer of Robert Franks, 14, was the latest development tonight in the mysterious murder and kidnaping of the millionaire's son. The writer said that he would be dead, a suicide, by the time the letter was received. Chief of Police Collins announced receipt of the letter addressed to him. It was mailed at 6:30 p. m., Friday. The letter is as follows:

"Dear Chief: I am the murderer and the kidnaper of Robert Franks. When you get this letter I will be a dead man. I intend to commit suicide. I am sorry that I did an inhuman piece of work. Signed: 'A Sorry Man.'"

CHICAGO, May 24.—Two threats made today against the life of Jacob Franks, millionaire manufacturer and real estate dealer, whose son, Robert, 14, was kidnaped and slain, galled police into new activities in the hunt for the slayer. Squads of policemen and detectives were detailed the Franks home. Other officers are working with postal authorities in an effort to trace the letter received today by the father.

This letter threatens death unless the hunt for the boy's killers is stopped. A second threat of death was received today over the telephone. A woman called the Franks home and warned of reprisals if the hunt continued.

PEPPER WORLD COURT PLAN INDORSED BY SENATE COMMITTEE

WASHINGTON, May 24.—The Pepper plan for American adherence to the world court today was reported to the senate foreign relations committee by a vote of 10 to 6. The Harding-Hughes plan was defeated by a vote of 10 to 8.

The Pepper plan provides for complete divorcement of the court from the League of Nations as prerequisite to American participation. This would be effected by amending the protocol of the court to provide for the election of judges, now made by the council and assembly of the league, by a separate electorate council and an assembly of signatories.

The compulsory arbitration provision of the court also would be eliminated. The committee amended the Pepper plan to provide that any nation having a treaty with a signatory power could appeal to the jurisdiction of the court.

U. S. NAVY DECLARED IN "DEPLORABLE CONDITION"

WASHINGTON, May 24.—The United States navy is in a "deplorable condition," weaker than both the British and Japanese navies, Representative Fred A. Britten of Illinois, ranking republican member of the house naval affairs committee, declared in the house today. Britten urged members to study the report of the secretary of the navy in order that they might be prepared to vote wisely on the \$150,000 naval construction program when it comes up before the house next Wednesday.

AXEMAN MAKES BRUTAL ATTACK AT FARM HOUSE

Ellie County Man's Throat Cut, His Wife and Two Children Have Heads Crushed.

WAXAHACHIE, Texas, May 24.—Unable to find any tangible clues leading to the identity of two negroes said by Roy Murray to have attacked him, Mrs. Murray and their two children in their home near Millford early today, Hill county authorities marked time tonight until the wounded man is able to tell a more coherent story.

Neighbors found the parents and the two children badly wounded and unconscious in their home near Millford this morning. In one room, Murray and his wife on a bed, Murray's throat slashed from ear to ear. On the floor by the bed was a razor. Mrs. Murray's skull had been battered with an axe. The walls and floors were splattered with blood and overturned furniture indicated a desperate struggle.

In another room the children, aged 2 and 4, were found in bed with their heads gashed and bruised. A bloody axe lay on the floor. All four were rushed to a sanitarium here. With the exception of the baby, they are expected to recover.

Murray gasped out an incoherent story of an attack as he lay in the hospital with his wounds partially severed. He said that two negroes came to the home about 2 a. m. Saturday, roused him from bed and ordered him to have his wife cook breakfast for them. He told the negroes to leave, he said, and they then attacked him. One drew a razor and slashed his throat and he lost consciousness.

Attending physicians refused to permit any further questioning of the man because of his critical condition.

Neighbors revealed that Murray had been worrying over financial affairs and was despondent because of illness in his family. Examination of the entrance to the house and down the path to the woodpile revealed footprints made by bare feet. Bloodstains were found in the tracks, it was stated.

LENIENCY SHOWN TO RICH MAN'S DAUGHTER AROUSES PROTESTS

NEW YORK, May 24.—Miss Abby Rockefeller, granddaughter of John D. Rockefeller, found herself today in the center of a lively muddle that involves a police judge, Mayor Hylan, taxi drivers and indignant citizens who are insisting upon equal rights for rich and poor.

Miss Rockefeller started something when she speeded her automobile along the highway and received a second summons for speeding. Police Judge Frank Marsh gave her a suspended sentence. Stirred by scores of letters from citizens, demanding to know if New York has one law for the rich and another for the poor, Mayor Hylan has ordered the papers in the case to be sent to his office. He was moved to take this action when motorists of high and low degree have had to suffer for deflecting from the straight pathway of the law, objected to the leniency shown Miss Rockefeller, who is a daughter of John D. Rockefeller, Jr.

M'NARY-HAUGEN FARM RELIEF BILL MOVES SLOWLY

WASHINGTON, May 24.—The McNary-Haugen farm relief bill successfully resisted all early attempts to amend it in the house today, but made little progress towards enactment. Drastic amendments were ruled out of order by the chair and minor amendments voted down. At the present rate of progress it would require months of legislative days to complete the first reading of the bill. The anticipated attempts to strike out the enacting clauses was not made. Representative Aswell, Louisiana, ranking democrat on the agricultural committee, moved to substitute the Curtis-Aswell bill, which would create interstate marketing. This was ruled out of order and in rapid succession other bills were ruled out.

FRAUD ISSUE IN ROAD BUILDING CASE REMAINS

Court Suggests, However, It May Involve Some of the County Commissioners.

The Ninety-first district court, in which the case of Eastland county vs. G. A. Davison et al. has been on trial before Judge Davenport since Monday morning, took a recess at noon Saturday until 9 a. m. Monday morning at which time the trial of the case will be resumed.

H. F. Tanner, a local civil engineer, was placed on the stand by the plaintiff, Friday, and asked regarding the amount of work done on what is known in the case as the Ringling switch. The witness testified that he was on the ground with his instruments and made a survey of the work that apparently had been done. He furnished figures that he had made.

County Judge Stops Work.

On cross-examination Mr. Tanner said that he did not survey the whole length of the switch, but that he stopped at a point just where the rock formation started. Asked as to why he worked up to that point and stopped there, he stated that Ed S. Pritchard, the county judge, employed him to do the work and that when he had gone that far Mr. Pritchard came out and told him to stop.

Walker Puett of Carbon was also placed on the stand and plaintiff's attorneys questioned him regarding work done on the Ringling switch, but his testimony was ruled out by the court as not being admissible.

Counsel for the defendants filed a motion Friday afternoon asking that all evidence tending to contradict, vary or change the terms of the orders and judgments of the commissioners' court passing on matters involved in the case, be excluded. The motion was overruled by the court.

At the same time, the defense also offered a motion asking for pre-emptory instructions to the jury to render a verdict in favor of all the defendants. After considerable argument on both sides, this motion was also overruled by the court.

Fraud Issue Switching.

In overruling the motion for an instructed verdict, the court indicated that he was inclined to the opinion that the plaintiff had failed to establish fraud against the road building company, but there might be some circumstances introduced as evidence that would be proper to submit to the jury on an issue as to whether or not members of the commissioners' court were guilty of fraud.

Garland DeGraffenreid, a bookkeeper in the highway department and in the employ of the county during the time that road work was being done, was the first witness placed on the stand by the defendants. The effect of his testimony was to show and prove by the books that the Fleming-Stitzer Roadbuilding company had performed labor and furnished material in the construction of the county roads from the beginning of the work until the time when the contract was assigned to Smith Bros., totaling in the aggregate \$1,671,419.79, and that the county had paid that amount and no more. Mr. DeGraffenreid explained the various items that made up the commissioners' court order allowing the roadbuilding company 495 good roads bonds and said that among those items was that of \$36,000, one of the items in controversy in this suit.

He also testified with reference to some four or five claims aggregating more than \$200,000 and that of all such items only \$36,000 was allowed by the court.

Following DeGraffenreid, Mr. Hoofman, a civil engineer, was placed on the stand by the defense for the purpose of proving the claims that were filed aggregating more than \$200,000, for work done in building necessary roads, bridges, etc., and for material furnished, which are alleged to have been paid for by the road building company and not refunded by the county.

DRILLING ACTIVITIES IN SHALLOW OIL AREA INCREASING STEADILY

Activities around the Williamson discovery well are increasing rapidly. The well is showing signs of making a steady production.

The Republic Oil company moved a star machine to their lease, located in the southwest corner of the Panhandle field and about three-fourths of a mile from the Williamson well. The Donley Bros. No. 1 C. S. Wheel, south of the Adams well, is down about 300 feet.

NEW ERA CLUB CLOSURE BRILLIANT CLUB YEAR.
New Era club members and their friends, about 100 in number, gathered at the Gholson hotel on Friday for the closing event of the club year, their annual luncheon. Coming in the same week with the club's recent dramatic success in "Mrs. and Mr. Polly Tikk," everyone was in buoyant spirits and the long tables filled with prettily gowned, smiling women presented a festive appearance. Officers of the club and federation were seated at the head table.
Sprays of beautiful Dorothy Perkins roses were attached to each place card, and a bowl of Texas verbenas decorated the president's table. Guests of honor were Mrs. William Reagan of Cisco, president of the sixth district, and Mrs. Philip Pettit of Cisco, president of the Eastland County Federation of Women's Clubs.
Mrs. E. L. Shattuck, toastmistress, gracefully introduced the various speakers. Mrs. Reagan appealed to all club women to remember that "in unity there is strength," urging them to seize every opportunity to "carry on" for the good of their town, state and country.
Mrs. Pettit told of the plans for the county federation, of several scholarships already arranged for rural high school students, of the county library and proposed county park and of prizes to be offered in rural communities for the best kitchen and greatest home improvement. She also announced that the county federation would issue a year book which would outline all these and further plans.
Mrs. J. H. Moyer, in telling an appealing story of forget-me-nots blooming on the graves of American soldiers in France made a heartfelt plea that "there must be no more wars."
Mrs. M. H. Hagaman, introduced as "the politician" of the New Era club, spoke of the political institute to be held in Cisco June 27, urging all women to attend and be ready to take their part July 26 in the primary elections to secure better legislation for women and children of the state. Mrs. G. C. Barkley, accompanied by Mrs. C. S. Bronstadt, delighted everyone with several songs.

POTASH DEVELOPMENT BILL PASSES SENATE, HOUSE WILL PASS IT

WASHINGTON, May 24.—The Sheppard bill, appropriating \$2,750,000 for the development of the American potash industry, was passed Friday by the senate, and now goes to the house where Representative Hudspeth has a similar bill pending and where its passage is thought bright. The money appropriated by the bill is to be spent almost wholly in West Texas, the only section of the United States where potash in its native state has been found to exist. Nolan, Mitchell, Howard, Midland and Ector counties are believed to have large potash deposits. Chemists and chemical associations and farm interests are backing the measure.

WHY BULL-DOGGER AND TRICK RIDER. The arrest was on complaint of Wade Leslie, Oklahoma rancher, who charged that he loaned Sanlen \$200 on a herd of hogs as security and that the hogs were wiped out by disease before the money was returned.

The Texas-Oklahoma troop is headed for London where they are to stage a rodeo as one of the features of the empire exposition at the Wimberly stadium.

KERCHEVILLE PLEADS GUILTY SENTENCED FOR 3 YEARS
By United Press.
TEXARKANA, Texas, May 24.—Robert D. Kercheville, charged in six counts with using the mails to defraud in connection with the promotion of the Peindexter Royalty Syndicate and the Snackover Jackpot, in the Eldorado oil field, pleaded guilty today on all counts and was sentenced to three years in the Leavenworth penitentiary. Kercheville, who was indicted last December, failed to appear for trial in February and again at this term of court and his bond of \$10,000 was declared forfeited. His bondsman located him in New York and he was brought back here.

TODAY—Ride in this Remarkable Six

Scientifically balanced, holds the road at all speeds. All-steel body. One-piece windshield. Luxurious, genuine leather cushions, tentacles deep. Cool lights. Standard non-skid cord tires.

Now here's a car to put the song of the open in your heart!

HERE is the open of the country, the quiet of star-leavened skies, the power of a thousand giants to transport you magically to the land of dreams—come true.

A car world-famous and distinguished, the product of a vehicle-maker internationally acclaimed for the supreme in fine carriages since the days of Lincoln and Grant.

All the luxuries of a fine car—for it is a fine car. The same steels, the same engineering as the most costly Studebaker models—and that means the best men know. The same ease of handling, the same quiet, smooth operation, long life, low upkeep cost.

Now ride in it. Note its quick response to the slightest touch of the accelerator. Feel

the thrill of its tremendously powerful six-cylinder motor. Mark its ease of handling, its comfort, its fine car refinements.

Then note its price is well within the limits of economy—the cost of upkeep low. The terms of payment liberal. It offers the supreme value of today in the \$1000 field.

We invite you to take out a Light-Six model for comparison with other cars at near its price. Then with cars selling for several hundred dollars more. We'll place a Light-Six at your disposal for this purpose any time you name.

Buy no car at \$500 or more without making this test. Don't buy blindfolded.

PROBLEMS OF STATE PLACED BEFORE VIEW

(Continued from page 1.)

candidates for governor is the candidate of some special organization and that if either was elected that special organization that backed the victor would get the thing it desired in politics.

"I have no hesitancy in telling you that Lynch Davidson is the candidate of big business," said Senator Burkett, "and if he is elected governor, he will warb for big business. If big business is permitted to run our state government, then we are certain to have corruption in our state government just as has developed in the Teapot Dome scandal.

"T. W. Davidson was endorsed by a political conference. These few politicians the same as told the members of the union that they did not know who to vote for governor and since they weren't capable of electing a man that they would select one for them. Mr. Davidson has been less favorable to the farmers and laborers than either of five other candidates, these being Senator Collins, James E. Ferguson, Senator Darwin and myself.

"Judge Felix D. Robertson," Senator Burkett declared, "is the candidate of the Ku Klux Klan, and if elected the klan will dominate the governor's office. He was nominated by 50 or 60 klan leaders, and this group ordered the klansmen to vote for him for governor. They just the same as told them 'you are good enough to belong to the klan, we want your \$10.00, but you haven't intelligence enough to select a man for governor, so we'll do it for you'."

Secret Dictation Bad.
"The klan is a secret government," Senator Burkett continued. "Secrecy always breeds suspicion, corruption and discontent. Secret government is always dangerous government. Every citizen from the humblest to the highest has a right to know the associations and connections of our public officials and our officers should owe no debt of favor or gratitude to any organization.

"Klansmen say that the klan is a religious organization. Then, if it be a religious organization, it has no place in politics. The leaders of the Catholic church is trying to dominate Texas politics. I am a Protestant, klan n Texas are charging that the But for argument's sake, say such but I do not believe that such a charge is true. Then the klan is doing or attempting to do the same thing that it condemns the Catholics for doing. If it be wrong for Protestants to do so, and only Protestants belong to the klan, it logically follows that it is dangerous for klansmen to dominate Texas politics, for that would be a union of church and state."

SEVERAL OIL PROMOTERS RECOMMENDED FOR PAROLES

By United Press.
LEAVENWORTH, Kan., May 24.—Appeals of "Big Tim" Murphy, Chicago labor leader, and Vincenzo Cosmano, both convicted of conspiracy to rob the mails, for paroles were denied by the parole board of the federal prison here. The two men were found guilty of conspiracy in the Dearborn mail robbery and have served one-third of the sentence and are eligible for parole.
Several of the negroes in the Houston race war, originally sentenced to death but whose sentences were later commuted, were paroled by the board.

Several of Dr. Cook's associates in the Fort Worth oil promotion scandals, were recommended for parole. They were sentenced to one year and a day.

JEFFERSON COUNTY MEN IN BATTLE FOLLOWING DISPUTE

NEDERLAND, Texas, May 24.—W. N. Parker, real estate dealer and contractor of Nederland was arrested and placed under a \$500 bond in connection with the shooting and serious wounding of D. C. York, following an argument over the erection of a house. The bullet passed through York's hand into the breast and through part of the right lung. He was taken to the hospital at Beaumont.

PRESIDENT IS AIDING GILLETT FOR THE SENATE

Needs New Administration Leader Since Lodge Has Proved Doubtful.

WASHINGTON, May 23.—Interference by President Coolidge in the republican senatorial contest in Massachusetts in behalf of Speaker Gillett, is expected to complicate the present situation there and increase the bitterness that already characterizes the scramble. That Louis A. Coolidge, one of the candidates for the senatorship, foresaw this presidential interposition is evidenced by his recent statement practically warning Mr. Coolidge to keep hands off.

Orders to Machine Private Secretary Slemm and General Manager William M. Butler of the president's high command, it is forecast, will give orders to the federal machine to eliminate Louis A. Coolidge and Congressman Dallinger. Slemm owes his present position primarily to Speaker Gillett, according to the understanding in Washington. That is taken to mean not only that Slemm is beholden to Gillett but also that the latter is influential with President Coolidge and will have the benefit of the latter's powerful backing.

With Gillett in the senate—if that should follow from the present machinations—Senator Lodge, it is believed would no longer be the voice of the administration in his branch of congress. Lodge's sudden invention of an international court substitute for the existing tribunal, and its practical repudiation by Mr. Coolidge as soon as it was proposed, is regarded as a cause for estrangement between him and the president if not as a strong proof of the personal differences already existing between them.

Big beneficiaries of the Fordney-McCumber law, evidently realizing the unpopularity of the profiteers' tariff among the farmers of the West have begun a wholesale propaganda to save their exorbitant "protection" and get even more through the application of the "flexible" provision of the Fordney-McCumber act.

Urging Higher Tariff The Home Market club of Boston and the National Association of Cotton Manufacturers, which also has headquarters in New England, are just now the outstanding leaders of this campaign. The latter is moving to induce the tariff commission to increase the present high duties on cotton textiles, while the former is endeavoring to justify all the rates of the Fordney-McCumber law. The Home Market club, which has for a long time been conspicuous among the promoters of the republican tariffs, is spreading its latest propaganda by means of a pamphlet purporting to show that duties imposed by the Fordney-McCumber law are not reflected in the prices of goods that women purchase. The implication left in the minds of the reader of this pamphlet is that the importers, jobbers, and retailers are wholly to blame for the profiteering in the goods that women buy for the home.

It is regarded by the democrats as important only as a symptom of the fears that the republican leaders and their allies among the profiteers feel for the consequences to Mr. Coolidge in the West.

MONDAY AND ALL THIS WEEK IMPORTED ENGLISH VOILES 65c

The fact that these are a special purchase of a very large assortment in any color you could think of, accounts for the extremely low price at which they are offered.

A splendid quality of imported voiles, it should sell regularly at a much higher price than the one now quoted.

That beautiful chiffon finish and just as pretty and soft as they can be, in a wonderful assortment of solid colors.

Wonderfully attractive are the Voile Dresses for the summer time, and more than ever favorites of the mode this year.

Why not then supply yourself with enough material for several frocks at this special price.

Although there are three serious objections to such consolidation—creed, church government and status of ministry—still are in the path of unification, the committee recommends that, instead of trying to change, these contingencies may be avoided.

ELZO BEEN NOW IN CONTEST FOR DISTRICT JUDGE

To the Voters of Eastland County: Believing that you will want to know and have a right to know something of the life and qualifications of a man seeking public office, and how he will conduct the affairs of that office, if elected, I submit the following for your careful consideration.

I am 40 years of age, having spent 24 years of that time in this county, been admitted to the bar 12 years and am a graduate from the law school at Lebanon, Penn. I have served you in the capacity of district clerk, county attorney and assistant county attorney and believe the experience gained in these different offices gives me a clear insight as to how the court should be conducted. And has given me an opportunity to see and hear some of the ablest lawyers of the county conduct many complicated cases. In my judgment this will assist me in the trial of cases coming on for hearing, and gives an advantage that many attorneys have not had.

A court's business should be promptly and fairly dispatched. Defendants should have a fair and speedy jury trial. To this they can have no legal objection as it is a sacred right guaranteed them by the constitution. Society too and justice to a hearing. Court delays increase crime, criminals are made bold and the masses are left to the mercy of the violent. In my opinion one of the greatest hindrances to law enforcement is delay in court procedure. I believe if the cases are tried without delay, we will have fewer criminals, more good citizens and greater respect for all laws and the legally constituted authorities.

I am not now and have never been affiliated with the Klan and furthermore will say that I prefer to remain where I am and will run this race upon my merits and qualifications and not upon the demerits and disqualifications of any that oppose me. In my judgment the judiciary of the land should be kept free from prejudicial and partisan issues and should be kept on a high plane of fairness, and if elected same will be kept there so long as I am your district judge.

In my opinion the liquor evil is one of the greatest problems confronting our people. I have never touched liquor in any form. I believe that the good Christian parents whose hearts have been made to ache and bleed because of this evil should give those seeking public office to know that they can no longer court the friendship of the bootlegger and at the same time hope to have the confidence of the good mothers and fathers and have their support in elevating them to places of public trust.

The law of the land should be enforced against all who break those laws, be they rich or poor, industrious or vagrant, the loved or friendless the meager or mighty should all stand on par before the law and its mandates. I believe the continued duration of the government, the protecting virtue of civilization, the cause of right and righteous demand that every person should stand equal before the majesty of the law. No man can be so low in the scale of life as to lose any of the protection afforded by the law and no man can rise to a station so lofty as to render him unaccountable to the voice of the law. They should be enforced against men of power and influence and against men who can call counsel to defend them from among the greatest lawyers of the land as they should be enforced against those who can not call counsel to defend them at all.

I believe the administration of justice should be conducted in a manner befitting the solemnity of the occasion. Jurors, litigants, and witnesses, unfamiliar with court procedure will and should be accorded that respect, protection and courtesy which is the inalienable right of every citizen.

With an abiding confidence in the splendid citizenship of Eastland county, that right will and should prevail, I solicit your vote and influence for judge of the Eighty-eighth district court, I am,

Your friend,
Signed: ELZO BEEN.

CONDITIONS IN RUHR BECOMING VERY ACUTE WITH DAILY OUTBREAKS

BERLIN, May 24.—Communists today forced merchants of the Ruhr to grant food tickets at their stores to striking miners. The "reds" likewise have been forcing city councils to give doles and dinners to the strikers, their wives and their children, and causing outbreaks when the requests met with refusal. More than 1,250,000 miners and members of the family are being fed at public expense at a daily cost of a quarter of a million dollars, it is claimed.

The lockout now threatens to bankrupt the Ruhr and strong force may have to intervene. The women continue to urge the men to deeds of violence and sabotage, according to various reports. Many of the mines are being flooded.

MONKEYS PELT SHIP AND SNAKES TRY TO ROPE IT

NEW YORK, May 24.—Monkeys pelting the ship with coconuts from giant palm trees and enormous snakes which swung out from floating islands and endeavored to wrap themselves around the ship, were among the experiences recounted here by Capt. Jonas Pendlebury of the steamer President Adams. The liner, one of the Dollar Line vessels, had just arrived here from a round the world trip.

As the President Adams was penetrating the Palawan passage, between Borneo and the Malay peninsula, according to Captain Pendlebury, he and his officers observed a number of large islands approach the boat. From the top of their giant palms, twice the height of the steamer's masts, came a rain of coconuts.

Captain Pendlebury put on steam and got his vessel safely away.

BIBLE THOUGHT.
ALWAYS PROTECTED:—
 When thou passest through the waters, I will be with thee; and through the rivers, they shall not overflow thee; when thou walkest through the fire, thou shalt not be burned; neither shall the flame kindle upon thee.—Isaiah 43:2.

PRAYER:—We are glad, Lord, that thou dost keep us dear unto thyself as the apple of thine eye.

VALUE OF PARTY PLATFORMS.

Party leaders, it is announced, are completing their drafts of platform pledges to be adopted at the approaching conventions. While custom and precedent may be cited to support the theory that this initiative and privilege belongs to a certain few party leaders, that a political campaign must be mapped out, arranged and stated by experienced tacticians, it seems to be an assumption contrary to the original design of party organization and was never so intended. It may be assumed that the cardinal tenets which mark party divisions are so well understood that a declaration of fundamentals cannot fail to express the convictions and enlist the unquestioned support of the rear rank and the men and women behind the guns, but the value of this preparation is becoming more and more a question.

This was most emphatically illustrated in the last presidential election when in spite of party whip and spur hardly half the voters of the United States took the trouble to go to the polls.

Again, party convention pledges have come to be looked upon as campaign clap-trap. Senator Borah, recently discussing this phase of the matter, declared that no congressman or senator ever gave a thought to the "platform" or fundamentals, after congress convened, and he doubted if many of them could repeat a half dozen essential points.

Party unity, of course, is desirable, but is that possible or probable when so many factions or blocs must be pleased or appeased?

The question involves the larger question of government by party—and that question conflicts at the outset with the constitutional fundamental of government by the people.

Just what should a party platform contain? Should it declare the ambitions of the few—or should it represent the hopes of the many?

COLLEGES REFUTE BUTLER ASSERTION.

Dr. Nicholas Murray Butler is the target for the wrath of prohibitionists and the "goad" for the wets. His recent statement that "prohibition is demoralizing our public and our private life" has resulted in an avalanche of protests and denials. The Christian Science Monitor, of Boston, has completed a survey of 234 American colleges, and only five claim that drinking has increased, while 138 refute his contention by asserting that prohibition has decreased drinking. Of these institutions 107 declare that respect for the law has been increased by prohibition and 14 take the Butler point of view, while 97 institutions report they have never been troubled with this problem.

Dr. Butler's final assumption, that the prohibition law cannot be enforced and that public opinion is not demanding its enforcement, meets a similar refutation from America's colleges. Thus 184 colleges believe in the enforcement of the present law, and only 15 support Dr. Butler, while in 24 institutions an accurate report was considered impossible.

The American Cotton Growers' exchange, a federation composed of 12 state association members, is planning for largely increased business for the coming year. The exchange organized in 1922, has grown from 50,000 members to 250,000.

Ringold Shows His Confidence In the Future Of Ranger

After weeks of steady work, for an up-to-date service station and depot for automobile accessories is not built in a day, E. A. Ringold has built and equipped, at Pine and Austin streets, one of the most attractive filling stations in Ranger, or any place in West Texas, for that matter. The building is of brick, reinforced concrete and stucco and is attractive in every way.

The investment in this new station is in the neighborhood of \$7,000 and indicates the confidence Mr. Ringold has in the future of Ranger. He came here while the oil boom was just in its beginning, has served in the postoffice, has served in the city administration and is one of the best posted men in Ranger relative to conditions in and about the city.

"Do you think I would have put this investment into a filling plant in Ranger if I lacked confidence in the city's growth?" he asked. "I believe Ranger is just beginning to grow. There are opportunities here for investment, for enterprise, for development and growth and Ranger is destined to become one of the most important of all West Texas cities."

Mr. Ringold wants a name for his new service station. In return for a suggestion of a name that he believes appropriate he offers a free railroad ticket to Denver or Galveston and return, and in addition he is offering cash prizes of \$10 and \$5 for the names deemed second and third best. The contest closes at 6 o'clock next Tuesday and the awards will be made Wednesday by a committee of three judges.

FIRE DEPARTMENT GROUNDS BEING MADE ATTRACTIVE

Work of beautifying the building and grounds of the Ranger fire department is progressing rapidly, according to Fire Chief Murphy. T. R. Valliant donated around 2,000 plants for the grounds and with the various donations from other citizens we have our grounds in fair shape, according to Fire Chief Murphy. "However, we can stand a few more donations," he said. Gifford Clerge of the Oil Cities Electric company donated the paint to paint the wood work of the building and the fence surrounding the grounds.

Glenn Young, Dry Raider, Wounded One Death Follows

By United Press.
HERRIN, Ill., May 24.—Hostilities between Ku Klux Kantsmen and their enemies in "bloody Williamson county," broke out again today. Precautions were being taken tonight to prevent a recurrence of the bloody war that has prevailed since the Her-rin massacre of 1922. One man, James Skelcher, is dead. He was shot down on a road between Mar-ian and here. S. Glenn Young, famous dry raider, lies in a hospital at Belleville. He is crippled, probably for life, by a bullet through his leg. In an adjoining room lies Young's wife, blinded in one eye, having been wounded by buckshot.

The latest outbreak in "Egypt," as southern Illinois is known, started Friday while Young was returning to East St. Louis, where he is klan leader, when he and his wife were attacked by four men in an automobile. The big automobile presented to Young by Marion business men was riddled by bullets. Members of the constabulary organized by Young watched the roads in hopes of capturing the assailants of their leader. They stopped all cars. James Skelcher and Carl Shelton, known anti-klanmen, did not stop their car until it had collided with another. When they started to run, Skelcher was shot and killed.

ELKS MAKING SPECIAL TRIP TO DALLAS TODAY

Between 25 and 30 Elks of Ranger, headed by Dr. H. A. Logsdon, exalted ruler, and Aubrey Jameson, district deputy, were to leave early this morning for Dallas, according to Mr. Jameson. The Elks are making the trip to hear J. G. McFarland, grand exalted ruler, and Fred C. Robinson, grand exalted secretary, who are to be in Dallas today and hold two meetings for the purpose of meeting with and addressing the Elks of North and West Texas. The program in Dallas calls for a business session at 10 o'clock this morning and a public meeting at 3 o'clock this afternoon, at both of which Mr. McFarland will speak. A banquet for the Elks is to be served at 6 o'clock this evening on the roof of the Jefferson hotel in Dalas.

 2. A slight subluxation of a vertebra in this part of the spine is the cause of so-called throat trouble, neuralgia, pain in the shoulders and arms, grouch, nervous prostration, la grippe, dizziness, bleeding from nose, disorder of gums, catarrh, etc.
 3. The arrow here marked No. 3 locates the part of the spine wherein subluxations will cause so-called bronchitis, felons, pain between the shoulder blades, rheumatism of the arms and shoulders, hay fever, writers' cramp, etc.
 4. A vertebral subluxation at this point causes so-called nervousness, heart diseases, asthma, pneumonia, tuberculosis, difficult breathing, other lung troubles, etc.
 5. Stomach and liver troubles, enlargement of the spleen, pleurisy and a score of other trouble, so-called, are caused by subluxations in this part of the spine, sometimes so slight as to remain unnoticed by others except the trained Chiropractor.
 6. Here we find the cause of so-called gall stones, dyspepsia of upper bowels, fevers, shingles, hiccoughs, worms, etc.
 7. Bright's disease, diabetes, floating kidney, skin diseases, boils, eruptions, and other diseases, so-called, are caused by nerves being pinched in the spinal openings at this point.
 8. Regulations of such troubles as so-called appendicitis, peritonitis, lumbago, etc., follow Chiropractic adjustments at this point.
 9. Why have so-called constipation, rectal troubles, sciatica, etc., when Chiropractic adjustments at this part of the spine will remove the cause?
 10. A slight slippage of one or both innominate bones will likewise produce so-called sciatica, together with many "diseases" of pelvis and lower extremities.

Extraordinary Paint Demonstration

May 26-27

Come! See! Learn!

Would you dare iron a wet towel until dry on your dining room table? Visit our store and we'll show you how Neptunite Varnish withstands such abuse—how it scoffs at terrific heat—how it resists a temperature of 400 degrees.

Do you know how easily, quickly and cheaply you can refinish a table, stand or chair—give it a deep lustrous, beautiful grain finish? Then come in and let us show you how with Vernicol Stain you can stain and varnish with one sweep of the brush.

Do you know what a remarkable change a little paint will make in the appearance of your home? We'll be glad to tell you how for a very small cost you can effect a wonderful transformation in your home.

Look at These Paint Bargains

If you want to touch up the floors, paint the screens, refinish a table or any other small job that you can do yourself, take advantage of these paint bargains.

During this demonstration we will offer you your choice of one-half pint of High Standard Paint, Neptunite Varnish, Vernicol Stain, Screen Enamel or Automobile Black—and a 25 cent paint brush—for 45 cents. All you have to do is bring in the coupon and you'll get a can of paint worth 25 cents, a brush worth 25 cents (total value 80 cents) only 45 cents.

Don't Miss This Demonstration

It's worth your time to witness the remarkable tests we are making. It's worth 35 cents to you to clip the coupon and bring it to our store. Now is the time for you to get all of the information about any painting you want to do. We will estimate the material required on any job and then we'll recommend reliable painters who will give you a labor cost on the job and do the work in a capable manner. The demonstration and coupon offer are limited to the above date. Be sure and make use of both of them. Come in tomorrow or the next day. We're ready and anxious to help you with all of your paint problems.

Ask the Paint Expert

We have a paint expert with us from The Lowe Brothers Company. He's here to answer your questions. He'll tell you about the four Neptunite Varnishes—why there are four Neptunite Varnishes, where to use them and how they beautify and protect. He'll tell you about Mello-Gloss and Mello-tone, the modern wall finishes—how their first-day newness and beauty can be perpetuated with soap and water. He'll explain the economy that comes from using High Standard House Paint. And he'll make some tests with these products that will open your eyes in wonderment.

Our Bigger Paint Service

We're conducting this demonstration for your benefit—so that you can see the quality of our paints and varnishes. But our service goes beyond just supplying you with cans of paint, brushes, putty, etc.

By arrangement with The Lowe Brothers Company we can offer you the services of their Decorative Department. The Lowe Brothers paint expert will get color schemes for the decorating of your entire home or only one or two rooms, without cost to you.

This coupon and 45 cents entitles you to 1/2 pint of any of the following products: High Standard Paint, Neptunite Varnish, Vernicol Stain, Screen Enamel or Automobile Black, and a 25 cent brush if brought to our store on May 26 or 27.

THEIR HOUSEWORK IS FINISHED BECAUSE THEY "Do It Electrically" You've seen so many women who find time to attend club meetings, pay calls, etc.—without neglecting any of the cooking, cleaning and laundry work at home. "How do they do it?" you ask. A visit to our office with its many Labor Saving Appliances will reveal the secret. You will discover how unnecessary it is to constantly slave and toil at housework. Thereafter, you will have your work done by "Electrical Servants"—the kind that are sold and guaranteed by OIL CITIES ELECTRIC CO.

STEADY GROWTH

A steady substantial increase in our business for the past few months not only in numbers of policy holders but also in dollars and cents, is evidence to us that the Eastland public has faith in insurance and a deep appreciation of the service we offer. If you are not one of our patrons, let us add your name to our list of satisfied friends.

CHURCHES

RANGER CHURCHES

FIRST CHRISTIAN
Main, near Marston—Rev. H. B. Johnson, pastor. Sunday school 10 a. m. Preaching 11 a. m. and 8:15 p. m., by the pastor. The service this morning will be given to report if the state convention which was held at Waxahachie from 12th to 15th of this month. Subject for evening hour, "The Divine Challenge." Come and be in your place this morning and let's make it a great day for the Kingdom. The pastor spent last Sunday at his old home in Chico, where he preached at night.

FIRST METHODIST
Elm, near Marston—Rev. A. W. Hall, pastor. Sunday school at 9:45 a. m. Motto: "Every member present on time, with an offering, a studied lesson and a mind to work." Preaching at 11 a. m. by the pastor. The Junior church will meet as usual. Every boy and girl in the intermediate department is urged to stay for this service. Senior league meets at 7:30 p. m. No finer organization anywhere to meet the needs of our young people. Come and try it personally. At 8:30 p. m. the pastor will speak again on a subject of great importance to us all. There will be a tendency on the part of some to drop out or be slack in attendance. This merely gives a chance for all worth while people to show their loyalty. Get right in and show where you stand. All visitors welcome.

FIRST PRESBYTERIAN
Marston, corner of Walnut—Rev. G. D. Robison, pastor. At the close of the Sunday school hour, the date and place of the Sunday school and church picnic will be announced. Let nothing interfere with your being in your place in Sunday school. This applies not only to officers and teachers, but to pupils as well. It's so easy if you will just determine to give your church the hours 9:45 to 12 every Sunday morning. As you are regular in your office or in your place of business and can be depended on there, be constant and dependable in your church also. At 11 a. m. the pastor will use as his subject, "Seeing it Through." At 8 p. m., "The Gospel of Good Cheer." The Y. P. S. C. E. meets at 7:30 p. m.

FIRST BAPTIST
Walnut, near Marston—Rev. W. H. Johnson, pastor. The Carl Barnes post, American Legion, will have memorial services in this church at the morning hour of worship. The subject of the sermon will be "Twilight." The pastor's address in the evening will be on "Matters of Salvation." Sunday school at 9:45 a. m. Sunbeams meet at 3 o'clock. Morning worship at 11 o'clock and evening service at 8 o'clock. B. Y. P. U. meets at 7 o'clock. Orchestral music and a fine choir at all services.

EPISCOPAL
Opposite Young school—Sunday

school 10 a. m. Communion service 11 a. m. Rev. Frank H. Stedman of Cisco will conduct the service.

CHURCH OF CHRIST
Rusk, corner of Mesquite—Bible study at 10 a. m. Services at 11 a. m. and 8 p. m. Bible study at 8 o'clock Wednesday evening.

THE BOSTON STORE, RANGER, TEXAS

Something Very Interesting

DON'T FAIL TO GO BY THE BOSTON STORE SHOW WINDOWS SUNDAY OR MONDAY AND SEE THE "COLLECTION OF CURIOS"

To every lover of art, of real hand-made things produced by the same people and in the same way as in the day our Savior's feet trod the earth and rested upon these selfsame spots where this wonderful collection of curios came from Egypt, Syria, Palestine and the Holy Land, as well as students of Scripture, this display is a rare treat indeed.

This curious collection of things was arranged by the Boston force for the benefit of our friends and is part of the many things brought back to Ranger by our Mr. Hassen while on his recent travels over these historical old countries. Call and see them. They will be on display only a few days.
