West Texas—Tonight and Tuesday, generally fair; cooler in the Panhandle Tuesday.

SENTENCE SERMON
I have seldom known any one who deserted truth in trifles that could be trusted in matters of importance.—Faley.

VOL. V. RANGER, TEXAS, MONDAY, EVENING, APRIL 14, 1924. Price Five Cents No. 272.

PRISONER CLAIMS MISTAKE IN IDENTITY

LEADING BANKER IN KANSAS CITY GETS ENTANGLED

Head of Bank Charged With Shortage and Removed; Loses in Texas Lands.

KANSAS CITY, Mo., April 14.—John M. Moore, a leading banker of Kansas City, today was found to be \$600,000 short in his accounts with the Fidelity National Bank & Trust company, one of the largest banks in Kansas City.

Republic of Greece To Elect President Some Time In June

ATHENS, Greece, April 14.—Rigorous measures were instituted today to guard the new-born Greek republic, confirmed by overwhelming vote in Sunday's popular plebiscite.

Premiers Of German States Considering the Dawes' Program

BERLIN, April 14.—Settlement of the tangled reparations problem was a step nearer today as the German state premiers went into session here to discuss acceptance of the Dawes report.

STATE PARKS IN TEXAS SUBJECT FOR CONVENTION

BROWNWOOD, April 14.—Interest in the creation of a number of state parks in Texas, which recently has commanded a prominent position in Texas, following the committee's tour of the state in the interest of selecting and naming park sites, will be the subject of an address to be given here by Mrs. Phoebe K. Warner of Claude, Texas, during the annual convention of the West Texas Chamber of Commerce, which convenes here May 13, 14 and 15.

THE WEATHER.
West Texas—Tonight and Tuesday, generally fair; cooler in the Panhandle Tuesday.

MASONS MEET TONIGHT TO PLAN MAUNDY THURSDAY

All 18th and 32nd degree Masons have been called to meet at 8 o'clock tonight in the Shrine club rooms, Maundy hotel, to arrange for the Maundy Thursday banquet, which will be held next Thursday in the Masonic hall.

RANGER REVIVAL SERVICES ARE DRAWING MANY

Special Efforts in All Churches to Arouse Religious Interest.

The week of revival services in the churches of Ranger began Sunday. The storm of early Sunday morning and the threatening clouds that extended well through the forenoon had a wiling effect on the morning services at all the churches, but whatever was lacking in the morning was more than made up at the night services.

The Rev. G. D. Robison, pastor of the Presbyterian church, has adopted a plan for the week which promises to bring good results. He has the roll of members called at each night service, and has formulated a scale of credits for the week, the member receiving the highest rating to receive a Bible. Certain credits will be given for attendance, other credits for inviting others to attend and larger credits for bringing others to the church.

Legion Will Meet In Ballinger; Ranger Does Not Enter Bid

Ballinger will entertain the next quarterly convention of the State American Legion, seventeenth district. Carl Barnes post of Ranger, after a short caucus decided not to enter a claim for the next convention, but would at Ballinger next September. Baird was nominated for the next convention, but withdrew.

Republicans Considering How Far They May Safely Carry Their Defiance

SENATE FACES MAZE OF DOUBT AS TO COURSE

Immigration, Bonus and Tax Measures Present Separate Involved Problems.

WASHINGTON, April 14.—A closed conference of the senate republicans has been called for today in an effort to find a way out of the legislative maze now enveloping the upper house of congress. Immigration, the bonus and tax measures are the chief measures under consideration, and the republican leaders want to decide:

Whether to attempt the adoption of the Japanese exclusion amendment pending in the immigration bill, in open defiance of a suggestion by the state department.

Whether the bonus bill should be given the right of way over the tax bill in defiance of a suggestion by President Coolidge.

Republican Senate Finance Committee Slaps At Coolidge

WASHINGTON, April 14.—Showering full responsibility, republican members of the senate finance committee today decided to give the bonus bill the right of way over the tax bill in the senate.

BRECKENRIDGE TO HAVE CHEAPER WATER RATES

Breckenridge will have cheaper water rates after May 1. Water rates have been reduced from \$1.50 to \$1.25 per thousand gallons, and the monthly minimum cut from \$3 to \$2.

HOOF AND MOUTH DISEASE SEEMS TO BE DYING OUT

LOS ANGELES, April 14.—With only one outbreak of the hoof and mouth disease reported the last 24 hours, state and federal authorities expressed the hope that the epidemic is losing ground.

Thirteenth Proposal Wins Consent Of Fair Maiden To Accept Heart and Hand

RUBYE DE REMER. Benjamin Throop, millionaire Scranton, Pa., coal and iron magnate, called "the world's most perfect lover," has been married in Paris to Rubye De Remer, screen actress, once called "America's loveliest woman."

Oil Belt Council Of American Legion Has Eight Posts

To bring the American Legion posts in the oil belt closer, the Oil Belt Association council, consisting of eight posts in this section was formed Sunday at the quarterly convention of the seventeenth district, state legion department.

SENATE REPUBLICANS BLAME DEMOCRATS FOR SENATORIAL PROBES

WASHINGTON, April 14.—Senate republicans today rallied to the support of President Coolidge in his stand against alleged illegal methods adopted in the senate in the investigation of government departments and officials.

WOMAN TELLS OF LOSING ALL HER SAVINGS IN MARR'S OIL STOCK

TEXARKANA, Ark., April 5.—A pitiful story of how she lost her entire savings by investing in Pat Marr's oil companies was related in federal court today by Mrs. Mattie L. Taylor of San Antonio.

JUDGE E. A. M'DOWELL DIES IN HOME AT BEAUMONT

BEAUMONT, April 14.—District Judge E. A. McDowell of the Sixtieth district died at his home here today of heart failure.

HIGHER COTTON FORECAST BY U. S. SENATOR

Dial of South Carolina Predicts It Will Go Above 31 Cents a Pound.

WASHINGTON, April 14.—Cotton, now approaching 31 cents a pound, is going up appreciably higher, Senator Dial, South Carolina, predicted today. As a result he advised mercantile houses to buy their cotton stuff now.

WHEELER SEES HIDDEN HAND IN INDICTMENT

Special Assistant Attorney General Pleads With Grand Jury for Bill.

WASHINGTON, April 14.—Information received by Senator Wheeler from Montana has convinced him that former Attorney General Daugherty played a part in obtaining the indictment against him by a federal grand jury at Great Falls.

National Honor Is Declared Involved; Of Which Nation?

TOKIO, April 14.—Japan views the act of the American house of representatives in passing the immigration bill involving Japanese immigrants as involving Japan in a "matter of honor and international prestige."

GERMAN GOVERNMENT FORMALLY ACCEPTS THE REPORT OF EXPERTS

BERLIN, April 15.—The Berlin government this afternoon formally accepted in principle the report of the experts on the reparations problems.

JACK CAMPBELL IN EASTLAND COUNTY JAIL

Says He Once Lived in Ranger but Is Not Same Man Who Conducted Roadhouse.

Jack Campbell, arrested recently at Pawhuska, Okla., by Texas officers and brought to Eastland in the belief that he is the Jack Campbell once convicted for bootlegging, is not the Jack Campbell, who for three years lived here and in 1920, conducted a road house two miles east of town, where a man said to have been Campbell was shot and killed on the night of Oct. 10, 1920, according to the opinion of those who knew the Eastland Jack Campbell and who have seen the Oklahoma man who is now under arrest here.

Lon Graham, former Eastland officer, is the only man claiming to have known the Eastland Jack Campbell who has seen the man now being held in Eastland and says he believes him to be the Jack Campbell who conducted the roadhouse here and who is alleged to have been shot and killed and his body shipped to Illinois for burial.

Woman Charged Plotting the Death Of Man and Woman

LARNED, Kan., April 14.—Mrs. Mary K. Eggleston, charged with plotting the death of two persons, today declared the accusation part of a conspiracy to get her money. She is in jail facing charges of conspiring to mix a poison drink for Mrs. Laura Eggleston and David Ely.

GOVERNOR NEFF BEGINS HIS CAMPAIGN AGAINST INSTRUCTED DELEGATION

AUSTIN, April 15.—"I'm going to have a good time," was the only statement Governor Neff made before leaving for Cleburne, where he will be opening his gun for an unrestricted state delegation to the New York democratic convention.

BIBLE THOUGHT
NOT EVERY ONE THAT SAITH LORD, LORD: Not every one that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father which is in heaven.—Matthew 7:21.

THE PHARISEE AMONG US.
 It is recalled that an invitation was extended by the Savior of the world to that person among his hearers who was without sin to cast the first stone at one accused of sinning. Possibly there were some good persons in that audience, but they seem to have been modest folks, for none threw any stone. All went away quietly and therefore, by inference, all confessed themselves sinners.
 What a different story might have been told had the Eastland Oil Belt News been in that audience! Though none of the others had followed its example, the volley of stones thrown by it alone must not only have killed the poor accused sinner, but also would have beaten the body of the helpless woman into unrecognizable form.
 Such a barrage of stones as was thrown Sunday morning by the Oil Belt News at sinners in Eastland would, according to the Gospel standard, indicate an unusual high esteem in which it holds itself and an exceptionally low scale in which it places its readers. The Oil Belt News threw stones with such astonishing recklessness that it may be assumed it places itself among the chief sinners if not the high and mighty ruler of the Pharisees. And apparently it cared not how many were killed or how badly their bodies were mangled.
 In the gospel story there were many accusers, but it seems not one of them was without sin. The Oil Belt News is accuser, prosecutor and executioner, and its indictment, apprehension, trial, conviction and punishment of the sinful is all embracing. The stones are hurled with abandon at church, society, politics and business. The first stone was cast at the preachers and then others were flung at society, at religion, at honest men and then at all who might not have been included in those groups. Having thrown a battery of stones, it draws its skirts close about it and defies any grafter, crook or dishonest official to touch the hem of its garment. How could they after the Oil Belt News has battered the life out of them?
 The Oil Belt News is to be congratulated upon its saintliness. How Diogenes would have exulted could he have lived in this day so that he could have turned the light of his lantern one one real professor of honesty! He could have left his barrel and found refuge in a hood—the so-called true religion without a pretense. Diogenes and the Oil Belt News might have been so happy together. In time, too, he might have reached a conviction of his own honesty.
 The Oil Belt News even throws a stone at man's highest ideals. It says: "Religion, truthfulness, honesty and morality are right or wrong." If they could be wrong, what would the Oil Belt News substitute for them? Possibly the Oil Belt News has them patented and it is wrong for others to possess them without paying it a royalty.
 There is one virtue, however, the Oil Belt News does not claim to possess and neither does it urge for others. For its enlightenment, it is recalled that Paul, who was a Pharisee before he became a Christian, wrote to the Corinthians:
 "Though I speak with the tongues of men and angels, and have not charity, I am become as sounding brass or a tinkling symbol. Charity suffereth long and is kind; charity envieth not; charity vaunteth not itself, is not puffed up. And now abideth faith, hope, charity, these three; but the greatest of these is charity."

Solid Trainload Of Studebaker Cars Is Started Eastward

SOUTH BEND, Ind., April 14.—A solid trainload of cars was forwarded today from the big Studebaker factories, with Hartford, Conn., as their destination.
 This is one of the biggest single shipments of automobiles made this year.
 Leaving South Bend, this train consisted of 52 freight cars of Light and Special six models. It was routed by way of Detroit to pick up 12 more carloads of Big Sixes.
 Altogether, the train contains 207 Studebakers, valued at approximately \$300,000.
 This large shipment to the East indicates the insistent, heavy demand for Studebaker cars.
 The Studebaker factories at South Bend and Detroit are running at capacity.

Cisco Schools Lack Money To Run; May Have To Be Closed

Cisco public schools may have to close one month earlier than the usual time because of a financial deficit. The business secretary of the Cisco school board in his report Friday night to the trustees said the school system faced a serious crisis.
 The cost of running the Cisco school system is \$7,500 a month. The secretary reported that the board has less than \$1,000 in the bank. The state appropriation, amounting to \$5,000 is due, which will add \$5,000. The remainder of the \$7,500 needed can be borrowed for this month, but the board has nothing on which to run the schools next month.
 There is \$30,000 in outstanding school taxes, half of which is for last year, it is said.

what you want, ask for it.

It is expected the class of novices will number over 150 so the camels will have plenty of fodder for their ravenous appetites the day of the ceremonial.
JURORS QUALIFY FOR DUTY IN DISTRICT COURT
 The following jurors were present in the Ninety-first district court this morning and qualified for service. After qualifying, they were excused by the court until Wednesday morning at 9 o'clock, because no litigants were ready for trial.

MINERS SLAM BALL HARD AND NITROS LOSE

Final Score 19 to 10; Parks and Olden Other Winners in Opening Games.

Special.
THURBER April 14.—Thurber and Ranger engaged in a batting carnival here Sunday in the season's opener of the Oil Belt association. Thurber got the most hits and won 19 to 10.
 Thurber's men slammed the ball for 19 hits and Ranger garnered 13. There were home runs galore, White Hudspeth, White and Dinsmore getting one each.
 The Nitros had no pitcher in condition to send into the box. Albert Ridings started with a smashed left finger on he stayed in on his courage or five innings. Shortstop Bud Dinsmore was the only man available and

he manfully accepted the role of a martyr in the box after Ridings quit. The Nitros had great sport with Bud's offerings and they hit him mercilessly. Carraway relieved Hudspeth in the seventh inning and the Nitros found no difficulty in solving the lanky boy's delivery. The got to him for nine hits.

Medicine Is Fed into Lungs of White-Plague Victims

For the treatment of pulmonary tuberculosis a medicine, is being used that is inhaled directly into the patient's lungs

Payroll Card System Helps in Avoiding Mistakes

Time, expense and mistakes in computing pay of employes of a large eastern company who work on an hourly basis are saved with the use of a system of cards that indicate the length of time a man has worked and the exact amount due. When a task is started, a card, marked in fifteen-minute intervals from 7 o'clock in the morning until 6 o'clock in the evening, is pushed to show the beginning hour. Another perforation is made on quitting. This card is placed upon a master card which shows the labor prices in progression from fifteen minutes up to and including eleven hours through the perforations. For the various kinds of work, seventy master cards are used in the factory. They are kept in a handy index so that they may be found immediately.

Uncle Sam Builds Highways Enough to Circle Earth

More than 8,000 miles of roads of all types were completed with federal aid during the year which ended June 30, 1923, according to a government report. This, added to the mileage completed previously, brought the total for finished projects up to 26,536 miles, or more than enough to circle the earth. The projects under construction at the close of the year amounted to 14,772 miles, and were estimated at 53 per cent complete.

Lamp Is Lighted by Wireless Transmission of Power

Just a glimpse of the future possibilities of the wireless transmission of power was given in the east recently, when an ordinary 110-volt incandescent lamp was lighted while being held a foot from a

Nitros Will Get New Pitcher; Parks Has Biggest Attendance

By HOWARD BARMAN.
 Parks had the biggest association crowd yesterday. More than 1,500 paid admissions. Olden was next with 800 and Thurber had 500 in round numbers.

Parks was somewhat ceremonious in opening the season. Mayor Ridgell came down from Breckenridge and threw the first ball. And for entertainment, Happy Jack pulled off his funny stunts in front of the grandstand.

Jim Smith from old Tennessee should blow today. Smith is coming on to bolster the Nitros' pitching staff, which was badly shot yesterday. "Luby" Snodgrass' arm, too sore to pitch even for an inning and "Peaches" Ridings carrying his first finger of the left hand in a bandage due to an accident at the Lone Star plan put the Nitros in a bad hole. But the game had to be played and Bud Dinsmore, who can stop a hot ball at short and whip it to first in A-1 fashion, was the martyr. Bud admits today he is no pitcher.

John McGarvey of Olden, president of the Oil Belt association, was happy over the attendance at the three opening games. The one-sided results were not pleasing but that's all in the game, says the president.

SEALY CLOUDS 7 HOMERS

PARKS, April 15.—Chief Sealy, the star pitcher for the Parks Stars, banged the ball for two home runs yesterday in a 5 to 0 victory over the Breckenridge Magnolia-Dynamo here.

A crowd of 1,500 persons saw the game. Mayor T. B. Kidgell of Breckenridge tossed the first ball, which opened the Oil Belt association here officially.

The fielding of Sisk of the Stars and Williams of Breckenridge stood out as bright spots of the game.

The score by innings:
 Breck. 000 000 00—0 4 2
 Parks 021 000 110—5 7 6
 Batteries, Parks, Sealey and Johnson; Breckenridge, Vick and Schmidt. Time of game one hour and 58 minutes. Umpires Elliot and Price.

What the World Is Doing

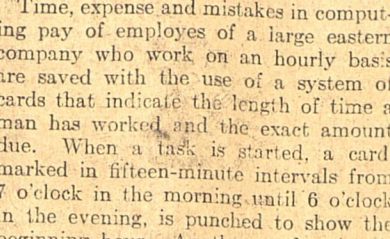

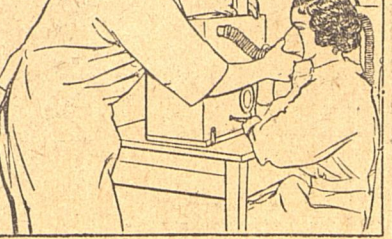

AS SEEN BY POPULAR MECHANICS MAGAZINE

Facilitating Handling of Rowboats

Ordinarily it requires the efforts of two men to launch a rowboat, but one man can easily do the work if the rowboat is provided with a small bronze roller as shown in the drawing. The detail shows how such a roller is attached; a wooden skeg keel is fastened to the main keel at the stern by means of iron plates and lag screws, and a recess is cut in the skeg to accommodate the roller, which is held in

Payroll Card System Helps in Avoiding Mistakes

Time, expense and mistakes in computing pay of employes of a large eastern company who work on an hourly basis are saved with the use of a system of cards that indicate the length of time a man has worked and the exact amount due. For the treatment of pulmonary tuberculosis a medicine, is being used that is inhaled directly into the patient's lungs

Payroll Card System Helps in Avoiding Mistakes

Time, expense and mistakes in computing pay of employes of a large eastern company who work on an hourly basis are saved with the use of a system of cards that indicate the length of time a man has worked and the exact amount due. When a task is started, a card, marked in fifteen-minute intervals from 7 o'clock in the morning until 6 o'clock in the evening, is pushed to show the beginning hour. Another perforation is made on quitting. This card is placed upon a master card which shows the labor prices in progression from fifteen minutes up to and including eleven hours through the perforations. For the various kinds of work, seventy master cards are used in the factory. They are kept in a handy index so that they may be found immediately.

Uncle Sam Builds Highways Enough to Circle Earth

More than 8,000 miles of roads of all types were completed with federal aid during the year which ended June 30, 1923, according to a government report. This, added to the mileage completed previously, brought the total for finished projects up to 26,536 miles, or more than enough to circle the earth. The projects under construction at the close of the year amounted to 14,772 miles, and were estimated at 53 per cent complete.

Lamp Is Lighted by Wireless Transmission of Power

Just a glimpse of the future possibilities of the wireless transmission of power was given in the east recently, when an ordinary 110-volt incandescent lamp was lighted while being held a foot from a

Nitros Will Get New Pitcher; Parks Has Biggest Attendance

By HOWARD BARMAN.
 Parks had the biggest association crowd yesterday. More than 1,500 paid admissions. Olden was next with 800 and Thurber had 500 in round numbers.

Parks was somewhat ceremonious in opening the season. Mayor Ridgell came down from Breckenridge and threw the first ball. And for entertainment, Happy Jack pulled off his funny stunts in front of the grandstand.

Jim Smith from old Tennessee should blow today. Smith is coming on to bolster the Nitros' pitching staff, which was badly shot yesterday. "Luby" Snodgrass' arm, too sore to pitch even for an inning and "Peaches" Ridings carrying his first finger of the left hand in a bandage due to an accident at the Lone Star plan put the Nitros in a bad hole. But the game had to be played and Bud Dinsmore, who can stop a hot ball at short and whip it to first in A-1 fashion, was the martyr. Bud admits today he is no pitcher.

John McGarvey of Olden, president of the Oil Belt association, was happy over the attendance at the three opening games. The one-sided results were not pleasing but that's all in the game, says the president.

SEALY CLOUDS 7 HOMERS

PARKS, April 15.—Chief Sealy, the star pitcher for the Parks Stars, banged the ball for two home runs yesterday in a 5 to 0 victory over the Breckenridge Magnolia-Dynamo here.

A crowd of 1,500 persons saw the game. Mayor T. B. Kidgell of Breckenridge tossed the first ball, which opened the Oil Belt association here officially.

The fielding of Sisk of the Stars and Williams of Breckenridge stood out as bright spots of the game.

The score by innings:
 Breck. 000 000 00—0 4 2
 Parks 021 000 110—5 7 6
 Batteries, Parks, Sealey and Johnson; Breckenridge, Vick and Schmidt. Time of game one hour and 58 minutes. Umpires Elliot and Price.

publication of this Citation in some newspaper published in the County of Eastland for four weeks previous to the return day hereof, you summons Walker S. Critchlow, who is a non-resident of the state of Texas, to be and appear before the Honorable District Court of Eastland County, Texas, Eighty-eighth Judicial District of Texas, at the next regular term thereof, to be held in the County of Eastland, in the courthouse hereof, in Eastland, Texas, on the 5th day of May, 1924, the Number being No. 10,897, then and there to answer the petition of George Hanson Bohrer, individually and as co-defendant, administrator of the estate of Jake L. Hanson, deceased, situated in and against said Walker S. Critchlow, and alleging in substance as follows:
 That on or about April, 1920, Jake L. Hanson, J. S. Sankey, and Walter S. Critchlow acquired the Guffey "B" oil and gas lease in Stephens County, Texas, covering the S. W. ¼ of the S. W. ¼ of Section 12, Amick Asylum Land, containing 40 acres more or less, whereby said Critchlow became the owner of an undivided (¼) one-fourth interest therein, said Hanson and Sankey the owners of the remaining interests; that it was agreed between said owners that said lease should be developed and operated at their joint expense and for their joint account in the proportions of their ownership, and in accordance with such agreement, said lease was developed and operated and four oil and gas wells drilled thereon; that in the development and operation of said lease, large sums of money were expended for labor, material, supplies, freight, water, gas, repairs, casing, pipe, machinery and equipment, and for the shooting of said wells with nitroglycerin, as is fully shown by Itemized, verified and accounted for file in this cause and that one-fourth (¼) of the total amount thereof is \$65,292.17, which is the reasonable worth and value of one-fourth (¼) of said several items and which one-fourth (¼) was payable by the said Critchlow on demand at Ranger, in Eastland County, Texas; that there is now due on said account by defendant to plaintiff \$9,756.75, which is just, past due, and unpaid, and which defendant, though often requested, has failed and refused to pay plaintiff, to plaintiff's damage in said sum of \$9,756.75, with interest thereon.

TUESDAY EVENTS.

Commercial club luncheon, 12:00 o'clock at Gholson hotel.
Idle Hour club meets at 2:30 o'clock with Mrs. Walter West, 200 Travis street.
Young School Parent-Teacher association meets at 4 o'clock at school.

NO MEETING THIS WEEK OF LADIES' LUNCHEON CLUB.

The meeting of this week of the Wednesday Luncheon club has been postponed. Due announcement of the next meeting will be made, after the close of the church services now going on.

TIME OF MORNING CHURCH SERVICES CHANGED.
The First Baptist and First Methodist churches will hold their morning church services from 10 to 11 o'clock instead of 11 to 12 as previously announced.

HUMAN EFFICIENCY SUBJECT OF 1924 CLUB.
The topic for study of the 1924 club for their Thursday meeting will be "Practical Human Efficiency." Mrs. Collie will be leader for the day. Papers of different phases of the subject will be given by Misses: Reutlaw, Hall Walker and J. T. Gulhorn. Chapter six of the Swift book will be used for general discussion.

MRS. CARROLL'S SUNDAY SCHOOL CLASS MEETING.
The young ladies of Mrs. F. L. Carroll's Sunday school class of the Presbyterian church, are asked to meet at her home, 425 Elm street on Wednesday afternoon at 4 o'clock.

JUNIOR NEW ERA WILL NOT MEET TONIGHT.
Owing to the fact that many members wish to attend the revival services at the various city churches, the meeting of the Junior New Era club announced for tonight will not be held until the next regular night which will be April 28.

RANGER PERSONALS.
E. K. Booth of Hico was a visitor in Ranger today, getting acquainted with the city. It is understood he is considering coming here to make his home.

EASTLAND BRINGS HOME EPWORTH LEAGUE BANNER.
Eastland brought home the banner for the second time in succession yesterday afternoon, from the county Epworth league association, held in Carbon, awarded to the town having the biggest number of members in attendance. Eastland brought the banner home last month from the county meeting in Ranger. The town in the county that wins the banner the greatest number of months, is awarded the banner for permanent keeping. The intermediate and senior Epworth leagues are in the combination.

During the session, the report was submitted that the Carbon league has been reorganized. Carbon had 15 members in attendance.
Cisco reported the re-election of its officers, and 40 in attendance.
Ranger showed up with a delegation of 35, a big increase over former attendance.
Eastland had a delegation of 43, representing the junior and intermediate leagues. Prospective plans for the organization of a senior league were introduced.
The meeting was held in the Methodist church of Carbon, taxed to capacity by those attending. The

program presented opened with talks by J. T. Elliot and Grady Morton. A male quartet sang "He Who Gave His Love for Me." Messrs. Trimble, Elliot and Pierce composed the quartet.
Talk, "Pioneer Trail," Mrs. Willie Gilbert; scripture reading, by Miss Mary Sue Rumph; address, "The Sky Line," by Rev. Mr. Morton. Response, "The Detour from the Sky Line," by Mrs. S. P. Rumph. Points brought out, were idleness, pleasure seeking, wealth seeking and selfishness. The program closed with another number by the quartet.

TWO FIGHTS DISTURB PEACE OF SABBATH DAY
Only two fights disturbed Ranger's otherwise peaceful Sunday. Incidentally all of the quarrels started and ended on Commerce street.
Four arrests were made. Two of them gave their occupations. One was a barber and the fourth a hotel manager. The two cooks mixed it up late Sunday and the hotel man and barber settled their differences in the morning. One fight went to a decision, police said.
Otherwise Sunday was the quietest Sabbath in many weeks.

BERNARR MACFADDEN

Health Hints by the Father of Physical Culture

Any fixed routines tend to make exercise monotonous and a bore, so it must be spontaneous, and must have variety.
But the parents should see that so far as possible the play exercise is taken under wholesome conditions. Let the children wear rompers, or other clothing which allows full body motion. Much of the playing of younger children will necessarily be indoors, so by all means have an abundance of fresh air and sunlight in the play room. Have exercise bars and other apparatus, if desired, as possible and also mats or blankets for floor exercises. A child will be apt to exercise better to music than without it, especially if its parents take the exercises at the same time. For this the phonograph or the radio musical programs are excellent.
A child should not be driven to exercise, but exercise should be made so attractive that he will be eager for it. If the parents will relax from their stiff and decorous posing occasionally to join their children in their fun, the entire family will benefit greatly and that priceless relationship between parents and children—that of pals—will be established.
Parents must be careful, however, that the child, shall not be injured by play of too rough a character, and that it shall not be continued so long as to produce excessive fatigue, nervousness and insomnia, or restlessness at night.
For it is a fact that children are rather irresponsible in these matters, and have a tendency to become highly excited in their little games, losing thereby some of the good they might gain from them if they were kept within reasonable bounds.
Excessive fatigue, as is well known, causes an overload of toxic material in the blood-stream, which poisons and irritates the nerves and the brain cells, and influences unfavorably every organ and function in the body.
The sound common sense of the parents will guide them in advising the children, and in exercising an unobtrusive supervision over them in this most interesting phase of their development.

RICE IS ONE OF THE WORLD'S MOST ECONOMICAL FOODS

By HELEN HARRINGTON DOWNING
Director Home Economics, Calumet Baking Powder, Chicago

Rice has certainly taken a place in the front row among economy foods in the United States. In fact, a United States government bulletin states that rice forms the principal food for one-half the population of the earth.

Variety of Uses.
Through our own South there are many famous rice dishes such as rice puddings, rice with fruit, rice cakes, croquettes, rice as a substitute vegetable dish, flaked rice and puffed rice.

Remembering the food value we suggest its use in combination with salmon, tuna fish or choice sardines. "Shrimp creole" with rice is hard to surpass.

Splendid casserole dishes are made with rice and cheese, or rice, fried bacon and a can of tomatoes. These latter dishes served as the main dish of a hearty meal, offer a variation of a much appreciated rice, the regulation meat and potatoes or salad.

Food Value of Rice
Rice, of course, stands out as a carbohydrate food. It is a concentrated food, is very nutritious and easily digestible. Analysis shows that it compares most favorably with potatoes. Its principal food constituent is starch, much of which turns to sugar in the mouth. This starch is also turned into body fuel, supplying the body with heat and energy. There is also a small percentage of protein and a wee bit of fat in rice. Rice flour is richer in fat than rice itself, the flour being made from the outer covering.

In buying rice try to purchase an uncoated, or natural finish product. You are most easily assured of this if you buy it in a package with the description right on the label.

Coated rice is barred sale in some states. It is an inferior product that has been put through a special solution to whiten it. Wild rice and the lower grades are often given this treatment to produce the white appearance of high grade products that

EASTLAND ELKS EXPOSITION IS FULLY PLANNED

Will Open May 5 for Six-Day Celebration Which Will Attract Crowds.

Eastland Elks today completed plans to hold one of the biggest expositions and celebrations ever attempted in this territory. The lodge has engaged the Great American Exposition company and the J. George Loos shows to produce the event and every one in the county will be invited to attend. The plan calls for the erection of two huge tents, 250 feet in length, housing 50 exhibit spaces, these spaces or booths to be sold to the local merchants for the display of merchandise of all kinds. The booths are 10x10 in size and are furnished by the company.

A wonderful decorative scheme is worked out and the lighting creates the impression of daylight. The company carries eight shows, five giant riding devices, but no gambling games and travels on its own train of 25 cars and number about 300 people.

Twenty thousand tickets will be distributed in the territory by the merchants free, and every effort will be made to attract one of the largest crowds in the city's history.

The amusement end of the program will be the most diversified ever presented here and there will be entertainment for the entire family. Committees will be appointed at Monday's meeting at the lodge to carry out the various branches of the work, and the whole event will be under the direction of a capable director of the producing company.

Permission has been granted to use the ball park as this was the only ground suitable and large enough to stage the event. The date of the affair has been set for the week of May 5 and will run six days. The show will be extensively advertised all over the county.

EASTLAND BIDS FOR AN OFFICIAL WEATHER BUREAU DESIGNATION

Andrew Hatten, special weather observer in Eastland has been endeavoring to have Eastland designated as an official weather station, but has been informed that it will require a special act of congress to do so. Eastland has been a weather station for the past 15 years or more, but with only such instruments as are necessary to gauge rainfall and temperature. Should the station be designated as an official weather station, instruments would be installed for measuring the velocity of the wind and measuring the atmospheric pressure. With such instruments the observer would be in a position to forecast weather conditions.

It is the duty of the special weather observer to take daily measurements and file reports that are telegraphed each day to the weather bureau at Houston. He is also required to keep accurate daily reports and transmit same to the weather bureau. Mr. Hatten is of the opinion that if the matter be taken up with the proper authorities, that congress could be induced to pass the necessary laws to make this station an official station.

BOWIE.—Organization of the company to construct and operate the Bowie Cotton mills has been effected.

come out of the hullers with the natural brown, inner coat loosened and easily removed by the polishing pads or brushes.

The following recipes will become most popular after having once been tried and they offer a suggestion for variety.

Rice Pie Crust
Line a pie tin with freshly boiled drained rice. Press rice down carefully to form a lower crust one-fourth inch thick. Let stand until set. When cool, fill with any desired cream or fruit filling. Cover with a meringue or whipped cream. Serve the same as any pie.

Rice Griddle Cakes
2 eggs, well beaten
2-3 to 1 cup sweet milk
2 level teaspoons Calumet baking powder
2 tablespoons sugar
Mix ingredients thoroughly, adding enough flour to make a medium batter. Bake the same as any griddle cakes.

Rice Muffins
2 1-3 cups flour
1 cup boiled rice
2 1-2 level teaspoons Calumet baking powder
2 level teaspoon salt
1 cup milk
1 egg, well beaten
1-2 cup melted butter
Sift together thoroughly flour, baking powder and salt. Add rice, working it in with tips of the fingers, and gradually milk, egg and butter. Bake in gem pans in moderate oven.

Rice Waffles
1 3-4 cups flour
2-3 cup cold cooked rice
1-4 cups milk
3 level teaspoons Calumet baking powder
2 tablespoons sugar
1-4 level teaspoon salt
1 egg
1 tablespoon melted butter.
Sift together flour, sugar, baking powder and salt. Work in rice with tips of the fingers; add milk, yolk of egg, well beaten; then butter and white of egg after beating stiff. Cook as waffles.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.—Adv.

S.S.S. stops Rheumatism

And with it pain and its probability of reaching the heart.

"My Rheumatism is all gone." again in the free motion I used to have when my days were younger. I look at my hands and think of the twists and swellings they used to have. I had way over to the floor. I haven't been able to do that in many years. I can thank S. S. S. for it all! To me it was a rising sun of joy and liberty. Brothers and sisters in misery, do not close your eyes and think that health, free motion and strength are gone from you forever! It is not so. It is here and now for all of you. S. S. S. is waiting to help you. There is a reason why S. S. S. will help you. When you increase the number of your red-blood-cells, the entire system undergoes a tremendous change. Everything depends on blood-strength. Blood which is minus sufficient red-cells leads to a long list of troubles. Rheumatism is one of them. S. S. S. is the great blood-cleanser, blood-builder, system strengthener, nerve invigorator. It stops skin eruptions, too, pimples, blackheads, acne, boils, eczema. It builds up run-down, tired men and women, beautifies complexion, makes the flesh firmer. Start S. S. S. today. It is sold at all good drug stores. The larger size is more economical.

S.S.S. makes you feel like yourself again

Chilean Heavyweight Here to Fight.

QUINTIN R. ROJAS

Senior Quintin Romero Rojas Chilean heavyweight, known as the "Tiger of the Andes," has reached New York at the invitation of Ted Rickard, fight promoter, to engage in bouts that may lead to a fight with Jack Dempsey.

WASHINGTON, April 14.—A majority of the republican conferees today voted in favor of a one per cent of the 1920 census quota in the new immigration bill.
This would cut the quota in half and completely alter the house bill which provides for two per cent of the 1890 quota.

ALBANY.—A casinghead gasoline plant is to be installed at Ilex in this vicinity by the interests connected with E. A. Landreth and it will be known as the Landreth Gas company. The investment will be sufficient to handle about 20,000,000 cubic feet of gas a day.

RANGER GOLFERS DEFEAT STRAWN

Ranger's golf team won easily over the Strawn aggregation Sunday afternoon on the Ranger Country club's course, 8 to 3. A nice crowd was present, many coming out to look at the clubhouse going up on Hagaman lake. It was the first match of the Oil Belt Golf association for the 1924 season.

H. U. Pond and Charles Milliken, who stand at the top of the tournament ladder, were not up to their usual form yesterday and both dropped their matches to their opponents.

A new system of scoring is in vogue this season. A golfer must win the majority of the holes to make one point. In case each has won nine at the end of the eighteenth hole, the match must continue until one or the other is one up.

The Strawn and Ranger players were paired as follows with the winner indicated by an asterisk opposite his name, and the names of the visiting players appearing first:

R. B. Cousins Jr.* H. U. Pond; Charles L. Watson* Charles Milliken; Ed M. Evans, G. C. Clegg*; P. W. Flinn, A. N. Harkrider*; Boyd Cooper* E. E. Crawford; I. C. Watson, L. L. Rector*; George W. Tucker, R. V. Galloway*; Gus Cooper, W. A. Smith*; George H. Hammock, Charles Conley*; Frank Phillips, H. A. Logsdon*; F. Q. Higgins, O. L. Phillips*.

Eastland Shuts Out Desdemona, 6 To 0

Thurman held Desdemona down Sunday and Eastland won easily over Desdemona at Desdemona, 6 to 0. It was the second game between the two teams, Desdemona winning the first contest, 6 to 3.

Desdemona featured the game with seven double plays, two of them by Second Baseman Shell, being completed unassisted.

Batteries: Desdemona, Stone, Hale and Chastain; Eastland, Thurman, Robbins and Fairbairn.

Have You Responsibilities?

Then You Need a Checking Account

Every man or woman who has any financial responsibilities—any one who ever incurs any indebtedness of any kind should use a checking account. It is the simplest, safest and most modern method of doing business.

For the man—it enables him to do business in a business-like way; it adds dignity to his transactions and it systematizes his expenditures.

For the housewife—it is a simple, convenient way of handling household accounts. No need of searching for change to pay a bill; no need of keeping large sums of money around the premises and an opportunity to systematize the family budget.

Let us start you on this 20th Century way of handling your money. A small balance is all that is necessary. Every convenience and courtesy extended.
