## MIKE MIKELS OBTAINS LEASE FOR DRILLING

Plans to Develop Tracts Northwest of Ranger Taking Definite Shape.

Mike Mikels, representing a California syndicate, will start drilling operations on the William M. Guest lease, owned by Davenport and Chastain, located about 12 miles northwest of Ranger in the shallow field that is being rapidly developed by big operators. This shallow field was passed over during the boom days of the gushers, but Mook-Texas had two wells there and also the Humble and Texas people operated there. The Mook-Texas company now has a number of producers in this district, including two big gassers. Mikels' well will practically offset the 7,500,000-foot gasser that the Mook-Texas company reported they brought in two weeks ago.

Mr. Mikels drilled a deep test on the Martin lease, three miles east of Desdemona, which failed to come in although it was an offset to the Phoenix well, which has been producing for the last five years and adjoins the Humble property on which there are a number of producers. He struck the pay sand at 3,247 feet, but, instead of finding the oil, struck black shale on the other side of the cap rock.

Mikels said that he intends to start work on another lease just as soon as the well on the Guest lease is well under way.

"The syndicate that I represent believes in the future of the Ranger field and we are prepared to prove it," said Mr. Mikels.

The Mook-Texas Oil company No. 1 Head, located 12 miles north of Ranger in the Frankel district is now around 32 feet in the sand. Gas sand was struck at 1,830 feet.

## RAID ON BREWERY IN CHICAGO NETS PRIZES OF VALUE AND CAPTIVES

CHICAGO, May 19.—Two hundred and fifty barrels of beer valued at about \$20,000, 10 motor trucks, seven automobiles and 20 men, including two alleged beer-running leaders, fell into the hands of the police today in an early morning raid, which was made on the Zebin brewery, northwest side, by Assistant Superintendent of Police Zimmer and 25 policemen.

Zimmer announced that the captives included John Torrio and Dean O'Bannon, said to be millionaire syndicate leaders, both of whom had been in conflict with the police continually since prohibition became effective.

## GRADUATING CLASS OF RANGER HIGH HEARS INSTRUCTIVE SERMON

Graduates of the Ranger High school received Gospel instruction and good counsel Sunday morning from the Rev. A. M. Hall, pastor of the Ranger Methodist church. The occasion was made one for a union service in the Methodist church, the Sunday morning services in the Presbyterian, First Baptist, Christian, Central Baptist and Church of Christ churches being merged with the service for the high school graduating class. The Rev. G. D. Robinson, the Rev. W. H. Johnson, the Rev. H. B. Johnson, and the Rev. A. L. Leake contributed to the service.

Special music was provided, Miss Mary McRae playing the piano and Miss Lucile Keith the violin. The choirs of the several churches joining in the meeting were merged into one choir and the singing was a very enjoyable feature. The church was filled to overflowing with high school students and members of their families.

## CAR GASOLINE EXPLODES INJURING SIX MEN AND TWO MAY DIE OF BURNS

ST. PAUL, Minn., May 19.—Six men were burned, two perhaps fatally, when a carload of high test gasoline exploded here today and set fire to the Craig Oil & Refining company's plant.

CUMBERLAND PRESBYTERIANS ENLARGE THE TEXAS SYNOD

AUSTIN, May 19.—The Cumberland Presbyterian general assembly today voted to add all Presbyterians of the Pacific synod, which includes the California, Los Angeles and the Fresno Presbyterians, to the Texas synod, and also to add to the Texas synod all Cumberland Presbyterian missions in China.

## Ranger High School Diplomas Are To Be Awarded Tonight

Dr. F. M. Bralley, president of the College of Industrial Arts, at Denton, Texas, will arrive this afternoon to give the class address to the graduates of the Ranger high school tonight at commencement exercises to be held in the auditorium at 8 o'clock.

Tonight will finish one of the most successful years that a senior class of the Ranger high school has ever enjoyed. One of the largest classes to graduate in the history of the school will pass out of high school with a deep feeling of regret, as there were many and varied activities that attracted them during this school year.

The salutatorian and valedictorian addresses will be given by Miss Edna Brasher and Miss Virginia Brookes, respectively.

## PRESIDENT IS UNABLE TO GET HIMSELF HEARD

Congress Too Busily Engaged in Political Trading to Heed His Wishes.

WASHINGTON, May 19.—As congress nears the end of the present session President Coolidge's impotence to control it in behalf of what he wants or against what he opposes becomes increasingly apparent. The inference which is being drawn from this situation is that republican senators and congressmen believe their political future is safer when they reject than when they accept Mr. Coolidge's recommendations in respect to major policies and proposals.

Some of the salient measures upon which congress has disagreed with the president involves several which he included in the program that congress was to enact in pursuance of his pledges to his party and the country. The Mellon plan of tax revision is perhaps the most outstanding of these. This plan was rejected by republican votes in the house and in the senate notwithstanding President Coolidge's definite commitment and assistance to it. President Coolidge opposed Japanese exclusion and Secretary Hughes intervened to bring congress into line. But congress—republicans conspicuously included—voted for Japanese exclusion. President Coolidge advocates the world court, and republican senators block even a consideration of it. Mr. Coolidge stood against the soldiers' bonus and congress joyously passed it; he advised the leasing of Muscle Shoals and that recommendation is all but repudiated; he suggested consolidation of the railroads and that is ignored. Few presidents have found congress in such nearly unanimous dissent from their views.

All this raises the question of President Coolidge's acceptance by the west next November; for it is principally western sentiment in congress that has disparaged and defeated his program. If western republicans vote the wishes and wants of their constituents, President Coolidge can hardly be popular there. And it is taken for granted that the representatives and senators from that section of the country are in closer touch and accord with its psychology than Mr. Coolidge is.

There is not much chance now for congress to confer any glory on the president by doing his bidding. The fate of most of the bills which have engrossed public concern has been determined without much reference to Mr. Coolidge's recommendations. He will have to go to the voters for a verdict on a program on which the republican congress has already given an adverse judgment.

## "GENTLEMEN" COME EVERY DAY TO BUY A SCENTED WHIFF

DALLAS, May 19.—A slot machine which sprays fastidious gentlemen with imported perfumes at 10 cents a squirt is doing a flourishing business in the men's room of a downtown hotel here.

Jelly-beans and other, grooming for an engagement with their fair ones, have been seen to put their finishing touches on their immaculate selves by walking up to the automatic sprayer, dropping in a dime and turning the knob.

The machine hangs on the wall near the bootblack stand just off the main lobby. For the drop of a slug it exudes sweet odors of black narcissus.

But like the automatic music box the man who drops the coin doesn't get a monopoly on the returns. Swarms of lobby leeches sniff the exotic aroma without investing a dime.

## "CINDERELLA GIRL" TO WED BANKER-BOSS

MISS MARY KELLEHER

Like a story from a fairy book, Miss Mary Kelleher, pretty daughter of a former Boston, Mass., policeman, will rise to wealth and social distinction when she becomes the bride of Albert J. Meserve, vice president of the Brookline Trust Company, her employer for years. It is many years her senior.

## HOGS HAVE THE SAME TRAITS AS MEN AND THRIVE IN THE SAME FOOD, SAYS PROFESSOR

CHICAGO, May 19.—How to keep fat but fit can be learned from watching the habits of the hog, John M. Evard, professor of animal husbandry of Iowa State college, holds. The feeding habits of hogs and humans do not differ very much, he said.

Long ago the hog was a slender, bony fellow, when the business of rooting for a living was more serious than it is now, Evard said. Then man took him in hand, made life easy—and now look at him. All this because the farmer treat hogs more like humans, the professor stated.

"In the wild state hogs were long, slim fellows who had to root for a living," he said. "They didn't dare overeat. The hog couldn't afford to be burdened with fat—it meant his life. To get away from spry enemies he had to be spry on his legs. "Neither could the cave-man afford heavy waist lines. And he didn't have them."

"But today both hogs and men have become domesticated. The life of the hog has become a life of leisure. He is so pampered and housed in order to add the extra pounds in market fat that he doesn't get enough exercise to maintain proper digestion."

The aristocratic hog of today has as delicate a digestive system as a human being, according to the professor. If Mr. Pig's breakfast isn't mixed in the proper proportions or if his meat-meal ration is a little too large, he is likely to become sick, just as a man would.

"Hogs like the same foods as humans, and their rations must be even more carefully balanced, for hogs get less exercise," Professor Evard continued. "Along with the porker's bread and meat, the wise hog-raiser adds green trimmings, the salad, if you please, in the form of alfalfa, bluegrass, clovers and rape. On the side he serves salt and pepper, nicely blended—the hog man calls it mineral feeds. These furnish the necessary seasoning."

"The corn must be butter-yellow. Butter is too expensive to serve in the porcine dining hall. Just the same, the hog family needs the vitamins found in butter, and yellow corn is a good substitute. It contains the fat vitamins necessary for the balanced diet of both man and hog."

With such feeding, hogs thrive in their modern life of leisure, fast laying layer of fat on layer of lean, like the frosted layers of a chocolate cake, Professor Evard continued.

Hogs Getting Heavier. "Over a period of 10 years figures show that hogs coming to the principal markets have increased in weight on an average of practically extra percentage is partly the result of improved breeding, but most of the phenomenal progress was made by breeders who followed out the discoveries made about hog feeding

## BONUS BILL IS PASSED FINALLY BY CONGRESS

Senate Follows Example of House in Passing Measure Over President's Veto.

WASHINGTON, May 19.—The bonus bill became a law today. The senate over-rode President Coolidge's veto by the two-third majority necessary. The house over-rode the bill Saturday.

The vote came within a half an hour after the bill was called up by Senator Curtis, Kansas, republican whip, shortly after 2 o'clock, all debate being dispensed with. The vote was 59 to 26. This was two votes more than the necessary two-thirds of those present and voting. When the bill was called up, Senator Reed, of Missouri, democrat, anti-bonus leader, asked that it go over to Saturday, but Senator Ashurst, Arizona, democrat, bonus advocate, objected and forced the vote. Crowds of house members thronged into the senate chamber and stood along the walls. The galleries were filled.

WASHINGTON, May 19.—President Coolidge was so far recovered from the cold that kept him from his work Saturday that he held a breakfast conference at the white house today and expected to resume his work at the executive offices.

The breakfast conference was held with seven senators whose votes on the bonus scheduled in the senate today or tomorrow are classed as "doubtful." After the conference one of the senators said he did not believe Mr. Coolidge's arguments had changed any votes. Five senators have given pledges to support the bonus and will not support the veto, as they told the president. The other two were the only members open to conviction and it was believed they had made up their minds before the meeting.

Senator Smoot called on the president after the conference. He said he believed the veto would be overridden.

## BARKLEY BILL IS ADVANCED ONE NOTCH IN HOUSE PASSAGE

WASHINGTON, May 19.—The Barkley bill, abolishing the railroad labor board, advanced one step nearer to conviction when the house voted 203 to 180, to go into committee of the whole to consider it. In the division upon the bill, some 30 conservative democrats voted with the republicans opposing the measure, but many more progressive republicans were for it.

Evidence was frequent that the filibuster that had previously delayed the bill would be resorted to again and the house kept in session until late tonight.

## AGENTS OF RAILROADS CHARGED WITH TRYING TO COERCE LAWMAKERS

WASHINGTON, May 19.—Secret agents of the railroads, using secret code telegrams, have attempted to coerce members of congress in order to defeat the Barkley bill abolishing the railroad labor board, Representative Nelson of Wisconsin, progressive-republican leader, charged in the house today when the debate on the bill was renewed.

## TEN THOUSAND ATTEND HUGE WEDDING FEAST

VIENNA.—The marriage of the 15-year-old daughter of Rabbi Telbbaum, with the equally famous Rabbi Halberstam of Goylice, celebrated in the town of Marmorosch-Sziget, in northern Rumania, inspired a wedding feast of Homeric proportions, for which were sacrificed 32 oxen, 210 sheep, 160 calves, 2,100 geese and 3,000 chickens. Two carloads of liquid refreshments washed these down.

About 10,000 Jews from Russia, Poland and Austria appeared as guests, including 75 rabbis. Gifts to the happy couple were worth several thousand pounds. The ceremonies lasted a week, beginning with big dinners for the poor.

## FATAL SHOOTING AT WHITTEN, SOFT DRINK DEALER HELD

CORSICANA, May 19.—John Desires, 35, proprietor of a soft drink stand at Whitten, near here, shot and killed W. F. Mays, 30, and probably fatally wounded June Mays, 26, late Sunday. He was arrested immediately after the shooting. He claimed he shot them as they broke into his place of business.

## Dreaded Asiatic Typus Trying To Get Into Germany

BERLIN, May 19.—Signs of an epidemic of the dreaded Asiatic typhus, or something closely resembling that deadly disease, have appeared and are spreading simultaneously in different parts of Germany. A heat wave is aiding the spread of the Para-typhus epidemic. Two have died and scores are seriously ill at Bamberg in Bavaria, while at Hamelin, the epidemic attacked the troops and 166 members of the reichswehr are in hospitals.

Putrid meat is believed to have caused the disease in Bavaria.

## PRICE OF OIL CLIMBS AGAIN TO HIGHER LINE

Humble Company Announces Increase to Top Level of \$2.25 a Barre.

Humble Oil & Refining company raised the price of crude twenty-five cents this morning which makes it the old price of \$2.25. The price was lowered last week to \$2.00 by the Humble and according to a number of oil men in Ranger the raise will be more than welcome.

## SALE OF MUSCLE SHOALS TO HENRY FORD MAY SOON BE SETTLED IN SENATE

WASHINGTON, May 19.—Supporters of Henry Ford's offer for Muscle Shoals scored their first senate victory today when Chairman Norris of the agricultural committee announced that he would join them in opposing adjournment of congress until the Muscle Shoals question is settled.

In an effort to end the hearings this week, Senator Norris ordered night sessions of the committee, beginning tomorrow.

## MIDLAND WILL NOT GIVE UP "THE HITCHING RACKS"

MIDLAND, May 19.—Midland, fearing that the incoming generations of that town will be unable to understand the already much obsolete expression, "the hitching rack," have set out to keep alive that one lingering tradition.

Business men at the behest of the Midland county chamber of commerce, have actually built a new hitching rack near the main street of the city. There will be no "his" or "was" about it to the coming citizens of Midland when speaking in terms of hitching racks. They'll know.

The new hitching rack is designed to serve a dual purpose. Hundreds of new farmers are moving into this section of West Texas and they don't all flit over in nor-Bolls-Royce out. Many of them still drive old Dobbin and Kate and the business men of Midland, knowing which side their bread is buttered on, kept alive old ideas and made their visitors welcome—all in one clatter.

## REPUBLICAN PROTESTS THAT SENATE USURPS COURT DUTY

WASHINGTON, May 19.—Declaring that the indictment of Senator Burton K. Wheeler of Montana by a Montana grand jury was "justified by the evidence," Senator Sterling, republican, South Dakota, in a minority report today flayed the Borah committee which investigated it for "encroaching on the functions of the courts."

Wheeler was "wholly exonerated" by the committee in a report last Wednesday. Sterling said he was impelled by a sense of duty under the facts to dissent from the majority and that he would be derelict in his duty if he did not express a contrary view.

## EVELYN NESBIT CEASES FIGHT TO HOLD THAW

PHILADELPHIA, May 19.—The appeal of Evelyn Nesbit for a new trial for Harry Thaw, recently declared sane, was formally withdrawn here today. The withdrawal was announced in common pleas court by William A. Gray, attorney for Miss Nesbit. "I think we would win the appeal, but my client does not wish to go further with it," said Gray. Thaw has been in Pittsburgh visiting his mother since the end of his trial.

## WILL HOGG AT HEAD OF GROUP MAKING DEMAND

Houston Alumni of University of Texas on Warpath Over Board of Regent's Action.

AUSTIN, May 19.—A group of prominent Houston alumni of the University of Texas, headed by Will C. Hogg, oil operator and a son of the late Governor James Stephen Hogg, have wired Lutchier Stark of Orange, chairman of the university board of regents, to resign from all university positions which he holds. If Stark refuses to resign, as the Houston group demands, the threat is made that ex-students of the university living in Houston will not participate in the fund which is being raised for the construction of the university athletic stadium. It is not stated how many of the alumni will abide by the dictation of the Houston group.

This is said to be the outgrowth of the action of the board of regents in tendering the university presidency to Governor Pat M. Neff, at which time two members of the board who were opposed to the selection of Neff for the position, resigned as regents.

The resignation of Dr. Joe Wooten of Austin as a member of the board of regents also is requested by the Houston group.

## American Airmen Go Rapidly Forward On Westward Flight

PARAMASHIRU ISLAND, May 19.—The American round the world flight was resumed today at 7:30 o'clock when Lieutenants Smith, Nelson and Wade hopped off from Kasi h-wabura Bay for Yeterosru Island, 500 miles to the southward. They are endeavoring to reach Japan proper before threatened bad weather set in.

TOKIO, May 19.—The American round the world flight planes arrived at 2:05 o'clock today at Hitokapu Bay, Island of Yotofuru, making the trip from Paramashiru in six hours, 35 minutes.

## FRENCH AIRMAN ARRIVES SAFELY AT CANTON, CHINA

PARIS, May 19.—Capt. Pelletier D'Oisy, the French flyer, arrived today at Canton, China, on his flight to Japan from Indo-China, where he arrived several days ago.

## PEDDY IN WASHINGTON TO LEARN HOW LAWYERS ARE CONDUCTING CASE

WASHINGTON, May 19.—George E. B. Paddy of Houston, who is contesting Senator Earle B. Mayfield's seat in the senate, arrived in Washington today to attend the hearings, which will be resumed tomorrow. Paddy expressed satisfaction over the progress of his case. He expects to remain about 10 days, but does not plan to testify.

N. N. Furney, cashier of the imperial palace of the Ku Klux Klan at Atlanta, is to be questioned by Paddy's attorneys tomorrow in an effort to establish that the Klan sent large sums of money to Texas in 1922 to help elect Mayfield.

## BILL ABOLISHING THE RAILWAY LABOR BOARD NOW BEFORE HOUSE

WASHINGTON, May 19.—The railway legislation fight was renewed in the house today, when the democratic-progressive coalition again attempted to force the Barkley bill, abolishing the railroad labor board, through to a final vote.

The Barkley bill is regarded as the opening wedge in reviving the transportation act of 1920. It was held by the committee for months without a hearing. Finally, taking advantage of the new liberalized rules, its advocates brought it out on the floor by petition.

## AMBASSADOR TO JAPAN WANTS TO COME HOME

WASHINGTON, May 19.—Cyrus E. Wood, ambassador to Japan, has asked to be relieved from his duties in Tokio. His resignation has been tendered, it was officially explained here, because of the ill health of Mrs. Wood's mother, and has no relation to the present crisis between the United States and Japan over the Japanese exclusion provision in the new immigration bill.

SCIENTIST DEFENDS BLONDES

Denies Statement of Pacific Coast Judge That Brunettes Make Best Divorce-Proof Wives; Points to Fabled and Historic Prominence of Blondes; Discusses Ideal Mating.

NEW YORK.—Blondes make excellent wives and are just as 'divorce-proof' as brunettes, if not more so, according to Prof. Rudolph M. Binder.

The statement made recently by Judge Graham of San Francisco that men should never marry blondes if they wished to be happily married is utterly absurd in the opinion of Dr. Binder.

What about all the golden haired princesses in the fairy tales? said Prof. Binder when asked to give his opinion on a blonde versus brunette.

Merely color of hair and complexion is not likely to make a person irritable. Balance depends upon vitality.

From time immemorial men and women have been trying to find their appropriate match for a wife or husband.

Numerous smaller schemes have been devised to suit individuals. Phrenology is one of these which guarantees to find the perfect match for your own bumps of knowledge, or visa versa.

WASHINGTON U. CREW RECKONED SURE WINNER

By HENRY L. FARRELL (United Press Sports Editor) NEW YORK, May 19.—Another far-western triumph in the two big classics on the inter-collegiate sum-

WASHINGTON U. CREW RECKONED SURE WINNER

Stanford university will enter the inter-collegiate track and field championship at Harvard as a heavy favorite and the University of Washington crew is almost conceded a victory in the inter-collegiate regatta on the Hudson at Poughkeepsie.

WASHINGTON U. CREW RECKONED SURE WINNER

Stanford's overwhelming defeat of the University of California in their dual meet awakened eastern critics to the fact that there has been developed on the Pacific coast another team to succeed California as the dominating power on the American track and field.

WASHINGTON U. CREW RECKONED SURE WINNER

Against the sure-point that Stanford and California will send on the field at Cambridge, there is not a single outstanding team in the east with a chance to gather enough points to win the meet.

WASHINGTON U. CREW RECKONED SURE WINNER

On the assumption that the Washington crew is as good as the one which won the championship last year, there will be nothing on the Hudson to beat them.

WASHINGTON U. CREW RECKONED SURE WINNER

Washington, Wisconsin, Navy, Cornell, Columbia, Syracuse and Pennsylvania will make up the finest and most interesting field that has roved for the championship in 10 years.

WASHINGTON U. CREW RECKONED SURE WINNER

Yale and Harvard prefer their ancient battle on the Thames to competition in the Poughkeepsie races. It is rather unfortunate that Yale cannot find it possible to row in the inter-collegiate, as Ed Leader, former Washington coach, has developed a crew that looks to be the best equipped, finest drilled and smartest crew in the east.

PUTNAM WINS HARD FOUGHT GAME FROM EASTLAND

Putnam defeated Eastland Sunday afternoon in one of the best amateur baseball games ever played on the Eastland diamond. The score was 1 to 0. Only 6 hits were made in the entire game.

COUNTY CLUB BOYS IN LIVESTOCK JUDGING CONTEST

A number of Eastland county club boys, accompanied by County Agent R. H. Bush and George W. Briggs, went to Dublin today where they will take part in a livestock judging contest.

SENSATIONAL SUCCESS ATTAINED BY KARNAK

Indications today are that Karnak, the sensational new restorative medicine discovered by M. Andre, noted French chemist, will be obtainable in Ranger within forty-eight hours.

Karnak will be sold by all good drug stores but one particularly reliable drug firm will be selected by Mr. Thornburn as a special representative in order to give the best possible service to the people of this city and to Karnak.

"I should like to thank the people of this city, as well as the druggists themselves for the great interest they have shown in Karnak. It shows that they are well informed on the wonderful merits of the medicine and their eagerness for it has prompted us to order an allotment of Karnak shipped here sooner than we intended.

The fundamental reason is that Karnak brings about real and substantial benefits in the way of health, strength and vigor. It is a wonderful stomachic and body builder. I have never seen anything like it, and I have been in this business a great many years.

that you are being benefitted in a natural, substantial way. "You see, M. Andre has compounded a different kind of medicine from anything heretofore achieved—totally different. There are nine roots, barks and herbs in Karnak—the most beneficial known to science—and each one is there for a definite reason.

"The amazing success of the preparation is nothing short of phenomenal. People everywhere flock to the drug stores to get Karnak and report benefits from its use that far surpass even their fondest hopes.

"Now here is something I wish to tell the people of your city," continued Mr. Thornburn. "I want to say as emphatically as possible that each and every bottle of Karnak carries with it an iron-clad money-back guarantee. There are no 'ifs' or 'ands' about it. If a person does not find Karnak of real benefit, if a man or woman is not helped by Karnak, we agree to refund the purchase price without question and your druggist is authorized to make this refund.

EASTLAND SENDS AID TO CISCO TO PUT OUT FIRE. The Eastland fire department made a run to Cisco early this morning, having received a call from there on account of a fire in a large frame hotel, which was destroyed.

CHIEF FIGURES IN NEWS OF THE DAY.

Above: ABBY ROCKEFELLER & JAMES A. FOLEY. Below: FLOYD GLOTZBACH & HENRY FORD.

James A. Foley, surrogate of New York County, has been selected as the leader of Tammany Hall, the Democratic organization in New York City, succeeding his stepfather-in-law, the late Charles F. Murphy.

RANGER WINS TWO STRAIGHTS

Captures Second Game From Breckenridge, Sunday, Score 7 to 3; In an Eighth Inning Rush, Both Teams Hit Freely; Fielding is Good.

The score of 7 to 3 was the disheartened wail of the defeated Dynamos as they journeyed back to Breckenridge after the second game of two hectic swatfests with the Nitros. The game was even up at the beginning of the eighth inning, when Manager Gober of Breckenridge, protesting a decision of Umpire Price in regards to a play started the Nitros on a rampage which ended with four runs crossing the plate before they were stopped.

Ranger bunched her hits in the sixth and eighth innings for a total of nine hits and seven runs. Breckenridge started out well in the seventh when "Spark Plug" O'Keefe lifted one over the fence with Blankenship on base and tied the score, but was stopped without any further trouble.

Box score. Ranger—AB. R. H. PO. A. E. Lory, 3b, 4 1 2 0 1 0; Dinsmore, ss, 4 1 2 1 2 0; McElreath, lf, 5 0 2 2 0 0; Weatherford, rf, 5 0 1 2 0 0; Hensley, c, 5 0 2 3 1 0; Scroggins, cf, 4 2 1 0 1 0; Maupin, 2b, 3 2 1 2 8 0; Brady, 1b, 4 1 2 12 0 0; Riddings, p, 3 1 2 0 1 0. Totals 39 7 13 27 18 0

Breckenridge—AB. R. H. PO. A. E. Taber, 3b, 5 1 2 1 2 0; Williams, 1b, 5 0 3 14 0 0; O'Keefe, rf, 4 1 2 1 0 0; Ruth, lf, 4 0 1 2 0 0; McArdle, ss, 4 0 0 0 1 2; King, cf, 4 0 2 0 0 0; McCasland, 2b, 4 0 1 2 7 0; Schmidt, c, 3 0 1 4 0 0; Blankenship, 4 1 2 0 1 0. Totals 37 3 14 24 11 2

Williams unassisted, struck out by Riddings 2, by Blankenship 4; bases off Riddings 1, off Blankenship 3; hit by pitcher, by Blankenship; Dinsmore; time 2 hours 28 minutes; umpires, Naugle and Price.

ROSENQUEST TO ATTEND TEXAS CENTENNIAL BOARD

Judge N. N. Rosenquest of Eastland, a member of the board of directors of the Texas Centennial celebration, plans to attend the meeting of the 71 directors, at Austin, Wednesday, May 21.

The board of directors, when the full number has been selected, will consist of 100 members. Two are selected by the people in each senatorial district, the governor will appoint five, the speaker of the house of representatives will appoint two and the president of the senate two.

EASTLAND COMMISSION DUE TO HOLD MEETING TONIGHT

The Eastland city commissioners are expected to meet tonight at the Eastland city hall. The regular meeting night heretofore has been on the first Monday in each month, but owing to the fact that some of the members have had to be absent from the city on these nights, the board has had little opportunity to attend to business. It is understood that all of the members will be present tonight.

NACOGDOCHES GIRL WINS UNIVERSITY LOVING CUP

AUSTIN, May 19.—Miss Elizabeth Tucker of Nacogdoches has just been awarded the loving cup for being the best all-round girl in the University of Texas for the year 1923-24. The cup is offered by the College Women's club of Houston. Each woman's organization on the campus nominated two candidates for the cup and the winner was selected from the nominees by a committee composed of the dean of women, the director of physical training for women, the secretary of the Y. W. C. A. and the president of cap and gown, senior girls' organization. The cup was offered last spring for the first time and was awarded to Miss Eugenia Marshall of Hearne. Miss Tucker is a junior student in the university and a candidate for the degree of bachelor of science in home economics.

GIRL SLAYER HEROINE OF MEXICO.

MARIA DEL PILAR MORENO.
Fifteen-year-old Maria del Pilar Moreno, recently acquitted in Mexico City on the charge of murdering Senator Tejada Llorca, is the national heroine in the Southern Republic. Senator Llorca had killed her father, but was immune from arrest because of his official position. The girl thereupon waited in front of his home and killed him. She received tremendous applause when freed and was showered with flowers.

Recipes Tested In Home Department of Kellogg Company

Recipes tested in the home economic department of the Kellogg company at Battle Creek, Mich., are sure to be of the latest and best combination of ingredients. The following are recommended for use by the housewife who values the health of her family.

Bran Brittle. Two cups granulated sugar, 1 cup brown sugar, 1/2 cup light corn syrup, 1/2 cup water, 1/4 cup butter, 1/2 teaspoon salt, 1 1/2 cups Kellogg's bran. Put the sugars, corn syrup, and water into a sauce pan and cook stirring until the sugar is dissolved. Continue cooking, without stirring, until the temperature 300 degrees F. is reached. Remove from fire, add salt and butter, and stir only enough to mix well. Add Kellogg's bran and turn at once on a greased slab or on a greased inverted pan or baking sheet. Smooth out with a spatula. After about a half minute take hold of the edges of the candy and lifting it slightly from the slab, pull it as thin as possible. Break into irregular pieces.

Marguerites. Two eggs, 1 cup brown sugar, 1/2 cup flour, 1/2 teaspoon baking powder, 1-3 teaspoon salt, 1/2 cup nut meats cut in small pieces, 1/2 cup Krumbled bran. Beat eggs slightly, and add remaining ingredients in the order given. Fill small buttered tins two-thirds full of mixture. Bake in a moderate oven 10 to 15 minutes.

Hermits. One-third cup butter, 2-3 cup sugar, 1 egg, 2 tablespoons milk, 1 1/2 cups flour (or more), 1/2 cup bran, 1 teaspoon baking powder, 1-3 cup raisins, 1/2 teaspoon cinnamon, 1/2 teaspoon cloves, 1/2 teaspoon mace, 1/2 teaspoon nutmeg, 1/2 teaspoon salt. Cream and butter, add the sugar and egg and beat well. Add the milk and bran, raisins and flour, which has been sifted with the spices. Chill, roll thin, cut, and bake in a moderate oven, 400 degrees F. When the cakes are cool, they may be frosted with confectioner's sugar frosting, and chopped nuts or Krumbled bran sprinkled over the top.

MARRIAGE LICENSES. Charles Jackson and Miss Jewell Elliott, Dallas. L. C. Maroney and Mrs. Winnie Mae Hill, Ranger. D. W. Weaver and Miss Weavie West, Thurber. Leonard Wilson and Miss Pankey Harlow, Ranger. Andrew Garrett and Miss Bertie Mackey. T. Prestidge and Miss Hollis Clark, Gorman, Route 5. W. B. Watkins and Miss Lola Spurges, Ranger.

OUT-DOOR SERVICE POPULAR. Attendance at Central Baptist church Sunday night was larger than ever. Rev. A. L. Leake preached to several hundred at the out-door service. There were many present from out-of-town.

NEW BRASS BAND ORGANIZED IN CHEROKEE COUNTY
WELLS, May 19.—Citizens of Wells and the surrounding communities are to have their full share of music during the coming summer months. Announcement was made recently of the organization of a 23-piece brass band, to be known as the Wells Chamber of Commerce band. In addition to claiming some of the best musicians in that part of the county, the band claims the distinction of being one of the largest groups of music disseminators in all East Texas. They will begin giving concerts in the near future.

BUY IT AT HOME

STARTLING EFFECTS TO FEATURE BAND PROGRAM

After the first buzz of excitement has died down in the big tent and when Director Gilbert raises his baton for the opening strains of the first selection, the audience will get their first thrill of many on "Band Day." Ellsworth Gilbert as a director, is spectacular without being freakish. His band answers his slightest wish as one man. That is the result of many rehearsals and splendid cooperation. But, the magnificent program is supplemented by many novel features in scenic effect and stage lightings which have not been attempted heretofore by any band on tour.

A very clever scientific arrangement of seating of the men enhances the effect of each instrument to the audience. The specialties and surprises which are used to heighten the effect of the various numbers in a descriptive and atmospheric way, leave an impression not only of remarkable music, but in exception, but there is the additional pleasure of getting an impression through the eye as well as the ear. The band will be a feature of the Ranger Chautauqua, two weeks hence.

GOLF COURSE ON ROOF.

One of the most unusual open air golf courses in use today is that which has been built on the roof of a store in Atlanta, Ga. This course, according to a writer in Good Hardware, is surprisingly realistic and is a mighty busy place. It measures about 200 feet long and 50 feet wide, and has about as much golf atmosphere as a country club. The course offers all the hazards, ways and penalties of championship golf.

The hardware store which has improvised this course on the roof of its building on the busiest street in the city is doing its bit to help along the increasing popularity of this fine sport, which is being played so enthusiastically throughout the United States. "Give a man a golf club and let him strike a ball, and he is a confirmed golf fiend," some one has said. This merchant is putting that observation to a rigid test.

St. Louis' first street car was operated by mule power. It was only 10 feet long, seated 14 people, was lighted with two oil lamps, and cost but \$700. The modern electric trolley car is 50 feet long, seats 60 passengers, is lighted, ventilated and heated electrically, and costs upwards of \$11,000.

FRENCH APOLOGIZE FOR CONDUCT OF SISSY CROWD

PARIS, May 19.—Following official expressions of regret for the conduct of the crowd after the American Rugby team had defeated the French team, 17 to 3, it was said here today it was probable that unpleasant experience would be forgotten.

CONSTANCE TALMADGE DRAWS ADMIRERS TO THE LAMB

Constance Talmadge is always enjoyable and seldom more so than as she appears in "The Goldfish" shown yesterday at the Lamb theatre and being repeated today. The picture itself is not very serious—if it was the opportunity for Constance's special "hall marks" might be less frequent, but it affords a splendid medium to present the fair charmer of the susceptible sex, and furnishes a delightful two hours of relaxation. The world scenes and comedy film also are attractive.
