FIVE BANKERS INDICTED BY GRAND JURY

Eastland County Delegation is Uninstructed

DEMOCRATS IN QUIET COUNTY CONVENTION

Burkett and Owsley Endorsed; Delegates Bound Only by Unit Rule.

An uninstructed delegation, in accordance with wishes of Governor Pat M. Neff and former Governor James E. Ferguson, and other than that the unit rule shall apply, was named yesterday afternoon at the Eastland county democratic convention to carry the 11 votes of Eastland county to the state democratic convention, to be held in Waco, May 27.

Resolutions were adopted endorsing the candidacy of Joe Burkett for governor of Texas and of Alvin Owsley of Denton, former national commander of the American Legion, for vice president of the United States, and condemning all secret political organizations, "under whatever disguise they may masquerade."

The report of the committee on delegation to the state convention carries the name of Senator J. W. Bailey as a member of the Eastland county delegation, and that it is intended for former United States Senator Joseph W. Bailey, although the nearest connection he may have with Eastland county is that his former campaign manager and a present law associate, Luther Nickels, was at one time a resident of this county. The following were named on the delegation:

H. P. Brelsford, Joe Burkett, C. U. Connelley, John D. McKee, O. F. Chastain, Senator W. J. Rodgers, O. C. Funderburg, Oscar Lyster, Bud Dulin, Herschel Harbin, Senator J. W. Bailey, Milburn McCarty, Will Tyler, Dave E. Jones, R. F. Sims, Lee Williams, Harve Vestal, J. C. Hagar, R. Q. Lee, D. K. Scott, W. H. Morse, J. E. Brewer, Dr. E. W. Kimble, J. Frank Sparks, R. M. Day, enport, John M. Gholson, M. H. Hagaman, L. R. Pearson, Edw. R. Maher, Will Maher, Judge James L. Shepherd, G. E. Bedford, R. A. St. John Sr., J. M. Williamson, Walter Ray, Eugene Langford and Rufus Cox.

County Chairman Frank Judkins called the convention to order, following which Earl Conner, chairman of the executive committee of the County Constitutional club, was elected temporary chairman over Judge J. M. Reiger of Desdemona, 79 to 25. Earl Bender was elected temporary secretary and the organization then was made permanent.

In opposition to a motion by D. J. Neff that the convention elect members of committees on resolutions, delegation and credentials, a motion by H. P. Brelsford that the chair appoint these committees prevailed and the following committees named:

Credentials—Scott W. Key of Eastland, J. M. Gholson and M. H. Hagaman, Ranger; Dr. E. W. Kimble and Ed Jones, Gorman; S. W. Pratt and G. E. Bedford, Co. Resolutions—Rufus Cox of Okra, Fred Roberts, Rising Star; John D. McKee, Eastland; L. R. Pearson, Ranger; Ira Underwood, Gorman; L. D. Dunaway, Dothan; Mrs. G. B. Kelley, Cisco.

Delegation—Milburn McCarty of Eastland, Mills Davenport and Sanford Dean, Ranger; O. F. Chastain, Eastland; Frank Kirk and J. E. Walker Jr. of Gorman, and J. L. Shepherd of Cisco.

The only contests were on the selection of chairman and manner of appointing the committees. Reports were received without discussion, read and adopted in perfunctory manner and adjournment announced without comment. The resolutions follow:

Burkett Endorsed.
"We, the democrats of Eastland county, in convention assembled, commend to the democratic voters of Texas, Judge Joe Burkett for the office of governor of our state.

"We commend him wholeheartedly and unreservedly because we know him and have known him all his life. We knew him as a country boy when his character was forming and he was laying the foundation for the splendid intellect he now possesses in the country schools of West Texas; we knew him when he was a country school teacher, imparting to the children under his care, those principles which were instilled in his character in his youth and which now make him a dependable man, we knew him as an efficient district clerk to which position he was elevated by his fellow citizens who knew him best; we watched him as he studied law at night and gained a sufficient knowledge of the fundamental principles of law to admit him to the bar; and then we watched him

FARMERS DUPED BY BUYERS FOR PACKERS, CLAIM

Two Senators Charge Dishonest Acts in Operation of Law; Coolidge's Dilemma.

WASHINGTON, May 7.—Speeches delivered in the house against the administration of the packers and stockyards act have had wide circulation among farmers and have done a good deal of harm to republican interests in the west. Following testimony by John M. Burns, an attorney of the department of agriculture, that officials of the packers and stockyards division had interpreted the law so as to "murder competition," Congressman Beck, a republican, and Congressman Lozier, a democrat, attacked the department of agriculture in the house.

Speaking of the alleged dishonest practices of the livestock commission concerns, which the packers and stockyards act was supposed to curb, Representative Beck charged that farmers were being defrauded in various ways without much interference from the officials of the department of agriculture. The men appointed to enforce the law, he said, were in many cases former employees of packers and commission firms against which it was directed.

Certain commission men in St. Paul, Congressman Beck declared, had been known to "short-change a farmer as much as \$450 on a shipment of stock, or to underweigh a car of stock 3,000 pounds, or to cripple two or three hogs in order to send them to a rendering plant where the packers were making over 700 per cent on their invested capital."

Congressman Lozier cited the case of a shipper who had consigned his sheep to a co-operative agency and could not get a satisfactory bid on the animals until finally he entrusted their sale to an "old-line" firm. Thereupon, Mr. Lozier said, the packers offered the shipper \$1.50 a hundredweight more than they had previously tendered him.

Leading agricultural organizations and publications have given the same sort of information to farmers in all parts of the country. Meantime, it is declared, the department of agriculture has been attempting to amend the present law so as to justify its interpretations and practices.

Coolidge Faces Problem.
President Coolidge's acknowledgment of defeat in his attempt to compel congress to accept the "Mellon plan" is to be found in Senator Smoot's tactics to prevent the enactment of a Democratic tax law. The Republicans were conceded to have a better opportunity to pass the Mellon plan in the senate than they had in the house, but Senator Smoot has surrendered.

What the big interests which were backing the Mellon plan with paid propaganda and virtual intimidation will think of President Coolidge after this latest failure is a matter of speculation in Washington. This was to have been the principal support of the Coolidge administration and its chief claim to the support of the powerful groups which would have profited by a reduction of the surtaxes on incomes of millions. President Coolidge has been unable from the beginning to force the republican majority in either branch of congress to stand solidly for the Mellon plan. At last he is confronted with the unpleasant necessity of preventing tax revision at this session of congress or approving what is practically a democratic measure.

FOUR BOYS ARE IMPLICATED BY FIFTH IN CRIME

Police Holding Three in Connection With Filling Station Robbery; Others Sought.

The Ranger police are working on a new clew today in regard to the robbery of the Magnolia filling station in Ranger. Finger prints were found on the window sill close to the catch and a finger print expert will arrive tonight to compare them with the prints of another party who has not been implicated by Craven's confession. The police claim that they have a good idea who the finger prints belong to and are not satisfied with certain parts of Craven's confession.

Jerry Craven, aged about 21 years of age, arrested yesterday on suspicion of being implicated with others in the robbery of the Magnolia filling station in Ranger early Monday morning when \$126.81 was taken, is said by the police to have made a confession involving four other boys or young men, none being more than 21 or 22 years of age. County Attorney Barnes came to Ranger to assist in the examination of the boy.

On the strength of his statement, a brother, Ray Craven, and Roy Seabold, were arrested and were held by the police today for examination and investigation. Two other boys named by Jerry Craven were being sought today. Seabold was taken to Eastland for examination, while Ray Craven was being examined here.

Jerry Craven was seen loitering about the filling station close to midnight Sunday night, the police said. They claim he told them he was the watcher for the others who entered the filling station, and being unable to break into the safe there, rolled it outside, upended it, and cut into it from the bottom. The boy said, the police claim, that two previous attempts had been made by the same boys to rob the filling station.

Police Chief Davenport said that he did not place a great deal of evidence in the testimony of Jerry Craven, who might be too easily influenced to say one thing or another, but that a strict inquiry into the statements and alibis of the four boys named by Jerry as being implicated would be made for corroborative evidence.

NEWSPAPER WRITER WHO QUOTED COOLIDGE SAYS HE MADE NO MISTAKE

WASHINGTON, May 7.—James Martin Miller, former employee of the Dearborn Independent, who quoted President Coolidge as saying he was trying to deliver Muscle Shoals to Henry Ford, testifying today before the senate Daugherty investigating committee, said he had correctly stated the president's words.

"I had a conference with the president on Oct. 12, 1923, at 10:30 a. m. and 25 minutes later sent the telegram to E. G. Liebold, Ford's secretary, in which I told him of the president's attitude in the matter. The president himself brought up the question at our conference and he cannot deny it."

REFORMERS TOO PRECIPITATE, IT IS CHARGED

Former State Senator Jeff Strickland Talks on Censorship of the Movies.

DALLAS, May 7.—Ministers and other reformers who would revolutionize the movies were the target of a scathing attack by former State Senator Jeff Strickland of San Antonio in an address to the Texas Motion Picture Theatre Owners meeting here today in annual session.

"Many of the ministers preach sermons against motion picture productions they have never seen," Strickland declared. He cited current screen productions which had been censured in various cities after "un-called-for attacks" by preachers, which pictures he declared were proper and wholesome movies.

"The producer is expected to offer pictures that will please philosophers, the feeble minded, adults and children, all at the same time," he said.

American Fliers Ready To Resume Flight To Japan

CORDOVA, Alaska, May 7.—Hope that the American round-the-world aviators may reach Japanese territory within the next two days was revived today when radio dispatches from Nazon, island of Atka, reported favorable weather for the take-off to Chirikoff island, or Attu. Stormy conditions over Behring sea were reported to have abated and radio messages said the three big army planes might be able to get away today. The aviators have received new supplies from the cannery boat and have completed overhauling their machines.

Two-Thirds of County Conventions Instruct Delegates to Support His Candidacy.

DALLAS, May 7.—Control of the Texas democratic convention at Waco, May 27, will be in the hands of the forces of William G. McAdoo, it was definitely determined today on the strength of returns from the county conventions throughout the state.

Two-thirds of the delegates to the state convention will be instructed for McAdoo, almost complete returns show. Unpledged delegations controlled by Governor Neff and delegates instructed for Oscar Underwood represent the other one-third of the state convention delegations.

Underwood ran second in the county conventions although he was only a poor third in the precinct primaries last Saturday. Alvin Owsley, past commander of the American Legion, was endorsed by many Texas counties as running mate for McAdoo.

President Calvin Coolidge was opposed in the republican county conventions. R. B. Cressager, central figure in the senatorial investigation of alleged land frauds in the lower Rio Grande valley of Texas, was endorsed by the county conventions for national republican executive committeeman from Texas.

Upsham, treasurer of the republican national convention.

Burns offered to furnish the committee with a list of names if it was agreeable to the attorney general. Burns told the committee that Gaston B. Means, former department of justice agent and star witness of the committee, had been constantly under surveillance recently by a department agent named Bonner.

RANGER NITROS TO PLAY AT THURBER NEXT SATURDAY AND SUNDAY

THURBER, May 7.—The Ranger baseball club will play the locals here Saturday and Sunday. These games are not on the schedule of the Oil Belt association and will be exhibition games.

Ranger has secured several new players recently and the team is strengthened considerably as shown

in their defeating Cisco last Saturday and Sunday by large scores.

Thurber has tied with Parks and Breckenridge for the second place in the Oil Belt association, and Ranger has third place, Olden at the top and Cisco at the bottom.

The Saturday and Sunday games are expected to be closely contested, considering the addition made to the Ranger club. With good weather prevailing, a large crowd is expected.

The outstanding feature of the election in Massachusetts of delegates-at-large to the Democratic National Convention was the election of Brigadier-General Charles N. Cole, who ran solely on the ground that he would vote for the nomination of Governor Alfred E. Smith of New York. Lafayette B. Gleason, of Kansas, has been elected secretary of the Republican National Convention, to be held in Cleveland, O., and Colonel Edward B. Thayer, of Indianapolis, has been named sergeant at arms. Sir Robert Kindersley, British banker and member of the Dawes committee, has been appointed by the Reparations Commission to organize the new Garman bank of issue, to be set up under the Dawes plan.

U. S. HAS FAIR CHANCE TO WIN 1924 OLYMPIC

American Athletes Expected to Shine in Track and Field Events in Paris.

NEW YORK, May 7.—Form shown in the early dual meets on the Pacific coast and in the Pennsylvania and Drake relay carnivals ought to serve as a stimulant to those who have been having bad heart action when they think of the fate awaiting the American team at the Paris Olympics this summer.

The American team won the last Olympic track and field games in Antwerp by winning nine events and by scoring numerous points as places in the other events.

Although it is too early to make any accurate forecasts it is safe to assume that the American team will repeat its victory in seven of the nine events that were turned in at Antwerp and that it has a splendid chance to win nine of the events which were lost.

Among the events that were won by the Americans at the last Olympics were the pole vault and the 56-pound weight event. It is quite possible and, in fact, very probable that the Americans will lose the pole vault

this year and the 56-pound weight event has been removed from the program.

Of the events that were lost in Antwerp, the Americans are almost sure to win the broad jump, the hop-step-jump, the shot-put, the discus throw, the 110-meter hurdles, the 1,600-meter relay race and the marathon. The chances for winning the 400-meter, 800-meter or 1,500-meter races are very bright.

Many of the experts are feeling pessimistic because they reason that the European athletes will have been so greatly improved since they competed against the Americans in Antwerp. This should be granted, because the European nations are getting better coaching and their manpower of the nations engaged in the great war should have been improved. But if this increase in strength is to be considered as a vital factor, there can be no reason for not assuming that our young American athletes have not been improved just as much in the four years as their European rivals.

It is a known fact that the United States will have much better representation in the weight events than they had at Antwerp. It will be a surprise if "Tiny" Hartrant doesn't break the world's record in the shot-put event at Paris. The California youngster already has broken the record in unofficial attempts on the Pacific coast.

Hartrant also has beaten the Olympic discus mark of 1920 by over nine feet, and he ought to make a new record in this event. There is very little danger that Walter Chris-

tie, head field coach of the American team, will allow Hartrant or young Clarence Houser to over-indulge before they go to Paris.

Clarence Tootell, the giant former Bowdoin star, has also broken the world's record for the hammer throw in trials and he ought to make a new record at Paris when he has so much to encourage him to do his very best.

In the broad jump the American team will be represented by Ned Goudin, former Harvard star, and the holder of the world's record made since 1920. Dehart Hubbard, the colored star from the University of Michigan, is also close to a new record maker in the broad jump and in the hop, step and jump.

Earl Thompson, competing for Canada, won the 110-meter hurdles at Antwerp and broke the record, but he is not eligible for amateur competition and the American hurdlers are now the best in the world.

American sprinters and high jumpers are still supreme and they are certain to win if they can hold their form. The American quarter-milers and half-milers are more formidable this year than they were in 1920 and the millers are also more promising than they were in Belgium.

With Clarence De Mar, the Boston sprinter, leading the marathoners, the chances for an American victory in the classic games are better than they ever were in the past.

BOTTLED CARBONATED DAY IS OBSERVED IN RANGER AS ELSEWHERE

Bottled carbonated day was being celebrated today all over the country in various ways. At many plants "open house" was observed, and bottlers issued special invitations to the general public to visit and inspect their plants, providing guides and distributing samples of souvenirs or both.

H. U. Pond, of the Ranger Distilled Water company, kept "open house" and had many callers. While May 7 is the day nationally celebrated, Mr. Pond said he did not limit visits to and inspection of his plant to the one day, but visitors would be welcomed at any time.

BOBBED HAIR REDUCING THE NUMBER OF DIVORCES

PARIS, May 7.—The bobbed-hair fad among women is reducing the number of divorce actions according to Attorney Delaney, a leading divorce lawyer here.

He said jealous wives no longer discover tell-tale strands on husband's coats, which removes one of the chief causes of suspicion.

He added that 20 years' experience had proved to him that half of women's suspicions arose over finding long hair clinging to friend husband, but that during the past year he had not encountered one such case.

WORK OF RETOPPING HIGHWAYS IN COUNTY PROCEEDING RAPIDLY

The work of re-topping approximately 52 miles of Eastland county's hard surfaced highways is progressing satisfactorily and according to County Judge Ed S. Pritchard, will be completed on or about Aug. 1.

With the exception of only a few miles, the waterbound rock base is practically all down this morning and the asphalt crew is busy pouring asphalt on the road leading out of Eastland to the north toward Raylee. There are 13 miles of this road. From every indication this will be a fine piece of road when it is completed. Asphalt is also being poured on some of the road between Carbon and Gorman. About one carload of asphalt to the mile is being spread.

All hard surfaced roads in the county with the exception of a few miles between Cisco and Raylee and between Ranger and Pleasant Grove and between Gorman and Desdemona, has been designated as state highways and after they are completed will be taken over by the state highway department and maintained by them. Judge Pritchard stated this morning that he hoped to have the state take over the balance of the county's hard surfaced roads.

FRANKLIN, Pa., May 6.—Explosion of nitroglycerin wrecked a storage magazine at Bryand's Ferry, located 10 miles south of here shortly before noon today. First reports reaching here were that several men working in the magazine were caught in the explosion and probably killed.

President Coolidge Tries To Postpone For Jap Exclusion

WASHINGTON, May 7.—President Coolidge today made an eleventh hour attempt to secure the postponement of the effective date of the Japanese exclusion provision in the new immigration bill, now in the house and senate conference.

The date he has proposed, March 1, 1926, has been tentatively rejected by them in favor of July 1, next.

After discussing the matter with administration officials at a breakfast conference at the White House, this morning, the president again summoned Senator Reed of Pennsylvania and Representative Johnson of Washington, in charge of the bill in their respective houses, for a conference. He also discussed the matter with Secretary Hughes. Mr. Coolidge placed diplomatic difficulties with Japan before the conference and urged acceptance of his proposed date. It was pointed out at the White House that conferees had not signed the report although they have tentatively announced the contents and there is still time to change.

The conferees have called another meeting for 3 p. m. to consider the president's latest move.

2 Condemned Men Try To Hasten Time For Crossing Over

AMITE, La., May 7.—Two of six Italians sentenced to be hanged for murder attempted to commit suicide in jail early today. Roy Leona stabbed himself five times with a dirk, which is thought to have been smuggled to him while in a prison cell at New Orleans, but he is not seriously hurt. Natale Demore tried to butt his brains out on an iron post of the prison, but deputies prevented him from seriously injuring himself.

The six condemned men were brought here today from New Orleans, where they had been sent for safe keeping. A company of militia, a squad of deputies and special guards escorted the prisoners.

BETTER TIMES FOR THE FARMER AHEAD, SAYS AGRICULTURAL TEACHER

By United Press.
CLEVELAND, May 7.—Predicting the woes of the farmer will be over by 1926 and deploring outside interference in agriculture, Dr. W. M. Fairbairn, president of the Ohio State Agriculture college, defended the American farmer in a speech before the twelfth annual convention of the United States Chamber of Commerce.

"Agriculture products will be readjusted within 18 months," Fairbairn confidently predicted. He said extension of exportation and limiting of production would put the wheat market on a sound basis.

FARM LABOR UNION REPRESENTATIVES ARE DISCUSSING MARKETING

DALLAS, May 7.—Texas farmers representing county units of the Farm-Labor union, met here today to discuss co-operative marketing plans. Approximately 150 farm representatives were present when A. M. Hilliard of Canton, president, called the meeting to order.

Delegates let it be known they were generally favorable to the establishment of a huge clearing exchange and market at Dallas to act as a clearing house for direct marketing from producers to consumers.

Arkansas Lady Says Mother Gave Her Cardui and She Had No More Trouble of This Kind.

Lamar, Ark.—Mrs. Edith Seeman, here, recently made the following statement describing her experience in the use of Cardui:

"I had pain in my back and sides; had sick headaches and my nose would bleed. I couldn't sit up at all.

"My mother gave me Cardui. I took about a half bottle and at this . . . I was able to get up and help with the work. Next time I took it again, and now, after taking two bottles, I do not have any trouble at all at this time. I gained, my skin cleared up, I am healthy and strong.

"My mother took Cardui for a weak, run-down condition. It did her more good for weakness and nervousness than any medicine she has ever taken. She took six bottles in all. We recommend it and certainly know its worth."

The foregoing is one out of thousands of statements which have been received from users of Cardui, the woman's tonic. If you are a sufferer from womanly ailments, try Cardui. It may be just what you need. NC-156
