An egotist will always speak of himself, either in praise or in censure, but a modest man ever shuns making himself the subject of his conversation.—LaBruyere.

LAWYERS IMPUGN HONESTY OF NEWSPAPER

REPUBLICANS STAND PAT AND STAND STILL

Coolidge Pleases Wall Street, but Displeases People; Lodge Changes Front.

By WALLACE BASSFORD
WASHINGTON, May 20.—Nearly 20 years ago Mark Hanna gave his party the slogan, "Stand Pat!" It is still standing pat—and standing still. The end of the session of congress is approaching, with increasing evidence that adjournment will find no single measure enacted into law, unless it be the tax reduction bill, and there is still doubt as to that. The Bureau bill, providing an increase for every soldier's widow of every war previous to the World war, was vetoed and the veto upheld in the senate by just one vote. The veto of the bonus bill was overridden.

The tax reduction bill gives, in its present form, resulting from the fight led by Garner in the house and Simmons in the senate, much greater percentage of reduction to the average taxpayer and less relief to the millionaire than the Mellon bill. For this reason it is not acceptable to the republican leaders and campaign managers. They want such reductions in the higher surtaxes as will enable the republican national committee to raise, in the big financial centers, a campaign fund which will make Mark Hanna's 1916 fund look paltry. Hanna raised about 16 millions for the forcing through of McKinley, but we talked in millions then and hundreds of millions now.

The financial district in New York is delighted with Coolidge, and why not? He belongs to the Murray Crane school of Massachusetts republicanism; Murray Crane was a sort of political regent for big business and big money interests, and while Crane and his paper mills dominated, Coolidge was forging to the front in Massachusetts. He had to be satisfactory to the Crane control or he would not have been advanced from post to post. In vetoing the various pieces of legislation passed up to him by congress, Coolidge will please Wall street, but Wall street is already his; but in each veto he displeases a great number of voters, the veterans of the Civil war and of the Spanish war and of the World war, and when he vetoes the McNary-Haugen bill, if it reaches him, he will antagonize the farmers.

Farmers and the Tariff
For many years the farmers of the West and Northwest have been helping the republican party into power, and all of these years the party has been dominated by the big manufacturing interests and their financial allies, all interested in the loot which they might gather from the people through the powerful, unseen, insidious effects of the "protective" tariff. These farmers, caught by that deceptive word "protective" have voted upon the people those excessive tariff rates which directly and indirectly raise the price of all manufactured products whether imported or produced in America, while adding nothing at all to the price of the things the farmer grows. This curious situation is pinching the farmer bitterly.

Of the many remedies suggested, but one has been tried—the sly game of also giving the farmer a tariff on his products. As the farmer's problem is one of disposing of his surplus abroad, it is self-evident that an import tariff could do him no good, which fact was well understood by the republican congressmen who put the tariff on wheat, corn, etc. When it proved of no avail, then the tariff commission increased the rates still more, and wheat still declined. Now the plan is

(Continued on page three.)

Bobbed Hair Nurses May Have Their Way Says Hospital Head

KANSAS CITY, Kan., May 20.—Ten nurses training at a hospital, suspended for having their hair bobbed, were reinstated today. Action was taken when 65 other nurses deserted their patients and refused to return to their bedsides until the ban against bobbed hair was lifted.

ALLEGED WIFE DESERTER FORFEITS HIS BOND

When the case of Jesse Chapman, charged with wife desertion was called in the county court at law Monday, the defendant did not appear. His bond of \$500 was forfeited and a bench warrant ordered issued for him.

The case of T. C. Gray, who is charged with falling to dip his cattle, is on trial in this court today.

Petting Parties In Eastland Arouse a Storm Of Protest

People, young or old, who are accustomed to putting on petting parties in Eastland theatres and while sitting in automobiles parked on the streets have been warned to be more particular about where they stage such affairs else they may find themselves interrupted at an unexpected time and perhaps fined.

There is no anti-petting ordinance in Eastland now, but complaints are being registered with the city commissioners and some of them are in favor of passing such an ordinance. Most of the complaints so far as directed at young boys and girls, who, it is charged, sit in cars parked about the streets of the city and stage "loving" and "petting" parties.

Many cities and towns have ordinances against such things and it is possible one will be passed here unless the practice is stopped.

JOE BURKETT MAKES ADDRESS IN VAN HORN

Discusses State Issues and Asks Support in Race for Governor.

VAN HORN, May 20.—Joe Burkett made an address here Monday in the interest of his candidacy for governor. He spoke along the usual lines of former address, advocating a central state bank, long-time rural credits, soldiers' compensation, abolition of useless offices, the klan question and educational problems. Mr. Burkett gave a brief sketch of his life, saying in part:

"I was born in and have lived my while life in Texas. Both my private and public acts are open to inspection and criticism, and I invite investigation of my private as well as public and official acts, and if you find any corruption or wilful short-comings in either, it is your duty to cast your vote and use your influence against me.

"If anyone, at any time, desires to question me about anything, I shall be very glad to frankly state my position on same. You may not agree with me in all I have said, but I hope that you will at least think I am sincere in my views, and I know if you agree with me in the main, you will accord me your support.

"I believe in a fair, square deal to every person, and if I should be the choice of our citizenship, I assure you that every citizen in Texas, high or low, rich or poor, will get just that. No person should receive less, and certainly no true Texan will ask more."

Mr. Burkett spoke at Sierra Blanco Monday afternoon.

Naval Construction Program Requiring Millions Planned

WASHINGTON, May 20.—A naval construction program involving approximately \$150,000,000 is necessary to bring the American navy up to a ratio of 5-5-3, Chairman Butler of naval affairs committee declared in the house today. A bill is to be introduced in the house calling for eight new cruisers costing \$15,000,000 each and a general reconstruction of six battleships, and other navy improvements, Butler said.

AIRPLANE OF FRENCH FLYER IS HOPELESSLY WRECKED IN SHANGHAI

PEKIN, China, May 20.—The daring and dramatic efforts of Captain Pelletier D'Oisy to make the first international flight to Tokio failed today when he was almost in sight of his goal. Landing on a muddy race track at Shanghai, after a successful flight from Canton, his machine plunged into a ditch and was completely wrecked.

At the French legation it was stated that the flight would be abandoned.

Captain D'Oisy, after arranging for the removal of the wrecked plane, left by train for Pekin.

YOUNG FARMER CHARGED WITH DOUBLE MURDER

INDEPENDENCE, Kan., May 20. Harry Yetti, young farmer, is under arrest after confessing that he killed his wife and baby, and then burned their bodies. Neighbors discovered the bodies. They were taken from the flames and identified. Yetti confessed, it was said, but gave no motive for the crime. It was said he and his wife often quarreled.

STOCK MARKET PRICES TAKE SWIFT SLUMP

Passage of Soldiers' Bonus Bill Offends Financial Interests Which Bolster Securities.

By United Press.
NEW YORK, May 20.—The sharp decline in months were registered on the stock market at its opening today, the aftermath of news that the senate had over-rudden President Coolidge's veto of the bonus bill.

Great numbers of selling orders rushed in after the market closed strong yesterday, crushed prices down at opening today from 1-8 to 1-6 points. Passage of the bonus bill today killed Wall street's hope for a reduction of taxes.

On the assumption that the senate would uphold the president's veto of the bonus measure, trading in Wall street yesterday was optimistic and many prices advanced, but the upward movement stopped short and the falling movement began immediately after the news had been flashed from Washington that the senate had completed congressional over-riding of the president's veto.

One certain thing the bonus bill will do, it is said, long before any soldier obtains any benefit from it. It will provide jobs for a large number of clerks, presumably under the civil service, to search the war records of the several million soldiers so that the amount of insurance each will receive may be determined.

President Coolidge Retires Again Into His Silent Chamber

WASHINGTON, May 20.—President Coolidge believes in passing the bonus bill it will materially effect the amount of tax relief that can be afforded business and the people, it was said on his behalf at the white house today. He thinks, however, that while relief will be effected to some extent this year, the effect will be greater in future years.

He will not at this time authorize any statement as to whether he will veto or sign the new tax bill now in the hands of the senate and house conference.

Beer-Running Gang Little Black Book Reveals Secrets Of

CHICAGO, May 20.—Sensational disclosures involving many policemen and federal dry agents in beer-running activities on a gigantic scale ever since prohibition was declared, was promised by officials today. Three policemen are already in jail.

"If the little black book seized from one of the beer runners, fulfills the promises of its pages, a large number of police, prohibition agents and even politicians of high degree will be jailed," an official said.

The raiders found a score of auto trucks, loaded with more than 200 barrels of real beer.

A beer running syndicate ever since prohibition went into effect has averaged a profit of 10 million dollars and up a year.

INTERURBAN TRAINS IN HEAD-ON COLLISION WITH MANY FATALITIES

ROANOKE, Ind., May 20.—Six were killed and a score injured when the Wabash flyer from the Indiana Service corporation line crashed head-on into a two-car train last night. The flyer was west-bound out of Fort Wayne and carried about 30 passengers. The east-bound train of two cars was running extra and carried no passengers.

STRIKE CONDITIONS IN RUHR MINES TAKING ON VERY SERIOUS ASPECT

BOCHUM, Germany, May 20.—Many emergency workers in the Ruhr, where a general strike is in effect, have disappeared and authorities fear that they may have been murdered as part of the campaign of sabotage which is growing more desperate daily. The police have arrested a number of leaders of the union—the Ruhr communist organization, and afterwards searched their headquarters. Reports from all districts declare that the situation is growing more serious.

IS SHE TO WED RAMSAY MACDONALD?

LADY MARGARET SACKVILLE.
According to teacup gossip in London, Lady Margaret Sackville, daughter of the late Earl de la Warr, is to become the bride of Ramsay MacDonald, Great Britain's first labor premier, who is a widower with two grown daughters. Lady Margaret is the aunt of the present Earl de la Warr.

WITNESS SAYS HE GRAFTED AND OTHERS GRAFTED

Witness in Mayfield Hearing Denies Being Thief, but Gloats Over Grafting.

WASHINGTON, May 20.—Dr. W. H. Evans, now imperial wizard of the Ku Klux Klan sent \$25,000 to Texas to "educate" people to write Senator Mayfield's name on the ballot in the 1922 election. J. W. Jett, formerly assistant bookkeeper in the imperial palace, testified today.

Evans also sent klan publicity directors to direct this educational graft, Jett said. He told a story of grafting by klan officials. He said that his salary as doorkeeper was \$40 a week and expenses, but that he averaged between \$500 and \$1,000 a week.

"So you are a common thief?" Senator Neely, West Virginia, a member of the committee, asked.

"Oh, no; we were all grafting a little," Jett replied. "We all had a little graft from Imperial Wizard Simmons on down. He had his separate estate from which he got his graft. I knew all about his graft and he knew all about mine. There was no secret about it."

Jett testified that at a conference in Atlanta, E. Y. Clarke, a klan official, told Mrs. Elizabeth Tyler that she could well afford to contribute \$100,000 towards the election of a klan senator, and suggested Texas as the best state for the drive. Jett did not state what Mrs. Tyler replied.

At this conference, attended by Emperor W. J. Simmons, Dr. Evans and other klan officials, the movement to elect a klan senator was instituted, Jett said. The conference agreed to remit all klan taxes except running expenses of the Texas campaign. Jett testified. He was then excused, but will be recalled later.

J. E. Macquinn, assistant cashier of the imperial palace at Atlanta, was recalled for further testimony about the klan's financial records, which were given the committee last week. Objection to the testimony about the income of the Ku Klux Klan as immaterial to the Mayfield case was made by attorneys for Mayfield, as Paddy's counsel began questioning Macquinn along this line, but they were not sustained.

The Retail Merchants' association of Ranger will hold their annual meeting, postponed from last Tuesday on account of the Chamber of Commerce convention held at Brownwood, in the Chamber of Commerce rooms tonight at 8 o'clock. The board of directors for the ensuing year will be elected and it is important that all members be present.

RETAIL MERCHANTS TO ELECT DIRECTORS TONIGHT

CLEVELAND, Ohio, May 20.—The excursion steamer, State of Ohio, valued at \$100,000, was destroyed by fire today. John Lee, a night watchman, is missing and is believed to have lost his life in the blaze.

THIRTY-FOUR GRADUATES GET THEIR DIPLOMAS

Dr. F. M. Bralley of C. I. A. Makes Address; Exercises Filled With Interest.

Thirty-four graduates of the Ranger High school received their diplomas last night, following graduating exercises in the auditorium of the high school. This is the largest class, it was said, that has ever graduated from the Ranger High school.

Superintendent McNew presided. The invocation was given by the Rev. G. D. Robison, pastor of the Presbyterian church. Two of the graduating class, Miss Maurine Bowman and Miss Helen Hall, gave solos. Miss Bowman sang "Good-bye Sweet Day," with accompaniment by Mrs. Bess Lake, and Miss Hall played "Idilio" in A flat, by Lack.

Miss Virginia Brooks was valedictorian and her paper was on "Music as a Civilizing Influence." Miss Edna Brashear was salutatorian and spoke on "The Value of an Ideal."

Dr. F. M. Bralley, president of the College of Industrial Arts, gave the address to the graduating class, his theme being "Education in General of the Younger Generation of Today." He praised the people of Texas for their interest in the education of the boys and girls of today, and pointed out that Texas leads the southern states in the amount of money expended for school buildings.

Announcement was made that scholarships had been awarded Miss Virginia Brooke and Vermer Mitchell for making the highest averages in their studies during the year. The scholarships are offered by a number of Texas institutions of higher learning and range in value from about \$30 to about \$125, depending upon which institution the recipient of the award elects to attend.

The auditorium was beautifully decorated with flowers and was filled with an audience of families and friends of the graduates and under graduates.

UNIVERSITY REGENTS STILL HOPEFUL THAT DR. FORD MAY ACCEPT

DALLAS, May 20.—Dallas alumni of Texas university today sent a telegram to Dr. Guy Stanton Ford of Minnesota university, urging him to meet with the board of regents at Austin, May 28, and withhold his declination of the presidency of the university until that time. This was done at the suggestion of J. Gardner Stark, chairman of the board of regents, who wired D. A. Frank, Dallas alumni of the university, that extensions might "constructively urge acceptance of the invitation to Dr. Ford to visit us May 28."

Action of Will Hogg of Houston, who demanded the resignation of Stark and Dr. Joe Wootton of Austin, from the board of regents, was denounced by O. O. Touchstone, chairman of the stadium committee.

Jesse Smith Was "Boss" In Bureau Witness Testifies

WASHINGTON, May 20.—How Jesse Smith virtually "ran" the bureau of investigation of the department of justice was told the senate Daugherty investigation committee today by L. J. Bailey formerly chief of the bureau.

"Smith was recognized as the most powerful man in the department of justice outside of the attorney general himself," Bailey said.

Agents of the bureau were "hired and fired" by Smith with Daugherty's knowledge, the witness said, in relating specific instances of dismissal.

U. S. AIRMEN BEAT BLIZZARD TO SAFE PORT

Arrive Safely at Minato, Landing Few Minutes Before Terrific Storm Breaks.

By United Press.
MINATO, Japan, May 20.—Braving a blizzard, the American round-the-world flyers have reached the main island of Japan. The three seaplanes, piloted by Lieutenants Smith, Nelson and Wade, landed in the water off Minato, northernmost point of Honshu, on which Tokio and the chief cities of the empire are located, just a few minutes before a terrific storm, the storm that had made their journey perilous, drove out of the north. Because of this storm and a heavy fog to the south, the airmen did not proceed any further today.

The next jump of the Americans is to take them to Kasumigaura, the naval base outside Tokio. The flyers arrived at Minato from Hitokapu, Yeterofu island, 350 miles to the north in the Kuriles group. They flew to Yeterofu from Paramashiru yesterday.

President Will Be Urged To Approve Pending Tax Bill

WASHINGTON, May 20.—President Coolidge will not veto the tax bill, despite the passage over his veto of the four billion dollar bonus bill, according to opinions expressed by political leaders in the capital today. With the bonus actually a law, administration leaders showed a tendency to drop all talk of the veto of the tax bill because of the added drain on the treasury by the measure. It is the generally expressed belief that Mr. Coolidge should approve any tax bill congress passes and get the tax question out of the way as a campaign issue, and they will urge this on him.

If more revenue be needed later to meet the annual charge of \$152,000,000 imposed on the treasury by the bonus bill, special taxes can be levied, which is deemed better than to try and revamp the present tax bill.

FRENCHMAN BREAKS TAIL OF AIRPLANE FUSILAGE WHEN LANDING IN CHINA

PARIS, May 20.—Capt. Pelletier D'Oisy, when landing at Shanghai today broke the tail of the fusilage of his airplane, a News Agency dispatch said. It is not believed D'Oisy was hurt.

CUMBERLAND PRESBYTERIANS STICK BY THEIR TENETS

AUSTIN, May 20.—Endorsement of fundamentalism and disapproval of modernism was voted by the general assembly of the Cumberland Presbyterian church today. This action was taken in accepting a report of the committee on education which recommended the adoption of a memorial of the Wetherford, Texas, presbytery that the entire Bible, including miracles be accepted, and that Darwinism and evolution be denounced.

HARRY K. THAW AGAIN IS FREED ON BAIL

NEW YORK, May 20.—Bail for Harry K. Thaw, who came to New York this afternoon to answer to an indictment in connection with the whipping of a youth in the McAlpin hotel 10 years ago, was fixed at \$10,000, which was promptly given.

JURY ON DUTY HAS NO MEMBER OF KLAN, KNOWN

So-Called "Political Suit" Eastland County vs. Davisson et al. Now on Trial.

The Ku Klux Klan question was injected into the case of Eastland county vs. G. A. Davisson et al., now on trial in the Ninety-first district court here yesterday when attorneys for the defendants asked each man on the jury panel whether or not he was or ever had been affiliated with the klan. Nine out of the 48 men who had qualified as jurors answered in the affirmative. They were not taken on the jury, the selection of which was completed last night at 10 o'clock.

This is a suit commonly known over Eastland county as the "political suit" and involves approximately \$100,000, which plaintiffs allege in substance that the contractors owe the county. Davisson has countered for approximately \$200,000 alleged to be due and unpaid the contractors under their contract with the county for building the Eastland county highway system.

All day Monday was consumed in arguing motions for continuance offered by the defendants and it was stated this morning by attorneys in the case that it would probably take all of today to argue the exceptions.

Lawyers See Bias.
Conner & McRae, attorneys for G. A. Davisson, E. H. Webb, M. G. Robertson, American Surety company, W. C. Nunnally and G. M. Roach, have addressed the following open letter to the Eastland Oil Belt News which is self-explanatory:

To the Oil Belt News:
In your comment in yesterday's issue upon the trial of Eastland county vs. G. A. Davisson et al., the following language is used:

"At the opening of court this morning, Messrs. Conner & McRae, attorneys for the road construction people made a motion for continuance upon the representation that Engineer Eccles could not be present as he had an important case in New Mexico, which he must attend."

"Messrs. Turner, Seaberry and Springer, who are representing the county commissioners' court, had a wire, or telephone message sent to the place where Eccles was supposed to be detained, and the reply was to the effect that his case did not come up until May 24."

"Upon the presentation of this direct evidence of a misrepresentation of the facts, Judge Davenport overruled the motion for a continuance. In explanation of their cause for the motion, Messrs. Conner & McRae offered in evidence a telegram to G. A. Davisson from Engineer Eccles, in which he was asking the former to go there and be a witness for him.

"The public can draw its own conclusion of the situation as it developed. This statement is so misleading and so unfair to the defendants in this case that we cannot permit it to pass unchallenged. The facts are these:

Facts Are Stated.
Conner & McRae presented an application for a continuance of the case to which was attached a telegram from W. R. Eccles to the effect that a case in which he was a party was set at Roswell, N. M., for May 19. This application was presented about 11 o'clock and counsel for the county asked for time to consider it.

The court granted it and in about 30 minutes they returned and among other things stated in substance that they had talked to the clerk of the court at Roswell and the clerk had stated to them that the court was not in session and would not convene until the 24th. It was near the noon hour when this announcement was made and as soon as the court adjourned for the noon recess Mr. G. A. Davisson got in communication on the telephone with the clerk of the court at Roswell and she informed:

RANGER GOLFERS TO PLAY NEXT SUNDAY ON MINERAL WELLS COURSE

The Ranger Golf club will play Mineral Wells at Mineral Wells next Sunday in the scheduled games of the Oil Belt Golf association.

About 25 were out for practice on the Ranger Country club course Sunday and that more were expected out today, according to Secretary J. M. Ralston.

Eastland boat Mineral Wells in the scheduled games with approximately the same score that they defeated Ranger so the Ranger men feel they stand an even shot with the Mineral Wells team.

The games will start promptly at 1 o'clock and it is necessary that every member be there at 12:30.

BIBLE THOUGHT.
SEEK ETERNAL THINGS.
 We look not at the things which are seen, but at the things which are not seen: for the things which are seen are temporal, but the things which are not seen are eternal.—2 Corinthians 4:18.

PRAYER:—Open thou our eyes, O Lord, that we may behold wondrous things out of thy law.

NOT ABOVE CRITICISM.
 Two pupils in a grade school of Ranger were "flunked" by one teacher at the closing session last week because their writing was not up to her ideal. Another pupil almost received the same treatment, but for some reason the teacher decided to let him pass. In all their other studies the several pupils are said to have averaged fairly well, at least sufficiently to pass, but they were told they could not advance because their handwriting was not up to the teacher's idea of what it should be. However, they may attend summer school, for which tuition is charged, and presumably at the end of summer they will have attained sufficient penmanship proficiency to get by.

Will the faculty of the Ranger schools be offended by a suggestion that a little practical, common sense would be more effective in the long run than traveling with heads in the clouds and hands holding on to paddles that hit the children whenever a teacher loses her temper and stumbles.

Teachers who use paddles to whip pupils because they lack the mental force to win their respect and obedience, and who "flunk" a child, preventing the passing into a higher grade, because of deficiency in the art of penmanship, are not above criticism.

METHODIST FAMIL UNITED
 By a vote of 802 against 13, the report of the joint commission on unification was adopted by the Methodist conference in session at Springfield, Mass., and reunion with the Methodist Episcopal Church, South, from which the northern body split 80 years ago, became a reality.

Joy was unbounded. Tears streamed from the eyes of the delegates. The victory for progress was more complete than anyone had dreamed. The next step to complete unification will be to call a general conference of the Methodist Church, South.

Under the provisions of the joint report, the two churches are made one church with one general conference and two jurisdictional conferences with a judicial council to pass on the acts of both. All the present bishops both north and south, will become bishops of the united church without further action. The general conference will meet quadrennially as at present, and the jurisdictional conferences will follow.

The denomination split 80 years ago over the question of Bishop Andrews holding slaves which had been left as a bequest to his wife. As it was illegal in the state of Georgia to free slaves, the bishop had a difficult question to settle. Naturally there was a widespread variance of opinion and the controversy turned out to be the rock on which the church ship was wrecked.

That the constitutional right of the initiative and referendum should in no wise be abridged is the burden of the contention of the Michigan supreme court in deciding that the so called anti-parochial school amendment to the state constitution shall go on the ballot: at the November election. This public school defense league of Michigan is now preparing for its second state-wide campaign in behalf of an amendment to the state constitution, compelling all children between the ages of seven and 16 to attend public schools.

AND THE ACTIVITIES OF WOMEN IN RANGER
 Mrs. Chas. G. Norton, Editor
 Telephone 224

WEDNESDAY EVENTS
 Rotary club luncheon 12:15 o'clock Gholson hotel.
 Cheerful workers meet at 2:30 o'clock at Christian church.
 Central Baptist T. E. L. class meets at 4 o'clock in class room.

CENTRAL T. E. L. CLASS WILL MEET WEDNESDAY
 A business meeting of the T. E. L. class of the Central Baptist church will be held Wednesday afternoon at 4 o'clock in the class rooms. All members are asked to attend.

CHEERFUL WORKERS OF CHRISTIAN CHURCH MEETING
 An important meeting of the ladies of the Christian church will be the church. All members are urged to attend as business of importance must be attended to.

METHODIST CHURCH LADIES CONTINUE STUDIES
 Under the leadership of Mrs. Parcell, the ladies of the Methodist Methodist Missionary society studied the Book of Judges on Monday. The study at the next meeting will be a chapter in the book of "The Eternal Debt," with Mrs. A. W. Hall as a leader.

JUVENILE MUSIC CLUB CONTINUES TO PROGRESS
 In spite of the fact that the closing of school and having to wait for grade cards kept some of the members away, the Juvenile Music club had a good program on Monday afternoon at the Methodist church.

After a short drill in singing by Mrs. Luke, the following program was given: Piano solo, Dixie Neal; reading, Frieda Hight; piano duet, Lilla Beth Bollinger and Frances McNeil; story of Bach, Mrs. Norton; piano solo, Burton Davis; piano solo, Florence Sue Dodson; piano solo, Mary Elizabeth Campbell; song, Katherine Newnham; pattern of major scale, Jean Jennet; piano solo, Jean Jennet.

MRS. HENRY HOSTESS FOR GRANDCHILDREN
 Mrs. B. Henry entertained at her home at the Prairie camp on Monday afternoon from 2 to 4 o'clock in honor of the sixth birthday of

DO YOU WANT TO KNOW THE WORST WHEN WOMEN GET POLITICAL CONTROL?

her two grandchildren, Milton Henry of Lockney and Zelma Ray Henry of Ranger.
 The afternoon was joyfully spent by the youngsters in playing various games and other amusements. Many lovely gifts were presented the honorees. Refreshments of ice cream, cake and fruit were served to the following little friends and cousins of the children: Ethel and Elizabeth Lee Glover, Helen Ruth Young, Camelia Hunt, James Rust, Jr., John D. Ford, Charles Henry Ford, Zelma Ray Henry, Johnnie B. Henry, Jean Elizabeth Henry, Jewel, Vesta, Roberta, Marie and Glennie Blankenship, William Blankenship, Douglas and Milton Henry of Lockney, Texas; B. C. Henry of Sweetwater, Texas.

BIG BROTHERS BIBLE CLASS TO HAVE CHICKEN BARBECUE
 Member of the Big Brother Bible class of the Ranger Methodist church are to have a chicken barbecue Thursday evening. It will be spread at the Ranger Country club grounds promptly at 7:30 o'clock. The barbecue is to be given in celebration of attaining one-half of the century drive started a short time ago, and is to be repeated to celebrate the attainment of century strength when that is achieved. All members of the class have been urged to attend.

PERSONALS
 Mr. and Mrs. H. B. Adams, Douglas and Milton Henry and Miss Clem Blankenship of Lockney are visiting Mr. and Mrs. W. H. Blankenship.
 Mrs. S. Henry and little son, B. C. Henry, of Sweetwater, are spending the week-end with Mr. and Mrs. E. Henry.
 Mr. and Mrs. Frank Chapman of Breckenridge spent Sunday with Mr. and Mrs. A. W. Turner.
 C. L. Daley, Ranger photographer, left this noon for Kansas City to visit his mother.
 Mrs. Harry Bishop and four children, accompanied by Miss Wright, left Monday for Michigan to spend the summer.

FARRELL STILL SHOWS FAITH IN THE REDS

By HENRY L. FARRELL, United Press Sports Editor.
 NEW YORK, May 20.—Surprising form shown by the New York Giants in their sprint through the first three weeks of the National league schedule caused some of the critics who had picked the Cincinnati Reds as the pennant winners to seek some way out.

Whipped into a gallop by John McGraw, who realized that the schedule give him a chance to get a jump on his rivals, the Giants speeded along and lost only three games in

the first three weeks of the season. They ran away from the Brooklyn Robins, the Philadelphia Phils and the Boston Braves. Against the weakest opposition in the league it was natural perhaps that the young Giant pitchers should all look like finders, that the batters should look like ball crushers and that the whole team should take on an appearance of invincibility.

Recently, Hank O'Day, the veteran National league umpire, was asked what he thought about the young pitchers who made such a surprising debut. "I wouldn't want to say, now," he said. "Wait till it gets warm and the older players start batting. It is better to withhold judgment in that time."

If the Cincinnati Reds were worth a hot as a pennant winner before the season was started and if they deserve the confidence that many experts expressed in them, there are many reasons why faith in Jack Hendricks and his team should be twice as great as it was then.

It is true that the Giants got away to a flying start, but it must not be forgotten that the Reds stuck right along with them. It must be realized, too, that while the Giants were knocking down and running over the Phils, Braves and Robins, the Reds were holding a stride almost as good against such powerful opposition as the Cubs, Pirates and Cardinals.

While the Giants were winning five games from Boston and three games from Philadelphia, the Reds were taking six games from the strong Pittsburgh Pirates, five games from the formidable Cubs and one game from the always dangerous Cards.

The Giants started off with the team working 100 per cent in all departments, but the Reds didn't get the best of their resources in the early games because Roush and Dauter weren't hitting the size of their hats. They are the big powers in the attack of the Reds.

Under the circumstances, the Reds seem all the more powerful in that they were able to keep within two games of the flying Giants.

How Parks Captured Two Games From the Magnolias Of Olden

Scores made in the ball games last Saturday and Sunday between Parks and Olden, at Parks, already have been published in this newspaper, but the following account and box scores from the official scorekeeper should interest the fans:

Parks won an exciting game from Olden at Breckenridge Saturday, after Olden had piled up an eight-run lead, and looked like a sure winner. An avalanche of base hits in the last of the fifth cut the lead down to two runs. Every player batted around in this inning and Sisk got a single and double for his two times at the plate. Ramsey's home run scored two mates ahead of him. Parks tied the score in the sixth when Hellman hit for the circuit with Olden on first and this hit ended Koch, who was immediately waved to the showers. Parks took the lead in the seventh by scoring two runs, but Rainey's home run in the first half of the eighth with Fuller on base again knotted the score. Parks scored one run in their half of the eighth and again took the lead. Both teams made an exciting finish in the ninth by scoring two runs each. Rainey's second home run being responsible for Olden's two runs.

Sunday's game was just the reverse of Saturday's game, it being a pitcher's battle between Sealy and Coop. Both pitchers showed rare form in the pinches and Parks two run lead acquired in the first and third innings was never overcome by Olden, although Rainey's big bar gave the crowd a thrill in the ninth when he led off with a single and scored after Koch had singled for Coop on a fielder's choice.

SHEEP AND GOAT RAISERS WANT LOWER FREIGHT RATES
 By United Press.
 UVALDE, May 20.—A resolution looking toward a reduction of freight rates on sheep, lambs and goats and the laying of plans for the annual convention to be held in San Angelo, June 25-29, were features of the quarterly meeting of the Texas Sheep and Goat Raisers' association held at Uvalde recently.

Plans were also made at the quarterly meeting for the show and sale to be held during the San Angelo fair in October.

20-STORY ADDITION FOR ADOLPHUS HOTEL PLANNED
 DALLAS, May 20.—Plans are under way to build a 20-story addition to the Adolphus hotel here at a cost of approximately \$650,000. According to Bob Ellifritz, managing director, the addition will be completed by next December.

With the extra space, the Adolphus will have 820 rooms. "With one exception, it will be the largest hotel in the south," Ellifritz said.

CARE OF THE SKIN.

After a dusty motor ride or a day spent in freeing the household of dust—and transferring a large part of it to your own person—there is suggested a cleansing cream. This is spread carefully, with a light circular motion, over the cheeks—up from corners of mouth and eyes. Don't forget to go over your throat very carefully. And don't attempt the vigorous methods which might do for polishing silver. Work it in lightly. Then with a piece of old soft linen or one of those exquisite paper tissues which are made for the purpose wipe it off carefully.

At night, or when you have leisure, you will supplement this by a very heavy cream, which is gently rubbed on the skin to improve its texture and surface. It's particularly good for crows' feet, lines under the eyes, and those furrows of thought which are supposed to be interesting, but which we can all very well do without. After leaving this on for a moment, you remove it carefully from the nose and chin and wherever there is a tendency to hair growth.

A tonic lotion is then lightly patted in with a piece of cotton to contract the pores and leave the skin smooth and white. This is to be used whenever the creams are removed, also. Last of all comes your make-up, unless you are naturally snow-white and rose-red already. A little color is excellent for the morale. A paste rouge is recommended, as best for dry skins, and a powder that is made on a cold-cream base. Find your own shade of powder too—by the way—From the Designer Magazine for June.

The cows in the model certified dairy of the West Texas Military academy are groomed each day with an electric cleaner. This, it is claimed, has greatly reduced the number of bacteria in the milk.

REPUBLICANS STAND PAT AND STAND STILL

(Continued from page one.)
 To fix a price by law for the farmers' products, employ about 50,000 men to enforce the law, and add still further to the cost of living. The plan would relieve the farmer at the expense of every taxpayer in the land, including the farmers themselves.

The operations of the republican tariff have raised the price of everything the farmer has to buy, but not what he has to sell. A sharp cut in the tariff would lower the price of what he buys and the coming rehabilitation of Europe will vastly increase his market. The election of a democratic president and congress will bring about the tariff cut, while the recovery of Europe is rapidly moving along and gathering momentum steadily.

Lodge Sees Error
 Senator Lodge bitterly opposed President Wilson's fight for the adoption of the Versailles treaty, including the provision for a permanent court of arbitration at the Hague. The fight which Lodge led drove the health of Mr. Wilson and drove his party from power after eight years of the greatest achievements in the history of the nation. The situation today is that the permanent court which President Wilson's work established, is functioning, settling international disputes with the regularity of clock work, with 53 nations, large and small, supporting it and obeying its decisions without war, while the United States sits off on a lonely pinnacle with no hand in the great work of bringing peace to the world.

And no one realizes more than Senator Lodge our ridiculous position, with Uncle Sam in the attitude of the peevish child who will not play the game, so the senator has offered

a scheme for a "World Court" so like the permanent court of the Hague, already functioning and backed by 53 countries, that they seem like two peas out of the same pod. Lodge has the assurance to suggest that the 53 nations stop the functioning of their permanent court and start all over again by adopting his world court.

George W. Wickersham, former republican attorney general, refers to Lodge's performance as "buffoonery" and says "the people will readily distinguish between true coin and counterfeit imitation and will regard Mr. Lodge's substitute as counterfeit, too obvious to be accepted even by the most simple."

No. 238.
SHERIFF'S SALE.
 THE STATE OF TEXAS,
 The County of Eastland.
 By virtue of a certain alias writ of execution issued out of the honorable justice court of Precinct 2, Eastland county, on the 25th day of April, A. D., 1924, by J. N. McFatter, judge and clerk of said court, against Barney Carter for the sum of Fifty-three and 63-100 (\$53.63) Dollars and costs of suits in case No. 237 in said court, styled Maxine K. Collie, Agent, versus Barney Carter, and placed in my hands for service, I, U. N. Whitehall, constable of Precinct No. 2 of Eastland county, Texas, did on the 5th day of May, A. D., 1924, levy on certain land and premises situated in Eastland county, Texas, described as follows to-wit:

All of Barney Carter's right, title and interest of whatsoever kind, character or nature, including mineral rights and mineral leases, in and to the following described tract of land in Eastland county, Texas, more particularly described by metes and bounds as follows, to-wit:

Being a part of the William Maxwell pre-emption survey, abstract No. 922, patent No. 31, beginning at a point 152.8 varas south of the northeast corner of said William Maxwell survey; thence south 248 varas; thence west 220 varas; thence north 174.5 varas; thence west 115 varas; thence north 66 varas; thence east 251.1 varas to the place of beginning; and levied upon as the property of said Barney Carter, and on Tuesday, the 2nd day of June, A. D., 1924, at the courthouse door of Eastland county, in the city of Eastland, Texas, between the hours of ten a. m. and four p. m. I will sell said land and premises at public vendue, for cash, to the highest bidder as the property of said Barney Carter by virtue of said levy and said writ of execution.

And in compliance with law, I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Ranger Daily Times, a newspaper published in Eastland county.

Witness my hand, this 5th day of May, A. D., 1924.

U. N. WHITEHALL,
 Constable, Precinct 2, Eastland County, Texas.
 BY JOHN E. BOYD, Deputy,
 May 6-13-20.

Your letter of May 9th received today, also note and release papers on the Dodge. I am glad to be out of debt once more. I did the very best I could about taking up my notes when due after I came up here. Our checks, when on time, get here on the 22nd, and they are always a day or two late, and my notes came due on the 20th, so I had to be a little late with the last two notes.

I am well pleased with the Dodge. It was a good buy. I made the trip to Casper in six days, and I only drove thirty-five miles at night, and I never had any trouble of any kind. One year ago this month I bought two Norwalk tires from the Oilbelt, and I can't tell they have worn any yet.

Will say trout fishing is great here. I saw two nice ones today, one 5 1/2 pounds and one 6 pounds and 14 ounces. I think I shall try my luck soon.

With the very best of wishes, I beg to remain,
 Your very truly,
J. T. ADAMS,
 Box 1979.

A few good buys now on hand and you won't regret your purchase if you buy from OILBELT

TWO BANDITS, BROUGHT TO BAY AFTER CHASE OF MONTHS, SHOOT SELVES

By United Press.
STUEBENVILLE, Ohio, May 20.—Two payroll robbers trailed continually for 10 months were finally cornered here last night, but after a battle with Pennsylvania state troopers cheated their captors by shooting themselves with their last bullets, one dying instantly and the other being near death today.

BOYS' PEANUT CLUBS ARE ORGANIZED IN BEXAR COUNTY

By United Press.
SAN ANTONIO, May 20.—Peanut clubs are the latest among boys in Bexar county.
Under the direction of O. B. Rollins, assistant county agricultural agent for the San Antonio chamber

of commerce, the clubs are being supplied with seed under the same plan of the corn clubs.
Peanut raising in this section is badly neglected in spite of its great possibilities, according to Rollins, and he hopes that by organizing clubs, furnishing seed and superintending the planting and growing that he can instill in the junior farmers of the county a realization of the value of this new crop.

BRYAN NEGROES PLANNING SO-CALLED "NEGRO FAIR"

BRYAN, May 20.—Work has been commenced here in preparing the fair grounds for the first county-wide negro fair in this section. Definite dates have not been set and only preliminary plans have been worked out by negroes who are sponsoring the affair.

The fair will include the exhibition of products from all the field crops, vegetables, livestock and the handicraft work of women. Prizes will be offered for the best exhibits in every department, according to those in charge. There will be horse racing and various other forms of recreation.

CALUMET RAINBO BROADCASTING STATION WILL BE OPENED NEXT THURSDAY—ALL NIGHT PROGRAM

The Calumet Rainbo broadcasting station is now on the air with test programs, and the official opening date has definitely been set for Thursday, May 22.

The inaugural program is one of the most ambitious in the history of radio broadcasting. It will include many of Chicago's notable musical artists, the foremost men in political life, and practically all of the theatrical stars playing at Chicago theatres.

Jerry Sullivan, musician, singer, and song writer, favorably known in radio and musical circles, will be director in charge, while Phil Schwartz, better known as Uncle Phil, will be his assistant. R. J. Engler, recently of WQSJ, Jefferson City Mo., will be in charge of the mechanical equipment.

Station WQJ is owned jointly by the Calumet Baking Powder company and the Rainbo gardens.
In splendor, size and equipment, WQJ outclasses everything in present-day radio studios. It is located on the mezzanine floor, in the west wing, of the million dollar Rainbo gardens.

This section of the Rainbo gardens has been entirely rebuilt and redecorated to make it one of America's finest radio stations.
Rich velour drapes the walls of the studio. The ceiling is draped with cream-colored silk, while the heaviest of rugs cover the floor, making the microphone room as near sound-proof as human ingenuity and modern methods can devise. A large plate glass on the ball room side enables diners and guests to watch the actual broadcasting without in the least disturbing the artists.

The generator is located in a separate sound-proof room, an entrance hall is especially provided for artists, while the business office is located at the east end of the ball room.

All programs will be broadcasted on a 448 meter wave length, which is identical with the wave length used by WMAQ. To avoid interference, WMAQ and WQJ have a mutual arrangement whereby the two stations will not be on the air at the same time.

Following is the regular daily broadcasting schedule for WQJ:
11 to 12 a. m.—Special features.
3 to 4 p. m.—Educational, domestic science, style talks, household hints, etc.

7 to 9 p. m.—Musical program.
10 p. m. to 2 a. m.—Ralph Williams and his Rainbo orchestra and entertainers.

Sunday, 3 to 4 p. m. and 8 to 10 p. m.—Musical programs.
Monday—Silent after 7 p. m.
This schedule is based on central daylight saving time during the summer and central standard time throughout the balance of the year.

The 11 to 12 a. m. and 3 to 4 p. m. programs are dedicated to the neighborhood grocer and to the American housewife.

The programs will include frequent talks intended to encourage housewives to buy at home, educating them to appreciate the high standard of dependable goods sold by local dealers.

The station will also be available for use by the Local Loyalty league, a national dealer help bureau, having for its purpose the sponsoring of the "trade at home" spirit.

Hen Harrington Downing, head of the home economics department of the Calumet Baking Powder company, and other nationally known women will broadcast regularly on efficient home management, delivering talks on food products.

There will also be special style hours, during which it is proposed to have some of the country's best style authorities describe the latest styles in wearing apparel, home decorating, etc.

rushed and completion reached a month ahead of schedule. The first unit, the rock crusher, was finished two months ago, and on March 21, the first large shipment of gypsum rock went to the Portland Cement company for use in the manufacture of cement. The second unit, consisting of the crushing, calcining and mixing plants, went into operation April 1.

Takes Place of Wood
Need for quicker and more economic service in gypsum building materials in regions where wood lumber is scarce was the primary factor determining the location of this industry here. Another factor was the opportunity presented by the Texas gypsum deposits which, at this point are equal in quality to the best in the United States and are estimated to be of sufficient extent to supply the construction industry of the entire country; at present rate of consumption, with gypsum plasters, wallboard, sheathing, floor, and partition tile for the next 100 years.

Responding to this need and this opportunity, the United States Gypsum company began prospecting several years ago and in 1920 purchased 1,000 acres of land three miles east of this city. It also has received in fee 800 acres and holds under lease several hundred acres more.
These lands are located 220 miles west of Fort Worth on the main lines of the Texas & Pacific and Santa Fe railroads. They also are within easy access of the Kansas City, Mexico & Orient and other transportation systems. These facilities make possible several advantages to building material dealers, contractors, architects and owners, not only in Dallas, Fort Worth, San Antonio, El Paso, Galveston and Houston, but also in all the smaller communities throughout the state. Centrally located, the new plant will be able to supply gypsum consumers by the shortest possible freight hauls, reducing transportation costs and assuring speedy delivery.

This mill is the only one in the state producing wall board and other gypsum products; the Gypsum company has obtained from the railroad the stop-over privilege, which means that dealers in even the smallest communities will be able to order mixed cars of sheetrock wallboard, plaster, lime and other commodities to be shipped at carload rates.

Quarrying Under Way.
Quarrying already is under way on the property adjoining the mill; mining will be resorted to later, for there is a second vein of gypsum underlying the sandstone stratum which forms the present bottom of

the quarries. From these deposits two forms of gypsum are obtainable at low cost; gypsum, or gypsum earth, which contains a percentage of clay and from which dark plaster—hair-ed, fibred and plain—is manufactured; the gypsum, the pure white calcium sulphate rock, which is worked into sheetrock wallboard, texture wall decorator, gypsum, fireproof sheathing and the finest plasters for wall finishes, for dental and orthopedic surgery and for use in the moulding of pottery, in modelling sculpture and in the manufacture of glass. The presence here of both forms of the mineral makes possible the manufacture of scores of commodities, including "land plaster" or gypsum fertilizer.
In expensiveness, volume and value of output and modernity, Sweetwater's new industrial establishment is one of the leaders in this part of the state. Compared with other gypsum factories, it is the most up-to-date and efficient in America. It is fireproof and permanent throughout, constructed entirely of concrete

and steel. It is run by electricity generated by two immense turbine engines in its own power plant. Oil from the Texas field is used in heating and generating power as well as in the calcining process. Though the mill now is considered by its builders to be complete, additional units for the manufacture of gypsum roofing materials will be constructed in the future.

Born Pickpocket, She Dies Millionaire.

Sophie Lyons Burke, of Detroit, Mich., was a pickpocket at 6 and at 25 she was a world-famous international crook. Then she turned straight, and when she died she left an estate of \$1,000,000, made in real estate deals.

WALLBOARD NOW IS BEING MADE IN WEST TEXAS

Gypsum Deposits Near Sweetwater Being Developed Big Industry.

SWEETWATER, Texas, May 20.—The final unit—a sheetrock wallboard mill—of the \$1,000,000 plant of the United States Gypsum company here, will begin operating tomorrow. This will mark the completion of an industrial establishment begun last August, which will employ 150 men and will produce at a daily rate of 400 tons of plaster and 150,000 square feet of "fireproof lumber." Situated in the heart of one of the most extensive gypsum deposits in America, it will develop on a great scale another of the state's natural sources of wealth.

From 150 to 250 men have been employed on Sweetwater's new industry constantly during the last eight months. Construction has been

ed him that she had talked to the attorneys for the plaintiff in this case and had confirmed what she said in that conversation with the following telegram: "Willenbeck vs. Eccles was set for today. However, Judge Bryce out of city. Expected home May 23. Signed: G. S. Massie, Clerk."

The clerk also stated to Mr. Davison that she would confirm this conversation in a telegram to him and at 2 p. m. he received the following telegraphic message:

"Roswell, N. M., 12:12 P May 19, 1924. G. A. Davison, Eastland, Texas. Dillenbeck versus Eccles will very likely be heard immediately upon return of Judge. Have sent the following message to Tamer meaning (Turner) and Saberry: Dillenbeck versus Eccles was set for today. However, Judge Bryce is out of city. He expected home Wednesday, May 21. Signed: G. S. Massie, District Clerk."

Intention to Deceive.
The telegraphic message which the clerk sent to counsel for the plaintiff was delivered to them in the court room, but they failed to either read it to the court or announce what it contained. As soon as Mr. Davison received the telegram above quoted it was read to the judge in open court. These are the facts as borne out by the record in this case and we believe that you knew them when you were the article above referred to because you referred to incidents which took place after the telegram was read.

Because your article was misleading and reflected upon people who are innocent of the charge made we ask that you publish this correction and give it the same prominence in your paper that the article referred to was given in yesterday's issue.

Karnak, the sensational new health-builder discovered by M. Pierre Andre, noted French chemist, which has been accomplishing such phenomenal results in the larger cities, is now on sale at the Rexall Drug Store and Texas Drug Store.
Owing to the enormous demand for Karnak, and the sensational success it has achieved everywhere it has been introduced, these enterprising firms have placed with the manufacturers of Karnak the largest order ever given here for a single medicine.

Karnak is a purely vegetable medicine of remarkable purity and wonderful efficiency in the treatment of stomach and digestive troubles, weakness, nervousness, rheumatism, sour stomach, fatigue, catarrhal conditions, insomnia, loss of appetite, torpid liver, constipation, gasiness, auto-intoxication, dyspepsia, indigestion, mal-nutrition, a generally weak, run-down condition and a host of other

M. PIERRE ANDRE
Discoverer of Karnak.
er symptoms and complaints not generally recognized as having their origin in stomach, abdominal and digestive derangements. As a general health-builder and strength restorer Karnak has become the sensation of the drug trade everywhere it has been introduced.

The action of Karnak is so natural and beneficial that it has won the name of "the master health-builder." It increases the appetite for wholesome food and helps the digestion turn this food into strengthening nourishment which builds up firm flesh and strong muscular tissue; it strengthens the organs of elimination, purifies the blood stream and builds up the whole body in tone, vigor and vitality.

Those wishing to regain their former robust health or build up their strength and stamina should not fail to avail themselves of this remarkable medicine.
The management at the Rexall and Texas stores was enthusiastic over having won the Karnak agency. "We are simply elated," it was stated. "M. Andre's famous preparation is of such wonderful merit and reputation that for us to comment on it would be superfluous. It has met with sensational success everywhere and will be sold by us under the strict guarantee that if the first bottle does not produce substantial benefits the purchase price will be refunded. This shows the unlimited confidence of both the manufacturers and ourselves in Karnak. It is unnecessary to say more."

NOTICE TO DRUGGISTS.
Special Advertised Agencies for Karnak are being established as rapidly as production will permit. For details write or wire
DRUG PRODUCTS, Inc.
Atlanta, Ga.

RESULTS FROM KARNAK ARE GUARANTEED

President Thorburn, of Karnak Company, Issues Statement To Public.

Karnak is sold under a strict guarantee that the first bottle will produce beneficial results or the purchase price will be refunded without question. Both the manufacturers and the local distributors stand squarely behind this guarantee.

This policy was announced by Mr. H. C. Thorburn, President of Drug Products, Incorporated.

Substantiates Claims.
Mr. Thorburn first expressed his sincere appreciation of the interest and enthusiastic support given his Company by leading citizens here, who were interested in securing Karnak for this city. "This shows," said Mr. Thorburn, "that your citizens are anxious to try M. Andre's new discovery, and it is a privilege to tell the public that every bottle of the medicine will be sold under a strict guarantee. We want them to know that we always have and always will substantiate every claim made for Karnak."

"Our guarantee amounts simply to this: Any one who purchases a bottle of Karnak and is not benefited by it may get their money back without question.
"The great reputation of Karnak is founded on results—nothing else. People buy the medicine because of the great benefits they receive from its use. Thousands have written thanking us for the splendid results they get from it. A trial quickly shows that Karnak is a different and a better medicine. M. Andre gave to it distinctive characteristics which place it in a class by itself, and it is not to be confused with other medicines."

Has Stood Test.
"Karnak is manufactured by one of America's oldest, largest and most reputable pharmaceutical houses, which subjected M. Andre's discovery to the most prolonged and searching scientific tests. These tests proved its restorative power to be little short of astonishing. Then our own company undertook a long series of tests under conditions of actual usage which confirmed in every detail the results announced by the pharmaceutical laboratories. Since then Karnak has achieved phenomenal success in the hands of the people everywhere it has been introduced. These are among the many underlying conditions which make it possible for us to offer such an unusual and unequalled guarantee."

Name Wanted

The new \$10,000.00 stucco and steel service station located at the corner of Pine and Austin streets will be completed and open for business in a very short time.

A Free Ticket TO DENVER OR GALVESTON

will be paid to the person submitting the most appropriate name for this new service station.

\$10.00 Cash

will be paid to the person submitting the second best name.

\$5.00 Cash

will be paid to the person submitting the third best name.

Rules Governing Contest

All entries must be in on or before 6 p. m., Tuesday, May 27.

All entries must contain name and address of person submitting name.

Any person may submit one or more names. A committee of three will be appointed as judges to decide the winner. Awards will be made Wednesday, May 28.

Bring your entries to station and deposit in box arranged for this purpose.
