BABY FALLS TO STREET FROM HIGH WINDOW

C. W. HARLESS TO WORK FOR CITY'S GROWTH

He Is Elected Secretary Ranger Chamber of Commerce; Other Board Action.

C. W. Harless, several years manager of the Clem Lumber company in Ranger, recently sold to other interests, was elected at a meeting of the Ranger Chamber of Commerce directors to be secretary of the organization. It is expected he will enter on his new duties in a short time.

During a residence of several years in Ranger, Mr. Harless has acquired an acquaintance in this territory and a knowledge of conditions that will serve him in good stead in working for the city's interests as chamber of commerce secretary. He owns his home here, is a member of the Ranger Rotary club and secretary of it, is regarded as a capable business man and is also one of the most popular of the men of affairs in Ranger. His selection for the post of secretary was unanimous. There were several applicants for the place to succeed B. F. Bennett, who resigned April 1 to go to the West Texas Chamber of Commerce, but the others got little consideration after it was known that Mr. Harless was in position to take hold of the work.

John M. Gholson, president of the Chamber of Commerce, presided at the board meeting. Nearly all of the directors were present. The president announced committee chairmen and associates, each empowered to select three or more Chamber of Commerce members, as follows:

Oil and Gas—F. G. Yonker.
Telephones—Ed Maher.
Farm and Poultry—Dr. L. C. G. Buchanan and E. H. Mills.
Civic Improvements—Dr. H. A. Logsdon and C. E. May.
Publicity—Walter Murray.
Roads—Albert Joseph, J. M. White and Ray Newham.
Industries—M. H. Hagaman and O. D. Dillingham.
Finance—John Thurman, J. C. Smith and W. E. Davis.

The Chamber of Commerce went on record as asking the city commission of Ranger to enforce the ordinance fixing the license tax for carnivals and tent shows. It was directed that the secretary draw up a resolution and present it to the city commission, it being deemed necessary that the commission's memory be refreshed.

President Gholson reported that some grasshoppers had made their appearance in the Ranger territory and that arrangements have been made by County Agent R. H. Bush for E. H. Mills to sell a prepared poison for the extermination of grasshoppers at the regular cost price.

The charge of violating the Dean law was filed in the justice of the peace court and the charges of swindling in the county criminal court. Bonds of \$200 in each case were made.

PEDDY'S ATTORNEYS HOPE TO EXHIBIT KU KLUX KLAN ISSUE

BURKETT URGES POSSIBILITIES OF TEXAS TODAY

Points to Need for Best Common Schools; for Strict Law Enforcement.

LUBBOCK, Texas, May 29.—In an address here Wednesday night, Senator Joe Burkett, candidate for governor, spoke of the possibilities of Texas and discussed some of the things he advocated for her development. In speaking of the educational problem, he said:

"Our rural schools must be maintained and built up. Upon the education of our boys and girls depends the welfare of our country. I want every boy and girl to have the opportunity of at least a high school education. I believe in our institutions of higher learning. I believe they are essential, but I believe that our schools of the masses—the common schools—should not be allowed to suffer by paying more attention to the institutions of higher learning than we do to our lower schools."

"I believe the state should see that all our higher institutions are adequately supported, but I believe a reasonable tuition fee, say about \$150 per year, or more, as is now being charged by other states, should be paid by those who attend such institutions. This would decrease the necessary appropriations for them about three million dollars per year, which appropriations could be transferred to supplement the available public free school fund."

Senator Burkett spoke in Plains, Wednesday afternoon. He is making a complete tour of the whole state, speaking in every county in the state. He has already been in the southern, eastern and most of the western counties, has spoken in nearly 200 counties to date and has visited many places that no other candidate for governor has ever individually campaigned.

Mr. Burkett fully outlined his platform advocating many reforms. He declared himself for strict law enforcement, saying, "I am for the strict enforcement of all our laws, and am therefore not a klanman, and have no sympathy with them in politics. If our laws are not good, they should be repealed, not disobeyed. As long as they are laws, they should be enforced."

THIRD PARTY LEADERS CHARGING LAFOLLETTE WITH ANTAGONISM

ST. PAUL, Minn., May 29.—Charging Senator Robert M. LaFollette with gross misrepresentation and holding up the third party movement, the committee that has charge of arrangements for the convention, to open here June 17, today issued a statement declaring the movement could not be averted or destroyed by anything LaFollette might say or do.

FISHING REPORTED GOOD IN TEXAS THIS YEAR

DALLAS, May 29.—Fishing is especially good in Texas this year according to local anglers, as well as sports goods salesmen. Plentiful rains have freshened the waters over the state and the big ones are biting, according to all reports.

Three Dallas fishermen exhibited one catch consisting of four bass, averaging four pounds each, one weighing six and a half pounds, two ten and a half pounds, pulled from White Rock lake.

As for the best time to fish, the old family almanac quotes the following dates from the zodiac days when they ought to bite: May 27, 28, 29; June 24, 25; July 21, 22; Aug. 17, 18, 19; Sept. 14, 15; Oct. 11, 12; Nov. 7, 8, 9; Dec. 5 and 6.

EX-SERVICE MEN RESENT REFLECTION ON PATRIOTISM

GALVESTON, May 29.—Ex-service men and legionnaires of Galveston were considerably riled a few days ago. Now they are exultant. It all happened when Mayor Baylis Harris wired President Coolidge commending him for vetoing the soldier bonus, declaring "the vast majority of ex-service men who are honest to God Americans do not want it."

SENATE URGED TO HEAR MASS OF TESTIMONY

Peddy Lawyers Think E. Y. Clarke's Evidence May Have Whetted Senate Appetite.

WASHINGTON, May 29.—Witnesses called by attorneys for George E. B. Peddy, who is contesting the seat of Senator Earle B. Mayfield, of Texas, to corroborate the testimony of E. Y. Clarke, former imperial wizard of the Ku Klux Klan that the klan spent money in Texas to help elect Mayfield, will be questioned today. Among them are H. M. Keeling, said to have been connected with Mayfield's headquarters in Texas and Joseph Dickey, a Texas attorney, Dickey also is expected to tell how Mayfield's campaign aid was solicited.

Counsel for Peddy said that they were pleased with the attitude of the committee after hearing Clarke yesterday and now hope that the committee will hear a great mass of testimony relative to the klan that they hope to present.

LaFollette Will Not Take Part In Third Party Confab

WASHINGTON, May 29.—Senator Robert M. LaFollette declares he will have nothing to do with the so-called third party convention at St. Paul, June 17. He urged his friends to stay away, giving as his reason the participation in the St. Paul convention of communist organizations.

At the same time LaFollette made clear that after both old party conventions have been held, unless one or both shall "urge itself of evil influences" and name truly progressive candidates, an independent presidential ticket and platform will be offered to the voters. This is taken to indicate that a conference of progressives of all parties in Cleveland, July 4, Senator LaFollette will take the field for a nation-wide fight.

LaFollette's statement takes the form of a letter to Attorney General H. L. Ekers of Wisconsin.

In his letter, LaFollette charged that the communists had "admittedly entered into this political movement not for the purpose of curing, by means of the ballot, the evils which afflict the American people but only to divide and confuse the progressive movement and create a condition of chaos favorable to their ultimate aims."

WOMAN SEEKS TO END HER LIFE BECAUSE SHE THINKS DEATH SWEET

CHICAGO, May 29.—Unexplained circumstances in the shooting of Mrs. Loretta Thompson Albert were being investigated today by the police. Mrs. Albert, who was riding with Victor Hostetler, a Chicago banker, was shot above the heart and may die. Both of the parties said it was an attempt on her part to commit suicide.

"We were in love with each other," said Mrs. Albert, at the hospital, "but I had been secretly married to Albert and Victor had a wife. Life was so bitter and death seemed so sweet—so I shot myself."

Mrs. Albert and Hostetler met after banking hours and went for a ride. Mrs. Albert told Hostetler of her wish to die and he took the gun away from her, but later handed it back after she promised him she would "forget it." A few minutes later she shot herself.

RANGER'S GOLF PLAYERS DEVISE SIMPLE CONTEST

Intra-Club Challenging Is Expected to Give Added Zest to Match Games.

Members of the Ranger Country club golf team have been arranged in order as to their respective standing and a contest has been started whereby the members will play contest matches among themselves.

Any member of the list has a right to challenge any of the three men on the lists above his name to a regular 18-hole match. If he wins he and the challenged man exchange places on the list. If he loses, he cannot challenge the same man until he has defended his place against some one lower on the list than he.

This is expected to cause a great deal of enthusiasm and friendly rivalry among the players, J. M. Ralston, secretary-treasurer of the club said.

The following men are listed: H. U. Pond, O. F. Torbrin, Charles Milligan, C. C. Craig, Clifford Clegg, L. L. Keator, Charles Conley, Charles Dyer, A. N. Harkrider, W. A. Smith, J. M. House Progressives Want Farm Relief Before Adjournment

WASHINGTON, May 29.—House progressives today served notice that they would oppose adjournment of congress until some kind of farm relief measure had been passed. A petition was circulated among the members urging early action.

"We have got the votes to block the adjournment," said Representative LaGuardia, New York, who termed the petition an ultimatum.

Representative Nelson, progressive leader, was confident that some action would be taken.

PUBLIC HEALTH NURSE AUTOMOBILE NEEDED TO FACILITATE WORK

Through the efforts of the Child Welfare society, and their committee, which includes, Ames, K. R. Hodges, J. T. Gullahorn and R. A. Jameson, funds are now being collected for the purchase of an automobile for the use of the public health nurse, Miss Faye Nixon, who is employed by the Child Welfare and other organizations of the city.

Owing to the great distance between public schools of the city and the various residence districts where the nurse is called upon to make calls, it has been very difficult for her to cover the necessary ground and much valuable time has been lost in walking or in waiting for some friend to take her about. It is thought that Miss Nixon's work will be considerably extended through the aid of an automobile, and the ladies are now soliciting funds for this purpose.

Powder Magazines At Bucharest Blow Up, Killing Many

By United Press.

Bucharest, May 29.—Many persons were killed and injured and the royal families of Rumania and Greece barely escaped with their lives when the powder magazines near Bucharest blew up in a series of explosions that continued through Wednesday. The capital was under a rain of bursting shells which fell over the city and in the court yards of the royal palace. One shell fell where King Ferdinand had been standing a few moments before. Parliament adjourned as the intensity of the explosions increased and the schools all closed so the children might go home.

Sparks from a switch engine apparently started the explosion at 10 a. m. Wednesday.

THREE-YEAR OLD RAYMOND CARTER HURT

Skull Fractured in Fall at Ranger Business Center and Injuries Serious.

Raymond Carter, 3, son of J. J. Carter of Ranger, of the Carter apartments, fell out of a window from the second story of the Paramount hotel, Main and Austin streets, this morning about 11:40, and was seriously hurt. His skull was fractured, hospital authorities stated, and an operation was necessary to relieve the pressure on his brain in an effort to save his life. The hospital authorities said that the chances appeared slim for his recovery.

The little boy was visiting a guest at the hotel and, while sitting on a trunk, level with the window, unfastened the screen and leaned out. He lost his balance and fell. An awning broke his fall somewhat, but he hit the hard cement sidewalk with sufficient violence to deprive him of consciousness. It landed partly on his head and neck.

Lee Little of the Texas Drug store picked up the little boy and hurried with him to the Clinical hospital, just across the street, where medical attention was given him at once. Although the surgeons would not hold out much hope of saving the little boy's life, they said it was possible it could be done.

New Tax Bill Has Special Exemption For Generous Giving

WASHINGTON, May 29.—Midway in the new tax bill is a clause which says that a person who has contributed 90 per cent of his income to charitable or religious purposes in any year shall have the income for that year tax free.

It has been disclosed that this clause was inserted for the benefit of only one person, for only one is known to fulfill its conditions. Mother Mary Catherine, head of a Roman Catholic sisterhood in Philadelphia, is the sole beneficiary at present, according to Senator Pepper of Pennsylvania.

Pepper said that Mother Mary Catherine was Katherine Drexel, daughter of a member of the banking house of Drexel & Co., who has taken the vows of celibacy. Her income, about \$1,000 a day, is nearly all going to charity and to religious purposes and at the same time it is being heavily taxed.

He will be court-martialed for damaging army property. He said his plan was to rise among the clouds and then end his life by crashing to earth.

BIBLE THOUGHT.
GUARD YOUR THOUGHTS:—Finally, brethren, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things.—Philippians 4:8.
PRAYER:—O Spirit Divine, out of our hearts flow naturally all that is therein. Cleanse this spring of all our being and keep it clean, then life shall flow from us to others.

CRIME WITHIN THE LAW.
 Mr. J. H. Banton, district attorney of New York, recently addressed the New York Society of Certified Public Accountants, during which he declared that the people of this nation have lost more than three billions of dollars through the sale of worthless securities. He characterized as a "joke" the present law which provides that the attorney general may enjoin a promoter or broker in fake securities.

Just why our legislators, state and national, are apparently controlled by stock gamblers and speculators is more or less a mystery. There is no reason why the stock brokerage business should not be as safe and sound as any other business, but it seems to the worse than horse racing or the cheapest lottery.

It is difficult to understand why the standard of honor of the investment banker or broker should be so much lower than that of the grocer or dry goods merchant. If one were to purchase a rug and found it defective, the merchant would provide another and apologize for the discomfort. If a grocer sells a dozen eggs and some of them are unfit, he will replace them. But buy fresh eggs from a stock broker and he will laugh at your complaint over rottenness. It's within the law.

Bucketers and crooked brokers should be put out of business, and "rigging the market" should be made a prison offense. Crime is crime—stealing is stealing, whether it be done with a black-jack or an attractive booklet and the whole business should be outlawed.

PARTY PAPER ATTACKED.
 Senator Norris presented to the senate a long list of contributions to the National Republican which, he asserted, was a paper that had been reading out of the party most of its good men. These contributions were made by manufacturing concerns in various states, by republican organizations, and by individuals in payment for subscriptions sent to individuals. The amounts range from \$25 to \$1,000 and the aggregate for nine months was \$70,178.16.

Mr. Norris and Mr. Walsh intimated that this was a gross violation of the postal laws and the paper was not entitled to second class mailing privileges. The matter was referred to the committee on postoffices and postroads for investigation.

RAILROADS WIN AGAIN.
 After the railroads were returned to their owners at the close of the war, the government paid to them several hundred millions of dollars based on valuation claims that were made by the railroads. Since that date the interstate commerce commission expended many millions of dollars in trying to ascertain just how much the railroads were overpaid. Senator Cummings, of Iowa, believes the government is entitled to the return of nearly \$400,000,000. Senator LaFollette declared it is two or three times that figure.

In any event the railroads have the money and the burden of proof is on the government. The interstate commerce commission claims that at least \$800,000 more will be needed to complete the valuation of the properties, and congress will be asked to appropriate this amount.

Constipation is ruinous to children—keep yours healthy with Kellogg's Bran

Constipation undermines a child's health. It saps his energy and makes him listless. It can lead to more than 40 other serious diseases. Mothers should take immediate steps to remove, safely and surely, the dangerous poisons from his system.
 Kellogg's Bran—because it is ALL bran—brings permanent relief. Nothing but ALL Bran can be 100 per cent effective. That is why Kellogg's Bran, cooked and krumbled, is universally recommended by doctors. They know it brings results.
 If eaten regularly, Kellogg's Bran is guaranteed to give permanent relief in the most chronic cases of constipation, or your grocer returns your money. Kellogg's Bran acts on the intestines exactly as nature acts. It sweeps and cleans and purifies them. It makes them function naturally and regularly. It allows you to discontinue forever the use of harmful, habit-forming drugs and pills.
 Kellogg's Bran, cooked and krumbled, is a delightful surprise to the taste—particularly if one has tried ordinary unpalatable bran. Kellogg's Bran has a delicious, crisp, nut-like flavor—an exclusive flavor. It is most enjoyable with milk or cream, sprinkled over other cereals or cooked with hot cereals. Try it in bread, muffins, griddle cakes and other recipes given on every package.
 Have your children eat it regularly—two tablespoonfuls daily—in chronic cases, with every meal. Kellogg's Bran is made at Battle Creek and sold at all grocers. It is served in individual packages by the leading hotels and clubs. Ask for it at your restaurant.

Eastland High Wins Game From States By Score Of 6 to 1

States Oil corporation lost their first baseball game of the season to the Mavericks Wednesday afternoon. The match had been postponed twice because of rain and prospects even looked bad yesterday. Both teams were crippled somewhat, due to absence of good players in the first part of the game but were evenly matched.

In the first inning the high school scored one run, none in the second and four in the third. States was held to no scores in the first three innings, making their only run in the fourth.
 The game was featured by jam-up playing by both teams, only three errors being made. Carol Hunt pitched his best game for the high school. Ed T. Cox caught a fly off

AUTO SPEEDWAY, TRACK AND RING NEXT TWO DAYS

(By HENRY L. FARRELL (United Press Sports Editor) NEW YORK, May 29.—Three of the season's best and most interesting sport spectacles are to occupy attention over the week-end and usher in what should be the most crowded summer in the history of athletics.

The annual 500-mile automobile sweepstakes will be staged tomorrow in Indianapolis; the intercollegiate track and field championships will start tomorrow in the Harvard stadium and the Gibbons-Carpentier international light heavyweight match is to be staged Saturday at Michigan City, Ind.

The three events are of world-wide interest and importance. The Indianapolis automobile race is the oldest, richest and most important event of its kind in the world. The intercollegiate track and field championships carry the most prestige of any collegiate athletics in the world and the Gibbons-Carpentier contest will bring together two of the most skillful boxers in the world. For three years the Far West, represented by the University of California, has reigned supreme on the intercollegiate track and field. For three years the best athletics in the East have failed against a small squad of California athletes, whose victory was scored almost by a few green field stars.

Three Pacific coast teams are entered in the championships this year and the hope of the East is slimmer than it had been during those three years. With the weakest team it has had in years, the University of California may not and probably will not win, but there are excellent chances that the Pacific coast will finish one-two in the championship. Stanford university will start as the heavy favorite with the University choice. There seems to be in the East not a single team with enough distributed strength to finish better than third.

Practically all of the Olympic coaches will be on the field to look over the athletes from whom are to be selected many members of the team that the United States will send to Paris. College athletes were represented largely on the team that went to Antwerp in 1920, and perhaps 50 per cent of the team this year will consist of college men and athletes who are only a short time out of college. On the fast Harvard track, it is possible that near the record time may be scored in many of the track events. In the field several records are expected to be lowered, especially in the weight events, where three of the greatest young shot-putters will be forced to the limit to win.

SCREEN PICTURE "AMERICA" SEVERAL YEARS IN MAKING

"America," D. W. Griffith's screen epic of the war of American independence, which will have its premiere at the Connellee next Monday night, beginning an engagement of three days, although it did not begin to take actual form until last summer, has really been several years in the making. For years Griffith has been preparing to make a film dealing with the American revolution. He had amassed a wealth of data and had even prepared a story. But the matter lay dormant until the augurers

RANGER GOLFERS GO DOWN IN ORDERLY ARRAY BEFORE ATTACKS OF MINERAL WELLS EXPERTS

Ranger golf team came to grief Sunday when they played Mineral Wells at Mineral Wells. W. A. Smith was the only Ranger man to beat his opponent.

of the American Revolution, seeking a means of making a contribution to the sesquicentennial of the struggle from freedom, prevailed upon him to undertake the task of putting the ideals of our forefathers into motion picture form. Accepting this commission, Griffith's first act was to establish a special research bureau to complete his own efforts at obtaining the very necessary meticulously accurate historical information. The work of this bureau consumed months and took members of the research bureau across the seas to there inquire into the modes and etiquette of King George, III. Fortunately Griffith received the voluntary assistance of practically every historical and patriotic organization in the country not only in the labor of digging out long forgotten facts, but in the loan of historical homes and relics, and as volunteers to act as extra people. This enabled him to reproduce many scenes on the exact sites of the original happenings, using apparitions actually used, and using descendants of the original heroes as actors.

MR. RUPERT HUGHES (Famous Novelist) to D. W. GRIFFITH

Dear Mr. Griffith: Your picture, "America," has shaken me up and stirred me so deeply in so many ways that I must express my profound homage. You have combined so many arts so greatly that your generalship is as amazing as your infinite success with detail of every sort. There were so many thrills, heartbreaks and triumphs that it is absurd to praise any one thing. But the whole sequence in which the son is brought to the bedside of the wounded father by that divine deceiver, the daughter, OVERWHELMED ME AS ONE OF THE GREATEST ACHIEVEMENTS BY ANY OF THE ARTS FROM GREEK TRAGEDY ON.

YOU'RE A STOCKHOLDER---

HELP YOURSELF TO INTEREST

The fact that you live in Ranger—makes you a stockholder in Ranger. This is true whether you own property or pay rent—whether you're in business for yourself or lend your efforts and energies to another business—whether you are active or passive.

What would you think of a stockholder in any business that let his coupons go unclipped—that was vitally enough interested to be a stockholder, and not vitally enough interested to further the cause in every possible way he could.

Yet—that's just the situation—unless you do your best for Ranger—(paradoxically you collect interest by lend-

ing interest—and you cannot avoid being a stockholder.) Therefore it's obvious how much you benefit by giving Ranger your best—how directly your interests are Ranger's—and vice versa.

That most citizens are serving is evidenced by the definite progress Ranger is making. That Ranger will progress that much more rapidly if every citizen will lend his best—so that he may in turn collect greater return—is evident.

So this is our plea for your co-operation—trade at home—boost for Ranger—help the other fellow so that he may better help you.

BEDFORD

BEDFORD, May 26.—Bedford was blessed with a fine rain Sunday night. This will help gardens greatly as well as feed and grain crops.

R. T. White and daughter, Miss Delza, left for their home in Abilene Saturday after a brief stay in this community.

C. E. Spruill returned from De Leon Saturday.

The Girls Canning club of Bedford met Friday and attended to its regular business besides arranging for an ice cream supper, which is to be held at the Bedford school house Friday, May 30.

Whenever you go out, you can't help but pity the many folks you see trying to have a good time, but are so shrinking and backward about coming near others where pimply, blotchy and eczemic skin can be seen.

You almost feel like going up to them and telling them that they ought to begin using Black and White Ointment, and Soap, which so many thousands of happy people are depending on to keep their skin clear, smooth and good to look at.

Black and White Ointment, and Soap, are selling at the phenomenal rate of more than two million packages a year, and the fact that they are so economically priced is largely responsible for this record.

The 5th size Ointment contains three times as much as the 25c size. All dealers have both the Ointment and the Soap.—Adv.

SAGE TEA DANDY TO DARKEN HAIR

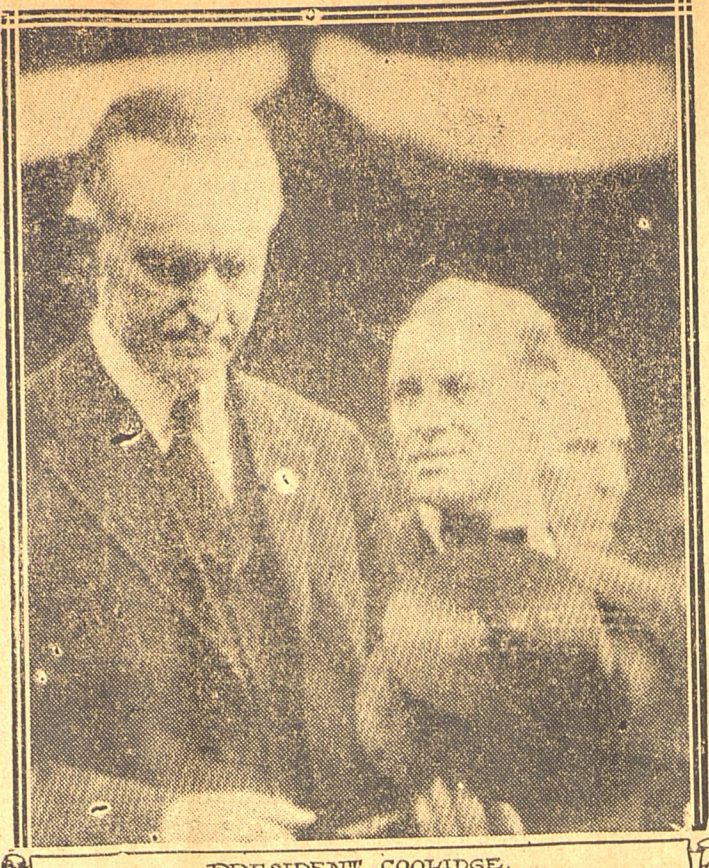

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost over night if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.—Adv.

PHOTO IS SENT OVER PHONE WIRE.

PRESIDENT COOLIDGE.

This un-retouched photograph of President Coolidge was sent over telephone wires from Cleveland to New York to demonstrate the new long-distance picture transmission by the American Telephone and Telegraph Company.

This summer. Everyone who wants to have a good time, and help a good cause, is invited to attend.

Thursday night was the scene of a neighborhood party at the Spruill home. Those attending were Misses Willie Dulin, Delza White, Artie Bell Combs, Bernice Gray and Messrs. R. N. Smith, Robert Lewis, Earl Lewis, Johnson Smith, Homer Smith, J. P. Parish, Albert Dulin, Harve Vance.

Rev. Mr. Ellis of Cisco preached at Bedford Sunday. The meeting at Bedford begins July 13, and it was decided to get some new song books, Sunday. The following girls were appointed to collect money donated to buy them: Dora Matthews, Willie Dulin, Lillian Spruill.

Miss Edna and Davey Pounds and brother, Hubert, formerly residents of this community but now living east of here, were visitors in this community Sunday.

A singing was held at the Smith home. After singing a few hymns, the crowd went home on account of rain. It was feared a storm would come up, but no such thing happened. However, it is hoped that no one was in the downpour afterwards.

MARRIAGE LICENSES. Marriage license have been issued for F. O. Rosenquest of Cisco, candidate for tax collector of Eastland

county, and Miss Alice R. Miller, also of Cisco.

Marriage licenses also were issued yesterday by the county clerk for Elmer Paupin and Miss Era Rayner of Gorman, Route No. 2.

OLDEN PUBLIC SCHOOL WILL ASK AFFILIATION, TEACHERS HAVE DEGREES

Miss Kaderli taught school in this county a few years ago. J. S. Gibson, Mrs. J. C. Stephen, Misses Luzelle Mitchell and Lela Mae Smith will be the grade teachers.

Mr. Gibson, an experienced band instructor as well as school teacher, will have charge of a brass band.

MUSCLE SHOALS PROJECT SHOWS POSSIBILITIES

With Wilson Dam Completed, It Will Furnish Immense Hydro-Electric Power.

The Muscle Shoals area is described as a 50-mile stretch in the Tennessee river between Florence and Sheffield, Ala., and Brown's island, near Decatur, Ala.

The Muscle Shoals development which was started for the purpose of improving navigation conditions, rapidly became of primary interest because of the hydro-electric possibilities.

When our entrance in the world war became imminent an appropriation of \$20,000,000 was made in the national defense act of 1917 for the purpose of taking necessary steps in the development of a plant for the fixation of atmospheric nitrogen.

The Wilson dam, which is more than 55 per cent complete, will cost with its generating equipment about \$50,000,000.

The Muscle Shoals plants with the Tennessee river unregulated will supply approximately 7,000,000 kilowatt hours of primary power (available every hour of the year) per annum and 1,490,000 kilowatt hours of secondary power per annum.

The only hydro-electric project which approaches the capacity of Muscle Shoals is as yet hardly past the visionary stage.

WASAFF PLANS HIKE FOR BOY SCOUTS TO START NEXT SATURDAY

Sam K. Wasaff, scoutmaster of Ranger Boy Scouts, asks that Boy Scouts who want to go on a hike, meet him at 2 p. m. Saturday in front of the Guaranty State bank building at Main and Marston.

Mr. Wasaff also wants some one to loan one or two trucks to carry the boys to the camping grounds and then to go after them when the two days are up.

SIR OLIVER LODGE SAYS SLUMS ARE WORSE HABITATS THAN TREES

LONDON—Sir Oliver Lodge thinks the average man isn't much better off than the monkeys and cliff-dwellers from which he descended—that is, from which some think man descended.

Lodge told the National Council of Evangelical Free Churches that while man used to dwell in trees and holes in the mountains, he now dwells in the most part in slums, and that there isn't much to be said in favor of the latter habitat.

"However," he added cheerfully, "considering humanity's surroundings, it is really better off than you would expect it to be under such conditions.

After that encouragement, Lodge added, in effect, that science has al-

ready won in its conflict with religion; that there can be religion that is scientific, not superstitious, but that the big question now is whether mankind will exterminate itself by a super-scientific war.

He thought a nice way to run the next war would be to make it so exceedingly scientific that there need be very few men in it at all.

The combination of a spring day and a circus in town requires an unusual exhibition of will power on the part of the busy business man.

Child-birth

WHEN the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend," Mrs. C. J. Hartman, Scranton, Pa., says: "With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used 'Mother's Friend' and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes."

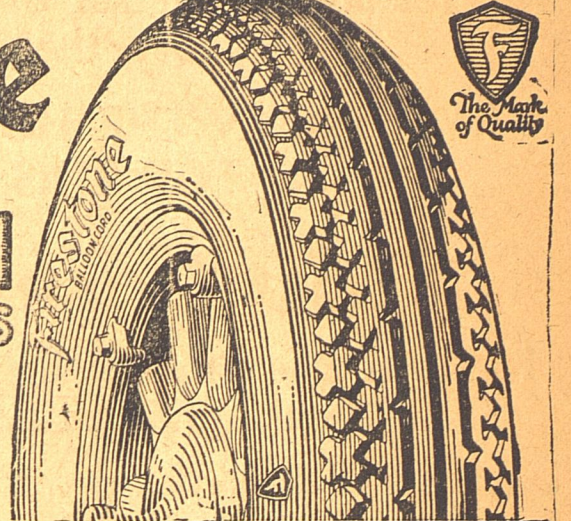

Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., B.A.75, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores—everywhere.

Mrs. Woodrow Wilson, widow of the late ex-president, fell and fractured a small shoulder bone on a recent visit to friends in Virginia. Mrs. Evelyn Sue Rickner has been found not guilty in Anniston, Ala., of the murder of her husband, Lieut. James G. Rickner, U. S. A., whom she shot to death in his quarters there. Daniel G. Reid, American tin plate king, has returned to New York from Europe with his personal physician, valet, barber, companion and four attendants, after a vain search for health. He has not slept a restful night in two years and smokes thirty cigars daily to steady his nerves. Countess Moroni, formerly Blanche Jersin, of New Orleans, and noted Southern beauty, is soon to marry Sir Mortimer Davis, Canadian tobacco king and one of the Dominion's wealthiest men. She secured a divorce a few years ago from the Count.

**ONE-ARMED VIOLINIST,
HOMELESS WANDERER IS
WELCOME ENTERTAINER**

By United Press.
WILKES-BARRE, Pa.—Frank Kinon, the one-armed miner-violinist, is back again.

Well known in every police station, up and down the length of Pennsylvania, Frank is very popular with the officers, for whom he plays all the old tunes in return for permission to sleep in the station house—for nowadays Frank is a wanderer.

He has gone up and down the state for years, sometimes working on the farms in spring and summer, doing odd jobs here and there, playing his violin for a meal or lodging, sleeping in police stations whenever he visits the larger cities.

Born 40 years ago in Austria, of well-to-do parents, Frank was early educated as a musician. His father lost his fortune and Frank was forced to abandon his studies.

He came to America and settled in Hableton, near here, with friends. Violinists not being in demand in the anthracite region, Frank started to work in the mines. An explosion killed his "partner" and badly injured Frank, forcing amputation of his left arm.

The right hand, always the bow hand, he trained to finger the strings and a mechanical hook on his artificial left arm holds the bow. He started his wandering, practicing constantly, until now he can play better than most people with two good arms.

Frank has usually confined his wandering to Pennsylvania, but this year he went south and the local police wondered what had happened to him. However, spring had hardly come when Frank turned up.
