

# Demos Pile Up A Sweeping Margin

## Will Retain Full Control Of Both House And Senate

WASHINGTON, Nov. 6 (AP)—Democrats retained control of both houses of congress in Tuesday's election and, on the basis of incomplete returns, reduced the size of the republican minority in the house and faced the loss of few seats in the senate.

At 11:30 a. m., Central Standard Time, today a tabulation showed that democrats had elected 239 house members while republicans were sure of 121. A majority is 218. Seventeen seats were taken from republican incumbents by democratic candidates and eight republicans scored victories over democratic incumbents, making a net gain of nine for the democrats up to the hour of compilation.

In 36 senate races, democrats had elected 20 and republicans nine. Republicans had picked up three seats they had not formerly held, while one republican was ousted by a democrat opponent. This made a net gain of two seats for the minority group.

The democrats' certain successes, plus their 44 holdover seats, gave them an assured senate majority of at least 64, compared with their present senate membership of 69.

Republicans had 15 holdovers, assuring them at least 24 members in the new senate. They have 24 seats in the present senate.

The present composition of the house is 238 democrats, 167 republicans, two progressives, one Farmer-Labor, one American Labor and six vacancies, three of which were formerly held by democrats and three by republicans.

All the top men of the house democratic and republican leaderships were re-elected.

Speaker Sam Rayburn was unopposed in his Texas district. John W. McCormack of Massachusetts, house democratic leader, and Patrick J. Bohland of Pennsylvania, house democratic whip, also won.

Joseph W. Martin of Massachusetts, house republican leader who predicted that his party would take over that chamber, was victorious in his race. Rep. Englebright of California, house republican whip, was unopposed.

Defeated republicans included Walter Johnson, the "big train" of baseball, who was beaten in Maryland by William D. Byron, democratic incumbent. Vito Marcantonio, American Labor incumbent from New York who opposed all-defense measures, won handsily.

Democratic senatorial victors included Andrews of Florida, Bilbo of Mississippi, Connally of Texas, Byrd of Virginia and McKellar of Tennessee, all incumbents from the solid south.

New six year terms in the senate also were won by Guffey of Pennsylvania, Gerry of Rhode Island, Maloney of Connecticut, Ernest of Massachusetts, Radcliffe of Maryland and O'Mahoney of Wyoming, all incumbents.

Abe Murdock, who defeated Senator King for the democratic nomination in Utah, won as did Harry M. Kilgore, democrat, who will take the seat held by Rugh Holt of West Virginia, also a loser in the primaries.

Democrats held substantial leads in senate races in Arizona, Kentucky, Washington, New Mexico, Nevada and Missouri.

Republicans re-elected included Senator Austin of Vermont, assistant republican leader; the veteran Hiram Johnson of California and Harbour of New Jersey.

Governor George D. Aiken, republican, won the contest for the unexpired term of the late Senator Ernest W. Gibson, of Vermont, also republican. Ralph O. Brewster, republican, was chosen by Maine in September.

Democratic senatorial seats taken over by the republicans were held by Burke of Nebraska, defeated in the primary, and Donahue of Ohio, who retired voluntarily. Mayor Harold H. Burton of Cleveland, a republican, succeeded Donahue, while Hugh Butler, republican, rode to victory over Governor R. L. Cochran, who triumphed over Burke. Minton of Indiana, the demo-

## Score Of T&P Freight Cars Are Derailed

Approximately 25 cars of an eastbound Texas & Pacific freight train piled up in a derailment about two and a half miles east of Coahoma Wednesday morning. There were no casualties.

Cause of the derailment had not been determined, said Trainmaster A. C. Ogg, who was at the scene directing clearing of the wreckage. Locomotive and front cars passed over the faulty rail, those cars on the rear of the train being piled up.

Cars were thrown sideways across the track, and contents widely strewn.

John Watkins was conductor and Roy Jones engineer on the freight, which left Big Spring about 9 a. m. Time of the mishap was fixed between 9:30 and 9:40.

A wrecking train had been sent out from Big Spring, and another was en route from the east. Officials indicated it may be late tonight before traffic can be restored.

## Grid Tickets Are Going Rapidly

Big Spring people who want good seats for the Big Spring-San Angelo grid meet next Monday had better get into action.

This admonition came Wednesday from school officials, who said the duets were going rapidly. There has been a steady demand for reservations since tickets went on sale last week.

Reserved seats are available in both the west and east stands. A block of 349 was sent to San Angelo.

The Armistice Day game tickets are at the usual price, 75c—while they last.

## CASE REVERSED DUE TO JURORS' METHOD OF FIXING FINE

AUSTIN, Nov. 6 (AP)—Because a jury decided the amount of fine by lot, the court of criminal appeals today reversed and remanded a Bexar county court at law's sentence of \$500 fine assessed Earl Ramsey, charged by complaint with operating an open saloon.

## Man Slain As He Tries To Lure Girl Into Car

TULSA, Okla., Nov. 6 (AP)—A house painter who attempted, police said, to lure a 13-year-old girl into his automobile was shot and killed by Patrolman Arthur L. Selby today as he fled from a prearranged trap.

The painter was identified as LeRoy Boyd, 33, father of five children. Police records showed he had been arrested twice before in sex cases.

Boyd was shot through the heart after he leaped from his own car, which was being used to take him to headquarters, and caused it to crash into a concrete underpass, slightly injuring Patrolman Lee Pollock and Policewoman Alice Whitney.

Selby said the painter was arrested when he stopped Evelyn Jones, daughter of Mr. and Mrs. David Jones, and tried to get her into the car.

Pollock and Mrs. Whitney got into Boyd's car and ordered him to see SLAYING, Page 8, Column 1

## Texas As Strong For FDR As In 1936; Howard County Gives Corry Majority

### Percentage Showing Gain

DALLAS, Nov. 6 (AP)—President Roosevelt climbed steadily towards the 1936 vote he received in traditionally democratic Texas in latest returns tabulated by the Texas Election Bureau at 11 a. m. today—his 694,624 votes giving him 83.6 per cent of the total 711,210.

Four years ago Texas voters gave him 86 per cent of their ballots. The 11 a. m. figures revealed he had risen 2.8 percentage points over the 9 a. m. tabulation.

Willkie's total, with 233 counties reporting and only 27 complete, was 136,326.

The balloting will reach a stunning, if not record-breaking general election total, election officials believed.

Write-in candidate for Commissioner of Agriculture W. N. Corry, opposing the veteran J. E. McDonald, democratic nominee who supported Willkie, had lost his last-minute campaign. McDonald had totaled 248,158 while Corry's total was 146,935, a surprisingly high write-in vote.

Meanwhile, Gov. W. Lee O'Daniel a cinch candidate, was far behind Roosevelt with his vote of formality, tallying 384,946. His republican opponent, George Hopkins, Dallas business man, had received 14,913.

The four amendments to the constitution passed by varying majorities. An early tabulation showed the following:

For authorizing legislative appt., 124,520; against, 61,693.  
For secretary of state appointing notaries, 120,054; against, 70,194.  
For removing municipal appointments term limitation, 110,763; against, 69,702.  
For Red River county tax, 94,390; against, 88,356.

## Policeman Cass Dies Of Heart Attack After Chasing Shoplifter

ELIJAH J. (EJ) CASS, 40, city policeman, dropped dead of heart attack at 11:10 a. m. Wednesday following a chase in which he had captured a negro shoplifter.

Answering a call to the Burr department store where two negroes were reported to have fled with some goods, Cass chased them to the T.A.P. railroad yards. Reportedly, he fired a couple of shots into the air to frighten the negroes and finally captured one.

He had returned the negro to the patrol car when he collapsed. Morgan Stulting, who was in the car, and Elton Taylor, who was nearby, made futile attempts to revive him.

Stulting told police that Cass had entered the car when he slumped over unconscious.

Born in Belton on July 27, 1900, Cass first came to Big Spring more than a decade ago, going to work for John Wolcott when the latter was in the automobile business. After a brief absence he returned here and later went to work for Flessell Service before becoming a member of the city police force approximately 18 months ago.

His was the second death on the force within the past year. W. J. O'Leary was slain last Nov. 28 as he attempted to arrest Rafael Camacho, who admitted the crime in a suicide note left in the Weatherford jail.

Active in affairs outside the police department, Cass was serving as scoutmaster of a troop of Boy Scouts for kids in the western part of the city.

The funeral service will be at the Eberley chapel at 4 p. m. Thursday with Dr. J. O. Haynes, pastor of the First Methodist church, officiating. Mr. Cass was an active worker in the VFW and fellow post members will participate in final rites.

Mr. Cass is survived by his wife, two sons, Keith and Elijah James; two daughters, Roberta and Florine, all of Big Spring; his mother, Mrs. R. N. Cass of Belton; one sister, Miss Annie Maud Cass of Belton; and eight brothers, Robert Cass of Big Spring; Earnest, Hoy, Keith and Oscar Cass of Belton; and Grady, Floyd and Earl Cass of Houston.

## TEXAN STILL FUND DRIVE WARS ON AAA UNDER WAY

AUSTIN, Nov. 6 (AP)—J. E. McDonald, state agriculture commissioner re-elected on the democratic ticket for a sixth term although he endorsed the Willkie-McNary candidacy, said today he pledged his support of the administration in supporting "the fallacious AAA program with a sound and constructive agriculture measure."

In a formal statement McDonald said: "The republican party, during the campaign, committed itself to a

## County Polls Record Vote

Howard county voters established a new general election vote total Tuesday in joining with the nation in breaking precedent by returning President Roosevelt for a third term.

Democratic electors polled 4,333 votes in the 14 boxes of the county, complete unofficial returns showed Wednesday morning. This, of course, was the Roosevelt vote. His republican opponent, Wendell Willkie received 367 votes. Earl Browder, communist, picked up his usual one and Norman Thomas, perennial socialist candidate, got two while Roger Hanson, prohibition candidate, got three—two at Coahoma and one in box No. 3, Big Spring. A surprise was the one write-in vote for Secretary of State Hull.

Willkie managed to get 7.8 per cent of the total vote, polled in the presidential division, Roosevelt capturing all the rest but seven votes. Willkie's strength was slightly higher on a percentage basis than was Alf Landon's four years ago. Landon only succeeded in getting 6.9 per cent.

Bill Corry gave J. E. McDonald, agriculture commissioner who supported Willkie, a drubbing in the county, accomplishing the miracle of a write-in candidate, taking a majority. In the 14 boxes Corry had 2,331 votes to 1,806 for McDonald.

Walter Grice, named democratic nominee to succeed the late Newton Robinson, who won the place in August, withstood a write-in campaign, winning handsily 2,711 to 638 for Levi Robinson, father of Newton, and 676 for Louis A. Coffey, runner-up.

## GRAND JURY RETURNS FIVE INDICTMENTS

The 70th District court went to work Wednesday with the case of Illinois Oil Co. versus A. A. Halbert, et al, called to trial.

Jury had been selected in the complex contract litigation and testimony was to start in the early afternoon.

Previously, the grand jury had reported, billing E. C. Clennart for robbery by firearms, E. M. Calahan for forgery in three counts, and bringing in a bill for theft by bailer against a person not yet in custody. It was the lightest report by a grand jury here in years.

## 468 Out Of The 531 Electoral Votes Listed For FD

By The Associated Press

President Roosevelt, the precedent-breaker, smashed one of America's most ancient traditions today with a dramatic and sweeping victory in his battle for a third term.

His election was conceded in mid-morning by Wendell L. Willkie, his dogged, hard-hitting republican opponent, who had made the third term question one of the two outstanding issues of a slambang campaign.

Throughout last evening Willkie sat in his hotel room, analyzing the returns and watching the president amass commanding leads in virtually all the key states having big blocks of electoral votes. But grimly, he clung to a dwindling hope of victory, and finally he retired with the announcement that not until today would he have anything to say on the election's outcome.

Meanwhile, Senator Charles L. McNary of Oregon, Willkie's running-mate, conceded a victory for Mr. Roosevelt and Henry A. Wallace, the democratic vice-presidential nominee.

The president spent last evening at his Hyde Park home, where in 1932 and 1936 he saw himself elected to the presidency, and where, just as in both those years, his happy neighbors thronged the spreading lawns and serenaded him with bugles and drums.

Promptly at midnight, Mr. Roosevelt greeted the serenaders from the portico. "Full returns" were lacking, he said, but the situation looked "all right."

"We, of course, face difficult days," he said. "But I think you will find me in the future just the same Franklin Roosevelt you have known for years."

The full extent of the president's victory could not be measured finally in advance of a more complete tabulation of the votes of several states.

Nevertheless, at 9:45 a. m. CST it appeared that his election had been accomplished with 468 of the country's 531 electoral votes. The number required for election is 266. Indications were that his popular plurality would prove considerably less than the margin of more than 10,000,000 by which he was elected in 1936.

In addition to a substantial lead in New York, the president held the advantage in Pennsylvania, Ohio, Missouri, Minnesota, New Jersey, California, and Illinois, among others. Willkie was leading in nine states: Colorado, Iowa, Indiana, Kansas, Maine, Nebraska, North Dakota, South Dakota, and Vermont. The nine have 63 electoral votes.

Reports persisted that due to the present emphasis on a need for national unity in the face of foreign developments Mr. Roosevelt might ask his vanquished foe to assume a post of importance in connection with the defense program.

Certain it was that in many minds Willkie's defeat had hardly diminished his stature. The energy of his campaign commanded widespread admiration not only among his own followers.

## SEES NO REASON FOR FEDERAL CONTROL OF OIL INDUSTRY

AUSTIN, Nov. 6 (AP)—Re-election of President Roosevelt "does not mean federal control for the oil business" in the opinion of Ernest O. Thompson, member of the Texas railroad commission and former chairman of interstate oil compact commission.

Thompson, who stated the industry was ready with large reserves to meet any national defense emergency, declared: "I can see no reason for federal control of the oil producing business. The problem is to find markets. Waste is being prevented. Conservation is being practiced more and more every day."

## Greeks Take Albanian City, Seize Prisoners

By The Associated Press

Frontier dispatches said Greek mountain fighters today entered the City of Koritsa, in Albania, and captured thousands of the 30,000 Italian troops under siege there.

The reported seizure—if true—marked the first major victory in the 10-day-old Balkan conflict, and presumably disrupted the Italian supply route for a projected invasion into western Macedonia.

Greece's high command said retreating Italian troops were shelled by their own tanks as Greek warriors stormed and captured hill fortifications guarding Koritsa.

A Greek communique said many Italian prisoners were taken in the battle on the Koritsa Heights, along with artillery, howitzers and machine guns.

The Greeks declared their lines were holding firmly on both ends of the 100-mile front, despite the superiority of Italian arms and manpower.

Former Mussolini's high command reported that fascist invasion forces had driven off Greek See GREEKS, Page 8, Column 2

## WW Bows To Result With 'Good Will'

NEW YORK, Nov. 6 (AP)—Wendell L. Willkie conceded his defeat today in a congratulatory message to President Roosevelt and then called for national unity, completion of the defense program, aid to Britain, and "removal of antagonisms in America."

"Congratulations on your reelection as president of the United States," the republican nominee telegraphed his democratic opponent in yesterday's election.

"I know that we are both gratified that so many American citizens participated in the election. I wish you all personal health and happiness."

Wearing green pajamas, he dictated the message in his hotel suite at 9:30 a. m. (CST), little more than an hour before he said in a prepared speech to a nationwide radio audience that he accepted the results "with complete good-will."

"The popular vote," he asserted, "shows the vitality of our democratic principles and the adherence of our people to the two-party system."

Extending his thanks to campaign workers and to voters who supported him, Willkie continued: "I know that they will continue as I shall to work for the unity of our people, in the completion of our defense effort, in sending aid to Britain and in insistence upon removal of antagonisms in America—all to the end that government of free men may continue and may spread again upon the earth."

Willkie, refreshed after a six-hour sleep, breakfasted leisurely and made a final survey of the election returns before sending his telegram to the president.

"I want to say I am feeling fine and I accept the election with complete good will," he declared. "I am proud to have led the crusade I did, and I believe completely, and if anything more deeply, in it than I ever did before."

"I believe the ultimate adoption of the principles I advocated is indispensable for the continuance of this free way of life."

Willkie said he had entered the campaign without bitterness and added, "I end it with no ill will or bitterness toward anyone."

## FDR REPLIES TO WILLKIE

HYDE PARK, Nov. 6 (AP)—Franklin D. Roosevelt, choice of his countrymen to be their president for a third term, accepted with "sincere thanks" today a message from Wendell L. Willkie congratulating him on his re-election.

Willkie had wired the chief executive from New York City this morning, wishing him "all personal health and happiness," and saying he knew "we are both gratified that so many American citizens participated in the election."

"Please accept my sincere thanks for your message of congratulations," Mr. Roosevelt replied. "I greatly appreciate the assurance of your good wishes for my health and happiness which I heartily reciprocate."

White House aides made public also exchange of telegrams between the president and Senator Charles L. McNary of Oregon, the republican vice-presidential candidate.

## Miss Laneous Notes

By MARY WHALEY  
They say this was the kind of a campaign that invaded the bridge clubs, dipped into tea cups and interfered with knitting.

That long time friends who used to gossip over the back fences about the neighbors children suddenly quit talking and friendly ship that had survived through many a feminine tempest was suddenly rent asunder.

The followers of the pantboards, who for years had spent an afternoon a week winning quarters off their friends, got so perturbed over the political question that they lost their games. Who bid what and whose deal changed to who was running and the new deal. Close ties cooled.

As knitting needles clacked so did tongues and the girls found themselves saying unparliamentary things to the lady on their right whom they had always admired.

While ordinarily such strife ought to be frowned on, there is one good thing that ought to result. For once there were no casual feminine votes cast. The ladies, with blood in their eyes, went to the polls in large numbers and voted as they saw fit, not as their husbands told them to do.

## West Ward Study Group Has Its First Session

Speaking on children from one to six years old, the West Ward Study Group met Tuesday for its first meeting with Mrs. W. W. McCormick in charge.

Mrs. Justin Holmes, and Mrs. E. L. Chief were named captains of two teams and the winning side will be entertained by the others at the end of the session.

Next topic is to be "A Hobby for the Whole Family." Others present were Mrs. W. S. Middleton, Mrs. Della K. Agnell, Mrs. C. W. Deats, Mrs. Randall Pickle, Mrs. Rufus Davidson, Mrs. Harry Montgomery, Mrs. R. L. Baber, Mrs. R. G. Burnett.

## Devotional On Prayer Given At Methodist Church By Pastor

COAHOMA, Nov. 6 (SpI)—The Woman's Society of Christian Service met at the Methodist church Monday for weekly service and the Rev. J. J. Price brought the devotional on "Prayer."

Mrs. Mitchell Hoover gave the missionary lesson and a business meeting was conducted by the president, Mrs. A. K. Turner. Present were Mrs. N. G. Hoover, Mrs. Mitchell Hoover, Mrs. S. R. Hager, Mrs. C. R. Graves, Mrs. A. K. Turner, Mrs. R. F. Darsey, Mrs. J. R. Harris, Mrs. Walter Conley, Mrs. E. H. Dunn, Mrs. John J. Price and Miss Susie Brown.

## B&PW Club To Send Delegate To N. Orleans

Voting to send Jeannette Barnett to New Orleans, La., for the regional conference, November 9-11, the Business and Professional Woman's club met Tuesday night at the Elks hall.

Mrs. L. A. Eubanks was elected alternate. The club also voted to have an executive board meeting each 4th Tuesday of the month at 7 o'clock to take up miscellaneous business and to report to the club at each business meeting.

Evelyn McCurdy had the program on "Considering the Price of Peace," and pointed out the success of the Pan-American union for settling disputes.

Year books were distributed and Mrs. Matt Harrington's resignation as vice president was accepted. The club is to sponsor sale of Holland's magazines with funds to be used for under-privileged children. Elizabeth Evans McCaskey, who has been representing Holland in 15 southern states, is a resident of Dallas where she has lived since 1915.

The next social is to be held November 13th in the home of Mrs. L. A. Eubanks, 1408 Nolan, and will be a buffet supper. This will take the place of the social originally scheduled for November 19th. New members were voted on by the group.

Others present were Mildred Anderson, Mrs. Guy Brown, Mrs. Myrtle Jones, Evelyn Cook, Helen Dudley, Marie Maxfield, Marie Womack, Marjorie Whitaker, Edith Gay, Olyve Chumley, Dorothy Lee Bassett, Ina Mae Bradley, Madeline Grimmins, Alma Borders, June Sheppard, Pearl Gutsinger, Gladys Smith.

Postponing their annual silver tea-reception from November 16th to December 1st, members of St. Cecilia's unit of St. Mary's Episcopal church met in the home of Mrs. Harold Steck Monday.

The houseparty was selected for the affair that is to be held in the home of Mr. and Mrs. Obie Bristow from 4 o'clock to 6 o'clock Sunday afternoon. Both men and women are invited.

Attending were Mrs. William Tate, Mrs. Don Seale, Mrs. R. B. G. Cowper, Mrs. Bristow, Mrs. Steck.

## Rosebud Pals Gifts Are Exchanged By Circle

Rosebud pal gifts were exchanged by the Friendly Sewing Circle as it met in the home of Mrs. I. M. Reneau Tuesday afternoon.

Refreshments were served and the next meeting is to be with Mrs. E. H. Sanders, 1000 Runnels. Others present were Mrs. N. V. Hillburn, Mrs. C. C. Balch, Mrs. Tom Buckner, Mrs. Sanders and the hostess.

Use a small brush to clean out stem and spout of percolators. Thorough cleaning of the pot is essential for good coffee.

## Hobo Party Given By Wesley Fellowship Class Tuesday

The Wesley Fellowship class of First Methodist church entertained with a hobo party Tuesday night and the young adults met at the church.

They tramped from there over the town buming snacks from several homes of the members. The hungry hobos hiked south of town where they prepared a Mulligan stew.

Hoboes present were Mr. and Mrs. Leon Webb, Mr. and Mrs. Ellis Coram, Ruth Gilliam, Frances Gilliam, Clemmie Lee Crain, Nellie Puckett, Marvin Louis Davis, Ethel Campbell, Lucille Berry, Joe John Gilmer, Elton Campbell.

## Jno. L. Lewis Keeps Silent

WASHINGTON, Nov. 6 (AP)—John L. Lewis watched silently today the mounting roll of Roosevelt votes which sounded the call he had set for himself to exit as president of the CIO.

Lewis, who sharply criticized the Roosevelt administration two weeks ago, and called for the election of Wendell Willkie, appeared in a cheerful mood as he met newspapermen at his office.

The CIO leader, who was one of the outstanding new deal supporters four years ago, said he would not make any public comment on the results of yesterday's election.

Lewis staked his CIO leadership on a Roosevelt defeat when he issued his call to followers two weeks ago for a Willkie triumph. Closest associates said no one would be able to dissuade the veteran labor leader from carrying through with his avowed intention to quit as CIO head.

A movement got under way, however, at the first sign of a Roosevelt victory to have Lewis reconsider.

If that move fails, Philip Murray of Pittsburgh, a CIO vice president probably would be the choice to carry on the leadership of an organization which split into two political camps as soon as Lewis came out for Willkie.

## Garner, Who Didn't Vote, To Make Decision Tomorrow On Return To The National Capital

UVALDE, Nov. 6 (AP)—John Nance Garner, who did not vote in the election, today announced he would "decide tomorrow" whether he would return to Washington for the remainder of the congressional session.

Dressed in khaki and leather jacket, the vice-president emerged from his home, hurried to his housing project of 40 low-rent homes now under construction, and refused to talk of the election.

"What are your future plans?" he was asked.

"I will decide tomorrow," replied Garner.

"Does that include whether you will go back to Washington?" "Yes," he said.

The vice-president, watching carpenters at work on the project, would not comment on his failure to vote. Mrs. Garner, his secretary, Louis Friday, and a thousand or more Uvalde citizens voted yesterday.

The county where Garner has been an office seeker 44 years gave President Roosevelt an approximate four-to-one lead over Wendell Willkie in incomplete returns.

Garner has been in Uvalde most of the time since July when he abruptly left Washington while congress was in session. He returned to the capital for about two weeks in September.

He took no part in the campaign.

# Third Term Tradition Swept Aside In First Clear-Cut Test At Polls

WASHINGTON, Nov. 6 (AP)—The third term tradition—part and parcel of American political history for a century and a half—was swept aside yesterday in the apparent Roosevelt triumph.

It was the first clear-cut test of the old tradition. It was the first time the electorate had ever expressed itself directly on the subject. And the verdict rendered by millions of votes gave Franklin D. Roosevelt an increasingly strong title to the distinction of being the first man ever elected to the presidency three times.

President Roosevelt was the seventh chief executive in the nation's history to confront the third term problem. The issue played a major part in the campaign. Numerous demands were heard for a constitutional limit on the number of years a chief executive may serve.

Whether Mr. Roosevelt's success at the polls would intensify or diminish the urgency of such demands was uncertain. The president, however, has given the nation his assurance his third term—which he sought because of the "great storm raging" in the world—would be his last.

Mr. Roosevelt never mentioned the third term issue in his campaign, but in his speech at Cleveland, Ohio, last Saturday night he predicted the nation would "reach the clear, sure footing ahead" in the next four years and that then "there will be another president in the White House."

More Presidents  
And, as if to reply to the charges of dictator ambitions that his foes had raised against him, he continued by saying that there would be "many more presidents in the years to come, and I think that in those years to come that word 'presidents' will be a word to cheer the hearts of common men and women everywhere."

Before Mr. Roosevelt decided to carry the third term question to the electorate, Washington, Jefferson, Madison, Monroe, Jackson, Grant, Cleveland, Wilson, Theodore Roosevelt and Coolidge have had the opportunity to consider testing the precedent.

The only time, however, that anything like a third term issue went to the public was in the celebrated three-cornered campaign of 1912 but that occasion did not supply the clear-cut test comparable to 1936.

In 1912 Theodore Roosevelt en-

tered the presidential lists on the Bull Moose ticket against Wilson, the democratic candidate, and William Howard Taft, regular republican nominee.

Roosevelt, succeeding the assassinated McKinley as president in 1901, served out part of one term in the White House and then was elected for a full term in 1904.

His partisans in 1912 argued that there was no third term question. They contended he had been chosen vice president for the four years

during which he succeeded McKinley, and therefore had been given only one actual term as president by the people. He finished third in the 1912 contest.

The only president to seek a third term nomination after being elected for two full terms was Ulysses S. Grant. The third term issue was urged against him in the republican national convention of 1880 and he lost the nomination to James A. Garfield after leading in the convention balloting for 35

ballots. Historians still dispute what the real attitude of the nation's founding fathers was toward the question of a third term for a president. The constitutional convention of 1787 debated the subject at length, but took no action on imposing a limitation.

## Mexico Satisfied With Roosevelt

MEXICO CITY, Nov. 6 (AP)—The Mexican government and public received with obvious satisfaction today the news that President Roosevelt's re-election for a third term appeared assured. Government officials asserted the president's continuation in office would augur well for a "just and mutual" solution of outstanding issues between the two countries and the rapid evolution of a program for joint military and eco-

## AN ANALYSIS OF THE WAR DEVELOPMENTS

By DEWITT MACKENZIE

British Premier Churchill's grave statement yesterday regarding the increasing naval submarine menace to English shipping was to my mind in effect a bid (a broad hint, if you will) for more American destroyers with which to meet this very real danger.

The premier told of the "gigantic task" imposed on the royal navy by the U-boat campaign and other calls of war, and warned "we must expect that next year a still heavier U-boat attack will be made upon us." He declared bluntly that if the formidable threat to seaborne traffic were neglected it "would touch the life of the state," and in the midst of this grimly realistic picture he remarked:

"The fifty American destroyers are rapidly coming into service just when they are most needed, and the main flow of the new construction started at the outbreak of the war is now coming along."

This isn't the first time by any means that the subject of the destroyers has arisen. Only last Sunday First Lord of the Admiralty Alexander, after expressing thanks for the American warships, added: "I shall be equally thankful for any more that can be spared."

The point of all this, of course, is that destroyers are the handy men of the navy and are vital in dealing with submarines. That the submarine threat to England is very real there can be no doubt, as I have emphasized time and again in this column. Hitler has unleashed a terrific drive, in which Italy is participating, with the idea of establishing a counter-blockade and literally starving England into submission.

The nazis chief has a notable precedent in Germany's unrestricted submarine campaign in the World War which came so close to strangling England that Admiral Jellicoe, commander of the grand fleet, warned the then prime minister of disaster unless the menace were checked. The British don't admit anything like the losses in shipping sustained in the World War—but they are beginning to pile up. However, the British have a fresh worry in that Hitler has cut loose a whole flock of new submarines which the nazis have been turning out in mass production.

OSCAR HOLCOMBE IS BEATEN IN HOUSTON

HOUSTON, Nov. 6 (AP)—Houston had a new mayor today after seven terms under Oscar Holcombe. C. A. (Neal) Pickett, 37, secretary of the Lumberman's Association of Texas, won the office yesterday.

Holcombe conceded defeat early last night. The four city commissioners were re-elected. Pickett is the son of Mr. and Mrs. Cornelius Pickett of Beaumont.

AIRLINE TO START AIRPORT BUILDING

MEXICO CITY, Nov. 6 (AP)—American Airlines Inc., recently granted a franchise for operation of aerial passenger and freight service from here to Laredo, Texas, will soon begin construction on four new airports in Mexico and the United States, government aviation officials said today.

Landing fields with latest type hangars and repair shops will be built in Mexico City, Monterrey, Piedras Negras and Laredo, according to the announcement. These cities are the scheduled stops on the new air route. It is expected that the fields can be completed within the next three months.

Local Youths Gain Rank At Schreiner

KERRVILLE, Nov. 4.—From the offices of Captain Green, commandant of Schreiner Institute at Kerrville, was issued recently the first important list of promotions to be made in the school this season. This marks the first major advancement in the organization of the military unit at Schreiner made among the cadets since the opening of school in September.

Among a number of Big Spring students who are attending Schreiner Institute this year, two local boys were given promotions in the order. Temp Currie, son of Mr. and Mrs. T. S. Currie, and of Willis Crenshaw, son of Mr. and Mrs. W. W. Crenshaw, have both stepped up in rank, who formerly held the rank of sergeant in the cadet corps, is now listed as staff sergeant, while Crenshaw, formerly a private, is now a corporal. Advancement in rank in the cadet corps at Schreiner is viewed by the students as a valuable indication of their progress and success.

**Why does Phillips 66 Poly Gas start cold motors faster?**

Because it is higher test ... more volatile! Actually higher test than most premium gasolines which sell for 2¢ more per gallon.

**IMPORTANT NOTE:**—This remarkable fact was proved by scientific laboratory study of 303 separate samples of 19 different premium gasolines. The Volatility Number (high test rating) of Phillips 66 Poly Gas was 50 per cent higher than the average Volatility Number of the premium price motor fuels.

Is volatility important? Here is what the impartial Petroleum Marketer Magazine says, August 1940 issue, page 9:

"... the successful operation of a gasoline in an automobile engine depends more upon volatility than upon any other factor."

So when you want faster cold-weather starting, remember that Phillips 66 Poly Gas is higher test, more volatile, than others.

Why don't you have to pay extra for this extra high test? Because Phillips is the WORLD'S LARGEST PRODUCER of natural high test gasoline. Stop for a trial tankful at any Phillips 66 Station.

# Looking 'em Over

With Jack Douglas

What's talked on the gridiron notes: Paul Kuech, Big Spring center, complained to the referee last week about a Plainviewer putting the ball to him in a pique—namely he accused the opposing player of taking a bulldog grip on his hand. "Well, you know he isn't a Catholic anyway," the official retorted, "—eating meat on Friday."

Harold Akoy, Mury golf course pro, has the greens looking in tip-top shape for those hardy souls who brave the West Texas weather for the dubious pleasure of banging a little white ball into a northern wintery blast. About three weeks ago bent grass was put on the greens and results are already becoming evident. As time goes on, the new sod will show out the Bermuda now making up most of the sod. Number ten on the course has a full stand of bent grass that was put in about a year ago and is now as smooth as the proverbial billiard table.

Aley has turned in a remarkable job of giving Big Springs a course that can hold its own with any set-up in the state. Deer hunters are starting on the move for green pastures. A large number make the trip to New Mexico because, according to the state law, a hunter pays only a fee to the state and need not make arrangements for rental of a range as is done in Texas. Government land is well stocked and is open to all who have the wherewithal to make the journey and manage for a tag.

Two new pieces of equipment will be used at the Big Spring-San Angelo game in Steer Stadium Monday. Coach Pat Murphy has bought a camera and projector that he intends to use in perfecting and correcting the maneuvers of his boys on the field. The camera will be placed in a booth above the press box, where shots can be made of the entire field without distortion. Proceeds from programs, selling for five cents, will be used in financing the unit, thus avoiding the necessity of using money out of the regular athletic fund. These programs will be sold at the San Angelo and Abilene games.

In addition to the camera, the blocking board, having been installed some time ago but not put into operation because of unsatisfactory material sent out, is scheduled to be presented to the fans.

## SMU, Ags Duel For High Stakes

DALLAS, Nov. 6—Armstrong Field at Owyb Stadium was covered today in a pre-season game as a mud battle between Southern Methodist University's Mustangs and the Cadets of Texas A. and M. when the Southwest conference's only undefeated contestants bang Saturday.

Coaches and fans found the outlook much better physically following the 21 to 13 triumph over the University of Texas than it has been after any game this season. There were not any serious injuries against the Longhorns despite the fact that the game saw more vicious blocks and tackles on both sides than other tilts this year.

Although Junior Letterman Roland Goss will not be available for action against the high-riding Aggies, many believe will decide the contest, Junior from Hillsboro, referee title, Coach Matty Bell's strongest department may well be the end play. Against Texas, E. L. Keeton, Junior from Hillsboro, played All-American ball. Gus Tunnell, Kelly Simpson, Bob Maddox, and Bob Collins were close behind Keeton. It was the aggressive end play which forced Texas runners, especially Jack Crain, to do most of their running from sidelines to sidelines and not in the direction of the Mustang goal.

Reports of past games indicate that Saturday's classic will be a wide open passing duel—the same type game which brought the conference into its own national ranking. The Mustangs' best offense to date has been passing. Halfbacks Johnnie Clement and Ray Malloff alternating with the duties.

## Andrews Gridsters Ride High Despite Handicap

ANDREWS, Nov. 6 (SP)—When Bob Anthony called the boys out for football practice at Andrews high school eleven showed up. Well, that was enough to play a game wasn't it. You see, Anthony had long been accustomed to iron man feats in sports.

## Rice Carries S'West Hopes Against Ark.

HOUSTON, Nov. 6—Steamed up over their almost starting comeback in a single campaign under Jess Neely, the Rice Institute Owls carry their Southwest conference hopes into the Ozarks Saturday for a test against the unfigurable Arkansas Razorbacks.

With the Arkansas game, Rice starts into its bang-bang-bang of conference competition, meeting the Razorbacks, the awesome Aggies, T.C.U., Baylor and S.M.U. on successive Saturdays. The Owls weren't figured much shakes in the race at the start of the campaign, but now, after a 13-0 victory over Texas, they have to be counted in. Texas beat Arkansas, 21-0, but Coach Neely isn't letting comparisons fool him.

The same Arkansas team that lost to Texas, 0-21, bounced back the following weekend to shatter the University of Mississippi, previously unbeaten and untied. The Razorbacks won 21-20, on two last quarter touchdowns.

Rice and Arkansas played a 12-12 tie here last year, which, with one victory, formed the only bright spots in Rice's season.

That game, in which Kay Eakin of Arkansas dueling with Ollie Cordeiro and Joe Price of Rice, held to the pattern of Rice-Arkansas clashes. Almost always they are thrillers, for instance: Who can forget that 25-20 win Rice scored in 1937, when Ernie Linn and Cordeiro transformed almost certain defeat into victory in the last minute and a half? Or the 1928 game when Jake Schuehle kicked a long field goal to give the Owls a 3-0 nod?

Rice's stars, who have bobbed up in the closely-knit unit Neely has molded, will be trying to further their bids for all-conference notice. T. A. Weems, the willowy Rockdale sophomore who ran 56 and 41 yards against Texas, Fred (Moose) Hartman, tackle who has merited All-American notice; Bob Brumley, one of the hardest driving backs in the conference and a bright star of the Texas game; Captain Ken Whitlow, and aggressive Livy Bassett, guard from Brenham, already have caught the eyes of close observers.

## Columbia's Little Gives Warning About Wisconsin

NEW YORK, Nov. 6 (AP)—It isn't that Lou Little, Columbia coach, doesn't think highly of the Cornell team that beat his Lions, 27-0, but he wants his team to be prepared for Wisconsin this week. "You're in for a tougher afternoon this week, in all probability, than you had at Ithaca last Saturday," Little warned. He based his statement on the fact that Wisconsin is the heaviest team Columbia has encountered, and that it uses the Notre Dame style of attack, something the Lions haven't faced since 1933.

The children's bureau of the department of labor, which looks after juvenile welfare, was founded in 1912.

## Stanton Tries For District Draw Friday

Seagraves Is Between Buffs And Tie Rating With Seminole In Loop

STANTON, Nov. 6 (SP)—Stanton high school's Buffalo gridsters will move on Seagraves' Eagles Friday night at Seagraves. The contest has double importance for the Buffs. First, it will be the final engagement of the season end, second, a win would put the Buffs in line for a draw with Seminole for the district crown.

When he was at McMurry college, Abilene, the coach would put him with the ten worst players on the squad and he'd beat the first string. Anthony graduated from McMurry in 1937. The college has won only two games since. But, this story has to do with the Andrews high football team. That first game was against Eunice, N. M. Andrews won 9-0. Two days before the second game Bill Pinnell, regular end, was thrown by a horse and injured so badly he couldn't play.

But by that time a few new boys had come out for the team so E. W. Williamson, a 135-pounder, was called upon. Williamson had never played before but he delivered in a big way.

Andrews won 27-0. At the present time there are 15 out for the squad but only one of them can be used as a substitute without loss of strength to the starting eleven.

But lack of reserves hasn't been much of a handicap. The team is undefeated and until last week had not been scored on. There are 56 boys in the school but most of them are in the band that plays the music that puts the pep into the football men.

The team hasn't had to walk off the field because of lack of substitutes but in the game with Lorraine, which ended in a scoreless tie, it was necessary to switch a guard to center when the regular pivot man was knocked out.

Resourceful? Well, here's an example. Last week against Stanton, a minute and thirty seconds to play, Andrews was trailing 7-8. So the boys went into a huddle, made up a new pass play and it worked for a touchdown.

Star of the team is Joe Dillard, a punter who sends the ball 50 and 60 yards, is a dangerous runner, a fine pass receiver, a fair blocker, a star place-kicker and the defensive power of the backfield.

Says Eugene Little, editor of the school paper: "We think our success is due to the fact that all our boys are living a clean life. You don't see them around the pool halls, smoking cigarettes or on the streets late at night. As a matter of fact, they all work at something."

Quite a bunch of fellows. New York's Museum of Modern Art recently received 3,000 miles of film from a newswear concern, covering the 20 years from 1910 to 1930.

PRESTON JOHNSTON, the triple-threat Southern Methodist back who turned in a record punt of 92 yards against Pittsburgh, is one of the few dozen grid stars still contending for all-America team positions.

## Greenberg Is Chosen Ball's Most Valuable

Bob Feller Named For Second Place By Baseball Writers

CHICAGO, Nov. 6 (AP)—It was a happy day for all concerned when the Detroit master minds finally decided to shift Hank Greenberg, with his consent, from first base to the outfield.

Big Henry said the move suited him if it would help the team, and it did help the Tigers emerge as a surprise American league slugger without hurting the Tiger slugger at all.

Greenberg's splendid year at the plate and acceptable work in the outfield moved the Baseball Writers Association of America to vote him the "most valuable player" of the year, the same honor he received in 1935.

Hank blasted 41 home runs and knocked in 150 runs, leading the league in both respects, his late season slugging winning many important games for the club in the feverish pennant battle.

Bob Feller's 27 mound victories for Cleveland brought him second place with 222 points. Greenberg got 292 points. Joe DiMaggio of New York, the 1939 winner, dropped to third with 151 points, Buck Newsom, Detroit pitcher, and Lou Boudreau, Cleveland shortstop, ranked next in order with 120 and 119 points. Jimmy Foxx, Boston, only three-time winner of the "most valuable" designation, ranked sixth with 110 points.

## Tech-Gent Tilt Packs Wallop

LUBBOCK, Nov. 6 (SP)—Monday will be Armistice Day but there will be little time for peace at the Texas Tech stadium because the undefeated Red Raiders and Centenary college Gentlemen are going to war. Centenary, with an in and out team, has pointed to this single game since the season started. It doesn't matter how many games the Gentlemen lose or win, if they can beat the Red Raiders it will be a successful campaign.

The Raiders, rolling with one of the nation's most versatile attacks, are favored to trounce the Gentlemen, but the Raiders know they always have a battle on hand when they stack their chips against the Louisiana crowd.

However, the Raiders will make a supreme bid for the game. They have all their touchdown artists in fine physical condition. Such scoring leaders as E. J. McKnight, senior right end, "Thayne" Red Ammonet, sophomore left halfback; Charlie Dvoracek, junior fullback; Robert Duncan, junior left end; Roger Smith, sophomore triple-threat left halfback, and Clarence Tillery, junior right end, are ready to dig for pay-dirt against the Gentlemen.

In six games this season the Red Raiders have scored 24 touchdowns, 13 conversions and made one safety for a total of 159 against their opponents' 72 points. Fifteen members of the Tech team have scored one or more points this season and twelve of them have scored one or more touchdowns.

Monday afternoon's Centenary game will be the first of three in eleven days for the Red Raiders. They play the famous Wake Forest Deacons here Saturday afternoon, Nov. 16, in Tech's annual homecoming and then will invade St. Louis for a game there Nov. 21.

The Raiders can get over these three games in eleven days they will be headed for a New Year's Bowl game according to critics.

## CINCINNATI REDS BREAK RECORDS IN '40 SEASON

CINCINNATI, Nov. 6—By winning 41 of their 100 victories during the National league season by the margin of one run, the Cincinnati Reds broke the all-time record of 37, set by the world champion Chicago Cubs of 1907 and un-equaled down the decades until McKechnie's machine moved the peg four notches ahead en route to their National league pennant.

Reams written about the Reds at world series time portrayed "a new-style championship team; superior defense headed by great pitching, plus punch in the pinch." Their record-making in the one-run-win department links them with the club rated as the all-time greatest "inside-baseball" machine in diamond history, the "Pinker-to-Evers-to-Chance" combination whose 1907 world series victim, incidentally, was also Detroit—the old Tigers commanded by Jennings and starting Cobb.

From start to finish, the 1940 Reds played their "new-style" game right to the hilt. Great defense, punch in pinch. The Pittsburgh Pirates out-scored them by 104 runs. The St. Louis Cardinals totalled 49 runs more than Cincinnati. Three clubs hit more homers and made more hits. The Red Birds stole more bases. But the Reds led all rivals in total defense—pitching and fielding. On top of their renowned 1939 Deringer-Walters "one-two punch," they worked in a reverse play, a

## Same Thing True Before '39's Draw

WOODROW ADAMS, Midland, is one of the main cogs in the revitalized T. C. U. line, which came to life Saturday to hold the Baylor Bears to a scant 75 yards net gain from rushing.

There is a strong similarity between this year's Big Spring-San Angelo high schools' football contest next Monday, November 11, and the one last year on the same date.

On that occasion the Big Spring Steers were considered favorites before the game and were conceded to have lived up to expectations for all but two minutes of the battle after the final whistle blew. In those two minutes San Angelo's Bobcats racked up two touchdowns and an extra point to make the show wind up in a deadlock, 13 to 13.

Last year the Steers had the powerhouse, Lefty Bethell, to rack up consistent gains against the opposition. In the 1939 engagement with the boys from the Concho country, Bethell piled up 115 yards in 17 plunges with the ball to give the visiting Herd a distinct advantage over their hosts, San Angelo.

This year the similarity is borne out even in respect to individuals. Pete Prasley, stocky chunk of dynamite, is very likely to make the afternoon rather unpleasant for the Bobcats with his twisting, sliding and suddenly crashing style of running. A big forward defense in the Bobcat lineup might possibly find it beyond its power to put a fair manner with which to stop Prasley's charges, much in Bethell piled through for his gains.

One difference in the games will be that Big Spring will be playing on its home field, although from past records that is not always such a top-heavy advantage when Bobcat meets Longhorn. Oddly enough, Big Spring has made its best showing away from the home precinct this year, having sent Midland to the bottom on the Midlanders' own field to move into the top position now held in the district.

The matter of preparedness seems to be something of a toss-up. There is reported to be an air of gloom in Harry Taylor's Felice camp, but that can be discounted when the Big Spring-San Angelo brawl gets underway. It will be a case of who can outlast, outdrive and outblast the other Monday afternoon, according to the past standings.

The Magnificent Marshall has on his side (1) the leagues' most successful passer, and punter - in Sammy Baugh, (2) the leading scorer and one of the fastest runners and best ground-gainers in Dick Todd (3) the highest scoring club and (4) the club that has gained the most ground.

Three years ago the Redskins won the championship with a double-barreled attack that featured Sammy the slinger and Cliff Battles the runner. When foes came in close to halt Battles, Sammy passed 'em dizzy. When they drifted back to batter Sam's tosses, Cliff ran wild.

That is the sort of attack the Redskins fling this year. Sammy was a sensation as a freshman and set a loop passing record - this season he is even better. Battles is gone but Washington has a flock of puzzling runners, topped by Todd.

As a freshman Sammy completed 81 passes. This season he has hit his target with 61 already with several games yet to go. His .693 average is the only mark in the league better than .600. And Sammy's accuracy is also shown by his having had only four of 88 tosses intercepted.

## PURDUE IS DROPPING GAMES BY SECONDS

LAFAYETTE, Ind., Nov. 6 (AP)—Twenty-five seconds represent the difference between a perfect record in Big Ten games and Purdue's two defeats in three conference games. The Boiler-makers were beaten in the last 19 seconds by Ohio State when Charley Maag kicked a field goal, and were by Wisconsin in the last six seconds after outplaying the zedgers. In their other Big Ten game they routed Iowa.

## Football Business Only Is Marquette's Object

MILWAUKEE, Nov. 6 (AP)—Only three members of the Marquette squad, which plays Manhattan at New York Saturday, have seen the big town, and none has been there since he was in knee pants. Nevertheless, Coach Paddy Driscoll says: "This is no rubberneck trip. Our boys will see plenty of sights when Manhattan goes into action."

## Mentors To Lead Teams On Gridiron

Oklahoma City U And St. Mary's Coaches To Be In Huddle

OKLAHOMA CITY, Nov. 6 (AP)—Maybe you don't know Coach Ossie Doenges but you will, for he's about to go down in gridiron annals as the originator of 13-man—or there's the coach there in the huddle—football.

Yes, come Saturday at San Antonio, Tex., Coach Ossie of the Oklahoma City University Goldbugs and Coach Moss Simms of St. Mary's colorful Rattlers will hop from the bench and—unabashed—call signals in the huddle.

You might know old Moss would be in for something like that, for Moss would rather get some honest free advertising for his football team than win a game—well almost—any day.

"Sure, we'll do it," bellowed Moss from the other end of the telephone. "It sounds like a swell stunt."

Doenges will admit that all this rumpus about coaches wig-wagging rumpus about coaches wig-wagging the idea. But after all, when 11 men can't win a game all season, why maybe an extra might help.

Earlier this season, Doenges said he had a perfectly good football team—the Goldbugs had only lost two or three games at the time—but they always called the right plays at the wrong time, or vice versa.

Still, the rules were pretty strict about the coaches getting off the bench. But why wouldn't it be all right to get the other coach to agree. There wouldn't be any unfair advantage then, would there?

Doenges absolutely denied he planned to put any body blocks on old Moss, or make any shoe string tactics.

We'll step into the huddle, step back out after the boys get the signal, and we won't be eligible for passes, or even fumbles, Ossie explained. The coaches can't play.

Which probably is just as well for Ossie, who no longer is the bundle oficeps he was in his playing days. St. Mary's has won six games so far and a scoreless tie would look like a thumping victory to Ossie.

## H-SU Meets Loyola Fri.

ABILENE, Nov. 6—The Baptist Cowboys of Hardin-Simmons, on the dwindling roster of the nation's undefeated and untied eleven, and winners of their last nine starts, prepared today to tackle three ranking Catholic eleven, on successive weekends. All are inter-sectional games.

Coach Frank Kimbrough's Ranchers tackle Loyola's Lions in Los Angeles, on Friday, will meet Catholic University's Cardinals in Washington, D. C., on November 16, and then hurry home to entertain the University of San Francisco Donors at homecoming in Abilene, on November 23.

The Loyola and Catholic games call for the two long hops of the Hardin-Simmons season in consecutive weeks, and the Ranchers will travel 7000 miles in ten days. The west coast trip will be followed by three days in the home corral before the Cowhands jump to Washington.

Coach Kimbrough's eleven, undefeated since an upset loss to Loyola a year ago, will pay their fourth annual visit to Los Angeles. The Ranchers won in 1937, 7 to 0, and in 1938, 19 to 0, from an underdog's role. Last year, Loyola was doped to lose, but copped, 6 to 0.

The meeting will be the first for H-SU and Coach Dutch Bergman's Catholic Cardinals, undefeated this fall except for an opening loss to Detroit U. The Cardinals visit the Southwest to play Tulsa U. on Saturday.

Enrollment in colleges and universities in the United States this fall was about 4 per cent less than in 1939.

Texas Crude Output Pared 120,000 Bbls.

AUSTIN, Nov. 6. (Sp.)—Mounting tension over increasing oil stocks eased off somewhat today in the wake of a production slash of more than 120,000 barrels daily in Texas, biggest producer among the states.

Action of the Texas railroad commission in restoring nine production shutdown days in November for all except three dozen fields and marginal wells resulted in curtailing the state's output to an estimated 50,000 barrels daily under the U. S. bureau of mines demand forecast of 1,291,000.

The total cut practically nullified an estimated 125,000-barrel daily excess yield over the nation. Other states' yield, with the possible exception of California's, were close to or below the federal bureau's marketing estimates.

Crude oil stocks, at last reports, stood at nearly 230,000,000 barrels or almost 15 per cent higher than last year at this time. Gasoline stocks were approximately 73,000,000 barrels, or more than eight per cent, over those of a comparable period in 1939.

The Texas commission order slashing the production resulted in curtailing the state's output to an estimated 50,000 barrels daily under the U. S. bureau of mines demand forecast of 1,291,000.

Numerous operators had requested and were permitted to skip the non-production days on proof of a firm demand for the crude existed.

More than half a million visitors entered Yosemite National park in the 12 months ending Sept. 22, establishing an all-time attendance record.

Texas Republican Wins Gotham Seat

NEW YORK, Nov. 6. (Sp.)—A country lawyer from Texas, a republican from that iron-bound democratic state, has been elected representative from another democratic stronghold—the 15th congressional district in New York's lower East Side—sometimes called the "gas house district."

He is William T. Pfeiffer, 51-year-old lawyer from Amarillo, Tex., who came to New York only 21 months ago to specialize in oil and gas litigation. This will be his first public office—and was his first candidacy.

Pfeiffer defeated Rep. James Fay, ardent new dealer who went to the house two years ago after beating John J. O'Connor, long-time congressman, in the democratic primary. The vote was 21,009 to 20,642. O'Connor was the only democratic congressman of those opposed by the Roosevelt administration in 1938 to be defeated.

Statements made from time to time put the number of unemployed people in United States at about ten millions. Some say more, some say less. At any rate, it is certain that there are several millions who do not have steady employment.

Make Volunteering Attractive

It would seem that enough men would be in this unemployed number to be glad of the opportunity of going into training where they would be fed and clothed and receive at least a fair amount of money—three desirable things they lack in some respect at present.

Duke Passer Loses Record Of No Hurls Intercepted DURHAM, N. C., Nov. 6 (AP)—Wes McAfee no longer has his perfect record of never having a pass intercepted, but Duke football fans say he ought to be credited with a record anyway. When Steve Laeh jumped for a pass in the Georgia Tech game last Saturday and deflected it into the hands of Johnny Bosch, Tech halfback, it was the first interception of a McAfee pass in three years.

Overturns, Loses Purse And \$360 Lee E. King of San Antonio had a real story of misfortune to tell Wednesday.

He has injuries, has a demolished car, and is missing a purse containing \$360.

King was en route to the Grand Canyon when, Sunday, his car got out of control 12 miles north of the city and overturned. He returned to a hotel here, called a physician, and learned he had some broken ribs.

The injury kept him confined until Wednesday, when he was able to report the loss of his purse. It contained practically all the money he has, and he is hoping that he will find some trace of it.

King was accompanied by his 15-year-old son, Richard, who was uninjured in the mishap.

Dance To Be Given Monday To Finance Trip For Choate An Armistice dance, all proceeds of which will go toward financing a trip to the Mayo clinic at Rochester, Minn., for George Choate, has been announced for next Monday evening.

Choate, popular member of the city's younger set, has been totally disabled since last Christmas, when he was severely injured in an automobile mishap in New Mexico. Friends are cooperating to raise as much as possible to finance the trip. The dance will be at the Settles hotel, which is furnishing the ballroom free of charge, and Gerald Liberty's orchestra will play at no cost.

Efforts are being made to get a large attendance.

W. B. Shattuck is the third person in two days to report loss of goods from his car. The automobile was rifled by thieves while it was parked near a theatre Monday night.

It looked like a fire for awhile at Graves Grocery, 2nd and Gregg, Monday evening, but Officer Alfred Moody spotted the cause of smoke, an overheated electric motor.

Paving on 15th street between Gregg and Lancaster has been completed, Wednesday WPA workers will return to their jobs and will begin preparing base on the east-west runway at the airport, and will continue installing curb and gutter on Gregg street.

Big Spring's new family population was boosted by one yesterday with the arrival of Hope Clark from San Angelo. Clark, a Ford service manager for the past 17 years, has been placed in complete charge of that department at Big Spring Motor company.

Operation of the schoolboy patrol around Big Spring public schools has been delayed until Nov. 12 in order to give the boys further training and to give the city time to mark walkways on streets. L. P. McCasland, state highway patrolman, has been working with school officials in training the youngsters.

Current tax collections for the Big Spring Independent School district showed a very pronounced gain during October, first month they were payable. The collection figure stood at \$49,753.79, a gain of \$3,195.98 over the same period last year, said Edmund Notestine, school business manager.

Doyce Piper has returned to El Paso from a visit home in Big Spring. Piper is in the cavalry stationed at Fort Bliss. His parents, Mr. and Mrs. A. E. True, live five miles west of town.

Now he can keep his car. Albert Darby was telling late yesterday of seeing a car bearing a banner which read "This Is My Car." Unable to get the full meaning of such a banner, he walked nearer to the car, and under that bold line in smaller letters was, "Hoover promised it to me, Roosevelt helped me get it—don't let Willie take it away from me."

U. S. Foreign Policy To Go Unchanged

WASHINGTON, Nov. 6 (AP)—The great tide of votes for President Roosevelt was interpreted today as insuring uninterrupted continuation of an American foreign policy predicated on all aid "short of war" for Britain, and a firm stand against the policies and acts of aggressor nations.

The diplomatic consensus, too, was that it would add momentum to the Pan-American program to strengthen the defenses of the western hemisphere. Most observers took it as a foregone conclusion that Cordell Hull, co-author and spokesman of the administration's international policy, would remain as secretary of state in the new administration.

Since the foreign policies advocated by Wendell Willkie, the republican candidate closely paralleled the basic foreign policies of the Roosevelt administration, the expectation also was that—with the election past history—the national ranks would close up again, with democrats and republicans presenting a common front in American relations with the rest of the world.

The European war and its ramifications, particularly those which might touch American interests in the western hemisphere, already have created a distinct "coolness" in relations between the United States and the axis powers. The attitude adopted by the American government in sympathizing with, and assisting, Great Britain, has been resented in both Berlin and Rome.

The United States has exchanged 50 destroyers (urgently needed by Britain) for naval base sites on British possessions in this hemisphere; and daily has been increasing both the manufacture and shipments of goods and war supplies of all kinds for England.

Numerous other political, economic and financial questions involving American relations with Britain, Germany, Italy, and nations defeated in Nazi blitzkrieg, complicated the foreign policy picture.

Two questions of direct interest to the United States remained unsettled as the votes were counted. They involved American protests against Italian bombing of American owned oil property in Saudi Arabia, and a bombing in the Sudan in which an American missionary was killed.

With the spread of the war into the eastern Mediterranean the United States must take further measures to insure the protection of Americans in Greece, the Balkans, and other countries in that area. Application of neutrality act provisions to embattled Greece likewise is pending.

The axis success in Europe has caused officials of the United States and the other American republics to fear extension of the war to the western hemisphere. To guard against that, the United States has signed a joint defense pact with Canada and likewise has entered into negotiations with Central and South American republics which may lead to similar defensive agreements.

The major questions in foreign affairs in the Far East facing President Roosevelt and Secretary Hull spring from developments resulting from Japan's "new order in Asia" policy.

In an attempt to stop Japan's actions, the United States has already imposed an embargo on scrap iron, and "moral" embargoes on shipments of war materials and supplies to Japan.

two-price system in marketing agricultural products and a full parity price for that portion domestically consumed, extending to agriculture the same protection and benefits that manufacture has received through the administration of the tariff laws.

"With the republican commitments it should be easy for the next congress to supplant the present fallacious Triple A with a sound agricultural measure which would benefit each and every group of American citizens as much as it does the farmer himself, and in the passage of such, I pledge President Roosevelt and the administration my full support."

Guard Unit Assured If 105 Enlist

Definite establishment of a national guard unit in Big Spring was announced Wednesday by Dr. Tom B. Clay, captain in the guard.

However, keeping of the unit depends upon the enlistment of 105 men in this area within the next two weeks, Dr. Clay pointed out.

"Here is our chance to get a national guard unit," he said. "If we get the men, we can keep the unit. If not, then we probably have lost our opportunity to ever get a company stationed here."

The urgent need is young men to enlist in the company, he pointed out. Those between 18 and 25 may be taken, and the year of training they will put in at Camp Bowie near Brownwood will be credited to them in the selective service set-up. In addition, they have the assurance of training with a company of "home" men, he added.

After the period of training is over, said Dr. Clay, it is highly probable that an armory costing around \$35,000 would be erected here and an annual payroll of \$16,000 to \$20,000 maintained for the company thereafter. All this, he reminded, would be dependent upon enlistment of 105 men from this area.

Those interested were asked to inquire at the chamber of commerce, at Dr. Clay's quarters, or of M. Carnahan.

Election

(Continued From Page 1) ers but among his opponents, too.

As a result he is in excellent position to help members of congress shape republican policy in the four years to come, during which period he will be his party's titular leader.

Although it was a campaign of many issues, two in particular were emphasized by the speeches of both candidates. Willkie charged that the president was leading the nation to war. This Mr. Roosevelt denied. The president assured the nation over and over that peace was his only aim.

Willkie contended that the election of the president for a third term, together with a concentration of power in Washington might result in a dictatorship. Mr. Roosevelt said that the "storm" now raging over the world was the true reason why he was running for a third term, and that after the next four years the nation would have another president.

In great states and small, from New Hampshire to California, the citizens who exercised democracy's right of franchise yesterday seemingly rejected the republican candidacy of Wendell L. Willkie by an overwhelming electoral majority and returned the new deal to Washington with possibly greater power than heretofore.

The tide of ballots ran heavily in Mr. Roosevelt's favor almost from the first—ballots he had asked as a "vote of confidence" in his administration, born in the domestic crisis year of 1933 and now given another four-year tenure in the international crisis year of 1940.

Yet the margins in some states continued close for many hours after returns started pouring in and Willkie had not conceded defeat early today.

Indications were that the total vote broke all previous records despite unfavorable weather in some sections of the country.

Congress

(Continued From Page 1) The senate whip, appeared in trouble. He was trailing Raymond E. Willis, republican, in Illinois the incumbent democrat, Stattery, was only slightly ahead of C. Wayland Brooks, republican.

The chairman of the republican senatorial campaign committee Townsend of Delaware, was lagging behind James M. Tunnell, a democrat.

There was the chance of a turnover in North Dakota where William Lemke, republican house member running for the senate as an independent, led a three-cornered race for seat now held by Senator Frazier, republican defeated in the primary.

The fate of two incumbent republicans, Vandenberg of Michigan and Thomas of Idaho, appeared to hinge on the result of late vote tabulations. Vandenberg led his democratic opponent, Frank Fitzgerald, by 138,000 but many boxes were missing. Thomas had an advantage of less than 6,000 over Glen Taylor, democrat.

The senate's only progressive, La Follette of Wisconsin, son of "Old Bob," was in a nip and tuck race with Fred Clausen, republican, with James E. Finnegan, democrat, running a poor third.

Among republican house winners were the incumbent James W. Wadsworth, former republican senator from New York, and Kenneth Simpson, New York county party chairman and Willkie campaign aide. The latter succeeded to the seat of Bruce Barton, defeated by Mead for the senate, in New York City's 17th—"Silk Stocking"—district.

A democratic loser in the house was Joseph W. Byrns, Jr., Tennessee, son of a former speaker. He was unseated by J. Percy Priest, Nashville newspaperman and an independent democrat who had stressed Byrns' vote to defer conscription.

PITMAN REELECTED

Selby leaped from the scout car, commanded Boyd to halt, then fired once and the painter fell. He died instantly.

Police records showed that Boyd was sentenced to 30 days in jail last January on a charge of lewd conduct with a 19-year-old girl. He was arrested again on a similar charge on another girl's complaint but was not sentenced.

Today's trap was arranged, Selby said, after Jones notified police that Boyd stopped his daughter on two occasions last week and gave her candy bars.
