## TEE PEE WELL EXTENDS DEEP PAY TERRITORY

Langford No. 1, Near Frankell, May Be Good Producer; Deepen Townsite Well.

The deep sand from the Stewart pool northeast of Frankell has been brought closer to the town of Frankell by the bringing in of the Texas Pacific's Langford No. 1, two miles southeast of town, at a depth of 3,640 feet. The well, which is reported to be making approximately 200 barrels, is being drilled deeper with the expectation of getting a larger producer.

The well is located between the Stewart pool and the Texas Pacific's Adams No. 2, but on a line farther north, thus bringing the deep sand nearer to Frankell. The well brings the deep sand into an entirely new territory and is expected to result in the drilling of a number of other wells in the vicinity. The Adams well, which is several miles southwest of Frankell, was brought in over a year ago and has been consistently making around fifty barrels a day as a pumper ever since from a depth of 3,740. The greater depth of the sand in the Adams well is thought to be due somewhat to the elevations.

### Drilling West of Caddo.

A location has been made by the Texas Pacific on the A. S. Veale lease, four miles northwest of Caddo and drilling is to start there as soon as the rig is completed. The Prairie company and the Atlantic company have three or four wells each in the same territory making several hundred barrels. One of the wells, drilled jointly by the Prairie company and the Texas Pacific company, was brought in from 3,200 feet with a 300-barrel production.

The Bobo well, just off the Caddo road near the Texas Pacific camp, is being drilled deeper into the sand. Company officials feel that the well, which produced seven barrels for a while before going dry, has never been drilled into the lime.

He returned from Mexico early today and made this statement after a long conference with Governor Neff. ## Gasoline and Bank Checks to Be Taxed to Pay Soldiers' Bonus

These, With Sales Taxes, Will Raise \$1,600,000,000 in Thirty Months.

**WASHINGTON, Jan. 20.**—Raising of \$1,600,000,000 in extra taxes in a period of thirty months has been determined on by the administration leaders as a means of paying the soldier bonus before British debt bonds become available for the purpose.

Taxes on gasoline, bank checks, automobiles, increased postage and a sales tax on 100 selected articles, are to provide the money, according to present plans.

This plan has been worked out in recent conferences between President Harding and Senate leaders.

Meantime every effort is to be centered on getting the foreign debt refunding bill through. Leaders realize that no matter how strong the demand for the bonus is for some 4,000,000 former service men, there are millions of others whom it will hurt.

The sooner, therefore, that the funds for the bonus can be obtained from European debtors, the better it will be, both economically and politically, party leaders hold.

## COLORADO MAN WILL BE NEXT POSTAL CHIEF

The second refinery, which was begun recently, will cost about \$250,000 and will have a capacity of 30,000. Both refineries are on the Newell lease.

## PERSHING WARNS AGAINST ARMY CUT

**WASHINGTON, Jan. 20.**—A warning against America "allowing the arms conference and pacifist talk" to sway the country to too large a reduction in its land forces was sounded by General John J. Pershing today. Appearing before the house military affairs committee, Pershing declared:

"If America is wise, she will keep an army of 150,000 trained fighting men and 14,000 officers."

## COAL MINERS' STRIKE LOOMS AS BATTLE TO DECIDE LABOR'S FUTURE

**WASHINGTON, Jan. 20.**—One of the greatest industrial battles in the nation's history looms up in the threatened nationwide coal strike, scheduled for April 1, government officials admitted today.

Entering into it, in all probability, will be the questions of wage reduction, the open shop, wage fixing by national agreement, working conditions, coal prices, and other kindred problems. The success or failure of the strike will be a mark for all industrial conditions in the country within the next few years.

That the strike will come now seems certain, according to Secretary of Commerce Hoover and other officials. Their prediction is based on these circumstances:

**Show-Down Wanted.** Coal operators apparently desire a "show-down" with the unions, and have shown a disinclination to enter a general conference with the miners to discuss new wage agreements for the coal fields.

They are demanding a 20 per cent reduction in wages.

The miners are standing firm against any wage reduction and are insisting on a national wage agreement, while the operators apparently desire to break up the power of the United Mine Workers by seeking only local and state wage agreements.

The attitude of the administration, for the present at least, is that the mine situation in the nation is in a chaotic condition, and a strike cannot be averted. The sooner it comes and the quicker the issue is settled, the better it will be for the country, officials hold.

## TWO NEGROES HUNG AS 'EXAMPLE' MAN EXECUTED UNDER SHELL FIRE

**WASHINGTON, Jan. 20.**—New charges of illegal hangings in the A. E. F. were made before the senate investigating committee today.

A story of two negro soldiers being hanged without a fair trial, on the word of an "outcast French woman" was told by L. C. Mason, of Davenport, Iowa, ex-doughboy.

The hangings, Mason said, occurred in the American camp at Montoir, near St. Nazaire, France.

**Complains of Attack.** The witness said that the woman had complained to American officers that the United States soldiers had attacked her, and she was taken to the camp to pick out the men.

"She went to the white camp first, picked no one out, and then to the negro camp, there she quickly pointed out two men," Mason said.

"In a few days the men were hanged. If she was attacked by negroes, why did she first go to the white camp?"

An order was read from the scaffold, saying the negroes were executed after a court martial had found them guilty, but in my opinion, they were hanged simply as an object lesson to other troops. No one in the neighborhood except the court martial ever took the word of that French woman. She was notorious."

The hearings were adjourned until next Wednesday.

## HENRY'S JOHN HENRY WILL COMPLETE DEAL FOR MUSCLE SHOALS

**WASHINGTON, Jan. 20.**—The contract between the government and Henry Ford for Ford's offer for the Muscle Shoals, Ala., power and nitrate plant, has been completed and will be sent to Ford for signature late today, Secretary of War Weeks announced.

**Receiver for Ranchman.** FORT WORTH, Jan. 20.—Receivers were appointed by Federal Judge Meek in Dallas yesterday for Frank Corn, West Texas ranchman, whose indebtedness now falling due is \$1,750,000, according to the application given the court. His ranches are in Crosby and Garza counties, and the worth of them, with their cattle, is estimated at \$2,000,000.

Depressed financial conditions are given as the cause of the application, and the ranches are expected to pay out.

## LIVING COSTS STILL UP FIFTY PER CENT

**WASHINGTON, Jan. 20.**—The cost of living is still approximately 70 per cent higher than in 1914, despite a drop of about 70 per cent during the last eighteen months, figures for twenty-one representative cities made public today by the labor department, reveal.

Furniture and house furnishings are showing the greatest resistance to depression; the increase over 1914 still being from 109 to 149.9 per cent.

Houses, clothing, fuel and light are dropping very slowly.

## FEDERAL DIST. ATTY. SMITH'S RESIGNATION IS ACCEPTED

**DENTON, Texas, Jan. 20.**—The resignation of Federal District Attorney Smith has been accepted by the attorney general, Smith stated here today. His tenure of office will expire with the present term of court.

**AUSTIN, Jan. 20.**—The first official act of Dr. Florence today in assuming his duties as state health officer was to ask for the resignations of every employe of the department. He said this does not necessarily mean that present employes are to be discharged, but that he "wanted to do the hiring" for the department.

## NEWS STORY RECOVERS STOLEN FUR COAT; MAN ADMITS THEFT

The fur coat of Miss Helen Gholson, stolen Tuesday night when one of the offices in the Gholson hotel was burglarized, was recovered late last night when an occupant of a local rooming house reported the whereabouts of the coat at the hotel desk, after reading the short account of the theft in the Times yesterday afternoon. The coat, wrapped in a bundle, had been left with him by an acquaintance, the man stated, and explained that he had no intimation that the coat had been stolen until he read the account of the theft in the paper.

**Two Arrested.** Several hours later W. C. Rennoe, electrician, of Graham, and a woman companion were arrested by the police in their rooms at the Gholson hotel and are said to have confessed to the burglary. Charges of burglary and theft were filed against the man this morning and he was held to the grand jury by Justice of the Peace McFatter, after waiving preliminary examination. The woman, it is understood, will be used for a witness, or she may be indicted for her part in the theft, if the grand jury sees fit. The police state that they had suspected Rennoe of the theft since Thursday, when it was learned that he had returned hurriedly to Graham on Wednesday morning. Arrangements were being made to send officers to Graham after him, it is stated, when it was learned that he

returned to Ranger yesterday afternoon.

When arrested in their rooms by Chief Davenport, Assistant Chief Reynolds and Patrolmen Daniels and Ingram, the man and woman are said to have readily confessed to their respective parts in the burglary, each seeking to shield the other. Rennoe the police say, declared that he and his companion were seated in the hotel lobby talking when the owner of the coat entered the office of her father, to leave her wraps.

**Open Rear Window.** Rennoe said that he had induced the woman to help him steal the coat and that they had left the hotel and walked around to the rear of the building where, Rennoe states, he tried to open the window, but failed. Later another attempt was made by the pair, the police say, and Rennoe after cutting the screen over the window succeeded in pushing back the lock. He then entered the office and tossed the coat outside to his waiting companion.

Rennoe's confession states that he abused the friendship of the man who returned the coat, by leaving the stolen property in his charge with the explanation that it belonged to his wife. The electrician gave his age as 30 and said that before coming to Graham about a year ago that he had lived in South Bend, Ind. The woman, who has been here several weeks, claimed Chicago as her home.

## GIRL WITH LONE DIME DROWNS SELF IN CHICAGO 'Y. W.' BATHTUB

**CHICAGO, Jan. 20.**—A coroner's inquest over the body of Miss "S" was held today.

The body of the girl, found drowned in a bathtub at the Y. W. C. A., will probably be kept in the morgue for some time, in an effort to discover her identity.

The only mark on the girl's effects was the letter "S" initialed on a handkerchief. The body was discovered by a maid yesterday. Miss Theresa Chow, director of the residence home, stated she had never seen the girl before.

It was believed the girl committed suicide after futile attempts to obtain work. A dime was found in her sweater pocket.

Addresses and names of two business men were also found in her clothing. Both stated they had interviewed her when she sought work.

## Chamber of Commerce Should Take Out Dance Insurance to Protect Their Concert

## JACK FROST NIPS POLL TAX PAYMENTS

The cold wave yesterday brought a slump in the poll tax receipts, only twenty being issued at the office of the deputy collector at the Chamber of Commerce. The total number issued now stands at 519 and the number of exemption certificates at forty-three.

Only eleven more days remain in which to pay these taxes, the time limit expiring at midnight, Jan. 31.

## OKLAHOMA CITY MARTIAL LAW UNDER ADVISEMENT

**OKLAHOMA CITY, Okla., Jan. 20.**—For the second time within the last ten days, Governor Robertson today took under advisement a request that packing town be placed under martial law on account of clashes between striking packing house employes and strikebreakers.

The governor indicated he would investigate the matter thoroughly before acting.

The request, in the form of a resolution, was adopted at a mass meeting in the Chamber of Commerce here yesterday, and delivered to the governor shortly before noon today.

## ACCUSED PROSECUTOR HAS HEARING TODAY

## DEATH'S SHADOW HOVERING OVER POPE BENEDICT

Last Sacrament Administered After Sudden Change for Worse This Morning.

**STILL CONSCIOUS.** ROME, Jan. 20.—The condition of Pope Benedict remains stationary, it was stated at the Vatican late this afternoon. Camphor injections are being frequently resorted to.

His holiness recognizes those around him.

At 6 p. m. the pope was still showing resistance against the progress of his malady.

**ROME, Jan. 20.**—Pope Benedict's life hangs in the balance today and fears were expressed at the Vatican at noon that his holiness was in a dying condition.

During the early hours of this morning, towards 4 o'clock there was a sudden change for the worse, and the bronchial affection from which he had been suffering for several days spread to his lungs.

The pontiff asked for and received the last sacrament, insisting upon this, "if only to give a good example," he said, despite attempts by his attendants to dissuade him.

**Oxygen Administered.** The pope's physicians were in consultation at the Vatican in an early hour and the morning bulletin issued afterward indicated an extremely serious condition. At 11 o'clock in the forenoon, the pope's condition became aggravated, and the administration of oxygen was begun. At 11:30 o'clock the Eucharist was solemnly carried to him. Meanwhile prayer was being said in all the churches and Catholic institutions of Rome in behalf of his holiness, and great crowds began to assemble in St. Peter's, to await news from the Vatican.

The bronchial inflammation with which Pope Benedict suffered yesterday, extended to his lungs and heart. Early today his holiness weakened, after his condition had remained stationary throughout the night.

## WACO SHERIFF INDICTED FOR LORENA DEATH

**WACO, Jan. 20.**—Sheriff Bob Buchanan of Waco was indicted Thursday afternoon by the McLennan county grand jury, charged with unlawfully killing Louis Crow, prominent Waco business man. The latter died on Oct. 5 as a result of a stab wound received at Lorena, thirteen miles south of Waco on the night of Oct. 1, when Sheriff Buchanan attempted to stop a Ku Klux parade at that place.

This was the second time the Lorena affair had been investigated, the September grand jury last year being reconvened a week after Mr. Crow's death. No indictments were returned by that body.

While the Lorena parade was in progress a number of men were shot and stabbed, one of those wounded being Sheriff Buchanan, who was shot twice. He resumed a part of his official duties some time ago.

Relatives and friends of Mr. Crow claim that he was one of the spectators at Lorena on the night of the tragedy. By agreement this afternoon with County Attorney Frank B. Tiley the bond of Sheriff Buchanan to await the result of his trial was fixed at \$5,000.

**Sensations Expected.** The indictment of Sheriff Buchanan on a charge of murder, in connection with the death of Louis Crow, prominent laundryman of Waco, as the result of a knife wound inflicted at Lorena on the night of Oct. 1, 1921, when the sheriff tried to stop the Ku Klux Klan parade, and Buchanan's announcement as a candidate for reelection to the office of sheriff, is the signal for what promises to be one of the most sensational trials and hardest campaigns ever witnessed in this county.

His opponent is Leslie Stegall, now constable of this precinct.

No action has been taken in proceeding against Buchanan on the indictment, but he has retained counsel, and will make bond of \$5,000 when set for trial to answer.

# SENSE OF HUMOR IN CHILDHOOD VARIES WITH AGE

### London Psychology Expert Explains Cause of Juvenile Laughter.

People troubled with nerves will perhaps say that children need no encouragement to laughter, but the matter is important enough to be analyzed and reported for the august British association, says the Literary Digest. One of the addresses at the recent session of this body, held in Edinburgh, was taken up with a consideration of the sense of humor in school children. Dr. C. W. Kimmins of London told the psychology section what he had found out, beginning with children of 5, who evinced an extraordinary interest in Charlie Chaplin.

The reason for it, he thinks, is because "there is not only continual movement and change of action, but also that Charlie is breaking all the conventions and doing the very things that children are forbidden to do."

We read: "As to the chief causes of laughter, experts are not in agreement. Bergson maintains that the comic is that side of a person which reveals his likeness to a thing and conveys the impression of pure mechanism. The corrective is laughter. Absentmindedness he describes as one of the great watershed of laughter, and says it is the part of laughter to reprove absentmindedness.

**Man Always Seeking Pleasure.**

"Freud in his 'Wit and the Unconscious' has elaborated the idea of pleasure being derived from the economy of psychic expenditure. Word pleasure and pleasure in nonsense, Freud says, are a relief from critical reasoning. Man is an untiring pleasure seeker.

"Under the influence of alcohol a man becomes a child again, and is freed from logical inhibitions. Boris Sidis holds that laughter never comes from economy, but from superabundance of energy. Laughter, says another authority, binds us to the childhood of the race.

"There is no difference of opinion as to the great physiological value of laughter. In an analysis of the results he has obtained, Dr. Kimmins says that cases of puns perpetrated by children under 7 years of age are very rare, while many of the reported stories are due to misunderstanding of the words used. As an illustration, he quotes the classic instance reported by Sir Joshua Fitch, who asked some small children to write the Lord's prayer, and afterwards came across such mistakes as 'Harold by Thy name' and 'Lead us not into Thames station.'

**At 10, Like Comic Papers.**

"The records of children of 9 years of age show a very great change. Boys and girls at this period are particularly interested in funny stories and jokes; riddles and play upon words maintain their position at that age, but the popularity of the misfortunes of others as a source of merriment is ceasing to exist and soon disappears entirely.

"At 10 years of age children are very keen on books of jokes and comic papers. The affairs of the classroom are found to afford suitable material for the gratification of the sense of humor and the lecturer quotes a case in which the teacher wrote on the blackboard: 'Don't throw matches about; remember the Fire of London, to which was added by a boy, 'Don't spit; remember the Flood.'

The period between 11 and 12 years of age, we are told, "appears to mark quite clearly the parting of the ways, and a sense of humor seems to disappear entirely." Something rather alarming takes its place:

**Smart Retorts Appeal at 12.**

"The funny story is of a far more personal nature, the element of superiority runs riot and children delight in extravagant stories of stupidity concerned with adults rather than themselves. Stories involving a smart but often rude retort appeal at this age, and to illustrate his point Dr. Kimmins mentions the teacher who told a stupid boy that when Lloyd George was his age he was top of his school, to which the boy replied that when Lloyd George was the teacher's age he was prime minister.

"In the period from 14 to 15 years of age it is more difficult to generalize. There appears to be, however, very clear evidence that the revival of humor at 13 in the case of girls and 14 in the case of boys is well maintained.

"In the selection of funny stories by the children a much larger percentage comes from the works of well known writers; W. W. Jacobs and Ian Hay's stories are popular, and of individual stories 'Three Men in a Boat,' 'Daddy Longlegs,' 'Mrs. Wiggs of the Cabbage Patch,' 'The Young Visitors,' 'Tom Sawyer' and 'Alice in Wonderland' are much quoted.

"The cultured home, says the lecturer, has a great influence on the choice and variety of stories, whereas the very poor child relies on the school and the comic papers for his selections."

The annual migration of spiders during the recent autumn months has resulted in airplanes, which crossed the channel between France and England, arriving silvered from end to end with gossamer webs collected from the air.

## GENERAL MacARTHUR TO WED, IS REPORT

Mrs. W. Brooks Jr. is Brig. Gen. MacArthur's wife.

WASHINGTON.—The brief war department order granting permission to Brigadier-General Douglas MacArthur, superintendent of the military academy at West Point, to go abroad for two months has set in motion the rumor of a possible honeymoon trip. Statesbury of Philadelphia, by her first husband, the late Oliver Cromwell of New York and Washington. She divorced Walter Brooks of Baltimore, in France in 1919. She is a noted beauty. General MacArthur had a distinguished career in France, where he was known as a progressive commander, both in methods and achievements.

## SAYS FARMERS ARE BEING BLED BY LOAN SHARKS

By Associated Press. WASHINGTON, Jan. 20.—Determination to lay before the agricultural conference next week "the thoroughly selfish and grasping attitude of many companies of different sorts which loaned money on farm mortgages" was announced today by Secretary Wallace.

When the farmers are having to mortgage their lands to get necessary money for operations, Wallace said, it is discouraging to note that many companies and individuals who are in the business of making farm loans are taking advantage of the farmers' distress to extort mercilessly a rate of interest and terms of loan which cannot be justified.

## WOMAN'S DEATH AT 94 BREAKS FAMILY CIRCLE

By Associated Press. LOUISVILLE, Ky., Jan. 20.—A family of seven children, the oldest 94 and the youngest 72 years old, was broken by the first death of a member when "Aunt Jennie" Holbrook, the oldest one, died at her mountain home in Letcher county recently. She was a member of the Webb family, and was said to be a descendant of Daniel Boone, the Kentucky pioneer. Her three brothers are 92, 90 and 85 years old. The sisters are younger.

## TRIAL DOES NOT WORRY COMEDIAN AND WIFE

Roscoe ("Fatty") Arbuckle with his wife, known in theatrical circles as Minta Durfee, at their Los Angeles home, where the screen comedian rested prior to proceeding to San Francisco for his retrial on charges of manslaughter in connection with the death of Virginia Rappe, film star. The painter Arbuckle estate in Los Angeles has been a Mecca of sight-seers for some time.

## MEMORIES OF FATTY'S PARTY GROWS DIMMER

SAN FRANCISCO, Jan. 20.—Zey Prevon, show girl guest at the gay Arbuckle party, last Labor Day, following which Virginia Rappe died, was called to the stand Thursday afternoon to testify in the second trial of Roscoe "Fatty" Arbuckle for manslaughter.

Miss Prevon's memory had dimmed during the interval between the first and second trials.

She related the story of the party, described the pajama-clad host and told of the drinks served.

### Memory Is Dim.

She declared that she, too, had kicked on the door of 1219 as well as Mrs. Bamjina Maude Delmont, to force its opening.

Likewise she could not recall where Miss Rappe's hands were when she entered the room and found her upon a bed. Previously it had been testified Miss Rappe was holding her abdomen with her hands, indicating the pain was in that region.

Miss Prevon was suffering from a cold and many of her answers were in such a low tone that the court reporter had to read them for the benefit of the jury.

Josephine Keza, hotel chambermaid, gave her "keyhole" version of the party and the third witness-in-chief, O. E. Heinrich, finger print expert, who contends he found an impression of Arbuckle's hand superimposed over that of Miss Rappe on the door of room 1219.

Perhaps the most marked difference between the trial now in progress and the first one is the active part the rotund defendant is taking in the direction of his defense. Throughout the first trial until called as a witness, he sat listening intently but without special sign of unrest. In the present trial he follows the transcript of the previous trial and frequently whispers directions to his attorneys.

She had been dead but a few minutes when discovered. Mrs. Grant had been adjudged insane.

## OLD OKLAHOMA TOWN SUFFERS HEAVY FIRE LOSS

WILSON, Okla., Jan. 20.—The entire north side of the square at Orr, Okla., oldest inland town in this section of the state, fifteen miles south of here, was destroyed by fire this afternoon. Live coals blown from an ash heap, igniting rubbish beneath the store of Hodges & Walling, gained considerable headway before discovered. They spread rapidly, destroying the Masonic hall, Hodges & Walling, general merchandise, the post-office, a large warehouse, a grist mill, a blacksmith shop and several other smaller buildings. The estimated loss is \$50,000, insurance \$15,000.

Considerable anxiety was felt today in church circles, despite more favorable reports.

The cablegram, dated Dublin, reads: "Mr. Croker suffering from gallstones. Dr. Lennon, family physician, and Surgeon Sir Thomas Myles in attendance. Daughter, Florence, also with her father. Some improvement. No operation anticipated." Mr. Riehle said he had not made any inquiry concerning Mr. Croker's condition and was at a loss to explain the cablegram except on the theory that Mrs. Croker wished to have her husband's friends notified that he was again ill. Mr. Croker is 81 years old, and some of his friends here said they had understood the decision not to have an operation, mentioned in Mrs. Croker's cablegram, was caused by his age.

TWYMAN HELD BAILLESS FOR BOY'S MURDER

GATESVILLE, Jan. 20.—The grand jury of Coryell county, which has been investigating the death of Dell Thames at the state juvenile training school for delinquents on Sept. 25, 1921, at 5 o'clock Thursday afternoon returned an indictment against H. G. Twyman, former military instructor at the school, charging Twyman with murder in connection with the killing of the boy "by choking him to death with his hands." The criminal trial docket in the district court of Coryell county will be called Monday, Jan. 23, at which time some action will be taken in this case. District Attorney Edson refused to agree to bail for the defendant, and he was arrested by Sheriff Hollingsworth and placed in the county jail.

CONDEMNED MAN GIVEN 30 DAYS TO "PREPARE TO DIE"

NASHVILLE, Jan. 20.—Ashbury Fields, sentenced to die in the electric chair Thursday for murder, was given a thirty days' respite at the state penitentiary yesterday by Governor Taylor on his pleading that he was "not ready to die" and that he wanted the extra time in which to "prepare to meet his Maker." Fields was convicted of knocking a man in the head with a hammer and killing him after enticing him into a forest on the pretext of selling whiskey.

BEAUMONT LEGION POST SEEKS MISSING MEMBER

The whereabouts of Theodore Roosevelt Ingalls, 23, of Beaumont, is being sought by the Beaumont Post No. 33, American Legion. Ingalls, who is an oil driller by profession, and who served in the navy during the war, is said to have left Beaumont in July, 1921, for Hot Springs, Ark., to enter a hospital for an operation. He has not been heard from since. At the time of his departure from Beaumont, Ingalls is said to have had several hundred dollars on his person. The family of the missing man are anxious for his safety, it is stated.

Ingalls is described as 23 years of age, 5 feet 11 1/2 inches tall, dark hair and dark eyes with a large scar behind a disfigured left ear.

Hoot Gibson has another name of course—Ed Gibson. But no one has called him Ed for years. "Hoot" has stuck and "Hoot" he'll always be. This bright, new star of Universal western dramas was born in Tekamah, Neb. As a boy he was so fond of the saddle that his father once had to deprive him of his pony to get him to do work around the ranch. It was a hard life for Hoot when he had to give up his mount for a week and tread the rough ground on his own feet without a single chance to do those daredevil riding stunts for which, even as a boy, he had gained a reputation.

Later he joined Bud Atkin's circus and went to Australia. Then, in 1911, he went into motion pictures with Selig, Kalem and then Universal. After years of experience the best of his work can be seen in "The Fire Eater," the Universal special attraction at the Majestic today and Saturday. It is a forest ranger with smiling proclivities and intrepid spirit that he will be seen in this.

**AN INDEFENSIBLE TAX.**

The American public believes in  
 the justice of a soldiers' bonus. And  
 the Republican party, having its ear  
 to the ground, yields grudgingly. It  
 will pass the bonus bill, and by means  
 of irritating taxes will raise the  
 money with which to pay it.

All taxes are unpopular, to be  
 sure, but some are worse than others,  
 because they are just as unearned as  
 the house rakeoff in a poker game.

A sales tax may be defended. It  
 perhaps is a good economic principle.  
 But why a tax on bank checks? When  
 a man writes a check on a bank he  
 does not make any money by it. He  
 merely changes money from one pocket  
 to another. Why should he be taxed  
 for putting his money in safe keeping?  
 That is what such a tax amounts to.

A tax on amusements, beverages  
 and the like can be endured. Because  
 one who objects to them can do with-  
 out the expenditure. But a tax on the  
 privilege of putting money where it will  
 be safe is another thing entirely, and  
 the people should make a rumble that  
 will again cause the nation's alleged  
 statesmen to again apply the ear to the soil.

If their aim in advocating this tax  
 is to make the bonus unpopular with  
 the people, they certainly will suc-  
 ceed.

We often think, as we study the  
 legislation proposed by our great  
 leaders, that the smart thing for us  
 Republicans to do would be to leave  
 everything to natural law and take  
 our chances.—Ohio State Journal.

Having paid our income taxes and

**LAST MATCH SAVES SEVEN DEATHS AT SEA**

NEW YORK, Jan. 20.—Without  
 food and water for two days, and  
 during that time lashed to the cabin  
 hatch of their water-logged craft to  
 prevent them being washed over-  
 board by mountainous seas, Captain  
 V. M. Cole and seven members of  
 the crew of the American schooner  
 James M. W. Hall arrived here on  
 the steamship West Canon, which  
 rescued them 250 miles southeast of  
 Cape May, N. J.

Virtually abandoning hope of be-  
 ing picked up alive, the shipwrecked  
 crew used its last dry match Friday  
 night to set fire to a dishpan of  
 gasoline in a final attempt to make  
 known its plight.

The resultant flare was seen from  
 the West Canon, bound here from  
 Java, which immediately headed for  
 it and took off the men, who were  
 suffering from cold and hunger.

Captain Cole said he encountered  
 heavy gales and rough seas soon af-  
 ter leaving Charleston. They in-  
 creased in force and became so violent  
 on the 10th that the vessel

sprang a leak and began to fill with  
 water. All hands were put to work  
 at the pumps, but they could make  
 little headway because of the pound-  
 ing to which the craft was subjected.

Finally conditions became so  
 serious that the captain ordered all  
 men to lash themselves to the hatch  
 of the cabin, which was the only part  
 of the deck structure to remain  
 above the surface.

Except for brief intervals when a  
 man would risk the fury of the seas  
 to send up distress signals, they re-  
 mained that way for two days and  
 nights with nothing to eat or drink.

**DOG HILL PARAGRAPHS**

By GEORGE BINGHAM

The Postmaster says if anybody  
 wants to keep anything they have,  
 they must stay right on the job of  
 watching it at all times. Day be-  
 fore yesterday he stepped out of the  
 store a few minutes and when he  
 went back he found that the hogs  
 had gone in and eaten about a bushel  
 of sweet potatoes.

Columbus Allsop has secluded him-  
 self in his cellar for the past two  
 days. It is not believed that he is  
 doing something he ought not to, as  
 no smoke has been seen coming out  
 of there, and nobody can smell any-  
 thing at all suspicious.

Slim Pickens went hunting on last  
 Thursday, but did not cover much  
 territory, as every time he fired his  
 gun it kicked him back several steps.

**OKMULGEE POLICE CHIEF IS DEAD FROM GUN FIGHT WOUNDS**

OKMULGEE, Okla., Jan. 20.—  
 Homer Spaulding, chief of police,  
 died Thursday as a result of a bul-  
 let wound received Jan. 9 in a gun  
 fight between a party of officers and  
 six alleged bandits.

His death came while he was un-  
 dergoing an operation.

With Spaulding in the fight, which  
 occurred on a street here, were Of-  
 ficers M. L. Lairmore and M. E.  
 Spence. One of the alleged bandits,  
 identified as Jimmie Sexton of Tula-  
 sa, was killed, and Officer Lairmore  
 was slightly wounded. Two men,  
 who gave their names as Ed Lansing  
 and Frank Hadley, were captured.  
 They were later identified as ex-  
 convicts and have been indicted by  
 the grand jury on four counts aris-  
 ng from the shooting.

The fight occurred when the of-  
 ficers found the men working on a  
 stalled motor car and attempted to  
 question them.

**PIPE LINE RUNS**

WICHITA FALLS, Jan. 20.—Pro-  
 duction in the North and Central  
 Texas oil field remained fairly steady  
 during the past week, compared with  
 the week previous. The total daily  
 production for the district was 134-  
 300 barrels, only 700 barrels under  
 the previous week's figures of 135,000  
 barrels.

Burkburnett's loss of a little less  
 than 2,000 barrels is offset by a  
 similar gain in Stephens county, re-  
 versing last week's conditions, when  
 Stephens lost and Burkburnett gained.

The difference in runs is made up  
 in small drops from the various pools,  
 due in most instances to irregularity  
 of operation.

By pools, the daily average pro-  
 duction follows: Burkburnett, 37,100;  
 Electra, 11,690; Iowa Park, 2,890;  
 Archer county, 1,590; Petrolia, 260;  
 Young county, 9,200; Stephens county,  
 51,600; Ranger, 12,500; Strawn, 1,440;  
 Coleman county, 110; Desdemona, 5-  
 130; Moran, 260; Brown county, 500.

**SCHOOL CHILDREN TO BRUSH TEETH TO-MUSIC**

By International News Service  
 CHICAGO, Jan. 20.—Two hundred  
 school kiddies will give an exhibition  
 of toothbrush drill to the strains of  
 music at the annual clinic of the  
 Chicago Dental society, which opens  
 a three-day session beginning tomor-  
 row.

Children in all the public schools  
 of the city have been having tooth-  
 brush drill and they have become  
 proficient in the art. The music of  
 "Little Miss Muffett" is one of the  
 most popular with the children for  
 this purpose.

Another feature of the meeting  
 will be the showing by motion pic-  
 tures of the work done in caring for  
 children's teeth by the department of  
 health in Pennsylvania. This

demonstration will be given by Dr.  
 J. C. Hollister of Harrisburg, Pa.  
 Dr. C. Carol Smith of Peoria, Ill.,  
 will give a demonstration of methods  
 in interesting children in their teeth  
 by stories. He tells a story of "Tails

 age; "Jack and the Chew Fairy" for

ELKS' DANCE WAS JOYOUS AFFAIR FOR THOSE WHO BRAVED COLD

One of the most enlivening functions of the week was the dance given by the Elks at the Summer Garden last night. In spite of the intense cold outside, the Summer Garden was very warm, as fires had been going throughout the day. The ballroom's decorations were beautiful in their simplicity. Potted plants, cedars and other greenery effectively placed were pleasing to the eye and in harmony with the general color scheme. Music was furnished by the Mile III orchestra and it played right up to the high standard set by them during the series of dances they have played for this week. Dancing continued until long past midnight and such a good time was everyone having that the strains of "Home Sweet Home" came only too soon, ending as it did a most perfect dance. There have been more largely attended Elk dances given in Ranger, and it was only natural that the cold would keep some away, especially those who live far out or in adjoining towns, but it is a question in my mind, if there was ever a more delightful one. Perhaps its charm lay in the fact that the crowd was just large enough to avoid being crowded, or it may have been that all present were such very good friends, or the music may have been unusually good - at any rate it was something that is ever behind all functions sponsored by the Elks, that intangible thing called spirit, that promotes good cheer and happiness by all who come within its presence. Everybody had a good time. Everybody told their hosts so - so everybody was happy, as everybody should be when a dance comes to an end. Among those present were: Mr. and Mrs. S. B. Tunnell, Dr. and Mrs. C. C. Craig, Mr. and Mrs. Arthur Kinard, Dr. Carl Wilson, Mrs. H. B. Wilson, Mrs. W. T. Carter of Corsicana, Mr. and Mrs. Virgil Williams, Miss Arella Davenport, Mr. and Mrs. Abe Davis, Wilbourne Collier, Paul Teal, Miss Helen Gholson, Al Holloway, Harvey Holloway, Miss Marjorie Holloway, Wade Swift, Louis Ducker, Nate Davis, Aubrey Jameson, Miss Douschka Robb, Miss Mary Bonner Campbell, Mrs. R. B. Campbell, Jimmie Matthews, Miss Irene Wansley, Mr. and Mrs. W. R. Finerty, Mr. and Mrs. S. J. Marks, Mrs. Ella Agee, Mr. Hill, Miss Johnnie Schults, Mr. and Mrs. C. N. Ochiltree, Wofford Jones, Charles Wells, Misses Shoffstall, Miss Dora Wayne Cole, Mr. and Mrs. George Murphy, Mrs. Bob Harness, Miss Aylene Gholson, Mr. Rineaman, Mrs. Douglas, Mr. and Mrs. John Milford, Mr. Gray, Miss Mavis Douglas, Miss Norris, Miss Jack Henry, J. AS HUBBY EATS, LET WIFE TELL WITTY STORIES

CHICAGO, Jan. 20.-Wives should dress in their prettiest gowns and entertain their husbands with witty stories at meal time. Laughter and sparkling repartee should crowd out all unpleasant subjects at dinner. Such was the advice given to Chicago club women by Dr. Stella B. Vincent, who recently discussed "the psychology of food." Roses and pretty linens and costly silver on the table go a long way toward restoring the human element to meals, the speaker said. Feeding Not All. "Feeding the brute is not all there is to a good meal," she explained. "We have to counteract the commercialization in our eating. Something must be done to overcome the monotony of food that comes in packages and tin cans and glass jars. The sameness of the delicatessen, the one-armed beanery, the automat and cafeteria has taken all the joy out of eating, and it is the duty of wives to repair the damage." The speaker then delved into the effect of the sight of savory food. "Everything at meal time should be attractive," she continued. "If a child gets the idea that the raisins in his bun are bugs he will not eat raisins. The sight of food always is associated with its waste. While you are masticating your food and the salivary glands are active your stomach is releasing gastric juices getting ready to receive it. If you are angry or in sorrow you will not wish to eat. Your emotions have been too wrought up. If the food is not attractive to the eye the flow of gastric juice will be scanty."

WHALE CUT IN TWO BY ITALIAN STEAMER

NEW YORK, Jan. 20.-The Italian steamship Presidente Wilson is in port here with a victory over a huge whale encountered in midocean. For a time it seemed the ship would be the loser. Captain Ettore Zar admitted that for a few minutes he was much more alarmed for the safety of the ship than he dared let the passengers know. The ship struck the whale amidship and cut it in two. The force of the blow caused the Presidente Wilson to tremble and the engines were reversed. Captain Zar believed he had run onto a submerged wreck. Red streaks on the water notified him, however, that he had struck some monster and a moment later the two halves of the whale drifted by.

GIRL IS SOUGHT FOR SHORTAGE IN BANK

CHICAGO, Jan. 20.-Miss Laura Thomas, 22, employed by the Fullerton-Southport State Savings bank for two days as a receiving teller, is being sought here on a charge of embezzling \$900 of the bank's funds. According to the police, Miss Thomas came here a few months ago from Milwaukee and since was employed at a score of places. She lived in a fashionable apartment here, according to the police and gained such confidence at the bank that no bond was required when she was given a position.

QUINCY, Cal., Jan. 20.-Monte Berg, former bank president, charged with embezzling funds of the First National bank of Quincy, has pleaded guilty. He was sentenced to from one to ten years in San Quentin penitentiary. Berg was arrested at Terrell, Texas.

BRIDGE TOURNAMENT TOMORROW. Social interest for Saturday is centered around the bridge tournament to be given by the ladies of St. Rita's church tomorrow afternoon and evening on the mezzanine floor of the Gholson hotel. This promises to be quite a large affair as the sale of tickets has been very satisfactory. Bridge in the afternoon will be from 2 to 5 p. m. and in the evening from 8 to 11. All who attend this benefit bridge party may rest assured that nothing will be left undone to make it a most enjoyable affair.

MRS. TERRELL TO GIVE A RECITAL. Mrs. Sanford Terrell, accompanied by some of the musical talent of the city, will give a recital at the Baptist church next Thursday evening. A more detailed account will appear in Sunday's paper.

PRESIDENTS OF PARENT-TEACHERS' CLUBS TO MEET. Presidents of the various Parent-Teachers' associations of the city are urged to be present at a meeting at the Woman's Exchange Saturday afternoon at 3 o'clock, for the purpose of perfecting plans for the new nutrition clinic, which is to be opened in the public schools by the Red Cross, the Child Welfare club and the Parent-Teachers' association.

AMUSU CLUB MEETING. The Amusu club was very happily entertained by Mrs. Carroll Clarke Wednesday afternoon. Mrs. Josephine Endicott made high score, receiving as a prize a buffet set, and Mrs. T. B. Scott, who made low score, was awarded a handy piece of aluminum.

PHILADELPHIA, Jan. 20.-When four pretty and blushing show girls gently lifted their skirts and displayed four pairs of small dimpled knees, Dr. R. Tait McKenzie, head of the physical department of the University of Pennsylvania, surrendered. The exposition took place in his office and was a surprise planned to refute his recent lecture wherein he "knocked" the feminine knee. He confessed that he had been wrong. "Of course, I realize that chorus girls cannot hold a position in a first-class show if she has knock-knees," he added. "I said that managers had learned how to hide knock-knees by having girls stand with their feet apart."

A professor "knocking" the knees of artists, thus possibly cutting down salaries, led to an indignation meeting, and the four girls were selected to make the educator recant. They called at the university, and when the errand was explained, four skirts were lifted slowly and relentlessly, until four pairs of knees were in view. The committee said today that Dr. McKenzie blushed, then sought relief in technical formalae. "Both tibia and fibula in perfect condition," they declared he murmured. "The epimysium is a perfect statement of grace, the astragalus beyond improvement, the condyles of the femur all that could be desired." "Do they knock?" one of the committee demanded. "There is not a sign," Dr. McKenzie assured them.

TEN THOUSAND HOMELESS AFTER BIG MANILA FIRE

MANILA, Jan. 20.-Investigation by police and provisional authorities of the fire which swept the crowded Tondo quarter Tuesday afternoon and evening, today had not disclosed the origin of the blaze. Five thieves were caught looting and were arrested during the course of the fire. A police survey places the number of homeless at 10,000 and the number of homes burned at 1,059. The area covered twenty-five blocks and the homes were mostly of straw. Most of the homeless are sleeping in the open, although a few have found shelter in public buildings. The Red Cross is rendering effective aid in caring for the homeless.

COAL MINE STRIKE DECLARED IMMINENT

WASHINGTON, Jan. 20.-Secretary Hoover declared today the stage appears to be set for a general strike in the bituminous coal industry at the end of March, when existing wage contracts expire. Mr. Hoover said that the lack of progress made in negotiations looking toward averting a break between coal operators and miners indicated that the situation was moving toward a strike. Mr. Hoover indicated that negotiations carried on by administration officials with representatives of both sides of the coal industry had not produced any concrete results and the impression was given that further negotiations were not contemplated at present.

SMALL CHILDREN REPORTED DRIFTING TO SEA ON ICE BOSTON, Mass., Jan. 20.-Three small children were reported as drifting out to sea on an ice cake from the shore at Wood Island Park, East Boston, late Thursday. A police boat put out to their rescue. The children were playing on the cake of ice when it broke loose and drifted away.

CHARACTER OF DALLAS HUSBAND SLAYER IS ATTACKED IN COURT

DALLAS, Jan. 20.-The first of what the state declares will be a series of serious revelations in connection with the trial of Mrs. Georgia Pearl Smith, charged with murdering her husband, has been sprung. It was wrung from a defense witness, Mrs. Dan Smith, sister-in-law of the defendant. Mrs. Smith testified that the defendant was often so drunk that she inflicted injuries upon herself. This witness declared Mrs. Smith drank frequently, and that she was not certain the bruises found on her were made by the husband. Mrs. Smith has set up a plea of self-defense. The doctor who was called shortly after the shooting testified that Smith was shot in the back. The state today promised to put on more witnesses, though it rested Wednesday. It was said these witnesses would reveal some sensational occurrences in connection with the life of the defendant and the dead man. That Mrs. Georgia Smith visited places with other men was the substance of the testimony today of a police officer, William Ely. The officer said that in 1918 he accompanied Dr. Smith to a Dallas hotel and found Mrs. Smith in a room with a supposed army officer. Ely swore the alleged army officer said Mrs. Smith had been introduced to him as a single woman, and that Dr. Smith took his wife home, saying that he loved her and would forgive her. The crown of Hungary consists of two diadems, one dating back to 1000 and the other to 1072.

FOR MRS. LINDQUIST. Mrs. Saunders Gregg entertained with a bridge party Wednesday afternoon in honor of Mrs. A. E. Lindquist of Pittsburgh, Pa. A color scheme of blue and yellow was carried out in score cards, favors and prizes. Yellow jonquils and narcissus, the first-born flowers of the spring, suggested the coming season, and added a pleasing touch to the general decoration scheme. Jonquils were used as place favors at the various tables, and with score cards in blue further accentuated the color motif. There were seven tables at bridge, and Mrs. Lindquist, the honor guest, received a Venetian glass cornucopia in the blue and yellow, while Mrs. Arthur Kinard, who made high score, received the first prize, a compass very similar to the one given the honor guest. Mrs. E. J. Barnes received the consolation prize, a blue and gold perfume bottle. After the awarding of the prizes the hostess served a chicken salad course to the following guests: Mmes. WIFE NOT SATISFACTORY, HUBBY TAKES HER BACK

LONDON, Jan. 20.-The story of a man who sent his wife back to her mother, having married her "on probation," was told at Tottenham recently. A woman asked the magistrate what he could do for her daughter. The daughter, she said, was married six weeks ago and seemed quite happy with her husband. However, the man brought her back to her mother and said she could have her again. "She is not satisfactory," he said. "So I am returning her to the person from whom I obtained her." "But you can't do that," said the mother. "Oh, yes I can," the husband answered. "We were married at a register office, and I understood I was taking her on probation for six weeks." Magistrate - "Did you believe him?" The Woman - "Well, it struck me as being a bit unusual." The magistrate promised that further inquiries should be made.

8 OUT OF 10 ENGLISH GIRLS NOW RIDING SIDE-SADDLE LONDON, Jan. 20.-English girls are recovering from the masculinity forced on them by the war. The mannish woman was never very popular, and such compliments as that of a young man who told his good-looking tennis partner that she played "like a thwarted woman" did their work. Eight in ten women in recent days in Hyde Park are declared to have been riding side-saddle.

### South Texas Stick Breakers Stop I. & G. N. Trains to Buy Chewing Gum and Tobacco

HOUSTON, Jan. 20.—Passenger No. 15 on the I. & G. N. is not an "accommodation train," for Thornwell Fay, executive officer of the road here, indignantly denies it. But Mr. Fay admits ruefully that it is an "accommodating" train. The crew doesn't mind stopping and the officials don't mind it either, but people up along its route, southbound from Fort Worth to Houston, are abusing the good nature of No. 15, Mr. Fay asserts.

Last night a farmer flagged it with a burning newspaper at Dodds, a flag station fifty-two miles out of Houston, bought a 12c fare to the next station, bought a 5-cent package of gum from News Agent Redwine, got off at Fetzer and walked home. The gum was worth 17 cents and a two-mile walk, the customer told Redwine. Conductor Sam Meyers beats that story. He says a fellow flagged the train the other night, jumped on the

### SIMPSON-ALEXANDER STOCK RESOLD TWICE WITHIN FEW HOURS

The stock of the Simpson-Alexander Mercantile company changed hands twice yesterday afternoon following the receiver's auction sale, each time at a profit to the buyers. The stock of men's clothing and furnishings was bid in by Sanger Bros., of Dallas, for \$7,800 and resold by that firm to the Kelly Salvage company of Fort Worth at a profit and later resold by the latter firm to Ed Quicksilver of St. Louis, operating stores at Wichita Falls, Breckenridge and St. Louis, for \$9,000.

### THIS YOUNG FELLER NEEDS NO GUARDIAN

Mr. Phil Burt Cuney, 5, of Fort Worth, dropped off of the Sunshine Special here last night and surprised his grand parents, Judge and Mrs. E. A. Firman. Mr. Cuney was found in the act of chartering a service car to take him to the family home. He will remain in Ranger for several weeks looking over the local situation before returning to Fort Worth.

### LUNACY CHARGE FILED AGAINST GIRL SLAYER

DALLAS, Jan. 20.—Charges of lunacy were Thursday filed against Jeannine LaMoore, French girl, who is alleged to have slain a negro porter in the federal building last December. She has been indicted by the federal grand jury on a murder charge, but it was said this charge would probably be dismissed and the entire matter turned over to the state authorities.

### PENROSE LEFT LIQUOR SUPPLY WORTH \$250,000

PHILADELPHIA, Jan. 20.—Compelled by orders of his physician to lead an abstemious life, the late Senator Bois Penrose left one of the greatest stocks of vintage wines and rare liquors in this country. The contents of the subterranean caches of his home are valued at \$250,000, friends who have glimpsed

the wonders of the cellar said today. Long before the advent of the eighteenth amendment, Senator Penrose planned for the drought. He foresaw prohibition and warned his friends to prepare for it. Barrels of the finest whiskies, casks of rarest wines from Italy and liquors of unusual brands, and in ample quantities, were bought. He obtained them when the thirsty doubted if prohibition would come.

There was nothing showy about his cellar, but there were plenty of locks and keys. The senator held the keys and alone knew the combinations of the locks. Through the country Senator Penrose had a reputation of a liquor con-

noisseur. Intimates said today he drank little in his later life. Before his last illness, he took small quantities, and when convalescent, he was permitted three "drops" daily.

### SCARED BUCK JUMPS INTO MOVING WAGON

CANTERBURY, Conn., Jan. 20.—Tom Riley had the scare of his life when a buck driven by a dog jumped straight into the team wagon he was driving. The scared driver unhitched his frightened horses and left Mr. Buck in full control for nearly an hour, when it finally extricated itself and made a getaway.
