NORFOLK, Va., Jan. 28.—Heavy seas, whipped by a gale of high velocity and accompanied by snow jeopardized shipping all along the Virginia and North Carolina coast throughout today and tonight the storm continued unabated.

The Cape Henry weather bureau coorded the wind velocity there at lifty miles an hour. Only a few ships recorded the wind velocity there at fifty miles an hour. Only a few ships ventured out from this port.

Reports of distress signars came from all directions by wireless though no vessel was reported in a pre-

Two barges with eight men aboard from New York to Norfolk broke adrift from the tug Peerless north of Cape Charles. The tug reported by wireless that it was running before the sea and could not stop to search for its tow. Late tonight no reports had been received from one tug, the Cantonsville, but the steamer Mumabrow reported that it was standing by another tug, the W. R. McDonald, five miles southeast of cape Charles.

Although both barges were in forty miles of Mampton Roads no assistance could be sent out tonight, tug owners being unwilling to risk their craft in the rough sea.

SMALL TOWNS' \$100,000 RIVALRY STARTS BIG FOOTBALL SCANDAL

CHICAGO, Jan. 28.—The bitter rivalry between two small Illinois towns, which became so acute that approximately \$100,000 was spent on a football game, was the real cause of an athletic scandal which resulted in the disqualification last night of nine University of Illinois athletes and which threatens to reach into Notre Dame university.

A group of citizens of Carlinville, Ill., it was learned tonight, decided last fall to financially "clean out" the rival town of Taylorville, by obtaining ten college stars to play on their football team and with victory apparently assured to bet the limit on the annual contest between the two elevens. But Taylorville, by hiring nine college stars for its town team, not only upset the plot but won close to \$50,000 by covering every bet Carlinville made, thus beating the rival town at its own game.

Ten Notre Dame players were

In 1920 Carlinville won from Taylorville, 10 to 7, at Carlinville. Taylorville at that time loudly beasted that next year with their own team on its home grounds there would be a different result.

Several Carlinville people then conceived the "safe betting" idea of filling their lineup with college stars. Overtures were made to Notre Dame men, according to backers of the Carlinville team, and it was agreed to pay the men \$200 each, plus their expenses ,the total coming to \$2,700.

Consternation spread through Taylorville when it became known that the local team was to play against nationally known college players.

Then a few citizens decided to seek a little college aid them-

FANS WONDER WHETHER PIRATE STARS ARE TO GET GATE THIS YEAR

CHICAGO, Jan. 28.—Considerable curiosity has been expressed in professional baseball circles over the report that emanated recently from the office of Barney Dreyfuss, owner of the Pittsburgh club, to the leffect several of the 1921 Pirates would go on the auction block this year.

The world wants to know what Barney was trying to tell it about the players with whom he is willing to Special to the Times win the pennant, or does he suspect pionship race of Eastland county, was considering the offer.

McGraw always has had a bank roll and a generously minded club owner back of him, and when a tail-end team began to be pinched for money, with no chance to get it at the gate, the New York club has been able to buy needed material in exchange for the coin which the weak club owner needed. But in spite of the leverage of ready money, McGraw was denied the ambition of winning a world's pennant for many seasons, and not until this year was he able to get everythis year was he able to get every-thing he wanted when he wanted it, making 1921 a year long to be re-membered by the veteran leader of \$150,000 and \$200,000.

CHICAGO, Jan. 28. - "Freak" training stunts for the Cincinnati Reds will be barred and from the time the players don their uniforms at Mineral Wells, until the team leaves for the north, the athletes will be kept busy working into a perfect baseball machine, according to Manager Pat Moran.

"Let the Cubs go ahead with their mountain climbing and let Tris Speaker put his Indians through their cowboy stunts, but in the meantime watch out for the Reds, as their time will be devoted into building up a smooth working infield," Morar

The greater part of the training work has already been mapped out by Moran for the 1922 season. It will include more baseball and less aimless mechanical work than has been the case in previous years and according to indications will be the case with other clubs in the circuit

Although the players were given good salaries last year, the club is doing even better this year, according to President August Herrmann. Recent /increases, especially for the younger players who have made good with the club, it is predicted, will add to the eagerness of the players to do their best during the training season.

CLARA'S LITTLE FILM.

The Times has for the last several days reserved its opinion as to the Clara Smith Hamon film. It has not approved the mercenary motive which must be back of its production and exhibition, but on the other hand, it doubted if the demerits of the film itself were such that it could discussion would but fan the flames of argument, and that the quicker the issue died down the better, it said nothing.

He advised that the United States make this clear if it participates in the Genoa conference. The United States had made an enviable record in its diplomatic negotiations, he said, but added that economically the United States had not been so successful in its foreign relations, principally because of unsettled conditions in Europe.

He advised against further extensions of government credit to Europe or cancellation of loans to European countries. He said establishment of an international bank is not practicable, and the suggestion that American capital be invested in European industrial stocks is a matter of in-

SPRICE MA

Created in a joyous abandon of vibrant color and life

NLY the miracle of Spring could do such amazingly lovely things to the mode. Inspired by her magic alchemy a note of joyousness weaves its way like a thread of gold through all the enchanting new things to wear, now on display for Winterweary eyes. From piquant chapeaux to silken hose the new costume is keyed to the note of Spring.

The New Suit Says 'Inches' More or Less

"Inches" determine the verdict for or against the new Suit. Not indiscriminate inches but applied with the utmost discretion. A few added to the length of the skirt, a few sub-tracted from the length of the coat, such is the Spring decree.

But to atone for the harshness of that edict, sleeves create for them-selves such fashions as they will. Hinting of Moslem burnouse or Oriental robe, they flow gracefully from the shoulder to wrist, or fit snugly, mannish fashion, if they

"I have suffered with stomach trouble for more than two years and have not been able to work more than half the time. After taking one-half box of FERRASAL I am now able to do a day's work.

"I can heartily recommend this wonderful remedy to anyone suffering from stomach trouble." N. W. FUNDERBURG, Eastland, Texas.

Poor health, in addition to the misery it brings, may cost you a good job. If your food doesn't digest properly, if you feel bilious in the morning, don't wait until this condition results in kidney trouble or rheumatism. Buy a 50c box of FERRASAL from your druggist and relieve this condition at the source, the stomach. Mr. Funderburg is only one of the thousands we have benefited and enabled to work after a long lay-off. Benefit by his experience. If after taking one full box your general health is not improved and you are not satisfied with the results your druggist will refund your money.
