

Busy Week On Schedule For City Churches

Prominent Visitors In Two Pulpits; Baptist Meet Set

Today begins a busy week of religious activities in Big Spring. The Presbyterians and Episcopalians have prominent personalities in their pulpits during the day.

At 8 p. m. the Rev. Tom Galahar, Austin, state Presbyterian young people's director, will be special speaker at the First Presbyterian church, according to word from the pastor, the Rev. O. L. Savage.

The First Methodist church will hear the pastor, Dr. J. O. Haynes, speak on "Who is Your Master?" Sunday morning and the choir will be heard in an anthem, "The Lord is My Light."

Following an organ prelude and hymn, Frances Bigony will read "Bridges Builders." King J. Sides will lead the prayer and Robert Bankson, Myra Lee Bigony and Marjory Phillips will read the scriptures.

In a dramatic sequence, "Watchmen Tell Us of the Night," Wanda McQuinn and E. J. Keaton will be soloists. Judith Pickle will be the voice of the church, Mrs. Eb Hatch the hidden voice, Mrs. Mary Delbridge, the adults, Mrs. H. B. Matthews, the children, and Joyce Farin the young people.

At the church of the Nazarene, the Rev. Ernest E. Orton, pastor, will discuss the church manual Sunday morning and there will be special music by the women's trio. Sunday evening he speaks on "Devil's Bargain Counter," and Mrs. Orton will give special music.

Well over 200 laymen from Baptist district No. 8 are expected to participate in the overnight session for Brotherhoods at the city park. Speakers include R. A. Springer, Dallas, state Brotherhood president, Dr. McConell, editor of the Baptist Standard, and George Mason, head of the Baptist Foundation.

Possibly this week the First Baptist church will be faced with the responsibility of naming a sub-committee to recommend a successor for Dr. C. E. Lancaster, pastor, who submitted his resignation last week.

REVIEWING THE BIG SPRING WEEK BY JOE PICKLE

It's do or die for the Bombers here at 3 p. m. today against the rampaging Clovis Pioneers, and we have an idea it will be the same for fans when it comes to seeing the game, set for 3 p. m. at Roberts Field.

Germany Battle French Terrorists

VICHY, Unoccupied France, Sept. 13 (AP)—Gen. Ernst Von Schaumburg, German military commander of Paris, in a new effort to quell terrorist opposition in occupied France, announced today that unauthorized possessors of firearms would be liable to execution.

As terrorist activities continued in various parts of France, Gen. Von Schaumburg ordered also that penalties for illegal possession of "war material of any sort" be increased to make persons so accused subject to the death penalty.

The Paris radio reported tonight that "some 1,000" people were arrested at La Rochelle, in the occupied zone on the Bay of Biscay, yesterday in mass police raids on the town's cafes and restaurants.

In a new incident, Vichy sources reported a German non-commissioned officer was attacked by four young Frenchmen in a street behind the chamber of deputies last night.

In Montauban, in southern France, 17 communists were sent to concentration camps, while in the occupied territory five were arrested for distribution of leaflets at Besancon and 11 others there were sent into forced residence on the basis of past communist records.

Terrorists, the official French information office at Vichy stated today, failed in an attempt to blow up the local government offices at Limoges, capital of the Haute Vienne department.

At Perigeux, Marseille and Limoges, all in the unoccupied zone, police rounded up about 15 followers of the rightist leader Jacques Doriot on charges of unlawful assembly, it was reported here. Arms were reported discovered in the home of one of the local leaders of the group.

The information office said "communists are multiplying incidents all over the country."

Railway sabotage, the increasing number of personal assaults and agitation, show "the existence of a veritable communist plot, the danger of which must not be underestimated," the statement said.

Another U. S. Ship Damaged In Red Sea

Soviets Push Germans Back Along Center

WASHINGTON, Sept. 13 (AP)—The U. S. Arkansan, struck by shell or bomb fragments during an air raid on Suez, was added tonight to the growing list of American ships lost or damaged in the sea war, and at the captor there were reports that the administration might ask authority to arm merchant vessels.

A brief report to the state department from the legation at Cairo Sept. 12 told of the 6,697-ton Arkansan, engaged in trade between United States ports and the Red Sea, was hit and her plates pierced the night of September 11.

The communication said nothing of the extent of damage, or of casualties among her crew of 38—26 Americans, one British and one Dutch.

Presumably, however, the damage was small as a British communication spoke of the Arkansan's discharge cargo at the time of the raid.

The Arkansan, owned by the American-Hawaiian Steamship company of New York and San Francisco, sailed from New York July 19, reached Port Sudan on Sept. 5, and left for Suez, town at the Red Sea entrance to the canal, on Sept. 8.

While legation's communication spoke of the Arkansan's discharge cargo at the time of the raid, officials here said the official who sent the message was not a military man and concluded that the vessel might have been hit by fragments from a bomb, an anti-aircraft shell, an aerial torpedo, or from a shell fired by a cannon-carrying plane.

The department was seeking further information. Still another communication from Cairo advised the department that Joseph M. C. Suka, third officer of the American-owned S. R. Steel Seafarer, had made an affidavit that the plane which bombed and sank his ship in the Red Sea on Sept. 5 was "a Junkers 88 or, at any rate, a German plane."

Both the Arkansan and the Steel Seafarer presumably were carrying supplies for British forces in the middle east.

Incident piling on incident, many legislators felt that an armed bill was in the offing, and with it a prolonged congressional battle further embittering relations between supporters and opponents of the president's foreign policy.

In quarters usually well informed it was said that the administration was likely to present a proposal to arm merchant ships as a supplement to President Roosevelt's announcement that naval vessels would henceforth sink Axis submarines on sight in waters considered important to defense.

Mr. Roosevelt disclosed some time ago that the navy has plans, kept continuously up-to-date, for arming merchantmen, if such a step should become advisable.

British Convoy Reaches Port After Running Fight With Nazi Subs, Planes

Convoy Likely Not Same Mentioned In German Boasts

By the Associated Press

The broadening battle of the Atlantic, marked by a gripping account of how a British convoy ran the gauntlet of boats, bombers, surface raiders and gales, vied with Russian claims of great new victories over Germany last night for topmost interest in the war.

The German high command first announced the convoy raid Friday, claiming boats had sunk 22 and possibly 24 merchantmen out of a British convoy of 40 ships, as if in answer to President Roosevelt's shoot-on-sight orders against axis raiders.

Yesterday they raised their claim to 28 merchant ships and three warships.

The British admiralty countered with an account of how most of a convoy got through with loss of eight vessels after days of attack by submarines and bombers, a leaching by a great storm, and a narrow escape from a naval surface raider.

One of the attacking submarines was believed damaged by a warship in the convoy.

Qualified sources in London thought Berlin and the admiralty were talking about different convoys. The admiralty never speaks of convoys until days after their arrivals whereas the Germans reported their attack still continuing Friday.

LONDON, Sept. 13 (AP)—The admiralty said tonight that a large British Atlantic convoy has clashed with German submarines and four-engined bombers in a running battle which began in mid-ocean and continued for three days, the British losing eight ships and it was indicated, scores of lives.

The majority of the convoy has now arrived safely, the admiralty said, but it told a spectacular story of a bitter battle at sea in which the weather combined with German torpedoes and bombs to plague the long string of merchant vessels, a story of gallant rescues under fire of men whose lives were only to be lost a few hours later in subsequent attack.

Briefly it was a story of three ships being sunk by submarine torpedoes, four by bombs from the air, and an eighth, damaged under fire, going down in a gale.

The details were told by the admiralty in a circular of a type used only in extraordinary circumstances.

Storm On Gulf Nears Mainland

Bell Promises Good Phone Service Here

NEW ORLEANS, Sept. 13 (AP)—A tropical storm attended by winds of gale force was moving west or west-northwestward in the Gulf of Mexico tonight, the weather bureau said, and probably would strike the Texas coast some time tomorrow.

The weather bureau's night advisory said the tropical disturbance, which has skirted Louisiana's gulf coast for several days, was located about 80 miles south of Morgan City, La., moving at about 15 miles an hour, attended by shifting gales of 50 to 60 miles per hour at its center, and by 30 to 40-mile squalls north of its center.

The advisory cautioned persons in low, exposed reaches between Morgan City and Galveston, Tex., to seek safe locations from high tides expected to sweep in, and ordered northeast storm warnings hoisted west of Sabine, Tex., to Velasco, Tex., and southeast storm warnings continued from Mobile, Ala., to Carrabelle, Fla.

Fishermen and oil crews along the marshy southwest Louisiana coast were warned by radio and telegraph of the storm's approach.

Small boats tied up, and larger shipping in the Gulf of Mexico skirted the storm's path.

First of the season in the Gulf of Mexico, nearly 500 army and navy planes attached to the Third army began moving from Texas and Louisiana airports this afternoon to escape possible damage. Many divisions equipped with latest type arms and tanks were camped near Lake Charles.

Third army headquarters, however, reported that the more than 200,000 troops in the army would remain in the field and no postponement in launching the maneuvers with the Second army tomorrow at midnight was announced.

The Second army lies encamped about 100 miles to the north, also in an area that may be affected by squalls caused by the gale.

The situation was similar to that of August, 1940, when the last tropical storm hit Louisiana, and after edging westward from the mouth of the Mississippi river clear to Lake Charles struck northward with cloudbursts of rain which mired down 90,000 troops for several days. Extremely heavy floods followed along the coast.

Man Suffers Broken Leg When Hit By Car

Commercial Classes For Adults Planned

A man identified as Bob Blanton was taken to the Big Spring hospital shortly before midnight Saturday, suffering from a broken leg and possible head injuries after being struck by a car on the western outskirts of Big Spring.

M. D. Rose, Midland, driver of the car, told officers that Blanton apparently was walking along the highway when suddenly he loomed in the path of the car. He swerved to miss him but the pedestrian was sideswiped.

Impact of his head against the windshield inflicted severe cuts to Rose's ear and he was treated at Cowper Clinic. Juanita Crabtree and Wilma Farham, Midland, other occupants of the car, were uninjured. Blanton was removed to the hospital in an Eberley ambulance.

Classes in commercial subjects for adults will be organized soon, Mrs. W. O. Lowe, high school commercial instructor, announced Saturday.

All who are out-of-school age and who are interested in taking commercial subjects were asked to meet her in room 201 at the high school building at 7:30 p. m. Tuesday.

Subjects to be taught will be determined by the demand of those planning to enroll.

WEST TEXAS — Mostly cloudy with scattered thundershowers Sunday and Monday. Continued warm.

## Sonja Henie Heads Cast Of New Skating Musical Now At Ritz

### 'Sun Valley Serenade' Has Romance And Music

"Sun Valley Serenade," 20th Century-Fox's new entertainment inspiration starring Sonja Henie and John Payne and featuring the irresistible rhythms of Glenn Miller and his orchestra is the feature for today and Monday at the Ritz Theatre.

With most of the scenes set on the sunny, snowy slopes of the nation's glorious vacationland, "Sun Valley Serenade" is a gay, romantic musical with new skates and ski surprises.

Sonja is featured in two new skating ballets and several sking routines. She is again given the opportunity to show her mastery on ice which won her reknown as the world and Olympic Figure Skating champion.

The happy comedy starts when John Payne, piano player for Glenn Miller's band, finds that the "little" refugee he has offered to care for is really Sonja. He tries to duck out of the agreement, but Sonja keeps after him to his discomfort and to the annoyance of his fiancée, Lynn Bari.

This gay romance is helped to its unusual climax by the popular rhythms of America's number one band, Glenn Miller and his orchestra. In addition to playing seven new tunes by Mack Gordon and Harry Warren, Glenn and the boys handle acting roles. They also present their already famous arrangement of "In The Mood," which has sold over half a million records. This is the band's first feature picture appearance.

The new Gordon and Warren tunes, played in the inimitable Glenn Miller style, had previous audiences humming and whistling. Written especially for "Sun Valley Serenade," they are "I Know Why And So Do You," "At Last," "It Happened In Sun Valley," "Chattanooga Choo Choo," "The World Is Waiting To Waltz Again," "I'm Lena The Ballerina" and "The Kiss Polka."

"I'm Lena The Ballerina" serves as a novelty number for comedienne Joane Davis, who with Milton Berle provides the comedy in the film. "Chattanooga Choo Choo" is used by the Nicholas Brothers in their unusual style of dancing. Directed by H. Bruce Humberstone, "Sun Valley Serenade" was produced by Milton Sperling. Robert Ellis and Helen Logan wrote the screen play from a story by Art Arthur and Robert Harari. Hermes Pan staged the dances.

### Wasserman Tests Given 290 Persons In Lamesa Clinic

LAMESA, Sept. 13 (Sp1)—Dr. W. S. Humage, director of the Five County Health Unit, said this week that 290 Wasserman tests for syphilis have been made in the Lamesa office since the special venereal disease clinic was instituted by the unit on January 1, 1941. The health unit takes in the counties of Dawson, Gaines, Young, Lynn and Terry.

Seventy patients have been under treatment during this time, the physician said. None has been discharged since the minimum time allotted to completely effect a cure in syphilis is about 12 months. At present there are about 85 patients under active treatment.

Romancers—Sonja Henie and John Payne head the cast of "Sun Valley Serenade," a gay musical film which has a background of the popular vacation spot. Skating ballets and sking sequences add to the plot action, and there's music by Glenn Miller and his orchestra. The picture is at the Ritz today and Monday.

'Gentle People'—Ida Lupino and John Garfield are teaming today and Monday, "Out Of The Fog." Based on "The Gentle People," one of the fictional and dramatic successes of recent seasons, the story tells of elemental passion unleashed when gentle people are goaded too far. Thomas Mitchell, Eddie Albert, George Tobias and John Qualen are in the cast.

The club will meet on September 26th with Mr. and Mrs. J. R. Sale.

### Singin' Sam Gets A Fright From Big Audience

Singin' Sam's huge audience frightens him.

And that, paradoxically, probably is the chief reason the homespun Hoosier holds onto his growing radio audience through the years he do few other performers.

As Sam explains it: "If I was to think of eight million listeners to my songs and chatter, I'd be so scared I couldn't open my mouth."

Secret of Sam's radio appeal is that he is a troubadour, a true descendant of bards like Francois Villon, who brought song and cheer into the taverns and hearths of medieval France. Main difference is that those troubadours could only bring their gifts to a few persons, while Sam brings his to a daily audience that now numbers eight million, and is constantly growing.

Many of Sam's old radio friends write him that his 15-minute "Refreshment Time" programs "seem like a musical conversation between Sam and us." Nearly all agree that Sam, as no other radio performer, has a way of projecting his personality into a room that makes him seem like a member of the family.

Sam's man-to-man radio personality comes to him naturally, for he has lived most of his life among hill people, and was for many years a blackface minstrel man.

Sam talks folksy. He gets down to earth in his homely philosophical way and if he feels like saying "ain't" he says it. After all, "ain't" is a word coined by the people and Sam is successful because he talks to the people.

Instead of the formal salutation, he says, "Howdy folks, this is Singin' Sam, the Old Boy himself." And when referring to some 70-year-old listener who has written in requesting a certain song, Sam says, "Mr. Blank, who is 70 years young...."

In this respect Sam was indeed a pioneer of radio for hundreds of radio performers have imitated his informal manner of addressing the unseen audience.

More than half of the arable lands of Japan are devoted to rice production, the Department of Commerce says.

### 'Missing Persons' Program To Be On Texas Stations

Announcement was made in Houston this week that the Duncan Coffee company has decided to sponsor the Public Service feature "Missing Persons" on several radio stations.

Persons wishing to locate lost members of their families may use this program free of any cost. The lives of the Missing Persons are dramatized and furnish more exciting and unbelievable adventures than any possible fiction creation. Five times each week "Missing Persons" will make its humanitarian appeal in which the radio audience plays a very important part. Information concerning any of the persons being sought will be sent to Houston and then presented to the interested parties. Stories that defy the imagination are based on notarized incidents of trust and will be heard over many Texas stations each morning at 8:15 a. m. daily, Monday through Friday. Stations carrying the program include WFAA, Dallas; WBAP, Fort Worth, and WOAI, San Antonio.

### Farewell Party Honors Two Young Stanton Residents

# Many Farmers To Begin Cotton Picking During Coming Week

## County Gins Handle 400 Bales To Date

Howard county's big 1941 cotton crop will start moving to the gins in appreciable volume this week. An estimated 400 bales ran through gins throughout the county during the past week, but most farmers waited for the cotton to open sufficiently to make gathering fast. A large number indicated Saturday that they intended to start picking in earnest Monday morning.

Whether or not there will be enough pickers when the harvest hits its peak was debated. Many farmers said their "regular" crews of Mexicans had indicated they would be on hand, but others felt that hands would be harder than usual to get.

Meantime, most farmers were working double-time to get in the maize crop. Hands for maize heading have been scarce, with \$2 per day and board being turned down by many.

Cheering news for the farmer but not so encouraging to ranchmen was the continued rise of cottonseed prices. Gins here were paying \$67 per ton for seed Saturday, which is undoubtedly the greatest price ever recorded. Even if pickers demand higher wages than expected, farmers believe they can pay for picking and ginning out of the seed in each bale.

Size of the cotton crop remained a subject for argument, too, with estimates ranging up to 40,000 bales. That optimistic estimate was given by County Agent O. P. Griffin, who based his figures on his official report to the agricultural marketing service.

He grades the crop as "100," meaning normal. With 60,000 acres of cotton in the county, an average yield of two-thirds bale to the acre would be necessary for a 40,000 crop, but many farmers expect a bale to the acre and few are expecting less than a half bale.

Griffin's report also grade grain sorghums and hay at "100," and pastures at 95. Recent rains have brought improvements to pastures, and Griffin says ranchmen are entering the winter with the best pastures in many years.

Cattle, he asserts, are in the best condition in the history of this country. Some yearling calves on pasture look almost sleek enough to pass as finished beef.

PAUL JEROME, topflight funmaker with the Ringling Bros. and Barnum & Bailey Circus, whose clever clown conceits and imitations have made millions laugh.

## Clowns Find Laugh Ideas In Crowds

There are few relationships so mutually beneficial as that between the circus clown and the circus crowd. The clown gives the crowd laughs, and the crowd in turn, unwittingly gives the clown new ideas that will provide future laughs for future crowds.

This is the unanimous contention of 100 funmakers with the Ringling Bros. and Barnum & Bailey Circus, coming to Big Spring Tuesday, Sept. 23, for a night performance.

The clowns study the audience closely. They notice when any unintentional bit of by-play brings a laugh, and that bit is immediately incorporated into their routine.

Mimicry, of course, is the most vital part of the clowning art. Things having to do with women's fashions often bring to the minds of the laugh producers ideas for skits or walk-around costumes.

A strange hat on the head of some feminine spectator, clothing of unusual style or pattern, or anything out of the ordinary in the crowd having the elements of humor, may be seized upon, amplified and made the theme of a new gag.

Clowning is one of the oldest forms of entertainment, yet its constantly changing pace makes it just as popular with the public today as it was 2,000 years ago.

With eight hundred world-renowned circus stars and a multitude of new and sensational features, The Big Show will present on its gigantic program "Old King Cole and Mother Goose," the most magnificent super-spectacle in amusement history.

This fabulous, fairyland fantasy was created by Norman Bel Geddes, internationally celebrated designer who has radically restyled the great new Ringling Bros. and Barnum & Bailey Circus of 1941.

Performance in the world's largest tent, now brilliant blue with red side walls and comfortably air conditioned, will begin at 8:15 p. m., with the doors open at 7 p. m., for the public inspection of the mammoth redesigned menagerie of more than a thousand rare animals, including Mr. and Mrs. Gargantua the Great, famous giant gorillas.

## Seven Of Ten Texans Favor Teaching Bible In Schools

By JOE BELDEN

Texas Surveys of Public Opinion AUSTIN, Sept. 13—The American form of government provides for free public education, at the same time separating church and state. Religious teaching thus has been divorced from the American public schools.

Spurred in part by the re-opening of schools this month, discussion has been arising here and there over the state on the question whether Bible should be taught in the Texas public schools.

It would seem proper, at a time when worship is being systematically banned by the totalitarians to test public attitude on the matter. Just what do all Texans think about adding the Bible as a text in our schools? The theory has long been that religious doctrines should not be mixed into a school system open to all regardless of belief.

But seven out of every ten persons with an opinion on the matter are in favor of teaching the Bible, Texas Surveys of Public Opinion discovered in a state-wide sampling covering people of all religious bodies in proper proportion.

At the same time, the survey reveals that at least half of the adults in Texas, as represented in the sampling, admit themselves that they go to church less often than their parents did.

These are the questions asked and the replies received, in percentages: "DO YOU BELIEVE COURSES IN BIBLE SHOULD BE TAUGHT

IN TEXAS PUBLIC SCHOOLS?"

Yes, said .....70%  
No, said .....30%  
(5 per cent, not included, had no opinion)

"DO YOU GO TO CHURCH MORE OR LESS OFTEN THAN YOUR PARENTS DID?"

More often .....25%  
Less often .....51%  
About the same .....24%

Most frequently advanced as a reason against adding Bible to geography, English, mathematics, etc. is that we already have churches to handle religious instruction, and that it might cause unpleasantness in schools attended also by non-Christians. "What Bible," asked an El Paso man, "protestant, Catholic, or Jewish?"

In some cities, Dallas for example, high schools give credit for Bible courses taught outside of the schools by different churches. Courses in Texas-supported colleges are handled the same way.

But the large majority of Texans advocate incorporating such study into the regular course list, mainly for these reasons:

"It is good literature and history—why not study it for that only?"

"If such teaching is kept non-sectarian and optional, it could be offered to all children as the greatest book of all time."

"Children will learn the Bible better if they study it daily, and the schools only can teach it daily."

Population of the Japanese Empire in 1940 was 105,266,101, the Department of Commerce says.

## Conservation Projects To Be Visited

Ranchmen and farmers have been invited to participate in a tour of inspection of soil conservation demonstrations in Howard county next Friday.

County Agent O. P. Griffin announced Saturday that J. D. Pruitt, district agent, M. R. Bentley, extension service farm engineer, and R. E. Lancaster, extension pasture specialist, would be on hand for the tour.

Those interested will meet at the county agent's office at 9 o'clock Friday morning, or may join the caravan at some point along the tour. During the morning the group will visit demonstration areas north of Coahoma and north of Big Spring.

In the afternoon, they will see examples of pasture contouring in the west part of the county. Two contour furrowed pastures on the

Wilkinson ranch will be viewed. One was contoured last winter and the other a year earlier. Also to be inspected are contour ridges made on the George White ranch four years ago. Lancaster is expected to demonstrate a spraying machine for killing mosquitoes with kerosene, which he says is more effective than any other yet used.

Accidents on American merchant ships have decreased during recent years, according to the Department of Commerce.

### Farm Loan Meet Set For Sept. 27

Date for the annual meeting of members of the Big Spring National Farm Loan association has been set for Sept. 27, W. S. Satterwhite, president, announced following a meeting of association directors in the NFIA office here.

The annual get-together this year is expected to be a large and important conference of land owners of the Big Spring territory. The meeting will be held at the Elus theatre, starting at 10 a. m. and program for the affair will be announced later, according to Ira Driver, secretary.

Committees in charge are planning to make this year's meeting one of the best in the history of the association which began making federal land bank loans in Howard and adjoining counties in 1917.

Driver heads the program committee and the board of directors, composed of Walter Robinson, H. G. Cross, M. M. Edwards, Satterwhite and C. E. Anderson, will serve as an attendance committee.

### Mitchell Cotton Crop Starts Moving

COLORADO CITY, Sept. 13 (Sp1) Cotton-estimating time in Mitchell county finds conservative predicting a harvest of between 20,000 and 25,000 bales, while the liberals claim to foresee a crop of over 30,000 bales.

The harvest has begun to move slowly in the county. A number of bales have been received at Westbrook gins. Buford had its first two bales this week. Colorado City received the county's first bale two weeks ago.

## News Notes From The Oil Field COMMUNITIES

Charley Coulson and Ira L. Watkins, ranching in Sterling and Glasscock counties, have sold their mutton lambs at 10 cents per pound.

Sheepmen will have a time finding bucks this season if they do not buy early. Many of the raisers of registered stock are in the areas infested by stomach worms and the sheep have not gotten over the disease, although many have been drenched three times.

C. L. West purchased 12 ram-boulet rams this week at \$20 each. Many are selling at \$25 and \$30. Northern breeders are shipping in a few, but native range raised are more in demand.

Mr. and Mrs. John Lane accompanied Joy to Abilene Sunday. Mr. and Mrs. R. E. Hargrove and Adelaide went to Stephenville Sunday. Adelaide will attend John Tarleton college.

Mr. and Mrs. J. W. Griffith accompanied Floyd to John Tarleton Sunday.

Mr. and Mrs. Dan F. Yarbro went to Whitney Saturday. Mr. Yarbro's mother, Mrs. J. Wells Yarbro, is critically ill there.

Harold Patterson left for Texas Tech Sunday.

Kenneth Butler will leave Monday for Alpine to enter Sul Ross. Mary Klair will enroll in Big Spring Business college Monday.

Ernest Clifton, C. L. Aquilla and Jim Earl West were business visitors in the Christoval country the first of the week.

Byrlene Cramer of Big Spring visited Wanza Nell Gladden Tuesday.

Doshia Clifton of Gouldbusk is the house guest of her brother, Ernest and Mrs. Clifton.

John Camp Adams, flying cadet, of Louisiana, has completed his

training there and arrived to spend 10 days with his parents, Mr. and Mrs. C. M. Adams, before going to Albuquerque, New Mexico.

Mr. and Mrs. D. Clifton were called to Coleman Friday because of the death of a relative.

Mr. and Mrs. J. E. Calcote and son went to Snyder Thursday because of the death of a brother-in-law.

Mrs. John Benton and Mr. and Mrs. Leroy Wood went to McCamsy and Ft. Stockton Thursday. Mrs. Benton's mother, Mrs. Annie Big-ham, returned home with them.

Mr. and Mrs. J. H. Cardwell and Mr. and Mrs. O. L. Bradham accompanied Gladys Cardwell and Edna Earl Bradham to Abilene Saturday.

Mr. and Mrs. Arnold Bradham visited the O. L. Bradhams and H. E. Butlers over the weekend.

Mr. and Mrs. J. E. Gardner and James went to Ft. Worth and Stephenville Friday. James to remain at John Tarleton.

### England Needs Warm Clothes For Winter

CONCORD, N. H., Sept. 13 (Sp1)—England needs warm clothing at once in anticipation of the winter.

Mrs. John G. Wimsant, wife of the ambassador to Great Britain, announced today.

Mrs. Wimsant expressed this view as she conferred with Mrs. Wales Latham of New York, who heads Bundles for Britain, Inc., and who sought from the ambassador's wife first-hand information on needs of the civilian population in England.

Mrs. Wimsant returned from London to see her two sons. She plans to return to England soon, probably early next week.

### Letter To Editor—Center Parking Is Assailed

"I, for one, have read your recent editorials about center parking on downtown streets in Big Spring, and am with you one hundred per cent in your effort to have the practice stopped."

"This center parking is the greatest detainer of traffic the city has ever had, and it is surprising to me that the Highway Commission has not already taken steps to change the highway from Third Street."

"It is only a question of time until some one will be killed or badly hurt by stepping out from behind a center parked car or truck in front of a moving vehicle. In the last thirty days I have almost run over three people who did this . . ."

Signed, J. E. Kuykendall.

### German Airlines In South America Are Mostly Eliminated

NEW YORK, Sept. 13 (Sp1)—Elimination of all but 70 miles of an 11,500-mile network of German-controlled airlines in South America's Pacific coast was reported today by Pan American-Grace Airways.

The line said it would serve Ecuador exclusively under new schedules, replacing routes operated by Sedta, German subsidiary. German service has been discontinued in Columbia, Peru, Chile and Bolivia, leaving only the 70-mile trans-Andean run across the narrow strip of Chile from Santiago to the Argentine border.

When the war started the 11,800 miles of German lines were scattered over the five nations. Pan American-Grace has now increased its pre-war total of 4,500 miles to 15,000.

### Martin Teachers Barbecue Guests

STANTON, Sept. 13 (Sp1)—R. F. White, ex-officio county superintendent, gave a barbecue at the city park Thursday night to honor teachers of Martin county.

There were 78 people present and all the active teachers in the county, except two, attended. The barbecue consisted of a beef and all the trimmings. Two prominent personages of the state were present: Dr. W. R. Irwin, president of the State Teachers association, also superintendent of the Lubbock schools, and Sam Lesfeste, president of the West Texas Teachers association, also of Lubbock and connected with the schools there. Dr. Irwin made a brief talk on the importance of the teachers' organization.

At the close of the program the teachers perfected an organization, a unit of the West Texas Teachers association by electing A. E. Dealy, of Flower Grove, president; Nolan J. Robnett of Courtney, vice president; Malin Alcorn of Courtney, secretary; Phillip White, of Lenora, treasurer.

### School Enrollment At Colorado Down

COLORADO CITY, Sept. 13 (Sp1) Schools of Colorado City got underway with their 1941-42 session this week, using the 12-grade system for the first time.

Initial enrollment was 21 less than that for last year, according to Supt. John E. Watson.

### Nazi Pilots Claim Merchantmen Sunk

### Soys Matty Bell— Injuries Can Mess Up Dope In S'west Loop

DALLAS, Sept. 13 (AP)—Big, jovial Matty Bell, who gets as much fun out of football as his Southern Methodist university Mustangs, made these pertinent observations today:

1. "I won't feel sorry for the University of Texas if it rains."
2. "This business of calling me 'Moanin' Matty' is a lot of hokey."

Bell, stung by the chances of his team in the Southwest conference gridiron scramble with quite a few notes of optimism to illustrate his point, had this to say about current talk that the favored Texas Longhorns would be pretty well lost in a sea of mud:

"I think Texas will get along as well as any of us on a muddy field. In the first place Texas has plenty of big men to put in the backfield if slippery turf slows down the speedsters."

"We have played in the mud quite a few times but did you hear me saying we were handicapped?"

Bell said the Longhorns did have the same worry all other schools had—that of possible loss of key men through injuries. "A few boys like Jack Crain and Pete Layden could go out and Texas would really suffer," Matty added.

Bell, after a week of work with his squad, was quite complimentary of Jim Wright, the sophomore being groomed to plug a big hole at center. The rest of the S. M. U. line is made up of veteran material.

Bell has lost two boys, E. L. Keeton, star pass-catching end, and Roger Hicks, giant tackle on the No. 2 team, to the military and he has another tackle, Lynn Bostick, letter man, out with an injured shoulder.

He praised the work of Johnston, the crashing fullback with the gilded kicking toe, and Horace Young, brilliant blocking back, and he commented that little Dickie Miller appeared ready for a fine year.

Matty observed that S. M. U. would be light as compared to other conference teams but that "it's always that way out here."

**Here's How It Happened—** Bowland Hinn, bookkeeper in the First National Bank of Stamford demonstrates to T. A. Upshaw, bank president, how a robbery took place in the bank Friday. Hinn is standing on the ledge where the bandit leaped after entering the bank, pointing a gun at where he and E. G. Reese, cashier, were working. The bandit then stepped over the rail, forced Hinn and Reese to stand by, scooped up \$5,000, leaped back over the counter and fled. He is still at large.

Bell said the Longhorns did have the same worry all other schools had—that of possible loss of key men through injuries. "A few boys like Jack Crain and Pete Layden could go out and Texas would really suffer," Matty added.

### Aircraft Warning Officials Named

W. S. Morrison, general chairman of the aircraft warning post, Saturday announced the appointment of a post organizers committee with J. L. LeBlanc as chairman. Mrs. T. C. Thomas was named secretary for the post organizers.

Monday at 3 p. m. the committee is to go in to session with the view of quickly securing observers in 17 observation posts within the county. In turn, the post observers will enlist volunteers as observers to serve the clock around if the need ever arose.

On the committee are Dale Thompson, J. H. Greene, Mrs. H. W. Smith, Jim Little, H. L. Bohannon, C. O. Nalley, R. R. McEwen and Cliff Wiley.

Under a plan adopted by military authorities, there will be a chief observer and an assistant named at each of the 17 posts sprinkled over the northern and southeastern parts of the county in addition to two in the vicinity of Big Spring.

These observers and their aids would be required to report within 15 seconds after observation of the number, height and direction of aircraft sighted in the vicinity. First instruction will be to familiarize observers with type of aircraft, both by sound and sight.

It was considered probable that after all counties are organized, a state-wide practice blackout such as experienced in New Mexico Friday night might be attempted. The whole plan is set up as an eventuality, and is patterned after the effective British aircraft warning service.

### Episcopal Bishop Will Visit Here

The Rt. Rev. E. C. Seaman, Bishop, will participate in Sunday services at St. Mary's Episcopal church, the Rev. Robert J. Snell, Rector, has announced.

Program for the day will include Holy communion at 8 a. m., church school at 9:45 a. m., and morning prayer, institution of minister and confirmation at 11 a. m.

Also assisting in the 11 a. m. service will be Beth Parsons and Dr. Amos Wood, lay readers.

**Scouter—** Discussions of registrations and the closely allied subject of the troop budget plan will be discussed today at 5 p. m. in the Midland scout hut and Monday at 8 p. m. in Hotel Colorado at Colorado City by John G. Triplett, assistant national director of registrations for Boy Scouts of America. Triplett has been connected with scouting since he was a lad of 13 and has been a professional scouter since 1932. Since 1933 he has held his present position and has specialized in promoting the budget plan.

### Average Allowable Shows Increase

AUSTIN, Sept. 13 (AP)—Average daily allowable for Texas' 97,719 oil wells for the week ended today was 1,411,500 barrels, up \$529 from last week, the railroad commission reported.

The permittees exceeded the Bureau of Mines recommendation of 1,378,700 barrels daily by 32,800 barrels but engineers said normal monthly underproduction of 3.5 percent of allowable would place actual flow 16,594 barrels daily under the bureau standard.

The number of wells increased by 174 this week.

### The Week (Continued From Page 1)

**STRIKE CALLED**  
PITTSBURGH, Sept. 13 (AP)—Patrick Fagan, district 5 president of the CIO United Mine Workers Union, said tonight the union had called a "strike of 8,000 miners in Pittsburgh district 'captive' mines for Monday.

self. This time it may be the lack of relief-worker man power. Every day fewer and fewer WPA men report to the job. Presumably they are getting jobs elsewhere.

The city and county effected a cooperative arrangement last week which should result in an increase of power, possibly up to 500 watts, for the police radio. If this comes about, perhaps the station will become an instrument of service and aid to law enforcement in a much wider area.

Looks like Howard county is catching the fair fever, and we think it's a swell idea. Steps were taken Saturday to make a modest beginning toward a fair on Oct. 17-18. A better year to start could not have been picked. Coahoma will have its community fair on Oct. 10-11 and the Martin county fair is slated at Stanton for Oct. 24-25. Lamesa will have the Dawson county fair on Oct. 25-26.

The old cotton crop is beginning to roll ginward these days with the first 1,000 bales due to be out of the way this week. Already the TBES is crying for cotton pickers and soon our eagerly awaited boom autumn will be here. In fact, it's already sprouting in many lines of business.

ABC club officials reported a \$200 profit on their Labor Day motorcycle races. If anything would bolster arguments for making it an annual event, 200 iron men would.

Tuesday dove season opens, and judging from our trips over the county, there will be excellent shooting this season. Unfortunately, so far as our marksmanship is concerned, there probably will be an excellent crop next year.

## 'The Other Fellow' Blamed For Price Rises

NEW YORK, Sept. 13 (AP)—This business of rising prices is just the old army game—in the past tense—the other fellow did it. The shopper curses the grocer, who blames the wholesaler, who blames the manufacturer, who blames raw material and labor costs.

If personified raw materials might blame the war, Labor usually blames rising prices, which is where this started.

Retailers, wholesalers, manufacturers and consumers, however, are all on the same side, the first three claim, against price increases.

Nonsense, they say, stands to gain in the long run from price hikes. Instead, they say, they're taking losses in slimmer profits and stand to lose much more if prices go so high people won't or can't buy. None makes money unless he sells his product.

One big wholesaler blamed higher costs of many foods in part to shipment of supplies abroad, to Britain, Russia and China.

One food manufacturer warned against rushing out and buying a pantry full of groceries.

The chances are, he said, you wouldn't save as much that way as you would earn in interest on defense bonds.

In the first place, he said, any price rises will be a gradual as the wholesaler and retailer can make them. In the second, a lot

of foods won't keep. Besides, if the war ended with the nation's pantries stocked no one would buy and the food firms, more than 30,000 of them, would have to lay off employes by the thousands.

The steady booming of commodity prices, chiefly in the fu-

tures markets, hasn't been followed closely by retail prices, processors pointed out.

Some futures, and a few spot quotations, are 20 to 100 per cent higher than they were a year ago. Yet the retail marking is up less than half that much in many

cases. Manufacturers and wholesalers credit their own and their employes' increasing technical efficiency, cutting corners whenever possible, for holding down a lot of retail prices that might otherwise be considerably higher.

# The AMERICAN RETAILER

## Purchasing Agent For The Public

### HELPING DEFENSE

Already a million and a half Americans have answered the call to arms. Industry is mobilized. Manufacturers are mobilized.

And the retail stores of the nation are mobilized.

Quite apart from the taxes they pay and the cash contributions they are making, retailers are already rendering powerful help to the defense program.

The reason they are in a good position to help it is this: Our civilization centers around the trading post. The store where you shop is the hub of a wheel that keeps your whole community running. When you buy in a store you start something. It not only benefits you. It also provides a living for hundreds of other people in your neighborhood, and in turn for thousands of other people throughout the land.

"Nothing is more important right now than a smooth-running nation," says Donald M. Nelson, Director of Purchases for the OPM. "We all expect to make sacrifices. We all expect to work harder than usual. On top of this, we must go all-out in our aid to Uncle Sam. And keep the wheel of American life turning smoothly and efficiently."

American retailers have pledged themselves to lead the way in this common effort. As purchasing agent for the public they intend to see that

you and your family get the necessities of life at the lowest possible prices. They will aid you in securing merchandise that gives the utmost in service and value.

Retailers will help the government directly. Because of their daily contact with you, they will be able to distribute such information as the government desires. They will conserve defense materials. And they will do their part to maintain employment and keep prices down.

These are not idle words. Representatives of stores from every state in the Union have put their signature to a patriotic, purposeful, 14 - point pledge. The Herald is proud to publish it on this page. You are urged to read it with utmost care.

The program for "Retailers For Defense" is the most important in the history of retailing.

It is an example of the American spirit at its best.

In Peace or War Your Retailer Is Your Service of Supply.

Help Him To Help Your Country.

#### 14 WAYS YOUR LOCAL STORES ARE PLEDGED TO HELP DEFENSE

1. To practice and to preach the doctrine of "Our Country First and Foremost."
2. To act as "Purchasing Agent for the Public" and, in that connection
3. To prevent as far as possible, all unwarranted increases in the price of merchandise, both wholesale and retail.
4. To eliminate any and all unfair trade practices which may injure the public.
5. To maintain retail employment at the highest possible level, consistent with National Defense.
6. To give every possible encouragement to employees who wish to serve their country.
7. To disseminate to consumers such defense literature and information as the government may desire to have distributed.
8. To support manufacturers in their efforts to label merchandise informatively.
9. To eliminate all "scare" advertising, particularly that which says or implies "Buy now because prices are rising."
10. To keep consumers informed as to causes of price increases, likewise such changes in quality as are made to avoid an increase in price.
11. To aid in the development and distribution of substitutes for such materials as are urgently needed for national defense.
12. To develop simplification of merchandise types so as to eliminate waste and thus free labor and materials for national defense.
13. To help the U. S. Treasury sell Defense Bonds and Defense Stamps.
14. Last but not least, to help unify the people of our country through advertising, display and consumer appeal in support of the defense program.

### Picnic Honors Young People At Garden City

GARDEN CITY, Sept. 13 (Sp)—Methodist and Presbyterian young people were entertained with a picnic at the courthouse lawn.

Following games and supper, the entire group went to Big Spring for a skating party. Rev. B. C. Welch and Rev. W. V. O'Kelley sponsored the event.

Those present were Alvis Ray Cox, Belton Cox, Ray Jean Hightower, Bobbie Haynes, Lester Ratliff, Beth Berryhill, Adalee Cook, Dixie Clark, Isabell Cox, George Ratliff, Luke Shumake, Robert Lee Cox, Ethel Calverley and Leneil Cox.

Fred Russell from Oklahoma City, Okla., is visiting Mr. and Mrs. J. C. Mills.

Among those leaving for college in the next few days are Ethel Calverley, second year in University of Texas; Dorothy Crouch, Texas Tech; Roberta Ratliff, Denton; Peggy Jean Sparman, second year in Baylor; Alvis Ray Cox, Texas.

Juanita Alsop and Bonnell Bryans entertained Mr. and Mrs. Lynn Laxson of Stockton, Calif., with a rabbit hunt Thursday night. Following the hunt, Mr. Laxton's mother entertained with a mid-night lunch.

Mr. and Mrs. Edward Dunkin and son, Jimmie, of Oklahoma City are visiting his grandmother, Mrs. Ringo.

Rev. and Mrs. Blair Morris, Mrs. A. W. Rountree and Mrs. Bill Thomas went to Odessa Thursday to attend the Baptist associational meeting.

Rev. B. C. Welch will leave about September 20 for Lubbock, where he will hold a revival meeting.

Mr. and Mrs. O. B. Clark of Deval, Okla., Mr. and Mrs. Edgar Laxson and children of Weatherford, Okla., and Mr. and Mrs. Lynn Laxson of Stockton, Calif., are visiting their father and mother, Mr. and Mrs. Max Laxson.

### Here And There

There was some talk of reducing the number of teachers in North Ward school to three and transferring a couple to other schools. But that was before approximately 60 earnest patrons held a mass meeting Friday evening and urged Supt. W. C. Blankenship and some members of the board to leave the teaching force intact. The school has 110 enrolled.

J. M. Gordon, formerly of Stanton and Littlefield, has joined the staff of the Elliott Drugs, being assigned to the Crawford Pharmacy as pharmacist. A veteran in his field, he spent many years in Denton. Mrs. Gordon and their 14-year-old son have joined him here.

When a road committee goes to Austin today, County Judge W. S. Morrison, Jack Smith and some others plan to present a brief to Gen. J. West Faye and urge upon him the designation of Big Spring for a home guard defense unit. Correspondence has brought no results so they are taking it up with the general in person.

N. P. Taylor, Garden City superintendent, only lost nine members of his teaching staff to other schools this year, and he had a particularly hard time in getting a band director to replace Howard Martin. But the problem has been solved. He secured Samueta Lockhart, a woman, believe it or not, who achieved singular success as a leader at Melvin, near Brady.

Odessa snatched up a \$1,500 prize in the football game with Coleman Friday night, not a bad figure for a starter.

Store Managers—Managers from two other stores look over the new business of L. I. Stewart, right, at the opening of the L. I. Stewart Appliance Store at 213 W. 3rd street here. Pictured at left is Aldo Forrest, manager of the Colorado City store and Ed Shell, Snyder store manager, is shown at center. A portion of the stock of Roper ranges and G.E. refrigerators is shown. In addition to these the store will contain a complete line of appliances. (Kelsey Photo).

Manager—M. J. Stratton, for four years associated with an appliance concern in Big Spring, has assumed his duties as manager of the L. I. Stewart Appliance Store in Big Spring. He is assisted by Doc Bristow in operation of the new concern at 213 W. 3rd street.

### L. I. Stewart Appliance Store Opened At 213 West Third St.

Formal opening of the L. I. Stewart Appliance Store, 213 W. 3rd street, was announced here Saturday by L. I. Stewart, for 15 years a resident and business-man.

The business, representing an enlargement of his appliance activities here, will feature a complete line of General Electric refrigerators, Roper and Detroit Jewel ranges, as well as an assortment of space heaters and a varied and complete line of all appliances.

As in the past, a specialty of the store will be butane gas systems, both as to installation and servicing. Stewart had the first butane sales business in Howard county and has operated it continuously.

In charge of the store here will be M. J. (Bill) Stratton, who for the past four years has been head of the laundry equipment division of the B. Sherrod Supply Co. Prior to that he was district manager for Maytag for 15 years. He will be assisted by Prentice (Doc) Bristow. Mrs. Stratton is handling the office work.

Stewart, owner of the business, came to Big Spring 15 years ago from the old Spangenburg community in Dawson county, operating a bus and carrying mail to Lamesa for two years. Then he became an oil agent here and has continued in that capacity. For the past five years he has added appliances to his list of activities and this year opened stores at Snyder and Colorado City.

Threshing Big Serves 30 Years DAVENPORT, Ia. — An old-fashioned steam-engine threshing rig that operated here for 30 years has been retired to make way for progress. The rig's first threshing job was on the Harry Quinn farm three miles south of Donahue, Ia. By a strange coincidence, so was the last job.

China's rice crop is expected to be larger than last year's, the Department of Commerce reports.

Deanna Marie Watkins, daughter of Mr. and Mrs. Ira L. Watkins, ranchers who live south of Garden City, is one of West Texas' most enthusiastic goat producers.

Deanna Marie, who will be three years old in November, began her career in the livestock business when she was born. Her grandfather, Charley L. Coulson, presented her with several head of select mohair goats at that time. Her herd has grown to 43 and she can discuss her flock most intelligently. Right now she figures it mighty important that she add a good Billy to the flock.

## Dove Hunting Fun Starts On Tuesday

Wait until Tuesday morning, be careful, obey the law and you'll have fun in getting your bag limit of mourning doves, State Game Warden Guy Ferguson, Lamesa, advised sportsmen here Saturday. Federal regulations do not permit the hunting of doves before Sept. 16 in the south zone, which lies south of the Terry, Lynn, Garza county lines in this area—and a federal game warden has been looking around these parts of late. Ferguson said doves were plentiful this season but that they appeared to be concentrated in certain localities. Barring an early wet norther, he felt that there would be ample hunting. Bag and possession limits are 12—not the 15 shown on the bank of hunting licenses—and shooting hours are from sunrise to sunset. The warden warned all hunters using pump or automatic shotguns to have them permanently plugged so that there could be no more than two shells in the magazine and one in the chamber. Minimum fine for violating this rule is \$25 and costs.

Shooting from, on or across public roads is against the law and the cheapest fine for hunting from a car is \$25 and costs. All hunting outside the county of their residence must acquire the \$2 hunting license. The season will close Oct. 2. Ferguson warned against shooting quail before opening of the season on Dec. 1 (it runs to an 16) and duck before Nov. 2. This season runs until Dec. 31.

## Colorado Has Seven Letter Men Returning

COLORADO CITY, Sept. 13 (Sp)—Seven returning letter men will form the nucleus of the Wolf team which Coach John L. Dibrill is working out for Colorado City at daily football practice. The Wolves, regional champions in single A football last year, will play in 3AA this season.

Their first game, non-conference, will be with Monahans at Monahans on Sept. 19. They will play at Odessa at Odessa, on Sept. 26, opening the 3AA schedule. The first home game will be with Big Spring on Oct. 2.

Returning for the backfield are Royce Smith, Roy Allen and Junior Sadler. Returning for the line are Phynus Shurtleff, Chas. Seller, Harry Webber and James Paul Cooper. Cooper played at guard last year but is now looking good at end.

Three reserve letter men are also working out. They are: Bud Chesney and Craig Porter, guards, and Bill Coffey, back.

Around 25 boys who are potential A team material are working out, in addition to 15 who are mostly B team. Baron Smith is working daily with 30 Jackrabbits.

Two transfers new to the Wolf squad are said to be showing up well. They are Kenneth Hardegre and Harmon Jones. Others on the Wolf squad in addition to those already mentioned are: Backs—Ed Bodine, Don Burrus, Wayne Blasingsame and Jack Reed; linemen—Harold Eudy Smith, Dick Gregory, Raymond Uzde, A. A. Porter, Wayne Wood, Mack Key, Bobby Motley, Johnny Myers.

## Lookin 'em Over

WITH JACK DOUGLAS

CLOVIS, Sept. 13—A multitude of reasons for the Big Spring Bombers' sweep through the West Texas-New Mexico league have been recorded but one that prevails in Clovis, home of the vigorous Pioneers, just about caps the list. According to the serious claim of Clovis fans, the Big Spring ball park can be credited with the season's showing.

When told that visiting clubs had an equal chance with the Bombers in regard to hammering homers over the right field fence, the Clovis fans vow—"Yeh, but the Big Spring team practiced hitting them over the short fence!"

But that isn't where the Pioneer followers stop. They also declare that Clovis would have been considered the strongest aggregation in the circuit if they had owned Roberts Field.

Truth of the matter is, Big Spring's right field barrier is right at 50 feet shorter, but the left field fence is some distance further. But, Big Spring does not have any more hitting power centered on the left than most of the other clubs in the loop.

As for the idea of Big Spring deliberately concentrating on blooping hits over the right field fence, it's just a wee bit far-fetched.

Umpire Buster Capps is absent from the finals playoff in Clovis. Scheduled to work the entire series, he came down with a severe summer cold and gave up his job to Umpire-in-Chief Pettigrew.

Want to know how WTNM umpes spend their afternoons? They play hearts, of all things.

The Pioneers found a means of combating the unusually cold weather Thursday evening—they ripped the backboards off their dugout and built a merry fire in the aforesaid quarters.

Paul Schoendienst, Clovis' classy firstbaseman, figures he'll take his newly purchased lion cub and himself out of the WTNM league at the close of the playoffs, making it a lasting situation. He opined he had spent enough time in the circuit, declaring that if he didn't make an upward move next year he was dropping out of baseball.

Pete Zmitrovich did a mighty bit of throwing Thursday night in the fourth frame. With Grover Seitz romping homeward on the strength of Daniel's wallop into far right field, Pete swept up the ball, throwing in to Catcher Dick Ratliff to kill off the Pioneer skipper.

H. W. Smith, C. L. Rowe, Mr. and Mrs. T. J. A. Robinson and Mrs. Grover Dunham backed the Bombers during their stay in the home precinct of the roaring Pioneers.

Clovis high school opened up its football season Friday afternoon, beating Melrose, 35 to 6. Melrose is one of the unfortunately small towns that take a stab at New Mexico prep grid setup. Unlike the Texas system, in which each school is put in its class on the gridiron, New Mexico figures that any school large

## Stewart And White In Tie For Medalist

FORSAN, Sept. 13 (Sp)—A small but snappy field is on hand for the annual Forsan Oil Field golf tourney, which will keep players on the course from 7 a. m. until dark.

Only 34 players qualified for the tourney, making necessary only four flights (three of eight and one of 10).

Tied for medalist honors were Herman Stewart and Troy White of Big Spring, each with 36, so first round scores today will determine the winner of that honor.

W. B. Dunn, secretary-treasurer of the club, said the course was in good shape for the tourney.

Pairings follow:  
**CHAMPIONSHIP**  
Herman Stewart vs. W. B. Harmon; Claude Wilkins vs. Paul Johnson; Troy White vs. T. E. Yarbro; Jack Vaughn vs. Tommy Neel.

**FIRST FLIGHT**  
Delbert Bardwell vs. L. E. Barber; Woodrow Scuday vs. Bill McCamey; Lewis Hueval vs. G. F. Falster; M. Z. Morris vs. Burt Shive.

**SECOND FLIGHT**

## Tigers Beat Yanks, 5 to 3

NEW YORK, Sept. 13 (AP)—A prodigious triple to right centerfield by Schoolboy Rowe with two on base and two out in the ninth inning climaxed a four-run rally that gave the Detroit Tigers a 5 to 3 victory over the Yankees in their final meeting of the season today. The two teams wound up the year with 11 wins apiece.

**ATHLETICS 3, CHISOX 1**  
PHILADELPHIA, Sept. 13 (AP)—Dick Fowler, 20-year-old rookie righthander, pitched the Athletics to a 3-1 victory over the Chicago White Sox today in his major league debut.

The victory gave the A's the season's series with the Sox, 12 games to 10.

**SENATORS 4, INDIANS 3**  
WASHINGTON, Sept. 13 (AP)—The Washington Senators tied up the ball game in the ninth inning, then went on to defeat Cleveland, 6 to 3, in the 11th today to gain an even break in the four-game series with the Indians.

**RED SOX 7, BROWNS 3**  
BOSTON, Sept. 13 (AP)—The Boston Red Sox strengthened their grasp on second place in the American league today by defeating the St. Louis Browns, 7 to 3, for their fourth straight victory. The triumph, coupled with Chicago's 3-0-1 defeat at Philadelphia, stretched Boston's lead to three games. The two teams open a three-game series here tomorrow.

## Clovis Wins 2 To 1 In Photo Finish

By JACK DOUGLAS  
CLOVIS, Sept. 13—With their backs to the walls, the Big Spring Bombers return home today for a supreme effort at 3 p. m. to stay in the West Texas-New Mexico league championship fight after dropping their third straight playoff game at Clovis Saturday night, 2-1.

The two teams meet here today in the sixth game of the playoff wind-up. If Clovis wins, it will be all over. If Big Spring is victor, the Bombers have a chance to cop the title Monday night.

Saturday's game was a thriller with a photo-finish in the ninth. If Clovis wins, the Pioneers will take the league championship home with them. If the Bombers make a comeback, they'll have an even chance to

## Lamesa Wins Opener By 33-0 Score

LAMESA, Sept. 13 (Sp)—Gallopin' Gus White led the Golden Tornados to a smashing 33-0 victory over the Tahoka Bulldogs in the season's opener here last night before 1,500 fans.

White, playing at the quarterback slot, slashed 40 yards on Lamesa's third play for the first touchdown. Tahoka had received the kickoff and punted out on the Tornado 45 when no gains could be made. White picked up a first down and Reeves hit for three before the payday dash, and then White kicked the extra point.

He made up for a costly fumble which thwarted another score by making a Bulldog punt and skipping 60 yards through the entire Tahoka defense. White kicked goal. In the second quarter he ambled 20 yards around end for another touchdown but this time missed his kick.

Lamesa resorted to its aerial attack in the third after a Tahoka punt from their 20 carried only four yards. White rifled to Reeves who took it across. Similarly, another Tahoka punt allowed out on the Bulldog 15, carrying only six yards. Two plays moved it to the seven from whence White shot one to Ken Earnest for the final tally. White added the point.

Tahoka was completely baffled and offered no real test for the Tornados. A lone scoring threat petered out with a fumble on the Lamesa five in the fourth canto. Substitutions were frequent, Lamesa using 21 to 22 for Tahoka during the game.

Score by quarters:  
Tahoka ..... 0 0 0 0—0  
Lamesa ..... 14 13 0—33  
Scoring—White 3 touchdowns and three goals; Reeves, Earnest. Officials—Solis (Texas Tech), Walker (ETSTC), Browning (Texas Tech). First downs: Lamesa 8, Tahoka 3; passes completed, Lamesa 3 of 8; 35 yards, Tahoka 1 of 6.

Starting lineup:  
Lamesa: Meyers, re; Morgan, rt; Aslin, rg; Carmichael, c; Roberts, lg; Wade, lt; Blair, le; White, qb; Reeves, rb; Smith, lb; Taylor, fb; Tahoka: J. Curry, re; Walker, rt; King, rg; Fulford, c; Harvick, lg; Shaffner, lt; H. West, re; Roberts, qb; Swafford, rb; McClintock, lb; C. Curry, fb.

take the series in a final game Monday in Big Spring. The Big Spring club departed Clovis shortly after the game tonight, planning to rest until game time Sunday. But meantime, Manager Jodie Tate phoned Big Spring to learn the condition of Bob Kohout, who remained at home because of illness during the affray in Clovis. This was taken to indicate that Willard Ramsdell, league-leading pitcher who is slated to start Sunday, will have able relief if he needs it for Kohout's physical condition reported that he was ready to play.

Charlie Whelchel was on the mound at Clovis tonight, and lost a season record: that of having beaten Clovis every time he opposed them.

From the third inning on the score was knotted tonight, one-all. But in the last half of the ninth, Schoendienst led off for the Pioneers with a double into left field. He advanced a notch as Daniel sacrificed. Then Quillin was walked, bringing Schoendienst into scoring distance. Range went to bat and got a double, scoring Schoendienst.

The Bombers started lustily. Haney led off the first inning by socking a homer over the left field fence. The first Clovis run came in the third when Harriman homered over the left field fence—his second four-bag hit of year and the first one before home folks.

Big Spring threatened in the fourth when Reeves led off with a double, Greer grounded out and Ratliff singled as Reeves was thrown out at home—Seitz to Schmidt.

The Bombers had another chance in the ninth, when Reeves singled and Greer tried to sacrifice. But Reeves was thrown out at second. Ratliff got to first base on an error by Harriman but Stevens flied out to centerfield and Zmitrovich was stopped on first as Schmidt did some fielding with a dropped third strike.

Paid admission at the Saturday night game was 1,346, while Clovis fans contributed a \$502.20 fund for the players.

## Javelinas Shellac Miners, 23 To 7

EL PASO, Sept. 13 (AP)—The California-bound Javelinas from Texas College of Arts and Industries, Kingsville, stopped here long enough today to shellac Texas College of Mines, 23-7 in a practice scrimmage.

The Javelinas will play San Jose State Teachers at San Jose, Calif., next Friday night.

## Bears Show Wares On Practice Field

WACO, Sept. 13 (AP)—The Baylor Bears cut loose with all their offensive tricks in a long drill today.

Passers had a field day as Jack Wilson, Dwight Parks and Hit Kittrell set the pace with heaves that found the mark time and again during fast-moving overhead play that looked like mid-season form.

Wenzell Gandy and Albin Murski, who have been running at tackle after being shifted from end and backfield positions, showed real promise in their blocking chores.

## Broome, Martin In San Angelo Finals

SAN ANGELO, Sept. 13 (AP)—Cheo Broome of Rankin and Dick Martin of Dallas meet tomorrow in the finals of the San Angelo country club invitation golf tournament.

# Unveiling Of Steer Grid Team Scheduled Here On Friday Night

## Murphy Says Boys Have Possibilities

Pat Murphy will lift the wraps from his 1941 grid machine here Friday night, and he hopes there will be something under the wrap.

Resting in the assurance that none expects the Steers to be in the thick of the district 3-AA championship fight, Murphy actually is smiling these days as he predicts possibilities for his boys.

Judging from the way Austin High of El Paso, who comes here Friday for the opener, rolled over Cathedral high of the same city, the boys will need to make the

most of these possibilities. Although Cathedral is admittedly weak, Austin demonstrated a scoring punch.

Steer plays are still in the ragged stage, but the lads are picking up speed and a bit of precision faster than Murphy had hoped, and added to this, as the coach says, they "try harder than any bunch of boys I ever had."

Peppy Blount and Felix Campbell are running at end positions, but their offensive work is lagging behind their defensive game. Woffard Hardy and Calvin Boykin are currently running first string tackles, but Dean Curley and Doyle (Hunka) Stewart are keep-

## District Grid Dads Settle Three Issues

Committee members of district 3-AA haggled on three major points in their first session of the school year here today, voting admission concessions to students and enlisted men in the service, and ruled on the matter of taking game motion pictures.

W. C. Blankenship, Big Spring superintendent, was elected district chairman and Chester Kenney, San Angelo principal, was returned as secretary.

After a lengthy debate, the committee finally voted that host school officials could admit any or all of their student body free if they so elected, but that all visiting students would be charged. However, by reciprocity, the schools involved could extend the privilege of free student admission. Where home students are admitted free, the opposing club does not realize any funds students save their fair of their own student charges.

The question was posed by Murray Fy, Odessa superintendent, who argued that the loss from student revenue was more than offset by more parents bringing their children. George Heath, Midland superintendent, warned against adoption of the policy on an optional basis, and several others questioned that plant facilities were adequate except in Odessa and Sweetwater.

Due to the presence of army camps in the district, a concession to soldiers was voted to the extent of admitting any uniformed enlisted man on student rates.

Another warm exchange ensued when the matter of taking motion pictures of ball games came up. Finally, the committee voted that competing teams could take game pictures, but that other teams could not make use of these for scouting purposes, no matter from what source they were obtained. Proven illicit use of motion pictures by a member would subject it to disqualification in the district.

In a more generous stroke, the committee decided that scouts for coaches would be seated in the press box when there was room, and then in good reserve seats, probably in front of the press box.

The usual debate on radio broadcasts came up, and after discussion was tabled. A motion by Ross Covey, Sweetwater superintendent, to reconsider died for want of a second.

As to passes, the committee doled out double passes to the seven members of school boards and five of the same type to coaches. Other passes were apportioned as follows: Newspapers, five; high school newspapers, two; radio, four; and school administration, four.

No eligibility protests were lodged, and the district heads did not take up the matter of basketball schedules.

A total of 29 administrative officials and coaches from the seven cities of the district, were on hand for the parley.

Coaches, even Lester Gregg of Lamesa, Joe Coleman of Odessa and Larry Priddy of Sweetwater, doled to fight it out for the district title, spent a most enjoyable day at the wailing wall. They departed in gloom, dreading district play.

ing them alert. Hunka, if he gets the notion, has the weight and power to not only sew up a tackle slot but become one of the terrors of the district. All he needs to do is to get fired up and stay that way.

Billy Shaw and Billy Suggs have the inside track on the guards, and it is still Robert Coffee who is giving them competition. Bob Boykin may be heard from before long. Nobody argues with Charles Buckner over the center post.

In the backfield Paul Kaech is running blocking back and carried the ball on an occasional reverse off a spinner. Barton has the punting assignment while Billy Womack may work from the tailback. Horace Bostick is the key man on the spin, and Murphy has been working Junior Moore in that position.

Good Graves, who is working with the junior team, has a big squad out and in it are some hunkies, who, with three years of eligibility remaining, may make good Steer material.

## Mrs. Newell Takes Nat'l Golfing Title

BROOKLINE, Mass., Sept. 13 (AP)—Women's sports came up with another poker-faced champion today when attractive and impassive Mrs. Betty Hicks Newell of Long Beach, Calif., missed par by four strokes over a 36-hole stretch at the country club while defeating Helen Sigel of Philadelphia, 5 and 3, for the national amateur golf title.

The 20-year-old Mrs. Newell who pounds a golf ball almost as hard and in much the same stoical fashion her famed fellow Californian, Helen Willis Moody, did tennis spheroids, was down during only the first two holes of the scheduled 36-hole finale.

Although she performed brilliantly this morning, getting a 77 for her first 18 holes, the new champion had only a one-hole margin on the much more spontaneous 22-year-old Philadelphia girl at the half way mark, after being three-up at the 10th.

Sparenberg is the defending champion.

Six Man Play To Begin In Dawson

LAMESA, Sept. 13 (Sp1) — The six-man football teams of five rural high schools of Dawson county begin their 1941 season Sept. 19.

Ackerly meets Union and Sparenberg will clash with Klondike on that date. Dawson school is the fifth member of the district 7 circuit.

Spurenberg is the defending champion.

## Sweetwater And Odessa Uphold Dope

Sweetwater and Odessa, getting the nod from most dopesters as the powers in the district 3-AA grid chase this fall, lived up to advance notices in season openers Friday night.

Lamesa's Lobos also broke the barrier with a resounding 23-0 triumph over Tahoka. Midland suffered a setback at the hands of Ysleta, while other members of the loop were still in rehearsal for this week's title.

The potent Mustangs ran rough-shot over the Mineral Wells Mountaineers in a clash at Sweetwater—the final count was 23 to 0—and Larry Priddy's boys looked like district favorites. Every one of the Sweetwater tallies was made by Marion Flanagan, fleet half back who ran the Mountaineers ragged in chalking up five touchdowns and three conversions.

Over at Odessa, the Bronchos came back with power in the second half to overwhelm Coleman, 21 to 6. The Bronchos had been led to a lone touchdown in the first half, but put superior weight to work as the game went on.

Gus White, an all-district contender from the start of the season, was the stellar light in Lamesa's victory over Tahoka.

Midland got off to a bad start by bowing to Ysleta 13 to 6.

## Injury Benches Pittsburgh Player

PITTSBURGH, Sept. 13 (AP)—Lee Handley, Pittsburgh Pirates' third baseman who was injured Thursday in a collision with a teammate, was permitted by the club to return to his home in Peoria, Ill., today because the injury will keep him on the sidelines for the rest of the season.

Handley suffered a severe spike wound on his right ankle when Pitcher Johnny Gee collided with him as they both sought to field a bunt in a game with the Boston Braves.

## Mangrum Favored In Golf Tourney

ATLANTIC CITY, N. J., Sept. 13 (AP)—Twenty-six year old Lloyd Mangrum, youngest member of the Monterey Beach, Calif., golfing family, loomed as the man to beat today as the second round of the \$5,000 greater Atlantic City tournament ended.

After a dazzling 65 which put him in the lead yesterday, he followed through with a 69, three under par, today to retain the lead with a 124 total.

here Friday night, trouncing the Big Spring Bombers, 13-5.

It's something of a mystery about what Clovis had Friday night, but whatever it was, it was more than the Bombers could handle. The Pioneers got only seven hits to 11 for the Big Spring club, and neither Jim Rollins or Mel Cramer could show anything effective against Bomber batsmen.

But the score was still 13-5 for Clovis.

A disastrous six-run blast in the third took the life out of the Bombers. Rollins singled and Earl Harriman doubled to set the stage for Steiner's lob over the close left-field fence.

Rattled, Mohrlock walked Grover Selts before Schoendienst was out at first. Then Bill Daniel and Mack Quillin worked passes and Buck Schulze took over for Big Spring. Range filed out to rightfield but Selts scored.

The payoff came when Walter Schmidt took a third strike on a wild pitch by Schulze. Ratliff's throw to catch him at first was late and Daniel and Quillin scored.

Big Spring rallied in the fourth on singles by Eddie Stevens, Jack Lindsey and Hank Poitras, and Schulze was passed to force in Stevens. Mel Kramer replaced Rollins but Haney drove in Lindsey and Poitras. Schulze was nailed at second on the play, however, and Mel Reeves and Hayden Greer filed to right field.

The Bombers had scored in the second when Poitras' ground ball was mishandled, and came home on Drake's single. In the sixth Big Spring wound up its scoring on Poitras' double, followed by Greer's single.

Clovis picked up four runs more in the eighth as Schulze walked Harriman, Steiner, and Schoendienst before he got Selts and Daniel. Quillin hit a sharp single against the rightfield wall and it rattled around so crazily that Reeves couldn't pick it up until even Quillin had scored.

Mohrlock gave all he had and even Schulze's stout-hearted effort was not enough to remove the Clovis voodoo.

## Cards Fight But Lose To Dodgers 1-0

ST. LOUIS, Sept. 13 (AP)—Brooklyn's doubling Dodgers beat a fighting Cardinal team 1 to 0 today behind the superlative 3-hit pitching of Whitlow Wyatt to pound two games ahead in the nerve-racking National league pennant race.

Consecutive two-baggers by Dixie Walker and Billy Herman in the eighth—the first hits off stout-hearted Mort Cooper—decided one of the most spine-tingling contests ever played in Sportsman's Park.

For seven innings Cooper held the Dodger sluggers helpless, although three walks in the sixth put him in a spot. He pulled out by forcing Leo Riggs to ground out.

But his courageous pitching was no greater than that of the Brooklyn ace right-hander who notched his twentieth victory.

## Forsan Beats Garner 19-13

GARNER, Sept. 13—Led by Ray Dunlap, Forsan took a non-conference six-man football game from Garner here Friday, 19-13. It was the first game of the season for both teams.

Forsan took the lead with a touchdown in the second quarter but Garner rallied to knot the count by half time, and then went ahead in the third.

But Cagle Hunt's Buffaloes were not to be daunted in the fourth, for a brace of touchdowns and a goal tied the game. T. J. Turner, Garner coach, was unable to get back a working combination in time to get a tie.

For Forsan, Dunlap scored two touchdowns and Paul Wadsworth one. Dan Holt ran across for the extra point. Ben Daughtrey and Dennis Hughes scored for Garner and Eugene Long snagged a pass for the extra point.

GRIDDER HURT  
ABILENE, Sept. 13 (AP)—An injury gave the Hardin-Simmons Cowboys a jolt today when Tolle McKown, second team halfback, broke his arm above the elbow in a scrimmage with the freshmen.

CUBS & PHILLIES 4  
CHICAGO, Sept. 13 (AP)—After trying the score twice today, the Chicago Cubs defeated the Philadelphia Phillies 5 to 4 in the eleventh inning when Rufus Merton walked Bill Nicholson with the bases loaded and nobody out.

It was the Cubs eighth win in their last ten games.

PITTSBURGH, Sept. 13 (AP)—Nick Strincevich came through for the Pittsburgh Pirates today, giving up only four hits after he replaced Dick Conger in the second, to shut out the Boston Braves 1-0.

# Meet The P-T.A's, They Back All School Improvements

Back of the plans for school improvements, behind measures for more sanitary conditions for school and city, and always pushing for finer methods and up to date facilities for education are the Parent-Teacher Associations.

From all stations in life, all creeds and religions, the women with one thing in common—their children—have organized into a powerful voice, the P-T.A.

When men clamored for roads, an airport, and the railroad, the women clamored for and got, bigger and better schools, sanitary drinking fountains, better lighting.

From small beginnings, the organization has grown to a national institution. From a few women, the group now numbers members by the thousands all over the United States.

This week the Big Spring units went back to work. West Ward, College Heights, South Ward mothers and teachers met to map out plans for new year's work. East Ward, Central Ward, High School and North Ward planned to convene during the next week. Kate Morrison Americanization school, by reason of the cotton picking season, will not begin activities until December.

Heading the council, composed of delegates from all the units of the city, is Mrs. Wayne Pearce, elected this fall to

fill the post vacated by the resignation of Mrs. W. W. McCormick. The council, acting as a clearing house for all city-wide projects, holds its meetings each first Wednesday in the month.

Other units meet once a month, stage benefit shows, plays, and sales to raise funds for their activities. Equipment for playgrounds, clothes for needy children in the school, robes for choir students, a phonograph, are just a few of the items that the women have furnished for their children.

Other than Mrs. Pearce, the presidents include Mrs. J. T. Winters, East Ward, Mrs. Joe Birdwell, Central Ward, Mrs. W. E. Martin, Kate Morrison, Mrs. H. W. Smith, South Ward, Mrs. Aultman Smith, College Heights, Mrs. Elton Taylor, high school, Mrs. Martin Dehlinger, North Ward, Mrs. Robert Hill, West Ward.

In addition to the units are the study groups which meet once a month. Intensive study in child problems is undertaken and a certificate awarded each woman completing the course.

Playing host to the district convention held here in April was a gigantic job, but the women won praise from all who attended the "biggest convention yet."

## Colorado City Students Leave For College

By JEWEL BARRETT  
COLORADO CITY, Sept. 13 (Sp1)—Greatly diminished by employment of young men in national defense industries and by the sudden popularity of business college, Colorado City's college and university list this year is much smaller than in past years. Leaving for their respective schools all this week are:

- University of Texas, Austin — Earnest Porter, Marian Britton, Phyllis Berman, Willie Grace Doss, Virginia Curney, O. B. Turlock, Jr., Louis Bodin, Louis Dockery, Aline Bodine, Buzz Majors;
- Texas State College for Women, Denton—Jane Machin, Ruth Elliott, Jane Merril, Nina Laura Smith;
- John Tarleton, Stephenville — Douglas Earl Bibby, Paul Boyd Hunter, Rosa Glover, Duff Chace;
- Baylor University, Waco — Virginia Whipkey, Beita Whipkey;
- Texas Technological college, Lubbock—Betty Cook, Waddell Strain, Alfred Rhode, Harvey Cook, Earl Neal, Robert Lacey;
- Texas Christian University, Fort Worth—Clifton Caffey;

## More Students Leave For College As Home Folks Get Ready For Fall

### Guests Visit Briefly Here Over Weekend

The vanguard of college students will get off this week for respective colleges and universities. Most of the home folks were get for a bit of rest, but some had out-of-town guests who arrived for the weekend.

Marie and Nellie Gray left Sunday for Denton where Nellie will enroll at T. S. C. W. Marie will return home Wednesday.

Fearl Oulinger is spending the weekend in Fort Worth.

Mr. and Mrs. E. T. Tucker, Thelma Lou and Sonny have returned from Hot Springs and Santa Fe, N. M., where they spent a week.

Mrs. J. M. Anderson is confined to her home this week seriously ill.

Letha Amerson, who was injured in an automobile mishap September 7th, has been removed from a hospital in Colorado City and is at home in Abilene. Although she received no broken bones, Miss Amerson will remain at her home for another week or so convalescing from serious bruises.

Mrs. Bernard Mayo is ill with influenza and confined to her home.

M. D. Collins, district manager for Walgreen stores, is spending the weekend with Dr. and Mrs. T. M. Collins.

Mrs. Sam Smith and Natalie left this weekend for Abilene where Natalie will be enrolled at A. C. C. Mr. and Mrs. Carl Coleman accompanied them.

Mr. and Mrs. J. B. Collins left Saturday for Abilene accompanied by their daughters, Barbara and Betty Fae, who will both be enrolled at A. C. C. this winter.

Margaret McNew left Sunday for Denton where she will enter T. S. C. W. for her senior year. She is the daughter of Mrs. Florence McNew.

Grady Davis, son of Mr. and Mrs. D. Davis, left Sunday for Austin to enter the state university.

Mrs. C. E. Shive and Mrs. Jake Bishop will return this weekend from Lovington, N. M., where they have been visiting C. D. Crowley.

Mr. and Mrs. Arthur Pickle have as a guest for several days her sister, Mrs. C. J. Muzzall of Fulton, Ky.

Mrs. M. S. Beale and children returned Friday from a three week visit in Graham.

Mr. and Mrs. Ted Thomas of Fayette are visiting here this weekend with Mr. and Mrs. T. C. Thomas.

Jack Shanks, son of Mr. and Mrs. E. E. Shanks, has returned to Tech where he is a senior student. He is a member of the Red Raider football team and of the varsity tennis club. In his "Tee-Book" magazine a writeup on football mentioned "Texas Tech expects to be even better under new coach Dell Morgan. Jack Shanks and Newman Ledbetter are great tackles."

Major and Mrs. L. W. Canning and Lt. Juan Mason have returned from a three-day conference for officers of the Salvation Army held in Dallas. Nine cadets from Texas entered training in Atlanta, Ga. for the Salvation Army work. It was reported at the conference.

John F. Owens is leaving Tuesday for Hardin-Simmons university where he will be in his senior year. He is the son of Mr. and Mrs. F. K. Owens.

Mr. and Mrs. W. B. Joy left this weekend for Mesquite for a visit. Mrs. Joy will visit several days and Joy will return Sunday.

### Downtown Stroller

Seems like we said "goodbye" to a lot of people Saturday morning. Mr. and Mrs. JOHN HALL BROWN and children took off for Houston to report for the army. "If we win the war, maybe we'll be back," said Mrs. BROWN. Hate to see her go....

Then we said our farewells to Mr. and Mrs. E. V. SPENCE who are also army bound. After a few days on their ranch they are headed for Fort Sam Houston and after that, only Uncle Sam knows. The SPENCES have to leave their friends but are enthusiastic about the idea of army life....

JOHN W. GARRISON, who was so severely burned last year, is making rapid strides to complete recovery. He's leaving this week for Dallas for a check-up and after that—well, he hopes to go back to work again in a short time. That's the best news we've heard in a long time....

Due back in town this weekend are Mr. and Mrs. H. V. CROCKER who have been in Dallas getting their son properly enrolled in a speech clinic there....

Also starting on a nurses training career is LENORAH IRWIN who leaves today for San Angelo and Shannon Memorial Hospital for her training course. The girls in white have sure cinches for jobs these days too....

What with one thing and another the MODERN WOMAN'S FORUM never did get plans made for their tea that was supposed to be today. So, according to Mrs. W. J. McADAMS, the affair has been put off temporarily.

## Corsetiere Gives Hints On How To Buy Foundations

Miss Cloy, well known corsetiere at Wards this week, passes on a few friendly tips on what to look for in buying a foundation garment.

"Naturally, a woman wants to improve her figure, but this must be done properly and comfortably. A foundation garment has to be as carefully fitted as your shoes."

Almost any garment will look and feel all right when the wearer is standing straight, but the real test comes when the body is in action. When buying a foundation garment, be sure to sit down and bend over in several positions, to make sure your garment has enough "give" yet is firm. Garter placement, also, is of extreme importance. The garters must allow enough "give and stretch" so the stockings will remain fastened when you're sitting, and will not wobble up when the knee is bent.

"If you follow these two important rules," says Miss Cloy, you'll always be comfortable in your foundation garment, and satisfied with your purchase."

Sunday Night Theme: "HYLER, THE JEWS AND JESUS"

Radio Address Each Day This Week, 8 a. m.

# Editorial -- Needed: Garden City Road

Today a committee goes to Austin to prosecute an application for a state highway connecting the county seats of Howard and Glascock counties.

Just what action will reward its efforts will remain to be seen. In the highway commission are three men of ability and honesty who will do what they believe to be best, not only for the counties involved, but for the state. This is one of the reasons we have consistently opposed diversion of funds from the highway department. Another is that we believe taxes imposed for a purpose should go for that purpose.

But this is getting off what we started to say. It is this: We need to keep on paying close attention to our highway needs.

There is no use of shutting our eyes and wishing. Modern commerce is taking to the road, and it will be on the roads more and more until that day when it will take to the air.

One of the fundamental requirements for building substantial cities is transportation facilities. The community must not only be strategically located, a quality which we possess, but it must be accessible.

We do not wish to be in the position of desiring roads simply because they would benefit Big Spring, but if they serve surrounding areas, other cities and thus fit into the state highway pattern, we want and need every one that can be had.

### Washington Daybook--

## Commanding Officers To Determine When Men Due Release From Army

WASHINGTON—Answering the call of the "undus hardship" case is one of "undus hardship." This application will go to field headquarters, or corps area headquarters, depending on the status of his unit and there be acted upon.

K. L. T. Golden, Colo.—The Near East situation is far too complicated to try to explain in a paragraph, but war observers here are saying for certain that it probably will be the theatre of war this winter. (Remember though that they have been wrong before. The collapse of Russia, according to their "authentic" estimates, is already two or three weeks overdue.)

T. M. Leonis, N. J.—The reorganization of the defense set-up (although it probably will not still the critical tongues of opponents) will have a much more far-reaching effect than appears on the surface. John D. Biggers (OPM production official) and Edward R. Stettinius Jr., priorities chief, had been targets for opposition sniping for months. Their transfer to jobs which demand less over-all executive control will mean that many

men they gathered around them soon will be returning to private enterprise. In other words, there will be a change in the priorities and production set-ups reaching well down the line. Whether it will be for better, worse or nothing at all remains to be seen.

K. R. Portsmouth, N. H.—Coast guard work still is being carried on by the coast guard. Under its transfer to the navy, the navy assumes the obligation of seeing that the tasks assigned to the coast guard are performed. In other words, the coast guard—like the U. S. marines, for instance—is now a part of the navy, but with special duties.

O. M. T., Miami Beach, Fla.—The parachute troops (in training) are the fastest growing branch of the United States army. Two years ago, there were none. A year ago, there about 60. Now there are more than 5,000 men trained or training. Trainees now may volunteer for this branch of the service, but one positive requirement is topnotch physical form.

men they gathered around them soon will be returning to private enterprise. In other words, there will be a change in the priorities and production set-ups reaching well down the line. Whether it will be for better, worse or nothing at all remains to be seen.

The taste has changed, however. In the beginning most of the choices were fiction. Today they are about half fiction and half non-fiction, and the balance has gone, for certain periods, heavily toward the non-fiction side.

"The public likes a good book," Mr. Scherman says. "That's about all you can say."

The trick seems to be in the way choices are arrived at.

Usually the club gets page proofs, or galley proofs, of all important new books. The publisher sees to that. Unless the prospect is obviously a cripple, each of these offerings is read by at least two readers.

There are five of these working all the time at headquarters. In addition, there are 25 or more scattered over the country, some of whom are specialists in certain lines. An "A" book is one that the readers feel certainly should be considered by the judges for final selection. A "B" book is one that has possibilities, a "C" book is not necessarily a bad book, but is one that does not seem suitable for the "middle third."

The judges are Dorothy Canfield Fisher, Christopher Morley, William Allen White and Henry Seidel Canby, all of whom started with Mr. Scherman 15 years ago. They

## Man About Manhattan—Harry Scherman Built Up Great Book-of-Month Club Business

By GEORGE TUCKER

NEW YORK—A calm, quiet, deliberate gentleman by the name of Harry Scherman has built up one of the largest unified audiences in the history of the world. He did it by not choosing best sellers for them to read.

Mr. Scherman is the man who, 15 years ago this month, stuck out his neck by backing a venture called the Book-of-the-Month Club. Everybody knows now what the idea was—then there were exactly 4,700 subscribers, and nobody, least of all Mr. Scherman, knew how many of these would stick.

They not only stuck—they multiplied like microbes. There are more than 400,000 of them today, representing generally the great middle third of America, but running up into the highest income classes, and down into the lowest. Book stores and some publishers viewed the venture with horror 15 years back—they thought it would kill their business. It didn't. It bettered it, and now it has come as close to being a public utility as a privately owned business well could.

Scherman can't be sure that he knows what the reading taste of his enormous family really is. It's too varied. What's more, he does not choose the books himself, and does not try to influence his judges.

The taste has changed, however. In the beginning most of the choices were fiction. Today they are about half fiction and half non-fiction, and the balance has gone, for certain periods, heavily toward the non-fiction side.

"The public likes a good book," Mr. Scherman says. "That's about all you can say."

## FOR THE LOVE OF PAM By VIVIAN GREY

Chapter 13

Exit Jerry

"Yes!" Jerry's voice was tense. "Go on. I haven't honor, you were saying?"

"Well, you haven't! If you were honorable, would you be engaged to one girl and try to make love to another? Is that the conduct of an honorable man? Of a person who even deserves to be called a man?" There! It was out, and in a voice that could not conceal its hurt.

"Is it my fault," Jerry demanded fiercely, "that I blundered into an engagement before I'd found the girl I really loved? Is it my fault the girl who's wearing my ring won't release me?" He'd been startled. He hadn't known Pam was aware of the engagement between himself and Freda. Yet he might have known she would hear of it. And Pam, with a feeling of dismay, realized that Freda had not released Jerry after all. Freda had

not done what she promised. She might have expected that.

"No," Pam said coldly, "I suppose nothing is your fault. Nothing ever would be your fault. I couldn't see you ever taking the blame for anything. Not you."

"You'll eat those" words, young lady," Jerry's voice was edged with anger. "I didn't plan this, I didn't expect to come down here and fall in love with a young tigress. But I have! And I'm going to do something about it."

"Tigress? I'd rather be one any day than a worthless human being! Stop calling me names and get out of here!"

"I suppose I started this name-calling?"

"Get out, I said! On your way. I can't bear the sight of you. I don't want to have to look at you!" Jerry's eyes were blazing with repressed anger.

"The time will come, Pam," he said in a low, carefully steady tone, "when you'll ask me to come into your house."

He turned then and walked out. Blaze stood looking from one to the other, and finally, with her tail and head down, walked slowly after Jerry. After all, he was her master.

ing Jerry calmly. It took all the courage she could summon not to throw up her hands and decide that she was beaten. But Pam hadn't come from stock that gave up easily.

She walked along the winding drive and into the shadowy lobby of the hotel. She left the hat at the desk, with the clerk who had been instructed to pay her. The five dollars that she folded and put in her purse gave her chin a decided uplift.

When she reached the door she looked out into one of those sudden showers typical of the place. It seemed to drop from a sky that opened as a spigot might, so suddenly did it come. Pam had never ceased to wonder at these brief tracks! Oh, they're those rubber soles from the dime store. How funny!

Pam felt her face flush. She realized that her footprints on the sidewalk had revealed one of her little economies. She had on the sensible low-heeled shoes that she always walked the uneven streets of Key West in and they were the ones that Juan had resoled for her, using material from the ten-cent store.

Economy was no disgrace, she tried to tell herself as she walked on. But somehow Lenore and her gay crowd made all of those old standards and principles, which had seemed so fine and worthwhile, whips that cut cruelly into her pride and flushed her face with a humiliation she was actually ashamed of.

Pam felt that she couldn't go home and face her work and the familiar things. The familiar things somehow seemed to be falling her. Everything had gone topsy-turvy. Even the town was that way. It had all gone a little mad since fall. And yet on the surface there was little visible change. Pam felt

### The Thrill That Comes Once In A Lifetime

## How To Crash Hollywood—Coons Sticks Neck Out—Selects Future Star

Putting himself out on a limb, Robbin Coons, AP Hollywood writer, picks Juanita Stark, a new film face of today, as a star of tomorrow. Meanwhile she cools off in a chair of ice.

By ROBBIN COONS

(Last of six articles)

HOLLYWOOD — Running through this series have been names, most of which you never heard before or never saw on the screen.

Ruth Warrick, Dorothy Comings, Donna Reed, Juanita Stark, Rod Cameron, Douglas Nealand, Janet Blair, Barbara Britton, Dana Andrews, Dorothy Morris, Anne Baxter, Frances Neal, Nancy Gates, Martin Lamont, Faye Emerson, Evelyn Keyes, Rosemary Colman, Patricia Dane, Roger Clark, Richard Travis, Alexis Smith — I could carry on the list indefinitely.

Which of these, or of all the others now under contract, will be the stars of tomorrow?

Many Show Promise

I wouldn't presume to know, Nobody—including Darryl Zanuck, Jack Warner, and Louis B. Mayer — knows for sure. It is easy enough to make "predictions" of those whose work has already been seen: Dana Andrews, through "The Sign of the Cross" and his current "Swamp Water," is practically star-material already. Dorothy Comings, since "Citizen Kane," is a great bet. Ruth Warrick, buried in that film, has made new tests which are dazzling and exciting, is already in stellar demand. Donna Reed, in "The Getaway," showed unmistakable signs. Evelyn Keyes came into her own in "Here Comes Mr. Jordan." Patricia Dane, impressive in "Life Begins for Andy Hardy," may have what it takes to climb higher—and she may not. Alexis Smith is striking in "Dive Bomber," and

individual.

I'm going to make one wild, foolish, preposterous prediction just for the fun of it. It concerns Juanita Stark. I saw her test. She's beautiful, physically appealing, and her sincerity lights the screen. Her diction is bad, her carriage poor, and she's a raw actress. But she's working hard, and improving. In three, four, five years Warner Bros., or some other studio, will have a star in this girl. She may still be no great actress, but she'll be a star.

Sidelight On The Hunt

Now for some sidelights on the talent hunt:

Tyrone Power once drew \$50 a week from Metro, went to 20th after playing with Katharine Cornell. . . . The scouts seek only romantic leads — seldom sign "characters" or children except as specific need arises. . . . Says Solly Balzano: "I couldn't sell Bette Davis, James Cagney, or Spencer Tracy to a studio today—if they were unknowns. They're all 'characters.' Aspirants who are 'characters' should make names on the stage before trying pictures. . . . They all make mistakes. . . . Ben Piazza freely admits he rejected Katharine Hepburn. "I was looking for photogenic talent—she came to me dressed outlandishly, looked impossible. . . . Piazza once tried to "sell" a newcomer to Ernst Lubitsch. "Too thick-lipped," said Lubitsch of James Stewart, later Oscar-winner. . . .

Metro's Billy Grady, on Metro's releasing Deanna Durbin: "Deanna was a singer; we had nothing for her, and a singer ought to be al-

lowed to sing. It was a choice between her and Judy Garland. We did Deanna a left-handed favor—Universal needed a singer, and she was it." . . . Garland, as it worked out, tops Deanna at the box-office, so in a business way the Metro choice wasn't bad. . . ."

## Fall WTCC Convention Date Fixed

MIDLAND, Sept. 14 (AP) — The West Texas Chamber of Commerce will hold its 1941 fall convention—second for the year—here Tuesday, Nov. 4, President J. Thomas Davis has announced.

Selection of the date was made by the WTCC officers' committee and the board of directors of the Midland chamber of commerce. Davis listed a streamlined program to conform with action taken by the WTCC directors at Mineral Wells last May when it was decided to meet in the fall instead of the summer, beginning with 1941.

The convention will be organized on a delegation basis with business transacted by a house of delegates considering projects and resolutions presented by the convention work committee. Voting will be under the town unit rule.

### Half Dozen Mitchell Oil Tests Active

**COLORADO CITY, Sept. 13 (Sp)**—At least half a dozen oil tests were active in Mitchell county this week.

Down in the extreme southern part of the county on the Randerbrook ranch, Humble's No. 1 Ellwood, section 49-16, S.P. survey, drilled past 4,300 feet with rotary. Contract depth is 8,000 feet. Shows of gas were encountered at 595 and 3125. The San Angelo was topped at 1,940, the Clear Fork lime at 3,150. This is a wildcat test.

Another wildcat test was making ready to go west of Colorado City, the H. B. Ownby No. 1 Morrison in section 24-29, T-3-N, T&P survey. Cellar and pits have been dug and machinery is being moved in. The test is 600 feet from the south and east lines of the SE quarter of the NE quarter.

Drilling in the Dockrey & Robbins field of northwestern Mitchell county were: Magnolia No. 1 W. L. Rhoades, section 99-97, H&TC, drilling at 1,735; G. B. Anderson No. 1 O. L. Simpson, section 65-97, H&TC, at 1,908.

In the same field A. R. Forrester No. 1-B C. C. Mills in Reiger subdivision 9 was shut down at 1,515 waiting on cement to set on 7-inch casing from 1,509 to 1,515. H. H. Simons No. 1 Ed Strain in the same subdivision was shut down for repairs at 1,600 feet.

Still locations in this field were Lam Hibben No. 2 B. W. Jackson in section 62-97, H&TC; L. Walker No. 2 J. E. Badgett in section 81-97, H&TC. Cellar and pits have been dug for F. W. Merrick No. 2 Crawford in Reiger subdivision 11. Echols & Fontana No. 1 L. A. Strain in Reiger subdivision 14 has been completed for an initial production of 98 barrels plus two percent water. Drilled to a total depth of 1,731, this hole was plugged back to 1,715 and shot with 530 quarts from 1,615 to 1,715. Awaiting a potential test was Merrick No. 3 Strain in Reiger subdivision 10, drilled to 1,790 and shot with 530 quarts from 1,658 to 1,755. C. L. Echols No. 2-A Crawford in Reiger subdivision 13 was cleaning out in preparation for a test.

Just east of the Mitchell-Howard county line R. J. Wallace's No. 3 Foster was drilling past 2,110 in lime. Location is in section 7-29, T&P survey, T-1-S.

### Program For Goodwill Fete Is Announced

Program for the good will dinner Thursday evening at Coahoma was virtually complete, the good will committee of the chamber of commerce announced Saturday.

Arnold Marshall will be heard in a base solo, Doyle Turney's orchestra will play, Harry Fenstermaker and Edmund Harris will give guitar numbers, and the West Texans will sing. Master of ceremonies will be Martelle McDonald and R. W. Whipkey, chamber of commerce president, will preside.

The number of reservations rose to 93 Saturday, leaving only 22 more pairs of tickets to be sold locally for the affair which marks the resumption of the dinner series after a four months layoff.

Making reservations were O. R. Bollinger, Joe Pond, R. N. Beacham, Clyde E. Thomas, Arthur Woodall, Ed Hatch, Big Spring Laundry, Lee Porter, C. M. Weaver, Fred Keating, Robert E. Lee, Victor Mellinger and W. M. Gage.

**German Crews Man French Submarines**

CAPTETOWN, Union of South Africa, Sept. 13 (AP)—Two Danish soldiers who reached here after escaping from Dakar in a rowboat said that the 15 submarines based at that French West African strong point flew the French flag but some of the crews spoke German.

The Danes, prisoners at Dakar for a year, said they had been confined in ships at anchor there. They said that the French were holding 30 allied ships there and that submarines frequently came and went. Warcraft in the harbor also included the battleship Richelieu, three cruisers, two destroyers and three gunboats.

### Airlines To Suspend During Maneuvers

JACKSON, Miss., Sept. 13 (AP)—Two commercial airlines operating through Jackson have been ordered to suspended night flights for the duration of the army's maneuvers in Louisiana, officials of the civil aeronautics authority announced today.

Jim Shipp, local CAA inspector, said the order suspended night service by the Chicago & Southern Airlines between Memphis and Houston and Memphis and New Orleans, and night flights of the Delta Air Lines from Dallas to Birmingham.

Army planes, Shipp explained, fly without lights and do not file flight plans, thus creating a danger for other craft in the air.

that her life was like that. Turn-moll had suddenly boiled up in it, without much meaning, but deeply disturbing. And yet, on the surface, she was going on living as she always had.

She strolled to the yacht basin, hoping to forget what had been happening, get back to normal again. But the Winthrop yacht was there. It was apparent that it was being made ready for something. Pam wondered vaguely if it was for sailing and felt her heart start uncomfortably.

If the Winthrop yacht sailed, that meant Jerry, too, would sail to some other port. She saw the Winthrop car come up and park; then saw Jerry's mother get out and go to the yacht. Mrs. Winthrop was still on the yacht when Pam finally turned toward home.
