RANGER DRILLER DIES FROM BURNS

ARMY AND NAVY ENGINEERS WILL PROBE DISASTER

Rumors of Poor Construction Are Current; Recheck Cuts Death List.

WASHINGTON, Jan. 31.—All the powers of the federal government will be used to probe the Knickerbocker theatre disaster, it was learned today at the department of justice. If the investigation shows fraudulent or cheap construction and lax building inspection, those responsible will be charged with criminal negligence and relentlessly prosecuted, Attorney General Daugherty declared.

Congress, the executive departments and the district government have joined in a comprehensive inquiry into every phase of the disaster.

Six of the best army and navy construction engineers have been detailed to investigate the building's collapse for the department of justice. Reports are current that the concrete was in a crumbling state and reinforcement was lacking. The reports of the army and navy experts will be laid before the federal grand jury, which has already begun an inquiry into the reasons for the disaster.

Meanwhile, the work of razing the remaining walls has been started but is proceeding slowly because of the danger that workmen may be buried by a sudden collapse.

Police authorities declared today that the death list had been reduced to ninety-five, owing to several errors and duplicate reports. Sixty-two of the 144 injured are still in the hospitals.

ACTOR SEEKS \$200,000 BALM FROM OIL MAN

OKLAHOMA CITY, Jan. 31.—Orman W. Dickerson, prominent oil operator of Tulsa, today was named defendant in a \$200,000 alienation suit, brought by Gustav Adler, an actor, of New York City.

Adler asserts in his petition that Dickerson first became acquainted with Mrs. Adler while they were playing in Oklahoma City in 1920. At that time, it is alleged, Dickerson planned to acquire an influence over Mrs. Adler and entice her away from her husband. In this, the petition asserts, Dickerson succeeded, and in December, 1921, she abandoned him.

RADICAL EDITOR IS WHIPPED AND TARRED BY DRUMRIGHT MEN

DRUMRIGHT, Okla., Jan. 31.—A band of seven masked men at 6:30 o'clock last night seized R. L. Moore, 45, editor of the Drumright Post, threw him into an automobile, drove to a point five miles south of the city, and flogged him severely. Moore was charged with writing radical editorials and urging revolt against the local and state governments.

Examination by physicians disclosed that the lash had been applied about 150 times. When the flogging had ended, the masked men then cut Moore's hair, mixing the tar with the stubble that remained on his head. Afterwards he was dressed and brought to the outskirts of the city, where he was thrown out, with orders to leave Drumright within twenty-four hours.

SAN ANTONIO OFFICERS AMAZED BY UNUSUAL MURDER METHODS

SAN ANTONIO, Jan. 31.—Police are questioning three women and one man in connection with the death of L. M. Hogland, 50, a carpenter, who was found dead in bed early today at his home. An inquest and autopsy has been ordered by coroner Fiske.

Hogland's head was suspended by a small cord that had been drawn tightly about his neck and secured to the top of a bedpost. On the right

Everybody's Happy But Fowler, and He's an 'Outsider,' Mary's Lawyer Tells Court

CARSON CITY, Nev., Jan. 31.—Arguing that everybody concerned in the Mary Pickford-Owen Moore divorce case is happy except Attorney General Fowler of Nevada, Gavin McNab, chief counsel, yesterday afternoon placed the matrimonial fate of "America's Sweetheart" before the final court of appeals—the supreme justices of the state of Nevada.

McNab characterized Fowler's course as a gratuitous and meddling act, without any precedent at law.

"There is no aggrieved party to this act," said McNab. "It is a plain civil suit between two parties and if both are satisfied, there is no provocation for a third party action."

The case, which comes to the supreme court on an appeal in which the attorney general disputes the legality of the divorce, was taken under advisement. A decision is not expected for two or three months.

FIRE HAZARDS MUCH DECREASED IN YEAR'S TIME, INSPECTOR SAYS

Ranger has improved greatly from a fire prevention standpoint, E. R. Miller, inspector from the state fire marshal's department, stated this morning following a two-day inspection of the city.

The inspector explained that the improvement resulted from the elimination of fire hazards from dry grass, as the result of the co-operation of property owners and the fire department, and the strict enforcement of the ordinance against the accumulation of trash and rubbish by Wade Swift, sanitary inspector, as well as the evident desire of Ranger citizens to co-operate with the authorities along this line.

In the inspection approximately fifty flexible gas connections, or con-

nections with rubber hose, was found in various buildings of the city. The fire hazard from these connections was explained by the inspector and Fire Chief George Murphy and the tenants instructed to have the connections replaced with pipe before another inspection is made. It was explained that a small leak in the rubber connections was liable at any time to catch fire and burn up the hose.

In one instance the inspector found the rear of a frame building on Main street in a dangerous condition. A contractor who had been retained to make certain repairs was ordered not to proceed, on the grounds that the rear of the structure was in a dangerous condition and would likely be condemned.

SHUCKS!

CHICAGO, Jan. 31.—Stationmasters of Chicago have declared war upon the farewell kiss in railway stations. There have been many instances where this farewell osculation has delayed trains and otherwise jarred the dignity of the station rules, so no more kissing, either inside or outside the train shed gates, will be tolerated. Nothing more violent than a well regulated chauntiqua salute is to be permitted. Persons who desire to kiss friends or relatives farewell, must do so in the street. Neither will the stationmasters permit any more spooning in the waiting rooms.

CLARA'S FILM BOOSTS CITY'S BANKROLL \$150

The sum of \$150, collected by some of the city officials from the management of the Clara Smith Hamon picture and the Majestic theatre on Friday afternoon, following the condemnation of the picture by the censorship board, was turned over to the police yesterday afternoon as a fine.

The amount was brought to police headquarters by one of the city employees and credited on the blotter to the Majestic theatre, as the defendant to a charge of operating a censored picture on Jan. 26-27-28. The notation "P. G." of pleaded guilty precedes the amount of the fine on the blotter.

No statement has been forthcoming from any of the city authorities regarding the collection of the money.

INCOME TAX AGENT HERE FEB. 20-24

M. M. Boynton, deputy collector of internal revenue, will be in Ranger from Feb. 20 to Feb. 24, inclusive, to assist individual taxpayers in the preparation of their 1921 income tax returns, according to an official announcement received this morning. Any person needing information about the income tax laws and regulations is stated. The deputy collector while in Ranger will probably maintain headquarters at the Peoples bank.

SENATOR KENYON TO BE FEDERAL CIRCUIT JUDGE

WASHINGTON, Jan. 31.—Senator Kenyon of Iowa today accepted the appointment as federal judge for the Eighth circuit tendered him by President Harding and then it was sent to the senate. The senate soon afterwards confirmed the appointment in open session, an honor rarely extended to any appointee.

BLIZZARD WRECKS FAMOUS MADE-TO-ORDER CLIMATE

SAN FRANCISCO, Jan. 31.—California's made-to-order climate is going to pieces.

OKLAHOMA PACKING HOUSE WORKERS TO QUIT STRIKE

OKLAHOMA CITY, Jan. 31.—Packing plant workers here who have been on strike since Dec. 5, today were awaiting a reply to their request of Chicago union officials for authorization to hold another official ballot here on the matter of continuing the strike. A straw vote among the workers today, union men said, showed a majority in favor of returning to work.

City Retires \$45,000 in Bonds

Check Mailed Today to Retire Issues Maturing on Feb. 10.

A check for \$45,000 was mailed to New York today by City Secretary George Hemmington to retire that amount in municipal bonds, maturing on Feb. 10. The bonds to be retired include: \$2,000 fire station bonds; \$3,000 in sewer bonds; \$19,000 in street improvement bonds and \$21,000 in funding bonds. The latter bonds are those sold by the city to redeem warrants issued for improvements in 1919.

The bonds maturing on Feb. 10 are the first falling due since a year ago. A check for the full amount was signed yesterday by Mayor Gholson and it was decided this morning to mail the check at once, in order that the New York bond house might receive it without any delay. With the slow collection of taxes the retiring of the bonds has required close financing, it is stated.

FIRE HOSE WINS BOSTON BATTLE WITH ARMED MAN

BOSTON, Jan. 31.—Renz Murray, negro, who shot and fatally wounded a policeman and then barricaded himself in a south end apartment house, was captured after a heavy revolver battle with scores of policemen and firemen. The battle lasted nearly an hour and hundreds of shots were fired. With the police unable to get near the house because of the rapid fire directed by the negro, the firemen directed two high-pressure streams of water into it, which drove him to the roof, where he was captured by a score of policemen.

INSTRUMENTS REGISTER SEVERE EARTHQUAKE

SAN FRANCISCO, Jan. 31.—Many early risers today reported they had felt an earth tremor, believed to have been an earthquake, at 5:15 o'clock this morning. The force of the tremor was sufficient to rattle windows, they said. United States weather bureau officials however, had no report of an earthquake and none of the observers felt the supposed tremor nor was it recorded on their instruments.

HERESY PROBE BEGINS TODAY AT BAYLOR U.

WACO, Jan. 31.—The committee appointed by the Baptist general convention last month at Dallas to investigate the charge that heresy was being taught in Baptist schools met here today and began investigation of Baylor university.

FIRE AT DESDEMONA

DESDEMONA, Jan. 31.—Fire that broke out on the second story of the Baldwin hotel Sunday night destroyed the building and several buildings adjacent, a cafe and a millinery shop. Property loss is about \$5,000 without insurance. The occupants of the hotel narrowly escaped with their lives.

NEW TRIAL IS DENIED CONDEMNED MEXICAN

GEORGETOWN, Texas, Jan. 31.—Manuel Sague, Mexican, convicted here several days ago and given the death sentence for the murder of S. O. Wofford, Austin traveling man, on a passenger train near Granger, Texas, in 1920, has been denied a new trial by Criminal District Judge James R. Hamilton. Notice of appeal was given by attorneys for the condemned man.

Answering Edison's Questionnaire Wins Jersey Man Place in Inventor's Family

NEW YORK, Jan. 31.—When Thomas A. Edison formulated his famous and much abused questionnaire, he had no idea that the only man who would answer it correctly would win his way into the Edison family. But Samuel A. Halsey of Newark, N. J., will tonight marry Miss Charlotte Hawkins, sister-in-law of Charles Edison, the only son of the inventor. The wedding will take place at Charles Edison's home in West Orange, N. J.

Halsey, who is now manager of an Edison concern in this city, was one of the first to get the famous questionnaire, issued in February of last year. Instead of ridiculing, he answered it, listing the correct answer to every question, and was given an A-1 grading by the inventor himself. He was given a job juggling figures at the Edison factory, but didn't stay there long. In his advance he reached the post of chief of the personnel staff and met Miss Hawkins, who was doing welfare work in the Edison plants.

Then Halsey framed his own questionnaire of but one question, Miss Hawkins also grading him A-1.

RANGER LEADS POLL TAX RACE BY NOSE, AS RACE ENTERS LAST DAY

Only those who pay poll taxes or obtain exemption certificates before midnight tonight will be eligible to vote in the election this year.

Any American citizen, man or woman, now a resident of Ranger will be entitled to vote in the July primary and the November election, regardless of the time he or she has lived in Ranger. The law provides that one must be a resident of the state one year and the county six months, before voting.

All persons becoming 21 between Jan. 1, 1921, and November, 1922, and passing the age of 60 since Jan. 1, 1921, are entitled to exemption certificates.

Both poll tax receipts and exemption certificates can be obtained at the Chamber of Commerce on Austin street. The cost of the poll tax is \$1.75. There is no charge for exemption certificates.

By 10 o'clock this morning Ranger had leaped ahead of the combined forces of Eastland and Cisco in the poll tax race by the small margin of fifty receipts. Exclusive of the re-

ceipts issued from the supplemental book in Eastland, a total of 1,664 receipts have been issued to Ranger citizens from the Ranger and Eastland offices, as compared to a total of 1,594 receipts issued to citizens of Eastland and Cisco. Eastland now has 885 citizens who have paid their poll taxes and Cisco 709. The names of Ranger citizens on the supplemental book is supposed to about offset those of the other two cities.

A total of 138 exemption certificates have been issued to citizens from the Ranger office alone. The number issued in Eastland and Cisco is not known.

The office of the deputy poll tax collector in the Chamber of Commerce will remain open tonight until 11 o'clock if necessary. "It will be open as long as they come, up until midnight when the time limit expires," J. E. T. Peters, deputy collector, stated this morning.

It is predicted that if poll tax payments are sufficient here today to offset the spurt at Eastland and Cisco that Ranger will win out in the race for a larger number of qualified voters than both of the other two cities. Every poll tax payment that can be made and every exemption certificate, however, will be needed in the race.

GAS IGNITES AT COPELAND WELL, CAUSE UNKNOWN

C. R. Thompson, Brought to Ranger Hospital Lives Twelve Hours.

C. R. Thompson, 30, drilling contractor of Ranger, died early this morning at the Clinical hospital from burns received early Monday morning in a gas explosion at the Texas Pacific Coal & Oil company's Copeland No. 1, thirteen miles north of Caddo, in the Tomcorbett vicinity, which destroyed the entire rig. The blaze was extinguished without great difficulty.

The well had come in several days ago, flowing oil and gas and was being drilled deeper at the time of the accident, company officials state. A quantity of gas had collected about the well but it is not definitely known just how it became ignited. Only Thompson and his tool dresser were working at the well at the time of the explosion and it was stated at the Texas Pacific offices that neither had any idea as to the cause. Thompson is said to have been in the engine house at the time.

Reports from Caddo advance the theory that the explosion might have resulted from a short circuit in the generator, which caused a spark. The boiler had been moved back.

The injured man was brought to Ranger yesterday afternoon about 3 o'clock, after he had received medical attention from Caddo physicians. He died this morning at 3 o'clock from burns which covered his body from the waist down and on his back. The body was removed to the Milford Undertaking parlors and will be sent to the home of his mother in Shelton, Wash. Mr. Thompson is survived by a wife and young daughter. He had been a resident of Ranger for some time and at the time of the accident was drilling the well for the Texas Pacific company under contract.

FOUR ATTACKS IN TWO DAYS ON COLLEGE GIRLS

POUGHKEEPSIE, N. Y., Jan. 31.—A huge, roughly dressed prowler who has attacked four Vassar college girls within the last two days terrorized the college campus today.

Following an attack by the man last night on Prof. Anna Kitchell, a six-foot instructor, the police have sent out possses to track down the man, while the college authorities are taking other precautions.

COMMISSION WILL NOT ADJUST ALLIED DEBT

WASHINGTON, Jan. 31.—A provision in the allied debt refunding bill which would have given the debt commission power to adjust and settle all claims the United States has or hereafter may have against any foreign government was stricken out today by the senate.

DUMMY FOOLS POLICE WHILE YEGGS ROB SAFE

PHILADELPHIA, Jan. 31.—Cracksmen placed a dummy safe made of cardboard Monday to fool the police while they robbed the real safe.

They escaped with a codebook for making keys for ignition locks and with \$800 in money, bonds and jewelry.

POPULAR AND CLASSICAL MUSIC MINGLE IN TONIGHT'S PROGRAM

A large house is expected tonight at the symphony concert of the League of Nations in the Chamber of Commerce and the 1920 club.

The orchestra is heralded as a trained symphonic organization, presenting the best in music and as offering one of the few opportunities to hear a real symphonic program outside of metropolitan halls. An enjoyable feature of the program will be the presentation of the popular airs of the day, to appease the musical appetite of all classes of people.

THE RAILROAD AND THE HEN'S NEST.

At first thought there doesn't seem to be any vital connection between a railroad freight agent's office and a hen's nest. But there is a connection between them. It's important enough to make it worth the while of the Fort Worth & Denver line to send out a special train which travels some 600 miles in the course of its tour and stops at every town of any importance to show people what high-grade poultry can do toward putting eggs in nests and money into farmers' pockets. According to the reports that have come in thus far from points visited by the special, which carries a number of men who have distinguished themselves for what they know about chickens and chicken-raising, larger crowds are being assembled than were ever brought together before in these same towns for anything like the same purpose.

It isn't really so hard to reason out from the standpoint of the railroad. More good chickens plus good methods of caring for them mean more shipments of eggs and chickens via railroad to Detroit and Flint, where automobile workers eat. In the meantime, more dollars in the bank accounts of thousands of farmers living along the lines of the railroads mean more automobiles to be shipped from Detroit and Flint to where the chicken growers want to ride about. More automobiles call for more gasoline to be freighted in to run them, more surgical supplies to drug stores to patch up collision victims, more crushed rock and cement to make roads for them to run on and more—but it would take a railroad freight expert to tell you what it all doesn't mean.

But it all adds up to the simple fact that it pays the railroad to run through a territory inhabited largely by prosperous farmers who have chickens and eggs to sell all through the months when they have little else to market. It pays the railroad so well that it can afford to undertake the task of helping to show the farmer how to get more eggs, and finer chickens. When every business gets to be as far-sighted along such lines as the railroads are, business will be better in a great many vocations. For after all, in the long run the most profitable trade is the trade that is profitable to all concerned, whether you are selling transportation or advice or elbow grease.—Dallas News.

And experts say that the Ranger territory has unusual climatic and marketing advantages for the profitable raising of poultry.

We often wonder what that baritone who used to think that through all his days he'd sing the praise of brown October ale sings about now.—Ohio State Journal.

Crime waves are attributed to the World war, although some of our most promising thugs and murderers never saw France.—Birmingham Age-Herald.

PACIFIC ISLAND FORTIFICATION WILL BE BARRED

Last Proviso of Naval Limit Treaty Is Adopted; Shantung Issue Settled.

WASHINGTON, Jan. 31.—The arms conference added two more great successes to its record as it nears the end of the session. The two latest are: 1. Completion of the five-power treaty for the reduction and limitation of great navies by the adoption of article 19, providing for the non-fortification of Pacific islands by the United States, Great Britain and Japan.

2. Settlement in direct negotiations between Japan and China of the Shantung question, which has kept Far Eastern affairs in a turmoil for more than two years. Signing of the naval limitation treaty will be announced at the plenary session tomorrow.

HARDING GRATIFIED. WASHINGTON, Jan. 31.—Much gratification that the Shantung question had been settled was expressed today at the White House, where officials said President Harding felt the agreement reached was an important accomplishment of the Washington negotiations. The White House communication was the first official expression confirming formally the report that the Japanese and Chinese had reached a complete accord, although it had been generally understood for several days that an agreement had been reached.

ARDMORE'S NEW SHERIFF IS POSITIVELY INHUMAN!

ARDMORE, Okla., Jan. 31.—Sheriff Ewing London, serving temporarily during suspension of Buck Garrett, participated in his first moonshine raid Sunday night, assisted by Deputies Smith and Wright, and succeeded in capturing eight 100-pound barrels of mash, 150 empty fruit jars and a large number of large burlap sacks on a farm north of Durwood. During the return of the officers from Durwood to Ardmore, they came upon a roadster stuck in the road and assisted its owners in getting it started again. The men whom the officers had aided, ignorant of their identity, offered the sheriff and deputies a drink of corn liquor, whereupon the latter placed them under arrest and charged them with violation of the prohibition laws.

MOVE MADE TO OUST M'ALESTER SHERIFF

M'ALESTER, Okla., Jan. 31.—Ouster proceedings have been started against Willam S. Sanders, Republican sheriff of Pittsburg county. Proceedings were started when the county commissioners instructed the county attorney to file charges in district court against the sheriff and some of his deputies for misconduct in office.

MINNEAPOLIS MAN SLAYS TIMBER WOLF WITH HANDS

MINNEAPOLIS, Minn., Jan. 31.—Using only his gloved hands, Arthur Lener, Minneapolis, killed a large timber wolf within the city limits, the first instance of this kind for more than a decade. Lener grasped its hind legs and crashed its head against an iron railing when it attacked him.

DOG HILL PARAGRAPHS By GEORGE BINGHAM

The Rye Straw storekeeper has finished invoicing his stock, with the exception of counting his turnip seed.

Tobe Moseley's clock has run down again and is now at a complete standstill. Though this clock has been in the family for a long time it never has seemed able to keep up with the rapid march of time.

Sidney Hocks arose the other morning and thought Wednesday was Thursday. Tobe Moseley says anybody that loses track of as big a thing as a day certainly is not a very close observer. But the days do look alike sometimes.

LOCAL PASTORS MAKE TALKS AT COOPER SCHOOL

Cooper school children were given an interesting talk this morning at their chapel hour by Rev. Drury, pastor of the East Baptist church, the subject being "The Life of Joseph." This is one of a series of talks given by Rev. Drury at the different schools of the city.

Beginning next week Rev. J. G. Winsett of the Christian tabernacle will begin a series of lectures at the Cooper school. The talks are to be on "His Travels." J. C. Baker, principal of the school, reports that considerable study of the Bible is being done at his school and the students are getting proficient in Biblical history.

Mr. Baker lays claim to the county championship in ward school basketball, having won every series played and with only one more game to play—that with Cisco West Ward, to be played at Cisco next Friday. An indoor court is being prepared in a large garage close to the school and post-season games may be played at night and in any kind of weather.

There are more enrolled at the school now than at any time of the year and new pupils are coming nearly every day. There are now about 275 attending classes regularly, and approximately 300 on the roll.

ROAD AGENTS' LONG SENTENCE IS AFFIRMED

BRECKENRIDGE, Jan. 31.—The judgment of the Ninetieth district court in the case of Tom Lane, sentenced to thirty-one years in the penitentiary in two cases of highway robbery has been affirmed by the court of criminal appeals. Lane is now in the Dallas jail where he was taken two or three months ago for safe keeping. He will shortly be taken to the penitentiary to begin his sentences.

Lane was convicted for holding up automobiles last spring on the Ranger-Necessity road in company with Paul Burton and a man named Savage. Burton pleaded guilty and was sentenced to five years. He escaped from the county jail but was later recaptured and is now in the penitentiary. Savage jumped his bond but was arrested just before Christmas in Juarez, Mexico, and is to be released to the Stephens county authorities on the expiration of a jail sentence he is serving there.

MEMPHIS MURDER CASE GOES TO JURY TODAY

FORT WORTH, Jan. 31.—The fate of Mrs. Bernice Vallence, pretty Texas postmistress, accused of killing her former fiance, Floyd Barham, in Memphis, Texas, is in the hands of the jury today at Memphis, arguments having ended late last night. Mrs. Vallence was postmistress at Palaska, a small town near Memphis. At the time of the killing Barham was in Memphis and had just obtained a marriage license to wed another girl. Mrs. Vallence claimed her own life had been threatened by Barham and that she lost her reason when she encountered him in Memphis.

HARDING TO PASS UPON HENRY FORD'S CONTRACT

WASHINGTON, Jan. 31.—Secretary Weeks will discuss the proposed purchase and lease by Henry Ford of the Muscle Shoals power and nitrate projects with President Harding before sending the contract to congress for final action, it was said Monday at the war department. The contract probably will be submitted to congress Wednesday or Thursday, the war secretary said. A copy of the contract signed by Mr. Ford, Jan. 25, and made public today by Senator Harris of Georgia, contained two modifications of the original proposal, one providing for the appointment of a commission by the President to see that the contract was strictly observed, and the other setting forth an agreement on the part of the contractor to pay an annual rental of 4 per cent on the cost of completion of dam No. 3.

BURGLARS GET \$200 FROM STATE BANK

STEPHENVILLE, Texas, Jan. 31.—The Lingleville State bank, twelve miles west of Stephenville, was burglarized Saturday night and \$200 in silver stolen. The vault doors were broken open but no attempt was made on the screw safe where the currency is kept.

OPERA TENOR UNDER KNIFE IN NEW YORK

NEW YORK, Jan. 31.—Lucien Muratore, premier tenor of the Chicago Opera company, was operated upon for acute appendicitis today. The operation was reported "entirely successful." Physicians said the attack was acute and a delay of three more hours would have been fatal.

BOMBS COLLECT GRAFT CLAIMS FOR CHICAGO JANITORS, CHARGE

CHICAGO, Jan. 31.—William F. Quesz, president of the Flat Janitors union, seems to be wasting valuable talent on small things. According to the testimony brought out at his trial for conspiracy Thursday he tried easily quality as treasurer of the United States.

On a salary of \$450 a month the books of the Kenwood National bank show he deposited in three and one-half months, a total of \$22,861. It is assumed he must have paid out running expenses during that time of a thousand or so.

The state charges that this remarkable financial showing is due to his graft from numerous "shake-downs" of tenants, flat owners and merchants who were delivering goods at various homes. From Jan. 18 to May 18, Quesz also banked for his own private account \$6,468.34.

Quesz explained that he received a salary of \$450 a month from the Flat Janitors union and also \$3,000 a year additional as president of the International Flat Janitors union. He said he made the rest of the money in real estate deals. The state maintains that he made most of it by causing bombs to be tossed into apartments where the proprietors and occupants were slow in "coming across."

Mrs. Amelia Katz, a widow, who owns a six-apartment building, said she was forced to pay \$80 in graft to Eugene Fosdick, one of the men on trial with Quesz. She was forced to dismiss a janitor she had, take on another designated by the union at a much higher rate and pay the "fine" of \$80 to Fosdick.

WEATHER HOLDS UP START OF ROAD WORK

EASTLAND, Jan. 31.—The construction of the Bankhead highway, which was to have started today according to an announcement from the contractors, has been postponed until the weather is more favorable. County Judge C. R. Starnes stated that he had been assured by the superintendent of Smith Bros., the contractors, that the work would start at the earliest possible moment. It has not been announced whether or not the contract has been approved by the state highway department.

In proportion to the total population, Nevada has fewer women than any state in the union. Even after her marriage, Princess Mary of England will continue to draw, as long as she lives, an annual income of \$30,000 from the government.

DETROIT COMPILES DATA FOR LONGEST SINGLE SPAN BRIDGE

DETROIT, Jan. 31.—First actual steps toward bridging the Detroit river between this city and Canada have been taken. Engineers have started borings at several points between Twelfth street and River Rouge on the American side and between Windsor and Ojibway on the Canadian side, to determine the location of the structure. The borings will find bed rock on which to place tower piers, on which cables will be anchored 100 feet below the surface of Detroit river. Results of the borings will be known within the next month.

The span will be 1,802 feet, the longest single span bridge in the world. The present record for length is held by the cantilever bridge at Quebec, which is 1,800 feet long, or but two feet shorter than the one to be built here.

K. OF C's. MEET THURSDAY. The Knights of Columbus will hold their regular meeting Thursday at 8 p. m. at the St. Rita's rectory in Cooper addition. All members are expected to be present.

SOCIETY AND WOMEN'S ACTIVITIES

Conducted by MRS. R. B. CAMPBELL Telephone 418

WEDNESDAY. Wednesday Bridge club meets with Mrs. S. S. Bergere. Amusu club meets with Mrs. Ira Nourss.

-PAY YOUR POLL TAX- ST. MARY'S GUILD MEETS.

In spite of the inclemency of the weather quite a few of the members of St. Mary's guild were present at the regular weekly meeting, held yesterday afternoon at the home of Mrs. W. H. Burden. Plans for the church that is to be were discussed and several other business matters were brought to the attention of the guild. Mrs. Wm. Clegg, who was delegate from St. Mary's to the Diocesan council, held last week in Dallas, favored the guild with a report on the work of the council, which was greatly appreciated by all present.

-PAY YOUR POLL TAX- FIFTH MONDAY SOCIAL CLUB.

Mrs. F. A. Brown was hostess Monday afternoon to the members of the Woman's Missionary society of the Baptist church, in their regular fifth Monday meeting. For the entertainment of her guests, the hostess introduced several novel contests. One that is guaranteed to break any social ice was a gum and peanut contest which was extremely unique and clever. Each guest was given a package of gum and requested to chew it, and was then asked to hunt for peanuts which were hidden in the entertaining suite. When these peanuts were found a prize was given for the one who with her number of peanuts and her quota of gum, that could evolve the best man out of the material in hand. Mrs. C. Rhoades was the lucky designer in this contest, receiving as a prize, a big stick of striped candy.

-PAY YOUR POLL TAX- SENT HIM A MULE'S HEAD.

INDEPENDENCE, Mo., Jan. 31.-On his summer trip Frank Brown got an elk and ordered the head mounted. He was expecting it one day last week, and when a big box arrived by express he procured a hatchet, nail puller and derriek and hastened to open it up. The boys gathered around to watch, and when the box was carefully opened, the excelsior and straw removed, there was the head of a grinning mule with dead jimpon weeds for branching antlers. Those who saw it pronounced it a very fine head of its kind, and the joke was complete when a big express bill was presented.

ACID STOMACH CAUSES ULCERS

Dallas Man Suffered Intensely.

"I believe I had as bad a case of acid stomach as anyone ever had. I was in such condition that my food would no longer assimilate or digest and sores developed in my mouth even. My stomach was so sore from ulcers that the pressure of my clothes hurt me. I used FERRASAL and it completely cured me. I will recommend it to anyone as the greatest remedy for acid stomach, constipation and indigestion."

HENRY G. DANNELLY, 5663 Goodwin St., Dallas, Texas.

Acid stomach is a seemingly harmless condition in itself. If not corrected it may result in ulcers of the stomach don't neglect it. Buy a 50c box of FERRASAL from your druggist. We guarantee relief or your money refunded.

Sold by Oil City Pharmacy and other good druggists everywhere.

21-LEGAL NOTICE

DISSOLUTION NOTICE-Notice is hereby given that the firm of Moellendick & Barnhart, the firm composed of Fred Moellendick and Frank Barnhart, heretofore conducting the business of oil well drilling contractors has been this day dissolved, and all persons having bills against the firm will present same to Frank Barnhart at 809 Texas State bank building, Ft. Worth, Texas, this the 27th day of January, A. D., 1922.

FRANK BARNHART, FRED MOELLENDICK.

WOMAN'S EXCHANGE MOVES TO MARSTON ST.

The Woman's Exchange formerly in the Terrell building on North Rusk street has moved to the Poe building on Marston street, directly under the new telephone exchange. The Woman's Exchange handles all kinds of home made knitted goods, fancy work, and many other articles that are made by the women of the town and brought there to be sold.

"IF WOMEN ONLY KNEW" STRONGLY DRAMATIC

"If Women Only Knew," the new Robertson-Cole release, has a dramatic value seldom found in photographs of today. It has to do with one of the paramount issues of our times and, while not in any sense bordering on the sermon variety of pictures, brings forth in a vivid manner an object lesson. Character delineation, as we find the characters in our everyday life, is one of the strong points of the story. The production is a record breaker and will be shown at the Majestic theatre for the first time today.

The value of a woman's sweet and unselfish love is deftly brought out in the picture. A vivid comparison between such a woman and the frivolous, vain type is clearly shown. Most striking of all is the depiction of the young man who, having his choice of the two, is unable to decide which way to turn. He picks the vain-glorious type and the theme is built around the results of his mistake.

CADDO AUTO THIEF GETS FIVE-YEAR TERM

BRECKENRIDGE, Jan. 31.-A. R. Pittman, 25, arrested by the Ranger police last fall for the theft of an automobile from C. T. Bower, Caddo merchant, has been sentenced to serve five years in the penitentiary following his conviction in the Ninetieth district court. The jury in the case refused to accept Pittman's plea for suspended sentence on his claim that it was his first offense.

On the witness stand Pittman detailed the manner in which he stole the car, which was in five feet of the owner's door. A patented lock, he stated, gave him little trouble as he soon "wired around it." District Attorney Osborne was in charge of the prosecution and vigorously opposed the granting of a suspended sentence.

Free Proof That Ironized Yeast Builds Weight

What a Difference! The above illustrations will give you an idea of what a wonderful improvement an addition of 15 pounds makes in a person's figure. Read how IRONIZED YEAST builds weight.

That the first package will bring satisfactory results or your money instantly refunded. You will be amazed at the quick improvement IRONIZED YEAST shows in you. Get it today!

WARNING!

There are certain types of yeast which have absolutely no medicinal value. By insisting on IRONIZED YEAST, and refusing cheap imitations or substitutes, you can be sure that you are taking a vitamin tonic treatment which is unsurpassed in effectiveness, convenience and genuine health-building value.

STAYS IN HOUSE 36 HOURS WITH SLAIN HUSBAND

WICHITA FALLS, Jan. 31.-Alleged to have killed her husband by beating his head to a pulp with an ax early Saturday morning and to have remained in the house with a 7-month-old grandchild until she had gotten word to her son, T. L. Whitaker, living at Marlow, Okla., and he had arrived Monday afternoon, Mrs. John A. Whitaker was arrested by Sheriff Fred Smith late today and lodged in the county jail.

A complaint charging murder was filed against Mrs. Whitaker. She told officers that she wanted her son to know about it first and telegraphed him to come here, telling him his father was sick. The Whitakers had been married over forty years and have four sons living. Last summer Mrs. Whitaker brought suit for divorce against her husband, alleging nonsupport and cruel treatment. The divorce was refused by a local district judge.

SHERMAN MAN'S MARITAL AFFAIRS AIRED IN COURT

SHERMAN, Texas, Jan. 31.-A jury was secured and the pleadings read Monday afternoon in the suit of Mrs. Rowena Coover Bobbit vs. I. R. Bobbit. Mrs. Bobbit is seeking \$100,000 actual and \$100,000 exemplary damages from Bobbit, wealthy Sherman grain and mill man, as a result of her marriage to him, while, she alleges, he was the husband of Mrs. Mary Green Bobbit.

The latter instituted suit against Bobbit after his marriage to Mrs. Rowena Coover in February, 1918, alleging herself his common law wife, and won a decree of divorce and half the community property, valued at more than \$400,000, the case being tried in the district court here in July, 1919, and finally confirmed by the higher courts less than a year ago.

Mrs. Rowena Bobbit alleges in her pleadings that she is the mother of two children by Bobbit as a result of her living with him.

Women in China wear warmers under their cloaks when the weather is cold.

'GOOD OLD RUM' BUILT BROWN UNIVERSITY

PROVIDENCE, R. I., Jan. 31.-West Indian rum, part of it "good and old," played a large part in the construction of Brown university, according to university historians. They have found among the early records a bill for liquors which grew rapidly as the first building rose. The last three gallons were used to raise the roof. Tradition relates that at the laying of the corner stone in 1770 John Brown, merchant, treated the crowd liberally to punch, and the accounts show that what began at the corner stone continued through the entire time of construction.

DECEMBER WAS RECORD MONTH FOR FAILURES

DALLAS, Jan. 31.—Retail sales increased 42 per cent and collections 15 per cent in December over November, twenty-two department stores in the Eleventh federal reserve district reported, according to the monthly statement of business conditions in the district made public today by the federal reserve bank in Dallas. While part of the increase was ascribed to the lull in November, it was taken to indicate the public was responsive to well advertised sales of holiday goods and winter comforts, although there was curtailment due to continued depressed conditions in agricultural and livestock industries.

"Following the turn of the year, however, there has been a notable picking up in both wholesale and retail lines, and if the present movement continues most branches of trade will show a much larger volume of business for the month of January, 1922, than was booked for the corresponding month of last year," the review says.

Building operations fell below the November figures, but was 11 per cent above the December, 1920, figure. January promised to see increased building activities.

The month of December marked the high point for the Eleventh district in failures, which number 197, compared with 145 in November. Liabilities were \$4,307,254, compared with \$3,494,803 in November.

There was a large increase in oil production in the district, total for December being 13,419,760 barrels, compared with 10,617,880 barrels in November.

STAR ATHLETES DISQUALIFIED AT NOTRE DAME

SOUTH BEND, Ind., Jan. 31.—Notre Dame university athletes Monday voluntarily confessed to Father William Carey, chairman of the athletic board, and Knute Rockne, football coach, that they had played in the semi-professional football game at Taylorsville, Ind., Nov. 27, 1921, with the Carlinville, Ill., team. They were immediately disqualified from further athletic competition at Notre Dame.

The eight men were:

Eddie Anderson, Mason City, Ia., All-American end.

Chester Wynne, Orinogue, Kan., All-American conference fullback, selection of several football writers, and star hurdler.

Roger Kiley, Chicago, varsity end, captain of the basketball team, and star trackman.

Lawrence Shaw, Stewart, Ia., varsity tackle and Western champion shot putter.

Harry Mara, Huntington, Ind., sub-center in football and regular baseball player.

Robert Phelan, Fort Madison, Ia., sub-varsity fullback.

Earl Walsh, Adrian, Ia., sub-varsity back.

Dick Seifert, Carlinville, Ill., sub-end.

The players exonerated Gus Desch, member of the American Olympic team, and John Mohardt, All-American back, from taking part in the game, saying that neither was in any way implicated in the affair.

The athletes declared they had received no money for taking part in the game in which it is said nearly \$100,000 was bet by citizens of the two teams. They declared they had agreed to play merely as a lark, and went to Taylorsville with the idea of having a little holiday fun.

The disqualification of the men was said by Coach Rockne to have "just about wrecked" the Notre Dame basketball and track teams.

FRANCE BARS HYPNOTISM AS POLICE METHOD

PARIS, Jan. 31.—Hypnotism as a method of extracting the truth from witnesses has been disapproved officially by the French government.

This official pronouncement, made in the senate by Louis Barthou, minister of justice, was provoked in anticipation of an interpellation in the senate on a hypnotic seance recently conducted by Examining Magistrate Richard, of Tulle, in an effort to determine who had written scores of anonymous letters to prominent inhabitants of Tulle and had posted numerous posters, loudly rattling alleged skeletons in Tulle closets.

Before the interpellation was read, M. Barthou announced the government's attitude toward such methods of examination and the removal of Magistrate Richard from office. The senate immediately voted confidence in M. Barthou.

Several months ago Richard summoned a hypnotist from Paris, who in the darkened judge's room hypnotized two women, with their consent. One remained speechless and the other begged to be awakened from the "suffering agony."

A third subject could not be hypnotized. The seance is said to have brought out no evidence.

AS DRESSER, HARDING IS BEST PRESIDENT

WASHINGTON, Jan. 31.—President Harding is the best dressed president that has occupied the White House in years, according to a delegation from the Merchant Tailors and Designers' association, which called at the White House.

Advertising Note—The president's tailor, a Toledo, Ohio, craftsman, was a member of the delegation.

PAINT BRUSH WILL REMOVE LITERATURE FROM NATURE

SAN FRANCISCO, Jan. 31.—Forest rangers of the state will help nature return to normalcy. During the coming months it will be their duty to wipe out all traces of advertising which made some of the scenic spots of California a billboard and the laughing stock of tourists.

Paint brushes will work the transformation. Rocky cliffs setting forth the wearing qualities of "Never-Bust" suspenders, or "Barnyard Plug—the Nation's Chaw," will be retouched in natural colors. Scriptural warnings such as "Be prepared to meet your God," and "Sin is death," and similar signs covering up much of the natural grandeur of the state, will be removed by the paint brushes.

CHORISTER BECOMES INSANE AT POPE'S MASS

ROME, Jan. 31.—Suddenly becoming violently insane, a member of the pontifical choir Monday created a sensation in the Sistine chapel during the requiem mass for the late Pope Benedict XV by shouting:

"Down with the Pope!"

He insisted upon leading the procession out of the chapel, preceding the cardinals, and somewhat roughly elbowing Cardinal Vannutelli out of the cortege before he was overpowered by the Swiss guards and locked up.

SOCIETY AT ST. MORITZ FOR WINTER SEASON—Society in Europe is flocking to St. Moritz in the Swiss Alps for their winter sports. The season is at its height just now and hotelkeepers say this is the best year since the season before the war. This shows competitors in the bobsleigh races which were held during the Christmas holidays.

Galoshes Replace Engagement Ring; If They Are Open, Girl Is Foot Free

CHICAGO, Jan. 31.—Engagement rings being taboo at Northwestern university, those co-eds who have pledged their troth will now make their status known through the manner in which they wear their galoshes. Galoshes open or buckled will now tell the story hitherto conveyed by the diamond ring. It all came about by one young fiance pleading with his girl to please cover up her shapely ankles from public view.

Open galoshes, a la Captain Kidd, now signify that the wearer is foot-loose and fancy free, but woe betide the young man who attempts to warm up to a girl who wears hers buckled. It is the unwritten law of the campus at Northwestern that men students never "pirate" another fellow's sweetheart.

WILHELM STILL IS KING, GERMAN PAPERS ASSERT

BERLIN, Jan. 31.—William Hohenzollern still is "German Emperor and King of Prussia" on the occasion of his sixty-third birthday, according to monarchist press. These newspapers recall with sadness the pomp and parade of this day in former years.

The Kreuz Zeitung, which reproduces the Iron Cross with the motto, "Forward with God for King and the Fatherland," says William was forced to renounce his throne by traitors and false advisers, and adds:

"To us royalists the oath of loyalty we swore to him remains true and we renew it unto death." The newspaper thinks the Republican government every day brings nearer the necessity for a monarch.

"We cannot forget so quickly our kaiser and king," says the Taegische Rundschau. "If wishes were deeds we all would have a right to be thankful to him."

The Deutsche Zeitung says there should be consolation that the "martyr of Doorn" knew the shame which fell upon him was aimed by an enemy league at the whole German public. "God help and protect our kaiser," this newspaper adds.

BABE NOT KIDNAPPED CHICAGO JUDGE RULES

CHICAGO, Jan. 31.—Mrs. Mary Robbins failed in her attempt to obtain extradition papers for the return to Chicago of Miss Frances MacLane, held at Ogden, Utah, charged with having kidnaped George B. Robbins III, 3 1/2 years old.

The state's attorney declined to issue the papers because the child had been given into the custody of the father by the court and was being taken to Los Angeles to join him.

The babe is a grandson of George B. Robbins, who was vice president of Armour & Co. for thirty-five years.

OHIO WOMAN IS CANDIDATE FOR SENATE

CLEVELAND, Jan. 31.—Mrs. Virginia D. Green, for ten years member of the Cleveland board of education and its present senior member, has announced her candidacy for election as United States senator from Ohio, the first woman in this state and one of the first in America to aspire to a senatorial seat. She will run as an independent with no party affiliation.

Her announcement of her candidacy was brief, being simply that the seating of Senator Truman H. Newberry of Michigan by the senate impelled her to run from Ohio this year as "the protest of women against the purchase of a seat in the highest tribunal in America."

AIR POCKET DROPS MAIL PLANE ON EDGE OF CLIFF

SALT LAKE CITY, Utah, Jan. 31.—His plane perched on a shelf on a cliff 1,800 feet above a ravine near Rock Springs, Wyo., R. E. Ellis, air mail pilot, escaped death by climbing 200 feet to the top of the cliff, according to information received by Claron Nelson, superintendent of the western division of the United States air mail service. Ellis was uninjured. According to the report the plane entered a "down draft air current" and was sucked into a canon and "pasted" on the cliff ledge. The mail was taken from the plane and rolled down the canon, where it was placed on another ship.

POODLE BURIED WITH AGED EQUESTRIENNE

MENDON, Mich., Jan. 31.—Madame Marantette, once a widely known equestrienne, is dead at her home here. She was 73 years old.

In her will, made early this week, Madame Marantette directed that Chief Geronimo, the snow-white horse, and the white poodle, Tiny, which gained fame with their mistress in the sawdust ring, be killed, and that the poodle be buried in her casket.

Madame Marantette's circus career extended over forty-four years. She retired only three years ago and had lived since on a twenty-acre farm near this village. Madame Marantette was the widow of Daniel Hunt Harris, also well known among circus folk.

BIBLE IS WRONG! LEPERS NEVER WHITE

CHICAGO, Jan. 31.—Carl Oscar Peterson, of Rockford, Ill., is a patient at Cook county hospital, suffering from leprosy. For five years he treated himself with patent medicine, thinking he had a skin disease.

"There is nothing remarkable about our accepting a leprosy patient," said Dr. Robert T. Vaughan, superintendent of the hospital. "In the fifteen years I have been associated with the hospital it never has refused to receive a leper."

"The average layman is a victim of superstition concerning lepers. The biblical reference in the Twelfth Chapter of Numbers probably has had much to do with forming the popular conception and fear of leprosy. You recall, it reads:

"And behold, Miriam became leprosy, white as snow; and Aaron looked upon Miriam, and behold, she was leprosy."

"Lepers are never 'white as snow.' The complexion is not affected by the disease. Miriam probably was afflicted with psoriasis, a harmless skin ailment."

Besides being a Scottish peeress in her own right Lady Edith Drummond also enjoys the distinction of being the only duchess of France in her own right.

FOWLER DELAYS REPORTING TO REDS ANOTHER YEAR

FORT WORTH, Jan. 31.—Boob Fowler of Fort Worth, star of the Texas Christian university football and baseball teams, will not report to the Cincinnati National league team, it was learned here Monday. Fowler has returned to school and will wait until 1923 to try out with the Reds, the announcement stated.

CALUMET

HAS RAISED A NEW STANDARD FOR BAKING POWDER

Because it's made in the most careful and scientific manner from absolutely pure materials that remain pure in the baking and insure wholesome, healthful food.

Because it possesses the greatest leavening power.

Because it is not affected by time or weather—it never loses its strength and never falls.

Because it is more economical—you save when you buy it and you save when you use it.

These are a few of the reasons why Calumet is the standard baking powder—the choice of millions—more being sold than of any other brand.

Try it—always buy it. Your grocer can supply you.

CALUMET BAKING POWDER

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

It's Flavor tells the Whole Story

Be fair to your coffee—make it right.

Full directions for making in each can of Sunset.
