AIRPLANES USED IN MEXIA BOOZE RAID

Arbuckle Jury Again Disagrees

RAILROAD MEN TO JOIN MINERS, STONE'S BELIEF

Administration Will Fight Proposed Alliance, Belief at Washington.

CLEVELAND, Ohio, Feb. 3.—It is quite certain that the Big Four brotherhoods of railway employees will attend a joint conference with mine workers, as proposed by John L. Lewis, president of the United Mine Workers, Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers, told the United Press today.

By ROBERT J. BENDER, United Press Correspondent.

WASHINGTON, Feb. 3.—The administration will resist with all of its powers any efforts by organized workers to precipitate an industrial conflict, such as is threatened in the mine strike scheduled for April 1.

And any union of mine workers and railroad brotherhood employees, as proposed by President John Lewis of the miners, would be closely watched and forcefully handled by the government if it appeared to threaten the domestic peace of the country.

Attorney General Daugherty within the next few days, will clearly outline the attitude of the administration toward the mine strike threat and the implications to be drawn from Lewis' suggestion that miners and railroad workers join in a sort of protective alliance. He will point out that there are ample laws on the statute books for bluntly handling any evidence of collusion in restraint of trade and transportation.

Tired of Strife.

Daugherty's proposition, previously revealed by other officials as that of the administration, is that the government is tired of strife and threatened conflict; that workers and the public generally are more interested in work and the ability to earn and live than they are, for the moment at least, in academic discussions of the open or closed shop and kindred moot questions of organized workers' rights. Daugherty will make it clear that so far as the administration is concerned it is willing to support organized labor so long as organized labor pursues its way lawfully. Organized labor, Daugherty holds, however, can not smash the right to make contracts under the open shop plan and can not inflict strife upon a long-suffering public demanding peace.

Ready for Showdown.

As the time for the threatened mine strike, April 1, approaches, it becomes clearer that the administration is ready for a showdown with organized labor if necessary. Lewis' proposal for an alliance between miners and railroad employees is viewed as a threat of vast potentiality by government officials. It is for this reason that Daugherty will announce in advance of the suggested union of workers the government's attitude.

The plan of bringing these 2,000,000 workers together for a united action is not a new one, but Lewis' concrete proposal is the first time the idea has taken definite form. At the miners' national convention in Cleveland in 1919 a resolution was passed creating a committee of five mine worker officials to discuss with brotherhood leaders a plan of alliance. While several meetings were held the discussions never got beyond a stage of mere talk. At the Indianapolis convention last year another resolution was adopted by the miners advocating the idea of closer relationship with railroad brotherhood employees. At this time President Warren S. Stone, president of the Brotherhood of Locomotive Engineers addressed the miners, suggesting informally closer cooperation between the two organizations.

Union Warrants Study.

The proposed union, involving as it would, a linking of forces constituting the very foundation stones of American industrial and economic life, is regarded as sufficiently serious to warrant thorough study by the department of justice. Such an alliance has never effectively been put into operation in the United States. The famous "triple-alliance," established by mine workers, railroad unions and transport workers in England a year

Discharged at 11:20 This Morning; Prosecution Announces It Stood 10 to 2 for Conviction; Third Trial to be Set Monday.

By Associated Press.

SAN FRANCISCO, Feb. 3.—The Arbuckle jury disagreed today and was discharged following its report.

Announcement that the jury stood ten for conviction and two for acquittal was made by L. Friedman, local attorney, who acted as assistant prosecutor, and verified by Harry McGovern, bailiff.

We expect to try the case again, Friedman said.

Arbuckle seemed to be downcast that the second trial of the manslaughter case had not resulted in his acquittal.

The case was put over until Monday to be reset for trial.

SHERIFF IS WALLOPED IN LIVELY BOUT BETWEEN CISCO TAXI MEN

CISCO, Feb. 3.—Sheriff Sam Nolley, L. J. Starkey and Ross Marchman, service car drivers, and N. A. Pennington, "innocent bystander," are listed as casualties this afternoon following an attempt on the part of the sheriff and the two others to prevent a fight between Starkey and Newt Mahaney.

Starkey, the most seriously injured, is said to have been wounded in the abdomen and right leg by a pocket knife said to have been wielded by Mahaney. Nolley is said to be suffering from a skinned lip where Starkey is alleged to have struck him when he attempted to stop the fight. Marchman received a slash on one arm and Pennington had his coat cut.

Starkey is said to have sought out the sheriff shortly before the battle and to have taken him to see Mahaney to settle a dispute. A verbal spat then ensued between the two service car men and when Nolley attempted to restrain the two, Starkey is said to have swatted him in the mouth. Nolley is said to have pulled his gun and struck Starkey to the ground and Mahaney to have taken advantage of the knockout to jump on Starkey with his knife. Marchman and Pennington were cut in attempting to restrain the wielder of the knife, it is said.

Starkey was removed to a hospital and the sheriff departed for Eastland with Mahaney.

FIVE MILLIONS A MONTH SAVED BY NAVY LIMIT

WASHINGTON, Feb. 3.—Congressional action to halt construction of American battleships as provided by the arms conference is expected soon.

Such action will mean the saving of more than \$5,000,000 a month to American taxpayers and congressional leaders are anxious to make the new building program a reality as soon as possible.

GRANDMOTHER ATTENDS COLLEGE AS FRESHMAN

LIBERTY, Mo., Feb. 3.—Mrs. Mary A. Church, a grandmother, is now attending William Jewell college, after the flame of desire for a college education had burned for thirty-six years.

Mrs. Church, who has five grown children and five grandchildren, matriculated as a freshman with two sons, G. A. Church, 18 years old, and James M. Church, 19.

HUNGER STRIKER ENDS ELEVEN-DAY JAIL FAST

MADISON, Ind., Feb. 3.—William Roche, hunger striker at the county jail, is eating after an eleven days' fast, self-imposed to prove he was "willing to take his own medicine" after persuading his wife to go fifty-three days without nourishment "to cure her of stomach trouble and rheumatism."

Mrs. Roche, partially blind and near death from the ordeal, is slowly recovering. Roche attributed his action to a study of physical culture.

The court room was crowded when the disagreement was announced. The jurors all seemed haggard and worn.

Gavin McNab, chief counsel for Arbuckle, said that he would make a statement later.

This was the second jury trying the comedian to disagree, the first standing eleven to one for acquittal.

The jurors called the bailiff at 11:20 today, after being out more than forty hours, and announced that they wanted to see the judge. The foreman reported that the jury felt that further efforts to reach a verdict would be useless. It was immediately discharged.

'AND A LITTLE CHILD—'

By Associated Press.

CHICAGO, Feb. 3.—Dance hall managers here don't want high school students as customers, because their morals are so low they have a bad effect on the older dancers, Miss Jennie Binford, investigator for the Juvenile Protective association, said today in an address before the Chicago Women's club.

"I won't say it is true," Miss Binford declared, "but that is what the managers think."

BUDGET SAVES MANY MILLIONS DAWES CLAIMS

WASHINGTON, Feb. 3.—Reports showing a saving of many millions, through the budget system, during the last six months will be made at the semi-annual meeting of business organizations of the government, called by Budget Director Charles E. Dawes for today.

The meeting was called to take stock of the economies effected in the last six months and to throw the spotlight on the budget system for the first time after it was put into operation.

The showing will be widely used as ammunition in the coming congressional campaign, for it was on the issue of economy that President Harding staked the success of the Republican campaign of 1920.

CENTRAL BODY FOR CHARITIES IS INDORSED

The plan for a central body to handle the calls for help coming in daily to various organizations of the city, has been approved by the Child Welfare club, several churches and a number of fraternal bodies, J. E. T. Peters, manager of the Chamber of Commerce announces.

Peters suggests a meeting of the various organizations of Ranger to put such a plan into operation in order that duplication in the relief work may be avoided and the work centralized so as to permit investigation of the cases, to determine the worthy ones.

SIX ADDITIONAL BODIES RECOVERED FROM MINE

GATES, Pa., Feb. 3.—Six more dead were brought to the surface this morning from the shaft of the Gates mines of the Frick Coke company, bringing the total to twenty-two. It is the belief of experts and mine officials that the death toll may mount higher, as there may have been other miners in addition to the three or four now unaccounted for.

PUFF OF SMOKE SHOWS FAILURE TO ELECT POPE

Every Precaution Taken to Prevent Information Getting Out to World.

ROME, Feb. 3.—A little puff of smoke from the chimney of the Sixtine chapel told watchers today that the first ballot of the conclave of the sacred college to elect a successor to Pope Benedict XV had been unsuccessful. The first ballot was taken at 10 a. m. today and the puff of smoke told watchers that the papers had been burned together with a wisp of straw, as a result of failure to elect a new pope. No further indication of the progress of the conclave can be noted until about 3 o'clock, when the next ballot is scheduled to be taken.

Fifty-three cardinals of the sacred college, sealed within the vatican, are deliberating upon the choice of a successor to Benedict. Outside, representatives of the press of the world and a huge throng of Romans are awaiting word of their actions.

Cardinal O'Collen of Boston arrived at Naples today and is hurrying to Rome, where he will enter the sacred conclave immediately. He will make the fifty-fourth cardinal present for the balloting.

Excommunication is Penalty.

Major excommunication and instant dismissal from the vatican household upon any person in attendance at the conclave if found guilty of imparting information concerning its deliberations or votes to persons outside before the result is officially announced. Cardinal Gasparri, the ceremonial, served notice to this effect today to all concerned.

The cardinal's instructions came after the reported discovery that one newspaper correspondent had practically completed arrangements to don a waiter's uniform and for a large monetary consideration had induced a designated waiter to allow the journalist to enter the conclave in his stead. The correspondent is said to have first opened negotiations with a barber, but this plan was abandoned, it was reported, because his unskilled tonorial efforts might prove dangerous for the cardinals.

Incident of 1903 Recalled.

Cardinal Gasparri's arrangements to prevent a leakage of news are most severe. He is determined to avoid a recurrence of circumstances that attended the conclave of 1903, which elected Pius X, when the exact number of votes of each ballot was immediately known outside the vatican. Austria's veto against Cardinal Rampolla, who was a candidate at that time, also was printed the same evening it occurred.

CITATION HERE FOR TERRY J. STERRITT

A wound citation from the war department for Terry J. Sterritt, an oil field worker in this section, has been received here by R. H. Hansford, former finance officer of the extinct American Legion post here. It is requested that Mr. Sterritt, who according to the certificate, served with the 369 infantry overseas, call or send for it.

POLICE COURT CLERK TO GET \$10,000,000 ESTATE

WINNIPEG, Man., Feb. 3.—An ancestral estate in Poland of 13,000 acres, valued at \$10,000,000, has been restored to Count Felix N. Hryniewicki, 70 years old, and for ten years clerk of the provincial police court here, the count was notified by the Polish government.

The estate was confiscated by the Russians when that country conquered Poland, and was restored in conformity with the Versailles treaty.

TONIGHT

The regular meeting of the Ranger Elks will be held tonight at the Elks' home. The recently organized Elks' band will render a musical program.

Seven Stills and Fifty Men Captured in Wooded Bottoms of Trinity River; Martial Law Area Extended Over All Freestone County.

By Associated Press.

TEAGUE, Texas, Feb. 3.—State soldiers, rangers and federal officers, led by airplanes, today swooped down on a thickly wooded section of the Trinity river bottoms nine miles east of Fairfield, captured seven stills and made fifty arrests. The alleged moonshiners fired on Lieutenant Taylor, pilot of the airplane, but the bullets missed.

MEXIA, Feb. 3.—Martial law was extended today to include all Freestone county, according to a proclamation issued today by Governor Neff. Advance headquarters will be established at Teague.

The same conditions of lawlessness which caused the declaration of martial law in Mexia was said to have caused the extension. The governor's proclamation made martial law effective at 5 a. m. today. Rangers, federal agents and some national guardsmen will be sent to Teague. The national guard camp and guard house at the Winter Garden will continue to be operated. The Winter Garden is between Mexia and Teague.

It was learned on good authority that the extension was made in order to break up the manufacturing of illicit liquor to supply the oil field demand. Reports are to the effect that the moonshiners are heavily armed and a clash between rangers and moonshiners may occur.

Airplanes have been used in reconnaissance during the last two weeks and several stills have been discovered in this manner.

The drive against moonshiners now planned is the most extensive yet taken against prohibition violators in the state.

General Wolters and several rangers left Mexia for Teague this morning and are expected to act immediately.

NO MORE GUARDSMEN.

AUSTIN, Feb. 3.—The force of national guardsmen which has been maintained in Mexia justice precinct and justice precincts Nos. 5 and 6 of Freestone county since Jan. 12 is not to be increased as a result of the proclamation extending martial law to cover the whole of Freestone county, Governor Neff said today in announcing issuance of the proclamation.

The present force is deemed adequate by the governor to handle the situation.

The large towns in the affected area are Fairfield, the county seat, and Teague. The governor said he had not been advised by Brigadier General Wolters, who is in command of the martial law area, whether troop headquarters are to be changed. That is a matter for Wolters to determine, Neff said.

While today's proclamation supersedes the proclamation of Jan. 12, it does not set it aside but merely adds that part of Freestone county not heretofore affected to the martial law area.

SINN FEIN NOW DEMANDS ONE-HALF OF ALL ULSTER

LONDON, Feb. 3.—Irish extremists have forced Michael Collins to renig from a boundary agreement reached with Sir James Craig in London last month, the Ulster premier announced today in a statement issued after a conference with Winston Churchill, minister of colonies. The Sinn Fein now demands nearly one-half of all Ulster, Craig declared.

TWO ARRESTED SINCE GRAND JURY ADJOURNED

Only two arrests have been made as the result of the fifty-two felony indictments and six misdemeanor indictments reported by the grand jury Wednesday afternoon, it was reported today by the sheriff's office. R. R. Robinson of Ranger, one of a number taken into custody by the Ranger police several weeks ago, is charged with operating a still. Robert King of Desdemona is charged with a statutory offense.

PASSENGER FARES TOO HIGH.

WASHINGTON, Feb. 3.—Passenger fares charged by the railroads are economically too high to be sustained, Clyde M. Reed, chairman of the Kansas utilities commission, testified today at the interstate commerce commission's investigation of transportation charges.

MOS' PLEASANT TAXES WILL PAY WAR VET BONUS

Congress Will Follow Mellon's Ideas; Harding Calls Conference.

WASHINGTON, Feb. 3.—Secretary Mellon's demand that special taxes be imposed to raise funds for the soldiers' bonus bill will be accepted by congress, members of the house ways and means committee, which is framing the bill, said today.

Where to place the special taxes is the difficult problem, which will have to be worked out by elimination, with the object of selecting those least objectionable to the people and easiest to collect.

President Harding is planning a White House conference on the bonus bill, to be held within a few days. Members of the house ways and means committee and senate finance committee and Republican leaders in both branches will be invited to the conference.

THIRD JUDGE DISQUALIFIES IN BOND SUIT

EASTLAND, Feb. 3.—Defendants in the road bond suit brought by Chastain, Judkins & Chastain, attacking the validity of the road bond issue, are attempting to get in touch with the governor by wire, in an effort to have Judge Chapman of Jones county appointed to hear the suit, which was called for the second time today. Following his arrival here to preside in the place of Judge Ely of Abilene, who disqualified himself, Judge Chapman ruled that in the absence of any agreement between the parties to the suit as to his presiding at the hearing and in the absence of any authority from the governor, he could not preside.

It was contended by the plaintiffs in the suit that as they had been made defendants in the cross suit for \$60,000 damages, that they wished the hearing to go over until appearance day of the next term of court, which falls on next Tuesday. The defendants expect to receive a reply from Governor Neff some time this afternoon.

Judge G. L. Davenport, who following his disqualification as a taxpayer, exchanged places with Judge Ely of the Abilene district court. Following Judge Ely's disqualification of himself Wednesday on the grounds that he, too, was a taxpayer, Judge Davenport is said to have again changed places, this time with Judge Chapman.

MERCHANTS RETURN FROM BUYING TRIPS; ONE FINDS COLD SPOT

Three Ranger merchants returned in the last few days from eastern markets, where they procured the latest in men's and women's apparel and furnishings from the spring styles. D. Joseph of the Joseph Dry Goods company has returned from St. Louis and Chicago, where he spent several weeks going through the wholesale houses and branch houses of New York firms.

E. M. Humes of Humes' Ready-to-Wear has returned from New York, Chicago and other northern and eastern cities. Miss Julianna Wansley of the Julianna shop has also returned.

While in the North, Mr. Joseph visited a number of points in Wisconsin and Minnesota in search for his brother, whom he has not seen in several years, but was unsuccessful in his hunt. Before venturing into Wisconsin and Minnesota Mr. Joseph headed the warning of friends in St. Louis and laid in a heavy supply of clothing. On arriving there he found the temperature hovering around 35 degrees below zero and the ground covered with snow.

BIG SANDY MAN SHOT.

GILMER, Texas, Feb. 3.—John Childs was shot and fatally wounded at Big Sandy, near here, last night by a shotgun in the hands of Bud Head. Head surrendered to authorities and made bond for appearance before the grand jury.

REAL CRUSOE FOUND ON ISLE IN SOUTH SEAS

BY CLYDE A. BEALS
(United Press Staff Correspondent.)
LONDON, Feb. 3.—Here's a Crusoe who out-Crusoed Crusoe!
A lone man has been living on a small island in the Arafura sea between Australia and New Guinea for thirty years, his only contact with the outer world being on rare occasions when a passing steamer anchors off the island and someone rows ashore to leave him a bag of rice. It is something like the man who lived on the island in Conrad's "Chance." W. Somerset Maugham, playwright, has just returned from a fifteen-months' trip in the South Seas and recounted the narrative of the modern Crusoe.

"I had chartered a lugger for a cruise in the Arafura sea," he said, "and I was asked to drop a bag of rice on the island for this old hermit. I had learned on the way from those who had already seen him that he was shipwrecked thirty years ago and with fifteen other men reached the island in open boats.

Only Five Survive.
"They lived on the island for three years before they were sighted by a passing ship that observed their signals and put in to them. Of the sixteen, five only were then alive and only four were taken away—for the fifth, the old man living there now, refused to leave. He told the rescuers that during the three years he had spent with the other men on the island, he had seen such horrible things that he wished never to live again.

"When I saw him," continued Maugham, "he looked an old and hairy hermit. He was dressed simply in a singlet and a pair of trousers which had been given to him by travelers who had previously called at the island. He was very glad to get the bag of rice I took him, but he received it in silence.

"During the thirty years he has been on the island the old man has lived on chickens, which, it seems, he introduced to the island from the ship in which he was wrecked, their eggs, fish and fruit from the coconut trees.

"During the war he was alone for five years, for no ships passed his way, and he was reduced to living entirely on what the island could produce."

POSSE SHOOTS OFF GAS FEED PIPE AND STOPS CAR

By United Press.
TAHLEQUAH, Okla., Feb. 3.—Shooting the gasoline feed pipe away, a sheriff's posse today brought an automobile, containing three men suspected of a part in the Park Hill bank robbery, to a halt, seven miles south of here. The occupants surrendered and gave the names of Lewis Curtis, George Simon and Buster Saunders.

Two hundred dollars, believed to be part of the loot from the bank, was found concealed in the machine, the officers said. The Park Hill bank was robbed ten days ago of approximately \$500 in currency, by three men who escaped on horseback.

JAILS STUBBORN MOTHER BUT CAN'T MAKE HER EAT

By United Press.
FREMONT, Neb., Feb. 3.—Attempts to break the hunger strike of Mrs. Loretta Schreuder, a woman sent to jail for ten days for refusing to send her children to school, have so far failed. Mrs. Schreuder has taken no food since Tuesday morning, when first brought to the court house. She spends her entire time in prayer, with a Bible beside her.

GIRLS' ATTIRE WON'T LET S. M. U. STUDENTS KEEP EYES ON BOOKS

DALLAS, Feb. 3.—Short skirts, filmy waists and thin silk stockings which are now being worn by many of the fair co-eds at the Southern Methodist university may feel the weight of righteous indignation in a short time.

The students' association, following a conference with officials of the school, announce that a campaign against these articles of dress will be launched as soon as the present revival services are concluded. The association declares the ultra modern dress of the fair co-eds is not conducive to the best efforts in study.

The girls have not made any statement about the proposed ban.

FUGITIVE TWO YEARS; FEARED HE SHOT WIFE

HONOLULU, Feb. 3.—After living the life of a fugitive for more than two years and finally confessing a murder, Frank H. Gatherell, private U. S. A., has learned the wife he thought he had slain was seen alive four months afterward and that there is no charge against him.

The shot he thought killed her had missed its mark. Gatherell shot at his wife in 1919 in New York, believing she had been faithless while he was overseas.

RAILROAD MEN TO JOIN MINERS, STONE'S BELIEF

(Continued from page 1.)
ago—involved about the same number of men as would be involved in a miner-brotherhood entente here. The "triple-alliance," after stunning England's economic life for some days through a general strike, was finally smashed in capitulation of railroad workers after the British government had successfully combatted the reluctant tie-up of mines, railroads and shipping.

The threatened mine strike is the darkest cloud now hanging over the nation's economic horizon. It would be the darker if likelihood developed of an alliance between the miners and the railroad workers.

The administration is not in a mood to handle the situation with gloves. It manifests every evidence of preparing for a sharp showdown, if necessary. It will make its position clear in advance.

POLICE BELIEVE WOMAN KILLED MOVIE DIRECTOR

By United Press.
LOS ANGELES, Feb. 3.—A woman probably is responsible for the murder of William Desmond Taylor, movie director, detectives believed today. This theory stood uppermost after twenty-four hours of investigation. Taylor's record as a war hero, veteran motion picture man and director of the Famous Players-Lasky corporation made him an outstanding figure in the screen world and Los Angeles is tremendously interested in the case.

Detectives today were reported to be seeking a young New York broker, in order that he might be questioned about incidents in connection with the murder of Taylor.

This young man is said to have been prominent in movie society and is described as a friend of a prominent movie actress, who came from the East, according to the story, shortly after the actress herself arrived here.

Mabel Normand, who visited Taylor just a few minutes before he is believed to have been killed, today is near collapse because of the tragedy.

BRECK MAN BADLY BURNED IN HOME FIRE

Special to The Times.
BRECKENRIDGE, Feb. 3.—W. B. Overcash of this city was badly burned on one arm late yesterday afternoon in escaping from the fire which destroyed his home at 220 South Court street. Overcash is said to have been repairing his roof and at the time to have been heating paraffine and gasoline when the mixture ignited. Adjacent property was saved by the prompt arrival of the fire department.

The fire department also responded to another alarm today when two slush pits, located in the city limits, caught fire and threatened surrounding property. The blaze was extinguished without difficulty.

MADAGASCAR PEARLS RIVAL THOSE OF PERSIA

PARIS, Feb. 3.—Madagascar may soon prove a serious rival to the great pearl oyster fisheries of the Persian gulf and South Seas, according to a report by M. Gruval.

Scientific and business methods, added M. Gruval, should render the pearl fisheries of Madagascar one of the most valuable sources of revenue

SANDWICH IS BLAMED FOR MAN'S BROKEN JAW

MILWAUKEE, Feb. 3.—"Gimme a cold roast beef sandwich," ordered Carl Anderson in a restaurant here. Suddenly he dropped his sandwich and started to whoop. An ambulance was called and he was removed to emergency hospital. Anderson had dislocated his jaw.

He expressed the opinion, when again able to talk, that he came into contact with a piece of sole leather.

WAR HERO'S LAST QUARTER IN GET-RICH-QUICK SCHEME

NEW YORK, Feb. 3.—A French war hero, Attie Claude, who passed his last quarter on twenty-three pairs of cheap rubber gloves that some one told him he could peddle at a big profit, was found by a Brooklyn blue-coat today shivering on a street corner and hugging the gloves to his cold and hungry body.

In his pocket was a citation signed by General Petain, awarding to him the Croix de Guerre for heroism in the capture of a German officer at the battle of the Somme.

Police brought to him a big meal and held him in \$500 bail as a vagrant. He said he was a stranded seaman.

TRIO FINED FOR RATTLING BONES IN VIRGINIA MORGUE

DANVILLE, Va., Feb. 3.—Herman Williamson, William Harston and William Keen, all colored, were found shooting craps in an undertaking establishment.

At the time of their arrest they were surrounded by empty coffins, while on the mortuary table nearby was a colored corpse.

IRELAND'S FLAG IS BLUE, NEVER HAS BEEN GREEN

NEW YORK, Feb. 3.—Now that Ireland is a free state, with all the rights and privileges thereof, what color will be the Irish national flag?
It is easy to imagine in reply to this question, a loud-toned hearty, almost unanimous roar:
"Green! Green with a gold harp. As it is now and always was."
It is blue.

It bears the familiar harp, but the field is azure, or sky-hued, not green, or emerald-hued.

The green flag for a couple of centuries has been carried and displayed, but as now comes to light it was never formally adopted by Irishmen.

These facts came to light in a brief dispatch from P. J. Kelly, the World's correspondent in Dublin, who casually mentioned that the questions of a new flag, new stamps and new coins will come before the free state before long. He spoke of the flag being—officially—blue.

The World cabled to James M. Tuohy, its London representative, a native Irishman, who corroborated his Dublin colleague. And in New York, too, confirmation of this was had, although the average Irishman probably will be astonished at the information.

T. & P. MAN PROMOTED.

B. C. James, Texas & Pacific trainmaster for this district for a number of years, has been promoted to train rules examiner with headquarters at Dallas, it was announced this morning from the local office. Although he had maintained his headquarters in Fort Worth, Mr. James was a frequent visitor to Ranger and well known here.

He has been succeeded by O. Marshall, former chief dispatcher of the Texas & Pacific at Fort Worth.

400-BARREL WELL IN AT CROSS PLAINS

CROSS PLAINS, Texas, Feb. 3.—The Pennant Oil & Gas company test on No. 2 well, two and one-half miles east of here, drilled into the pay Thursday.

The well is making 400 barrels from a sand at 2,480 feet.

MAIL SACKS FOUND.

CHICAGO, Feb. 3.—Eight mail sacks, two of them empty, were tossed from an automobile as it sped through an alley on the South Side Thursday. The sacks were found to be ones stolen yesterday from Joseph Swartz, a mail clerk, at the Pennsylvania railroad station at Whiting, Ind.

Man Has Memory Beaten Out, and Beaten in Again

OTTAWA, Feb. 3.—Quartermaster Sergeant William Ball of the Canadian forestry corps, reported today at Dominion headquarters of the Great War Veterans' association with a story of having had his memory beaten out of him in 1919 and knocked back two years later. Ball said he had been beaten and robbed in Bordeaux in April 1919, and that he had lost all recollection of his Canadian home. He later joined the Spanish Foreign Legion and claimed recently to have recovered his memory; after an officer had hit him on the head with a rifle butt in Refa, Morocco.

Ball was posted as a deserter after his disappearance and the veterans' association had been conducting a search for him in behalf of his wife, who lives in Port Hope, Ontario.

STEALS NEWSBOY'S DIME, GETS 90-DAY SENTENCE

DETROIT, Feb. 3.—For stealing a dime from a newsboy, Oscar Yukman, alias Youngman, was sentenced to serve ninety days in Detroit house of correction and to pay a fine of \$100 and \$3 costs.

Yukman was arrested by Patrolman Elmer Smith, who said he caught him taking a dime from a box belonging to Henry Boylan, 14 years old.

ARMS SESSION TOMORROW.

WASHINGTON, Feb. 3.—A plenary session of the arms conference has been called for 10:30 a. m. tomorrow.

Bootleggers Now Putting Nature Back in Alcohol

WASHINGTON, Feb. 3.—Bootleggers throughout the country are evolving a new industry—the rectification of denatured alcohol—prohibition officials said today, which probably will necessitate a complete revision of the government's system of distribution.

Reports have been received, it was said, that some of the government formulae for industrial alcohol lend themselves readily to rectification so that illicit liquor dealers are obtaining the denatured spirits under government permits and by various processes rendering it more or less drinkable.

Unusually large quantities of industrial alcohol, officials declared, have been withdrawn in some localities ostensibly for use in the manufacture of barbers' supplies and toilet preparations but after being subjected to chemical processes have found their way into the channels of the bootleg trade.

Revision of the present permit system now in vogue is understood to be under consideration with a view to checking any diversion of denatured alcohol into unlawful hands.

DUBIOUS "HONORS" ALE SOUGHT BY UNKNOWN

SEATTLE, Feb. 3.—Jealous of the "honors" bestowed on Grover C. Bergdoll, a man who gives his home as Genesee, Idaho, is seeking official recognition of his self-imposed title of "super-slacker" of the United States.

He has written Governor Hart of Washington, asking that his name be placed at the top of the slacker list.

1920 CLUB ELECTS OFFICERS.

The 1920 club held its annual business meeting yesterday afternoon at the Methodist church, at which time plans for the entertainment of the district meeting of the Federation of Women's clubs, which will meet here on or about the 13th of April, were discussed, and the following officers were elected: Mrs. M. H. Hagaman, president; Mrs. C. C. Terrell, first vice president; Mrs. Vincent Wakefield, second vice president; Mrs. S. P. Boone, corresponding secretary; Mrs. C. D. Woods, recording secretary; Mrs. L. A. Vandervoort, treasurer; Mrs. Lytton R. Taylor, press reporter; Mrs. A. N. Stubblebine, parliamentarian.

The following resolution was unanimously adopted:
"Be it resolved, That we, the members of the 1920 club, in open session, indorse and commend the board of censors, O. D. Dillingham, Mrs. O. L. Phillips, Mrs. C. E. Maddocks, these being appointed by the city commission to censor the Clara Smith Hamon film, before releasing said film to the public in their unanimous condemnation of said film and their unanimous recommendation that said film be not shown in Ranger; and
"2. That we unanimously condemn the showing of any picture, based on, depicting or suggesting a life of crime and shame.
"3. That we send a note of appreciation to W. B. Palmer for his refusal to run the above mentioned film.
"4. That we heartily indorse any motion picture manager who makes an effort to run clean pictures."
(Signed) "1920 CLUB."

MRS. TERRELL'S RECITAL.

Ranger people do not have to go away from home to hear good music and good readings, nor do they have to import them—we grow them ourselves, as was very clearly demonstrated last night in Mrs. Sandford Terrell's recital at the Baptist church, given as a benefit for the Baylor-Belton Alumnae association and the Woman's Missionary society of the Baptist church.

Mrs. Terrell was ably assisted in her work by Miss Groves, Mrs. Vincent Wakefield and Mrs. R. C. McCoy. There wasn't a dull minute on the program, as it was beautifully balanced, there being just enough of pathos to touch the heart strings and just enough humor to keep a laugh on the lips. Mrs. Terrell's numbers were indeed well selected, giving us as she did some readings for all "our first loves" in literature, Riley, Fields and Kate Douglas Wiggin, and it goes without saying that they were faultlessly given.

Mrs. Wakefield in her usual graceful manner gave several selections from Greg and other favorite composers, as well as accompanied Mrs. Terrell when she read "Old Sweetheart of Mine" and "Aux Italians."

Miss Groves read "The Strawberry Bed," and read her way right into the approval of a Ranger audience.

And here was a touch of opera, too, when Mrs. R. C. McCoy sang

MRS. HARDING IN ROLE OF GIRL SCOUT LEADER

Mrs. Warren G. Harding in the uniform of commander-in-chief of the Girl Scouts of America. "Laddie Boy," the White House pet, insisted on getting in the photograph.

"One Fine Day," from "Madam Butterfly." Mrs. McCoy has an understanding sense of what will please her audience, and after she had in imagination made them live for a few minutes in opera, she as swiftly took them back to childhood days and mummyland in her "Lullaby."
Taken on a whole it was a splendid program and each entertainer received a hearty welcome from the audience, which was deserved. Rev. W. H. Johnson made a short address before the beginning of the program, in which he touched on the motive that prompted this recital, which we trust will be a forerunner of other similar recitals.

A COURTESY FROM
KIRKWOOD, MO.

Mrs. William Clegg is in receipt of a box for the Red Cross shop from the Tuesday club of Kirkwood, Mo., of which Mrs. Clegg is an honorary member. This box was sent by the club to the Red Cross through courtesy to Mrs. Clegg. This is a tribute from far-away friends whose friendship time and distance has not dimmed, "who though they be far, yet in spirit are ever near," and is greatly appreciated by Mrs. Clegg.

TWENTIETH CENTURY
CLUB MEETS.

The Twentieth Century club met with Mrs. H. H. Maddern at her home at the Prairie camp, Thursday afternoon. Bridge was the diversion and Mrs. John Thurman made high score, receiving as a prize a serving tray. Mrs. E. J. Wiss received the consolation prize, a hot plate rest, while the guest prize, a box of correspondence cards, were awarded to Mrs. Howard Cole, Jr.

A salad course was served to the following club members and guests: Mmes. Frank Champion, E. J. McMillen, E. J. Wiss, J. S. Blair, Saunders Gregg, Blair, John Thurman, Denning, Frank Reames, O'Neill, E. E. Crawford, Howard S. Cole, Jr., Frank Brahaney, Woods, Cluney.

A BIRTHDAY PARTY.

Mrs. R. D. Lavery gave a birthday party in honor of Mary Florine Lavery's fourth birthday yesterday afternoon. The table was decorated in pink and white, with the pink birthday cake, bearing four pink candles, forming the centerpiece. Each little girl was given a kewpie doll, dressed in pink ribbon, and each boy was given a favor. Pink ice cream and cake was served, as were also nuts, fruits and candies.

Those present were: Katie Jane Conley, June Brahaney, Libbie Cleveland, Marguerite Lester, Pattie Parr, Eddie and Tommie Maher, Frank and Richard Conley, Richard Barclay, Jr., Louis Lavery. During the party Mmes. F. W. Haifley, Leo Parr, Richard C. Barelay and E. Maher played bridge.

PURELY PERSONAL.

Mr. and Mrs. E. M. Humes of Humes' ready-to-wear store, have returned from New York, where they have been for the past three weeks doing their spring buying.

Miss Julianna Wansley of the Julianna Shop has returned from New York and other eastern markets, where she has been marketing for the past two weeks.

Mr. and Mrs. E. A. Bradley, who have been visiting their daughter, Mrs. Leo Parr, are returning to their home in Tulsa today.

Miss Hortense Williams has returned from a short visit to Mineral Wells.

Mrs. Florence Coutout, known as the Queen of Scalpers in Chicago, earns on an average of \$200,000 a year selling theatre tickets. The theatres pay her a commission on every ticket she disposes of.

DALLAS WOMAN SHOT,
POLICE HOLD ANOTHER

DALLAS, Feb. 3.—A young woman, 18 years old, was shot and seriously injured by another woman at 1302 St. Louis street shortly after 3 o'clock Thursday afternoon. She was shot with a small caliber pistol in the right side and the right arm just above the elbow. She was rushed to the emergency hospital where first aid treatment was given after which the injured woman was transferred to Parkland hospital.

Following the shooting Mrs. Carrie Wortham, 29 years old, living at the Holland hotel, went to police headquarters and surrendered in connection with the case. She was immediately transferred to the county jail and a complaint charging assault to murder was filed against her with Justice of the Peace Sam J. Barnett. The amount of bond has not been fixed.

The injured woman was listed at the hospital as Irene Mason, but the complaint against Mrs. Wortham gave her name as Mrs. Rena McKelvey.

TWO GIRLS ARRESTED,
FATHER KILLS HIMSELF

SPRINGFIELD, Ill., Feb. 3.—Arrest of his two daughters on charges of grand larceny is believed to have caused the death of Amos B. Munday, treasurer of Effingham county. Munday is believed to have killed himself.

Munday left no explanation. His accounts as county treasurer are said to be in good condition.

Women's organizations in Oklahoma are making a vigorous fight to have the next legislature enact a bill making the legal limit for employment of women eight hours a day, instead of nine.

AMERICAN OIL
MEN TURN EYES
TOWARD EUROPE

By Associated Press.

BERLIN, Feb. 3.—The increased consumption of crude oil and need of a corresponding increase in the world's production has focused attention of American interests upon European fields, and renewed efforts are being made to secure long time contracts for the development of the industry here on a large scale.

Agents of the Standard Oil company have been most active and are reported here to have secured monopolies of oil prospecting and well sinking in a number of smaller Central European states.

German capital has been watching the operations of the Americans with considerable concern, and it is predicted in quarters close to Hugo Stinnes, the most powerful of the German capitalists, whose commercial enterprises extend to all Europe, that American interests soon "will have a monopoly of the European petroleum supply, if not of the whole earth."

Standard Lease Protested.

The Standard Oil company secured control of important fields in Northern Persia on a fifty-year lease, but the action of the Persian administration in granting the concession has been protested by the Russian government, and also by the British minister, as incompatible with the Russian-Persian agreement of Feb. 26, 1921, which it is claimed gave Russia prior rights.

Americans also have secured important concessions in Jugoslavia, Czechoslovakia and Rumania, under stipulations providing for investment of several millions of American dollars in development work, which these countries cannot undertake.

Negotiations have been begun between the Americans and Russian representatives for leasing the Russian fields, and putting them upon a productive basis. At the same time the Russians are seeking to secure German machinery for their oil fields, without which it is reported many of the works must close, resulting in permanent damage to certain fields and heavy losses to the Soviet government.

Former wealthy oil owners and promoters, now Russian exiles here, have been participating in these negotiations.

MOONSHINERS USE
GUNS, AXES, HATCHETS, IN
BOOZE RAID BATTLE

GREELEY, Colo., Feb. 3.—Wilhelm Reige, 48 years old, a rancher, is in jail at Greeley charged with assault to murder, resisting an officer, and manufacturing intoxicating liquor, while Deputy Sheriffs Jack Hamilton and Fred Tucker are suffering from numerous cuts about the head and body, the result of a free-for-all melee with guns, axes and hatchets when the officers went to Reige's ranch to search for liquor.

Reige received the officers cordially, they said, and invited them to make the search. When Hamilton stopped over a cupboard, Reige is said to have seized a hatchet and hurled it at the sheriff.

The latter ducked and it only grazed him. Then Reige seized an axe, his wife some crockery, and the fracas threatened death and destruction until the officers whipped out automatic revolvers and forced the belligerent Reiges to surrender.

Reige was taken to jail, but his wife released, due to the fact that they have six small children. The officers confiscated a still and two gallons of mash.

GROUND HOG ALL BUNK.

KANSAS CITY, Feb. 3.—The ground hog saw his shadow Thursday, but that doesn't mean six more weeks of cold weather, according to the weather forecaster.

"As a weather prophet he is a frost," said he, "and should crawl back into his hole."

"Last year he was all wrong. There will be more warm weather this winter—that's a straight tip."

"Six weeks of it?" the weather man was asked.
"Don't be a ground hog," he said.

ASSAULTED FROM BEHIND.

What prohibition enforcement of-
ficers have been unable to do, the
bootleggers now promise to do for
them.

Six months ago, illicit liquor was
in good standing and attaining of it
was an accomplishment by no means to
be despised. The dispenser of
liquid lightning was held to be a
community benefactor and many
towns would have been willing to
erect an allegorical statue depicting
his virtues, in the middle of the pub-
lic square.

Now there is not a day that the
press of some locality does not print
additions to the list of persons foully
murdered by the concoctions of the
bootlegger they trusted.

That's taking all the enjoyment
out of drinking for men do not like
to gamble with sudden death or
blindness for a moment's stimulation.
But the majesty of the law is vindic-
ated and the old saying that "every
bootlegger is a prohibitionist" made
true. They certainly are doing more
to promote prohibition than are the
officers of the law.

Ranger has been fortunate in this
respect. On the whole, its white
mule seems to have been fairly pure;
though if the truth were known, it is
probable that at least one death
here could be laid to poisonous con-
coctions.

Elsewhere, however, the makers of
bottled joy are not so scrupulous.
The profits of the present are suffi-
cient unto them, and with the ut-
most complacency they retail alleg-
ed beverages which they know to be
poisonous. At Eldorado, Ark., the
other day, a captured "stiller" said
he would not take a drink of his own
product for \$1,000.

That kind of men will not do to
trust, and as too many specks spoil
fruit, too many thirst quenchers who
do not care anything about the after-
effects of their beverages are rapidly
putting the booze business on the
blink.

Within six months, this country
will be dry, unless the booze vendors
reform their own ranks and estab-
lish a mark of purity which corre-
sponds to the stamp which once upon
a time was affixed by the govern-
ment.

Otherwise they will have no cus-
tomers, and thus without charge, will
have stamped out a traffic which the
prohibition officers, working for pay,
have only been able to harass.

After seeing some of these movie
comedians try to comed, it is my
notion that the substitution of a
dummy in a throw-over-the-cliff
scene is usually a horrible mistake.

—Nashville Tennessean.
"Is it a clean film?" Sure. The
girls get a bath four times in the
first reel.—Louisville Courier-Jour-
nal.

This measure of depression you

ger's quart.—Washington Post.

**CONFEDERATE
MONEY ADDS TO
GERMANY'S WOE**

By Associated Press.

BERLIN, Feb. 3.—Another issue
of United States Confederate money,
in \$10 bills, has been put on the
market in Germany, and several
prominent merchants have been vic-
timized to the extent of thousands
of dollars. Scores of others have
accepted the bad bills in smaller
amounts.

A few months ago the Confederate
money, suspiciously bright and clean,
was passed quietly around to unsus-
pecting shopkeepers and to even a
few visiting Americans who displayed
carelessness in making change. At
that time a warning was issued by
the banks and the newspapers ad-
vised readers to use discretion.

The latest known victim is a mer-
chant who sold a bill of goods for
\$900 in cash and accepted the Con-
federate currency. He appealed to
the American Association of Com-
merce and Trade in Berlin.

The association, as a result of
these raids on German marks and
German goods by the Confederate
money vendors, has issued a warning
to its clientele, declaring "the only
way to avoid such losses is to effect
all payments for goods through a
bank, especially where foreign cur-
ency comes into question."

German merchants recently also
have been accepting counterfeit Ger-
man 50-mark notes, many of which
are still in circulation although the
police succeeded in capturing the
counterfeiters.

GERMANS EGGNOG CRAZY

BERLIN, Feb. 3.—The manufac-
ture of bottled eggnog has reached
such proportions in Germany that a
bill has been introduced in the reich-
stag prohibiting the manufacture on
the ground that it has driven the
price of eggs so high that the poor
cannot buy them.

Deputy Strathmann, father of the
measure, who wishes the hens to stop
working for the eggnog drinkers, de-
clares that the North German eggnog
factories are buying all the eggs in
the country, especially from South
Germany.

From the southern districts eggs
are being shipped by carloads to be
combined with cognac in the favor-
ite egg-cognac drink.
Eggs now are at 100 times the pre-
war price. Deputy Strathmann in-
sists that eggs are a necessary food
for the populace, while the egg-cog-
nac is a luxury.

**FEW MURDERERS GIVEN
PUNISHMENT IN CHICAGO**

By Associated Press.

CHICAGO, Feb. 3.—Less than one
out of four of all the defendants
tried for murder during 1921 in
Cook county, which includes the city
of Chicago, were convicted, accord-
ing to the report of the committee
on statistics of the Chicago crime
commission, made public here today.

Out of thirty-one cases and thirty-
four defendants charged with man-
slaughter, only one defendant re-
ceived a sentence to a penal institu-
tion, according to the report which
notes: "This indicates that a man
has thirty-four chances to one of be-
ing convicted, 97 per cent escaping
punishment."

In cases involving 225 defendants
charged with murder there were only
six death sentences. One of these
was in the case of Thomas O'Con-
nor, now a fugitive of justice, the
report says.

A New York theatre has fitted up

YOU POOR FISH!

PARIS, Ky., Feb. 3.—William
Gresche, superintendent of the
Paris pumping station of the
Louisville & Nashville railroad,
is exhibiting a five-and-one-half-
pound black bass, which he
"caught" in a novel manner in
Stoner creek.

Gresche saw the head of the
fish protruding through an air
hole in the ice.

Investigating, he found the
fish had stuck its head through
the hole and had been caught by
the gills and was unable to with-
draw its head.

**ARIZONA RANCHMAN
WENT FOR BRIDE; CAN'T
GET BACK INTO U. S.**

NEW YORK, Feb. 3.—Their honey-
moon abruptly halted by the immi-
grant quota law, Secundino Garcia
Cayon, a well-to-do Arizona merchant
and ranch owner, and his bride, who
was Senorita Revulita Nifel, of Spain,
are held at Ellis Island.

The bridegroom had lived twenty
years in Arizona, working on ranches
until he became owner of one. He
has a store at Nogales and owns
much land. But, he overlooked the
very important matter of taking out
citizenship papers.

Not long ago he returned to Spain
and married. He and his bride came
here on the last trip of the French
line steamer La Lorraine and found
the yearly quota of immigrants from
Spain had long been exceeded.

**SON FOUND ALIVE
AFTER BOTH PARENTS
'IDENTIFY' HIS BODY**

AMARILLO, Texas, Feb. 3.—Mr.
and Mrs. W. R. Mathis of Haynes-
ville, La., who identified the body of
a youth found on the Santa Fe rail-
way at Canyon last Friday as that of
their son, Roy M. Mathis, received a
telegram Thursday from Haynesville
reporting the return home of their
son.

Mr. and Mrs. Mathis declare the
dead boy is a double of their son and
that every mark and scar on his body
is identical with his description.
They had arranged to ship it to
Haynesville for burial.

**NEW MEXICO WANTS
VALLEY LANDS NOW THAT
THEY ARE IRRIGATED**

By Associated Press.

AUSTIN, Feb. 3.—After more
than three years during which the
boundary suit between New Mexico
and Texas has been pending in the
United States supreme court, the at-
torney general's department of Tex-
as is preparing its brief which will
be filed in defense of the suit.

New Mexico claims a certain por-
tion of the Rio Grande valley above
El Paso, the ground being that in
1850 the center of the Rio Grande,
which is the boundary between New
Mexico and Texas for several miles
above El Paso, was much farther
east than at present.

Since construction of the Elephant
Butte dam in New Mexico, this valley
land has become very valuable. The
state of Texas for many years has
exercised full civil and criminal ju-
risdiction over a large portion of the
lands now claimed by New Mexico.
About 15,000 acres are involved.

**BAPTISTS CONCLUDE
BAYLOR HERESY PROBE**

WACO, Feb. 3.—Investigation of
alleged heretical doctrines being
taught in Baylor University, by a
committee of Texas Baptist leaders,
was concluded here Thursday.

There was no difficulty in gather-
ing information, Chairman T. V.
Neal of El Paso said today. The
first of a series of sittings, at which
testimony was given, was held Wed-
nesday afternoon at the Raleigh ho-
tel. The press was not admitted to
the hearings because the Baptist
leaders felt that those who came be-
fore the committee might not feel
free to speak unreservedly for pub-
lication.

Today the committee will take up
its investigation at Baylor Female
college, Belton.

**NEW BRECK WELL MAKES
TWO THOUSAND BARRELS**

BRECKENRIDGE, Feb. 3.—The
Illindia Oil company's Walker Cald-
well No. 2, located three and a half
miles due east of this city, is making
from 2,000 to 2,500 barrels from the
gray lime at 3,065 feet. It will be
drilled thirty feet in the lime where
the pay sand was struck.

The Illindia company is composed
of Illinois and Indiana capital. The
lease on which the well is located
was until recently owned by the
Penn Breck Oil association. The
present producer was drilled to be-
low 2,000 feet by the Penn Breck
interests, but had been shut down
at that depth several months on ac-
count of the company's lack of funds.
The Walker Caldwell No. 1, a lo-
cation north of No. 2, was rated at
1,200 barrels initial production when
it was drilled in about a year ago.

**COLOSSAL FIRE
LOSS ADDS TO
TOBACCO BILL**

By Associated Press.

NEW YORK, Feb. 3.—Three hun-
dred and thirty-four thousand dwel-
lings at \$5,000 each, sufficient to
house 1,700,000 persons, could be
built with the money lost in fires
in the United States from 1915 to
1920, according to figures given out
today by the national board of fire
underwriters. The board places the
national fire loss during the five-
year period at \$1,672,722,677, based
on an examination of over 3,000,000
reports of fires.

Matches and smoking hazards are
held responsible for \$90,000,000 of
losses which caused fires costing
\$86,000,000. Stoves, furnaces, boilers
and pipes caused a loss of \$63,-
000,000; defective chimneys and
flues, \$61,000,000 and "exposure,"
which means communicated fires,
\$233,000,000.

New York suffered most heavily
with a loss of \$164,000,000; Pennsylv-
ania came second with \$97,000,-
000; Illinois third with \$88,000,000.
Follow New Jersey, with \$70,000,-
000; Ohio with \$63,000,000; Texas,
\$59,000,000; Massachusetts, \$58,-
000,000 and California \$54,000,000.

We should have a much better idea
as to Viscount Lascelles' true worth
if we knew for sure whether or not
he feels like a fool in some of the
pictures he is obliged to have taken
in company with the Princess Mary.

DEAD HOLD UP DALLAS
BUILDING PROJECT**

DALLAS, Feb. 3.—Whether the
Gilsonite Construction company of
Chicago and St. Louis will erect \$5,-
500,000 worth of terminal storage
buildings in Dallas within the next
year depends upon the removal of
the bodies from the Masonic-Odd Fel-
lows cemetery, now located in the
heart of the business district, Louis
Haenni, president of the company,
said.

Haenni declared the cemetery had
been contracted for at a cost of \$175,-
000 and that big storage houses will
be erected on the plot if the relatives
of the dead consent to moving the
bodies elsewhere. Just now the rel-
atives of the dead are protesting vig-
orously against bodies which have
lain in the old cemetery for half a
century being removed. The lodges
have signed agreements to sell the
lots. They propose to move the bodies
several miles from town.

**JURY VERDICT ON
NEW PLAYS SOUGHT
BY MOVIE MAGNATES**

NEW YORK, Feb. 3.—A plan to
eliminate or correct questionable
plays is announced here.

The idea, promulgated by men of
prominence in the theatrical industry,
is to select a jury of twelve reputable
citizens to judge a play that is under
criticism, and decide by a three-
fourths vote whether the play shall
be exonerated, condemned or revised.

The vote of this jury will have the
backing of powerful interests in the
theatrical profession, and pressure
will be brought to bear upon the man-
ager of the play concerned to follow
the jury's verdict.

Millions of housewives use
Calumet Baking Powder because of its de-
pendability—because when they place their baking
in the oven, they know it will "turn out" all right.
They are confident of results because they know
that no matter what they bake—pies, cakes, bis-
cuits, muffins—the results will be the same—
light, perfectly raised, wholesome foods.

**CALUMET
BAKING POWDER**

never disappoints. Don't prepare
bakings with expensive ingredients and
then have them spoiled because of an
inferior leavener.

Have the same assurance that
the majority of other housewives have.

A pound can of Calumet contains full 16 ounces. Some
baking powders come in 12 ounce instead of 16 ounce
cans. Be sure you get a pound when you want it.

REMEMBER 'VERA,' THE 'GIRL' WHO WAS A BOY? HERE'S WHERE SHE LIVES

OCRACOKE, N. C., Feb. 3.—Although this little town about a century and a half ago was the rendezvous of one of the world's most daring and famous gang of crooks—Edward Teach (Bluebeard) and his band—it is today one community which the recent crime wave has not reached. There has not been an arrest here in more than ten years and the crimes of robbery, burglary, theft and murder are absolutely unknown to the population, insofar as they refer to Ocraoke.

MRS. SULLIVAN SEES LIFE AS ONE LONG PINCH

NEW YORK, Feb. 3.—Mrs. Helene Sullivan, 28, yesterday appeared against Roman Benneto, editor of two Spanish magazines. She said he had pinched her leg in a moving picture theatre.

John Oneal, after holding office as justice of the peace at Ocraoke for eight years, resigned a year or more ago, not having had a criminal case during his administration. A successor has never been elected. Mr. Oneal, who was born at Ocraoke, says the worst crime he can recall to have occurred at Ocraoke in fifty years was one of assault and battery. There are only one or two homes here that have locks on the doors and the keys to those that are thus equipped are never used. Most of the houses at Ocraoke were wholly or partially constructed with lumber of ships which were wrecked on the treacherous shoals of the North Carolina coast. Every family here owns its home.

No Movie Menace. As there are no railroads, automobiles, street cars or theatres where motion pictures are shown, many of the inhabitants at Ocraoke have never seen any of these things. With the exception of the men employed by the United States government as coast guardsmen and the few merchants in the little town, all Ocraokers make their living hunting and fishing. Every person on Ocraoke Island is a Methodist in religion. They are divided, however, as to the sectional branch to which they belong, about half being members of the Methodist Episcopal Church, South, while the others attend the Northern church. Ocraoke is one of the oldest settlements in America. The people are believed by many historians to be descendants of the "Lost Colony" of Sir Walter Raleigh. Ocraoke became nationally famous several months ago as the home of "Vera," the boy who was reared as a girl. "Vera" even had a beau, and didn't know any difference until his eyes were opened by a trip to the mainland.

FORGOT HE WAS MARRIED

DENVER, Feb. 3.—Marriage did not make as great an impression on Ellis B. Black as other things, his wife, Vera N. Black, told Judge Julian H. Moore. The day after the marriage, while they were staying in a hotel in Kansas City, Black, his wife told the court, arose and announced he was going downstairs to buy a newspaper. Breakfast—then, dinner time came, but Black had not returned with the newspaper, his wife said. About 4 o'clock in the afternoon he came in, the wife told the court, with a "big bun on." When she asked him where he had been he stared at her, she declared, and exclaimed: "Why, I forgot I was married."

WRECKER DIES FROM SHOTS OF OFFICERS

LOS ANGELES, Cal., Feb. 3.—Walter E. Lamberson, shot by police, federal and railroad officers late Friday night, when, it was alleged, he attempted to wreck a Southern Pacific passenger train between Los Angeles and Glendale, died at the Los Angeles county hospital. A warrant charging attempted murder was issued against him Monday.

THIRD SPOUSE TAKEN BY MRS. SID HATFIELD

MATEWAN, W. Va., Feb. 3.—Mrs. Sid Hatfield began her third matrimonial venture Wednesday night, when she became the wife of Sylvester H. Pettry, formerly of the state police, at a wedding at her home in Matewan. The new husband had been a state trooper stationed at Matewan during the disturbances in the southern West Virginia coal fields. His resignation was tendered Tuesday and he received his discharge yesterday. Mrs. Hatfield's first husband, C. C. Testerman, mayor of Matewan, was killed in May, 1920, in a pistol fight between residents and private detectives when ten men met death. Sid Hatfield, who was chief of police at the time of the battle, and the second husband, was killed last August in a gun fight on the steps of the courthouse at Welch. CISCO LAWYER MOVES. CISCO, Feb. 3.—Caude C. Wild, well known attorney and resident of Cisco for the past two and one-half years, has gone to Dallas, where he will enter into the general practice of law. He will be associated with W. H. Atwell, former federal district attorney. There will be no firm name, however. Each will accept practice independently of the other. During 1920 more than 78,000 girls in Massachusetts worked for less than \$15 per week.

GENOA TO HAVE TELEPHONES IN HOTELS FOR ECONOMIC MEET

ROME, Feb. 3.—The Italian government is continuing its preparations for the organization of the Genoa conference as if all the countries that have been invited, including the United States, had announced unqualifiedly their intentions to be represented.

Prefect Ricci, of Genoa, came to Rome today and conferred with Marquis Della Torretta, minister of foreign affairs; Angelo Mauri, minister of agriculture, and Eugenio Bernasconi, minister of the navy, who have been commissioned to arrange the preliminary details in connection with the conference.

Palace Requisitioned. The prefect has requisitioned the Royal Palace of the Ancient Doges for the sittings of the conference. The Hotel Bristol, the Hotel Grand, the Excelsior and the Metropole, in fact all the leading hotels of the city have been notified by the prefect that they must be ready to receive the various delegations as soon as they have made known their plans.

It is reported that the Russian delegation, headed by Nikolai Lenine, will be accompanied by thirty serv-

ants and five cooks. The Russians have elected to stay at the Hotel Germania.

Press Be Darned.

Thus far no reservations have been made for the newspaper men. The Associated Press correspondent was informed today by the minister of foreign affairs that there probably would be no hotel available for the journalists and that an obsolete transatlantic liner moored at one of the piers would be the home of the writers during the conference.

Signor Ricci has instructed the telephone and telegraph administration virtually to rewire the city completely in order to give to the visiting delegations private telephones in their quarters at the hotels so that they may be in direct communication with their respective governments.

Minister of Posts and Telegraphs Giuffrida is arranging for seven supplementary wires to be placed in the conference room of the palace, three of them running direct to London, three to Paris and one to Berlin, working twenty-eight telegraph instruments, which will be capable of handling 60,000 words an hour.

\$25,000,000 SUIT AGAINST TEXAS COMPANY

NEW YORK, Feb. 3.—The Texas Coast Development company has begun suit in the state supreme court against the Texas company seeking judgment of upward of \$25,000,000 in a transaction involving oil and sulphur properties in Brazoria county, Texas, said to be worth \$60,000,000.

The complaint, signed by Arthur M. Wichwire, attorney for the development company, and supported by an affidavit by Thomas A. Nevins, its president, charged the Texas company with an "unlawful and fraudulent scheme" to obtain possession of more than 37,500 acres of land which the court is asked to retransfer and reassign to the plaintiff.

The Texas company is accused of having withheld from the development company knowledge of the discovery of large sulphur deposits on land that had been leased from it, and by so doing, it was alleged, the plaintiff was unable to meet mortgages due, resulting in foreclosure and the bidding in of the property by the Texas company. Other allegations refer to the drilling of oil wells on the land, which the complaint alleged had not been carried out according to agreement.

WOMAN SAYS FLORIST HELD HER AS CAPTIVE

OMAHA, Neb., Feb. 3.—Paul Floth, pioneer Omaha florist, has been arrested on complaint of Mrs. Margaret Fowler, 23 years old, of Denver, who told police that when she applied at Floth's home for work as a housekeeper he held her captive all of Saturday night.

"She's a high grade vamp," declared Floth. "She's trying to 'frame' me."

"I gave her a couple of drinks of wine and she got hysterical. Dr. Van Fleet told me to leave her in the house. The next morning she was gone."

Floth will be tried in police court Thursday. Mrs. Fowler said she would offer evidence to prove the aged florist had attacked her.

OHIO'S OLDEST WOMAN READS BIBLE WITHOUT HER GLASSES

Ohio's oldest woman, Mrs. Elizabeth Stephens of Cincinnati, recently celebrated her one hundredth birthday. She does not believe in unlucky thirteens and other superstitions, but sticks firmly to the teachings of her well-worn Bible, which she reads daily without the aid of glasses. She insists also upon making her own bed and eats regularly with other members of the family. She came to Cincinnati ninety-seven years ago, floating down the Ohio river, with her parents via a crude houseboat.

Princess Can't Prepare Program For Own Wedding

LONDON, Feb. 3.—Arrangements for Princess Mary's wedding to Viscount Lascelles at Westminster Abbey the last week in February are taking form.

The lord chamberlain, the Duke of Atholl, has been commissioned by the king to draw up a sketch of the proposed ceremonial and the state chamberlain, Sir Douglas Dawson, will prepare the program.

The sending out of 2,000 invitations is the task of the ceremonial department at St. James' palace. A fortnight's notice is usually considered sufficient for such occasions. The king and queen as a rule invite personally their own relatives from abroad.

Not all the guests at Westminster Abbey will be able to see the wedding ceremony. The choir and the transepts will be set apart for the royal family, the diplomatic corps, personal friends of the viscount and princess and the members of the royal households and suites. The others will have to be content with a view of the procession.

The wedding will be solemnized by the Archbishop of Canterbury, or in his absence, by the Archbishop of York.

A wedding reception will probably be held in the ballroom at Buckingham palace, at which the famous royal gold plate service will be displayed.

The confectionery for all the state functions is made by the confectioners at the palace and it is presumed they will make the wedding cake.

DAUGHTER ACCUSES MOTHER IN KILLING

OKLAHOMA CITY, Feb. 3.—"I am going to kill him, collect the life insurance and pay these debts that are hanging over me. It must be done before the seventeenth."

These words, attributed to her mother, Mrs. Charles Jollie, 48, made up the principal testimony yesterday of Marie Jollie, 20, in a preliminary hearing before United States Commissioner Ernest Chambers. It resulted in the holding, without bond to await the action of the federal grand jury, of Mrs. Jollie and Sergeant Byron Warren, 24, charged with the murder of Mrs. Jollie's husband, an army field clerk, at Fort Reno on the night of Jan. 5.

Jollie was shot and killed as he sat at his desk.

According to the daughter, Sergeant Warren told her mother, "I will go and do it if it has to be done." She said she heard a shot and a few minutes later Warren re-entered the house. Warren and her mother then went into another room and calmly played cards, the girl testified, until Warren was summoned to headquarters for examination in connection with the killing.

CO-ED JOKES IN COLLEGE PAPER ROUSE GIRL'S IRE

CHICAGO, Feb. 3.—College wits and punsters have gone too far with the co-ed's of Northwestern university, it was learned Thursday.

The girls, resenting publication of naughty and off-color jokes about them in two college papers, asked the faculty to clamp down the lid.

This is one of the jokes that started the row:

First co-ed: What are you going to wear to the prom? Second co-ed: I don't know. I've decided on nothing.

GIRL LEADS ROBBERS.

CHICAGO, Feb. 3.—Police tonight were without a clue to the beautiful leader of a band of thieves who looted three apartments of \$17,000 in jewelry.

The girl, who served as maid in one of the buildings, was overheard by the owner directing several men to the hiding place of the valuables.

A scream frightened the bandits, and they were led from the apartments by the girl. All escaped in an automobile.

Literary women are plentiful in Moscow.

FILM LAND FIRE TOO REALISTIC FOR HOLLYWOOD

LOS ANGELES, Feb. 3.—There will be no more "fire scenes" enacted by the motion picture companies at their studios in Hollywood, a suburb of this city, or anywhere else within the town limits. The city council, at a special meeting took final action upon an ordinance placing a strict ban upon the burning of buildings, or motion picture sets representing buildings, either in or out of the studios.

This legal action came about as a result of the making of Cecil B. DeMille's latest Paramount production, "Saturday Night" which was finished only a few days ago. One of the big "punches" of this film was the burning of a whole row of five-story New York tenement houses, with all the attending excitement of falling walls, heroic rescues and thrilling narrow escapes. The "set" was built on the three city blocks adjoining the Lasky studio in Hollywood.

Thousands of "extra people" were hired to leap from burning windows and to mill around in the street crowds. And three-fourths of the city fire-fighting equipment of the suburb of Hollywood was rented to take part in the picture. With Cecil DeMille directing from an elevated platform, and ten cameras clicking simultaneously, the tremendous spectacle of the tenement fire was "pulled off."

The cameramen got their "thrill stuff" all right, but so hot did the raging flames become that they set fire to some of the adjoining studio buildings and to the roofs of a row of dwelling houses, and from fighting a "movie blaze" the fire department had to turn to combating a real fire. There were a number of narrow escapes from death that weren't intended to take place.

This aroused the city council to such a pitch that, even before Mr. DeMille had finished filming his "Saturday Night" an ordinance had been introduced forbidding future fire scenes, and imposing a fine of \$500 or ninety days in jail, or both, for violation of this law. On third reading the ordinance passed unanimously.

CHILD'S SLED RULED NOT PLEASURE VEHICLE

NEW YORK, Feb. 3.—A child's sled is not a pleasure vehicle, Magistrate Hatting ruled Wednesday.

He found Jacob Eisner and Harry Yarshinsky, fathers, guilty of violating a city ordinance of drawing their progeny through Central park on sleds, but suspended sentence. The ordinance prohibits all but pleasure vehicles on the driveways of the park.
