

Acheson Speaks His Mind On Soviet Russia

Red Imperialistic Aims Flayed By State Secretary

NEW YORK, Oct. 21 (AP)—Here's how Secretary of State Dean Acheson sizes up Russia:

"The aggressively imperialist power of our times, seeking to expand its dominion where its grasp and its reach coincide, and to cause confusion and disintegration where its grasp falls short."

Acheson said in a speech last night that one set of problems in U. S. foreign affairs "arises from the conduct in international affairs of the Soviet Union" along these imperialist lines.

The secretary addressed a dinner of the Alfred E. Smith memorial foundation. The foundation was incorporated in 1946 "to perpetuate the ideas of Alfred E. Smith by raising funds to aid the poor, the sick and the underprivileged."

Acheson said there also is a second set of problems in American foreign affairs.

"These," he said, "are the problems economic, social, political, which arise, as in Europe, from the disruption of war and changed relationships with other parts of the world—as in Asia, from a great awakening of peoples to a new revision against the recurrence of poverty and hunger and to a consciousness of national independence."

"These two sets of problems are interrelated. The thrust of Soviet imperialism in eastern Europe or Asia affects not only those areas, but their relations with other nations."

"Similarly, the success or lack of success of parts of the free world in gaining strength and stability affects the direction and figure of Soviet thrusts. So few problems are isolated. Most are part of a very complicated mosaic."

CALIFORNIA WEATHER! HMPFFT!—What with the temperature dropping into the 30's in many southern California areas, Jack Angres (above), a Los Angeles waiter, figures there's only one way to get warm. Some relief from the wintry weather was promised by the weather bureau, but Angres decided that was too long to wait. (AP Wirephoto).

Local Railroader Is Accused Of Molesting Girls

A 60-year-old man, employed as a brakeman by the railroad, was being questioned this morning by the district attorney after he had been accused of molesting two girls, one nine years of age and the other five.

Authorities stated the girls were unharmed. Suspicious of their parents were aroused when one of the children came home with part of her clothing disarranged.

One of the man's interrogators said he would probably be requested to leave town.

New Premier Of France Seeks To Unfreeze Wages

Quick Return To Bargaining In Industry Urged

PARIS, Oct. 21 (AP)—France's new Premier Rene Mayer favors an unfreezing of wages and a quick return to collective bargaining in industry.

Mayer outlined his domestic policies a short time before the national assembly approved him for the premiership last night by a vote of 341 to 183. Mayer is a member of the Radical Socialist Party, which despite its name favors a conservative policy.

Mayer won confirmation with 31 ballots to spare. He had to receive a minimum count of 310 or bow out of the picture. Now he faces the task of organizing a cabinet to handle France's complex wage and price problems growing out of the recent devaluation of the franc.

As part of his domestic program Mayer backed a proposal for a monthly bonus of up to 3,000 francs (\$8.50) for wage earners in the low brackets.

He also came out for legislation restoring the prewar practice of collective bargaining. Since the war, the state has had a powerful hand in determining wage scales to curb inflation.

On France's policy, Mayer proposed that France adopt an attitude of cautious friendship toward Germany.

Mayer, 54, plans to base his cabinet on a coalition of Radical Socialists, Socialists and Popular Republicans. The same coalition was used by Henri Queuille in organizing a government which endured for a year and 25 days—a French postwar record.

Abilene Tornado Claims One Life, Injures Three

Heavy Damage Done By Flash Twister

ABILENE, Oct. 21 (AP)—A mother suffocated beneath the body of her daughter, critically injured in a tornado which exploded their home early today.

Mrs. Ruby Lee Pearson, 37, a teacher, was the lone fatality of the brief storm which appeared to have died out near this West Texas town.

Her daughter, Mina La Dell, 11, was injured critically. Long nails from heavy timber of the house were driven into her body as she lay helpless over her mother's face.

Alley Pearson, 51, the husband and father, and Eddie Earl, 14, a son were less seriously injured.

Pearson is blind, and his wife had been supporting the family. Some 1,900 telephone circuits were disrupted in the town, F. E. Blakely of Southwest Bell Telephone Co., in Abilene, said.

The Pearson's three-room frame house was demolished. A vacated barracks just behind their home, several barns and other smaller buildings also were wrecked, power and telephone lines were ripped down, trees uprooted and two gas meters torn loose. They caught fire, but were quickly extinguished.

The storm roared into the northern section of this town of 40,000 persons about 12:20 o'clock this morning. Hall, wind and heavy rain accompanied the five-minute twister.

The funnel dipped into town from the southwest and roared off to the north. S. L. Stanley, West Texas Utilities Co. inspector, said it damaged power lines heavily about seven miles to the north. That was the last trace of its path.

Mrs. W. A. Winkle, who lived about a block from the Pearsons, saw the funnel before she rushed to a storm cellar.

"It sounded like a freight train going full speed past my windows," she told the Abilene Reporter-News.

The walls of the Pearson's home exploded outward with the force of the wind, dropping the roof on the occupants. Mrs. Pearson's body was caught under that of the girl. Rescuers found the daughter under heavy lumber with several long nails driven into her body.

She suffered a broken neck, scalp lacerations and body cuts. Doctors said her spine was severely damaged and she would be permanently paralyzed if she lived.

The father had a dislocated shoulder, cuts and bruises, the son, head and body cuts.

It was still raining here today, after stormy weather all night. Today's tornado struck about five blocks from where one hit Sunday, May 21, of this year. The section is sparsely settled.

Before Johnson went on the witness stand, Gen. George C. Marshall told the committee that money is "the root of the present trouble in the armed forces."

Marshall, wartime Army chief of staff, said all commanders want more than they can be given and somebody has to find "a more economical way of doing things that have to be done."

Johnson said that in addition to money there are other factors. His view was that:

"Tradition, opposing interest, and fear of loss of identity have all played a part in the turmoil on the subject of unification, and in the operation of the unified military establishment since you first established it in 1947. The present controversy, in my opinion, is a continued adherence to the above-mentioned considerations."

Dennis, 10 Other Top U. S. Reds Sentenced

NEW YORK, Oct. 21 (AP)— Eugene Dennis, Communist leader today was sentenced to five years imprisonment and \$10,000 fine.

He was the first of the 11 top Communist leaders convicted of conspiracy to teach the forcible overthrow of the United States government.

Other sentences: John V. Williamson, five years imprisonment, \$10,000 fine.

Robert G. Thompson three years imprisonment and \$10,000 fine.

The other eight received five years imprisonment and \$10,000 fine.

They were: Jacob Stachel, Benjamin J. Davis, Jr., 46, Negro member of the New York City Council.

John Gates, 36, editor of the Daily Worker.

Henry Winston, 35, a Negro and party organizational secretary.

Gilbert Green, 43, Illinois chairman.

Gus Hall, 39, Ohio chairman.

Carl Winter, 43, Michigan chairman.

Irving Potash, 46, vice-president of the CIO Fur and Leather Workers' Union.

After Federal Judge Harold Medina announced the sentencing, most of the defendants smiled.

The sentencing followed the recommendation of U. S. Atty. John F. X. McGohy that each de-

fendant be sentenced to 10 years imprisonment. He made no recommendation for a fine although the law provides it.

This suggestion to Judge Medina came one week after the top leaders of the American Communist Party were convicted of conspiracy to teach the forcible overthrow of the United States government.

"I don't say they could probably overthrow the government but they will attempt to do it," said McGohy.

He said the 11 men and William Z. Foster, chairman of the party who was also indicted but obtained a severance because of illness, ruled the party.

"Therefore recommended a sentence of 10 years for each defendant," he said.

McGohey's recommendation followed old provisions of the Smith Act under which the defendants were indicted. Last year the act was revised making maximum punishment five years and keeping the fine at \$10,000.

McGohey argued the defendants committed their acts while the original provisions of the law were in force.

Medina said he agreed with McGohy "in the strict matter of the law."

"But Congress' intention must be kept in mind," he continued.

Johnson No-Billed On Charge Of Perjury

AUSTIN, Oct. 21 (AP)—A false swearing charge against Sen. Lyndon B. Johnson (D-Tex.) was dropped by the Travis County Grand Jury last night.

The charge of false swearing by affidavit had been brought yesterday against Johnson in justice of the peace court by former Ranger Capt. Frank Hamer of Austin.

Johnson commented he was not surprised at the action brought by Hamer, "because it's pretty much in keeping with the line that's been followed all along."

Hamer filed the complaint in connection with the court battle between Johnson and former Gov. Coke R. Stevenson over the Democratic nomination for U. S. senator last year.

Hamer alleged the "false statement" was in an affidavit filed by Johnson in 1948 District Court here a year ago in an injunction suit brought by Johnson against Stevenson and others, including Hamer.

Hamer said he had been accused of going into Jim Wells County and attempting to have voting results changed by "threat and intimidation."

Johnson came out the winner in the nomination fight after the long series of court battles. Informed that the grand jury had refused to indict him, the senator said the dispute had been resolved in his favor through many courts and a Senate committee. He added:

"I had thought that every group had considered it and decided unanimously, but not being a lawyer, I hadn't thought of a justice of the peace court."

Avery Woman Badly Injured In Storm

CLARKSVILLE, Oct. 21 (AP)—A tornado which struck the town of Avery, 15 miles east of Clarksville early today seriously injured Mrs. Oee Downs, about 25.

The woman was reported in critical condition at the Red River County Hospital at Clarksville.

The tornado destroyed one home and damaged several others when it struck between 6 and 7 o'clock this morning.

Mae West Is Sued Again

LOS ANGELES, Oct. 21 (AP)—Mae West is a defendant in a new \$10,250,000 damage complaint filed by that suing duo, Arthur R. Van Wyke and A. E. Harrison.

Van Wyke and Harrison, a pair of Los Angeles promoters who bandy billions like Rockefeller, Jr., used to flip dimes, yesterday charged in federal court that Miss West and numerous other defendants had terminated contracts with them for a hotel, resort and gambling venture in Nevada.

It was incorporated under the name Diamond Ltd. Inc. in 1946, they said. When Miss West and her group pulled out of the deal, Van Wyke and Harrison said they lost untold potential profits. They also don't want the name "Diamond Ltd." used for a New Jersey night club.

The duo recently filed three damage suits against Standard Oil of California and others totaling \$156 million. They alleged they had been deprived of potential profits from worldwide sale of a metallic lubricant.

PAIR AGAIN IN TROUBLE

Two men, arrested by police Wednesday for investigation of shoplifting, were back in jail today for the same reason.

They had been released yesterday because of insufficient evidence, Chief of Police Pete Green said. They were accused of taking merchandise from the counters of two local stores and asking for purchase refunds, officers said.

After their release Thursday, they allegedly practiced the same procedure in a drug store here. No charges have been filed, Green said.

MINE CHIEFTAIN BLASTED Coal Men Walk Out On Contract Talks

By The Associated Press Coal operators walked out on contract talks with the United Mine Workers Friday. But there was a flicker of hope that a break may come in the steel strike.

Northern and western mine operators left White Sulphur Springs, W. Va., where negotiations designed to end the five weeks old coal strike, were being held.

They accused John L. Lewis of being willing "to destroy" the coal industry "in his mad race for power." They said they would meet with union leaders again when the union leaders show they are ready "to consider our employes and the industry."

The situation in the costly, 21-day steel strike, says Cyrus S. Ching, federal mediation chief, "is not hopeless."

But, Ching said in a statement in New York last night after conferences with U. S. Steel Corp. officials, "we do not want to create the impression that there is a basis for optimism."

This followed earlier comment by President Truman that he has no present plans for intervening in either the steel or coal strikes or for seizing either industry.

The continuing steel-coal tieups choked off much of the nation's industrial activity and made idle more than a million workers.

Ching and other top mediation officials planned to meet again today with representatives of "big steel." They hope to get the steel companies and CIO United Steelworkers to attempt to settle their dispute over free pensions.

There was some progress in the coal strike, insofar as the southern operators were concerned, but northern and western operators appeared hopelessly deadlocked with John L. Lewis.

Lewis was not at the meetings which are aimed at settling the five-week-old walkout of some 390,000 miners. He was in Springfield, Ill., visiting his 91-year-old mother who is seriously ill.

Russia Ponders Next Move In New UN Defeat

NEW YORK, Oct. 21 (AP)—Yugoslavia was elected to the security council over Russia's vehement protests but the roof didn't fall in and the United Nations went along with its routine today.

Nobody walked out. It appeared that nobody will walk out.

It left the United Nations wondering what were the "painful consequences" Soviet Foreign Minister Andrei Vishinsky warned of before the 29-nation General Assembly chose Yugoslavia yesterday in preference to the Russian-supported Czechoslovakia.

There was no indication when the consequences might come.

A Czechoslovak embassy spokesman in London said last night there is no prospect that the Soviet bloc nations would walk out of the United Nations as the result of the Yugoslav victory.

"No doubt," he said, "this is what many western countries would like us to do."

Secretary of State Acheson said here last night he didn't foresee any rift in the UN because of the election.

The Soviet Ukraine, which lists now as Russia's only teammate on the Security Council, doesn't want its eastern European seat until the end of the year. There was every indication that Russia and satellites until then at least, would pursue their usual course. They said Yugoslavia's election over Czechoslovakia would never be considered legal.

Vishinsky forced a brief, wry smile when on the first of two ballots Yugoslavia got 37 votes, only two shy of the total she needed. Yugoslavia won on the second with 39 to 19 for Czechoslovakia.

CRMWD BOARD ADJOURNS HERE

Water Supply Studies Await Projected Demand Estimates

Bureau of Reclamation studies of a proposed joint water supply for Big Spring and Odessa today awaited estimates of projected demand from the member cities.

Directors of the Colorado River Municipal Water district adjourned here Thursday afternoon with agreement that Big Spring and Odessa city councils would furnish the Bureau with estimated future demands.

This action came after the board, and later city officials, had studied tentative estimates of growth submitted by the University of Texas bureau of business research. Tentative agreements were reached between Harry P. Burleigh, Austin, state planning engineer for the Bureau of Reclamation, and officials as to demand basis.

While these will await action by the member cities, there were indications that Odessa would peg its estimate of population around 90,000 at the end of 50 years. Big Spring may project its growth curve only to 1965, this being the case the figure of 35,000 ap-

peared as a probable population estimate at that time. Burleigh urged as prompt action as possible on projected demand. When this information has been approved by all parties, the Bureau will proceed into the design stage of a project. Sometime in February 1950, the Bureau would submit to the Colorado River Municipal Water district its idea of location and size of a dam, together with cost of supplying fixed amounts to the member cities.

Possibility of interest by Snyder and Midland, original members of the surface water proposal, was injected into the meeting, but no action was taken in this regard. The Bureau will proceed without consideration of this possibility, according to present indications. During the session Burleigh took occasion to say that the Bureau policy was to turn the operation of its projects over to the authority (district) as quickly as the authority was able to assume charge. Only interest of the Bureau, he said, was in satisfaction of whatever financial contract was ap-

proved. He said flatly no power development would be considered; that power would be secured from the two most practical utilities.

Max Bentley, Abilene, West Texas Chamber of Commerce activities director and an observer at the meeting, explained the WTCC policy was directed toward securing of adequate domestic water supplies for this area. The WTCC had taken the lead, he said, to not only have domestic water included as a criterion in Bureau of Reclamation projects, but as the first consideration. It would be up to local interests to make the "sharp deal possible," whether privately or in cooperation with state or federal agencies, he said.

Casey Fannin, Odessa city manager, pointed to a need for adequate tolerance for industrial development in final estimates by the Bureau. Charles Perry, Odessa, CRMWD vice-president, agreed adding that population would be joined in no small degree with industrial development. R. T. Finer, Big Spring, president, presided over the sessions.

Boy Who Caused Hawkins' Arrest Is Rewarded

LIBERAL, Kan., Oct. 21 (AP)—John William Smith, Middle Water, is only 10 years old but he has a career all cut out for himself.

John was elected to life membership in the five state peace officers association meeting here yesterday as a reward for recognizing Leonard Hawkins, wanted in an Illinois slaying, and bringing about his apprehension Monday near Dalhart, Tex.

In addition John will receive a \$25 cash reward.

Hawkins asked John for matches. John went into the house, told his mother, and took the matches to Hawkins while his mother called the law.

Houston May Face City Bus Strike

HOUSTON, Oct. 21 (AP)—Houston may face a city bus strike next week.

Drivers and mechanics of the Houston Transit Co. agreed on a seven-day truce yesterday, but said unless 25 disputed issues are settled, a strike vote would be taken at 2 o'clock next Friday morning.

SHE SITS IN HOUSE

Amarillo Woman Is Farm Bill Expert

By **TEX EASLEY**
Special Washington Service
WASHINGTON, Oct. 21. (AP)—A Texas woman is one of the authorities on the farm bill pushed through Congress in its closing days of this year's session.

She is Mrs. Altavene Clark of Amarillo, executive officer of the House Agriculture Committee. She has the privilege of sitting in the House during debate on farm legislation, and goes there armed with facts and figures. It's her job to have them ready when a congressman on the committee may be called upon suddenly to back up a statement about the need or effect of some law.

Since 1933 Mrs. Clark has been accumulating a knowledge of farm and ranch problems. Her fresh outlook, twinkling blue eyes and brown hair belie her age; she has a recently married son employed with the Hawaiian Airlines in Honolulu. Born in Iowa, Mrs. Clark went to Texas "as soon as I was old enough to show good judgment," to see her own work.

She was working as purchasing agent for the Panhandle Lumber Co., in its general office at Amarillo, when she got a chance to come to Washington in 1933. Her boss at the time, John E. Hill, was a good friend of the then Panhandle Congressman Marvin Jones. When Jones became chairman of the House Agriculture committee he offered Mrs. Clark a position on the staff.

From 1933 to 1940 the friendly Texas woman stayed with the Agriculture committee. Then the veteran Representative Jones was appointed to the U. S. Court of Claims, where he is now Chief Justice.

Mrs. Clark then was employed by Judge Jones' successor, Ben Gene Worley of Shamrock. She went back to the Agriculture committee staff at the beginning of this year, to become its executive officer.

It will show in eight scenes historic events beginning with the story of Abraham and ending with the birth of Christ. The pageant, "The Beginning of Glory—The Christ Story" will be sponsored by the Amarillo Ministerial Alliance.

The eight scenes of the Panhandle pageant will be: "Abraham, the Friend of God," "Joseph, the Dreamer of Dreams," "Story of Moses, a Lawgiver," "David, the Shepherd King," "Solomon, the Wise and Foolish," "Through Elijah God Is Praised Again," "Foretelling the Messiah," and "Jesus is Born in Bethlehem."

The Rev. Galen Onstad, rector of St. Andrew's Episcopal Church and president of the Amarillo Ministerial Alliance, heads a committee of five ministers who will approve the pageant scenes.

shovel of dirt that finished its being transplanted there recently. One other tree in the past was officially named after a Speaker, but Rayburn is the only one holding that office ever to actually take part in a transplanting ceremony of the kind.

As he shoveled the dirt, an on-looker commented that just a few months ago and only a few yards away they felled the giant "Washington Elm" that had been transplanted there by the nation's first president.

"Wonder what things around here and in our country will look like when the 'Rayburn Oak' is felled if it dies of old age," mused the spectator.

Rep. Lindley Beckworth of Glade-water says he is getting results from his concerted drive to make the various branches of the Armed Services aware of the good taste and nutrition of plain old black-eyed peas.

The first report he has gotten back on results of tests being initiated at various military centers throughout the country came from Conally Air Base of Waco. There it was found that 70 percent of the boys served them like black-eyed peas. The 30 percent who didn't came largely from northern and eastern states and had never eaten nor heard of them.

THEY'LL LIVE IN GEORGIA

TOKYO, Oct. 21. (AP)—An army private from Texas and a WAC sergeant from Georgia are going to be married—and settle down in Georgia.

"There's nothing wrong with Texas," said Pfc. Robert E. Noble, Dallas. "We just decided we'd live in Georgia when we leave the service."

He and Sgt. Monte Hardy of Williamston, Ga., have set their wedding for Oct. 29 here.

Noble, 28, met the 24 year old WAC two years ago while her family was visiting in Texas. They didn't see each other again until about six months ago in Japan.

The bridegroom is slated for discharge next Aug. 1; his fiancée, the following October.

Junk Dealer Is Charged In Theft Of \$282,026

BALTIMORE, Oct. 21. (AP)—A 37-year-old junk dealer was in jail here today facing charges that he stole more than a quarter of a million dollars from an elderly pawnbroker.

Nathan Brenner, the junk dealer, was accused in a grand jury presentation of swindling 83-year-old Harris D. Miller out of \$282,026 in a quick-profits scheme to buy and sell carloads of steel.

Miller operates a pawn brokerage here and has large real estate holdings in Florida.

Investigators said he had loaned Brenner a total of \$1,600,000 over a 13-month period in the belief that he was investing in junk steel transactions.

Authorities charged that many of the carloads of scrap steel that were supposed to have changed hands in the dealings did not exist. Brenner was held in \$50,000 bail.

Canyon Planning Biblical Pageant For Dec. 16-23

CANYON, Oct. 21. (AP)—A Biblical pageant with a cast of more than 900 Panhandle people will be presented in Palo Duro Canyon State Park Dec. 16-23.

The pageant, "The Beginning of Glory—The Christ Story" will be sponsored by the Amarillo Ministerial Alliance.

The eight scenes of the Panhandle pageant will be: "Abraham, the Friend of God," "Joseph, the Dreamer of Dreams," "Story of Moses, a Lawgiver," "David, the Shepherd King," "Solomon, the Wise and Foolish," "Through Elijah God Is Praised Again," "Foretelling the Messiah," and "Jesus is Born in Bethlehem."

Isaiah Pleads For Trust In Jehovah

Scripture—Isaiah 7: 12-2; 25: 26; 30: 1-17.

By NEWMAN CAMPBELL

These were troublous times in the little kingdom of Judah. Israel and its master, Assyria, to whom Israel paid tribute, were threatening to attack Judah. King Ahaz was very much worried about this, as were his people. There was fear and unrest in the little kingdom.

After nearly 3,000 years we are little better off. There is still unrest all over this much larger world. Small nations are terrified that they may be swallowed up by larger and stronger ones, and all the world fears change and war.

Now the Lord said to Isaiah the prophet, "Go forth now to meet Ahaz, thou and Shear-jashub thy son, at the end of the conduit of the upper pool in the highway to the fuller's field: And say unto him, Take heed, and be quiet: fear not, neither be faint-hearted for the two tails of these smoking firebrands—Israel and Assyria—have taken evil counsel against thee: 'Let us go up against Judah, and vex it, and let us make a breach therein for us, and set a king in the midst of it, even the son of Tabeal.'"

Tabeal was a Jewish noble, whose nations thought would make a good king for Judah—one who would satisfy even the discontented element in the country.

"Thus saith the Lord God, I shall not stand, neither shall it come to pass."

Isaiah's son's name, Shear-jashub, means "a remnant shall return" and it is thought that the son being with Isaiah might suggest to the king that banishment from their home—with but a remnant returning—was possible if the Lord's warning was disregarded.

"Ask thee a sign of the Lord thy God; ask it either in the depth, or in the height above." King Ahaz was advised. His answer was, "I will not ask, neither will I tempt the Lord."

In his fright he would not trust his God, but sought help from Assyria, offering to pay tribute. It served for the moment, but placed a foreign yoke upon his country and a possibility of future invasion if the tribute was refused.

Trust in God is the theme of Isaiah's message; at this time to his people. He says, "Behold, God is my salvation—I will trust, and will not be afraid: for Jehovah, even Jehovah, is my strength and song; and He is become my salvation."

Chapters 25 and 26 of Isaiah are songs of praise and trust in Jehovah, including the promise, "He will swallow up death in victory." Also, "Thou wilt keep Him in perfect peace, whose mind is stayed on Thee; because he trusteth in Thee."

"Trust ye in Jehovah for ever."

for in Jehovah, even Jehovah, is an everlasting rock."

When disaster came nearer, Jehovah rebuked his people, thus: "Woe to the rebellious children, saith the Lord, that take counsel, but not of Me; and that cover with a covering, but not of My spirit, that they may add sin to sin: 'That walk to go down in into Egypt, and have not asked at my mouth; to strengthen themselves in the strength of Pharaoh, and to trust in the shadow of Egypt you confusion.'"

Judah had sent gifts to Egypt, asking help in its woes. Their appeal did them no good, for, as Isaiah said: "The Egyptians shall help in vain, and to no purpose; therefore, have I cried concerning this: Their strength is to sit still."

In that day, as in this, people did not want to listen to bad news. They did not relish the truth, but wanted things smoothed over. As Isaiah said: "Which say to the seers, See Not; and to the prophets, Prophecy not unto us right things, speak unto us smooth things, prophecy deceits."

Prophets of disaster never have been popular with the people, in this or any other land. We all want so much to believe that things are all right. We resent those who point out evils—the result of unwise actions or decisions.

And our trust in God seems to be very slight. We should remember the prophets words: "Trust ye in Jehovah for ever: for in Jehovah is an everlasting rock."

MEMORY VERSE

"I will trust and will not be afraid: for Jehovah, even Jehovah, is my strength and song."—Isaiah 12:2.

Phantom Radio Man Punished

PARCHMAN, Miss., Oct. 21. (AP)—Mississippi's phantom broadcaster has lost his mystery, his secret radio transmitters, and his privileges as a prison trusty.

Frank Moody, 28, was shifted to a prison work camp yesterday.

The Federal Communications Commission had been trying for days to pin down the unauthorized radio broadcasts in this area. Joe McKinley, regional manager of the FCC, revealed Wednesday night it finally did and told the story of the broadcasting convict.

Moody had built three radio transmitters and broadcast daily to persons in Pascagoula and Buca-tunna, Miss. He gave helpful hints on how to win an "indefinite suspension of sentence" from Gov. Fielding L. Wright, McKinley said.

Two amateur radio operators, one in Arkansas and the other in Tennessee, first reported the broadcasts to the FCC, early in October.

Sunday, federal men went to the trustee's cage at the state prison. Moody led them to the transmitters.

Moody is serving a 50-year sentence which mushroomed from a seven year sentence in 1939 for armed robbery in Jackson County. Paralytic for two escapes during his first four years ran the total up.

930 Persons Secure Placements Through Local TEC Office

A total of 930 job placements were made through the Texas Employment commission office here during the week ending Wednesday, Leon M. Kinney, director, reported.

Only 22 claims, both new and continued, were on file for unemployment compensation during the period, Kinney stated.

Placements in agricultural work made up the bulk of those reported by the TEC. Some 892 persons were placed on farm jobs while 38 went into non-agricultural positions.

Referrals to non-agricultural employment were set at 45. Agricultural referrals were the same as the number placed, Kinney said.

The TEC received 25 new non-agricultural job orders. New work applications for the week numbered 24. The office made 331 reception contacts.

Piner Will Speak On C-C Radio Program Sunday

R. T. Piner, president of the Howard County Junior College board of trustees, is to be speaker on the weekly chamber of commerce radio program Sunday.

E. C. Dodd, HCCJ president, is to be master of ceremonies for the 30 minute broadcast starting at 3 p. m. Dan Conroy is to direct a group of junior college students in a number of choral selections during the program.

The chamber of commerce programs are aired each Sunday afternoon over KBST. Edith Gay chamber secretary arranges the weekly broadcasts.

Boy's Fate In Hands Of Psychiatrists

LOS ANGELES, Oct. 21. (AP)—The fate of Richard Elliott, 15-year-old who claims he mercy-killed his younger brother, is in the hands of two psychiatrists.

Juvenile Judge A. A. Scott appointed the specialists to examine the boy and return a mental report Nov. 14. The court will then rule whether Richard is to be held on an involuntary manslaughter charge in the death of his brother, Robert, 10.

Richard told police he fired a second shot into his brother's head after the younger boy had accidentally been wounded.

Foil Communist Plot

SEOUL, Oct. 21. (AP)—Marine officials said today they had foiled a Communist plot to seize the Cargo Ship Kumchen and sail it to Red northern Korea. The 400-ton ship was about to sail from the southeast port of Fusan to Mopon, another southern port, when police boarded it and seized 12 suspects, including six stowaways.

POOCH GIVEN SAFE CONDUCT

PHILADELPHIA, Oct. 21. (AP)—When an armored truck pulled up to front of the home of Mr. and Mrs. O. B. Conkey, the Conkeys' eyes popped.

And when their pet pooch, Tojo, climbed out they really did a "double take."

The truck driver explained things. Seems Tojo, a little brown and black mongrel, wandered into the office of Godfrey Smith, president of the Girard Trust Co.

By means of the dog's license, Smith traced the animal's owners and had Tojo delivered home in style.

Valley Ignores Ruling On Bracero Wages

HARLINGEN, Oct. 21. (AP)—Lower Rio Grande Valley farmers are still making application for Mexican workers, but they are specifying wages of 20 and 25 cents an hour.

These applications disregard a U. S. Government statement that no bracero orders would be recommended for wages under 40 cents an hour.

The Texas Employment Commission officer said only a few applications were received yesterday, and on 10 per cent of those specified 40 cents an hour. The rest were 20 and 25 cents.

The executive committee of the Texas Citrus and Vegetable Growers and Shippers Assn., held a day long conference yesterday. It said members would meet again next Tuesday to decide the association's policy on Mexican labor.

Wife, Shot By Mate, Refuses To Complain

GARDENA, Calif., Oct. 21. (AP)—"They can send me to jail if they want to," says Mrs. Glogg Davis, just out of the hospital after 25 days. "I love my husband and he loves me and I will not speak against him."

The husband, Robert C. Davis, 38, was held yesterday for superior court trial on charges of assaulting with intent to murder. Police said he shot his wife eight times.

Mrs. Davis, 34, was given a suspended three-day jail term for refusing to testify against him. Peace Justice D. Clifford Higgins, holding that the law exempting a spouse from testifying did not necessarily apply in this case, cited Mrs. Davis for contempt.

"You did not have a legally justified reason for refusing to testify," the justice said.

Missionaries In Japan

TOKYO, Oct. 21. (AP)—Fifty Christian missionaries, fugitives from the Communists in China, now are working in Japan, occupation officials said today. Thirty-five are Protestants and the remainder are Catholics. Most of them are Americans.

Missionary To China Will Speak At First Presbyterian Church Sunday

Dr. Andrew Allison, returned missionary to China, will arrive in Big Spring Saturday evening and will speak at the First Presbyterian church Sunday morning.

Dr. Allison is making a speaking tour of the Presbyterian churches in the El Paso Presbytery. He

has had approximately 25 years of missionary experience in China and has recently returned to this country.

An interesting speaker, Dr. Allison will speak on the subject of "The Mission Future In China."

Prior to the morning address, members of the choir will sing the anthem, "Near the Cross" by Lorenz. During the evening service, Mr. and Mrs. Joe Fowler Brooks will render the selection, "Take Up Thy Cross."

The Rev. R. Gage Lloyd will speak on the "Parable of the Great Feast," from Luke 14:18, during the evening. The scriptural text reads in part: "They all with one consent began to make excuse."

"The Best of Life Is Yet To Be," will be the sermon-subject discussed by the Rev. A. H. Carleton at the First Methodist church Sunday morning.

Joyce Howard, soloist, will sing "Jubilate Deo," prior to the morning sermon. During the evening, the Rev. Carleton will speak on "The High Cost of Christian Living," Munson Compton will be soloist.

Sunday masses at St. Thomas Catholic church, 508 North Main, will be held at 7 and 9:30 a. m. and week day masses are at 7 a. m. Confessions are heard before the daily mass from 7 to 8:30 a. m. Saturdays. Members of the Knights of Columbus will conduct their regular meetings on the second and fourth Wednesdays of each month. At the Sacred Heart Catholic church (Latin American) Sunday masses are at 8:30 and 10:30 a. m. and week day mass is at 7 a. m.

The Rev. I. A. Smith will conduct both the morning and evening services at the Park Methodist church Sunday. Morning sermons are at 11 a. m. and evening sermons are at 7:30 o'clock. Sunday school is at 9:45 a. m. Junior league will convene at 7 o'clock under the direction of Mrs. Gould Winn. Midweek prayer meetings are scheduled for 8 p. m. under the direction of the pastor.

"Probation After Death" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, and in the local reading room, 217 1/2 Main, Sunday morning. The Golden Text is "He that shall endure unto the end, the same shall be saved." (Matt. 24:13)

Among the citations which comprise the lesson-sermon is the following from the Bible: "Mark the perfect man, and behold the upright: for the end of that man is peace." (Psalms 37:37) The lesson sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The way is straight and narrow which leads to the understanding that God is the only life." (Page 324)

S. Hancock, evangelist, of Little Rock, Ark., will conduct the revival services at the Main Street Church of God, Corner Tenth and Main, Sunday morning and through out the week.

The Rev. Dale Oldham of Anderson, Indiana, will present the Christian Brotherhood Hour heard sored by the Church of God, over KBST at 8:30 o'clock, sponsored by J. B. Wright of Cisco will direct the special song services and Kenneth Dickerson of Midland will conduct a chalk talk lesson at the youth fellowship meeting at 6:45 p. m.

Mrs. Nola Whitaker is Sunday school superintendent. The Rev. John E. Kolar will serve as host pastor.

At the First Baptist church, Dr. P. D. O'Brien will discuss, "The Proper Use of Fear," from Heb. 11:7 during the morning sermon hour. At 4 o'clock a religious moving picture and Bible story will be projected. During the evening hour Dr. O'Brien will speak on "The Sound of Silence," from I Kings 19:12.

The Rev. Ad H. Hoyer will present the sermon, "The Elders In A Christian Congregation," during the morning worship at St. Paul's Lutheran Church. Members of the Ladies Aid will be entertained with a social in the home of Mrs. John Foster, 303 Scurry, at 2:30 p. m. The Junior League will meet at the church at 6 o'clock.

During the absence of the Rev. Lloyd Thompson who is attending a Christian convention in Cincinnati, Ohio, Rupert Ricker will conduct the morning sermon. His announced subject is "Make Straight the Way of the Lord." There will be no evening service.

Pastor Marvin H. Clark will be heard over KBST at 8 o'clock Sunday morning on the subject, "The Wrath to Come," based on I Thess. 1:10. At the Trinity Baptist church, 810 11th Place Pastor Clark will speak on "The Conquering Christians." During the evening, he will speak on "The Gospel of God," from Romans 1:1-4. Sunday school classes will continue the study of Exodus. This week they will consider the lesson, "The Tabernacle," from Exodus 25-27.

"Liberalism In Giving" will serve as the subject topic to be discussed by Lloyd Connel, minister of the Church of Christ, 14th and Main, Sunday morning. During the evening, Minister Connel will speak at the Harris and Irving church of Christ in San Angelo on the subject, "The Nation That Forgets God." The evening sermon here will be conducted by Allan Bryan, associate minister.

THE FAMILY

The family is the basic unit of organized society. From it have grown the tribe, the nation, and the race. Its development marked man's first step from primitive to civilized life.

In the protection of his family and the pursuit of its comfort and happiness, man has developed all of his arts, sciences, industries, and institutions. The home is the greatest factor in human progress.

Nations grow strong and great as their family life improves, and they deteriorate and fall when the family breaks down.

Our hope as a nation lies in restoring and strengthening the home life of our people. Influences which tend to undermine the family have crept in, so that today the American home is in serious jeopardy.

The strength of the family is in its faith—faith in God, faith in the right, faith in each other. We must restore these. We must turn to the Church and the teachings of the Bible if our country is to survive.

HOLY BIBLE

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor in earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church: They are (1) For his own sake (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Annual AAUW Membership Tea Held Thursday Night At Settles Hotel

Big Spring's American Association of University Women held an annual membership tea Thursday evening at the Settles hotel. Approximately 40 women representing some twelve colleges and universities attended. Mrs. Aisie Carleton and Mrs. Charles Watson arranged the program.

Guests were greeted at the ball room door by Neil Brown, local president.

After registration was completed, Miss Brown welcomed the guests and discussed the local AAUW activities. She announced that regular meetings are held on the first Thursday of each month. Meeting time is 8 p. m. and the place will be announced later. Miss Brown also announced a neighborhood conference to be held in Brownwood on November 8.

Mary Jane Hamilton accompanied by Mrs. Champ Rainwater sang three selections, "A Swan," "Morning," and "My Lover Is A Fisherman."

Mrs. Gilbert Gibbs, 1948-49 AAUW president, gave a brief history of the international organization. She traced the group's activity from its founding on November 28, 1881 with 17 women representing eight colleges. In 1921, the organization took its present

name. Present figures, stated Mrs. Gibbs, are 100,000 members representing 250 colleges in 1,094 chapters. Fellowships have been offered by the group since 1890.

Nell Brown spoke briefly concerning the work of study groups. She stated that such groups would be a definite project of the local chapter this year. She said that the organization was not a social group.

Mrs. Charles Watson, chapter program chairman, stated that the program theme for this year will be "Women Personalities In The News." She outlined the programs as follows: November, "Key Figures In International Affairs." Mrs. Roy Anderson, "Who's Who In Politics." Mrs. Kelly Lawrence, December, "Artists In The Music World" and "Leaders In The Field of Religion." January, "Outstanding Women In Literature" and a short book review. February, "Personalities In The Field of Science" and "Personalities In The Field of Medicine." March, "Contemporary Artists" and "Modern Designers." April, "Outstanding Women In Theater and Cinema" and "Personalities In American Education." May, a senior girls tea and a picnic.

Nell Brown presided at the tea table which was centered with an arrangement of fall flowers, a pumpkin and brown leaves. Tall yellow tapers and a brown cloth completed the table decorations.

Those attending and the colleges and universities represented were: Mrs. Graham Purcell, Kansas State College, Mrs. E. C. Dodd, Texas Technological college, Mrs. B. M. Keese, Texas Tech, Mrs. Maurice Koger, Texas Tech, Dixie Boyd, Texas State College for Women and North Texas State College, Mrs. Dean Bennett, TSCW, Mrs. M. Q. ROYAL GREETING — The Marquess of Milford Haven waves a greeting as he and his fiancée, 26-year-old Mrs. Romaine Simpson, pose for photographers as they arrive on the liner Queen Elizabeth from England. Lord Milford Haven declined to name the date when they would be married, but said it would be "late in November" in Washington, D. C. (AP Wirephoto)

United Church Women Luncheon Held Thursday

Members of the United Council of Church Women were entertained with a covered dish luncheon in the home of Mrs. Arthur Pickle, 1801 Lancaster, Thursday.

Announcements were made concerning the regular Council meeting in the Main Street Church of God Monday, Oct. 31; and the observance of World Community Day in the First Presbyterian church Thursday, Nov. 4. The theme for the day will be "Peace is Possible," and bundles will be packed for shipment to the housewives of Europe.

Attending the luncheon were Mrs. Frank Wilson, Mrs. J. D. Benson, Mrs. Bernard Lamun, Mrs. W. A. Laswell, Mrs. Brown Rogers, Mrs. Cliff Wiley, Mrs. Truett Thomas and the hostess, Mrs. Arthur Pickle.

RIBBON RAMBLINGS By Mildred Young

Titles, whether they are for sermons, books, after-dinner speeches or movies are somewhat interesting. To begin with, they seldom have little, if any, connection to the theme which is brought to mind. Maybe that's why some people find it entertaining to try to figure out just what is meant by a title.

Looking through a city paper, and picked out a number we thought could serve in other fields other than the sermon.

If you're looking for an after-dinner speech, you might see what you can do with some of these: (After all, you can do anything with a title and it doesn't have to fit the theme.)

"What Makes Them Do It?" (might be a Halloween possibility), "Advance Through Storm," (a super West Texas spring time topic), "Let's Carry It Through," (could be applied to a city federation's dim, dim club house dream), "The Third Mile," (and why not to walk it on Big Spring sidewalks), "Values Have Price Tags," (we must be paying for something, maybe it's the tags), "Our Cut-Flower Civilization," (maybe they mean cut-throat), "And Now I See," (do you?),

And without more foolish comment, the rest of the list includes: "The Search For Refuge," "No Other Door," "A Separate People," "What Is That In Thine Hand?" "The Duty of Fullness," "Men: Life Is What You Make It," "The Better Life," "Men's Day" Rewards for the Right, "The Door to Large Service," "Yonder Is the Goal," "Captured By A Cause," "Who is Working On You," "Your Home Has A Soul," "Behold the Sower," "The Revealing Light," "The Harbor," "Self-Adjustment to a Given End," "The Reality of Progress," "Convinced of the Truth," "A Supreme Adventure," "Truth," and "This One Thing I Do."

Wedding Is Set Sunday In Amarillo

Announcement is made here of the approaching marriage of Gene Madry, nephew of Mr. and Mrs. B. S. Madry of Big Spring, to Lois Ezell of Amarillo.

Wedding vows will be exchanged at 12:30 p. m. Sunday at 837 Parker Street in Amarillo.

Madry has been employed by the Food store for the past 18 months. The couple will reside in Big Spring.

Mr. and Mrs. B. S. Madry plan to attend the wedding.

Methodist Conference Is Concluded Today

LUBBOCK, Oct. 21 (AP)—A two-day session of the Northwest Texas Methodist Conference ended today.

Featured speakers on the closing day of the meeting were Bishop William C. Martin of Dallas and Bishop Ralph S. Cushman of St. Paul, Minn.

Mrs. Bill VanCrunk Named Honoree At Gift Tea Held In Dabney Home

Mrs. Bill VanCrunk, the former Helen Hawkins of Fort Worth, was complimented at a gift tea in the home of Mrs. G. W. Dabney, 806 Runnels, Thursday evening.

Co-hostesses for the affair were Mrs. Shelby Hall and Mrs. C. A. Murdock, Sr.

Those in the reception line included the honoree, Mrs. VanCrunk, the hostess, Mrs. Dabney and Mrs. Willard Read. Mrs. VanCrunk was attired in a beige suit, with black accessories and a mum corsage.

Mrs. Dabney chose a printed silk ensemble and red rose corsage and Mrs. Read wore a black dress and matching accessories.

Mrs. J. R. Broughton presided at the guest register.

Various arrangements of red roses were placed at vantage points in the reception rooms. The refreshment table was laid with a lace cloth and centered with a decorative arrangement of pearly glass flanked by shattered autumnal leaves. Napkins were inscribed in gold with "Helen and Bill." Crystal and silver appointments completed the table setting.

Mrs. Ray Shaw and Mrs. Hack Hudgins attended the refreshment service.

Those attending the affair were Mrs. A. A. Marchant, Carrie Scholtz, Mrs. E. H. Russell, grandmother of Bill VanCrunk, Ruby Read, Mrs. J. R. Broughton, Mrs. Ray E. Shaw, Edith Murdock, Mrs. T. J. Ultimate Decision On Our Water Supplies Awaits Further Study

Meeting of the Colorado River Municipal Water district board of directors here Thursday once more focuses attention on the proposed joint supply between Big Spring and Odessa.

purpose of approaching agreement on anticipated demands for the future. Preliminary figures were submitted and are in the process of adjustment by the member cities. When they inform the bureau of their estimates, these probably will be taken as the basis for the bureau to enter the design stage of its study. Then, in February, the bureau would make known its findings to the directorate. Faced with recommendations, the directors would then decide whether they wanted to make a deal with the bureau and seek funds. If not, they could return to their original study of a privately financed project.

Oil's Story One Of Progress, A Source Of Miracles And Comfort

Oil progress week has been observed throughout the country this week, pointing up the importance of petroleum to the national economy and welfare as well as the giant strides made by the 90-year old industry.

A host of our public improvements, not the least of which is a marvelous network of highways, would be meaningless if not for oil. School support would be far below its current levels without revenues accruing from petroleum. Hundreds of people selling products for automobiles and distributing fuel to service stations would be getting along in some other field of endeavor.

Little Income-Tax Evaders Get Works While Big Boys Never Come To Trial

WASHINGTON — You can understand why folks get cynical about good government when you watch the parade of little income-tax evaders who are hauled to court every week, while certain big boys get their cases postponed indefinitely.

Pecos River Group Meets

CARLSBAD, N. M., Oct. 21. (AP)—Pecos River Compact Commissioners meet today to name committees, draft the commission's program, draw up a budget and prepare rules and bylaws.

The group met briefly yesterday for the first time.

President Truman approved the Pecos River Compact between Texas and New Mexico last June.

Also scheduled for discussion is letting of a contract for an aerial survey of the Pecos River from Red Bluff Reservoir to Alamogordo Reservoir in New Mexico, operation of gauging stations, engineering investigations on water supply and deliveries, and preparations of annual reports.

Berkley Johnson, Santa Fe, federal member, is presiding. The New Mexico commissioner is State Engineer John Bliss. Texas is represented by J. C. Wilson, Pecos.

Officials of two irrigation districts attending are R. T. Spence, Carlsbad, president of the Carlsbad Irrigation District, and C. J. Anderson, Pecos, general manager of the Red Bluff Water Control District.

Others attending are Texas legal counselors, William L. Kerr and Emil Rasmussen, both of Midland; Texas Engineering Consultant Robert Lowry, El Paso; New Mexico Legal Counselors Irwin S. Maise of Albuquerque and George L. Reese, Carlsbad; and New Mexico Engineering Consultant John Erickson, Santa Fe.

Nationalist Units Halt New China Red Drive

By SPENCER MOOSA
AP STAFF

CHUNGKING, Oct. 21.—Government troops fighting for the fate of Southwest China have halted a Communist drive towards Kweilin, the defense ministry said today.

At the same time, Nationalist sources said they had detected a movement of 100,000 R. ds in preparation for an invasion of Szechwan, home province of this new refugee capital.

Communist and Nationalist artillery cracked at each other in the battle for Chu Shan island, government air and naval blockade base 100 miles south of Red held Shanghai. The Reds have seized neighboring islands in the Chu Shan group. The government acknowledged loss of tiny Tao Hua just south of Chu Shan.

The defense ministry said the Communist surge into Kwangsi Province from Hunan — into the heart of Southwest China — had been blunted on the outskirts of Lingling. This wartime U. S. air base is 110 miles northeast of Kweilin and 235 miles northeast of fallen Canton.

Even so, the China National Aviation Corp. announced in Hong Kong that it was withdrawing from Kweilin, Kwangsi capital 250 miles northwest of Canton, and from Wuchow (Taangwu) on the Kwangsi border.

Kweilin is headquarters for Gen. Pai Chung-hsi's 200,000 man army — the strongest left to the Nationalists on the mainland.

The defense ministry reported a successful counter attack against Communist forces in the direction of Chinkiang, western Hunan, 150 miles north of Kweilin and 230 southeast of Chungking.

Chinkiang, where Japan's formal surrender in China was signed, would be the logical springboard for the feared Red invasion of Kweichow Province in an effort to split Nationalist armies on the mainland in two.

No mention was made of a second Communist thrust which Hong Kong reports said had reached 160 miles southeast of Kweilin.

Chungking informants said Red Commander Nieh Jung chen was moving his 19th army group — probably 100,000 strong — towards Paochi, Communist base in Shensi, in what was seen as a threat to this capital. Paochi is on the Lungshai

Railroad 325 miles north of here.

To gain Szechwan — and Chungking — Nieh would have to defeat Nationalist forces in southern Shensi under Gen. Hu Taung-nan who has an estimated 200,000 men.

The Central Bank of China, in a move aimed at stabilizing currency, announced unlimited redemption of silver notes which have been discounted 30 per cent on the open market in relation to silver coins.

It said a big consignment of silver dollars minted in Mexico were awaiting shipment to Chungking from Manila. Some 15 million Nationalist silver dollars arrived in Manila yesterday for safekeeping.

Communications officials said plans were under way for opening new sea routes connecting Formosa, Nationalist island bastion off the South China coast, with Japan, South Korea, Philippines and India. The Reds now control the coastline from Canton to Shanghai.

With the loss of Canton, a new supply route for Nationalist armies is contemplated through small Kwangtung and Kwangsi ports on the gulf of Tonkin. There is talk also of a Chinese airlift.

Hear Voices Of Missing Girls

FREERPORT, N. Y., Oct. 21. (AP)—The fathers and mothers still can hear their daughters' voices. But where are the girls now?

"Don't look for us... we know how to take care of ourselves... there are too many places we can go for you to find us..." the voices say.

The voices come from a little phonograph record that arrived in the mail yesterday. It apparently was made in some penny-arcade in nearby New York City.

But the girls themselves have vanished. They left supposedly for Freerport High School Wednesday morning and never arrived.

Police said the three are Mabel and Barbara Batchler, 15 and 14 and their 14-year-old playmate, Marylou Gross.

Nehru's Tour Carries Him To Boston Today

NEW YORK, Oct. 21.—Indian Prime Minister Jawaharlal Nehru's good will tour of America carries him to Boston today for an overnight stop.

He planned to visit Wellesley College, at Wellesley, Mass.; Harvard University and Massachusetts Institute of Technology, and to dine tonight in Boston with William Phillips, former ambassador to India.

Nehru last night told Americans engaged in foreign trade that India offers them profitable concessions if they will invest dollars in developing her basic industries. He addressed a dinner meeting of the National Foreign Trade Council and the Far East-American Council of Commerce and Industry.

Some influential persons in the audience told a reported later that they believe he would net at least some of the help he seeks.

He did not elaborate on a statement that the government's policy toward foreign investment is "not unchanging." Members of the audience said they felt he meant the policy would be flexible to the benefit of investors and the government.

Nehru promised that foreign investors would have fair opportunity to operate "on a profitable basis and with some assurance of safety."

He promised there would be "no differential treatment of foreign capital," and that investors would have "necessary freedom to function."

He said India needs wheat, hydro-electric projects, and steel and chemical plants, from which industries may grow.

The prime minister, who has jailed thousands of Communist agitators, gave warning that "there is a fairly difficult labor situation in India." He said labor "must feel it is getting a square deal" from its employers, whoever they may be.

He did not elaborate on a statement that the government's policy toward foreign investment is "not unchanging." Members of the audience said they felt he meant the policy would be flexible to the benefit of investors and the government.

Leading Russian Official Succumbs

MOSCOW, Oct. 21. (AP)—Pravda, the Communist Party newspaper, announced today the death of Andrei A. Prukobeg, a leading Soviet construction manager.

Prukobeg was deputy minister for construction machinery enterprises. During World War II he was in charge of defense works on Russia's western front and later had charge of major industrial construction in the U.S.S.R.

Leading Soviet figures signed an obituary which appeared in Pravda. During his career he was in charge of building Moscow's largest factories including the Stalin plantworks, the Frazer Lathie factory and the Kalibr Instrument factory.

Gayle's swallowed a bobby pin!

When her two-year-old daughter swallowed a bobby pin late one evening, Mrs. Chenoweth rushed to the telephone — and this series of calls followed. She says that she wouldn't even try to guess what these calls were really worth to her. But she can tell you what her actual cost was — less than 2c each!

Mrs. Chenoweth knows the cost because she kept an accurate record of all her telephone conversations, then checked it against her monthly bill. "I never realized before," she reports, "how much the telephone helps me run our house, keep in touch with our friends and meet emergencies. It's a real bargain!"

To Mrs. Chenoweth's verdict, may we add: We're doing our best to make your telephone service a real bargain today... and to keep it growing in value every year. Southwestern Bell Telephone Co.

What else gives so much for so little?

Called Gayle's doctor. She swallowed a bobby pin. But he isn't home!

Got our family doctor. Gayle's not choking, so no real danger!

Gayle's doctor called. We can relax, bring her in for X-ray in the morning.

Home from X-ray. Called my husband, George. Gayle's fine!

The phone rang the rest of the day — the family and friends calling to ask about Gayle. Made me feel good. Everyone's so nice!

GUTHRIE TALLIES

Hawks Battered By Ranger, 39-6

RANGER, Oct. 21.—The Ranger Junior college Rangers flattened Howard County Junior college, 39-6, in a zone football game played here Thursday night.

The Jayhawks from Big Spring managed their only touchdowns in the first quarter when nimble Kimble Guthrie, who played a whale of a defensive game for the Scarlet and Grey, intercepted a pass and

drove 70 yards to touchdown territory. On a try for point, Moe Madison failed.

Ranger had scored on the fourth play of the game, Crawley moving across from the 33-yard stripe. Stackstill scored the seventh point.

In the second period, a bad HCJC kick gave the Rangers possession on the Hawks 32. The home club had another six-pointer in six plays, Ford rambling over from the seven.

That's the way the score remained—13-0—until the third period. Then Ranger proceeded to

take it easy this week end while such powers as Army, Minnesota and Oklahoma attempt to prove that they aren't exactly second-raters, either.

Having disposed of previously unbeaten Tulane in a manner that offered no comfort to its future opponents, Notre Dame now enjoys an open date in a long-winded schedule that reaches into December.

All of which means the other members of the nation's top ten in the Associated Press poll have no hope of seeing the Irish pushed out of the No. 1 spot. But the rest of the list may undergo alterations.

In the greatest apparent danger tomorrow are Minnesota, the team ranked right behind Notre Dame

and Army, seventh-place Kentucky, and Rice and Texas, respectively, owners of berths nine and ten.

When Rice and Texas playing each other at Austin, the loser is virtually a cinch to slide out of the top ten. Each has been beaten once.

Minnesota catches a Michigan team that has been humiliated two weeks running and will be in no mood to respect the Gophers' perfect record of four impressive triumphs. They play at Ann Arbor.

Kentucky is in the same category. Having yielded only one touchdown in chalking up five lopsided victories, the Wildcats invade Southern Methodist, the team which Rice booted unceremoniously from the unbeaten ranks last week.

At Army, Oklahoma, California, North Carolina and Cornell, remaining members of the first ten, figure to win more or less as they please.

Army will be at home against Columbia and Oklahoma invades Nebraska for a Big Seven contest.

California entertains Washington in the Pacific Coast loop. North Carolina has a non-conference date at Baton Rouge with unpredictable Louisiana State. Cornell will be at home for an Ivy League struggle with Princeton.

LEXINGTON, Ky., Oct. 21.—Kentucky wouldn't object one bit if Matty Bell becomes the country's best football prophet.

Bell, the cagey Southern Methodist grid hound, gazed into his crystal ball a few days ago and promptly forecast his Southwest champions would lose to Kentucky in Saturday's intersectional clash at Dallas.

That was before the flu germ floored SMU's All-American Doak Walker, though, and sent the class quarterback to the hospital.

But Walker or no Walker, Kentucky has a lot of respect for the Mustangs. Coach Paul Bruant put it this way:

"SMU is the best team we've played since I came to Kentucky (in 1946). Their record proves that. I don't know whether or not we have a chance to beat them."

After tonight's game, the Buffs go on the road for two weekends meeting Rankin and Garden City on foreign fields before returning to action against Courtney here Nov. 11.

WASHINGTON, Oct. 21.—It was on Sept. 9, 1937, that Sam Baugh, a gangling guy from Texas, reported for his first practice with the Washington Pro Football Redskins.

Just to show you how long ago that was, practically speaking, let's look at a few of the sports headlines of that week:

Charley Gehring and Ducky Mickwick were the leading hitters of the American and National Baseball Leagues.

At Forest Hills, the tennis talk was of the new foreign sensation, Baron Gottfried von Cramm.

Max Schmeling was arguing that the reason Joe Louis hadn't signed for a return bout was because he was afraid.

A special mile race went to Glenn Cunningham.

They're all out of active circulation now—except Baugh.

And Baugh— Well, he's back in the old groove. The National Football League figures rate Baugh as the No. 1 passer again this season.

He's thrown more completed passes (487), gained more yards (807), and completed more throws for touchdowns than any other passer in the league. He also has the best average on completions, a flashy 60 per cent. One of his

throws, to Hugh Taylor, is the longest completion of the year, 76 yards for a touchdown against the New York Giants.

There's one other statistic that's equally impressive:

Now in his 13th season as a Redskin and 35 years old, Baugh has been playing longer than any other man in the league.

The oldest—and apparently the best.

LOOKING 'EM OVER

With Tommy Hart

The going gets tougher when it comes to picking the winners in the nation's collegiate football games. But, since it doesn't cost anything to try, the Herald's Board of Oracles tries it again this week, with the following results:

SHORTIES INVADE STANTON FIELD FOR 7:30 P. M. BOUT

The Big Spring high school football reserves are counting on chalking up their third victory of a busy 1949 season when they take the field against the up-and-coming Stanton Buffaloes in Stanton tonight. Starting time of the fracas is 7:30 p. m.

The Dogies, who lost a hard-luck 7-6 decision to Robert Lee last time out, are slightly favored to turn back the Bisons, who trained their guns on Big Spring after humbling Bronie last week 21-0.

Big Spring has measured Midland, 31-7, and Coahoma, 6-0, but lost to Sweetwater twice and Seagraves once in other starts.

The Shortborns, coached by Conn Isaacs and Wayne Bonner, will probably be outwished in tonight's struggle. An aerial show is due to develop, since both clubs have

shown an aptitude for throwing the pigskin around.

Bonner and Isaacs have been working their club hard all week in preparation for this one.

Coach Leo Fields of Stanton has a hard-hitting club that turned all scoring opportunities into touchdowns against Bronie. Big Spring can afford to make no mistakes against the Bisons.

Zack's Retains Bowling Lead

Zack's bowlers maintained their lead in the Women's Classic League last night, defeating Clark Motors of three games.

Douglass held second position with three victories over the Ghost Riders. Nathan's keglers beat Leonard's 2-1.

The Nathan's team won high series and game honors with 2068 and 765. Olive Cauble, Zack's, took high individual game and series laurels with scores of 198 and 500.

NEW YORK, Oct. 21.—President Frick of the National League declared today he would be "unalterably opposed" to placing the umpiring staffs of the two major baseball leagues under the authority of Commissioner A. B. Chandler.

There have been seemingly inspired reports since the World Series that the baseball commissioner means to introduce such a measure at the senator meetings here in December.

Under the purported plan, the arbiters of both leagues would be hired, fired and administered entirely from Chandler's office at Cincinnati.

The boys in blue, one informed source suggested, might even be made interchangeable between the leagues—working National and American League games impartially. In other words, one big, happy pool of umpires.

I've heard it discussed," Frick said, "but that's all I know. Nothing has been said to me by the commissioner."

"If and when it does come up my answer will be the same, that I'm unalterably opposed to the idea. I would see it as the first breaking down of competition between the leagues, and competition has been the foundation of the game."

"In my view, the function of the commissioner's office is judicial, and not to take over the inner workings of the two leagues. Now-days we have coal and steel commissions, but they don't run the coal mines nor the steel mills."

"Each league is just like a corporation, and it must run its own business. I think the commissioner's office is too big to concern itself with handling the umpires."

Play Gets Underway In Fems' Tourney

Dillon, Hodges Are Medalists

Billie Dillon, defending champion, and Lois Hodges tied for women's golf tournament being played at the Big Spring Country club. The two shot 89's in qualifying rounds Thursday and are due to decide the honor in their first round match this morning.

Mrs. Dillon's first round foe was to be Bernice Jordan, who qualified with an even 100.

Co-favorites along with Mrs. Dillon and Mrs. Hodges are Tot Stalcup and Inez Roden, each of whom had a 90.

Mrs. Hodges was to play Thelma Jean Black, who entered the title fight with a 101. Mrs. Roden drew Ethel Smith as a first round opponent.

Mrs. Stalcup was to square away with Dorothy Raye Edwards, who got home with a 110.

Play will continue through Saturday. All matches will be over 18 holes.

Pairings: CHAMPIONSHIP FLIGHT—Billie Dillon vs Bernice Jordan, Inez Roden vs Ethel Smith, Lois Hodges vs Thelma Black, Tot Stalcup vs Dorothy Edwards.

FIRST FLIGHT—Bobbie Satterwhite vs Norma Griffin, Marjorie Ramsey vs Irla Tollett, Flora Belle Ramsey vs Edna Morgan, Ethel Liles bye.

Jones ambling over for the score. Thad Fitzgerald added the extra point on a plunge.

The Rebels picked up a safety later in the period when the Yearlings attempted to kick from the snaphack to Ray Todd was low and he fell on it. That ran the score to 9-0.

An interception gave the Angletons another six-pointer in the third. Guard Dick Russell pulling extra points.

Ray hush recovered a TCU fumble for a touchdown in the second period and scored on Ray Graves' pass in the fourth period. Herbert McJunkin scored the Aggies' third tally. Darrow Hooper kicked one extra point.

Public Health Service Giving Donora, Smog City, New Tests

DONORA, Pa., Oct. 21.—The air around Donora—where 20 persons died during a smog last October—is getting another going over by the U. S. Public Health Service. George Clayton, the health service atmospheric solution chief, and six aides last night set up air-testing machines in Donora and surrounding territory.

This move caused some surprise among the townspeople because yesterday was marked by sunshine, blue skies and to "smog."

In fact, it was quite different from the day 12 months ago when a black, choking smoke-filled fog settled down on the western Pennsylvania town.

Clayton explained that two conditions were the same, however—there was no air movement and there was an "atmospheric inversion." Normally he said the air near the ground is warmer than that at high levels. In an inversion the opposite is true and the air falls to carry away foreign particles as it rises.

The inversion condition began two days ago, the weather bureau said, and probably will continue through Sunday. Tests were made last April during a similar inversion which lasted only 12 hours.

"In these tests," Clayton said, "we are trying to find how much air pollution a person can stand—that is, the maximum allowable concentration. That figure has been established for a man working eight hours a day in a plant, but for a person living in it 24 hours a day—that's something else."

New Bracero Group Arrives Here To Help Harvest Cotton

Another group of 102 braceros arrived here Thursday night from El Paso to bolster the cotton harvest corps, the Howard County Farm Bureau reported this morning.

Still another group is due to arrive in Big Spring Saturday night. Prospects beyond the Saturday assignment are indefinite, but there is a possibility that still more Mexican laborers will be sent here.

Although the exact number expected here Saturday is not known, the group probably will increase the total assigned here to approximately 1,500.

Reports this morning indicated that cotton harvest work is still progressing rapidly in Howard county. Prospects were that 20,000 bales by the end of the week.

The county's total yield for the season is now estimated in excess of 40,000 bales.

THE MARKETS

WALL STREET
NEW YORK, Oct. 21.—Supply and demand were pretty evenly matched in today's stock market.

1950-Model U.S. Senator To Cost Taxpayer \$50,905 A Year

WASHINGTON, Oct. 21.—The 1950-model United States senator is going to cost the American taxpayer \$50,905 a year—and up.

That's the package cost in salaries and expenses for a single senator and his office staff. The bill for all 96 of them will run around \$5 million a year.

The cost per senator went up about \$3,000 a year this week when Congress voted the money to permit senators to increase the pay of their office help or add another worker to their staff.

One Midwestern senator put the blame on the taxpayer for the high senatorial costs. He didn't want his name used.

"I'm snowed under with mail," Sen. X said. "We get about 1,000 letters a day in my office. That means that five or six stenographers and clerks do nothing but handle the mail. I can't do it myself."

It can't, because if I tried to answer each letter I'd be doing nothing but dictation all day."

A senator's pay is \$12,500 a year. It's generally agreed the salary is modest enough. A top-rank ambassador receives \$25,000 a year plus expenses.

But the senatorial salary is only the down payment. The real cost is in the fine print. Take the case of Sen. X.

In addition to his salary, he gets another \$2,500 a year for expenses. This expense money is tax free. He need make no accounting of how he spends it.

The senator comes from a state with a population of less than 3 million. That means he can draw \$33,400 a year for his office help. Each senator is entitled to at least six office workers, an \$8,400-a-year administrative assistant, and an additional \$6,720-a-year aide.

In addition to salary, expense money, free office rent, and office help, Sen. X gets \$105 worth of outside his free mail privilege.

He also gets \$400 a year for stationery. He can have 250 minutes of long distance telephone calls for free—or 50 calls. And he receives a payment of 20 cents a mile for travel pay at each session of Congress—the amount based on the distance from Washington to his home town.

If Sen. X's state ever grows above the 3 million population mark, he'll get more office help. The size of his staff payroll depends on the size of his state.

A senator from a 3,000,000-5,000,000 size state gets \$36,900 a year for his office expenses; the 5,000,000-10,000,000 size gets \$42,420; and the 10,000,000 New York size state draws \$43,920.

The new law increased Sen. X's office pay pool by \$11,320. This raised it from \$23,900 to \$35,400. But the increase isn't as big as it looks.

Now the senator must pay his administrative assistant out of the office salary pool. Heretofore, this assistant was paid separately by Congress and the cost was not included in the office expenses.

Assuming Sen. X pays his administrative assistant the basic \$8,400 a year, then he will have \$12,100 left over. He can use that money either to hire a new office worker, to increase office wages—or both.

It so happens Sen. X pays his top aide \$10,000 a year. So he'll have only \$1,520 out of the \$11,320 increase to give pay raises to his office help.

"None of us are starving," the senator said. "But this job isn't a gravy-train even with the extras."

Recognition Given Big Hat Clubbers At ABC Club Meeting

Big Hat Club members were recognized when the American Business Club held a regular session in the Settles Hotel Friday noon. Any ABC club member who brings three new members into the club becomes a member of the Big Hat Club and receives a big hat.

According to national records, the following club members have brought six or more members into the club: Ted Phillips, 19 members; Roy Reeder, 12 members; J. D. Jones, 10 members; Coy Nalley, seven members; Vernon Whittington, seven members; J. B. Apple, six members; and Eugene Thomas, six members. Roy Bruce, local president recognized the group.

He also reported that the local club now has 84 active members. Doug Orme, past president of District 6, reported on the district convention held in Amarillo in September. He stated that the district was divided into two districts, six and eight, and that new constitutions and by-laws were adopted by both groups. Big Spring is now in District 8 which voted to have its next annual meeting in Odessa in the Fall of 1950.

Another Borden Test Location Is Announced

Location has been announced for the Don Ameche, et al No. 1 Clayton & Johnson, central-western Borden Ellenburger test.

The exploration will be located 660 feet from the south and west lines of the northeast quarter of section 30-31-3n, T&P, about 6 1/2 miles south of the Sinclair No. 1 S. G. Williams, lone northwest Borden Ellenburger producer.

Drilling contract has been awarded to Carl B. King of Midland, who is moving in materials. The well is projected for 10,500 feet, is on a 10,800-acre checkerboard lease acquired last August by Ameche, movie and radio star, and associates. S. M. Spalding, Beverly Hills, Calif., and associates, sold the spread for a \$10 per acre bonus in a transaction handled by Steve Currie, Garden City.

Shell No. 1 TXL, north-central Glasscock county outpost to the one-well Mississippian (Garden City) pool, returned gas to surface in 25 minutes on a two-hour drillstem test from 9,716-40 feet. Recovery included 680 feet of 44.6 gravity oil, 120 feet of heavily oil-gas cut mud, about 40 per cent oil. It was deepened to 9,765 feet and prepared to test from 9,740 to bottom of hole. Location is 2 1/4 miles northeast of the Shell No. 1 A. C. Clark, and is 918 feet from the north and 690 feet from the east lines of section 3-32-4s, T&P.

In northwest Borden county, Sinclair Prairie No. 1 Bryan, north offset to the discovery No. 1 Williams, ran a drillstem test from 10,015-135 feet with no immediate reports. It is in section 40-32-6n, EL&RR, Sinclair No. 1 Reynolds, section 33-32-6n, EL&RR, 1 1/4 miles northwest, was shut in after recovering 70 feet of mud with slight oil and gas shows on a one hour test in the Mississippian from 9,675-9,600. It had plugged back from 10,000 feet in the Ellenburger.

No. 1 Turner, section 46-32-6n, EL&RR, plugged back from 10,026 in the Ellenburger, recovered 7,740 feet of salt water in one hour of drillstem testing from 9,020-9,120 feet. It was shut down for orders. The exploration was an east offset to the discovery.

Supplementary Office Training Course Offered

A practical supplementary course in office training is being offered to several students this year at Big Spring High school, officials have announced.

The course, which earns half a credit for each participating student, offers training in typing, filing and other related types of work in the school office.

Students enrolled in the course this semester are Oleta Hossager, Luan Creighton, Mona Moad, Beverly Jones, Betty Jo Raley, Joveta Whittington, Jean Woods, Ruby Jo Bledsoe, and Sue Wasson.

Other students will be enrolled in the same course next semester, while those now enrolled will begin another course that will earn half a credit.

1,000 WAC Reservists Sought For Training

Participation of 1,000 WAC reservists is a new objective of the organized reserve.

Currently there are 34 WAC officers and 90 enlisted women in organized reserve training. Recent change in regulations make it possible for assignment of WACS to all types of reserve units. All former women members of any of the armed forces interested in organized reserve participation may contact Col. R. R. Loudon, Midland airport No. 2.

Glenn Busts Quota

Noble Glenn, Big Spring, has received notice from the Great American Reserve Insurance company at Dallas that he has qualified as a "quota buster." He was one of the company representatives who exceeded the amount of business set up for underwriters during the month of September.

The Rev. and Mrs. Preston M. Denton and son, David, were week end guests of Mr. and Mrs. Charlie Sullivan, 1410 Johnson and Mr. and Mrs. E. O. Beauchamp, 2500 Lancaster. The Rev. Denton is attending Southwestern Baptist Theological seminary in Fort Worth.

Librarians To Meet

HOUSTON, Oct. 21.—South-eastern Texas librarians will gather here tomorrow for a district meeting of the Texas Library Assn.

Shick Reminds Overseas Xmas Parcels Should Be Mailed Now

Parcels should be mailed at once for overseas destination before Christmas. Postmaster Nat Shick reminded today.

This is particularly true of parcels addressed to personnel (and families) in the armed services. Those for delivery in Japan, Korea, and the islands in the Pacific should be mailed early and certainly by Nov. 1. Packages addressed to members of the Navy or Marine Corps in remote points should be mailed immediately. Others, where delivery is fairly regular, may post later, but not after Nov. 15 with expectancy of Christmas delivery.

Similarly, "USA Gift Packages" directed to friends, relatives and others in foreign countries should be mailed soon. These must prescribe to postal regulations dealing with the sending of these relief items.

Christmas greeting cards to members of the armed forces may be sent up to Nov. 15 with reasonable assurance of delivery, but they should be sent first class.

Boxes for overseas transmission must be of strong construction and able to withstand rugged treatment. Each box should be securely tied by four separate pieces, knotted at the crosses. Sealing flaps may be sealed with gummed tape to strengthen the box, but reliance should not be placed in these alone. Moisture frequently loosens the tape.

All fiberboard boxes should be wrapped securely in heavy paper, which should be tied as well as the box itself. Addresses should be written in ink on the paper, not on stickers, which have a habit of peeling. Boxes should contain sufficient cushioning to prevent breakage and rattling, and to give the container strength.

Usual prohibitions on articles are in effect, plus those of matches, lighter fluids and tobacco.

Special care should be given to the address. Packages to Army and Air Force personnel should show in addition to the return, the first name, middle initial and last name of the addressee, his rank, organization, APO number and postoffice through which it is to be routed. Mail for Navy or Marine personnel should show the full name, rank or rating of addressee, the unit to which he is attached, the number or name of the ship and fleet postoffice through which the mail is to be routed.

Gilliams Back From Galveston Meeting

Mr. and Mrs. G. E. Gilliam have returned from Galveston where he participated in the annual convention of the Texas County Judges and Commissioners association.

Gilliam was a member of the resolution's committee. Three of the most important resolutions reported and adopted included re-codifying of probate laws; an even split of automobile sales tax between county (general fund) and the state; and the levying of at least one cent per 1,000 cubic feet on natural gas. In the latter case the proposed levy would be used for lateral road improvement on a formula advanced in HB 59, introduced in the last session of the legislature.

Enroute home, Mr. and Mrs. Gilliam stopped in Fort Worth to visit his mother, Mrs. R. A. Gilliam.

Grandstaff Visit Featured In Life

Life magazine today carries pictures of Frank M. Grandstaff and his visit to the Big Spring Centennial.

In its Oct. 24 issue, the national picture magazine carries shots and appropriate text of Grandstaff having the prison with Shine Phillips and Sheriff Bob Wolf at Nashville. The prisoner composer also is shown at the piano, registering at the Settles hotel, at the appearance of his cabaret, "Big Spring," and beside the restored spring. Grandstaff was given a story in a recent issue of Time, and copies were quickly exhausted.

\$6.25 Just for signing your name?

THAT'S JUST about what it amounts to. You sign your name—right there on the dotted line—and you can make yourself \$6.25.

Sound fantastic? Well it isn't, for it happens every time you sign up to buy a \$25 U. S. Savings Bond. For said Bond costs you only \$18.75. Is worth \$25 in ten short years. Simple mathematics; you're in \$6.25—no strings—all yours.

And if you're a practical, feet-on-the-ground kind of person who likes to have money—and wants to be sure to have money for some time to come—this extra \$6.25 which you \$18.75-earns is one of the best reasons you could find for buying at least one \$25 Bond every single pay day. (The more Bonds you buy, the more \$6.25's extra your money will earn.)

Most wonderful part of all, you can do it all automatically. So automatically, you'll hardly even notice you're buying a Bond every pay day. No pain. No effort.

Ask any bank or your employer to tell you how the Automatic Savings Bonds Plans Work. Ask today.

Military Officers May Re-Enlist In Non-Com Grades

Army and Air Force officers being released from active duty may re-enlist in high non-commissioned grades under present recruiting service regulations, according to Capt. Harold Sandford, commander of the Big Spring Recruiting Main station. Officers slated for relief from active duty may continue military careers under the same conditions for which they were accepted for commissioned status. Capt. Sandford said. They may choose the branch of service in which they wish to serve. Advantages of the armed forces retirement program and extra pay for length of service are carried over in the shift from officer to enlisted status. High enlisted ratings are offered in an attempt to retain abilities and training given officers, Capt. Sanford declared.

HAJECATE BOWS OUT May Resume Parleys In Mathieson Strike

HOUSTON, Oct. 21 (AP)—Negotiations may be resumed this week end between the CIO Oil Workers International Union and the Mathieson Chemical Corp. Arthur Hajecate, secretary of Local 227 of the union, last night bowed out of the Mathieson strike. Henry Holland, Mathieson attorney, had said he would deal with no one except a union official appointed by O. A. Knight, president of the OWIU. Knight "fired" Hajecate as secretary of the local and Billy Kieke as president. He appointed Ivan B. Haven, an international representative, to take over their jobs until successors could be named. The local union refused to recognize Knight's action. Hajecate suggested at a mass meeting of the local last night that Haven take over negotiations. He did not explain whether he was stepping aside as a local official or simply turning over the Mathieson negotiations to Haven. "I am opposed to having the company pick the union negotiator," Hajecate said, "but I recommended it so Holland would resume negotiations. I expect the company and the union to get together soon to get our people back to work." The Mathieson strike, or lockout as the union has termed it, began Aug. 2. Some 300 men have been idle since. The Harris County Grand Jury is investigating violence at the Mathieson plant.

Actor Accused Of Molesting Girl

LOS ANGELES, Oct. 21 (AP)—Actor Jack Rutherford faces a \$50,000 damage suit accusing him of molesting a nine-year-old girl actress in a Pullman berth. The suit was filed on behalf of Juvenile Actress Dorcen Lane McMan by her parents, Mr. and Mrs. James McMan of Philadelphia. They charged that Rutherford entered the girl's Pullman berth at Houston last May 27, while both were members of an "Annie Get Your Gun" road company. The parents asked \$5,000 extra in their own right for alleged injuries to the child. Rutherford's attorney said the actor declined any statement at this time.

Rebel Greeks Set To Resume War

LONDON, Oct. 21 (AP)—The Rebel Greek Communist Government last night said its guerrilla forces remained ready to take up arms again despite their recent cease-fire announcement in the Greek civil war. "No for a minute will we cease our struggle for the interests of the people and for their political and economic rights," said a Rebel statement in Sofia distributed here by Tass, the Soviet news agency. The statement said the Communist guerrilla army "has not laid down its arms, but is holding them at the ready." Meanwhile, it declared, the guerrillas have "created before the huge material superiority of foreign occupationists, fortified by the treachery of the betrayer, Tito." The rebel command announced earlier this week that the guerrillas had stopped fighting temporarily to halt further bloodshed in Greece. Greek officials in Athens decided the cease-fire announcement, declaring the rebels had been crushed in recent government offensives.

It's High School Day At State Fair Today

DALLAS, Oct. 21 (AP)—The bigger kids get a crack at the state fair today. It's "high school" day and fair officials expect most of the students of Dallas schools to take advantage of a holiday to show up for the exhibits and the midway features. Yesterday's gloomy weather cut the crowd to 56,835 persons. To date 1,985,743 persons have been to the fair. Last year for the same period attendance was 1,474,163.

100 Additional Braceros Due In Big Spring Today

Some 100 additional braceros are tentatively scheduled to arrive here tonight to assist in the harvest of Howard and Martin counties' cotton. Farm Bureau officials said today. If Friday's arrivals come through the total number of Mexican laborers assigned in the two counties will be approximately 1,500. Wednesday, 99 workers were assigned here, while 102 had reached this area Thursday night. Howard County Farm Bureau President Dale Puckett, who has been in El Paso and Chihuahua City since Sept. 18 arranging for transfer of the braceros here, was to return to Big Spring today. Another Farm Bureau representative will probably be sent to El Paso "in the next day or two" to push Howard and Martin county bids for an additional 500 workers, officials said. The Mexican laborers have been assigned to work in the two counties according to a 12 to five ratio with Howard county getting the larger number. In addition to Puckett, six other Farm Bureau members have alternated in processing the braceros prior to their shipment here. Melvin Choate was to return with Puckett today. Jake Burton, Cecil Leatherwood, Tom Romine, H. D. Cowden and Paul Leatherwood have each spent several days in El Paso and Mexico during the past month.
