GETTING UNDER TEXT BOOK CONTRACTS

Probe to Be Made by Order of Legislature

If Irregularities Be Found, Governor Will Have to Submit Matter to Special Session of Lawmakers.

AUSTIN, April 10.—Investigation of the textbook contracts awarded by the textbook commission last December today was resumed by the investigating committee authorized by the legislature and instructed to meet between the regular and called session. It is stated that members of the textbook commission and textbook publishers and their representatives will be called before the committee.

If irregularities are found in the award of contracts last December, Governor Neff will be obliged to submit the matter to the special session of the legislature, in the opinion of members of the board.

President Would Lower All Taxes If Lowering Any

WASHINGTON, April 10.—President Harding would recommend a cut in taxes all along the line if it is decided that a revision of the tax law is advisable, according to announcement today at the White House. Secretary Mellon's suggestion to cut the surtaxes from 25 to 50 per cent was discussed at today's cabinet meeting, but it was made plain that the president did not favor reduction of merely higher taxes. It was said, however, it was yet too early to announce what recommendation the president would make regarding taxation when Congress meets again.

WASHINGTON, April 10.—President Harding does not consider the United States as directly getting into the League of Nations through membership and representation in the world's court, it was made clear today at the White House. Denial was made that the United States could be regarded as entering the League through the "back door" through joining the world's court.

Women Would Humanize Courts Or Constitution

WASHINGTON, April 10.—To prevent the wholesale reduction of women's wages in 14 states affected by the supreme court's decision on the District of Columbia minimum wage law, a conference of women workers will be held in Washington within a few days, according to announcement by Miss Ethel M. Smith, secretary of an organization of women workers.

"Plans for the conference contemplate not only a determined opposition to wage cuts in women's wages, but also the humanizing of the courts or the constitution," said Miss Smith.

J. K. MCGOWAN OF GUGGENHEIM INTERESTS SPENDS DAY IN RANGER

J. K. McGowan of New York city and Mark Kilpatrick of Ardmore, Okla., were in Ranger today. An interview with Mr. McGowan was sought, but word returned he had nothing to say.

Mr. McGowan, who is connected with the Guggenheim interests, was said by H. H. Adams, geologist in his party, to be here on matters concerning his own private interests and not those of Mr. Guggenheim. Mr. McGowan was a visitor in Ranger about two years ago.

Mr. Kilpatrick has interests near Desdemona, including a gasoline production plant.

The private car will be attached to an early morning Texas & Pacific railroad train Wednesday bound for the East.

TURKS RATIFY DEVELOPMENT CONCESSIONS

The Angora Government Approves Mining, Oil and Railway Deal.

ANGORA, April 10.—The Turkish national assembly has ratified the Cheshme mining and railroad concessions.

LONDON, April 10.—The approval by the Angora government of the Cheshme concession marks the end of the 20-year effort led by Rear Admiral Colby, retired, of Washington, to obtain mining and commercial concessions in the interior of Turkey for the construction of 2,000 miles of railway lines, the reconstruction of the line to Cheshme, the building of ports and the exploitation of mines in Asia Minor.

Payment for these developments is to be given the Turks in mining and oil concessions.

Engineer Price Killed at Colorado In Engine Wreck

SWETWATER, April 10.—Passenger Engineer William Price of Big Spring, Texas, was killed early today when the Texas & Pacific westbound No. 15 was wrecked about 200 yards west of the station at Colorado City. A split rail is said to have caused the accident. Only the locomotive left the rails and no passenger was reported injured.

WRIST ARTERY CUT WHEN ARM THRUST INTO WINDOW

GREENVILLE, Texas, April 10.—Dr. D. Anderson, 24, a Fort Worth oil operator, was treated here today for a severed artery in his right wrist. He said the cut had been the result of a nightmare.

Anderson was asleep in his berth on a train out of Fort Worth last night when awakened by a blast of the engine whistle. The sudden awakening alarmed him and he thrust his arm through the glass window of the car, he said.

FRENCH ARREST THREE OFFICIALS OF GERMANY

STARNHORST, Germany, April 10.—The French today arrested Edward Ham, secretary of the chancellery of the Cuno cabinet; Adam Stiegelwald, former premier of Prussia, and Deputy Zeitsborn. The latter two were released, but the French continued to hold Ham on the grounds that German officials are forbidden to enter occupied territory.

Preparing for Ministry

Theological Student Wanders In Rags, Hungry and Cold in Boston Streets To Learn How "Other Half" Lives.

BOSTON, April 10.—Harold C. Cutbill, the flying parson, has found out something about how the other half lives. The graduate of Boston University School of Theology who defeated Joie Ray on the track in New York in 1921 went hungry and homeless for two days while he wandered about this city facing the raw winter winds with only a few coins in the pockets of his tattered clothes. Cutbill is at present a post-graduate student at Harvard University.

The experiment, which he said he undertook to fit him for the ministry, was begun after he had fasted for 24 hours. As he slouched through the downtown streets friends passed him by, not recognizing him.

TOUCH OF LIVE WIRE SHOCKS GIRL'S NERVES

Miss Sylvia Moffett Finds Even Low Voltage Too Much For Comfort.

Accidentally touching a live wire on her ringing machine in the local room of the Bell Telephone company plant shortly before 12 o'clock this morning, Miss Sylvia Moffett, day operator, received a shock that temporarily deranged her nerves. She was taken to the Clinical hospital in Milford's ambulance and this afternoon was reported as recovering from the shock.

The operator was waiting for an employe to recharge a wire to her ringing machine and on the rush of current, she accidentally touched the live wire that gave her the shock. It contained 110 volts, it was said at the offices of the company.

National League Of Women Voters Now in Session

DES MOINES, April 10.—Women from every state in the union are arriving here today for the opening session of the National League of Women Voters.

The ceremonies at the morning session included the adoption of the order of business, the addresses of welcome, hearing of reports and the appointment of committees.

INTERCHANGEABLE MILEAGE BOOK ORDER REITERATED

WASHINGTON, April 10.—Petitions asking for a reconsideration of the recent ruling requiring railroads to sell interchangeable mileage books at reduced rates were denied today by the interstate commerce commission.

ABILENE BANKER AND PIONEER CATTLEMAN DIES

ABILENE, April 10.—Norman Wesley Gorsuch, 83 years old, pioneer cattleman and banker, died here at noon Monday after a brief illness. He will be buried here this afternoon at 3 o'clock.

Mr. Gorsuch came to Abilene in 1883 and for many years had been recognized as one of the prime movers in the establishment of better breeds of cattle on West Texas ranches. He was also actively identified with the Farmers & Merchants National bank of Abilene.

IDENTITY OF DEAD MAN PUZZLES THE OFFICERS

SULPHUR SPRINGS, Texas, April 10.—The body of a man found with his head nearly shot off late Sunday a few miles from Sulphur Springs, on the Sulphur Springs-Commerce highway, had not been identified up to a late hour Monday. It was reported early Monday that the body was that of a well known Pittsburg citizen, but this was disproved when the Pittsburg man was located in Texarkana, alive and well.

Garden of Eden In Sahara Desert Scientists Say

LONDON, April 10.—In the past there have been many guesses and speculations as to the location of the Garden of Eden. Professor Sir Arthur Keith, lecturing before the Royal society, treated a scientific audience to some original ideas of his own on the subject.

He said that in the "far distant past," the Sahara and the vast deserts of Arabia and the area stretching to Mongolia were "blooming."

"That large tract was really the Garden of Eden, man was driven from it by a flaming sword, but by a flaming sun. Every type of man could be found there that Garden of Eden."

"It is possible to go far beyond the days of Abraham and Tubal Cain and his smithy. It should be realized that Egypt and Babylonia were only remnants of a past civilization. Civilized man, I am convinced, is far older than is at present generally believed."

MOVING DAY FOR HIGH SCHOOL IS MADE HOLIDAY

New Building Will Be Occupied This Week. Dedication Thursday.

Work will be taken up in the new high school building next Monday. Thursday afternoon and Friday this week will be holidays at the high school while the desks and equipment are being moved into the new building.

The Central ward school will be moved in Saturday. The ward school is to occupy the second floor.

Dedication exercises will be held Thursday, April 12. A number of prominent speakers will be present.

The finishing touches in the new building are almost completed and, when finished, Ranger will have, not only one of the largest high school buildings in West Texas, but one of the prettiest and best equipped. The new building contains a number of scientific laboratories of the first class, and among other things a complete set of tools for manual training, a course which has never been taught before in Ranger high school.

RANGER POSTOFFICE MONEY ORDERS RUN INTO BIG FIGURES

Money orders sold at the Ranger postoffice for the months of January, February and March totalled \$75,111.05, according to figures tabulated at the postoffice.

This is less than the total amount for the same months of last year which was \$93,076.83. In that period many Ranger people were banking by mail and continued until local banking affairs were straightened. This is the explanation given by postoffice authorities for the difference. The number of money orders issued last year is about the same as for this year, it was stated.

FRANK KELL TO ERECT GIN AT BRECKENRIDGE

BRECKENRIDGE, April 10.—Kell, capitalist of Wichita Falls, will erect a cotton gin in this city to cost \$20,000, it was announced here at the offices of the Breckenridge Chamber of Commerce. It will be completed in time to take care of Stephens county fall cotton crop.

The gin will have four stands of 80 saws each. Mr. Kell is the owner of 15 gins.

CONFEDERATE VETERANS MASSING IN NEW ORLEANS

NEW ORLEANS, April 10.—Trains arriving here this morning were crowded with veterans coming to attend the thirty-third annual reunion. This year's attendance will be the greatest since 1893, it is believed. The reunion will open tomorrow.

The Southern Memorial association will begin its twenty-fourth annual convention today.

GERMANS HONOR WORKERS KILLED BY THE FRENCH

Unfortunate "13" at Krupp Works Buried With Honors Given Warriors.

BERLIN, April 10.—Germany today buried the 13 workmen shot down by French troops at the Krupp works in Essen, according to the victims all the honors they would have received had they fallen on the field of battle. Bells tolled throughout the republic at the moment when the quiet procession of 13 open-face hearses, containing the bodies of the workmen wended its way through the streets of Essen.

Mourners in cloaks and top hats followed the hearses through the streets of the Ruhr city, while thousands of workmen paused in their work for an hour in tribute to the dead.

In Berlin, the Reichstag chamber was draped with crepe and decorated with laurel. Chancellor Cuno, President Ebert and leaders of all parties assembled for the services and a large number of speakers expressed praise for the workmen and bitterness against the French.

The workmen for whom the nation mourned were shot down by French soldiers with machine guns at the Krupp works, when resisting French efforts to sequester a number of automobiles there.

RANGER SHRINERS TO BE GUESTS OF JURY AT BUFFET SUPPER

The first gathering of the Ranger Shriners club, since its reorganization last Wednesday night, will be tonight in the banquet room of the Gholson hotel when the members will be the guests of Arthur G. Jury, manager of the Gholson, at a buffet supper.

All nobles are requested by the club president, A. G. Jury, to wear the fez. Twenty-eight Shriners were present last Wednesday and club officials believe still more will be in attendance tonight.

"Liveliest Town I Know," Declares Visiting Geologist

"The liveliest town I've been in," said H. H. Adams, geologist, with offices in Fort Worth, in describing Ranger this morning after a few hours spent here in connection with business interests.

Mr. Adams, who formerly had offices here and who left Ranger about two years ago, said he had been in many of the towns and cities of this section recently. Mr. Adams came in yesterday and will leave early tomorrow.

"POP" ENDICOTT SOUNDS CALL FOR BAND MEMBERS

Charles H. (Pop) Endicott, leader of the Ranger band, today issued a call for members of the organization to meet at the band room Thursday afternoon at 1 o'clock in full uniform to participate in the new Ranger high school building dedicatory ceremonies.

French Show No Deference To Magnate

'BLACK HAND' CAUSING TERROR AMONG ITALIANS

Three Buildings Bombed and Two Persons Killed By Unknown Parties.

CHICAGO, April 10.—Two men were killed and three buildings bombed in a "black hand" reign of terror here today. "Sandy" King, believed to have been an innocent victim, was killed when a bomb hurled from an automobile at an apartment building, in which he lived, exploded just as he was entering. His bride, who had been waiting for her husband to return from his work, ran to the street crying, "I knew it," and collapsed unconscious.

Joseph Columba, 45, Italian, was shot to death on the streets of "Little Italy" today. Two men walked up to him and fired three shots into his body and fled. Police blamed "black handers" for the shooting and for the series of bombings, but did not believe the explosions had anything to do with the three recent blasts by enemies of the Klan. Italians were occupants of all the buildings.

Guards Detain Hugo Stinnes and His Wife, Locking Them in Room While Searching for Baggage.

BERLIN, April 10.—Whether French officials intended to perpetrate a joke on Hugo Stinnes when they detained him and his wife, or whether they wished to retain him as a hostage was a matter that seriously agitated his industrial associates here yesterday.

Stinnes was traveling last night from Dortmund to Mulheim, where his chief industries are situated, when his train entered Scharnhorst, according to a dispatch, four French guards demanded to know the number of the apartment occupied by Stinnes and his wife. They arrested Stinnes and his wife and led them to a baggage apartment but they were released after officers had searched their baggage. French authorities are said to have been watching for Stinnes.

FRENCH CHESS PRODIGY DEFEATS PARIS EXPERTS IN SIMULTANEOUS PLAY

PARIS, April 10.—Chess, the game of kings, has a new master in Aristide Gromer, a schoolboy prodigy of 13, who recently played 20 of the best players of Paris simultaneously. He won 15 games, drew four and lost one. He said he lost the one because a photographer's flashlight frightened him and caused him to make a move which cost him the game.

Young Gromer walked up and down between the two rows of 10 boards, moving so rapidly that he frequently had to wait for his opponent to play. The boy is far from the record of games played simultaneously by one person, but the showing he has made with very little experience is cited by chess experts as indicating he has great possibilities. F. J. Marshall, the American champion, holds the record with 155 games played simultaneously. Gromer recently played 12 games at once, which, he said, was his only previous attempt at simultaneous play.

Gromer's mother, who watched his 20 game feat, said her son showed equal mental ability in his school work, standing at the head of his classes in competition with boys much older than himself.

RANCHMEN TO HAVE HABEAS CORPUS HEARING

FORT WORTH, April 10.—Tom Ross and Milt Goode, stockmen, charged with the killing of Dave Allison and H. L. Roberson, range inspectors at Seminole, will seek bail through habeas corpus proceedings Thursday at Lubbock, according to information received at the offices of the Southwestern Cattle Raisers' association.

WAGE INCREASE FOR STEEL WORKERS IS ANNOUNCED

NEW YORK, April 10.—President Eugene Grace of the Bethlehem Steel corporation today announced an increase of wages would be effective April 15 in the corporation's manufacturing plants. While the amount of the increase will not be announced until details of the employment system at the different plants are worked out, it is expected to correspond with the 11 per cent increase granted by the United States Steel corporation.

CONFESSES TO KILLING AND IMPLICATES VICTIM'S WIFE

ST. PAUL, Minn., April 10.—Frank Rotano today confessed to the slaying of Louis Roteach, declaring the victim's wife had paid him \$5 to commit the murder, police said. Roteach was shot to death while asleep in bed.

"Mrs. Roteach paid me \$5 to kill her husband and then left the door unlocked so I could get in," the prisoner stated in his confession, authorities said.

Bar Paint and Powder

Supreme Court of Arkansas Unholds School Ruling Which Forbids Use of Such Beauty Aids by the Students.

LITTLE ROCK, Ark., April 10.—Rules by school boards prohibiting girl students from using powder and paint are "just and reasonable and should be enforced," the Arkansas supreme court held Monday in its ruling on the "Knobel lip-stick case."

Four of the five justices concurred in the decision, while the fifth, Justice J. C. Hart, dissented.

Nation-wide prominence was given the case, which originated when officials of the Knobel (Ark.) High school expelled Miss Pearl Pugsley because she insisted on using powder on her nose. The school has issued instruction against the use of cosmetics by

high school pupils, but Miss Pugsley refused to abide by the rules.

Miss Pugsley applied to the Clay circuit court for a mandamus to compel the school officials to admit her to school, powder or no powder. The circuit court refused to grant the mandamus, but at the same time said that the antipowder rule was not just nor reasonable and could not be enforced. The mandamus was refused on the grounds that Miss Pugsley had not appealed directly to the school directors, but only to the principal, before taking her case to court.

Miss Pugsley appealed the case to the supreme court.

REST.—This is my rest forever: here will I dwell; for I have desired it.—Psalms 132:14.

STABILIZING BUSINESS.

Devices for stabilizing business are the subject of a most interesting chapter in the report of the National Bureau of Economic Research just issued by Secretary Hoover under the auspices of the committee on unemployment and business cycles of President Harding's recent conference. The material presented is the result of nationwide inquiries conducted by the Taylor society, the Association of Business Paper Editors, and the Federated American Engineering societies.

The results show that American business enterprises have tried only to a limited extent to develop and apply methods of countering fluctuations in industrial activity. Replies to a questionnaire indicate various methods of stabilization, many of them only expedients made necessary by depression, and not methods deliberately planned in advance. There is little evidence of organized effort to anticipate the business cycle.

Manufacturers recognize the need of extensive use of statistical information in formulating their production programs and business policies, and obviously it would be a service to the country if this information could be compiled and disseminated by some public agency, as the government now forecasts weather conditions.

Some interesting material is supplied in answer to a question as to the accumulation of reserve funds during periods of prosperity to take care of business during depression, and the uses to which they were put. Long-range planning of construction work is shown to be confined to a very small proportion of the firms replying. Similarly, efforts to relieve workmen laid off are still rudimentary, and depression insurance is rare.

The conclusion from the data studied is that the necessity for predicting and preparing for approaching economic changes in the major cycle and taking advantage of them before such changes occur, appears not yet to be recognized as a business principle of general application.

From the illustrations of business experiences reviewed by the committee on unemployment and business cycles, of President Harding's recent conference on unemployment, which now appear in its voluminous report, these business leaders and experts hold that knowledge of one's own business should be strengthened by knowledge of the conditions in the industry of which it is a part, and by information about current and future trends in general business conditions. The business man is placed thereby in a strong position to exercise judgment based on facts rather than on guesses, speculations, or approximations. Only by foresight can he deal with the problem of cyclical changes in business conditions.

As the committee says: "First, he must have available for his use current facts about general business conditions throughout the country and knowledge of the probable future trend of general business conditions."

"Second, he must have the basic facts about his industry. Because his particular business is influenced by conditions affecting his entire industry, he must be in a position with

others in his industry to study its peculiar industrial problems.

"Third, he must secure enough facts about his own business to give him not merely statistics but a proper basis for judgment as to his general policies.

"Fourth, he must inform himself in regard to the general credit situation and especially the attitude of his own bank toward extension of loans."

DOG HILL PARAGRAPHS
By GEORGE BINGHAM

A stranger was here Wednesday of this week, and Sid Hocks got real sociable with him after he was satisfied that the man was not some sort of a detective.

The heels of the shoes of Salem Barlow have worn down so much behind that whenever he starts out he is tired before he gets there as he feels like he is walking up hill all the way.

Washington Hocks says the hair on his dog's back rises now every time he looks at an automobile, since nearly all of the cars run so fast by his house the dog don't get more than one good-sized bark at them.

OLD SCHOOL BOARD
CLEARING THE SLATE

Several matters in connection with the dedicatory ceremonies of the new Ranger High school building were considered at the meeting of the board of trustees yesterday besides a few routine matters that were disposed of.

The business of employing the superintendent and principals of the high school and four public schools will be left to the new board that will consist of three holdovers and four new members, it was said by one who is in close touch with school affairs.

BOY SCOUTS TO ELECT
PATROL LEADERS TONIGHT

The Boy Scouts have been called to meet at 7 o'clock this evening on the Boy Scouts' lot, Pine street near Rusk. It is to be an important meeting, according to Scoutmaster Pettit; patrol leaders are to be chosen and arrangements made for the participation of the Boy Scouts in the high school dedication exercises.

STUYVESANT FISH DIES

Originality in Knitted Sweaters
For Spring and Summer Features
Forecast—Last Word in Knit Goods

The outstanding feature of the garments for spring and summer, shown at the New York showrooms of the manufacturers and designers of knitted outerwear, is the originality of the entire collection. The day has passed when a sweater was simply a sweater, more or less slip-on, coat or tuxedo model as the case might be, with the point of difference or claim to novelty merely a matter of color or a slight difference in the pattern of the stitch. This spring and the coming summer mark the highest achievement yet recorded, not only in the beautiful blending or smart contrast of the colors, the combination of materials, the originality of the stitch, but it also marks a most decided forward step in the cut of the garment itself.

Not a single trend of coat, suit or blouse fashions has been ignored in the development of the new sweaters, which have the added advantage of a variety of texture, a richness of coloring and a beauty of stitch to be found only in knit fabrics. Reviewing the field in the order of importance, attention turns naturally, at first, to the largest single development—that of sweaters. And it is a department of knitted outerwear that has grown so large and so varied that it seems almost impossible to cover it with the single term. For sweaters, as sweaters seem hardly to exist. Instead are Mandarin blouses, golf coats, jacquettes, sash blouses, surplice blouses, embroidered capotes, wrap-around coats, straight line slippers, Russian blouses and variations, ad infinitum.

In golf coats the favorites seem to rely on masculine lines, with straight front opening, long sleeves, or no sleeves. The originality here is found in the colorings, variously checked fronts, with plain back and sleeves appearing in some of the smartest. New features are found in the absence of pockets and the length, which usually brings the garment well down over the hips.

In the blouse-sweaters, for wear with the separate skirts in place of a blouse, there is quite a vogue for the applied monogram or Chinese motif, in some contrasting color. These blouse-sweaters are nearly always in silk and wool mixtures and quite often use binding or applied stripes of fibre silk in solid color. Sometimes the waistband is simply a deep purled

SWEDEN YEARNS FOR AMERICA.
STOCKHOLM, April 10.—"America fever" again has broken out in various parts of Sweden, according to statistical reports. This term is applied by the opponents of emigration to the yearnings of young men and women to seek their fortunes in the United States.

More than 1,000 persons left Sweden for America during January and February of this year as against fewer than 300 for the same period last year. Virtually all of these emigrants are well supplied with funds to cover their traveling expenses, and most of them have relatives who will help them out when they arrive.

Sweden's quota under the United States immigration law is about 20,000 per year.

ASSOCIATION OF
RETAIL MERCHANTS IS
ORGANIZED AT GRAHAM

Karl Jones, secretary of the Ranger Retail Merchants' association, and Roy Jameson, one of its active members, went to Graham yesterday afternoon and participated last night in the organization of the Graham Retail Merchants' association.

"It was a very enthusiastic meeting," said Mr. Jones. "Graham is organized 100 per cent strong and the association promises to do good work there. It starts with 102 members."

Following the meeting a banquet was served. Mr. McFarlane of the law firm of McFarlane & McFarlane was chosen secretary of the organization.

Mr. Jones and Captain Jameson started back from Graham on the right road but did not stay on it, coming by a new route with which neither was familiar. Consequently it was about 5 o'clock this morning before they got back to their homes.

LEADER OF IRISH
IRREGULARS WOUNDED

DUBLIN, April 10.—Liam Lynch, chief of staff of the Irish irregulars, was captured today. He was captured by Free State troops after an engagement near Colmsniel, in which he was wounded.

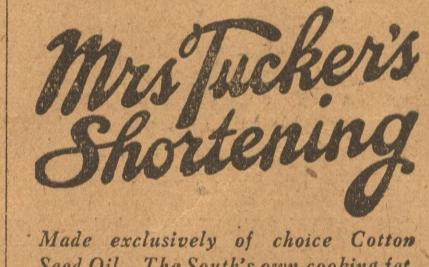

A pure vegetable shortening that you will enjoy using

MRS. TUCKER'S Shortening is bringing a new delight in cooking good things to thousands of women. Cakes, muffins, pie-crusts, hot biscuits, in fact, everything in which you use shortening, can be made lighter and flakier with Mrs. Tucker's. For Mrs. Tucker's is a pure vegetable shortening, with all the richness of butter, but with none of the heavy greasiness of lard.

Once you try it, we believe you will like it better than any other. And one of the nicest things about Mrs. Tucker's is that it is less expensive than lard and goes farther. And it is made right here in the South.

Be sure to get the blue pail with Mrs. Tucker's picture on it.

Made exclusively of choice Cotton Seed Oil. The South's own cooking fat.

81 YEARS OLD
GAINS 21 POUNDS

Pioneer Citizen Has Remarkable Experience in Regaining Lost Health; Now "Sleeps Like a Kid."

Mr. J. E. Selby, proprietor Selby Supply Co., Marthville, La., says, "I am 81 years old. Enjoyed phenomenal health from 1872 until last May. I began to lose flesh, indigestion was manifested, appetite variable, complicated with insomnia. My weight was reduced to 144 pounds; I became so weak I staggered—was barely able to walk 200 yards from my home to my store. Thinking I might be deficient in iron and vitamins, I began taking Ironized Yeast. In less than 30 days I had regained my customary weight (165), gaining 21 pounds in that time, can now eat and enjoy three hearty meals per day and sleep like a kid. The gain is solid flesh, and I feel as able to attend to my business as I was ten years ago."

The principle of Ironized Yeast is endorsed by the world's greatest chemists. It supplies the very elements you most have to maintain health. It is guaranteed to bring back your old time, vigorous health. Do not confuse Ironized Yeast with yeast cakes. It is a concentrated extract of brewer's yeast, the kind doctors recommend for use in medicine. If you are weak, nervous, deranged, nervous, run down, profit by Mr. Selby's experience. Get a package of Ironized Yeast from your druggist—a ten cent treatment costs only a dollar and your money will be refunded unless you are delighted with results. Ironized Yeast Co., Atlanta, Ga.

Telephone 224.

WEDNESDAY EVENTS.

Library opens from 2 to 6 o'clock in Marston building.
High school reception committee meets at 10:30 o'clock at Gholson hotel.
Mrs. R. W. Thomas entertains with bridge tea honoring mother, Mrs. Housel.
New Era Club meets at 8 o'clock at Presbyterian church.
Lions Club dinner at 7 o'clock at Gholson Hotel.

PRESBYTERIAN AUXILIARY PLANS "STATES" DINNER.

The ladies of the Presbyterian church auxiliary have planned a "States" dinner, which will be given on the night of April 19, in the basement of the Gholson hotel. The number of tickets will be limited and may be secured either from Mrs. Armer at the Woman's Exchange or from any member of the auxiliary. Those purchasing tickets are asked to give their name and the name of the state in which they were born. Tables will be arranged in groups or in states according to the number of names from each locality. This promises to be one of the most entertaining affairs of the season and will be well attended. An early rush for tickets is forecast because of the novelty of the event.

JUNIOR C. E. MEMBERS TO GIVE CIRCUS FRIDAY.

The children of the Junior Christian Endeavor society of the Presbyterian church will give a circus Friday evening at 7:30 o'clock in the church. The money, which is obtained from the performance will be used to complete the cleaning and beautifying of the church grounds which was begun last week by the children, under the direction of Prof. H. D. Woods and Mrs. J. B. Fitch, director of the juniors. A wire fence has been erected and vines planted back of the church and a stone wall around the lower lot is in process of construction. There remains much trash to be removed from the lower lot and plans for making the entire lot more attractive have been worked out by this energetic branch of the church society. It is hoped that all members of the church will show their appreciation by turning out in

large numbers for the Friday night performance.

NEW ERA SUBJECT MARRIAGE AND DIVORCE.

Papers on marriage and divorce and a general discussion of this subject will occupy the meeting of the New Era Club on Wednesday afternoon at the Presbyterian club room. Papers will be read by Mmes. L. L. Neal and J. B. Stackable. The round table discussion will be led by Mrs. M. H. Hagaman.

PRESBYTERIAN LADIES MEET IN EASTLAND.

The ladies of the Presbyterian auxiliary held their meeting Monday afternoon in Eastland, at the home of Mrs. Garrett Bohning. Further plans were made for the states dinner, which is to be given on the 19th at the Gholson hotel, and a delightful social hour enjoyed. Ice cream and cake were served by the hostess. Those who attended were, Mms. G. H. Bohning, J. C. Wright, W. H. Fouke, J. W. Cash, C. S. Bronstad, A. D. Hill, G. C. Henshaw, E. C. Wolf, W. W. Walker, S. B. Baker, J. B. Fitch, G. T. McCobb, E. A. Owens, A. A. Abney, S. H. Rhett, R. B. Waggoner, A. R. Donn, G. R. Getts, L. R. Taylor, E. D. Finney, H. A. Pearson, T. J. Homsley, E. M. Howard of Fort Worth, and Rev. and Mrs. A. N. Stubblebine. Mrs. G. C. Henshaw, who is leaving today for her new home in Oklahoma, was presented with a handsome tooled leather purse.

FIRST BAPTIST GIRLS HAVE FISHING PARTY.

Mrs. Perry Fox chaperoned a party of the younger girls to Olden lake on Saturday where they enjoyed fishing and had 27 fish for luncheon. Those in the party with Mrs. Fox were, Benjie Rhodes, Lydia Williams, Wier Hunt, Martha Roth, Sammie Outlaw, Hazel Outlaw and Lucile Hare.

LIONS' CLUB WILL HAVE INFORMAL DANCE WEDNESDAY.

The Lions' club birthday celebration will be a late evening affair beginning at 9 o'clock, instead of a dinner as had been previously announced. The party will be at the Gholson hotel, and tables will be arranged for cards and dominoes. Later in the evening there will be an informal dance.

PERSONALS.

Ed Maher, who has been ill in bed with the flu since Saturday, is better today.
Mrs. J. L. Thompson has been ill for the last week, but is now improving.

MOVIES

LIBERTY—"The Midnight Guest," also Century comedy, "Some Service," and Irving presents his own original illusion, "Sawing a Lady in Half."
LAMB—"The Town That Forgot God," also Christie comedy, "Babies Welcome," and Fox News.

Mrs. E. M. Howard of Fort Worth is the guest of her sister, Mrs. J. B. Fitch at the Sun camp.

F. A. Brown leaves tonight on the Sunshine for Long Beach, Cal., to join his wife, who has been there for the last month. He will be accompanied by his daughter, Miss Helen Brown.

J. H. Beasley of the Ranger garage will return this afternoon from Abilene where he has been for several days.

Aubrey Jameson, Leslie Hagaman, and A. N. Larson, wife and baby, left Tuesday morning for Waco, to attend the Lions state convention.

Mrs. D. L. Jameson is visiting in Dallas.

James Donald, 9-year-old son of Mr. and Mrs. O. L. Phillips, who has been seriously ill with pneumonia is still a very sick boy, though he passed the crisis several days ago.

The Harris county library circulated a total of 11,003 books during February, serving a population of 48,991, according to state library reports. This is an increase of 357 over January and 6,177 over last February.

Officials of the Potter county library report that institution circulated a total of 2,635 books in February, to a population of 16,710.

Wild Animal Show, Clowns and All to Be Here Tomorrow

Tomorrow's show day. The dawn will break as the long gaudily painted special train comes to a halt in the T. & P. railroad yards, and the working army of Christy Brothers' Monster Four-Ring Wild Animal exposition will be unloading the wonders of the big top and all the smaller tops before many of us are out of slumberland.

The wagons will roll towards the lot, Ranger baseball park. Elephants, camels, bison, dromedaries, sacred oxen, zebras and other "led" animals will lumber, waddle, pad and walk in their wake, and the clatter of six and eight-horse teams will resound in the streets. Work-a-day will have become show day, and the true American fiesta spirit will grip us.

And, after the great tents are raised against the sky and the hundreds of people, horses and animals have been fed, groomed and garbed for parade, that mile long procession will head glitteringly toward the heart of the business district. It leaves the show lot at 11 a. m. promptly, and much of novelty is promised, together with a world of color, gorgeous tableaux wagons, floats, four bands, two calliopes, and all cages and dens open to view.

CREAM CLEARS A STUFFED-UP HEAD

INSTANTLY OPENS EVERY AIR PASSAGE—CLEARS THROAT.

If your nostrils are clogged and your head is stuffed because of nasty catarrh or a cold, apply a little pure, antiseptic cream into your nostrils. It penetrates through every air passage, soothing and healing swollen, inflamed membranes and you get instant relief.

Try this. Get a small bottle of Ely's Cream Balm at any drug store. Your clogged nostrils open right up; your head is clear; no more hawking or snuffling. Count fifty. All the stuffiness, dryness, struggling for breath is gone. You feel fine.—(Advertisement.)

NEW HIGH SCHOOL CAFETERIA TO BE EQUIPPED WITH KELVINATOR.

During a business meeting of the school board yesterday the subject of refrigeration for the cafeteria was brought up. It was unanimously decided that new and modern equipment, perfection of service and complete sanitation must be had. There was only one solution—electrical refrigeration.

They were told of Kelvinator—its standard temperature always colder than it is possible to obtain from ice, dryness of atmosphere, ice making and freezing trays, air cooled condensing coils, perfect thermostat, entirely automatic and its marvelously low cost of operation, etc., and were invited to the West Tex Electric company on Main street to inspect a demonstration unit in operation there and were convinced of its superiority to the extent that it was ordered installed. Citizens are invited to inspect this labor-saving, wholesome and odorless equipment during the next few days.

The board is to be complimented on their selection of this efficient method and forethought of the health of its pupils by supplying proper refrigeration which is in keeping with having the most up-to-date high school in Central Western Texas.

Norma Meldrum Day was observed recently by the children's department of the Houston public library. The day has been set apart in honor of the girl in whose memory the children's room and the Norma Meldrum endowment fund were given. Children of the city brought flowers to the room this year in honor of the girl.

PAINS AROUND THE HEART

"I had continual pains around the heart especially just after eating and I thought I had heart trouble. I have taken four boxes of Ferrasol with truly remarkable results. Food that I didn't dare touch, I can now eat without feeling the slightest pain and I hardly know I had indigestion. I am glad to say Ferrasol will do all you say for it and then some."

ANNOUNCEMENT

Of Interest to MILLIONS OF FAMILIES

"I will build a car for the multitude"
Said Henry Ford in 1903—Read how the fulfillment of that prophecy is now made possible through the

Ford Weekly Purchase Plan

For many years it has been Henry Ford's personal ambition to make the Ford the universal family car—to put it within the reach of the millions of people who have never been privileged to enjoy the benefits of motor car ownership. During the past fifteen years over 7,500,000 Ford cars have been placed in the hands of retail customers—more than a million and a half of them within the past twelve months—and yet there are still millions of families who are hopefully looking forward to the day when they can own a Ford. And now the way is open. Under the terms of this plan you can select your Ford Car, set aside a small amount each week and you will be surprised how soon you will own it. In the meantime your money will be safely deposited to your credit in one of the local banks where it will draw interest. Think it over. Five dollars will start an account. The whole family can participate in it—father, mother, brothers and sisters each doing a little. Why not start today. Stop in and talk it over with your local Ford dealer. He will be glad to fully explain the details of the plan and help you get started toward the ownership of a Ford car.

BOX SCORES FOR TWO GAMES BETWEEN THURBER AND OLDEN

The box scores for the Thurber-Olden games played Saturday and Sunday at Thurber arrived too late for publication in Monday's Times. They are given below. Thurber won both games, the first by a score of 4 to 3 and the second, 14 to 2. Saturday's score:

Table with columns for player names and statistics (AB, R, H, PO, A, E). Includes totals and a note about a hit for Cole in ninth.

Table with columns for player names and statistics (AB, R, H, PO, A, E). Includes totals and a summary of game highlights.

Summary—Sacrifice hits, Edwards; two-base hits, Hornbuckle 2; stolen bases, Currin, White; struck out, by King 11, by Embree 3; bases on balls, off King 2, off Embree 1; left on bases, Thurber 10, Olden 5. Time of game, 1 hour and 56 minutes. Umpires, Naugle and Box.

Table with columns for player names and statistics (AB, R, H, PO, A, E). Includes totals and a summary of game highlights.

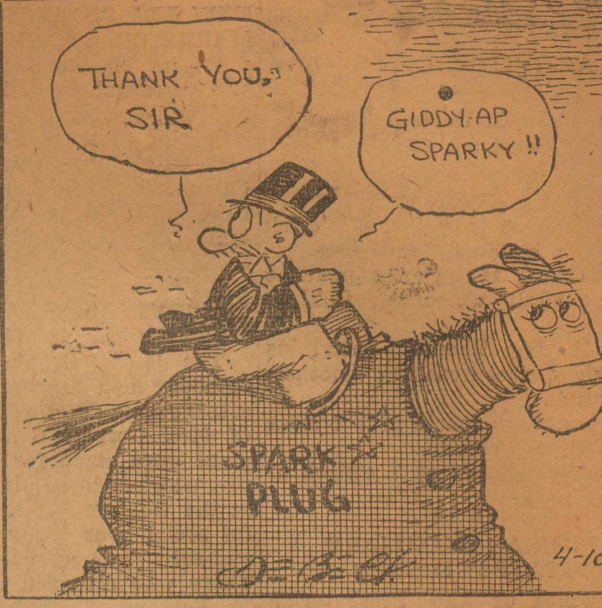

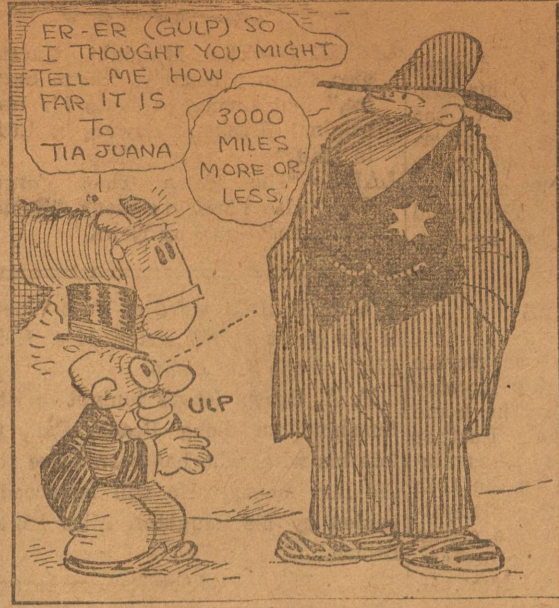

Stop Rheumatism With Red Pepper

When you are suffering with rheumatism so you can hardly get around just try Red Pepper Rub and you will have the quickest relief known.

Nothing has such concentrated, penetrating heat as red peppers. Instant relief. Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes it warms the sore spot through and through. Frees the blood circulation, breaks up the congestion—and the old rheumatism torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Use it for lumbago, neuritis, backache, stiff neck, sore muscles, colds in chest. Almost instant relief awaits you. Be sure to get the genuine, with the name Rowles on each package.—(Advertisement.)

Table with columns for player names and statistics (AB, R, H, PO, A, E). Includes totals and a summary of game highlights.

Summary—Sacrifice hits, White, Knight; Two-base hits, Hornbuckle 2, Edwards 2, Currin, King, McKinnon; three-base hit, Fuller; stolen bases, Paulowsky, White; struck out, by Groves 6, by Hudspeth 8; bases on balls, off Groves 3, off Hudspeth 1; innings pitched, by Groves 7 2-3, by Pickens 1-3; double plays, Groves to Garrett, Hornbuckle, Garrett, Fuller; left on bases, Olden 7, Thurber 6.

first on errors, Olden 1, Thurber 4. Time of game, 2 hours and 4 minutes. Umpires, Naugle and Box.

DESDEMONA LEGIONNAIRES PLANNING BOXING BOUT

Desdemona American Legion post is planning to put on a 10-round boxing affair to be followed by a dance in the near future, according to Mickey Riley, junior lightweight champion of the Southwest. Riley and his stage partner, Bobby Burns, who put on a performance at Desdemona last Saturday night will assist in the arrangements. An opponent for Riley will be secured that will make the fight interesting and even. The Desdemona post is putting on the fight to raise funds for its home.

'BATTLING' SIKI BACK IN PARIS, VERY 'SORE' ON THE IRISH

PARIS, April 10.—"I was robbed," said Battling Siki, the Senegalese fighter, who has returned from Ireland, while referring to the fight in Dublin in which he lost his light heavyweight championship to Mike McTigue. "I will never go to Ireland again," the black man continued, "unless I can cross by way of England. I lost

so much weight during the ocean trip to Ireland and back that I am now a middleweight." Siki knocked out a diner in one of the best known Paris restaurants early this morning during a brawl.

TOWN FOLKS

J. P. O'Donnell, driller, left today for Big Timber, Mont., where he has lease holdings. A library and American Legion auxiliary rest room have been opened to the public at Alvin.

FRISCO OFFICIAL HERE TO VISIT OIL LEASE

J. H. Fraser, assistant general manager of the Frisco railroad, was in Ranger for a few hours yesterday to visit his oil lease near here. He is traveling in a private car.

RE-CREATED FENDERS are just as good looking and as serviceable as brand new ones if they are re-created by us. Our work is the product of ability plus experience and a desire to render satisfying service. We can weld your broken fenders into strong units and give them the proper shape at a small cost. POSTOFFICE GARAGE, ELM STREET - PHONE 83
