WHOLESALE TAX EVASION MUST STOP

RANGER TO HAVE VOLUNTEER FIRE DEPARTMENT AID

Auxiliary to Paid Force Will Probably Be Organized Next Month.

Ranger will have a volunteer fire department as auxiliary to the paid department. It will be organized and governed by the volunteers themselves, aided, encouraged and trained by the Ranger Fire Department.

The volunteers will be, as Chief E. H. Chapman puts it, "young men and full of pep." He only wants this kind. Not every little detail has been worked out, but, it is understood that the training period will be thorough and is to include the laying of hose lines, how to handle a nozzle under high pressure, rescue work, placing of ladders, locating a blaze and the many other things a fireman must know to successfully combat big or little fires.

Training periods will be set aside for different evenings of the week, to be after every volunteer has completed his regular day's work.

These volunteers will be expected to answer every alarm for instructions, if possible. In case of emergency, they will assist the regular firemen, and if one of the latter resigns or is injured, the volunteer is eligible to the regular force.

A volunteer's pay will be given to those men whose services are used in a fire.

Organization of the corps will not be attempted until Chief Chapman returns from the state convention of firemen, which will be held in San Marcos, beginning May 8. The chief is a member of the state association and will be a delegate at large to the convention.

The imperative need of a volunteer organization is evident, it was indicated by the chief, because the department has only six men including the department head. "We really need ten men," he said. Only four men are on duty at the station daily besides the chief, as each fireman is given a holiday of 24 hours weekly.

Ranger Band To Give Concert In Open-Air Tonight

Weather permitting the Ranger Band under the leadership of "Pop" Endicott will give an open-air concert at 8 o'clock at Elm and Marston streets, opposite the high school. A program has been arranged, according to the leader, that will please all. The program will be as follows: March, Panther City... Echoes Selection, Woodland... Luders Fox-Trot, Mr. Gallagher and Mr. Shean... Pottis Popular Overture, Hits of 1914... Gumble Trombone Solo, "One Fleeting Hour"... Mr. Savage Selection, "Prince of Pilsen," Luders Finale, "American Honor"... Crosby

SUGGESTS TEN COMMANDMENTS REPLACE STATE CONSTITUTION

JEFFERSON CITY, Mo., April 19.—A bill to repeal the constitution of Missouri and all statute law, and substitute for them the 10 commandments and the League of Nations, was introduced in the lower house of the Missouri legislature during the session just adjourned. The bill, however, was not given serious consideration, and was not even referred to a committee by the speaker.

In explaining his action in introducing such a bill, Representative J. Dal Swiers, Republican, of Christian county, stated that it was for the purpose of aiding the Democrats in their apparent plan to change all the laws, by changing them all at once.

Another bill introduced was one providing that all street cars be equipped with an automatic light on the rear which would show the word "stop" when the car was not in motion. It got through the house but in the senate it was amended, the amendment providing that it "should be in effect only during the total eclipse of the sun and moon."

Another bill of unusual character introduced in the lower house provided that no landlord could refuse to rent to persons with children.

Siren May Sound Curfew Call To 'Go Home' Warning

EASTLAND, April 19.—Eastland authorities are considering the use of the fire siren to remind youngsters under 16 years of age of the curfew law here. Many boys have been evading the ordinance with various pretexts when accosted by the police, it is said.

FRENCH LEASING GERMAN HOTELS IN THE RUHR

Several Large Hostleries Taken Over Under Five-Year Contracts.

DUESSELDORF, April 19.—German hotels occupied by French in the Ruhr are being turned over to French proprietors under five-year leases, it was learned on good authority today. A deal involving the Handelshof hotel already has been closed and French business men are planning to resume operation of the Kaiserhof and other hotels immediately.

Eastland County Gets State Quota For Highway Work

EASTLAND, April 19.—Seventy-five thousand dollars has been allocated to Eastland county by the state highway commission to finish incompletely designated highways within the county, County Judge Pritchard announced this morning on his return from Austin. This amount will be available immediately. New contracts will be awarded for the highway work to be done with this money. The three roads to be benefited by the appropriation are: Bankhead highway, the Oil Belt, between Leary and Gorman, and the highway from Cisco to the Callahan county line through Rising Star and Pioneer.

MISS LUCILE M'CRAE TO BE MISS CISCO AT WEST TEXAS PAGEANT

CISCO, April 19.—Miss Lucille McCrae will be miss Cisco at the pageant and other festivities held in connection with the West Texas Chamber of Commerce convention at San Angelo next month, it has been announced by the Cisco Chamber of Commerce.

THERE'S DANGER EVEN IN BLOWING ONE'S NOSE

PARIS, April 19.—The reason given for the death of the Parisian actor, D'Aragnon, a few days ago is that he didn't know how to blow his nose. D'Aragnon, the explanation goes, pinched both nostrils, thereby forcing the germs of grippé as the result of the blocked air passage, into the vessels leading to the brain. Meningitis resulted.

The Paris press now warns the public to pinch one nostril at a time which will leave one passage free for the escape of air and germs.

TWO PERSONS HURT IN AUTO ACCIDENT MAY DIE

FORT WORTH, April 19.—Four of the six persons hurt in an automobile accident here Wednesday will recover, according to reports from the hospital. The other two may die.

The critically injured are Mr. and Mrs. J. White, owners of the auto.

GERMAN UNEMPLOYED IN RUHR BECOME RIOTOUS

DUESSELDORF, April 19.—Three were killed and 20 wounded when a band of German unemployed stormed the city hall at Mülheim, Wednesday, it was announced here today. Six were wounded in a similar demonstration in Duesseldorf.

GOVERNMENT TO CURB TRADE IN SUGAR FUTURES

Files Equity Proceedings Which May Be Followed By Criminal Action.

NEW YORK, April 19.—Raw sugar futures took a spectacular drop of approximately 50 points on the New York coffee and sugar exchange today following the receipt of word that the attorney general's department had filed suit to enjoin trading in sugar futures.

WASHINGTON, April 19.—The department of justice today filed in the United States court at New York, a petition in equity against the New York Coffee & Sugar Products Exchange, Inc., and the New York Coffee & Sugar Clearing association in which the court is asked to enjoin the defendants from further engaging in and carrying out in the United States a combination and conspiracy in restraint of trade and commerce in raw and refined sugar. The government action was announced today by Acting Attorney General Seymour.

WASHINGTON, April 19.—Equity proceedings to restrain in trading in sugar futures were instituted by the federal government today. The government bill, which was prepared after an investigation conducted by the attorney general's department, is intended permanently to prevent futures trading in coffee or sugar and to restrain any member of the New York sugar exchange from engaging in futures transactions in sugar "unless the person purporting to make such trade has in possession a supply of sugar adequate to fill the requirements of such transaction."

This action was taken by the government, it was stated, as a result of the "orgy situation" which had put up the price of sugar to consumers and during February alone had enriched sugar brokers by at least one-half million dollars. "Conspiracy in restraint of trade and commerce" is charged and officials have asked that efforts of the Coffee & Sugar Clearing House association would be exerted in this behalf. Members of the exchange are asked to appear in court and answer the government's allegations.

The proceedings are the most sweeping ever instituted by the federal government in its efforts to curb speculation in the necessities of life. Criminal proceedings under the Sherman law and prosecution for violations of the law are also contemplated by the department of justice, it was said.

VOCATIONAL STUDENTS INCREASE 300 PERCENT

WASHINGTON, April 19.—A large increase in attendance at agricultural vocational schools, set up under provisions of the Federal Vocational Education Act of 1917, is recorded in statistics covering the first five-year period of the act.

At the close of the fiscal year 1922 the agricultural enrollment totalled 59,276, while at the end of the first year under the act, 1918, the enrollment was only 15,453. This is an increase of nearly 300 percent for the period. The number of agricultural vocational schools has increased from 690 in 1918 to 2,175; the number of teachers increased from 895 to 2,290.

Under the act states receive an annual grant of Federal funds for vocational schools on condition that they match the Federal appropriation dollar for dollar with state or local funds. Last year the 48 states expended a total of more than \$4,000,000 on such schools, of which amount about \$1,400,000 was from Federal funds. Only public schools giving practical instruction designed to prepare the pupil to enter the vocation of farming may receive the aid under the act.

The 1921 census showed 1,202,135 farm boys between the ages of 14 and 20 who are out of school. In addition there are approximately 8,000,000 men above the age of 20 who would be benefited by part-time or evening classes.

Endurance Dancer In Hospital With Dilated Heart

HOUSTON, April 19.—Miss Goldie Hughes, 17, endurance dancer, was in a local hospital today from an attack of heart dilation, caused, physicians say, from exertion on the dancing floor. Miss Hughes collapsed late yesterday afternoon. She had danced a little more than 54 hours.

MASKED DANCER MAKES ANOTHER TIME RECORD

Tears Off Domino When He Passes Rival; Dances 88 Hours, 18 Minutes.

CLEVELAND, Ohio, April 19.—Arthur Klein, 28, "masked dancer," became champion of endurance dancing today with a record of 88 hours and 18 minutes.

Klein had been dancing masked until informed he had passed the mark of 73 hours made by Miss Madeline Wolf here yesterday. Then he tore off his domino and revealed his identity. He is an athlete. Klein stopped at 6 a. m. today. He had been dancing since 2 p. m. last Sunday.

Two girls had passed the 8-hour mark this morning and announced they would stay to a showdown. June Curry and Frank Ward danced together 17 hours and 20 minutes before Ward dropped out. They claim the double championship.

FEDERAL GRAND JURY EXPECTED TO REPORT MANY INDICTMENTS

FORT WORTH, April 19.—The federal grand jury that has been investigating oil promotion frauds reconvened here today to dispose of several minor matters and make a final report to Federal Judge J. C. Wilson. Indictment of some 60 to 75 oil promoters of mail fraud charges is expected. About a score of oil companies will be involved in the charges, federal officers said. Arrest of the promoters and the fixing of their bonds, pending trial, will follow. The indictments will be the result of inquiries by postoffice inspectors which have been under way here for more than six months, and they are expected to reveal amazing stories showing the extent of sales of worthless oil stocks by promoters to hundreds and thousands of persons in all parts of the country.

TWO CORNERS OF TRIANGLE ELIMINATED BY SHOTS

CHICAGO, April 19.—Peter Winkler, 35, a saloon keeper, is dead, and Mrs. Nellie Bakker, 33, a widow, is reported dying today as the result of Mrs. Bakker's attempt to eliminate two corners of an alleged triangle with a gun last night.

Mrs. Bakker, in the presence of her four children, was declared to have shot Winkler to death and then to have shot herself. Winkler, who is married, is said to have been a frequent visitor at the home of Mrs. Bakker.

"WHIPPING BOSS" ADMITS EMPLOYMENT AS SUCH

TALLAHASSEE, Fla., April 19.—Admission that he was employed as a "whipping boss" was made today before the legislative investigating committee by Walter Higginbotham, charged with the death of Martin Tabert, North Dakota youth, in a convict leasing camp of the Putnam Lumber company.

BANDITS ROB MONEY TRUCK IN KANSAS CITY

KANSAS CITY, April 19.—Bandits obtained a large amount of non-negotiable paper and \$1,000 in cash when an American Express company money truck was held up here today. The truck was stopped by the bandit car, which had been stalled in its path. Firing shots into the air, the bandits ordered the truck driver to surrender the money box. They then made a hurried get-away.

HOUSE REDUCES GROSS RECEIPTS TAX ON CRUDE

Bill Goes to Senate Providing For 3 Per Cent Levy Instead of 5.

AUSTIN, April 19.—The House of Representatives late yesterday adopted an amendment to the bill fixing a 4 per cent gross receipts tax on oil making the tax 3 per cent. The amendment was offered by Satterwhite, after amendments proposed by Rogers of Houston for a 2 1/2 per cent tax and by Burmeister of McMullen for a 2 per cent tax had been defeated. The Satterwhite amendment was adopted by a vote of 69 to 50.

The house then passed the bill finally by an overwhelming majority. The oil gross receipts tax bill was introduced by Coffee of Wise county who made a hard fight against all amendments lowering the tax, insisting that the proposed measure would not press heavily on small producers but that three-fourths of the tax would be paid by the big oil producing companies.

Burmeister argued that the tax would fall heavily on small oil producers, especially those who must pump out the oil; that while most of them probably could afford to pay a tax of 2 per cent a larger tax would drive them out of business. A large tax, he argued, would be destructive to the oil industry in Texas.

STRICTER LIQUOR BILL REPORTED FAVORABLY BY HOUSE COMMITTEE

AUSTIN, April 19.—The Bell bill making the possession of more than a quart of liquor, or the possession of a still or the materials for the manufacture of liquor prima facie evidence of guilt as violation of the prohibition laws whether it be for sale or use was reported favorably by the House committee on liquor traffic today. The committee also favorably reported the Abney measure which seeks to close by injunction hotels and rooming houses that permit the sale of liquor, gambling or prostitution and provides for their operation under bond.

MANY ENTRIES RECEIVED FOR PHILATELISTS CONTEST

LONDON, April 19.—Hundreds of entries have been received from all over the world, especially from America, for the world's stamp collecting championship which will be decided here in May.

Many of the collections of single countries are valued at from 20,000 to 50,000 pounds, while one exhibitor's entries amount to 100,000 pounds. The exhibition is the first of its kind held since before the war. The "junior" championship for philatelists under 21 will also be contested for the first time since 1912, when Captain Victor Cazale, then an Eton boy of 15, secured it.

LORD CURZON DEDICATES "HAWKING" BRITISH TITLES

LONDON, April 19.—The hawking of peerages, knightships and other titles, which has periodically shocked the British public, is again engaging the attention of the government. In the House of Lords recently Marquis Curzon said it is the intention of the government to introduce legislation in order to carry out some of the recommendations of the royal commission on honors. He declared grave uneasiness had been excited by the excessive number of additions to the peerage in recent years. Much suspicion had been created, he said, by the fact that titles in some cases were conferred upon the basis of large political contributions.

SENATE HAS ONLY FEW MINUTES FOR SESSION

AUSTIN, April 19.—The senate was in session for a few minutes before noon today. The time was devoted to completing the departmental budgets. An annual appropriation of \$37,500 under the Sheppard-Towner act was allowed. A resolution prepared by Senator Parr proposes an additional appropriation for the sanitary livestock committee.

Ranger Banks To Enjoy Holiday on San Jacinto Day

San Jacinto day will be observed Saturday by the Ranger banks as a holiday. Notices have been posted in the Peoples State and Ranger State Banks, declaring that the doors will be closed on that day, Saturday, April 21.

FIVE PERSONS BURN TO DEATH IN LYNN FIRE

Ten Also Missing After Destruction of Five-Story Apartment House.

LYNN, Mass., April 19.—Five persons are known to have been killed and 10 are reported missing following a fire in the Essex Castle, a five-story apartment house here, early this morning. The police believe that many of those unaccounted for may have escaped and have sought refuge in neighboring houses. However, they are continuing the search of the ruins for the bodies.

The fire started on the second floor near the elevator and all stairways were cut off by the flames. A score of persons were saved by being carried down ladders and several jumped into life nets.

The known dead are: Frank Tossier, George Philpot, Ancon Anson, Miss Margaret Futter and Frank Fairchild.

Miss Alma Stillman was reported missing after the fire.

Big Four Follows Illinois Central Increasing Wages

CINCINNATI, April 19.—Maintenance of way employees of the Big Four Railroad are to receive a small wage increase, according to announcement by W. Newbarger, supervisor of the wage bureau of the road. The amount of the increase has not been stated.

WICHITA FALLS TO CELEBRATE HER BIG IRRIGATION PROJECT

WICHITA FALLS, April 19.—Marking the approaching completion of the Wichita Falls irrigation project, Indian, cowboy and professional carnival men are ready for the opening at noon today of Tom Burnett's Wild West exposition at Iowa Park. It will open with a monster barbecue to which all Northwest Texas and Southwestern Oklahoma are invited. Several talks on the significance of the new irrigation project will be made.

The regular rodeo events have drawn the top notch riders, ropers and bull doggers of the country here. The arena will seat 10,000 persons. The wild west program will last four days.

DALLAS POLICEMAN KILLED BY BURGLAR WHO ESCAPES

DALLAS, April 19.—Motorcycle Officer J. C. Gibson was shot and almost instantly killed when he and a fellow officer attempted to capture a burglar who was pillaging a drug store early today. The burglar made his escape.

Gibson's companion, H. D. Nobles, had gone to a rear door, leaving Gibson to watch at the front. Hearing several shots he hurried to the street just in time to see Gibson fall and the burglar running away in the dark. An overcoat was left behind by the burglar.

BILBO SENTENCE IS REDUCED BY COURT

OXFORD, Miss., April 19.—Judge Edwin Holmes today reduced to ten days the 30-day sentence of imprisonment upon Theodore Bilbo, former governor of Mississippi, for contempt of court. Judge Holmes also eliminated the \$100 fine imposed on the former governor. Bilbo has announced his candidacy again for the governorship of Mississippi.

Senate Plans Inquiry To Determine Fault

Tax Organization In Counties Reporting Low Valuations and Instigation of Anti-Taxation Propaganda To Be Investigated.

AUSTIN, April 19.—Investigation of tax organizations in certain counties which are reporting low valuations and spreading propaganda against tax measures is proposed in a resolution prepared by a member of the senate and which may be introduced today. Senator Pollard of Van Zandt county is expected to introduce the resolution, which would authorize the lieutenant governor to appoint a tax investigating committee to inquire into the charges of "inequalities of taxation," and "tax organizations" spreading propaganda against taxation.

QUO WARRANTO BILL AGAIN IS BEFORE HOUSE

Support and Opposition As In Regular Session Partly Switched.

AUSTIN, April 19.—A concerted fight on the Patterson-Willman quo warranto bill was waged on the floor of the house this morning. There was a noticeable change from opposition to support and vice versa by members who were either for or against the measure. Some of the strong opponents to the bill during the regular session are now fighting for its passage.

Representative Logsdon of Clay county, speaking against the bill, declared the chief objection to it was the linking together of the executive and judicial departments of the state.

Representatives Jacks and (Mrs.) Edith Willmans, both of Dallas, engaged in another family fight when Mrs. Willmans injected into the argument a question if it was not a fact that when Gov. Neff had addressed the Dallas Bar association he asked all present who believed in the bill to stand and that all except two persons stood. Jacks replied they did so out of respect for the governor and not because of the merits of the bill and he added that he thought the governor would have made a better evangelist than a politician.

MOTHER CHOOSES CHILD AND HOPES IT'S HER OWN

WARSAW, April 19.—One Polish mother will wonder all her life whether she is bringing up her own child, owing to an unfortunate accident which happened at a maternity home at Lwow.

A woman gave birth to a healthy boy, but the baby returned to her after it had been bathed, proved to be a girl. A search was ordered, but the finding of the right baby was not an easy matter, as the mother could not recognize her child from the six boys and three girls born that day. She chose one of the boys as hers, and hopes she chose rightly.

BILBO SENTENCE IS REDUCED BY COURT

OXFORD, Miss., April 19.—Judge Edwin Holmes today reduced to ten days the 30-day sentence of imprisonment upon Theodore Bilbo, former governor of Mississippi, for contempt of court. Judge Holmes also eliminated the \$100 fine imposed on the former governor. Bilbo has announced his candidacy again for the governorship of Mississippi.

DOG HILL PARAGRAPHS
 By GEORGE BINGHAM

Sim Flinders was seen going toward home this morning with a new lie on his shoulder. It is believed his wife is aiming to raise a garden.
 Columbus Allsop left home early yesterday morning. Soon after he got up town he heard Atlas Peck was looking for him. He straightway set out to find out what Atlas wanted, and after looking around most of the day, found him late that afternoon in a checker game, and Atlas did not want anything except to tell him that his wife said to come home early at noon because one of the pigs had got out.

Frisby Hancock has had some pictures made of himself. They are so natural looking you can almost hear his watch ticking.

PROGRESSIVE REBEKAHS GOING TO EASTLAND.
 All members of Progressive Rebekah Lodge are requested to be at Odd Fellows' hall Friday evening (at 6 o'clock) to go to Eastland to attend a meeting of the Eastland Rebekah lodge.

"DANGEROUS AGE," OR "NO MAN'S LAND" IN CHILDHOOD

No longer do the Seven Ages embrace the span of a human life. An Eighth Age has been added to this category by Dr. Philip Van Ingen, secretary of the American Child Health association of which Herbert Hoover is president, and its importance may be realized when such an eminent authority on child health refers to it as the "Dangerous Age."
 This period in the human life, according to Dr. Van Ingen is that between the age of 18 months or 2 years and 5 or 6 years.
 "As a child grows older and becomes a 'toddlor,' and until he goes to school, he is in the No Man's Land of Childhood," says Dr. Van Ingen. "He is no longer a baby. Among the poor his place as the youngest of the family has been taken by another. The new baby requires to be carried to the health center and the toddler is almost too small and too unreliable to be dragged along by the mother. He has not reached the age when the school authorities reach him."
 "And yet it is during this period—from 18 months or 2 years to 5 or 6 years—that most of the serious damage is done which results eventually in impaired nutrition, impaired efficiency of the school child and the adult."

FORT WORTH.—More than 600 trees have been planted in Fort Worth parks during the present spring, according to park officials. In addition to these, many shrubs and evergreens have also been planted.

HIGH SCHOOL PUPILS MUST WEAR LONG DRESSES

Fredora Burns & Marion Stone

Fredora Burns and Marion Stone, two pupils of the Lynn, Mass., High school, were among those who were rebuked for appearing at the Senior Class Day celebration in abbreviated costumes that were termed "immodest." The Senior class resented the decree and rose in arms against the rebuke.

SAFETY LAST.

In the hope that the auto driver who won't pay any attention to the "Safety First" slogan may give attention to one favoring safety as a last resort, a Detroit man has written out a number of epitaphs he suggests be kept handy and placed on the grave stones of speeders when the final crash comes—as it does come, sooner or later. We believe Antlers citizens will be interested in these epitaphs, because they contain more truth than poetry. Here are a few of them:
 "Lies slumbering here one William Lake; he heard the ball, but had no brake."
 "At fifty miles drove Arthur Pidd; he thought he wouldn't skid, but did."
 "At 90 miles drove Eddie Shaw; the motor stopped, but Ed kept on."
 "Down in the creek sleeps Jerry Bass; the bridge was narrow, he tried to pass."
 "Beneath this stone sleeps William Raines; ice on the hill—he had no chains."
 "Here lies the body of William Jay, who died maintaining his right-of-way."
 "Here lie the remains of Percival

Sapp—he drove his machine with a girl in his lap.

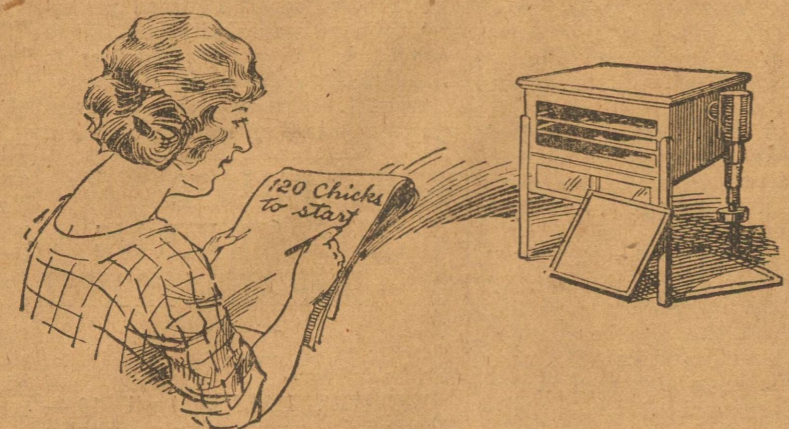

"And here's what's left of Samuel Small; he paid no attention to slow signs at all."
 "That ash pile there is Billy Hatch; he looked in his gas tank with a lighted match."

LIONS PLANNING TO COMPLETE RANGER CAMP FOR TOURISTS

Tourists stopping off in Ranger this season will find all the conveniences on the tourist camp grounds ences to be desired, on the tourist camp grounds on West Main street if the plans of the Lions club work out.
 At the noon luncheon today, a committee headed by C. D. Wood was appointed to get estimates on the cost of erecting a building which will have a rest room, shower baths, cooking facilities and lavatory. E. E. Dreby and T. E. Hanshaw will work with Mr. Wood.

BUY IT IN RANGER

Here are the types of advertisements you can use to boost Chick Startena.

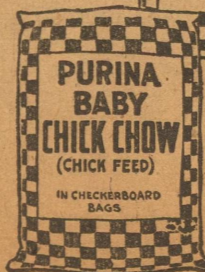

How Do You Figure Baby Chick Loss?

Do you actually figure it in dollars and cents? Suppose 20, or 30 or 50 chicks from your hatches die. How much would these baby chicks cost you to replace?

Purina Chick Startena
 (With Buttermilk)

is a real baby chick food. It is balanced to supply all the elements that the tender baby chicks require in the first few weeks. Buttermilk, which authorities specify as important for baby chicks, is one of the principal ingredients. The other ingredients in Startena blend with buttermilk to make a perfect growing ration.

Save more baby chicks and get early layers next year by feeding Purina Chick Startena and Baby Chick Chow on the double development guarantee. Give us your order today.

HIGHWAY BILLS FOR LEGISLATIVE CONSIDERATION

Five Measures Necessary If State Continues to Get Federal A.I.I.

By Associated Press
 Austin, April 19.—Five measures pertaining to highway construction and regulation will be put before the special session of the legislature, with Governor Neff's permission, according to the state highway officials. The measures will be necessary to carry on the state highway program with the assistance of federal aid under the direction of the state department, it is claimed.
 Chief among the measures will be that seeking to permit the state highway department authority to use emergency road maintenance funds. The bill will propose to give the state highway department authority to maintain all roads on which state and federal aid has been used and which are not being maintained properly by the county. It also will include provision to permit the state to use 50 per cent state aid on projects, so as to match federal aid in counties where county funds are not available.
 Another important measure will be pertaining to the regulation of common carrier motor vehicles. It will propose to place the regulation of such vehicles under the state railroad commission and provide that all vehicles using the state highways as common carriers should be required to obtain certificates of public necessity and convenience before being permitted to operate. Identity bond for the protection of passengers also would be required.
 Approval of lighting devices by the state department would be required under another measure which is being prepared.
 Authority to condemn and declare a menace railroad crossings on public highways would be given the railroad commission under terms of another measure. Expense of such elimination would be borne by the state, county and railroad commission.
 Another bill would limit the weight of wagon permitted to operate on the public highways.

WORLD WIDE HUNT IS ON FOR "KING BENJAMIN"

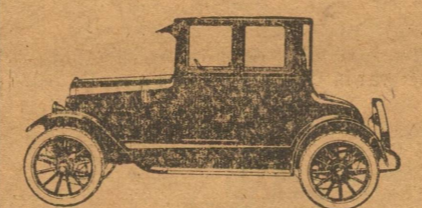

A world-wide hunt has been begun for "King Benjamin" Burnell, chief of the "House of David," at Benton Harbor, Mich., who disappeared during the trial of a civil suit, when shocking stories of immorality under the guise of religion were narrated on the witness stand.

OLDEST GUN CLUB

The New Haven (Conn.) Gun Club is the oldest in the United States—oldest in the world. It was formed on March 15, 1874, and five of the charter members are still active. The St. Louis (Mo.) Gun Club was formed in 1875. A gun club was formed at Exter (N. H.) March 23, 1878, and another formed at Freeport (Ill.) May, 1878. In these days gun clubs were few and far apart, now it is a poor town that hasn't at least one gun club.

CLEBURNE.—Cleburne is to have a new park. A plot of ground which some years ago was used as a park which has since been neglected, is to be cleaned up and prepared for use. Work on the park will begin immediately and a driveway fixed.

ITCHING ECZEMA DRIED RIGHT UP WITH SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.
 It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble get a little jar of Rowles Mentho-Sulphur from any druggist and use it like a cold cream. —(Advertisement.)

HOUSTON PREACHERS DON'T LIKE ENDURANCE DANCING

HOUSTON, April 19.—The Houston Ministerial association today adopted a resolution condemning a marathon dancing as "morally and physically degrading."
 The association appointed a committee of six to meet Governor Neff when he is in Houston, Friday, to urge that he submit special legislation to curb further activities of this nature.

ROY MITCHELL AGAIN IS FACING A JURY

WACO, April 19.—The jury in the case of Roy Mitchell, negro, in which he is charged with the murder of Mrs. Lula Barker in February of last year was completed before noon today. The special venire was exhausted and 18 of the regular panel examined before the jury was secured.

Borah is for a World Court of the right kind, which means the Borah kind, whatever that is.—Indianapolis Star.

CHILD WELFARE MEETING BROUGHT TO CONCLUSION

SAN ANGELO, April 19.—The second annual Child Welfare convention of the Sixth district and the Parson-Teacher convention came to a close last night with the adoption of a resolution opposing a weakening of the Volstead law, and urging the adoption of a law forbidding the sale of tobacco to minors and the adoption of a law prohibiting roping contests. The district embraces 45 counties.

TAXES HEAVIER IN CITIES THAN IN THE COUNTRY

Per Capita Levy Shows That Luxuries Must Be Paid For.

NEW YORK, April 19.—"The annual cost of government to each man, woman and child who lives in a city of 30,000 or more inhabitants is nearly \$100, divided as follows: Federal government, \$535.47; state government, \$9.46; county government, \$44.32, a total of \$96.16. If these costs of government were averaged among the workers, instead of being computed on a per capita basis, the result would be an annual levy of \$240 on every worker, from boot-black to banker."

This statement is continued in the current edition of The Budget, the monthly publication of the National Budget Committee.

"On the basis of average earnings of \$1,500 annually," the article continues, "the tax-collectors—Federal, state, county and city—exact about 16 per cent of all the city worker earns, as compared with about 14 per cent for the entire county, including both city and rural workers."

"Measured in terms of labor, the city-dweller contributes 58 days each year to government, as compared with about 50 days for the average worker, including rural dwellers. The toll of the man who lives in the country is about 45 days."

School Big Item
Maintenance of public schools is the largest item of expenditure in city governments. Averaging this cost in all cities, the per capita levy upon city dwellers, according to this computation is \$10.25 annually. This figure applies, of course, not only to adults, but to children, whether they are in school or not.

Pasadena, California, topped the list with a per capita cost of \$19.29. The figures for some of the leading cities as given are: New York, \$12.32; Chicago, 8.88; Philadelphia, \$7.73; St. Louis, \$9.40; Los Angeles, \$14.82; Pittsburgh, \$11.82; San Francisco, \$8.20; Buffalo, \$18.30; Washington, \$11.87; Cincinnati, \$11.01; New Orleans, \$4.72; Minneapolis, \$11.58; Seattle, \$12.40; Indianapolis, \$8.43; Rochester, \$11.16; Birmingham, Ala., \$4.98; Bridgeport, Conn., \$10.29; Salt Lake City, \$12.45; Cambridge, Mass., \$10.99; Yonkers, N. Y., \$15.23.

Police protection in American cities costs the residents an average of \$13.15 apiece. The cost was greater in Jersey City, where it was \$5.96 for each inhabitant, and next in Boston, with \$4.77. It was lowest in Portsmouth, O., where it was but 50 cents. In some of the other large cities, the per capita cost was as follows: New York, \$4.14; Chicago, \$4.01; Philadelphia, \$4.05; St. Louis, \$3.92; Los Angeles, \$2.46; Pittsburgh, \$3.11; San Francisco, \$3.66; Buffalo, \$4.05; Washington, \$3.89; Cincinnati, \$3.16; New Orleans, \$1.51; Minneapolis, 1.83; Seattle, \$3.24; and Indianapolis, \$2.37.

Fire Department Costs
The fire department cost the average city dweller \$2.57. The per capita cost was highest in Boboken, N. J., where it reached \$4.79. In Holyoke, Mass., it reached \$4.70. Some other per capita cost of maintaining the fire department were: New York, \$2.57; Chicago, \$1.99; Philadelphia, \$1.69; St. Louis, \$2.17; Boston, \$3.66; Los Angeles, \$2.45; Pittsburgh, \$3.14; San Francisco, \$3.95; Buffalo, \$3.95; Buffalo, \$3.92; Washington, \$2.92; Cincinnati, \$2.82; New Orleans, \$1.87; Minneapolis, \$2.56; Seattle, \$4.26; Indianapolis, \$2.67; Denver, \$2.02; Omaha, \$3.31; Grand Rapids, \$3.5; Trenton, \$2.33. The lowest per capita cost was recorded in Chester, Pa., where it was 57 cents.

Conservation of health reached its highest cost in Poughkeepsie, N. Y., where it amounted to \$2.51 for each inhabitant. Lancaster, Pa., and Waterloo, Ia., were tied for low cost, with 9 cents per capita. In New York the per capita cost was 885 cents; Chicago, 86; Philadelphia, 49; St. Louis, 47; Boston, \$1.07; Pittsburgh, \$1.14; Buffalo, \$1.26; Los Angeles, 56 cents and San Francisco, 42 cents. The average per capita cost for all cities was 71 cents.

TOWN FOLKS

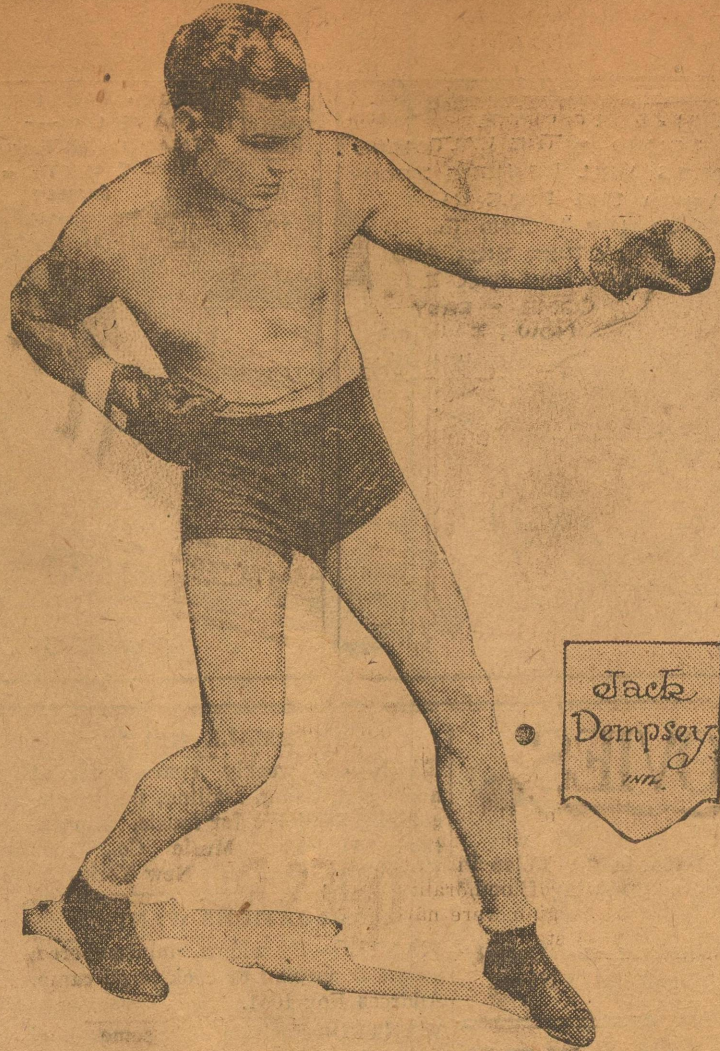

S. Perlstein of the Globe store has returned from a business trip to Oklahoma.

NEGRO HELD IN COUNTY JAIL AWAITING TRIAL

Buster Haley is now in the county jail at Eastland. He was removed there yesterday by Constable Palmer. The negro, who was arrested on a warrant charging swindling, ran away Monday evening when he was allowed to stroll too far away from Justice Penlaw's office in his quest for a bondsman. He was captured Monday night at Weatherford and returned the next day.

CALDWELL.—The new \$100,000 high school building which was completed here recently, was dedicated April 16. At that time it was formally opened to students and patrons of the school. The building is said to be one of the finest in this section.

INTRODUCING W. H. DEMPSEY, MINE PRESIDENT

Jack Dempsey

Folks, meet Mr. William H. Dempsey, of the firm of Dempsey & Kearns, coal mine owners and operators. William Harrison Dempsey, folks, is better known to you as Jack, heavyweight champion of the world. He will probably not enter the ring again for he and Jack Kearns, his manager, have just acquired for \$1,500,000, 4,800 acres of the most valuable coal mine property in Utah, and Dempsey is president of the Great Western Coal Mines company, which will also operate ranches. In addition, they will build the town of Dempsey, Utah, and open a great training and health camp. A few years ago Jack Dempsey was a preliminary fighter, without a dollar to his name.

RAGS IN ENGLISH SLANG MEANS WHAT AMERICANS SAY IS 'RAZZING HIM'

UNIVERSITY STUDENTS "RAG" H. G. WELLS AND LLOYD GEORGE UNMERCIFULLY.

LONDON, April 19.—Rags, in the parlance of English university students, are not rags at all in the ordinary sense. If there were a glossary of English and American slang, the American equivalent of rag probably would be razz.

To illustrate: When the students of Edinburgh university recently refused to allow former Prime Minister Lloyd George to make his speech on politics, that was a rag. When somebody threw a live hen from the balcony, sending the audience below into an uproar, it was decidedly a rag.

The most recent concrete demonstration of the word occurred lately at Leeds when H. G. Wells, the author, was subjected to a severe ragging by the students of the City of Leeds Training college. Mr. Wells went to the institution to deliver a lecture, and the first thing he knew one of the students, carrying a broom representing the wand of justice, accosted the author and declared: "I arrest you in the name of the Crown and Anchor."

The technical charge against the suspect was "using an excessive number of dots with felonious intent" in his various books. Without a chance to protest, Mr. Wells was dragged to the student's court, tried and summarily sentenced.

This was the sentence: "You must either transcribe your Outline of History from Morse to Semaphore or work it out in uniform writing without the assistance of the Moabite stone and Tel-el-amarna tablets."

Although Mr. Wells' counsel, including in the copious puns for which English barristers are famous, put up a strong plea that the use of dots was a professional privilege and that the use of so many dots tended to prove that the prisoner was in his dotage, thus constituting extenuating circumstances, there was no appeal from the

EASY TO DARKEN YOUR GRAY HAIR

You Can Bring Back Color and Lustre With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. A little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. (Advertisement).

judge's sentence. It was decided by the "court" that this excessive use of dots was a peril to phonetics and dominoes, and Mr. Wells had to take the consequences. Mr. Wells, however, submitted to the ragging like a good sport, and in perfect cockney accent declared to the court that he could do the sentence "on me 'ead."

Attorney General Wants to Know Who Is Legal Boss

WASHINGTON, April 19.—Who's boss of the railroads, the Supreme Court of the Interstate Commerce Commission?

That's what Attorney General Dougherty's staff is trying to decide. When the Commission told the Southern Pacific it could retail control of the Central Pacific after the Supreme Court said it couldn't, it started something.

For ten years, the Department of Justice fought to separate the two roads, contending their joint operation was in violation of the anti-trust laws. Last year it won a victory in the supreme tribunal of the land.

The Southern Pacific promptly went to the Commission and obtained from it permission to continue its control of the Central Pacific, despite the Supreme Court order.

They contended and the Commission agreed with them, that the Transportation Act passed by Congress in 1920 superseded the anti-trust laws as the embodiment of government policy toward railroads, permitting the Commission to sanction arrangements frowned on by the anti-trust laws.

Bulldog-like, the Justice Department hates to see the fruits of ten years' work dissipated in this air by the fiat of the commission. It seems to it almost heretical that the Commission virtually flaunts an order of the Law's supreme stronghold.

But times and laws change. The Department is now looking into the case to make sure that the Commission has the power to veto the court's order before it lets the matter drop. If it isn't convinced, it will take up its cudgels in behalf of the Supreme Court's mandate.

SEWARD ACCEPTS OFFICE; WILL COME NEXT MONDAY

H. E. Seward, new city engineer of Ranger, will be here Monday, he told City Secretary Ringold over the telephone following the receipt of a telegram notifying him of his selection.

Mr. Seward is coming here from Waco, where he was city engineer. He will meet with the city commission for the first time next Tuesday.

FLEWELLEN WANTS CURFEW LAW TO BE EFFECTIVE

City Judge Flewellen has written to the legal departments of several large cities for copies of their curfew law ordinances. He said today he wants to make sure that the ordinance as drafted would be thoroughly tested before being presented to the city commission.

The new city prosecutor, Milton Lyman, said today that the ordinance was badly needed here from his personal observation of things.

VIOLA DANA in "A NOISE IN NEWBORO"

BY TAKING THOUGHT, SEEKING TO INCREASE HEIGHT OF CHILDREN

CLEVELAND, April 19.—Search for some means to make small, stunted boys and girls taller, as well as a comprehensive attempt to classify children for the work to which they are physically and mentally suited is now being made by the board of education of this city.

A few of the questions which the investigation, under the direction of Dr. Bird T. Baldwin, psychologist of the University of Iowa, is expected to answer are:
At what age do children attain their complete physical growth?
What is the effect of physical condition on intelligence?
If a child's weight can be increased by diet, what can be done to increase his stature?

Every child in the five schools, a total of 3,500, is to be examined thoroughly, both physically and mentally. The physical examinations are already under way under the direction of Dr. L. W. Childs, director of school health work in Cleveland, with school physicians, nurses and dentists co-operating. This investigation will be followed by a health campaign to eliminate physical defects.

YANKS PICKED FOR AMERICAN LEAGUE WINNERS

United Press Sports Editor
NEW YORK, April 19.—Picking the pennant winner in the American League pennant race would not be difficult this year if the Tigers, Browns and White Sox could be erased from the paper with a deft stroke.

Dismissing those three clubs as obstacles in the way of the New York Yankees is a function for baseball, however, and not for exerting. As the pennant race in the National League assumes the advance proportions of a battle royal, so the fight for the championship in the American league offers an opportunity for a lot of prophets to die hard.

Assuming the risk of a hard death next October, the following is submitted for the earnest attention of everyone but the ball players, who have little faith in the opinion of press box managers:
New York Yankees.
Detroit Tigers.
St. Louis Browns.
Chicago White Sox.
Philadelphia Athletics.
Cleveland Indians.
Washington Senators.
Boston Red Sox.

Figuring that Babe Ruth and Bob Meusel will be of vastly more assistance to the New York Yanks and assuming that George Sisler will not be a complete loss to the Browns, the placing of the first division clubs is not so difficult with the reservation that they will all be first division clubs, although they may not finish in the order named.

Coming to the placing of the second division clubs, it is a good problem for some of those experts who can read the future out of a fish bowl.

The inducement of the \$10,000 out of the world's series money that was mentioned as being such a vital factor in the playing of the New York Giants in the other pennant race applies to the Yankees. The lure of the immense purse the athletics would get out of another private New York series ought to give the Yanks the seriousness, ambition and balance that they so sadly lacked in the past. Ruth and Meusel have given indications of a determination to play baseball this year and they are the greatest run-getting combination in baseball. The pitching staff could hardly be recruited to greater strength and the club seems perfectly sound in everything but the morale and spirit department. If they have been moored to the ground by the bitter dose of medicine they were forced to swallow last October in the world's series, they ought to win the pennant.

Two of the pitchers that Miller Huggins may have to keep idle on the Yank bench a good part of the season, would give the pennant to the Detroit Tigers. They may get in there anyway. The lack of pitching material is the chief difference between the Yanks and the Tigers and when one stops to figure that opposing pitchers will have to pitch daily to nine Tigers who hit .300 or better, it seems that pitching should not be such a vital factor for the Yanks. If it isn't, look out, Yanks.

Figuring that Sisler will be of some service to the Browns they are placed in third position. The degree to which he will be of service to the club is of utmost importance in figuring the club. If he plays half of the season, the Browns ought to be a first division club at least. If he plays less they may land in sixth place. Even with Sisler playing real Sisler ball all season, which is improbable, the Browns are no longer as strong as the improved Yanks and Tigers.

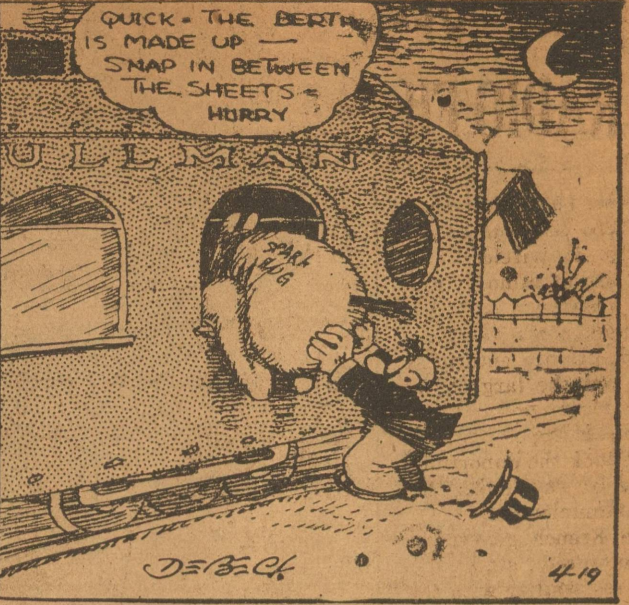

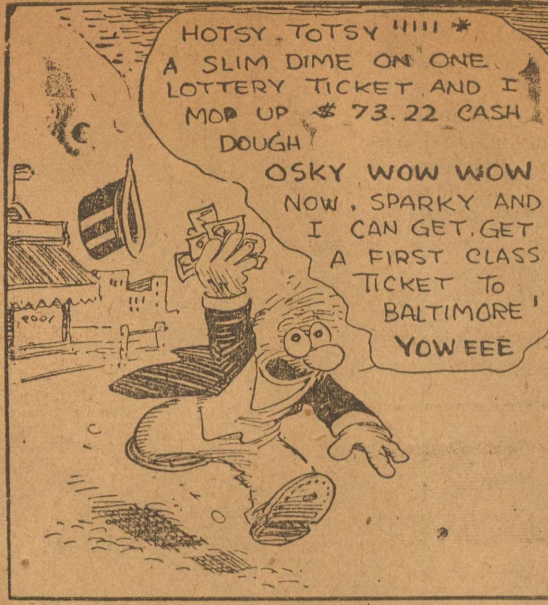

With some of the keenest playing brains in either league and with promising young players to work along side of the veterans, the White Sox seem certain of a place no lower than fourth. They may get higher if the Browns do not step. The Sox have a smart ball club and they have a mighty shrewd manager.

The unprofessional method of tossing a coin was used to place the Philadelphia Athletics in fifth place and the Cleveland Indians in sixth. Their positions at the finish of the race may at least be reversed. It has become a bromide to chronicle annually: "The Athletics have arrived." Old as it is, it may not be amiss to repeat the prediction this year. If the Athletics have not at last arrived, Tris Speaker may be pounding on the door of the first division. The success with new young players makes the form of both clubs problematical.

Washington has been held down in the pennant race two years by the lack of a fighting heart and the Boston Red Sox will have that, if nothing else, under Frank Chance. If Clark Griffith lets Donnie Bush alone, he may put some spunk in the Senators and they may finish higher. If he fails, the Senators may fight it out with the Red Sox for the cellar.

BARNEY GOOGLE—It's Baltimore or Bust for Barney.

—By Billy De Beck

Texas High Schools Eager to Compete In Football Race

AUSTIN, April 19.—More than 100 Texas high schools already have signed up to compete in the University of Texas Interscholastic league football race next fall, according to Roy B. Henderson, director of athletics of the league. Indications are that the football race this fall will be stronger than ever before, Henderson declared.

The football championship contest will be conducted this year under the new plan worked out by league officials. The state is divided into 16 sections and championships will be determined in each section on the team's percentage standing before the inter-sectional contests start. All teams desiring to participate in the race must accept the plan before October 1.

Among the rules for the contest are the following:
Each team shall play at least five games with different high schools not later than Nov. 12.

Each section will be allowed representation in the inter-sectional contests unless the sectional championship is lost to an out-of-section or non-member team.

A defeat by a non-member high school or by a high school of another section will be counted in determining a team's percentage.

Sixteen sectional champions will participate in the final series, according to schedule arranged by the league.

The league retains the right to eliminate from the state championship series a team that fails to play a representative schedule judged on the basis of strength shown last season.

Officials of games must be agreed upon by opposing teams in advance of the game.

Director Henderson urges high schools to report to state headquarters as soon as possible and to send in membership cards if desiring to enter the league. Early in September complete information, rules and material will be sent to all member teams, it is said.

Complete lists of schools that have joined the league for the coming season will be published within a short time, it is announced by the inter-sectional league officials.

Officials of games must be agreed upon by opposing teams in advance of the game.

Director Henderson urges high schools to report to state headquarters as soon as possible and to send in membership cards if desiring to enter the league. Early in September complete information, rules and material will be sent to all member teams, it is said.

Texas Association Baseball Series of Games Begin Today

SIX TEAMS COMPOSE THE NEWLY ORGANIZED CIRCUIT IN STATE

By Associated Press.
AUSTIN, April 19.—Play for the 1923 season was to be formally opened this afternoon by the six teams composing the newly organized Texas association baseball circuit in which the towns of Waco, Austin, Marlin, Mexia, Sherman and Corsicana are represented. Under the schedule, Waco, Sherman and Marlin get the opening games with Austin, Corsicana and Mexia, respectively, as the visiting teams.

Austin plays Waco today and tomorrow at Waco for the opening of two games. On Saturday and Sunday the Austin club will play at home with the Sherman nine as the visiting team.

At Marlin today and Friday, the Mexia team is the opposing team for the opening series, while the Corsicana team is in Sherman for a two-game series. On Saturday and Sunday Waco plays at Mexia while Marlin plays at Corsicana.

There are 140 games on the Texas association schedule for the 1923 season, 70 games at home and 70 on the road. There will be no Sunday games at Marlin, the games being transferred to other cities in the loop with a special division of receipts agreed upon for the Marlin club.

The Texas association was organized during the past winter with Waco and Austin baseball men taking a leading part in the promotion of the league. The new circuit is a class D

league but many of the players signed are already qualified for service in faster company, it is said.

Two of the towns in the league, Austin and Waco, formerly were in the Texas league but did not find membership in the faster loop profitable. Sherman and Corsicana came to the league from the Texas-Oklahoma league of last year.

Headquarters of the Texas association are at Waco as are the offices of the league statistician.

RANGER AND EASTLAND HIGH SCHOOL NINES TO PLAY NEXT WEDNESDAY

Definite plans for a Ranger High school baseball team have been made. It is to operate independent of the High School Athletic association, but is to be composed of high school students only. High school equipment will be used.

Ranger has in former years always had a good high school team, and as about 50 reported for practice it is thought that the team will be even better this year than before. The team will not disband after school is out as it has done before, but will play on through the summer.

Ted Ramage, who has been an outstanding player in former years, was elected business manager, and a game has been scheduled with the Eastland High team for next Wednesday. The team will play under the old name, "The Rampagers."

WILL TRADE three milk cows for Ford car. H. L. Shipp, 607 Strawn road.

21—LEGAL NOTICES

NOTICE OF PUBLIC SALE OF REAL ESTATE.
Notice is hereby given that J. A. R. Elderger, United States Marshall for the Northern District of Texas, shall on Tuesday, May 1, 1923, that being the first Tuesday in the month, sell at public sale at the door of the County Court House of Eastland County, Texas, in the Town of Eastland, Texas, between the hours of ten o'clock a. m. and four o'clock p. m. of said day, the following described real estate situated in said Eastland County in the City of Ranger, Texas, described as follows:

"Situated in the City of Ranger, and being fifty by ninety (50x90) feet off of the North ends of Lots eleven and twelve (11 and 12) in Block Number Twelve (12) of the original townsite of the town of Ranger."

I am authorized and directed to make said sale, and same will be made by virtue of a decree of foreclosure made by the United States District Court for the Northern District of Texas, Dallas Division, on February 21, 1923, in the suit styled E. B. Cushing, Receiver of the First National Bank of Ranger, Texas, vs. J. B. Sowell et al. (the defendants in said suit being J. B. Sowell and T. W. Sowell) and numbered 2962-220 on the equity docket of said Court, and an order of sale thereon issued March 21, 1923, by the Clerk of said Court, and directed and delivered to me as aforesaid, and this day levied on said land by me. Said decree is a foreclosure of a first lien on said land in favor of plaintiff, of \$13,261.09, with interest from the date of judgment at the legal rate.

The proceeds of sale, after the payment of all costs, are to be applied to the satisfaction of said lien as set out in said decree. (The deed of trust foreclosed in said decree is recorded in Book 26, page 386 of the Deed of Trust records of Eastland County, Texas.)

Said decree of court is referred to, and anyone interested, desiring further details, may inspect the same at the office of the Clerk of the aforesaid Court in the Post Office Building in Dallas, Texas.

A. R. ELDERGER,
United States Marshall for the Northern District of Texas.
March 31, 1923.
By Baylor Crawford, Deputy.

22—POULTRY AND PET STOCK
FOR SALE—Baby chicks every Saturday; choice English leghorns, Reds, Barred Rocks. Write or phone, Cisco Hatchery, Cisco, Texas.

FOR SALE—Bronze turkey eggs, \$3 per dozen, 50 for \$10; also good Jersey male service, \$3. Half mile east of Young schoolhouse. Pink Stafford.

FRANCE MAKES FAST PROGRESS IN RADIO FIELD

PARIS, Apr. 19.—While the United States has been carrying on an intensive campaign in wireless broadcasting and the use of radio by amateurs, France has been hard at work developing its commercial wireless business through private enterprise. Today France has the largest, most efficient and most powerful wireless equipment in Europe. Unlike England, France took the opportunity during the war of developing this new means of communication.

Today the French government has four high-powered stations. Most Americans are familiar with the great Eiffel Tower which rears its steel framework into the Paris skyline like a giant finger and snatches radio messages from around the world. It is in continuous contact with Arlington, near Washington, and all the other great American stations. Next in importance comes the station at Nantes, which is allocated to the French navy; the station at Lyons, which was erected during the war and is used by the postoffice for communications to America, Africa, Europe and the French colonies; and the great Lafayette station, near Bordeaux, which was built by the American navy and later acquired by the French government. The Lafayette tower sends daily communications to Madagascar, Martinique and Saigon. The government service consists of news, propaganda and official communications.

The chief wireless installation in France is now that of Ste. Assise and consists of two stations, one for European traffic and one for world communication. It was necessary to build this powerful station because of the inadequacy of the submarine cables and telegraph lines, and the lack of capacity of the other wireless stations for continuous long-distance communication. The Ste. Assise station undertakes rapid and intensive service to North and South America and with the Far East and Indo-China.

To show the progress radio is making in this country it may be mentioned that the total number of words transmitted from France to the United States increased from 353,734 in November, 1922, to 486,976 in January, 1923. The number of daily messages sent by radio in January was more than the combined number sent out from France by the two chief submarine cable companies.

Commercial radio is operated by the Company Radio-France, a subsidiary of the French Wireless company. The parent company, the Compagnie Generale de Telegraph Sans Fil, has a concession for 30 years from the French government, granted in October, 1920, but dating from Jan. 1, 1924. The public interests and state requirements in time of war are safeguarded. The parent company is in alliance with the Marconi company, the American Radio corporation, the German Telefunken company, and the Misni Bussan Kaisha of Japan. It is associated with companies in Belgium, Italy, Poland, Roumania, Switzerland, Syria, South America and other countries.

France has long-distance two-way stations at Buenos Aires, Beirut, and Saigon, and a long-distance transmitting station is being built in Madagascar. It will thus be seen that the French radio system covers the world, and a large radio manufacturing industry has been built up in France by private enterprise which has free scope for development abroad. The state does not aspire to make a profit on its radio service, which is, indeed, heavily subsidized.

The giant Ste. Assise station, which is 30 miles from Paris, is designed to transmit 200 words a minute. For transmission and reception the station is capable of a total of 100,000 words an hour, compared with an average of 30,000 words a day by the best submarine cable to America. The rates charged are approximately a third less than the cable tolls.

MANY HOME BUILDERS DESIRE BRICK HOUSES WITH THE "IDEAL WALL"

HOLLOW CONSTRUCTION APPEALS BY REASON OF GREATER STRENGTH, ECONOMY.

CLEVELAND, April 19.—Indicating an increased tendency to build brick homes, 24,000 persons have written to the Common Brick Manufacturing association since Jan. 1, saying they are going to build homes and asking for the association's plan book showing brick houses, according to Ralph P. Stoddard, secretary-manager of the association.

"This breaks all records," Mr. Stoddard said. "It shows that more people are interested in owning their homes this year than at any other previous time. Not every one who thinks of building writes us, of course, but assuming, conservatively, that we receive an inquiry from one person in a hundred that intends to build, this would indicate that two million four hundred thousand new homes are now being talked of and considered in the United States."

Referring to brick construction, Mr. Stoddard said that the United States Bureau of Standards recently made an announcement as to the strength of the "ideal wall" as compared with a solid brick wall. The "ideal wall," he explained, was developed from within the common brick industry to provide a lower cost of brick for constructing small buildings.

Although by the use of this wall the manufacturer will sell one-third less brick for each house built, it is believed that by reducing the cost of brick construction many more brick homes will be built.

The wall is constructed by laying brick on edge instead of on their flat bed, making a hollow wall.

The Bureau of Standards announces that when loaded eccentrically the eight-inch "ideal wall" is about 24 per cent stronger than a solid brick wall of the same thickness," Mr. Stoddard said. "When the load is applied centrally, each type of wall has about the same strength."

BANDITS HELD UP TRAIN AND CARRY OFF LIQUOR

PEORIA, Ill., April 19.—Fourteen armed and masked bandits held up a freight train near here for nearly two hours at midnight and escaped with more than \$40,000 worth of liquor and alcohol. Four bandits boarded the train when it pulled out, according to Sheriff Neuhaus, and forced the train crew to stop at Gresham crossing, where others waited with trucks to carry off the liquor.

MOUNT VERNON.—Steps to secure construction of a railroad between Paris and Mineola were discussed at a meeting of representatives of Cunningham, Sulphur Bluff, Purley, Winsboro, Quidman and Mount Vernon here recently. Committees were appointed to investigate the proposed road and conferences will be held later.

CHAMPION SHORTSTOP RECOVERS HEALTH

Dave Bancroft, shortstop for the world champion Giants, who was often unable to play in 1921 on account of indigestion, is fully recovered and a booster for Ferrasol. He writes: "I have used Ferrasol for a year with splendid results. During the playing season in 1922 whenever I was troubled with indigestion I took a dose of Ferrasol and it kept me in fine condition all year."

Signed: "DAVE J. BANCROFT. "Care New York Giants." Sold and guaranteed by Oil City Pharmacy.

MRS. FORD WOULDN'T LIVE IN WHITE HOUSE.

Mrs. Henry Ford, Mrs.

The Henry Ford boom for the presidency, while yet a bit undefined, received a severe jolt when Mrs. Henry Ford told people of Georgia, where she was visiting with her husband, that she wouldn't live in the White House, and that if Mr. Ford were elected, he would have to go to Washington alone.

AMERICAN ELOPES WITH 'BEST FORMED' WOMAN IN WORLD

PARIS, April 19.—Paris society had a record sensation this week when, despite efforts to keep the secret, it became known that Harry Kingsland, of New York and Paris, one of the wealthiest young Americans prominent in international society, had eloped with and married "Hebe," a model at a dressmaking

establishment.

"Hebe" has been called by prominent art critics the most magnificently formed woman on earth.

Walter Kingsland, when telephoned to at his chateau near Pau, France, disclaimed all knowledge of the marriage, remarking:

"Possibly my son did not think it necessary to notify me."

He said that neither of the elopers could be found. They are reported wilds of the Fontainebleau forest.

"Hebe" is said to be two inches taller than the Venus de Milo, but is

Get health—Keep health—Feel fine by eating Kellogg's Bran regularly!

Constipation and the toxic poisonings that come from it not only take the enthusiasm out of life, making you depressed and physically and mentally dull—but they head you into diseases such as Bright's, diabetes, rheumatism, etc. You can actually rid yourself of these dangers if you will EAT KELLOGG'S BRAN REGULARLY!—at least two tablespoonfuls daily; in chronic cases with every meal!

Kellogg's Bran is nature's most wonderful food. It is scientifically prepared to relieve suffering humanity from constipation and it will do that as no other food can! Don't take a chance of "getting away" with constipation—IT WILL GET YOU! Don't ruin your health with pills and cathartics—they are as dangerous as constipation itself and give but temporary relief, at the very best!

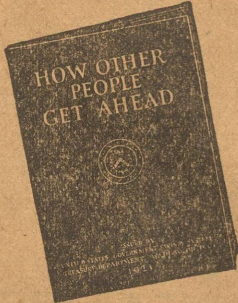

What you should do for your family and for yourself is to serve Kellogg's Bran every day, in any one of several attractive ways, and fight constipation as you have never fought it before! AND YOU WILL WIN.

In the first place, Kellogg's Bran is delicious in its nut-like flavor, adding greatly to any cereal with which it is used. Eat bran as a cereal with hot milk, or mix it with hot cereal before serving. Another method is to cook Kellogg's Bran with cereal. In each case add two tablespoonfuls of bran for each person. A popular way is to sprinkle bran on hot or cold cereal. Bran makes wonderful bakery products. Recipes are printed on every package.

Kellogg's Bran is served in leading hotels, restaurants and clubs. It is sold by all grocers.

POLICE SUSPICIONS AROUSED BY LANGUAGE DO NOT UNDERSTAND

PORT ARTHUR, April 19.—The local police force will be taking the study of languages next.

"Tell these fellows I don't want any of those 'agretes' today," yelled a woman standing in the doorway of a house here, as two local officers mounted the steps of the house to serve warrants on two men alleged to have lived in the house.

One of the officer's cars picked up considerably and his suspicion were aroused immediately.

Without further announcement he pushed his way through the door and the woman who had scolded the policemen had fled.

"I arrived just in time to stop a negro woman from throwing a dishpan full of whiskey out on the ground," the officers said later.

The negro woman, dishpan a dipper, two quarts of liquor, the "aged corn" and the white woman were brought to police station where the white woman was released on \$300 bond. The negress was released.

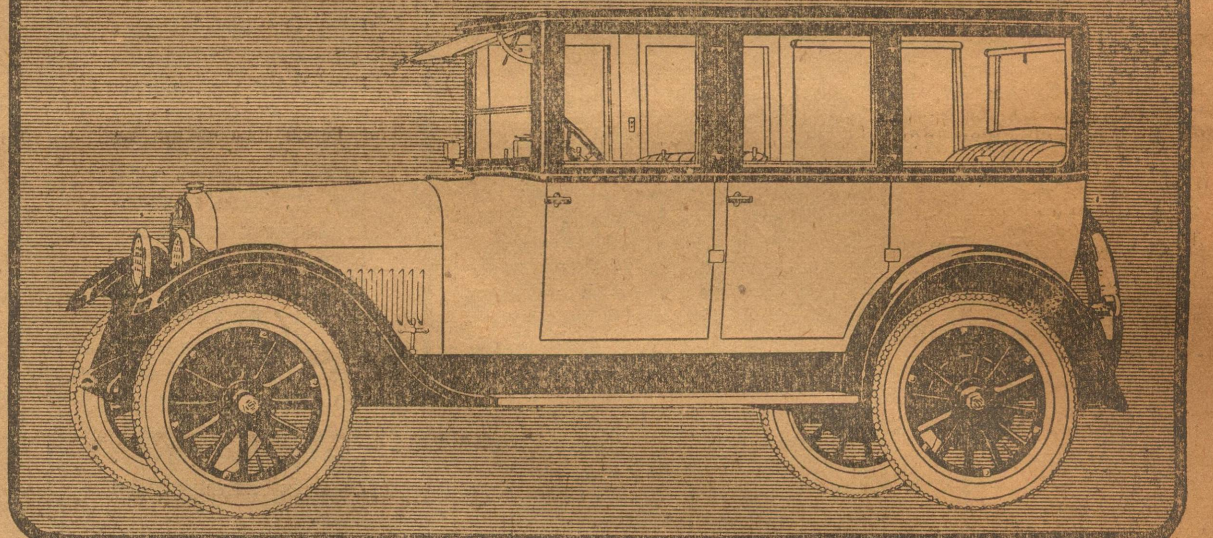

The well-built car and the poorly constructed car look very much alike on the salesroom floor. Paint and varnish can cover a multitude of weaknesses in closed car construction.

But you can't ride on the paint. The superior product begins to prove itself on the first day of use and strengthens its proof every day thereafter. At the end of a year the one car is ready to be traded in at a big depreciation. The Studebaker may not even need a fresh coat of paint. In a Studebaker Sedan the quality is built into the job. The body will not begin to rattle or squeak after thousands of miles of hard usage. It will continue to be comfortable and easy riding and will present a fine appearance month after month as when new. Studebaker's quality production of cars of quality is responsible for the low price of this Sedan.

Four wide-opening doors. Eight-day clock. Quick-action cowl ventilator. Attractive coach lamps. Heater. Mohair velvet plush upholstery. Glare-proof visor and windshield cleaner. Thief-proof transmission lock. Dome light.

Table with 3 columns: Model, Price, and Features. Includes models like Light-Six, Special-Six, and Big-Six with their respective prices and features.

FRIDAY EVENTS.

Young Matrons' club meets with Mrs. C. A. Conley at 2:30 o'clock.
Central Parent-Teacher club meets at 3:45 o'clock.
High school plays in auditorium at 8 o'clock.
Debate at Tiffin school at 8 o'clock.

BAPTISMAL SERVICES AT ST. MARY'S CHURCH.

A special baptismal service, followed by class instruction for Confirmation, will be held Friday afternoon at 4:30 o'clock at St. Mary's Episcopal church. Archdeacon Virden will come from Dallas for the service and will also conduct an evening service at 8 o'clock on Friday. It is expected that Bishop Moore will administer Confirmation some time during the next week. There are many children to be baptized and a number of candidates, both children and adults, for confirmation.

PLAYS WILL DEDICATE NEW SCHOOL AUDITORIUM.

The beautiful auditorium of the new high school will be dedicated Friday night by the pupils of the school who will appear in two one-act plays entitled, "The Show Actress" and "A Dangerous Experiment."
The arrangement of the auditorium, the stage equipment and lighting, and the many advantages for a pleasing production of such plays will be enjoyed to the full on Friday and Saturday evenings when the pick of the high school talent will present these two entertaining plays.

The two casts include Misses Ruth Reeves, Winifred Dunkle, Jacqueline Lowther, Betty Dutton, Mamie Ruth Langston, Murkle Mills, and Verner Mitchell, Murray White, Thurman Gholston, Robert Weir, Ted Rumage, Cyril Black, Clyde Alworth and Bill Dreinhofer.

MRS. TAYLOR HOSTESS TO AD LIBITUM CLUB.

Members of the Ad Libitum club were delightfully entertained Wednesday afternoon at the home of Mrs. Earl Taylor. High score was won by Mrs. Walter Murray, who was awarded a pretty embroidered apron. One prize, an incense burner, went to Mrs. T. J. Holmsey. Those present were: Mmes. Shirley Marston, D. L. Jameson, Lytton R. Taylor, W. C. Palmer, Harry Pearson, Walter Murray, T. J. Holmsey and John Shannon.

PERSONALS.

Dr. W. C. Palmer's mother and 15-year-old daughter, Florence Alice, arrived a few days ago and will make their home with Dr. and Mrs. Palmer.

REINDEER IN ALASKA

In 1891 ten reindeer were brought into Alaska from Eastern Siberia. In 1892 one hundred and seventy-one more were brought in and up to 1902 the number from Siberia to were brought in to provide a means of livelihood for the Eskimos of Alaska. Now there are 250,000 reindeer in Alaska—and there have been at least 100,000 killed. There are so many reindeer in Alaska now, especially around Nome, that they walk boldly into the city and make friends with anyone who is willing.

STUDENTS WILL PRESENT PLAYS IN HIGH SCHOOL

Two One-Act Comedies to Be Given Friday and Saturday Nights.

By J. E. T. GHOLSTON.
A large crowd is expected to fill the new high school auditorium Friday and Saturday evening when two plays, "The Dangerous Experiment" and "The Show Actress," will be given by members of the student body under direction of Miss Groves. Characters for "The Dangerous Experiment" are:

Murray Winthrop, a senior at Harvard, Ted Rumage.
Charles Hollister, Winthrop's roommate, Cyril Black.

George Fowler, another room-mate, Verner Mitchell.
James Thornton, a junior at Harvard, "The Prig," Murray White.
Granger Mills, a freshman, Clyde Alworth.

Howard Wells, another junior, "Daisy Dupont," Billy Dreinhofer.
Mrs. Winthrop, Murray's mother, Winifred Dunkle.

Caroline Winthrop, Murray's sister, Ruth Reeves.

Nancy Martin Webster, a Radcliffe student, Mamie Ruth Langston.

The cast for "The Show Actress" includes:

Pa Martin, the old-timer, Robert Weir.

Ma Martin, his wife, Merkle Mills.
Danny, the chore boy, Thurman Gholston.

Mandy, the village snoop, Jac Lowther.

Zekyl Frost, the village constable, Jay Wright.

Hope Martin, the run-away daughter, Ruby Mae Carwile.

"Goldie," the show actress, Betty Dutton.

These plays are a part of what is called the little theatre movement that is spreading over the country, and were written especially for high school talent.

GUN CLUB SETS OUT TO ACCOMPLISH SOME USEFUL SERVICE

The Gouverneur (N. Y.) Rod and Gun Club is conducting a contest, the purpose of which is to exterminate birds and animals that destroy game life, and in their work they are vigorously supported by the New York State Conservation commission. What the Gouverneur club is doing might well be done by every fish and game club in the United States and Canada, and in some places on an even larger scale than that being done by the New Yorkers. It is called a "Vermin Shoot" and prizes are given those who make the best score. Fifteen points are given for the killing of snapping turtles, great grey owls, snow owls, hawks, coopers hawks, goshawks; ten for hunting cats and black snakes; five points for starlings, weasels, hedgehogs, house rats, wood chucks and kingfishers. Last year in 10 months the members killed 2084 animals. This year they expect to double the kill. The more pests killed the better game shooting will be. What is good for New York is good for every other state.

POLICE TOLD TO APPREHEND ALL LAW VIOLATORS

Chief Instructs Force In Accordance With Wishes of Commission.

Chief O. V. Davenport yesterday told each of his men individually that renewed efforts must be made to apprehend law violators. He transmitted to his men the instructions given out at the city commission meeting, Tuesday by Mayor Hodges and Police Commissioner Terrell, which the chief attended.

"We are going to do our very best to apprehend anybody violating the law," he told a reporter last night. "If we catch them, they will pay their fines or work as the city sees fit."

In accordance with the wish expressed by Police Commissioner Terrell for an additional patrolman which was favorably acted upon, Jim Daniels, who was a member of the force until March 1 when he was let go as an economy measure, was sworn in yesterday to be a member of the day force.

An inventory at the police station was taken last night by the night sergeant, Ted Hamilton, in accordance with the police commissioner's instruction.

EL PASO.—The social and military event of the season at Fort Bliss the annual horse show, will be held during this month, according to an announcement by Major Adna M. Chaffee, chairman of the committee on arrangements. About thirty different classes are to be entered, according to present plans. Several civilian entries will be made, according to the army officials.

Page the Prairie Dogs

Somebody Tell Them There Is Plenty of Food Awaiting Them Near Their Holes and They Are Welcome To It.

By Associated Press.

EL PASO, April 19.—When prairie dogs come out of their homes after the winter cold has passed, they will find plenty of oats and other grain near at hand for them. They will not have to leave their holes and go far for food. There is an organized movement, started by the representatives of the United States biological survey in El Paso, to see that oats or other grain is left for the pests on practically every strip of ground which is infested by them.

The oats and other food for the prairie dogs are poisoned. Prairie dogs, coyotes, ground squirrels, gophers and rats are a menace to farmers and ranchmen and while thousands of them are killed in the Southwest every year, there are still some near El Paso, it is pointed out.

On one piece of ground, covering 40,080 acres used by the troops at Fort Bliss as a target range and artillery practice grounds there are numerous prairie dog holes which make horseback riding dangerous. Special attention is being given to this field. It is about 42 miles from

El Paso, in New Mexico.

The spring season before the crops are up and after winter has left food scarce, is the best time to kill the pests, it is said.

Officials in charge of the war on the prairie dogs and ground squirrels are determined to exterminate them and state they believe the poisoned grain method will be very successful.

PORT ARTHUR.—Shipments of the Gulf Refining company from this port during March were 2,032,544 barrels of refined oil coastwise, 402,405 barrels of refined oil foreign; 144,253 barrels of crude oil coastwise.

Texas company shipments amounted to 1,198,417 barrels refined oil coastwise; 264,980 barrels refined oil foreign; and 368,417 barrels of crude oil coastwise.

SAN BENITO.—Considerable cotton planted early and deep has been replanted in this district, farmers report. Continued cold weather during March is said to have caused rotting of the early planted seed and replanting was found necessary.

FORT WORTH — Andrew McCampbell of Fort Worth has been appointed assistant prohibition director of New York state, according to information received at the prohibition office here. McCampbell formerly was in the prohibition work in Washington. He has been in the federal service for 19 years, it is stated.
