### HAGAMAN URGES SCHOOL BOARD RESCIND ACTION

**Would Separate Education of Children From Politics and Religion.**

An appeal by M. H. Hagaman, secretary of the school board, that Ranger Independent school district trustees keep all of their business transactions free from the slightest taint of partisanship featured a lengthy session of the board yesterday afternoon. Mr. Hagaman asked the board to rescind its action in naming H. S. Cole, defeated candidate for mayor at the recent election, as school tax collector and assessor in place of Clarence Love, claiming that the choice was against the wishes of the majority of the voters of Ranger.

At the conclusion of Mr. Hagaman's appeal, V. V. Cooper, president of the board, urged Mr. Cole's qualifications for the office.

Mr. Hagaman presented his motion to rescind the board's appointment of Mr. Cole, but was twice ruled out of order by the chair.

#### Appeals to Board.

"If it is in order," Mr. Hagaman said in opening his talk, "I'd like for the board to reconsider one item that was passed on last Monday and I refer to the appointment of school tax collector and assessor.

"I have stated my wishes to part of the membership of the board and asked for their consideration of the matter. I am going to ask all the members now for a reconsideration. Are there any objections? (None was raised.)

"I wish to make the statement that you know that at the city election, the voters decided—'Here, he was interrupted' by H. E. Clewell, who said the city elections had no reference to the subject at hand. Turning to Mr. Clewell, Mr. Hagaman said he did come to the board meeting to 'raise a ruckus.'

"Make your remarks in accordance with the rules of the board," Mr. Cooper said.

#### Would Avoid Strife.

"I'll confine my remarks to the schools as much as possible but I may have to branch off to related subjects to make myself clear," Mr. Hagaman replied. "As you all know, after the city election there was a school election, coming on the next Saturday. We had gone through a bitter city election. I did not want to see that at the school election. I was thinking of sparing the schools, the children, the teachers and the whole city of only one thing—factional strife.

"We have in the past tried to keep out of factional differences, as every member of the school board will admit. I love our school system. I will do anything for it. I have gone out and sold bonds when our credit wasn't recognized.

"I thought of but one thing, and that was, can I bring both sides together before election day and avoid a fight for the trusteeships? Mr. Mills was the first one I approached on the matter. Mr. Mills will tell you that I did it purely from a patriotic standpoint. I approached others and it was decided that we could concentrate our efforts on four candidates. We elected them.

"It seemed everyone was satisfied. It seemed that peace was here, that everyone got everything they asked for. The election bitterness was being forgotten.

"Let me say that school teachers have never before been drawn into political difficulties. We have never inquired into their religion, or their political relations. I couldn't tell you today if one church has more representatives on the high school faculty than any other church. I don't know if a man is a Baptist, Presbyterian, a Christian or member of any other church when he is applying for a position.

#### Says Board Makes Mistake.

"The story now comes to the point where during my absence you saw fit to put in for school collector and assessor a man who championed and was a leading man of one of the tickets in the election contest that ended on the Tuesday before.

"I think it was a mistake. I call it a mistake for I can't work with him. He has crossed me on every issue. We have clashed in the past and we have been utterly unable to agree on any policy. I think it is unfair to put a man in an office with which I have to work more than any member of the board. I think it is

### Teal Wants Some Horses to Work Ranger Streets

Street Commissioner Raymond Teal said he was going to ask the city commission at its meeting this afternoon to authorize the purchase of four or six horses to use in repairing the streets of Ranger that are in need of repairs.

He said the city will have to find the money somewhere to do such repairing. He will ask that the horses be obtained at once.

Delinquent taxes will be a subject that is expected to occupy considerable attention of the city commissioners, inasmuch as City Secretary E. A. Ringold told a Daily Times representative last week that he is mailing out official notices to delinquent taxpayers, which is the last step taken before the publication of the names of delinquent property owners.

### MANY HURT IN SAPULPA-TULSA TRACTION CRASH

**Two Interurban Cars Collide Head-On; Number Seriously Injured.**

SAPULPA, Okla., May 8.—At least 30 persons were injured, several perhaps fatally, when two cars on the Sapulpa-Tulsa interurban collided yesterday afternoon head-on, just east of Red Fork.

Ambulances from Sapulpa and Tulsa were rushed to the scene, the most severely injured being taken to hospitals while those less seriously hurt were taken to Red Fork, where they received emergency treatment.

Passengers on both cars were thrown from their seats by the collision, the most seriously injured being those in the front end of the car from Sapulpa. Many were cut by broken glass, while others suffered injuries by being violently thrown against the seats and sides of the cars. Both cars were filled with passengers.

The cause of the accident could not be ascertained, interurban officials declining to give any information concerning the affair or to furnish names of those injured.

### SHRINERS TO GATHER AT SEASHORE FOR "SHINDIG"

**By Associated Press**  
GALVESTON, May 8.—Preparations are practically complete for entertaining Shriners from all parts of the state who are expected to gather here Friday and Saturday, May 11 and 12, for the first annual "Shriners Seashore Shindig," which is being staged by members of the Galveston Shrine band.

A novelty program has been arranged for the affair. Among the features will be a slow automobile race for cars made in 1910 or before; bathing suit parade by members of the El Mina Shrine band; aquatic contests for both men and women and competitive drill between DeMolay patrols of Galveston and Houston.

The Shrine "Shindig" will be held immediately preceding the annual bathing girls' revue. Special rates will be in force to Galveston.

### Rotarians From Mineral Wells Be Here Tomorrow

The Ranger Rotarians will have visitors at their weekly luncheon Wednesday at 12:15 o'clock in the Cholson hotel. Some eight or ten of the live Rotarians of Mineral Wells will be here to put on the program.

President Gus Coleman said he had not been advised what kind of stunt the visitors proposed to put on, but he was prepared for any eventualities.

All Ranger Rotarians have been called out for tomorrow's luncheon and they must be on time. They are promised a good luncheon and an enjoyable hour and an opportunity to meet Ralph, Rudolph and Roland of Mineral Wells and those with them.

### MERRIMAN TO GET NEW SCHOOL BUILDING SOON

**Bids Will Be Advertised for at Once and Work Started Soon.**

Following the agreement made with the old Merriman school district board of trustees, the Ranger Independent school district trustees yesterday afternoon authorized E. O. McNew, superintendent of the Ranger schools and J. R. Slaughter, architect, to advertise for bids for a new school building at Merriman.

Bids can be mailed to V. V. Cooper, president of the board, a notice published by the trustees said, between now and May 28. The plans and specifications can be examined by addressing Mr. Slaughter and enclosing \$10 with the request to insure the return of the plans and specifications.

Mr. Slaughter presented the plans to the board and explained the details of the building. It will be fireproof, one story in height, and will cost between \$20,000 and \$25,000. There will be an auditorium with a library, three classrooms and spacious hallways. The building will be built with brick and have a concrete foundation.

Gas and water will be obtainable and conduits will be laid on the school property and the building will be wired for the time when electric current is obtainable at Merriman.

Drinking fountains, steel lockers and steel shelving for the library are called for in the plans.

Construction will be started as soon as the bids are awarded on May 28, Mr. McNew said, in order to have the building ready for occupancy in September.

### Snow Falls and Mercury Goes Down In Middle West

**By United Press**  
KANSAS CITY, May 8.—Snow fell in Moberly and Hannibal, Mo., last night, according to reports close to zero in many Missouri and Kansas towns. No damage was done. Frost is expected tonight.

DES MOINES, May 8.—Snow falls are reported from numerous northern Iowa towns, while in this city snow flurries and a temperature around 35 degrees prevailed early this morning.

### FRANCE WOULD HAVE GERMANY MAKE REAL REPARATIONS OFFER

PARIS, May 8.—That France's most recent note was equivalent to an invitation to Germany to make a serious proposal was the interpretation put on the note here in semi-official circles.

France's intentions are conciliatory, it was declared by the same persons.

### FRAUD ORDER AGAINST GEN. LEE DEVELOPMENT OF OIL INTERESTS

WASHINGTON, May 8.—The postoffice department today issued a fraud order against the General Lee Development interests of Fort Worth. The fraud order is one of several pending, the department announced, and is part of the campaign against alleged fraudulent stock promotions which have already resulted in 92 indictments.

### BODY OF "PET" BROWN TAKEN TO FORMER HOME.

CISCO, May 8.—The body of Elmer D. (Pet) Brown was taken to Taylor, his old home, and there the last rites will be said and interment made.

The widow, who has been prostrated with grief by her husband's tragic death, had recovered sufficiently to go with the funeral party.

There was a special escort from the Elks lodge of Cisco, of which the slain man had been a member.

Rev. Gaines B. Hall, pastor of the Presbyterian church, and Mrs. Gaines were also in the funeral party. Boys Mr. and Mrs. Brown were members of the Presbyterian church.

### Drillers Are Very Busy all About Ranger

**Producing Sands of Easy Access Will Start Operations on Bigger Scale.**

Eyes of Ranger oil operators are fastened on the now famous shallow oil pool five miles southeast of Ranger, the scene of the Fox discovery well. Today, a 3,500-foot test was started with the spudding in of the Minnie Sibley tract well, six miles south of Ranger, by the Mock-Texas company and G. D. Chastain and M. R. Davenport.

The Sibley well is in close proximity to the Panhandle shallow wells. "If they open a shallow pool on the Sibley tract, it will mean a 'boom' for Ranger," Mr. Chastain said today.

The Panhandle wells have created no end of talk since the first one was drilled in on Jan. 10 of this year. It was intended as a deep test but drilling operations stopped at 1171 feet when it began producing 30 barrels.

Second Well Drilled  
After this 30-barrel test, the company moved 500 feet west and started drilling. This was the well that went into the sand at 1145 feet and made a flow of 420 barrels per day. It was drilled to 1169 feet. It is now making 360 barrels, it is said.

The company next jumped south one-half mile and brought in the Grey-Hightower well and followed this up with operations on the Ernest Webb tract, 500 feet south of the former well.

Ranger operators maintain that the success of the Panhandle company in this shallow oil field strongly indicates the presence of oil over a wide spread area.

The boilers were moved back yesterday at the Wright well of the State Oil corporation, which offsets the Fox discovery well, as a safety measure. The well was producing 1,000,000 cubic feet of "wet" gas yesterday. The drillers will drill into the sand today. A depth of 3520 feet has been reached. A "liner" was to be set today.

Still further south of the shallow oil activity is to be seen in the McClellan school land, seven and one-half miles south of Ranger. Drillers last evening reached a depth of 1590 feet in the Loss Wood well on the Bollinger tract. Geological conditions are being noted in this well similar to those found in the famous Floyd Brewer well on the Merriman school property, of Ranger boom days.

The McLester well on the Bryant farm near Olden is reported by Jack Urban to be 2100 feet deep. Mr. Urban and J. L. Thompson, both of Ranger, have considerable acreage in the neighborhood of the McLester well.

New Well Spudded In  
Drillers spudded in the Tom Bray et al well on the Brashear tract, one and one-half miles south of Ranger today. The well is one mile west of the Fox discovery. Donley Brothers of Ranger are the drillers.

The H. B. Wood well of Cholson-Chastain of Ranger, located one mile due west of the Wright well, is now at 1850 feet. Although sand may be encountered at 2200 feet, it is planned to drill the well to 3600 feet. An eight-inch casing has been run down.

Not all of the activity in the Ranger field is confined to the southern fields. Mahaney brothers are drilling in on the Williams tract in the Frankell district north of Ranger. The Mahaney well adjoins the Nannie Walker well to the west. The drillers have about reached the depth that ordinarily pays—2100 feet. The pay in this territory is rated as the best in the Ranger fields by Ranger operators. This is about 11 miles north of Ranger.

In the Williams tract, Lester G. Adams expects to drill in to the 2100-foot pay by Thursday, according to reports received here.

BEAUMONT.—State laws regulating the plumbing trade were advocated by the convention of Associated Master Plumbers of Texas, which met here recently. Approximately 150 plumbers attended the convention.

### COMMISSIONER OF PORT ARTHUR SHOT IN BACK

**A. B. Poteet Killed as He Lies on the Ground, Face Downward.**

**By United Press**  
PORT ARTHUR, Tex., May 8.—Preliminary hearing for T. B. Teart, boiler maker, held by police in connection with the killing last night of A. A. Poteet, city commissioner of finance, was to be held this afternoon in Recorder's court. Poteet, prominent in labor and fraternal circles, was attacked as he was in the company of Mrs. Teart, divorced wife of Teart, whom he was to have married today, according to reports to the police.

Fleeing with a wound in his arm after he came face to face with his assailant, officers say, the commissioner found an aperture between two houses through which he is believed to have sought refuge to the rear of the house to escape his attacker. The end was barred by a wall of masonry. The commissioner tripped and fell over a lawnmower. As he lay on the ground, face down, four shots were fired into his back, according to the police.

### GREAT BRITAIN NEARING BREAK WITH RUSSIANS

**By Associated Press**  
MOSCOW, May 8.—A lengthy note reviewing the numerous complaints made by Great Britain against Russia and couched in such strong terms that it may bring the British-Russia relation to an issue was handed today to the assistant commissioner of the foreign relations office by the British representative.

Anticipating a break in relations, the British mission has warned all British subjects in Russia they should be prepared to leave the country on short notice. Instructions along this line, it is understood, have been by the British foreign offices.

### SENATE PASSES BILL AMENDING ELECTION LAW

**By Associated Press**  
AUSTIN, May 8.—The senate today passed the Baker bill which permits parties polling less than 100,000 votes at the presidential election to nominate senatorial candidates by conventions. The bill was requested by Republican leaders. The bill is a result of the candidacy of G. B. Paddy for the senate last fall.

The Doyle bill, which will appropriate \$150,000 for additional land for the A. & M. college, passed, 18 to 8.

The Rideway primary election bill was engrossed, 15 to 10.

### MISSION WORKER FOUND GUILTY OF HOMICIDE

**By Associated Press**  
DALLAS, May 8.—A. Frazier, former superintendent of the Maplewood mission was sentenced to seven years imprisonment after a jury had found him guilty of killing Bernie Barker, his fellow church worker.

Barker was shot and killed in February, 1922 over a discussion as to whether the Methodists of the community might use a Baptist church for worship.

### Ranger Planning Trade Excursion To See Neighbors

To make plans for a Ranger trade excursion, in which towns and villages of the Ranger trade territory will be visited, is the purpose of the Chamber of Commerce trade committee meeting at 8 o'clock tonight in the chamber's offices.

J. C. Smith, the committee chairman, has issued a call that all members of the committee be present.

### Cold Wave From Alaska Spreads Over the U. S.

**By Associated Press**  
WASHINGTON, May 8.—A trade cold wave sweeping out of Alaska will cover the far eastern and middle western half of the United States by Wednesday, United States weather forecasters here predicted today.

Frost will be general as far south as Kentucky and Tennessee. The storm was general today over the lake region and adjacent territory, with freezing temperature and snow reported.

### THREE SCHOOL PRINCIPALS ARE NAMED BY BOARD

**Two Assistants Also Appointed; Merriman to Have New Building.**

Five of the seven recommendations made by Superintendent E. O. McNew for principalships and assistant principalships of the Ranger High school and the ward schools were acted upon favorably by the Ranger Independent School trustees yesterday afternoon. The business of electing principals came before the board after it had consumed nearly an hour in listening to a speech by M. H. Hagaman and an exchange of remarks between the members on the former's motion that the board rescind its action of April 30 in appointing H. S. Cole school collector and assessor.

After V. V. Cooper, president of the board, refused to entertain the motion and also deny Mr. Hagaman's appeal, Mr. McNew proceeded to read his recommendations. The following were unanimously reappointed:

H. D. Wood, principal of high school; W. R. Pettit, principal of the Young school; Elmer L. Nichols, principal of Cooper school; Mrs. Maye Healer, assistant principal of the intermediate school; Miss Jennie Hair, assistant principal of the eight primary grades, which are temporarily housed on the high school grounds.

Action on appointment of principals to the Tiffin and Merriman schools was postponed until further inquiries could be made by Mr. McNew and Mr. Hagaman, who were named in a motion by E. H. Mills.

Mr. Hagaman urged that action on naming school teachers for the next term of school be taken, saying that he had heard that some were inquiring about positions elsewhere. Mr. McNew said it was impossible for the teachers to be named immediately as the reports of the principals must be received first. He said they would be given in on May 21.

The board, on a motion presented, agreed to meet next Monday at which time the names of teachers recommended for reappointment will be presented, Mr. McNew having agreed to have the principals advance their reports.

Bids will be advertised for the new Merriman school building, following the authorization by the trustees of J. R. Slaughter and Mr. McNew to consult together and learn as to when bids could be opened after the notice of public advertisements calling for bids. This action was taken on a motion by Mr. Hagaman.

PHOENIX, May 8.—The mercury rose to 100 degrees here yesterday, which broke all records in 20 years for May 7.

### CONFERENCE COMMITTEES ADJUSTING DIFFERENCES

**By Associated Press**  
AUSTIN, May 8.—Senate and house conference committees today reached an agreement on a majority of differences between them on the judiciary and appropriation bills.

Senate conferees stated they were unable to concur on the so-called Page amendment to the judiciary bill, which would require of state court judges to read all records in all cases coming before them and write out all decisions.

### CHINESE MUST OBTAIN RELEASE OF FOREIGNERS

**Ransom Them, If Necessary, Return Them Alive at Once, Is Order.**

**By United Press**  
WASHINGTON, May 8.—The United States and other leading powers demanded that the Chinese government ransom the Americans and other foreigners held captive by the Chinese bandits, the state department announced today.

This demand was made by American Minister Schurman and the other foreign diplomats in Peking, who decided at a meeting today on this and other steps.

The ransom demanded by the bandits is reported to be \$1,000,000. Schurman and the other diplomats also are making strongest possible representations to the Chinese government demanding immediate dispatch of punitive forces against the bandits to rescue the foreigners and punish the outlaws. The bandits are reported between 2,000 and 3,000 strong.

PEKING, May 8.—The foreign legations have issued an ultimatum to the Chinese government demanding the immediate release of all foreigners held prisoners by the Chantung bandits.

### Head of Krupp Works Sentenced To 15 Years Jail

**By United Press**  
PARIS, May 8.—Gustav Krupp von Bohlen and Halbach was sentenced to 15 years imprisonment and fined 100,000 marks today, according to a dispatch from Werden, where he was tried for inciting a riot at the Krupp works.

### ALL KRUPP OFFICIALS GET LONG SENTENCES

**By Associated Press**  
ESSEN, May 8.—Dr. Krupp Von Bohlen, head of the Krupp works, was sentenced to 15 years in prison and fined 100,000 marks as a result of a court martial on charges growing out of disorders at the Krupp works on April 15.

Two directors were sentenced to 15 years imprisonment, one to 10 years and two others to 22 years. All were fined 120,000 marks.

Two managers were sentenced to serve 22 years and pay a fine of 100,000,000 marks each. A superintendent, was given 10 years.

### HIGHER COURT HOLDS YOUNGBLOOD IMPROPERLY HELD FOR CONTEMPT

AUSTIN, May 8.—An order was issued late Monday afternoon by the court of criminal appeals discharging from custody Hull Youngblood of San Antonio, who had been held in contempt of a joint legislative committee and sentenced to 12 days in jail for refusing to testify relative to certain criticisms of the legislative body in a public speech in San Antonio.

Members of the court concurred in the opinion, which reverses the previous opinion given by District Judge James R. Hamilton of Travis county. The appellate court holds the committee lacked authority to hold the defendant in contempt, and further that the sentence of 20 days in jail was in violation of the constitutional provisions which place a limit of 48 hours on such imprisonment.

The court of criminal appeals holds as unconstitutional Article 5,517 of the Texas statutes, upon which the committee relied to justify its actions.

AUSTIN, May 8.—House and senate conferees on the Smith inheritance tax bill reached an agreement early today and the bill will be reported back to both houses, carrying the 50 per cent increase over present taxes as added by the senate. The tax is graduated from 2 to 20 per cent, based on the size of the estate bequeather or inherited.

**HAGAMAN URGES SCHOOL BOARD RESCIND ACTION**

(Continued from page one)

unfair to me that the school board should take that advantage of me. "I don't think it was prejudice. I don't think you dislike me. I want to say to you it is not in good faith that you set up a policy that I can't carry out and one which the city of Ranger won't back you up on."

"To keep this policy in effect it means that every teacher would be brought into the controversy. I say that after hearing the sentiments of my neighbors."

The speaker was interrupted by the chair. "I think you are going beyond the subject," said Mr. Cooper. "I think you are drawing on your imagination. I believe that is far-fetched."

Mr. Hagaman insisted that he was not drawing on his imagination. "What excuse can I give to the people," he continued, "when they show me the work of the board in putting in a man who is objectionable after I had told them there would be no politics? We will never get by with it. We are going to divide our schools, our citizenship if we don't rescind this action."

**Not To Blame**  
 "After I had staked my reputation on the peace meeting, I can't go before them who trusted me. They will say, 'you have gone and put in a man whom we beat at the elections.' Mr. Hagaman termed this action a "sleight of hand performance." Whereupon, Mr. Cooper declared: "You knew about the meeting. It's not your fault that you could not be here. You were called away to a court case. I don't want to be censured for it. The things that transpired on that day were legal. I won't have it said that anything done was unlawful."

Mr. Hagaman said that he was talking only for the good of the schools. "Wouldn't it be better for us to get back to where we were and keep our schools out of politics? The only course is for the board to rescind its action."

"The simple fact that this action (naming Mr. Cole) has been passed is sufficient," said Mr. Cooper. "It is a matter of record. I saw by an item in the newspaper that you contemplated bringing up this matter, so I got in touch with the county superintendent of schools. She told me that we can not rescind the action. I must rule your motion out of order." He said that where a trade had been made it must stand.

He praised the qualifications of Mr. Cole for the job. "He is worthy of the job in every respect. Personally, I wish him success in life," said Mr. Cooper.

Mr. Hagaman's reply was to restate his motion to rescind, but it was again ruled out of order.

H. E. Clewell said he thought it time the trustees proceed to the business of choosing principals.

**Matter Disposed Of.**  
 "I don't think we should go into the matter of electing principals till this other matter is disposed of," asserted Mr. Hagaman. Mr. Cooper said, with a tone of finality, that it had been disposed of.

"I move," said Mr. Clewell, "that we go ahead and choose the principals." His motion was seconded by Mrs. C. E. Maddocks.

E. O. McNew, superintendent of schools, presented his recommendations and the school board proceeded with its work.

**395,962 Fords Are Delivered In U. S. In First Quarter**

Sales of Ford cars and trucks in the United States for the first quarter of 1923 reached the enormous total of 395,962, the greatest sales record in the history of the Ford Motor company for a similar period of months. This is an increase of 135 per cent over the same months of last year when Ford retail deliveries totaled 168,500.

Even these stupendous figures do not indicate the number of sales which could have been made had production facilities been greater. Every month dealer requirements have been far in excess of the company's manufacturing ability. For May dealers reached the enormous figure of 300,000 Ford cars and trucks.

Following the expenditure of millions of dollars for new machinery, expansion of manufacturing units and enlargement of assembly plants necessary to maintain the exacting high standards of Ford manufacture, production has been gradually increased since the first of the year until at present the company is operating on a schedule in excess of 650,000 completed cars and trucks a day.

While reservations now are being put on early predictions that this year would see 3,000,000 cars and trucks produced in the United States, increasing demand for Ford products will, all indications are, keep production at capacity rate for the remainder of the year, bring it well over the million and a half mark by Jan. 1 next, maintaining the established Ford percentage of producing as many cars and trucks as all other manufacturers combined.

**Contestants Lining Up For Start, Monday**

**THAT FORD COUPE OFFERED BY THE RANGER TIMES IS PRIZE WORTH STRIVING FOR.**

Although the big contest campaign announced by the Times on Sunday does not start until next Monday there have been many calls at the Times office, and a number of candidates are already speaking to their friends and asking them to hold their subscriptions for them until next Monday so they can start with a big rush.

These forehanded workers are getting their plans well laid in advance and have secured information from the Times office so that they may be ready to make a good start when the time comes.

No doubt there will be a number of candidates from territory reached by the Times outside of the city of Ranger as this is considered one of the greatest opportunities ever offered in this immediate section.

There is no red tape connected with the contest. Every one going into it has an equal chance to win, and every assistance will be given the contestants by the contest manager and assistants at the Times office. The race will start May 14, and will close July 2. The candidate making the best showing will receive the Ford Coupe, which has been equipped with many accessories to add to the comfort of the owner. The second successful candidate will receive the di-

mond ring advertised in the Sunday Times, which is valued at \$300, and is a beautiful gem anyone would be glad to own.

These are not the only prizes, for there will be a cash award of ten percent on all subscriptions turned in to the value of \$30 or more, so every candidate will receive something as a reward for effort expended. The full page advertisement which appeared in the Times Sunday and yesterday gives full direction as to how to become a candidate.

Votes, and nothing else, will decide the winning candidates. One method of getting votes is to clip the free credit coupons which will appear in the Times every day starting with next Monday, the day the contest opens, save them and get your friends to do likewise and turn them in at the Times office, properly filled out. The work will be easy and pleasant. There are many who will be glad to subscribe to the Times, especially when a friend will be helped by so doing. If you have any questions you want answered, or any doubts cleared away, come over to the Times office and talk to the contest manager who will give you all the information and assistance needed to start you out on the campaign.

**RANGER OFFICERS MUST TESTIFY REGARDING ARREST**

Assistant Chief of Police Davenport and Officer Jim Daniels will be called upon to testify in the trial of two persons arrested in Ranger several weeks ago on information furnished by the Breckenridge police, it was indicated in a letter received today by the police department from J. S. Osborne, assistant district attorney of Stephens county. Mo. Osborne wrote asking for the names of the officers making the arrests to serve a process on them.

The district attorney said he had secured an indictment in the case and the trial has been set for May 21.

The pair are charged with stealing \$300 from a hotel keeper.

WASTES TIME AND MONEY UNTIL WIFE CRIES, "GO"

"I just don't want you," a young colored woman told her husband to his face in the police chief's office this morning when Assistant Chief Davenport brought the pair together after the latter, according to the woman, threatened her with an iron pipe when she told him she was leaving him.

She told the officer her husband gambled his earning away, leaving her to support the children alone. She is employed as a maid in one of Ranger's hotels.

The woman appealed to the police several weeks ago to get her husband "broke" of the gambling habit. She said he works steadily but none of it goes towards keeping the larder full.

Assistant Chief Davenport said she was a hard working woman and that if he heard any more complaints about the man he would be arrested.

FULTON LOSES FIGHT BUT WINS MORAL VICTORY

BY HENRY L. FARRELL (United Press Sports Editor) NEW YORK, May 8.—One of those queer twists of fate or a break in luck, if it might be considered as such, enabled Fred Fulton to redeem himself just as he was about to pass down on the books with the most uncomplimentary epithet in sports—"a diver."

The strange parlance of the boxing ring has applied to a fighter who quits under punishment the title of "a dog," "a diver" or "a tankner." Fulton had come into the possession of all of them. He was regarded as being yellow, a faint-hearted giant who always "looked for the hammock when he was hurt."

Because he was never popular personally and because he pleaded a fake fight after he was knocked out by one of Jack Dempsey's punches, Fulton came into possession of all the inglorious titles to the ring and he didn't exactly deserve them.

Fulton has been knocked out only by Al Palzar, Dempsey, Harry Wills and Billy Miske. Three of them are about the best heavyweights in the country, but because he went down so quickly it was thought that he was willing to get it over with as soon as possible and he was judged accordingly.

As a rule, a "diver" has little trouble in getting matches. Some of them make good money by being used as trial horses for young heavyweights of stouter hearts and heavier punches, but Fulton couldn't get matches. They were all afraid of him because he was known as a most dangerous fighter when he got ahead and he had a murderous punch when he wasn't being punished.

Fulton had no chance to vindicate himself. He showed symptoms of courage when he signed to meet Harry Wills when every heavyweight in the class, including the champion, was giving the big colored fighter the big go by. Fulton had the chance then to show that he was not a "diver" but the conviction against him

The Right Shortening is Important

SO much depends upon it. Whether your cake, your biscuits or muffins shall be light and tender, or whether they will turn out tough and soggy is often determined by the shortening you use. Mrs. Tucker's Shortening is a pure vegetable shortening. It is light and easily digested. It makes pastries and hot breads always tender and delicious.

Thousands of women are learning the satisfaction of always using a pure, dependable shortening. Mrs. Tucker's never gives a lardy taste to food. In frying, it browns food crisply and delicately. It costs no more than ordinary shortening and can be used again and again.

FORT WORTH ICE MAKERS TIRE OF LOW PRICES

SPECIAL TO THE TIMES. FORT WORTH, May 8.—The first break in Fort Worth's ice price "war" in which ice has been selling most of the winter for 20 cents a hundred, came yesterday when several companies advanced their prices to 55 cents a hundred pounds. Ice was selling at 60 cents a hundred when the "war" started last fall. The first drop was to 40 cents then to 20 cents. Most companies yesterday were still selling at 20 cents, but insisted they were losing money. "We have been losing thousands of dollars, selling at such a ridiculous price," said one manufacturer Monday, in announcing the advance. "It was either raise the price or go out of business."

SPARK OF LIFE TOO WEAK TO ENDURE LONG

DALLAS, May 8.—Adriana Lynn Ginn's adrenalin-kindled spark of life fluttered out here at a local hospital, 24 hours after her birth. Still-born, the baby was made to register heart beats by the injection of the powerful drug, adrenalin. It had nursed in a perfectly normal manner and surgeons believed it would survive. Nurses named the baby after the powerful drug, which it was believed had restored life and triumphed over the grim reaper.

Compare Conditions Here With Cities in Which Modern Schools Are Simply Factories Which Crush All Individuality

Chicago, May 8.—"Lockstep" methods of education are under fire from Chicago high school teachers. Students are now merely "casually passed on and entertained," the teachers declare.

Schools are so large, several with as many as 5,000 pupils, that it is impossible for teachers to obtain proper personal contact with the students.

"As a result," said Miss Mabel Blazier, "we find a crushing of individuality. Pupils have become nothing but units in a gigantic system."

Miss Blazier is an instructor at the Nicholas Senn high school and leader in the teachers' fight for the following program:

- 1—No high school should be built to accommodate more than 2,000 pupils.
- 2—No additions should be built to schools now having 2,000 pupils or more.
- 3—Make teachers academic professors, and not clerical heads of factories.
- 4—Eliminate teachers' clerical work, which would stagger a certified accountant.

"The crowding, jamming in hallways and class rooms and climbing of dozens of flights of stairs daily injure the nervous system and the heart of both teacher and pupil," Miss Blazier said.

"The teacher in the little red school house with building fires, sweeping and other janitor work, had it soft compared with a Chicago high school teacher. She didn't have to hire the coliseum when she assembled her English class.

"With the present school mobs, pupils are not individuals—they are merely numbers on the teachers' records.

"The charming qualities of youth are destroyed by 'factory methods' of education."

**FAMOUS DRY LECTURER TO VISIT RANGER AND SPEAK HERE NEXT WEEK**

"PUSSYFOOT" JOHNSON

"Pussyfoot" Johnson, world traveler, world citizen and world reformer, is to speak in Ranger next Tuesday night, May 15, at 8 o'clock in the First Baptist church auditorium. His subject will be "The Orient Moving Toward Prohibition."

Probably no public speaker in the world is better known than "Pussyfoot" Johnson and none is more popular wherever he has once been heard. An editorial comment following a recent visit to a city in the Middle West says:

You may not always agree with a speaker no matter how earnest or enthusiastic he may be. But if you are convinced of his innate honesty and his fair-mindedness, you go away from the meeting convinced that at least he believes himself to be right and that his influence must count for something.

When you hear Pussyfoot Johnson you hear a man who is the soul of honesty, as fair as the law of gravitation and as agreeable as the warm spring sun after the drab darkness of a March day. You go away convinced that he will get somewhere because he believes what he is saying.

If prohibition in the United States is a good thing and a benefit to the people, then, according to the reasoning of Pussyfoot Johnson, it will be a good thing for other nations and a benefit to their people. He has a

great many reasons, drawn from his experiences at home and abroad, for believing this.  
Johnson has done a great work not only in America but also abroad. He is a convincing speaker. One misses much if one does not hear him.

**Kellogg's Bran gives permanent relief because it is ALL BRAN!**

Every member of your family will enjoy better health—eat better, work better, sleep better—if they eat Kellogg's Bran regularly. Its natural, positive work for health is actually a blessing to humanity! Kellogg's gives permanent relief from constipation because it is ALL BRAN! It is scientifically prepared to relieve suffering humanity from constipation.  
Kellogg's Bran cleans and purifies the drainage channel; it clears away toxic poisons and frees you from the ravages of such dread diseases as Bright's, diabetes, etc., as well as sick headaches, rheumatism and mental and physical depression. A week's trial of this great nature food will prove that its work for health is wonderful!  
Consider Kellogg's Bran as a food. It is not a laxative nor a medicine. Bran is the outer coating of whole wheat and contains such nourishment factors as mineral salts and other elements vital in sustaining life!  
Kellogg's Bran is cooked and all ready to eat. It is delightful as a cereal, or sprinkled over your favorite hot or cold cereal. Another popular way to eat it is to cook or mix it with a hot cereal. In preparation, add two tablespoonsfuls of bran for each person.  
Delicious bakery batches are made with Kellogg's Bran. Recipes are printed on each package.  
DO TWO THINGS—Eat Kellogg's Bran each day for permanent relief from constipation and be certain to eat at least two tablespoonsfuls; in chronic cases, with each meal.  
First-class hotels, clubs and restaurants serve Kellogg's Bran in individual packages. Ask for it at your restaurant. All grocers.
