## RANGER PLANNING FOR BIG CELEBRATION

### SIX MILLIONS APPROPRIATED FOR THE STATE

Departmental Bill Passes Senate; "Blue Sky" Law Comes Up Today.

AUSTIN, May 12.—Consolidation of several state departments was injected without success as one of the issues in the departmental appropriations bill in the house today and final action on the measure which amounts to more than \$6,000,000 for the next two years was taken, the bill passing, 89 to 19, under a suspension of rules. The Bonham delinquent tax bill, which prescribes methods for collection of state taxes, estimated at \$6,000,000, was engrossed by the senate without a record vote. The Johnson "blue sky" law was set for special order this afternoon. The senate bill relating to the fees collected by tax officials will come up for final passage this afternoon.

### Christy Well On Humphrey Tract, Northeast Field

Christy brothers well on the Humphrey tract, about three-quarters of a mile northwest from the Nannie Walker land, which is about 12 miles northeast of Ranger, came in yesterday. Reports received here said "it looked like a 75 or 100-barrel well."

### CRUDE OIL CLIMBS DOWN ANOTHER NOTCH, AFFECTING ALL GRADES

The fourth 10-cent downward slide in crude oil within four weeks today was announced by the Prairie Oil and Gas company, affecting all grades, the prices now ranging between \$1.10 and \$2.20. Oil is bought on gravity basis and quoted prices now are:  
Below 25 degrees Baumé gravity, per barrel, \$1.10.  
25 to 29.9, \$1.20.  
30 to 32.9, \$1.30.  
33 to 34.9, \$1.40.  
35 to 36.9, \$1.50.  
37 to 38.9, \$1.60.  
39 to 40.9, \$2.10.  
41 degrees up, \$2.20.

### FUNERAL SERVICES ARE HELD INSTEAD OF EXPECTED WEDDING

CHARLESTOWN, W. Va., May 12.—The irony of fate poured nothing but sorrow into the home of Miss Myrtle Swanner, who was to have been married here today. Black mourning replaced her wedding frock; the church organ, instead of Lohengrin, played a funeral dirge for Edwards Reynolds, her lover, and J. W. Swanner, her father. The two men, non-union miners, deputized as sheriffs, were slain by James Miller of Pomroy, Ohio, early this week when they sought Miller's return to West Virginia as a witness in the Logan mine war trials.

### WOMEN'S CLUBS PROPOSE \$5,000,000 ENDOWMENT FUND

ATLANTA, May 12.—A proposal that the General Federation of Women's clubs establish a foundation with a \$5,000,000 endowment fund was before the board of directors in the final session of the mid-biennial council being held here today. The directors referred the suggestion and reports to the biennial convention of the federation to be held in Los Angeles in 1925.

### NEAR CHAMPIONS AND ONE-TIME CHAMPS TO BOX

NEW YORK, May 12.—Shows were promised by the weather bureau today for the hours when the Willard-Johnson and Firpo-McAuliffe bouts are scheduled to start in the open fields at the Harlem stadium. The first bout is to start at 3 o'clock.

### FIGHTS FIRPO KNOCKS OUT MAULIFFE IN THE BOUT'S THIRD ROUND

NEW YORK, May 12.—Luis Firpo, the South American giant, knocked Jack McAuliffe to the floor to be counted out in the third round of a fast fight, by a full swing of his terrible right arm. The South American was kept busy for the greater part of two rounds keeping away from the clever left hand of McAuliffe, who repeatedly landed on his face. Then just before the close of the second round, Firpo swung to McAuliffe's jaw with his right and McAuliffe went down, but was saved from being counted out by the bell.

McAuliffe came back gamely in the third round, but was soon floored by another of the terrific right swings of the South American and went to the floor for a count of three. McAuliffe managed to get to his feet before the referee had counted him out, but as he staggered towards Firpo the latter cut loose two terrific rights to the jaw and McAuliffe dropped heavily to the floor.

After McAuliffe had been counted out, Firpo picked him up in his arms like a child and carried him to his corner, depositing him limply in his chair. Later McAuliffe was able to leave the ring unassisted and Firpo met him outside and embraced him like a brother.

Tex Richard, one of the interested spectators of the fight said immediately after the bout: "There's the next heavyweight champion. Remember what I say." Firpo was given a tremendous ovation as he left the ring.

### TINY JIM HERMAN KNOCKS OUT REICH IN SIXTH ROUND

NEW YORK, May 12.—Harry Drake of London, won the judges' decision over Joe McCam of Newark, N. J., in the first bout of four rounds.

"Tiny Tim" Herman of Oklahoma brought Al Reich to the canvas in the sixth and final round of their bout. Reich attempted to rise at the count of nine, but he was counted out.

### CHAMBER OF COMMERCE HAS LARGER BOARD

Four More Directors Chosen to Carry on Work Increasing Fast.

President Dillingham of the Ranger Chamber of Commerce made a request at the directors' meeting last night that additional directors be named to work with the present board. The directors present acceded to his request and in conjunction with the chamber's secretary, B. F. Bennett, the following men were nominated and elected: Edwin R. Maher, Gifford Clegg, Dr. W. C. Palmer and Raymond Teal. These men will be notified today of their selection and will be asked to be present at the next board meeting.

Mr. Dillingham in explaining his request said that when he took the office of president of the chamber, he promised that so long as he was at the head of the organization, the chamber would function or he would retire.

"I want to say that since I've been president we have always had a quorum at the meetings with the exception of one or two times," he said. "But we could have a better attendance of directors and I think it would be a good idea to add some men who will be here."

Six is a quorum at a directors' meeting.

CHILDRESS, May 11.—Three locomotives and several hundred box cars were destroyed by flames last night in a fire at the Fort Worth & Denver railroad shops. The firemen confined the blaze to a section where 400 box cars were being held for repairs.

### COUNTY ATTORNEY'S ACTION IN CLOSING MOVIES ON SUNDAY IS OPPOSED BY BUSINESS MEN

County Attorney Barnes' action in swearing out warrants for violation of the Sunday closing law against W. B. Palmer, manager of the Lamb and Liberty, Ranger's two playhouses, last Sunday, was condemned at the meeting of the Ranger Chamber of Commerce directors last night. The directors unanimously adopted a resolution offered by M. R. Newnam, president of the Ranger State bank, stating that the Ranger Chamber of Commerce opposes such "drastic" action.

The opinion was expressed by some of the directors that in view of the fact that the Sunday closing law is not generally enforced over the state, it should be repealed or revised. "Obsolete" and "unfair" were some of the terms applied to it.

The directors agreed that contempt for the state laws must not be encouraged, nor is their action in opposing certain portions of one law to be construed as causing such, O. D. Dillingham, president of the Peoples State bank, said.

The resolution follows: "Resolved, we go on record as opposing the drastic action taken by County Attorney Barnes in enforcing the Sunday blue laws."

The county attorney said his action was taken at the behest of Cisco people, Dillingham said, adding this was denied in Cisco.

Secretary B. F. Bennett said he had talked to G. C. Richardson, secretary of the Cisco Chamber of Commerce, and that neither the Cisco chamber nor the secretary had anything to do with encouraging the county attorney's action.

### CISCO OBJECTS TO BEING MADE THE "GOAT" BY COUNTY ATTORNEY

(From Cisco Daily News)  
PASSING THE BUCK, IT SEEMS, IS BEING PRACTICED IN THIS COUNTY; AND IT'S GIVEN US

(An Editorial)  
"County Attorney W. J. Barnes explained that he was seeking to close the moving picture houses in Ranger at the request of the people of Cisco."—Ranger Times.

This is the first paragraph appearing in the Times this morning in which the Times takes Cisco to task for interfering with conditions existing in Ranger. The Times would be right if it were proceeding on correct premises, but in the common parlance, "there's nothing to it." In the first place Cisco is not seeking to close the picture houses in Ranger, rather there is a move by the managers here to have picture shows on Sunday in Cisco, but the people of Cisco are not taking any stock in this feature. Some have said if the county attorney allowed shows on Sunday in other towns, there was no reason why they should not open in Cisco.

If the Times is correct in quoting County Attorney Barnes, it appears to the Daily News he is simply trying to pass the buck to Cisco, and make Cisco the goat.

The effort being made to close Sunday shows in Eastland county is sponsored by the Ministerial association of the county, and not by the people of Cisco. Ranger is represented in the Ministerial association, and so is Eastland and other communities, therefore, the move can no more be laid at Cisco's door than it can at Gorman, Eastland or Ranger.

Picture shows cannot be operated on Sunday if the county attorney de-

### EVEN PUNCH SERVED AT STUDENTS' PROM PROVES DANGEROUS

TERRE HAUTE, Ind., May 12.—Fifty students who last night attended the junior prom of Rose Polytechnic institute were under medical treatment today, due, officials believe, to drinking poisoned punch. Dr. E. L. Larklin, who was summoned to the dance floor when students became ill, said some of the cases were serious, although he believed none would prove fatal.

### RUSSIAN WORKMEN GIVEN HOLIDAY TO RAIL AGAINST BRITISH

MOSCOW, May 12.—All factories and government institutions were closed today to allow the employees to participate in a demonstration against the British note. This morning, crowds began to fill the streets to take part in the parade. The intentions of the crowds seemed to be peaceable, although it appeared that they intended to make the demonstration an impressive one.

### Cisco Unjustly Charged Wires Mayor of Cisco

Replying to Mayor Hodges' message, Mayor Williamson of Cisco has wired as follows:

Cisco, Texas, May 11, 1923.—Hon. R. H. Hodges, Ranger, Texas: Your telegram received. I know of no foundation in fact for statement of Attorney Barnes to the effect that he is attempting to close picture shows at Ranger upon the request of citizens of Cisco. I assure you that Cisco has no desire to even suggest how Ranger handles her local affairs. (Signed) J. E. WILLIAMSON, Mayor.

### C. & S. to Send Strong Team to Thurber Sunday

Chestnut & Smith corporation will be represented at the game between a team representing this industry and the Texas Pacific Coal & Oil company at Thurber, Sunday afternoon, 100 per cent strong, it was said at the offices of the gasoline production company today.

The club, which has been practicing daily at the municipal park, has completely rested up from the strenuous 14-inning game at Eastland last Sunday, in which the game ended 9 to 8 in favor of the Ranger team.

Either G. M. Nugent, the 19-year-old hurler, who defeated the Eastland Independents last Sunday, or Lou Redus, of San Antonio, who joined the club this week, will face the Thurberites.

Manager J. Shannon said he would take the team to Thurber in automobiles, leaving here about noon.

### FORMER CONGRESSMAN FINED IN POLICE COURT FOR ANNOYING WOMAN

WASHINGTON, May 12.—Former Representative Manuel Herrick of Oklahoma was convicted in police court today of disorderly conduct and fined \$5. He declared he would not take an appeal.

The charges against the former congressman grew out of a complaint that he annoyed a young lady on the streets of Washington.

### ATTORNEY GENERAL SAYS CANNOT SUE TO BREAK CONTRACTS

He further declared he could not defend the state, under the constitution, in suits to break contracts made by the textbook commission.

### SOVIET WANTS PARLEY WITH GREAT BRITAIN TO AVERT A BREAK

MOSCOW, May 12.—The Russian reply to the British ultimatum was handed to the British representative today and will be in London tonight. The general tone of the note was reflected in a speech by Foreign Minister Tchitcherin recently in which he declared the Russians would propose a conference with the British in an effort to avert a break.

### AMERICAN GOES BACK TO BANDIT CAMP IN CHINA

Carries Food to Captives and Terms for Release, Which Hopes for Soon.

TIEN TSIN, China, May 11.—J. E. Henley, an American from San Francisco, went back today to the bandit's camp in the Shantung hills from which he was released last Friday, carrying food for the foreign captives still held there and the terms which the Chinese government proposes to negotiate with the bandits.

Henley was permitted to leave the stronghold of the bandits in order to bring a message from them to the Chinese government and representatives of the foreign powers. He reported the captives there in good health when he left them.

Henley held out hopes that he would be able to negotiate successfully for the release of the captives by Sunday. The Chinese government has received an ultimatum from the powers that an accumulated indemnity will be required for each day the foreigners are held captive and are prepared to pay whatever sum is demanded by the bandits.

### CHILDRESS FARMER KILLS HIS DAUGHTER THEN SHOTS HIMSELF

CHILDRESS, May 12.—John Garland, 40, killed his daughter, Clyde, 17, with an ax late yesterday and then shot himself with a gun, dying almost immediately.

He was the subject of a grand jury investigation recently. No indictment was returned. In a note he left to his oldest son, he declared that the lies that have been "told about me" were responsible for the double tragedy.

Garland, who was divorced from his wife, lived with his daughter and two sons here. The youngest boy was in the house at the time of the tragedy and the oldest son in a nearby field.

Banks immediately returned to his work after the rescue. News of the incident was brought here only today.

### Support of Chamber of Commerce Given Project of Committee Headed by J. C. Smith—Preparation Begun.

Ranger will have a big, free barbecue and celebration on July Fourth. The Ranger Chamber of Commerce directors last night approved the Chamber of Commerce trade committee's plan to put one on and directed that it have the full support of the organization.

Raymond Teal, who is familiar with the organization needed to carry out barbecues and celebrations successfully, was present at the invitation of Secretary Bennett and gave the directors a brief outline of what is needed to be done in putting "it over."

That Ranger business men are heartily in favor of it, was indicated by the statement of Secretary Bennett, who said he had canvassed the downtown district, speaking personally to 25 or 30 business men, to ascertain their sentiment. He said he found, with but one exception, all of the men to be in favor of Fourth of July "doings" here.

As far as he knew, none of the cities in the oil belt are planning yet to put on a Fourth of July show. Mr. Bennett said: "I talked to Ray Leach, secretary of the Breckenridge Chamber of Commerce, this afternoon (Friday) and he told me there were no plans for a celebration by his organization," said Bennett.

Plans Are Discussed. J. C. Smith, chairman of the trade committee, said that his committee at a meeting earlier in the week had decided upon a Fourth of July observance of some sort as being one of the best methods of advertising Ranger on the proposed trade trip. The directors immediately approved of this suggestion and began discussing plans that would assure the home people and visitors a full day's entertainment.

"We want to bring a stunt flyer here, not one who simply hangs by his toes or wraps his arms on a ladder," said Mr. Teal. "We would have to pay him \$200 or \$300. That would be your big feature."

Walter Murray suggested that a speaker of state-wide reputation be brought here for the day. "We can have an auto parade and offer cash prizes for the best decorated car," he also suggested.

Encourage Concessions. The expenses for bringing attractions here, providing for a speaker and paying for the barbecue would be partly obtainable from allowing concessions to come in on that day, O. D. Dillingham said. To which Mr. Teal added: "Let the concessions come in. People here are hungry for them, for we haven't had a carnival here for a year and one half."

The city commission barred carnivals and as a result concession men have been unknown to Ranger for nearly two years. The concessions that would be tolerated here on the Fourth, Mr. Teal said, would be cane racks and the like. The Fourth of July committee will meet next Thursday night, it was decided.

### COTTON GIN BUILDER EXPECTED TO ARRIVE IN RANGER LATE TODAY

R. M. Simmons, general manager of the Planters Gin company, which will erect and operate a cotton gin in Ranger is expected to arrive in the city some time this afternoon or this evening. He is to stop off in Cisco, en route to Ranger from Sweetwater, the headquarters of the company. He was scheduled to arrive in Cisco on the Sunshine Special of the Texas & Pacific railroad this morning.

Secretary B. F. Bennett of the Chamber of Commerce will conduct Mr. Simmons to the building site which the chamber has under consideration. It is located on the Tiffin road, nearly opposite the Standard Steel & Tank works.

### ROAD REPORT

WAR CRY GOES TO WORLD END

Journalism, of a mixed religious and utilitarian character, has been brought to the status of a fine art by the Salvation Army. The official organ of the Army, The War Cry, blankets the entire earth, appearing not only in all civilized countries, but finding its way into inaccessible regions never before known to newspaper circulation.

It would not be surprising to find one of the elect of the castle of the Grand Lama of Tibet studying it on the brow of some frowning cliff in the heart of China, or a sepooy of India reading it on the banks of the holy Ganges.

It is practically universal and ubiquitous—like the old voyageurs of the Franks and the conquistadores of Spain and Portugal, it is constantly seeking new worlds to conquer—for Christ.

No matter what tongue may be spoken by the inhabitants of the regions which it penetrates, it is written and edited in that language or patois. It is as the shining sword of Gideon, its sharp blade laying waste the secret banois of the wicked and pointing, like a ray of God's sunlight, the pathway to heaven.

Its combined circulation is numbered in millions. Its press service, while largely of a religious nature, is nevertheless even more remarkable than any of the great news agencies of the world.—Fort Worth Record.

American Red Cross Forces Direct Successful Fight Against Disease Among Many Refugees in Greece

This is to introduce Mrs. Charlotte Heilman of Bound Brook, New Jersey, nursing director of the American Red Cross in Greece. She is the woman upon whom devolved much of the responsibility for the care of a million refugees who last fall and early last winter were unceremoniously swept into Greece from Anatolia and other Turkish-occupied territory. Moreover, it is to Mrs. Charlotte Heilman that much of the success of the American Red Cross campaign against dirt and disease in the ranks of the refugees must be attributed. The metropolitan of Athens is also shown here preaching sanitary discipline to refugees as part of the American Red Cross program.

While reports from more eastern centers of refugee settlement have brought news of pestilence and epidemic, in Greece where the American Red Cross, and particularly Mrs. Heilman and her staff of American nurses, have been handling the refugee situation, enforcing bathing and making delousing one of the essential requirements for the person who sought a meal ticket, epidemics have been nipped in the bud and no contagious disease has been allowed to gain a foothold.

Typus, the most dreaded of all the winter diseases in the refugee camps, has been kept at a minimum; smallpox has been combated by an extensive vaccination campaign, and now that summer is at hand in Sunny Greece inoculation against cholera and typhoid is going forward.

The American Red Cross has spent in the neighborhood of \$2,600,000 in Greece in relieving distress among the refugees and in waging its war upon dirt and disease. Most of it went for food; some of it went for soap; some of it went for medicines. It all came out of the emergency disaster fund maintained by the organization through American charity.

The emergency phase of the problem is rapidly passing.

Although contracts for the improvement of two stretches of Palo Pinto highways have been awarded, the Texas state highway department instructed the Palo Pinto county commissioners to readvertise for bids, saying the first bids were unsatisfactory, according to Frank Hoffman, construction superintendent for Smith Bros., road contractors.

The work to be reawarded is for a 10-mile stretch between the Stephens county line and Metcalf Gap, and six miles of Bankhead highway construction from Metcalf Gap towards Palo Pinto. This will leave about 18 miles of the Bankhead highway unimproved, although additional paving will be done if enough money is left over, according to information received by Mr. Hoffman.

Work is now proceeding on the Bankhead between Metcalf Gap and Strawn, a distance of 14 miles.

PRESBYTERIANS VOTE ON FORMING GENERAL COUNCIL

INDIANAPOLIS, May 12.—Nine hundred and eighty-seven commissioners, representing approximately 1,800,000 members of the Presbyterian Church in the United States, will attend the 135th general assembly of the denomination in this city May 17 to 24. The commissioners will be from 302 presbyteries.

An important denominational problem to come before the meeting will be the consolidation of the executive work of assembly. At the present time this is performed between assembly periods by 13 missionary, educational and benevolent boards and numerous permanent and special committees divided into four boards.

RUTH WILL PROSECUTE ACCUSER

Babe & Mrs. Ruth Dolores Dixon

When Dolores Dixon, a pretty New York girl entered suit for \$50,000, alleging Babe Ruth, home run king of the New York Yankees, was the father of her unborn child, Ruth backed by his loyal wife, denied the charge, asserting he had never even seen the girl and that he was the victim of blackmail. When the suit was about to come to trial Ruth's attorney earned that a man who had formerly lived in an apartment where the girl had a room could bare the blackmail plot. When the attorney got an order from the court to examine the man before trial, the girl hastily withdrew her suit. Ruth has placed the matter in the hands of the district attorney of New York, asking prosecution of all involved.

CHANGE OF LIFE

Florida Lady Was in a Miserable Condition, But Says She Found Cardui Helpful, and Got Well.

Altha, Fla.—In explaining how she found Cardui so helpful during change of life, Mrs. Ella M. Bailey, of Route 2, this place, said: "I became so weakened it was an effort for me to get around. I knew what was the matter, but I felt like I couldn't give up. "I just dragged, and I certainly was nervous. I was so restless I could not sit down long—yet so weak I couldn't get about. It is a most miserable and such a helpless feeling. "I would get depressed and out of heart. "I began to feel, after awhile, there was no use to try to get well. This is all wrong, for it makes a person worse. "I had heard of Cardui, and thought it might strengthen me. A neighbor had used it with good results. "I took one bottle (of Cardui), then I saw I wasn't so nervous, so I kept it up. "Gradually the nervousness left me. I began to eat and sleep better. Was soon well, and all right. Cardui did wonders for me, and I certainly do recommend it." "Thousands of other women have written, to tell of the beneficial results obtained by taking Cardui, and to recommend it to others. Sold everywhere. Try it. NC-146

To Gas Users

Service is of prime necessity to every Natural Gas company. The consumers demand it. The company must give it or eventually go out of business. Natural gas service must be given 24 hours a day and 365 days a year. The same equipment necessary to provide for the peak loads of winter are in use during the summer. It costs money to provide this service and the consuming public should realize this fact.

Gas without service is worthless. When paying gas bills the consumer should take into consideration the service rendered as well as the gas used.

HARRY WARNER POINTS OUT NEED OF ATTENTION

DALLAS, May 12.—"If a candidate for justice of the peace were to advocate government ownership it might attract some attention," says Harry Warner in an editorial in the Paris News.

The editorial was about the little heed that is given by the people to the hearings being held by the interstate commerce commission looking to merging of railroads into groups, each to be controlled by certain officials, says the Texas Public Service Information bureau.

"As a matter of fact, the scheme ultimately—and at no distant day—leads to government ownership of the railroads," continues the editorial.  
"Government control we now have; and it was originally intended to prevent the very thing which is now being fostered by the agency created to prevent—consolidation of the roads into great groups controlled by a few men and with interlocking directorates.

"It is asserted that railroads cannot find capital with which to successfully operate because of government control and restrictions; therefore, there must either be subsidy by the government at the expense of the taxpayers; or government ownership—also at the expense of the taxpayers."

## DRIVERS OF SERVICE CARS AND DRAYMEN MUST BUY LICENSES

Seven service car drivers and draymen were taken to the police station last night by Officers Ingram and Weeks, in accordance with instructions issued by the city commission, and told they must either get an occupational license or pay a fine for violating a city ordinance. All of the seven drivers promised to get licenses Saturday.

City Secretary Ringold in his letter to Chief of Police Davenport said that the ordinance became effective on July 27, 1922, and that "each and every act of public hauling for hire has been an offense against the city of Ranger without a license."

At the weekly session of the commission last Tuesday, the commissioners revised the license fees of service car drivers and draymen downwards and gave instructions that the ordinance must be enforced. The fee is now \$25 for service car men and \$20 for draymen with a two-horse wagon.

All of the money collected therefrom is put in the street fund.

## TO HONOR THOSE WHO SAVE LIVES OF ANIMALS

By Associated Press  
CHICAGO, May 12.—A movement has been inaugurated by the American Humane society to award medals to men, women and children who risk their lives in saving the lives of animals, according to an announcement by the Illinois Humane society, a member of the national society.

The idea originated following the receipt of information of two rescues from death of dogs recently. One told of two men who rowed a boat through a field of ice in the Kennebec river in Maine to reach two collie dogs who were floating down the river on a piece of ice that had been torn loose as they were sitting on it.

The new case was where two men in New Jersey rescued a dog that had been sucked down by quicksand until only its head was showing.

## GALVESTON READY FOR BATHING GIRL REVUE

By United Press.  
GALVESTON, May 12.—Everything is in readiness today for the Fourth Annual Bathing Girl Revue, which will be staged here Sunday and which will officially open the vacation season at Galveston Beach.

With practically every railroad offering special rates the largest crowd that has ever attended one of these events is expected. Last year more than 100,000 people witnessed the affair.

Entries from the entire Southland will compete for the prizes which are valued at \$3,000. The scope of the territory covered by the entrants is much greater than in previous years, according to William H. Branch, who is sponsoring the event. California will be represented by a former Mack Sennett bathing girl and Louisiana will present "Miss New Orleans."

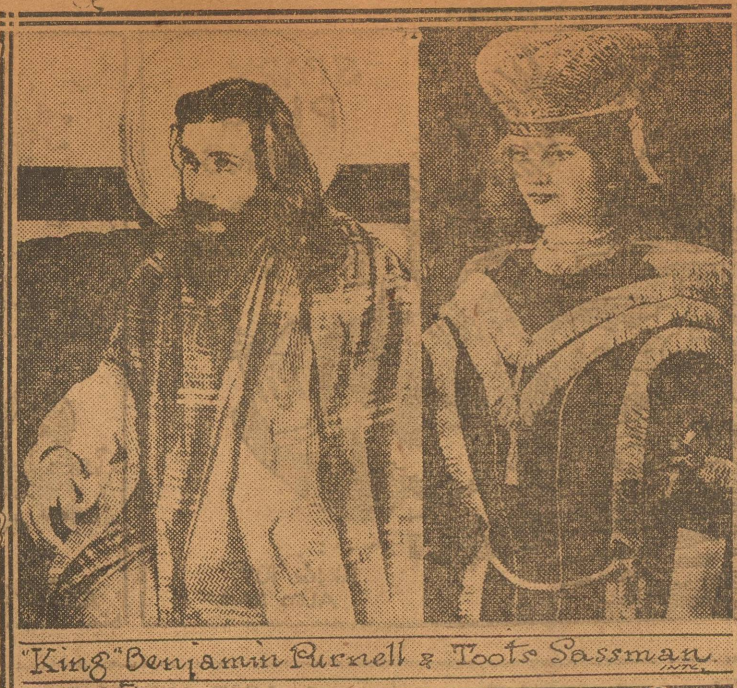

For the benefit of those desiring to participate in the revue, it has been announced that entries will be received until half an hour before the time set for starting.

The festivities will not end with the revue and the judging of the bathing girl entrants but will continue throughout the day and into the night, culminating with a gigantic pyrotechnical display on the gulf at 10:30 p. m.

## REGAL BANQUETS HOLD NO CHARMS FOR PRINCE OF WALES

## Kellogg Bran Recipes for Some Delicious Dishes

Just a few years ago no one would have thought of using bran as a food, except for cattle or chickens, but when its immensely valuable health giving properties were discovered doctors and all food specialists began to recommend it.

It remained for the Kellogg Cornflakes company, whose famous products were already known around the world, to prepare bran in a most palatable form ready for various uses as a food.

The following recipes are some more of those good bran recipes of which several have already been published in the Ranger Daily Times. If your grocer does not keep the Kellogg products ask the Times and you will be told where to obtain them.

### BRAN COOKIES

One-half cup sugar, 1-4 cup butter substitute, 1-2 teaspoon salt, 1 egg, 1 cup Kellogg's bran, 1-2 teaspoon vanilla, 2 tablespoons milk. Four to make stiff enough to handle, about 3-4 cup. Cream butter, add sugar gradually then egg well beaten. Stir in bran and all milk and flour. Roll, shape and bake 15 minutes in moderate oven. Make same size as ginger snaps.

### BAKED BRAN CUSTARD

One cup Kellogg's bran, 2 1-2 cups hot milk, 1-2 cup sugar, 1-4 teaspoon salt, 1-2 teaspoon vanilla, 3 slightly beaten eggs. Mix all together and bake in a buttered dish until custard is firm. The yolks of three eggs may be used in pudding, and the whites used for a meringue to be browned slightly on pudding.

### STEAMED BRAN PUDDING

Three tablespoons beef suet or any preferred fat, 1-2 cup molasses, 1 egg, 1 teaspoon salt, 1 cup Kellogg's bran, 1-2 cup milk, 1 cup flour, 1-2

teaspoon soda, 1 cup dates, stoned and cut fine. Melt suet and mix with molasses, milk and egg well beaten. Sift flour, salt and soda together. Add 1 cup Kellogg's bran and combine wet and dry ingredients. Stir into the batter 1 cup dates stoned and cut up fine, turn into buttered cups, having cups half full. Steam 1 hour. If steamed in one large mold, three hours cooking is required. Serve with hard sauce or lemon sauce.

## SAN JACINTO MONUMENT TO GEN. SAM HOUSTON

AUSTIN, May 11.—A Texas monument to Gen. Sam Houston, built with Texas money, on Texas lands, of Texas hands, as advocated by Governor Neff in his address on San Jacinto Day at San Jacinto Park, is to become a reality, if plans now under way are carried out. The state's part in the monument is the appropriation of \$25,000 to the Houston fund, as provided in the Murphy bill in the special session.

Under terms of the bill, the city of Houston will raise \$50,000 in addition to the \$25,000 from the state. According to Houston legislators \$27,000 already has been raised. The campaign will be carried throughout the state.

The monument under present plans will be a statue of General Houston, reaching 65 feet in height. On the base of the monument, will be carved the names of General Houston's army and a brief history of the San Jacinto battle. It will be erected probably at Houston, and will require from 18 months to two years to be completed.

Plans are being made for a special train to carry the Baylor university band together with 125 Waco business men to San Angelo May 21 for the fifth annual convention of the West Texas Chamber of Commerce. Twenty-one stops will be made en route to San Angelo to advertise Waco.

## TEXAS A. & M. HOLDS RECORD FOR STUDENTS ENTERING WORLD WAR

### By United Press

COLLEGE STATION, Tex., May 12.—A 60-foot shaft of Texas granite, mounted on a rectangular base of the same material, will be erected by the students of A. & M. college here in commemoration of the college's war record.

On the base will be inscribed the fact that A. & M. college sent a greater percentage of former students into the world war than any other educational institution in the United States. Tablets bearing the names of 52 sons of A. & M. who paid the supreme sacrifice in the war will be placed on the monument.

First payment on the project will be made by the present senior class of the college and the monument will probably be finished by the beginning of the fall school term this year.

The other three classes now in college will make a payment on the structure as each class graduates. This will be their graduation present to the college.

## ALL-NIGHT TRAVELERS ARE USING PULLMANS IN LARGE NUMBERS

CHICAGO, May 12.—America is riding in Pullman cars, says the City Editor and Reporter, published by the International Editorial association.

The over-night traveler who once coiled his weary length into a 4x2 seat, is stretching out on a real bed, getting a complete rest and feeling fit at the end of his journey.

The Rock Island railroad's annual report filed here today with the board of directors, shows that Pullman coaches traveled 1,065,967 more miles in 1922 than in 1921.

That, road officials hold, is the real barometer of prosperity. Once a berth was considered a luxury, to be enjoyed by the few. Today many travelers have money enough to sleep on a mattress when traveling at night, the report points out.

Another indication of prosperity cited in the report is increased freight traffic. Rock Island engines dragged freight cars over 7,072,066 more miles of track in 1922 than in 1921. That, officials said, shows business and industry is reviving.

To meet the terrific increase in its business, the Rock Island is purchasing 80 locomotives, 50 coaches, and 1,900 freight cars at a total cost of \$10,764,747.50.

## Pride and Perfection

THE perfection of the hand-wrought gold and silver articles made by smiths of the middle ages has identified them for all time. Every piece turned out was marked by its maker's individual signature. He signed his work as an artist signs his masterpiece.

Pride of accomplishment is the background of all trade-marked goods. When a manufacturer puts his mark on a piece of merchandise and makes this trade-mark known through advertising, he deliberately invites your inspection. The reputation of his wares is in your hands. His goods must be as advertised, or he loses prestige. Advertised misrepresentation is business suicide.

That is why it is best to deal with merchants of established reputations. It is the reason why merchandise of established reputation is the best to buy.

If it's clothing, you know how it should wear and what the style should be. If it's a musical instrument, you know what to expect in tone and workmanship. If it's a carpet sweeper, you know what kind of service it should give.

The way to be sure of the goods you buy, is to read the advertisements regularly. Then you can't go wrong. Don't take "pot luck."

Know what you buy. The advertisements will tell you.
