

## PASSENGER TRAINS COLLIDE HEAD-ON

### Several Killed, Others Hurt in Train Wreck Just West of Cisco

Negro Porter and Men Riding "Blind Baggage," Several Unidentified, Lose Lives. Engineers of Both Trains Injured. Passengers Escape With Slight Mishaps.

Two Texas & Pacific passenger trains, No. 15 westbound and No. 16 eastbound, met in a head-on collision on a switch at Dothan, just west of the Eastland county line, about 4 o'clock this morning, resulting in the death of five or six men and the injury of seven others, but none of the injured was thought to be fatally hurt.

The dead: Charlie Baker, negro porter on No. 16. Clyde Edwards, Fort Worth. E. C. Reynolds. Two or three unidentified, said to have been riding on the "blind baggage." The injured: H. H. Bailey, engineer No. 16, Fort Worth. W. L. Simpson, engineer No. 15, Fort Worth. Harry Scott, Cisco. Joe Osborne, fireman, Fort Worth. H. L. Stroud, Jove, Texas. M. M. Paul, Abilene. Baggage man Jackson of Fort Worth.

### WAY FOUND TO ALLOW SHIPS TO CARRY RATIONS

Secretary Mellon Thinks U. S. Dry Laws Need Not Conflict With Foreign Regulations.

WASHINGTON, May 24.—It was indicated at the treasury department today that Secretary Mellon had found a way to reconstruct the supreme court's recent ruling so that there would be no conflict between the United States dry regulations and foreign laws requiring ships to carry rations for their crews. Belief was expressed that the regulations necessary to carry out the court's decision barring liquor from the United States ports would be promulgated within a few days.

The regulations as outlined at the treasury department would bar all crew rations as such at the 3-mile limit, but ships would be permitted to place such liquor as required by home laws under the jurisdiction of the ship doctor to be used for medical purposes.

### NEW PEKIN TROLLEYS SPELL RUIN FOR RICKSHAW COOLIES

PEKIN, May 24.—Construction of Pekin's first electric street railway is well under way and, unless unforeseen obstacles are encountered, the promoters expect to have four lines in operation within a year. There has been great opposition to the proposed innovation on the part of one organization or another, the latest objection being the Chinese General Chamber of Commerce.

### CHEMIST DELVES DEEPER INTO SECRETS OF HAFNIUM

COPENHAGEN, May 24.—Professor Nils Bohr, the discoverer of the new element, hafnium, has now determined its atomic weight. The element, which was named in honor of the city of Copenhagen, is still not completely isolated but the professor's efforts in this direction are nearing completion. The connection of the element with zirconium, a kindred element, has made investigations exceedingly difficult, but Professor Bohr has been able to ascertain that the atomic weight lies between 179 and 181.

### SITUATION IN CHINA APPEARS WORSE FOR FOREIGN CAPTIVES

PEKIN, China, May 24.—Brigadier General William D. Conner, commander of the American troops at Tien Tsin, will head the international commission to Tsao Chwang to investigate the bandit situation, it was announced here today.

WASHINGTON, May 24.—A delayed message from Minister Shurman to the state department today expressed the belief that the task of obtaining release of the foreign captives held by the bandits had been complicated by Chinese politics, certain hostile factions using the bandit outrages as a level to oust the Chin Chili party and defeat Chao Kuh, who has been a hopeful candidate for the presidency.

DALLAS, May 24.—Texas & Pacific railroad officials here today requested Sheriff Ran Harston to send bloodhounds to Dothan to pick up the trail of parties alleged to have tampered with the switch, which caused the collision of two passenger trains early this morning. So far as known, no bloodhounds are available here, it was said.

### GREEK ARMY REPORTED READY TO MEET TURKS

Break Between Two Nations Regarded Imminent. May Agree at Lausanne.

LONDON, May 24.—A break between Greece and Turkey is hourly expected at Lausanne, where the peace conference is being held. Optimistic advices from Lausanne say there is hope that a compromise is imminent, but pessimistic dispatches say the Greeks are holding tenaciously to their viewpoint as voiced by Zenzelis, the Greek representatives.

The Greeks are reported ready for hostilities. The Moslem army is reported in a bad condition, while 200,000 Greek soldiers, who face them, are equipped and have a good morale. In the event of war, the Turks hope that Mestapha Pasha will be able to hold the river which divides the contending forces until a fresh Turkish army can be brought up. It is recalled that he held up the British advance in Palestine several years ago.

### GERMAN COMMUNISTS RAISE RED FLAG OVER POLICE HEADQUARTERS

BERLIN, May 24.—Striking workmen said to be communists, are holding Gelsenkirchen, where fighting occurred yesterday with heavy casualties to the police and the strikers, according to dispatches received here today.

Communists have taken possession of police headquarters at Gelsenkirchen, it is said, and have raised the red flag. Reports from German sources say that five persons were killed and 61 wounded in the battle for the building. The struggle began late last night and was continued until early this morning.

### Other collisions are reported at Munkelstrasse and other quarters. Further hostilities incited by the communists are expected tonight unless the Germans opposing the red flag followers are able to muster sufficient strength to stop them.

### That body has petitioned the government to cancel the contract for construction on the grounds, first, that it will ruin thousands of rickshaw coolies, and, second, because there is foreign money in the subscribed capital of the tramways company.

### TARIFF BLAMED FOR CONTINUED HIGH PRICES

Republic Promise of Tax Reductions Regarded as Effort to Modify Revolt.

WASHINGTON, May 24.—Recent Republican talk of tax reduction is construed here as one of the devices adopted by the Harding administration to mollify public resentment against the increasing cost of living and at the same time to take credit in advance for legislation that neither the President nor his congressional lieutenants can prevent. Democrats and western progressive Republicans, who will control the next congress if they choose to act in concert with respect to economic and fiscal legislation, have plans for a considerable decrease of the tax burden.

Republican defeat in Chicago, Hoboken, Baltimore and many other towns east and west, is now being interpreted by the practical politicians of the President's household as so many against the exorbitant prices of sugar, clothing, building materials and many other commodities "protected" by the profiteers' tariff. In New York, for example, plans for buildings to cost many millions of dollars have been abandoned because of the excessive prices of materials upon which the Fordney-McCumber law has imposed high "protective" duties. Sanitary pottery, which is a big item in modern hotels and office buildings, is controlled by a combine, 22 of whose officials were convicted recently of violating the Sherman anti-trust law. The Fordney-McCumber law puts a tax of about 40 per cent on all sanitary ware.

Living Costs Rise. There was a rise in the cost of living in all the principal cities of the country between March and April, the department of labor's latest report discloses, and the trend is steadily upward. The price of sugar has served to direct public attention to the prices of other articles and to start a discussion of the cause. The Republican tariff is being blamed on all sides.

With the cost of living under scrutiny and attack by millions of men and women, all of them voters, something has to be done by the Republican administration to provide an "antidote." Tentative promises of lower taxes are now being tried. It is believed that Postmaster General New had this for his purpose when as the representative of the administration at the Sherman centennial at Mansfield, Ohio, he said "the unexpected may happen in the form of an early reduction of federal taxation." President Harding has since spoken in the same tenor.

While the Harding Republican spokesmen offer the sop of possible tariff reduction their intentions are generally understood to be a reduction of the higher surtaxes for the relief of the biggest tax payers, although they might favor some slight reduction in other taxes in order to accomplish their main purpose of relieving the big tax payer.

It will be remembered that the Harding administration in the last congress attempted to reduce the surtaxes from 65 to 25 per cent, but were beaten by a combination of Democrats and progressive Republicans who fixed the maximum surtax at 50 per cent. In the light of this history it is not expected that the tentative promise of tax reduction by the Harding spokesmen will deceive many of the great body of tax payers.

It is pointed out that these pseudo promises of tax reduction do not extend to any contemplated reduction of the tariff taxes.

### Punishment Meted Out to Minister Held Too Severe

By Associated Press. INDIANAPOLIS, Ind., May 24. The Rev. J. T. Irwin of Lawton, Okla., who was suspended by the El Reno Presbytery a year ago when it was charged that he had performed a marriage ceremony with the principals in bathing suits, was ordered reinstated today by action of the General Assembly of the Presbyterian church here.

The General Assembly concurred in the report of the judiciary committee which had found the punishment meted out to Irwin too severe and unwarranted by the facts.

### BROWNWOOD TO BE CONVENTION CITY NEXT YEAR

West Texas Chamber of Commerce Elects Officers and New Board Members.

SAN ANGELO, Texas, May 24.—After selecting Brownwood for the 1924 convention city, the West Texas Chamber of Commerce, which has been in annual session here for the last three days, adjourned late yesterday. Louis J. Wortham of Fort Worth and J. A. Kemp of Wichita Falls were elected vice presidents for life. Ove Overson of Ranger was chosen a member of the executive board.

The administration of A. B. Spencer of Crosbyton was heartily endorsed and Mr. Spencer re-elected without opposition. The officers and executive board is now as follows: A. B. Spencer, Crosbyton, president; vice president, W. D. Cline, Wichita Falls; Carl Guinn, Ballinger; Dr. Y. C. Coleman, Colorado; R. Q. Leo, Cisco; Houston Hart, San Angelo; Leon Shields, Coleman; Dallas Scarborough, Abilene; M. E. Rosser, Snyder; F. N. Greber, Brownwood, and W. S. Posey, Lubbock.

### Candidates Are Alert

Enthusiasm Is Growing as Their Votes are Piling Up, Aided by the Special Offer Announced as Good for This Week.

The really alert candidates of the city and vicinity are losing no time gathering votes on the Ford coupe-diamond ring contest which is now being conducted by the Ranger Daily Times. Enthusiasm among them grows daily, and it is expected that still greater results will be reported soon as the present week, with its liberal offer of 50,000 votes, is an intensive one. Many other men and women who have been considering the various rules and regulations of the contest may yet enter the race, as every inducement will be given them in this contest.

The extra votes which have been offered by the Times will give the candidates a splendid opportunity to excel in their numbers of subscriptions, and will help to increase the numbers of votes assigned them in a rapid and fair way.

### BURKETT WANTS LEGISLATURE TO ADJOURN TODAY

Offers Resolution in Senate After Defeat of Income Tax Bill Which Fails.

AUSTIN, May 24.—By a vote of 9 to 14, the senate today declined to adopt a resolution fixing the date for sine die adjournment of the present session of the legislature at 4 o'clock this afternoon.

The resolution was introduced by Senator Burkett of Eastland and others. Members stated that the resolution was introduced because the house yesterday afternoon had finally killed the income tax bill.

The senate voted to amend the sulphur gross receipts tax bill reducing the tax from 2 1/2 to 3 per cent and making its provisions to include the following Texas products: Lumber, cement, lignite, iron ore, carbon black and lime.

The house today passed finally the Culp bill making a slight increase on the gross receipts of telephone companies.

One of the most far-reaching measures of the present session is said to be now in course of preparation by a sub-committee of the senate committee on state affairs.

### RETAIL MERCHANTS OF TEXAS TO HOLD NEXT CONVENTION IN TYLER

EAGLE PASS, Texas, May 24.—Tyler was selected as next year's meeting place and W. N. Wray of Dallas was elected president by the Retail Merchants' association of Texas at the closing session of its convention here Wednesday. R. C. Munn of Houston was elected first vice president; E. O. Dean of Orange, second vice president, and Earl Looney of Brownwood, third vice president. W. E. Bevans of Fort Worth and Dan Moffat of Austin were named directors.

After resigning here Cornett went to Ranger, where he was made chief of police. He resigned this position after a short but turbulent reign. The former police captain made the following statement after his arrest: "I am not guilty, that is about all I can say now. I don't know what it is all about. I have sold no whiskey."

### NEGRO HIGHWAYMAN KILLS MAN AND WOUNDS WOMAN.

MEMPHIS, Tenn., May 24.—W. O. Spencer, a chain store manager, was shot to death, and Miss Laura Whitlen Johnson, a school teacher, was wounded early today when attacked by an unidentified negro while they were driving along a suburban road. Both victims were robbed.

The young woman was taken to a hospital where her injuries were pronounced superficial.

### Special Privilege for None, Equality in Law for All

WASHINGTON, May 24.—In an appeal for better citizenship, President Harding today called on the people of the United States to have respect for the law.

"The elaborate machinery of the courts cannot insure justice," he said, "if some individuals aspire to special privileges for themselves or seek to establish a code of their own not prohibited by the letter of the law."

President Harding was a speaker at the convention of the National American Council, a good citizenship organization.

### CORNETT SAYS HIS ARREST DUE TO POLITICS

Former Ranger Police Chief Declare Charge Against Him "Frame Up."

FORT WORTH, Texas, May 24.—Joe M. Cornett, formerly police captain here and former chief of police at Ranger, who was arrested Wednesday on a charge of selling liquor, denies his guilt and declared that "political persecution" was behind the charges. He was arrested at his cold drink stand at 123 East 23 street, North Side, at 8:45 a. m. by Capt. George Hale of the North Side police station. After being locked in the central city jail for a few minutes, he was transferred to the county, where a charge of "selling intoxicating liquor" was filed against him and his bond set at \$5,000. The case was filed in Justice Hal P. Hughes' court. He made the bond immediately and was released at 10:30 a. m.

Cornett resigned from the local police department less than a year ago after failing to find the 100 whiskey stills he alleged were in operation at Lake Worth.

About four months previous to his resignation Cornett shot and seriously wounded W. L. McCandless in a raid on a Houston street rooming house in connection with alleged violation of the prohibition laws.

After resigning here Cornett went to Ranger, where he was made chief of police. He resigned this position after a short but turbulent reign. The former police captain made the following statement after his arrest: "I am not guilty, that is about all I can say now. I don't know what it is all about. I have sold no whiskey."

"I don't know absolutely why I have been arrested, but I have my supposition and that is that I have been 'framed.' It is all politics, I am the victim of a political persecution."

He declined to say who he thought had "framed" him or why he should do it.

### Out of Politics.

"I thought I was out of politics entirely," he continued. "I have that little business out there where they arrested me and a truck garden as my home in Riverside. From them I was trying to make a living and stay out of the limelight."

When Cornett was brought to the city hall Police Commissioner John Alderman ordered that his case be handled the same as that of any other person arrested for the same offense.

### SANITARY CONDITIONS IN CHINESE BANDIT CAMP REPORTED BAD

PEKIN, May 24.—Foreign captives of the Shantung bandits are in grave danger of contracting disease due to unsanitary conditions. A message has been received from Major Allen, one of the two army officers held by the brigands, saying that conditions in the camp are appalling.

In addition to the foreign prisoners, the bandits also hold about 100 Chinese prisoners who are accustomed to sanitary ways, and already disenterly is reported to have broken out among them.

A new idea of the great size of the Leviathan can be gained from the fact that her copper heating coils alone exceed by 50,000 pounds the weight of the 200,000 pounds of copper in the Statue of Liberty.

TWO PERSONS HELD IN CONNECTION WITH FIGHT OUTSIDE CHURCH

M. E. Drake, a minister in the Church of God, which has its headquarters in Cleveland, Tenn., who has been conducting services in a building on South Hodges street for several weeks, was held by Justice of the Peace Fenlaw in bond of \$500.

The evidence at the examining trial did not indicate who had used the knife. Several persons appear to have been mixed up in the scrimmage. R. N. Fitzpatrick, whose wife is a member of the Church of God congregation but he himself is not, was also arrested in connection with the assault and was held by Justice Fenlaw in \$300 bond.

## B. Y. P. U. ENTERTAINED WITH PICNIC SUPPER

The B. Y. P. U. of the First Baptist church were delightfully entertained at a picnic supper Tuesday evening, by the girls of Mrs. Fox's class. They met at the church at 7:30 and went in cars to Palo Pinto creek. They were chartered by Mrs. Perry Fox, Mrs. Bob Hunt and Mr. and Mrs. N. E. Eaton.

## NEW ERA CLUB HAS DELIGHTFUL LUNCHEON.

Fifty representative women from Eastland county clubs, including the president of the sixth district, Miss Minnie Cunningham, and the newly elected officers of the district, Mrs. William Reagan, president, of Cisco; Mrs. G. B. Kelly, secretary-treasurer, of the same town, and Mrs. M. H. Hagaman, first vice president, of Ranger, gathered at the Methodist church Wednesday noon for the annual luncheon of the New Era club.

The tables were in festive array, with quantities of beautiful roses on every table and at the individual places. Dainty place cards with sprays of pink blossoms indicated each place. The luncheon, which was served by the ladies of the Methodist Mission Society, was a delicious three-course menu served in most approved style.

Mrs. John Thurnish, president of the New Era club, was toast mistress and announced the program which contained many original and unusually fine numbers.

The first soloist was Mrs. Vera McNew Whitley, who sang, with marked originality her own arrangement of "The Round Up," accompanied by Mrs. C. S. Bronstad. Miss Florence Alice Palmer, who excels in toe-dancing, gave two beautiful interpretations of the dance in which she was skillfully accompanied by Mrs. Whitley.

Mrs. Thurnish White of Eastland, who has several years' experience in chautauqua work, gave as a piano solo, McDowell's "Eagle," "The Pageant Song," written to announce the coming Eastland county pageant,

which is to be held in that place June 7, 8, and 9.

Miss Minnie Cunningham of Comanche, retiring president of the sixth district, gave a beautiful symbolical talk addressed chiefly to the incoming officers of the district in which she likened the word "toast" to the staff of life, bread, which she hoped would be browned by their fire of ambition, and not burned by the fire of criticism, but that all their plans would be upheld and encouraged by the club members of their district. Mrs. William Reagan of Cisco, newly elected president, made a plea for the full co-operation of all Eastland county club women in the establishment of county units for the better assistance of rural women.

Following the program numbers Mrs. Thurmond White of Eastland talked of the coming pageant and asked the assistance and co-operation of Ranger in making it a success. Those attending the luncheon were: Miss Minnie Cunningham of Comanche, Mmes. William Reagan and G. B. Kelly of Cisco, Mmes. Thirmond White of Eastland, John Thurman, M. H. Hagaman, O. L. Phillips, H. M. Reed, Roger Fenlaw, T. J. Holmsley, Vera McNew Whitley, Charles G. Norton, George K. Taggart, Eben D. Finney, B. B. Whittington, R. W. Thomas, A. I. Riddel, W. C. ## CISCO'S CHAUTAUQUA TO OPEN ITS SECOND SEASON NEXT TUESDAY

CISCO, Texas, May 24.—Cisco's second chautauqua will open Tuesday, May 29, and continue to June 4, inclusive. A fine program has been arranged for the week. The first day will be featured by Farmers' Community Day, the theme being "Is farming a business?" The merchants of Cisco will provide all farmers with free tickets for themselves and families.

Perhaps fifty per cent of farmers today will answer: "Well, if it is it is a blamed poor one." Intelligent discussion, dispassionate thought ought to help.

To this end the Redpath-Horner Chautauqua propose Farmers' Community Day. A feature of this day will be the lecture in the afternoon by Homer C. Boblitt, "Is farming a business?"

This lecture has proven a powerful factor in creating discussion. The big results follow weeks afterwards. The first part of the afternoon program will be given by the Montrose Quartette. This beautiful program of voice, violin, cello, piano, whistling and reading is given by four of the most charming young ladies you have ever met.

Then follows Boblitt's "Is farming a business?" In the evening the Montrose quartette will sing and play again. Then comes Jess Pugh.

A few years ago the Premier Circuit closed with a Joy Night with Jess Pugh furnishing the "joy." Jess Pugh is one of the most finished artists on the platform today as well as one of the funniest men in America.

## STUDEBAKER SPECIAL-SIX TOURING CAR \$1275

Studebaker

## One and One-half Billion Miles of Satisfaction

Studebaker Special-Six owners have driven their cars a total of more than one and one-half billion miles!

This enormous mileage has been piled up in everyday service over every conceivable kind of road and under every condition of weather throughout the world.

And no Special-Six has ever worn out. So far as we know there isn't a single dissatisfied owner. These one and one-half billion miles of satisfactory service prove positively the outstanding merit of the Special-Six.

It is the strongest recommendation possible for dependable performance, economical maintenance and long life. It is striking evidence of the high quality that is responsible for Studebaker Special-Six leadership in fine car sales.

To call a car "special" doesn't make it special unless there is special merit to back up the name. The Studebaker Special-Six is special not only in name but in performance. One and one-half billion miles to its credit are proof positive that it lives up to its name.

The name Studebaker is assurance of satisfaction.

Kellogg's Bran is prepared to do one thing—AND DO IT WELL!  
Kellogg's Bran will permanently relieve constipation, mild or chronic. It is scientifically prepared for that purpose. It is ALL BRAN, therefore it has the necessary bulk to assure results. Foods with a small bran content cannot afford permanent relief.  
When your physician or friends advise you to eat Kellogg's Bran, you follow on for the purpose of eliminating a dangerous clogging-up and toxic condition of your system. You can't afford to take half-way measures! Think of the lost time and the dangers of illness you are daily dodging!  
What you must have is real bran—KELLOGG'S BRAN, and if you will eat it regularly each day you will become a different person within a week or so. Kellogg's Bran, with its natural bulk, sweeps, cleanses and purifies. It not only gives relief, but it regulates the bowels. Every member of your family should eat it—every day—at least two tablespoonsful; in chronic cases as much with each meal.  
Try Kellogg's Bran mixed with a hot cereal, or cook it with hot cereals, adding two tablespoonsful of Bran for each person. Other popular ways are to sprinkle Kellogg's Bran on hot or cold cereals or to eat it as a cereal with hot milk. You can make delicious bakery products with Kellogg's Bran. Recipes on every package.  
Kellogg's Bran is not only nationally sold in grocery stores, but can be had in individual packages in first-class hotels and clubs. Ask for it at your restaurant. Be certain to eat Kellogg's Bran daily for health's sake!

## TY COBB HOLDS OLD-TIME FORM DESPITE YEARS

Manages Tigers, Plays Center Field, Bats Strong and Runs Fast.

DETROIT, May 24.—Tyrus Raymond Cobb, variously dubbed "the peerless one" and "the Georgia peach," is not yet among the bench manager class, despite his 37 years and the thinning hairs on his head. Frequent predictions, first heard when he succeeded Hughie Jennings, as manager of the Detroit Tigers two years ago, that he was through as a player, have failed of fulfillment.

It is a different Cobb who guides the 1923 Tigers from the player who flashed among the major league constellations in 1905, gaining brilliancy and renown until 1911 he became a 420 batter. The speed that gave Cobb a new major league record for stolen bases in 1915, with a total of 98, is waning, but in its place has come craftiness, and because he had so much speed to lose, he still is a great outfielder, still a dangerous man on the paths.

At bat, he is the same "Peach." His eye seems as clear as in his earlier days when he was the bugbear of all pitchers in the league. He continues to meet the ball squarely, and his faculty of driving the ball out of reach of the fielders seem greater, if anything, this year.

From the start of the season he has had the Tigers among the league leaders. Close followers of the game have seen in Detroit the principal menace to the New York Yankees in this season's race. Cobb's heavy artillery is concerned to be the equal of the New York club's "murderers' row," and his pitching staff, considered the principal weakness of the club, has shown surprisingly well during the first month, the veteran Dauss especially appearing near the peak of his form.

Some critics see indications that Cobb may direct his club from the bench soon, in the acquisition of two slugging recruits, Fothergill and Manush, both of whom have been used effectively this year, but Cobb smiles and continues to take his stand in centerfield.

### SAN ANTONIO FINDS WAY TO PROVIDE GOOD RANGE FOR SHOOTING

By CAPTAIN W. H. RICHARD Of Winchester Shooting Team.

One of the most common expressions one hears around the country in general, especially among inactive and defunct rifle and pistol clubs, is that of: "We have no place to shoot." Once in a while there is an exception to any general rule and the place we have in mind is one shining example of such exception.

San Antonio, Texas, is just an ordinary southern city, made up from just ordinary folks, many of whom like any other folk, are composed of a goodly springling of the kind that stop to watch the wild geese flying overhead and who find a certain fascination in the sharp crack of the rifle and pistol, together with their guff and tinnit.

Undoubtedly there were those in the original membership of the San Antonio Rifle and Revolver club who came across with the croak that there wasn't any place to shoot, but there were some birds among the bunch to which this statement didn't mean a thing, for within the city limits, in the middle of a municipal park, is located an up-to-date rifle and pistol range which is easy of access to the whole population both as participants and spectators.

What these people did can be done in many other cities. First off, the chaps who discounted the no-place-to-shoot idea, got in touch with the city and park officials and convinced them that the ranges could and would be made safe and secured permission to prove it, and they did.

The range, composed of four or five 200 and 300-yard rifle ranges and an almost unlimited number of 20, 25 and 50-yard pistol ranges, is made of material costing very little outlay other than the labor of construction. It is built almost entirely from native stones, earth and old timbers, polished off with such equipment as might be secured from the National Rifle association. The arches and butts are all of local construction and precludes any possibility of stray shots getting away to do outside damage. There is no limit to the use of the place and every day finds shooters at practice with always a gallery of interested spectators.

San Antonio folks are justly proud of their municipal range, and well they may be, for it is unique and the only place of its kind, we believe, in the country. Our "no place to shoot" friends will do well to get in touch with San Antonio and find out how it is done.

### RADIO AIDS HUNT FOR KIDNAPED BOY

A general alarm has been sent all over the country, by radio, for the apprehension of the man who lured six-year-old Verner (Dodo) Alexander away from his home in Schenectady, N. Y., by promising to give him a pair of rabbits. The child is the son of E. P. W. Alexander, chief engineer of the Radio corporation of America, who has offered a reward of \$1,000 for his return. The city of Schenectady also offered a similar reward.

"Uncle" Henry Miller of Weatherford, and other influential Pythians at the Grand Lodge. It was a surprise to him, as he had no idea that he was being considered. He promises to do his best to better conditions in the Pythian lodges under his jurisdiction.
