ROTARIANS AND LIONS GETTING READY FOR GAME

Will Play Ball on Decoration Day for Tourist Park Benefit.

The first game of the series between the Ranger Rotarians and Ranger Lions is to be played next Wednesday afternoon in the Municipal park, formerly known as Nitro park. The date of the second game has not yet been fixed; it may depend in part on how anxious the losers may be to obtain revenge. Proceeds of the first game are to be used to improve the tourists camp.

Six to a dozen Lions may be seen nearly every afternoon in the ball park practicing hard for the coming game. Sometimes they are joined by a trio or quartet of Rotarians. It is said the former need practice very much, and that is why they are working so hard. They seem to enjoy it, too. Certainly one cannot help but think so after seeing Dr. Craig and J. M. White cavorting on the field like boys out of school.

Bill McDonald is most active in practice among the Rotarians. Giff Clegg, who is due to pitch for the Rotarians, is getting his arm in shape. It is expected that if he gets back into old-time form the remainder of the Rotarian team will have little to do except bat the ball and make runs. The line-up announced for the Lions is as follows:

Logsdon and Larson, catchers; White, pitcher and captain; Pond and Phillips, first base; Craig, second base; Galloway, shortstop; McGinley, and Terrell, third base; Shaw, center field; Dreby, right field; Savage, left field; Killingsworth, fielder; Jameson, fielder.

EASTLAND, May 25.—Eastland will be host to hundreds of Elks from over West Texas, Saturday, when a class of over 100 men will be initiated during the day. Elk clubs from adjoining towns have assured the local organization that they will be here to assist in the initiation. The large class joining the Eastland lodge consists of several applicants from other towns.

The program arranged follows: 10 a. m. to noon—Registration of candidates, visiting candidates, visiting Elks and their ladies, at the Elks club, Commerce and Rosewood streets. 1 p. m.—Initiation of class of over 100 candidates at Elks club, for Eastland lodge. This initiation will also include a number of visiting candidates who will receive the obligation on behalf of their own lodges—admittance to Elks only.

1:45 p. m.—Start of Elks annual parade, from Elks club west on Commerce to Seaman, north on Seaman to Atlas Supply company, west to Lamar, south on Lamar to the square, crossing the judges stand. Candidates to be marched to the Connellee theatre, for the second degree work.

3:15 p. m.—Second degree will be conferred upon the "Baby Elks" on the stage of the Connellee theatre. Admittance to Elks only.

6:15 p. m.—Barbecue luncheon served at Elks club to all Elks and ladies and winners of the best decorated cars prize.

Prizes will be awarded to the most beautifully and artistically decorated cars and floats, entered by individuals, clubs or business houses, whether Elks or non-Elks. There are no conditions as to color or decorative schemes except that the Elks colors, purple and white, must somewhere be displayed on the car or float. Marshal W. T. Kretz will have charge of the parade.

First prize—Silver loving cup, suitably engraved for the winner at the expense of Eastland Elks lodge. This cup will remain the permanent property of the winner. Now on display at the City News Stand.

Second prize—Red, white and blue ribbons, appropriately inscribed for the winner. Permanent possession.

GERMANS ALARMED BY ACTIVITIES OF ARMED COMMUNISTS BANDS

LONDON, May 25.—The German government is alarmed at reports that armed communist bands are marching on Essen, says a Central News dispatch from Berlin, and has asked permission of the French authorities to send forces of German police from the occupied district to Essen and Gelsenkirchen.

STEEL INDUSTRY MUST HOLD TO 12-HOUR DAY

Gary Says Dearth of Labor Does Not Permit Shorter Work Day.

NEW YORK, May 25.—The committee of the Iron & Steel Institute appointed to investigate the feasibility of abandoning the 12-hour day in the steel industry today reported through Elbert H. Gary, chairman of the United States Steel Corporation, that it could not at this time recommend this step.

Gary made it plain that the committee did not consider this report final, but indicated that any shortening of the workday would create an acute situation in the industry, due to the dearth of labor and shortening of the demand for steel products. The committee also recommended less rigorous restrictions on immigration in order that industry might be able to obtain requisite labor.

Fresh from a Mediterranean cruise that took him to the Holy Land, Gary pleaded for a more general return to the Christian religion as a cure for world ills. He defended the Bible against modernists and urged a broader application of Christian principles. Gary said the present business outlook in the United States appeared to be good.

Soviets Execute Insurgents From Their Own Ranks

MOSCOW, May 25.—Fifteen persons, all of them officials, generals, or noblemen, have been executed as a result of the discovery of a counter revolutionary plot by the soviet party of Georgia, says a dispatch from Tiflis. The names of those executed were not given out, but it was said all were active participants in the movement.

The counter activities in Georgia are alleged to have begun early in 1922, with a combination of five known Bolshevik parties. The plan included a general uprising for last September, which failed when the insurgent bands were defeated with the aid of the peasant forces.

Two Ranger Boys Believed To Have Been Killed In Wreck On T. & P. at Dotan, Thursday

Two Ranger boys, Joseph A. Remonte and Mac McKewen, are believed to have been killed in the head-on collision of two passenger trains on the Texas & Pacific railroad early Thursday morning at Dotan, a few miles west of Cisco.

The identification of neither was possible except by circumstantial proof, both bodies being so badly burned as to be unrecognizable, but a foot of one body that escaped the flames was identified by the shoe as belonging to Remonte, and some electrician's tools scattered about were recognized by John Remonte, a brother, as tools he had given to Joe.

Chester McKewen, brother to Mac, said that his family still had hopes of Mac being alive as it was impossible to identify his brother's body. Wires have been sent up the road to be on the lookout for any one answering his description.

McKeenan was known to have accompanied Joe Remonte and both boys were on their way to Abilene, where they expected to get work. John Remonte said this morning that he had driven the two boys to East-

POINCAIRE IS READY TO QUIT HIGH OFFICE

French Premier Resigns, but President Millerand Refuses to Accept It.

PARIS, France, May 25.—The entire chamber of deputies, with the exception of the communists, gave Premier Poincaré a great ovation today when he entered the chamber for further interpellations on the Ruhr. The communists hooted, but this only increased the enthusiasm of the deputies.

President Millerand refused to accept Premier Poincaré's resignation. Premier Poincaré has been at the head of the French ministry since Jan. 15, 1922. His direction of foreign affairs has been marked by unusual firmness toward Germany, the occupation of the Ruhr being carried out under his directions.

A debate has been in progress in the French chamber of deputies during the last few days relative to his policy in the Ruhr, marked by bitter attacks from the Socialist element. M. Poincaré has maintained that the Ruhr occupation would be unswervingly carried out.

REPRESENTATIVE DODD FALLS UNCONSCIOUS ON FLOOR OF THE HOUSE

AUSTIN, May 25.—Dr. J. A. Dodd, state representative from Bowie county, became over-heated on a resolution opposing the teaching of Darwinism in the house this morning and fell to the floor, unconscious. Immediate medical treatment was given him by Dr. A. R. Shearer of Chambers county, also a member of the house, and other physicians.

Later Dr. Dodd was reported resting easily and his recovery is expected soon. Dr. Dodd became over-heated while speaking on a resolution of which he was a joint author, condemning the teaching of Darwinism, atheism and other theories in the public schools. He had been speaking about half an hour when he suddenly fell to the floor. He was taken to a local hospital.

NEXT LABOR MEETING TO BE HELD IN PORT ARTHUR.

DALLAS, May 25.—Port Arthur will entertain the 1924 convention of the Texas Federation of Labor, winning today over Amarillo.

The concluding meeting passed a number of resolutions, including one asking the city employes in the state to form a union.

land, late Wednesday, in his car, they had supper there together and he had given them money to pay their fare to Abilene. He said he thought the boys must have decided to ride the "blind baggage" for the fun of it, as boys will do.

John Remonte has a radio shop on Pine street and Joe worked with him here, but thought he wanted to visit some other city.

The parents of Mac McKewen live near the municipal park. He is said to have been working as a sign painter.

No new developments in the matter of solving the cause of the split switch which caused the wreck were reported today. Officials of the railroad continue to maintain that the switch was tampered with, but the evidence to sustain this belief appears to be contradictory. Police officials appear generally to think the switch was split by a freight train that had passed out of the siding only a little while before.

Lids On Oil Wells Will Be Closed Down

Operators In Mid-Continent Field to Lessen Production Until Crude Prices Warrant Resumption of Drilling

TULSA, Okla., May 25.—Temporary shut-down of all oil wells in the Mid-Continent oil field was agreed to here today at a meeting of representatives of oil production companies.

Operators agreed that 279 wells now being drilled in Osage and Kay counties would be ordered plugged at the top of the oil bearing sands.

The action taken here today was said to be unanimous and is expected to have the support of the oil men in all the major pools in Oklahoma in order to curtail production.

"The lid is to be clamped down until the consumption of crude petroleum warrants the resumption of drilling," said E. R. Perry vice president and general manager of Cosden & Co.

Railroads Increase Pay of Maintenance Of Way Workers

CHICAGO, May 25.—A group of railroads today notified the United States railroad labor board they had increased the pay of 27,000 maintenance of way workers from 1 to 3 cents an hour. The increases are on the following roads: Burlington, Gulf Coast, Illinois Central, Maine Central, Philadelphia & Reading and the Bangor & Aroostook.

Maintenance of way employees on the Louisville & Nashville filed an application for an increase of 10 to 15 cents an hour. The board set June 11 as the date for hearing petition of maintenance of way men throughout the country.

OLDEST MULE IN WORLD IS FOUND AT WINTERS.

WINTERS, Texas, 25.—There weren't any automobiles, or wireless or radios or airplanes when Queenie was born, and the Spanish-American war had not been fought.

But Queenie is alive today even if she hasn't ridden in an automobile or airplane or listened to a radio. Queenie is a mule—probably the oldest mule in the world—owned by W. S. Davis here. She was 34 years old early this month, having been born in 1889, on the W. B. Ranch in Milam county.

Each of Davis' four sons learned to ride on the old mule and while she is now on the pension list, she may be seen occasionally pulling Davis about the farm in a light cart.

FIVE FAIR MAIDS OF RANGER ASKED FOR EASTLAND PAGEANT

Eastland has asked Ranger to send five young ladies to take part in the Eastland county pageant, which will be staged in that city June 7, 8, and 9. There is to be a princess, three duchesses, and Miss Ranger, from this city, the latter to take part in the tableau of the "Fountain of Ranger."

Miss Florence Alice Palmer, daughter of Dr. W. C. Palmer, has been asked to take the part of Miss Ranger.

The queen and her court will hold sway in Eastland on those three days in June. The Texas Hotel orchestra from Fort Worth will play during the entire pageant.

All Eastland county is invited to make this a success.

BRITISH FLEET IS ORDERED TO DARDANELLES

Greeks and Turks Facing Each Other at River Maritza and Situation Tense.

LONDON, May 25.—Admiral Brock, commanding the British Mediterranean fleet, leaves the Malta naval base today on his flagship en route to the Dardanelles. A flotilla of destroyers will follow tomorrow.

This is the latest development in the Greco-Turkish crisis. Mustapha Kemal, the Turkish commander, has arrived at the front where about 50,000 Moslem troops are concentrated behind fortifications ready to fight if the Greeks cross the river Maritza and attempt to march through Thrace.

FIRST CLASS AT UNIVERSITY TO HOLD REUNION

Thirty Academics Who Entered in 1883 Now Living in Austin.

AUSTIN, Texas, May 25.—Special invitations have been sent out by John A. Lomax, secretary of the Ex-Students' association of the University of Texas, to the men and women who entered the university the first session, 1883-84, to come back to Austin and the forty acres for a reunion, June 3-6. The members of the first class have been designated by the president and faculty of the university as special honor guests at the commencement exercises. They will lead the procession of graduates, marching in front even of the members of the faculty and board of regents, to occupy seats on the platform, while their classmate, Judge J. M. Goggin of El Paso, delivers the principal address to the graduates. They will also have a reserved table at the annual ex-students' luncheon.

From the number of replies received it is expected that many of the members of the first class will be in attendance.

Of the students who entered the academic department of the university in 1886 there are now thirty living in Austin. They are as follows: Miss Mary Lily Alford, Miss Clara Ripah, Rufus Burleson, George N. Burns, John H. Caldwell, John R. Carpenter, Miss Lillian Carrington, Miss Lulu W. GRAND JURY SUGGESTS OFFICERS MAKING ANY SEIZURES OBSERVE LAW

EASTLAND, Texas, May 25.—The grand jury adjourned Wednesday afternoon in session two days, in response to a special call by Judge Geo. L. Davenport, examined thirteen witnesses and returned two felony indictments.

The report to the court contained the following recommendation: "We recommend that all officers making arrests, where intoxicating liquors are found in their possession, that they comply with the law passed by the legislature, requiring that receipts covering the seizure should be issued in triplicate, this recommendation is made at the request of the county attorney, that all officers should familiarize themselves with the provisions of this law."

SAN ANTONIO, May 25.—An airplane which has traveled from the Mexican border to east and north Texas carrying thousands of quarts of liquor has been captured at Sabinal, according to a telephone message from Uvalde, this morning.

PREFERS BAD COMPANY TO GOOD ADVICE; WILL REFLECT IN JAIL

HUGO, Okla., May 25.—Joseph Scott ran afoul of his father, a federal officer, and is held in the county jail to await hearing before the United States commissioner on a charge of violating the prohibition act. The elder Scott said he had warned his son to stay away from bad company, and when the boy failed to heed the warning he had made the arrest.

ROTARIANS WILL ENTERTAIN THE OLD VETERANS

Soldiers Who Wore Blue and Grey to Be Luncheon Guests on Decoration Day.

The Ranger Rotarians are planning to entertain the veterans of both armies engaged in the Civil War of 1862 at their next regular luncheon which falls on Decoration Day. In order that none will be overlooked in the invitation, they will appreciate it if anyone knowing the names of any of the men who followed either the blue or the grey will phone the secretary, J. M. Dodson, at the Ranger State Bank. Luncheon will be served promptly at 12:15 in the Gholson Hotel.

The Rotarians are arranging a snappy program for the meeting, which will include the singing of the war songs of that period, and some of the guests will be called upon to give reminiscences of old times.

The ranks of the veterans are gradually thinning out, and there are not many of them in this vicinity, but all are extended the invitation and if any should happen to see this invitation who do not receive an invitation through the mail they will be just as welcome entertained. It makes no difference if he fought in the front line at Gettysburg or was an Arkansas bushwhacker, the Rotarians want the opportunity to do him homage.

KARL JONES TELLS ABOUT WORK OF RETAIL MERCHANTS MEETING

Karl E. Jones, secretary of the Ranger Retail Merchants association, returning from the convention of the retail credit men at Eagle Pass, Texas, brings word of the action of the convention, which took active steps in fighting all legislation which was designed to increase the taxation of the merchants of Texas.

Mr. Jones said that the convention sent a telegram to Austin expressing its determination to fight all such measures now before the house or future bills introduced for this purpose. The telegram was worded in terms to impress the house of the determination and sincerity of the retail men, and just before the close of the convention the newspapers of the state announced that the senate had gone on record as against further appropriations then under consideration, and also as favoring the cutting down of a number of large appropriations already passed.

This fact was hailed as an important move by the convention, and hope was expressed that the lawmakers would use the same diligence in trying in the future to lighten the tax burden of the people as they had in making appropriations, which the merchants felt were becoming a burden.

Mr. Jones reported a large attendance at the convention and much worth while business transacted. The convention was considered one of the most important ever held in the interests of the retailers of Texas. The meeting was the 23rd annual meeting of the merchants and credit men of the state.

M'KENNA NAMED CHANCELLOR BRITISH EXCHEQUER

LONDON, May 25.—Reginald McKenna, chancellor of the exchequer in the Asquith ministry in 1915-16, has accepted the chancellor of the exchequer in the Baldwin ministry, to take office when he has recovered from a recent illness. In the meantime Premier Baldwin will give his personal attention to the duties of the office.

REVENUE AND TAXES DISTURB LEGISLATURE

Seek Conference With Governor or Get Additional Light On Subject.

AUSTIN, Texas, May 25.—A movement to obtain a better understanding between the legislature and the governor regarding revenue and appropriation measures was started today on the governor's return from West Texas. Delegations from the senate and house conferred with the governor.

No announcement was made of the action taken, but a meeting of the ways and means committee was called for this afternoon to determine what measures should be urged.

In view of the progress made on revenue measures during the last few days it was said the governor might delay action of the appropriation bills on his desk.

Appointment of a non-salaried state forestry commission of 11 members of the house and senate to make inspection of the state's forest reserves and report to the next legislature, was provided today in a resolution adopted by the senate.

The Durham bill to increase the salary of the tax commissioner was killed in the house when the house voted that it did not come within the governor's call.

The senate practically reversed the purpose of the Floyd resolution against passage of further revenue measures and in favor of reducing appropriations when it voted against cutting the appropriation in aid of the rural schools.

FORT WORTH TRADE EVANGELISTS VISIT RANGER SECOND TIME

The Fort Worth "trade evangelists" spent a short time in Ranger today on their way back from the West Texas Chamber of Commerce and from visiting various West Texas points.

The party spent last night in Cisco and today were taken for a ride through Eastland county oil fields. There was no set program in Ranger, but the visitors called on their many friends here and made other friends.

The Fort Worth high school cadet band played several selections during the brief stay here.

CHICKEN RAISERS OF STEPHENS COUNTY VISITORS IN RANGER

Thirty chicken raisers of Stephens county, accompanied by their farm agent and county demonstrator, visited Ranger on Thursday and were guests at luncheon of Mayor and Mrs. B. H. Hodges. An afremco luncheon of chicken a la king, deviled eggs on toast and lemonade was served on the lawn at the Hodges home where the visitors also enjoyed an inspection of their chicken plant. Following the luncheon the visitors were taken to the Dudley, Lackland, McFall and Duffer chicken ranches and to the Slack turkey farm at Irving Heights.

On this tour they were accompanied by R. H. Rush, county farm agent, S. M. Dudley and Dr. Hodges. Mrs. Hodges was assisted in serving the luncheon by Meses. L. L. Neal, Slack, and A. L. Duffer.

PEOPLE OPPOSED TO HIGH VALUATION OF RAILROADS IS CLAIMED

CHICAGO, May 25.—U. S. Senator LaFollette of Wisconsin, speaking today at the railroad valuation conference here, declared the conference had been called to protect the public interest and to take action to require the Interstate Commerce Commission to comply with the valuation law in making valuation of the railroads. More than 300 persons were in attendance.

Mayor Hulen of New York said that if the American government permits the appraisal of the railroads to go to approximately ten billion dollars in excess of previous estimates.

EASTLAND PAGEANT WHICH IS TO OPEN JUNE 7, PROMISES TO BE A VERY BRILLIANT EVENT

By MRS. W. K. JACKSON.
EASTLAND, Texas, May 25.—The brilliant pageant and carnival that will be staged June 7, 8, and 9, Thursday, Friday, and Saturday, celebrating the history of Eastland and county, will be the magnificent spectacle the committees in charge of pageant had hoped.

The representatives of the Chris Ming Production company, Mr. and Mrs. John L. Andrew, held their first business meeting with several committeewomen on Wednesday night, and started things with a swing.

Eastland will soon be gay with stickers and posters announcing the pageant and carnival. Committeewomen have been selected, who will visit every town in the county, early next week, with authority to invite the duchesses from each town, the fair princesses and others of the noble entourage, that will attend the king and queen of the pageant.

The public schools were visited by Mesdames R. H. Bush and J. M. Ferrell, assigned to the high school; Mrs. C. F. Smith to West ward school, Mrs. Eugene Whitehurst the South ward school, and Mrs. Kay Griffin, the private schools of primary children, in the interest of the talent for the tableau and dancing features of the pageant.

Rehearsals are in swing, conducted by Miss Hallie Pritchard, of Houston, who enjoys international fame, and who will direct the dancing for the pageant.

Miss Pritchard is from the Houston, Beaumont and Galveston studios, and is a charming and versatile artist.

The pageant is divided into ten episodes, descriptive of the history of the county and the town, and begins with the day of the Indian and carried thru a gradual series to the last episode, showing Eastland in its modern dress.

The queen is crowned following the final episode. This brilliant pageant, staged on the boards of the open air theatre at Connellee park, promises to be the most brilliant and glittering spectacle seen in this part of Texas. The queen will be crowned on the first night, the big night, of the pageant, but will appear also in the two succeeding performances.

From five to six hundred children and young people will be used in the production, from wee tots in character dancing, such as the Blue Bonnets of Texas, the quaint minuet, to the older groups in Indian dances, Virginia reels and more modern dancing, to the beautiful solo and group work of large numbers of young men and young women.

The dances will be given between

each episode, which they introduce, thru the character of the presentation.

There will be a big ball at the Elks club in honor of the king and queen and their court, following the coronation on the stage at the park. The orchestra imported for the occasion will play for the ball.

HEADACHES! SIGN POSTS OF DANGEROUS CONDITIONS

Headaches are generally symptoms of more dangerous troubles. They often mean that the blood pressure is high to a degree that might prove fatal. Beware of them, especially if accompanied by occasional dizzy spells, labored breathing, offensive breath or general weakness, ringing in ears.

However, since the discovery of Bi-a-lin, high blood pressure can be overcome, for it successfully reaches the cause. It helps Nature herself to reduce the high blood pressure by thoroughly cleaning out the poisons which have caused the heart to overtax itself in its efforts to overcome their harmful effects.

Such remarkable results were reported even in obstinate and long-standing cases, that it was decided to put up Bi-a-lin in convenient tablet form. Get it today and see how rapidly your distress vanishes and a wonderful new feeling of power and vigor arrives. Sold by all good druggists, such as Harman's Drug Store and Texas Drug Store.—(Adv.)

GERMANS EVINCE GROWING CONTEMPT FOR PAPER MARKS

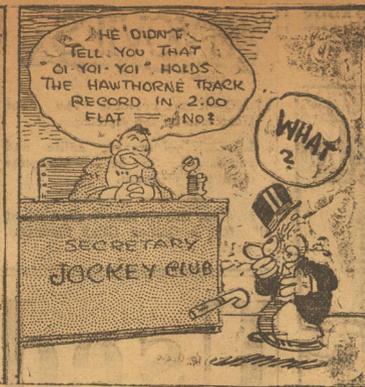

HAMBURG, May 25.—Contempt for Germany's depreciated paper money seems to grow daily, and the public has lost sense of its value.

A gust of wind recently blew five one-hundred-mark bills from the counter of a local marketman. A courteous woman picked up the bills and offered them to the owner.

"Keep them," the man remarked gruffly, "What can I do with 500 marks?"

Although 500 marks at the present rate of exchange are worth only about two American cents, they are the cost of two street car rides in German cities, and will buy three stamps for letters mailed within the German republic.

GAMES HELP TO TEACH RIGHT USE OF ENGLISH

By Associated Press
HALIFAX, N. S., May 25.—Nova Scotia, long regarded as a "well of English, pure and undefiled," today launches a "Better English week drive," with Miss Rosamond M. de Wolfe Archibald, a teacher at Acadia Seminary in Wolfville, as one of the leaders.

Miss Archibald claims to have a brand new system of teaching the spoken word. She has invented a game, known as "corrections."

"One day during the war," she explains, "I realized the swift change from a raw recruit to a finished soldier that a month of military drill produced. Then I saw the amazing folly in our methods of teaching correct speech.

"I called my pupils to their feet, to stand at attention, to salute the flag, and to recite in concert a few correct sentences, drill fashion. Then I sent them forth to correct errors, copying down corrections only of all mistakes detected at home, in school and in public speaking.

"The effect on their speech was magical. In a week of practice we had accomplished what a lifetime of theory has often failed to do.

BIBLE THOUGHT
GOD WILL PROVIDE—Take no thought, saying, "What shall we eat? or, What shall we drink? or, Wherewithal shall we be clothed? But seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you.—Matthew 6:31, 33.

NEW DO'S AND DON'T'S

The psychology of childhood seems to be one of the last things that the wise men have been able to learn. That they are coming into the knowledge at last, even though the process has been slow and painful, is proved by the way in which the youthful point of view is grasped by the American Child Health association. In the comprehensive program of child health and child conservation drawn up by some of the leading experts of the country and of the world—for the Association boasts Herbert Hoover as president, and internationally known physicians and welfare officials are on the board—a very modern wisdom and a remarkable understanding of childhood are shown.

The old adult idea that children should do unpleasant things simply because they are good discipline finds no place in the outlined doctrines of the American Child Health association. Arbitrary "Don'ts" tried and found wanting in child control through so many hundred years, are omitted from the health plans of the association. Games are substituted for cut-and-dried commands, enjoyment for dull rules, and an understanding of the fruits of wholesome living in place of fear of punishment. In the old physiologies, health used to be taught largely through fear of the grim bugaboo disease, rather on the order of the old-fashioned school teacher, ready to pounce upon such children as did not obey his mandates, and punish them. Inevitably, the youngsters arrived at the conclusion that the really important thing was not to get caught. But in the new health program of the American Child Health association, health is portrayed to the child not as a stern dragon, but as a desirable playmate. Children are urged to do the things that will keep them well and strong, and not with threats of the unhappy fate that will otherwise overtake them, but with the promises of the enviable future that will be theirs if they are comrades with health. The boys will be robust; the girls will be more attractive if they are strong; both boys and girls will be able to have an infinitely better time.

For the very little children in the schools there is even a health fairy, who adds the nevertobe-disobeyed mandates of the fairies themselves to the instruction she brings about health. There is a Jolly Jester all in white, with cap and bells, who is able to make the children laugh, and so remember advice about the milk and eggs and open windows. Even to the older youngsters the health talk comes with a pleasant accompaniment of gaiety and good cheer. Naturally, along with all this merriment, there is a thorough-going and comprehensive program of health, including sound information and training in health habits, planned for the child at every stage of his development, from before birth until he is ready to enter the business or college world.

The President-elect of Liberia won on a progressive platform—which probably included an attempted loan from the United States.—Indianapolis Star.

DOG HILL PARAGRAPHS
 By GEORGE BINGHAM

A well dressed stranger is languishing in the iron-bound confines of the Tickville jail this week, under suspicion. It is believed he is a cultured gentleman, as he won't even eat beans with his knife.

In a reminiscent mood today Sile Kildew recalled the fact that there is much more hospitality shown jail prisoners than there used to be in the days back yonder when he used to be put in occasionally. He says they wouldn't even let him look out the window.

Little Fidelity Flinders took dinner at the home of Columbus Allsop Sunday, and when he got up from the table he bragged about what a fine meal it was, because he has been taught to say that every time.

Of course you will purify your blood, you realize the importance of it. Many people, however, overlook the fact that Winter, with its heavy meat diets, has left their blood thick and sluggish. DAILY TIMES SUBSCRIPTION CONTEST AROUSING INTEREST MORE AND MORE EACH DAY

Oh, boy! Have you seen that handsome Ford coupe in the lobby of the Gholson hotel? It is on exhibition there where everyone can see it and is sure to make hundreds of people envious.

This is the grand prize in the Ranger Daily Times circulation contest which is now going on. It has been equipped with double Hassler shock absorbers, large lock steering wheel, motorometer, and sunshade, all of which add almost 100 per cent to the comfort of the car.

Subscriptions either new or old will never again bring in as many votes as they will this week as the special offer of 50,000 additional votes on each and every block of \$30 worth of subscriptions expires at 6 o'clock Saturday night. Just one look at this handsome Ford coupe will make lots of people who have not entered the campaign want to do so, and lots of others who are already in it double their efforts in order to secure the prize.

That wonderful white diamond with the latest style platinum setting, which is in the window of the Davis Jewelry store, is the second big prize in this interesting campaign. It has been on display since the contest first started and is responsible for many new names being added to the list of candidates.

Now, worker—and everyone that is interested—don't forget to save

coupons for yourself and friends. Remember that votes count, and that this is the biggest vote getting week of the whole campaign.

Every subscription, new or old, large or small, carries with it a corresponding number of votes, and every extra vote coupon in the daily paper counts for ten extra votes, in addition to the special offer made at the beginning of the week in this \$30 club plan.

If there is anything candidates or their friends would like to have explained in this contest plan, they can get all necessary information from the Contest Manager at the office of the Ranger Daily Times.

SCRAPPING BATTLESHIPS

PHILADELPHIA, May 25.—Four of the "Eagles of the Sea"—the Kansas, Louisiana, New Hampshire and Minnesota—are being scrapped at the Philadelphia navy yard. These first class battle ships are being scrapped under the provision of the Arms conference treaty. While actual obliteration of the vessels has not been started, the draughts have been stripped of their equipment so they are practically useless as fighting craft. All essential equipment has been removed and placed on other vessels.

Ranger "Safety First" Campaign Being Screened

Moving pictures in surgery will soon appear in Ranger and other cities through the initiative of the oil companies of this locality who have today started a "safety first" campaign.

A fake fire and accident were arranged this morning and the accident "victim" taken to the Ranger General Hospital, where a fictitious operation was performed, attendants and nurses of the local hospital taking charge. The doctors appearing in the picture are W. C. Palmer, W. L. Jackson, H. A. Logsdon and J. A. Shackelford.

MILES MAN GOES TO HOSPITAL FOR OPERATION.

J. S. Copeland of Miles, a neighboring town, who is 72 years of age, underwent a severe bladder operation this morning at the Ranger General Hospital. It was an unusual case, according to reports, and the patient is doing remarkably well.

Plans are being completed for establishment of a new library at Tuila. Arrangements have been made for a room for the institution in the city hall. A library association has been organized with Mrs. J. E. Swepton as president. As the first step toward obtaining a library, a book shower was held recently.

There will be a meeting of the Tri-County Livestock association at Cisco, May 26th, at 2 p. m., at the city hall. ONE MARATHON DANCER DROPS OUT, BUT THE OTHERS DANCING ON

The marathon dancers at the Summer Garden are still stepping at 2 o'clock today, with the exception of Antonio Cardens. The Spanish boy's knees gave way on him this morning at 6:10, forcing him to leave the floor after dancing 92 hours and 10 minutes.

J. E. Rawson, the blond headed boy, has already broken his previous record of 91 hours and hopes to break the world's record of 161 hours which was set a few days ago in Ohio.

William McMillon, who has a record of 105 hours, is still a strong contender. Spark Plug Conklin is showing the same pep with which he started and keeps the audience in a roar with his antics.

Miss Marie Collier, the present world champion woman dancer does not show any signs of weariness as yet. She has a record of 105 hours.

The Ranger endurant, Miss Bess Williamson, who dropped out and began again last Wednesday, declares she is not going to stop until she has passed the 150-hour mark.

The El Paso public library, which has been featuring music circulation, has issued a booklet including entirely early music masters.

When It Doesn't Rain It Doesn't Leak

A LEAKING roof doesn't cause much trouble while the sun shines.

An inferior valve cup can't do much harm in the supply house store room.

Actual oil pumping is the only true test of a valve cup, just as a rainstorm proves the value of a roof. And oil men, old in the field, know that Darcova Valve Cups stand up strongest where service is most severe. That's why you'll find "Darcovas" wherever oil is pumped in greater quantities, at lower cost.

Look for the name. Be sure you get the genuine.
