

TWO GIRLS MISSING FROM THEIR HOMES

FAKE OIL STOCK OPERATORS WILL REFLECT IN JAIL

Real Heads of "Gen. Lee Interests" Get Six-Year Sentences and Fined.

By United Press.
FORT WORTH, June 6.—Punishment for four oil stock brokers, who were alleged to have sold stock on claims of quick riches, was announced today in federal court.
Walter Marks, Chicago broker, whose company handled stock of the General Lee interests was fined \$15,000 today by Judge Benjamin Bledsoe. Nathan Sang, Phillip Goldstein and Max Hurst, who peddled stock for Marks, were each fined \$10,000. The four men pleaded guilty at the outset of the trial of those involved in the affairs of the General Lee company, District Attorney Zweifel said today.
Judge Bledsoe would have given them the jail sentence but the district attorney recommended that they be fined only. The men came to Fort Worth voluntarily and told all they knew.
"A feeling of horror was felt by Judge Bledsoe that the money of widows and invalids was taken by oil stock salesmen," the district attorney said.
Charles Sherwin, H. H. Schwarz and "Gen." Robert A. Lee were sentenced last night. Sherwin and Schwarz, the real heads of the company, were each fined \$15,000 and sentenced to six years in prison, and Lee was fined \$5,000 and sentenced to serve one year.

SHRINERS ELEVATE DYKEMAN OF BROOKLYN TO IMPERIAL POTENTATE

WASHINGTON, June 6.—Conrad V. Dykeman of Brooklyn, N. Y., today was elevated to the office of imperial potentate of the Ancient Arabic Order Nobles of the Mystic Shrine.
WASHINGTON, June 6.—Clifford Ireland, Peoria, Ill., today was elected imperial outer guard in the divan of the Mystic Shrine. Ireland won the place over three other candidates. His election means that he will be imperial potentate in eight years by right of succession.
Conrad V. Dykeman of Brooklyn, imperial deputy potentate, will be imperial potentate, succeeding James S. McCandless of Honolulu.
Kansas City won the 1924 Shrine convention. It will meet on June 4 and 5 of next year.

FEDERAL AGENTS SEIZE COUNTERFEITING GANG IN NEW YORK

NEW YORK, June 6.—Thirteen men were arrested and \$2,000,000 of bogus government stamps, used in labeling whisky, were seized by operatives of the United States secret service in two raids last night at the places where the stamps were made.
Chief Operative Palmer, who conducted the raids, declared the men were flooding the country with fake labels. Dies and printing equipment were also seized.
WASHINGTON, June 6.—The arrest of 13 men in New York and the seizure of counterfeit revenue stamps, medical prescriptions and withdrawal permits was declared by Chief Moran of the secret service to have been one of the most successful raids in months by the service.
Moran charged that the men had been working for several groups, one of which was the manufacturer of concoctions of liquor, and another to obtain medical liquor from druggists and the third to make withdrawal permits to obtain liquor from bonded warehouses.
LAWMAKERS ASKING IF ANOTHER SESSION COMING
AUSTIN, June 6.—Whether the governor will call a fourth session is a question which legislators are seeking as the hot days approach. Some believe he will and are preparing to stay. A number of legislators have taken cottages at Deep Eddy, a summer resort on the Colorado river.
Jokingly, some members say that they are going to send for their overcoats as a fourth session is a certainty if the appropriations are to be reduced to come within the revenues of the state.

Special Night at Methodist Revival for Young People

Tonight will be special night for the young people at the Methodist revival service. The first part of the service, beginning at 8:15 o'clock, will be given over to young folks of high school age, and the high school yell leader will be in charge. Rev. H. B. Watts, who is conducting the services, will preach his famous sermon, "Birds of a feather," and the entire center section of the church will be reserved for the young people of the city, all of whom are cordially invited to attend this service.

Gasoline Filling Station Building Permit is Sought

J. Grienek Wishes to Operate at Commerce and Main Streets.

J. Grienek appeared before the city commission yesterday to ask for a permit to erect a gasoline filling station on the north corner of Commerce and Main streets, opposite the Texas and Pacific railroad freight station. He was advised to return with the building specifications in writing before the permit could be granted.
On the interrogation of Commissioner Brown if such a building would increase the fire insurance rates in the neighborhood of the filling station, Chief Chapman said it would not if the specifications of the building codes are followed.
Mr. Grienek said there would be absolutely no wood in the station building. In urging his claims, he said he intended to illuminate the corner to make the "city look lively to the people going through the city on trains."
He said his company would be known as the Ranger Motor company and the owner of the lot adjacent to the property now occupied by a tailoring shop is to erect a modern building on Commerce street to be occupied by his tire and accessory business. At present the lot is occupied by only the stone face of a building.
CONVICTED OIL PROMOTERS SENTENCED TO PENITENTIARY
DALLAS, June 6.—Wade Chancellor and B. H. Peeler, convicted of mail fraud Monday night, were sentenced to serve one year each at Leavenworth today by Judge Atwell. A fine of \$1,000 was also assessed against each man.
These convictions and sentences came as the first blow of the government in its campaign against fake oil promoters.

Paper In Every Home

Ranger Daily Times, Leading Newspaper in the Oil Belt, Carries All the Local News and All the Big News Of World Events.

Only little more than three weeks remain of the time allotted to the circulation campaign now being waged by the Ranger Daily Times, in which a Ford coupe as first prize and a diamond ring as second prize, have been offered to those bringing in the largest number of subscriptions.
As the weeks go by and the contest gets keener, it becomes evident that the Times has found a solid place in the hearts of the people and the subscriptions will bring happiness to many a solicitor because of the liberal commission offered these volunteer workers who are introducing the paper to the homes of the city of Ranger and vicinity.
The Ranger Daily Times is a paper free from all discriminating entanglements, which can be read by any member of the family with profit and without harm. The Times seeks to offer to its readers the best of local, state and international news, without sensationalism, but with adherence to truth and justice. It is a servant of the people. Not of a few of the people but of all of them, and as such should be in every home of the city of Ranger and vicinity.
State and international news may be read in the papers of other cities sold here, but the news of Ranger, in all its phases can best be read in the Ranger

CITY MUST ECONOMIZE TO BRING MONTHLY EXPENSES WITHIN CURRENT INCOME

POLICE RIGHT ON TRAIL OF LAWBREAKERS

Mayor Hears "Gang" Threatens Reprisals and Announces He Is Ready.

Mayor Hodges informed the city commission yesterday afternoon it has been passed down the line that lawbreakers "are going to tantalize us in every way they can." By "us" he meant the police department.
"Who has done that?" queried Commissioner Brown.
"Some of the gang here," he said. He didn't mention any names. He thought the police department know who have made the threats. He said he understood the threats were made because of police activities. Interference with illicit liquor business was mentioned as one cause for bringing the alleged wrath of the violators down on the authorities.
"Because they can't sell their whiskey openly they threaten to strip cars and sell what they can," the mayor said. "We are going to get them, and if they think we are not, they have a surprise ahead."
"Haven't we an ordinance that requires junk dealers to file a report every day?" asked Commissioner Brashier.
"The thieves can get around that by taking their stuff to other places," Mayor Hodges replied.
"There are a lot of fellows living here, who haven't done anything for ages, who haven't any visible means of support," said Commissioner Teal. "The idlers should be arrested and put to work."
Regarding stolen pipe lines, Mayor Hodges said that nearly all of it is being stolen outside the city limits. "They are dumping the pipe in Eastland, Cisco and Breckenridge," he said. "Our police are doing good work," commended Commissioner Teal. "They round up these thieves and send them to Eastland and there they are turned loose," he said critically.
DALLAS.—E. O. Jones, first assistant chief of the Dallas Fire department, has celebrated the twenty-third anniversary of his connection with the department. Jones has risen from a private to his present position in that time. He went to work with the department on June 1, 1900.

Street Cleaning Bill Must Be Cut in Half. Cost of Water Plugs Regarded Too High. Commission Considers Ways and Means.

Wading into the May financial statement for all of the city departments, which showed a deficit of \$649.53, the city commission, in its search to put the city on a better footing, decided upon two things, yesterday.
To halve the cost of street cleaning, which is now \$400 a month. To ask M. H. Hagaman, president of the Ranger Waterworks, to attend the next meeting of the commission with the idea of reducing, if possible, the water costs for each fire plug, which is now \$4 a plug.
Economy Measures.
Still other economy measures have been already put into effect to keep the city out of debt. The rental on the building and lot used as the city's police station and jail has been reduced from \$50 to \$25. The number of firemen, including the chief, has been reduced from six to five men.
The city commissioners also gave notice that all of the bills presented for payment from each department will be carefully scanned. Nearly 40 minutes were spent by the commission in studying and discussing the expenditures of each department.
"We will have to shave everything down," Mayor Hodges said in presenting his economy measures.
"Yes," added City Commissioner Teal, "the city is still paying boom prices for everything."
Several of the bills presented were ordered itemized and investigated to see if a better price could be obtained for the same items in the future.
Expense Excessive.
Mayor Hodges, in bringing to the attention of the commission that the expense of cleaning the streets was greater than the city can afford at present, said it would be necessary to cut the expenses of this work in two.
"We are having the streets cleaned every night," he said. "My idea is to have half of the streets cleaned to-night and the other half tomorrow night."
Street Commissioner Brashier said that he would take up with J. A. Pitcock, of the Ranger Sanitary company, the manner of having it done and to see if it could be done satisfactorily.
When the item of \$247.40 for water for the fire department was reached a general discussion of the cost followed. Fire Chief Chapman, who was present, was asked how many fire alarms the department answered during May. He said there were eight alarms. Commissioner Brashier expressed the belief that \$4 a plug was too much for the city to pay. The discussion was ended when Fire Chief Chapman told the commissioners that able-bodied men, who run to fires, never offer a hand to extinguish the fire. The water plug costs was again brought up later when the commissioners agreed to ask Mr. Hagaman to be present at the next commission meeting.
Report for May.
The total city expenses for May amounted to \$4,408.49 and the receipts, \$3,758.96, and were divided as follows:
Administration expenses, \$202.91; receipts, \$2,652.56.
Police department, expenses, \$1,181.42; receipts, \$977.20.
Fire department, expenses, \$1,252.50.
Street department, expenses, \$1,176.45; receipts, \$45.
Sewer, including inspector's salary, \$255.56.
Public welfare department, \$356.65; receipts, \$84.20.
The administration expense does not include the salary of the city secretary.

SULPHUR TAX BILL ENGROSSED IN SENATE.

AUSTIN, June 6.—The Quinn sulphur tax bill was engrossed by the senate, today, 18 to 8, after the committee report carrying amendments to include tax on cement, lumber and other natural resources was defeated. The tax was reduced from two and one-half per cent and passed in the house at two per cent.
C. E. CONVENTION OPENS IN SHERMAN
By Associated Press
SHERMAN, June 6.—The thirty-fourth annual Christian Endeavor association convention opened here today. Nearly 1,000 delegates and visitors are expected to attend the convention which will last through until next Monday.

Volunteer Fire Fighters Wanted. Apply to Chief

Fire Chief Chapman told the city commissioners that with his department undermanned he would like to see men who are able to give the department aid when a serious fire menaces the safety of a neighborhood.
In describing conditions at a recent fire, he said not a single man made an effort to put the fire out. "On a conservative estimate, there were about 40 able-bodied men at the fire," he asserted.
The department was recently reduced to five men, including the chief. He said that there are really four men at the station daily with one man taking a holiday once a week. This, he said, is barely enough to take out the equipment.
Eight fire alarms were answered in May, his report said.

DAINTY GIRL TURNS BANDIT, ROBS AND KILLS

Drives Away From Tragic Scene Waving Revolver; Police on Trail.

By Associated Press
CHICAGO, June 6.—A dainty girl appearing to be scarcely out of her teens is today being sought as a bandit and murderer in one of the most extensive drag-net surveys ever made by the police.
One arrest, that of a young man, was made today. He is being held for questioning, the police believing he knows the identity of the girl.
The girl, accompanied by a young man, held up, robbed and then killed Richard C. Tesmer, an insurance adjuster, last night when, accompanied by his wife, he returned home from a drive and was about to drive into his garage. The girl ordered them to hold up their hands, keep still and surrender their money. Mrs. Tesmer gave a cry when the male bandit attempted to force her wedding ring from her finger, and Tesmer started to her rescue. Without a word, the girl swung her pistol around and fired one shot. Tesmer falling dead.
Jumping into Tesmer's car the girl is said to have driven away, waving fier revolver as she went. The abandoned machine was found a short time afterwards not far away.
The girl was described as young, quiet pretty and dressed in fashionable clothes. The young man with her is also said to have been fashionably dressed.

GERMANS MAKE NEW OFFER OF REPARATIONS

Offer to Pay Billion and Half Gold Marks Annually.

By United Press.
BERLIN, June 6.—The life of Chancellor Cuno's cabinet depends much on the reception by the allies of the new reparations offer made to them. In the face of continued friction because of failure to reach some satisfactory arrangement for the payment of reparations and the freeing of the Ruhr from French and Belgian occupation Chancellor Cuno has made a new offer which should reach the allies today and will be made known by them. The substance of the offer is said to be as follows:
Payment of about \$1,500,000,000 gold marks annually.
Settlement of exact conditions to be left to the international conference.
Contents of the document to be officially divulged upon receipt by the allies.
OFFER TO BE CONSIDERED AT ALLIED CONFERENCE.
By United Press.
PARIS, June 6.—The new reparations offer by Germany will be taken up this afternoon by the French and Belgian conference which was called to meet to consider conditions in the Ruhr. Cuno's latest proposal is to pay 1,500,000,000 gold marks annually.

BELGIANS PROPOSE MUCH LARGER ANNUAL PAYMENTS.

By Associated Press
NEW YORK, June 6.—What is stated to be the official abstract of the Belgian proposal on German reparations was published today in the New York World and was to be discussed today by the French and Belgian conference. According to this abstract the Belgians place the total amount of reparations to be collected at forty billion gold marks, making the German payments work out 2,800,000,000 gold marks each year.
To meet these payments the revenues of German railroads, special monopolies and coal mines are proposed.
MITCHELL INDIFFERENT IN FACE OF EXECUTION.
By Associated Press.
WACO, June 6.—Roy Mitchell, given the death penalty in six murder cases, refused to comment when today told that the court of criminal appeals had refused to consider his appeal. He apparently was unconcerned at the news of the higher court, showing the same indifference as he did at the hearing of his case.

POLICE HOLDING TWO MEN FOR QUESTIONING

Tonkawa, Okla., Notified to Be on Watch for Eastland County Lassies.

Lured from their country homes at Cheaney, 10 miles southeast of Ranger by the honeyed words of two men, two girls still in their teens, one 14 and the other 17, described by the police as "innocent country girls," were being sought today by the Ranger police in Tonkawa, Oklahoma. Two men, believed by the police, to have been instrumental in the girls leaving home, were captured by the Gainesville police as they were attempting to cross the Red river into Oklahoma about 9:30 o'clock this morning. The pair, both married, one the father of two children, and the other of one child, were detained on information furnished by the police. When the Ranger department was in communication with Gainesville about 10 o'clock, the two men were being questioned by detectives about the whereabouts of the two girls.
Deny Knowledge of Girls.
The men denied knowing anything about the girls, according to the Gainesville police. An effort was to be made to break down their story of ignorance, the Gainesville police said.
Description of the girls was given over the phone to the Tonkawa police at 11:30 o'clock.
The parents of the girls, Winnie Lee Harper and Odessa Acern, are heartbroken over the girls' disappearance, according to the uncle of the Harper girl, Zach Harper. Fear that they may have fallen into the hands of unscrupulous persons was expressed by the uncle. He kept close to the police station for several hours this morning, in the hope that word might be received telling of the whereabouts of the girls. He told the police not to spare any expense to locate the girls. He vowed punishment on the persons responsible for the girls' disappearance.
Will Prosecute Men.
"If those men in Gainesville enticed the girls away from home, I'll see that they are prosecuted," he said.
The two men were seen with the two girls Sunday afternoon, it was told the police and Mr. Harper by eyewitnesses. The fact that both men were found in Gainesville this morning convinces the police that they know where the girls are.
Once the girls are found and if they have suffered any hardship during their stay away from home, they will tell everything, one of the officers said today. If the two men had a hand in their disappearance, the police are confident, the girls will testify against them.
The girls were known to have headed for Tonkawa on confidential information, furnished the police. The Acern girl had only \$4 when she left home, while the Harper girl was penniless, according to the girls' families.
Fails to Answer Call.
The Acern girl was the first to be noticed missing. About 10 o'clock Monday night, William Acern, an invalid, called for Odessa to get him a glass of water. She failed to answer. The father called to her brother and asked where Odessa was. He, too, called, but no answer. The Acern boy immediately started for the home of the Harpers to see if she were staying at the home of her girl chum, Winnie. The Harper family, too, was looking for the daughter. A general alarm was sounded in the neighborhood. The families could not believe that the girls would run away. Winnie's mother is dead.
The police were notified Tuesday afternoon and the department began checking up on the movements of the two men suspects. It is thought the girls were brought to Ranger in an automobile, then taken to Fort Worth, either in the auto or on an early morning train. From that city the police believe they were bought tickets for Tonkawa over the Santa Fe railroad. The men, the police believe, were following in autos and had reached Gainesville when apprehended.
LEADING KNOX COUNTY CATTLE RAISER DIES
By Associated Press
FORT WORTH, June 5.—T. H. Burnett, 74, prominent cattleman and brother of the late S. B. Burnett, died at his home in Benjamin, Saturday, according to word received here today. He had suffered a stroke of paralysis one year ago.

For Cleaner City

Clean Up Campaign Must Have Willing and Definite Help From All Citizens to Make It Success.

Success of the efforts of the men and women who want to see the city cleaner will be contingent upon the generosity and spirit of co-operativeness on the part of all those who have it within their power to help. There won't be any money available to employ laborers, teams or trucks. This much was made evident when the finance and civic committees of the Ranger Chamber of Commerce met yesterday afternoon in the chamber offices.
B. F. Bennett, secretary of the chamber, explained that his organization, because of the fact that it is paying off the debts of last year, cannot assist financially in the campaign, set for next Monday, Tuesday and Wednesday.
"We'll have to depend upon the generosity of the people," Gifford Clegg of the civic committee said.
C. W. Harless and M. K. Collier of the finance committee and E. E. Crawford of the civic committee, took part in the discussion. Sanitary Officer Wade Swift told about the clean up campaigns of the past.
To arouse the citizens to the work at hand, the members agreed was the principal thing to be done this week.
At the commission meeting yesterday afternoon Street Commissioner Raymond Teal asked the commission if the two city teams could be used during the campaign. Unanimous consent was given for the horses to be used.
Commissioner Brashier suggested that the teams be used on the day following the end of the "clean up" as advertised. "There is always rubbish left standing," he said. "I know that after the last clean up, there were complaints of that kind."

ROTARIANS DISCUSS PUBLIC UTILITIES AT WEEKLY LUNCHEON

Public utilities were discussed by Rotarians M. H. Hagaman and Gifford Clegg at the Rotarian luncheon today. They referred especially to water and electric service, although Rotarian Hagaman pointedly prefaced his remarks by noting the U. S. mail service as one of the most important of the public utilities, so important that it had been taken over by the government.

Rotarian Arthur G. Jury presided, but this does not mean that President Gus Coleman was absent. He was to speak on ice making as a public utility, but the hour was up before he had a chance.

Rotarian Walter Temple of Dallas, a guest of the club, made a brief but entertaining talk on the work of Rotary Clubs.

Rotarian Pitecock announced the personnel of the Rotarian Ball club that is to play the Boy Scouts. Some chagrin was shown by Rotarians who had played against the Lions, they fearing that their defeat at that time might have kept them off the team to play the Boy Scouts. It was announced how the matter will be settled.

DOG HILL PARAGRAPHS
 By GEORGE BINGHAM

Frisby Hancock says one trouble about buying anything for your wife is that there is nothing you can get her that will also do for you to use, at times when you need it.

Quite a large and enthusiastic audience witnessed the weighing of a cow at Bounding Billows Friday morning of this week.

The editor of the Tickville Tidings says when he finds that a subscriber is losing interest in his paper and is threatening to stop it, he just writes a little something nice about him.

SAN ANTONIO, June 6.—Taking roll call in a number of the Texas jails might help to solve the problem of missing Italians, according to C. K. Shafer, immigration inspector in charge of the San Antonio office, referring to the matter of 120 Italians reported to the Italian embassy at Washington as missing.
 Shafer said that four Italian immigrants are being held in jail at San Antonio and about 30 at Laredo, on charges of seeking illegally to enter the United States. They are being held for deportation.

Impressive Buildings of National Jewish Hospital for Consumptives at Denver

PLANNING FOR ONE OF THE LARGEST JEWISH CONVENTIONS IN AMERICA

The twenty-fifth anniversary of the National Jewish Hospital for Consumptives, at Denver, will be observed in 1924. In order to discuss an adequate celebration a Convention of Subscribers is being arranged for June 22, 1923. The National Hospital for Consumptives has 500,000 Jews contributing to its support. During its existence it has aided 4,000 patients.

ARMY RECRUITING FOR MEDICAL DEPARTMENT BY PARTY IN RANGER

A recruiting party of the United States Army reached Ranger about noon today and will have representatives here for the remainder of the week. The party recruiting is for the regular army medical department and is accepting applicants for assignment to Ft. Sam Houston, Texas, at San Antonio.

A medical officer, Dr. E. B. Bibb, is in charge and will examine applicants and swear in those who are accepted. Sergeant Hooker and Sergeant Baxter will be assigned to operate in Ranger. They will be found on Main street with the United States motorcycle.

Young men between 18 and 35 years of age with some technical training in a trade or high school training are especially desired, but a place can be found for others.

DAIRYMEN NOTIFIED MUST AERATE MILK

Complaints made to the sanitary inspector, Wade Swift, by certain individuals that they had been receiving sour milk from certain Ranger dairymen, led that officer to instruct all dairymen selling milk in the city to begin aerating their milk at once. All of those so advised agreed to do it, he said in his report presented to the city commission yesterday afternoon.

The sanitary officer said he found all of the dairies, ten in number, aerating except three.

All of the dairymen have been instructed to take out city licenses. Three have done so already, the report said, and all have said they would.

HONOR BRINGS CLARA PHILLIPS BACK

Mrs. Clara Phillips

Clara Phillips, alleged California "hammer murderess," brought back to this country from Honduras to serve a prison term for the slaying of Alberta Meadows, has sacrificed her freedom for her honor, she declared. "I know people won't believe it," she sobbed, "but I am returning to live in a grim prison because I thought more of my honor than of my freedom." A high Honduran official, she added, had offered her freedom and safety if she would consent to become the mistress of his palatial mansion. She told him that she would rather be in a prison cell in America. The "tiger woman" is confident of proving her innocence.

R. H. QUINN COMES TO RANGER AND OPENS SUBURBAN GROCERY

Confident that a suburban grocery will pay well if a complete and fresh stock of groceries and meats are car-

ried, the W. P. Brooks grocery store on the Blackwell road, opposite the Chestnut & Smith main office has been opened by R. H. Quinn, formerly of Cisco, with the intention of increasing the stock and giving special sales. Mr. Quinn has taken charge

and has moved in some stock that he formerly had at Cisco, where he had a grocery business for some time. The business is owned by Quinn and Wier.

Mr. Quinn, who is a native of Georgia, said he will have the goods and prices that will rank with any of the downtown stores.

A fresh line of vegetables and meats can be cared for in a large refrigerator. He will also sell fresh milk daily.

Mr. Quinn is married and has one son and one daughter, the former living in Oklahoma and the latter is married.

The statement by zoologists that monkeys despise alcohol is hereby referred to W. J. B. for analysis.—Detroit News.

SPORTS GIANTS WHEN WINNING CAN'T GET BIG CROWD

BY HENRY L. FARRELL
(United Press Sports Editor)
NEW YORK, June 6.—New York has always been a hard crowd town to figure. It is primarily an amusement seeking city, with assorted ideas on what is amusement. The same rules that hold in other big cities do not apply to New York. Professional football, which goes big in the Middle West, was a bust in New York, where it was figured that anything would get a crowd. New York supports two six-day bike races a year, and they wouldn't draw any more than a laugh in any other big town.

Promoters who have been successful in New York generally work on the theory of "giving 'em a winner" in anything they like, but this does not always work, as is being shown now in the case of the New York Giants.

Manhattan fans have turned away from the Giants and are favorable to the Yankees with their patronage. Considering that the Giants are world champions and that in two world series engagements they have made the Yanks decidedly inferior, it is difficult to figure the change in heart.

If the main idea is to look at a winner, the Giants certainly ought to get more patronage at home than their American league rivals, because the Giants are not only the greatest team in the major leagues now, but many former players, managers and old fans regard McGraw's present team as one of the best balanced and greatest clubs of all times.

If the attendance had fallen off in the Yankee stadium as it has at the Polo Grounds this season, it would be plausible to figure that the New York fans were getting tired of championship teams, like the Philadelphia crowds did back in 1914, when poor business forced Connie Mack to break up one of the greatest teams of all times.

At one time the American league club in New York was scoffed at and ridiculed and fans boasted that they were Giant rooters. The rabid partisanship began to slip away as soon as the Yanks got Babe Ruth, and now the same fans are just as rabidly boosting the Yanks.

"FLIVVER PLANE" PROVES A SUCCESS

Lieutenant George Barbot's demonstration of his motor-glider, or "flivver plane," as it has been nicknamed in this country, at Roosevelt Field, New York, has practically proved his contention that the day of general airplane travel is not far distant. The tiny monoplane, weighing only 300 pounds, attained a speed of 70 miles an hour on a gallon of gasoline. The French aviator put it through severe tests, and it answered each time, just as it did in its recent flight across the English Channel. Barbot has stated that the plane, which has a 15-horse power motor, can be manufactured in quantity for less than \$400.

ALLEGED MONARCHIST PLOT FOUND

Duke of Orleans

Turmoil in Paris has followed the discovery of an alleged monarchist plot to overthrow the French republic. Following outrages perpetrated in the French capital by a secret organization known as "Peddlers of the King," M. Maunroy, minister of the interior, announced in the chamber of deputies that proofs were in hand of the activities of a royalist organization, spread throughout France, directed against the life of the republic. The royalists, it was stated, had planned to place Louis Phillip Robert, Duke of Orleans, and Pretender to the French crown, upon the throne yielded in 1871 by Napoleon III, with the title of Phillip VIII. The Duke is a member of the Bourbon family and is in exile in Belgium.

PAPYRUS WINS BRITISH DERBY CLASSIC EVENT

By Associated Press
EPSOM DOWNS, England, June 6.—Papyrus, owned by B. Irish, today won the derby stakes, the British empire's greatest turf event. Pharos was second in the race and Parks came in third.

A field of nearly 30 horses contended for the blue ribbon and the rich stakes. George Archibald, an American jockey, rode one of the favorites.

No event in all the world is so dear to the heart of the English sports-loving public as the derby. For 143 years this famous turf classic has

POLICE MUST BE PROTECTED FOR THE COSTS

Persons Seeking Aid to Recover Property Expected to Pay Bills.

When anyone finds his automobile is stolen and he goes to the police station to ask the aid of the police to find it, he will get the assistance of the department for local investigation, but if he wants the police to wire or phone authorities of surrounding cities and towns, he will be expected to foot the bills.

Mayor Hodges, acting as police commissioner during the absence of Dr. C. O. Terrell, while reading the financial statement pounced upon the item under the police heading, "So. W. Bell Tel. Co., \$31.05." "This will have to be stopped," he said. "I know of persons going to the station and asking that other towns be told of their auto being stolen. That is what sends this phone bill up."

"People will go down there and when they are told they must pay they go away cussing the police," said City Secretary Ringold. "Let them blame the mayor and commissioners," said Commissioner Brashier.

Commissioner Teal told how the police department of Bizbee, Ariz., treated persons asking for aid for stolen autos. He said the department would be glad to wire and phone authorities of any number of cities and towns, and also to have

brought out all the finest horseflesh in the British Isles and has furnished thrills to mighty congregations of people from the time of Charles, III to the present. There is nothing in the United States to compare to it in size or the almost sacred regard in which it is held by the public. The English race-goer would consider it a sacrilege to miss a derby.

SO IS MINE

It's a Nice Idea but

ALL men aren't equal and neither are all valve cups. Far from it. Two of either may look alike at the start. It's only after they've been going awhile that the difference hits you between the eyes. You see then that genuine Darcova Valve Cups are putting oil in the pipe line after the other cups have worn out. While you are pulling out and recapping the other valves at a big expense of time, labor and lost oil, the Darcova Cups are working along as well as ever and earning good money for you. You want trustworthy men and those trustworthy Darcova Valve Cups. It pays to be particular. Look for the label, and insist on getting genuine Darcova from your dealer.

DARCOVA VALVE CUP

printed circulars but the auto owner must leave enough money at the station to cover the entire cost. The El Paso police department used the same system, he said.

Commissioner Brashier recommended that the plan be used here. "Let them put up the money to cover the costs and if anything is left, rebate it," he said.

THURBER AND OLDEN TO PLAY SUNDAY AT OLDEN

THURBER, June 6.—Thurber will play the Magnolias Sunday afternoon at 3:30 o'clock on the Olden grounds. Texas Christian university will come here Saturday. Scott and Tankersley, who will be the battery for the university Saturday, will soon come to Thurber to play with the home club.

COLORED FOLKS PLANNING EMANCIPATION DAY FETE

A group of colored citizens, in a petition presented to the city commissioner yesterday afternoon, asked for the use of the Municipal and Child Welfare parks for June 19, which is Emancipation day. A celebration will be held.

The petitioners promised they would clean up the parks and make good any damage resulting from the use of the grounds on that day. The matter was referred to Commissioner Brown, who has supervision of the city parks.

EX ACTRESS GOES TO PARLIAMENT

Mrs. Hilton Philipson

Mrs. Hilton Philipson, formerly Mabel Russel, English beauty and actress, has been elected to the house of commons, in England, over two men candidates—a liberal and a laborite. She won the seat formerly held by her husband, from Berwick-on-Tweed, as a conservative. Philipson had previously been disqualified because of illegal acts on the part of his agent during the November general election, and a bye-election had been ordered. Mrs. Philipson joins Lady Astor and Mrs. Margaret Wintringham as active women members of parliament. She has three children.

TWO MEN CLAIM INFANT AS OWN

Mrs. Laura Hutchings & daughter Frances.

Little Frances D. Hutchings, the six months old daughter of Mrs. Laura Hutchings, of Berkeley, Cal., attractive waitress in a restaurant there, is the cause-belli between Walter Mason, the "chef sheik" of the little college town, and John Hutchings, husband of the woman. Each man claims that he is the father of the child. Hutchings has gone to court to fight for the infant.

BURNING TRASH AND GRASS IN CITY UNWISE

Fire Chief Says Carelessness of Some Makes It Dangerous Practice.

"Cussedness," is the term Fire Chief Chapman applied to the exhibition of some people in burning trash and grass within the city limits, in his report for May, submitted yesterday for the consideration of the city commissioners. The fire chief who was present to urge the adoption of a national building code for the city, amplified his report with a few personal experiences with careless persons.

The chief asked the commissioners to assist the department in getting the matter before the public. Mayor Hodges suggested inserting advertisements in the daily newspaper, warning all that the department will burn grass under suitable conditions and that care must be exercised if it is done by individuals. "Anything that will get results," answered the chief. "We desire to call to your attention," the fire report bearing on care-

lessness said, "the fact that there is an unusual amount of carelessness or 'cussedness' exhibited in regard to the burning of trash and grass in our city, which is becoming more prevalent each day, and is a menace that should be curbed to the fullest extent, and we ask you to assist us in getting this matter properly before the public, thereby obtaining their assistance and co-operation."

SECOND CARBON BLACK PLANT BEING BUILT.

BRECKENRIDGE, June 6.—Work has started on the Texas Carbon industries carbon black plant on the Akers farm, three miles north of Breckenridge. It is said the plant will cost approximately \$500,000, and will be the second carbon black plant to be completed in Texas. It will be finished in 100 days, it is believed.

The plant is to be of the modern channel type and when completed will consume about 12,000,000 cubic feet of gas daily. A track to the plant is now being built.

The first unit will employ about 60 men. The offices of the company have been located in the First National bank building.

The first carbon black plant to be started in Texas is that of the Parks Producing company, near Parks. It is not yet completed.

Boils
 S.S.S. will prove to you in your own case the "how" and "why" of its remarkable Blood-Cleansing Power!
 There is a reason for everything that happens. Common-sense kills misery. Common-sense also stops boils! S. S. S. is the common-sense remedy

The last one gone

for boils, because it is built on reason. Scientific authorities admit its power! S. S. S. builds blood-power, it builds red-blood-cells. That is what makes fighting-blood. Fighting-blood destroys impurities. It fights boils. It always wins! It fights pimples! It fights skin eruptions! It builds nerve-power, thinking power, the tight-fisted power that whips a man up into success. It gives women the health, the angelic complexion and the charm that moves the world! These are the reasons that have made S. S. S. today the great blood-cleanser, body-builder, success builder, and it's why results have made tears of joy flow from the souls of thousands! Mr. V. D. Schaff, 557 15th St., Washington, D. C., writes:

"I tried for years to get relief from a bad case of boils. Everything failed until I took S. S. S. I am now absolutely cured, and it was S. S. S. that did it."

Try it yourself. S. S. S. is sold at all good drug stores. The large size is more economical.

S.S.S. makes you feel like yourself again

To Star In Europe

Florence Macbeth, a daughter of the Royal House of Scotland of that name, and now prima donna of the Chicago Opera Company, who has been engaged by five European opera houses—the Opera Comique and the National Opera, Paris; Monte Carlo; Barcelona, Spain and Stockholm, Sweden—to appear in the title role of "Lucia di Lammermoor" this summer. Her portrayal of this role in Chicago was the sensation of the past opera season.

"High Blood Pressure Is Not a Disease," Says Physician

Tells of Discovery of New Method of Treatment.

A well-known physician who has made an extensive study of the subject of blood pressure emphatically states that it is not a disease. He says, "It is a symptom and a most significant and important one at that." Its presence is and should be a constant warning to the medical man to search for the real cause. High Blood Pressure always means Danger. It is an early warning of worse to come if the signals are not heeded.

If you suffer from headaches, have attacks of dizziness, vertigo, shortness of breath on exertion, sleep poorly, wake up frequently and get up always tired; if you are low-spirited, prone to worry, have occasional attacks of neuralgia, neuritis, or muscular pains, if your heart palpitates, you may be suffering from high blood pressure. And the presence of high blood pressure means you are absorbing poisons from wastes that lie too long in the intestines.

This same physician has discovered a way to treat high blood pressure that has been universally successful in thousands of clinical cases. He has discovered a formula that stimulates the bile which is Nature's great antiseptic and regulator. With the bile in a normal healthy condition, the body throws off the poisons quickly and good health is the natural result.

Now that thousands of tests have proved the efficacy of this treatment, it has been put up in convenient tablet form and is dispensed by druggists under the name Bi-a-lin.

It is absolutely harmless, easy to take and is wonderfully quick in its results. The American distributors have authorized local druggists to dispense Bi-a-lin with an absolute guarantee to return the full purchase price if you do not get wonderful relief from the use of the very first bottle.

Harrison's Drug Store and Texas Drug Store.

SAVED SICK SPELLS

Black-Draught Found Valuable by a Texas Farmer, Who Has Known Its Usefulness Over 30 Years.

Naples, Texas.—"I have used Theford's Black-Draught for years—I can safely say for more than 30 years," declares Mr. H. H. Cromer, a substantial, well-known farmer, residing out from here on Route 3.

"I am 43 years old, and when a small boy I had indigestion and was puny and my folks gave me a liver regulator. Then Black-Draught was advertised and we heard of it."

"I began to take Black-Draught, and have used it, when needed, ever since. I use Black-Draught now in my home, and certainly recommend it for any liver trouble."

"I have given it a thorough trial, and after thirty years can say Black-Draught is my stand-by. It has saved me many sick spells."

Mr. Cromer writes that he is "never out of Black-Draught," and says several of his neighbors prefer it to any other liver medicine. "I always recommend Black-Draught to my friends," he adds.

This valuable, old, powdered liver medicine is prepared from medicinal roots and herbs, and has none of the bad effects so often observed from the use of calomel, or other powerful mineral drugs.

Be sure to get the genuine, Theford's.
