"REMEMBER YOUR CREATOR" SAYS BRYAN

WAR MENACE IN NEAR EAST BETWEEN GREECE AND TURKEY APPEARS TO HAVE BEEN AVERTED

Conference at Lausanne Arranges Solution of Reparation Problem Between Them; Situation at Front Looks Serious.

LONDON, May 26.—The war menace between the Greeks and Turks is believed to have been averted by the conference at Lausanne, according to dispatches, which stated that the reparation problem that has been the recent bone of contention between Greeks and Turks had been virtually settled.

LONDON, May 26.—Faced with the alternative of war, the Turkish and Greek delegates at the conference showed a more conciliatory mood today at the special conference called this morning to discuss the dispute between them. The conference was somewhat disturbed by the reports of military activities from the Near East. It is said the Greeks had been threatened, but would look for proposals for settlement of their differences with the Turks.

FRENCH WARN GREEKS TO EXPECT NO AID

PARIS, May 26.—The French government has asked Great Britain and Italy, through their ambassadors in Paris, to join with the French in making urgent representations at Athens to the effect that the allies are determined not to become involved in a conflict between Greece and Turkey, and would not prevent the Turkish army from crossing into Thrace, nor permit the Greek fleet to enter the Dardanelles.

SITUATION AT FRONT IS LOOKING SERIOUS

CONSTANTINOPLE, May 26.—Allied admirals and generals were in conference here today to discuss the patrol of the Dardanelles in the event the Greeks carried out their threat to wage war against the Turks. Reports from the front where opposing troops are mobilized indicate the situation there is serious.

GERMAN INDUSTRIALS READY TO HELP IN REPARATIONS LOAN

LONDON, May 26.—It is stated that the Federation of German Industrialists has informed the German government that members of the federation are preparing to give the requisite guarantees for an international loan for reparation purposes, says a Reuter's dispatch today.

TEXAS PECAN GROWERS
PLAN BIG CONVENTION.

BROWNWOOD, Texas, May 26.—Problems of Texas pecan growers will be given a thorough going-over when the Texas Pecan Growers' association meets for a three-day session here May 28, 29, and 30, according to announcement by Oscar D. Gray of Waxahachie, secretary of the association.

It is planned to have Aaron Sapiro present to lay the foundation for a great pecan growers organization and a co-operative movement among the growers.

A barbecue is being planned for the 500 visitors expected. This would be held on the famous Carpps pecan orchard near here. Daily demonstrations in pruning, budding and spraying will be given by competent instructors.

Among those scheduled to address the gathering are Prof. F. R. Brisson of the Texas A. & M. college, Dean E. J. Kyle of A. & M. college and others prominent in pecan raising.

FINED FOR FIGHTING.

Charles Johnson, negro porter at a local hotel, was arrested and fined \$15.70 in police court last night for fighting.

LEGISLATURE MAY FIND WAY FOR PROCEDURE

Ways and Means committee Is Working Out Program for Next Week.

AUSTIN, May 26.—Both branches of the legislature adjourned Friday until Monday in order that the joint senate and house ways and means committee might work out a program of procedure next week and be able to adjourn sine die next Saturday night.

This committee will recommend passage of the Coffee gross production tax on oil bill fixing the tax at 2 1/2 per cent, which would mean \$1,250,000 additional revenue annually, and relieve the depression in the state treasury.

Two other bills were killed by the house committee, these being the Culp delinquent tax bill and the Patman bill placing a tax on commission merchants.

TURKEY MAY ARRANGE SEPARATE TREATIES IN GRANTING PRIVILEGES

LAUSANNE, May 26.—Negotiation of separate treaties between Turkey and other nations to determine the privileges of foreigners in Turkey was agreed upon today by the political committee of the Near East conference as a solution of the long-standing dispute.

Treaties must be negotiated within a year, it is understood. Turkey meanwhile maintaining the status quo.

SEVENTH VICTIM OF TRAIN WRECK DIES IN FORT WORTH.

FORT WORTH, May 26.—The seventh victim of the head-on collision of two Texas & Pacific trains at Dothan, Thursday morning, was reported today when Robert F. Edwards, 17, of Fort Worth, died in a local hospital.

HOUSTON, Texas, May 26.—Now that interest in marathon dancing, waffle eating, coffee drinking, dish-washing, piano playing and other indoor sports has about played out there comes the announcement of an All-Negro Swimming Marathon.

The present negro swimming record is 10 hours and 20 minutes and was established recently in the Gulf of Mexico. The attempt to break the present record will be made here May 27 when Houston negroes will contend for prizes totaling \$20 in gold. Rumors of a "dark horse" entrant have not been confirmed.

WORLD'S RECORD FOR MARATHON DANCING MAY BE BROKEN BY ONE OF DANCERS EXHIBITING HERE

Tonight at 12 o'clock Miss Marie Collier of Dallas, one of the marathon dancers at the Summer Garden, will break the world's long distance dancing record for women. At the same hour Sunday night one or more of the dancers will break the world's record for a man of 161 hours and 15 minutes. According to those in charge, it is highly possible that Ranger will establish a new world's record for both man and woman.

Thousands of people from all over the country are keenly interested in the dancers and the Summer Garden is packed from early morning until late at night.

"Spark Plug" is still the popular favorite among the men and Miss Marie Collier is winning more admirers each hour.

J. E. Rawson, of Dallas, usually keeps the crowds roaring with his funny dances and "unique doings." W. E. McMillan of Los Angeles came in for his share of the applause last night when he got all pepped up and

NICE EASY WAY TO BE PROVIDED FOR TRAVEL TO THE NORTH POLE

STOCKHOLM, May 26.—A new type of motor-sleigh designed to provide the comforts of a Pullman car for polar explorers has been experimented with in the Arctic regions of Sweden and is now being perfected by the inventor, Mr. J. W. Sandstrom, chief of the Swedish weather bureau.

Mr. Sandstrom in an address just delivered before the Swedish Physics society declared that polar exploration ought to be raised from the level of hazardous sport to that of well-equipped scientific research. The explorer needs swift and reliable means of transportation, a dependable plant for the preparation of food, a comfortable bed, a table at which to work, a dark-room for developing photographs etc., and these advantages are

all provided by the new motor-sleigh.

This new vehicle is an adaptation of the principle of tank. Sufficient supporting area is given to the caterpillar treads to carry a three-ton cargo over loose snow several feet in depth. A 36-horsepower gasoline motor propels this strange craft at the rate of seven miles an hour. The interior of the car is fitted with folding beds, patent kitchen, and other special equipment which a scientist needs in a sheltered place. It is planned to have similar motor-sleighs in the explorer's train for the transportation of fuel and supplies.

Preliminary experiments with the new motor-sleigh have been carried on in deep snow near the town of Boden in northern Sweden.

SUTTON NAMED ACTING "PREXY" OF UNIVERSITY

He Will Be Member of Texas Tech Locating Board.

AUSTIN, Texas, May 26.—Dr. W. S. Sutton, dean of education in the University of Texas, was late Friday named as acting president of the university, following the vacancy caused by Dr. Vinson's resignation, which becomes effective June 30.

By this election Dr. Sutton, well known in Texas pedagogical circles, will act as a member of the board to locate the Texas Tech college.

The board of regents at the University of Texas was in session here Friday, considering matters in connection with awarding degrees at commencement, the need of new buildings on the campus and filling vacancies in the faculty for next session. There were two absentees, Fred W. Cook of San Antonio, and L. J. Wortham of Fort Worth.

Dr. Sutton is one of the best known educators in Texas. He is dean of the faculty for the past 20 years. He is one of the most popular in the university faculty among the students.

Previous to coming to Austin, Dr. Sutton was superintendent of the city schools of Houston. The selection is meeting with general approbation among the friends of the university at Austin.

SUNDAY COMMUNION AT ST. MARY'S EPISCOPAL.

The Rev. Frank H. Stedman will begin regular services at St. Mary's Episcopal church on Sunday with a celebration of the Holy Communion at 11 o'clock. As Mr. Stedman is to serve several parishes in the immediate vicinity, of which Ranger is one, he will only be here at intervals of three or more weeks. It is expected that a large congregation will greet him Sunday morning.

FIVE FOREIGN GOVERNMENTS ENTER PROTEST

Insist Their Ships Have Right to Bring Liquor For Their Own Use Into Port.

WASHINGTON, May 26.—Five foreign governments already have made known to the state department their position in regard to the recent supreme court ruling against the presence of liquor on foreign ships coming within the three-mile limit.

Besides a written communication yesterday from the British embassy, the department has received the views of the Spanish government in writing, and the views of the French, Italian, and Dutch governments have been presented orally to Secretary Hughes.

These five countries take a similar position in calling attention to the inconvenience resulting from the court decision and point out that freedom of commercial intercourse between nations is threatened.

Great Britain's position on the ships' liquor question, as communicated to the state department Friday by the British embassy, is understood to be based on a contention that American port authorities have no jurisdiction in international law over liquor brought into American waters as a part of the regular supplies of foreign vessels.

While this principle apparently conflicts with that recently laid down by the supreme court, indications are increasing that the treasury department has found a way to reconcile the two by permitting ships under foreign registry to list the wine rations of their crews as a part of the medicinal stores allowable under the law.

In the new regulations now being drafted, treasury officials are said to have taken due cognizance of the fact that the opinion of the supreme court made no mention of the medicinal liquor clause. Some officials are known to hold this clause to be broad enough to protect liquor stocks from confiscation if they are placed under the charge of the ship's doctor when a vessel comes inside the three-mile limit.

WOMAN DECLARES HER CONDUCT HAS NO STAIN

ST. LOUIS, May 26.—Mrs. Jeanette Pennington, divorced wife of John A. Hine, today emphatically denied that she had ever had improper relations with Roger Hornsby of the St. Louis Cardinals, champion batsman last year of the National league. She said she had known the ball player, but had been in his company prior to her divorce.

WARNING!

Advertising space is being sold in Ranger for a wall card, presumably to show good will to the labor unions, and it appears the impression is being left with many by the party soliciting advertising that the plan has some connection with the Ranger Times.

The Ranger Times has no connection with the wall card advertising scheme and the party selling space on it has no connection with the Ranger Times, which knows nothing of them or of their work.

WAR CLOUDS AGAIN SPREAD OVER EUROPE

Greeks and Turks Are Getting Ready to Fight; Communists in Ruhr.

War clouds were spreading over Europe today.

The Greeks and Turks have begun martial preparations. At Athens preparations for war are being openly rushed. Officers and troops have been called in from leave. The opposing forces on each side of the River Maritza are being strengthened and the Turks are concentrating troops brought up from Angora at Tzhatzaja.

Turkish women and children are reported fleeing from Andrianople in anticipation of an advance on that city by Greek forces.

Communists are looting and pillaging in the Ruhr valley.

Baptists to Use Tee-Pee Building For Bible School

Three hundred people attended the baptismal services of the Central Baptist church Friday evening at Gulf Lake, four miles northeast of Ranger. There was plenty and to spare at the supper hour, good fellowship, and three additions to the church at the service.

Announcement was made that the Tee-Pee building, across the street from the T. & P. station had been secured for the Bible school of the Central Baptist church. This building is being prepared for occupancy.

The Business Men's Progressive class of the church will meet Sunday morning at 9:30 o'clock at Odd Fellows hall on North Rusk street. The Bible school and preaching services of the Central Baptist church will be conducted in the Liberty theatre Sunday morning and evening.

MAINTENANCE OF WAY MEN REQUEST INCREASE

DETROIT, May 26.—Increase in wages for practically all its approximately 400,000 members throughout the country have been asked by the United Brotherhood of Maintenance of Way Employees and Railway Shop Laborers, according to an announcement at national headquarters of the union here. The requests for re-establishment of the wages paid under the Railroad Labor Board's decision Number Two, from July 1920, to July 1921, and the request is made that the increases be retroactive to February 15, this year.

Increases already have been granted this class of workers on 17 railroads of the country, while 28 other cases have been filed with the Labor Board, it is announced.

In announcing the step the Brotherhood headquarters declares that a recent survey showed two out of every three maintenance of way men to be in debt because of low wages, that but one in every seven has a bank account, and that half of them are without life insurance. During the last year, it is declared, the average worker of this class spent but \$28 for clothing, while 6.3 cents a meal for each person in the family was the average food allowance of the average worker.

The statement goes on to say that since July 1, 1920, maintenance of way employes have accepted pay reductions of 21 per cent, while the other classes of railroad labor have been obliged to accept reductions of from 8.8 to 11 per cent.

FRENCH EXECUTE ALLEGED HEAD OF "MURDER GANG"

DUSSELDORF, May 26.—Albert Schlager was executed today by French troops today for sabotage on the railways in the occupied region and for other offenses. He was shot in a stone quarry adjacent to a cemetery and the body delivered to the cemetery authorities.

This is the first execution in the occupied zone. The French regarded the former Prussian officer as the chief of the so-called "murder gang" that has been carrying on a campaign of terror throughout the occupied zone.

CROPS ABOUT RANGER IN FINE CONDITION; PROSPECTS ARE GOOD

Crops in the Ranger vicinity are in excellent condition as there has been just the right amount of rain to keep a good season in the ground and at the same time permit the farmers to keep their land worked.

Most of the cotton is up and looking fine, while the corn and maize is several feet high and promises to make a bumper crop.

The harvesting of wheat and oats will begin within a few days.

A new thrasher and engine is standing on the T. & P. tracks to be unloaded Monday. Although a large grain crop was not planted this year, there will be several thousand bushels of wheat and oats harvested around Ranger.

One farmer south of town estimated that his fall oats would yield 50 bushels per acre. Garden vegetables will be coming in within a few days, and it will be only a week or two until home grown watermelons may be had.

COMMUNISTS AT ESSEN LOOT WAREHOUSES

Strike in Ruhr Valley Appears To Be Gaining Intensity.

ESSEN, May 26.—Bands of communists have attacked and looted the warehouses here and overran the market place. Most of the stores throughout the city have been closed.

The strike in the Ruhr inaugurated by the communists is gaining in numbers and now includes thousands of iron and steel workers in addition to the miners previously out. The latest to join were 20,000 employees of the steel works at Kemschaid, near Elberfeld, whose demand for a 50 per cent increase in pay was refused.

The communist commission of control today still was holding the police headquarters at Gelsenkirchen, which it seized early yesterday.

Negotiations are continuing among the burghmasters and French authorities for establishing a workers' police force.

Serious damage was inflicted upon the Rhine-Herne canal last night, according to German sources, by the explosion of a large mine said to have been laid in Ruhrort harbor by German nationalists. The damage, the Germans say, is sufficient seriously to affect transportation, as it is draining the water from the harbor, which holds many barges loaded with coal ready for the French to transport down the Rhine.

The French authorities minimize the damage, saying it is unimportant.

GREAT BRITAIN WILL TRY TO KEEP RUSSIA ON FRIENDLY FOOTING

LONDON, May 26.—Great Britain has decided there shall be no break with Russia. It is held in diplomatic circles that while the latest note from Moscow is not wholly satisfactory, the remaining points of dispute are susceptible of solution by negotiations.

The government of Prime Minister Baldwin, it is known, desires to begin its career hampered with as few international problems as possible. It is understood that Russia will be informed that Great Britain is disposed to discuss the whole question at a conference to be held in London in the near future.

T. & P. OFFERS REWARD FOR GUILTY PARTIES

DALLAS, May 26.—A reward of \$5,000 was offered today by the Texas & Pacific for the arrest and conviction of the person or persons responsible for the wreck of the two passenger trains Thursday morning in which six lives were lost. Officials of the railroad are convinced that the switch was tampered with, thus sending one train that was scheduled to continue on the main track into a siding where another train was waiting for it to pass.

COMMONER IS MOVED TO WARN THE RAILROADS

Speaks at Conference on Lower Valuations of Railways.

CHICAGO, May 26.—Railroads of the country were "warned" today by William Jennings Bryan to "remember your creator," in an address before the national conference on lower railroad valuations.

"Every railroad corporation should have this quotation at the head of its letter paper, 'remember now your creator in the days of your youth and your life shall be long,'" said Bryan, who declared that the country had made the railroads and the corporations were trying to enslave the country.

Bryan feared power may be centralized.

CHICAGO, May 26.—William Jennings Bryan, in an address today at the railway valuation conference, called by La Follette and various so-called progressive blocs in and out of congress, declared he did not like to think of government ownership of the railroads of the country but feared it might be forced on the country.

Twenty-four years ago, he said, he had suggested government ownership, but he now feared the centralization of power in Washington.

Bryan suggested the organization of trunk lines with divergent lines owned by the states; he thought some such plan might be worked out. He said his fundamental position was stated in the democratic platform written 24 years ago when it stated: "Private monopoly is intolerable and indefensible."

Bryan was introduced by La Follette, who referred to him as the greatest influence outside of Wisconsin for reconstruction of the government in behalf of the people.

School Board of Ranger Will Meet Monday Afternoon

The Ranger school board is to meet at 2 o'clock Monday afternoon to receive and open bids for the construction of a new school house at Merriman.

These bids have been advertised for and bidders instructed that they must submit their figures by 2 o'clock, Monday afternoon, May 28.

It is hoped that work on the Merriman school building may be begun as soon as possible so it will be ready for occupancy when the next school term begins. While two members of the school board have been restrained by the court from acting as trustees pending hearing of a contest of their election, the board yet has a quorum qualified to act.

DENBY SAYS NAVY MUST BE MAINTAINED READY FOR DEFENSE

NEWPORT, R. I., May 26.—Warning that the navy must be kept ready for defense in a world full of menace was given today by Secretary of the Navy Denby to the naval academy graduating class.

"At no time in history has there been greater need for close study to maintain the navy at a high state of efficiency," he said.

LAWMAKER FIGURES THAT DOCTORS WOULD CONTRIBUTE

AUSTIN, Texas, May 26.—Representative Davenport of Bexar county, estimated the state would receive more than half a million dollars annually in revenue under terms of a bill proposing to tax physicians, surgeons and other practitioners. Under the bill, a \$25 annual occupation tax would be charged licensed physicians and doctors, and a \$50 tax for those not licensed by the state medical board.

Davenport said today it is estimated there are more than 5,000 physicians and practitioners who are working in Texas under the license exempted class. This class would be required to pay \$50 annually.

BIBLE THOUGHT
HOW TO WIN:—Trust in the Lord, and do good; so shalt thou dwell in the land, and verily thou shalt be fed.
 Commit thy way unto the Lord; trust also in Him; and He shall bring it to pass.—Psalm 37:3, 5.

LINKING THE UNITS.

The steamship West Cahous, lying at anchor in Baltimore harbor, about nine miles from the city, needed medical aid at about 3 a. m. recently and needed it quickly, say the U. S. Public Health service. A member of the crew had fallen into the hold and hurt himself seriously. So the captain of the ship sent a wireless broadcast asking help.

The call was picked up, not in Baltimore, nine miles away, but at Cape May, N. J., about 100 miles due east of Baltimore. As Cape May was separated from the West Cahous by parts of New Jersey and Delaware and the eastern shore of Maryland, not to mention Delaware and Chesapeake bays, no direct help from it was possible.

But the operator was on the job. Promptly he consulted the long distance list in the Baltimore telephone directory and called up the residence of the Public Health service surgeon in charge of the Marine hospital in Baltimore, 100 miles to the west. The surgeon, roused from sleep to receive the message, asked him to radio certain emergency treatment to the West Cahous and to direct the captain to send a boat to a certain pier in Baltimore, where he would find a surgeon waiting to go out to the ship with him.

And so, in the middle of the night, in less than an hour, a wireless controlled, sea going ambulance carrying a Public Health service officer reached the side of the injured sailor and brought him later to the hospital.

It is difficult to tell whether the recurring rumor that Woodrow Wilson is going to be a candidate for the presidency is intended as an encouragement for the Republicans or as a discouragement to the Democrats.—Detroit Press Press.

After a few more executions the Soviet will be able to get a unanimous vote from the Russians. The opposition can't survive the firing squad.—Philadelphia Record.

New York needs several thousand immigrant girls each week—girls who can cook. These girls are not coming. Horrible thought! New York may have to learn to cook for itself!

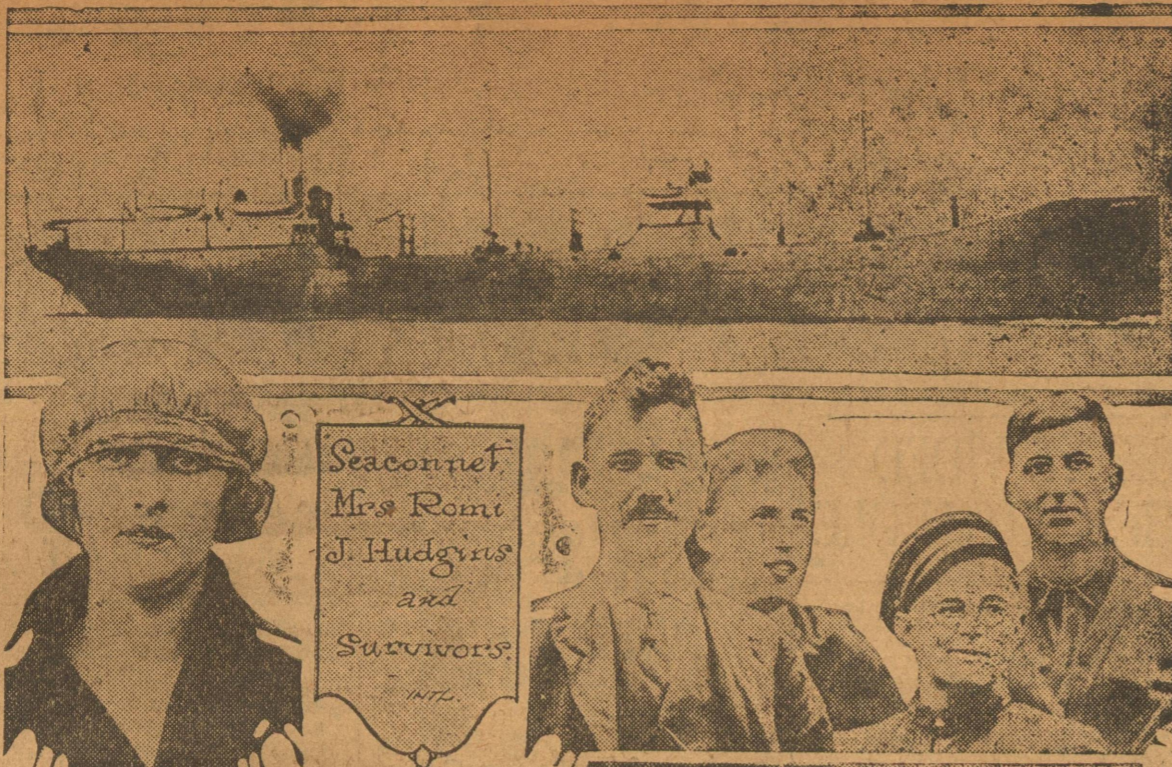

Here is the Standard Oil company saying that \$1 gasoline would ruin the Standard Oil interests. But it would boost La Follette's presidential boom sky high.—Dallas News.

General George W. Goethals believes that coal consumers have been gouged, and so far no coal consumer has risen to try to change the general's mind.—Indianapolis News.

We guess Vic Donahey must be pretty well convinced by this time that none resign, but we suppose he clings tenaciously to the hope that a few may die.—Ohio State Journal.

Lord Curzon observes that any fool can make war, and the tough part of it is there is usually a fool around to do it.—Detroit News.

SEVEN LOST IN SINKING OF VESSEL

Seven lives were lost when the converted collier Seaconnet sprang a leak off Vinyard Sound Lightship and sank before aid could reach her. The revenue cutter Acushnet picked up some of the survivors, who had taken to the small boats. Mrs. Romi J. Hudgins, wife of the third mate of the ship, the only woman on board, was praised for her gallantry for taking her place with the men in baling out the lifeboats. Captain James J. Miller, of the Seaconnet, is shown at the left of the group of survivors. The ship was owned by the New England Fuel & Transportation company, and was en route from Norfolk Va., to Boston.

ONE PARTICIPANT FINED IN FREE FOR ALL FIGHT

L. R. Winiger, one of the participants in the free-for-all fight which took place a few nights ago on South Hodges street, was convicted of fighting yesterday afternoon in the city court, and fined \$10 and costs. It is alleged that he joined in a fight in which the Church of God minister, M. E. Drake, and A. O. Womble had become engaged.

YOUNG MAN BITTEN BY POISONOUS SPIDER

Vesster Grubbs, son of Mrs. C. T. Christopher of Ranger, was bitten by a spider late yesterday at Kirky camp near Eliasville and brought to this city this morning. He was taken to the Ranger General Hospital. It is not thought that the bite will prove fatal. Grubbs had only recently started to work for the Mid-Kansas company as a linesman.

ROYAL NEIGHBORS MEET TONIGHT

The Royal Neighbors meet Saturday at 7:30 o'clock at Odd Fellows hall. All members are urged to be present.

DENTON—Approximately 1,500 farmers from north Texas counties took part in the annual barbecue of the state agricultural experiment station here recently. Inspection of the experiment plant occupied most of the time.

DOG HILL PARAGRAPHS
 By GEORGE BINGHAM

Quite a political sensation was created in Tickville Thursday morning when the tax-payers observed a load of gravel being placed on the street in front of the mayor's residence.

Atlas Peck who several years ago bought a lightning rod, has had to take it down, as it has got so it tines in on the jazz concerts going through the air after bedtime each night.

Salem Barlow looks all dressed-up and prominent in his new neck-tie, and he wears it whenever he plays his banjo, because that is the only time anybody ever pays any attention to him.

ROMANCE ATTENDS BIG WEST TEXAS CONVENTION.

MIDLAND, Texas, May 26.—Miss Anna Mae Patterson, who went to San Angelo as Miss Midland, left there as Mrs. Guy Cowden. Her husband was a member of the committee from Midland that escorted Gov. Pat M. Neff from Midland to San Angelo and rode in the car with the governor. The wedding, which took place Wednesday, was a surprise to the friends and relatives of the couple.

Miss Patterson left Sunday for San Angelo, with Mr. and Mrs. Henry M. Half as chaperone, to take part in the pageant as Miss Midland. Mr. Cowden left Midland Monday with the governor and Midland boosters.

Wednesday Miss Patterson and Mr. Cowden, accompanied by Dee McCormick of Midland and Miss Lillian Gary of Big Springs, went to the parsonage of the Rev. Mr. Buchanan of the First Methodist church, formerly of Midland, and the ceremony was performed.

Mr. and Mrs. Cowden left immediately for the Davis Mountains, where they will spend a honeymoon as the guest of Mr. Cowden's sister, Mrs. M. O. Means.

Rhine Romance Fades When French Pilots Guide Boats

By Associated Press.

BINGEN-ON-TH-RHINE, May 24. Prosaic pilots in blue from the Seine have taken the romance out of certain German fairy stories of the middle ages, and shattered legends of the Rhine which have stood for many centuries. The mysterious currents of the Lorelei, famed in song and story, and in Germany as well known almost as Old Father Rhine himself, have been conquered by the French without a struggle.

When the French and Belgian occupation of the Ruhr began scores of grizzled German boatmen who steered powerful tugs and traifing barges through the treacherous channel which swirls about the great rock Lorelei, quit their jobs at once as part of Berlin's passive resistance.

Thereupon, persevering Frenchmen looked over the task ahead of them. Boats on the river must be kept going and coming as part of the occupation program. None of these pilots from France had heard of King Rhine's fairy daughter, of her golden hair and silvery voice which charmed all navigators so that their boats were smashed against the rocks, and their bodies wafted away to fairyland. Therefore they could go to work unhampered.

Modern methods were quickly applied by the Frenchmen. The river's depths were taken, tricks of the channel were recorded, and within a month the French were guiding freight boats by the Lorelei just as if they had done so all their lives.

GRAFTING PROCESS TRANSFERS PERFUME TO ODORLESS PLANTS

PARIS, May 26.—Professor Daniel of Rennes appears to have discovered a process which will cause to come true Shakespeare's verse: "A rose by any other name would smell as sweet."

By taking two plants of the same species and grafting one on the other, notably a wormwood on a chrysanthemum, he found that only the grafted wormwood developed remarkably, but its flowers gave off a perfume much more powerful than that of the original plant. Moreover, the chrysanthemum had given to the wormwood flower something of its own scent.

Professor Daniel collected the seeds of the grafted wormwood and the following year obtained from them some very fine plants. Some perfumed flowers were grafted on plants that heretofore had no scent at all and the result has been that the product of the grafting smelt like the original.

VICTORIA, B. C.—Plans to establish a new game reserve in British Columbia to be known as the Bowron Game Refuge, have been approved by the game conservation board of the dominion government.

STARTLING DISCLOSURES IN POISON-PEN MYSTERY

Mr. and Mrs. Allan A. Ryan

George Maxwell

Startling exposures, involving men and women at the top of the social ladder in New York, Philadelphia and Boston, are expected to follow the indictment by a New York City grand jury, of George Maxwell, immensely rich music publisher and president of the American Society of Composers, Authors and Publishers. Maxwell, who is now in Europe, is hurrying home to combat the charges made by Allan A. Ryan, financier and son of Thomas Fortune Ryan, that Maxwell is the author of a series of letters received by Mr. Ryan, coupling Maxwell's name with that of Mrs. Allan A. Ryan in an uncomplimentary manner. Scores of other persons high in social life have received similar letters, naming the names of women with that of Maxwell, and the charge is made that Maxwell himself wrote the letters. In Europe, Maxwell denied the charge, intimating he himself had been a victim of the poison pen and that a woman wrote them.

POULTRY RAISERS OF WEST TEXAS PURPOSE CO-OPERATIVE ACTION

By United Press.

SWEETWATER, Texas, May 26.—Texas' first co-operative poultry association has been organized with headquarters here, it has been announced by the temporary committee in charge of organization.

One hundred and twenty-nine thousand hens have been signed under the auspices of the Texas Farm Bureau. The name of the organization is the Southwestern Farm Bureau Poultry association and counties interested include Tom Green, Coke, Mitchell, Fisher, Scurry and Nolan.

The number of farmers and hens that have been signed from each county is as follows:

Scurry, 40 farmers and 10,000 hens; Mitchell, 50 farmers and 6,000 hens; Tom Green, 87 farmers and 23,000 hens; western part Taylor county, 78 farmers and 16,000 hens; Fisher, 160 members and 40,000 hens; Nolan, 200 members and 33,000 hens.

Balloting by mail among the members for the election of directors and officers is now going on. Results of this election will be polled at a meeting of the organization committee here May 29.

KELLOGG'S BRAN PALATABLE AND IS HEALTHFUL

Recipes For Appetizing Dishes That May Be Made With It.

Medical science has found a substitute for the cathartic in the humble outer coating of wheat. The substitute is bran, a substance known for generations, but never fully appreciated until intensive study of the relation of food to human efficiency showed that the cellulose so necessary to a proper diet was contained in large percentage in it.

This has been prepared in most palatable and appetizing form by the Kellogg Cornflakes company of Battle Creek, Michigan, and is readily used in a number of ways, beside eating with milk. As many prefer serving it in some cooked form, the following recipes are published for their use:

Bran Bread With Yeast.

Two cups Kellogg's Bran, 1 1/2 teaspoon salt, 1 cup boiling water, 1 yeast cake soaked in 1-3 cup lukewarm water, 1 tablespoon shortening (any preferred kind), 4 cups flour, 1-3 cup molasses.

Pour boiling water over bran and let stand one-half hour; add shortening (melted) molasses, salt, yeast and flour. Beat well, let rise, turn into buttered bread pans, let rise again and bake one hour.

Kellogg's Bran Bread.

1 1/2 cups Kellogg's Bran, 1 1/2 cups flour, 1 teaspoon salt, 1 teaspoon soda, 3-4 cup baking molasses, 1 cup butter.

Bake one hour in one-pound coffee tins or forty-five minutes in baking powder boxes. Nuts or raisins improve the bread.

Bran With Creamed Rice.

1/2 cup Kellogg's Bran, 1 cup water, 1/2 cup rice, 1 cup milk or thin cream, 1-4 teaspoon salt.

Wash rice and place in double boiler with the one cup water, cook until water is absorbed. Then add salt, bran and milk, and cook until rice is tender. Serve with cream and grated nutmeg, if liked.

GEORGETOWN.—The Williamson county Old Settlers association will hold its annual reunion at Round Rock, July 16 to 25, according to a decision of the executive committee. The reunion will celebrate the seventy-fifth anniversary of the organization of Williamson county.

will be maintained at the Sweetwater headquarters and also at San Angelo and Snyder. Following organization of the Southwestern association, similar co-operative organizations will be formed with headquarters at Lubbock, Plainview and Abilene.

ELECTRIC LIGHTS IN SALEM HOME FIRST.

It is believed that the first private house in the world to be lighted with electricity was in Salem, Mass., from whose harbor the intrepid whalers sailed to fill their casks with the whale oil that burned in the lamps of the period.

On Pearl street, in 1859, twenty-three years before the starting of the first electrical central station, the house of a retired sea captain was lighted with small electric arc-lights supplied with current from primitive batteries.

The name of the sea captain is lost, but it is recorded that he was regarded as a heretic and a renegade by his colleagues.

TWO TEXAS WOMEN OUT OF GOLF TOURNAMENT.

Special to the Times.

FORT WORTH, May 26.—Champions, playing true to form, dimmed Texas' hopes in the Women's Southern Golf championship tournament Thursday at River Crest Country club by eliminating two Lone Star State favorites.

Mrs. Dave Gaut of Memphis, Tennessee, western champion, defeated Miss Priscilla Rogers of Galveston, 5 and 3. Mrs. Dozier Lowndes of Atlanta, southern champion, eliminated Mrs. George Thompson, Jr., of Fort Worth, 2 and 1, in a hard fought match.

Only one Texan, Mrs. Herman Gartner of Fort Worth, remains for the semifinals. She defeated Mrs. L. W. Magruder of Memphis, 2 and 1, in an exciting match Thursday.

Mrs. Gartner meets Mrs. Lowndes Friday. Mrs. Gaut meets Mrs. Kenneth Duffield of Memphis, former southern champion, who defeated Mrs. Clyde Maddox of Fort Worth, 7 and 5.

REV. W. P. CROW, BAPTIST MINISTER, DIES AT ABILENE.

Special to the Times.

ABILENE, Texas, May 26.—The Rev. W. P. Crow, 78 years old, one of the best-known Baptist ministers of this section, died Wednesday night at his home here after a few weeks' illness of pneumonia. He was buried Thursday afternoon.

Mr. Crow was born in 1845 in Georgia and came to Texas while young. He was married in McLennan county and came to Abilene in 1884, being actively identified with this section for nearly forty years.

FOR CONSTIPATION

Black-Draught Recommended by an Arkansas Farmer Who Has Used It, When Needed, for 25 Years.

Hatfield, Ark.—Mr. G. W. Parsons, a well-known farmer on Route 1, this place, says: "I keep Black-Draught in my home all the time. It is the best all-around medicine I have ever found for the liver and for constipation. We began using it 25 or more years ago and have used it whenever needed since. I have never found any other medicine as good for constipation, and that was what I suffered with till I began using Black-Draught. Black-Draught corrected this condition, and now we use it for the liver and for indigestion—a tight and sluggish feeling after meals, for bad taste in the mouth and sour stomach."

"My wife uses it for headache and biliousness. It sets on our shell and we don't let it get out. It has been a great help to us. I believe a great deal of sickness is caused by hurried eating and constipation, and Black-Draught, if taken right, will correct this condition."

Get *Theford's*, the original and only genuine Black-Draught powdered liver medicine. Sold everywhere. NC-150

DAVID LAMB ACQUITTED OF CAR THEFT CHARGE.

Special to the Times.

EASTLAND, Texas, May 26.—The case of David Lamb, charged with the theft of a Dodge automobile in Eastland on March 2, came to trial in the 88th district court and a verdict of acquittal was given.

Lamb was arrested in Weatherford the morning after the theft and brought back to Eastland.

A half-dozen or more witnesses from Abilene testified that Lamb was in Abilene on the night of March 2, and that he could not have been here at the time the theft was alleged to have taken place. The jury was out only two hours when they returned their verdict of acquittal.

The case of W. H. Finch who was indicted on a similar charge was dismissed after the verdict in the Lamb case was returned.

VANCOUVER, B. C.—Grain shipments from Vancouver this season will amount to at least 18,000,000 bushels, as against a total of 7,500,000 in the last season, and 500,000 in the season before that.

SPORTS

Gibbons Has Only Long-Shot Chance To Defeat Dempsey

By HENRY L. FARRELL
(United Press Sports Editor)

NEW YORK, May 24.—Taking the consensus of opinion as having some facts back of it, Tommy Gibbons has only a long-shot chance to win the heavy-weight championship when he meets Jack Dempsey on July 4. The game that Gibbons will play in the hope of cashing in on that outside chance is causing much speculation and discussion around here.

Opinion is widely divided on the plan of battle which Gibbons should carry against the champion to make the best of his chances. Dempsey, some point out, is a dynamic fighter, who is superlative for only a few rounds, and if he does not win quickly his effectiveness is diminished by his own exertions.

Those who expound this theory favor Gibbons if he should go out and box with Dempsey at a fast clip for six or seven rounds and just do enough leading to make him miss and miss.

The act of missing is not only a known reducer of physical strength, but it is a most powerful psychological factor in decreasing morale.

Being faster and more clever than Dempsey and having an estimable punch along with it, Gibbons might be able to stand off the champion and get him slowed up enough to find an opening.

Others think Gibbons has only the gambler's chance to stake everything on one punch and take the risk of winning by a knockout or getting knocked out. They figure the only chance Gibbons has is to tear into Dempsey and get over that one punch. These sharpers discount the value of a waiting battle and they point out that Carpenter tried to box with Dempsey and was so worn out by the digs he took to the body that he didn't have the force in his punch when his big chance came.

This theory is sound in that Carpenter did try to box Dempsey, but he didn't because he didn't know how. The Frenchman was flashy on his feet and possessed a lot of fancy steps and motions, but he never was a boxer. His main idea was to stay away from Dempsey and the only way he had of doing that was running.

Carpenter had only one punch, a right-hander, and Dempsey and everyone else knew it. He couldn't protect himself in close, and Dempsey knew it.

Gibbons can box better than any heavyweight in the ring. He can protect himself and fight in close as good as Dempsey, and he can punch and hook with either hand.

All in all, the lessons that could be applied to Carpenter's logic or lack of logic in the Dempsey fight, do not fit the Gibbons case.

No one perhaps will know how Tommy will fight the champion until the bout starts. No one knows now but Gibbons, and it is a cinch he has it all planned out, and it is a pretty good bet that he is not far wrong.

Gibbons handles and advises himself. He is a smart fighter, and he has not been watching Dempsey for amusement.

There might be a way of beating Dempsey that has been overlooked by the critics. One of Dempsey's former trainers says there is that one way.

C. & S. NINE TO PLAY OLDEN AT MUNICIPAL SUNDAY AFTERNOON

The Chestnut & Smith Corporation team is in first class condition for the game to be played with the Olden nine Sunday at Municipal park, formerly Nitro park. The team has been strengthened and Ranger fans are promised a real ball game.

"Kid" Nugent is to do the tossing for the home team and his work is said to be worth watching.

COOKS, WAITERS AND WAITRESSES TO SERVE ANNIVERSARY BANQUET

The fourth anniversary banquet of the Cooks, Waiters and Waitresses local union No. 899 of Ranger is to be served Friday evening, June 1, at 9 o'clock, in the Ranger Cafe.

Elaborate preparations are being made for the event and it promises to be a delightful occasion.

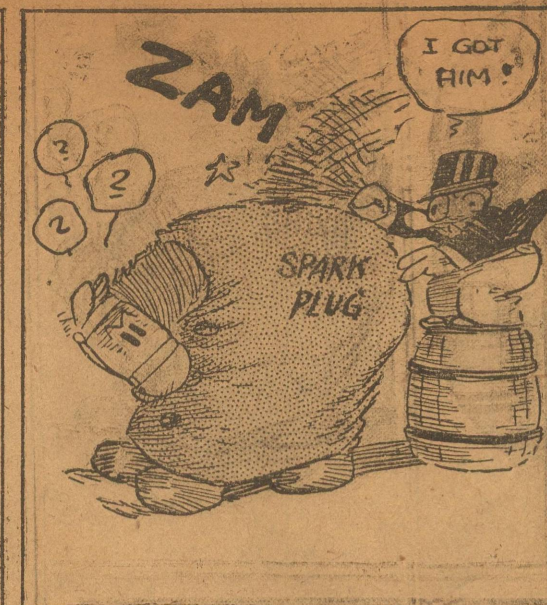

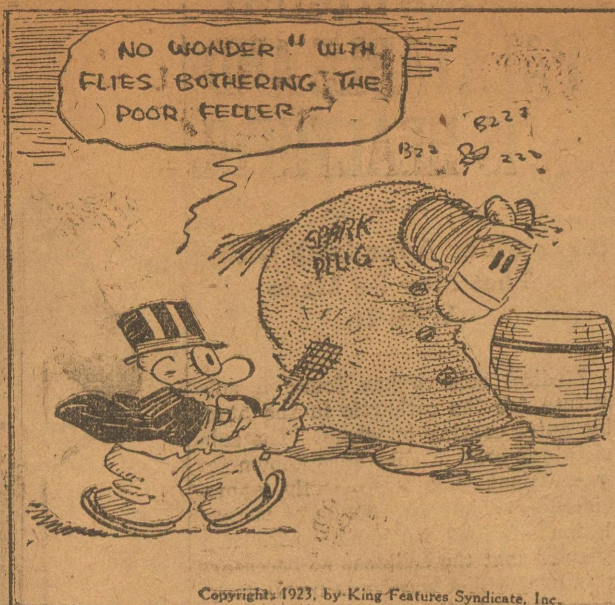

THIRTY PIECES OF GOLD FOUND BENEATH STUMP.

AVERY, Texas, May 26.—Thirty \$20 gold pieces were found under a stump near the home of J. S. Houser when Houser's dog ran some small animal under the stump.

When Houser investigated to see what kind of an animal the dog had treed he found the gold in a china bowl. It had been hidden for a number of years, according to all indications.

HUNDREDS KILLED BY TRAFFIC IN LONDON

LONDON, May 26.—More persons are killed by traffic accidents in the streets of London in a year than passengers on the whole of the railways in Great Britain in a similar period. During the last year 505 persons in London were killed by automobiles and motor trucks, 63 by motor omnibuses, 59 by horse-drawn vehicles, 35 by trolley cars, and 22 by bicycles.

The major number of accidents do not occur at congested points, such as Trafalgar Square, Oxford Circus, or the Bank, where traffic is severely regulated.

They take place more frequently in the main arteries toward the outer suburbs, where motor drivers are inclined to be less careful in negotiating crossings and corners, and where pedestrians, particularly children, are less vigilant in crossing roads.

HOLSTEIN COW ASSOCIATION TO MEET IN CLEVELAND

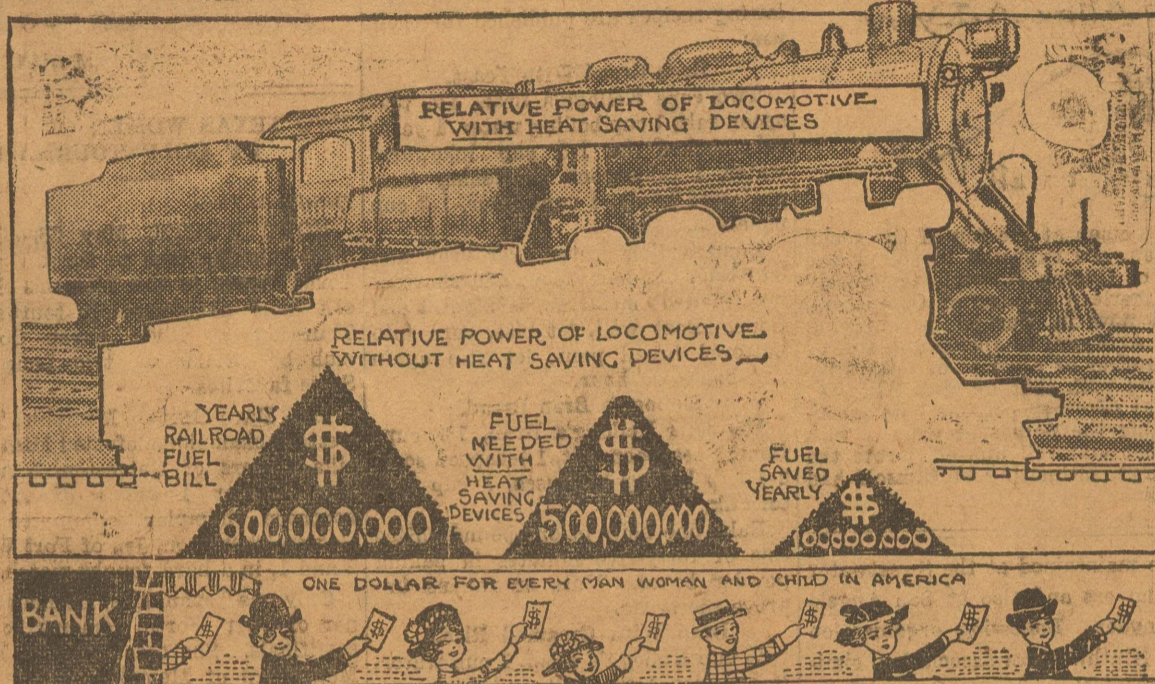

CLEVELAND, May 26.—The 38th annual convention of the Holstein association of America will be held here June 6.

The first herd book of the association showed 270 registered Holsteins. Today there are more than a million animals registered in these books. In the last year 113,772 registrations were made.

High records of production have been made by 95,000 cows, under the supervision of agricultural colleges admitting them to the advanced registry. Sixty-seven Holsteins have produced more than 1,000 pounds of butterfat in one year.

The association, of which ex-Governor Frank O. Lowden of Illinois is president, has a reserve and surplus of \$459,000.

\$100,000,000 a Year Saving In Cost of Fuel for the Railroads

ONE of the great strides made by the railroads during the past seven or eight years has been along the line of fuel economies, and it is estimated that 30 per cent of the locomotives in use are now equipped with heat saving devices. It costs an average of about \$12,000 a year for fuel for each of the 50,000 locomotives in service and the tremendous sum involved, approximately \$600,000,000, has led to the use on an increasing number of locomotives of means to reduce the outlay.

Based partly on figures of the Interstate Commerce Commission, partly on experimental data and the figures of the American Railway Association, the research department of the Worthington Pump and Machinery Corporation has just completed a study showing the possibility of saving in this way at least \$100,000,000 yearly. That would amount to about a dollar's worth of coal for every man, woman and child in America.

One of the ways many of the roads are taking to save fuel is through the use of the feed water heater which uses the heat of the exhaust steam to raise the temperature of the water entering the boiler, thereby making it unnecessary to use so much coal to create steam. In other words, more steam can be generated from a pound of coal, which, of course, gives the locomotive more power.

Using a large rock near the mountain steps, which to his practiced eye revealed the possibilities for such a reproduction, he plans to complete the miniature Lizard Rock within the next thirty days.

Mr. Elliot had just gone to work. Mrs. Elliot heard a noise in the front room and, looking in a mirror in the room opposite, she saw a man going through the pockets of Mr. Elliot's suit.

Two other sons besides the Rev. Dr. Stubblebine survive. They are the Rev. William H. Stubblebine of Skiatook, Okla., and G. W. Stubblebine of New York.

An unidentified white man entered the home of Dick Elliot, on Irvin street, near Tiffin highway, yesterday but was scared away by the screams of Mrs. Elliot.

JESS PUGH TO FEATURE OPENING DAY OF THE CHAUTAUQUA IN CISCO

Jess Pugh is scheduled as the feature entertainer for the evening of Tuesday, May 29, the opening day of the Cisco chautauqua, when the farmers are to be the special guests of the merchants of Cisco.

Jess Pugh has, it is claimed, actually sneezed his way to fame at chautauqua. That sneezing story of his has been heard all over America. It can be safely said that Pugh has sneezed in every county of every state in the Union.

Because he is so much of an artist Jess Pugh has glorified a number of stories. A great many of them are his own. When his ability as a writer is combined with his remarkable talent as a story teller the result is equalled by very few—and certainly excelled by none.

Just a few years ago Jess Pugh wound up the Big Premier with his joy night. This year the big Community Day will have its closing feature as joy night. This is to be a jolly time throughout.

A great many out-of-town people will be there for this is the day also when many farmers will attend.

She screamed and the burglar fled, going out the back way. Officers Daniels and Davenport were called in, but no trace of the man was found.

Two other sons besides the Rev. Dr. Stubblebine survive. They are the Rev. William H. Stubblebine of Skiatook, Okla., and G. W. Stubblebine of New York.
