GOVERNORS DISCUSS VARIOUS TROUBLES

COOK' LETTERS TO SELL STOCK READ IN COURT

Former Arctic Explorer Hears
His Effusions Presented to
Federal Jury.

By United Press.
FORT WORTH, Oct. 18.—Govern-
ment prosecutors provided periods
of humor for the spectators in the
trial of Dr. Frederick Cook and his
associates, charged with using the
United States mails to defraud in the
sale of oil stocks, by reading from
letters and circulars alleged to have
been sent by Cook and his associates
to prospective purchasers, urging
them to buy stock in oil companies
they were promoting.

One letter introduced by a wit-
ness was from Cook and those with
him in the Petroleum Producers as-
sociation in which it was said the
company would take a place con-
spicuous in history.

Another circular said the for-
mer Arctic explorer had never wan-
dered from the ideals instilled in
him in his infancy and childhood and
that now "I feel that I have landed
on safe shores with a cargo of riches."

Another letter from Cook said
that he had "endured hardships from
the North Pole to the boundaries of
the southern hemisphere without
compensation and solely for the ex-
tension of civilization and the bet-
terment of mankind."

Another letter urged the recipient
to go to his banker or to his friends
and borrow the money necessary to
buy the stock that was certain to
make him rich.

By Associated Press.
FORT WORTH, Oct. 18.—The de-
fense scored its first victory today
in the trial of Dr. Frederick Cook
and 13 associates when Federal Judge
Killits denied the government's mo-
tion to change the bill of particulars
as to A. L. Delcambre, one of the
defendants, so that the name of the
company, of which Delcambre was
alleged to be president, might read
Burke Northern Oil company instead
of Burke-Long Oil company.

Judge Killits in denying the mo-
tion said it would be an injury to the
defense at this stage of the trial.

EASTLAND, Oct. 18.—A motion
to quash the indictment in which J.
W. (Dug) Barton, sheriff of East-
land county is charged with intent
to defraud his ward, A. M. Edmundson,
of \$800 in money and a quarter in-
terest in the returns from oil and
gas on land between Gorman and
Staff, will be made by attorneys for
the defense when the case set for
trial on Nov. 6 opens, it is stated
here. Barton will be defended by
Seabury and Springer.

It is said that the indictment as
drawn up is faulty in its verbiage.
The case will come up in the Eighty-
eighth district court before Judge
E. A. Hill.

Barton's friends blame the indict-
ment on the political feeling exist-
ing in the county between political
elements, which are now working to
gain control of the county at the
spring election. His friends say that
all business dealings relative to the
Edmundson estate were in the hands
of an attorney.

MASON'S CONDUCT FUNERAL OF
FORMER CISCO OFFICIAL

By Associated Press.
CISCO, Oct. 18.—Funeral services
for Dr. E. J. Bettis, a former member
of the Cisco commission, who died
Tuesday, were conducted yester-
day afternoon, the Masonic lodge
having charge at the grave. He was
a native of Jefferson county, Ten-
nessee, born Dec. 28, 1854, and had
been a resident of Texas since 1888.
He had long been a resident of Cisco,
was a member of the Baptist church
and served on the school board. He
is survived by his widow and two
children, Robert L. Bettis of Cisco
and Mrs. R. L. Lawrence of Ana-
darko, Okla.

Wild Geese Go Flying South, Singing As They Leave Cold Weather Behind

Wild geese have been flying
over Ranger on their southward
trek during the last few days.
A small flock was seen and heard
late Tuesday and a much larger
bunch went south yesterday.

The geese fly in regular mili-
tary formation and keep up a
continuous calling (perhaps they
call it a song) as they fly. It is
a raucous cry, but carries a cer-
tain harmony. At least it sounds
like a glad song, if song it be,
just as though the birds realized
they were getting away from the
onslaughts of Jack Frost and
were anticipating a happy win-
ter season in tropical climes.

Right on the heels of the sec-
ond flock of wild geese came a
blustering norther, but the birds
had too great a start and could
not be overtaken by the wind.

SPECIAL TRAIN GOES FRIDAY TO BRECKENRIDGE

The special train to carry the sup-
porters of the maroon and white foot-
ball team to Breckenridge tomorrow
afternoon for the clash between
Breckenridge and Ranger High school
teams, has been assured, J. W. Over-
all, principal of the high school, said
this afternoon. The train will leave
the Wichita Falls, Ranger and Fort
Worth railroad station at 12:30 p.
m., and will reach Breckenridge short-
ly before 2 o'clock.

More than 100 persons have sig-
nified their intention of riding to
Breckenridge on the special. One
hundred and twenty-five are needed
to get a special rate of \$1.70 round
trip.

The high school boys and girls fell
in behind the proposal of taking a
special as soon as it was broached. One
girl student, who intended to take
four of her chums in her father's car,
will go on the train.

All of the regulars will start to-
morrow except those who may be de-
clared ineligible. Eugene Glenn,
who was to play quarter Friday, can
not start, as he suffered a broken
blood vessel yesterday.

ALLEGED PARTICIPANTS IN
TRAIN HOLDUP ARRESTED

By Associated Press.
EL PASO, Oct. 18.—Rely Dixon,
arrested yesterday at Deming, N. M.,
as a fugitive from justice in con-
nection with the holdup of a Katy
train at Okesa, Okla., Aug. 20, is to-
day en route to Oklahoma City.

Dixon is said to be one of two men
sought, Nash, the other man yet at
large, being in Mexico, it is claimed.
Seven were implicated in the hold-
up, and six are in custody. Accord-
ing to the officers, Dixon is also
wanted on a charge of murder in
connection with the killing of a man
at Pawhuska, Okla., several months
ago.

TWO MEN CHARGED WITH
MURDER AND ARSON

By Associated Press.
NE WYORK, Oct. 18.—A sensa-
tional aftermath of the fire, which
last Monday destroyed a Brooklyn
house, costing the lives of six per-
sons, came today with the arrest of
William Ford, real estate broker, and
Raymond Anderson on charges of
murder and arson. A third man,
James Lynch, is held as a witness
and a fourth man is being sought as
an accomplice.

Ford is a son-in-law of George
Klem, playwright, who was burned
to death in the fire. Ill-feeling be-
tween Klem and his son-in-law is said
to have existed for several years
and it was understood that Klem
was to testify against Ford in an
assault case on the day he was
burned to death.

LEGION SETTLES CHIEF DISPUTES IN COMMITTEE

Convention Now Shaping Up
Policies for Next Year and
Will Enlarge Influence.

By United Press.
SAN FRANCISCO, Oct. 18.—An
avalanche of work descended today
on the fifth annual convention of
the American Legion. Practically
every committee has completed its
report and placed before the conven-
tion the task of formulating its poli-
cies for the ensuing year. It is said
the legion will not abandon any of
its national policies, but that all
will be reiterated and many of them
on a more general scale.

Discussion of the Ku Klux Klan
and of prohibition are not expected
to reach the floor of the convention.

The resolution bearing on the Ku
Klux Klan is expected to come up
for final action by the committee to-
day. The resolution does not men-
tion the Klan, it is claimed, but
condemns any secret order using
masks as part of the ritual or foster-
ing sectionalism, racialism or religious
differences.

Denial has been made by the
chairman of the committee that the
committee had agreed by a vote of
21 to 20 to bring the resolution to
the floor of the convention. Texas
and Oklahoma delegates are said
to have supported the Klan.

Attorney Generals Plan Action Which Would Stabilize Oil

CENTREVILLE, Mich., Oct. 18.—
County Clerk John Niendorf of St.

clerk's responsibility does not end
with the issuance of marriage li-
censes. He has had printed a sup-
ply of cards containing his rules for
a successful marriage, and each cop-
y is given one.

One side of the card carries the
county clerk's blessing: "May all your
days be as happy as your wedding
day."

On the reverse side appear ten
"rules" to insure happy marriages.
They include:

"Keep up the courtship. Go 50-50
on the money and 50-50 on the love.
Make your own home and don't live
with your relatives. Beware the
boarder, and don't be a tightwad."
"They're all good rules," Niendorf
said. "I have tried them in my own
home and I know."

FRUITS AND VEGETABLES
AGAIN IN VENNA

By United Press.
VIENNA, Oct. 18.—Farmers' carts
again are to be seen in the market
squares of Vienna, a circumstance
which means that the farmer today is
perceiving the necessity of bestirring
himself if he wants to dispose of his
products. With this will come com-
petition, and a plentiful supply of
fruits and vegetables for the city
dwellers at lower prices.

Gone are the days when Vienna
housewives, rain or shine, had to
troop out to the farms laden with city
fruits for the farmers' wives, which
they turned over for the privilege of
digging a few pounds of potatoes,
while the farmer stood aloof, smoked
city cigars and made sarcastic re-
marks.

By United Press.
NEW ORLEANS, La., Oct. 18.—
Declaring the United States' favor-
able trade balance jeopardized by
ravages of the boll weevil and that
the time has arrived for decisive ac-
tion to check the ravages of the pest
that threatens the South's money
crop, United States Senator Ran-
dell has sent invitations to news-
paper editors throughout the country
urging them to attend the boll weev-
il convention here next week.

"It is necessary to arouse the na-
tion to the danger of our continued
apathy," he said.

Leading financiers and economic
expert from all parts of the coun-
try are expected to attend the meet-
ing and it is hoped that effective
measures may be adopted to rid the
country of the boll weevil, estimated
by H. G. Hester, secretary of the

have cost the South one and one-half
billions dollars during the last five
years.

long step forward when the John-
son company installed an incubator
with a 47,000-egg capacity. This is
a new development and with a
similar one at Wolfe City stands out
as the largest enterprise of its kind
in the South.

The Johnson company had the in-
cubator placed in the feed store of
the concern. The incubator is built
with a passageway large enough for
a man to stand in and move about.
Heavy curtains form this passageway
and behind the curtains are the
crates of eggs. Heat for hatching
is furnished by a steam boiler. The
heat is automatically controlled and
is kept at the same temperature.

Electric fans keep the air in circula-
tion so that every part of the in-
cubator is evenly heated.

At present only a few hundred
eggs are being kept in the incu-
bator, but it is expected that it will
run at full capacity next spring
when a big demand is looked for.

EXECUTIVES SEE NEED FOR HELP BY GOVERNMENT

In Prohibition Enforcement,
President's Aid Sought;
Farmers Need Money.

By United Press.
WEST BADEN, Ind., Oct. 18.—
The governors conferring here turned
their attention today from prohibi-
tion to the condition of the farm-
ers, especially those in the wheat-
growing region.

"The wheat farmers of the mid-
dle west face ruin unless immediate
remedy is found for them," Govern-
or R. A. Nestos of North Dakota
said today in an address to the gov-
ernors. He recommended establish-
ment of a government agency un-
der the government finance corpora-
tion with authority to segregate the
export surplus and sell it in the
world market at the best terms ob-
tainable.

Prohibition never can be strictly
enforced "until there is a house-
cleaning in the personnel of the na-
tional dry law forces and the federal
prohibition unit is placed squarely
under the direction and responsibility
of the president of the United States."

This startling charge, echoing the
challenge of Governor Pinchot of
Pennsylvania, to the citizenship con-
ference in Washington, that Presi-
dent Coolidge personally assume di-
rection of liquor law enforcement,
was made here today by Governor
McCray of Indiana, who delivered
the address of welcome at the open-
ing session of the fifteenth annual
conference of State Governors.

Falling like a bombshell upon the
32 governors assembled for the
meeting, McCray's declaration thrust
the prohibition question immediately
to the fore as the chief controversial
problem of the conference, drawing
the other subjects on the regularly
scheduled program for the three-day
gathering.

Other state executives followed
McCray's lead, but with less sensa-
tional convictions, and indications
from these discussions were that all
will not be harmony when the gov-
ernors gather at President Coolidge's
"law and order" conference at the
White House next Saturday. The
general feeling was that state's are
ready to co-operate with the nation-
al administration in upholding the
law if certain changes are made in
the present federal system of law
enforcement.

Pinchot added fire to the prohibi-
tion discussion by renewing his ap-
peal that President Coolidge assume
personal responsibility for the en-
forcement of the dry law. Pinchot
charged that thousands of gallons of
illicit liquor are flooded over the
country through the issuance of spur-
ious withdrawal permits in Washing-
ton. Until this practice can be stop-
ped, Pinchot said, state government
faces an almost impossible task in
running down illicit booze.

As the first step to secure more
satisfactory results, McCray suggest-
ed that the prohibition unit be taken
from the treasury department and
made a separate entity of the federal
government, with the chief under
personal direction of the president.
With this change, McCray thought
there would follow a general house-
cleaning.

By Associated Press.
Officers Negligent.

"Too often federal enforcement of-
ficers are not in sympathy of this
law," he said. "Officials of this
character should be cleaned out of
the service."

Governor Parker of Louisiana joined
with McCray in denunciation of
what was termed "winking at the
law among wealthy classes in the
country and even among high officials
in Washington."

This is the sort of thing," Mc-
Cray declared, "which is largely re-
sponsible for the apparent wide-
spread disrespect of the Volstead
act. When persons of wealth and
influence can violate the law, and
"get away with it," while the aver-
age American citizen is fined and
often sent to jail for carrying a
flask, then you have a condition that
breeds anarchy and contempt for
law."

While pointing out the responsi-
bility of the federal government in
the matter of law enforcement, Mc-
Cray was extremely careful to de-
clare that states also shared a bur-
den in the work, that of throwing
assistance to the administration in
enforcing statutes that are a part
of the law of the land. For him-
self he pledged co-operation of In-
diana to President Coolidge in the
fight against liquor.

Episcopal Church House of Bishops To Meet In Dallas

DALLAS, Oct. 18.—The first session of the house of bishops of the Episcopal church in the United States will be held here Nov. 14, according to an announcement by the Right Rev. Alexander C. Garrett, bishop of Dallas, and senior bishop of the church. The meeting will be the largest assembly of bishops of the Episcopal church ever held in Texas. It is seldom necessary to call such a large body of churchmen from all parts of the country to Texas. Bishop Garrett said, adding that this will give bishops of the east an opportunity to learn that it is no farther from New York to Texas than it is from Texas to New York.

At least 55 bishops who are members of the house of bishops must attend the special session, here Bishop Garrett said. There are 100 bishops in America who have a right to vote in the house of bishops at any of its sessions and a majority must be present to form a quorum. The session will be presided over by Bishop Thomas F. Gailor, of New York, presiding bishop and president of the executive council of the church. A number of resignations of bishops of the church will be brought up for acceptance during the council and election of others will be taken up by the meeting for acceptance.

NEGRO'S DEFENSE DOES NOT AVAIL AGAINST SCORN OF HIS WIFE

"She didn't have my dinner ready when I came home," said George Lockhart, negro proprietor of a shoe shining parlor on North Austin street, in explaining to police how he and his wife had difficulties which separated him from his young wife and for which the court said he must pay a fine of \$15.70 for fighting.

"I said something to her and she began hitting me. I didn't want to hurt her. I held her back so she wouldn't scratch me."
His wife, Mary, came to police headquarters yesterday afternoon and filed the complaint. "I'm going back to my mamma," she told him at the police station, "and I never want to see you again."

"You've got my last kiss," Lockhart retorted.
Lockhart said he only had \$24, but the police compelled him to give his spouse enough to take her to her mother's home in Terrell and also pay \$12 on his fine.

TOWNFOLKS

H. H. Howard, glass manufacturer of Shreveport, La., is expected to reach Ranger today, according to the Chamber of Commerce secretary, B. F. Bennett. He is coming here to work out the final details of his proposed glass factory in Ranger.
Mr. and Mrs. F. G. Yonkers will return today from Tulsa, Okla., where they attended the Petrolia convention.

OFFICERS MAY BE SORRY, BUT ARREST JUST THE SAME

"We're sorry this happened," says C. F. Sheppard, constable of the Eastland precinct, when a man or woman, cited to appear in the court of Justice F. J. Day of Eastland for speeding or reckless driving, makes his appearance. They are appearing quite often from Ranger, it is said. "But," he smiles affably, "some drivers got so reckless on the highway, we had to do something to break it up. We're getting that broken up now and it's not near so bad as it was several months ago."
In that manner he explains the presence of a motorcycle officer, attached to Justice Day's court on the highway.
Frank Robason, the motorcycle officer, is civil and polite, victims of his speedometer say. As one man put it, "courtesy helps to take the sting out of the fine."

SPRAINS ELBOW DIPPING.

DALLAS, Oct. 18.—This city claims the fastest chocolate dipper in the world.
Bettie Dorff applied at a hospital for treatment for a sprained elbow which she sustained while dipping chocolates.

FINE FEATURES DONT COUNT

A boy or girl may have ever so perfect a face, neck and poise, but if even one little pimple, blotch, bump or red spot shows, it ruins their whole appearance. You know how true this is, because you just naturally avoid people whose appearance is not pleasing.
These things are no longer to be endured, however, because thousands of people are getting rid of the worst and most stubborn cases of such skin diseases easily and quickly since the introduction in this country of the wonderful Black and White Ointment. It seems like magic to eczema, ring-worm, itch, "breaking out," etc.
Dealers everywhere are recommending Black and White Ointment now. It is economically priced in liberal size packages. The 50c size contains three times as much as the liberal 25c size.—Advertisement.

LADIES! DARKEN YOUR GRAY HAIR

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.
But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.
A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.—Advertisement.

GAS FLAME TO TAKE PLACE OF ICE IN COOLING

ATLANTIC CITY, N. J., Oct. 18.—Refrigeration produced by the intense heat of a gas flame will soon replace ice-cooled refrigerators, was the prediction made today by H. De Witt Valentine, of the Peoples Gas, Light and Coke company, of Chicago, at the convention of the American Gas association.
According to Mr. Valentine the new form of refrigeration produced by a gas flame gives a uniform temperature approximately ten degrees below that obtained with ice.
"In the apartment building," Mr. Valentine said, "the gas fired ice unit is placed in the basement and is connected to the refrigerators in each apartment on the floors above. It operates automatically and has no motor, compressor or other movable parts."
When the machine was recently introduced in Chicago, he said, the gas company was besieged with such questions as, "Does the gas freeze?" "How is cold made from heat?" and "Where does the ice come from?"

MAN HELD HERE ON DALLAS COMPLAINT IS RELEASED
Held here for 36 hours on information furnished by Dallas police that he had passed a "hot" check in payment of a Cadillac used car, a man, who said he was driving it from Dallas to Ballinger, there to put in his bus service, was released at noon today by the Ranger police.
The case was adjusted to the satisfaction of the Dallas automobile sales company, it was said by Chief O. V. Davenport. A representative of the company is coming here today to take the auto back to Dallas.

WHY DRUGGISTS RECOMMEND SWAMP-ROOT

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.
It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.
Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.
Be sure to get Swamp-Root and start treatment at once.
However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure to mention this paper.—Advertisement.

RUFF TODD, ARRESTED NEAR CISCO. ONE TIME IN BUSINESS IN RANGER

R. M. (Rufe) Todd, arrested near Cisco Tuesday night on the J. T. Stamps farm, after nearly a year's lapse of time, following his indictment on a charge of selling liquor, was in business in Ranger before going to Pioneer, where his activities resulted in nine indictments being returned against him.
Todd was here until early in 1922, when he and some others ceased doing business, following activities of a citizens committee.
Todd was sleeping at the Stamps farm house when officers visited the place in search of liquor. Stamps, when asked for the name of his guest, said it was R. M. Jackson. But one of the officers recognized him.
Todd, alias "Jackson," was taken in custody. No liquor was found on the place.
The nine indictments were returned following an investigation of conditions at Pioneer by a grand jury. During the oil boom at Pioneer as in other towns where oil was discovered, gambling and whisky selling flourished.

Art of Whistling Listed as Higher Musical Endeavor

Alice Miriam Heller, of Reading, Pa., a teacher of whistling, declares that there is an art of whistling which belongs to the higher musical accomplishments. She said recently:
"It is perfectly possible to have a chorus of trained whistlers that is certainly as lovely, if not lovelier than the ordinary choral work. In Los Angeles, which boasts the only school for professional whistlers in the world, we had a group of forty whistling voices and the results obtained were remarkable and very beautiful."
"Nor is whistling good just to listen to. It may also be made a form of healthful exercise that is without parallel for lung development. In addition, the person who whistles never has to make the old and time-worn excuse of the pianist or player, of other instruments, 'I am sorry,

but I have left my music at home.' Nor has the whistler ever to worry about colds, since they rarely, if ever, affect the vocal cords used in the production of a whistling tone. Last, but not least, the whistler possesses an instrument of expression that is no trouble, that is never left at home by mistake, and that doesn't depend on correct temperature of the room or any other variable medium."

OUCH! BACKACHE RUB LUMBAGO OR STIFFNESS AWAY

St. Jacob's Oil stops any pain, so when your back is sore and lame, or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest St. Jacob's Oil at any drug store, pour a little in your hand, and rub it right on your aching back; and by the time you count fifty the soreness and lameness is gone.
Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless, and doesn't burn the skin.
Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints!—Advertisement.

Four Years Ago In Ranger

Taken from the files of the Ranger Daily Times, Oct. 18, 1919:

With the supply companies, several of the lumber companies and all but two of the big oil companies yet to be heard from, the citizens committee feels assured that the subscriptions that will come in will make up the \$60,000 needed to make up the \$225,000, the goal in the drive to support the Hamon-Kell railroad. The campaign is closed.

The biggest well on the Sue tract, seven miles southwest of Ranger, was brought in Friday by the Scanlon & McCurtie interests, a Minneapolis operating company. Their J. O. Sue No. 1 is making 3,000 barrels from 3,515 to 3,532 feet.

MELVIN DRAKE FOUND GUILTY OF ASSAULT, BUT SENTENCE SUSPENDED

Melvin Drake, in charge of the Church of God of this city, was given a two-year prison sentence yesterday in connection with a cutting affray at the place of worship on South Hodges street, in which he is charged with assault to murder on A. O. Womble, 63 years of age. The sentence was suspended, however.

The affray at the place of worship took place on Sunday evening, May 20, after Womble came to the frame building, which burned down later, to protest against his wife joining the Church of God. Womble is said to have declared the baptism wouldn't take place, whereupon Drake said it would if the woman asked for it. A general melee followed.

Womble was taken to the hospital suffering with cuts in the back and a severe cut that almost encircled his neck. A charge of assault to murder was placed against Drake. He was held for the grand jury under \$500 bail.

TENNIS TOURNAMENTS IN AUSTIN NEXT MONTH

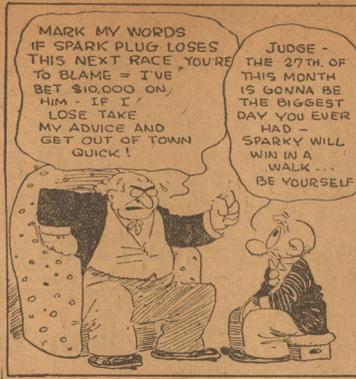

AUSTIN, Oct. 18.—Ranking tennis players of the country will compete here in an invitation tournament to be held early in November under the sponsorship of the University of Texas, according to an announcement made today by D. A. Penick, tennis coach at Texas university.

The entry of Howard and Robert Kinsey, of Los Angeles, Cal., ranked among the leading doubles teams of the country in 1922, is assured, said Coach Penick. Other players named by Coach Penick as probable competitors in the court play are: R. Norris Williams, former national singles champion; "Peck" Griffin, former holder of the national doubles championship with Bill Johnson; and Samuel Hardy, the captain of the United States team that wrested the Davis Cup from the Australians in 1920.

"The Kinsey brothers, Griffin and other well known players will take part in the championship of Mexico tournament that will start Oct. 27 at Mexico City," stated Coach Penick. "Following the close of the play for the titles of Mexico, the Kinsey brothers and perhaps other well known stars will come to Austin. It is believed that the presence of the national court stars in Austin will draw many of the leading players of Texas to Austin for the tournament. The exact date of the tennis play will soon be announced.

MANY PRAISE OFFER OF NEW DICTIONARY

Distributing a new dictionary has brought this paper many complimentary remarks. One subscriber who presented coupons yesterday for half a dozen dictionaries for different employees and members of his family said he deemed it necessary that a dictionary should progress with the language just as a newspaper does. The world moves rapidly these days and only the New Universities is abreast with today's growth of the language.

The departments handling this great educational offer are being kept busy handing out the books. More reserves had to be rushed last night to fill up the rapidly depleted stock. At this rate the first and limited edition will soon be exhausted.

While readers are eager for the book on account of its being authoritative and complete its absolute newness appeals to thousands. It has been many a long year since an actual new dictionary was given to the public. The New Universities is new in all the word implies—new in contents, new in type, new in arrangements of help to word study. Particularly is it new in making the study of today's English easy for young people who are so situated that they cannot attend schools and obtain individual instruction. Unaided, a young man or woman employed may learn the correct use of the English of modern business and society if they but follow the directions of the great university teachers whose articles on "Standard English," "Practical Syntax" (which means how to make good sentences) "Punctuation" and "Etymology" appear written in simple English, in this book.

Even the word "Etymology," which looks harsh and forbidding to a beginner, is made simple if one reads the article by Clark S. Northrup, Ph. D., instructor in English in Cornell university. Professor Northrup's article tells how to learn where our words were found, why we adopted them and how we changed them to mean what we wanted to say. That's what Etymology is and this paper distributes this dictionary because it wants every reader to know all about the language.

Goodman as end men will vie with one another with their jesting, antics and singing. A group of ditties will be sung by several singers, including Chester Bunch and W. A. Hackett in "Wet Yo' Thumb"; B. H. Hale in "Beale Street Mamma," and "My Sweetie Went Away," by Jack O'Rourke and Earl Francis. Several ballads will be sung by Mrs. Robert Gordon, George Thompson and W. O. Freeman. There will be a house party scene, in which a group of singers including Miss Helen Brown of Ranger will sing "Hot Lips," and then "Vamping Rose," while W. O. Freeman will carry the refrain. In the "Passing Parade" will appear Pauline La Robadiere in the role of the princess and George Thompson as the mandarin. There will be the usual ballet, court attendants and advisors in this scene.

EASTLAND ELKS READY TO PRESENT 'IN BAD' TONIGHT AND FRIDAY

The musical comedy and minstrel "In Bad" will be presented tonight and Friday night at Connellee theatre in Eastland by a cast of 100 young men and women. The entertainment is being sponsored by the Elks' lodge of Eastland. After all expenses have been paid, the receipts of the show will be added to the charity fund of the Elks' lodge. Robert Gerber of Chicago, veteran director of amateur performances, is directing the show. Advance notices to the press reveal the program and the cast. There will be an Oriental scene, featuring George Thompson, baritone, as the sultan; Mrs. Robert D. Gordon, soprano, as the captain's wife, and A. J. Clark as the captain. There will be all the color of a harem in this scene. Petite Genevieve Lyons will offer a song and follow it with a rhythmic dance. Horace Horton and "Catfish"

COURT OVERRULES PROTEST OF ATTORNEY IN COOK'S TRIAL

FORT WORTH, Oct. 18.—A clash between Federal Judge Killitts and attorneys representing Dr. Frederick Cook, Arctic explorer and 13 associates, charged with using the mails to defraud, occurred in court Wednesday. Attorney Linden of San Antonio, representing one of the defendants, took issue with the court on the latter's attempt to explain testimony to the jury. The judge replied that he was following the established practices of federal judges in explaining certain matters. C. W. Whitmer, of Fremont, Ia., testifying for the government, told of his connection with the Burke-

Hoyt Oil company, through the purchase of stock and later the subsequent transfer of stock to the Petroleum Producers' association, of which Cook was president. TWENTY-TWO PUBLIC SCHOOLS of Washington, D. C., are being electrified as a result of the earnest effort of the parent-teachers' association.

Model Man Turns Out to Be Deaf; Job Wanted in the Ranger Camp, but Applicants Are Far Away.

By P. G. T.

Augustus Schnopp is most careful in his speech. He never talks about himself. If all you learned about Augustus was learned from his chatter you'd hardly know he existed.

Augustus never talks poisonously about other people. Tell Augustus a scandalous story and he keeps it a secret. Scandal stops with him.

Augustus was never known to speak out of his turn in discussions of religion or politics. Yet he don't agree with every question that is brought up.

Augustus has never denounced or ridiculed the Volstead act, neither has Augustus made himself offensive by over championing it.

Augustus, poor fellow, is dumb. A Rangerite says: "Seems kinda mistaken idea like givin' flowers to people after they is dead instead of when they is alive."

A letter, interesting inasmuch as it shows that Ranger is still appreciated by the outside world and is destined to grow comes into the hands of Special Tax Collector Ringold. It reads:

Marion, Ills., Oct. 15, 1923—Supt. of Ranger Station. Dear Sir:

I am applying for a job at the ranger camp. I have a friend that is simply crazy to get a job there. She is sixteen and I am ateten. and you write us full and correct information about that business and everything. Send us your full address. We want to ho befoar long.

Yours truly,
From Miss Ruth Mae Beaze.
Marion, Ills.

If there is anyone who can give Ruthie information she desires please write the pore gal.

Circuses have a terrible attraction for the boys whose ancestors lived in Africa. Witness the following dialogue purported to have taken place yesterday in Ranger:

Sweet Meat: "You goin' to the circus this evenin', Wesley?"
Powerful nice circus with animules n'everything."

Wesley: "Ah doan know whether it's goin' or not, culud boy. Sure would lak to see them ellifants and convict lookin' hosses, but ah ain't been able to sell mah mule yit."

UTILITY COMPANIES FIND ADVERTISING IN NEWSPAPERS PAYS

Special to the Times

ATLANTIC CITY, N. J., Oct. 18.—"There is no royal road in public utility advertising, but you will find the advertising columns of your home-town newspaper the direct avenue to the public minds of your customers," said Arthur W. Hawks Jr., manager, publication and advertising department, Consolidated Gas, Electric Light and Power company, Baltimore, Md., in the course of an address delivered here today before the American Gas association.

With reference to the experience of his company and the desirability of newspaper advertising in preference to other forms, Mr. Hawks stated that "it pays better to advertise in newspapers and costs less than any other way we know." Explaining why nearly all of the Baltimore company's advertising is done in newspaper columns, Mr. Hawks said that it was for the reason that the company had found its "advertising dollars go further and bring back more than any other place we put them."

"If you use this newspaper space to tell your customers the truth about your company," continued Mr. Hawks, "to tell them in a way that will make them understand what you are doing for them day by day, that you understand what you have to do, why you have to do it, and how to do it, you will accomplish two things—you will make your service more valuable to your customer and your customer more valuable to your company."

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist.

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.—Advertisement.

to you the principles on which we have built a campaign of newspaper advertising that has been of longer duration, broader scope and more helpful to the Baltimore company than any other advertising it has done. We have called the advertisements the 'good public service series.'

"These advertisements constitute an illustrated tour of the company by its customers through the newspapers. Their dual purpose has been to make the service valuable to the customer, and the customer more valuable to the company. They have appeared at regular times, without interruption from April 9, 1922, to date. The cost has been about a cent a meter a month.

"The phrase 'is your service good? If not, please let us know,' has been printed over 31,000,000 times in the Baltimore newspapers. "Each advertisement has carried a single message concerning some important phase of the company's ability to serve its customers, and has been accompanied by a single invitation to the customer—an invitation to complain of any poor service condition.

GIANTS' SHORTSTOP RECOVERS HEALTH

DAVE BANCROFT, shortstop for the New York Giants, writes:

"I have used FERRASAL for a year with splendid results. During the playing season, whenever I was troubled with indigestion, I took FERRASAL and it kept me in fine condition all year. I have given FERRASAL to friends with the same splendid results.

DAVE T. BANCROFT, Care New York Giants."

Dave Bancroft has been benefited by FERRASAL and recommends it from actual experience.

90% of our health troubles begin with indigestion. The real cause is excess acid. FERRASAL gets at the source of the trouble by neutralizing the excess acid and expelling it from the system. It also aids digestion, keeps the Alimentary Tract clean and deodorized and the Kidneys regular.

FERRASAL is not a purgative. It is a mild laxative and absolutely harmless.

TAKE FERRASAL REGULARLY NIGHT AND MORNING FOR A MONTH. It will sweeten your breath, clear your skin and improve your general health or your money refunded.

CROP CONDITIONS IN TEXAS ARE VERY GOOD

By Associated Press.

HOUSTON, Oct. 18.—Weather conditions throughout the state during the past week were generally favorable for field work and plant growth, except in the Panhandle where it was too wet, according to the weekly crop and weather review prepared here by L. H. Daingerfield, meteorologist of the United States department of agriculture. Light to moderate rains fell over the greater part of the state.

Rice harvesting, plowing and the seeding of winter wheat and oats made good progress, the report states. The condition and progress of pastures, citrus fruits, truck and minor crops were generally good.

"The condition and progress of the cotton top crop were poor due to considerable damage by boll weevils and leaf worms," according to the report. "The rest of the cotton crop is made, and there was no change in condition. Picking and ginning made very good progress in nearly all sections.

Facts about Child-birth

AN eminent physician has shown to thousands of expectant mothers just how to be free from dread, and from much of the suffering which many mothers experience for months, right up to the moment when the Little One arrives.

Mrs. Wm. Washington, 107 Louise Ave., Nashville, Tenn., says: "There is positively no woman on earth that would be without 'Mother's Friend' during expectancy if she only knew the value of comfort."

"Mother's Friend" is externally applied to the region of the abdomen, back and hips. It relieves the tension on nerves and ligaments as month follows month. Finally, it makes child-birth a joy instead of a painful dread.

Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., DA-72, Atlanta, Ga., for a free wordy dental book containing information every expectant mother should have. Get a bottle of "Mother's Friend" to day. It is sold by all good druggists.

FOR many years now, Goodyear Tire prices have been kept consistently lower than the average price level for all commodities, as you see from the above chart. At the same time, Goodyear quality has been consistently bettered. Today, Goodyear Tire prices are lower than in 1914, and Goodyear quality is the highest ever. This is a good time to buy Goodyears.

As Goodyear Service Station Dealers we sell and recommend the new Goodyear Cords with the bested All-Weather Tread and back them up with standard Goodyear Service.
