HOSPITAL WILL **BE PUT TO USE**

Board Decides to Open It and Is Now Looking for Superintendent.

The new City-County hospital, built and equipped at a cost almost reaching \$70,000, and one of the finest in North Central Texas, will be opened as soon as a superintendent is employed. This was decided upon yesterday afternoon at a meeting of the hospital board with all members present. No applications for the po-sition were on file when the board met Tuesday at the city hall.

The institution will be operated by the city of Ranger and Eastland county jointly, with the hospital board having full control. The county commissioners last Thursday tool a vote on whether to run the hospital jointly with the city commissioners, or to lease the building and equipment to a private individual or group. It was unanimously decided to let the builders operate it.

The board yesterday authorized the purchase of the Ranger General hospital equipment. It will be paid for at 50 cents on the dollar of the original cost. The aRnger General hospital, which is located in the Separatists and Loyal Citizens Hodges-Neal building, will be closed upon the opening of the new hospital, Mrs. Alice Dailey, superintendent of the hospital, said today.

No detailed policy of operation has been worked out by the board. While the medical and hospital facil-

Some May Be Bad, FRANCE FINDS Bishop Says, But World Getting Better

DALLAS, Nov. 21.-From Bishop Harry T. Moore, bishop caodjutor of the Dallas diocese of the Episcopal church, comes a bright may through the general gloom over how fast the

world is going to the dogs. Although some portion of the country's population may be getting morally worse, a "great deal larger portion is getting better," Bishop Moore says.

"They say the children of today are committing excesses," Bishop Moore declared. "Perhaps they are. But they do it because of a sense that such things don't make much difference. It is a lack of responsibility and I see no general decline in their escapades.'

SLOGAN WANTE CALLING BACK

Eastland Chamber of Commerce Offers Prize for Best Suggestion.

"Back to the farm" is old stuff. The Eastland Chamber of Com merce is nothing if not original.

The Chamber of Commerc though, wants to get "back to the farm" but wants to do it in a new way and get away from the rut.

Therefore, the Chamber of Commerce will give a prize of \$5 to the writer of the best slogan embodying the "back to the farm" idea in new form.

The contest is open to all who read this announcement. There are no strings on the offer. Anyone who desires may submit as many pro posed slogans as they can think up

This is not only an easy way for somebody to pick up a bit of Christmas money, but an excellent opportunity for people to help boost the Eastland county.

The contest will close on Thanks giving day and the name of the winner announced at that time.

the meeting of the Chamber of commercee directors held Monday, DELPHIANS TO STUDY as told in the Daily Telegram.

The officials are tremendously in terested in their plan for a compre hensive agricultural survey of East land county. The secretary has requested that every person owning land in Eastland county that is available for renting purposes, notify the Chamber of Commerce and cleus for the proposed survey.

It is essential that farming be revived in this community if Eastland county is to take its proper place in a business way and all the people should give their best efforts toward helping the Chamber of Comp in every way possible to get this information and disseminate it where it will do the most good.

Contrary to expectations, no steps had been taken, up to Wednesday, to remonstrate against any of the proposed street paving authorized by the Eastland city commision. Interested property owners, though,

An order was passed that bids be advertised for on the paving of Moss street. The paving of White street between North Seaman and North Lamar also was ordered. Similar action was taken on Mulberry street between Main street and Commerce street.

The commissioners accepted the city filtration plant and agreed to consider a recommendation that Eastland hereafter resort to serial bond issues instead of term bonds, as now

Black-Draught Found Valuable by a Texas Farmer, Who Has Known Its Usefulness Over 30 Years.

Naples, Texas.—"I have used Thedford's Black-Draught for years—I can sailly say for more than 30 years," declares Mr. H. H. Cromer, a substantial, well-known farmer, residing out from

here on Route 3. "I am 43 years old, and wnen a small boy I had indigestion and was puny and my folks gave me a liver regulator. Then Black-Draught was advertised and we heard of it.

'I began to take Black-Draught, and have used it, when needed, ever since. I use Black-Draught now in my home, and certainly recommend it for any liver trouble.
"I have given it a thorough trial, and

after thirty years can say Black-Draught is my stand-by. It has saved me many

sick spells."

Mr. Cromer writes that he is "never out of Black-Draught," and says several of his neighbors prefer it to any other liver medicine. "I always recommend Black-Draught to my friends," he adds. This valuable, old, powdered liver medicine is prepared from medicinal roots and herbs, and has none of the bad Coleman, and this was the signal for ships in the American Red Cross will effects so often observed from the use of calomel, or other powerful mineral drugs. "PIMPLE CURES" FAIL

Salves and lotions come and go, one after the other, hoping to hit the right thing which might cause hem to get results for people who suffer from skin troubles. Most of these concoctions don't even heal the utward effects, much less take away the cause of the disease.

Do you think so little of your delieate skin as to allow yourself to become the subject for these experinents? By all means use only the thing which has stood the test of time and public opinion. Black and White Ointment has not only stood this test, but you are sure of it-when you know that it is selling at the tremendous rate of nearly two million packages a year.

The way it is economically priced, in liberal packages, has helped to make it so popular, along with its dependability. The 50c size contains three times as much as the 25c size. All dealers have it .- Advertisement.
