## Smoot Calls Finance Body Back To Work

### Revised Revenue Bill Insufficient By Hundred Million, He Says

WASHINGTON (AP)—Chairman Smoot, senate finance committee, called it back to work after declaring the revised revenue bill a hundred million short of balancing the budget. The committee, after switching back and forth on several items yesterday, was preparing a report of the measure to the senate.

Under Secretary of the Treasury Ballentine said the bill as it now stands would raise about a billion dollars, practically the same amount as provided in the form the house passed, but still more is needed.

Smoot said they might raise income taxes still further.

22,000 Barrels Per Day For Month Of May To Be Taken From Local Field

Pipe Line Companies File Nominations With Supervisor

Pipe line companies serving the Howard and Glasscock county pools have filed nominations totaling 22,000 barrels per day with the deputy oil and gas supervisor for the month of May, according to information from the office of that official.

This will represent a reduction of 4,000 barrels daily from the total of nominations at the opening of this month.

A hearing on proration rules and enforcement in the Howard-Glasscock county field will be held in Fort Worth at 10 a. m. May 11 by the state railroad commission.

This hearing is expected to see an effort to reduce the allowable production of the present figure—22,000 barrels or perhaps less.

Oil men are reported divided in their opinion of what the result of a proposed field-wide test of potential production would be.

Several producers have expressed the desire that such a test be made.

Others oppose it. Several are neutral.

Many oil men are of the opinion that if a 24-hour test of the potential maximum actual production of all wells in the field were taken at this time the present potential figures, 78,000 barrels, would be materially reduced and that the ultimate result would be a cut of perhaps 50 per cent in the present daily allowable production of 26,000 barrels.

But for the fact that the Howard County Refining company here is preparing to extend operation of its plant the nomination for May would total only 21,900 barrels.

While other purchasers have reduced their daily takes Howard County Refining company is not at all ready to do so.

Nominations for day for May are as follows: Humble Oil and Refining company, 6,000 barrels; Shell Pipe Line company, 5,000 barrels; Corder Pipe Line company, 4,500 barrels; Col-Tex Pipe Line company, 4,000 barrels; Magnolia Pipe Line company, 1,500 barrels; Howard County Pipe Line company, 1,000 barrels.

Dan Steakley Wins Singles Sweetwater Player Beats Dunagan Of Big Spring In Final Match

Dan Steakley, Sweetwater, former Simmons University star and Texas Conference title holder, won the singles championship of the eighth annual Sand Belt tournament by defeating H. B. Dunagan, Big Spring veteran, in the finals Sunday afternoon by scores of 6-1, 6-4, 3-6, 6-3.

Steakley clearly outplayed his opponent in two of the four sets, winning the first and last frames, with the loss of only one game, but was played to a standstill in the second and third sets by the local racketeer.

Dunagan took to the offensive to win the third frame, but Steakley came back after a brief rest period to annex the concluding set in short order.

Both the finalists displayed fine form in their semi-final matches. Steakley carried out George Dabney, Big Spring, 6-3, 6-1 in one bracket while Dunagan's victory over Kent Bishop, defending champion, was almost as decisive. Bishop, winner of junior singles, junior doubles, senior singles, and senior doubles in the 1931 tournament and successful in retaining doubles laurels last week, lost in straight sets 6-2, 6-4 to his opponent in last year's finals, and with the exception of the earlier part of the second set did not possess at any time an advantage in the match.

It was ample revenge for Dunagan, whose soft ball game forced Bishop to error after error in the first set, Dunagan winning 6-2. The champion led at 7-0 at the start of the second set behind a strong driving game, but weakened to trail 6-4 at the end of the set.

Dabney losses: Steakley experienced little difficulty with Dabney, who had not entirely recovered from a hard-fought 6-2, 19-14, 6-2 victory over Richard Morse of Midland in the quarter-finals. The Sweetwater player displayed a chop stroke to great advantage against the local racketeer to win 6-3, 6-1.

In the quarter-finals Bishop defeated The Ferguson of Midland in straight sets 6-3, 6-4, Steakley eliminated Bill McCarty of Big Spring 6-4, 6-3, and Dabney defeated Richard Morse of Midland 6-2, 12-14, 6-2. Dunagan had advanced to the semifinals over Joe Davis, junior champion, Friday by scores of 6-3, 6-4, 7-5.

Steakley's victory over McCarty was a repetition of his other wins of the tournament. In the second set the Big Spring player fell back upon a lobbing, defensive style of play that was successful in giving him a 2-0 lead, but Steakley began to smash his returns at the net and won the set 6-3.

Dabney and Morse played the longest set of the tournament after the former had won the first frame 7-5, and the Midlandite won 14-12 to even the match. Dabney came back strong to win the third set, playing almost errorless tennis.

Bishop took the first set from Ferguson 6-3 behind a strong service and finished a hard set by driving in the final point after the game had stood 5-4, and

won the doubles championship of the Sand Belt net association for the second consecutive year by defeating H. B. Dunagan, Jr. and Bill McCarty, another Big Spring star, in the finals Thursday afternoon 6-2, 6-4, 7-5.

A few minutes later Dunagan took the court against Joe Davis, high school ace, and advanced to the semi-finals of singles play by rallying to win 6-3, 6-4. Davis led 5-2 on the final set at this point of the game, and included only one point of acquiring the match.

In junior singles Howard Schwab smacked back Felton Smith 4-6, 6-2, 6-3, to qualify for the second round. Mack Austin reached the semifinals of boys' singles over Jimmy Myers 6-4, 6-0.

The defending champions played careful, methodical tennis to win over Dunagan and McCarty in the doubles final, leading throughout the four sets. Bishop lost his service to start the match, serving three doubles, but the score was evened when Dunagan lost his delivery and Dabney won his service to put the 1931 titleholders off to a lead that was never overcome.

Dabney's lobbing, Bishop's rally, and Dunagan's base-line play featured the match.

Both teams staged one-sided advances into the finals, Dunagan and McCarty defeating Dan Steakley and Henry Whitten of Sweetwater in the semifinals Sunday 6-2, 6-3 while Bishop and Dabney turned back Thompson and Reichert of Miles 4-4, 7-5.

Today's matches: Preston Sligh vs Good Graves, Mack Austin vs Jimmy Jones, Harry Jordan vs Howard Schwarzbach.

Fred Townsend vs Joe Davis, Stripling-Jordan vs Davis-Schwab.

LULING (UP)—Estimates of 5,000 barrels a day made a month ago when the well blew in unexpectedly, were considered justified Tuesday when the Bob Ross et al. No. 1 Pierce was completed under contract and flowed 250 barrels of oil between 7 and 8 o'clock. Flow was increasing steadily. The well is 2 miles west of here midway between the Salt Flats field and the Luling field.

The plug was drilled Monday after pipe lines from the Ross Reservoir to flow away were completed and the crew spent practically all night in an effort to prevent the well from running wild. It was mudded off twice Monday afternoon and it was late in the night before balling started. At 3 o'clock this morning the well began flowing into tanks.

Practically all major companies had scaled on the prospect. Operators today believe the flow is on the west side of an Edwards lime field, and consider it a creek bed in the Austin chalk.

Two wells of M. O. Rayor on the Dunlap tract which have been flowing several months, were put in a pump Monday and were reported pumping 150 barrels daily.

Texas Company, Empire, Smilock and others owning offset acreage are understood to be preparing to begin wells immediately.

Frank W. Beyer, inspector mechanical of scales for the United States postoffice department, is in Big Spring. He is repairing and inspecting the weight scales in the postoffice here which were tested by Lindsey Marchbanks, local employe of the postoffice.

Mr. Beyer visits Big Spring each year, and the local office is one of 17 in his territory, which embraces New Mexico, Colorado and West Texas.

All scales have to come up to the standard fixed by the United States Bureau of Standards in Washington, D. C. Annual inspection is necessary to keep the scales in their regular weight adjustment, so that all postoffice scale equipment is uniform.

FIFTY-FIVE HOWARD COUNTY BOYS MAKE PLANS FOR MAIZE AND COTTON YIELD CONTESTS

Attend Meeting Saturday At Settles; 95 Total Already Entered

Fifty-five boys of Howard county, with a number of farmers, met at the Settles hotel here Saturday afternoon to make final plans for the cotton and maize production contests to be conducted this year under leadership of the agricultural committee of the Big Spring Chamber of Commerce, which is headed by Fred Keating, which is in charge of the government experiment farm.

The boys were given record books with which to keep a complete history of their projects. They also were informed as to where they may obtain pure seed, to be planted in five-acre plots.

Prizes will be based on the best records as brought out in figures on cost of production and yield.

A total of 95 boys now have entered the contests. They represent fourteen communities in all parts of the county.

Sam Little, Howard county farmer, offered at the meeting Saturday to give ten boys two bushels of pure seed each.

C. T. Watson, Mr. Keating and Mr. Little spoke to the boys, outlining the objects of the contests.

Following the meeting the boys were carried, by courtesy of Paige Benbow, manager of the Settles, to the top of the structure. They then were treated to ice cream.

Humble No. 2 C.H. Arrington To 1,100 Feet

F. H. E. Fishes For Bit With Oil In Hole; Kohl Test Being Swabbed

Schermshorn Oil company's No. 4 Kohl was swabbing oil and balling water Monday morning with approximately 900 feet of fluid in the hole at total depth of 2,530 feet.

Pay was topped late Saturday and drilling stopped Sunday at noon.

Indications were the well would test approximately 1,250 barrels per day on a second-hour test, which will be made probably Tuesday.

Schermshorn officials were of the opinion No. 4, an inside well, would not show as high initial production as others on the lease, due to diminished pressure. The other wells tested around 2,000 barrels when first completed.

Schermshorn Oil company's No. 4 Kohl is in the southeast corner of the northeast quarter of the southwest quarter of section 13, block 33, 13s, Texas & Pacific Railway company survey, Howard county.

With considerable oil in the hole, F. H. E. Oil company's No. 1 Dempan, southeast of Coahoma, was fishing for a 6-inch bit. Total depth is 2,690 feet, six feet in pay.

The F. H. E. test is southeast of the Lee Harrison No. 1 Denman producer, and is located 330 feet from the south and 355 feet from the east lines of section 10, block 30, T. & P. survey.

Humble Oil and Refining company's No. 2 Arrington, 1,300 feet from the north and 330 feet from the east lines of the west half of the northwest quarter of section 22, block 33, township 2 south, Texas & Pacific Railway company survey, Glasscock county, was drilling at 1,100 feet late Sunday night in shale and lime.

No. 2 Arrington is in the western extension of the Howard-Glasscock county field, known as the Phillips-Coffee area.

Drilling has been resumed on the F. M. Dorman well in Reeves county after its purchase by Ray, Ernst, and D. A. Castiberry of El Paso.

The well was shut down at 138 feet. It is in section 22, block 59, public school lands. This is in wildcat territory.

It is understood that El Pasoans will drill two more wells, one of which will go to the Delaware sand.

D. D. Thomas, James T. Green and R. L. Yorks, No. 1 Will Edwards, Ector county wildcat, had drilled to 790 feet in redbed Friday. It is 330 feet from the east line and 210 feet from the south line of section 38S, block 43, township 3 south, T. & P. Ry. Co.

Lee Satterwhite To Open Campaign At Wortham May 10

AUSTIN—Lee Satterwhite, of Odessa, candidate for Railroad Commissioner, is to make his opening address in the campaign at Wortham on May 10. He opened his headquarters at Austin last week.

Mr. Satterwhite will present in his speech at Wortham his reasons for entering the race for Railroad Commissioner and expects to show that this office is one of the most important in the state government. He will then be prepared to discuss with the people of Texas the record made in the past by the Railroad Commission.

Mr. Satterwhite chose Wortham as the place to make his first address because it was from this district, Freestone County, that he was sent to the capitol to do his first service in the state legislature. He also spent most of his early days in this community.

Peck-Service Shut Down At Depth Of 2345

Little Oil, More Water Found At Phillips-Coffee Horizon

F. R. Peck and A. E. Service's No. 1 Gillies in Glasscock county, one-half mile west of production in the Phillips-Coffee pool, was shut down for orders at 2,345 feet in lime with 1,300 feet of fluid in the hole, all reported to be water except the top 100 feet, according to scout reports.

Some oil and a greater amount of water were encountered from 2,310-15 feet in the horizon from which well in the Phillips-Coffee area produce. Within a short time fluid rose 700 feet, only 300 feet of it reportedly being oil, the remainder water.

When drilling had reached 2,300 feet in lime early in the week the hole filled with water to a depth of 400 feet and at first the water was reported to have been encountered there, but when the hole balled dry at 2,141-48 feet behind the 6 5/8-inch casing which had been set at 2,155 feet. The lime was topped at 2,112 feet, 450 feet above sea level.

Some wells in Howard county east of the Phillips-Coffee pool produce from a horizon lower than that in which Peck & Service No. 1 Gillies has struck oil and water but this zone never has been tested in the Phillips-Coffee pool of farther west. Whether or not Peck & Service will abandon their test or will go deeper has not been announced officially. Location is 2,310 feet from the south line and 1,650 feet from the east line of section 21, block 33, township 2 south, T&P Ry. survey.

Well At Luling Flowing Heavily

LULING (UP)—Estimates of 5,000 barrels a day made a month ago when the well blew in unexpectedly, were considered justified Tuesday when the Bob Ross et al. No. 1 Pierce was completed under contract and flowed 250 barrels of oil between 7 and 8 o'clock. Flow was increasing steadily. The well is 2 miles west of here midway between the Salt Flats field and the Luling field.

The plug was drilled Monday after pipe lines from the Ross Reservoir to flow away were completed and the crew spent practically all night in an effort to prevent the well from running wild. It was mudded off twice Monday afternoon and it was late in the night before balling started. At 3 o'clock this morning the well began flowing into tanks.

Practically all major companies had scaled on the prospect. Operators today believe the flow is on the west side of an Edwards lime field, and consider it a creek bed in the Austin chalk.

Two wells of M. O. Rayor on the Dunlap tract which have been flowing several months, were put in a pump Monday and were reported pumping 150 barrels daily.

Texas Company, Empire, Smilock and others owning offset acreage are understood to be preparing to begin wells immediately.

Small Will Run If Ross Sterling Does Not Announce

AUSTIN (UP)—State Senator Clint Small, Amarillo, third man in the last race, said that he would run for governor if Sterling fails to seek a second term. Small declared that the governor is entitled to a second term if he wishes.

He will announce immediately if Sterling decides against a race.

Governor Roosevelt Testifies For State Bank Superintendent

NEW YORK (UP)—Governor Franklin D. Roosevelt testified in defense of Joseph A. Broderick, state superintendent of banks, who is charged with neglect in failing to close the Bank of the United States earlier. Broderick closed the doors on Dec. 10, 1930, and the public lost heavily.

Roosevelt praised Broderick's ability, saying that the bank of the state were under the joint jurisdiction of himself and Broderick, and that both had discussed with several bankers the possible merger of the failing institution with a stronger bank two months before the closing.

### Current Events History Club Members Entertain Contest Winning Pupils

#### Lovely Reception Accorded Those Who Won In Latin Tournament, Commercial And Tennis Meets; Many Town Visitors Attend

The Current Events History Club of the high school entertained the students who won honors in the recent Latin tournament, commercial contest and tennis tournaments in a very lovely tea Thursday evening at the high school.

The East reading room on the third floor of the Administration building was beautifully decorated for the occasion.

Roses and ferns were used throughout the room most effectively, large jars of garden flowers were flanked with bowls of roses of pink and red roses. Four green lighted tapers burned on the shelves of the museum to provide light for that corner. The decorations were arranged by Mrs. Cecil Wasson and Misses Jens and Lillian Jensen.

In the receiving line were the hosts and their teachers, Mrs. H. A. Stegner, Mrs. W. O. Low and Wayne Matthews, Erin Dly, president of the Current Events History Club and the following teachers who acted as hostesses: Mrs. Mary Bumpass, Miss Clara Fox and Miss Pearl Butler.

The honor pupils were Ruth Cotton and Cecilia Beig King of the first year Latin class; Marguerite Tucker and Dorothy Dublin of the second year Latin class; Josephine Labsey, who won first place in the Commercial contest and Grady Hagan, who won third; and Edythe E. and Paul Warren, Lottie Harrell and Hazel Nance of the Commercial class and the following tennis stars: Joe Edward Davis, Harry Jaron, John Stripling and Doris Smith.

Two flower girls attractively gowned in fluffy dresses of pink with matching accessories, Misses Katherine Hannell and Edythe Correll, etc. at the end of the line with trays filled with flower souvenirs which they presented to each guest.

The program consisted of a series of toasts as follows: Mrs. W. H. Martin toasting the Latin students and Mrs. Stegner replying; Tom Coffee toasting the Commercial classes and Mrs. Low replying; Jarrell Pickle toasting the tennis players and Mr. Matthews giving the response.

Muriel Myles gave an enjoyable reading, "Hark! to the Freshman," by Walter Ben Hare.

Music for the evening was furnished by a radio installed and operated by David Hopper. While it rendered soft and charming airs, the guests adjourned to the dining table set up in the Domestic Science department.

A handsome centerpiece of blue larkspur and pink roses and ferns was the floral decorations for this evening. Mrs. Sidney House presided over the serving of delicious cream and cake, made in the department by the members of the Current Events History Club, to the guests.

The following attended: Miss Ethel Vandagriff, Miss Elissa Agnew, Mrs. Chas. Koberg, Miss Pearl Butler, Mrs. A. M. Ripps, Mr. and Mrs. L. S. McDowell, Mrs. E. E. Barnes, Thomas J. ## STOCK MARKET PROBE PUSHED

WASHINGTON (AP)—The most searching investigation ever made by congress into the operations of Wall Street began today under authority of the senate banking committee. Their movements were veiled with secrecy and a corps of special investigators were sent to New York to go through the records of the Stock Exchange brokerage houses in search of evidence.

The operations of scores of big pools are to be scrutinized.

### Maurine Bethell Hostess To Group Of Young People

Maurine Bethell, daughter of Mr. and Mrs. E. B. Bethell, entertained a host of friends Friday evening at her home, 1410 Main street, Miss Bethell, who recently moved here from Fort Worth, has been hostess to several smaller groups recently at dinners and dances.

Aside from dancing bridge was the chief diversion Friday evening. The following were guests: Howard Kyle, Ruth Earley, Hardie Cross, Esther Earley, Larry Whitehead, Dorothy Frost, Cecil French, Virginia Sanders, Howard Schwarzenbach, Tena Lea Sikes, Johnny Baker, Ruth Taylor, Joe Clare, Hazel Reagan, Paul Roberts, Polly Webb, Bill Gordon, Mr. and Mrs. Tom Jordan, Jr., Mr. and Mrs. Charles Connell, Modesta Good, Johnny Nall, Dorothy Dublin, Jack Dean, Lily Mae Hill, Orville Hildreth, Mary Ida Martin, Bert Shives, Mr. and Mrs. Charles Pugh, Mary Settles, Laverne Atchison, Ola Mae Hartman, J. W. ### Abilene Man Seeks Appeals Court Post

A veteran of the West Texas bar and who has the confidence of those with whom he has come in contact as an attorney seeks the post of associate justice of the court of civil appeals for the eleventh district. The court sits at Eastland, Howard county is a part of the district.

Mr. Overshiner, here Thursday canvassing voters and meeting old friends issued this statement: "A judge should not only be learned in the law but should have such practical knowledge and human experience as to enable him to apply the law to the cases before him. He should administer the law without favor to friend or foe. He should not be of judicial temperament and not partisan. I believe I possess these qualifications."

"Trial judges are usually able men. Their judgments should be respected and not reversed unless they have clearly erred. An unusually large proportion of reversals indicates a too highly critical attitude of the appellate judges. Decisions should not be based on fine technicalities and narrow construction but upon substantial rights."

Reversals are at heavy cost to the losing party and occasion long delays which frequently amount to a denial of justice. Judiciary machinery is expensive to the taxpayer and there should be an end to litigation. I shall not hesitate to reverse a case if substantial rights have been denied appellant, otherwise the case will be affirmed, so far as I am concerned.

"Attorneys are capable of pointing out errors sought to be corrected and I shall expect them to do so. I shall not spend much time searching for elusive and illusive fundamental errors. Opinions should be brief and written in a language easily understood."

"I will have no desire to lecture attorneys or judges; or to criticize the Supreme Court, or to bolster my own opinions with long winded argument; but what I write, I expect to be clear, and supported by reason and authority."

**Mrs. Jake Bishop Has Three-Four Bridge Club**

Mrs. Jake Bishop was hostess to the Three-Four Bridge Club. Members and a number of guests found the play unusually pleasant in rooms rich in the pastel shades of garden flowers. A two-course luncheon was served.

Mrs. Clyde Waits, jr., won club high score prize, a set of water glasses. Guest prize went to Mrs. C. H. Wasson, a silbette plaque.

Guests were Mmes. G. B. Porter, Hayes Stripling, Robert Heath, Elmo Wasson, C. E. Shive, E. M. LaBeff, Hal Hart, Reagan Bollinger, Harold Parks, Frank Stringer, Herbert Stipp, Calvin Boykin.

Members playing were Mmes. C. H. Dilz, I. H. Hamlett, J. H. Kirkpatrick, Clyde Waits, jr., V. W. Latson, Harry Lester, Lee Levering, C. C. Carter.

Mrs. Carter will be the next hostess.

John C. Cortin, proprietor of the Liberty Cafe, is visiting relatives in Fort Worth.

### Rupert Ricker Wins Federal Court Suit

SAN ANGELO—Rupert R. Ricker of San Angelo was given an instructed verdict by Judge William H. Atwell in federal court here last week in his suit for judgment against Dr. and Mrs. E. D. Shurtz of New York City on a \$10,000 loan. Foreclosure of attachment on the couple's four-section ranch near Big Lake was granted as was interest of six per cent from July 1, 1931, on the face of the asserted loan. Notice of appeal was given by W. A. Wright, attorney for Dr. and Mrs. Shurtz.

Mrs. P. T. Burch was visiting in Midland Friday.

F. B. Sames of San Angelo was a business visitor here Friday.

### Eva Mae O'Neal Big Spring Gypsy

Eva Mae O'Neal, daughter of Mr. and Mrs. Sim O'Neal, will represent Big Spring in the Gypsy Girl Revue at the fourteenth annual convention of the West Texas Chamber of Commerce in Sweetwater next month. She was selected Thursday evening by the Big Spring "On-To-Sweetwater" committee.

Miss O'Neal, a popular member of the younger set here and in Coleman, her former home, is of the traditional 'Gypsy' type and of fine poise and charm.

### W.T.C.C. Revue In Their Honor

Here's the Sweetwater Gypsy Girls, in which honor the motif of the fourteenth annual convention of the West Texas Chamber of Commerce, at Sweetwater, has been dedicated.

This musical band from Sweetwater has sung its way into the hearts of West Texans at the last nine annual conventions of the regional chamber and last year sang the convention to Sweetwater. The Gypsy Girl motif of the convention is expected to turn the town into a riot of color—there'll be Gypsy Girls at every corner, and a Gypsy Queen from every West Texas town to be presented at the Gypsy Girl Revue the nights of May 12 and 13.

The original Gypsy Girls, shown above, standing left to right, Toodles Toier, Margaret Butler, Seated, left to right, Theresa Miles, Gladys Buck, Front row, left to right, Melrose Hamrick, Madeline Nebbett and Mable Mison.

### Big Spring-Vega Highway Sought

Plans for petition to commission outlined

Plans for petitioning the state highway commission for a tentative designation of a highway connecting the county seats of Howard, Dawson, Terry, Lubbock, Lynn, Hockley, Lamb, Castro, Deaf Smith and Odham counties were made this week at a meeting in Brownfield.

Delegates from towns along the proposed route from Big Spring to Vega were present. Big Spring was represented by C. T. Watson, manager of the Chamber of Commerce, and Sim O'Neal, assistant to the deputy oil and gas supervisor of West Texas fields.

### Grand Larceny Charge Hangs Over J E Riley

Former Western Union Branch Manager Caught At Hotel Room Here

James E. Riley, alias F. E. Smith is being held in jail here for Chicago police, en route here with a warrant charging him with grand larceny by embezzlement.

Riley, arrested late Friday night in his room at a local hotel, where he registered as "F. E. Smith," admitted to Deputy Sheriff Andrew Merrick and Bob Wolf that he was the man wanted in Chicago. Merrick and Wolf arrested him.

The man, a former branch manager in Chicago for the Western Union Telegraph company, waived extradition to Illinois but Chicago authorities notified the sheriff's department here that they would file extradition papers nevertheless.

Chicago officials and Western Union officials have been carrying on an energetic search for Riley. The offense for which he is charged in the warrant to be served on him here is embezzlement of \$928 in Chicago on April 23, according to a message from William E. Schoemaker, Chicago chief of detectives.

Western Union officials throughout the country had been sent lists of numbers of Western Union money order blanks and travelers checks Riley is alleged to have taken from his office. He left Chicago in a 1930 Chevrolet car but reached here in a 1922 model, which he declared he traded for in Oklahoma after wrecking his other car.

Officials of the Western Union Saturday wired an expression of their appreciation for their efforts of the local officers. The trail of Riley had been picked up in Mineral Wells Friday he was traced to the hotel here.

### Miss Frost Dances At Midland Convention

Miss Dorothy Frost of Big Spring, a popular dancer, was one of the entertainers at a banquet of county commissioners and judges in Midland during the convention which ended Friday. She gave three numbers, the last one an acrobatic dance that drew much applause.

F. B. Sames of San Angelo was a business visitor here Friday.

### Funeral At Ira For Mrs. Lockhart

Funeral services for Mrs. Mary Louise Lockhart, 71, who died at 4:30 p. m. Saturday at the home of her daughter, Mrs. F. O. Sorrell, in the Vincent community, will be held from the Ira; Roury county tabernacle this afternoon at 3 o'clock with burial in the Ira cemetery. Rev. J. W. McGuyver of Snyder will officiate.

Mrs. Lockhart is survived by four sons and two daughters. They are Mrs. Sorrell, E. L. Lockhart of Luther, Dan Lockhart, Mrs. Barbara Harrier of Knapp, L. E. Lockhart of Dalhart and J. E. Lockhart of Georgetown.

Mrs. Lockhart's husband died 46 years ago. Funeral arrangements were in charge of the Charles Eberly Funeral Home.

### Suit Filed For Foreclosure On Sterling Building

HOUSTON, (AP)—The New England Mutual Life Insurance company filed foreclosure suit against the Post-Dispatch building here today, naming Governor and Mrs. Ross Sterling and the National Bank of Commerce, W. M. Cleaves as trustee, as defendants.

The building is an office building named after the Houston Post-Dispatch. It is not in the Post-Dispatch building.

The suit claimed the defendants defaulted a \$75,000 note due last August and a coupon note for \$37,125 and had been delinquent \$72,198 in taxes. It demanded payment for one and a half million dollars.

### Many Records Are Toppled In Abilene Meet

#### A. C. C. Wins From Teachers 75 To 41; In Dual Contests

ABILENE — Five T. I. A. A. records were shattered, one equaled, two Southwest Conference records broken and one world record approached here yesterday in a dual track and field meet which Abilene Christian college won from North Texas State Teachers College of Denton 75 to 41. It was the swiftest meet ever held on an Abilene track.

A stiff wind aided the sprinters and hurdlers. Bill Weems of A. C. C. was responsible for the best performance. He ran the 200 in 20.8 one fifth of a second slower than the world record held by Roland Locke of Nebraska and a tenth second faster than Cy Leland's Southwest Conference record.

Jimmy Lawrence of A. C. C. beat the Southwest Conference record of 22.5 held by Brown of Southern Methodist by a tenth of a second in the low hurdles. Lawrence holds the T. I. A. A. record in 24 flat.

Even more surprising was Lawrence's winning leap of 23 feet 8 inches in the broad jump. It was almost a foot better than the T. I. A. A. record.

A. C. C. took eleven first places, tied for another. Lawrence with 13 points tied with J. D. Moore, Denton, for high point honors. Moore beat the T. I. A. A. record in the high hurdles, winning from Cullpepper, his teammate, in 15.1. Cullpepper set the conference record of 15.3 last year. The finish was so close spectators could not determine the winner until the judge's decision.

Worth Watkins, clearing 6 feet 3 inches, beat the T. I. A. A. mark. The A. C. C. relay team tied its mile record for the T. I. A. A., winning in 3 minutes 22 seconds, three seconds slower than the time at the Drake relays last week.

The summary:

Shot put — Adams, A. C. C.; Moore, North Texas, 44 feet.

1 mile run — Simmons, A. C. C.; Hunter, A. C. C. 4:47.

400 yard dash — Weems, A. C. C.; Watson, A. C. C. 50.3 seconds.

100 yard dash — Hayes, North Texas; Lawrence, A. C. C. 10 seconds.

Disease throw — Moore, North Texas; Adams, A. C. C. 125 feet 2 inches.

120 yard high hurdles — Moore, North Texas; Cullpepper, North Texas, 15.1 seconds. (beats T. I. A. A. record).

80 yard dash — Gray, A. C. C.; Simmons, A. C. C. 2:00.8.

Pole vault — Wright and Herring, North Texas, and Smith, A. C. C.; tied, 11 feet.

220 yard dash — Weems, A. C. C.; Hayes, North Texas, 20.8 seconds. (Beats Southwest Conference and T. I. A. A. records).

Javelin throw — Cooper, A. C. C.; Adams, A. C. C. 155 feet.

2 mile run — North, A. C. C.; Davis, North Texas, 10:50.4.

220 yard low hurdles — Lawrence, A. C. C.; Malone, North Texas, 22.4 seconds. (Beats Southwest Conference and T. I. A. A. records).

High jump — Watkins, A. C. C.; McDonald, North Texas, 6 feet 3 inches. (Beats T. I. A. A. record).

Broad jump — Lawrence, A. C. C.; Herring, North Texas, 23 feet 8 inches. (Beats T. I. A. A. record).

1 mile relay — A. C. C. (Weems, Watson, Simmons, Gray), 3:22 (Beats T. I. A. A. record).

#### Ideal Bridge Club Meets In Mrs. Inkman's Home

The members of the Ideal Bridge Club were entertained charmingly Wednesday afternoon by Mrs. W. W. Inkman with contract bridge.

Cut flowers made effective and charming decorations for the rooms and honeysuckle added a fragrant note.

### Mrs. Miller Entertains For Sister

#### Thimble Club And Guests Enjoy Attractive Party

Mrs. W. A. Miller was hostess to the members of the Thimble Club Tuesday afternoon, complimenting her sister, Mrs. A. L. Gilbreath, of Birmingham, Ala., who after a very enjoyable visit in Big Spring, is planning to return to her home at the end of the week. For this reason the club meeting was rushed up several days.

The Miller home was perfumed with the fragrance of honeysuckle and bowls of beautiful roses which the hostess cut in abundance from her own garden.

Rock was the diversion of the afternoon, Mrs. McDonald being the high scorer.

A dainty dessert plate was passed to the guests after the games, the hostess serving brick ice cream, fruit punch and angel food cake.

There were two tables of guests. They were Meses. Gilbreath, C. E. Thomas, C. F. Morris, Horace Penn, J. R. Manion, V. H. Flewellen, C. E. Shive, L. W. Croft, C. T. Watson, J. C. Waits, sr., and J. L. Hudson.

The members were Meses. W. D. McDonald, J. E. Pickett, Sam Eason, J. R. Hodges, J. M. Chaste, J. E. Neet, W. H. Ward, F. D. Wilson, Fox Stripling, G. S. True.

Mrs. McDonald will be hostess to the club on May 20.

TODAY and TOMORROW

By WALTER LIPPMANN Governor Roosevelt At St. Paul

Governor Roosevelt's reply to Al Smith's warning that he would "fight to the end against any candidate who persists in any demagogic appeal" in a speech which is about as free from demagogic appeal as any speech that Mr. Roosevelt has likely to make...

The generalities of the speech in which he asked for "a true concert of interest" as against sectional and class feeling are, of course, the commonplaces of the ordinary. Yet I think no one can read the full text of this portion of the speech without feeling that Mr. Roosevelt is genuinely conscious of the size and the variety of the American nation...

On long range policy designed for the more permanent safeguarding of the public interest, the Governor dealt with two great questions, with the public utilities and with the tariff. On both he exhibited, it seems to me, an exceptional grasp of the main principles.

Few business ventures in the United States requiring the stimulus of advertising could live without the use of the newspaper, says Kenneth Collins, executive vice president and director of publicity for R. H. Macy & Co. in his book, "The Road to Good Advertising" published today by Greenberg.

Salary-Cutting Advocates Look To Judiciary For Largest Single Reduction On Graduated Pay Plan

20 And 10 Plan Followed In Program Being Advocated

By RAYMOND BROOKS Salary-cutting advocates, and re-employment sponsors in state expense, are looking to the huge budget of the judiciary as a source of the largest single reduction under the graduated salary revision program...

As compared with this total, the entire salary reduction for the 19 departments having elective heads, would be only \$38,240 per year.

Large Cuts Possible The proposed salary-slicing scale, as applied to the civil appeals courts, would take \$46,200 off the judges' salaries, and \$330,000 off the \$300,000 salaries of the 11 clerks...

### Serves As 'Pawl Bearer' For Floyd Gibbons, The 'Corpse' At Lecture

Well all I will is just what I read in the papers and you see quite a few things and you know around here and there Floyd Gibbons the demon War Correspondent was out to my little ranch to visit me a week or so ago. I sure was glad to see him. You know I was the luckiest fellow in the world to fall in with him at Vancouver on my way over to China. For he is a great traveling companion. He has been everywhere in the world, and he really knows how to get around.

I have growed around a bit in my time, but I never seem to get any wiser, or onto things, but Floyd gets you where you want to go and does something he is doing. He has a wonderful lecture on China and the Far East. I went down to the Theatre to hear it. I was the local annoyance who was to introduce him. My wife was so afraid that I in my long wildered way would monopolize the whole evening. She said "Now remember tonight, you are just a pawl bearer, you are not the Corpse, and the Corpse they are interested in."

Well I really didn't have time to do him justice. I could have stood there all night and told jokes and nice things about him, for I think nobody has more wisdom. I think that when people get the idea that I ought to be in politics. But when I get started I do like to blather away, especially if I got a good subject to work on. Floyd's main talk is that we haven't got any more business in these Far East wars than we had in the last European one. He thinks seven thousand miles is a long way to go about somebody, especially if you are not right sure they need shooting, and you are not sure whether you are shooting the right side or not.

Those monkeys out there are going to be fighting from now on. China will be kinder cobby because she made the best showing of her whole war career at Shanghai, and Japan will want a chance to re-learn her "ace's" for she lost "ace's" in that scrap.

He said it was a great war for the convenience of war correspondents for they could go out and see one Army fight, then come back and write the other. You could get on a high building and watch the whole thing, in fact it was the only war ever fought where they had a grand stand. He says that the Japanese had the old Germany method, but the German methods of 1914. But that the Chinese had the German methods of 1918. It was a division from down south at Canton that did the fighting. He bore out another thing that I had predicted in my articles, and that was that you would hear of many prisoners being taken on either side in that war. Why? he said there wasn't for the Chinese have the reputation, even among their friends, of being the most cruel Nation in the world, even to their own people. If on is only going to get his head chopped off he is tickled to death, that is a beautiful death with them. That he is not unmercifully tortured before death is his fear, and the Japanese are not far behind him. He said he had seen a man being captured while he had a way of disposing of themselves.

But it was as he says, "Their war and they had a right to fight it as they saw fit, without any advice from us." He says that it is only a matter of time till Japan will have to fight Russia over Manchuria, but that Russia is not ready yet, getting enough to eat for the next five years is going to keep them pretty busy, but that when they do go against Japan that they will sure be loaded for em. It won't be like they were before, you see Russia has spread out since 1925. Then Siberia and Manchuria was thousands of miles away, but now they are popping up, and armies, and fulfilling that country, and they are double tracking the long Trans Siberian R. R. and then too they have a great air force, and a big part of its force is away out there, so it won't be just one of those Port Arthur things, and nothing in between. He says China has no more governments than a billy goat. They are just running around arguing and fighting with each other as usual.

Another fellow was out to spend the day with me, a friend of Floyd's, that came over on the boat with him, and is about the biggest financial man in China, also in India, Sir Victor Sasson, of the House of Sasson, which is about the Rothschilds of England. He has tremendous holdings in Shanghai. I bet this war threw a scare into him for awhile. He owns the wonderful Cathay Hotel in Shanghai, where we all live. He still has great talk in the Far East and thinks that it will come out O. K. He also knows more about India than anyone, as he was there for years. He thinks that it was a clever scheme in England getting Gandhi to go to the Conference, in London, for that really showed him up as just being human, and some God, or super man. He says that Gandhi has no solution for anything, and that when he got there he had nothing to offer why it simply showed that he was no great ruler or miracle man. And he thinks that Gandhi lost "face" by going. He says that the Boycott in India is still working, and that the same is true in China against Japan.

I can sure understand how those fellows get fascinated with that Far East. I guess it gets you like the Desert. They sure are both interesting men to talk to, they have both been everywhere and seen about all there is to see, but they were both mighty anxious to see Hollywood, and me being the old "Right Hawk" here I was the one who could show them I took em into some of the wildest catarias you ever saw. I just kept em jumping from one drug store fountain to another till I bet it was a quarter of ten. We sure heard a lot of dif-

# Southland Life Agents To Gather Here Next Week

HARRY L. SEAY

COL. W. E. TALBOT

J. C. Whaley, district manager for the Southland Life Insurance company, here Friday morning, announced that President Harry L. Seay and Agency Manager Col. W. E. Talbot will be in Big Spring Saturday, May 11, to direct one of the thirteenth convention being held for agents of the company. Mr. Whaley said that more than 25 local agents in his district, which extends from Sweetwater to El Paso, will attend the meeting to be held in the Crawford hotel. # Willcox Is Director Of W. T. C. Of C.

Succeeds B. Reagan, Veteran Leader In Regional Organization

Ray Willcox was named director of the West Texas Chamber of Commerce for the coming year by representatives of local members of the W. T. C. C. Friday afternoon.

Mr. Willcox will succeed B. Reagan as the Big Spring director. Mr. Reagan has served practically every year since the regional organization was founded and is recognized as one of the leaders who brought it through its early stages of development. He asked, however, that another be named in his place this year.

"APACHE" By Will Levinton Comfort (E. F. Dutton and Co.)

One of the best Indian books I have read since "Laughing Boy" came my way when I picked up "Apache". Its charm lies deeper than its understanding of the Apache mind and its sympathetic rendering. Others could achieve these things but not everyone could put together his knowledge and sympathy with such a rare choice of words, words as beautiful and as full of meaning as the Indian symbols themselves.

The main character of the book, Don-Is, is a drawing from life. It is the story of an Apache chief and statesman, known as Mangas Colorado (Red Sleeve) in Southwestern history, one of the most famous of Indians.

The story keeps up his life from the beginning and relates his training and many of the incidents which entered his life and mental makeup and produced the man that he became.

Even more than "Laughing Boy" it takes the reader behind the scenes of tribal life, just as the time the white man arrived in Arizona. Because it is related so faithfully, and is so accurate, from the Indian point of view, it is a book to be long remembered.

# "GRINGO BUILDERS" By J. L. Allhands (Clie Press)

It is surprising how many good stories are tucked away in a book of this type. Primarily it is the telling of the Saint Louis and Brownsville railroad and its building into the Rio Grande valley about 25 years ago as seen through the eyes of one of the Gringo Builders.

Jack O'Connor, whose "Conquest" stamped him as a pioneer in spirit if not in age, has written a splendid forward which is a better review of the book than anyone else has been able to give. He says: "J. L. Allhands, the author, is to be congratulated for his courage in bringing it out. In it he adds a new chapter to the history of Texas, he sheds new light on the conquest of our great southwestern empire."

"Other books will no doubt be written on the opening up of the lower Rio Grande valley and its resultant astounding growth, but this is the first. In it one sees the rails go down and towns follow, villages becoming towns, towns becoming cities. A rich and varied agricultural region springs up where before there was nothing but mesquite and catclaw.

# For Senate

JAMES H. GOODMAN

The fifth man to authorize thru The Herald his announcement as a candidate for the Democratic nomination to the state senate for the 30th district, which includes Howard and 33 other counties, is James H. Goodman, widely known attorney of Lubbock.

Mr. Goodman, 42 years of age, was born in Bastrop county, the son of a veteran of the Confederacy. He was educated in the public schools of Austin and in the University of Texas, where he spent six years in Galveston high and in Trinity university at Waco, where he also was director of athletics and coach. He has had considerable experience as a member of staffs of legislative and departmental branches of the state government in the capitol at Austin. Mr. Goodman served in the "world war." He practiced law in Austin and Fort Worth before going to Lubbock nine years ago. There he served as city judge three years. As a Democrat he has been active in local, state and national organizations. For the past eight years he has served as director of athletics and amusements at the South Plains fair. He is a mason, a member of the Christian church, the American Legion, the Kiwanis club.

Mr. Goodman favors elimination of unnecessary functions and consolidation of others to lessen cost of government, revision of the tax system so as to transfer most of the burden from real property to large estates, incomes and luxury. He urges exemption of small homes from state ad valorem tax. Another matter in which he is greatly interested is revision of the educational system so maintenance of the public schools would be by the state.

# Court Tests Invalidating Many Fees

Hundreds Of Elected Officials Draw Salaries Through Fees

By EARLEMOND BISHOPP  
AUSTIN—Many public officials, probably running into the hundreds, are now drawing their pay from the state or the counties under laws that will be declared void when they get before the courts, in the opinion of a state law officer.

Many others are drawing extra pay raised by void statutes, he believes. Under criminal appeals courts ruling a week ago in the Cecil Smith case from McLennan county—which held a special jury wheel law void because it conflicted with the general statute—an uncounseled defendant who had paid for an increase in laws and laws creating new jobs are unquestionably void, and subject only to court attack to be knocked out, it was indicated.

These include about 30 county school supervisors' jobs, numerous "criminal district attorneys," created by an omnibus bill that gave them an office not recognized by the constitution, stenographers, and assistants to county judges, and others.

Sec. 21 of Art. 5 of the state constitution was cited which says that "A county attorney, for counties in which there is no resident criminal district attorney, shall be elected . . ." etc., as showing that there exists a reasonable probability that courts would hold that numerous county attorneys are illegally holding offices in counties where there are resident criminal district attorneys.

Deer county has numerous fees laws unquestionably void under the Cecil Smith decision, it was said. One of these allows a county attorney to appoint 18 assistants, payable out of the county general fund; another allowing the district attorney to appoint the bailiffs.

The extra fees charged by numerous judges under special statutes for serving as "juvenile officers" are in a questionable status, and this set of fees may all fall when subjected to court test.

The whole fee system, this state official pointed out, has been pyramided, one set of special benefits of questionable legality, on top of much of the structure of the method, which, as he said, had "moneyscrambled" practically every county, may be swept off the books by courts, or stricken down by attack of citizens tired of footing the bill.

One set of extra collections which apparently county commissioners have been able to make a kick in the pay they have had enacted for themselves out of the county road and bridge funds, so long as the voters allow assessment of local taxes for such purposes.

# Andrews West To 4,105 Feet

# No Show Evident In No. 1 Boner Of Fuhrman Corporation

With the hole loaded no shows had been evident in Fuhrman Petroleum Corporation's No. 1 F. Boner or others in Andrews county as it drilled to 4,105 feet in hard lime early Thursday. Work was being retarded by heavy rains.

No. 1 Boner Saturday drilled plugh at 4,084 feet when on Monday of last week it cemented 6 5/8 inch with 100 sacks after testing revealed a satisfactory cement job, the big pipe was pulled. At 4,105 feet No. 1 Boner was 910 feet below sea level. One log indicates a lime point at 4,025 feet, 830 feet below sea level, that corresponds to a point that some may have picked as the lime top in Fuhrman No. 1 Ford at 3,930 feet, 744 feet below sea level. On the basis of these figures No. 1 Boner would be 86 feet lower on the lime top than No. 1 Ford.

No. 1 Ford is the largest of five producers in Andrews county and is approximately three-quarters of a mile northwest of No. 1 Boner, which is 1,320 feet from the north line and 440 feet from the west line of section 24, block A-43, public school land. No. 1 Ford, after running 6 5/8 inch casing at 3,962 feet, encountered gas at 2,978 feet, 792 feet below sea level and obtained an increase to a gauged 29,000 cubic feet daily from 4,063-68 feet. It topped the pay at 4,278-96 feet and had increases from 4,372-79 feet and from 4,445-50 feet. Sulphur water was struck from 4,612-16 feet and the well was plugged back. It was shot twice and completed for 235 barrels daily, flowing, but generally is believed to be good for more than that amount.

# Lucille Reagan Circle To Hold Linen Shower \$27,008,310 Loss Listed By Shell

The members of the Lucille Reagan Circle of the First Baptist W. M. U. are sponsoring a miscellaneous linen shower for Miss Lucille Reagan's work in Africa to be held Wednesday afternoon at the church parlors.

The linen is to be used for the new dormitory which the school trustees are planning to build for Miss Reagan will also be acceptable.

Invitations are also extended to members of other churches who are friends of this missionary and desire to have a part in her work.

The purpose of holding the shower is to get the linen together and send it to Africa by Miss Elma, co-worker of Miss Reagan's, who is sailing from the United States for Africa in the near future. She will save the high duty by carrying these articles with her. Lucille Reagan circles in other parts of the state are cooperating in the dormitory shower.

The hours are 3:30 to 5 and all kinds of household linen are desired.
