WALTON CALLS ARMY TO STOP ELECTION

ONE MIDDLEMAN SEES DANGER IN AGRARIAN 'AID'

Grain Dealer Believes Farmers Misled by Excess of Co-operative Marketing

By Associated Press.
DES MOINES, Oct. 1.—When intellectual anarchy reigns "not even the multiplication table is free from attack." Charles Quinn, secretary-treasurer of the Grain Dealers National association, declared in a report to the annual convention of the association here today.

Assailing congress and legislatures for bowing to the will of minorities, Mr. Quinn in a lengthy report asserted the time had come for "the helpless public to revolt against political and economic experiments."
"Topping thrones have let loose a flood of schemes for remaking the world," he said. "And this world of abnormal times, a world that abandons music for jazz, art for cubism and the church for the movies, will try anything."

Agrarian Vacation.
He declared the agrarian unrest was a part of the general disturbance. "For the first time in ten years," he continued, "congress has been on a vacation, giving the country a short respite. But now there promises to be a renewal of agitation and a plethora of bills 'to help the farmer' despite the fact that congress devoted most of its last two sessions to such measures. Almost unlimited credit was extended; a tariff law practically excluding foreign grain was passed; a law now gives the secretary of agriculture control over grain futures trading, and another law makes co-operative companies immune from the Sherman anti-trust act."

"Because cooperative marketing of California fruit was found advisable, efforts are made to apply like rules to grain, raised through almost the entire continent. Such policy shows that leaders have not even reached the teething period in economics."
Mr. Quinn quoted such authorities as Professor T. N. Carver, of Harvard university, to show the fallacy of applying to grain marketing the rules used for marketing fruit and other agricultural specialties.

"Leaders of the farm movement would destroy the middle man and replace him with a system far more wasteful and much less democratic," he added, pointing to enactment of cooperative marketing laws in grain states last winter which he characterized as "without precedent in the history of class legislation."

Long-Time Contracts.
"After driving farmers into these so-called cooperative companies, the leaders would bind them for ten years to deliver their products, not to the highest bidder, but to visionaries who know nothing of merchandising grain. To strengthen their position they would impose a fine of \$500 on anyone who would dare to tell the farmers that they had made a mistake. The price to be paid producers was of minor importance. It was, simply to be the market price 'after all expenses of merchandising' were deducted."
"It does not seem possible that these men, calling themselves leaders of a movement, can be unmindful of the fact that their course is bound to be subservient to the farming interest of the nation."

"But this is an age of turbulent thinking. That explains why a new scheme for the destruction of the middleman is advanced in the morning and abandoned by night. It explains unsound congressional bills that head the country down the road to bureaucracy. It explains laws being jammed down the public throat, laws to cure poverty, high prices, low prices, farming risks, idleness and war."

"In previous agitations farm leaders blamed railroads and the gold standard. Control of railroads by the inter-state commerce commission prevented a repetition of the old Populist agitation, and the money inflation in Europe stopped a resurrection of the Wall Street dragon. But someone hit upon the grain middleman and he became the victim."

FLOOD WATERS SWEEPING DOWN WYOMING VALLEY

By Associated Press.
CASPER, Wyo., Oct. 1.—Desolation gripped the valley of the Big Horn for 75 miles between Thermopsis and Grey Bull, Wyo., with crops wiped out and all of the ranches flooded. No estimate of the damage has been given out.
It is understood the water has reached its highest mark and has started to recede.

GREAT CRUSADE FOR INDUSTRIAL DEMOCRACY

American Federation of Labor Issues Call at Annual Convention

By H. E. SWISHER, United Press Staff Correspondent.

PORTLAND, Ore., Oct. 1.—A call to "all who have eyes to see" to join the American Federation of Labor in "a great crusade for industrial democracy" was sounded today by the federation's executive council in submitting its report to labor's annual convention here.

"Henceforth the organization of the workers must mean . . . enlightened participation in a democracy of industry whose purpose must be the extension of freedom, the enfranchisement of the producer as such, the rescue of industry from chaos, profiteering and purely individual whim, and from the domination of incompetent political bodies," said the council.

Dangers to Industry.
"The threat of state invasion of industrial life is real. Such ignorant encroachments as the Esch-Cummings act, the Kansas court of industrial commission and the Colorado industrial commission act, each a blundering gesture of government acting under the spur of organized propaganda or of political appetite for power, are examples of what industry has to fear. Trade unionism must lead the way for true progress, even at the cost of being branded as reactionary."

"Industry must organize to govern itself, to impose upon itself tasks and rules and to bring order into its own house. Industry must bring order to itself constructively, or it will have an order thrust upon it which would be demoralizing, if not fatal. Our people cannot live and thrive under the regime of bureaucracy which threatens unless industry solves its own problems. Industry must find itself. Industry must save itself."

For the Farmer.
To the farmer of the country the council suggested that "agriculture, the great life-giving twin of industry, must find its way through to orderliness and justice by adoption of substantially the same means we advocate for industry. It is our hope that the farmers will continue their work of organization and that we may have and give assistance in pushing forward the program upon which we believe depends our future national well being and safety."

"We commit ourselves to greater efforts in the organization of all workers. We urge no new formula, no new philosophy; we urge only a great consciousness of purpose and a definite air towards its more rapid accomplishment."
With this prelude, the council proceeded to a report and discussion of the work of the past year, and to make recommendations on several important questions of labor policy.

LIONS SEARCHING FOR ATHLETIC CLUB BUILDING

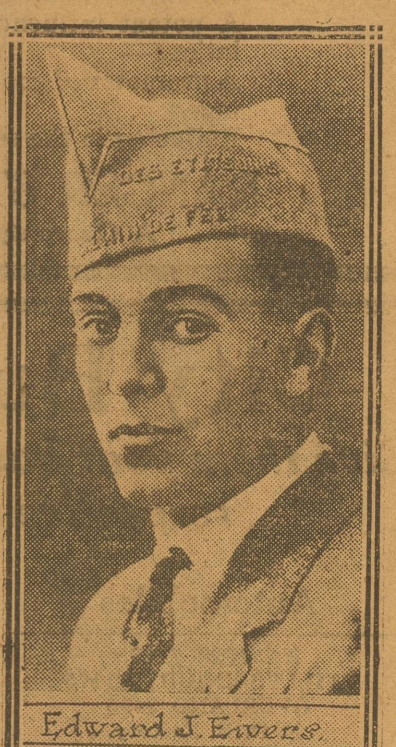

One more attempt to secure a building to be used as an athletic club will be made by the athletic committee of the Ranger Lions, J. M. White, chairman of the committee, said today. The results of this further attempt will be reported to the Lions next Thursday at the club luncheon.

The committee, balked so far in renting a suitable ground floor building, will crop the proposition if it isn't successful this week. The Rex and Southland theatre buildings will not do, White said, because the width of the buildings is not enough to permit the making of a basketball court, and floor space for sidelines.

GERMAN SOCIALISTS FEEL RESENTFUL OF STRESEMANN

By Associated Press.
BERLIN, Oct. 1.—A German parliamentary crisis is predicted in political circles. The socialists have withdrawn their support of the government for the manner in which the party has been said to have been discriminated against in Bavaria, and because Chancellor Stresemann will form a bourgeois cabinet.

LEADER OF "40 AND 8'S" TO GREET COMRADES

Edward J. Eivers, of Portland, Ore., national president of the Forty and Eight society of the American Legion, is shown wearing the official headgear his comrades will display at the annual gathering of the Legion in San Francisco, Oct. 15-19. The Forty and Eight society is based on the experiences of the army in France, where the little boxcars, used for peace pursuits, are marked "40 men or 8 horses" when mobilized for war.

RANGER IN HER BOOM DAYS TO BE REPRODUCED

Motion Picture Director Is Here To Obtain Pictures For Screen

By PAUL TEAL

Richard Walton Tully, motion picture director, who produced "Tribly," "The Masqueraders," and many other successful films, arrived in Ranger last night after having visited Los Angeles, Chicago, Toronto, New York, St. Louis and Dallas, gathering material for the new picture he is about to produce "Flowing Gold."
The story was written by Rex Beach and has been in print for some time. It is strictly a story of the oil fields and scenes will be laid in Ranger, Wichita Falls, and Dallas. Mr. Tully states that most of the action will take place in Ranger and its immediate vicinity. He expects to spend about three days here and hangers for photographs of muddy streets, shacks, tents, freak restaurants and signs that were here during the boom, in fact anything that will give local color to "Flowing Gold."

According to Mr. Tully, a block or two of the old boom Main street will be reproduced as accurately as possible and the height of the boom will be revived again on the screen. Ranger citizens will be seen wearing boots and wading through knee deep mud. Gambling houses and cabarets as they used to be will come to life, gamblers will lure their victims from among the motly crowds that throng the muddy sidewalks. The streets, sloppy with mud, will be jammed with traffic of dilapidated and uncared for automobiles and the mile long strings of casing and oil field machinery will be hauled through this phantom Ranger on eight-wheel wagons with six or eight sturdy horses laboring to pull each wagon through the gumbo.

Once more there will be shootings, street fights, a chief of police who wears gold pieces for buttons on his clothing in addition to a pair of pearl handled six guns. Hamburger stands will be more plentiful than restaurants, kaiki pants and shirts, rubber boots, big hats, and muddy clothing will again be in vogue. Old timers will again witness the tents, shacks, pastebord houses and buildings and other makeshifts that once composed the city of Ranger.

Prohibition Bureau Orders Strict Check of Doctor's Prescriptions In Effort to Determine If There Be Any Leak

By United Press

WASHINGTON, Oct. 1.—Nearly 500,000 persons are ill in the United States to the degree that requires them to drink intoxicating liquor every day, according to statistics on file with the national prohibition commissioner.

As a result of this sad condition of health, the bureau has ordered a strict check of all sales and the manner of dispensing liquor on physicians' orders is to come under greater surveillance.

Statistics on file show that 45,000 physicians in the United States gave out more than seventeen million one-pint prescriptions in the last six months, causing more than two million gallons of liquor to be withdrawn from the bonded warehouses.

REVOLT STARTED NEAR BERLIN IS SOON QUIETED

German Dictator Orders Insurgents Suppressed; Rioting At Duesseldorf

By Associated Press.

LONDON, Oct. 1.—A revolutionary movement has been started by the nationalist organization in Kueston, 50 miles from Berlin, says a Reuter's dispatch today. The insurgents attempted to disarm the garrison and occupy the fortress, but the commander of the reichswehr arrested the nationalist leaders and drove back the attackers.
A detachment of reichswehr from a neighboring town were summoned to Kueston and ordered to suppress the revolt ruthlessly.
As a result of this insurrection, Dr. Gessler, minister of defense, has imposed a censorship on all military news sent out of Germany.

FRENCH TROOPS STOP RIOTING IN DUSSELDORF

By United Press.

BERLIN, Oct. 1.—French troops were patrolling Duesseldorf following the fatal riot yesterday in which 16 persons were reported killed, and between 50 and 100 wounded in fighting between the German police and separatists. Order had been restored today.
Some 30,000 Germans are reported to have been attending a meeting which was discussing organization of a republic to be independent of the German reich when the police interfered to prevent a demonstration and arrested the ringleaders on charges of inciting rioting. French patrols marched through the streets all night to preserve order.

WALTON USES VARIOUS METHODS TO PROVE HE IS 'BOSS' IN OKLAHOMA

By Associated Press.

OKLAHOMA CITY, Oct. 1.—George Sinton, secretary to the governor, and James Manners, an Ardmore attorney, and attendants from the executive mansion took several hundred election certificates and the state election seal from the state board offices this afternoon.
It is understood that a new county election board will be named in every county in the state in which the election board refuses to halt the election set for tomorrow.

Attorney General Short sent a telegram to all of the county attorneys saying the election tomorrow is legal and for them to advise "your sheriff it is his duty as well as yours to obey the constitution of the state."
Short made public an opinion holding that the chief executive has no authority to appoint special officers for service at the polls.

GERMAN MINISTER REGARDED AS VIRTUAL DICTATOR IN GERMANY

Herr Gessler, minister of war in the German republic and a member of the German cabinet, in an address before the democratic party, in Berlin, declared that civil war in Germany is practically inevitable. Herr Gessler said the outbreak might be expected any day and that the government would be solidly supported by the Reichswehr in the crisis.

VETERANS OF WORLD WAR TO DISCUSS ISSUES

Want Legislation Limiting Immigration and Changing Aliens Into Americans

By United Press

INDIANAPOLIS, Oct. 1.—The American Legion at its national convention in San Francisco Oct. 15 to 19 will take a stand on numerous questions of international and national policy, as well as problems relating purely to affairs of the veterans, according to reports received at national headquarters here.
Resolutions adopted at the various state conventions during the last few months and which will in turn be presented at the national gathering embrace many problems of national concern.

One of the principal issues to come before the gathering in San Francisco is the question of the convocation of an international air disarmament conference. The movement was started a few months ago by Commander Owsley through The Legion Weekly.

A poll taken of all United States senators, congressmen, newspaper editors, college presidents and other prominent citizens expressed overwhelming indorsement of the legion's proposal to hold an international gathering in Washington to reduce military air forces.

Recommendations made by a number of state conventions of the legion are that the national body should continue its campaign for the conference until President Coolidge agrees to invite the European nations to confer.

The legion claims the support of a number of national leaders for the proposed gathering, including Senator Henry Cabot Lodge, Newton D. Baker, former secretary of war, and others.

A proposal to suspend all immigration to this country for a period of five years is certain to receive the consideration of the legionnaires. The legion's national Americanization commission has maintained a steady flow of propaganda favoring total exclusion, and 400,000 school children are writing upon the subject, "Why America Should Prohibit Immigration for Five Years," in the legion's national essay contest.

State convention resolutions charge that present immigration laws are unsatisfactory, because 800,000 aliens have been permitted to enter the country during the past year, nearly twice the quota actually authorized by law.
Americanization for foreigners already in America is proposed in a number of resolutions to be presented at the national gathering. Means suggested are compulsory government schools for aliens, registration of all persons of foreign birth, and a broadening of the scope of patriotic work of legion posts among foreigners.

SHERIFFS IN OKLAHOMA RECEIVE CONTRARY INSTRUCTIONS FROM GOVERNOR AND ELECTION BOARD

Executive Claims 22,000 Secret Service Men, 5,000 Guardsmen and 75,000 Citizens to Carry Out His Orders, But, Says One Sheriff, "The People Are Bigger Than Any One Man."

District Court Enjoins Hindering Special Election

By Associated Press.

TULSA, Okla., Oct. 1.—An injunction against the entire national guard and all officials in authority over the special state police restraining them from interfering with the election tomorrow was issued today by District Judge Gunter. Several hundred special deputies have been sworn in by Sheriff Sanford, who declares the court's order will be enforced and every man thrown into jail who attempts to interfere.

Attorney General of Oklahoma Rules Against Governor

By United Press

OKLAHOMA CITY, Oct. 1.—Defying Governor Walton and his special force of 22,000 secret service men, election officials today set in motion the machinery by which they plan to hold a special election tomorrow on the right of the legislature to convene itself.

Supported by an opinion of Attorney General Short that the election would be legal, notwithstanding Governor Walton's efforts to call it off, W. C. McAlester, secretary of the state election board, has ordered the election to proceed. Ballots are being printed and all local officials, including the sheriffs, have been instructed to do their duty to aid in holding a peaceful election. Governor Walton ordered every sheriff to lock the polling places.

"There will be no election, in spite of the attorney general's opinion and the efforts of a majority of the state press, which has opposed me at every turn," said the governor. "I am convinced the election would be illegal. It was called by me to decide the question of a soldier's bonus and other issues, and I afterwards rescinded the proclamation, which I had a perfect right to do."

The entire state has been aroused by the governor's mandate and it seems probable that an effort will be made, at least, to go through with the election. There is no evidence of any backdown on either side.

SHERIFF STOPS ELECTION.

By Associated Press.

M'ALISTER, Okla., Oct. 1.—Distribution of election supplies in Pittsburg county was stopped at 1:10 o'clock this afternoon by Sheriff Brown, who took charge of the election board's office, at which place about one-third of the ballot boxes are kept.

WALTON PLAYS A JOKER

Appoints New State Election Board With Orders to Stop Election Tomorrow. But Dates Order Removing Two Members 6 Months Back, So It Is Held Up.

By Associated Press.

OKLAHOMA CITY, Oct. 1.—Playing his trump card, Governor Walton reconstructed the state election board today and ordered issued instructions which went out by telegraph to all county boards to halt the special state election for tomorrow.

The governor filed an executive order with the secretary of state removing John Logan, chairman of the board. Logan board is a Democrat. Ira Mitchell was named in his place. W. C. McAlester, secretary of the board, is the only elective mem-

By Associated Press.
OKLAHOMA CITY, Oct. 1.—Instructions to jail every person attempting to interfere with the special election tomorrow were sent early today to all county election officials by the state election board. The sheriff in every county was urged to study the laws on election and to "provide a safe ballot."

The office of Attorney General Short is being deluged with inquiries as the legality of the election. Sheriff Cavnar of Oklahoma county said he was ready to deputize every man in the county to prevent disturbances at the polls. He said he would make no effort either to insure the holding of or to prevent the election, but was prepared to stop any violence.

"I have received written instructions from Governor Walton ordering me to stop the election in Oklahoma county," said the sheriff, "but have also received instructions from the attorney general and the county attorney that I have no authority to stop any election and it is my duty to see that the people have a peaceful election. I will do my duty, regardless of any interference by the governor. The people are bigger than any one man."

"There will be an election tomorrow," said W. C. McAlester, secretary of the state election board. Printing presses were being run in every county of Oklahoma today printing ballots for the election, and W. D. McBee of the house committee said that all election supplies would be in the hands of precinct election board before nightfall.

WALTON'S ARMY ALMOST NATIONAL IN ITS SIZE

By United Press

OKLAHOMA CITY, Oct. 1.—Governor Walton's army, which he said today would be mobilized for final offensive to prevent an election being held tomorrow in Oklahoma, will number more than 100,000 men. There are 22,000 minute men—secret service men commissioned by the governor, who have been ordered to be ready for duty Tuesday. The regular national guardsmen number 5,000 and the citizen soldiery about 75,000.

This armed force is 80 per cent of the size of the regular army of the United States.

SHERIFF TAKES CHARGE OF TULSA VOTING BOXES

By Associated Press

TULSA, Oct. 1.—Distribution of election supplies in Tulsa county began this afternoon under the guard of more than 200 armed deputies pressed into duty by heriff Sanford. Civil voluntary guards who had gone on duty at the call of the governor were ordered out of the county buildings. Two armed guards were placed on duty at each ballot box with instructions to stay there until the ballots had been counted Tuesday night.

BER OF THE BOARD.

C. W. Kelly, Republican member of the board, retains his position, which also is appointive, but it is understood that he has assured the chief executive that he will support the governor's policies.

The removal order is dated April 25, 1923, and for this reason R. A. Sneed, secretary of state, refused to accept the order until he had been able to receive an opinion as to its validity. The new board members, however, did not wait for an opinion before calling off the election.

New Songs of the Season

The latest list of songs sent out by the Chappell-Harms company, New York, includes many distinctive songs which bid fair to become as well loved as those favorite ballads of last year, "Love sends a Little Gift of Roses," and "The World is Waiting for Sunrise," among them is that phenomenal ballad success "Roses of Picardy" by Hayden Wood, which is steadily gaining in popularity and will be frequently heard and as frequently encored this season.

"The Wind on the Wheat," is a plaintive melody by Montague F. Phillips, which will have an appeal for the more thoughtful listeners, and carries a charm of its own which marks it as unusual.

"There's a Song in My Heart" by Bernard Hamblen, is one of the most pleasing of all the group. It has a merry refrain which will at once make it popular, and make the listeners want more songs by the same composer.

"Tip Toe" by Molly Carew, is one of those lilting, fetching airs which just sings itself. One only has to say "another song by Molly Carew" to know that something good is promised, for this composer's songs have an individuality and charm that makes them welcome with both singer and audience.

"Someone Brought Me Daffodils," is a song of happiness by Hayden Wood, which will please an exacting audience.

"Shepherd Take Me by the Hand," by Ward-Stephens, is a sacred song of unusual merit which is adaptable for service in any church, for Christian Science service or Jewish temple.

CLEBURNE. — Repairs to the city water mains that stopped leaks have resulted in a saving to the city of almost half the cost of pumping and to consumers of a large part of their water bills. BRECKENRIDGE TAKES TO GOLF, FLOYD BOONE SAYS

Floyd Boone, Weatherford golf star, who was in Ranger part of the summer, is now in Breckenridge. He went to the Stephens county town early last week. He says Breckenridge golfers turn out in large numbers. He estimated that 75 were out Sunday morning. The Breckenridge club took in 50 new members recently, according to Boone.

SADDLE THEFT CHARGED

John W. Owens has filed a complaint against a Ranger young man, charging the theft of a saddle. The young man has denied that he stole the saddle, asserting that it is his property. The saddle, it is alleged, was removed from Owens' barn after dark. The defendant will have an examining trial tomorrow in Justice J. N. McPatter's court.

Clowns Will Raise "Old Ned," the Beloved Funmaker, at Elks' Circus

Meet three of the "fifteen famous fellows from funland," who furnish the comedy at the Elks' circus, starting Tuesday night. Seated, Hank Sylow; center, Rube Walters; left, Charles Nelson. All are reputed to be top-notchers in the business of making people laugh.

With the arrival in the local railroad yards Sunday night of the Bob Morton circus company, the Ranger Elks are now circus managers and will open their show tomorrow night, at the ball ground. Unloading of the tents and paraphernalia commenced at 8 o'clock this morning, and the ball ground is a scene of intensive activity.

Dr. H. A. Logsdon, exalted ruler of the Elks, has issued a call for all members of the lodge, and also all ladies interested in the success of the circus, to attend a meeting at the club rooms tonight at 7:30; Bob Morton will entertain and will explain the details connected with the circus management. The actual exhibition is in the hands of professional performers.

There will be plenty of comedy at the Elks' circus, starting Tuesday night in Ranger. Reports from circus headquarters indicate there are 15 clowns with the exhibition, who run riot all through the performance, starting at the opening of the doors and finishing only at the conclusion of the exit march.

Bob Morton, owner of the exhibition which the local Elks will control this week, realizes the value of clowns, and, headed by Hank Sylow, and Rube Walters, these jesters overlook no opportunity to keep the audience in a jovial mood. All the fun makers have new stunts for this season. Hank is the proud possessor

Step-Father Sends Girl Into World In Search of a Home

Without a home, because her step-father doesn't want her, a 13-year-old girl, whose mother lives near Ranger, is willing to go to a state institution for girls so that she might get schooling and be properly clothed and fed.

Today Chief of Police O. V. Davenport with Deputy Sheriff Haden Neal took her to Eastland to get Judge J. H. Jones of the county court-at-law to intercede in her behalf. The police chief investigated the case yesterday and he said today that he would do all he could to see the girl is given a chance to grow up in a wholesome environment.

The girl is well behaved, and it is said that no charges can be filed against her to pave the way for her admittance to a state correctional institution.

GASOLINE IN DALLAS NOW IS SELLING FOR NINE CENTS A GALLON

DALLAS, Oct. 1.—Gasoline at several independent filling stations could be purchased at nine cents a gallon here today. Following establishment of 10 cents a gallon by the Magnolia Oil company, the Gulf and Humble companies announced a similar price, but a few independents then reduced the price to nine cents. Other companies in the city are selling gasoline at 13 cents.

CHARLES STUBBLEBINE FALLS FROM HEIGHT AND SERIOUSLY HURT

A letter received from Wilbur Stubblebine states that his brother, Charles, fell three stories on Sunday, September 23, and sustained a fractured skull, leg and shoulder. He had not regained consciousness when the letter was written on Thursday, and had several times been given up by the doctors, though they had some hopes of his recovery at the time of writing.

The Rev. Dr. Stubblebine was still in Philadelphia and also his son, Wilbur, both of whom had expected to leave for college the day after the accident happened.

JOHN DUNN DIES AFTER AN OPERATION

John Dunn, son of Mrs. Dean Walsh, died at a local hospital yesterday afternoon while on the operating table. He had been operated on several weeks ago following the bursting of his appendix and he was believed to be recovering at his home, but yesterday morning he was removed to the hospital when his condition took a turn for the worst.

He was 12 years old and had sold papers for the Ranger Daily Times. He is survived besides by his mother, his step-father, Dean Walsh, and one half-sister and three half-brothers.

RANGER SPOTS SLIGHTLY LOWER THAN ON SATURDAY

Ranger spot cotton was at 27.80, 10 points less than Saturday's figure. HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application of two, it is restored to its natural color and looks glossy, soft and beautiful.—Advertisement.

REWARDS SUGGESTED FOR KILLING BOLL WEEVIL
DALLAS, Oct. 1.—The Texas Retail Dry Goods association has fostered a movement which undoubtedly will prove of interest to the farmer. Their plea is that the merchants who are now giving away automobiles to the holders of lucky numbers obtained with purchases discontinued this and through the local chambers of commerce give the cars to the farmers bringing in the largest number of dead boll weevils. This could be done by each merchant giving weight certificates for all dead weevils brought to his store.

WICHITA FALLS.—Boys from the ages of 13 to 17 will hold complete sway in Wichita Falls and the Texas-Oklahoma fair on Oct. 1. That day has been set apart as juvenile day and boys will be selected to fill various city and county offices.

LUFKIN.—Ribbon cane growers of east Texas will hold a session here Oct. 2, to discuss problems confronting the industry in this section. At the same time, the directors of the Texas Farm Bureau Ribbon Cane Growers' association will meet to consider problems of the state association.

ERRORS CAUSE SNAPPERS TO LOSE GAME, 9-3

Season Closes at Breckenridge; Ranger Won 17 Out of 37 Games.

Closing the season in a blaze of glory was not for the Ranger Snappers yesterday afternoon. The final score, 9 to 3, at Breckenridge, made it a dismal end. It wasn't so much a case of the Brecks being against them or inferior pitching. The Snappers turned the eighth inning into a "catch the ball, drop the ball."

In all, the score book shows eight errors to have been made, and therein is the one sided score accounted for. The Dynamoes got but two more hits than the Snappers, but the former used more judgment on bases.

The Snappers won 17 out of the 37 regular season games played. One game, the Breckenridge tilt on Aug. 19, ended in a 13-inning tie, 7-7. This will give the club an average of 422. The club won 11 out of the 23 games played following the strengthening of the team in the last week of July by the contributions of fans.

On an estimate at least 1,000 fans saw the game yesterday. It kept the fans interested until the breakdown in the eighth. Then the crowd began trickling out of the stands.

Chief Seale and Ray Johnson, star battery of Parks Camp, were loaned to Ranger after Koch got hurt Friday and Lane had decided to quit baseball for the season. Seale would have fared better if he had received ordinary support. The Indian star himself was hit by a batted ball in the fifth and failed to throw a man out at first. It struck him on his left arm and he picked the ball up only to drop it, and to repeat. The first two times up the Indian got two clean hits off of Vernon Freeman.

Brecks Lead Off.
The Brecks got a two-run lead in the first inning, which Ranger overcame in the fifth. In the fourth, McElreath singled through second, stole second and scored on Seale's Texas leaguer. Lory singled McElreath home and Seale had a splendid chance to also score, but he was stopped at third. Seale was out at home when he and Lory attempted the double steal.

In the fifth Adams doubled to left center field. Scoggins slammed the ball through second, Adams traveling to third. Johnson was hit on the back and Freeman saw his bases full. Dinsmore rolled one to short stop and Adams safe on Edward's dropping of the ball. Neely rolled a weak one to first and Lory was called out at home on the throw from first to home. Freeman protested vigorously the decision at home on Johnson, whom Umpire Jack Elliott called safe. McElreath bunted to Freeman and Dinsmore was an easy out. Seale hit to third base and Neely was out.

Timely Hit Lacking.
The Snappers had the bases clogged all through the inning, but there wasn't an outfield hit made after the bases became crowded. A chance to score was lost in the sixth when McKay, running for Adams wandered too far away from third, and he was put out by Duddy.

The Dynamoes made three tallies in their half of the fifth, one in the sixth and three more in the eighth, by bunching their hits and a comedy of errors.

EASTLAND HIGH SCHOOL WALLOPED DESDEMONA, 47-0

Eastland High school trounced Desdemona Saturday to the tune of 47 to 0, at the Connellee park gridiron. This makes a total of 99 points the Eastland team has piled up in the first two games of the season. Captain Homer Mitchell of Eastland made two touchdowns and kicked four goals. He also made a 47-yard run.

CATS WIN EASY 10 TO 1, SUNDAY

NEW ORLEANS, Oct. 1.—Having everything a champion winning team should have in hitting, pitching and fielding, the Fort Worth Cats "poured it on" the New Orleans Pelicans here yesterday afternoon, 10 to 1. Joe Pate, who lost the only game dropped thus far by the Cats, was in the box for the Cats and he pitched wonderful ball and hit hard.

Rube Robinson was pitted against Pate. He had to be taken out in favor of Joe Martina, who has defeated by Lil Stoner in the opening game of the series and he too had to be removed in favor of Carl Thomas.

Dutch Hoffman got a homer in the fifth over the right field fence and for this neat job he got \$208 and some odd change. A walk, three doubles and a home run meant five runs in this frame for the Cats. The two teams meet again today at Heinemann park.

COURT AUDIENCE APPLAUDS ACQUITTAL OF WARD

WHITE PLAINS, Oct. 1.—When Walter S. Ward was acquitted of the murder of Clarence Peters by a jury which had been in deliberation exactly three hours and four minutes. After the verdict had been announced, the audience broke into unrestrained shouting, clapping and dancing around.

For the first time a defendant in Chicago has been brought to trial on the charge of selling baseball pools. The strength of the gambling interest is indicated by the delayed success on the part of baseball interests which realize that the sport must perish unless it repulses the assaults of the gamblers.

ALL-STARS TAKE FOURTH GAME FROM THURBERITES

THURBER, Oct. 1.—The All-Stars defeated Thurber here yesterday, 6 to 2. They gained a four-run lead in the second frame which the locals could not overcome, Love accounting for three of the counts by a homer over the right field wall. His magnificent hurling was an outstanding feature, allowing only five well scattered hits. White of Thurber also clouded the circuit in the ninth. This completes the four-game series between the All-Stars and Thurber, the first game being a tie, the second going to the All-Stars, the third to Thurber and the fourth to the All-Stars.

Affecting Poe of a Cat and Pelican. One Learns by Experience. Do You Know?

By P. G. T.

The following highly melodramatic and sadly pathetic baseball poem was written by a New Orleans fan in Ranger. This fan is well known as a box fighter and has made himself famous in the art of "bust 'em" in the local ring on several occasions.

A Cat stood there beside him As he sang his last refrain Then stole the Pelican's tail feathers And grabbed a cow town train.

One of the nerviest bosses we have met strolled in the store the other day. He is an acquaintance of ours for a long time, but that seemed to increase his brass.

"Say," he said as he stood in the place where we work. "Le' me see them there two silver dollars which is in your hand. Kinda looks to me as if they was different from the average run, as tho' they might be curios or somethin'."

We passed the bird the two cart-wheels for inspection, and he looked 'em over carefully.

"Huh, don't see nothing wrong with those. Many thanks, I'll pay 'em back to you nex' time I come through town." He went on his way rejoicing, leaving us where we were cussing.

An old timer walked into a soda fountain the other day and ordered a drink.

"Son," he said to the skeet, "do you know Judge Huntington?" "Can't say that I do," answered the skeet. "What is he? Judge of some county court or is he a lawyer?"

"Don't know what he's doin' now," said the old timer, "but I guess he's firin' a boiler some place hereabouts." Isn't that a keen occupation for a bird with a highbrow sounding name like Judge Huntington.

Does anybody know R. W. Thompson, who runs with the Elks Circus and came to town ahead of the show? Just for the information of those who have not been introduced he is worth knowing, and that does not mean maybe.

CURE FOR "THIRST" SEEMS TO HAVE HAD TOO MUCH 'KICK'

Special to the Times

SPUR, Oct. 1.—As a result of drinking some patent medicine, supposed to have been secured at a drug store, Oscar Harrington of Spur is dead and Dick Boykin of Spur and Lewie Hale of Crosbyton are in a serious condition.

Oscar Harrington, 21, son of Mr. and Mrs. John Harrington of Spur; Dick Boykin, 19, son of Mrs. A. Boykin, four miles north of Spur, with Spencer Sullivan, went to Crosbyton Saturday to attend the Crosby county fair. They met Lewie Hale, a married man, a barber of Crosbyton.

About 10 o'clock Saturday night a patent medicine drink was secured which killed Harrington in less than five minutes, and produced unconsciousness in the other two cases in about three minutes. The tragedy occurred at the fair grounds. It has not been determined the exact nature of the drink, or where it was secured, as the two living men are not able to tell the story. Dickens and Crosby county officers are at work on the case.

Everybody should plan to see the Merchants' Carnival, the big home-talent performance to be held at the new high school auditorium Thursday and Friday nights, Oct. 11-12. Over 100 people will take part in the exercises, all home talent. Fire drills and parades, pretty costumes, good singing, good music, lots of fun. Admission only 20c and 30c. Benefit Ranger schools, library, etc. You will get more than your money's worth. Don't forget the dates and place. Also come.—Advertisement.

LAW APPLIES EQUALLY TO MEN AND WOMEN

By United Press

AUSTIN, Sept. 26.—Under a ruling by the state's legal department, the state's health, safety and comfort act is applicable to both men and women.

An opinion was given by the attorney general's department in reply to an inquiry from State Labor Commissioner Meyer. It is held that while the caption of the bill relates only to women, the body is construed to mean both men and women. Constitutionality of the law will be left to the courts, the attorney general said.

MAH JONGG CRAZE PUTS CHINESE CARVERS TO WORKING OVERTIME

SHANGHAI.—(My mail to the Associated Press)—Ivory dealers and ivory carvers in China are profiting hugely just now by reason of the fact that something approximating a craze for one of China's most ancient games has been sweeping through both the United States and Europe. Export reports of ivory carving establishments, working night and day in Shanghai and environs, are bases for the belief that thousands in the United States and England are playing Mah Jongg.

The game is akin to the card game called "rummy," but it is played with dominoes called tiles and in China these are made of bamboo and bone or, for the very expensive sets, bamboo and ivory. The real origin of the game, which in its English translation may be called "sparrows" seemingly is lost, but it is known that it was being played in China long before the time of Confucius.

Firm Plump Flesh!

MANY are the eyes that are turned to gaze with keen admiration on the well developed, healthy girl no matter where she may be—on the rapidly moving thoroughfare or gliding gracefully over the dance floor.

All eyes turn because we all appreciate the girl with the figure so firm and plump—the girl with radiantly red cheeks, cheeks that carry a touch of roses from nature's own garden—the girl with the sparkling eyes, keen and sharp—the girl with buoyancy and the swing of youth.

Not necessarily an out-of-doors girl. Just a girl with ever increasing blood cells. Just a girl filled with the vim and vigor of youth.

S. S. S., since 1826, has stood for increased blood cells. S. S. S. means restored strength—rekindled vitality—added energy. Take S. S. S. and watch the bloom of youth return to your cheeks. Watch that flabby, ill nourished flesh fade away before flesh that is firm and plump. Red blood cells will do it and S. S. S. will build them. It contains only pure vegetable ingredients. S. S. S. is sold at all good drug stores. The large size bottle is more economical.

FRAUD WARNING!

House-to-house solicitors are claiming to sell Phoenix hosiery in various sections of the United States. Sometimes they show alleged credentials in which the word "Phoenix" is prominently displayed. Their plan is to secure a dollar deposit, promising that the hosiery will be sent by mail, and the balance collected by the postman. And that is the last their victims ever hear of them. They pocket the dollar and disappear. In a few instances, however, they have delivered some makeshift hosiery, worth about half the price.

These canvassers are outright frauds, for Phoenix hosiery is sold only through retail stores. As Phoenix is a leader in sales everywhere, and is probably the best known line of hosiery in the world, these peddlers are trading upon that reputation to defraud the buying public.

REWARD

United States Post Office inspectors and the Pinkerton National Detective Agency are now searching for these defrauders, and are working on several such cases.

We will pay liberally for information that will lead to the arrest of any of these unauthorized solicitors. If you are approached by any person offering Phoenix hosiery and seeking a deposit of money, please notify a Phoenix dealer, or your city's "Better Business Bureau," or if there is a Pinkerton agency in your city, notify them. Also telegraph us collect.

We issue this warning as a protection to the public, as well as ourselves, that no one may innocently purchase imitations for genuine Phoenix hosiery.

Unscrupulous and fraudulent house-to-house hosiery canvassers are daily mulcting the American public out of thousands of dollars. Beware of them.
