Speak at Smoker Given by Eastland Retail Merchants Association.

More than 100 business men, including a number from Ranger, were entertained in the Elks clubrooms at Eastland last night by the Eastland Retail Merchants' association. (It was an enjoyable affair, featured by numerous entertaining talks, including an address by Lionel W. Bevan of Fort Worth, head of one of the largest retail establishments in that

city.
T. L. Fagg, president of the Eastland Retail Merchants' association, presided. Karl Jones, secretary of the Ranger Retail Merchants' asso ciation, made the introductions. He made a few preliminary remarks, telling how the Eastland organization had started about five months ago with about three score members, had been able to do such satisfactory work since then that the membership had grown rapidly, and indicating the advance that might be expected right along. WASHINGTON, Oct.25 .- David Lloyd George came to Washington today to look over the machinery of the American government and talk over many subjects of world concern with government officials.

Secretary Hughes and President Coolidge were on the calling list of the former British premier for the first few hours of his visit and later in the day he was to call on former President Wilson and Chief Justice Taft.

The first caller to be received by the war time premier was William Jennings Bryan. He said the talk was entirely an exchange of personal greetings.

Ranger and Eastland Many Oil Leases In One Senator and Ten Repre-**Eastland County** Drawing Near Expiration

Scores of oil leases are expiring in Eastland county this fall. These include for the most part, the five-year contracts, drawn up between the big producing companies or the independent operators and the owners of land. Only a small percentage of the leases are being renewed, a lease broker of Ranger said today.

Between now and next spring, nearly all of the big and small leases around Ranger will have expired. Hundreds of them were drawn up in 1918 and the early part of 1919.

There are some few six and seven-year leases, held by several big oil producing companies, including the Texas company and the Texas Pacific Coal & Oil company. These will run until 1924 and 1925.

An oil man said today that the county clerk at Eastland should be receiving more fees at this time from men and companies filing releases on land leases than from instruments of any other character.

Get the Necessities First —The Luxuries Will Follow

Homes are not set with diamonds; nor do they run around on rubber tires. But all is not gold that glitters, vou know! You can't lose a home very easily, and it won't depreciate in value as the days go by. In fact, homes usually increase in value steadily!

Build a home first—a necessity for thrift, happiness and a greater citizenship—and the luxuries will follow in their natural order.
