MOTHER "BOOTLEGGED" BLOOD FOR CHILDREN

When physicians examined Mrs. Carrie McFeely, of Chicago, they were ouzzled by her anaemic condition. Inquiry revealed that the mother of five tubercular children, though healthy herself, had been "bootlegging" her blood in Chicago hospitals in blood transfusion operations in order to suptelling the world about it. By the week, Wednesday, December 19, with port her family after they had been deserted by her husband. In the last message that, in addition to these operation she yielded a quart of her blood, for which she received \$50. The doctors notified her that another blood transfusion would kill her.

Druggists Say Ladies Are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and lustre or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly that nobody can possibly tell it has been applied. You just dampen a snonge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what Lamar St., Eastland, Texas delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it

an appearance of abundance.-Adver-

Breaking the record time of the famous Los Angeles limited from Salt Lake City to Los Angeles by one hour and ten minutes, a stock 1924 Studebaker Special Six, driven by D. A. Jenkins of Salt Lake, has established a motor car performance mark that is causing widespread comment among motorists along the Pacific coast, says a bulletin received by the Oilbelt Motor company of Ranger.

This is the fastest that man has ever traveled overland between these two cities. It is one hour and fiftyeight minutes, almost two hours, faster than the best previous motor car record.

The Arrowhead trail over whith the record was made winds through many treacherous mountain passes and traverses hundreds of miles of desert roads. For this reason, and because the feat is all the more impressive to those who are familiar with the

Even more remarkable than the speed attained was the endurance displayed by the car. Despite the fact that its cooling system was naturally subjected to a severe test over the ntain and desert roads, no water added to the radiator during the tire run. #### A NOVEL VENTURE.

Success has attended the venture of Mrs. Horace Butler, Mrs. Garrett Bohning and Mrs. Walter I. Clark, prominent society matrons of Eastland, who took a little flyer in the popular Gift Shop venture of personal artistic expression and were so charmed with results that the combined exhibit that remains from the three days of vigorous Xmas shopping will be on sale, and on exhibition, at the home of Mrs. Clark on South Seaman street, tomorrow, Tuesday and Wednesday.

Not so long ago, society matrons were supposed to do nothing but society. But fashions have changed, and it is quite correct to develop and exercise a practical talent in business as well as pleasure.-Adver-
