Capt. Herbert Hartley, commander.

BOSTON, June 19.—The Leviathan, the world's largest liner, rebuilt and refurbished at a cost of \$8,200,000, sailed on her trial trip to Cuba today. With flags flying and whistles blowing the great ship steamed down the harbor carrying the guests of the United States shipping board, on one of the most luxurious trips ever made.

On her return she will go into the regular trans-Atlantic trade, starting July 4 from New York to Cherbourg and Southampton. Six days will be taken for a crossing, and a round trip will be made every three weeks. Accommodations for the 3,400 passengers will cost from \$5,000 for the so-called royal suite down to \$95 or \$100 for the third-class. First-class will be from \$275 up and second from \$140 up.

The liner, which lay rusting away for two years after its service as a transport, when it carried 200,000 doughboys across the Atlantic, is now furnished, in a style surpassing that of the most sumptuous hotel. Designers, interior decorators, architects and artists have done their utmost to make the former Vaterland so delightful that passengers will forget or forgive the fact that she carries no bar.

Among the stores carried to feed crew and guests on a single trip are: 100,000 eggs; 600 boxes of apples, 15,000 pounds of butter, 20,000 pounds of preserves, 20,000 pounds of cabbage, 12,000 quarts of milk, 136,000 pounds of fresh meat, besides tons of tobacco, tea, coffee, fruit and other supplies.

HEAT WAVE TAKING TOLL OF DEATH IN MIDDLE WEST STATES

CHICAGO, June 19.—A heat wave has taken a toll of seven deaths in Chicago during the last 36 hours and was today again sweeping over the middle west. Many prostrations are being reported, both in the cities and in the country.

TEMPERATURE RANGES BETWEEN 84 AND 90 DEGREES

CHICAGO, June 19.—Seant relief is in prospect today from the weather in many of the southwest, central and gulf states. The forecast was unsettled weather and little change in temperatures.

Seven deaths in Chicago were attributed to the heat. The maximum temperature in St. Paul yesterday was 84 degrees and in Milwaukee, 90 degrees. At St. Louis, one death from prostration was recorded, the highest temperature for the day being 90 degrees.

The hottest points in the United States were at El Paso and Phoenix, both cities reporting 96 degrees, but at both places there was an absence of humidity, so it was not oppressive.

Women of Country Aroused by "Wet" Antics to Action

The National Committee of One Hundred for law enforcement, claiming to represent 10,000,000 women, meeting in New York, telegraphed Governor Alfred E. Smith at French Lick, Ind., asking him to reconvene the legislature to pass a prohibition enforcement measure that would "put New York in line with other law-abiding states."

The meeting was not open to the press, but a statement issued at its close stated that a campaign for greater enforcement of the Volstead act would end on election eve of 1924 with "grand marches of allegiance" in all large cities.

The committee, which suggested that all women pray that Governor Smith might "see his duty," also adopted a resolution calling for greater activity against the rum fleet and more severe penalties for bootleggers.

J. H. HARRISON, RANGER PIONEER, PASSES TO REST

Dies of Paralysis in 81st Year. Funeral Services This Afternoon.

J. H. Harrison, formerly of Ranger, died at his Eastland home at 2 a. m., today. Mr. Harrison, who would have been 81 years old in July, suffered a stroke of paralysis a month ago and his death was due to this cause.

He is survived by his wife and five children, Mrs. C. E. May of Ranger, Miss Beulah Harrison of Eastland, and Walter Harrison of Dallas, Luther Harrison of Cisco and John Harrison of Eastland. Mr. Harrison was born in Georgia. He came to Ranger in 1895 and lived here until 1919, when he moved to Eastland.

The body will be brought to Ranger this afternoon and funeral services will be conducted at the Methodist church with Rev. L. A. Webb officiating. Interment will be in the Harrison family plot of the City cemetery, where his daughter Lola is buried.

The Peoples State Bank closed at noon today out of respect to the deceased. The bank's vice president, C. E. May, is a son-in-law of Mr. Harrison.

Up until his death, he was the oldest living member of the Ranger Masonic blue lodge. This lodge will be in charge of the funeral.

WIDOW OF PIONEER METHODIST MINISTER DIES

TERRELL, Tex., June 19.—Mrs. Hattie Belle Thomas, 82, wife of the late O. T. Thomas, pioneer Methodist minister of Texas, died at her home here last night.

CURIOSITY AND AMBITION

When These Two Are Blended Properly They Contribute to Education. Without Both in Some Measures Means Mediocrity and Backward Slide.

Have you any curiosity? Most persons will at once hesitate before answering, or say "no." The question is what is curiosity? The dictionary gives us several definitions, although according to the generally accepted idea, such a state of mind has fallen into disrepute.

Nevertheless curiosity is not such a bad fault after all when it is put to a right use. Webster says: "Curiosity is careful attention; fastidiousness. A habitually curious person is usually one who is anxious to learn, and not merely one who is prying into the activities of another."

A little more curiosity in regard to the business advantages of Ranger would not come amiss and the merchants of the city would doubtless welcome any inquiry into their supplies and the goods they have to offer for the inspection and ultimate joy of the people of Ranger.

Of course if there is to be an inquiry conducted there must be some medium of conducting it and the proper medium is the daily newspaper, in this instance the Ranger Daily Times. How can the citizens of Ranger know what is going on in Ranger, or what is available for their

MOUNT ETNA POURING OUT GREAT MASSES OF MOLTEN LAVA WHICH IS BURYING SCORES OF TOWNS

Upwards of 100,000 Persons Made Homeless and Large Fertile District Destroyed for Future Habitation.

CATANIA, Sicily, June 19.—Before an avalanche of red and blazing lava which is slowly advancing over the country about Mount Etna thousands of Sicilian farmers are fleeing with their families, driving their livestock before them and carrying all the household goods they were able to load on at short notice. Upwards of 100,000 people are homeless.

Already ten townships have been obliterated by the molten metal, which earthquake shocks add to the distress of the people. Over their shoulders the fleeing people see the mass of lava advancing, several hundred feet high and more than three miles wide. Human life is impossible within a mile of it. Wells have been dried up and vegetation destroyed.

Higher up the mountain a steady downfall of ashes—not cinders—is spreading a blanket, already more than three inches in thickness, over the entire mountain.

Eastland County Medical Men and Dentists Meeting

Medical men and dentists from all parts of Eastland county are in Ranger this afternoon for a program of papers to be read at the Eastland County Medical society's regular session on the mezzanine floor of the Gholson hotel. About 25 physicians, surgeons and dentists and several guests of the society are in attendance.

Mayor R. H. Hodges welcomed the medical men to the city, to which Dr. H. B. Tanner of Eastland responded. Rev. L. A. Webb of the Methodist church gave the invocation.

Immediately after the opening ceremonies, Dr. James A. Shackelford began reading his paper, "For the Prospects." Several other papers are to be read, including one by Dr. J. Spencer Davis of Dallas on "Treatment of Diabetes with the New Insulin Drug."

The visitors will be given a dinner in the banquet room of the Gholson hotel, following the close of the program, by the Ranger medical men.

TWO BOYS KILLED BY CHARGE OF ELECTRICITY

ABILENE, June 19.—One Mexican boy was killed and one American boy injured when an electric wire carrying 13,000 volts fell on a wire fence here late yesterday. Both boys were inmates of the State Epileptic hospital.

ROTARIANS HEAR IDEALS URGED AT CONVENTION

Service Gaining Over Wealth A True Barometer of Success.

ST. LOUIS, June 19.—Business has been revolutionized and the precept "let the buyer beware," has been changed to "let the seller beware," Raymond Moore, Haven of Kansas City today told the International Rotary convention.

ST. LOUIS, June 19.—The possession of wealth no longer constitutes the only barometer of success; the service ideal is gradually gaining ground. This was the keynote of a message to the convention of International Rotary here today from Paul P. Harris, founder of Rotary and president emeritus of Rotary International.

"The time when rich men are the big men is passing," said the message. Greatness in future will depend not upon what one has been able to get, but rather on what one has been able to give.

Service for Motto. "Opportunity to urge upon the business world the importance of adopting service as the basis of all professions and trades, is distinctly Rotary's. Rotary's peculiar formation, one representative of each profession and each line of trade, makes it preeminently the best organization with which to effect the purpose. It is a large order.

"The advent of Rotary marked an era when the long suppressed yearnings of business men for opportunity to share in spiritual leadership began to find realization. It has been a period of wonderful progress because business men have made idealism practicable.

"No worthy object can be gained without effort and the more seriously we view our undertaking, the more certain our accomplishment."

Respect for Courts. "When one goes into a courtroom and sees the dilatory practices of lawyers and the procrastination of judges, the wonder is that we have the respect for the law and its administration that we have, Harry H. Rogers of San Antonio, Texas, told the convention of the International Rotary here today.

"A little more energy on the part of lawyers and judges would not only be a great financial saving but would dispose of the congested dockets found all over the country," said Mr. Rogers. "When confidence in the judiciary is shaken, the country is in danger. If each Rotarian would increase his pace 10 per cent a great additional good could be accomplished."

Get Best Teachers. In discussing teachers and schools, Mr. Rogers said: "Why should we not be willing to put a premium on efficiency in the school room by paying decent salaries and demanding the best as teachers of our children. Is it more important to know who keeps your bank deposits, or who trains your race horses, or who manages your show herd of cattle or hogs than it is to know who is teaching your child? We cannot expect good teachers until we pay them, and we cannot get them at any price until we learn to appreciate them.

"Is not the teacher important enough to have the ordinary comforts of life, to visit in your home and be considered a desirable friend and companion of the family of the school child?"

"When there is a moment for good, the Rotarian should be the first to volunteer. So let us go on energetically, with all the power we have, rendering service which is due the community and which will bring happiness and contentment to ourselves."

FIRE AT REFINERY. CINCINNATI, June 19.—Firemen were battling Monday afternoon to confine a gasoline fire at the Ohio Refinery company in Bond Hill to 10 tanks, already on fire.

BLUE-EYED AND SMILING BANDIT IS IDENTIFIED

Police Holding Woman of Mixed Aliases for Alleged Murder in Chicago.

CHICAGO, June 19.—Mrs. Frances Compton, alias Fred C. Compton, today was identified as the "smiling blue-eyed girl bandit" who killed Richard Tesmer, a Chicago insurance adjuster, at his home here two weeks ago, police today announced. The widow of Tesmer made the identification at the Tesmer home. The alleged girl bandit, who passes also as a man, is known also as Frances Gerriek, police said.

The girl was arrested in a raid on a northside apartment early today and was dressed in man's clothes. The police also arrested two others found at the apartment, a man giving the name of John Doe and a woman, Marie Florence.

Police said that the girl bandit passes both as a man and a woman.

FOUR BANDITS ROB BANK IN OKLAHOMA

BARTLESVILLE, Okla., June 19. Four bandits robbed the Barnstall National bank at Barnstall, 15 miles southwest of here, early today and escaped with \$5,000, according to word received here.

Two of the robbers entered the bank and commanded the cashier to turn over all of the money outside of the vault. The third stood guard at the door. The fourth man remained in an automobile, which was parked one block from the bank. No shots were fired. The work was done so quietly the robbers were several blocks away before the alarm was sounded. A posse is hunting for the bandits.

JOHN DONOHUE ON TRIAL FOR ALLEGED MOONSHINING

EASTLAND, June 19.—John Donohue, charged with the manufacture of liquor, is on trial in the Ninety-first district court today. He was indicted May 18, just one month before his case came up for trial. Donohue was indicted upon three charges of selling liquor. Chastain, Judkins & Chastain, of Eastland, represent the defendant.

STARKEY CASE TO BE TRIED WEDNESDAY, 27TH

EASTLAND, June 19.—A venire of 200 men is being subpoenaed for the trial of L. J. Starkey, former constable at Cisco, for the murder of E. D. (Pet) Brown, at his road camp, a few miles north of Cisco, on May 5.

It is expected much interest will be manifested in the trial. Many witnesses are being subpoenaed from over the state. State Senator Joe Burkett has returned to his home here from Austin, and has been retained as private prosecuting attorney. Turner, Seaberry & Springer represent the defendant.

DILWORTH HELD FOR ACTION OF GRAND JURY

GALVESTON, June 19.—J. C. Dilworth, federal prohibition officer, was bound over to await the action of the grand jury in the sum of \$10,000 today. Dilworth is charged with murder in connection with the fatal shooting of Fredius Wilson, city officer, on the beach last Wednesday. C. E. Mills, federal officer, who was with Dilworth at the time of the shooting was not present.

SWARM OF INSECTS CALLS OFF FIREMEN

WACO, June 19.—A swarm of insects pouring from the tower of the administration building at Baylor university here at sunset one evening caused a general alarm to be turned in to the fire department.

The swirling mass of insects coming from the tower gave the appearance of smoke and an over-cautious pedestrian turned in the alarm. Traffic jams resulting from the movement of the fire apparatus lasted for several hours and Chief Meers, who was caught in a jam, was forced to abandon his car and make the call on foot.

RANGER MAN LOSES LIFE NEAR LONGVIEW; BODY NOT RECOVERED

LONGVIEW, Texas, June 19.—Roger Fenlaw of Ranger, Texas, 40 years of age, a justice of the peace in that city, was drowned in Moody's Creek, 8 miles east of Longview, when he attempted to swim across the creek while squirrel hunting.

He was passing near Lake Divernia with his wife and children and a brother-in-law, H. M. Linsey of Gilmer and stopped to hunt squirrels. The drowning occurred at 10 o'clock.

The body which is believed to have become tangled in the roots of trees in about 15 feet of water, had not been recovered at 2 o'clock this afternoon.

Cisco Man Kills His Wife and Self Early Hour Today

CISCO, June 19.—Fred Williams shot and instantly killed his wife here this morning and then turned the gun on himself. The bullet penetrated his head and he died about 12 o'clock.

Williams and his wife have been separated, according to friends. He had been in Louisiana and recently returned to Eastland county. He met his wife yesterday in Eastland, where they had a quarrel. He followed her to this city and this morning she had a complaint filed against him. The shooting took place in the house where she has been living.

The Williams have two small children.

ANOTHER SUIT ON TEXTBOOKS IS THREATENED

Superintendent Questions Renewal of Contract for Rhetoric.

AUSTIN, June 19.—Another textbook contract suit is threatened against the state over a contract awarded by the state text-book commission to a book company last December. Superintendent Marrs recently wrote the book company holding the rhetoric contract that he does not intend to recognize a renewed contract.

It is said that a suit would be filed against the state comptroller and treasurer to make the state pay for the books.

CASHIER OF BANK IN WICHITA, KAN., HELD FOR ALLEGED DEFAULT

WICHITA, Kan., June 19.—Faced with an alleged defalcation of \$150,000 by W. D. Drumm, cashier, the American State bank, one of the largest banks in the city, closed its doors today. Drumm is alleged to have taken school funds of the city of Wichita and negotiable paper of the bank to float personal loans for oil investments.

Arrest of Drumm was ordered by the state banking commissioner, according to Topeka advices. The commissioner believes the aggregate loss will not exceed one-half of the defalcation due to the probability that one-half of it can be recovered.

NEW YORK BROKERS ARE SENTENCED BY COURT

NEW YORK, June 19.—Edward M. Fuller and G. F. McGee of the bankrupt bucket-shop firm of E. M. Muller & Co., today were sentenced by Judge Nott in general sessions to the state penitentiary for from one year and three months to four years. Judge Nott, in sentencing the brokers, said he was being lenient because of their alleged poverty and because they had pleaded guilty to bucketing.

CANDIDATES FOR SENATE NAMED IN MINNESOTA

Governor Preus and Mangus Johnson Again Rivals at the Polls.

ST. PAUL, Minn., June 19.—Governor J. A. O. Preus, the Republican chief executive of the state; Magnus Johnson, farmer-labor candidate, and James A. Carley, Democrat and member of the state, are the party nominees in the primaries of yesterday, it appeared certain from the returns received today, for the United States senate to succeed the late Knute Nelson.

The trio will go before the voters July 16.

Either the Republican nominee or the farmer-labor nominee will be Senator Nelson's successor, according to political experts.

The odds, of course, favor Governor J. A. Preus at the outset, because of his re-election as governor last fall, and because he built up a statewide organization during his first term dating from Jan. 5, 1921. The scant margin of his re-election over Magnus Johnson, farmer-laborite, however, caused great concern in Republican ranks. He had a majority of only 14,000 votes.

His personality is the striking thing about Magnus Johnson; Kimball farmer, seeking the farmer-labor nomination. Johnson is a type of his Swedish nationality. On the platform he is eloquent and tries to emulate Theodore Roosevelt. He even wears the small lens, unrimmed gold spectacles that were so long associated with the former president.

State Senator James A. Carley would probably not have entered the race, even at the behest of the state central committee, had he figured on opposition. Francis L. Cary, Minneapolis attorney, surprised the Democrats by following Senator Carley to the filing clerk a few minutes before the closing hour.

It is generally conceded the race is between Governor Preus and Magnus Johnson.

WATER ENGINEERS TO INSPECT DAM SITES ALONG TEXAS RIVERS

AUSTIN, June 19.—Members of the State Board of Water Engineers were to leave here today for various sections of the state to make personal investigation of dam sites along rivers and streams of the state. The work is to be done in conformity with provisions of the recently enacted reclamation bill.

Two members are to go to Gonzales and inspect the dam sites along the Gonzales and then work up the San Antonio river to its source, after which they will go to north Texas. John H. Norris, chairman of the board, will leave tonight for points in East Texas, where he will inspect several sites.

LULING ON BOOM ADOPTS BUILDING REGULATIONS

LULING, Texas, June 19.—In an effort to keep down fire hazard and to prevent this city from taking on the appearance of a "boom town," the city council here has passed several ordinances prohibiting construction of buildings within the fire limits of any materials other than brick or hollow tile and with tin or metal roofs. The fire limits were also extended several blocks.

JOY OF THE RANSOMED—
 The ransomed of the Lord shall return, and come to Zion with songs and everlasting joy upon their heads: they shall obtain joy and gladness, and sorrow and sighing shall flee away.—Isaiah 35:10.

TEXTILE CONFERENCE.

The state-wide textile conference called by the Texas Chamber of Commerce will convene in Dallas, Friday, June 22. The textile conference will constitute an all-day session. Members of the textile (group) committee of the industrial department of the Texas Chamber of Commerce, consisting of Texas textile mill owners, will be present acting as an advisory and consulting board on all of the phases of the textile industry. Other textile experts will be present at the conference.

The state-wide textile conference is for the purpose of formulating plans, covering a period of one year, for the organization of cotton textile mill companies and the erection of mills in the state of Texas. The following six important phases in developing the industry will be discussed in detail and methods of procedure adopted, according to Burt C. Blanton, industrial engineer.

First, plans for an exhaustive study of the resources and facilities of every community in the state of Texas for cotton mill development, such data and information to be compiled by each community interested in securing a textile mill and presented to the industrial department of the Texas Chamber of Commerce. Power, labor, markets, transportation and raw material constituting the principal factors for the location of the industry in each community to be enumerated and discussed.

Second, plans involving the organization of a cotton textile mill company including method of financing, stocks, bonds, together with the seven principal constituents in the successful organization of cotton textile mill companies to be presented to the representatives of each city, town and community present, or members of the textile committees of their commercial organizations.

Third, enumeration of the engineering phases of the industry in the design and supervision of construction of cotton textile mills and the most consistent methods employed in securing expert technical service.

Fourth, plans for the most logical course of procedure in the advertisement for bids and letting of contracts for materials, construction of the mill, together with its machinery and auxiliary equipment.

Fifth, the standard methods employed in the construction of cotton textile mills to be outlined, also cautions relative to the project and the various elements contingent upon its successful consummation.

Sixth, outline of plans in regard to operating and sales organization of a cotton textile mill company, together with the other phases of the industry presented in the form of a non-technical treatise by a report entitled, "Cotton Textile Mill Development in Texas."

MRS. FIELD INSURED FOR MILLIONS

Mrs. Marshall Field III, beautiful wife of a scion of the famous Chicago merchant prince, is said to be the most heavily insured woman in the world, having just taken out policies which bring the total of her insurance up to \$2,000,000. The policies are divided among 24 life insurance companies.

RESOLUTION IN MEMORY OF LEE J. ROUNTREE DRAWN UP BY OVERSON

A resolution of respect to the late Lee J. Rountree, newspaperman and legislator, was drawn up by Judge Ove Overson of Ranger, a director of the West Texas Chamber of Commerce, at a meeting of the directors in Sweetwater Saturday out of regard for his energetic services in the legislature for the cause of irrigation in Texas.

The resolution follows: "We your irrigation committee being desirous of expressing our profound appreciation so justly due for the untiring services of the late Honorable Lee J. Rountree which he so proficiently rendered while in the legislature to the irrigation and water conservation move; and which will rebound to untold benefits to the citizens of Texas, we submit the following resolution of respect:

"Be it resolved by the West Texas Chamber of Commerce that we express to the memory of the late Honorable Lee J. Rountree our sincere appreciations for his energetic and untiring services while in the legislature, which tended so much to the success of the legislative enactments for the future of the greatest project ever launched in our state. We feel that in the future developments, the many irrigation projects will cause the deserts of West Texas to blossom as a rose and that they will stand as a monument sacred to the memory of this great man and that the future generations will honor his name as one of the most energetic promoters of this unbounded progressive enterprise."

DOG HILL PARAGRAPHS
 By GEORGE BINGHAM

Raz Barlow was on the verge of hiring out and going to work this morning, but upon investigation he found that his shoe strings were tied so tight at the top he could not stoop over.

Sim Flinders says a family certainly does accumulate a lot of household goods as the years go by, without even trying. He says when he and his wife first married they could get comfortably moved with one wheelbarrow load, and now when they change locations it takes five or six trips, to get everything, including the pig trough.

Slim Pickens has again been discovered deceiving the public. Everybody was remarking how he was gaining in weight, when it was revealed that he was wearing two suits of clothes and an extra shirt.

CONVENTION MUST WAIT ON SATISFIED APPETITE

One certain young man of Ranger evidently sought to get the views of the Ranger police department last evening on bathing attire in a public place. Whether the local police would be as severe as the Fort Worth department in outlawing bathers attired in bathing suits without a cloak, no one as far as is known, has dared to learn.

This particular man insists that when he went into a downtown restaurant, he had a sweater and light overcoat thrown over his manly form and this, he contends, made him immune from possible police action. The police showed no disposition to interfere.

SEVENTY-FIVE GRADUATE FROM SIMMONS COLLEGE

ABILENE, June 18.—Seventy-five young men and women were graduated from the Simmons college, located here, at closing exercises of the 1922-23 term of the college. This is the largest class to finish in the history of the institution. Degrees were awarded sixty members of the class by Dean Julian C. Olsen. The Bachelor of Arts degree will be conferred on fifteen graduates at completion of the summer term.

GATES WILL FILED FOR PROBATE IN TEXAS

TORONTO, June 19.—The will of the son of J. G. Gates, formerly of Port Arthur who died in New York in 1919, filed for probate leaves \$7,000,000 each to J. E. Baker, a nephew, and Delora Angela Norris of Illinois, a niece, 19 years old. The estate is appraised at \$16,000,000 and \$7,000,000 of it is located in Texas.

LOCKJAW FROM NAIL IN FOOT CAUSES DEATH OF ELEVEN-YEAR-OLD BOY

Lockjaw, caused by stepping on a nail, proved fatal to Amos Milton Clemmer, 11-year-old son of Mr. and Mrs. J. H. Clemmer, living three miles south of Ranger. He died at 12:45 a. m. Tuesday. The young boy is survived by his parents, four brothers and five sisters. He is a twin to one of his surviving sisters. The death of Amos is the first in the family. His father has lived near Ranger for 33 years.

PENNSYLVANIA CRUDE GOES LOWER ALL ALONG LINE

PITTSBURGH, Pa., June 19.—Pennsylvania crude Monday was reduced 25 cents a barrel to \$3 a barrel outside of the Bradford district, and the same reduction for Pennsylvania grey to \$3.25 a barrel in the Bradford district. Corning grey was reduced 15 cents to \$1.70; Cabell reduced 20 cents to \$1.71; Somerset medium, 20 cents to \$1.55; Somerset light, 25 cents to \$1.75; Lackland, 10 cents to 90 cents a barrel.

NEGRO PREACHER CHARGED WITH STEALING CHURCH

BRAZORIA, Texas, June 19.—Charged with stealing a Baptist church, a negro preacher has been arrested here. He is said by officers to have declared to them that the Lord authorized him to sell all Baptist churches in Brazoria county and accordingly he took the lumber for a small negro edifice and sold it. He is held pending an examination as to his mental condition.

TEXACO STARS OF PARKS CAMP SHOW PERFECT SCORE THIS SEASON

According to information given The Daily Times, the Snowden and McSweeney company team of Breckenridge did not meet the Texaco Stars of Park camp. A member of the visiting party with the Breckenridge club told a Times representative Sunday that the club defeated Park camp, 5 to 2.

The Stars have been scheduled for ten games this season and won all of them, including one forfeit, the Times informant said. A Fort Worth team lost to the Stars last Sunday by a score of 3 to 0.

CHANGES IN PERSONNEL OF DRY DIVISION HEADS ANNOUNCED BY HAYNES

WASHINGTON, June 19.—Another sweeping change in the personnel of the divisional chiefs of the prohibition forces was announced today by Director Haynes, effective July 1. The transfer involved the following divisions: Philadelphia, North Carolina, Virginia, California, Chicago, Washington, D. C., Porto Rico, Missouri, Kansas, Oklahoma and Arkansas.

HARDING IS PLEDGED TWO PORTO RICO VOTES

SAN JUAN, Porto Rico, June 19.—President Harding was pledged two votes for renomination by the Republican party of Porto Rico in a special convention here last night. The delegates adopted a new platform and advocated a more liberalization of the territorial form of government and the extension here of the United States constitution and the election of governor.

REVIVAL SERVICES ARE BEING CONDUCTED AT LINDSEY CHURCH

Rev. A. L. Leake, assisted by associational missionary, Rev. A. F. Ponder, is conducting a revival service at the Central Baptist mission, formerly known as Lindsey church. Services are held at 8:15 each evening and will continue for two weeks. A large crowd filled every available seat at the opening meeting Monday night and extra seats will be provided for the growing crowd. Singing will be conducted each night by Joe F. Garber.

CITY ENGINEER TO BUILD CULVERT FOR WASTE WATER ESCAPE

Baseball fans who either walk or ride to the city ball park after a ball game won't run the danger now of muddy shoes or getting their auto stuck on the road that runs by the park from Main street and thence east to Marston street.

Water from rains which has been cutting a wide swath in the road in front of the grandstand entrance after its rush from a slight rise of ground will now, instead of pouring over the road, find its way through a culvert. City Engineer Seward and his men completed this improvement yesterday.

BODY OF MRS. PRESTON BROUGHT HERE FOR BURIAL

The body of Mrs. J. D. Preston, arrived here this afternoon from San Angelo on a Texas & Pacific train, accompanied by her husband, J. D. Preston. The body was taken to the Milford Funeral home, where services were held at 3 o'clock conducted by Rev. W. H. Johnson of the First Baptist church. Interment was made in Evergreen cemetery.

YOUNG MATRONS' CLASS GIVES SWIMMING PARTY.

The ladies of the Young Matrons' class of the Methodist church entertained their husbands with a swimming party last Friday evening.

The party met at the church at 6 p. m. and motored to Winsett springs where a very delightful swim was enjoyed by all, followed by a regular out-of-doors picnic lunch with all the good things that satisfy the appetites of hungry swimmers. There were about 50 people in the party and all agreed that it was a most delightful and refreshing affair.

TEXAS WOMAN RE-ELECTED NATIONAL MUSIC PRESIDENT

Mrs. John F. Lyons of Fort Worth, was re-elected president of the National Federation of Music clubs at the session of the new executive board Saturday afternoon, at Asheville, N. C.

Mrs. Cecil Frankel, of Los Angeles, was elected first vice president; Mrs. Frances M. Clark, Camden, N. J., second vice president, and Miss Nan Stephens, Atlanta, Ga., third vice president. The board will elect a historian, parliamentarian, librarian and editor of the official Bulletin.

CENTRAL BAPTIST W. M. U. JOINS SUNBEAM PARTY

A short business session of the W. M. U. of Central Baptist church was held on Monday afternoon, the ladies going to the home of Mrs. Wagoner in Tee-Pee camp where a party was given for the Sunbeams. Hostesses for the party were Mmes. Wagoner, Barker, Purser, Russell and Norris. About forty little folks were present. Games were played and a general good time enjoyed. Fruit punch, ice cream and cake were served.

RANGER ODD FELLOWS GO TO BRECKENRIDGE EVENT.

A crowd of Ranger people motored over to Breckenridge last evening to the dedication of the new Odd Fellows hall which has just been completed there. Many visitors were present at the dedication exercises, forty-one lodges being represented. The Ranger lodges represented were: Ranger Odd Fellows No. 350; Progressive Rebekahs No. 244; Encampment No. 366; Canton No. 22.

Individuals attending were: Mmes. Chilton, Styles, Cunningham, and Shell; Messrs. Nurss, Chilton, Cun-

ingham, Shell, Boulder, Styles, Rapp Clements, J. Boulder, and Williams.

PROGRESSIVE REBEKAHS WILL MEET TONIGHT

There will be a meeting tonight of Progressive Rebekahs at 7:30 o'clock at Odd Fellows hall. A large attendance is desired as election of officers and initiation will take place.

MES. HODGES AND BROWN HOSTESS FOR W. M. U.

Ladies of the First Baptist W. M. U. were delightfully entertained Monday afternoon by Mmes. F. A. Brown and R. H. Hodges at the home of Mrs. Hodges. The afternoon was spent in sewing for the bazaar which is planned for early fall. Devil's food and white cake were served with ice cream. About 25 were present.

PERSONALS.

Mr. and Mrs. O. L. Phillips and son James, and mother, Mrs. A. C. Skillern, have returned from a delightful overland trip to Galveston and the druggist convention.

Mrs. Baylus Cade and little son, Baylus Jr., of Las Cruces, N. M., are guests of Mrs. Cade's sister, Mrs. Lytton Taylor. They will remain until the middle of July when the Taylor family will motor home with them.

Earl Taylor left Sunday for St. Louis to attend the Rotary convention.

Mrs. T. D. Harrison, mother of Mrs. Earl Taylor, left a few days ago for her home in Jourdanon, taking little Marian Taylor with her.

BASIS OF ALL LAW.

Nowhere in all the centuries of recorded speech will one find so brief and comprehensive a summary of the moral obligations, due from one man to another, as is written in the Ten Commandments. They form the basis of all law, written and unwritten, that has ruled and guided mankind from the time of Hammeurabi until the present. A disregard of these is responsible for the holocaust resultant from all wars.

Leading thinkers of the world are advocating assiduous Bible reading, not strictly from the religious standpoint, but from the law of balances—to form the flux of thought, from thoughts of strife and horrors to thoughts of peace.

Leading schools and newspapers throughout the country are advocating active campaigns to this end, and this paper is glad to be one of the first to give its readers additional chances to help swing the world around to its proper moorings. Tie in on right thinking by continued reading of what for centuries has been the best of reading. Get the latest and most convenient Bible printed. Hot Biscuits that melt in your mouth!

TRY making hot biscuits with Mrs. Tucker's Shortening. You will like them! They are so light and flaky and tender. That is because Mrs. Tucker's is a pure vegetable shortening which is neither heavy nor greasy. It is more easily digested than lard.

You need only to try Mrs. Tucker's Shortening once to notice the improvement in your baking. It lends the richness of butter to good things to eat, yet is much more economical. And another thing you will appreciate about Mrs. Tucker's is that it comes to you always fresh, for it is made right here in the South.

Be sure to get the blue pail with Mrs. Tucker's picture on it.

LOVE LEADS THEM A MERRY CHASE

Lord Northesk and Jessica Brown.

David Carnegie, Earl of Northesk, England, and Miss Jessica Brown, former Follies dancer of Buffalo, N. Y., have learned for themselves the truth of the old saying that true love never runs smoothly. The Earl came to the United States to wed the winsome Jessica, whom he had met and with whom he had fallen in love during her London appearance, but the couple were denied a marriage license by an obturate bureau clerk in New York, on the ground that there was some doubt as to the legality of Jessica's divorce from her first husband, Cyril DeWitt Reinhard, in Illinois. Then Cyril himself appeared on the scene, with the declaration that Jessica was "not yet through" with him, and threatened action against the dancer if she wed. Her divorce decree, he said, is not legal. The Earl and Jessica have planned to go to Canada for he wedding, it is said.

BODY OF DROWNED MAN RECOVERED FROM RIVER

BRECKENRIDGE, June 19.—The body of Carl Stoker, drowned Sunday morning, was found yesterday two miles from where it went down in Clear Fork. Several rescue workers narrowly escaped death in the swift water.

Stoker, with his wife and a few friends, spent Saturday night on the river. Sunday morning the couple were caught in the swift stream while bathing. In saving his wife's life, Stoker lost his own, although he was an excellent swimmer. The Stoker family has large holdings in the oil interests here.

The Greatest Prayer in the World

Prayer is the highest act of man. In it he is nearest to his Creator and the farthest from his sometime brother—the brute. All women and most men pray—whether they admit it or not. Prayer is the soul's answer to the question, "If a man die, shall he live again?" It came direct from Heaven, and did not unfold itself along with the convolutions of the brain.

Prayer is Hope with wings. It antedates all history. It will outlast Humanity itself. But prayer without faith is not prayer.

This is why the Lord's Prayer is the greatest prayer in the world. It is divine faith breathed into human words. All creeds, formulas, systems, philosophies, theologies—are within its miraculous compass. It is Religion itself. Like the dewdrop, it orbs the universe. Wise men have studied it reverently. Great men have lived and died with it on their lips. One-half the world has known no other prayer for 2000 years.

This is why we call it the greatest prayer in the world.

This newspaper wants every one of its readers to have this Bible

CAN WILLARD AGAIN COME BACK, ASKED?

By HENRY L. FARRELL, United Press Sports Editor. Jess Willard has already proved, in a way, that it is possible for an "old man" to come back. He has yet to prove, however, that he can come back twice.

Jack McAuliffe, the veteran lightweight and the only retired, undefeated champion, believes that Willard blew all his chances to come back when he stopped work after winning from the light-hitting Floyd Johnson.

McAuliffe is one of the best authorities and judges of boxing in the country and he has a big following. "Willard has always had a one-way mind," McAuliffe says. "He would never listen to advice and would never have anyone around him to advise him. He worked himself around into fine shape before the Johnson fight and then stopped."

"Any trainer in the world would have told him to keep on training. After getting himself trimmed down like he was he will fill up again rapidly as long as he stays away from work and he will not get that weight off without hurting himself."

"I thought, after seeing his comeback against Johnson, that he would have a good chance to beat big Firpo, but he won't now, unless Firpo gets in the same mental state as Willard. "Firpo may do that very thing. He's money crazy and he does not like to be managed. Instead of running down to Havana, Mexico and around the country picking up a few dollars, he ought to be staying in the gymnasium with Jimmy DeForest and learning something about the business."

DeForest is one trainer in the country who can make a fighter. There are very few trainers like that and there are very few made fighters. Firpo has a lot of natural ability, but he is too old to be made over. It is possible to get a youngster about the age of 18 and teach him the game. Benny Leonard is a made fighter, and he got started when he was just a kid.

"Firpo is getting near the thirties, and I believe he is too old to pick up a lot of fine points. He seems to be after the money, and nothing else, and no doubt he cares little about picking up the fine points."

McAuliffe was one of the few experts who picked Dempsey to win the heavyweight championship from Jess Willard. He came within a round of naming the knockout of Georges Carpentier, and he has picked the winner of nearly every big fight in the last three years.

He thinks that Tommy Gibbons has a fine chance to win the title from Dempsey. "Dempsey will never be as good as he was at Toledo. He's the champion now and he has the desperate challenger when he went against Willard. He's been out of the ring too long. Stage work is bad for a fighter. He's got to pull his punches and it's a bad habit to get into."

"Gibbons is a dangerous man. He's cautious and he won't give Dempsey the chances and the openings that Carpentier did. Dempsey don't have the kick in his punches either, when he winds a man going back with every punch."

DESDEMONA MAN WINS WINCHESTER JUNIOR RIFLE CORPS MEDAL

In connection with the national and international rifle matches at Camp Perry there will be a Camp Perry championship match of the Winchester Junior Rifle corps. This match will be shot daily beginning Sept. 3 and concluding on Sept. 8. It is hoped to get 200 or more of the junior rifle shots in the United States to participate in the championship, and then possibly remain and qualify for the United States small bore team in the international match.

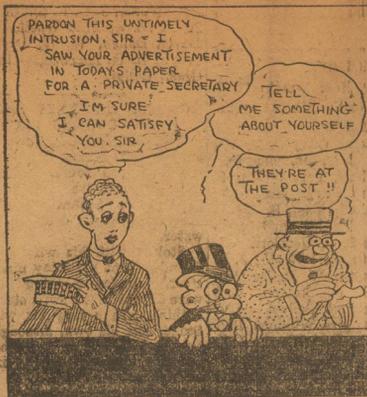

During the month of May 723 medals were awarded in W. J. R. C. matches, making a total of 3,157 that have been given this year. Two hundred and fifty-two of these were bars, 217 pro marksmen, 134 marksmen, 97 sharpshooters, 17 experts and five instructors.

Here are the medal winners in this state: Joseph Bartlet Sutherland, Desdemona. Clarence Browning, Dallas. Horace Duncan, Dallas. Jack Fenner, Dallas. Dale Waldrop, Dallas. Frances Baird, Dallas. Carl Houghton, San Antonio. Charles Oliver, San Antonio.

THURBER COMING HERE SATURDAY TO PLAY RANGER

Snappers Expect to Make Good Showing Against Stalwart Nine.

The big game the Ranger fans have been waiting for will be on the cards Saturday at the Ranger city ball park. Thurber, winner of 21 out of 23 games, and on the basis of its record, the leading independent baseball club between Fort Worth and Abilene and Wichita Falls and Brownwood, will be here to give battle to the Ranger Snappers.

In early May the Thurberites administered a defeat to the Snappers on the Thurber grounds. Redus opened for the Snappers but gave way to Nugent, who held them down. The final score was 7 to 2.

Since the game the Snappers have been considerably strengthened, Cope, O'Keefe and Gibson coming to the club, together with an entire new outfield, which department was the weakest at the start of the season.

Manager Carl Snapp says he will be satisfied with a close game. De-

RANGER LIONS TO PLAY BRECKENRIDGE LIONS NEXT TUESDAY

Ranger Lions ball team, who will meet the Breckenridge Lions club, have had courtesy paid them, which local Lions say they will reciprocate. The Lions of Breckenridge, called by citizens of the little Stephens county, "Dynamo of West Texas," originally invited the local Lions to come on Friday, that they might be their guests on the club's regular luncheon day.

The local club officials found after inquiry this would be inconvenient for all members of the ball team, and accordingly notified the Breckenridge club. The latter replied that the luncheon date would be advanced to accommodate Ranger, and the trip will be made next Tuesday.

Mr. Larson, who is captaining the Ranger club, wants to have all his players out daily for the forthcoming game.

Turner and Clayton TO DRILL THREE MORE WELLS NEAR EASTLAND

EASTLAND, June 19.—Turner and Clayton will drill three more wells in the Eastland field. The rig for one of these is now going up on the Jones tract, north of the well drilled in on June 10. The two men have leased 40 acres from Miss Agnes Harwood, adjoining the tract on which the Jones No. 1 is located. The Steele tract, north of the city has been leased. Locations will be made on both tracts in the near future.

Turner and Clayton's Jones No. 1 drilled in a week ago at a depth of 3312 feet is one of the most important wells completed in the Eastland field.
