HEAVY RAINS ARE FALLING ALL OVER TEXAS

YANKS CAPTURE WORLD SERIES 1923 PENNANT

Defeat Giants Today, 6 to 4, Giving Them Four Games of the Six Played.

Special to the Times
POLO GROUNDS, New York, Oct. 15.—Miller Huggin's Yankees are the 1923 world champions of baseball. The Yanks came from behind in the eighth inning, driving Nehf from the box and scoring five runs. The final score was 6 to 4.

The Giants outbit the Yanks, get-10 to six for the latter, but Huggin's men bunched them in the eighth, while McGraw's men scattered their hits over several innings.

Casey Stengel, hero of the Giant's team, failed to deliver in the last half of the eighth, when he came to bat for Cunningham. He drove to Dugan and was thrown out at first. It was one, two, three for the Giants in the last half of the ninth.

Score by innings. R. H. E. Giants100 111 000—4 10 1 Yankes100 000 050—6 6 0 Penock, Jones and Schang; Nehf Ryan and Snyder.

NEW YORK, Oct. 15.—After a rain that diminished the crowd but left the Polo Grounds in condition, a chilly wind was blowing for the sixth game between the Yanks and Giants.

The batteries for the Yanks were Penock and Schang and for the Giants, Nehf and Snyder. Babe Ruth hit a home run in the first inning. In the same inning the Giants got a tally when Groh and Frisch singled and Groh scored on Young's single. Neither side scored in the second and third innings. The score stood Yankees 1 and Giants 1 at the end of the third inning.

DESDEMONA GAS LINE OF LONE STAR CO. BREAKS

DALLAS, Oct. 15.—A gas line of the Lone Star Gas company that crossed the Red river at Byars, Texas, was washed out, the company announced today. The Red river is out of its course for the first time in history at Byars. The company serves more than 60 Texas towns and cities.

The company announced that a new line from the Desdemona field had been connected up but that it had broken twice today. It is expected to be repaired this afternoon. Industrial consumers are being curtailed. The controller at Petrolia has been connected up and is supplying gas from that field.

PRESIDENT COOLIDGE TO GIVE GOVERNORS HIS VIEWS ON PROHIBITION

WASHINGTON, Oct. 15.—President Coolidge will present his views on prohibition at the governors' conference to be held here on Saturday and in the meantime will have no comment to make on Governor Pinchot's suggestion that he take into his own hands dry law enforcement.

WASHINGTON, Oct. 15.—The prohibition law, measured by the respect accorded it, has failed, Governor Pinchot of Pennsylvania told the citizenship conference here Sunday, because "no sincere, intelligent and concerted nation-wide effort had been made to enforce it," because federal agents have collected bribes and because politics is at the root of the evil.

"No one less than the president of the United States himself, Governor Pinchot declared, could meet the present emergency, because the president alone can bring all government forces into a concerted attack on violators."

"The thing that has protected the liquor criminal from the law," said Governor Pinchot, "is politics. Politics first, law enforcement a poor second, has been the order. Bad whisky with beer to help has supplied the sinews of war for bad politics and politics has returned the favor."

Honest prohibition enforcement agents, the governor charged, were handicapped, "because the most elementary principles of good business management have been disregarded in the organization of the government for enforcement work."

PRESIDENT OF MEXICO IS CRITICALLY ILL

President Alvaro Obregon, of Mexico, is reported to be seriously ill in Mexico City.

PARENTS FILE OBJECTION TO CUPID'S COURSE

Direct County Clerk to Withhold Marriage License to Prevent Elopement.

Youth, in a mad desire to try out marriage, heeds little apparently the warning of mature age in Eastland county. Hardly a week passes but what County Clerk Jones receives a notice from parents or guardians of minors not to issue a marriage license to a boy or girl, some as young as 14 years of age.

Among the notices are a number from Ranger, including one from a prominent family of this city, in which it was requested that no license be issued to their daughter and a certain young man.

It is mostly girls that parents are concerned about, taking the list of notices as a criterion. Of the 46 notices received and a list of names which have been placed on the inside of the blank license book, the greater majority relate to girls, all the way from 14 years to 20 years of age. Most of them, however, are 14, 15 and 16 years old.

Sometimes the request gives only the name of the boy or girl, other times a boy or man, who is believed by the parents to be ready to elope with their daughter. Quite a few parents, moreover, request that a license be denied to "anyone" to marry their daughter.

One of the requests received recently named a certain woman as being of unsound mind and to deny her a license to wed.

When a young man brings in a girl under age to the clerk's office, he has with him a permission usually from the girl's parents, giving their consent and blessing to the wedding.

RAINFALL IN RANGER CONTINUES TWO DAYS AND STILL HOLDS SWAY

More than five inches of rain fell in Ranger between Saturday noon and today noon. Early this afternoon there seemed to be no prospect that it would let up within a few hours. Several times during the last 14 hours, it would become brighter, as if the skies were clearing, but that was only temporary.

It wasn't so raw outdoors today as when the first Texas norther of the season struck Ranger Saturday. Furs overcoats and sweaters were in evidence Saturday, but today raincoats, boots and water-proof clothing had largely replaced the overcoats and sweaters.

The Saturday norther came four days later than the first norther last year. Advice from the United States weather bureau in Fort Worth said that this unsettled weather will not last as long as the first norther of last year.

COURT IS NOT IMPRESSED BY AUTO DRIVER'S COURTESY

FORT WORTH, Oct. 15.—J. F. Hamilton paid \$2 for his politeness here recently. "You see, the fumes from the exhaust were coming through the floor and annoying the women in the car. I opened the cutout to keep the odor away from them," he explained when arraigned on a charge of running with an open cutout. The law was deaf to his politeness and he paid a fine.

OWSLEY TURNS TRUST BACK TO LEGIONNAIRES

In Farewell Address Urges Continued Forward Movement for United States.

By United Press
SAN FRANCISCO, Oct. 15.—"There is no backsliding for the legion away from the original purpose of our founders. The constitution of the United States, which is the supreme law of the land, must and will be upheld and defended by you. Law and order will be kept and preserved."

With these words, Alvin Owsley, retiring national commander of the American Legion, pointed out the path of duty for the legionnaires in his farewell address today before the national convention of the legion.

Pledged to Future. "We men of the American Legion renew our undying pledge to our country's future in perfect confidence that, having helped save her materially, America will be spiritually redeemed," he said.

"At this hour, laden with whippers of impending danger, you with your patriotic hearts must respond. The voice of America rings out in strong appeal to you as perhaps never before in all her history. We must be firm of purpose, willing to sacrifice and ever watchful in times of peace for the welfare of the country for which we fought in war."

Work of the Legion. Turning to the administration of the legion's affairs during the past year, the retiring commander said: "I bring to you today a message filled with enthusiasm; a statement of accomplishment by posts, departments and the national organization. A year ago, as the newly elected commander, I then committed the legion under my leadership to four comprehensive principles of endeavor: hospitalization, rehabilitation, adjusted compensation and Americanization."

"These terms have had a real distinct meaning to our legion this year, and the efforts of all legionnaires, I believe, have been bent toward accomplishment of this fourfold program."

Making Progress. "The reports of our department heads appear to me to speak of a consistent progress toward a better state for our sick and disabled comrades; a justifiable prediction of the passage of the adjusted compensation bill by the next congress and the inauguration of a patriotic American discussion and leadership on matters of national education; the announcement of the legion's advocacy of an international conference for the limitation of air armament, and the stamping of the legion in its true light before the nation as an American institution whose creed and purpose are so truly expressed in the familiar term, 'Service for God and Country.'"

"To my mind one other forward stride should now be our desire and will. Our immense treasure of national resources must not be wasted away in profligate expenditure for individuals. Let us inaugurate and freely support as extensive program for the conservation of our natural resources."

SIX PERSONS BURN TO DEATH IN BROOKLYN DWELLING HOUSE FIRE

NEW YORK, Oct. 15.—Six persons were burned to death early today in a fire that destroyed a three-story dwelling house in Brooklyn. The dead are: Mrs. Lillian Andrews, her nephew, Charles, and her niece, Margaret; George Ylinc, Francis Fowler, and Miss Roberta Wigert.

Mrs. Anna Andrews leaped from the attic and was seriously injured.

FOUND IN COW'S STOMACH

BONHAM, Oct. 15.—Inventory of articles found in the stomach of a local resident's "sickly cow" when operated on showed: Thirty pieces of baling wire, two tacks, several pieces of metal and a doorknob. The cow is improving.

CLEM GRAY TRIAL BEGINS

PLEASANT GROVE, Oct. 15.—Introduction of testimony in the trial of Clem Gray, charged with the murder of Otis Ballard was temporarily delayed this morning, the court having given attorneys time in which to arrange the evidence.

Breakfast Call of the C. of C. Sounded For Tomorrow Morning

Chamber of Commerce members and the ladies accompanying them are promised a fine breakfast when they meet in the McCleskey hotel at 7 o'clock tomorrow morning for their weekly city building program.

There are some new topics to be discussed, according to Secretary Bennett, who was busy today seeing the members and telephoning to them to insure a big attendance at the breakfast tomorrow morning. Those who attended the breakfast last week and ate fried chicken said they would be there tomorrow, rain or shine, and others who had heard about the fried chicken said they, too, were coming.

Ranger is putting across some big projects this year and planning for others in the near future. It is considered necessary, therefore, that Chamber of Commerce members keep in close touch with its activities and the weekly breakfast gives them a splendid opportunity.

Eastland County Medical Auxiliary May Be Organized

CISCO, Oct. 15.—The Eastland County Medical society, which includes dentists, will meet in Eastland Tuesday afternoon, Oct. 23, at 2 o'clock, according to a notice just sent out by Dr. J. W. Gregory of this association, secretary of the organization. Their wives and daughters have been invited to meet at the same time and consider organization of an auxiliary. Dr. W. H. Guy of Carbon is president of the society.

The meeting will be held in the Methodist tabernacle and the following program has been arranged: Invocation, Rev. H. L. Munger, Eastland. Welcome address, Judge J. H. Jones, Eastland. Response to address of welcome, Dr. F. E. Clark, Cisco.

Paper, "Infantile Scurvey," Dr. R. C. Ferguson, Eastland. Discussion opened by Mrs. M. L. Stubbloff, Gorman, and W. E. Payne, Cisco.

Paper, "Case Reports," "Hay Fever" Treated by Pollen Extract, Dr. Jos. W. Gregory, Cisco. Discussion opened by Cabe Terrell, Ranger.

Paper, "Ectopic Gestation," Report of cases, Dr. W. L. Jackson, Ranger. Discussion opened by Drs. J. A. Shackelford and W. C. Palmer, Ranger.

Paper, "Oral Infections," W. E. Chaney, D. D. S., Eastland. Discussion opened by Paul Wood, D. D. S., Cisco.

Paper, "Unannounced," Dr. Carl Wilson, Ranger. Discussion by members present.

Report of delegates to state meeting by attending delegate, Dr. J. H. Caton, Eastland.

BORAH PLACES THOSE WHO BREAK DRY LAWS ON PLANE WITH REDS

WASHINGTON, Oct. 15.—Wealthy Americans who violate the eighteenth amendment and "reds" who denounce constitutional provisions to protect property, according to United States Senator Borah, who spoke today before the Citizenship conference, "are both traveling the road of lawlessness, sowing seeds of destruction and undermining the whole order."

LEAVES PENITENTIARY WITH CHANCE TO ENTER ANOTHER

HUNTSVILLE, Oct. 15.—As he stepped from the portals of the Texas state penitentiary here, Amos Rankin, alias Fred Barker, was taken into custody. Oklahoma authorities telegraphed they wanted Barker on a charge of selling morphine to inmates of the state penitentiary at McAlester.

POSSES SEEKING BANDITS

VINITA, Okla., Oct. 15.—Posses, with bloodhounds, are today beating the brush near Miami in search of two men suspected of killing Russell Carter of Muskogee, representative of a bank lock company. The men were seen to abandon Carter's car.

BRITISH WOMAN IS HEAD OF LABOR COUNCIL

Miss Margaret Bonfield

This is the most recent photograph of Miss Margaret Bonfield, who has just been unanimously elected chairman of the British trades union congress general council, at its meeting in London. She is the first woman to head the labor movement in the British empire.

GOVERNORS TO DISCUSS TOPICS OF IMPORTANCE

Subjects of Nation-Wide Interest to Come Up at Conference This Week.

WEST BADEN, Ind., Oct. 15.—Taxation, pardoning problems, prohibition enforcement, and agricultural problems are among the subjects to be considered by the conference of state governors to be held here Oct. 17 to 19. Upon the completion of their program, the state executives will leave on the night of Oct. 19 to attend a conference with President Coolidge at Washington, concerning problems of prohibition, naturalization, immigration and narcotics.

The program of the governors' conference, announced by Miles C. Riley of Madison, Wis., secretary, shows that the executives are to concern themselves with a number of affairs of immediate importance. It appears, according to Mr. Riley, that Governor McCray of Indiana, as host, will have at least 30 governors as his guests.

Included on the business program as six scheduled addresses, while discussions will cover a number of subjects other than those touched upon in the regular schedule of talks.

Gov. E. F. Morgan of West Virginia, is to talk on "Taxation" while a paper on "Executive Clemency and the Parole System," it to be read by Gov. William E. Sweet of Colorado.

Gov. John J. Blaine of Wisconsin, is to talk on "Valuation of Railroads and the States' Obligation." His address is to be followed by Gov. R. A. Nestos of North Dakota.

Gov. Gifford Pinchot of Pennsylvania, is to talk on "Water Power Development and Interstate Exchange of Hydro-electric Power." The subject of "Agricultural Problems," is to be handled by Gov. John M. Parker of Louisiana.

Gov. Pat Neff of Texas is expected to speak on prohibition and its enforcement.

In addition to the regularly scheduled subjects there will be discussion on law enforcement, freight rates on coal and uniformity of legislation, Mr. Riley said.

The conference with President Coolidge is expected, according to Mr. Riley, to be of special significance and importance as a means of acquainting the President with the views of the state executives and as a means by which the President can impart his ideas on immediate problems to the governors.

A social program of interest has been arranged by Governor McCray, the secretary announced.

FLOOD WATERS ARE GAINING VOLUME IN NORTHWEST SECTION

Rivers Bank-full and Beginning to Get Out of Bounds. Bridges Washed Away and Railroad Traffic Interrupted. Rainfall Continues in Many Parts of State.

DALLAS, Oct. 15.—Rain over the week-end in Northwest, Central and Southwest Texas, with low temperatures, was reported continuing in many sections today. At some places, however, the downpour was reported to be slackening.

At Wichita Falls five inches of rain was reported to have fallen since Friday night, and the precipitation was continuing. In the last 48 hours 4.87 inches of rain had fallen at Denison and vicinity, and the Red river was reported bankfull at 14 feet and rising.

Rains were general over West Texas and the Panhandle during the last 48 hours, according to reports received here by the railroads. The Katy was making no effort to operate trains out of Wichita Falls north, its bridge over the Red river having been washed away. The Wichita Falls Valley bridge near Byers has been carried away and the Orient railroad has lost several bridges north of Chillicothe.

Rain continues to fall at Abilene where the total precipitation of the last two days is reported close to five inches. The rain is reported to have fallen slowly in places and will benefit the ranges and winter wheat. All creeks in this section are bankfull and the Trinity is rising.

Cotton will be damaged in quality, it is said, and the picking has been delayed by the rain.

A slight drizzle was reported this morning at Beaumont, with the temperature at 71 degrees. Nearly one-half inch of rain fell at Waco and over the surrounding territory Saturday and Sunday. The temperature was about 55 degrees this morning. The downpour in Austin was heavy, being reported at 7.95 inches.

NORTH CANADIAN FAR ABOVE PREVIOUS HIGH RECORDS

OKLAHOMA CITY, Oct. 15.—A flood menace that for the first time in the history of the city was regarded as having a possible threat against the business section of the city is contained in the announcement by the chief of the weather bureau that the Canadian river would reach a stage of from 20 to 22 feet between tonight and morning.

This is four to six feet higher than the record flood of last year. A report from El Reno said that the river swept the gauge away at 18 feet. Wire communication with Oklahoma City with all points north and west of Canton is impossible.

A crew of 100 men were fighting today to save Oklahoma City's water supply. It is feared the flood waters will break the conduit connecting the city with the reservoir. Another crew was at work at the dam.

COURT FORFEITS BOND GIVEN BY CLEVE BARNES WHEN CASE IS CALLED

EASTLAND, Oct. 15.—When the case of the state against Cleve Barnes, charged with the illegal possession of intoxicating liquor, was called today in the Ninety-first district court, attorneys for the defense presented a certificate from a physician in Corsicana to the effect that Barnes was sick in bed in that city. County Attorney W. J. Barnes told the court the case had already been continued several times and moved that the defendant's bond be forfeited. Judge Davenport sustained the motion.

JIM CURTIS ON TRIAL FOR ALLEGED SALE OF WHISKY

EASTLAND, Oct. 10.—Jim Curtis was arraigned today in the Ninety-first district court on a charge of selling whisky. The chief witness for the state is Bob Harruff of Eastland, who refused to testify before the grand jury last June and was sent by Judge Davenport to jail, where he remained two days and then went before the grand jury. County Attorney Barnes today asked him if he had gone to jail to refresh his memory and he said he had.

SUBSTITUTE FOR ESCAPED PRISONER HELD IN JAIL

JAY, Okla., Oct. 15.—Sheriff Smith said today that Dee Dodson, held in jail at Bartlesville, would be brought here at noon today in connection with the sensational escape from jail of Ed Lockhart, bandit, who broke away one week ago. Authorities believe Lockhart is in the hills in Cherokee county.

OKLAHOMA CITY GETTING READY FOR BIG FLOOD

Mighty Torrent Rushing Down to Capital; Measures Taken To Avert Menace. Oklahoma is facing the record flood in her history today. With train service in the southwestern part of the state virtually at a standstill, hundreds of persons fleeing from inundated homes and with the property and livestock loss mounting hourly, a succession of flood waves continue to roll down over the central part of the state. A five-foot rise was reported yesterday in the North Canadian at Canton, putting that river to the highest mark ever known at that point. A still higher crest was reported today as continued rains converted all tributaries of the river into roaring torrents.

 Whatsoever a man soweth, that shall he also reap.—Galatians 6: 7.

MINIATURE LAKE IS FORMED AT DEPOT'S DOOR

South Commerce Street Makes Fine Reservoir to Collect Flood Waters.

South Commerce street was a miniature lake yesterday, and today it presented the same appearance, due to the continued precipitation. The only passable points for the pedestrian are just north of the entrance to the passenger station of the Texas & Pacific railroad, and south of Wagner's Oil Well Supply house at Commerce and Elm streets. City Engineer Seward said today that the only relief from the flooding of Commerce street would be the tearing up of the brick pavement and putting in a new foundation.

"The foundation has sunk," he said. "The only way to get away from the flood would be to tear up the street and that is an expensive job. It would probably cost several hundred dollars.

"If the water gets through the cement, it lets the pavement down. No pavement is better than the foundation. A deeper sand cushion could be put in."

Discussing the possibilities of a storm sewer, of which the city has none, he said only a big sewer would do any appreciable good. "A small sewer would not do the work."

The water rushes east on Main almost to the railroad tracks and then finds its natural channel on the depressed pavement on Commerce. Pine street is also a tributary to the Commerce street "river."

Many of the crossings on Main and Pine streets are impassable today. The gradual fall on the west side of the city makes the paved gutters on the streets running east and west, natural outlets for the heavy rains. The intermittent rains of the last 48 hours have caused an almost steady flow of water through the gutters.

GRAND JURY BEGINS INVESTIGATION OF GOVERNOR WALTON

By United Press.
 OKLAHOMA CITY, Oct. 15.—The grand jury which is investigating the rights of Governor Walton to organize state secret police and use public funds with which to pay them began its work here today. A motion by attorneys for the governor to quash the grand jury investigation, charging that many of the jurymen and the prosecuting officials are clansmen, was denied by District Judge Clark, who rules that if the governor was within his legal rights in the employment of the state police he would be exonerated and had nothing to fear from the investigation.

DALLAS, Oct. 15.—Martha Griffin is a poor negro washerwoman. Her son Charlie is just a caddy.

Martha calls for and delivers her washing in a swell Cadillac and Charlie travels to and from the links in a late model Ford.

Martha's motto is save the dimes and spend the pennies.

CREATURES ARE FRIENDLY IN BARNES' WILD ANIMAL CIRCUS

Miss Lottie LeClair, one of the four prima donnas with the Al G. Barnes four-ring wild animal circus, is shown above as she appears in the spectacle, "Alice in Jungleland," that will open the circus performance in Ranger, Wednesday, Oct. 17.

Whoever has stood before the monkey cage at a circus and not heard some such expression as: "That monkey looks just like Pat Puggins," which remark being usually punctuated with shrieks of laughter, to which the other remarks, "Darwin was right." And so it is that Al G. Barnes, who is bringing his four-ring wild animal circus to Ranger Wednesday, Oct. 17, for two performances, has long since ceased to argue such delicate questions as, "Precisely how closely related is monkey to man?"

According to Mr. Barnes the Sapa-jou is the nearest approach to mankind among the scores of monkeys and apes in his menagerie. Relatively the Sapa-jou's body is longer than a man's, but his legs are shorter. The monkey has a more prominent muzzle but a much less prominent forehead. The Sapa-jou has a much smaller brain case, possesses a shorter neck, longer arms, a smaller thumb, a longer hand, a longer foot, with the great toe placed at right angles to the foot. The Sapa-jou has four more teeth than humans, but the finger and toe nails are similar to man's. Of all the characteristics of the Sapa-jou the one that appeals the most is the variety of facial expression.

Nature, as though not satisfied with creating monkeys which bear a general resemblance to mankind, has provided them with all the human's facial expressions so that their faces are often cast into wrinkles suggestive of little old men. Their ability to express emotions is decidedly low, and merriment is never registered. "Laughter seems to be the partner of man only," Mr. Barnes declares.

Society AND ACTIVITIES OF WOMEN

TUESDAY EVENTS

Chamber of Commerce breakfast 7 o'clock at McCleskey hotel.
 Child Welfare club meets at 3 o'clock at Gholson hotel.
 Idle Hour club meets at 3 o'clock with Mrs. J. B. Haden.
 Dance for benefit of Baseball club 9 o'clock at Summer Garden.

PERSONALS

Mr. and Mrs. Ben O. White of Frankel are receiving congratulations on the birth of their son, Ben O. Jr., who arrived Friday afternoon. The young man is the grandson of Mr. and Mrs. J. D. Drienhofer of Rangan. Mrs. Drienhofer is now at Frankel with her daughter.
 Mrs. R. W. Thomas is expecting a visit from her grandmother, Mrs. Payne, of Oklahoma City.
 Mrs. W. H. Burden and little daughter, Betty Jean, spent the week-end in Wichita Falls.
 Miss Lillian Starr returned Sunday from Dallas. Miss Rosalie Jameson, who accompanied her, returned on Monday.
 Mr. Marshall returned Monday morning from Fort Worth where he spent the week-end with his mother.
 Mr. and Mrs. Tom Watts are the proud parents of a baby daughter, born this morning at the Clinical hospital. Mr. and Mrs. Watts reside at the Ray apartments.
 Mr. and Mrs. S. W. Blount, Jr., and little son, Stephen III, left Saturday night for San Antonio, their future home.

WEDNESDAY BRIDGE CLUB CHANGES MEETING DAY

The Wednesday Bridge club will meet on Thursday with Mrs. E. D. McMillen instead of on Wednesday with Mrs. Ernst as previously announced.

DANCE TUESDAY NIGHT AT SUMMER GARDEN

Special preparations have been made for the dance to be given Tuesday night at the Summer Garden for the benefit of the Baseball club. Coleman's orchestra will furnish the music and an evening of enjoyment is promised those who attend. The dance will be on from 9 to 1 o'clock. A large crowd is expected in order that the baseball boys may be given a good boost.

POLICE RELEASE PRISONER ARRESTED BY REQUEST

Police authorities have released a man who was held at the jail on the request of Stephens county authorities, on a charge of having several hundred dollars of "unlawful money," said to have been won in a card game in Breckenridge last week.

The local police released the man, who gave his address as Mart, Texas, after the sheriff's department failed to send for him. He admitted winning the money in a card game with two Breckenridge men, the police said.

HI TEAM WILL BE AWAY FROM HOME 4 WEEKS

Breckenridge, Eastland, Cisco and Comanche Will Meet Ranger on Own Grounds.

With two games played at home, Strawn and Roscoe, the Ranger high school team now faces four straight games away from home. Breckenridge is to be met at Breckenridge next Saturday, Eastland at Eastland on Oct. 27, Comanche at Comanche on Nov. 3, and Cisco at Cisco on Nov. 10.

Although it is an unbalanced schedule, J. W. Overall, principal of the high school, who drew up the schedule, said that it represents the best he could do.

Breckenridge and Comanche were not played last year, although Comanche was scheduled to meet the Rampagers in Comanche on Oct. 21, but authorities of the latter school cancelled the game. Eastland came over here last year in the fifth game of the season. The only team representing Cisco last year was Christian college, which team pried the lid open on the season.

They'll Follow the Team.
 The high school boys and girls don't like the idea of their team playing away from home for four consecutive Saturdays although those who can get a car for the day will be on the side lines, even at Comanche. It may not matter so much, perhaps.
 Last year's schedule was one-sided in that five out of seven games were played in Ranger. Such schedule

WEARY WOMEN Find a bracing and sustaining influence in the use of FORCE Tonic

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur it Darkens So Naturally Nobody Can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is one of the greatest advantages.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.—Adv.

HEAT LACKING TODAY IN SEVERAL HIGH SCHOOL ROOMS

Because of some trouble among the pipes, several rooms in the high school building were without gas this morning and consequently without heat. These were for the most part the rooms in which the younger pupils study and recite. Those who wore their coats and cloaks put them on and were able to keep warm and those who came without warm garments shivered.

It was said the pipes would be gone over this afternoon and all classrooms provided with heat by tomorrow.

GOVERNOR NEFF GOES TO EXECUTIVES' CONFERENCE

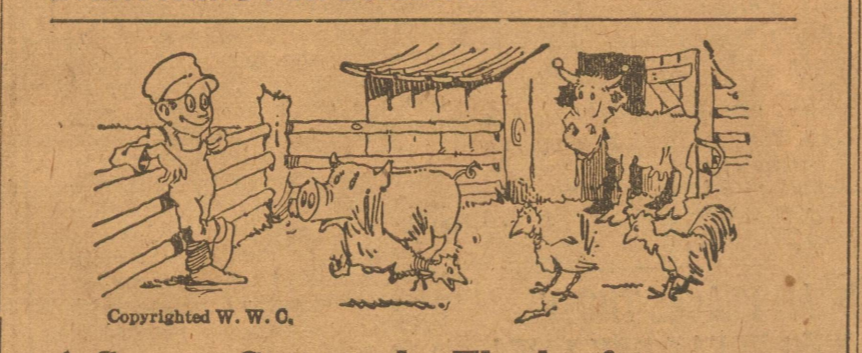

By United Press
 AUSTIN, Oct. 15.—Gov. Pat M. Neff left today for Indiana to attend the annual conference of governors, following which he, with the other governors, will go to Washington to confer with President Coolidge at the White House.

Lieutenant Governor Davidson had not reached the capital today nor had any word been received from him by the executive office.

BRIDGE WORKER DROWNS.

ENID, Okla., Oct. 15.—One casualty of the flood was reported today from Comarge on the south side of the Canadian river, where a bridge worker was reported to have been drowned.

EVERYTHING FOR BUILDING

A Sow, a Cow and a Flock of Chickens

Show me a family that owns its home, has a good barn, a cow, a sow, and a flock of chickens, and I will show you a family that gets real joy out of life, good, healthful eating and is making long, sure strides toward success. Billie Bildt.

Protect Your Property With Good Buildings

Your stock, farm implements, wagons, automobile, all cost a lot of money. Take good care of them. Maybe you need a new barn, shed, fence, garage or some painting. Whatever you need in the way of building or repairing, Clem can help you better with it.

making will unavoidably result in the situation that faces the school authorities this season.

Principal Overall said today that if the high school team comes through in good shape for the elimination contests in section three, several of the games will be played here.

"If the team doesn't get in the finals, which I believe they will, we will have one or two exhibition games here," he said.

The attendance at the two games so far has been poor, but perhaps after making a reputation for itself on foreign fields in the next few weeks, nice crowds will turn out to see the boys in the late November games.

The season has been a financial loss so far, but the team will get better

than expenses on all of the trips away from home. At Comanche the boys will play on a 50-50 basis. A great crowd is anticipated for the game which will be played while the county fair is in progress.

COLLEGE STATION.—The granite monument to be erected on the A. & M. college campus by the classes of 1923-24, 25, 26, in memory of the 52 college students who died during the World war, has been purchased. The monument will be eight and one-half feet in height, four inches wide and three inches thick. It will be erected on a concrete foundation five feet deep.

BUY IT IN RANGER

TEXAS BANKS REPORTED IN MORE PROSPEROUS CONDITION

By United Press
 AUSTIN, Oct. 15.—The annual report of the state banking department for the fiscal year ending Aug. 21, was sent to the governor today. It shows that only 12 banks were closed by the department during the year as compared with 30 closed the previous year, occasioned, it was said, by bad crops.

THE FIRST STEEL RAILROAD coach ever used in the United States has just had its seventeenth birthday. It was electrically lighted, had linoleum on the floor, and its 30 seats accommodated 70 passengers.

Main Drag Stuff

Himself Recalls Sights and Adventures That Came His Way While Traveling; Also Some Jokes.

By P. G. T.

While riding over to Dallas, from Fort Worth, last week on the inter-village double headed electric train, we were surprised at the number of hamburger stands that happened to be in sight from the right of way. Occasionally chili was advertised and once a big barbecue sign dotted the landscape for a minute.

From the number of high power, high priced cars that travel between here and there it sorta looks as if people who live sandwiched in between Fort Worth and Dallas live on hamburger, barbecue and chili and thus manage to save enough money for the first payment.

But that isn't a new idea. Read once where an old time Arab wished to build a mosque in honor of Buddha or Olaf or some other god and he figured to save on his eating money, too. So, according to this ancient book, this copper skin would dream about all the good grub he would have for dinner, ham and eggs, roast beef, garlic sprinkled steak or whatever Arabs like to eat. After all these happy thoughts he fed himself on a simple meal of "olives and dates," and put the rest into a sinking fund for the mosque. You can have almost any thing if you'll work and sacrifice hard enough for it.

A sad instance of automobilists in which a friend was the main character actor fits in here.

This bimbo figured he needed a car more than anything in the world, although working on only a hundred dollars a month salary, scraped together enough to make the first payment. He got the car paid for but developed the habit of running past the grocery store, bank and clothing store in the small town where he lived. He couldn't help it, he owed 'em and couldn't pay.

One sad day he came to Fort Worth for the first time in years. The old store dodging habit was still with him and Fort Worth is so cluttered with groceries, clothes and banks that this poor boob ran himself until he could run no farther. His speed had attracted attention and he keeled over down by the depot. The kind hearted citizens gave him a berth in an insantarium and he had to be hauled out of town in an ambulance so he couldn't see any stores.

A Rangerite says: "They use to be an old sayin' that the way to a man's heart was through his stomach but now the wimmen seem ter think that the way to his heart is by goin' through his bill fold."

Some of the clever gags pulled on the Majestic stage in Fort Worth last week.

Girl: "If you went to church last Sunday you ought to know what the text was."

Guy: "Fifteen cents, that's what they taxt me. Oh, you don't meant tax, you mean text. Le' me see, Oyes. I remember, this was it: 'Don't worry, you'll get the quilt.'"

Girl: "Why, that's all wrong."

Guy: "What was it?"

Girl: "Fear not, a comforter cometh."

Cowboy doing an imitation of Will Rogers.

"You don't know why an elephant is like a woman, I'm s'pised. An elephant is like a woman because you like to look at 'em but would hate to own one."

Same cowboy. "Read in the papers about Henry Ford runnin' for president. Wonder if he'll ever make another Lincoln."

COTTON CONSUMPTION FOR MONTH OF SEPTEMBER

WASHINGTON, Oct. 13.—Cotton consumed during September totaled 483,852 bales of lint and 49,587 bales of linters, according to an announcement today by the census bureau.

Cotton consumed in August of this year totaled 491,604 bales of lint and 47,998 of linters, and in September of last year totaled 494,013 bales of lint and 61,474 bales of linters.

BELGIAN REPARATIONS PLAN TO BE CONSIDERED BY ALLIED COMMISSION

BRUSSELS, Oct. 13.—The Belgian government has invited the British and Italian governments to refer to the inter-allied reparations commission the Belgian reparations plan submitted to the allied governments earlier this year to be used by the commission as a basis for formulating a concrete plan in the negotiations.

It is officially stated that the allied governments have acceded to the Belgian proposal and the reparations commission will undertake the study of the Belgian suggestions which fix the total indemnity to be paid by Germany at 40 billion gold marks, the security being railroad receipts, industrial securities and property mortgages.

YANKS NEED BUT ONE MORE GAME TO BE CHAMPIONS

NEW YORK, Oct. 15.—By winning yesterday's game, the Yankees have won three games out of five and need only one more to win the series. Four of McGraw's pitchers were pounded yesterday for 14 hits, while "Bullet Joe" Bush held the Giants to three hits. All three of the hits were made by "Irish" Meusel.

A crowd of 62,817 paid \$201,459 to see the game. It was the largest crowd of the series thus far.

Bush pitched a wonderful game, retiring the Giants in one, two, three order in six out of the nine innings. The box score:

BETTER BUSINESS AND ADVERTISING PROGRAM PLAN OF CONVENTION

CORSICANA, Oct. 15.—Corsi-cana is all primed to entertain the Tenth District Advertising convention and Better Business conference for three days, Nov. 5, 6 and 7, and from all reports there will be a large attendance of those interested in advertising, salesmanship, merchandising and better business.

One of the strongest business programs ever arranged for a like affair has been completed and among the high powered speakers will be such as Theodore H. Price of New York city, national known publisher and editor of Finance and Commerce; Carl Hunt, of New York city, executive head of the Associated Advertising Clubs of the World; Lou Holland of Kansas City, now serving his second term as president of the Associated Advertising Clubs of the World; Gurney Lowe, of the Headquarters staff, founder of the Neosho plan of community retail selling; D. V. Martin, promotion director of the St. Louis Globe-Democrat; John E. DeWild, merchandising director, Ely-Walker Dry Goods company of St. Louis; Tim Thrift, advertising manager, The American Multigraph Sales company, Cleveland, Ohio.

This will truly be a convention where every delegate will be highly entertained and where the time and money spent by the delegates will be worth while in the thoughts and ideas for better business, advertising and salesmanship that they will carry back to their business.

STRESEMANN OBTAINS DICTATORIAL POWERS FROM THE REICHSTAG

BERLIN, Oct. 13.—Chancellor Stresemann this afternoon successfully drove his organization bill through the reichstag.

The enactment was designed to give the chancellor special powers and wide authority in dictating measures for economic reforms.

GALVESTON. — Gen. George W. Goethals, famous engineer, will make a personal survey of the intercoastal canal between Rockport and Galveston the latter part of this month, according to information received here. General Goethals will be at Corpus Christi on Oct. 20 and 21; Matagorda, Oct. 22 and Galveston, Oct. 24, under tentative plans. He will visit Houston also.

ORANGE HIGH PLAYER MAKES FIRST TOUCH-DOWN OF THE SEASON

By ROY B. HENDERSON.
AUSTIN, Oct. 15.—The honor of making the first touchdown from a kickoff in high school football in the state, according to the University of Texas Interscholastic league reports, goes to H. Gudger, left halfback on the Orange High school team. Gudger pulled the play, which is seldom seen, in the game with Dayton.

Last week has witnessed a number of pretty exhibitions of broken field dashes in high school circles, notable ones being Brown of Devine, 80 yards in game against Hondo; Kennedy, first quarterback on the Main avenue team ran 70 yards in the Seguin contest; General Whitaker, veteran on the Strawn club, reeled off 65 yards on a fake play in the game with Fort Worth Central which put them in position for the place kick that defeated the Panther city boys.

Captain King, playing his last season with Dallas Oak Cliff, stepped 63 yards in the fray with Weatherford. A speedy back on the Fairview team dazzled the strong Electra Kelly, 1b, with a 50-yard dash for touchdown as did Blakeley of Houston in the game with St. Mary's. The redeeming feature for Donna in their 21-7 loss at San Benito was Anderson's 50-yard sprint for touchdown. Considering the number of games played, accidents are exceptionally scarce. Only two serious injuries have been reported to the league. Ward of Greenville suffered a very painful hip dislocation in the game with Commerce while on the same day Schussler of Seguin sustained a broken leg in a mix-up in the Main avenue (San Antonio) affair.

The old favorites continue to show up strong in their respective sections.

BRECKENRIDGE LEGION POST HAS FOOTBALL TEAM

BRECKENRIDGE, Oct. 15.—The American Legion football team which was organized a few weeks ago is practicing regularly and building up a fine team. The management announces the following games with other towns: Stamford American Legion team at Breckenridge, Sunday, Oct. 21. Howard Payne college of Brownwood at Breckenridge, Saturday, Oct. 27. Burk Burnett All-Stars at Breckenridge Sunday, Nov. 4. Mineral Wells, Nov. 12.

EXPLOSION IN WARSAW KILLS AND WOUNDS MANY

BERLIN, Oct. 13.—A terrific explosion attributed to communist origin occurred today in the citadel at Warsaw. The dead are estimated at 20 and the injured are said to number several hundred. All available private automobiles were taken to rush the wounded to hospitals, which soon were overflowing and private homes and public buildings were turned into improvised hospitals.

Kellogg's Products Are Carefully Made

Following the drying of the kernels they are passed on to the "flakers" which are:

Two giant rollers, water cooled, whirling one just a wee bit faster than the other with a sharp knife cleverly arranged to split the kernels (which by the way have been slightly softened by steam since their thorough drying) and as the knife splits the kernel, the one roller pulls it faster than the other with a cori-flakes you buy in the packages—that is as thin and the same shape but not toasted and browned yet.

Then comes the toasting process which adds that delicious flavor for which the Kellogg's toasted cornflakes is justly famous.

THREE APPOINTMENTS BY GOVERNOR ARE ANNOUNCED

By United Press
AUSTIN, Oct. 13.—Judge J. N. Gallagher, a member of the commission of appeals, today was appointed chief justice of the Tenth court of civil appeals at Waco.

Alva Bryan of Waco was named to succeed Judge Gallagher on the commission of appeals.

H. T. Musselman of Dallas today was named by the governor as a member of the board of regents of the State Teachers' colleges, succeeding Sam Sparks of Austin, resigned.

Four Years Ago In Ranger

Taken from the files of the Ranger Daily Times, Oct. 15, 1919:

Turner No. 3 is in, worth 4,000 barrels. No. 2 is expected any time. Albers Oil company on the J. W. Turner tract, in the Pleasant Grove district, seven miles west of Ranger, has scored again with another wallop, No. 3, which found the pay at 3,505 feet, and went in 20 feet. The well started at a 200 clip and has steadied down to between 3,000 and 4,000 barrels.

HOUSTON. — The jury and spectators in Judge Walter E. Monteith's court here were not lacking in entertainment during the world series baseball games. Judge Monteith has a liking for the national sport, and during the initial game while a case was in progress he received detailed reports and announced them to the court room.

A Poor Economy
SOME cuts don't pay.
You can save the price of a few postage stamps buying inferior valve cups. A couple of weeks later they cost you more dollars than the number of cents you saved.

You have to pull out of the well and re-cup—several hours' wages gone and no oil to show for it.
Only genuine Darcova Valve Cups give Darcova service. Don't consider a substitute at any price, because the price is nothing to what they cost in the end.

THE FLAVOR LASTS

est Carter, 40, a negro of Walkerton, was taken from two officers near the King and Queen county courthouse last night and shot to death by a party of about 10 persons, according to word received here. The negro was being taken to jail charged with attacking a white woman, having been arrested at West Point shortly before.

ADVANCING years should not mean the approach of a period of dependency—of crutches and canes—of worry, care and fatigue!
Don't dread the days ahead! Be prepared to grapple with the handicaps of Old Age—with rheumatism—with undermined health—with feebleness. The system that is free from impurities—through which rich red blood tingles need not worry about advancing years. Enlist the aid of S. S. S.—the builder of red blood cells—to fight off the infiltrators of Old Age.
With the aid of S. S. S. when you reach this stage of life the nerve power that has been built up by ever increasing blood cells—the vim and vigor of youth that you possess will capably enable you to enjoy the advantages of passing years, while others less fortunate are feeble and dependent.
S. S. S. for nearly a century has been serving as a valuable and time honored assistant in the fight for hale and hearty Old Age. It is made only of pure vegetable ingredients and is sold at all good drug stores. The large size bottle is the more economical.
S.S.S. Makes You Feel Like Yourself Again

"Par on every puff— it's the best cigarette I ever smoked!"

Here's quality you can taste!
Only an expert can judge the quality of cigarette tobaccos by looking at them.
