West Texas—Tonight fair, colder in southeast portion, frost in south portion; Saturday fair weather.

ASPHALTING PRICES ARE AGAIN UNDER FIRE

PROSPECTORS FOR OIL ARE MORE ACTIVE

New Wells Being Drilled In Partially Proven Fields In North Eastland County.

Activities in oil circles in the northern portion of Eastland county and the southern and southeastern portion of Stephens county have lent color to the oil news during these days when the off season hunts and delays seem to be the rule.

J. L. Thompson et al. are down more than 1,000 feet on the Sudderth farm a mile and a half south of the most southerly well in the Call Moorman pool, which make this in reality a wildcat test although production was found further south in the same vicinity some years ago, and abandoned because of some slight trouble with the wells, in those days when nothing short of a million-dollar gusher seemed to hold interest.

Corzelius Bros., Taggart and Gordon have their rig up and were moving the tools out this week to the N. S. Whitson, almost in sight of Ranger on the Caddo road. Active drilling will begin there immediately, it is said.

Adams et al. (W. S. Adams, Walter Brabney and M. J. Forman) were down 575 feet Wednesday on their No. 2 well on the Bradford lease, offsetting their No. 1, drilled some years ago and still producing both oil and gas. Their No. 1 is regarded as an edge well and all the rest of this 100-acre lease, it is said, will be tested out thoroughly for both oil and gas in the shallow sand (around 1,950 feet), but no deep tests made for the present.

Chaustain, Outlaw et al. have a rig up on the Bud Young lease, a short distance from this well and will begin drilling in the near future, it is announced.

Joe Kinney, Abbeville, Wyo., capitalist, has a rig up adjoining the compression plant of the Buidonot company, on the E. J. McCleskey, in the same vicinity. It is his announced purpose to go down to the Ranger sand, which he expects to find at around 3,800 feet.

All the above wells—except the Corzelius well, are in the same vicinity and all near the Ware No. 1, which came in for 1,600 barrels and is still a good well. All the wells in that territory both deep and shallow produce both oil and rich gas, never less than a gallon to the thousand feet, according to R. M. Coyle, manager of the Buidonot plant, which plant, together with the Phillips plant, a little farther north, takes care of their entire output of casing-head gas.

J. L. Thompson et al. have a rig up in what is styled wildcat territory on the Sudderth farm, about a mile and a half south of the southern well in the Call Moorman pool. However, this location is considerably north of where good production was reported until the wells were spoiled during boom days.

The States Oil corporation moved timber for a new rig onto the Hawkins lease, about a mile south and a little west of the Chaustain-Outlaw location on the Young, Thursday.

Missing Steamer With 200 Passengers Is Reported Located

By United Press. WASHINGTON, Nov. 20.—News of what may prove to be another tragedy or another romantic rescue at sea was received by the navy radio today. A message from the tank steamer Brazos said it had located the Haitian steamer Ville Descaives, said to have been carrying 200 laborers from Santiago de Cuba to island sugar fields and which had been reported missing. Last advices were that three members of the crew had been picked up by a British tramp steamer, Tuesday, and at that time it was reported the vessel had been sunk in a hurricane.

Past Presidents of State Teachers Ass'n To Attend Convention

Special Correspondent. FORT WORTH, Nov. 20.—Twenty-three past-presidents of the Texas State Teachers Association are expected to be in Dallas for the forty-seventh annual convention of the organization. And all living past state superintendents will attend. The meeting will serve as a reunion season for these leaders, as well as for many other educators who have lived a long service in the schools of Texas.

Past-presidents who are expected to be in Dallas are: W. S. Sutton, S. M. N. Marrs, Miss Annie Webb Blanton and T. H. Shelby from Austin; H. F. Triplett from Beaumont; Nat Benton, Corpus Christi; J. L. Long, J. F. Kimball and Miss Lela Lee Williams of Dallas; W. H. Bruce and J. E. Blair of Denton; R. L. Paschal and M. H. Moore of Fort Worth; John W. Hopkins of Galveston; W. E. Doughty of Hillsboro; W. P. Estill and S. C. Wilson of Huntsville; R. B. Cousins of Kingsville; P. W. Horn of Lubbock; J. G. Wooten of Paris; G. O. Clough of Tyler; and J. W. Cantwell of Wichita Falls.

State Superintendents include S. M. N. Marrs, the present incumbent, and Oscar H. Cooper, Abilene, who served from 1889 to 1890; Arthur Lefevre, Houston, 1901-1904; R. B. Cousins, Kingsville, 1905-1909; W. H. Doughty, Hillsboro, 1913-1919; Annie Webb Blanton, Austin, 1919-1922.

QUEEN MOTHER ALEXANDRA OF ENGLAND DIES

"Sea King's Daughter," Mother of King George, Passes in 82nd Year.

LONDON, Nov. 20.—Queen Mother Alexandra of England, beloved of the entire empire, died today at her Sandringham estate in Norfolk, following severe heart attacks yesterday and today.

An official bulletin issued said: "Her Majesty, Queen Alexandra, passed away peacefully at 6:25 p. m. today. The king, queen and members of the royal family were present."

The widow of King Edward and mother of the present king, George V., had been ailing for some time and critically ill since early Thursday. England is deeply grieved, having almost worshipped the "sea king's daughter" from Denmark.

King George and Queen Mary were at her bedside.

Born 81 years ago, she was the daughter of Christian IX. of Denmark. She was a beautiful woman and even advancing years did not rob her face of the charm that captivated the nation.

CHINESE PRESENT TWO CLAIMS AGAINST THE U. S.

By United Press. PEKIN, China, Nov. 20.—The following claim against the American steamer Merion, alleging that she had sunk a Chinese junk and drowned some Chinese, the foreign office today presented another claim against the United States, declaring that several Chinese had been killed and a number wounded in a clash at a Chinese port.

Sinking of junks is no uncommon occurrence in Chinese waters. The marines proceed on the theory that the junks must get out of the way or take the consequences, knowing of the Chinese superstition that it is good luck for a big steamer to cut across the stern of a junk and miss it. The Chinese believe this drives away the devils with which the Chinese lives are supposed to be beset.

Film Displayed In Dublin Arouses Old Political Hatreds

By United Press. DUBLIN, Ireland, Nov. 20.—Armed men today wrecked the Masterpiece movie theatre with a land mine and shot two constables in a running fight as they escaped in an automobile in a fog.

The British war film, "Ypres," had been displayed in the theatre and was recently stolen, arousing old political hatreds. The mine exploded with such force it also wrecked adjoining buildings.

Chancellor Luther of Germany Announces Intention To Resign

By United Press. BERLIN, Nov. 20.—Chancellor Luther announced today that as his cabinet already had been stripped of part of its membership by the Nationalists retirement because of opposition to the Locarno security pact he would resign his office soon after the signing of the pact, which is scheduled to take place in London in December.

NEW MISSION BOAT FOR ALASKAN COAST

PHILADELPHIA, Nov. 20.—A floating hospital, a children's bus, and a gospel boat are combined in the recently christened missionary launch Princeton, which will cruise the perilous seas of the Alaskan coast, an announcement from the Presbyterian Board of Missions here says.

The little vessel, 63 feet long by 15 wide, is propelled by a gasoline engine and contains sleeping accommodations for nine persons, besides a sick-bay. It has been constructed of especially stout material to weather the rough waters of southeastern Alaska. It is nearing completion at Seattle, Wash.

The Princeton will regularly visit Alaskan coast churches and villages, and in the summer season, the fishing canneries where a large part of the native population are employed.

"RELATION OF THE MOVIES TO THE AMERICAN HOME"

The good and bad features of the movies in their relations to education, morality and religion will be discussed at Central Baptist Church, Ranger, Sunday 7:30 p. m. This discussion will be fair and impartial. Moving pictures are of universal interest, because everybody in America is either for them or against them. You are invited to attend this and all services.

11 a. m.—Theme: "We Should, We Can, We Must, We Shall." Special music at both services. A glad thank and good fellowship.

Arthur G. Jury, Elected Vice President Texas Hotel Keepers' Association At Annual Convention, Praises Ranger

Arthur G. Jury, head of the Gholson Hotel, Ranger, was elected first vice president of the Texas Hotel Keepers' Association, during the recent convention of that body in Galveston.

Mr. Jury was second vice president of the body for 1924-25. He will automatically be advanced to the presidency for 1926-27. The association is the only large association of hotel managers in Texas, including in its membership the heads of every prominent hotel in the state.

In an address to the Texas Hotel Keepers, Mr. Jury praised the people of Ranger in no unstinted terms. "Ranger has the finest class of citizens of any small city in the world," he said. "Ranger has the most progressive business people, the most ambitious citizenship, the most beautiful women to be found in any city of its size. Ranger has more literary and study clubs and as many diversified interests as any small city to be found anywhere. If you want to enjoy life in the most salubrious climate, where the north wind never blows too cold and the gentle zephyrs temper the heat of summer and the blue sky above gives good cheer all the year, come to Ranger."

Condemned Negro In Oklahoma Gets Stay Of Death Sentence

By United Press. WEALESTER, Okla., Nov. 20.—The law which forgot to inflict the death penalty on Johnny Washington, condemned negro murderer, reached out Thursday and stayed the executioner's hand. The negro had been in the death house 11 months and could not believe his life was to be prolonged. With his head shaved in preparation for the electric chair and clad in burlap clothes, Washington, when informed that an executive reprieve had been granted, doubted he was being told the truth. "You all white folks is joking me," said the negro. "Remember they forgot to bump me off once before."

The warden told the negro that Acting Governor W. J. Holloway had granted a stay of execution while the court of appeals further reviewed the case. Washington was convicted of slaying Otto Harley, deputy sheriff, in November, 1924. The state forgot to execute the negro on the date set last June and later he was re-sentenced to die Nov. 19. The negro will be executed at 12:01, Friday, Dec. 4, unless relieved again.

EARTH TREMORS SHAKE SMALL CITY IN ITALY

CITTAREALE, Italy, Nov. 20.—Slight earth tremors threw the population into a panic today. The tremors did no damage to property and no one was injured.

MANUFACTURERS WANT OWN BUILDING IN FAIR PARK

DALLAS, Nov. 20.—A new and large building, one of the largest in the park, is planned for Fair park, home of the State Fair of Texas. The Manufacturer's Association, inspired by the success of the Manufacturers' Shows that have been held in recent years in the Automobile and Manufacturer's Building, believe that it would be a substantial investment for them to erect an immense building of their own.

The Automobile and Manufacturer's Building is a large one, but the automobile men have said that they would be glad to occupy the entire building themselves, if the manufacturers want to erect their own building to provide more room for their exhibits.

"Financing it would be a simple matter if the majority want it," J. Perry Burrus, president of the Manufacturers' Association says.

Investigations of Belt Thefts Being Made

One hundred feet of leather belting stolen from the Texas company at its Littleton lease was recovered by the Ranger police late Thursday. The belting was found in a truck, the driver of which is being held with hopes of capturing and identifying the actual culprits.

The identity of parties under suspicion was not revealed. Arrests may be expected any time, it was stated.

RECORD ALASKAN BAG BY NEW YORK HUNTER

SEWARD, Alaska, Nov. 20.—Returning here after two months' big game hunting in the interior, N. E. Boomhower, New York carpet manufacturer, exhibited a caribou with antlers having 69 points, which nearly equals the world record for caribou horns.

Boomhower also shot a brown bear measuring ten feet in length, and 19 inches between the ears.

The New Yorker said he planned to go to British East Africa this winter to hunt, and expected to return here next spring.

Captain Paul Foley Cleared of Charges By Mrs. Lansdowne

By United Press. WASHINGTON, Nov. 20.—The charges of Mrs. Margaret Lansdowne that an effort had been made to "control" her testimony were quashed today by the Shenandoah court of inquiry. The court found that former judge advocate, Capt. Paul Foley, was "not guilty" of the charge of which Mrs. Lansdowne accused him. The court found not only that Captain Foley was not guilty of the charge, but that he had dealt with Mrs. Lansdowne in conformity with the obligation imposed on him by law.

Although completely exonerated, Captain Foley will not return to his post for meritorious as judge advocate.

WOMAN ACCUSED OF MURDER OF HER HUSBAND

Mrs. Suzanne Crawford Weeps During Her Trial at San Antonio.

By United Press. SAN ANTONIO, Nov. 20.—Facing the sister of the man she is alleged to have slain, Mrs. Suzanne Crawford, on trial charged with murder in connection with the shooting of Charles W. Crawford of Houston, her former husband, heard Miss Xema Crawford testify today. She was called to the witness stand to identify 17 letters alleged to have been written by the defendant to Crawford.

The unexpected introduction of the letters purported to have been written by Suzanne, which Crawford's sister was called on to identify, brought the morning session of the court to a halt, as defense attorneys requested a recess for time to inspect the correspondence. The letters, according to Miss Crawford's testimony, were found in Crawford's desk and the drawer of a bureau. As each was handed to her by the prosecutor, she said in reply to a question, "that is Suzanne's handwriting."

The first witness for the state, Mrs. Emma Grosshenny, said she was seated on her porch when she saw a closed car drive up and stop in front of a drug store opposite, and a woman got out. When the woman came out of the store, she asked her what had happened, and the woman replied that a man had been in an automobile wreck. When she asked how and where the accident had occurred, the woman replied, "That's none of your business." She identified Suzanne as the woman.

While Detective Captain W. A. Harvey, the state's main witness, gave his testimony, tears brimmed Mrs. Crawford's eyes. He testified she had told him that she shot Crawford when he had attempted to throw her out of the machine.

GRANDSON OF BRET HARTE FOUND DEAD IN PARIS

PARIS, Nov. 20.—The police today found Richard Bret Harte, 36, of Philadelphia, asphyxiated in his apartment here today. They are investigating on the theory of suicide, while the American consul is probing the death. Harte is a grandson of Bret Harte, the famous author, and is an author himself.

WOMEN ESCAPE INJURIES WHEN CAR OVERTURNS

A Ford coupe in which Mrs. Frank King and Mrs. William Speigel, both of Ranger, were driving home from Fort Worth, skidded on a slick pavement just outside Fort Worth and turned entirely over and onto its side for another half turn spilling its occupants and making almost a total wreck of the car but inflicting practically no injuries on its occupants.

Salvation Army Gives Special Invitation To Young People

Revival services being conducted in Ranger by the Salvation Army continue to arouse much interest with resulting increasing attendances.

Captain Wilkins of Dallas, young peoples' secretary for this division, will be in Ranger this afternoon and tonight and wants to meet all the young people who will come to the services. Captain Wilkins is a good musician and a forceful speaker and has had great success in his work with the young folks. He will be accompanied by Ranger by Staff Captain Whitney, general secretary for Texas and Oklahoma.

CATCHES A "HARD-SHELLED POSSUM"

W. D. Paschall caught what Squire Irvin calls a "hard-shelled possum," a Texas armadillo, Friday morning, and had it on exhibition on Ranger streets during the day. These animals, once said to be very numerous in this section, are becoming a rarity, it is said.

CONTRACTOR FOR ROAD WORK IS SURPRISING

Testifies His Company's Price Of 30 Cents For Asphalt Paving Was "Unreasonable."

AUSTIN, Nov. 20.—Admissions by Whittaker Broadnax, stockholder and former official of the American Road company, that 30 cents per square yard for asphalt surfaces of highways was an "unreasonable" price was the sensational feature of the hearing this morning in the injunction and receivership petitions of the suit brought by Attorney General Moody for the state of Texas against the American Road company.

This admission while Broadnax was on the witness stand under cross examination. This is the price fixed in the contracts awarded by the state highway commission to the American Road company for highway maintenance work. Broadnax said, however, if he had to bid again for the contract he would not make a lower price than 30 cents because of the great chances for loss.

Broadnax said his company had bought the asphalt plant of the Texas Road company in Parker for \$25,000, which he considered a reasonable price for the property.

Frank V. Lanham, chairman of the Texas state highway commission, was a stockholder in the Texas Road company but is not now.

E. S. Haysen, a partner of Broadnax in the American Road company before it was made a corporation, was the next witness and testified to conversations and correspondence with Lanham. The indications at the hearing today was that it might be concluded late today or early tomorrow.

Slayer of Wife and Two Children Tells of Crime and Escapes

By United Press. DETROIT, Mich., Nov. 20.—Police are searching for Richard Bruno, 50, of Detroit, alleged to have confessed to the murder of his two sons, 7 and 9 years old, and to the probable fatal shooting of his wife, Mrs. Rose Bruno, 48.

Authorities learned of the triple shooting through Bruno's 17-year-old son, who said he drove his father to Brightmore, near here, this morning, when the father admitted he had killed the two boys and their mother, following a quarrel. The father then got out of the automobile, the son said.

BIBLE COURSE OFFERED AT RANGER CHURCH OF CHRIST

Morgan H. Carter, recently called by the Church of Christ, Ranger, preached to a large audience last Sunday morning and evening. The church in general is very much elated over the prospects of greater spiritual growth under his leadership. Elder Carter is offering free a Bible course, such as is taught in Abilene Christian college, to those interested in the study of the Bible. Thirty-nine enrolled for this class last Sunday evening. If you do not care to enroll as a student you may come and listen. Ten of those enrolled are enrolled as auditors and you may be one if you care to. It makes no difference what your religious belief is, you are invited to attend these series of lessons. The Life of Jesus will be the first course offered. The first lesson will begin at 6:30 next Sunday evening, the beginning hour for each lesson till further notice. Come and hear with us. We will try to be a help to you and trust you will be a help to us.

The subject of Elder Carter's discourse next Sunday morning will be "Art of Friendship." Evening, "The Home That Abides."

WOMEN WIN CONTEST IN LOCAL PRESBYTERIAN CHURCH

"From Over The Border," by Ver-non Monroe McCombs, proved a most interesting study for a class of forty at the Presbyterian church. On the percentage basis of attendance the women won by an average of seventy-eight against the men whose average was seventy-seven.

Slides showing the work of our Board of National Missions, among "Our Neighbors of the Southwest," "The Southern Mountaineers" and "The Country Church" have already been shown to large and appreciative audiences. The illustrated lecture for next Sunday, 6:30 p. m., will be "Metropolitan New York." These slides show the work being done by the Presbyterian Church in New York City, the greatest home mission field in America. The hymn "Where Cross the Crowded Ways of Life" will also be illustrated.

"Gratitude" will be the subject of the pastor's sermon at this church Sunday, 11 a. m. The rapid growth in attendance in all services is very gratifying. You will find a cordial welcome.

BIBLE THOUGHT

ROAD TO SUCCESS:—Commit thy way unto the Lord; trust also in him and he shall bring it to pass. Rest in the Lord, and wait patiently for him. Psalm 37:5, 7.

PRAYER: O Lord, Thou knowest us, and also the end from the beginning, and we are nothing apart from Thee. Therefore now we commit ourselves and our way to Thee.

RECLAMATION A FAILURE.

According to the interior department at Washington the reclamation policy of the government is a practical failure. While a few projects have been successful in a measure, none of them has met the expectation of the projectors.

The evidence shows that it has been economically impossible for the average inexperienced settler on reclaimed desert farms to pay, even in easy installments, the original costs of the improvements necessary for the supplying of water, the annual maintenance and service charges, and the expenses of preparing the land for cultivation.

NEW LIQUOR PROPOSITION.

One of the most significant proposals yet advanced in the crusade to abolish the illicit liquor traffic was made by Lincoln C. Andrews, in charge of prohibition enforcement, who has asked the house ways and means committee to recommend a government tax of one cent per gallon on all beer made by licensed breweries. The purpose of this act is to give government inspectors a legal right to enter and check up on near-beer breweries.

John N. Garner, democrat, representative from Texas, and ranking democrat on the committee, indicated that the proposal, as recently advanced from several sources, is receiving serious attention. Mr. Garner said he believed purchase by the government of all bonded liquor at market prices and direct sale to the consumer, would mean great profit to the government from an economic standpoint, and at the same time more efficient enforcement of the prohibition law.

One-tenth of the licensed breweries will produce twice as much near-beer as the country can consume. Why not reduce the number and simplify the work?

Certain international associations that have been advocating a change in the words of the "Star-Spangled Banner" found a champion in the National Council of Women at Detroit, when a resolution was under consideration to adopt the song as the national anthem. One woman objected on the ground that it was suggestive of a militant attitude toward other nations, and that it was too difficult for the average voice. We have never heard an American audience fail to reach its highest note with enthusiastic fervor—and touch a responsive chord in the hearts of those who cannot sing. It will take more than mere resolutions to relegate "The Star-Spangled Banner" as a national anthem.

ELKS TO HAVE THANKSGIVING DANCE.
 V. W. Ostrander and his Rainbow Entertainers, straight from Montana, will furnish the music for the Thanksgiving dance to be given by the Elks, at their clubrooms on Thanksgiving eve. The Elks are making elaborate arrangements for this dance which doubtless will be one of the most brilliant of the holiday season.

COUNTRY CLUB DANCE TONIGHT.

All members of the Country Club have set aside tonight for the purpose of attending their dance—in fact some of them who are Shriners, have postponed their departure for Fort Worth to attend the ceremonial and dance there, until after tonight's dance. Everything is in readiness. The orchestra will sound the call for the grand march promptly at 9 o'clock, and after that pretty figure is executed, one pretty number after the other will follow, for the orchestra has a number of peppy tunes up its sleeves, which it is reserving for tonight. Gus Coleman and his rhythmic squad will be at their best and all signs indicate that it is going to be some gala dance.

ROYAL NEIGHBORS HAVE SOCIAL MEETING.

The Royal Neighbors Club had a delightful social meeting Wednesday evening with Mrs. Bronson, on the Spring Road. Music, readings and games while away the hours, and dainty refreshments afforded further pleasure to the eighteen members who were present. The social meetings are gaining in popularity as each one registers a greater number present than the previous one. The next meeting will be with Mrs. Beulah Henry on Dec. 1.

R. Y. P. U. SOCIAL.

The R. Y. P. U. of the First Baptist Church will hold a social meeting which will be in the nature of a party at the home of Dr. Bob Hodges, tonight. Members will please take notice and arrange to be on hand at 8 o'clock.

YOUNG SCHOOL F. T. A. MEETING.

A very interesting meeting of the F. T. A. of the Young School was held Tuesday afternoon. All parents and teachers are rejoicing over the rapid sale of candy. The proceeds of which are to be applied to the purchase of the moving picture machine, which has already been ordered. Great enthusiasm has been shown by the pupils of the school who have been well rewarded for their efforts in selling candy. At the close of the business session, a musical number by Mesdames Walker Murray, W. W. Housewright and Hal Walker, was greatly enjoyed. A vocal solo by Mrs. Paul Whitley and a reading by Hazel Eaves, added much pleasure to the afternoon's program.

COUNTY FEDERATION MEETS TOMORROW.

The County Federation will meet tomorrow in Cisco at 2:30 p. m. at which time the subject for discussion will be "Our County," with the following numbers: "The History, Boundary and Development of Our County," by Miss Beulah Speers, county superintendent; "Folk Lore, Legends of the County," by Mrs. C. U. Connelley of Eastland; Round table discussion, "Needs of our County," by Mrs. O. F. Chastain of Eastland. The 1920 Club elected as delegates to the federation, Mesdames R. L. Holloway, C. E. May, C. C. Patterson and Barney Carter.

PERSONALS.

Mr. and Mrs. Frank Shoffstall left today for Fort Worth, where they will be joined by their daughter, Miss Harriet, and where they will attend some of the Shrine festivities now in progress there.
 Mr. and Mrs. C. N. Ochiltree are visiting in Wichita Falls.
 Mr. and Mrs. Con Hartnett are moving from their present address on Cypress street, to a new location, at 1000 Oddie street.
 Mr. and Mrs. John Perry announce the arrival of a little son, who bears the name of John Raymond, who was born at their home on Caddo Road, a few days ago.
 Mrs. S. Cohn is in Dallas on a business trip.
 Mr. and Mrs. T. M. Combs motored over to Fort Worth today to attend the Shrine dance tonight, and the ceremonial and other entertainment Saturday. They will return to Ranger, Sunday.

RETURN FROM DRY CLEANERS AND DYERS ASSOCIATION.

Mr. and Mrs. S. P. Boon and Mr. Fishel of the Ranger Dry Cleaning company, have returned from Dallas, where the gentlemen attended the Southwestern Dry Cleaners & Dyers association. Mr. Boon reports that it was a wonderful convention not only from the standpoint of entertainment but also from the standpoint of education and instruction. Part of three days a short course school in dry cleaning and dyeing was conducted by an efficient expert of the national association, also an industrial fellow of the bureau of standards, Washington. One of the most important subjects that came up before the school was the use of a new cleaning solvent, called Stoddard's solvent, named after the president of the national association, which is much less inflammable than gasoline and has more cleaning power. This will be used by the local plant as soon as they can get a shipment in. They visited several large plants in Dallas, where it is used most effectively.

The association will meet next year in Springfield, Mo., while the national convention will meet Jan. 18-23 at Kansas City, and the Ranger Dry Cleaning company will send a representative.

CHANGES IN TEXAS PIPE LINE OFFICES.

In the next few days there will be a change in the personnel of the Texas Pipe Line company office, as Henry R. Schmidt, who has been serving in the capacity of cashier here, is to be transferred to Houston, which is his home, and Eric Holland of Fort Worth, who until about 18 months ago was in this office, will be transferred back here. Mr. Schmidt has always been closely associated with the musical interests of Ranger, being assistant director of the Ranger band and at one time, when there was no regular bandmaster here, he kept the band together and held regular rehearsals. He has made many friends in Ranger, whose best wishes follow him to his home in Houston. Mr. Holland is well known in Ranger, as is his wife, has prior to her marriage some two years ago, was Miss Bobby Wood, assistant secretary at the Chamber of Commerce. Their many friends are glad to welcome them home again.

A Thanksgiving Thought.
 Oh, the turkey gobblers gobbles
 As all gobblers love to gobble—
 Gobbles everything he gets to—
 Till he gets too fat to wobble—
 Gobbles like a greedy grafter,
 Gobbles up our bonds and taxes.
 Then's when by heck—right in the neck,
 These gobblers get their axes!

Speaking of gobblers and gobblers, some people even try to gobble up the gobblers. We like to see everybody get his share. Entericore should be rewarded. Take a drum stick and a nice slice of white meat, but for goodness sake don't grab and gobble up wing, liver, gizzard, neck, thigh, pullet bone and the piece that goes over the fence last! Leave a little for the kiddies!

If you really enjoy a sight drop in at Citizens State bank in Ranger and gaze on that group in the band, the 1912 Ranger band. See Hall Walker in knickers with one hand pressed solemnly over his grub basket, Buford Tunnell in knickers, Rex Outlaw in that Charlie Chaplin hat and pose, Henry Davenport in his Sunday-go-to-meetin' clothes, L. L. Neal with the flat top cocked jauntily, Boyd Davenport snarled when the Elk was only a calf, C. E. May, Peffer, Wheeler and Page Baxendale and all the rest or most of them.

There'll be trouble in one Ranger family Turkey day. Not in Ranger but down on the gory field where Texas university and A. & M. meet in their annual battle to the death or night it. This family has a daughter at Texas and a son at A. & M.—both members of this year's graduate classes. Blood may be thicker

than water, but when Texas meets A. & M. all ties are forgotten.

WILL SERVE COFFEE AND CAKE
 Customers of the Star Cash grocery will be served coffee and cake all day Saturday, it is announced. Neatly garbed waitresses will wait on the customers.

New Invention Saves Millions

A Lamp that Burns 94 per cent Air.

A new oil lamp that gives an amazingly brilliant, soft, white light even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil).

The inventor, J. T. Johnson, 609 W. Lake st., Chicago, Ill., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency and without experience or money make \$250 to \$500 per month.—Adv.

Rehearsals are coming along nicely for the Merchants' Pageant, Style Show and Concert to be held at the High School auditorium, Eastland, Monday and Tuesday nights, Nov. 23-24. Over 100 people are to take part in the performance. Two highly enjoyable programs are to be given. Worth coming many miles to see. You will like it. Come and bring the whole family. Exercises under professional direction. Music by Eastland orchestra. Prices of admission only 20c and 35c. Benefit Ladies' Aid of the Christian church.—Adv.

DWELLING HOUSE TRANSFERS IN RANGER WITHIN WEEK

A number of homes have been sold in Ranger within the past few days including the following:
 Dr. J. J. Sargent to F. P. Rucker, a five room modern home in Cooper addition.
 John Mills to Charles Littlejohn, a five-room modern home on the Strawn Road.
 D. Davis to J. H. & Son, a four-room dwelling in the Young addition.
 Barney Carter to Branch Isbell, a large dwelling in San Antonio moved to the Isbell property at the corner of Pine and Marston and made into a modern dwelling.
 Maddocks & Son have also bought two other small dwellings and lots in the Young addition.
 All but the three small houses above will be used as residences by the purchasers, it is announced.

Eastland Orchestra To Play At Pleasant Grove Baptist Church

The Eastland orchestra, conducted by C. C. Robay, will give a program at the Pleasant Grove Baptist church, Sunday afternoon at 7:30 o'clock, according to G. C. Curry, superintendent.

dent of the Pleasant Grove school. The same class of program that was given at the Methodist church in Eastland last Sunday night will be rendered.

Mr. Curry, who has been connected with the Pleasant Grove school for the past three years and who has built up a splendid school, extends a special invitation to everyone to attending the meeting Sunday night at any time they desire to do so. The Pleasant Grove community has facilities rather unusual in rural communities for accommodating crowds, as they have a large auditorium equipped with opera chairs, electric lights and other modern conveniences.

The Presbyterian Auxiliary and Guild will hold their bazaar at Tharpe Furniture company store Friday and Saturday, Nov. 20 and 21. There will be a bake sale Saturday in connection with bazaar.—Adv.

PEOPLE AVOID YOU IF YOU ARE PIMPLY

A boy or girl may have every so perfect a face, neck and pose, but if even one little pimple, blotch, bump or red spot shows it ruins their whole appearance. You know how true this is, because you just naturally avoid people whose appearance is not pleasing.

These things are no longer to be endured, however, because thousands of people are getting rid of the worst and most stubborn cases of such skin diseases easily and quickly by using Black and White Ointment, and Soap. It seems like magic to eczema, ringworm, itch, "breaking out," etc. Dealers everywhere are recommending Black and White Ointment, and Soap, now. They are economically priced in liberal size packages. The 50c size Ointment contains three times as much as the liberal 25c size.

TO PROTECT YOU

Cod-liver oil promotes growth of body and bone in children and is a strength-protecting food for grown people.

Scott's Emulsion is cod-liver oil made into a rich cream. It builds up vigor and strength. Take it for its health-protecting benefits.

DID YOU EVER STOP TO THINK

By E. R. Waite, Secretary Shawnee, Okla., Board of Commerce

That the live dealers of your city broadcast through the advertising columns of this paper the merchandise they have to offer you?
That all dealers are not aware of the fact that you expect to find merchandise and service to fill your needs advertised?
That if you don't find what you want advertised after reading the advertisements, it's your duty to yourself and your community to inform the dealers who are not giving you the service of advertising to wake up and advertise because you trade only with dealers who believe enough in

what they have to sell to advertise so you may know.
That you realize that anything worth having should be advertised and that advertisements are a guarantee to you that goods or service are as represented.
That when you need quality merchandise or service you should find what you need advertised in this newspaper and there should be no need of your looking elsewhere.
That your city has excellent stores, well stocked with the latest and best and reasonably priced.
That the dealers of your city who advertise are the ones who serve you in a personal way, the ones who anticipate your every need and are always ready to serve you well. They should have your trade.
Business concerns who do not invite your trade by advertising sure cannot expect you to trade with them.
Advertising is an invitation—Buy from those who invite your business.

Puts Scores of Travelers in Peril

Lives of many passengers on the Pittsburg & West Virginia railroad were imperiled when a 125-ton boulder, loosened by heavy rains, crashed down from Mt. Washington, Pittsburg, crushed a portion of the railroad bridge and blocked a tunnel which is the road's only entrance to the city. A passenger train had passed through a short time before. Photo shows debris blocking the tunnel mouth and defying workmen's efforts to remove it.

West Virginia Lady Says That She Was in a Serious Condition, But Is Stronger After Taking Cardui.

Huntington, W. Va.—"I was in a very weak and run-down condition—in fact, was in a serious condition," says Mrs. Fannie C. Bloss, of 1964 Madison Avenue, this city. "In my left side the pain was very severe. It would start in my back and sides. Part of the time I was in bed and when up I didn't feel like doing anything or going anywhere."

"Life wasn't any pleasure. I was very pale. I was nervous and thin, and so tired all the time."

"My druggist told me that Cardui was a good tonic for women and I bought a couple of bottles. I took two bottles, then I noticed an improvement. I kept on and found it was helping me. I have taken nine bottles. I'm stronger now than I have been in a long time."

Cardui is made from mild-acting medicinal herbs with a gentle, tonic, strengthening effect upon certain female organs and upon the system in general.

Military Guard At Harding's Tomb Held In Esteem By Marion Inhabitants

By C. B. YORKE (United Press Staff Correspondent) MARION, O., Nov. 20.—Deep in the seclusion of Marion's beautiful cemetery a detachment of one officer and twenty-six men from the Tenth United States infantry guards the gray-walled tomb of President and Mrs. Warren G. Harding.

COMMON MALADY IS FOUND SERIOUS AMONG WOMEN HERE

Remarkable Discovery of the Cause of Nine Out of Every Ten Cases of So-called Female Troubles Results in Perfection of Wonderful Medicine.

The charm of woman is very easily destroyed. Very often girls no longer realize that period of life when all her companions are looking forward with eagerness and rapture to the day when they shall realize the greatest ambition of their life and become a happy bride.

What is holding her back from the realization of every girl's dream? She has nice features, education, breeding, perhaps money, but no man seems to be interested in her.

The answer to the question lies in the state of her health. She would be a liability instead of an asset to any man. She has broken engagements with them because she was too ill to see them; she has alarmed them by her nervousness, and allowed them to be unstable. Regardless of her changing personality when she is well she cannot make up for her shortcomings when she is sick.

Only a few weeks ago the discoverer of the now famous St. Joseph's G. F. P. made the prediction that within a few years after the universal use of G. F. P. by the women of this country, such common ailments as nausea, pains in the sides, back and legs, headaches, cramping spells, and that awful tired-out, run-down feeling of depression will be a thing of the past.

Women Now Depend on St. Joseph's G. F. P. To Restore Their Vitality

No. 10286. SHERIFF'S SALE. THE STATE OF TEXAS, County of Eastland.

By virtue of a certain order of sale issued out of the Honorable Eighty-eighth district court of Eastland county, on the 5th day of November, 1925, by W. B. Collier, clerk of said court, against M. R. Newnam and Hall Walker, jointly and severally, for the sum of Sixteen Hundred Twenty and 15/100 (\$1,620.15) Dollars and costs of suit, in

cause No. 10286 in said court, styled City of Ranger versus M. R. Newnam et al., and placed in my hands for service, I, R. W. Edwards, as sheriff of Eastland county, Texas, did on the 5th day of November, 1925, levy on certain real estate situated in Eastland county, described as follows, to-wit:

All of lots 11 and 12 in block 19, of the original town of Ranger, Texas, which said property is fully described and referred to in Vol. 157, page 163, of the deed records of Eastland county, Texas, said lots fronting 100 feet on the north side of Walnut street in the city of Ranger, Texas, and which is fully described in said order of sale and being the foreclosure of a special assessment lien on the above described property as the same existed on the 9th day of August, 1921, and levied upon as the property of said M. R. Newnam and Hall Walker, and on Tuesday, the 1st day of December, 1925, at the courthouse door of Eastland county in the city of Eastland, Texas, between the hours of 10 a. m. and 4 p. m., I will sell said real estate at public vendue, for cash to the highest bidder as the property of said M. R. Newnam and Hall Walker, by virtue of said levy and said order of sale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the

"Kellogg's ALL-BRAN is the only thing that relieved me of constipation"

Beware of the dangerous diseases which are constipation's toll.

Constipation is dreaded, not only for its insidious self, but for the serious diseases which may be traced to it. Mr. Palludon tells us the helpful story of his relief:

Doing hard work while constipated brought on piles, from which I suffered for two years. I tried almost every remedy without success. Finally I tried Kellogg's ALL-BRAN and it has made me fit again. It is the only thing that helped me and I want everybody to know about it.

(Signed) JOHN PALLUDON, M. Y. Cleveland, N. Y.

You can get sure, prompt, permanent relief from constipation. Simply eat Kellogg's ALL-BRAN

DIARY TELLS ABOUT EL PASO IN DAYS OF '49

Traveler On Way to California Likens it to "Bowers of Eden."

AUSTIN, Nov. 20.—Possibilities of developing Texas resources were apparent to overland travelers even in the days of the gold rush of '49, as is shown by the diary of C. C. Cox, edited by Miss Mabelle Eppard Martin, now appearing in the Southwestern Historical Quarterly, published by the Texas State Historical Association at the University of Texas. Cox was one of the many who made the transcontinental journey to California by way of Texas. He found the region about El Paso to

be like the "bowers of Eden." Cox considered a railroad from Buffalo Bayou would be entirely practical, and this line was constructed some forty years later. A part of Cox's diary follows:

Forecasts Railroad
"I will pass a portion of the time in making a few remarks upon things in and about El Paso, at which place we arrived June 27, having been two months and ten days on the road, and without having an accident, a loss, or even a case of sickness to record—and last, but not least—without having seen an Indian or a buffalo by the way. We estimate the distance from Houston to El Paso at eight hundred miles—probably the best natural road of the same length in the United States—passing through a country at least two thirds of the distance adapted to all kinds of agricultural and manufacturing purposes and possessing a climate temperate and genial.

From my observations of the country I am satisfied that it is entirely

practicable for a railroad from Buffalo Bayou to El Paso, and feel convinced that if one ever reaches the Pacific, it will be by this route.

The valley in which "El Paso" is situated is about thirty miles in length and from two to five in breadth divided by the Rio Grande, the entire valley containing a population of seven thousand. El Paso is situated at the head of the valley and has about four thousand inhabitants. The sight of this little place is truly refreshing to the weary traveller of the plains—indeed, the cool shady avenues, fragrant breezes, delicious fruits and luxuriant appearance of everything around makes one almost feel that he is transported to the bowers of Eden.

The productions of this place are corn, wheat, beans, vegetables, etc., and fruits of every variety. Great care and attention is paid to the culture of the grape and considerable wine is manufactured. The houses are built of adobe, flat roofed and one story high. They are comfortable both in summer and winter and said to be very durable. The church which is the largest building in the place is about forty by one hundred feet in dimensions and two stories high. The interior is very handsomely carved and ornamented, it is situated in the Grand Plaza and about the center of the town.

The whole valley is irrigated by means of an aqueduct which leads from the falls of the river, one mile above the town. There is but little to sell here and everything commands a high price."

"Lucky House" Brings Olcott Recovery

Chauncey Olcott, one of America's foremost actors who was stricken by an almost incurable disease, is rapidly recovering. While he was in a dying condition Olcott kept asking that he be taken to his "lucky house" in New York City, where he was sure he would recover from his illness. The luck of this house is evidenced by this photograph of Olcott and his wife taken as they strolled along the street after his marvelous recovery.

Frisco Railroad Trying Again To Junk Branch Line

The Frisco Railroad company is continuing its efforts to get the interstate commerce commission to allow them to discontinue the service on the Brownwood, North & South Texas railroad, which runs from Brownwood to Haly, a distance of 13 miles. At a hearing held before representatives of the interstate commerce commission last November, the petition of the Frisco was denied, and last Thursday another hearing was held in Brownwood before State Railroad Commissioner Clarence E. Gilmore for the purpose of gathering information on the subject.

The Frisco claims that the line is being operated at a loss while the citizens of Brownwood and May insist that the road is paying or at least could be made to pay, and are opposing the discontinuance of the service.

Rare Books Found In Texas Libraries

Special Correspondence. AUSTIN, Nov. 20.—A preliminary report of the survey being made by the Texas Library Association of the private libraries of the state with a finding list of rare books and manuscripts, particularly those directly relating to Texas, will be given by Miss Fannie Hatchford, assistant curator of the Wrenn Library of the

University of Texas, at the meeting of the association in Houston, Nov. 18 to 21. Miss Hatchford has been directing the survey since it was undertaken about one year ago.

Miss Hatchford reports she has visited about fourteen libraries in the section in and about Austin. Some twenty other libraries have been included in the report, the material concerning them having been gathered by correspondence. She finds that in these collections, Texas material predominates. Besides collections of history and general interest, important collections were found related to the subjects of architecture, hydraulics, outdoor life, and American circuses.

Among the notable collections is that of Mrs. W. H. Stark of Orange who has an extensive collection of rare printed books and manuscripts of English literature. The library of Captain R. W. Aldrick of Austin has some 12,000 books, principally on outdoor life. Manuscripts and rare prints concerning Texas history form an important part of the large collection of Dr. Alec Rinst of Temple. Dint also possesses 50 Bibles all of which were printed before 1640. Sam P. Cochran has gathered a large collection of books on Masonry.

DAN MOODY'S BIBLE CLASS IN AUSTIN IS GROWING

Special Correspondence. AUSTIN, Nov. 20.—With a membership and steady attendance of 200 University of Texas students in Dan

Moody's Bible class, the class officers are making a drive to boost the attendance to 350 members, according to J. B. Petty of Austin, president of the class.

Beginning last February, this Methodist Sunday school class has steadily grown to its present size, according to Dr. W. A. Felsing, superintendent of the Sunday school. At a recent committee meeting the officers decided to divide the members of the class into two groups, known as the orange group and the white group, and last Sunday a contest was started to get new members. At the head of the drive the losing group will entertain the winners group with a social affair at the Wesley Bible chair. Paul C. Ferguson from Houston has been appointed captain of the white group and Burnice Bedford from Austin, captain of the orange group.

Novel entertainments, such as a party given recently at which every-

thing was done backward, form an important part of the work of the class in holding the members together, it is said.

DENISON.—Large building being erected here, in which M. K. & T. railway will manufacture cars.

ORANGE.—With average daily oil production of 19,000 barrels for the week, Orange takes first place among producing fields of gulf coast.

CORSICANA.—City improvement bond of \$300,000 to be voted on Nov. 17.

NEW LAW TO PREVENT CHILD DESERTION PROPOSED

DALLAS, Nov. 20.—A new bill to prevent child desertion in Texas is being prepared for introduction to the next Legislature. Mrs. W. H. Carson, Child welfare director of the Dallas Humane Society, John Erhard, Assistant District Attorney, and Mrs. Albert Walker, City Welfare Director, are co-operating with Dr. C. C. Carstens of New York, Director of the Child Wel-

fare League in America, who is preparing the bill. Dr. Carstens has made a long and intense study of the problem and will provide Erhard with a quantity of data to present with the resolution. Mrs. Walker told the committee that child desertion is increasing at an enormous rate, and believes that stringent measures should be taken to prevent it. As many as a half dozen deserted mothers come to her office in a single day with their pitiful story, she says.

Watch Your Daughter!

Dallas, Texas.—"After I had the measles I had severe backaches and was very thin. I was all rundown and in a miserable condition. We had two doctors who did me no good. My mother, who had used Dr. Pierce's medicines in her family for years, gave me the 'Golden Medical Discovery' and after taking two bottles my backache stopped and now I am fat and well. I shall always praise Dr. Pierce's Medicine."—Miss Trixie Morrow, 1715 So. Lamar St. Dr. Pierce's Discovery is a well known tonic and builder that can be procured in tablets or liquid at your neighborhood store.

EXPERT TELLS HOW TO SELECT CHOICE TURKEY

Marian Jane Parker of Calumet Company Gives Certain Rules To Guide The Housewife.

Marian Jane Parker, home economics expert of the Calumet Baking Powder Co., Chicago, writing about the Thanksgiving turkey, gives some good advice in making the selection. When you select your turkey for Thanksgiving, according to Marian Jane Parker, one of the chief considerations is the amount and quality of flesh on the body, especially on the breast, back and hips. Plenty of flesh means plenty of meat for carving, and there should also be a generous amount of fat to insure a moist, tender turkey. The French always expose a turkey in the market with the back up, so the housewife can better observe how plump the bird is.

Feeling the end of the breast or keel bone and examining the spurs on the feet may give some idea of the age of a turkey, but these tests are not infallible so far as picking out a good tender turkey is concerned. Almost any turkey may be cooked so that it is tender, but it is of course easier to roast a young bird. The best method of cooking a turkey is that by which the flesh is kept moist and juicy. Cooking it in a covered roaster with a little water in the bottom in a carefully regulated oven will prevent it from drying out. The cover should be removed at the end of the cooking period for browning the turkey and it must be basted frequently. The heat should be reduced after the turkey begins to brown. As the water in the roasting pan will gradually cook away it must be renewed from time to time. If the

turkey is being cooked in an ordinary uncovered pan, it is a good plan to put a few strips of bacon or a layer of stuffing across the breast to keep the flesh moist. For older turkey use covered roaster is more necessary. The time for cooking may vary from an hour and a half to four or five hours, according to the age and size of the turkey. Success in cooking a turkey or any poultry depends on close attention throughout the time the bird is in the oven. The custom of having a turkey for Thanksgiving dinner dates back to early New England settlers, who found turkeys wild and highly recommended by the Indians. Domestic turkeys are at their prime in the fall of the year, and their size makes them suitable for serving to a good many people, so that the custom for practical reasons, has continued down to the present.
