Episcopal Bishops Reaffirm Belief In Virgin Birth of Christ and Articles of the Apostles Creed

BISHOPS FEEL IMPULSED TO REAFFIRMATION

Publication of Memoirs by Rt. Rev. William Lawrence of Massachusetts Is Spur

DALLAS, Nov. 15.—The house of bishops of the Episcopal church of America today ordered read in every Episcopal church in America a statement reaffirming belief in the virgin birth of Christ, and declaring it to be contrary to his ordination vows for any bishop, priest or deacon to deny or seek to reconstruct the Articles of the Apostles Creed. This action followed the publication of a book of memoirs by the Right Rev. William Lawrence, bishop of Lawrence, which is contrary to the creed, the bishops declared, and was not due to any preaching or published belief of the Rev. Percy Stickney Grant of New York.

Bandit Raids On Banks and Payrolls In Three States

KANSAS CITY, Nov. 15.—Two masked men held up two messengers of the Argentine State bank today and escaped with \$29,000 in cash.

COLLINSVILLE, Ill., Nov. 15.—Three bandits today held up two clerks of the Consolidated Coal company here today and escaped with the company's \$14,000 payroll. The clerks were returning from the bank when accosted in front of the office.

HARRISBURG, Nov. 15.—Three men suspected of robbing the Burns Prairie State bank of \$79,000 were captured here last night a few hours before a plan to rob the Carrier Mills bank could be carried out, according to Sheriff Malls. The prisoners gave their names as Orville Sample, Michigan City, Ind., G. F. Oyler, Taylorville, Ill., and John Sanders, the latter according to various men, believed to be John Sams of this city.

SECOND WIFE WINS WILL CONTEST BUT FIRST WIFE APPEALS

HOUSTON, Nov. 15.—Mrs. Martha Hazel Ryan, who shot and killed her husband, Dan W. Ryan, a wealthy shipper, here a year ago, today won her fight to obtain his estate of about \$400,000 left her by his will. Probate Judge Hester H. Bryan today ruled that the second will offered for probate by Mrs. Daisy Ryan, first wife of the man, in which the property was left to the two children of his first marriage and to a brother, Ed Ryan, was not legal. The second will, attorneys for Mrs. Daisy Ryan said, had been received by her through the mail shortly after Ryan was shot to death. Handwriting experts declared it to be a forgery. Attorneys for Mrs. Daisy Ryan have given notice of appeal.

LUDENDORFF FREED FROM ARREST UNDER PAROLE

BERLIN, Nov. 15.—General Erich Ludendorff, who was erroneously reported last week to have taken his own life following his release on parole after being arrested in company with Adolf Hitler as a leader in the abortive Bavarian uprising at Munich, was today freed from the "mouth" arrest, it is reported from that city.

Turkey Prices Drop, Hold For Higher Figure Says Bush

R. H. Bush, Eastland county agent Thursday has notified poultry raisers of this vicinity that he deems it poor business, at this time, to pool a carload of turkeys for shipment. "There was a plan on foot among several turkey raisers to pool a car lot," Bush said, "and they asked me to put the deal through for them. "The condition of the market at this time does not justify a car shipment and I know of no better and quicker way to let the farmers know this than through the newspaper."

Bush said that the market price for turkeys on foot, two days ago, was 23 cents a pound. Wednesday, the price was 20 cents and Thursday morning the market opened at 18 cents. This is in contrast to 30 to 32 cents one year ago. "The home buyers are offering only three cents lower than the foreign markets," Bush said, "and I would not advise the farmers to make up a car pool under the circumstances."

TREE GROWING MASS MEETING TO BE IN THE GHOLSON HOTEL

The mass meeting to educate resident owners of Ranger on tree planting and shrubbery growing will be held at the Gholson hotel, instead of at the high school auditorium as originally announced.

M'ADOO ALMOST READY TO MAKE ANNOUNCEMENT

Admits His Friend Has Told Truth in Saying He Will Be Presidential Candidate

CHICAGO, Ill., Nov. 15.—What politicians consider as a virtual announcement of William G. McAdoo for the Democratic nomination for president of the United States was made here today by Judge David L. Rockwell, manager of McAdoo's Illinois headquarters. "McAdoo will offer himself for the presidential nomination by the Democratic party," said Judge Rockwell. "At this time when real leaders are difficult to find, McAdoo stands out prominently as the one big man who is available. He is not ready to speak for himself and it would be presumptions for any of his friends to speak for him if it was not certain that he must offer himself as the candidate of the Democratic party. He will be nominated and elected."

J. Day, justice of the peace.

CONSTITUTIONAL CLUB TO MEET MONDAY NIGHT NEXT AT RISING STAR

Next Monday night, Nov. 19, is the date set for a called meeting of the County Constitutional club, to be held at Rising Star. Through inadvertence, this meeting was confused with another date and announcement made for Gorman.

Rising Star is the place. Monday night is the time. William Pannell, former district attorney, of Stephenville, is the man.

The County Constitutional club has a considerable representation in the Rising Star neighborhood and there will be delegations there from Eastland, Ranger and Cisco.

It ought to be a rousing meeting and it will be if the Constitutional club members bear it in mind and do not make other engagements for that date. Another change has been made in the C. C. C. program. The meeting at Gorman has been set for Dec. 13. Judge McRae will be the speaker.

Ending with a Spencerian flourish, Collyer hurried back and dotted his "i's."

FORMER RANCH HAND CHARGED WITH FORGERIES

C. R. Richardson Held For Alleged Passing of Bad Checks in Cisco

Eastland county authorities were undecided Thursday on the matter of a preliminary hearing for C. R. Richardson, Cisco ranch hand, charged with a wholesale series of small forgeries.

Assistant County Attorney Hubbard said that the case was not deemed sufficiently important for a preliminary, but that if Richardson insisted, the examining trial would be held at 10 o'clock Friday before S. J. Day, justice of the peace.

Richardson, from his cell in the Eastland county jail, insistently demanded that he be given an examination, but declined to retain a lawyer. He said he did not need counsel, that he could look after himself.

He was captured when Constable Starkey went to Abilene and arrested him. Richardson occupied apartments for two or three days with his wife and child at the Gude hotel in Cisco.

"Richardson was regarded as an honorable man, as he lived nearly a year on the ranch of J. C. McKelvin, and while at the Gude I saw nothing to cause me to be suspicious, as he always paid for his lodging in advance every night," said W. E. McNeal, manager of the Gude hotel.

The operations of Richardson while in Cisco date back over a month past. They are alleged to include:

On the First Guaranty State bank a check drawn in favor of Harry Groves for \$41 and purported to have been signed "McKelvin Trading Co., by J. C. M." This check was endorsed on the back "C. E. R."

Last Saturday afternoon he went to the City Drug Co., purchased some article for \$3 of M. T. Turner and received in change \$20 in cash money. This check was signed G. H. Terry, and endorsed "G. H. Terry."

At the Gray Hardware Co., as he was running a little short of pocket change, he gave Charley Gray a check supposed to be drawn in favor of J. A. Beavers by the McKelvin Trading Co., for \$12, in payment for a knife costing \$2, and Mr. Gray gave him a ten dollar note in change. He endorsed the name of J. A. Beavers on the back of the check.

At the John H. Garner's store he purchased a pair of shoes. Here he presented another McKelvin Trading Co. check for \$78.50. Harry Rowell gave him \$50 in change besides the merchandise.

He again visited the Garner store. This time he purchased a lady's dress of Miss Ruby Love, and walked away with the dress and another \$50. Not satisfied with taxing Garner's for \$100 besides an outfit for himself and wife, he came in at the noon-hour Saturday and this time did business with Manager Drumwright, of that establishment. He made some purchases, and presented another McKelvin Trading Co. check for \$100.

Premier Poincaré will first try to spur the Ambassador's Council to take some decisive action, the United Press learned today.

EASTLAND NOW IS PLANNING CAMPAIGN FOR COMMUNITY CHEST

At this time it was expected to name the person to head the drive for funds.

At that time these delegations named an executive committee and permanent officers. A special committee was appointed, to report back Thursday afternoon on a drive leader and ways and means for canvassing.

Mr. Baldwin declared that it might be difficult to continue to work together with allies who made it so hard.

Harding, an Ohioan, was one reason most strongly urged on the sub-committee of the Republican national committee which today heard the claims of five cities seeking the next Republican convention.

Death Hides In Liquor Widely Sold

Poisonous Compounds Being Offered As Alcoholic Stimulants Says Laboratory Chief of Bureau At Washington. Warns People.

WASHINGTON, Nov. 15.—Warning of the danger that is lurking in the poisonous liquors that are being sold throughout the country under various names and in sundry guises as an alcoholic stimulant was issued today by Dr. J. M. Doran, head of the industrial alcohol and chemical division of the bureau of internal revenue.

Samples of liquor that are admitted to have been seized in the vicinity of Washington showed a curious deterioration in quality when analyzed in the chemical laboratory, according to Dr. Doran, even a greater deterioration than might be expected in illicit spirits, and less than one per cent of all samples were genuine liquor. A year ago it was estimated that 2 per cent of the supply was good.

O'Ryan Attacks the Whole Life Record Of Colonel Forbes

WASHINGTON, Nov. 15.—Spurred by Charles R. Forbes' charges made in connection with his denial of charges against him now being investigated by the senate veterans' committee, General John F. O'Ryan told the committee today that he expected to prove convincingly the full truth of Elias H. Mortimer's charge that Colonel Forbes was one of the gang of conspirators who were tied together check by jowl to defraud the government.

"I expect further to show that this criminal conduct was in consonance with his previous life record," said General O'Ryan. The statement of General O'Ryan, who is the committee's general counsel, was made immediately upon the resumption of the hearing this morning and before the examination of the former manager of the veterans' bureau had been resumed.

ETHICS OF FOOTBALL "SCOUTING" MAY BE DISCUSSED WHEN COLLEGE RULES COMMITTEE GETS TOGETHER

By HENRY L. FARRELL.
NEW YORK, Nov. 15.—Ethics of "scouting," no doubt, will be discussed next time the rules committee of the intercollegiate football association get together.

As long as it can be debated that scouting is in no way immoral, that there is nothing practical or ethical against it and that it does not threaten the safety of the game, the officials can consider it worthy of serious consideration.

"Scouting" is an old custom of sending a trained observer to watch a future opponent in action and bring back some ideas of its style of play and the way to defend against it.

Some colleges consider the evil of scouting more seriously than others. It has been told that Glenn Warner, the present Pittsburg coach, on several occasions served notice on opposing teams just what plays he was going to use.

Stories have been related to rival coaches in friendly arguments, giving diagrams of the plays with which they maintained they were going to win.

At Rutgers this year, one of the assistant managers of the team met five scouts from West Virginia, gave them a hearty welcome and handed them choice seats to the game.

Another unusual incident was reported this season from Ohio, where two coaches in the conference exchanged all their plays, without the signals, of course, so that scouting would not be necessary.

Many of the big teams in the east do their preparation work for the big games behind locked doors, with guards posted outside.

Such precautions are foolish when it is considered how many big games each season are won by trick plays or new formations which would have been unsuccessful if enemy eyes had seen them.

The most successful teams depend upon perfect execution of simple plays. Most all of the plays used by this year's great Notre Dame team are old fundamentals made effective by absolute perfection of execution.

Harvard has used the same plays with success year after year. Scouts found that it was not the equipment of the Harvard teams so much as their clever and scientific use of the plays with which they had been equipped.

All the best scouts at the command of Princeton were sent to the Army-Notre Dame game, and they went back to Princeton with a complete tabulation of all the best gaining plays used by Notre Dame against the Cadets.

But it was wasted time spent in scouting, as Notre Dame used the same plays, but their execution was so perfect, their fundamentals of play so sound that Princeton couldn't stop them.

The Tigers knew all of the Notre Dame formation, but they were unable to stop them.

Wichita Falls and Strawn May Play Off in Fort Worth

FORT WORTH, Nov. 15.—The Strawn and Wichita Falls High school football teams have been invited to Fort Worth by a local newspaper to play the game which will decide the championship of District 4.

Strawn defeated Cleburne 24 to 21 Monday for the title of the southern half of the section. She had previously beat Fort Worth Central High school, Wichita Falls won 12 to 6 from Vernon last week to take first rank in the northern half of the section.

The state championship game between Abilene and Waco was played here last year and drew a tremendous crowd. It is felt that the Strawn-Wichita Falls game will be a big attraction here.

According to information received here, the schools have been unable to agree on terms for the game to be played in either city. Strawn has announced her willingness to play the game in Fort Worth. Wichita Falls has not been heard from.

The game will be played next Friday, Saturday or Monday. There is no game scheduled here for any of those days.

"MAN WHO MYSTIFIES" AT RANGER HIGH SCHOOL

The second number of the lyceum course that is to be given at the Ranger high school through the winter and spring for the benefit of the high school library, will be given at the High school auditorium tonight at eight o'clock.

The first number "The Temple Singers," which was given Oct. 2, was said to be exceptionally fine by those who attended. The number for tonight, "Davis, the Man Who Mystifies," is said to be even better. Mr. Davis is a master magician who performs twice as many feats as the average magician, and his manner of doing it is artistry. Among the mysterious feats Davis performs are lighting fire in water, hatching chickens from eggs frying in a pan.

The entertainment is of a high order and all wishing a full evening's enjoyment are invited to come out and help support the school. This lyceum course is the best that can be obtained and promises to draw a large crowd throughout its engagement here.

Tickets for this evening may be had at Crawford's pharmacy or at the High school.

WHITE GOOSE IS KILLED IN LAMAR COUNTY

By United Press.
PARIS, Texas, Nov. 15.—A white goose, rarely seen as far south as Texas, was killed near here a few days ago by J. B. Wright, of Glory, a small town near here.

Attracted by the honking of the geese as they flew southward from the cold, Wright fired into a flock of them as they lighted on a pond near his home.

When he waded out for his prize he found he had killed a rare white goose.

TURKEYS HELP FARMERS WHILE CROPS GROW

Clear Fields of Crop Pests and Later Bring in the Cash.

AUSTIN, Nov. 13.—That the turkey is an appreciable and worthy asset to the farmer as a pest eradicator during the crop growing period, is the information contained in the semi-monthly bulletin of the Texas markets and warehouse department. The turkey is strong on grass hoppers and it is claimed that an army of turkeys turned into a cotton patch infested with hoppers, would soon rid the field of these pests and would continue to keep the field clean of pests, unless the pests came in such numbers as to more than satisfy the hunger of the birds.

It is also claimed that the turkey is strong on other crop pests, and it is pointed out that the cotton grower might consider that in the turkey he has a double asset, and the amount of money received for the turkey when sold to grace Thanksgiving day feasts might be figured as so much "velvet."

"We are not attempting to pose as 'pest specialists,'" the bulletin says. "Others, who are far better trained in matters of this kind are at your service, but believing that the turkey has not been given his proper place among the several allied agricultural industries; that the turkey has never been credited with its real worth; and that we should give him a more prominent place on the farm program, we are hopeful that we may take stock of the turkey crop of this state with a view of making of it a larger commercial asset, not merely as an individual commodity, but by utilizing its worth as an asset to the growing crop."

Turkeys Aid to Farmers.
"Every farmer should be a turkey raiser. Raising turkeys is but a part of the diversification program and after all is said and done in farming diversification of crops is the best avenue to profitable prices. But it is turkeys that we are talking about—the turkey that has so much natural thrift that it rustles for the larger part of its living, and requires but a brief feeding period to prepare it for market; the turkey that has come to be a very great commercial asset, possibly adding more than two million dollars an-

nually to the income of Texas farmers; the turkey that reminds us of feasting; the turkey that in some way enables us to remember that our forefathers set aside a day of thanks, when the people of the nation shall, with one accord, render expressions of appreciation for the manifold blessings of life; the turkey, once the ward of the farmer's wife, now an assurance of a larger bank account at the end of the year. "We have a few bankers in Texas who have seen the importance of raising turkeys and who have given much assistance to the farmers of their respective communities in stocking their farms with the better breeds, and in such instances it is claimed that the average weight of toms and hens will run 15 pounds. On that basis, using the average of today's market, a hundred turkeys would bring a farmer \$300, a nice little income, especially since the turkey has worked as a farm hand in the destruction of crop pests, and more than paid for the extra feed given him a few weeks prior to his marketing."

WEST WARD PUBLIC SCHOOL BENEFIT PLAY

SULPHUR IS BEST TO CLEAR UP UGLY, BROKEN OUT SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation. Mentho-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Rowles Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.—Advertisement.

Government officials call attention to the fact that popped corn "is superior to most breakfast foods." As pop corn is higher in digestible nutrients than even corn meal, which has long been held a standard for concentrated food quality, it can be readily realized that Butter-Kist is in fact far and away ahead of even the higher grade breakfast foods.

Drumwright concluded it would be best to look into the matter a little further before cashing this check, so he told Richardson it would be necessary to have the check verified. Drumwright started to investigate, but Richardson departed, leaving Cisco in a car, and went to Abilene where he was arrested at a rooming house.

1924 Model Studebaker Special-Six Touring Car \$1350

It is logical that we should ask the prospective buyer to gauge the worth of the Studebaker Special-Six by the measure of its sales success.

Why mention the distinctive motor or any other feature of this unusual car when the American public itself has established the greatest of all selling arguments in its favor by buying it?

Automobile license figures for every state in the Union continue to tell their own uncolored stories of Studebaker popularity.

TELEPHONE GIRLS WILL PUT ON TWO PLAYS IN RANGER

Telephone girls whom the general public knows best by voice, seldom have the opportunity to make themselves better acquainted. But the girl-operators in the city room and long distance room of the Bell company in Ranger are going to give a three-act play and also a curtain raiser soon, and this will reveal the faces of the girls, who speak to a big public daily but never show their full personality.

Queen E. Marrs, teacher and reader, in announcing the plays today, said she has found fine amateur talent among the 12 or 15 girls employed by the telephone company. The date has not been set for the performance. All of the character roles call for female impersonations except two.

The main play is a German play, "The Ugliest of Seven," adapted from that language by Miss M. G. Townsend. The curtain raiser will be a two-act playlet, "The Case of Sophronia," a college farce.

Miss Marrs, who was a student of the Emerson School of Expression, has announced the parts to be played by the girls, also the two male impersonations. Charles Mead will take the part of Ernest Hallowald and J. F. Klump that of Jeremiah Ambrose.

Ambrose has seven daughters. Queen E. Marr will be Ernestine, Loetta Perry, Rosa, Myrtle Williams, Elsie, Iva Spurlen, Gabriella, Lola Terry, Amelia, Sylvia Moffet, Dora, and Mae Moffett, Adelaide.

The part of Madame Moorplitz will be taken by Lillian Roberts, Madame Kimkel by Marguerite Klump and Madame Mousetooth by Vera McKinney.

Vera Trammel, Bessie Moffet and Miss Black will portray peasant woman parts.

BOYS RELEASED WITH REPRIMAND BUT THE GUN IS CONFISCATED

"I'm going to let you boys go this time, but the gun stays here," City Judge L. H. Flewelling, in Ranger, told H. L. Fisher and J. S. Southerlon, two boys from Desdemona, who have been living in Ranger since they got a job with the ditching gang of the Lone Star Gas company.

Fisher, who said he was 16 years of age, was found out on the west side Tuesday afternoon by Assistant Chief of Police L. E. Davenport in company with Southerlon, two years older, idling. The officer asked the boys some questions and finding Fisher with cartridges asked him where his pistol was. He said he had none, but the officer reached into the boy's pocket and out came an automatic.

Fisher was booked on a gun toting charge and at his hearing yesterday evening he solemnly promised to never again have a pistol on his person. He said he bought the pistol at a local store. The police department said the sale was a violation of the state law. The owner of the store will be asked to buy the pistol back, Davenport said, and the purchase price will be returned to young Fisher. It had been used and was sold for \$7.50, it was said.

RANGER POLICE MAKE FIVE ARRESTED FOR VAGRANCY

One woman, arrested last night on a vagrancy charge, surrendered two rings at the Ranger police station as part payment of her fine. The balance she made up by cash. Three other women were arrested on similar charges before midnight. One man was also picked up on a vagrancy charge. Three hotels were visited during the night.

All five pleaded guilty. The man vagrant paid his fine off, while the three women-vagrants asked to be given until today to pay their fines off.

RUMMAGE SALE.

Women Need Swamp-Root

Thousands of women have kidney and bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

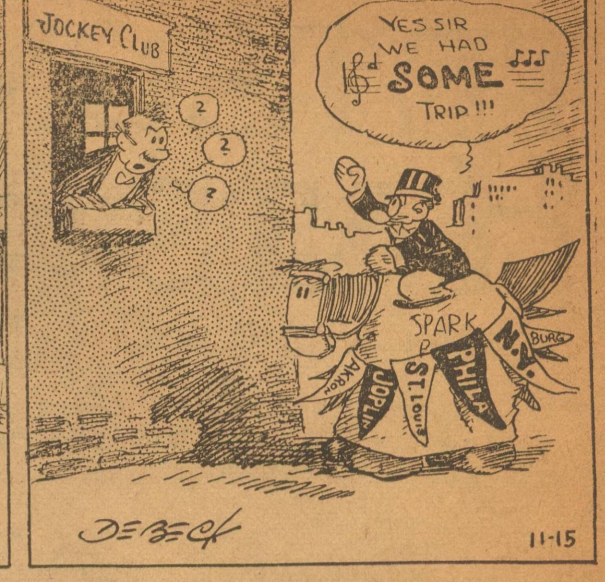

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Advertisement.

In Which "M. Mc Host" Jury Comes Across With Two Half-Mark True Stories. Treat Ahead For Mayor of Thurber.

By P. G. T.

Mr. Jury comes through with a couple of stories for this column, and is willing to swear they are true before a notary public if some one else will come through with the notary public's fee.

No. 1—It was during war time. Two slices of bread, one cube of sugar, a thin pat of butter and all the rest of the food restrictions were in order.

Colonel Rountree, director of the Bankhead highway, was in Little Rock, staying at a hotel superintended by Mr. Jury. The colonel looked with disgust at the short rations.

"Say, boy," he said to the waiter, "aren't you going to give me anything?"

"Yes, sah, ah gives you plenty of what they gives me plenty of, ah caint—"

"Well, whatever it is they give you plenty of bring it on," said the colonel, "I'm hungry."

"Yes, sah, you done got plenty of dat already. What they gives me is silverware, water and napkins."

No. 2—A man brought his wife to the big city of Little Rock for the first time. When they got in Mr. Jury's hotel elevator the husband neglected to remove his hat. Another passenger walked in, glanced at the woman standing there and took off his hat. The next minute he found himself engaged in a hard battle with the lady's husband. Fists flew and blood flowed until the police arrived to take the meeleers to the hoosgow in the riot wagon.

When the judge asked the lady's husband what he started the fight for he said: "Ain't goin' to have no fresh city feller flirt with my wife, lookin' at her and tippin' his hat, no sir."

Greenwich Village cyncopters, who are billed as direct from the east will give Ranger's foot wigglers a chance to dance to their music Friday night. Seems kinda phoney, the statement that they are direct from the east, inasmuch as they are coming from Eastland which isn't east despite its name. Maybe this was what misguiding the publicity man.

Foot wigglers and others will also get a chance to hear the Greenwich Villagers at the Liberty, so they can decide whether to put on their other shirt, shoot the rest of their wad, and take in the dance. This is going to be a 10-piece orchestra, don't know how many other people are traveling with the troupe. If there are any more drug store cowboys might get a chance to dance with some of the show girls. Heated canine! Won't that be different.

We're going to invite the mayor of Thurber over for this dance if he'll bring admission for two. Can't be expected to invite a man some place and pay his way also.

G. H. LIVINGSTON WRITES ON EVE OF SAILING FOR FAR EAST

The following letter received by The Eastland Daily Telegram from the Hotel Continental, New York, tells its own story:

"The Eastland Daily Telegram: 'Gentlemen: As our home is in Eastland, Texas, and we have been there for the last six years and have been engaged in the oil business in that section of the country, I thought perhaps you might be interested in our movements. Our home is 114 East Hill street, Eastland.

"We sail tomorrow on the steamship Mauretania for Europe and thence will go to the Far East. I have signed a three-year contract with the Murmah Oil company. I am taking my wife and two children with me. After we get located and know our permanent address, we will subscribe for your newspaper.

"Best wishes,

(Signed) "G. H. Livingston."

The writer enclosed interesting pictures of himself and family, taken in New York, and of the ocean liner Mauretania, on which they by now are en route to Liverpool on the first leg of their long journey. The Livingstons were well known in Eastland during the boom days and their many friends will be glad to know of their good fortune.

CISCO, Nov. 15.—Sebe Boyd, living six miles northeast of Cisco, is another enthusiastic breeder of Freisian Holstein cattle. Mr. Boyd had some of his fancy milk and beef stock at the fair, and was a prize winner—having the grand champion bull on exhibition, winning both the blue and red ribbons in this showing. His cattle were procured direct from the Maple Lawn farm of Courtland, N. Y. He is breeding these cattle, having now a herd of eight. He stated that he had four bulls for sale, but would continue breeding Holsteins, and next year would make a much better showing at the fair than this year.

GIVES FORTUNE OF \$60,000,000 TO EDUCATE BOYS

Retaining only enough preferred stock to assure him an income for life, all the holdings of M. S. Hershey, multi-millionaire chocolate and candy manufacturer, amounting to \$60,000,000, have been turned over to the Hershey Industrial school, at Hershey, Pa., the site of Mr. Hershey's old homestead. The huge trust fund makes the orphan school, with its present 120 inmates, second only to the Girard college, of Philadelphia, in wealth. Mr. Hershey started life as a candy maker for Huyler's, in New York, saved \$150 and then started in business for himself. "I was born poor, and I realize the hardships of poor boys of today," he said, speaking of his gift. "I am going to assist poor boys to learn trades and become self-supporting."

SIX SUITS TO COMPEL PAYMENT FOR STOCK IN HOG CREEK OIL COMPANY

DALLAS, Nov. 15.—Six suits aggregating \$390,000 have been filed in the district court here against the Magnolia Petroleum company for money said to be due on stock owned in the Hog Creek oil company, the Tom Dees well at Desdemona, which sold during the latter part of 1919 for \$6,000,000. The suits were filed by W. F. Johnson, B. A. Johnson, Mrs. N. Johnson, Mrs. L. R. Grounds, Mrs. L. F. Woodruff and Mrs. J. D. Luton, all of Desdemona. The petitions allege that each of these persons owned five shares of

stock in the Hog Creek company when the Magnolia offered to buy at \$10,000 per share. It is further alleged that a meeting was held and the offer accepted but that payment has never been made.

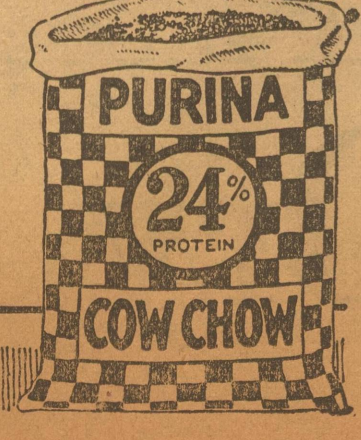

It is said the company made out a check for each of the plaintiffs for \$30,000 and also drew a note for \$20,000 each to be paid in one year with interest at 6 per cent. Later these checks were cancelled and a check for \$100,000, made payable to seven persons, was drawn. It is alleged that B. J. Johnson, who has not filed suit against the company, was included in this check. The plaintiffs declare they knew nothing of the first checks being cancelled and have never received payment for their stock in the company.

NATURAL GASOLINE REFINERS HOLDING SESSION IN FT. WORTH

FORT WORTH, Nov. 15.—The first meeting of the Association of Natural Gasoline Manufacturers to ever be held in Texas opened here today. It is the annual fall conference and the program will be particularly adapted to the problems of Texas, Louisiana and Arkansas operators, who are coming in from five states. The sessions will continue through until Friday.

The two-day meeting, which will include the annual banquet Thursday night at The Texas, where all meetings will be held, will cover every part of the industry, ranging from discussion of its business problems, by the industries leaders, to a discussion of the technical problems arising from operation of the plants in the fields.

Open to Industry.
In connection with the meeting here, A. L. Bourque of Tulsa, secretary of the association, makes it

plain that the meetings of the association are not limited to membership of the association, but are open to all interested natural gasoline operators, and allied industries.

The industry, which has grown by leaps and bounds during the last few years of the "gasoline age," is now one of the large factors of the general petroleum industry. Its operations within a radius of 150 miles from Fort Worth in West Texas represents an investment of close to \$20,000,000, and includes the three or four of the half dozen largest plants in the world, including the first.

Fred Chase, director of the field operations of the Lone Star Gas company, will preside at the first day's session, and W. M. Welch of Tulsa, vice president of the Tidal Refining company and past president of the association at the second. D. E. Buchanan of Tulsa, president of the association, and vice president of the Chestnut & Smith corporation, the largest manufacturers of natural gasoline in the world, and operators of several plants in Oklahoma and West Texas, will head the Tulsa party.

Funeral Services In Eastland For Catherine Daniels

Funeral services for Miss Catherine Daniels, who died early Wednesday were conducted Wednesday afternoon in the Church of Christ by the pastor, the Rev. Mr. Thurman, assisted by the Rev. J. N. Wooten, pastor of the First Christian church. The church was crowded with friends and acquaintances. The casket was completely hidden from view by blankets of flowers. A selected choir sang "Safe in the arms of Jesus," "In the sweet by and by," and "Nearer my God to thee," in the church and "Over there" at the grave.

The pall bearers, all intimate friends of the family, were: James A. Beard, E. E. Wood, William Bull, Hockett, Marlow and Pugh.

Catherine Daniels was a sister of Winter Daniels, one of the soldiers of Eastland county who lost his life in the world war and after whom, joined with another dead hero, the Eastland post of the American Legion is named.

Catherine Daniels was a devoted member of the Church of Christ, and her loss will be felt by a larger circle than the home. Tuberculosis developed rapidly after her return from Abilene college about four years ago. Just prior to that she had served during the strenuous oil boom days in the office of the local telephone company. She spent last year at the Carlsbad cure, but the ailment had taken too deep a hold, and improvement was not permanent. She was a patient sufferer.

Surviving relatives are her mother, Mrs. Daniels; sister, Mrs. Dutch Yancey, and brothers, Grady, Jesse, Tom and Albert Daniels. Her father, J. L. Daniels, died two years ago.

The Daniels family is an old and well known one in Eastland county, as well as the family of Mrs. Daniels, old settlers here. The sympathy of

hosts of friends is extended to relatives and in especial to the bereaved mother, who gave up one son to her country, who lost the partner of her life, and who has parted from the tender blossom she nurtured so long.

The Lapwing is the species that lay the "plover's eggs," well known to European epicures.
