## DEGREE OF GOOD SAMARITAN TO BE CONFERRED

Royal Arch Masons Meeting Here Tomorrow to Conclude With Banquet.

The special banquet, installation of officers, and conferring of degree of Good Samaritan on wives, mothers, daughters and sisters of Royal Arch Masons will bring together a large number of Ranger and visiting Royal Arch Masons tomorrow afternoon and evening.

Among the visitors will be O. O. Christian, past high priest of Cleburne, R. L. St. John and John Patterson of Cisco, and a number of chapter Masons from Breckenridge, Strawn, Eastland and Thurber.

The newly elected officers will be installed at 2:30 p. m., following which Royal and Select degrees will be conferred by Companions Christian, St. John, Patterson, E. A. Bills, T. W. Harrison and others.

A banquet will be served at 7:30 o'clock in the Masonic building. Dr. A. N. Harklerider will be the toastmaster. The invocation will be by Rev. H. B. Johnson. An address of welcome will be given by M. H. Hagaman and the response by Mr. Christian.

Beginning at 8 o'clock, women eligible to the degree of Good Samaritan will have the honor conferred by Mr. Christian and visiting companions. Two years ago 127 women received this degree. A still larger class is expected this year.

Following the degree conferrals, a program of entertainment will begin at the conclusion of which refreshments will be served.

## MR. AND MRS. HOLMSLEY WIN GOLF TOURNAMENT AT COUNTRY CLUB

Mr. and Mrs. T. J. Holmsley were announced today as winners of the two ball, foursome, mixed golf tournament at the Ranger Country club, held last Sunday. The contestants were slow in handing in their score cards and it was yesterday before the club tournament officials could determine the winners. A half dozen golf balls were given to the winners.

## GOLFERS OF MINERAL WELLS COMING TO PLAY GOLFERS OF RANGER

Ranger Country club golf team will meet the Mineral Wells club Sunday in the game that was postponed from June 3 on the Ranger golf course. The visitors will come in automobiles, arriving here between 9 and 10 o'clock in the morning after which they will go to the course to become familiarized with the lies, hazards and teeing off grounds.

In the list of names sent to the Ranger club three weeks ago when rain interfered with the visit of the Mineral Wells golfers were the following:

Allen Guinn, J. E. St. Clair, J. W. Crutcher, Will Wright, Dr. R. O. Singleton, D. L. Cunningham, Charles Winston, J. M. Belcher, Blake Sweet and John Moyers. Some of these men may not come, but still others may be added.

## FRAUD ORDERS ISSUED AGAINST OIL COMPANIES

WASHINGTON, June 21.—Six more oil stock companies were today added to the list against whom mail fraud orders have been issued by the government.

Those named are the Mexia-Gibraltar Oil company, Texas Trust company, One Dollar club No. 1, One Dollar club No. 2, Smaackover Dollar club, Coffee Double Royalty club officials and agents.

## AUTHORITIES CONFERRING ON SHIP LIQUOR RULING

WASHINGTON, June 21.—Secretary Mellon today began a series of conferences in an effort to clear up the liquor ship ruling. The secretary declared there was no doubt of the right to seize contraband but added that whether the government had the authority to break open sealed foreign governments presented a great problem.

## Heat Wave Over the North and East Has A Deadly Intensity

Fifty-Nine Known Victims In Few Days and Death List Increasing Today. Relief Promised Tonight.

CHICAGO, June 21.—Fifty-nine perished as a result of the heat wave that has prevailed over large areas in the United States during the last few days. The greatest suffering was in Missouri, Ohio, Michigan, Illinois, New York, Massachusetts and Pennsylvania.

The heat was suffocating over the east and middle west and thousands slept on the beach along the Atlantic coast in the city parks in the crowded centers. This is the longest day of the year and it started out hot. Four deaths were reported here this morning and more were regarded inevitable if heat continues.

WASHINGTON, June 21.—The terrific heat wave which has enveloped many parts of the country during the last few days will be broken in the east tonight, according to the official forecast of the weather bureau here.

## School District Tax Assessor Ready to Take Renditions

H. S. Cole Assumes Office and Calls on Property Owners to Make Renditions Early.

H. S. Cole, new Ranger independent school district tax assessor and collector, assumed office today and opened offices in rooms 209 and 211 of the Marston building. He said he was now ready to do business. Mr. Cole succeeds C. A. Love.

"Due to the fact that there was a delay, I am getting a start a month late," he said. "I would like for tax payers to make their renditions, and will be glad to help them. The taxes for 1923 won't be due until December 1, but persons have until February 1 of next year to pay their taxes."

Mr. Cole said this is his first experience in tax assessment work and that he would have to spend some time in "learning the ropes." A considerable amount of taxes are still due for 1922, and this also will engage part of his time.

Heretofore, the city tax and school tax collectors have worked together in making tax renditions and collections, but this arrangement was dissolved in the recent change of school collector office. The renditions will have to be made separately by Ranger taxpayers instead of rendering one inventory for both city and school taxes.

The school district territorial limits are considerably larger than those of the city, extending further in all four directions.

## MULLATOES ARRESTED IN DALLAS CHARGED WITH RAISING BILLS

DALLAS, June 21.—With the arrest today of Clarence Beaver, Maybell Beaver and Cecil Saynes, mullatto negroes, federal authorities here believe they have broken up the ring that has flooded Texas with raised \$1 bills for the last several months.

The trio were arrested in a raid by federal officers and were arraigned before the United States commissioner charged with raising obligations of the United States government. The three, according to officers, raised \$1 bills of \$10. The arrests are the climax of several months' work by the federal investigators.

## HIGHWAY AMENDMENT RALLY IS ANNOUNCED

ABILENE, June 21.—County judges and commissioners, chamber of commerce secretaries and others interested in good roads will attend a rally here June 27 to further the interest of the constitutional highway amendment relating to good roads to be voted on in July. Representatives from 17 counties are expected to attend the meeting.

## COURT ADVISES MEN LOYALTY TO COUNTRY FIRST

Four Men Go to Jail for Refusing to Answer Questions of Grand Jury.

HOUSTON, June 21.—Four men, residents of Goose Creek, who were sentenced to jail and fined \$100 each for refusing to answer questions in connection with a grand jury investigation regarding floggings at Goose Creek, began serving their sentences today. The men are: J. E. Harper, W. E. Viles, W. S. Bradley and C. A. Kubly.

The men were held in contempt of court by Judge C. W. Robinson in criminal court, who repeated the questions yesterday. Two men, Harper and Viles, were fined twice, being questioned relative to two defendants. The men had been promised immunity if they would answer the questions, but this promise was given before Judge Robinson began questioning. Judge Robinson paid a high tribute to the loyalty of the men, but reminded them that loyalty to country was ahead of loyalty to man. The men were each asked 11 questions. The court told them the orders of the court would be carried out.

## Many Associations Adopting Standard Code of Ethics

ST. LOUIS, June 21.—More than one hundred and seventy trade and professional associations throughout this country have adopted standards of ethical practices for their members. Chairman Bert Scribner of Pueblo, Colorado, head of Rotary's Business Methods committee, said at the fourteenth annual convention of Rotary International.

## Basis of Ethics.

"The first step for each is to establish for himself a solid basis of ethics," he said. "This basis, when fixed upon and accepted, will automatically go into effect in his social life."

"Rotary is conducting a campaign for standardized methods in each and every vocation. Think of 90,000 business men in 26 different countries of the world giving simultaneous study to the raising of the ethical standards governing the relations between employer and employee. They are giving the same study to the three main contacts or relations of business:

"Contact with those from whom we purchase.

"Contact with our competitors and allied professions.

"Contact with the public—both customers and the general public.

## No Dual Standards.

"This work of eliminating dual standards—the Rotarian is striving to govern his business relations by the same normal standards as govern his social relations with his fellows.

"Last year 107 and this year between 50 and 60 additional trade and professional associations adopted, and are today working to get down in clear, concise language, just what constitutes unethical conduct.

"More important still—these codes are being adopted and observed. Literally thousands of business men are declaring publicly what the Golden Rule means when translated into terms of business conduct."

## NEW YORK BROKER EXPELLED ANOTHER IS SUSPENDED

NEW YORK, June 21.—The first development in the Wall Street brokerage situation came today when the New York curb exchange announced the expulsion of one member and the suspension of another for one year.

Benjamin Alexander was expelled for alleged violations of the rules of the exchange and Morley of A. D. Morley & Co., was suspended because of alleged transactions detrimental to the exchange.

## Wisconsin Stays In Dry Column; Wet Measure Is Killed

MADISON, Wis., June 21.—The Tucker bill, designed to repeal the Wisconsin prohibition enforcement law which aids the federal authorities in the prosecution of the dry amendment, was killed today by the senate, the vote being 19 to 12.

## RATES ON LIVE STOCK WITHIN STATE REVISED

Commission Abolishes Rule of Fixing l. c. l. Minimum on Fixed Minimum Weight.

AUSTIN, June 21.—Despite vigorous protests by the carriers, the state railroad commission today issued an order revising the rates on less than carload shipments of livestock.

The minimum rate heretofore has been based on a minimum weight of 4,000 pounds and has created dissatisfaction among shippers and carriers alike. The railroad commission has arrived at an opinion that it should remove the minimum weight and let the actual weight be made the basis for computing prices in less than carload shipments. An opinion by Commissioner Spayn held that undue hardships might result on the carriers if no minimum charge be placed in the new rate.

The minimum charge on any shipment was fixed at \$5. Commissioner Spayn further avers that to relieve carriers of undue burdens shippers must give three days notice of the desire to ship and where there are no livestock chutes shippers must load and unload.

A graduated scale of rates was fixed by the commission, 70 cents per 100 pounds along a single line where the haul is 10 miles or less, with a maximum rate of \$3.20 for 500 miles or more. For the same distances over two or more lines the charge is 95 cents minimum up to \$3.55 as the maximum.

## ALLEGED BANDIT MAID OR MAN CONFESSES TO VARIOUS ALIASES

CHICAGO, June 21.—Fred Thompson, declared by police to be the murderer of Richard Tesmer, became a still greater enigma today when under police questioning, it was revealed that for years he played the role of husband to one woman and also wife to another man.

The subject admitted that he was the lawful husband of Marie Clark, known to the neighbors as Mrs. Francis Carriek. He also said he lived for 13 years as the wife of Francis Carriek in a Chicago apartment.

## CASING ALLEGED TO BE STOLEN, RECOVERED, TWO MEN ARE ARRESTED

Seventy-eight joints of casing or approximately 1,800 feet, was identified today as being the property of Westheimer & Daube of Ardmore, Okla., by a representative of these men, who arrived here today in answer to a telegram from the police department.

Seventy-two joints were identified at the Ranger Machine shop and six joints on an Eastland hill lease, police said. The proprietor of the machine shop became suspicious of the ownership and notified Assistant Chief L. E. Davenport of his suspicions Tuesday, before all of the joints had been hauled to his shop.

Two men are now in jail in connection with the alleged theft.

## STATE REPRESENTATIVE J. O. MERRIMAN DIES

NASHVILLE, Tenn., June 26.—One man was killed, one is missing and several are suffering injuries as the result of the explosion of a pneumatic tube at the Nashville Machine company. The dead and injured were employees at the plant.

## Lions Are Looking Forward to Year of Telling Activities

## LAVA ADVANCING LIKE SNAKE ON HELPLESS TOWNS

Tens of Thousands People Fleeing Before It. Lavinaro Latest Town Threatened.

CATANIA, Sicily, June 21.—One hundred hours after the first blast of Mount Etna had started a panicky exodus of tens of thousands of civilians from the area about Mount Etna, more than ten streams of lava from the volcano were still advancing on the helpless towns. Ashes and hot cinders were falling at a great distance.

One of the main lava streams flowing down the mountain side suddenly shot out its fiery darts and began advancing on the town of Lavinaro. The destruction of the town appears imminent and the inhabitants are fleeing with such of their possessions as they can gather.

## TOWN OF LINGUIGLOSSA APPEARS TO BE SAVED

CATANIA, Sicily, June 21.—Unless there is a strong emission of lava the town of Linguiglossa, which has been threatened for the last three days is safe from destruction, official advisers said today.

Huge streams of lava are flowing into a neighboring valley and it is becoming a lake of fire. Inhabitants of the town described the town's safety from destruction to St. Eggitto, to whom prayers were offered to intercede with the Creator in their behalf.

The town that is most in danger now is Sastiglione, with 15,000 inhabitants. Funds and offers for help are beginning to pour in from all parts of the world.

## Scion of Egyptian Royal House Weds Daughter of Briton

CAIRO, June 21.—Cairo is gossiping again. The inhabitants had barely recovered from the Tutankhamen affair when a scion of the Egyptian royal house secretly married an English girl.

The bride was Miss Morwena Bird, and the royal bridegroom is Prince Said Halim, second cousin of King Faud. The minute the relatives of the prince heard about his love for an English maid of another faith they began making objections, but got nowhere with them. The prince simply took his sweetheart into a Moslem religious court, went through the ceremony and ran away to see Europe in the fashion of honeymooners.

Miss Bird since the war has been one of the bright figures of Cairo's ballrooms. Her father was a colonel stationed in Egypt before the war. The prince, who is 25, already has the reputation of being a good prophet and a reckless man with his purse.

His talent for getting rid of money came to public notice when he was sent to England before the war to study under army tutors. He was so extravagant that he had to be sent away to Switzerland where, in those days, there were fewer opportunities for getting poor quickly.

His penchant for prophecies was recognized during the war when he persistently wrote to the newspapers that Turkey and Germany were going to fall. As everyone knows, this forecast came about, in a manner, so the prince is now a prophet with some glory in his own land.

## EXPLOSION OF PNEUMATIC TUBE RESULTS IN DEATH

CLOSE STATE DEPARTMENT IN RESPECT FOR CHAPMAN

AUSTIN, June 21.—State department of insurance and banking was closed today out of respect for Chester Chapman, son of Commissioner J. R. Chapman, who was shot at Willsboro by his father-in-law, W. K. Bradford yesterday, who also killed Chapman's wife and then himself with a gun.

## PRESIDENT LOGSDON NAMES COMMITTEES TO SERVE DURING CURRENT YEAR AND PROPOSES TO KEEP MEMBERS WORKING HARD.

Dr. Harry A. Logsdon, president of the Ranger Lions, announced at the luncheon in the Gholson hotel the personnel of the committees to serve during the current year. Probably the most important of these committees are: the civic committee, headed by Dr. W. C. Palmer, former president of the Lions; ways and means and athletics, headed by W. H. Fouke, and the entertainment committee, headed by Dr. C. C. Craig.

The committees are expected to meet at once and organize for work. President Logsdon having announced that he proposes to keep the Lions at work all the time on civic projects and progressive measures and that the committees must be ready to lead off. The committees are composed as follows:

Civic Committee—W. C. Palmer, L. H. Hagaman, and C. D. Woods.

## PETITION ASKS JUSTICE OFFICE FOR MRS. FENLAW

Commissioners' Court Urged to Appoint Widow of Late Official.

Petitions bearing the names of approximately 800 men and women of Ranger asking the Eastland county commissioners' court to name Mrs. Bertie Fenlaw, widow of Roger Fenlaw, who met a tragic death in the Moody river in East Texas last Tuesday while attempting to swim the river, to the office of justice of the peace made vacant by her husband's death, were presented to County Judge E. A. Pritchard this morning by Chief of Police O. V. Davenport.

The petition, prepared by City Attorney Milton T. Lyman, a friend of the deceased, was placed in circulation yesterday morning. It was handled by John Davenport. He said today that members of every business house and their employees downtown with two exceptions gladly signed the petition. In the case of the two exceptions, the proprietors were not at their place of business, he said.

"The petition was taken to Eastland today on the suggestion of Judge Pritchard, who presides over the commissioners' court. He advised those in charge of its circulation that it would be advisable to have it in Eastland today, although no appointment to fill the vacancy would be made today.

Mrs. Fenlaw, who is still in Gilmer, has not been advised of the action taken in her behalf. City Attorney Lyman said today, "We are doing this to show that Ranger people respect and admire Mr. Fenlaw," he said. "We believe it to be due her as the wife of Mr. Fenlaw."

Ranger people approached by Mr. Davenport eagerly affixed their signatures to the paper, the petition bearer said.

## Rum-Runner Off Galveston Coast Declared a Joke

GALVESTON, June 21.—Customs officers here today were trying to stop the reports of a large rum-runner off the coast near Galveston. The vessel about which the story was woven has been anchored 8 days about 8 miles from Galveston, according to newspaper reports. Stories of speedy launches and motor boats visiting the ship at night and coming away with stores of liquor are told, but none is found to verify them. Masters of ships that have come in since Monday report having seen nothing of the alleged rum-runner.

## CHICAGO NEGROES ARE TRAPPED BY FIRE THAT GUTS TENEMENT HOUSE

CHICAGO, June 21.—Ten persons are known to have been killed and 25 more injured in a fire on the south side which swept through a tenement house today.

One hundred and fifty negro tenements of the building were cut off from escape by flames, which started on the first floor and destroyed the main stairway before the alarm had been sounded. Many of these sought escape by jumping from windows. The firemen made scores of rescues.

The fire is said to have started in a furniture store and, while its origin is not known, the negro owner of the store was arrested. It was said the fire had been started in connection with the operation of a still.

Smith admitted, according to the police, that he had operated a still in the basement and had left a gas jet burning four inches from the ceiling.

## BERGDOLL FREE ON BOND GOES HOME FOR REST AND CHANGE

KANSAS CITY, June 21.—Erwin Bergdoll, free on bond following his arrest after leaving Leavenworth penitentiary on a charge of conspiracy to evade the draft, was enroute today to his home in Philadelphia.

The millionaire slacker had just completed a sentence of evading the draft when taken into custody on the conspiracy charge. The federal district attorney informed the court that when Erwin is arraigned for trial, his brother, G. C. Bergdoll, now in Germany, would also return to this country to stand trial if assured of a fair and impartial trial. The court assured the prosecutor that a fair and impartial trial would be given.

## JURY COMPLETED TO TRY TOM ROSS AT LUBBOCK FOR MURDER

LUBBOCK, Texas, June 21.—The jury in the Tom Ross murder trial was completed this morning with the acceptance of J. D. Meyer and J. M. Isaac, both farmers, as the eleventh and twelfth jurors. A summary of talesmen examined showed 8 excused by the state and 15 by the defense; one excused because he was too old, another because he could neither read nor write, 17 because they had conscientious scruples against the death penalty and 26 because they had formed previous opinions.

**BIBLE THOUGHT.**  
 FERVENT IN LOVE—Above all things being fervent in your love among yourselves, for love covereth a multitude of sins.—1 Peter 4:8 (R. V.)

**CHURCHES GROW UNDER DROUTH.**

Those persons who have been trying to make the public believe that prohibition is emptying the churches because the people are tired of hearing the preachers talk about prohibition have been silenced by the report which Dr. H. K. Carroll, church census compiler, makes with regard to the growth from church membership in the United States.

The increase of church members is 948,347 over the previous year. The present membership of all religious bodies according to the latest figures is 44,663,684. This increase is much greater than the average for the preceding five years. The total number of congregations is now 238,681. There are 202,681 ministers.

There is not as great a shortage in the clergy as the fact of more congregations than ministers would indicate. Many pastors, especially in rural districts, serve two or more congregations. Besides a number of rural churches are served by laymen. Activity on the part of the laymen is one of the significant features of the year. The figures of membership represent only persons who are actually members of churches.

The total religious constituency of the United States, according to E. O. Watson, statistician of the Federal Council of Churches, is placed at 98,878,367. Church officials define constituency to mean all baptized persons, all adherents and all those who, in the supreme test of life or death, turn to particular denomination.

The churches in 1922 raised \$16,628,894 more than the previous year, according to Watson's findings. The total report to date is \$505,052,978 with some reports yet to be received. There are only one or two small denominations that had no gains. The great bulk of the churches, especially those which are already at the forefront of religious activities show higher percentage of gains.

The figures show that a greater percentage of persons now belong to church than belonged before. The great revival of interest in the church came about in 1920, the year that prohibition went into effect and it has continued since. It would hardly be just to say that all of the increase of membership has been due to prohibition. It is certain that some of it has been due to the wiping out of the liquor traffic and it is equally certain that those who say that prohibition has killed the churches do not know what they are talking about.

Ohio has tendered the services of her prohibition agents to help keep New York dry. Which is lovely of Ohio, which probably figures, with considerable justification, that no other state could afford to lend enough agents to keep Ohio dry.—Kansas City Star.

**FLYING COURTS GIVE PROFITEERS SPEEDY JUSTICE**

**German Police Agents Watch Markets Daily to Catch Price Deception.**

By CARL D. GROAT  
 (United Press Staff Correspondent.)  
 BERLIN, June 21.—Taking a leaf out of the history of the middle ages, Germany has introduced the so-called "flying market court" as an aid in its battle against profiteers.

Just as in the days of the knights, these courts are set up at the public marts, the offender is haled before them, and his cause is quickly disposed.

**Strikes Fear to Profiteers.**  
 These flying courts are striking fear to the hearts of the greedy. Operating chiefly in the workers' districts, they are proving a distinct aid in rooting out overcharging, short weighing, failure to mark goods in plain figures and the like.

Regierungsrat Hinkel, chief of the so-called "Wucherabteilung," or profiteering department, of the police, explained to the writer that these flying courts are intended to supplement the already existing Wucher courts, which deal with larger cases—though more slowly.

**Agents Watch Markets.**  
 "My agents go to the markets daily and observe what the dealers are charging, whether they have their prices marked plainly, whether they are tricky with their weights and measures," says Hinkel. "If a police agent finds anything wrong that dealer goes upstairs in the market hall—or out on the corner, if it is an operator of an open-air market—to the judge. The judge decides hurriedly. It may be a fine. It may be jail.

"Furthermore, the public can complain and get justice quickly. A customer, who hitherto has hesitated about the profiteering courts, because of their slowness, can now hale a dealer into the flying court and have the case tried inside a half hour. Sometimes there is some injustice, but by and large these courts are very fair—and very effective. The dealer who knows that a court is sitting every day in the permanent market halls—or that one swoops down every little while on the open-air market—is going to be careful about what he charges a customer and how he treats him."

**NEGROES THANK CITIZENS FOR AID IN CELEBRATING**  
 In a communication addressed to "The White Friends and the City Commission Board of Ranger," the negroes of the city express their thanks for assistance in celebrating Emancipation day. The communication is signed by Rev. W. D. Davis, chairman, and Rev. W. S. Smith, assistant chairman, and T. J. Watkins, secretary.

"We the colored citizens of Ranger desire to thank you for your kind courtesy in assisting us in celebrating our Emancipation day," says the statement. "We believe and appreciate the fact that you all are our friends and as an evidence of the same we shall endeavor to assist in making Ranger a cleaner and better city. We thank you."

**COOKS AND WAITERS HOLD ANNUAL ELECTION**  
 Louis Burge, Ranger cafe chef, was re-elected president of the Cooks, Waiters and Waitresses union, No. 399, last night at the semi-annual election. Don Shepard was re-elected financial secretary. Mr. Shepard also serves as business agent of the Ranger local.

**OFFICER BELIEVES IN GIVING AID TO ONE WHO IS DOWN**  
 Other officers re-elected were: Henry Bingham, vice president; Miss Jewell Clark, chaplain; Miss Mary West, recording secretary.

The executive committee will consist of the following, all new members.  
 Miss Jewell Clark, Cluster Collum and Dewey Collum.

When F. Lamar, said by police to be an ex-convict, walked into the American cafe today, asked for a piece of pie and, after being served, started to leave without paying, Jack Peltier of the cafe, protested, according to accounts gathered by the police.

Peltier were brought to the police station by Officer Tom Weeks. The former paid a fine of \$15.70 and the latter had his wounds, consisting of cuts in the head and one over his left eye, washed.  
 Saying that he didn't approve of a man getting the worst of it when he was down and out, Assistant Chief L. E. Davenport ordered Lamar to go to the restaurant and get his dinner at the officer's cost and then leave Ranger.

**Just A Little Row But See How Many Become Involved**

It was an odd combination of witnesses and defendants who presented themselves in city police court this morning for the trial of two defendants, who got mixed up in a row in one of the local hotels the other morning.

The four men involved in the affair, including the two whose trial was scheduled for this morning, but which was postponed till Friday morning, because of the absence of material witnesses were:  
 Hotel clerk, porter, gambler and barber.

The witnesses were:  
 Driller, physician, undertaker, soda water jerker, motion picture operator, night sergeant and night patrolman.

**'GHOST LIGHT' IN CEMETERY PUZZLES PALESTINE CITIZENS**

PALESTINE, Texas, June 20. A mellow growling "Will o' the Wisp" which vanishes when approached is being observed in a cemetery here by hundreds of people.

The light has puzzled citizens here for months and the mystery is far from solution. The light is seen apparently about four or five hundred feet from the Spring road and can only be seen from one vantage point. If one attempts to approach it it fades away and disappears.

One of the theories advanced is that the "ghost light" is only the reflection of some distant light on a tomb stone. Persons who have watched the "Will o' the Wisp" are inclined to doubt this theory for they say there is no other light in the vicinity.

### FRIDAY EVENTS.

Twentieth Century club meets at 9:30 o'clock with Mrs. J. F. Champion.

Royal Arch Masons' banquet, 6:30 o'clock, at Masonic hall.

### MRS. MADDOCKS HOSTESS HONORING MRS. CADE.

Mrs. C. E. Maddocks entertained informally at her home Wednesday afternoon in honor of Mrs. Baylus Cade of Las Cruces, N. M., who is visiting her sister, Mrs. Lytton R. Taylor. The ladies spent the afternoon sewing and chatting and a program of music and readings was enjoyed. Mrs. Cade's lovely rich mezzo-soprano voice was heard to advantage in the state song of New Mexico, "O, Fair New Mexico," "Little Grey Home in the West," and "Mother Macree." Raymond Taylor recited "The Yanks' Opinion of the Statue of Liberty." Refreshments of ice cream and cake were served. The invited guests were: Mmes. Baylus Cade, Lytton R. Taylor, Earl Taylor, T. D. Harrison, Shirley Marston, W. H. Burden, A. N. Harkrider, C. C. Chenoweth, T. L. Lauderdale, E. D. Finney, Garrett Bohning and Glenn Garrett of Eastland, W. H. Fouke, T. J. Holmsley, D. L. and R. A. Jameson, S. P. Boon, O. L. Phillips, A. C. Skillern, Karl E. Jones, J. B. Haden, W. C. Palmer, S. B. Baker, N. A. Jenett, H. U. Pond, C. D. Woods, E. O. McNew, Paul Whitley, Harry Pearson, E. M. White, E. L. Chaney, M. H. Hagaman, Misses Mabel Baker and Marion Stubblebine.

### PERSONALS.

Mrs. E. L. Bradbury, representative of St. Mary's Episcopal school for girls at Dallas, Texas, is at the Gholson hotel and will be glad to meet mothers with daughters of high school and junior college age.

Mr. and Mrs. T. J. Holmsley leave tonight for Atlantic City where Mr. Holmsley will represent the Ranger Lions club at the national Lions convention. Mr. and Mrs. Holmsley will visit New York and other eastern cities before returning home. Little Tom Holmsley is in Abilene visiting his aunt.

Miss Irene Wansley of Fort Worth is visiting Miss Johnnie Schultz.

Mrs. F. E. Farquhar left today for Sweetwater to visit her mother.

### CURIOUS NAMES FOR BIBLES.

Errors in writing or type, in the past have given peculiar names to various editions of the Bible. For instance, these:

"Breeches Bible," published in 1560 so called because in Genesis III, 7, it read: "They sewed fig leaves together and made themselves breeches" instead of aprons.

"Bug Bible," published in 1591, so called because in Psalm XCI, 5, it read: "So that thou shalt not need to be afraid for any bugges by night" meaning terrors.

"He Bible," published in 1611, so called because in Ruth III, 15, it read, he, instead of she.

"Printers Bible," published in 1702 so called because in Psalm CXIX, 167 it read: "Printers have persecuted me without a cause," instead of princes.

"Rosin Bible," published in 1609, so called because in Jeremiah VIII, 22, it read: "Is there no rosin in Gillad," instead of balm in gilead.

"Wicked Bible," published in 1631, so called because the printer left out the word "not" in the seventh commandment.

The famous Big Print Red Letter edition now being distributed by this paper is without errors and contains many valuable features that render it unique among Bibles. The coupon printed elsewhere in this issue describes how it can be procured.

## Child-birth

Here is a wonderful message to all expectant mothers!

When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy "Mother's Friend." Mrs. C. J. Hartman, Stratton, Pa., says: "With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes." Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradford Regulator Co., BA 46, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores—everywhere.

### HOBART STUDENTS OUT FOR HAZING RIOTS

Dr. Murray Bartlett

Two members of the senior class at Hobart college, Geneva, N. Y., were expelled by President Murray Bartlett and Dean W. P. Durfee at the beginning of commencement exercises there. Degrees were withheld from three others for a period of three months. The students are alleged to have been implicated in the hazing and rioting which turned Geneva into a bedlam early this month. Lloyd Hyde, of New York city, a victim of the hazers, was severely beaten and hurled down a 50-foot embankment into Seneca lake. Lawrence H. Loughrey and Theodore G. Knowles, football star, both of New York, were those expelled.

### RANGER MARINE ATTENDS WASHINGTON CONVENTION

WASHINGTON, June 21—Among the U. S. Marines who attended the Shriners' convention held recently in this city, was Esker A. Singleton, son of Allen N. Singleton of Ranger, Texas, who came with a detachment of Marines from Quantico, Va., to take part in the military events at the Capitol. The Marines pitched camp in a public park and were given a big ovation when they appeared on the streets in their blue and white uniforms.

Apart from their appearance in parades, the Marines were chosen to guard the treasury and library buildings, to direct street traffic, and to form a special guard for President Harding when he attended the various functions. The Marines remained in the city for several days before they broke camp and returned to Quantico. Singleton joined the Marine corps at Fort Worth last March, and is attached to the 3rd Signal company at Quantico.

The simplest way to settle the matter is to let M. Poincare frame Germany's next reparations offer.

### Karo in Breads Gives Flavor to Please the Palate

The use of Karo in breads is something decidedly new in cooking and delicious recipes for brown bread and oatmeal bread may be found in which Karo gives a distinctive flavor not obtained in any other way.

#### BROWN BREAD.

Two and one-half cups yellow meal, 1-2 cup Argo or Kingsford's cornstarch, 1-2 cup flour, 1-2 cup rye meal, 2 teaspoons baking powder, 1 teaspoon salt, 1 cup Karo, 3 1-2 cups sour milk.

Sift the dry ingredients together till thoroughly mixed. Add the Karo and stir in the sour milk. Mix well and steam four hours.

#### OATMEAL BREAD

One cup flour, 1 cup cornmeal, 2 level teaspoons baking powder, 1 cup cooked oatmeal or rolled oats, 1 teaspoon salt, 1-4 cups milk, 2 tablespoons Karo, 2 tablespoons Mazola, 1 egg. Sift dry ingredients, stir milk into cooked oats, add Karo, Mazola and egg, beaten light. Stir liquid into dry ingredients. Bake in a shallow pan in a moderate oven forty to forty-five minutes.

### FRANCE MAY DISPENSE WITH POSTAGE STAMPS

By Associated Press

PARIS, June 20.—To dispense with lickenings of postage stamps is the object of an experiment soon to be tried in France. The idea is to substitute a system of paying for the postage of letters without the use of the postage stamp.

The ministry of posts will deliver to some of the business houses whose mail is very heavy a machine which will mark the letters to show they have passed through a counting machine. A tally will be taken periodically by a representative of the postal department, which will send bills to the user according to the count taken.

### Salvation Army Asks Aid In Caring for Helpless Poor

Salvation Army will have to cease its local charitable work and move away from Ranger or else get better support, Ensign W. T. George said today in a statement.

He said the army is now only getting about one-half of the financial support it got a month ago. It now has an income of approximately \$10 a week, gathered by making collections on the street. The first half of this week, only three dollars was taken in on the tambourine passed around each night by one of the army workers on the street, he said. "We have four families to look after," the ensign said. "One of the families has three blind persons. The mother and two children are blind and the father has a disease, so that he can't work. We bought an ice ticket of 500 pounds for them the other day and send groceries out to them when needed."

Ensign George said that many persons send people to them to be helped and that he hoped the former would come to his aid.

"We are hardly taking in enough to take care of one family," he said.

### Judge Renders Judgment of Solomon.

Judge Joseph David, in municipal court, in Chicago, was forced to render the Judgment of Solomon when he awarded to Mrs. Julia Warzna Pribylski the custody of 5-year-old Leona Felicia Warzna and pronounced her the real mother of the child. Mrs. Nicholas Lenz, who also claimed the child, collapsed. Mrs. Pribylski claimed the child was born to her in Poland in 1918. Mrs. Lenz asserted the child was born to her in Chicago as the result of a Caesarian operation the same year. Judge David asserted there had been no perjury in the case.

### THE STUDEBAKER LIGHT-SIX TOURING CAR

## A Real Achievement in Dollar-for-dollar Value

The thousands of Studebaker Light-Sixes in daily use are the best possible assurance of what may be expected next year—or several years hence—of the Light-Six you buy today.

For after all, the best way to judge a new motor car is by what it has done—how it has stood up in service—the satisfaction it has delivered.

We sincerely believe that the Light-Six Touring Car, with its improved all-steel body, is the sturdiest, handsomest, most comfortable, most dependable and economical low-priced car built.

The machining of all surfaces of the crankshaft and connecting rods, to which is largely due its practical absence of vibration, is a practice used by Studebaker exclusively on cars at this price and is found only on a few other cars whose selling prices are from three to ten times as high as the Light-Six.

The one-piece, rain-proof windshield with parking lights set in the base, is a joy to the driver—nothing to mar his view of the road ahead. Deep, fat cushions are upholstered in genuine leather. Curtains, bound on three sides by steel rods, open with the doors and provide closed car coziness in bad weather.

The most seasoned driver will find a new thrill in the smooth, quiet, steady performance of the Light-Six—and in its ease of handling, and in the way it performs in high gear at low speeds—eliminating constant gear shifting.

The name Studebaker has stood for high grade transportation, quality, value and integrity for 71 years.

## THURBER COMES TO PLAY RANGER NEXT SATURDAY

### Snappers Expect To Capture Game But Anticipate It Will Not Be Easy.

By H. H. BARMAN.

The Thurber game Saturday at the city ball park will be the first game played here this season on any day other than Sunday by the Ranger Snappers. The club management desires to have at least two or more games played a week, realizing as any fan does that interest is sustained by the frequency of games.

The club coming here Saturday is one of the fastest independent clubs not only in West Texas, but perhaps in the entire state. A first-class attraction is thus assured. Will a crowd be present, the Snapper club management is asking? The attendance so far at home has been slim, considering the class of teams playing here. Some fans say they can't get enthusiastic over a team that isn't playing league baseball and where a league standing is not involved.

**League and Pro Ball.**

Whether the Snapper club will ever play as high an article of baseball as the Ranger club of the West Texas league did last year is probably a matter local fans will be divided on. The Ranger club of 1922, some of the fans say, was noted for the individual playing of some of its members. The Snapper club hasn't been in enough action so far to make fair comparisons with the league team on individual and team hitting and fielding.

While there is no league race, there will be a fight for supremacy this year in the oil belt region for semi-pro honors. Breckenridge, Cisco, Eastland, Thurber, Olden and Ranger seem to be represented by ball clubs that are able to give one another a tough battle when they meet. With one or two exceptions, there have been no runaway games so far and nearly all of the cities and towns mentioned above have clashed this spring.

**What Will July Bring?**

If it takes until July to get the fans warmed up to baseball as Carl Snapp has said, we might wait a little longer and see if a rivalry will honestly develop between the fans of these towns. In the event it does, we might have them calling for a championship series at the end of the season to settle which city has the best independent team. This may arouse much interest and may bring out bigger crowds than any league game ever did in these parts.

The Snapper club management will also try out Wednesday soon as a feeler for possible games on this day of the week. The club wants to play on the days, compatible of course to the Chesnut & Smith company interests and those of Ranger business men, that will bring the biggest crowds. It takes money to run a club and in the case of the Snappers, a nice sum of money is being spent monthly in the way of salaries to the men who make up the playing team.

**GREEN'S BRIGADE REUNION.**

### JUDGE SUGGESTS USE OF PHONOGRAPHS IN COURT

By United Press.

DALLAS, June 21.—The latest in modern progress as pronounced by Judge E. B. Muse would be the use of the phonograph in keeping court records and court proceedings. This, according to Judge Muse, would be in keeping with the remarkable steps taken by modern science in the last few years.

"It would eliminate long drawn out second and third trials, as all that would be necessary would be to start the phonograph and let the judge hear the testimony given in the first trial," the judge said.

"If this system were introduced into the Dallas courts it would greatly facilitate time and reduce expenses. There is nothing impracticable in this theory when one thinks of the many who listen to the great Caruso's voice and will continue to do so forever."

### THURBER PLAYS SNAPPERS IN RANGER SATURDAY

Special to the Times.

THURBER, June 21.—Thurber will make its first appearance in Ranger this season on Saturday. The home club has one game to its credit against Ranger, defeating the Snappers here on May 13 by a score of 7 to 2.

A seven-game series with the Texas Stars of Parks camp opens here Sunday.

AMARILLO.—City authorities are considering the transportation problem and making examination to decide whether the belt line cars shall be continued in view of the cost of the service by the municipality.

### TAKE TITLES AWAY IF BOXING CHAMPIONS WON'T MEET RIVALS

By PAUL R. MALLON (United Press Staff Correspondent)

NEW YORK, June 21.—"When is a champion not a champion?" ask the New York State Boxing Commission.

The board of governors of boxing in New York is practicing a policy of lifting the championship laurel from the head of one boxer and placing upon the brow of another. Thus are champions made in New York. They needn't fight. All they have to do is place a forfeit with the commission, wait six months, and if the challenge is not taken up they forthwith become champion of their class.

A champion may be champion in the state of New Jersey and every other state in the country, and yet a few miles away there would still be another champion of the same class in New York.

This was not the purpose for which the law was made. The purpose of this provision was to avoid the old rule of champions dodging fights with contenders they feared. Before boxing regulations were introduced, a champion could refuse to meet any of his chief contenders and thereby retain his title even though he might not be the best man of the class.

### Law Didn't Help.

He still can. The law didn't help matters any. It only complicated things.

The commission lifted the title of Mickey Walker because he had failed to answer the forfeit of Dave Shade. The title thereupon was given to Shade. A perfect law would not have permitted this. It would have compelled Walker to meet Shade, and determine which was best. After the order was issued, Walker didn't worry any. He went on fighting in other states under the name of champion. He did just what he pleased outside of New York.

When the commission decreed that Johnny Kilbane was no longer champion because he would not meet Ed-

gene Criqui, it didn't worry Kilbane either. He went on picking up money in other communities as he pleased, and when he got good and ready to fight Criqui he did—and lost his title.

If every state where boxing is permitted had a state commission and these state commissions were bound together as a sort of "court of justice," this old rule could be eliminated and a national policy toward boxing established.

### FARMER FINDS GOLD COIN NEAR OLD INDIAN MOUND

QUITMAN, Texas, June 21.—Late reports from the farm of T. L. Denton near here are that it rained gold during a recent shower.

Denton found a gold coin in a field after a downpour. The coin was dated 1835. Despite its age the gold piece looked as bright as the day it was made, according to the farmer.

The coin was found on a mound which is purported to be an old Indian mound.

### WAR REMINISCENCES OF THE LATE J. H. HARRISON

Reminiscences of the late J. H. Harrison, who died early Tuesday morning at his Eastland home tell of an experience he had while fighting with the Confederate armies in the '60's. He had received two buckshot wounds in his throat, below his right jaw, according to the story he told to Jim Davenport, a relative. Mr. Harrison after being wounded was placed on his stomach by some comrades. He lay there for a brief spell and then chided himself for his inertia.

He raised himself up and exclaimed, "I'll feel better on my feet." He began to clear his throat and out came one of the bullets, in pieces, mixed with saliva.

The remaining bullet always left a black area on his right throat and four years ago he had Dr. C. O. Terrell remove it when he was about 76 years of age.

### GREAT QUANTITY OF PLATE GLASS BEING PRODUCED

NEW YORK CITY, June 21.—Plate

glass enough to glaze a continuous store front six feet high from New York to San Francisco will be produced this year in the United States.

Figures announced by P. A. Hughes, secretary of the Plate Glass Manufacturers of America, place the country's production of plate glass for the first quarter of this year at 19,952,154 square feet. The total for the year will be between 85,000,000 and 90,000,000 square feet. Mr. Hughes pointed to these figures in denying rumors that a plate glass shortage threatens the building trades.

Use of plate glass has increased rapidly in recent years. The estimated high record of 90,000 square feet for 1923 follows a production of 76,678,207 square feet in 1922.

and an output of 53,578,682 square feet in 1921.

**DR. GILBERT USES FERRASAL**

"I am using Ferrasal for indigestion and acid stomach and it is the best remedy I have ever taken. I also recommend it in my practice for pyorrhea and acid condition of the mouth and am getting excellent results. I know others will appreciate Ferrasal as much as I do if you will bring it to their attention."  
—Dr. J. M. Gilbert, 1313 1-2 Elm St., Dallas, Texas. 50c at Oil City Pharmacy.

# THIS BIBLE

offered by  
**RANGER DAILY TIMES**

A nation-wide newspaper revival of Bible reading is now going on all over this country, regardless of sect, creed or faith. A universal reading of the Bible is bound to make for better citizenship, is bound to make for a plainer, stronger, simpler mode of speech in daily life, and a higher standard of ethics in the dealings of men. A return to Bible reading in these stressful times of world disturbance is needed as never before in our history and is bound to add to the moral and mental equipage of this entire nation.
