## DEATH VERDICT DOES NOT WORRY MOHLER

### FRANCE TRIES CUTE DIPLOMACY WITH THE U. S.

Would Link Her Debt to This Country to the Reparations Conference.

WASHINGTON, Nov. 5.—France will agree to permit the proposed conference of experts to consider German reparations only if the commission can take up the revision of the French debt to the United States, it was learned from a reliable source today.

This will be the French reply to Hughes objection to limiting the proposed investigation of Germany's capacity to pay reparations.

The attitude of the American government remains the same regarding her repeated refusal to having the allied debt to the United States linked up with reparations. While the state department would not commit in advance, the inference was that Hughes would refuse to allow the debt question to be injected.

### TWO EUROPEAN NATIONS BREAKING AWAY FROM FOLLOWING FRENCH LEAD

WASHINGTON, Nov. 5.—State department advices today indicate that Great Britain, Italy and Belgium have reached accord favoring a free and full reparations inquiry by a commission of experts. In effect, the position of these three governments, as understood here, coincides with that taken by the United States, and is opposed to the stand for a restricted inquiry taken by France.

This development indicates an entirely new alignment of the European allies over the reparations question and appears to have stimulated hope here that even France, too, will accept an unrestricted inquiry rather than risk diplomatic isolation.

Heretofore, both the Belgian and Italian authorities have followed the French lead.

### Judge Hill Keeps Busy on His Long Court Calendar

Without any let up after the long grind of the Robert Mohler trial, Judge E. A. Hill kept the Eighty-eighth district court going Monday morning, though the calendar showed it to be a new term. The September session ended Sunday and the November term started immediately.

The week's docket in Judge Hill's court included:  
State vs. Martin White, receiving and concealing stolen property.  
State vs. Doc Forrest, theft.  
State vs. Martin Barnes, theft and concealing stolen property.  
State vs. Ray Faircloth, selling whisky.  
State vs. Hill Stapp, theft above \$50.  
State vs. Rob Trowbridge, theft and concealing stolen property.  
State vs. B. H. Harris, theft and concealing stolen property.

### COURT ASKS GRAND JURORS ABOUT THEIR RELIGION AND POLITICS

HOUSTON, Nov. 5.—Every man of the grand jury called at the new term of district court was called upon today by Judge C. B. Robinson to tell his life history. Judge Robinson set the example by giving a brief sketch of his own life.

The judge said in explaining his procedure, "I've been attacked on the ground that I didn't use for jury commissioners and jurors from the great mass of the people but selected only certain groups."

The jurors were asked about their religion and political affiliations.

### PRISONER ON WAY FROM ARIZONA TO TEXAS

PHOENIX, Ariz., Nov. 5.—The continued silence maintained since the arrival here Saturday of H. L. Patton, alias Harry Boyd, was unbroken when he was started last night on his return trip to Greenville, Texas, there to face sensational charges which officers say are pending against him.

### WORLD COURT WEEK SUPPORTS HARDING'S PLEA FOR MEMBERSHIP

NEW YORK, Nov. 5.—World Court week was inaugurated today. In compliance with a suggestion of the Federal Council of Churches of Christ in America, the week will be observed throughout the country by a program of education in support of the late President Harding's plea that America become a member of the World court. Next Sunday, Armistice day, has been designated as World Court Sunday.

### WALTON'S TRIAL BY THE SENATE MAY BE SHORT

Vote to Convict on One Article of Impeachment Would End Hearing.

OKLAHOMA CITY, Nov. 5.—Possibilities that the trial of Governor Walton before the senate court of impeachment might end this week were indicated in expressions of several senators this morning.

A vote on one of the articles of impeachment after the presentation of evidence could make possible a brief session if the governor was found guilty.

Members of the board of house managers in charge of the impeachment proceedings have favored the hearing of all testimony on one article of impeachment instead of the 22 articles before asking the senate for a vote. This would eliminate the calling of numerous witnesses by the state.

If the testimony is taken on all of the charges, it was pointed out that the trial might be continued for more than a week.

### NEFF HONORS REQUEST FROM ILLINOIS FOR RETURN OF WOMAN

AUSTIN, Nov. 5.—Governor Neff today issued a requisition for the return to Chicago of Mrs. Clara Moore, wanted on a charge of kidnaping her 9-year-old daughter, Claire. The mother is an actress and while on a visit to the girl's home last July kidnaped the child.

She was in Temple when her husband, Victor, instigated kidnaping charges and asked for the return of the wife and daughter to Illinois. Several days ago at a hearing in Belton, the mother was granted custody of the child but the court ordered the child placed in a local institution pending the outcome of other proceedings. The father and mother are divorced and when the decree was granted, Moore was given the child.

Mrs. Mollie Oliver, representing the governor of Illinois, was expected to go to Corsicana today, where Mrs. Moore is with a show troupe and take her to Illinois.

### MOTHER FILES HABEAS CORPUS PAPERS TO KEEP CHILD

AUSTIN, Nov. 5.—Governor Neff today decided to let the court of Illinois determine whether a 9-year-old girl should belong to her mother or her grandmother. The plea of mother love failed to move the governor in the hearing of Mrs. Clara Moore, who is charged with having kidnaped her daughter from the child's grandmother, Mrs. Josephine Moore, last July. Mrs. Moore is an actress.

After the requisition papers were granted, a race began between the requisition and habeas corpus at Corsicana, where the child is with her mother. State Senator Curtis telegraphed his associates to file habeas corpus proceedings to head off the requisition. The fight for the child began after the divorce proceedings were filed.

### MISPLACED CONFIDENCE

FORT WORTH, Nov. 5.—Jesse Fowler was the kind of fellow that would give you the shirt off his back. So when a needy stranger told him a sad tale of woe, he consented to share his bed with him. On the following morning he awoke to find his bed fellow gone and also his roll of \$69 which he had placed under his pillow.

### ONLY AMERICAN MANNEQUIN IN PARIS

Miss Marguerite Ebert, m. n.

Above is shown Miss Marguerite Ebert, a Kansas girl, who is the only American mannequin in Paris. She has taken that means of earning the money to complete her studies for the operatic stage. She makes her operatic debut next year, and in the meantime continues to prove that she is able to wear gowns even more charmingly than the French mannequins.

### BAKERS CUT PRICE OF BREAD

In Effort to Prevent Rioting, German Bakers Reduce Cost of Bread From 150 Billion Marks to 140 Billion Marks; "Red Rebellion" Apprehended.

BERLIN, Nov. 5.—Danger of a "red rebellion" in many cities of Germany was apprehended today as the army completed preparations to combat an aggressive movement by the Bavarian fascists.

Thousands of families were in despair as they found themselves unable to buy bread today. Long lines of hungry people waiting for bread early today broke up in despair when prices advanced rapidly with the continued fall of the mark. Many of them have been without bread since Saturday, having been unable to pay the price of 150 billion marks for a loaf instead of the lower figure formerly charged.

Hundreds of men and women rushed bread wagons in the factory districts. Many of them have been without work for a long time. The police were helpless until soldiers came to their rescue and helped them reform their lines, when they dashed into the crowd, which fell back, leaving only the bold-ones in the hands of the police.

Many of the bakeries cut the price of bread this morning to 140 billion marks for a loaf.

### Berlin Mob Attacks Shopkeepers In the Jewish Quarters

BERLIN, Nov. 5.—Crowds of men and women were rioting in the Jewish quarter of Berlin today, tearing clothes from the shop keepers and members of their families and seizing all the foreign money they could find. One Jewish butcher stood his ground and defended his shop with a meat axe, with which he threatened to brain any person coming close to him.

Police called on to protect the Jews fired into the crowd and drove them away.

### SEPARATIST MOVEMENT AGAIN IS REPULSED

BERLIN, Nov. 5.—Separatists have begun a movement to counteract the Bavarian plot. A large band of separatists entered Karsentau last night and attacked the town hall. They were repulsed, but occupied one of the government buildings and a newspaper office.

French soldiers this morning succeeded in clearing the streets.

### SPECULATORS IN GERMAN MARKS LOSE MILLIONS

Investments in German Bonds, Not Payable in Gold, Virtually Lost.

NEW YORK, Nov. 5.—Between 500 million dollars and 750 million dollars have been lost by American investors through the collapse of the German mark, the New York Tribune said today.

The newspaper declares that Germany not only has repudiated its national debt, but had been the gainer to the extent of about two billion dollars, the loss including the funds of thousands of small investors, it was said. Many of these are German-Americans who bought marks at 2 cents each or more in the belief that they would recover. It also includes money invested in German bonds, when it was not specified that repayment be made in gold.

### Hearst's Magazine Can Publish Alleged 'Expose' of the Klan

NEW YORK, Nov. 5.—The United States circuit court of appeals today upheld the action of Judge Winslow in denying the Knights of the Ku Klux Klan an order restraining the International Publishing Company in publishing in Hearst's magazine an alleged expose of the Klan in articles written by Norman Hapgood.

### ALBERTA IS VOTING ON PROHIBITION OR SO-CALLED MODERATION

EDMONTON, Alta., Nov. 5.—Whether the present system of prohibition is to continue in the province of Alberta, will be determined today by a preferential ballot with four alternatives.

A. Prohibition—Meaning thereby continuation and development of the present legislation; that is, the abolition of the sale of all liquors other than for medicinal, sacramental, manufacturing and scientific purposes.

B. Licensed sale of beer—Meaning thereby the sale of beer in licensed hotels and other premises as provided in the so-called "temperance act."

C. Government sale of beer—Meaning thereby the sale of beer by or through government vendors for consumption in private residences under government control and regulation.

D. Government sale of all liquors—Meaning thereby the sale of all liquors by or through government vendors—beer to be consumed on licensed premises and in private residences—wines and spirits to be purchased in limited quantities under permit issued by the government, under government control and regulation.

The Moderation league has urged electors to cast the first vote for (D) and the second and third respectively for (C) and (B). Prohibition forces have called upon the electors to vote (A).

### NON-JURY CIVIL WEEK IN COUNTY COURT AT LAW

Non-jury civil week began Monday in the Eastland county court at law, before Judge Joe Jones. This is the term for the disposal of minor civil cases, to be adjudged by the court alone. The only case of importance docketed was C. O. Gillman vs. C. J. Thomas, et al.

The regular November term of the county court at law will begin next Monday, Nov. 12.

### ADJUST ACREAGE TO WORLD CONDITIONS, COMMITTEE SAYS

WASHINGTON, Nov. 5.—Co-operative marketing and the adjustment of acreage to world conditions were recommended as promising the only solution of the wheat problem, in a report submitted to President Coolidge by the investigating committee of the War Finance corporation, which recently toured the wheat area at his request.

AUSTIN, Nov. 5.—One hundred and twenty-five state and national banks were designated today as state depositories for the next two years, beginning Dec. 1, by the state depository board. Funds amounting to \$5,000,000 will be placed by the board.

### TOWN MARSHAL IS KILLED BY PROWLER HE FATALLY WOUNDS

BLUE SPRINGS, Mo., Nov. 5.—Fatally wounded by Alonzo Herteg, town marshal, who defended the front door of the telephone office here early today, a prowler wrested the revolver from the marshal and killed him. Both were found dead.

From letters found on the person of the prowler, he was identified as William S. Young.

The telephone operator called the town marshal when the prowler came to the door.

### FEDERAL EYE KEEPING WATCH OVER OKLAHOMA

Government Asks for Evidence Gathered by Solons House Committee.

OKLAHOMA CITY, Nov. 5.—That the federal government has an eye on conditions in Oklahoma was indicated today when it was learned that evidence collected by the house investigating committee was in the hands of federal authorities.

J. D. Findlay, federal investigator for western Oklahoma, has asked for data bearing on any alleged misuse of federal trust funds or the misuse of the United States mails. Both requests have been complied with, committees indicated.

Misuse of federal money by the highway department is alleged in the house committee findings, it was stated. Defense counsel has already stated that any irregularities in connection with this matter would have to be passed upon by the federal government.

Defendant Undisturbed. The most remarkable incident of the whole week's trial was the calm and stoical demeanor of the convicted ex-preacher. Mohler literally "never turned a hair" during the procedure that meant life and death to him.

### Work In the Ruhr To Be Resumed If Parleys Succeed

PARIS, Nov. 5.—Negotiations between German industrial and the French occupational authorities for an agreement looking to the resumption of work in the Ruhr will be ready for signing by next Thursday, it was disclosed today in dispatches from Duesseldorf. The industrial interests are being negotiated under leadership of Hugo Stinnes. The basis of the negotiations are expected to include three things for which France has been contending. They are:

Payment of arrears in coal supplies, estimated to amount to about \$15,000,000.  
Regular payment of 10 francs per ton as the assessed tax on future deliveries.  
Immediate resumption of the reparations payments.

The first task to which the organization will address itself will be the raising of \$1,000 with which to add books to the Tyler school library.

### CONVICTED MAN HEARS VERDICT UNCONCERNED

His Lawyers, However, Preparing Motion for New Trial, Preparatory to Appeal.

State vs. Robert Mohler, former Baptist preacher, convicted of the murder of Hugh Maples, Cisco mail carrier and sentenced to death, was at a standstill Monday in the Eighty-eighth district court.

Judge B. D. Shropshire, of counsel for the defense, told the Telegram that a motion for a new trial would be filed in behalf of Mohler some time Tuesday.

In the event that this move for a rehearing fails, Judge Shropshire said, the defense immediately will take an appeal to the higher court.

In any event, the fate of Robert Mohler will not be finally determined for some time to come.

As related by the Sunday Telegram, Eastland was surprised only in the quickness with which the jury returned its verdict of guilty with recommendation for the death penalty. It was freely predicted that the jury would be adverse in its finding, but a longer period of deliberation was anticipated. After the 12 men retired Saturday night, at the close of the long arguments, Judge E. A. Hill informed the people crowding the court room that they might as well go home, as the court would not receive a verdict that night, even should the jurors intimate their agreement.

Consequently, most of Eastland was in bed when the dramatic climax occurred. Only a handful of people besides the sleepy defendant, the court officers and the interested lawyers, heard the verdict read.

Defendant Undisturbed. The most remarkable incident of the whole week's trial was the calm and stoical demeanor of the convicted ex-preacher. Mohler literally "never turned a hair" during the procedure that meant life and death to him.

If Mohler was superstitious and "unlucky 13" meant anything to him, he failed to betray the fact. Thirteen times Mohler heard the verdict read that sentenced him to die in the electric chair for killing Hugh Maples and he showed not the slightest concern. The verdict first was read by the clerk and then it was read 12 times again, repeated to each juror as Judge Hill caused the men to rise in turn and declare that the finding was his.

It was a weird and uncanny scene in the dimly lighted and almost empty court room, which the janitor was engaged in sweeping out when the word came down that the jury wanted to report.

Awakened From Sleep. Mohler was sound asleep in his cell in the Eastland county jail when Deputy Sheriff John Hennessy was instructed to bring him to court. Yawning and chilled by the night air, the defendant stumbled along to the courthouse and slumped into his sea, apparently the least interested person in the group. The wife and son of the defendant already were in court.

The jury filed in and after the usual preliminary questions, announced they had agreed upon a verdict, found the defendant Mohler guilty as charged and recommended that he be given the death penalty.

The room was so still that one could have heard the proverbial pin drop. As the clerk began to read, Deputy Hennessy reached over and slipped a handcuff on Mohler's wrist, fastening the other end to his left arm. Mohler apparently paid no attention to this significant act.

As the portent of the verdict was realized, an audible sigh was heard in the court room.

It was only the second time in the long legal history of Eastland county that the death penalty had been imposed. On the other occasion, several years ago, sentence of hanging on the gallows was passed on a man named Grant. Later this was commuted to life imprisonment and then Grant escaped.

By 12:30 o'clock Sunday morning, it was all over. Mohler was on his way back to jail. The jurors were discharged and most of them started immediately for their homes. Some took the 1:57 and 3 o'clock trains and the Eastland auto bus operator

Period of Wet Descent Written Into History for Future Generations to Read.

By P. C. T.

All right gang, gather around for your daily study. Teacher will light another "desert creeper" before starting class. Cigarettes seem to lubricate the fingers and take the cloud away from where our brain ought to be. Probably lining up the breathers with lost of nice pretty black nicotine. Not being a student of psychology, we don't know exactly in what manner. Then again, Henry Plivver has made statements at various times that Madame Nicotine dulls the brain like lots of other girls we happen to be acquainted with and it is probably necessary to have a dead brain to write a lot of jukh like this.

If the following document sounds archaic enough we are going to wrap it up in oiled paper and bury it some place. Then after Ranger has been destroyed in ages to come and all trace of the town has been lost, historians, excavators and scientists will dig it up and school kids will read it in their histories in the thirtieth century.

Ranger at the Ending of the Great Flood.

For ages lame-brained weather men had prophesied that the oil country could never again become inundated as it was during the era of immense oil spouting.

Then one cloudy day, wholly unexpected, the heavens burst forth, weeping unlimited volumes of rain into the oil country. At first those who populated this strange land believed that it was but a temporary cloudburst and explained to one another that soon it would cease and happiness would reign o'er the country once again.

But for 12 nights and 13 days the heavens did not cease their tempestuous and horrifying torrents. Shops, wherein a strange but necessary article named gum boots had been for sale, were not equipped with this strange merchandise and little children, pirouetted hither and yon and complained pitifully of the coldness of the misplaced water, while men and women, who also pirouetted, for this is the age of the dance, talked irascibly of the rain and cold. People had given up hope and many had resigned themselves to death by drowning. Boats of various descriptions were ordered from the coast of the Gulf of Mexico, so that the inland peoples might stay on them and avoid drowning as long as possible. It was a sad world.

Then in the late afternoon of the thirteenth day the sun shone brightly from between scurrying clouds. People who had forgotten that such a thing as a sun ever existed believed that the world had at last come to an end. More intelligent ones were dazzled with its brightness and were compelled to wear smoked glasses to keep from being blinded. And this brilliant sunshine marked the last of the great flood.

As a matter of no bunk she were quite a wet period, weren't she, students?

AUTO PARTY MAKING AROUND THE WORLD TRIP FOR WAGER

For two hours, Sunday night, Eastland entertained perhaps the most unique automobile party that ever traveled the brick highway. F. M. Richards, of Denver, accompanied by his wife, Mrs. Jane Richards, arrived here at 7:30 p. m. on about the middle lap of their attempted trip around the world in a Dodge.

It was in October, 1921, that Richards left Pike's peak in competition with eight other cars, for a prize of \$25,000 for circumnavigating the globe.

Each car started with only one gallon of gasoline, one gallon of oil and 1,000 postcards. The contestants were to touch every city and town in the world of 5,000 inhabitants or over. The only way of obtaining funds for supplies is by the sale of the postcards and the contestants must complete their trip within five years.

When Richards and his wife arrived in Eastland they had gone 138,000 miles and their proposed itinerary covers 251,775 miles. During their stay in Eastland, Mr. and Mrs. Richards were entertained by E. P. Woodward, of the Woodward Motor company of Eastland.

RANGER CHURCH RAISES \$400 FOR MISSION WORK

The Central Baptist church was crowded at all services yesterday. An offering for missions at the morning service raised \$400. A member to member canvass will increase the offering to \$500.

Central Baptist church last year was receiving help from the state board. Within one year's time this church has not only become self-sustaining, but an asset to the denomination, having contributed this year to missions, education and benevolence, \$935. There were 200 additions to the church during the last year.

Convicted Man Hears Verdict Unconcerned

(Continued from page one.) was routed out of bed to take several jurors to Ranger.

Mohler Wants to Sleep. According to Deputy Hennessy, Mohler maintained his composure after he was returned to the jail. He had been released from the officer and both hands were in irons. As they entered the little downstairs office of the jailer, Mohler held his manacled hands over the gas stove and said: "Well, take off my jewelry so I can go back to my warra bed and sleep."

Upstairs, some fellow prisoners were awake to hear the news. "What did they give you?" one of them asked. "They gave me all they had," was Mohler's nonchalant reply. He would say no more and immediately went to bed and to sleep.

Mohler spent a quiet and uneventful Sunday in jail. When he first waked up he told Deputy Hennessy that he hoped he would not have to see anybody all day. He said he wanted no visitors and had no statement to make. He refused to talk to newspaper men.

Greets Wife and Children.

About noon Mohler relatives were admitted to see him, his wife and son Archie and a daughter. They were left alone for a few minutes. The wife and children broke down and cried for a time, but Mohler kept up his calm carelessness, apparently unmoved. When Mrs. Mohler and her children left the jail, they departed immediately for home.

On Saturday night, the jail was prepared for any eventuality, as there was considerable feeling in the air. It was deemed prudent to be on guard as it was said to be possible that there would be a demonstration, should Mohler be acquitted.

With the conviction of the defendant, tension relaxed, but at the same time all visitors were kept from the jail throughout Sunday. The usual calling hour, 4 to 5 p. m., was cancelled.

Monday Mohler still retained his cheerfulness and imperturbability. He consistently refused to make any statement. During the forenoon he held a conference with his attorneys and it was understood that Judge Shropshire and T. J. Cunningham were busy at work preparing their application for a new trial.

Judge Hill, in conversation, let it be known unofficially that he would have to show a reversible error before he would consider the matter of a rehearing.

Court Extends Term.

The September term of the Eighty-eighth district court expired by law on Sunday, but Judge Hill caused the record to show that he extended the term for two days, through Tuesday, in order to allow the defense the customary time to prepare its motions. Meantime the court started out Monday morning on the November term.

The trial of Robert Mohler, one time Baptist preacher, day laborer and cotton picker, convicted of the murder of Hugh Maples, Cisco service car driver, was one of the most sensational, as well as the longest trials in Eastland county. About 175 men were summoned before the jury was completed. There were nearly 70 witnesses examined on both sides. Interested spectators came in from all parts of Eastland county and from all adjoining counties, and the court room was packed to suffocation at every sitting. It was necessary to hold night sessions in order to keep the hearing within the week.

NAVY TO PROHIBIT SPEED RACES BETWEEN RIVAL NAVAL FLIERS

WASHINGTON, Nov. 5.—Further speed races between rival naval air fliers such as took place at the Mitchell Field, Sunday, have been prohibited by Admiral Moffett, chairman of the bureau of naval aeronautics, according to orders issued today.

Admiral Moffett based his decision on an opinion by his technical staff that naval fliers now have achieved the maximum speed in the air possible without great risk of human life.

The order will not, however, interrupt the program already arranged for contests between the naval and army fliers.

Lieut. Alfred J. Williams made a new world record, Sunday, when he beat the record made by Lieut. H. J. Brow last week, attaining an average speed of 266.58 miles an hour.

COMB SAGE TEA INTO GRAY HAIR Darkens Beautifully and Restores Its Natural Color and Lustre At Once. Common garden sage brewed into a heavy tea, with sulphur and alcohol added will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss. While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.—Advertisement

## BOXERS WILL BE IN RANGER TODAY TO SIGN ARTICLES

"Dutch" Caldwell of Dublin and Lefty Bradley of Coleman, boxers, will arrive in Ranger this afternoon to sign articles of agreement for a boxing match in this city on Armistice day. Caldwell, over the long distance telephone yesterday, told J. M. White, chairman of the athletic committee of the Lions club, that he and Bradley would be here Monday to sign an agreement. They are coming in an automobile.

Pirtle Rainey and J. B. (Shorty) Houghton are scheduled to be on the same fight program, which will be held in the Liberty theatre.

Caldwell said yesterday that he and Bradley were willing to go 10 two-minute rounds.

## Football Champs Of Texas Will Be Known By Dec. 15

AUSTIN, Nov. 5.—There are 44 teams remaining in the Texas University Interscholastic league championship race following the games played during the week concluded Saturday, according to Secretary Roy B. Henderson. The champion team will be known by Dec. 15, according to the schedule mapped out by Henderson.

It is planned to have teams in 15 of the 16 sections represented, hold elimination contests between now and Nov. 17 so that sectional championships will have been decided. Then the process of elimination down to the king pin team among state high schools will be conducted. Sectional champions will be pitted against one another according to geographical fitness, and the finalists will probably be matched against each other in some neutral city. Last year, Waco and Abilene staged a thrilling game in Fort Worth, in which Waco emerged winner in the final few minutes of play.

Corpus Christi has already won the championship of section 16 for the season of 1923 and will have to wait until after Nov. 17 to meet some other sectional champ.

It is Henderson's plan to have as many teams as possible in sections where there are more than two contenders, meet Nov. 12 and have the sectional championship game played Nov. 17.

The teams still contending for state championship honors under interscholastic league rules, are as follows:

- Section 1: Amarillo, Pampa.
- Section 2: Lubbock, Floydada, Lockney, Ralls.
- Section 3: Abilene, Cisco.
- Section 4: Strawn, Cleburne, Wichita Falls, Vernon.
- Section 5: Forest Avenue (Dallas), Oak Cliff, Denison, Denton.
- Section 6: Texarkana, Marshall, Clarksville.
- Section 7: Fort Stockton, Midland, Pecos.
- Section 8: Lampasas, Marble Falls.
- Section 9: Hillsboro, Waco, Bartlett, Marlin, Italy.
- Section 10: Livingston, Nacogdoches.
- Section 11: Sabinal, Del Rio.
- Section 12: Austin, Granger.
- Section 13: Calvert, Conroe.
- Section 14: Houston Heights, Beaumont, Galveston, El Campo.
- Section 15: Main Avenue and Brackenridge High of San Antonio.
- Section 16: Corpus Christi.

There will be devotional services tonight and tomorrow night at 7:30 o'clock, also morning masses at 6:30 and 8 o'clock.

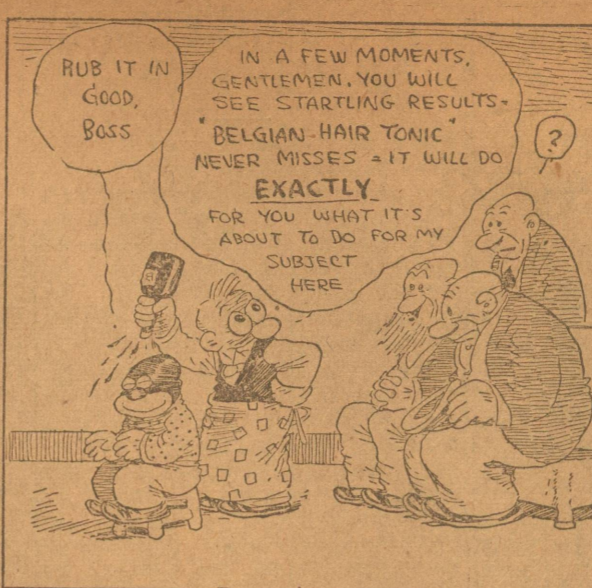

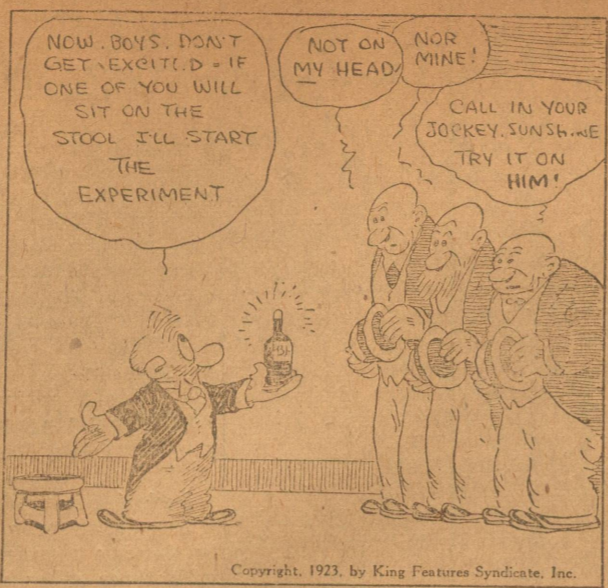

During the period from 10 o'clock yesterday morning and 7:30 o'clock Tuesday night, the blessed sacrament will be exposed on the main altar in the church.

## ALL RAMPAGERS WILL BE READY FOR CISCO GAME

James Zarafonitis is carrying his left hand in a sling. James sprained that member severely during the fourth play in the first period of the Comanche game Saturday, but how he doesn't remember. James never said anything about the sprain until between halves when he mentioned it to Dr. H. A. Logsdon, who drove down to Comanche to be with the boys. Yesterday the hand was put in a sling, but Dr. Logsdon has assured him he would be able to play next Saturday.

George Zarafonitis has a sore nose, suffered when he went down with the pigskin under a hard tackle. John Collins has a sprained left ankle and limps slightly. Ford Shell must be still stiff and sore from his hard tackling work of Saturday. No regular will be kept out of the Cisco game because of any hurts he may have gotten Saturday.

Athletic relations between Comanche and Ranger were cemented for many years to come as the result of the Saturday battle. The maroon and white boys say they have never played against a cleaner football outfit. Following the game, both teams were banqueted and speeches were made by the coaches and captains. Comanche was on the Ranger schedule two years ago, but no game was played last year. The two teams were to meet, but it was called off to facilitate the playing off of district championships. Comanche has had strong teams in the past.

There were approximately 400 paid admissions to the Saturday game. It would have been much greater if the teams had been given settled weather and dry roads. Besides the Comanche county fair was in progress. It seemed that there were at least 100 on the sidelines on the south side, mostly Rangerites.

Hard and low tackling laid Mason, Comanche fullback, out in the second period. He was given the football frequently in the first period, and became the objective of the Ranger attack. His legs gave way under him in the middle of the second quarter.

There is one regular the coaches don't have to keep an eagle eye on after class hours. No girls, no shows, no dances or no anything for John Collins, left end of the Rampagers. John rises daily about 9:30 o'clock, hurries to a 10 o'clock class, then dinner and office duty at the McCleskey hotel. John's parents are living in Houston, so he has a guardian here in the person of Dr. H. A. Logsdon, the team's benefactor.

"Can't go anywhere, can't do anything," said a regular on the team Sunday night as he looked in the windows of a five and ten-cent store. He had been riding in the auto of one of the girl admirers of the team, but the coach (he didn't say which one) saw him and he got the "high sign." He got out and went window shopping, and also "discussed" the subject of coaches.

Elephant in Fort Worth Zoo to have house. FORT WORTH, Nov. 5.—The city park department is nothing if not resourceful.

They are going to build "Queen Tut," the zoo elephant, a house. Now, as houses go, the "Queen's" shack would cost about \$3,000.

But through diligent managing and conservation of building materials, they have arranged to put up a house for \$750. It will be rustic in design.

Breckenridge and Abilene are scheduled for Nov. 12, so Cisco, should she defeat Ranger, can not meet Abilene on Armistice Day. However, all of the three undefeated teams in this section have until Nov. 17 to decide which team shall be district champion.

If Ranger defeats Cisco next Saturday, then the former will meet Abilene for the district championship as they did last year.

Tris Speaker shows he can ride bucking broncho.

DALLAS, Nov. 5.—"Texas' own" Tris Speaker, manager of the Cleveland Indians, is not only a good ball player, but he makes a regular cowboy.

"Fog Horn" Chaney, famous rodeo announcer, discovered Tris at the rodeo show at the state fair here last week and immediately brought him out. Tris was game, and after much persuasion, agreed to ride the "bucking broncho."

The boys felt friendly to Tris and trotted out one of the "outlaws." Undaunted Tris rode him and rode him well, handing a surprise to the "pick-me-up" boys, as well as the broncho.

### THREE MEN BURNED AT GASOLINE PLANT IMPROVING

R. H. Haney, of Eldorado, Kan., brother of Arthur Haney, burned in the Chestnut & Smith corporation gasoline plant fire last Monday, is in Ranger to be at the bedside of his brother. Haney was not doing so well Friday and Saturday, but was better today. If his brother holds his own, he expects to return to Eldorado tomorrow.

The other two men burned, D. L. Williams, chief engineer at Plant 103 and George Seibert, are reported to be improving.

The three men were burned in the engine room, following the explosion of gas, which issued from a discharge line after a cap blew off of a valve.

### ALLEGED KLANSMEN ON TRIAL IN LOUISIANA

*By Associated Press*  
BASTROP, La., Nov. 5.—The trial of alleged klansmen, charged with hooded mob outrages last year was opened today before Judge Odum. Bastrop was crowded with citizens from all parts of the parish.

The first case called was that of W. W. McIntosh, charged with carrying firearms on the premises of another. By agreement reached between the state and defense all of those charged with this defense will be tried jointly. The other defendants are J. W. Skipworth, Marvin Picketts, Cud Picketts, Sam Eldridge and Sam Cox.

The charges grew out of a raid on the home of Alonzo Braddock, alleged bootlegger. Braddock was brought to Bastrop and delivered to the parish sheriff.

### MISDEMEANOR CHARGES IN MOREHOUSE PARISH BEING INVESTIGATED

*By United Press*  
BASTROP, La., Nov. 5.—The state of Louisiana started today to bring to the bar of justice those persons alleged to have participated in a reign of terror in the Morehouse parish. Fred M. Odum of the district court called to the bar scores of defendants against whom misdemeanor charges have been filed in connection with mob activities.

The cases called today have no actual bearing on the alleged murder of Watt Daniel and Thomas P. Richards, Aug. 24, 1922, but charge mob action in other instances. The state intends to finish with the misdemeanor cases before taking up the more serious charges in the hope of establishing ground work for the latter.

### PILOTLESS ICE WAGON SHOWS LACK OF BRAINS

HOUSTON, Nov. 6.—Three cars wrecked; several persons injured and traffic tied up for some time.

That's what resulted when the sun got into the eyes of Azey Thomas, ice wagon pilot.

The wagon crashed into a truck, throwing the driver to the ground. The truck rammed a jitney, injuring several persons slightly.

Then it wandered on down the streets, climbed the curb, and started off down the sidewalk. Pedestrians fled for safety. Finally an adventurous soul mounted the juggernaut and turned off the engine.

**Firm, Plump Flesh!**

MANY are the eyes that are turned to gaze with keen admiration on the well developed, healthy girl no matter where she may be—on the rapidly moving thoroughfare or gliding gracefully over the dance floor.

All eyes turn because we all appreciate the girl with the figure so firm and plump—the girl with radiantly red cheeks, cheeks that carry a touch of roses from nature's own garden—the girl with the sparkling eyes, keen and sharp—the girl with buoyancy and the swing of youth.

Not necessarily an out-of-doors girl. Just a girl with ever increasing blood cells. Just a girl filled with the vim and vigor of youth.

S. S. S., since 1875, has stood for increased blood cells. S. S. S. means restored strength—rekindled vitality—added energy. Take S. S. S. and watch the bloom of youth return to your cheeks. Watch that flabby, ill nourished flesh fade away before flesh that is firm and plump. Red blood cells will do it and S. S. S. will build them. It contains only pure vegetable ingredients. S. S. S. is sold at all good drug stores. The large size bottle is more economical.

### CITY ENGINEER HAS GRADER AT WORK ON IMPROVING STREETS

City Engineer Seward had two drags working in Oak Park this morning and the city's grader on several streets on the east side. A team was working South Marston street early this morning, but there was so much mud that little could be done. The drags will be used in the southwest part of the city this afternoon, Seward said.

### DRUNKEN MAN HESITATES TO TRUST HIS MONEY TO POLICE

Declaring he wouldn't surrender his money to anyone, a man arrested early Sunday morning for drunkenness, with three other men on the same charge, by officer Jim Daniels, proceeded in a loud voice to give his views on the law and Ranger politics at the police station. He started the rumpus when the usual examination was proposed by Night Sergeant Ted Hamilton. His money, about \$37, was taken away from him. He paid his fine afterwards.

A 19-year-old girl was arrested at a local hotel about 3:30 a. m., Sunday on a charge of vagrancy.
